Chapter 821

The fact that the two of them have a relationship with each other is also a bit of a headache for Ji Feng, putting aside Xu Yan's feelings of worry and loss. It wasn't because of anything else, nor was it because he couldn't explain to Xiao Yuxuan and Tong Lei after he returned, it was just that he couldn't be sure of his own feelings now.

Ji Feng even wondered if he had acted in a slightly excessive manner because he was too overwhelmed with sympathy in that situation last night, and in fact, he was not too sure what he thought of Xu Yuan in his heart.

Because after hearing what happened to Xu Yuan last night, Ji Feng immediately recalled some of his own experiences in his early childhood, the kind of feeling of having no relatives and being dependent on his mother, which many people would not understand.

So he was a little unsure if he was hugging Xu Yuan because of this. Or maybe ..... he really liked her!

It is for this reason that during the several consecutive intentional and unintentional jibes from Zhou Offender, Ji Feng did not give a positive response. He just gave a harrumph and vaguely coped with it.

This matter gave Ji Feng quite a headache, he knew very well that his actions last night would probably cause Xu Yuan to misunderstand, in fact he himself had misunderstood a bit, but now even he was a bit confused, so naturally it was impossible to give Xu Yuan any definite answer.

Ji Feng couldn't help but shake his head slightly and sighed in his heart, he was really a bit sorry for Xu Yuan for being like this.

But now, he has no better way, he can only put it off for the time being.

When will he really understand his thoughts, perhaps, to reconfirm, between the two is actually a friend relationship, or a lover, or what other relationship .....

Fortunately, Ji Feng's worries didn't last long, because Yi Xingchen and the Jiangzhou Military Region's Special Operations Brigade arrived in Hangzhou, accompanied by the Jiangzhou police.

Perhaps to show the importance he attached to this matter, or for some other reason, Ji Feng was surprised that Zheng Yuanshan, the deputy director of the Jiangzhou Municipal Bureau, actually came in person as well.

And what surprised Ji Feng even more was that the leader of the Jiangzhou Military Region's Special Warfare Brigade was actually this kid Xiang Yongzhan.

"Bureau Zheng, why are you here in person?" Ji Feng smilingly shook Zheng Yuanshan's hand with great strength, and that welcome was expressed very well. As for Yi Xingchen and Xiang Yongzhan, Ji Feng also just smiled and nodded, as if he had said hello.

The fact that Yi Xingchen is one of our own, then, treating him naturally does not need to be so polite, otherwise it would really be a bit out of place. As for Xiang Yongzhan, as far as Ji Feng was concerned, he

didn't have a good feeling about this guy, especially after being attacked by the Kepong Yamaguchi group, he had even less good feeling about this family.

This guy also doesn't know when he has been studying to deal with the dynasty, but all up to now, he has actually not made any progress, instead, he let all the people of the dynasty evacuate safely, and also got involved with the Kepong people, which really makes Ji Feng a bit down.

"Oh ....." Zheng Yuanshan smilingly shakes Ji Feng's hand, "Little Feng, you can't be idle anywhere, this is only the road to Jiangzhe, actually came another big deal, great! "

When talking to Ji Feng, Zheng Yuanshan posed as a half elder, in fact, strictly speaking, he is Zhang Lei's second uncle, naturally he is also Ji Feng's elder, but because Ji Feng's identity is here, moreover, Zheng Yuanshan's identity as a second uncle, is not so real, so he will not exactly take himself as an elder.

It was enough to be able to express his affection and at the same time show this closeness between the two sides, so Zheng Yuanshan's expression was still relatively on point.

For this point, both Ji Feng and Zheng Yuanshan understood it very well in their hearts.

Moreover, since second uncle Ji Zhenguang was able to send Zheng Yuanshan over, it actually showed that he was one of his own.

Ji Feng also stopped being polite and directly invited the three inside.

On this side, Zhou Fei Fei had also gotten the news long ago, and she, who was talking to Xu Yuan upstairs, hurriedly came down from upstairs when she saw a motorcade enter the courtyard from afar, and followed behind Ji Feng to warmly greet Zheng Yuanshan and the others.

"Little Feng, Mr Zhou, you don't need to be busy, we have to go back in a hurry, we can't delay here for too long!" Zheng Yuanshan, seeing that Fei Fei Zhou was arranging for someone to book a hotel, hurriedly waved his hand and said, "Let me meet those criminals first!"

Ji Feng immediately nodded secretly in his heart, Zheng Yuanshan had set the tone straight away, criminals!

This time, even if the Jiangzhe side knows Zheng Yuanshan's whereabouts, they can't say anything, you didn't catch the criminals, I'll catch them for you, can't you still rob them from my hands?

"Fifi, trouble you!" Ji Feng greeted towards Zhou Fei Fei.

Zhou Fei Fei immediately nodded in understanding and smiled towards Zheng Yuanshan, "Chief Zheng, please follow me!"

"You few, follow along!" Xiang Yongzhan immediately waved his hand, and the next few plainclothes special operations members with loaded guns immediately followed behind Zheng Yuanshan, ready to go together to escort people.

Ji Feng did not follow, but sat down steadily on the sofa, took out a cigarette, handed it to Yi Xingchen and Xiang Yongzhan, lit one himself, and asked with a smile, "What, Captain Xiang, are you ..... running to Jiangzhe to fight?"

Xiang Yongzhan's face suddenly looked a bit unsightly as he grunted, "Ji Feng, you kid don't talk sarcasm here, I haven't settled the score with you yet, but you're trolling me first?"

"Cut it out!"

Ji Feng waved his hand directly and said, "You can't settle accounts with me, we agreed on two months, now counting, there is still one and a half months left, don't worry, within one and a half months, I will definitely defuse the biological bomb inside the white spider, a gentleman's agreement, I still keep my word!"

Xiang Yongzhan was suddenly blocked from speaking by Ji Feng, and could only wait for him fiercely.

To this kind of gaze, Ji Feng was directly oblivious. In fact, of course, he knew what Xiang Yongzhan wanted to say, having discovered the dynasty's people and not informing him first, but instead only thinking of the family and his own interests first ..... In other words, Ji Feng really didn't trust Xiang Yongzhan a bit.

It's not that I don't believe in Xiang Yongzhan's ability and determination, but I don't believe that everyone in the army is a good person, and didn't a leak happen last time?

Otherwise, there wouldn't have been someone who would have poked their nose into the matter of their involvement in targeting the Western Xia branch of the dynasty, and it was because of that leak that there was this succession of troubles later on.

This time is also no exception, God knows after informing Xiang Yongzhan, the sector Peng or the dynasty side will not know in the next minute!

Therefore, Ji Feng had to keep it strictly confidential, after all, this also involved the entanglement of the Bao Island Lian-Chu Gang and the Yamaguchi Group, and if it was leaked, the cooperation between Xiao's Pharmaceutical Factory and Pioneer Pharmaceutical Group might be affected when the time came.

"Don't worry, I know what you're worried about, this time, there will definitely be no more accidents!" Xiang Yongzhan's expression glowed coldly and said bitterly, "The mole has been gradually uncovered, I won't let them go!"

"You guys watch what you do, the people have been handed over to you anyway!" Ji Feng said with a faint smile and a non-committal voice. Originally, these people were prepared to be handed over to the top for interrogation, and it didn't matter to Ji Feng exactly who was going to interrogate them, as long as they didn't leak secrets.

"That's fine!"

Xiang Yongzhan nodded slightly and said, "Don't forget, there's still a month and a half to go, if you can, you'd better help the white spider get the biological bomb out of her body as soon as possible, the longer we delay, the harder it will be for us to fight the dynasty!"

Ji Feng pondered for a moment and nodded, "I'll tell you what, when I'm done with this side of things, I'll be at your place when I return to Jiangzhou."

"Really?!" Xiang Yongzhan asked with a frown.

“Do I have a history of not keeping my word?” Ji Feng asked rhetorically.

“Okay then, it’s a deal!” Xiang Yongzhan immediately nodded his head and said.

Soon, Zheng Yuanshan and the others came out of the basement, and according to Ji Feng’s previous suggestion, they took away Kawaki Shizuko and Sasaki.

“Little Feng, do a good job, I went to report to Secretary Zhen Guo in the morning, I can see that he is in a very good mood!” Before leaving, Zheng Yuanshan patted Ji Feng’s shoulder and said with a smile.

After sending off Zheng Yuanshan and Xiang Yongzhan and others, Ji Feng clapped his two hands together, “Everything is done, now, just wait for the exchange to open tomorrow!”

.....

The next morning, Zhou Fei Fei returned directly to the headquarters of the Shengshi Group, where all the equipment had been prepared and the funds had been mobilized, just waiting for the opening of the market to deal a heavy blow to the Flying Dragon Group!

Sitting in the villa’s living room, Ji Feng was resting his eyes, waiting for the exchange to open.

Xu Yuan was sitting next to him, with a somewhat complicated look on her pretty face, and she didn’t know what was going on in her heart.

Ji YuYi could also tell that Xu Yuan was in a bad mood and spoke to her in a low voice from time to time to comfort her. Other than that, there was no other sound in the living room, it was all silent.

“Ding .....” Ji Feng’s mobile phone suddenly rang.

He picked up the phone, glanced at the number displayed on top of the screen and immediately picked up, “Fifi, has it started?”

“Young Ji, it’s started!” Zhou Fei Fei smiled, “Also, if Ji Shao is interested, he can turn on the TV and watch the news on Jiangzhe Channel.”

“Oh?”

Ji Feng smiled, hung up the phone and immediately turned on the TV in the living room.

“..... Because of a report received, this morning, the Jiangzhe police joined forces with several law enforcement departments, including industry and commerce, to investigate the illegal business practices of the Feilong Group, and currently, the joint investigation team has moved into the headquarters of the Feilong Group .....” As soon as he turned on the TV, Ji Feng saw a piece of news that was extremely unfavorable to the Feilong Group.

He instantly understood that this time, the Flying Dragon Group was in trouble .....

Chapter 822

That morning, the stock exchange opened as usual.

Those who were expecting to get rich overnight, or who had any other kind of mindset, came to the exchange hall early, either at home in front of their stock machines or sitting in front of their computers, to start a new day of stock trading.

However, in just half an hour, the entire exchange hall was abuzz with news, while other shareholders at home or at their computers were stunned.

Fei Long Group's illegal operation, the joint investigation team stationed at Fei Long Group's headquarters, followed by Fei Long Group's general manager Xu Chao being called to the police station for questioning ..... This series of news was like a bomb of incomparable power, which exploded among the originally calm stockholders.

All of a sudden, huge waves rose up in the entire ocean of stockholders in Jiangsu and Zhejiang.

The ripples carried an incomparable power and instantly spread in all directions, throughout Jiangsu, Zhejiang and Jiangzhou ..... In just an hour's time, the news was broadcast by an unknown number of television stations across the country.

In fact, most of those who broadcast this news are some financial and legal channels, some main TV stations have not yet had any movement, so many people do not know what happened to the Flying Dragon Group in Hangzhou, Jiangsu, Zhejiang. This also allowed Xu Long, who was originally manic and furious, to settle down slightly in his heart.

"Bastard! What a bastard!"

In the general manager's office of the Flying Dragon Club, a subordinate property of the Dragon Tiger List, Xu Long was gnashing his teeth and storming out. In the room, the television was broadcasting this unfavourable news for the stock market of the Flying Dragon Group, "These bastards, when they received benefits from Laozi, they were more active than anyone else, and when something happened, there wasn't even a single one who came forward! Damn it! All of them are bastards!"

Butler Xu stood beside him and couldn't help but sigh in his heart, those people, all of them were masters of eating and taking, what they were after, wasn't it just money and women?

Now that something had happened, of course these people would look out for themselves first.

