

Campus Master Chapter 841-842 -

Chapter 841

When everything had settled down, it was already dawn and everyone on the highway had evacuated.

Ji Feng was still riding in a car with Xu Yuan, while the others drove off separately in the same order as they had arrived.

However, unlike when they arrived, Zhou Fei Fei and Ji Yu Yue returned directly to the former's villa in the northern suburbs of Hangzhou, while Ji Feng and Xu Yuan drove behind Su Yayun and the others in their convoy to the location of the East China Sea Gang.

Within this short span of one day, two major battles took place in the shopping malls and gangs of Hangzhou City respectively. The game between the Shengshi Group and the Flying Dragon Group, as well as the fight between the Dragon Tiger Gang and the East Sea Gang, had only come to an end now. At this time, the operation against Xu Long was considered to have officially come to an end.

Next, the East Sea Gang and the Shengshi Group had their own agenda.

With the capture of Xu Long, the Dragon Tiger Gang has no leader. I believe that the next step will be for the East China Sea Gang to clean up the territory of the Dragon Tiger Gang.

At the same time, the East China Sea Gang has to prevent other forces from taking advantage of the situation and taking advantage of the fact that the East China Sea Gang and the Dragon Tiger Gang may be too weak to fight again after the firefight to divide up the territories and venues left behind by the Dragon Tiger Gang, as well as some other properties.

Don't ever think that the jianghu is calm and everyone abides by the rules of the jianghu. That was only in the past, the current Jianghu has long been in chaos, and what it's all about, is profit!

That was why Su Yayun had to return to the headquarters immediately after capturing Xu Long and sit in command.

In fact, there was another reason why Su Yayun had to rush back.

The reason lies in the fact that within the East Sea Gang, not everyone was absolutely obedient to Su Yayun's command either.

Zhou Fei Fei likewise had to rush back to the Zhou family because Ji Feng had given his nod and allowed her to take away a portion of the previously captured boundary tent men, as well as one of Xu Long's butlers, Wu Youde!

These were people that Ji Feng had agreed with the Zhou family long ago, and the Zhou family would hand them all over to the top, which was a political achievement and a big favour that the Zhou family had received.

In addition, Zhou Fei Fei rushed back, still want to see, this time with Ji Feng cooperation against the Flying Dragon Group, her Zhou family actually got how much benefit

These thoughts flashed through Ji Feng's mind one by one. For this kind of profit-oriented performance of Zhou Fei Fei, Ji Feng was more or less uncomfortable, or rather, he could not adapt to this way of thinking that puts profit first in everything.

In this world, apart from profit, there should be many other things that people should strive for.

Of course, how other people go about it, Ji Feng did not want to ask much, nor did he have that qualification to ask too much, he was just learning how to behave and do things in contact with others time and again.

He shook his head slightly and put aside his troubled thoughts, Ji Feng gripped the steering wheel tightly while keeping a certain distance from Su Yayun's convoy in front of him, but not so much that he lost it.

Xu Yuan was leaning against the backrest of the seat with a dazed expression, her whole body looked a bit haggard, her eyebrows were furrowed, as if she was thinking about something that was bothering people.

Ji Feng couldn't help but sigh lightly, although Xu Yuan hated Xu Long in her heart, but it was an indisputable fact that Xu Long was her biological father, which no one could change.

Seeing Xu Long in his present state, no one would believe Xu Yuan if she said that she did not feel bad at all.

What's more, Xu Long has now fallen into the hands of Su Yayun!

No matter how bad Xu Long is, no matter what kind of evil he has done, but Xu Long is Xu Yuan's own father, so Ji Feng believes that even if Xu Yuan says ruthlessly that she will never let Xu Long go and kill him with her own hands, when it comes time for Xu Long to die, Xu Yuan still can't do it.

In fact, not only could she not do it, but deep down in her heart, she might not even want Xu Long to die!

Perhaps if Xu Long could take advantage of the chaos to escape tonight, for Xu Yuan, that would be the outcome she would most like to see.

However, Xu Long was captured and brought back by himself, and ended up in the hands of Su Yayun, who hated him the most. What would happen to him, even if one thought on one's heels, one could understand.

Xu Long is Xu Yuan's father, but he is not Su Yayun's father, and it would be good enough for him to die a painful death in Su Yayun's hands.

It was for this reason that Xu Yuan was completely caught up in the contradictory pain of not being able to struggle, not knowing what to do.

"Xu Yuan, is there a lot of ambivalence in your heart?" Ji Feng asked.

Xu Yuan shook her head slightly, a trace of misery on her charming face, and said in a low voice, "Boss, you don't need to comfort me, really, Xu Long did so many evil things and ended up in the present situation, this is his deserved retribution."

Ji Feng smiled faintly and said, "Retribution is retribution, but he is your father after all, watching your father being killed is ultimately unacceptable, isn't it?"

Xu Yuan glanced at him, but she wanted to say something but couldn't.

Ji Feng then couldn't help but chuckle, "Don't look at me like that, I'm not gloating, but I want to know what you really think."

"What can I do if I know?" Xu Yuan shook her head with a miserable face and couldn't help but sigh softly.

Ji Feng laughed: "Even if you can't do anything about it, you always need a listening ear, right? I wonder if I qualify?"

Xu Yuan laughed bitterly, "Boss, now that you know, why do you have to pursue this to the end? Do you have to make me cry in front of you again? I already cried once last time, isn't that humiliating enough?"

Ji Feng harrumphed, "Crying is a girl's right, there's no shame in that, but of course, if it's a big man who loses his voice and cries for no reason, that's a bit shameful."

"Puff!"

Xu Yuan couldn't help but smile, "Boss, thanks."

Ji Feng couldn't help but say helplessly, "I'm not comforting you, I really want to know what you really think."

He knew that Xu Yuan thought he was deliberately trying to make her laugh, but in reality, it really wasn't like that. Only, Ji Feng had to wait until he knew what Xu Yuan really thought before he could say anything.

