Chapter 801

“This is

Kawaki Shizuko and the others were all stunned when they finally got a good look at the scene on the road.

In front of them, seven cars, none of them intact, a few of them still tipped over on all fours and two of them were smashed beyond recognition, it looked, as if an extremely serious car accident had taken place, it was really numbing.

Kawaki Shizuko noticed the car that Sasaki Taro was in again, and when she saw that this car was also badly damaged, with the front and rear doors deeply dented by the impact, her whole body flinched and a feeling of fear instantly rose up from her heart, which was the first time she had ever felt this way.

–Things were too bizarre!

Even if there had just been a car accident, but where had everyone gone here? How could no one be left behind!

What’s more, before she started the operation, she had spoken to Sasaki Taro and agreed on a signal to start the operation at the same time, and there hadn’t been fifteen minutes between then and now, this was a deserted stretch of highway, even if there had been a car accident, those ambulances and other emergency personnel couldn’t have come so quickly, could they?

What was most alarming to Shizuko was where their target had gone.

To be on the safe side, Kawaki Shizuko did not get out of the car, but picked up the walkie-talkie with a grave expression on her face and ordered in Boundary Tent language, “Turn the car lights to the brightest, go down to a few people and see what’s going on up ahead!”

“Haji!”

Came the answer over the intercom.

In a whirl, a few men walked down in stride, all of these men were armed with guns and carrying Kaitou katanas on their backs, the whole lot of them looked very tough and extremely fast.

“Well

Sasaki Taro, who was lying on his back in the BMW x6, struggled slightly and let out a roar from his mouth when he saw the bright light of that vehicle.

The Liu Zejun in the car just looked coldly at the row of lights in front of him through the car’s windshield, the pistol in his hand loaded and aimed at those vehicles in front of him.

The sound that Sasaki Taro made on purpose, Liu Zejun also did not bother him, anyway, the fundamental boss’s intention was to put him here as a decoy, if he did not make a sound, then the rest of the caravan really can not find him, then the strategy of surrounding the point to beat the reinforcements, is really a bit unworkable.

“@#\$%\$”

As soon as Sasaki Taro made a movement, it became very obvious in the silent darkness of the night, and the Boundary Tent warriors who had just gotten off their vehicles immediately saw him, and they instantly forgot to check the overturned vehicles and just crossed over, heading straight for Sasaki Taro.

“Something seems strange”

Looking from Kawaki Shizuko’s direction, all she could see was that Sasaki Taro seemed to be sitting in a car that seemed to be injured, other than that, she couldn’t see anything, and even, because of the overturned cars that were blocking the middle of her view, she couldn’t even see if the car underneath Sasaki Taro was her side’s car.

She immediately picked up her walkie-talkie and said, “Everyone else take cover and prepare for impact”

“Haji!”

Everyone responded.

Shizuko Kawaki then waited quietly for the first group of men to get Sasaki Taro back, never taking her eyes off Sasaki Taro’s body.

But after a few minutes had passed, the first group of men who had crossed the overturned vehicles were silent, as if the stretch of road ahead was incomparably long, or as if no such group had ever passed at all!

The situation was bizarre to the extreme.

“Sister” Kawaki Yenko also noticed that something was wrong, and she subconsciously sat up straighter, some blood appearing on her face as well, and looked ahead at the movement.

Sasaki’s eyes also widened instantly, and her lips twitched slightly as if she wanted to say something, but couldn’t.

Kawaki Shizuko also couldn’t help but feel a little hairy in her heart as she picked up her walkie-talkie and immediately said, “This time, go past ten men, the others push forward fifty metres and take cover!”

“Haji!”

Immediately another group of people got out of the car and began to quickly rush in the direction where Sasaki Taro was. The rest of the people, except for the driver, all got out and began to advance forward in a straight line, steadily and steadily, while being able to cover the ten people in front of them.

.....

A few minutes passed, and this second group of people, not the slightest bit different from the first group, were no longer heard from when they crossed over those vehicles that had overturned, and completely disappeared.

“Could it be that behind those vehicles was the abyss of ten thousand feet!” Kawaki Shizuko’s back was a little chilly, “Attention all, search the area around those cars first, someone from the other side must be in ambush!”

“Haji!”

This time, seven or eight more men came down, all of these men were clutching micro-charges in their hands and began to close in step by step.

“Xu-kun, I’m already a little short of men, it’s time for your men to step in!” Kawaki Shizuko picked up the walkie-talkie again and spoke in raw Chinese.

“Please don’t worry, Miss Shizuko, my men will be able to cooperate!”

A mid-range voice came over the intercom, “Everyone, all of you, go down and make sure you assist Shizuko-sama in getting Sasaki Taro-san back!”

“Yes, Second Young Master!”

The booming response in Chinese was so piercing in the silent night filled with the boundary tent language.

Immediately afterwards, at the back of the convoy, once again, seven or eight men got off the vehicles, which, together with the seven or eight Boundary Tent warriors in front of them, made a total of fifteen or sixteen men.

On this road, which was only a one-way three-lane highway, these people could be said to have surrounded the road so much that not even a fly could get out.

The weapons in the hands of these people are not that easy to deal with, let alone in this not so spacious space, can the boss deal with so many people?

The hand holding the pistol tightened, but despite his worry, Liu Zejun kept his mission in mind and watched Sasaki Taro, while being ready as a driver to meet the boss at any time!

At that moment, the fifteen or sixteen men had already arrived at the overturned cars, and since they could not pass so many people at the same time, they passed them in turn, in twos and threes.

Poof!

Blood flashed, blood splashed, and apart from the faint sound of that artery and throat being cut, there was no longer any other sound.

In just an instant, the four men at the front of the line suddenly collapsed, their bodies rolling, and they fell to the back of the car.

The men who were following behind were instantly shocked and subconsciously pulled the triggers in their hands, firing in the direction of the vicinity where those four men had fallen.

Bang, bang, bang, bang!

The sound of gunshots suddenly rang out, but then suddenly fell, as if someone had let off a few cannonballs, which seemed extremely abrupt and frightening.

However, what was even more frightening was that when the gunshots suddenly fell, Shizuko Kawaki and the others sitting in the car realised to their horror that all of their men who had fired had fallen, and there was no one left standing.

Swish!

Kawaki Shizuko's face changed dramatically, she suddenly figured out that the people the other side had ambushed here were all absolutely first-class experts, experts with swords and also experts with guns!

The first batch of her men had been ambushed without a sound, and it was obvious that the other side had used knives.

But this time, as soon as those men fired, the other side also fired instantly, allowing the sound of their own men's shots to drown out the sound of their shots, while killing all of their own men with unerring accuracy Terrible marksmanship, terrible tactics, terrible mind!

"Everyone" Kawaki Shizuko's voice became urgent, "Get out of the car all of you, strafe from a distance, and hand detonate those vehicles! Hurry!"

"Oi, Onii-sama, we don't have enough men!"

Swish!

Kawaki Shizuko's face instantly turned pale, the dozens of good men she had brought with her had all been lost here!

"Xu Jun, I'll have to bother you this time!" Kawaki Shizuko could only pick up her walkie-talkie, "Detonate the vehicle blocking the middle of the road in front of you!"

"Shizuko-sama, that will also affect Taro-san, and then even if we can get him back, maybe his life will be in danger!" The one who spoke Chinese said, "Now the other side is in the dark and we are in the light, Miss Shizuko, I think we should retreat first, I believe they will definitely offer conditions since they have captured Mr. Taro"

Snap!

Kawaki Shizuko hung up the intercom straight away as she instructed her driver, "You drive back and wait for me at the back!"

With that, she snapped out of the car and began to run forward furiously.

"Sister" Kawaki Yanzi was shocked and shrieked, but by now Kawaki Shizuko had already left the car by several dozen meters.

"Shizuko-sama!"

In the other car, the man was also exclaiming in shock.

"Uh-huh."

Sasaki Taro, who was lying on his back in the BMW x6, was also showing a look of panic, he was until the terror of that young man, and Kawaki Shizuko was certainly no match for him.

If even Shizuko had missed, he would have been hopeless.

But Kawaki Shizuko turned a deaf ear as she ran furiously to the overturned cars and, with an angry shout, pushed one of them out of the way.

What a force!

Everyone was staggered.

However, in the next moment, their faces turned pale, just as Kawaki Shizuko pushed one of the cars out of the way, at some point, a young man appeared in front of her, who was holding a gun in his hand, right against Kawaki Shizuko's forehead!

Surprisingly, Shizuko Kawaki did not show the slightest bit of fear, and even had a fierce glint in her eyes as she suddenly made her move.

In a flash, the trigger in Ji Feng's hand was pulled.

Bang bang bang reins!

Four consecutive bullets hit Shizuko Kawaki's Kawaki's shoulders and two knees, causing her to lose her fighting ability instantly.

In a whirl, Ji Feng's figure once again disappeared into the darkness.

"Quick, go!"

The rest of those people were instantly shocked and shouted.

However, at this time, Ji Feng had already appeared behind their car.

Chapter 802

"It really is you guys!"

When Ji Feng dragged the two of them, Kawaki Yanzi and Sasaki, out of the car, he immediately recognized the two boundary tents who had crossed paths before, and he couldn't help but sneer, "Two, what an unfortunate coincidence!"

Hoo!

With one hand, Ji Feng threw Sasaki and Kawaki Yanzi to the ground.

Bang!

The duo fell heavily to the ground at once.

"Ugh!"

The cold road ground, the fall caused the two of them to let out a muffled cry, especially Sasaki, this violent movement caused a painful drilling pain in his jaw once again, which made his body tremble in pain.

The driver had long since been knocked out by Ji Feng, and at that moment, after making sure that Kawaki Yanzi and Sasaki did not have the slightest ability to escape, he locked his eyes on the last car again.

It was a black Mercedes Benz SUV with a number plate of Hangzhou, Jiangsu Province, with no lights on in the car. Because Ji Feng's movements were too silent, so up to now, the people in that car had not discovered that they had in fact become prey, and lonely prey at that, and that their companions, by now, had all fallen into Ji Feng's hands.

Ji Feng took the micro-charge that he snatched from the hands of the boundary tent man and walked over quickly.

.....

"Second youngster, I think things seem a bit off, how come that Miss Shizuko didn't move even after she passed?" Inside the Mercedes SUV, there were three people sitting, apart from the driver, a middle-aged man of about fifty years old sat on the passenger seat, and in the back seat of the car, a youth of about twenty-four or twenty-five years old sat.

The young man was a little pale and was wearing a suit with an overcoat on the outside, looking as if he was a rich family man.

However, the effusive smell on him made his whole image instantly fall, and it looked like this was just a guy who didn't go the right way.

At this moment, it was the middle-aged man sitting in the front row who spoke, and he looked ahead with some concern, "Second young master, I think, to be on the safe side, let's push back some more, if Miss Shizuko should miss, we can also have a way back!"

"What retreat do you want?!"

The young man whom the middle-aged man called Second Young Master was a bit disdainful, "We have investigated clearly before, this time they only have a few bodyguards with them, with Miss Shizuko's strength, she is still afraid of not being able to handle them? Can't you see, those Kaitou samurai around Miss Shizuko are much more powerful than our gang's fighters."

"That's true, but Second Young Master, this matter involves the Zhou family's Missy after all, if something happens to her, the Zhou family will not rest in peace, and it will definitely be troublesome to handle the matter." The middle-aged man said with some hesitation, "What's more, the Zhou family's bodyguards are not bad."

"All right, all right, we're already here, still so forward and backward!" The second young man brushed aside his mouth and said impatiently, "Don't worry, even if Miss Jingzi and the girls miss, the Zhou family won't dare to do anything to us."

The middle-aged man couldn't help but smile bitterly, how could someone who could make even the Kaitou Yamaguchi Group come all the way to deal with them be such a simple character?

Even your father wouldn't dare to go to war with the Lianzhu Gang so easily!