"Housekeeper Xu, has Xu Chao come back yet?" Xu Long roared for a while, his emotions finally calmed down a little, and asked in a grim voice.

"Master, the eldest young master has just called, he has already come out of the police station and is on his way now!" Butler Xu bowed slightly and said in a low voice.

"Damned Zhou family, really capable, actually mobilized so many people to investigate us!" Xu Long gritted his teeth and said, "No, we can't go on like this, we must find a way to unravel this situation, otherwise, there is really no way to end it ....."

"Master, if you want to solve this bureau, I think the main thing is to seek the Zhou family's understanding, as long as we can reconcile with the Zhou family, then all the troubles will disappear with it!"

"That's right, you're right!"

Xu Long immediately nodded, but then said in annoyance, "But this damned Zhou family, they don't want to reconcile with us at all, and now they won't even answer my calls, and I've asked people to intercede, only to have those people either seem to push back, or go to no avail!"

"Master, is it that the people we've asked for don't carry enough weight?" Housekeeper Xu asked cautiously.

"Humph!"

As soon as this was mentioned, Xu Long couldn't help but snort coldly, "Not enough weight? Those who have enough portions would all hate to immediately draw a line with us now, even if we were to seek them out, they would not help!"

Butler Xu couldn't help but be silent, even though the old master also had a background up there, but compared to the Zhou family's background, that was really a far cry, it was no wonder those people would be anxious to avoid it, if it was himself, he would also definitely avoid it as far as he could.

"Master, we still have to think of a way!" Housekeeper Xu said with some lack of breath.

"Of course we have to think of a way!" Xu Long walked back and forth constantly with his hands behind his back, looking very annoyed, "Fortunately, fortunately, the unfavorable news about us now is still broadcast through programs like the financial channels, these programs do not have high ratings, not many people usually watch them, we can still hold out for a while ....."

"But, I'm afraid that the news will spread!" Steward Xu said in a low voice.

"That's true, if these news spread, it would be very serious indeed." Xu Long nodded, "However, it's not too serious now ..... No, I can't just sit back and wait for death, don't those people want to hide away? Fine, I'll see how they hide!"

He gritted his teeth and said in a cold voice, "If they know that what they have done and how many benefits they have taken are recorded with me, I'll see how they still hide like this!"

"Knock, knock, knock!" A knock on the door suddenly sounded, and Housekeeper Xu hurriedly went to open it, "Master, the youngest master is back!"

A tall young man, whose appearance was seven times similar to Xu Long's, walked in with big strides.

This young man was about thirty years old or less, and was very handsome looking, except that there was a hint of gloom in those eyes, which did not make people look so comfortable.

Those who were familiar with him knew that this young man was no handsome and cheerful young man, he was Xu Long's eldest son and the eldest young master of the Dragon and Tiger Ranking and the Flying Dragon Group, Xu Chao. And his methods were much more ruthless than even his father, Xu Long, and even some of the old men in the gang were in awe of him.

Xu Chao walked into the office with big steps, his face very unpleasant.

"How's it going?" Xu Long asked, frowning.

Xu Chao shook his head slightly and said, "Father, the situation is very bleak, the Joint Investigation Team is focusing on our accounts, and they seem to have quite a lot of evidence in their hands, which is very unfavourable to us."

Xu Long then couldn't help but frown, "Where did these people get the evidence?"

Xu Chao laughed bitterly, "Since the Zhou family dares to go after us, they will naturally be fully prepared, it's not that difficult for these people to get hold of some evidence in their hands."

"Let them check!" Xu Long waved his hand and said disdainfully, "Our Flying Dragon Group isn't afraid of them investigating, humph! Is it just a loss of some money? It's no big deal! As long as our accounts are done cleanly, we're not afraid of their investigation!"

Before setting up the Flying Dragon Group, Xu Long's aim had been to gradually bleach his name, so even in the process of money laundering, he had done a very clean job and hardly left any big handle, therefore, Xu Long was not afraid of the investigation by the Joint Investigation Team, they could not find out anything big because the real books of accounts were in his own hands!

What Xu Long was worried about was that the Zhou family would just spend time with him and refuse to give up.

If the Zhou family was dead set on him, that would be real trouble!

"No, I'll call some people now, I just don't believe it, they can still hide in peace?" Xu Long snorted coldly and angrily turned around and went to the office break room.

Only Xu Chao and Housekeeper Xu were left in the office, both of them shook their heads helplessly and both sat down.

"Young master, is there really no problem inside the company?" Housekeeper Xu asked with some unease, "Second Young Master and Wu Youde are both in the hands of the Zhou family's people, will they reveal some company secrets?"

Xu Chao frowned slightly and waved his hand, "Don't worry, the second young master only knows how to eat, drink and gamble all day, he doesn't know anything about the inside of the company, they won't know."

"The second young master may not know, but, what about Wu Youde?" Butler Xu asked again, "This Wu Youde is a very clever person, the young master must not be afraid of this, in case he really knows something, it will be the end."

Xu Chao immediately turned around, but saw that Housekeeper Xu was looking at himself meaningfully.

"Butler Xu, you mean to say ....." Xu Chao lowered his voice to an extremely low level, subconsciously glanced at the lounge door and made a silent neck-wiping motion.

Butler Xu whispered, "This is something that the youngest master still has to make up his own mind about, but it's a rare opportunity!"

Xu Chao then nodded slightly and stopped talking.

“Right, Eldest Young Master, a news item was shown on the television just now .....” Housekeeper Xu suddenly remembered something and hurriedly told Xu Chao about what had just happened.

“What did you say?!” Xu Chao stood up with a swish and his face changed dramatically, “Why didn’t you say so earlier?”

“Master said, the financial channel and such, few people watch it, it should be fine, so .....” Xu butler also realized that something was wrong, “Eldest young master, is it serious?”

“Nonsense!”

Xu Chao grimaced and said, “The Zhou family is really vicious, taking advantage of me being called to the police station for questioning to actually come up with such a move ..... No, we have to hurry up and prepare to protect the market, otherwise, we will be completely planted!”

“Don’t worry!”

Xu Long walked out from the lounge, waved his hand and said confidently, “I’ve already called the relevant people, they’ll come forward, a little news, it won’t be much of a problem!”

“Father!”

Xu Chao immediately said sharply, “Don’t ever underestimate the importance of news!”

“Then you should prepare to protect the market!” Xu Long didn’t take it seriously, “A little preparation can also prepare for the unexpected!”

Xu Chao grimaced and went to make a phone call.

Xu Long, however, sat down in his chair with a relaxed expression and coldly snorted, “What can the Zhou family do if they are powerful? There are some people whose face they have to give after all! How many people will read the news .....?”

Yet soon he realised how ignorant he was!

Perhaps the ratings of those major television stations are indeed much higher, like what financial channels and legal channels, the ratings are not high, however, there is one thing that cannot be ignored, that is, those channels that do not have high ratings, in fact the vast majority of viewers, are stockholders who like to speculate in stocks!

This is the most important thing!

Although these days, there are many experts, many beasts, and many shoddy experts and so-called beasts who earn black money, the people still believe in these seemingly high and mighty experts, especially those stock investors.

Therefore, it has become a way of life for these stockholders to get up every day and habitually read some financial news.

Although they know that some experts are probably talking nonsense, they are immensely concerned about the news that a certain company is not doing well and so on.

If a company is in trouble or not doing well, it means that the shares of that company should never be bought ..... This is a bit of common sense that even people who don't know anything about stocks will understand. If even this company is in danger, then we should stay away from the danger, there are so many stocks in the country, why do we have to get involved with that dangerous one?

It was such a simple mentality that made those stockholders start selling their shares of Fai-lone Group in droves!

A selling frenzy was formed in a matter of moments!

Campus Master

Chapter 823

"Hurry up! Hurry up! Take over all the stocks that others have dumped, make sure you take over them!" At the headquarters of Fei Long Group, Xu Long's red eyes were staring deadly at the computer screen, his whole body almost went berserk, "Make sure to pull the price up, make sure to pull it up!"

Xu Chao was also beside him with a gloomy face, his eyes surging with murderous intent, "This move by the Zhou family is really too ruthless, too ruthless!"

After Xu Chao knew that the news that the Feilong Group might be operating illegally and thus being investigated by the Joint Investigation Team stationed at the company was actually reported on the television, Xu Chao knew that it was bad!

Although Xu Long was the boss of the Flying Dragon Group, in reality, he did not have much insight into the economy and industrial operations. So but for any formal business, there was Xu Chao to operate it, and what Xu Long was responsible for was just the matter of the Dragon Tiger Gang.

Therefore, it is completely understandable that Xu Long did not know what bad consequences this news would have on the Group's share price, however, Xu Chao could not be clearer.

The domestic stock market was actually the most fragile, and the slightest bit of unfavourable news could trigger a major earthquake in the stock market, not to mention that it was the news that the Joint Investigation Team was stationed at the Fei Long Group's headquarters and conducting an investigation.

Under such circumstances, even a little bit of gossip news could have an extremely bad impact, not to mention the fact that the news was broadcast on the financial channel of the TV station.

Therefore, when Xu Chao knew about this matter, he immediately called the directors of the Fei Long Group to inform them that they were ready to mobilise funds to protect the market, although this action had already started a day ago, but that was only a careful precaution. In fact, those were the entire liquid funds of the Flying Dragon Group.

Therefore, if there was no order from Xu Chao, the supervisors would never dare to touch this money without permission.

However, when Xu Chao made the call to the group, he found out that it was still too late.

A selling frenzy had already been formed!

Fei Long Group's stock, all the way down, and it was dropping again and again, looking like it was about to reach the stop line.

It was only at this point that Xu Long reacted and immediately panicked, and together with Xu Chao, they rushed to the headquarters of the Fei Long Group as fast as they could, and even Xu Long could be said to be bare-chested, personally directing those manipulators to recover the shares sold by the shareholders.

They had to do this, otherwise the company's assets would have shrunk so much that they could have ended up losing the money they were holding and nothing else.

It was only at this time that Xu Long finally understood why his son had such an ugly look on his face when he heard that there were news reports about the adverse news of Fei Long Group.

"Pull it up, pull the price up!" Xu Long roared frantically.

A supervisor said cautiously, "Boss, a selling frenzy has already formed, unless news can appear on the market in favour of our group, otherwise, the funds we already have in hand now can only maintain the share price at the current price at most, and it is almost impossible to pull it up!"

"Bullshit!"

Xu Long cursed angrily, "I have 300 to 400 million dollars in my hands, and I still can't raise the share price? What are you doing? What am I doing raising you bunch of losers?!"

"Father, what he said is the truth!" Xu Chao couldn't help but sigh lightly, "Right now, the most important thing for us is to stabilize the share price, and then, find a way to make news favorable to our group appear in the market, this, we still need you to think of a way, father, first get through today, if good news appears tomorrow, I believe the share price will go back up!"

"Humph! Those bastards, how come they haven't made a move yet, I already said when I called them just now, if I die, I will drag them along with me!" Xu Long gritted his teeth and said, "Xu Chao, listen, just do as you said, stabilize the share price first, even if you throw all the money in your hand, stabilize the share price, I'm going to call now, I don't believe it, those bastards will give up their current position!"

"But ....." Xu Chao was just about to speak when he was interrupted by Xu Long.

"There's no need for any buts, just do it!" Xu Long said with a wave of his hand and a storm of anger, after which he walked out with great strides.

Xu Chao hugged his arms and couldn't help but frown tightly, "Why do I always feel that something is not right?"

.....

"Does it feel wrong?" Looking at Ji Feng frowning at the TV screen in thought, Zhou Fei Fei couldn't help but ask.