"Okay" Xu Yuan was a little tired of being chased and shook her head and smiled bitterly, "I want Xu Long to die, but as you said, he is my real father after all, and no matter what, he is the one who gave me life" So if I could, I wouldn't want him to die, even though it was him and that bastard Xu Shuai who killed my mother, my grandfather and almost killed me" But how can I not be cruel enough to let him die!"

At the end of the sentence, Xu Yuan's voice was already trembling a bit, her beautiful eyes were filled with tears, but she tried hard not to let them fall, looking like a helpless little girl shivering in the cold wind, really making people's hearts feel compassionate.

"So, if it's okay, I mean if" Ji Feng weighed his words and asked, "If you could, would you let Xu Long die? Do you want him to die or not? I want a positive answer!"

"..... Don't want to!" Xu Yuan hesitated for a long time before suddenly saying aloud, "I don't want him to die, but, I can't forgive him either!"

"That's fine!" Ji Feng laughed and said with a relaxed expression, "I was afraid that you wouldn't be able to give an answer, but now well, well, everything is fine."

"What?!"

Xu Yuan looked at Ji Feng with some confusion, not understanding what he was talking about.

Ji Feng snorted and laughed, "So what, I'm just saying" By the way, since you used to grow up in Hangzhou, you must be very familiar with the city, right?"

Seeing that Ji Feng was not willing to say more, but directly digressed, Xu Yuan stopped asking questions, her mind was now full of the matter of Xu Long about to be killed by Su Yayun's hand, her heart was conflicted, and she was not in the mood to ask after Ji Feng.

Nodding slightly, Xu Yuan sighed softly, "Yes, it used to be very familiar, but, it has changed so much over the years that I hardly recognize this city anymore"

Ji Feng laughed: "Look, the city is all changing day by day, so why do we need to dwell on the past and put ourselves in pain and unable to extricate ourselves? It's actually still good to look ahead more and think about it!"

Despite knowing that Ji Feng's words were right, however, Xu Yuan just couldn't relax and could only smile bitterly.

"At the risk of asking, how is your relationship with Su Yayun?" Ji Feng suddenly asked, "You should have met just now, right? Did you recognize each other?"

Xu Yuan shook her head, "No, she doesn't know me anymore."

"That's right, ten years ago you were just a little girl, so many years have passed, you shouldn't have changed much, there's nothing to be surprised that she doesn't recognize you!" Ji Feng nodded slightly and asked again, "Why don't you go and identify with her? Isn't it good to have more relatives?"

Xu Yuan hesitated a bit and said only after a long time, "What is there to recognize, Xu Long is my father, but he killed her sister"

Ji Feng couldn't help but be silent, it seemed that Xu Yuan still had a knot in her heart, if this knot wasn't untied, I think she would never be able to open up.

"Fortunately!"

Ji Feng secretly admired his own intelligence and wit, fortunately before this, he thought that Xu Yuan must have a lump in her heart, so he came up with a way to have the best of both worlds, however, now is the time not to say it

The actual siren is a lot more than just a little bit of a siren.

The sound of sirens suddenly came from the front, Ji Feng was slightly stunned to see that several police cars and ambulances were rapidly driving past head-on, and the two sides quickly pulled apart a short distance.

Ji Feng couldn't help but secretly shake his head, this is really in line with the saying in Hong Kong movies, the police officers not only protect the public to maintain law and order, but also have the duty

to clean up the battlefield and be responsible for rescuing the injured afterwards, coming late is their most obvious characteristic.

Of course, this statement is somewhat derogatory, and, the reason why they came late, this can not help but have the shadow of the East Ocean Group and the Zhou family

Chapter 842

The headquarters of the Donghai Group, Donghai Mansion, is located in the northern section of Jin Yang Road, a prosperous area of Hangzhou, which has only been developed in the last decade or so. After about ten years of development, this area has already become a prosperous area almost comparable to the downtown area.

The East Ocean Building is located in this area, and the whole building is the private property of the East Ocean Group.

Although the East Ocean Building is only twelve storeys high, the fact that it can be owned in this prosperous area of Hangzhou, a city where every inch of land is gold, is an indication of the huge financial resources and strength of the East Ocean Group!

Almost all of this is due to Zhao Yafan, a recognized business genius within the business circle of Hangzhou and the general manager of the East Ocean Group.

This young man, in his early thirties, has an extremely keen business mind and an extremely sensitive sense of smell.

In the following years, East Ocean Company began to take off in his hands, and later, East Ocean Company, which had already extended to a number of industries, was officially restructured and became East Ocean Group.

Zhao Yafan, the founder of East Ocean Group, continued to serve as the general manager of East Ocean Group, and later, he even made a strong effort to build the East Ocean Building near Jin Yang Road, making it a landmark building for East Ocean Group, and at the same time, greatly demonstrating the strength of East Ocean Group, laying a good foundation for future development.

This is the origin of the East China Sea Building.

At six in the morning, Ji Feng and Xu Yuan followed Zhou Fei Fei and the others and drove to the downstairs of the East China Sea Building.

“Send all these bastards to the basement and keep them under close guard!” Su Yayun stepped down from the car and ably issued an order, “Liao Qichang, you’re responsible for leading the guards, anyone who dares to resist or escape, you know what to do! Remember, don’t drop the chain again, and give our Donghai Group a good long face!”

“Yes!” Liao Qichang immediately shouted, at the same time, he subconsciously glanced at the sturdy figure not far away, his heart could not help but feel weak, secretly muttered, no matter who encountered such a pervert, I’m afraid they will also fall off the chain, there is no such perverted person

The sturdy figure in Liao Qichang’s vision is naturally Ji Feng.

This way, every time I think of my own party of seven or eight people, all still holding weapons in their hands, but in the blink of an eye, they were laid to rest by a single person, without even a semblance of resistance, Liao Qichang felt his heart faint and his face rolled.

A great pervert!

This was the evaluation that Liao Qichang gave to Ji Feng. It was understandable that the cool bodyguard was powerful, even if he was a bit outrageous, who made him eat the bowl of rice of a bodyguard!