"Second young man, I know you want to take credit, but"

That middle-aged man still wanted to speak, but was interrupted by that second young man, "Don't but it, Uncle De, this time if we can establish a long-term and solid partnership with the Yamaguchi Gang, for our Dragon Tiger Gang, it will definitely be an opportunity that we can't even think of, then, I will be a great merit, how can my big brother still compete with me?"

The middle-aged man could only smile bitterly and nod his head, but his heart was a little uneasy in any way.

"I say, Uncle De, why are you getting more and more timid?" That second young man frowned and said, "I was raised under your watch, don't you want me to take over the Dragon Tiger Ranking?"

"Of course not, but Second Young Master, it is better to be careful in everything." Uncle De hurriedly said, "You are working with the Boundary Tent people without the master's knowledge, and I don't know what the master thinks, moreover, this matter also involves the Zhou family, I think it is better to be cautious!"

"Don't worry Uncle Te, how could I not know what the old man thinks?"

At the mention of the old man, that second young man bristled disdainfully and said, "That old man, that old lecher, only has two things on his mind, one is women and the other is money. Now he is no longer the powerful Xu Long who shook Jiangsu and Zhejiang when he was young, he is a very old man and all he knows is playing with women and scrounging for money all day long."

"Second young master, be careful what you say!" Uncle Te hurriedly warned.

"Careful my ass, am I wrong?" Second young man said disdainfully, "The number of women the old man has played with over the years, I don't know how many, and he damn well always likes to pretend to be a successful man to hook up with other virtuous women, really the older he gets the more lustful he gets!"

Uncle Te could only laugh bitterly as he listened, the old man did have such a hobby, he used to make some fuss in the family for hooking up with a virtuous woman, and as a result that woman was beaten out by the madam, this matter became a laughing stock in the gang at that time, almost no one didn't know about it.

"Apart from women, he just likes money. Damn, the old thing has been transferring assets abroad all these years and scrounging desperately at home!"

The second youngest grunted, "The old thing nowadays likes whoever can make money for him. You say, if we facilitate a joint lease with the Yamaguchi-gumi, with the Yamaguchi-gumi being so vastly powerful, even if we just part with a small portion of our business to work with us, that would be enough for our Dragon Tiger Gang to make a lot of money, how can he still not pass the position of gang leader to me by then?!"

“What Second Young Master said is true.” Seeing that he could not dissuade the Second Young Master, middle-aged Uncle De could only nod with a bitter smile, but in his heart he was somewhat disbelieving.

It was true that the current master was fond of these tones, but Young Master was not a vegetarian, whether it was his heart or ruthless tactics, he was far ahead of Second Young Master, and the vast majority of the patriarchs within the gang supported Young Master, under such circumstances, how else could Second Young Master compete with Young Master?

It was just that, now that Second Young Master was in his happy head, Uncle Te knew that he would not listen to anything he said, so he could only shake his head and sigh.

“This time, we must take out that Ji Yuqing, and when the time comes to frame the East Ocean Gang, everything will be smooth.” The Second Young Master couldn’t help but chuckle when he got to his smug point, “This time, it will be enough to give the East Sea Gang and this woman Su Ya Yun a headache.”

“The Dragon Tiger Gang?”

Outside the car, Ji Feng couldn’t help but smile lightly, but a cold light flashed in his eyes, “What a great name!”

Swish!

Uncle De and Second Younger were simultaneously startled and exclaimed, “Who is it?!”

At the same time, Uncle Te’s hand had already touched his pocket, ready to pull out his gun.

“Bang!”

A fist suddenly smashed through the car window glass, breaking Uncle Te’s shoulder with a single punch, while grabbing his hair and yanking him straight out of the car window and slamming him hard on the ground.

Immediately afterwards, before that second young man could react, he was lifted straight out and likewise fell onto the road, immediately falling in a heap, unable to react for half a day.

Phew!

After doing all this, Ji Feng suddenly launched his feet, his whole body directly flipped over the car, kicked the other side of the car window glass in the air, and kicked the driver, who was already holding a gun, directly into unconsciousness.

Only then did Ji Feng land steadily on the ground, his eyes cold as he looked at Uncle De and that second young man who were lying on the ground rolling and moaning in pain, and walked over step by step.

“Bastard, bastard, how dare you hit me, you, do you know who I am?” The second young man was shocked and angry, there was really no one in Jiangzhe who dared to treat him like this, but this bastard had no scruples and actually dared to hit him.

“Ka-chow!”

Ji Feng kicked out, instantly breaking a few of that second young man’s ribs.

“Ah...!”

The second young man’s eyes protruded deadly, as if they were a pair of dead fish eyes, his forehead was bruised, and his entire body curled into a ball as he screamed out in pain.

“Stop it!”

Uncle Te yelled, “Your Excellency, let’s discuss things, don’t do anything!”

“Shit, shit!”

That Second Youngster was however moaning in constant pain, “I am Dragon

“Second young man!”

Uncle De yelled and interrupted that second youngster, he looked at Ji Feng, gritting his teeth to endure the pain of his shoulder bone being broken, he said, “Your Excellency, we are from the East Sea Gang, this is our second youngster, if you kill us, it won’t do you any good, you will have endless troubles in the future! As long as you let us go, let’s forget about today’s matter, what do you think?!”

“Hehe

Ji Feng sneered and suddenly kicked out.

Bang!

A kick landed on that second young man’s calf, instantly breaking his leg.

“Ah!”

The second young man immediately let out a miserable scream, and his body trembled.

“Bastard, stop it!” Seeing the Second Young Man’s miserable state, Uncle Te was almost shocked and enraged as he roared, “What the hell do you want! We cooperate with you!”

“So concerned about your young master?” Ji Feng chuckled, “It seems like you’re really doing your job as a subordinate!”

“What the hell do you want!” Uncle De gritted his teeth and asked with incomparable annoyance, but he couldn’t help but tremble slightly in his heart.

“Not doing anything!”

Ji Feng faintly shook his head and smiled, “I’m just disgraceful to this kind of framing and framing behavior of yours, you’ve all become dogs in the water, but you actually still don’t tell the truth, so I’ll educate and educate you!”

“You

Uncle De almost didn’t vomit blood with anger, he really didn’t expect that he had caused the second young man to be kicked off his leg after saying a false word to cover up his identity with the second young man, this young man, he was really too ruthless!

The two drivers likewise did not escape the fate of being treated like piglets, and the six people were stacked up and down in the back seat of the car, and Ji Feng directly got into the car and rushed the car that was blocking the road.

Afterwards, all the people involved in tonight's operation were thrown into the middle of the road, staggered and stacked on top of each other, looking as if they were a dumping ground for dead bodies.

Campus Master

Chapter 803

In the middle of the road, thirty to forty people were lying on the cold road, some of them already unconscious and unaware of what was happening, even though they were shivering from the cold. Some, however, were moaning in agony, their bodies huddled together, looking miserable.

On the ground, there were streaks and streaks of blood that had long since solidified but looked so blinding in the faint light of the street lamps.

It was a sight that really made one's scalp tingle.

Sasaki Taro looked at the scene in front of him with a look of horror on his face and a look of disbelief in his eyes, all this, all done by this young man alone?

A wave of despair rose in his heart. The other side had beaten so many strong warriors into this state just by themselves, how terrifying should the other side be?

This was beyond Sasaki Taro's imagination, leaving him to only stare at what was in front of him with both eyes dazed, almost forgetting to think.

Ji Feng steadily came next to the BMW X6, looking at the bewildered Sasaki Taro, he couldn't help but smile blandly.

"Ah" Only then did Sasaki Taro see Ji Feng and immediately moved his body in panic, but with his limbs broken, he had no way to move at all and could only ask in panic, "Your Excellency, you, who the hell are you?!"

Ji Feng's eyebrows were raised and he smiled: "What, aren't you guys trying to deal with me? Don't even know who I am?"

"Ji Yuhui is a man?"

Sasaki Taro was stunned, then, he seemed to remember something, the look of shock in his eyes instantly magnified, and in just the blink of an eye, it spread throughout his body, causing his entire body to tremble involuntarily, "You, you're that student from Jiangzhou, Ji Feng?!"

"No?" Ji Feng asked with a wry smile.

Sasaki Taro's eyes turned grey and darkened, "No wonder, no wonder even Sasaki and Second Miss are not your opponent, so, you are actually so terrifying"

Ji Feng coldly snorted, "Sasaki Taro, what do you think, what should I do with you?"

“Ah!”

Sasaki Taro let out another cry of alarm and said in panic, “You, you want to kill me? No, no, if you dare to kill me, the Yamaguchi group will definitely not let you off, please, please let me go, as long as you let me go, I will definitely not look for trouble from you again”

Ji Feng instantly snorted, “Do you think, I will be afraid of that bullshit Yamaguchi group of yours?”

Sasaki Taro suddenly did not speak, admittedly, the Yamaguchi group is strong enough to make anyone who hears about it feel an instinctive fear, but this young man in front of him is too terrifying, trying to deal with him, I’m afraid it’s useless to come with more people, the scene in front of him is the best proof!

“Boss, I think, let’s just finish it off!” Liu Zejun had already gotten down from the car and was vigilantly looking at the group of people lying on the road, always on guard that someone might suddenly rise up and attack Ji Feng.

“No!”

Sasaki Taro was instantly shocked and said in a panic, “Sir Ji Feng, you can be unafraid of the Yamaguchi Group, but are you afraid of the Dynasty? The Dynasty and our Yamaguchi Group are in cooperation, if you kill me, there will be very scary people to kill you!”

Swish!

A cold light flashed in Ji Feng’s eyes as he asked in a cold voice, “What exactly is the relationship between the Yamaguchi-gumi and the Dynasty?”

Dynasty!

This was what Ji Feng was most concerned about, when he first struck out, Ji Feng just thought that these people had come to attack himself, but after restraining Sasaki Taro, Ji Feng realized that although he was one of their targets, tonight, they obviously did not know that he was also here, so he was suffering from a pool of fish instead.

However, anything that could cause trouble for the Boundary Tents, Ji Feng did not mind to intervene, not to mention the fact that these Boundary Tents wanted to attack the future partner of Xiao’s Pharmaceutical Factory, so Ji Feng naturally had to step in.

Although he could still escape if he increased his speed after the first time he broke through the other side’s blockade, running away was never Ji Feng’s style, and since he had met them, he would simply do it!

What was particularly important was that he had learned from Sasaki Taro that Kawaki Yanzi’s sister would also be coming this time, and Ji Feng became even more interested.

Of course, he was not interested in the women of the boundary tent, but because, if Kawaki Yanzi was a reformer, then they must have a connection with the dynasty!

That was what Ji Feng valued most!

As expected, now Sasaki Taro finally said that there was a relationship between the Yamaguchi group and the Dynasty organization, and it seemed to be a cooperative relationship.

“Sir Ji Feng” Sasaki Taro was a little hesitant.

“Speak!”

Ji Feng shouted coldly and interrupted him, “If you don’t tell, you know the consequences!”

Click!

The bullet was loaded and Liu Zejun held the gun against Sasaki Taro’s head and sneered, “I wonder if your head is harder than your mouth, I’m looking forward to it!”

Sasaki Taro suddenly blushed and said in a panic, “I said, I said”

Buzz~!

Just then, a low engine roar suddenly came from the rear, Ji Feng frowned and turned his head sharply to look, only to find a line of convoys rushing in.

“Zejun, go!”

Ji Feng lifted Sasaki Taro and handed him to Liu Zejun, and turned back to lift Kawaki Shizuko and that second young man in his hands, then, together with Liu Zejun, he climbed over the roadside railing and hid in the darkness of the night.

Because it was impossible to tell exactly who was coming, Ji Feng had to make sure he had the most important people in his hands. After all, Sasaki Taro and the others, knew a lot about the dynasty, and that, too, was something Ji Feng urgently needed to know.

The two didn’t go far though, they just hid about a few hundred metres from the road, watching the road.

“Zejun, get ready!” Ji Feng commanded in a low voice.

“Boss, don’t worry!” Liu Zejun took off two micro-charges from his waist and handed one to Ji Feng, “We’re in the shadows, two pikes of bullets are enough!”