The TV in the living room of this villa, can also be used as a computer, at this time, Ji Feng and Zhou Fei Fei, Xu Yuan, Ji YuYi, four people, is sitting on the sofa, constantly watching the screen that stock curve change, that is the stock quotes of the Feilong Group, change schematic diagram.

On this schematic, Fei Long Group's stock had fallen wildly from the beginning, and it looked like it was near the stop line, but now it was actually picking up a little bit, and it seemed to have stabilised here, and was not completely suppressed.

When Zhou Fei Fei saw that Ji Feng was silent and frowning slightly, seemingly in thought, she couldn't help but feel slightly smug and subconsciously wanted to show off in front of Ji Feng.

The last time she didn't see through the plan that Ji Feng made, she was always a little unconvinced, but it's just that the two sides are on different levels.

The actual fact is that you can find a lot of people who are not able to get a good deal on this.

Who knows, but Ji Feng only shook his head slightly and smiled, saying, "I'm afraid, it should be Xu Long's side that feels something wrong, not me, right?"

"En?"

Zhou Fei Fei was a little puzzled, "How do you say that?"

In her heart, she was slightly surprised, Ji Feng was right, it should indeed be Xu Long and the others who feel something wrong now, but Ji Feng was able to see that?

Ji Feng couldn't help but shake his head slightly and laughed: "Fifi, I'm afraid you don't know that what I studied in college was economics and management, although this major is not a direct study of some specialized issues in the field of finance, it is related to both economics and finance. What's more, I have a good memory."

Seeing Zhou Fei Fei's gradually surprised look, Ji Feng couldn't help but smile, "If I remember correctly, since last night, I've asked you to start working on acquiring the shares of Fei Long Group, and, this morning, you said that the funds were all in place, just waiting for the attack to start, right?"

"Yes!" Fei Fei Zhou nodded slightly.

"That's right."

Ji Feng chuckled, "I think, if my guess is correct, none of your funds have moved yet, and the reason why this all the way down trend has formed is actually just because of the impact caused by that news, in which case, as long as Fei Long Group wants to protect the market, it can still do so. And you, what you want is for the senior management of the Fei Long Group to desperately protect the market despite everything!"

The smug and puzzled look on Zhou Fei Fei's face had disappeared, and in its place, there was a dense look of surprise, "You, how did you come up with that?"

"I've said it all, I'm an economic management major!" Ji Feng laughed.

Xu Yuan also said beside him, "Fei Fei, so you are like to let that beast Xu Long, all the money into the protection plate, then and then at the critical moment, you then give him a kettle of fire, in this way, Fei Long Group will become nothing ....."

The only way for that animal to feel the pain is for him to know what it's like to have a broken home and a broken family!"

"If I'm not wrong, Fei Fei, you should be clutching quite a few shares of Fei Long Group in your hands, right?" Ji Yuhui followed suit and laughed.

Fei Fei Zhou laughed bitterly, "I thought this matter was done in a very clever manner, but I didn't expect that you all understood the original reason ..... So, didn't Xu Long and the others understand it too?"

"Even if he understands it, it's useless!" Ji Feng shook his head and smiled: "Feilong Group is his heart and soul, he will not give it up, I checked before, he put out, about forty percent of the shares, how much he has in his own hands I do not know, but what is certain is that this remaining sixty percent, absolutely can not be his alone, so once this peripheral forty percent is annexed by you, then he will have to give up the Flying Dragon Group, and at an extremely low price, he will spit blood!"

"Ji Feng is right, at this time that beast has no other choice but to protect the plate!" Xu Yuan's pretty face couldn't help but road a look of relief as she said, "He doesn't want to give up on Fei Long Group, then he can't just watch with his eyes beady-eyed as Fei Long Group's stock drops ....."

"Perhaps, while desperately trying to protect the market, Xu Long will also do something else, for example, he will find someone to mediate in the middle or do something else, he should not sit around and wait for death!" Ji Feng's hand turned his teacup and said thoughtfully, "There are two ways to stop this final strike of yours now, the first, to make the Zhou family meet strong resistance and have to give up!"

"The second, make the Zhou family throw in the towel, like ..... kidnapping Fei Fei, or someone from your family!" Ji Feng's expression went cold: "Fei Fei, no one from your family went out today, right?"

"No!"

Zhou Fei Fei immediately said, "Our old master made arrangements, everyone will be at home today, even the few who went out to talk about business have come back, it's sort of a family gathering!"

"That's good!" Ji Feng nodded slightly, "In that case, all Xu Long can do is to find some resistance for your Zhou family, what will he do ....."

"Ding ....."

Just at this time, Zhou Fei Fei's phone suddenly rang, she glanced at the screen and hurriedly picked up the phone, "Hello ....."

Ji Feng, however, gave her a thoughtful glance and secretly said, "Could it be that resistance is coming?"

Chapter 824

"Hey ..... Dad, what's up?" Zhou Fei Fei picked up the phone and asked casually.

Ji Feng was not in the habit of eavesdropping on other people's phone calls, he shook his head slightly, his gaze once again turned to the TV screen and watched carefully.

The stock of Fei Long Group had once again gone lower. I think it was because of the spread of that negative news that many stockholders had lost confidence in Fei Long Group's stock and started to follow the selling trend, and more and more stockholders knew about the news and the selling trend would become more and more powerful.

Ji Feng turned his head and asked Xu Yuan: "According to your experience, when will this selling trend reach its highest 'tide'?"

"Hmm?" Xu Yuan was slightly stunned, somewhat confused about what he meant.

"Oh, it's like this .....", Ji Feng smiled and explained, "As you know, although I studied Economics and Management, however, I don't have experience in stock speculation, so I don't know how those stockholders think, nor do I understand their thoughts, so that's why I wanted to ask for your advice."

Xu Yuan was relieved and said with a smile, "According to my own research, people in our country are the most likely to follow the wind, and whenever there is a slight wind, everyone will follow it, as if they are afraid that bad luck will befall them. And when there's a business opportunity, everyone wants a piece of it too. Unless, of course, someone comes out to dispel the rumours, and someone with authority to do so, it will be possible to quell this follow-through ....."

Strictly speaking, these words of Xu Yuan were not considered a reply at all, but Ji Feng still understood what she meant.

He nodded and smiled, "I understand, you mean that as time goes on, as long as no one comes out to dispel the rumors, as long as the negative news about Fei Long Group is still around, this selling trend will become more and more powerful, until those stockholders have sold all the shares in their hands, right?"

"That's right, that's how it is!" Xu Yuan smiled, "Moreover, the strength of this selling trend can also be seen based on the curve."

Ji Feng nodded slightly and smiled, "I never thought that apart from being in sales and management, you'd actually be so knowledgeable about stocks."

Xu Yuan smiled bitterly and said, "I can't do it without research, Xu Long is too powerful, I am alone, weak and have no one to rely on, at that time I only thought about revenge, so I had to find a good way. I used to want to use this kind of stock market battle to bring down the Fei Long Group and avenge my mother and my grandfather, but it was hopeless ....."

Speaking of this, she couldn't help but shake her head slightly, it was clear that the past was somewhat unbearable to look back on.

Ji Feng can only smile awkwardly, so for no reason himself again talking about these things, well again to make Xu Yuan sad .....

“Don’t worry, after this time past, Xu Long will never have the chance to make waves again, and, you can take revenge so much if you want!” Ji Feng smiled and comforted her, “What’s in the past, is in the past, even if you keep thinking about it, there’s no real point, don’t you think so?”

“Right!”

Xu Yuan smiled bitterly, “You’re right, as long as I’ve gotten my revenge, I’ll stop thinking about that.”

“That’s right!” Ji Feng laughed.

At this time, Zhou Fei Fei didn’t know what she heard on the phone, and her face couldn’t help but change slightly as she got up and walked to the side, whispering something.

Ji Feng frowned slightly as he watched and glanced at her, but didn’t say anything more.

“Fei Fei might be in trouble!” Ji Yuhui whispered next to her, “And, it might also be related to this thing we’re doing right now!”

“You know this so well?” Xu Yuan asked at once, but her tone was very nervous, without the help of the Zhou family, this attempt to defeat Xu Long and fulfill her wish for revenge would definitely not be successful, she had to be nervous.

Ji YuYi made a gesture of making a phone call and shrugged, “Just now she was on the phone, I vaguely heard something, something about a leader from the province coming out to say hello, is it necessary to stop it, it is also considered to give face to the other party and such words ..... Right, the person who spoke was a man, I don’t know if it was Zhou uncle!”

“Invite someone to help, this is certain, and, invite the weight of this person can not be too light, otherwise, even if Xu Long wants to invite, people still do not dare to come, come afraid of shame ah!” Ji Feng chuckled: “I just didn’t expect that Xu Long had really invited a great god over ..... It seems that this Xu Long is really a talent, he can actually get in touch with people in Jiangsu and Zhejiang provinces, well, this time there’s a good show, haha... ..”

“Ji Feng, this .....” Xu Yuan was a bit stunned and uncertain looking at Ji Feng, someone from the province has stepped in, this is really troublesome, no matter how powerful the Zhou family is, they can’t disobey the instructions of the provincial leaders, right? Then this time the revenge plan .....

The first thing you need to do is to get a good idea of what you’re doing.

Xu Yuan laughed bitterly: “How can this be irrelevant .....”

Ji Feng couldn’t help but shake his head and smile, patted Xu Yuan’s white and tender hand and said, “Just rest assured, I promise you, no matter who comes forward this time, they can’t stop our plan, if you can’t take revenge this time, I will personally take a knife and go to the Dragon Tiger Gang and capture Xu Long and his son, let them personally come to you to plead guilty, when the time comes, whether it’s a beating or a punishment, or any other What kind of punishment, that is all up to you, so that is always okay, right?”

“But ..... what if the person who comes forward to intercede is really the leader of Jiangzhe Province?” Xu Yuan asked with some uncertainty.

Ji Feng chuckled and asked rhetorically, "Do you think that just by virtue of him, Xu Long, a small hooligan head, he will be able to get on the line of how high? It's better to wait for Xu Yuan to finish answering the phone."

Although Xu Yuan was still a bit uneasy, after listening to Ji Feng's advice, she had more or less calmed down a bit.

Ji Feng, however, sneered in his heart, this Xu Long was really helpful. Originally, Ji Feng was thinking that when he knocked down Xu Long's lair, or directly caught him personally, and asked him about his collusion with certain people above him, and got the evidence in hand, so that he could also let his father worry less.

But instead he didn't think of the fact that Xu Long, when cornered, would get his backers above him to come out and say hello to the Zhou family, so that some of them would be able to do it without fighting.

Ji Feng is now hoping that more people will jump out in a hurry, so that he will instead have less work to do and won't have to bother with finding any evidence, and when the time comes, just because they have spoken up for Xu Long, they will be able to get the hell out of the way with a little operation!

Therefore, Ji Feng did not care who was helping Xu Long to speak, in fact, the higher the position, the better it would be for him instead.

As for the power in the hands of these people, it was all based on the fact that Xu Long had not yet fallen. Once Xu Long had fallen, with what they had done, they would instantly turn them into ants in a hot pot, not to mention jumping around!

Not long after, Zhou Fei Fei hung up the phone and walked over.

Seeing Xu Yuan's concerned look, Zhou Fei Fei said helplessly, "Young Ji, this matter depends on you, just now my father called and said that a leader from above had greeted us, asking us to focus on stability and unity and not to actively disrupt the economic order."

"A big enough hatchet job!" Ji Feng harrumphed.

"More than that, one of the leaders even asked my dad to have lunch with him." Zhou Fei Fei said.

Ji Feng frowned and asked, "Didn't anyone above you stop it?"

Zhou Fei Fei shook her head and said, "It's not that there isn't, only that people are just saying hello to this kind of thing, it's not much, and it's not good to stop it."