However, Ji Feng, as his master, seemed to be even more powerful than his bodyguard, which made Liao Qichang depressed, was he too pushy, or was he too powerful?

“Still not going!” Su Yayun saw that Liao Qichang was a bit dazed, and immediately chided.

“Oh!”

Liao Qichang instantly reacted and shouted lowly, “Take all these bastards to the basement, quick!”

Apart from those restrained members of the Dragon Tiger Gang, the remaining Xu Long and the others were all still in a comatose state, so no one dared to resist at all and were escorted down.

“Yafan, you immediately call all the shareholders who are affiliated with the gang and tell them to come to the headquarters immediately, just say that I have something to discuss!” Su Yayun turned her head again and instructed, “Those who joined later, don’t inform them.”

“Yes, Big Sister!” Zhao Yafan immediately answered.

Ji Feng tilted his head and looked at the East Sea Building, he couldn’t help but secretly nod his head, no wonder the East Sea Gang had the ability to fight against the Dragon Tiger Gang for ten years without collapsing, this building alone was enough to show the financial strength and power of the East Sea Gang, it wasn’t that easy to swallow such a powerful group.

Especially, when the East Sea Group was not listed.

“Young Ji, Miss Xu, please.” Looking at Ji Feng’s slightly admiring expression, Su Yayun, who had already given the order, could not help but feel a hint of pride in her heart, and the smile on her face became a little more intoxicating.

Ji Feng nodded slightly, “Thank you.”

“Giggle” Su Yayun suddenly smiled delicately, a pair of beautiful eyes stared at Ji Feng’s face and said softly: “Ji Shao, this is the first time I’ve seen you so polite” Just joking, don’t be offended, Ji Shao!”

Ji Feng was dumbfounded, this Su Yayun, was really a hot nature that couldn’t take a loss. She thought she had suffered from her own negligence before, and then she had knocked out her men Liao Qichang and others, she this immediately flirted with herself for a few words, a small revenge.

“Young Ji, please!” Seeing Ji Feng’s amused expression, Su Yayun immediately pursed her lips and smiled lightly, making a gesture of invitation, “Miss Xu, you too, please.”

Ji Feng wasn’t polite either, and nodded his head before walking straight towards the building.

Xu Yuan didn’t dare to face Su Yayun alone at all, so she hurriedly followed her too.

Su Yayun looked at Ji Feng as he walked inside in that grand manner and couldn’t help but laugh lightly in her heart, “Still that young master’s stance!”

However, this time Su Yayun not only did not feel the slightest disgust, but instead felt that Ji Feng was very imposing and graceful like this.

If one looks at one smoothly, then anything he does is smooth, even if it is bad. If you look at a person is not obedient, the things he does are not obedient, even if they are good things Perhaps that is how Su Yayun now views Ji Feng.

The three of them came to the top floor under Su Yayun’s leadership, and Su Yayun’s chairman’s office was at the eastern most part of this floor.

When they arrived at the top floor, Ji Feng looked around and saw that on the 12th floor, there was only Su Yayun’s office, and to the west was a conference room, other than that, there were no other rooms.

This arrangement is still very elaborate, although it can highlight Su Yayun’s supreme position in the East China Sea Group, however, the distance between her and other people is undoubtedly pulled apart, so it seems a bit inappropriate to put up a show inside the group.

However, Ji Feng only thought about it in his heart and did not say it out loud, after all, it is always a bit bad to comment on others just after arriving here, not to mention, Ji Feng is not a person who likes to talk too much.

“Young Ji, Miss Xu, please come inside!” Su Yayun opened the door of the office and said politely.

As soon as Ji Feng walked into the chairman’s office, he couldn’t help but be stunned, this office was also a bit too big, there were actually three suites.

“The outside of this is my assistant’s office, the middle is the meeting room, and the innermost is my office!” Su Yayun seemed to have seen Ji Feng’s surprise and couldn’t help but smile lightly as she explained.

“As expected of the chairman of a large group, it’s really big and bold!” Ji Feng harrumphed, “Even the office, it’s so grand and different!”

Su Yayun couldn’t help but slightly shake her head and lightly laugh, but didn’t argue, just laughed: “Wait a moment, I’ve put some fine Big Red Robe in my office, please taste it.”

Ji Feng chuckled: “That’s really something to try, thank you Mr. Su.”

“Please wait a moment!” Su Yayun smiled sweetly, swayed her body and entered the chairman’s office.

Ji Feng, however, raised his eyebrows slightly, and he keenly noticed that Su Yayun seemed to pay attention to Xu Yuan at the moment she turned around.

“Could it be that Su Yayun recognized Xu Yuan?” Ji Feng couldn’t help but feel a twitch in his heart.

Su Yayun walked to her office and did not go directly to get tea, but went directly to her desk, opened the innermost drawer, took out a photo frame about the size of two palms, and slowly turned it over

In that photo, an old man with white hair wearing a Tang suit sat on a tai shi chair. Behind the old man stood three women, technically two women plus a little girl of about 15 or 16 years old in the middle. The little girl had a big smile on her face and was obviously extremely happy.

Looking closely, there was a slight resemblance in the appearance of all three girls, while the one on the right was Su Yayun herself.

At this moment, Su Yayun’s gaze, falling on the face of the little girl in the middle, carefully stared at

“Could it be her?” Su Yayun murmured softly, “A bit similar, and both surnamed Xu too, isn’t that a bit of a coincidence”

“Xu Yuan, was that your name before too?” In the parlor, Ji Feng suddenly asked with a smile.

Xu Yuan was stunned, then she nodded slightly and said, “Yes, I would like to change my name, but unfortunately, that’s the name on my ID card, and I can’t find a job if I change it.”

What she said was very easy, but Ji Feng heard a strong bitterness in it.

Originally as a thousand-year-old Miss of the East Sea Gang, suddenly, she was reduced to a vagrant girl who had to run around for a living, Xu Yuan’s previous experience must have been so bitter that it was heartbreaking.