Ji Feng smiled faintly, “You’re well prepared!”

Squeak...!

Not long after, the line of caravan had arrived at the front, a sharp braking sound rang out, and immediately, there was the sound of thumping car doors.

A group of men jumped out of the cars, and at the front of the line was a row of young men armed with weapons, about a dozen of them. Then, another group of people came down from the car.

“Boss, it seems to be General Manager Xu and General Manager Zhou and the girls!” Liu Zejun said in a low voice.

Ji Feng nodded slightly, of course he had already seen it, but the people coming were Xu Yuan and the others, it looked like they had returned once again after calling for manpower.

“Where’s Ji Shao!” Zhou Fei Fei saw that the BMW x6 was empty, and was instantly shocked, “Hurry up and look for a youth of about twenty-one or twenty-two, hurry up!”

“Boss!” Xu Yuan was also anxious and shouted in panic.

“Don’t shout, we’re here!” Ji Feng grinned, and together with Liu Zejun, they came over from the dark roadside, and in their hands, they were carrying the three Kawaki Shizukis.

“Boss!”

When Xu Yuan saw Ji Feng, she was overjoyed and rushed over, “Boss, are you alright? It’s really great, I was really scared to death!”

“Young Ji!”

“Mr Ji!”

Ji Yuhui and Zhou Fei Fei also walked over quickly at the same time, they couldn’t help but let out a sigh of relief when they saw Ji Feng.

Woohoo woohoo

The sound of police sirens came faintly from the distance.

Ji Feng frowned: “Let’s go back first! Fei Fei, is there any safe place, it’s best if no one else knows about it!”

“There is, come with me!” Zhou Fei Fei smiled sweetly, perhaps because of that ‘Fei Fei’ from Ji Feng, she looked extra happy.

Ji Feng didn’t have the time to pay attention to this, he said, “Escort all these important people back, the rest of those miscellaneous fish, throw them all into the trunk, remember, lock the boot all the way, at the same time draw their belts and tie them up, save them from escaping halfway!”

Fei Fei Zhou gave those youths a look, “Do as you are told!”

“Yes!”

These men immediately answered, and immediately, they neatly threw all those people into the trunk in turn, while people like Kawaki Shizuko, Wo Er Shao and Uncle De were escorted by two people and one person, and all were taken to the car.

The caravan left quickly, leaving only a mess behind.

.....

In the northern suburbs of Hangzhou, there was a villa area, and it was the kind of independent villa area that was far away from each other.

Zhou Fei Fei brought Ji Feng and the others here, “Young Ji, this is a private villa of mine, usually I come here occasionally to party with friends, but at other times, there are very few people here, it must be very safe!”

Ji Feng smiled and nodded, “It’s good to have a place to stay.”

“Boss, the people have all been escorted to the basement.” Liu Zejun walked over and said in a low voice.

Zhou Fei Fei couldn’t help but snort coldly, “These bastards, they’re really too bold, they dare to I will definitely investigate this matter to the bottom of the barrel!”

Ji Feng sat down on the sofa, lit a cigarette and smiled, “Speaking of which, this matter has little to do with you!”

“Does Ji Shao already know the original story?” Zhou Fei Fei asked.

Ji YuYi also looked at Ji Feng, obviously wanting to know the cause of the matter.

Ji Feng looked at Ji YuYi and smiled, “This matter has a lot to do with General Ji.”

However, Ji YuYi was not much surprised, only her eyebrows were slightly knitted, “Mr. Ji, I don’t quite understand.”

“These people, they are from the KAI Tent Yamaguchi Group, of course, there is also a local one called the Dragon Tiger Gang in Hangzhou involved.” Ji Feng said.

“The Kaitou Yamaguchi Group?” Ji YuYi’s face sank, “Those bastards!”

Ji Feng laughed, “How about this, Fei Fei, have someone bring that Sasaki Taro over, just ask him, everything will definitely be clear.”

“Good!”

Zhou Fei Fei nodded her head, waved her hand and instructed a bodyguard next to her, “Go and bring Sasaki Taro!”

Chapter 804

“I am Sasaki Taro, the purpose of our trip, is, is to assassinate”

Inside the villa in the northern suburbs of Hangzhou, Sasaki Taro sat paralyzed on the floor, leaning his back against the sofa, glanced at Ji Yuhui and said hesitantly, “The purpose of our trip, is to assassinate the eldest lady of the Lianzhu Gang of Treasure Island, Ji Yuhui”

As Sasaki Taro recounted, Ji Yuqing’s face became increasingly gloomy, and her eyes were filled with murderous intent as she looked at Sasaki Taro.

Ji Feng instantly affirmed in his heart what Sasaki Taro had said, this Ji YuYi, must be the eldest lady of the Lian Zhu Gang, because only such a person who was used to seeing killing scenes would be able to be so calm, and likewise, only such a person would have such a strong murderous intent, and not just anger.

“Mr. Zhou, I hope you can hand over these few boundary tent men to me!” When Sasaki Taro had finished speaking, Ji YuYi immediately gritted her teeth and said, looking at this Sasaki Taro, her beautiful eyes almost spitting out fire.

If not for Ji Feng’s timely intervention, she would have fallen into the hands of these boundary tent people today, and the consequences of that would have been unimaginable!

Therefore, Ji YuYi was filled with a strong hatred for these people!

Zhou Fei Fei was a bit hesitant, she couldn’t help but subconsciously, looked at Ji Feng, such as this kind of matter involving the boundary tent people, a bad handling, will be very troublesome. Her Zhou family was indeed very powerful in Jiangsu and Zhejiang, that was true, but if the Zhou family really did something they shouldn’t have done and angered the bigwigs above, I’m afraid the other side could just stomp their feet and trample the whole Zhou family!

And this handsome young man in front of her just happened to belong to such a category!

Therefore, Fei Fei Zhou knew that when dealing with this matter, it had to be handled with care.

Ji Feng pondered slightly for a moment before saying, “It’s better to ask what the situation is first, let’s finish asking all the remaining people first, then we can discuss what to do, is that alright?”

Ji Yu-yi could only nod slightly, but the gaze she gave to Sasaki Taro was filled with an unkind look, causing Sasaki Taro to shiver and secretly regret that if he had kept a little back and not told the whole truth, I wonder if he would have ended up in a better place?

However, Ji Yu-young should not dare to kill himself, after all, the Kaitou is really too close to the Treasure Island, moreover, the first and second ladies of the Kawaki family can be here, if the Lianzhu Clan really dares to mess up, then it will really anger the Kaitou Yamaguchi Group and will definitely trigger an unimaginable big war.

I believe the United Bamboo Gang would not fail to consider this!

Therefore, although Sasaki Taro was a bit weak in front of Ji Yueting, he would not be too afraid instead. However, whenever Ji Feng’s gaze swept towards him, he had a creepy chill that was like falling into an ice cellar, a feeling that was too terrifying.

When he thought of Ji Feng’s terrifying skills, Sasaki Taro couldn’t help but subconsciously swallow his saliva, his eyes became panicked, and in his heart he said, “I’m afraid that only those high-level reformers can deal with Ji Feng’s skills, right?”

Suddenly, another possibility occurred to Sasaki Taro – this Ji Feng, he couldn’t be a reformer too, right?

Sasaki Taro was tempted to ask Ji Feng, with such a perverted body, are you a reformer or not?

But when he thought of the possible consequences of his question, Sasaki Taro made a wise choice for the first time, he should shut up!

“How did you come to China? By ferry, or by plane? Or maybe it was a stowaway?” Ji Feng asked indifferently.

“Fly, plane!” Sasaki Taro’s tone of voice was trembling a little, and he didn’t know what was going on, even though the person he was going to assassinate was the eldest lady of the Lianzhu Gang, Ji Yuqing, but when he was really facing Ji Yuqing, Sasaki Taro didn’t feel half afraid. However, the more Ji Feng spoke in a soft voice, the more Sasaki Taro felt all the sweat hairs on his body stand up, it was too scary.

Ji Feng then couldn’t help but frown, came by plane, which meant that the immigration office in China could check the entry records of Sasaki Taro and the others, this time, if they wanted to deal with them, it would be a bit tricky.

This was because once these boundary tent people disappeared within China, it would likely cause a serious diplomatic incident when the time came, and this was something that had to be handled carefully for Ji Feng and the others.

Being looked at by Ji Feng, Sasaki Taro subconsciously looked away from him. However, the slight shrug of his throat still revealed the terror in his heart in unmistakable terms.

This scene was noticed by everyone present and they could not help but be stunned at the same time.

In particular, Zhou Fei Fei, Ji Yu Ying and Xu Yuan were all the more stunned.

In their eyes, the tents had always been vicious and daring men who had no fear at all, especially when it came to the men in the tents.

However, they did not expect that Sasaki Taro, who was the eldest son of the first major underground organization in the Kaitou, would be so afraid of Ji Feng!

They all couldn’t help but subconsciously glance at Ji Feng, what had this guy done to them, the men of the Boundary Tent, that would turn even the vicious Big Bad Wolf into a fearful little sheep?

Perhaps, only Xu Yuan knew how fierce Ji Feng was when he was defending his own people, and how much he struck fear into the hearts of his opponents!

“Zejun, that’s all for the specifics, below you take this bastard and go for detailed interrogation, from what time they left, what time they went to bed, when they burped and farted, ask me everything!” Looking at Sasaki Taro’s evasive eyes, Ji Feng gritted his teeth and said.

This bastard, with such darting eyes, there might be something hidden in his heart that he hadn’t said!

“Yes!” Liu Zejun immediately answered.

“If he dares to be dishonest, use all that tactic of yours, the soundproofing in the basement here is not bad anyway!” Ji Feng said coldly.

“Boss, don’t worry!” Liu Zejun smiled grimly and lifted Sasaki Taro with one hand, “Kid, go!”

Sasaki Taro immediately went limp, he couldn’t understand how he could not understand why he continued to treat himself like this when he had already said everything?

I’m afraid, how could Sasaki Taro not think that it was because of his evasive eyes that made Ji Feng think that there was something else he hadn’t said

The first thing you need to do is to take a look at the website. But since these people came by plane, it would be quite a bit of trouble to deal with them, you should understand, right?"

Ji Yuet-jen nodded slightly and said, "That I certainly understand."

"Good if you understand!"

Ji Feng smiled faintly, "We'll take our time to discuss how to deal with these boundary tent people, but for some of the local guys in Hangzhou who are eating their way out, shouldn't we deal with them properly?"

Zhou Fei Fei's face instantly turned gloomy, she clenched her silver teeth and coldly snorted, "Go and bring me the people from the Dragon Tiger Gang!"

"Yes!"

The two bodyguards answered in a low voice.

"Just bring their leaders, call them something like Second Young Master and something like Uncle De!" Ji Feng added.

Next to him, Xu Yuan heard these words, but suddenly the expression on her pretty face changed slightly.

"What's wrong?" Ji Feng keenly noticed that something was wrong with Xu Yuan's expression and couldn't help but ask.

"Nothing, maybe I got scared just now." Xu Yuan said.

Ji Feng smiled and said, "Fei Fei, please arrange a resting place for Xu Yuan so she can rest first."

"Of course it's no problem, there's a ready-made room upstairs." Zhou Fei Fei smiled sweetly.

.....

Only after Zhou Fei Fei had settled Xu Yuan down and walked downstairs did Ji Feng ask, "This Dragon Tiger Gang, what the hell is it?"

"Actually, I don't know too much about these Daoist things of theirs, but I've heard of the Dragon Tiger Gang." Zhou Fei Fei shook her head, "It is said that the person in charge of this Dragon Tiger Gang is named Xu Long, of course, on the surface he is the boss of a group, this is all the usual tactics used by those bigwigs on the Dao."

"A moral appearance!" Ji Feng mocked.

"Yeah."

Zhou Fei Fei smiled faintly, "However, I heard that this Xu Long is not just as simple as being morally upright, his behavior is nothing short of being a beast in clothes."

"Oh?"

Ji Feng couldn't help but be a little curious, "What does that say?"