Ji Feng can understand, now greeting, no one can say anything, after all, they can not half mention Xu Long's words, people just say, to maintain economic order, how grand is this statement?

And more importantly, if you don't listen to the greeting now, then when you want to do something later, I'm sorry, it's only light to make things difficult for you, and then will not give you a secret trip, or even directly undermine you, which is not a good thing to say.

Therefore, never underestimate the leadership to greet, this is not good!

Under such circumstances, the Zhou family indeed could not help but be cautious.

Although it is said that they can get a lot of benefits from this operation, but if the difference between the benefits they get and the people they offend is not too big, then, the Zhou family should think about it.

Moreover, Ji Feng also heard another layer of meaning from Zhou Fei Fei's words. It was obvious that the Zhou family was now counting on themselves to make a move. In fact, to put it mildly, in this process, apart from capturing Sasaki Taro and the others, he could be considered the one who had contributed the least.

"No problem, I'll take care of this matter!" Ji Feng smiled and said, "Let's have lunch together at noon, right? That's fine, I need to have lunch too, so we'll go together then!"

"In that case, I'll trouble young Ji!" Zhou Fei Fei smiled sweetly.

Ji Feng couldn't help but shake his head and smile, not saying anything more, since it was a cooperation, one always had to contribute something.

However, for Zhou Fei Fei, Ji Feng was more or less unhappy. This woman, perhaps because of her life environment since childhood, made her starting point when doing things and speaking was still based on interests.

Originally Ji Feng still intended to be friends with her, but now it seems that it needs to be examined again ..... as a partner is not bad!

"It looks like that's all that's happened over here so far!" Ji Feng glanced at the TV screen, the above Fei Long Group's stock curve was still continuing to go lower, but it was still some distance away from being down, "It's time to have lunch and relax, the afternoon and evening, that's the main event!"

Chapter 825

"Just in terms of this downtown area, the prosperity of Hangzhou is no worse than that of Jiangzhou, and in some ways, it's even better than Jiangzhou!" Ji Feng drove his BMW x6 and looked at the bustling scene on the street outside through the windscreen, unable to help but nod slightly in admiration, "But, if you compare it to the traffic in Jiangzhou, it's just so much better."

It was now ten o'clock in the morning and in Jiangzhou, normally from this point onwards, the traffic in Jiangzhou starts to become congested until around one o'clock in the afternoon, when the streets become slightly less crowded with pedestrians and vehicles. In this short period of time, the traffic situation in Jiangzhou is simply mind numbing.

During the peak traffic hours in Jiangzhou, if you go out in your car and there is not a traffic jam for an hour or two, then you are embarrassed to say you are driving!

This is Jiangzhou. The rapid economic development has not only brought about the expansion of the city, but also the surge in the flow of people, which has put the city's traffic under several times or even ten times the pressure of other cities.

Compared to Jiangzhou, the situation in Hangzhou is much better.

At least, Ji Feng was now driving a car, and although the vehicles were driving very slowly, and in some sections, it might not be as fast as riding a bicycle, compared to the traffic in Jiangzhou, that was already considered good.

This was Ji Feng's most intuitive impression of the city two days after arriving in Hangzhou, as for the rest, he hadn't understood it yet, but just this traffic, it already made Ji Feng very satisfied.

"Young Ji, what you're seeing here is also just the surface." Zhou Fei Fei, who was sitting on the passenger seat, laughed, "What we're taking now, is not the busiest road, in fact, it's very normal to be stuck in traffic for more than an hour or two in Hangzhou, and when you really compare it, there's still a big gap between Hangzhou and Jiangzhou."

Ji Feng nodded slightly, after all, this position of Jiangzhou as the country's economic leader did not come for nothing. Jiangzhou was indeed a bit more prosperous than Hangzhou and, moreover, much larger in scope!

"Hangzhou is already very good, the scenery is good and the pace is not too fast, so you should be comfortable living here!" Ji Feng laughed.

Zhou Fei Fei, however, frowned slightly and hesitated for a moment before saying, "Young Ji, there's something I don't know if I should ask."

Ji Feng raised his eyebrows and smiled, "If you have anything to say, just ask, we are now considered comrades in the same trench, aren't we?"

"Young Ji, I feel that you seem to have some preconceptions about me, don't you?" Zhou Fei Fei suddenly asked.

Ji Feng was stunned, then shook his head and laughed, "Which is not the case, why are you suddenly thinking like that?"

"Young Ji, haven't you noticed that you've actually changed your attitude towards me?" Zhou Fei Fei asked with a wry smile.

"Has it? How come I don't know?" Ji Feng snorted, but in his heart he was secretly surprised, he didn't show it at all, but Zhou Fei Fei still felt that his attitude had changed, it seems that one really can't underestimate women.

"Just yesterday, you still treated me as a friend, but today ..... To be precise, it was in the last hour or two that you treated me like a partner." Fifi Zhou said.

"I say, do you women all have such a rich imagination? And also all so sensitive?" Ji Feng laughed: "It was all a non-issue, how can you still associate it with a nose!"

"Young Ji, you can't hide anything from me on this matter." Zhou Fei Fei said with certainty: "Women's senses are the sharpest, many details, you men may not notice, but I can notice, your attitude compared to yesterday, there is actually a subtle change, maybe you yourself did not notice."

"Huh ....." Ji Feng shook his head and smiled, but didn't say anything more. Since the other party had already seen through it, he wasn't going to argue, besides, it would be too hypocritical to make any more arguments.

“I want to know, is it because I have done something wrong that has caused Young Ji to change his attitude towards me?” Zhou Fei Fei asked.

“What other things could it be? It’s just that you’re a bit heavy on utilitarianism.”

Of course, it was impossible for Ji Feng to say this, so he just laughed and said, “It’s nothing, I just think that when we’re idle, we can get along as friends, but since we’re on business now, it’s better to get serious, otherwise, it’s likely that we’ll miss things, don’t you think?”

“What Ji Shao said is also true!” Zhou Fei Fei smiled sweetly and nodded her head slightly, but in her heart, she couldn’t believe Ji Feng’s explanation.

Just imagine, a person who could still talk and laugh calmly and freely under so many people chasing him, Ji Feng’s character, obviously not like what he said, got serious when he was doing his business.

Even if he got serious, his attitude towards the people around him shouldn’t have changed too much!

Zhou Fei Fei thought about it left and right, and eventually decided that it must be because of something she had done wrong, or something she had inadvertently said that had offended Ji Feng, which had caused him to change his attitude towards himself.

However, Zhou Fei Fei could not understand exactly what it was, but she could not ask him directly, so she could only think hard about it.

At half past ten, Ji Feng drove with Zhou Fei Fei and arrived at the Tenglong Hotel in Hangzhou.

This was the meeting place set by the leader of Jiangzhe Province.

But what interested Ji Feng was that, according to the information provided by Zhou Fei Fei, the owner of this Tenglong Hotel was the boss of the Dragon Tiger Gang, Xu Long.

“This so-called leader is really bold, under such circumstances, he actually dares to strut around and set the place for dinner here, thanks to the Zhou family’s willingness to come!” Ji Feng couldn’t help but snicker secretly, of course, from this, it could also be seen that that so-called provincial leader really took himself seriously.

In fact, if you think about it carefully, you can see that the Zhou family is now dealing with Xu Long in earnest, but that leader has decided to set the place for dinner in the hotel owned by Xu Long, which is obviously a direct attempt to force the Zhou family to bow down to Xu Long.

This leader really has guts!

Ji Feng couldn’t help but sneer, he didn’t know if this person’s brain was waterlogged or if he didn’t understand the Zhou family’s strength, he actually dared to be such a headstrong bird.

“Let’s go, let’s go up and meet this big leader for a while!” Ji Feng said smilingly.

The sarcasm in Ji Feng’s words could not be more obvious. In fact, Zhou Fei Fei also thought that this person was in over his head, especially when she heard that the dinner venue was at the Tenglong Hotel, she almost did not laugh out loud.

Did she really think that the Zhou family was a soft persimmon that could be squeezed any way she wanted?

The duo had just entered the hotel when a waiter hurried over, "May I ask what you two need me to do?"

"We're here to find someone." Zhou Fei Fei said, "Looking for Gao Qingchun."

"So you are looking for Gao Gao, you two please follow me, Gao Gao is already waiting for you!" The waiter said immediately.

"High High Official ....." Ji Feng couldn't help but shake his head with a smile.

Zhou Fei Fei said in a low voice: "Already inquired, this Gao Qingchun, was transferred over from the field only a few months ago, how is he as a person do not know, but not the executive, there is no real power in his hands for the time being. However, I heard that he is a member of the Yanjing Gao family."

"So it's a philistine!" Ji Feng laughed.

This Yanjing Gao family, Ji Feng had heard of it, it was also considered a family in Yanjing, only that it was only a third-rate family, Ji Feng had only heard of it once or twice when he was chatting with his second brother, Ji Shaolei, and Ji Feng didn't know anything about it yet.

However, just by looking at the things this Gao Qingchun had done, it was obvious that he was not a person of calibre.

Led by the waiter, Ji Feng and the two of them arrived at a luxury box on the third floor of the Tenglong Hotel.

"Two, High Official Gao is inside, two, please come in!" The waiter said.

"Thank you!" Ji Feng smiled politely.

"Knock knock knock!"

Ji Feng knocked on the door of the compartment.

"Come in!" A somewhat imposing voice came from inside.

Ji Feng smiled heartily, pushed the door and walked in.

As soon as he entered the compartment, he found that there were two people sitting inside.

Both of them were middle-aged men, one looked to be around forty years old, and the other was slightly older, almost fifty years old.

The slightly younger one was wearing a traditional Chinese Tang suit and was not very stout, but he looked a bit grim.

The other one, on the other hand, was more affluent looking, chubby and white, with only slightly grey hair, but he looked like a well-bred man.

Seeing these two men, Zhou Fei Fei's face swished and sank.

Ji Feng's heart immediately twitched, it looked like, among these two men, there was someone Zhou Fei Fei did not want to see.

"What's going on!"

However, when he saw Ji Feng and the two of them enter, the rich middle-aged man's face sank and he said unhappily, "Why are you two the only ones here, Little Zhou, where is your father? I see, isn't this Mr. Zhou too busy?"

"Gao Gao Guan, my father has some things that he can't leave, he asked me to say sorry to you on his behalf." Zhou Fei Fei said, "However, if my father knew that this person was present, he wouldn't have come even if he was free, it's not that he doesn't give you face, but he's really bored when he sees some people he doesn't like!"

Only then did Ji Feng realise that, as it turned out, this middle-aged man who was white and fat and appeared to be very rich, was Gao Qingchun. Then, the grim middle-aged man next to him, who was he again?

"Miss Zhou ....." The grim middle-aged man suddenly spoke up, his voice somewhat gloomy, "Some time ago, my son, Marshal Xu, was confused for a moment and rushed Miss Zhou, so today I have asked Gao Gao to be the middleman and come to make amends to Miss Zhou! I hope Miss Zhou can bear with me and be more tolerant."

Xu Long!

Ji Feng's eyes suddenly flinched, this grim man was actually the boss of the Dragon Tiger Gang, Xu Long!

What a surprise, the two had unexpectedly met in such a situation.

Chapter 826

Ji Feng's gaze instantly became somewhat austere, he indeed did not expect that Xu Long actually dared to appear here!

"It's hard to believe that this so-called invitation to dinner is actually just a Hongmen Banquet?" Ji Feng frowned slightly, if that was really the case, it was really a bit troublesome.

As the saying goes, a trapped beast is still fighting.

If he sets up his men here and takes down Zhou Fei Fei, then the Zhou family will definitely be afraid of the attack, or even suspend or stop the attack on the Dragon Tiger Gang, it is impossible to say.