“Why don’t you identify with Su Yayun?” Ji Feng hesitated for a moment and still asked. Su Yayun was the heir to the East Sea Gang and controlled the East Sea Group, so if Xu Yuan had identified with her long ago, where would she have needed to suffer so much?

Xu Yuan’s face was a little embarrassed, and a look of shame and guilt flashed across her eyes, “I, where would I have the face to meet her”

Click!

Ji Feng was just about to speak when the sound of the door lock turning suddenly recalled and Su Yayun walked in with a tea tray.

“Young Ji, you did our Donghai Group a big favor, we should have entertained you with the best things, but we came in a hurry, so”

Ji Feng smiled and waved his hand, “Mr. Su, no need to be polite, we are all our own people, maybe we are still a family, so there is no need to be polite!”

“Family?!”

Su Yayun couldn't help but be stunned.

“Oh, that's” Ji Feng snorted and laughed, “No, I mean, we're already considered friends, right?”

“That's natural, young Ji, this matter with Xu Long, it's our East Sea Gang that owes you a huge favor, in the future, if there's anything that needs to be done, the entire East Sea Group will do their best!” Su Yayun immediately nodded and said.

Ji Feng laughed and said, “No need to be so polite, it's just a matter of raising your hand.”

Su Yayun couldn't help but purse her lips and after a pause, she suddenly asked, “Miss Xu, we've already met, but I don't know what you call yourself yet.”

Campus Master Chapter 843-844 -

Chapter 843

Su Yayun then couldn't help but purse her lips and after a pause, she suddenly asked, “Miss Xu, we've all met, but I don't know what you call it yet.”

Xu Yuan's face instantly changed and a panicked look flashed across her eyes as she subconsciously looked towards Ji Feng, and her delicate pretty face couldn't help but show a look of help. It was obvious that Su Yayun's sudden question had left Xu Yuan at a loss as to what to do and she simply did not know how to answer.

Ji Feng, however, nodded slightly to Xu Yuan, with an encouraging smile on his face.

No matter what mistakes one made, one always had to face them, one could not always run away from them, unless from then on, one died of old age!

What's more, according to Ji Feng's guess, Xu Yuan should have done nothing wrong, only that because Xu Long was her father and he had done those things that made it hard for Su Yayun to forgive, killing Elder Su and killing Xu Yuan's mother, that was why Xu Yuan felt ashamed to meet Su Yayun and was unwilling to admit her identity in front of her.

“What, Miss Xu is a little embarrassed?” Those small movements of Xu Yuan did not escape Su Yayun's eyes, she immediately smiled and asked, “If it's not convenient to answer then forget it, besides, please forgive me for taking the liberty.”

“No, I” Xu Yuan was in a hurry and was just about to speak when she was interrupted by a knock on the door.

“Knock knock knock!”

“Please come in!” Su Yayun said, then stood up and smiled, “Two, please wait a moment.”

With that, Su Yayun turned around and walked out of the parlor, leaving only Ji Feng and Xu Yuan in the room.

“Whew...!” Xu Yuan sort of breathed a sigh of relief, but her face was still a bit lost.

Ji Feng's heart was secretly going off as he looked at Xu Yuan, he stretched his hand and laughed in a low voice, “Look! The words were stammering and in the end, you could only say nothing. Don't be so insipid, either you be brave and say it directly, or if you really don't want to say it, I'll take you away from here and we'll return to Jiangzhou now and never set foot in Hangcheng in the future Now there are only these two options, which one will you choose?”

“Boss, just don't force me.” Xu Yuan laughed bitterly in a low voice.

Ji Feng immediately shook his head and said firmly, “That won't do, be cool, two options, you can only choose one of them, immediately!”

Xu Yuan couldn't help but be silent and didn't say anything for a long time.

Ji Feng didn't rush her, he just smiled, “It's okay to take your time to consider, but you have to give your answer before Su Yayun comes back, and then, I will help you finish your idea!”

He knew Xu Yuan's character very well, this woman had a strong appearance and, moreover, carried a faint air of wind and dust. However, Ji Feng knew that all of this, was forced by this society, Xu Yuan was such a girl wandering in the society, in order to make a living, she had to think of all ways and use any means she could.

So, Xu Yuan has developed this seemingly strong and fierce character.

But in reality, she is very soft inside, and this is no different from other girls.

Apart from a few rare exceptions, few girls aspire to be strong. What the vast majority of women desire most is to have a strong shoulder to lean on and a pair of hands that will shelter them from the wind and rain.

Xu Yuan is no exception!

Therefore, her heart is definitely not as strong as it seems on the surface.

In this situation, Ji Feng would have to use extraordinary means to force her into a corner, so that she had no way back, either stay or leave, and there could never be any ‘talk about it later’, any ‘I want to think about it for a while’ or any other words.

She had to be forced to make a choice.

Seeing Xu Yuan's look of deep thought, with a hint of struggle, Ji Feng couldn't help but secretly nod his head, Xu Yuan was really thinking about it.

Ji Feng also stopped bothering her, leaving her alone to think it over carefully, while he himself kept an eye out for some movement outside to see if there was anything going on.

A voice faintly came from outside, “Big Sister, those shareholders have all been informed.”

Ji Feng immediately heard out that this person who was talking to Su Yayun was the general manager of the East China Sea Group, Zhao Yafan.

“Well, those people are all still cooperating, right?” Su Yayun asked.

“Many of them are very cooperative and said they rushed over immediately when they received the call, but” When the words came out, Zhao Yafan hesitated a little.

“But what?” Su Yayun’s voice sank, “Did someone say something strange again?”

“Big Sister you also know, just a few people from Qi Lao San’s side, you should not care, anyway, this time after exterminating Xu Long, I’m afraid even Qi Lao San can’t say anything, they have nothing to jump about!” Zhao Yafan said comfortingly.

“Humph!”

Su Yayun coldly snorted, “That old thing, he really thinks he’s a meritorious member of the East Sea Gang? Often saying that he is the oldest of the two dynasties” Yafan, remember, it’s half past six, but anyone who’s not here by eight, don’t come!”