"I've only heard that it seems like this Xu Long was originally just the head of a small gang, and then he married the Missy of the East Sea Gang and became the son-in-law of the East Sea Gang. As a result, in less than a few years, he actually annexed the entire East Sea Gang, and even, directly usurped power and took control of the East Sea Gang."

Fei Fei Zhou said, "At this time, that original leader of the East Sea Gang only sort of reacted, but by this time, Xu Long had already established his footing and was considered the number one figure in the East Sea Gang, and had already started to take on the old leader."

"Usurp power!" Ji Feng laughed, "That's the guest bullying the master."

"That's right, it's the guest bullying the master." Zhou Fei Fei nodded slightly and said, "However, what Xu Long did was a bit too much, he did away with the original old gang leader of the East Sea Gang, and didn't even intend to spare their family, if there weren't still people loyal to the old gang leader at that time, I'm afraid that the old gang leader's family wouldn't have survived!"

Ji Feng frowned, but did not say anything.

In fact, situations like this are also very common in the Treasure Island, but everyone follows a rule, that is, the disaster is not as bad as the family.

After all, anyone who is out in the world can miss, so everyone has an agreed rule that as long as the other party's family accepts the reality and does not come out to cause trouble, then they will not deal with the other party's family.

What this Xu Long did was indeed going too far.

"The East Sea Gang, this is kind of leading the wolf into the house." Ji Feng faintly shook his head.

Chapter 805

"That's leading the wolf into the house!" Zhou Fei Fei's smile had some disdain, "Fortunately, at that time, the old master of the East Sea Gang had a young daughter named Su Ya Yun, who was very strong and ruthless in character, she brought along her father's few remaining loyal old men and fought Xu Long in a firefight for an unknown number of times, it was said that even the top brass was alarmed at that time."

"Oh?"

Ji Feng couldn't help but be curious, a woman, in that situation, could actually organize manpower to fight back, without a certain amount of sleight of hand and a fierce character, that was indeed impossible, such a woman, not simple ah.

"Later the official intervened, directly ah this matter to suppress, both sides who dare to take the initiative again, will be fiercely suppressed!" Zhou Fei Fei said, "But that Su Ya Yun was unforgiving, and eventually had to force Xu Long to quit the East China Sea Gang and bring his people and set up the current Dragon Tiger Gang."

Ji Feng couldn't help but smile, "So, the Dragon Tiger Gang is quite a legend! By the way, what about that Su Yayun's sister? Still following Xu Long?"

“How is that possible, later on it was said that Xu Long married another one, and as a result that Miss Su was blown out of the house, what happened after that, I don’t really know.” Zhou Fei Fei said.

Ji Feng couldn’t help but frown: “When did this happen?”

“It’s been a few years, at that time, I was still in high school and only occasionally heard others mention it.” Zhou Fei Fei recalled, “It must have been seven or eight years, maybe longer, I can’t remember too clearly.”

“In that case, the Dragon Tiger Gang should have become a big deal by now?” Ji Feng asked with a frown.

“In the Dao of Hangzhou, the Dragon Tiger Gang is indeed relatively famous.” Zhou Fei Fei nodded slightly, “Moreover, Xu Long’s financial power has risen sharply since he created the Flying Dragon Group, and now you can often see him at some of the chambers of commerce in Jiangsu and Zhejiang, a very gloomy but arrogant person! I just didn’t expect that this Dragon Tiger Gang still had ties with the Yamaguchi Group in the boundary tent.”

Ji Feng smiled, “No wonder the Yamaguchi group came together with the Dragon Tiger Gang to trap the East China Sea Gang, so there’s a hidden story in between.”

“Su Yayun hates Xu Long, and Xu Long also wants to get rid of Su Yayun and her subordinates at all times. Zhou Fei Fei faintly shook her head.

Ji Feng also shook his head and smiled, this kind of thing, he, an outsider, really did not know what to say, after all, this is the way things are on the road, either you die or I live, there is no room for maneuvering, unless one side withdraws, otherwise, the conflict will sooner or later erupt.

Unless one of the parties withdraws, the conflict will break out sooner or later. After the outbreak of the incident, they will definitely try their best to eliminate the root of the problem.

Therefore, regarding the conflict between the East China Sea Gang and the Dragon Tiger Gang, Ji Feng did not want to ask about it, nor did he have that interest to ask about it. What Ji Feng was most concerned about now was how to deal with the group of manpower in the boundary tent.

It was how to deal with Sasaki Taro and the others that was the most tricky.

After all, these people had come to China through proper channels, so they could not be allowed to ‘suddenly disappear’.

However, if they were allowed to go back just like that, they would not pass muster with Ji Feng in the first place.

So for a while, Ji Feng couldn’t help but be caught in a dilemma.

He couldn’t help but cursed: “Damn, these boundary tent people can really Having captured them, instead, I don’t know what to do with them!”

“Right, Mr. Zhou, if we bring the people from the Dragon Tiger Gang directly later, will they recognise you?” Ji Yuhui suddenly asked, “This matter was started because of me after all, if I dragged you into it because of this, it would really be a bit too much to ask.”

Zhou Fei Fei shook her head slightly and smiled sweetly, "I don't know who the Dragon Tiger Gang and the Boundary Tent people are after, after all, they directly attacked my car. What's more, no one has dared to deal with my Zhou family like that!"

Ji YuYing then understood that instead of setting aside, Zhou FeiFei would take the initiative to get involved, this Dragon Tiger Gang had attacked Zhou FeiFei's car, this was a fact, what's more, since they had investigated so clearly, there was no way they didn't know that they were with Zhou FeiFei.

Even so, the people of the Dragon Tiger Gang actually dared to attack, which was clear that they did not put the Zhou family in their eyes.

How could Fei Fei Zhou tolerate this?

Only, Ji Yu Yue was a little worried, the Zhou family was only businessmen, although they were strong in terms of financial power, but would they be able to take advantage against a rogue organisation like the Dragon Tiger Gang?

This time, the people of the Dragon Tiger Gang dared to wrap Fei Fei Zhou up with them, so it was clear that they were not afraid of the Zhou family!

Ji Feng smiled, but he couldn't help but shake his head and smile, when Zhou Fei Fei said this, she really looked like a one of a kind queen with huge power in her hands, hmmm, very nice.

"Young Ji!"

Seeing Ji Feng's slightly teasing smile, Zhou Fei Fei suddenly had a slightly red pretty face and couldn't help but pout, "No laughing!"

"Huh"

Ji Feng couldn't help but laugh out loud, "So what, the way you looked just now, it was very imposing!"

Zhou Fei Fei became even more embarrassed, just now she was indeed very angry, that's why she said those words, but then she reacted, the person sitting in front of her was a son of the Ji family!

To show off one's authority in front of Ji Feng was like playing with a big sword in front of Lord Guan, which was really ridiculous.

Ji Feng waved his hand with a smile and said, "Nothing, nothing, don't get me wrong, I don't mean to mock you, I just think the way you looked just now Well, it was really imposing."

The more he said this, the more shy Zhou Fei Fei became, remembering the previous encounter between the two of them, a blush surfaced on her fair face, making her look delicately shy.

Those big, watery eyes couldn't help but become even more soft and moist, looking like two pools of autumn water.

Ji Feng couldn't help but look stunned.

When Ji YuYi looked at the two of them, she couldn't help but be thoughtful, the corners of her mouth pulled up in a subtle curve and her beautiful eyes held a slight smile.

“Go!”

A low bellow sort of broke the slightly ambiguous atmosphere, and that second youngest of the Dragon Tiger Gang, as well as that Uncle De, were brought up and thrown onto the floor like dead dogs, with a few bodyguards staring at them intently from the side.

“Ah!”

That Second Young Master let out a muffled cry and looked at Ji Feng and the others who were sitting on the semi-circular sofa, and his face changed slightly. When he saw Zhou Fei Fei sitting on the other side, his face instantly changed and he opened his mouth, but he didn't know what to say, and finally could only whisper, “Zhou, Chief Zhou”

Uncle De's heart suddenly thumped, Fei Fei Zhou was also there!

He couldn't help but secretly say, this is the end.

“Zhou, General Zhou, we are all acquaintances, look, can you let us sit up and talk?” That second young man asked somewhat cautiously, but in his heart he was secretly screaming, damn the boundary tent people, you guys are so powerful, how come you still let me fall into their hands?

This is really the end, after offending the Zhou family, not to mention the revenge of the Zhou family, I'm afraid the old man at home will kill himself ah!

“You still want to sit?” Zhou Fei Fei's fair and stunning face carried a cold smile, “Do you think that I will agree?”

“General Zhou, we are all acquaintances, you wouldn't be so heartless, right?” The second youngest cried and bared his teeth, those ribs hurt so much that he almost cried out, “My ribs are broken and my leg is broken, Mr. Zhou, you can't do this!”

“Humph!”

Zhou Fei Fei sneered, “I'm an acquaintance with you? Do I know you!”

“Mr. Zhou, I'm Xu Shuai of the Fei Long Group, I've sent you flowers many times before, how can you not know me!” The second young man named Xu Shuai hurriedly begged and said, “Mr. Zhou, just for the sake that we are all acquaintances, please let me sit up, I, my ribs are broken, I really can't stand the pain!”

“If your nonsense goes on for a few more words, what you've broken by then will be more than just ribs.” Zhou Fei Fei laughed coldly, but her heart was furious to the extreme, of course she knew this bastard, many times before at the cocktail party, this bastard would be present, this guy also like several other gentry, often sent flowers to toast to himself and so on.

What was so deplorable was that this time he could strike out at himself without a care in the world!

Ji Yueting had always been with Fei Fei Zhou, and since this Xu Shuai could investigate Ji Yueting's whereabouts, he could not possibly not know that he was with her. However, this bastard still made a move, which was obviously simply about to screw himself to death.

For such a person, how could Fei Fei Zhou be half-hearted?

Seeing Zhou Fei Fei's mocking eyes, Xu Shuai immediately understood that Zhou Fei Fei would not agree to his request, and it was obvious that she was directly tearing her face off.

Thinking of this, Xu Shuai could not help but sneer: "Zhou Fei Fei, I admit that your Zhou family is indeed powerful, but our Dragon Tiger Gang is also not a vegetarian, I don't believe that you dare to kill me directly! I tell you, if you treat me unkindly again, as long as I go back, I will definitely not spare your Zhou family!"

"Is that so?"

Fei Fei Zhou couldn't help but smile sweetly, but the words that came out of her mouth were cold to the core, "Go, break both of his legs!"

Swish!

Xu Shuai's face turned pale as an incredulous look appeared in his eyes, "Fei Fei Zhou, you really dare to hit me?"

"Plus two more arms!" Fei Fei Zhou said indifferently.

"Yes!"

The bodyguard next to him immediately responded, while about to stride forward.

"Wait a minute!"

Uncle De hurriedly shouted, at the same time, Ji Feng also divine hand blocked, "That what, just break his arms, his legs, they've already been broken!"

"Yes!" That bodyguard nodded his head.

"Wait!"

Uncle De, who was also sitting on the ground, was shocked and said in a panic, "Mr. Zhou, Miss Zhou, there's something to talk about, there's something to talk about, our second youngest doesn't know any better, you mustn't take him seriously, don't take his words seriously, you're the one who does the big things, don't take him seriously!"

"Even if he's a mess, I'll kill him today!" A voice filled with strong hatred suddenly came from upstairs, a voice filled with bone-deep hatred, as if he had a deep-sea hatred with Xu Shuai.

This voice, makes one's body chill just by hearing it!

Chapter 806

"Even if he's a mess, I'll kill him today!"

As these words, which contained bitter hatred, fell, before anyone could react, they saw a human figure suddenly rushing down from the upper floor and throwing a frenzy of punches and kicks at the second youngest of the Dragon Tiger Gang, Xu Shuai.

“Bastard!”

“You brute!”

“I want your life today!”

.....

The man’s hysterical shout of madness was mixed with a storm of wild punches and kicks, which immediately sent that Xu Shuai rolling all over the ground, wailing uncontrollably!

“Ah!”