Perhaps after this time, once the Zhou family knows that Fei Fei has been rescued or that the Dragon Tiger Gang has taken the initiative to release Fei Fei, the Zhou family will still attack the Dragon Tiger Gang, but no one knows how long it will take in the meantime.

Maybe a few days, maybe a few weeks .....

During this time, the Dragon Tiger Gang may have long since made preparations, or even just rolled up the money and ran away.

After all, with enough time to catch their breath, Xu Long and the others could potentially take back as much of the money that was trapped in the stock market as possible, and by then it would be possible to leave or stay, with no worries at all!

So, this Hongmen Banquet, it is really possible!

The moment he thought of this, Ji Feng immediately flinched, his heart's vigilance sharply increased, ready to strike at any time. But on the surface, it was not at all obvious that Ji Feng was like a little follower of Zhou Fei Fei, standing behind her and not saying anything.

Xu Long and Gao Qingchun didn't take Ji Feng seriously either. On this occasion, Zhou Fei Fei's arrival seemed a bit lacking in weight, so how would they care about a hairy kid?

"Hehe ..... Please sit down, Miss Zhou!" Seeing that Zhou Fei Fei didn't reply at all, Xu Long didn't mind either, he smiled slightly and made an inviting gesture towards Ji Feng and Zhou Fei Fei, indicating that they should sit opposite Gao Qingchun, which was also considered the next head of Gao Qingchun, after all, Gao Qingchun was sitting in the main seat.

Although hotels nowadays are not like the old days when there were halls and side rooms, the main seat still has to be clearly distinguished, especially on some sociable occasions.

According to some local customs, the position facing the entrance is the main seat, and Gao Qingchun, at this moment, was sitting in that position.

Ji Feng and Zhou Fei Fei didn't care about this, but they didn't sit down either, as if they hadn't heard Xu Long's words, and simply ignored him.

This is the attitude that Zhou Fei Fei showed – the two sides are still on a hostile stance, so why sit down if you want to?

When you invite a guest to dinner, the guest is giving you face, no one is missing this meal!

But now it is Gao Qingchun who is inviting the guests, not you Xu Long, even if you are the owner of this hotel, you have no say here!

When Xu Long saw this, his face sank slightly, a cold light flashed in his eyes, very imperceptible, but he didn't say anything, he just turned his head, looked at Gao Qingchun and said with a smile, "Gao Gao, you are the person in charge here today, you have the final say!"

"Where where where!"

Gao Qingchun waved his hand with a smile and said, "Boss Xu, you shouldn't be too polite ..... Little Zhou, and this young man, since Mr. Zhou doesn't have time to come, then you two should also sit down, don't always stand!"

"....." Ji Feng almost did not laugh out, this Gao Qingchun, the end of the frame is also really a little too big, right?

"What do you mean General Manager Zhou doesn't have time to come, so you two should sit down too?" What did this mean?

Obviously, this Gao Qingchun means to say that I invited guests, he Zhou Yanmin actually did not give face, the excuse that there is no time to come ..... The actual fact that I am a person of status and position, I won't be ordinary with you two kids, so naturally there is no impunity for you to stand, so sit down.

..... Simply put, Gao Qingchun is being generous!

The fact that you can let Ji Feng and Zhou Fei Fei sit down, this is even a kind of gift!

This rack end, this spectrum set .....

The first thing you need to do is to get a good idea of what you are doing.

One word, stupid!

This was Ji Feng's most intuitive impression of Gao Qingchun, but, in his heart, it was not just such an assessment. Perhaps, Gao Qingchun did this on purpose, in order to provoke Zhou Fei Fei and make the fight between the Zhou family and the Dragon Tiger Gang even more intense?

Ji Feng wouldn't underestimate anyone, so he didn't say anything, he just stood next to Zhou Fei Fei and watched with cold eyes, hoping to see clearly whether this fat white high official was really stupid or had other intentions!

However, Zhou Fei Fei was somewhat unable to endure this, as soon as she heard this, her face changed slightly and she said indifferently, "High High Official, if you have anything to say, please give us orders, we will just stand!"

Gao Qingchun's face suddenly turned a little unpleasant, his face took on a majestic expression, and his voice said in a low tone, "What, are you going to eat standing up like this? Don't be childish, all sit down!"

Zhou Fei Fei smiled faintly and said, "High official, if it is you who invites you to dinner, then it is certainly an honour for me, but if it is someone else who invites you to dinner, then I am sorry, I, Zhou Fei Fei, do not lack this meal." As she spoke, she didn't even look at Xu Long who was next to her, but the meaning in those words couldn't be more obvious.

Xu Long's face became even more gloomy, but there was no obvious change in his mood, and it was clear that this person was indeed very good at holding back.

"Of course it's my treat, hurry up and take your seat!" Gao Qingchun waved his hand and said unpleasantly, "Mr Zhou only cares about business, I can't imagine that his thousand-year-old daughter, is also such a woman, huh ....."

Although he was smiling, but anyone could see that he was only smiling.

The meaning of his words is also very obvious, invite your father to dinner, he excused himself from work and did not have time, already very disgraceful, unexpectedly as Zhou Yanmin's daughter, you are also the same insensitive!

Zhou Fei Fei's heart was a little upset, even when she met some big leaders in the past, no one would criticize her so directly, who didn't know that they had to give each other face?

This Gao Qingchun, the official authority is really big!

Despite her displeasure, Zhou Fei Fei still sat down, not to mention that although this Gao Qingchun was not a real leader, he still had some power in his hands, and it was better not to offend such people if you could.

Ji Feng was watching coldly from the side, and felt very interesting in his heart.

Xu Long's main purpose today was to reconcile with the Zhou family, while Gao Qingchun was to be the middleman, so their attention was focused on Zhou Fei Fei, and no one paid attention to Ji Feng, which gave him this opportunity to observe these two people to his heart's content.

Gao Qingchun and Xu Long ..... Ji Feng couldn't help but slightly want his head.

After sitting down, the waiter began to serve food, Gao Qingchun smiled and said, "Today we'll have some wine, it's kind of a meaningful thing!"

"No need to drink wine, right?"

Zhou Fei Fei said, "Gao Gao official work so busy, focus on the province, I'm afraid to delay your work ah!"

"Eh!"

Gao Qingchun waved his hand, "It's alright, now regulating the conflict between you and the Fei Long Group, this also belongs to the scope of work. Little Zhou, since you are here, you should be able to represent your father, listen to my advice, everything should be done with the overall situation in mind, don't be capricious ah. It's true that Mr. Xu's son offended you earlier, but this is just a joke between children, there's no need to make it so serious, don't you think so?"

"Gao Gao Guan is right, if it's just kids playing around with each other, then indeed it shouldn't be made such a big deal!" Zhou Fei Fei said with a smile, "However, if it wasn't for my bodyguards desperately trying to protect me, I would probably be lying in the morgue right now, instead of sitting here listening to your teachings, High Officer Gao."

Gao Qingchun then couldn't help but choke, and then he said unhappily, "This little Xu, he's really something too, he doesn't know the slightest thing, Boss Xu, how did you become a father!"

Xu Long hurriedly said, "Gao Gao Guan has taught me a lesson, I have not disciplined my child well, I am very ashamed. So I have decided to deal with it in full accordance with the law, and send this indisputable beast to court, and sentence him as he deserves!"

After a pause, Xu Long added, "The reckless behaviour of my dog son must have caused Miss Zhou great harm, and to show my apology, whatever conditions Miss Zhou has, just mention them!"

Gao Qingchun nodded in satisfaction and said, "Well, Mr Xu's attitude is still very good, how about it, Little Zhou, you should be satisfied, right? There's a solution to everything, there's no need to break the net to the death, that wouldn't be good for either side, nor would it be good for the economic development of our province, don't you think so?"

“Of course, what Gao Gao Guan is right!” Zhou Fei Fei smiled faintly and nodded her head, “We definitely can’t just think of a fish death net, Fei Fei thanked High Official for his concern, please also rest assured that High Official, although our Zhou family is just ordinary businessmen, we definitely won’t make a scene to the point of a fish death net, we have the measure!”

Gao Qingchun said with a smile, “That’s right, Xiao Zhou, you can put forward any conditions, I think, as long as they are not too excessive, Boss Xu will agree to you!”

Gao Qingchun did not understand Zhou Fei Fei’s words, but he, Xu Long, did.

The subtext of Zhou Fei Fei’s words was that if the Zhou family wanted to deal with the Fei Long Group, how could it be so serious that it would take a fish to die? It would only take a few moves to crush the Flying Dragon Group!

As expected, Zhou Fei Fei smiled and said, “High High Official, please rest assured, Shengshi Group will definitely not suffer any loss in this encounter, dealing with a Flying Dragon Group is not enough to worry about, and it will have no impact on the economic development of Jiangsu and Zhejiang!”

Swish!

Gao Qingchun’s face instantly sank.

Chapter 827

“Little Zhou, you’ve gone back on your word a bit!” Gao Qingchun’s face was displeased, just now Zhou Fei Fei’s reply made him think that Zhou Fei Fei had promised to reconcile with the Fei Long Group, but now he realised that it turned out that people did not put the Fei Long Group in their eyes at all.

Gao Qingchun felt that he had been teased, and his face suddenly turned gloomy.

Fei Fei Zhou shook her head and said, “There is something I don’t understand about Gao Gaoguan’s words.”

“Little Zhou, if you really don’t understand, it’s because you are still young, you can go back and ask your parents, I think, they will definitely understand!” Gao Qingchun wasn’t so polite in his words anymore, his mood had turned nasty after being stripped of his face.

Zhou Fei Fei, however, smiled faintly, “Gao Gao Guan, I am in charge of the Shengshi Group now.”

Gao Qingchun’s pupils instantly contracted slightly and he frowned, “In that case, you are definitely going to deal with the Flying Dragon Group?”

“I’m not afraid of Gao Gao’s joke, we aren’t just out for revenge either, this is also normal business activity.” Zhou Fei Fei said helplessly, “What’s more, I’m not the only one who was attacked by Marshal Xu, there are also my friends, even if I stop, they won’t stop either, besides, if I rashly stop, I won’t be able to explain to them!”

“That’s okay!”

Gao Qingchun waved his hand and said, "As long as your Shengshi Group can put this grudge aside, others will naturally not do anything about it.!"

The implication of this threat could not be clearer, and Gao Qingchun had no regard for Zhou Fei Fei's friends.

In Gao Qingchun's view, all of Zhou Fei Fei's friends were just excuses. Even if there were really friends of Fei Fei Zhou among those people who were attacked by Xu Shuai at that time, it was nothing, if even the Zhou family had suppressed them, they would still be afraid of those friends of Fei Fei Zhou?

"I wonder who all of Miss Zhou's friends are there?" Xu Long asked with a smile, "I will definitely compensate for the harm my dog son has caused them!"

"Compensate?!"

Zhou Fei Fei snorted and secretly said in her heart, "I'm afraid that Xu Long's compensation is not materialistic, but to directly send a group of hooligans to the homes of those friends and bully them, right?"

If those who cooperated with him, they might still be fine, but if they didn't, they would definitely not end up in a good place.

Zhou Fei Fei believed that if she did not come from the Zhou family, if she was not the first lady of the Zhou family, and if the Zhou family did not have the current strength, Xu Long's compensation against her would definitely be a carrot and a stick, or even, I am afraid that there would not even be a carrot, but a big stick would come straight away.

"Mr. Xu is right, if you have caused harm to someone, then you have to compensate!" Gao Qingchun nodded in satisfaction and said, "As for those who have committed crimes, then naturally they will have to be tried by the law, and in doing so, it is considered that all are happy. After all, as far as I know, in this conflict, it is only Xu Shuai who is at fault, but Mr. Xu does not have the heart to deliberately make things difficult for the Zhou family!"