“Yes!” Zhao Yafan immediately nodded his head and said.

“Go in first, there are still guests!” Su Yayun eased her tone and said.

.....

Ji Feng couldn’t help but frown slightly, it looked like this East Sea Gang wasn’t ironclad, that what’s-his-name, Qi Laosan, seemed to be very much at odds with Su Yayun. If she wasn’t furious, Su Yayun would definitely not have said those words.

“Boss!”

Xu Yuan suddenly spoke up.

Ji Feng immediately turned back and asked with a smile, “What, have you figured it out?”

“Mm!”

Xu Yuan’s face was ugly, obviously having made an extremely difficult decision, “I plan to leave here and go back to Jiangzhou after watching Mr. Su dispose of Xu Long, and in the future” I will never set foot in Hangzhou again!”

“What?!” Ji Feng was taken aback, he really didn’t expect that Xu Yuan had made such a decision, it was really out of his expectation. Originally, in his opinion, Xu Yuan must have wished to identify with Su Yayun, otherwise, why would she follow to the East China Sea Group instead of returning to the villa directly with Zhou Fei Fei?

But now it looked like he had miscalculated.

“Not” Then what” Ji Feng was a little lost for words, he just wanted to speak when he heard the sound of the door opening, he could only swallow the words that were on his lips back into his stomach and shook his head helplessly, but in his heart he was puzzled to the extreme, how did Xu Yuan make such a decision?

“Ka ka ka!”

Su Yayun and Zhao Yafan walked in with smiles on their faces, “Ji Shao, how is this tea? It still suits your taste, right?”

Ji Feng nodded his head and smiled, “Not bad! In fact, I’m just a native old man, I don’t know how to taste our tea at all, but I’ve been exposed to some of the alien drinks, so ah, I can’t even drink any difference between Iron Guanyin Da Hongpao and the like.”

“Puff!”

Su Yayun couldn’t help but laugh, “Young Ji, I can’t see that you still have dealings with aliens? Then if it’s convenient, I wonder if you can show me some aliens?”

Ji Feng instantly laughed, “No problem!”

“Young Ji, I’ve just seen your humour!” Zhao Yafan also followed and laughed.

“What I said is true!” Ji Feng said seriously, “I’m not going to hide it from you guys, I’ve really come into contact with alien drinks.”

Su Yayun and Zhao Yafan both couldn’t help but smile as Ji Feng joked with them, which was also an expression of goodwill.

But they didn’t know that Ji Feng had really come into contact with extraterrestrial drinks.

In the training space of the intelligent brain, Ji Feng had learnt about etiquette, and distinguishing drinks was one of the skills. Only, these things could not be explained to Su Yayun and the two of them.

“Mr Su, I wonder what you plan to do with Xu Long?” Ji Feng asked with a smile.

“This old dog has done so many bad things, I want to take him as a sacrifice to my father!” The moment Xu Long was mentioned, Su Yayun’s face instantly turned cold.

Next to Xu Yuan, a complicated look flashed across her eyes then, and she opened her mouth, but could not say anything.

“But before that, I have to call a meeting of the group’s shareholders, so that everyone will know that we have destroyed Xu Long!” Su Yayun said in a hateful voice.

“By the way, Young Ji, I wonder if the two of you can come to our meeting as well?” Zhao Yafan suddenly asked.

“Hmm?”

Ji Feng was stunned, then he laughed, “Your group’s internal meeting is not very convenient for us to attend, right?”

“No, no, this is just a briefing, it’s okay!” Zhao Yafan laughed, “Young Ji, if you stay here, you’ll be representing the Shengshi Group, so it’s better to speak up when the time comes.”

“What does that say?” Ji Feng was a bit puzzled, “Mr. Zhao, from what you’re saying, it seems like there might be trouble at this meeting?”

“This ……” Zhao Yafan looked at Su Yayun and found that she didn’t say anything, so he nodded and said, “To be honest, young Ji, within our Donghai Group, there is also more or less …… In order to prevent anyone from not believing it, we would like to ask Ji Shao to stay for our meeting and be a witness!”

“Not amicable?”

Ji Feng couldn’t help but shake his head with a smile, “I’ve always heard that the East China Sea Gang is sincere and united, but I didn’t expect that you guys are also full of conflicts here.”

“Humph!” Su Yayun coldly snorted and said in a cold voice, “It’s just that some people are leaning on the old and have inflated ambitions.”

“Hehe ……” Ji Feng smiled faintly, and it was not convenient to pry any further.

“There are people in the gang who don’t obey you?” Xu Yuan suddenly asked.

Su Yayun hummed, “Just some jumping clowns, not worth mentioning.”

Zhao Yafan, however, explained, “Young Ji, Miss Xu, don’t misunderstand, our General Manager Su is not targeting you, but there are some people in the gang that have been thinking about this position of our General Manager Su ……”

“Yafan!” Su Yayun interrupted him, “No need to talk about these things to annoy Ji Shao and the others as well.”

Zhao Yafan laughed, “Big Sister, it’s better to explain something clearly to Younger Ji and the others, after all, when Qi Laosan arrives later, something might happen.”

Su Yayun also stopped saying anything.

“Ji Shao, actually the thing is like this ……” Zhao Yafan smiled apologetically at Ji Feng and the others, and then gave a detailed introduction.

Through Zhao Yafan’s telling, Ji Feng finally understood the original story.

Chapter 844

Through Zhao Yafan’s account, Ji Feng finally understood what had happened.

It turned out that because the East Sea Gang was not founded by Su Yayun, but after her father, Elder Su, was taken out by Xu Long, the Hungry Wolf’s son-in-law, she was ordered to continue to maintain the name of the East Sea Gang and fight against Xu Long with some of her men who were loyal to Elder Su.

But apart from these people, there were some others, who were originally at odds with Xu Long in the gang, so after Xu Long rebelled against the East Sea Gang, those people stayed in the original East Sea Gang.