Xu Shuai held his head with both hands, rolling on the ground in constant pain and screaming in agony.

His ribs had already been broken by Ji Feng, and now that he was being kicked and beaten so frantically, the kind of heart-breaking pain made Xu Shuai’s miserable screams become heart-breaking, and the people listening to Ji Feng and the others couldn’t help but feel their scalps tingle.

However, the man who kicked and beat him did not have the slightest intention to stop, and even after hearing his screams, he beat him even harder and more frantically, without any mercy at all.

Uncle Te next to him looked furious, gritting his teeth and roaring, “Bitch, stop it!”

And at this time, the bodyguard next to him hurried forward, pulling the visitor away forcefully, “Miss, stop it quickly, he’s about to be killed!”

“It’s better if he’s dead, even if he’s not, I’ll beat him to death alive!” A sound of gnashing teeth and hatred came from the mouth of the visitor, but it was so biting that it sent a chill down the spine of people listening to it.

Ji Feng, Zhou Fei Fei and Ji Yu Ying could not help but be stunned, because only at this time could they see clearly that the person who had frantically kicked and beaten Xu Shuai was Xu Yuan, who had just gone upstairs to rest!

Everyone couldn’t help but be stunned beyond words, especially Fei Fei Zhou and Ji Yuqing, who could hardly understand how the previously virtuous yet smart and competent Xu Shuai could suddenly go crazy? And she was so crazy that she looked as if she was possessed.

At this moment, Xu Yuan had become cloaked in hair because of the violent movements just now, and her beautiful eyes were staring dead, the situation looked as if she wanted to eat Xu Shuai alive, her expression was hideous and extremely terrifying.

“Oooh”

While lying on the ground, Xu Shuai, because of the intense pain, which made it unbearable for him, actually fell on the ground and whimpered.

“Second youngster, how are you doing, second youngster?” Uncle De looked nervously at Xu Shuai, who was lying on the ground, and couldn’t help but want to go over, but he was pressed to the ground by the bodyguard next to him.

“Old thing, sit still!” The bodyguard bellowed lowly.

“Let me pass, let go of me Ah!” As soon as Uncle De struggled, he was smashed by the bodyguard with a fierce punch to his chest, and he almost didn’t pass out from the pain, and instantly lost the strength to struggle.

Ji Feng stood up and pulled Xu Yuan to sit down on the sofa next to him.

Xu Yuan’s chest was heaving violently, her heart seemed to be hiding an extremely intense hatred, her silver teeth were clenched, her beautiful eyes were full of hatred, staring deadly at Xu Shuai on the ground.

Ji Feng pointed at Xu Shuai and Uncle De on the ground and said in a cold voice, “Break all their limbs and throw them into the basement!”

The two bodyguards glanced at Fei Fei Zhou as they waited for her instructions.

“What Young Ji says is what I mean, you guys do as you are told!” Zhou Fei Fei’s eyebrows knitted slightly as she said coldly.

“Yes!”

The two bodyguards immediately responded.

“No, don’t hit me, don’t hit me again!” Xu Shuai immediately shouted in terror, and he didn’t know where he got the strength from, struggling and about to crawl to the side.

“You guys, you stop!”

Uncle De also shouted angrily, his face red with rage, “What exactly do you want, just say it, stop fighting!”

Ji Feng sneered, “Just because you just said that bitch, your life is not enough to pay for it, beating you is just a temporary way to recover some interest!”

“I’ll fight!”

Xu Yuan violently stood up, somewhat struggling to lift a chair from the side and came to Xu Shuai, hatred was strong, “Bastard, you didn’t expect to have this day!”

In Xu Shuai’s frightened and somewhat bewildered eyes, she fiercely raised the chair high in her hand and smashed it down hard once more against Xu Shuai’s already broken legs, and in that instant, there was actually a painful look in Xu Yuan’s eyes.

“Stop it!” Uncle Te yelled.

However, Xu Yuan turned a deaf ear to it and smashed down fiercely.

Bang Ka-ching!

A violent crashing sound, coupled with the sound of bones breaking, suddenly resounded within the villa, causing everyone’s eyes to jump straight out of the corners.

“Uh-ah-” Xu Shuai’s eyes instantly widened, the veins on his forehead rose high, and his entire person seemed to suddenly stiffen, his body tensed up tightly, while his legs, which were already strangely twisted up, especially in the area of his calves, where a break seemed to have been made in the middle could clearly be seen.

“Ah...!”

The next moment, Xu Shuai’s hysterical scream instantly filled the entire villa, his scream was so miserable that one could barely bear to listen to it anymore.

Xu Yuan, however, once again lifted the chair, raised it high, aimed it at Xu Shuai’s arm, and once again smashed it down viciously.

Bang!

Xu Shuai’s right hand was smashed off.

Ka-ching!

His left arm, likewise, was not saved, although Xu Yuan’s force was not very strong, but with the hardness of the solid wood chair in her hand, I’m afraid Xu Shuai’s arm was smashed to a crushing fracture!

The pain was so severe that Xu Shuai didn’t even let out another scream before his eyes rolled back and he passed out.

During this process, Uncle Te’s roar continued, and the situation seemed so cruel that Xu Yuan seemed to have turned into an unforgivable villain, breaking the limbs of other people’s children in front of their parents.

However, Xu Yuan’s face did not show any sign of intolerance, instead she felt very happy.

Ji Feng and the others just watched quietly. By now, anyone who wasn’t brain-dead could see that Xu Yuan was definitely not crazy for no reason, but because she had a deep hatred with this Xu Shuai, or with the Xu family, a hatred that made Xu Yuan completely throw away her previous shrewdness and competence, lose her reason, and was left with hysterical venting!

However, Zhou Fei Fei and Ji Yu Ying could not understand what hatred Xu Yuan had for the Xu family, the ruler of the Dragon Tiger Gang. Could it be that they had been bullied by the Dragon Tiger Gang in the past?

Ji Feng was the only one who seemed to have vaguely guessed some of the reasons, but he was not sure, because his knowledge of Xu Yuan was only limited to his contacts in Jiangzhou, and in fact, Ji Feng had come to not know anything about Xu Yuan’s past.

After breaking Xu Shuai’s limbs, Xu Yuan was already panting, not knowing if it was because she was tired, or because she was too angry or nervous.

However, Xu Yuan still dragged the chair and came to the side of Uncle De.

Looking at Xu Shuai, whose limbs had been smashed off and who was already unconscious, Uncle Te's eyes were filled with anger and hatred, as well as an icy killing spirit. He stared coldly at the cloaked Xu Yuan and said through gritted teeth, "Bitch, the Dragon Tiger Gang will definitely not let you go, even if the Zhou family backs you up, you're still dead!"

Xu Yuan simply ignored it and raised her chair once more.

"Bitch!"

Seeing that the chair was about to come down, Uncle Te roared in anger, "Aren't you afraid of retribution for being so cruel!"

"Retribution?!"

Xu Yuan laughed coldly, "How come you were not punished for what you did ten years ago? Today, I want you all to be punished!"

Phew!

Xu Yuan raised her chair and slammed it down fiercely.

"Ah...!" Uncle Te screamed miserably, his mouth shouting, "I remember, I know who you are, so it's you bitch, so you're not dead yet!"

Bang!

Xu Yuan smashed down once more, bang bang bang bang

When Xu Yuan was exhausted, the chair fell to the ground, and Uncle Te's limbs had already been smashed and shattered, and none of his limbs were intact.

And Uncle Te had long since passed out from the pain of this near inhuman torture.

"Oooh"

Xu Yuan sat down on the ground at once and covered her face and cried out in pain, she cried so heartbreakingly that it made people's hearts pull together.

It seemed like she was trying to release all the aggression in her heart, Xu Yuan sat on the ground, whimpering and letting out a loud cry.

Zhou Fei Fei waved her hand and the two bodyguards who were watching Uncle De and Xu Shuai, immediately lifted the two up and took them to the basement. Seeing these two people beaten into this state, the two bodyguards couldn't help but stammer, when a woman starts to go crazy, it can be really scary!

Ji Feng nudged at Zhou Fei Fei, who immediately understood and, together with Ji YuYi, helped Xu Yuan, who was sitting on the floor crying in pain, up and sat on the sofa.

It had been ten minutes before Xu Yuan's emotions were considered stable.

She took the tissue paper handed over by Fei Fei Zhou, wiped her red eyes and said in a low voice, "Thank you! Thank you for giving me this opportunity to take revenge, Mr. Zhou, I hope that when you are done with the matter, you can leave these two people to me!"

Zhou Fei Fei was stunned, but she looked at Ji Feng, this matter, in the end, she still had to listen to Ji Feng's opinion.

Ji Feng was not in a hurry to speak, but was secretly deliberating.

The situation now was actually quite obvious, Xu Yuan knew Uncle De and Xu Shuai, which could be seen from those loud shouts from Uncle De, and it was obviously because Xu Yuan recognized them that she acted like that crazy just now!

Moreover, it seemed that between the three of them, there was an incident from ten years ago that had caused Xu Yuan to hate them so much.

Obviously, to be able to make Xu Yuan hate Uncle De and Xu Shuai so much, this matter must have been very painful for her, so Ji Feng had been hesitating, not knowing whether he should ask or not.

Chapter 807

"Dad, it's me"

Because Xu Yuan was still more or less emotional, Ji Feng didn't know what to say for a while, so taking advantage of this, he went to the courtyard and called his father.

"Little Feng?" Ji Zhenhua's voice was a little low, followed by the sound of rustling clothes, followed by the sound of a door closing, after a few moments, his voice returned to normal, "Little Feng, calling me at this late hour, is there something going on?"

"Well, it's something that I can't decide." Ji Feng nodded and said, "By the way, Mom is not with you, right?"

"No, I've come out of the room and come to the study, just tell me what's going on!" Ji Zhenhua smiled, knowing his son was like a father, although father and son had been separated for more than ten years, but, Ji Feng was really too much like himself in many aspects, and the interaction between men, sometimes only needed a simple look or a little special tone of voice, they could understand each other.

This was the case with Ji Zhenhua. It was the first time that his son had called him so late at night, and it was not the home phone that he called, but his own mobile phone, so he immediately realized that something must be wrong with his son, and it was not good for his wife to know about this matter.

"Dad, it's like this, I came to Hangzhou today with the general manager of our company to talk business with a vice president of the Treasure Island Pioneer Pharmaceutical Group, which was introduced by Zhou Fei Fei, the eldest lady of the Zhou family in Hangzhou" Ji Feng briefly told the purpose of his visit to Hangzhou, and then said, "We were talking very well, but we suddenly encountered an attack"

"An attack!?"

Ji Zhenhua immediately asked in a deep voice, "You weren't hurt, were you? Is it safe now?"

In his voice, there was a hint of urgency, and despite the subdued tone, Ji Feng could still hear the concern that was embedded in the words.

“I’m fine, and those people who attacked us have all been caught by me!” Ji Feng said.

“Oh?!”

Ji Zhenhua couldn’t help but be a little surprised, and then he scolded, “Brat, did you show off again?”

Ji Feng then couldn’t help but laugh bitterly, how could this be bravado?

“Dad, what I want to tell you is that the identity of these people who attacked us is very unusual.” Ji Feng said in a low voice, “Among them, the vast majority of them are from the Boundary Tent.”

“What?!” Ji Zhenhua couldn’t help but be stunned as well, “Boundary tent people attacking you? What an asshole! These Boundary Cave people are too bold, do they want to start a war?!”

Listening to his father’s anger on the other end of the phone, Ji Feng couldn’t help but feel warm in his heart, he said in a low voice: “Dad, you should take it easy first, those boundary tent people don’t know my identity, I just asked them, their purpose, is to assassinate that vice president of Pioneer Pharmaceutical Group, this vice president is the eldest lady of the Lianzhu Gang of Treasure Island”

The first thing I did was to tell my father in detail what I had learned before I said, “Dad, the situation is now clear, but I don’t know what to do with these tent people, they came to China from the regular channels after all!”