"Xu Shuai, you must give enough compensation to those victims, after all, it was your children who did wrong, don't you think so?" Gao Qingchun said, his tone, completely discussing with Xu Long, rather than ordering him.

But on the contrary, Gao Qingchun still wanted to make Zhou Fei Fei and himself feel the kind of authority of a high official that he had.

Zhou Fei Fei was also laughing in her heart. This high official, who thought he was well disguised, did not know that this young man sitting next to himself seemed to be harmless, but in reality, he was a fierce beast with hidden fangs and a set of fiery eyes.

With Gao Qingchun's flawed cover-up, he couldn't even hide it from his own eyes, and he still expected to be able to hide it from Ji Feng's eyes?

Simply ridiculous!

"Hehe ....."

Ji Feng instantly laughed under his heart, it was really similar to what he had guessed, this Gao Qingchun, did not intentionally want to provoke the conflict between the Zhou family and the Flying Dragon Group, but because, this was simply a leader with little level, moreover, when he spoke to Xu Long, although he pretended to be authoritative, but Ji Feng could see very clearly, Gao Qingchun had little bottom line.

This meant that Gao Qingchun had leverage in Xu Long's hands!

"What Gao Gao taught you is true, I will definitely follow your instructions and give those victims adequate compensation!" Xu Long immediately said, "Apart from my personal compensation, as long as those victims have requests to make, I will also try to meet them as much as possible, as a way to atone for my dog's sins!"

"How about it, Xiao Zhou, you can see the sincerity of Mr. Xu, right?" Gao Qingchun said with a smile, "I believe that your friend should respect your opinion, and as long as you agree to it now, your friend won't have any problem with it!"

"Compensation is certainly no problem!" An abrupt voice suddenly rang out, Xu Long and Gao Qingchun both couldn't help but be stunned and immediately looked at the voice, they saw that Ji Feng, who had originally never spoken, suddenly spoke, they couldn't help but be stunned at the same time.

Originally, the two of them thought that this young man was merely Zhou Fei Fei's bodyguard or a follower, but they did not expect that he would dare to interrupt indiscriminately.

"Do you know the rules!"

Gao Qingchun instantly sank his face and shouted lowly in displeasure, "I am talking to your leader, what are you interrupting here?!"

Ji Feng shook his head and smiled, not even in the mood to argue, this Gao Qingchun, was really a 'good eye', he could actually see himself as Zhou Fei Fei's follower? Did he look so much like a follower?

"High Officer Gao, this is one of my friends, his opinion is also equivalent to mine!" Zhou Fei Fei said.

Gao Qingchun then frowned slightly and asked, "So that's how it is, then, young man, what's your high opinion?"

Xu Long immediately followed and said, "This little brother, if you have any requests, please feel free to put them forward, my dog's son does not know how to act, but I, as a father, will not deny it, I will try my best to meet your requests, please speak."

"I've just said it, compensation is certainly no problem!" Ji Feng smiled faintly, the corners of his mouth pulled up a curve, but it was a sneer of sarcasm, "Only, I'm just worried that you can't afford to pay for it!"

"Oh?"

Xu Long chuckled, looking somewhat cheerful, "As long as little brother doesn't want my entire Flying Dragon Group, I think I can still afford to pay for it!"

Ji Feng extended his hand and pointed at Xu Long.

“Little brother, what do you mean by that?” Xu Long asked in a low voice.

The smile on Ji Feng’s face gradually tightened, and a cold aura shot out of his eyes, “If I say that I want you to pay for your life, will you do it too?!”

“..... Hahahaha .....” Xu Long was stunned, and then he laughed out loud, appearing to be very bold, however if one looked at him one would find that in his eyes, there was a cold glint, “Little brother really knows how to joke!”

“Young man, watch your words, now we are talking about business, you are not allowed to talk nonsense!” Gao Qingchun rebuked.

“Oh .....” Ji Feng also followed suit and laughed, as for Gao Qingchun, he didn’t even pay attention to him, he just stared straight at Xu Long and sneered, “I’m not joking with you, I have a friend who has always wanted your life! If you can do it, then perhaps the Flying Dragon Group can be saved!”

“I don’t know ..... The friend that little brother is talking about, which god is it?!” When Xu Long spoke, he unconsciously revealed his Jianghu habits, which was enough to see that Xu Long was really angry, knowing that he had never had any ruthless words before.

Ji Feng laughed: “See, but everyone who has done bad things, or rather, people who have done too many bad things, sometimes forget how many bad things they have done ..... Mr. Xu, I guess you don’t know who wants you dead, do you?”

“Young man, you have to be responsible for your words!” Gao Qingchun bellowed a low rebuke.

“Officer Gao Gao, you are a leader, your words are even more responsible!” Ji Feng sneered, looking at Xu Long’s increasingly gloomy face, he grunted, “Mr. Xu, since you can’t remember, I’ll give you a reminder, ten years ago, you got your wife killed, remember? Your son was even more ruthless, he actually ..... But you couldn’t imagine that someone didn’t die and came back after ten years!”

Swish!

Xu Long’s face changed drastically, a cold aura flashed in his eyes as he stared deadly at Ji Feng and asked in a deep voice: “Little brother, what do you mean by that, I don’t understand!”

“You understand!”

Ji Feng smiled faintly, only, that smile was a bit cold: “You not only understand, I think now in your heart, there is still some panic, moreover, you have also moved to kill ..... It’s just a pity that the one who dies first must be you, I assure you!”

“Humph!”

Xu Long snorted coldly and rose up haughtily, staring coldly at Ji Feng, the murderous intent in his eyes flickering, apparently already furious to the extreme.

Ji Feng didn’t care what expression Xu Long had, and the murderous intent in the latter’s eyes was no threat to him at all, he just said indifferently, “I’d like to ask, can you afford to pay for it?”

Xu Long’s face was ironic as he said in a deep voice, “I want to know, where is my daughter?”

“Daughter?” Gao Qingchun was stunned, how could Xu Long’s daughter be involved again? What was going on in the middle of this?

Ji Feng sneered, “Don’t worry, before you die, you’ll definitely be able to see each other again!”

After saying that, he stood up violently, that tall head made him look down directly at Xu Long, “I’m here today to tell you to wash your neck clean and wait for my friend to take revenge!”

After that, Ji Feng then turned around and left directly, and Zhou Fei Fei just nodded to Gao Qingchun before getting up and following Ji Feng.

“Stand still!” Gao Qingchun and Xu Long shouted angrily at the same time.

Swish!

Ji Feng stood still and snapped back, a murderous look surging in his eyes .....

## Chapter 828

Just in that moment when Ji Feng turned back, Xu Long’s whole person suddenly shuddered, his heart fiercely tightened, surprisingly, there was an indescribable hurry, in the deepest part of his heart, seemed to flood with a hint of ..... Fear?

Ji Feng’s eyes, is really too harsh, even if the lord Xu Long, who is used to seeing life and death, could not help but have a few wild jumps in his heart.

“This young man ..... Not simple!” Subconsciously, Xu Long instantly changed his previous view of Ji Feng, this young man is definitely not that kind of simple-minded arrogant guy, but really something big, just by that look in his eyes, it is enough to see it.

“But ..... Such a young man, what could he be from, how could he have such a stern look in his eyes?” Xu Long almost thought he had misread it, and his heart was even more astonished.

However, he didn’t know that it was when he hesitated so much that his entire aura instantly dropped, and the two of them immediately gained the upper hand in this instantaneous exchange of words, plus he was tall and looked down on Xu Long, making him almost completely in control of the situation in this instant.

However, Gao Qingchun did not realise that there was anything wrong with this, and his face turned blue with anger as he gritted his teeth and roared low: “Young man, you are simply an asshole!”

“Shut your mouth!” Ji Feng snorted coldly and glanced at him.

“You .....

Gao Qingchun was instantly furious and was almost about to shoot up, but Ji Feng didn’t even look at him and turned his gaze to Xu Long.

“Xu Long, Boss Xu, or rather, I should call you Master Xu!” Ji Feng smiled coldly, “Remember my words, wash your neck and wait, this time, you won’t be able to escape!”

After a pause, looking at Xu Long's increasingly gloomy face, Ji Feng faintly smiled: "Let's do this, for the sake of you being my friend's father, I'll give you a word of advice, the most important thing you should do now is not to ask for connections everywhere to mediate in the middle, but you should hurry back and take the little money left in your Flying Dragon Group now and run away ..... Of course, along the way, my friends and I will certainly do our best to 'escort' you!"

"No need to be concerned!" Xu Long said sorrowfully, "I'll also give you a word of advice, honest people who get angry can be much more frightening than some open-minded villain!"

"Get out of the way!" Ji Feng's eyebrows snapped up and he said impatiently, "Don't play the big tail in front of me, you're not fucking qualified to threaten me! You're still an honest man? An honest man took out his own father-in-law and forced his wife to die? Not even going to spare your own daughter? If I didn't have to leave you to my friends to do it themselves, I'd chop you alive right now! Still dare to act like a pussy in front of me ....."

Ji Feng couldn't help but sneer, this Xu Long simply didn't know whether to live or die, at this point in time, he still couldn't let go of his boss stance, he actually dared to put up a show and threaten himself!

"Unbridled!" Gao Qingchun bellowed, his face turning blue with anger, "This is outrageous, this is really outrageous! You, you are so reckless, do you have the leader in your eyes or not?"

Ji Feng just snorted and ignored him. Just this kind of person, how can he still call himself a leader?

It seemed that Zhou Fei Fei was right, this Gao Qingchun should really be the son of the Yanjing Gao family, otherwise, with his level, not to mention becoming a high official, he would be considered lucky to be a deputy township chief.

This kind of trash, how could he be put in Ji Feng's eyes?

"You, you ....." Xu Long's face turned blue and white as he was scolded, the hatred in his heart was so strong that it reached the extreme, after a long time, he gritted his teeth and sneered, "Fine, fine! Then I will see who will die in the end!"

"We'll see soon enough!" Ji Feng said indifferently.

"Simply bastard!" When Gao Qingchun saw that Ji Feng was not paying attention to him at all, he couldn't help but roar in anger, his face turned red and he couldn't stop saying, "It's revolting, it's really revolting ..... Good, good! You're not so tyrannical? You don't give a damn about anyone, do you? Great, I'll let you go to the police station for tea now, I'll see if you're still as rampant as you are now when you get there ....."

With that, Gao Qingchun fished out his mobile phone from his pocket, not knowing who he was going to call.

"Gao Qingchun, you also less in front of me to put up a leadership stance, I advise you a word, if you are sensible, then hurry up to set aside, that also words, the Gao family at most will lose you one, otherwise, I'm afraid your family can not withstand the blow of certain things ah!" Ji Feng sneered and cautioned indifferently.

“I need you to caution me?” Gao Qingchun was almost frantic with anger, he pointed at Ji Feng, his fingers trembling with anger, “You, you wait!”

Ji Feng couldn't help but shake his head slightly and sighed lightly under his heart, “If this person doesn't know what's good for him, he can't even pull a nine-headed bull, he's hard and straight towards the south wall, he doesn't know the pain until his head is broken and bleeding, but then, he's afraid of pain and can't afford to hit .....”

Although the heart despises Gao Qingchun's behavior and level, and even his personality and moral character are not at all into the eyes of Ji Feng, but, Ji Feng can not just watch Gao Qingchun call people to arrest himself in.

Therefore, Ji Feng could only turn his head and ask with a smile, “Fei Fei, can you find someone to squash this guy who doesn't know any better?”