However, at this time, Xu Long had the absolute upper hand. Not only had he formed the Dragon Tiger Gang, but he also had many men under him, and the East Sea Gang was no match for the Dragon Tiger Gang at this time. Because of this, those who were already at odds with Xu Long acknowledged Su Yayun’s status as the heir of Elder Su and allowed her to take over the East Sea Gang and become its leader.

Over the years, thanks to Su Yayun’s efforts, Liao Qichang became the top warlord of the East Sea Gang, brave enough to keep the Gang alive and not swallowed up completely by the Dragon Tiger Gang, despite being on the losing end. And with the addition of Zhao Yafan, the East Sea Gang began to take off.

The East Sea Gang was slowly able to compete with the Dragon Tiger Gang, and although they were always on the bottom, they did not suffer too much, so it can be said that although the East Sea Gang was slightly weaker, they had no problem living in a comfortable manner.

Under such circumstances, those who had joined the East Sea Gang due to Xu Long’s pressure and were forced to acknowledge Su Ya Yun’s position as the gang’s leader could not help but start to move and their ambitions began to swell.

The most obvious manifestation of this was one of the hall masters who had fought alongside Master Su before, Qi Yangzhou, known as Qi Sanshu.

Of course, in secret, Su Ya Yun called him Qi Lao San.

Especially in the last year, Qi Yangzhou has become even more arrogant and domineering, openly opposing Su Yayun’s opinions on many occasions, sometimes even making Su Yayun uncomfortable.

Not only that, but even the brothers under Qi Laosan’s hall have started to provoke the other hall members, seemingly intentionally or unintentionally. Sometimes, the brothers under Qi Lao San’s hall would go to other hall’s venues to cause trouble, to fight on the pretext of fighting, or to create some trouble.

On top of that, and even more so, on a few occasions when several other halls were doing business, news was leaked and they were either taken advantage of by people from the Dragon Tiger Gang or when they were doing something improper, they were wiped out by the police!

And when it came to the recent past, Qi Lao San’s people started to let the wind out, saying things like the East China Sea Gang being overseen by a woman was tarnishing the image of the other grand masters, and so on, the intention was naturally self-explanatory!

“In that case, is this Qi Yangzhou trying to separate from the East Sea Gang? Or does he want to be the leader of the gang himself?” Ji Feng couldn’t help but ask with a smile after hearing this.

“So, this time at the group meeting, this Qi Lao San should still say some strange things, or even question the words of our General Manager Su.” Zhao Yafan said, “That’s why I want to ask Ji Shao to stay, so that he can also be a witness for us then.”

“That’s not a problem!”

Ji Feng nodded slightly and said, “However, I really can’t represent the Shengshi Group, and frankly speaking, we also have a cooperative relationship with the Shengshi Group, but it’s still no problem to give you guys a testimony!”

“A cooperative relationship?” Su Yayun couldn’t help but be stunned.

“That’s right.”

Ji Feng nodded slightly, “We are from Jiangzhou Xiao Pharmaceutical Factory, and our pharmaceutical factory has a cooperative relationship with the Shengshi Group, but it is only a cooperative relationship. I can’t represent the Shengshi Group.”

“That’s okay.” Zhao Yafan laughed, “After all, you are involved in this matter, after all, Ji Shao, and besides, it doesn’t necessarily mean that there will be problems.”

“Don’t worry, I will testify for General Manager Su when necessary!” Ji Feng faintly nodded his head.

“Then, thanks a lot!” Zhao Yafan nodded and smiled.

“However, I would like to take the liberty of saying that it is better to remove a tumour like Qi Laosan as early as possible, after all, staying here might lead to other big problems!” Ji Feng laughed.

“Ugh!”

Zhao Yafan shook his head and laughed bitterly, “Saying so, but How easy is it to talk!”

Ji Feng then stopped asking more questions, because this might involve some secret secrets of the East Sea Gang, which was not something outsiders should ask.

However, just from what Zhao Yafan said, Ji Feng could conclude that this Qi Laosan must be arrogant to the extreme within the East Sea Gang, and, also, strong to the extreme.

Everyone knew that organisations like those on the Dao would usually have several halls underneath, each responsible for different businesses or receiving different tasks. Therefore, the strength of each hall is also different. There may be some halls that specialise in fighting, so they are very strong in fighting, and some halls are responsible for business, so this hall is very strong in financial resources.

And the fact that Qi Laosan was able to let his men go to the other Tong’s field to spill the beans and cause trouble meant that his Tong’s strength should be the strongest.

Perhaps, this was what Zhao Yafan and Su Ya Yun feared most about Qi Laosan.

After all, to remove such a strong hall master, a slight mistake might cause the East Sea Gang to suffer a great deal of damage, or even, perhaps, Qi Laosan might even turn against them, and at that time, it would be a big trouble.

While Ji Feng was chatting with Su Yayun and Zhao Yafan, Xu Yuan sat next to them without saying a word, her delicate face showing a trace of sadness and silence.

Next, Ji Feng and the others had a few idle chats, but they did not get involved in these matters anymore, but chatted about the sky and the earth, or talked about some current affairs, experience in running the company and so on.

It has to be said that Zhao Yafan is indeed a talented person, at least Ji Feng’s feeling is like this.

This man was polite and courteous, but he spoke in a clear manner and got to the point in every sentence, with little nonsense.

It could be seen that he was clear in his thinking and had a far-sighted vision, and this was what Ji Feng appreciated most about him.

Just as a few people were chatting idly, a sound of footsteps suddenly came over, followed by a mid-toned voice ringing out in the corridor outside.

“Where is the Ya Yun gang master, this cold weather, having to wake us all up early in the morning, saying something about a meeting, isn’t that a bit too much of a toss?” The person who spoke had a loud voice, without the slightest intention to disguise it, obviously wanting Su Yayun in the office to hear it, “You youngsters are fine, but my old bones can’t stand such a torment.”

“Qi Laosan, too arrogant!” Su Yayun suddenly turned blue, the other party’s meaning in these words was obviously saying that she was young and ignorant, tossing about recklessly.