Ji Zhenhua immediately understood what Ji Feng meant, he nodded slightly and said, “Well! You did a good job, after all, such matters are always sensitive, you didn’t make a decision easily and knew to think about the bigger picture, that’s good.”

“It’s all because you taught me well!” Ji Feng laughed heatedly.

Ji Zhenhua, however, simply ignored Ji Feng’s horse’s ass, and only pondered for a moment before saying, “Little Feng, since you were involved in the whole matter and are more familiar with the matter than anyone else, then you will handle the matter of the boundary tent people at your discretion. If you really find it tricky and don’t know what to do, you should bring all the people to Jiangzhou and let your second uncle handle the matter.”

“..... I understand!” Ji Feng scratched his head helplessly.

Father’s meaning was clear enough, let himself see what he could do and see if he could find an opportunity to gain some advantage from this. If one really didn’t have that ability, then one would hand the person over to Second Uncle.

“Well then, let’s do this first, contact me in time if there is anything, besides, the Spring Festival is coming up, come back if you can get away, your mother has been nagging you at home many times!” Ji Zhenhua said.

“Okay, I’ll go home after I’m done here!” Ji Feng said.

After closing the line, Ji Feng couldn't help but shake his head and smile bitterly, his father was forcing himself to deal with this matter.

The meaning of the words "let yourself handle the matter of the boundary tent people at your own discretion" could not be clearer. Father knew that this matter involved several parties, not only the Zhou family of Jiangsu and Zhejiang, but also the Lianzhu gang of Bao Island, and even the local gangs of Jiangsu and Zhejiang. Under such circumstances, with his status, it was naturally not good for his father to intervene personally, and if he wanted to do so, he would have to operate directly from a higher level.

However, there are many things that can have an equally unexpected effect as long as they are operated well at the bottom level.

This is what my father meant when he made the arrangements for himself.

And what made Ji Feng couldn't help but shake his head and laugh bitterly was that his father ended up saying that if he found it tricky, he would leave it to second uncle This is clearly provoking himself ah!

If you think about it from your father's point of view, then you are a child, usually children are not able to bear the excitement, originally could not complete the matter, once being provoked by someone, will grit their teeth to complete.

The same is true for this matter, if I can't handle this matter in Jiangzhe, how can I be willing to ask Uncle Er to clean up this mess again? You have to grit your teeth and get it done!

Father was hoping that he could try to deal with this kind of difficult problem while he was the gatekeeper from behind!

After all, in the phone call, it was said that at the end he had said to contact him in time with any problems, so I guess even if he didn't, father would keep an eye on him.

However, Ji Feng also understands very well that his father is provoking himself like this, in fact, he hopes that he can learn to deal with these things and can grow up as soon as possible In this way of teasing a child, Ji Feng felt his father's concern, as well as the kind of expectation of being a father, hoping that his child would grow up quickly.

"Father will not be disappointed, the most crucial thing, is to see how one handles this matter!" Ji Feng put the phone back into his pocket, couldn't help but wave his fist a few times and secretly said, "I must handle it well, I can't let my father down!"

Lighting up a cigarette and slowly taking two puffs, Ji Feng secretly deliberated

The first time I saw a woman, I had a good idea of what she was going to do, and then I got up and returned to the villa living room.

At this time, Xu Yuan had completely calmed down, sitting on the sofa with a cold face and a strong hatred in her eyes, obviously still thinking about what just happened.

Zhou Fei Fei was sitting next to Xu Yuan, comforting her in a low voice, while Ji YuYi was sitting on the sofa not far away, talking on the phone.

Seeing Ji Feng enter, Zhou Fei Fei could not help but give him a wink, which meant that he should also persuade Xu Yuan.

Ji Feng nodded knowingly, smiled and sat down on the other side of Xu Yuan, smiling, "Xu Yuan, how was it, that was a good fight just now, wasn't it?"

"It was very cool!"

Xu Yuan couldn't help but say in a hateful voice, "For a full ten years, I wanted to do this all the time, but I just hated myself for not having the ability, boss, thank you, for giving me the chance to break their limbs with my own hands!"

"Oh, there is no need to say the word thank you, since I am your boss, then naturally I have to solve your worries as much as possible, so that you can concentrate on making money for me!" Ji Feng laughed.

Xu Yuan also couldn't help but smile and said gratefully, "Boss, don't worry, as long as you don't kick me out, I'll stay at Xiao's Pharmaceutical Factory for the rest of my life."

"Don't ever!"

Ji Feng hurriedly waved his hand and said with a tone of great loss, "And stay in the pharmaceutical factory for the rest of your life? You're thinking big! When you're seventy or eighty years old and can't even take care of yourself, what's the point of staying in a pharmaceutical factory? I'll still have to find someone to serve you, so I'll be at a disadvantage as a boss! You'd better earn enough money for yourself and do what you like."

"Puff!"

Xu Yuan couldn't help but laugh out loud, and with this laugh, the atmosphere in the living room was instantly much better.

"Ji Feng, thank you!" Xu Yuan whispered, but this time, she did not call Ji Feng her boss, instead she called him by his first name.

"I've already kicked you out, and you're still thanking me?" Ji Feng looked at her in surprise, "I mean, you're not really going crazy, are you? No, I have to take you for a check-up, I can't have a psychopath as the general manager, that wouldn't take my pharmaceutical factory to Java?!"

"You're the one who's crazy!" Xu Yuan pouted, but in her heart she was extremely grateful to Ji Feng, she knew very well that Ji Feng was only poking fun at herself to lighten her mood.

To be able to make Ji Feng, who had always been stable, do something so quirky and joking, it was evident that he was attentive to himself.

For a moment, Xu Yuan's beautiful eyes, stunned, looked at Ji Feng, the hatred in her eyes receded and a hint of affection flashed through.

"Do I have flowers on my face?" Ji Feng touched his face.

Xu Yuan immediately smiled sweetly, Zhou Fei Fei also pursed her lips and smiled lightly next to her, looking at Ji Feng comforting Xu Yuan, somehow, she had an inexplicable envy in her heart, and a little jealousy

“Xu Yuan, I have a question I want to ask you, but, I don’t know if it’s appropriate” Ji Feng said with a smile, “However, I still need to ask it clearly because it involves how I should handle this matter in the future.”

“You want to ask me why I hate Marshal Xu so much, and that old dog Wu Youde, right?” Xu Yuan smiled faintly, “Boss, you don’t have to worry, I’m already much better” Technically speaking, Xu Shuai and I, in fact, are half-brother and sister!”

“Sh, what?!” Ji Feng was so shocked that he almost didn’t bite off his own tongue, he bared his teeth in pain for a while, but his expression was one of disbelief, “So what, my ears might be a bit faulty, Xu Yuan, what did you just say?”

“Brother and sister?!” Zhou Fei Fei’s pretty face also had a stunned look written all over it.

Chapter 808

Ji Feng and Zhou Fei Fei’s eyes were filled with a stunned look as they looked at Xu Yuan, and they almost couldn’t believe their ears.

Xu Yuan and Xu Shuai were actually

Brother and sister?!

The corners of Ji Feng’s eyes couldn’t help but jump wildly a few times, secretly staggered, this brother and sister did, really on point, being the younger sister, actually could frantically carry a chair and smash the elder brother’s limbs off, and without the slightest bit of mercy!

..... If he didn’t know Xu Yuan’s character and persona, Ji Feng would have simply thought that Xu Yuan was really suffering from mental illness, or was suffering from a loss of heart.

Otherwise, who would carry a chair and smash their brother so ferociously?

Moreover, when talking about her elder brother, she would still carry such a strong hatred? This is obviously a bit unreasonable.

However, Ji Feng knew that there must be something else in between.

Therefore, neither Ji Feng nor Zhou Fei Fei said anything, they were waiting for Xu Yuan to say.

“Isn’t it surprising?” Xu Yuan smiled bitterly, “If it’s possible, I really hope that he and I are not brother and sister, but unrelated strangers!”

Ji Feng and Zhou Fei Fei both couldn’t help but nod slightly, they understood Xu Yuan’s feelings very well.

Just by the kind of crazy actions Xu Yuan had taken towards Xu Shuai just now, one could tell how much Xu Yuan really hated this gangster!

Then, anyone who was not a fool could think that it must be because Xu Shuai had done something so outrageously bad that it had caused Xu Yuan such deep damage that it had caused her to possess such hatred!

However, Xu Shuai was Xu Yuan's older brother, her older brother, so when she was hurt by her older brother, what Xu Yuan's heart felt was not only hatred, but also the pain of heartbreak, which was far more painful than the hatred between strangers!

"In fact, for this brother of mine, if it were possible, I would really like to cut him alive with a single knife!" Xu Yuan said calmly.

However, both Ji Feng and Zhou Fei Fei could clearly feel the hatred in her heart, which was indeed engraved in her bones.

One must know that just talking about one's loved ones like this was in fact tantamount to a kind of bone scraping torture!

Ji Feng knew very well that if it were himself, even if he were to die, he would definitely not curse his loved ones half a word, it was not a matter of fearing or not fearing death, but a kind of kinship between loved ones, it was human nature!

"Actually know that I have such a brother, or ten years ago"

"Wait a minute!"

Ji Feng suddenly reacted, he rubbed his temples hard and asked with some hesitation, "Just now you said that you and Xu Shuai are brother and sister, that means that Xu Long, the leader of the Dragon Tiger Gang, is your father?"

As soon as Xu Long was mentioned, a pained look flashed across Xu Yuan's face, but she nodded unapologetically and said, "That's right, that old beast, Xu Long, is my father!"

Ji Feng's eyelids couldn't help but jump wildly a few more times, saying this about his own father That Xu Long, what heinous things did he do to make Xu Yuan, who had a strong and hardworking character, feel such bitterness?

"Perhaps if I say this, you guys will think I'm cruel and inhumane, right?" Xu Yuan asked.

"Where, there must be a reason for you to say that!" Zhou Fei Fei hurriedly said.

Ji Feng, however, was silent and did not say a word.

In his opinion, parental grace was greater than heaven, and for parents, one should never be like this!

"It seems that the boss has some opinion of me." Xu Yuan smiled slightly and let out a long sigh, "However, if I put it differently, I wonder if you guys would still think the same way!"

Hmm?

Ji Feng knew that Xu Yuan was probably going to say the reason why she hated her father and elder brother so much.

“Mr. Zhou, you are in Hangzhou, Jiangsu and Zhejiang, so I guess you must have heard about the conflict between the Dragon Tiger Gang and the East Sea Gang?” Xu Yuan suddenly turned her head and asked.

“Yes, I have heard of some!” Zhou Fei Fei nodded slightly, and just as she said this, she seemed to suddenly remember something and looked at Xu Yuan in surprise, asking hesitantly, “You you are?”

Ji Feng’s brow also furrowed as he asked in a deep voice, “You mentioned the East China Sea Gang If I’m not wrong, you should be that Miss Su of the East China Sea Gang, the daughter born with Xu Long, and Xu Shuai may have done something bad to you And that’s the only reason that could make you hate Xu Long and Xu Shuai so much, am I right?”

“What you said, is half right!”

Xu Yuan shook her head slightly and let out a long sigh, her tears couldn’t help but flow down again, “It’s true that my mother was the first lady of the East Sea Gang back then, that’s true, but it wasn’t because Xu Long betrayed the East Sea Gang and killed my grandfather that I hated him, it wasn’t like that.”

“Then it’s because of what Shuai Xu did to you?” Ji Feng asked with a frown, if that was the case, it would be even more unwarranted for Xu Yuan to take out her anger on her father Xu Long.

“Not really!” Xu Yuan wiped a handful of tears from her eyes and said with intense hatred, “I hate Xu Long and Xu Shuai, a pair of beastly father and son, not just because they killed my grandfather, these two beasts, they also killed my mother! It’s not just that, what they did to me and my mother, heaven forbid!”

“What?!” Ji Feng’s brows furrowed.

Zhou Fei Fei also couldn’t help but change her face, as if she thought of something.