Zhou Fei Fei shook her head slightly and said, “Although I can find someone to hold him down, but he is after all a high ranking official, if he gets angry and gets the police to lock you up for a few days, it can still be done.”

Ji Feng couldn't help but shake his head and smile bitterly: “You really don't say, this guy has no other skills, but occupying this position, he really has some rights. But then, these rights are something that many ordinary people can only look up to, or even dare not even think about .....”

As he spoke, he took out his mobile phone and dialed his father's number.

“Dad, it's me, it's like this, I have a high official here named Gao Qingchun, I heard he's from the Yanjing Gao family .....” Ji Feng smilingly said the matter in general, “Now he is calling to shut me down, do you think so .....”

“I know!” Ji Zhenhua said, then he added: “Brat, in the future, no such a second-rate look, no decency!”

Ji Feng was instantly happy: “I just want to feel what it's like to be a second generation ancestor.”

The first time he heard this, Ji Zhenhua's heart immediately softened, and he immediately remembered that Ji Feng's mother and son had been drifting around for more than ten years, suffering from white eyes and tasting the warmth of human feelings .....

Now that his son has something to fall back on, why can't he go wild once in a while?

The actual fact is that you can't be a part of the world, but you can't be a part of the world.

Gritting his teeth and hardening his heart, Ji Zhenhua reprimanded, “That won't do either, let me know again in the future and see how I'll deal with you! Remember?!”

“Hehe .....” Ji Feng instantly laughed: “You can rest assured, I don't have a preference for being a second-rate ancestor, it's just that someone was acting like a big tail in front of us just now and I was pissed off at him!”

“Just remember that, I know about this matter, remember, go the right way and be good!” Ji Zhenhua couldn't help but admonish once again, before hanging up the phone.

And at this time, Xu Long and Gao Qingchun were furious, Ji Feng was simply unscrupulous when he was on the phone just now, looking at his kind of relaxed attitude, as if he was standing in front of not a mob boss and a high official, but two ordinary hooligans!

And what a big tail ..... This is really too rampant!

Especially Gao Qingchun, he was so angry that his lungs were about to explode, this bastard, this little bastard, was really too angry!

In fact, originally, Gao Qingchun did not want to get involved in this matter, just because he had a handle in Xu Long's hands and was threatened by Xu Long to have to come, but he did not expect to find out after meeting him that Ji Feng would actually be so rampant.

This time, even if Xu Long didn't urge him on, he definitely wouldn't let Ji Feng go!

"It's just too unbelievable, it's simply an asshole!" Gao Qingchun couldn't stop cursing, and his chubby white face turned red with anger.

Xu Long's face was even more ugly, Ji Feng was on the phone and didn't even put him in his eyes, that relaxed tone really made people feel a sense of madness.

Thinking about him, Xu Long had been in Jiangsu and Zhejiang all these years, not to say that he could do whatever he wanted, but at least, even when the provincial leaders met him, they would have to say something like "Boss Xu" or "General Manager Xu", but this bastard dared to call him "Big Tail Wolf" directly!

-Damn!

Xu Long was staring at Ji Feng with a fierce light in his eyes, this young man was actually with Xu Yuan and dared to threaten himself with this matter, he must die!

Only, Xu Long did not expect that Ji Feng was not threatening him at all, but was giving him a death notice.

It was just that Xu Long had been so successful over the years that he thought that no one would dare to go against him like that, or at most provoke him.

Generally speaking, people with this kind of high and mighty mentality would fall down hard once they encountered trouble, only that Xu Long had not realised it yet.

Zhou Fei Fei was a bit dumbfounded, Ji Feng was too fierce, right?

He's not here for dinner, is he? How come he has offended Gao Qingchun to death?

This young Ji, he really can't live in peace anywhere!

"Bastard, you are not allowed to leave, I want to see how you can still run wild in the police station!" Gao Qingchun said with unbridled anger.

Ji Feng gave him a pitying look and shook his head slightly.

This action of his instantly made Gao Qingchun so furious that if he hadn't seen Ji Feng's sturdy figure and youthful strength, he would almost have been so angry that he would have jumped over and fought Ji Feng to death! Who had dared to look at him with such pity in all these years?

Gao Qingchun made up his mind that once he got to the police station, he would make sure to kill this little brute!

"Ding ....." Just then, Gao Qingchun's mobile phone suddenly rang, he took it out and took a look at it, his face suddenly changed and he hurriedly picked it up, "Hey, big brother ....."

"Gao Qingchun!"

An angry roar came from the phone at once, the voice was so loud that even Zhou Fei Fei, who was a few meters away, could hear it, "You bastard, what are you up to?!"

"Big, big brother ..... I ....." Gao Qingchun was instantly confused .....

Campus Master

Chapter 829

"Big, big brother ..... I ....." Gao Qingchun was suddenly confused.

"You what you! It's all your doing!" The voice on the phone roared, "I heard you were going to lock up Ji Shao?! You've got some nerve! You were asked to go to Jiangsu and Zhejiang to hang out in an idle position, and you actually caused such a big trouble, why don't you go and poke a hole in the sky!"

"Big ..... I don't even know what you're talking about, brother!" Gao Qingchun was so frightened that he wiped cold sweat and stammered his words, obviously very scared of this 'big brother' inside the phone.

"Cut the crap!"

The voice on the phone growled, "I don't care what method you use, you must ask for forgiveness from young Ji, otherwise, you will never come back and do whatever you like!"

Gao Qingchun's heart thumped and he hurriedly asked, "Big brother, big brother, I really don't know what Ji Shao is, what's going on, can you tell me more clearly?"

"Are you having dinner with someone?! Is there a young man?!" The voice on the phone asked, "That young man is Ji Shao, the grandson of Minister Zhenhua of the Yanjing Ji family ..... Look what you've done, you bastard!"

"Ah!"

Gao Qingchun froze completely, his mind almost blank, his heart trembling, "Big brother, he, he really is ....."

"Nonsense, do I need to lie to you? Just now Minister Zhenhua's secretary even called the phone to me, you say!" The voice on the phone said in annoyance, "You bastard, you've just arrived in Jiangsu and Zhejiang only a few months ago, and you've caused such a big trouble for your family, you, you're simply an asshole!"

“Big brother, then, then what should I do?” Gao Qingchun almost cried out, as a Yanjing native, having grown up in Yanjing since he was a child, and at the same time being born into a third-rate family, for a high ranking family like the Ji family, Gao Qingchun simply heard of it like thunder, it was a place that he needed to look up to!

But now, he actually has to lock up Ji Zhenhua’s son ..... Gao Qingchun felt that this was the most stupid thing he had done so far.

“What else can I do?” The voice on the phone said in no good mood, “Go and ask for forgiveness immediately, otherwise, you can just watch out for yourself!”

As soon as the words left his mouth, the phone was hung up.

Gao Qingchun’s legs were already a little weak, his hands trembled as he put the phone away, and with some difficulty he turned his head to look at Ji Feng, squeezing out a smile that was even harder to see than crying.

According to reason, as a high official, Gao Qingchun should not be so unbearable. But in reality, his position as a senior official was not a step-by-step climb up from the grassroots like others, but he had always been in state-owned enterprises to mix with seniority, and when he reached the age and level, he came up to the local level, sort of hanging around temporarily, waiting for other suitable positions and opportunities.

This is precisely why Gao Qingchun simply does not have the mentality of those officials who have been in the officialdom, and as for things like ability and drive, he simply does not have them.

Therefore, as soon as he heard that this young man he had chided earlier was actually a son of the Ji family and the son of Minister Zhenhua, his guts were about to be shattered, and his mind was even blank, not to mention having any clear thinking.

“Ji, Ji young .....” Gao Qingchun’s smile was so ugly that it was almost unbearable to look down, “Ji Shao, this ..... I’m really sorry, I really didn’t know it was you, look at this .....”

Ji Feng looked at him with a smirk and asked, “What, not going to lock me up?”

“Where where where, where are you talking about, this is just a misunderstanding, yes, it’s a misunderstanding!” Gao Qingchun seemed to find a reason for himself, “Young Ji, please make sure you eat this meal before you leave, it’s my way of making amends to Young Ji.”

Being in a high position, but so lowly to make amends to Ji Feng, and all of this is just because of a phone call ..... This scene in front of him not only made Zhou Fei Fei’s heart incredibly complicated, but at the same time, it also caused a huge shock in Xu Long’s heart.

What was the origin of this young man, who was called Ji Shao, to be able to make Gao Qingchun behave in such a disregard of his status?

Xu Long’s heart gradually rose a trace of a bad feeling, to make even Gao Qingchun so afraid, then this young man’s identity, must not be too simple ..... No wonder he actually dared to talk to himself and Gao Qingchun like that just now!

When Ji Feng saw Gao Qingchun's appearance, he couldn't help but wave his hand and say, "No need for dinner!"

He turned his head to Zhou Fei Fei and said, "Fei Fei, let's go!"

Gao Qingchun couldn't help but let out a long sigh of relief, watching Ji Feng and Zhou Fei Fei walk out, it was as if he was instantly drained of all his strength and almost didn't go limp.

"By the way!"

Ji Feng, who had walked to the door, suddenly turned his head and pointed at Xu Long, "Don't forget my words, wash your neck and wait, I keep my word!"

Xu Long's face changed, in the end, he still said conspiratorially, "I'll remember that, just in case your Excellency doesn't have that ability to come to me!"

Ji Feng snorted, "Don't overestimate yourself, if I want to, I can always, just ....."

He shook his head slightly and walked out together with Zhou Fei Fei.

Xu Long, however, had a gloomy face to the extreme, the last only what, Ji Feng did not continue to say, but the strong disdain in the latter's eyes, but deeply angered Xu Long.

Bang!

The dining table in front of him, under that punch of Xu Long's, was actually smashed out a hole instantly!

"Damned little beast, bullying people too much!" Xu Long's face was blue and he gritted his teeth.

Gao Qingchun was instantly startled and said in a panic, "Mr Xu, don't do anything rash, do you know who he is?"

"No matter who he is!" Xu Long's face was terribly gloomy as he said coldly, "The other party has already bullied me, moreover, it's useless for me to apologize and give in ..... Since the other party won't give me a way out alive, then, I have nothing more to say."

"I advise you better not to act recklessly, otherwise, no one will be able to save you!" Gao Qingchun said helplessly.

"Even if I don't mess up, will anyone be able to save me?" Xu Long laughed coldly, "Gao Gao Guan, that's it for today, no more!"

"Then those things you're holding ....." Gao Qingchun immediately asked, "When will they be returned to me?"

"As long as High Official cooperates, in due course, I will hand over the things!" Xu Long sneered.

"Humph!"

Gao Qingchun snorted coldly and also walked out with large strides.

At this moment, Xu Long was the only one left in the box, his face was cloudy, his eyes were even cold and flickering, his heart was surging with murderous intent, a pair of fists were clenched tightly, please into a high rise .....

A moment later, he raised his hand to look at the time, picked up the phone and dialed his son Xu Chao's number: "Xu Chao, this afternoon, no matter what, we must protect the plate, must not collapse, but also do not pull too high, try to keep the money!"

"I know, father!" Immediately, Xu Chao's voice came over the phone.

"Also, pull out all the cash we have in the bank safes as well as other places, as well as those antique paintings and calligraphy, gold at home, but anything that is valuable, pack it all up!" Xu Long once again instructed in a low voice, "Remember, be quick!"

Xu Chao was instantly shocked, "Father, is this ..... we're leaving?"

"That's right, to go!" Xu Long lowered his voice, "Your brother, that untalented thing, has offended the wrong people, this time, we are finished ..... You do as I say immediately, then wait for my call, I'll arrange the rest!"

"I know." Xu Chao immediately nodded his head and said.