Zhao Yafan immediately whispered, “Big Sister, don’t get angry, just treat it as a gust of wind blowing by.”

Ji Feng’s heart twitched, so this person who spoke was Qi Laosan, but listening to his voice, he was full of mid-air, not like any old bones.

“Tell him to wait in the meeting room!” Su Yayun said in a cold voice.

“Yes!” Zhao Yafan stood up, went out and opened the office door, and said aloud, “Manager Qi, the chairman is busy, the others are not here yet, you can go to the meeting room first, and the meeting will be held when everyone arrives!”

“What’s so busy so early in the morning, the chairman is working so hard, don’t tire yourself out!” Qi Laosan’s voice came over again.

“Manager Qi, the chairman told you to wait in the meeting room!” Zhao Yafan’s voice was a little displeased.

“Humph!”

Qi Laosan snorted coldly, “Who are you talking to! When I was fighting side by side with the old gang leader, you were still wearing crotch trousers! Not to mention you, even your father was only the old gang leader’s driver at that time!”

“Manager Qi, I hope you won’t disobey the chairman’s words!” Zhao Yafan said in a low voice, obviously suppressing his anger.

Snap!

The door of the office was directly pushed open, and a tall figure walked in.

It was a middle-aged man in his early forties, with slightly white hair, a tall figure, a Chinese face, and a somewhat serious look that seemed to be very decent.

But at this moment, this man's face was wearing an open smile, which made people look very uncomfortable. His eyes, too, were not of a gloomy cold light flickering.

"This is a person who is similar to Xu Long!" Ji Feng instantly said in a dark voice, wary.

"Ya Yun, why are you busy early in the morning, watch out for your body, now the group can't do without you!" This middle-aged man laughed harshly.

"Qiyang Zhou, can't you see I'm entertaining guests?" Su Yayun's face sank as she rebuked, "If you barge in like this, what will the guests think of our Donghai Group? Do you think that we are all people who are rude and do not know the rules?!"

Qi Yangzhou's face instantly changed, a cold light flashed in his eyes, then he laughed heatedly and lowly, "Ya Yun, now you're really good, how can I say I'm also from your father's generation, you don't even address my position without saying 'uncle'?"

"Public is public and private is private! Manager Qi, don't get confused!" Su Yayun said with a sober and pretty face.

"What a great righteousness!"

Qi Yangzhou laughed with a carefree grin and looked at Ji Feng and Xu Yuan again, "These two are How do you address them?!"

Ji Feng's gaze swept over without speaking.

Qi Yangzhou's face instantly sank and was about to snap.

"Manager Qi, I am receiving guests, please go to the meeting room and wait!" Su Yayun coldly shouted, "Don't make me say it again!"

"Su Yayun, this chairmanship of yours is carried by these brethren underneath, treating the patriarchs in the group like this will make people's hearts chill!" Qi Yangzhou said meaningfully, while giving Su Yayun and Ji Feng a deep glance, before flinging his sleeves and leaving.

"Humph!"

Su Yayun coldly snorted, her face was blue and her chest was heaving sharply, obviously infuriated.

Ji Feng couldn't help but frown slightly and secretly said, "It looks like the conflict within the East Sea Gang is even more serious than what Zhao Yafan introduced."

Campus Master Chapter 845-846 -

Chapter 845

"This old thing, relying on the fact that he has a longer seniority, is so arrogant that he doesn't even know who he is!" Looking at the room door that was heavily closed, Su Yayun's face was ironic.

Zhao Yafan shook his head slightly and said, "Big Sister, there's no need to get angry with such people, this Qi Laosan and a few other guys, they're all just like a raccoon, if you take it up with them, you'll really have anger to live with!"

"Qi Laosan, Crazy Tiger" Su Yayun couldn't help but coldly snort, "These two old things, I'll clean them up sooner or later!"

Next to him, Ji Feng couldn't help but be stunned, it looked like Qi Laosan wasn't the only one who coveted Su Yayun's position, within this East Sea Gang, there were really a lot of contradictions. Now that I think about it, it's not easy for Su Yayun to control the East China Sea Gang for so many years.

"Young Ji, Miss Xu, I'm really sorry for making you laugh!" Su Yayun eased her emotions and glanced apologetically at Ji Feng who was sitting on the sofa.

Ji Feng shook his head to show that he didn't mind, and after a pause, he laughed again, "Mr. Su, as you can see, this Manager Qi doesn't have a very good impression of me, so maybe I've inadvertently offended him, in that case, even if I stay to be a witness for you guys, that won't be of much use."

"Young Ji, you can't leave on this!" Zhao Yafan hurriedly said.

Su Yayun grimaced and nodded, "That's right, you're my guest, not something that he, Qi Laosan, can treat however he wants."

"Stay!" Su Yayun said firmly, "Today I am going to let him Qi Laosan know that I, Su Yayun, am the chairman of the Donghai Group, not someone else, let alone him, Qi Laosan!"

"Then" Okay." Ji Feng smiled and nodded his head.

Since Qi Laosan left, next, quite a few more people arrived one after another, however, those people were not as arrogant as Qi Yangzhou Qi Laosan, they all came and knocked slightly respectfully on the door of the chairman's office, then after speaking to Zhao Yafan, they went straight to the meeting room and waited honestly.

Ji Feng nodded secretly as he watched, these people who were respectful to Su Yayun should all be people from Su Yayun's faction, or people who directly belonged to Su Yayun's leadership.

I am afraid that this is also the reason why Su Yayun has been able to sit in the position of the East Sea Gang's leader up to now. Similarly, perhaps it is also because Su Yayun has the support of so many people, plus Su Yayun herself is the daughter of the old gang leader and occupies a position of great righteousness, so Qi Laosan and the others did not immediately lay hands on Su Yayun and were very scrupulous in their hearts.

As time passed, seven or eight more people came to the meeting room to wait, everything was in order and there was no more disruption.

It was not until another person arrived that this all changed.

This was a strong man in his early thirties, with a bald head and an extremely fierce and strong appearance.

This stout man was not very tall, and could even be described as a little short, only about one metre seven.