“Back then, Xu Long treated me well in front of people, but in reality, when no one was around, he used to beat me, and my mother As far as I can remember, whenever he was drunk, my mother and I would definitely get beaten Later on, after he had feathered his nest, he revealed his true nature, killed my grandfather and took over the East Ocean Gang!”

Xu Yuan’s chest rose and fell violently, obviously holding back her anger: “It was then that I realized that, as it turned out, my mother and I were just tools, mere tools, in Xu Long’s eyes! In fact, Xu Long had a family outside long ago, and two sons!”

Ji Feng listened quietly, and could imagine an ambitious man who had cheated his way into the heart of the Missy of the East China Sea Gang, then secretly built up his strength and operated his power in the gang, and when his wings were full, he would simply move to usurp power.

This is full of bloodshed and betrayal!

“Xu Long, this old dog, this beast!”

Xu Yuan spoke with her teeth clacking, her eyes also filled with hatred, “My mother was furious and wanted to fight Xu Long, of course, she didn’t succeed, Xu Long is still very powerful, my mother is just a woman, she usually doesn’t even ask about the affairs of the East Sea Gang, she has never even quarreled with others, how could she kill Xu Long? Oh”

Ji Feng rubbed the corners of his eyes and didn't know what to say, Xu Yuan's childhood experience was even more bitter than his, even though he hadn't experienced it, Ji Feng could understand what it was like, how painful it was.

"My mother was caught by Xu Long!" Xu Yuan snapped and sat up straight, her voice suddenly becoming unusually calm: "Guess what that brute Xu Long did to my mother?"

Ji Feng sighed lightly, "Xu Yuan, don't say anything, we all understand"

"No!"

Xu Yuan interrupted, "I must say, I'm not trying to make you all suffer along with me, I just want you to know that Xu Yuan is not a heartless, heartless person!"

"I know, you're not that kind of person, don't say it!" Ji Feng's tone was very firm, "Repeating the pain of that year again, it's a kind of torture for you, and for your mother, it's also a kind of harm!"

"My mother died ten years ago! She's dead!" Xu Yuan said loudly, "Killed by that beastly father and son Xu Long and Xu Shuai! At that time, Xu Shuai was only sixteen or seventeen years old, he was only sixteen or seventeen years old, and he actually treated my mother"

Xu Yuan had already burst into tears and choked up as she couldn't say anymore.

Ji Feng patted her shoulder and said in a deep voice: "Xu Yuan, what you said, I understand, no need to say anymore, really! Let your mother rest in peace."

"My mother won't rest in peace until those two brutes are dead!" Xu Yuan shouted shrilly.

"They will die!"

Ji Feng sat up straight, a cold light flickering in his eyes, and said firmly, "I promise you, whether it's Xu Long or Xu Shuai, sooner or later they will all kneel before you and be at your disposal!"

"Really?!"

Xu Yuan's eyes held a glimmer of hope.

"Really!" Ji Feng immediately nodded his head, "This day, it won't be long now!"

In Xu Yuan's beautiful eyes, tears immediately welled up, "Ji Feng, do you know? In these ten years, I don't know how many times I thought of a way to deal with Xu Long, but I didn't have that power" I was getting desperate, but today, you have given me hope, at least, Xu Shuai is like a dead dog today, at my disposal!"

"Sooner or later, Xu Long will also be like Xu Shuai!" Ji Feng said firmly.

"Ji Feng, thank you, really thank you!" Xu Yuan looked at Ji Feng and said and murmured over and over again.

Seeing that kind of look in her eyes, as if she had survived a desperate and somewhat hollow situation, Ji Feng's heart felt as if it had been viciously torn, how much had this woman, who still had a trace of dust in her body, suffered? How many unimaginable humiliations and hardships had she encountered?

How bitter must she have been in her heart?

In this instant, the softest part of his heart was touched.

From the time he met Xu Yuan, a scene from the past was like a movie that kept flashing in Ji Feng's mind.

The first time I met Xu Yuan, the spirited Xu Yuan.

The shrewd and capable Xu Yuan after she was transferred to the Xiao Pharmaceutical Factory.

Taking control of the pharmaceutical factory, that strong Xu Yuan.

After meeting Xu Shuai, the crazy Xu Yuan

And now, this bewildered and helpless Xu Yuan with a heartbreakingly empty look in her eyes

Ji Feng stretched out his hand and embraced Xu Yuan into his arms, patting her pink back with his big hand and saying softly, "Okay Xu Yuan, don't be afraid, I'm here for everything, no one will hurt you again, and those who have hurt you before will all be punished, I promise you!"

He hugged Xu Yuan, the action was so natural, it was as if he had rehearsed it a thousand times before, without a hitch!

"I believe you, I believe" Oooh" Leaning into Ji Feng's arms, Xu Yuan let out a painful cry, crying heartbreakingly, making people's hearts break, "In this world, I can only trust you alone, don't abandon me, don't leave me alone, I'm scared"

"Whew-!"

Ji Feng exhaled a long breath, trying to get his already wet eyes back to normal as he said softly, "No way! How could I possibly abandon you, I definitely won't!"

Chapter 809

"Mr. Ji! I have something to discuss with you, I don't know if I should say"

Ji YuYi, who had finished her phone call, walked over and couldn't help but be stunned when she saw that Ji Feng was hugging Xu Yuan, but immediately, she regained her composure, and a soft smile was put on her delicate pretty face.

"Ah!"

Only then did Xu Yuan react and hurriedly sat up, her pretty face flushed as she sat aside, her eyes just looking at the ground as she sat there with one hand so shy she didn't even know where to put it anymore.

Her heart was pounding and her mind was almost blank, just at what happened to herself? It seems that, just now, she seemed to be lying in Ji Feng's arms" Oh God!

Xu Yuan was so shy that she whispered, "I, I'll go up to rest first!"

After that, she hurriedly got up and ran to the upper floor in a panic.

Looking at Xu Yuan's back, Zhou Fei Fei and Ji Yu Yi could not help but smile at each other, but in their hearts, they were both faithfully happy for Xu Yuan, and at the same time, they were also vaguely envious of Xu Yuan, it seemed that she had found her home, and it seemed that it was not a bad home at all.

In fact, Xu Yuan, Zhou Fei Fei and Ji Yu Yi were all about the same age as each other, and each was charming and of unusual origin. Especially Ji Yuhui and Fei Fei Zhou, the two women are from uncomplicated backgrounds, so they all know how difficult it is for women like them to find a man who will truly treat them well.

It is important to know that not all men are responsible.

A large proportion of men pursue them because of their looks or because of their family background, which is so similar to when Xu Long cheated Miss Su's heart!

Of course, there are some men who may be nice to them without knowing their identity, but they cannot never pick their identity.

And once they know who they really are, how many of them will be able to keep their thoughts to themselves, or how many of them will be able to behave like men and carry the pressure on their shoulders when faced with the pressure from their families?

There are not many of them!

As for the men who come from better backgrounds than they do, the so-called high society gentry, or the self-made young men, how many of them can really care for them?

—There are really very few of them!

Therefore, they were all very envious of Xu Yuan for being able to get together with Ji Feng.

At least they could see that Ji Feng really cared for Xu Yuan, and this was actually enough.

Especially Zhou Fei Fei, ever since she met Ji Feng, she had seen Ji Feng's methods and also knew more or less about Ji Feng's previous deeds.

In her opinion, a man like Ji Feng, not to mention anything else, just the fact that Ji Feng could really care for Xu Yuan was better than anything!

If you want to say where Ji Feng has flaws, then you can only say that he has other women by his side

But honestly, from the time she understood, until now, she really has not seen any successful man who has only one woman, especially for those gentry or those big bosses whose business has reached a certain level.

Even her father, Zhou Yanmin, was not likewise out

The only thing is that Zhou Fei Fei knows that her mother is only turning a blind eye, as long as he doesn't bring it home and doesn't cause any trouble, he can do whatever he wants.

The fact that even her father is like this, let alone a young talent like Ji Feng, and the tz master of the Ji family, if he didn't have a few women around, it would really be a joke!

If Ji Feng knew what Zhou Fei Fei was thinking, he would definitely have a brain full of black lines.

Could it be that this was the impression he had left on the others all this time?

Immediately afterwards, Ji Feng would understand that Zhou Fei Fei's thoughts were somewhat radical, or rather, what she had seen and heard could only be said to be within a very small range. In fact, Ji Feng would know that there were many big personalities who were actually very clean, and did not keep as many or as many paramours outside as Zhou Fei Fei thought.

"Hmm?"

Ji Feng looked at Ji Yuhui with some surprise and couldn't help but ask with a smile, "Say it!"

"What?!" Ji YuYi was stunned.

Ji Feng instantly smiled, "Didn't you say you had something to discuss with me? It's okay, just say what the problem is, everything is negotiable!"

"Oh, right, right!"

Ji YuYi smiled a little embarrassed, more or less blushing slightly at her outburst, she deliberated her words and said, "Mr. Ji, it's like this, just now I talked to our headquarters on the phone and briefly explained what happened tonight, according to the instructions from the headquarters, I want to ask for two people from your hands!"

"Who?!" Ji Feng asked without moving a muscle, but he already had a plan in his heart.

As expected, Ji Yuwen said, "Mr. Ji, can you leave Sasaki Taro and Kawaki Shizuko to me? Of course, I know that such a request is definitely a bit unreasonable, but these two people are very important to our group, so"

Ji Feng instantly smiled, his guess was correct, Ji Yuoyi was indeed making this request.

"Mr. Ji, please don't misunderstand, neither I, nor our group, have any half-hearted intention of negotiating with you, this is just our request!" Ji Yuqing said in a panic.

In fact, this was not what her father had said when she had asked her father for instructions over the phone.

According to what her father said, he wanted to take the opportunity to talk about cooperation between the two sides this time, so that he could make some concessions in terms of cooperation, or directly use cooperation as a bargaining chip to force Ji Feng to hand over Sasaki Taro and Kawaki Shizuko, in short, there was only one word, no matter what method he used, he must have Sasaki Taro and Kawaki Shizuko under his control!

She had seen with her own eyes how Ji Feng had single-handedly wiped out the operations team excluded by the Boundary Tent and the local Dragon Tiger Gang in Hangzhou!

That terrifying combat power could simply scare people to death!

In his heart, Ji YuYing secretly estimated that if the most elite battle team of the LianZhu Gang faced Ji Feng, unless there were restrictions on time and place, there was no chance of the battle team winning.

Ji Feng alone could wipe out the United Bamboo Gang's battle team!

How could such a person possibly resort to coercion? The best way was to softly beg, and if the other party did not agree, then simply don't mention it, otherwise, once the other party was angered, I was afraid that the United Bamboo Gang's forces in the Mainland might be uprooted by him!

Therefore, when confronted with Ji Feng, Ji YuYi decisively adopted her own approach and softly pleaded with Ji Feng.

"Mr. Ji, please believe in our sincerity!" Ji YuYi hurriedly added, but her words were polite, "Mr. Ji, feel free to ask for anything you want, as long as we can do it, it's no problem."

"Oh"

Ji Feng shook his head with a smile and asked, "If I don't agree, will the cooperation between our Xiao Pharmaceutical Factory and your Pioneer Pharmaceutical Group, be over?"

"Of course not!"

Ji YuYi's heart tightened, but her charming pretty face was with a soft smile as she said softly, "Mr. Ji, I have already said earlier, I can't half-mean to negotiate, this is just a request from me to you, as for the matter of cooperation, it is still according to our finalized plan!"

Ji Feng could not help but give her a somewhat surprised look and secretly said, "This woman is not simple!"

Ji YuYi never mentioned the matter of exchanging cooperation for Sasaki Taro and the others, but only said it was a request, which was a very clever move of using retreat as advance.

The two sides are about to cooperate, this face, always have to be given, if for this matter to make a red face, it is really a bit unjustifiable, Ji YuYi play, is this idea, let yourself embarrassed!

Ji Feng casually lit a cigarette and slowly smoked it. Under Ji Yuhui's gaze, after a long time, he smiled and said: "Mr. Ji, I would like to ask, even if I handed over Sasaki Taro and Kawaki Shizuko to you, what method would you use to bring them back to Treasure Island? Of course, I mean the regular way!"