Hanging up the phone, Xu Long held back his anger and muttered grimly to himself, "Ji Shao, the Zhou family ..... This time, it is me, Xu Long, who has fallen, but, let's not turn around, I, Xu Long, will still come back, and when that time comes, it will be the time of your death!"

.....

"Fei Fei, tell you to closely monitor Fei Long Group's stock, if there is any fluctuation, you have to tell me at the first time!" Tenglong Hotel downstairs car park, Ji Feng swept around vigilantly while quickly starting the car: "In addition, your funds are also ready, but do not rush out, take advantage of the time!"

Zhou Fei Fei was immediately puzzled and could not help but ask, "Young Ji, has something changed?"

Ji Feng nodded slightly and said, "To be honest, I didn't expect that Xu Long would also be present today, so things have taken an unexpected turn, I think, Xu Long is going to run away, so we have to prepare well in advance!"

"What?!" Zhou Fei Fei was stunned, "Xu Long is going to run?"

"That's right!" Ji Feng nodded and drove the car quickly out of the car park, his eyes alert as he said, "If I were Xu Long, in this current situation, I would either fight with the other party or, run away ....."

In fact, what happened today was indeed somewhat out of Ji Feng's expectation, not for any other reason, because he did not anticipate that a high official Gao Qingchun, who was stupid to the core, would appear in the middle of this!

It was not surprising that someone would come out to act as a middleman and make peace between Xu Long and the Zhou family.

However, Ji Feng never expected that the person who took the initiative to jump out was actually a stupid guy!

This stupid guy, Gao Qingchun, really gave Ji Feng a headache.

Because he came from the Yanjing Gao family, Gao Qingchun's ego was too good, so good that he dared to bring Xu Long here on this occasion.

In this way, it made it inevitable that there would be a conflict between Zhou Fei Fei and Xu Long, and at this time, he himself had to stand up for himself. So Gao Qingchun put on his high-ranking official stance and had to force the Zhou family to bow down, and even after he stood up for himself, he actually wanted to lock himself up!

Originally, he had only planned to casually entertain without having to offend anyone, and at the same time paralyse Xu Long, but inevitably, his identity was now exposed!

In this situation, Xu Long had only two choices – the first, to fight for his life, and the second, to escape!

#### Chapter 830

Although he had only met Xu Long once, Ji Feng had heard a lot of things about him. Coupled with his own intuitive impression, Ji Feng could be sure that Xu Long was definitely a person who was extremely good at holding back, and, moreover, his style of handling things was extremely harsh and ruthless.

However, the more such a person was, the less he would think of fighting with others.

Therefore, Ji Feng was absolutely sure that Xu Long would choose to escape, and in the shortest possible time.

Ji Feng drove quickly out of the car park and onto the road, then headed straight for Zhou Fei Fei's villa in the northern suburbs of Hangzhou. At the same time, he turned his head and said, "Fei Fei, call Su Yayun immediately and tell her to get ready, make sure to closely monitor Xu Long's movements and be ready to intercept him at any time!"

"Are you sure that Xu Long will definitely escape?" Zhou Fei Fei was still a bit unsure, putting herself in his shoes, if she were Xu Long, she would definitely not be willing to give up such a large estate and flee alone. He had to know that he had created all these properties through careful planning and years of hard work.

I am afraid that if he were to leave like this, he would not be willing to die, at least, that is what Fei Fei Zhou thought.

The fact that her son's actions had ruined her years of hard work, how could she be willing to do so?

Ji Feng drove his car and sneered, "Nine times out of ten, a person like Xu Long, it is absolutely impossible to guess his thoughts by common sense, think about it, since he was able to hold back in the East China Sea Gang for so long back then, it shows that this person is tough, now that he knows my identity and with that stupid Gao Qingchun's performance, unless he is hot-headed, otherwise, I dare assert that he will definitely escape as soon as possible."

“That’s good, it’s always better to be prepared!” Zhou Fei Fei nodded, sort of agreeing with Ji Feng, but in reality, she still had more or less some doubts in her heart.

People who had not experienced the hardships of starting a business would not understand the painful feeling of having one’s heart and soul ruined. In her heart, Zhou Fei Fei still felt that Xu Long should not leave, but would find a way to reverse the current situation that was extremely unfavorable to him.

Of course, in the end, if there was no way out, running away would be one of the many options.

In fact, Zhou Fei Fei did not agree with Ji Feng’s view that his statement that Xu Long only had two ways to go in the end should be somewhat one-sided.

In Zhou Fei Fei’s opinion, Xu Long should have other paths to take besides fighting for his life and fleeing, for example, he should immediately bow his head and admit defeat, or just give up everything he has now and go and be an ordinary person, I believe Xu Yuan should not be able to drive him to extinction!

If Ji Feng knew what Zhou Fei Fei was thinking, he would definitely shake his head and laugh, but would definitely not say anything.

There were a lot of things that people who hadn’t experienced would definitely not be able to understand, and this kind of opinion could not be changed with a few simple words, but only after the trials and tribulations of the world could they see clearly.

Of course, now the two of them are not in the mood to discuss these philosophies of life and other big ideas, at this time Ji Feng took advantage of Zhou Fei Fei’s phone call with Su Yayun, but the vigilance was raised to the highest.

Although Ji Feng could already conclude that Xu Long would definitely escape, but as Zhou Fei Fei said, once a person’s life’s work is destroyed, the kind of pain that penetrates into the marrow is definitely not easy to endure, and with it, there is also a nearly maddening hatred.

Therefore, Ji Feng had to guard against Xu Long sending someone to sneak in. After all, in a situation like this, Ji Feng could not guarantee that Xu Long would not give himself another bite before he left.

It is always right to be careful.

However, the more Ji Feng wanted to speed up, the less he could.

It was a little after 12 noon, and at this time of the year, it was the most congested period of traffic, the roads were full of cars, and the number of vehicles was a headache, so if you wanted to speed up, it was a fool’s errand, unless you directly crashed all the cars in front of you.

“I take back what I said when I came here now, the traffic in Hangzhou, it’s also so sick!” Ji Feng said with hatred.

Zhou Fei Fei couldn’t help but purse her lips and laugh lightly as she said in a delicate voice, “Young Ji, now you know, in fact, as long as it’s a busy city in China, it’s almost the same, in another hour or so, the road conditions will probably be much better.”

Ji Feng shook his head slightly, “What we are missing is probably this one hour!”

Speaking of this, he suddenly thought of something and immediately took out his mobile phone and dialled Liu Zejun's number.

"Boss." Liu Zejun picked up the phone.

Ji Feng immediately said, "Zezun, strengthen the guard in the villa, be careful that someone will take advantage of the opportunity to sneak in!"

"Boss, something's wrong?" Liu Zejun immediately understood that Ji Feng was obviously aware of something when he called this number over.

"Not yet, but be careful, I always feel that something is wrong." Ji Feng said in a low voice, "I'm rushing back, you have to be careful!"

"I'll pay attention!" Liu Zejun immediately replied.

After hanging up the phone, Ji Feng's gaze was once again fixed on the vehicles in front of him, seeing the gap, as long as there was a slight gap, he immediately accelerated and rushed over, causing a horn to sound, but Ji Feng was unmoved, still going his own way.

The traffic police at the junction also saw him, but did not ask any questions because although Ji Feng was driving very hard, he was not violating traffic rules.

Zhou Fei Fei finally reacted and looked at Ji Feng in surprise: "Ji Shao, from what you're saying, Xu Long will go and attack my villa in the northern suburbs? ..... He wants to save people?"

Ji Feng shook his head slightly and weighed his words: "Actually, I am not too sure, but I always feel that something is not quite right, with a lord-like figure like Xu Long, he cannot just be so passive and beaten, he should do something ..... At least, I think he will do a double take, if Gao Qingchun's reconciliation works, then things will be fine, but if it doesn't work ....."

"If it doesn't work out, according to your speculation, he should run away with the money!" Zhou Fei Fei immediately said, "Then, you think he will run away after saving Xu Shuai?"

"Huh ....."

Ji Feng couldn't help but shake his head and laugh, "Who knows, maybe he doesn't want to save Xu Shuai at all, but wants to catch you instead, it's not easy to tell!"

"What do you mean?" Zhou Fei Fei was instantly shocked.

Ji Feng pointed to the rear view mirror and laughed, "There's a motorbike behind us that's been following us."

Zhou Fei Fei's pretty face suddenly clouded over, her eyebrows slightly knitted, "You mean Xu Long is going to make a move on us?!"

"Not us, but on you!" Ji Feng laughed.

"Does that make a difference?!"

Zhou Fei Fei said without good humour, it had come to this, this guy could still laugh, “Are you just going to stand by and watch others take me away?”

“That’s not true!” Ji Feng smiled faintly, “I’m just wondering why they didn’t do it when we were in the car park, that was the best place to do it!”

“You’ll just have to ask Xu Long about that!” Zhou Fei Fei said without good grace.

Ji Feng deliberated for a moment and immediately said, “Fei Fei, from here to your villa, is there any remote road in the middle, let’s go there.”

Zhou Fei Fei was instantly shocked, “What, you want to lure all the people to a remote place?”

“It’s not good for me to make a move here, and it’s not good for people to make a move, so it’s better to find a place where no one is around and get it over with, so as not to keep following the tail behind us!” Ji Feng said carelessly.

“But if we go along this road, they wouldn’t dare to make a move, in this downtown area, even if they catch me, they can be caught by the police at any time, right?” Zhou Fei Fei said hesitantly, “If we go to a secluded place, it would be troublesome in case they have weapons in their hands!”

Ji Feng smiled and said, “Don’t worry, I promise to bring you back safely!”

Zhou Fei Fei shook her head helplessly and could only point out a shortcut to Ji Feng: “Take the path ahead, go past the old moat and you can go straight to the outer ring.”

“Just take this path!” Ji Feng smiled faintly, but his two hands were not at all idle, flying on the steering wheel, the throttle under his feet and the steering wheel cooperated extremely tacitly, the speed of that movement, looking at Zhou Fei Fei almost dazzled.

The BMW X6, under the driving of Ji Feng, was almost as flexible as a fish in the water, and in this congested road, it was able to cut in and out, almost every time very thrillingly overtaking other cars.

However, Ji Feng did not change his face, and just kept on rushing until he reached the moat and started driving towards the outer ring. During this process, the motorbike that was following behind was biting hard and kept following.

On this congested highway, motorbikes are obviously more agile than cars, and even if there is a slight gap, the motorbike can get through.

.....

“Squeak—!”

A few minutes later, Ji Feng suddenly applied a sharp brake and brought the car to a halt.

“Why did it stop?” Zhou Fei Fei asked, somewhat stunned.

“Let’s settle things right here.” Ji Feng smiled, “We need to rush back to the villa as soon as possible, we don’t have that much time to waste on these people!”

“These people?” Zhou Fei Fei was stunned, then she snapped back and looked, only to see a motorbike following about a few hundred meters behind, at that moment, that motorbike also stopped, other than that, there were only occasional passing vehicles and pedestrians, and nothing else was moving.

“Isn’t it just one person following us, can’t we just lose him?” Zhou Fei Fei asked.

Ji Feng deliberated for a moment and said, “Don’t be in a hurry, the person will appear soon.”

Zhou Fei Fei couldn’t help but be a little puzzled and couldn’t help but look back once more, a touch of shock appeared on her pretty face.

..... Originally, a few hundred meters behind, there was just one motorbike parked there, but now, dozens of them suddenly appeared, blocking almost the entire road.

“When did they appear?” Zhou Fei Fei’s heart tightened and she asked in consternation.

“To fight rabbits in the grass, Xu Long always has to make some arrangements!” Ji Feng was not the least bit nervous and laughed, “This is his backhand!”