"This"

For a moment, Ji Yueting didn't really have a good answer, if it was through informal channels, it would be really simple, but if it was through formal channels to bring the two boundary tents to Treasure Island, it really seemed a bit difficult, or rather, impossible!

"The first thing I want to state is that I will definitely not allow you to take people away through an irregular route!" Ji Feng said seriously.

Ji YuYi's eyebrows knitted slightly as she glanced at Zhou FeiFei and then at Ji Feng who was full of seriousness, she couldn't help but feel a bit embarrassed.

However, Fei Fei Zhou understood what Ji Feng meant, if the boundary tent people disappeared within China and it was also related to Ji Feng, it might be very troublesome for Ji Feng, after all, his identity was really too extraordinary.

However, it was now Ji Feng and Ji Yuhui who were talking, so Zhou Fei Fei just listened quietly and could not interrupt.

“Mr. Ji, frankly speaking, if we go through the formal channels as you said, there is nothing I can do!” Ji YuYi admitted frankly, “Moreover, Mr. Ji also does not allow us to go through irregular channels, so we would have no choice but to place the people in the Mainland for the time being!”

Ji Feng nodded slightly and smiled, “Chief Ji is very frank However, with your power, wouldn't it be a bit whip-smart to leave the people here?”

Ji Yuhui nodded and admitted frankly, “That's right, it's indeed a bit difficult to manipulate.”

She felt that things were getting out of her control and the initiative was now completely in Ji Feng's hands, but there was nothing she could do about it, much less use the cooperation thing as leverage.

Just as Ji YuYi was having a hard time with things, Ji Feng suddenly said, “Chief Ji, I have a way to have the best of both worlds, I wonder if you are willing to listen to it?”

“The best of both worlds?” Ji YuYi was stunned, and then nodded her head vigorously, “Of course I'm willing to listen!”

Chapter 810

“Those two people, they don't have to be handed over to you!”

As he spoke, Ji Feng's hands pointed towards the floor, the meaning was self-evident, referring to Sasaki Taro and Kawaki Shizuko and the others, “However, even if you don't have anyone in your hands, it doesn't mean that you can't negotiate with the Boundary Tent Yamaguchi Group well.”

“What does Mr Ji say by that?” Ji YuYi was a little puzzled.

Ji Feng smiled and asked, “Mr. Ji, if my guess is right, since the KAI Tang Yamaguchi Group has already sent someone to assassinate you, this means that the two of you have actually become incompatible with each other long ago, and it can even be said that it has reached the point of a duel to the death, right?”

Ji YuYing nodded slightly and said without concealment, “That's right, it has indeed reached this point, unless one of the parties takes the initiative to withdraw, otherwise, this time, the open and dark battle between the two sides will definitely not be avoided, and it is even possible that a large-scale battle will break out as a result.”

“Then, is there a possibility of reconciliation?” Ji Feng asked again.

“Absolutely not!” Ji YuYi immediately shook her head, “Mr. Ji, you want us to reconcile with the Yakuza? It's impossible, the Yamaguchi-gumi are wolves, they are now expanding everywhere, how could they give up such a favourable position on Treasure Island? It is even more impossible for us to give up a place that we have been operating for so long, so reconciliation is simply not possible!”

“That’s right!”

Ji Feng chuckled, while he held up a finger and smiled, “I have the best of both worlds right here, which can solve your troubles, and at the same time, my side doesn’t have to be embarrassed.”

“Yu Ying would like to listen with all ears!” Ji YuYi said immediately.

Ji Feng nodded slightly and said, “In fact, the solution is very simple, I, or rather Fei Fei, will cooperate with your actions, of course, there is a limit to this cooperation, but at least it can also play a certain role.”

“How to cooperate?” Faye Ji asked.

“Those few boundary tent people, remain in the mainland, you guys should not hit them for the time being.” Ji Feng said, “However, it is a fact that Sasaki Taro and Kawaki Shizuko and the others are in our hands. General Ji, you can absolutely inform your headquarters now and ask them to negotiate with the Yamaguchi group!”

“Negotiate now?” Ji Yuqing was still a little confused.

“Just tell those bastards directly, tell them that Sasaki Taro and the others are in your hands, and ask them if they still care about these people!” Ji Feng grunted, “The two thousand-year-old ladies from the Kawaki family, and the two young masters from the Sasaki family Hey, these people carry a lot of weight, not light!”

Ji Yuhui’s beautiful eyes instantly lit up, then, she thought of something else and asked, “Mr. Ji, do you mean to say that having you guys to control Sasaki and the others, echoing us, is, in fact, the same as us controlling these people?”

“That’s the truth!” Ji Feng nodded and laughed.

“But if that’s the case” Ji YuYi said hesitantly, “As you said, Sasaki Taro and the others can’t disappear or have accidents in the mainland, and then if we talk to the Yakuza like that, won’t your side be under great pressure?”

Ji Yuwen knew more about the influence of the Yakuza in the Kaitopia than both Ji Feng and Zhou Fei Fei, in fact, the Kaitopia was the only country in the world that recognized the legalization of gangsters, and in many aspects of the Kaitopia, there was the shadow of the Yakuza, if the Yakuza put pressure on China through the Foreign Ministry or other aspects, the pressure that Ji Feng and Zhou Fei Fei would be under at that time would definitely be extremely great.

Ji Feng smiled and looked at Zhou Fei Fei: “In this aspect, it will be necessary for Fei Fei to help!”

“Me?”

Zhou Fei Fei couldn’t help but laugh bitterly, “Young Ji, don’t make fun of me, if you want to withstand the pressure in this area, it’s not just a matter of you saying a word? How can I compete with you!”

Ji Feng faintly shook his head and said, “I’m not talking about this, rather, you have to use your Zhou family’s influence in Hangzhou to make some noise out of it.”

Seeing Zhou Fei Fei's slightly puzzled look, Ji Feng smiled, "It's actually very simple, for example, have the relevant authorities in Hangzhou issue a news or announcement stating that the people who committed the murder on the highway this evening were Sasaki Taro and others from the boundary tent, well, let's just say that the police caught a few of them and got the news through interrogation, and as for the rest of the accomplices, are still absconding!"

Swish!

Zhou Fei Fei and Ji Yu Ying's beautiful eyes both couldn't help but light up at the same time as they both said in unison, "Good idea!"

"This way, even if the Boundary Tent wants to exert pressure, they will have no excuse, your men have committed crimes in our China and are still absconding, it's just that we don't ask you for your men, but you still dare to ask us for them?!" Ji Yuhui said with a face full of surprise, "In this way, you will have no more pressure!"

"It's more than that!"

Zhou Fei Fei immediately shook her head and said, "Young Ji, you should have other arrangements, right? Just this single move is not your style, you always plan before you act!"

Ji Feng lost his smile at once: "How do you know what my style is?!"

"I Of course I know!" Zhou Fei Fei suddenly had a slightly red pretty face, but forcibly defended herself, only those beautiful eyes, but how could she not dare to look at Ji Feng.

The first thing that I want to do is to make sure that I have a good idea of what to do. Also, Sasaki Taro and Kawaki Yanzi for the second group, and Kawaki Shizuko and Sasaki for the third group!"

"I can understand the first group, but this second and third group" Zhou Fei Fei was a little confused, not understanding what medicine Ji Feng was selling in his gourd.

Ji YuYi also didn't really understand and looked at Ji Feng in confusion.

Ji Feng smiled: "To put it simply, the remaining two groups, the second and the third, I will return to Jiangzhou with one of them, and when the time comes, it will be the top who will step in and exert pressure on the boundary tent through diplomatic means This is just one of the moves in our set of combinations, a measure to enable our China to stand on its feet in reason, it has little to do with us!"

Zhou Fei Fei and Ji Yu Ying dawned on them at the same time, the two of them looked at each other and could not help but be secretly amazed that Ji Feng's thinking, could be meticulous to the extreme.

In fact, if you think about it carefully, the distribution of the personnel in this group of two and three, there is also a deep intention in it.

For example, the group of Kawaki Shizuko and Sasaki, and the group of Sasaki Taro and the crew certificate are one large and one small respectively, including people from the two big families of the Yamaguchi group, and there are people from both families in each group, in this case, it can be said that it is the most reasonable distribution!

To be able to come up with such a solution in such a short period of time, one had to admire it!

In fact, Ji Feng's intention is not such a simple point, to control the important figures of the Yamaguchi group in his own hands, and then through his second uncle, to the police in Jiangzhou, and then put pressure on the boundary tent

The police are in control of the most important suspects in the case that took place in Hangzhou, and the Hangzhou side can be said to have lost face, and may even have to make some concessions as a result.

At the same time, the KAI tent, too, will have to make concessions, unless the Yamaguchi group is not influential enough.

The matter is led by the Ji family, and it is the Ji family that will benefit the most.

As for the deeper meaning, Ji Feng didn't have much certainty right now.

However, this was the best he could think of at the moment, and he didn't know what kind of comment his father would make after he found out about his move!

Last time he missed the opportunity in Hangzhou, if Ji Feng didn't seize it again this time, he could really buy a piece of tofu and crash to death!

"So, Mr. Ji, is there still the last group of boundary tenters left under your control?" Ji Yuhui asked.

Ji Feng smiled and nodded, "For the time being, I'll be controlling it!"

Zhou Fei Fei opened her mouth, but she wanted to say something.

Ji Feng naturally knew what she wanted to say and couldn't help but smile, "Fei Fei, the next thing is going to be a lot of trouble for you. First of all, I want to eradicate the Dragon Tiger Gang! This will need your help, when necessary, I will give you the last group of boundary tent people, when the time comes

Oh, that's all for now, do you guys think I have any problems with this arrangement?"

Both Ji YuYi and Zhou FeiFei did not rush to answer, but were slowly digesting this plan proposed by Ji Feng, for them, Ji Feng's plan, seemed a bit too complicated, making it a bit difficult for them to understand for a while.

In fact, the meticulousness of this plan of Ji Feng's was far beyond what the two women could have imagined, only that there were many deep meanings in this plan that could not be said right now, because, it still required a lot of follow-up operations.

"If this plan works well, it will make up for that opportunity that one missed in Hangzhou before!" Ji Feng said secretly, "From where one falls, one rises, opportunity, once again!"

A few moments later, Ji YuYing couldn't help but ask, "Mr. Ji, these people are all under your control, so what should we do if we can't hand over the people after we ask for favors from the Yamaguchi Group?"

Ji Feng chuckled: "That depends on, what kind of benefits you are asking for from the Yamaguchi-gumi, for example, you can lionize them and tell their people to get out of Treasure Island completely, while giving a large amount of compensation

In short, you will, for a period of time, occupy the most favorable posture, at that time even if you can't hand over the people, you have already got the benefits, while making a foolproof response, still afraid of the Yakuza's counterattack?"

Ji YuYi pondered for a moment and couldn't help but nod slightly, her face full of delight, "Mr. Ji's thinking is really meticulous, the contemporary ruler of the Yakuza, Kawaki, has only such two daughters, unless he doesn't want his own daughter's life, then he will definitely give in!"

"Mr Ji, thank you so much!" Ji Yuhui said gratefully.

Ji Feng smiled faintly, "It's good that it's helpful to you guys!"

Seeing Zhou Fei Fei with a smile on her face, but still with a somewhat thoughtful look between her eyebrows, Ji Feng couldn't help but smile slightly, "Fei Fei, if you can't figure it out, just rest first, and by the way, please get some doctors to come over and give those bastards a look, or at least don't let them die!"

"You underestimate people!"

Zhou Fei Fei couldn't help but stomp her foot and pouted.

Immediately, she suddenly reacted that this scenario of hers was too much like pampering her lover, and then she remembered that in the past, when she was in front of Ji Feng, she was not wearing an inch

In a swish, her pretty face turned red, that white face, so red that it almost dripped water!

Her big pair of beautiful eyes, also with a hint of shyness, watery glanced at Ji Feng, which was full of delicate shyness, as well as other complex colours