Originally, one metre seven should not be too short for a man, but this man was so thick and strong that it was a little inappropriate to call him a tiger's back and a bear's waist. The muscles on his body were high and bulging, and his arms were even comparable to the calves of an ordinary person, extremely thick and strong.

On this cold day, he was wearing only a jacket, and inside the open zip was a short-sleeved tight-fitting vest, the chunky abs of which could be faintly seen, while a tiger's head tattoo was faintly revealed below his neck, which was not covered by the vest!

He was wearing a finger-thick gold necklace around his neck and a large gold ring on his hand, looking like a tough thug It just doesn't look like a good guy!

This person, like Qi Laosan in front of him, had a loud voice and a grumbling mouth, and without even greeting him, he directly pushed open the door of the chairman's office and walked in with big strides.

"Chairman, what's so urgent about getting someone up so early in the morning?" This burly man asked with a big grin.

Su Yayun's face instantly turned gloomy, but she ignored him.

"Manager Liu, the chairman is receiving guests, please go to the meeting room and wait, several other managers have arrived." Zhao Yafan said indifferently.

"Making a show of it" This manager Liu skimmed his mouth, and gave Su Yayun another glance, laughing, "Chairman, then you go ahead and get busy, I'll go to the meeting room, by the way, if you're okay at noon, let's have a meal together?!"

"Humph!"

Su Yayun's face was ugly, "No time!"

"It's alright, I have plenty of time to wait!" This Manager Liu laughed harshly, turned around and walked out with big strides.

"This Liu Xihu, it's really not like that!" Zhao Yafan couldn't help but snort coldly before he turned around and said, "Big Sister, everyone has basically arrived, let's go over."

Seeing Su Yayun's ugly face, Zhao Yafan couldn't help but say comfortingly, "Big Sister, this Crazy Tiger and Qi Laosan are all one and the same, why do you have to behave with them! Now that everyone is waiting, we'd better hurry over, otherwise, there's no telling what strange things those two people will say again!"

"Humph!"

Su Yayun couldn't help but coldly snort, taking a few deep breaths, her emotions then eased down and she turned her head to Ji Feng and said, "Young Ji, Miss Xu, let's go over!"

Ji Feng nodded slightly, stood up together with Xu Yuan and smiled, "Let's go."

.....

The three of them had just walked outside the door of the conference room located to the west of the chairman's office when they heard the sound of ha-ha laughter coming from inside, the laughter was very rampant and simply unbridled, not taking this place as a conference room in the slightest, not to mention not caring that the chairman's office was not far away next to it.

"Pa pa pa pa!" Su Yayun deliberately aggravated her footsteps, and the conference room suddenly fell silent, with only those two voices still heaving with laughter.

Su Yayun took a few deep breaths before she pushed the door in.

"Young Ji, Miss Xu, please come in!" Zhao Yafan said with a smile from the side.

Ji Feng smiled and said, "Many thanks!"

Afterwards, several people walked in with big strides and arrived in the conference room.

An oval conference table with about ten people sitting on both sides, Ji Feng took a slight notice, Qi Yangzhou Qi Lao San was sitting on the left side of the conference table, and was also slightly towards the middle, at a glance the position appeared to be very prominent.

On the opposite side of Qi Yangzhou sat the incredibly fit Liu Xihu, also nicknamed Crazy Tiger.

Apart from the two of them, everyone else was seated on either side, appearing honest, both the expression on their faces and their sitting posture appeared relatively upright, without any sign of overstepping.

"Chairman!"

"Good morning! Chairman!"

.....

When they saw Su Yayun enter, these people immediately stood up to greet each other, but Liu Xihu and Qi Yangzhou were the only ones, but they just sat there without the slightest intention of getting up or greeting each other.

Su Yayun didn't say much either, just nodded slightly, and then strided over to the main seat at one end of the conference table and sat down steadily.

At the same time, she turned her head and said, "Yafan, have someone add two more seats for our guest to sit down!"

"Yes!" Zhao Yafan said immediately.

"Chairman, it's better to let the guest take my seat!"

A middle-aged man next to Liu Xihu said with a smile, "Since he's a guest, we can't be neglected!"

Saying that, this man stood up and moved back two more seats.

"Fine, Young Ji, Miss Xu, please have a seat!" Su Yayun nodded slightly and said with a smile, "Good then, now let's get started Yafan, first brief the managers on the situation!"

"Okay!"

Zhao Yafan nodded and went straight to the other end of the conference table and sat opposite Su Yayun, sweeping his gaze across the week before saying with a smile, "Managers, the chairman has called us here today because he has something to inform you about."

"What is it?" Liu Xihu asked with a broad grin, "Is it time for another dividend? My hall has indeed been short of money recently, I can't believe that the chairman is really considerate!"

"Dividends?"

Qi Yangzhou across from him said with a grin, "I don't think so!"

Dang!

Su Yayun heaved her teacup on the table, instantly attracting everyone's attention, "Pay attention to the silence!"

Liu Xihu and Qi Yangzhou both couldn't help but smile indifferently, clearly not caring too much.

"As you all know, in the past ten years, our biggest goals for the East China Sea Group have been two in total!" Zhao Yafan said indifferently, "The first one, is to lead our brothers to a good life, and for everyone to make a fortune together! This is something that we should have partially accomplished so far."

"And what's the second one?" Qi Yangzhou said with a smile, "It should be to confront the Dragon Tiger Gang, right? This is something that our Hall has put in the most effort!"

"Our War Hall isn't bad either!" Liu Xihu followed.

Zhao Yafan frowned slightly and said indifferently, "That's right, our second goal is to destroy Xu Long and his Dragon Tiger Gang! I'm happy to inform you all that we did it!"

"What?!"

Qi Yangzhou was the first to exclaim, "Zhao Yafan, what did you just say?"

"Destroyed the Dragon Tiger Gang?!" Liu Xihu couldn't help but be stunned as well.

"That's right, just yesterday, we joined hands with the Zhou family and exterminated the Dragon Tiger Gang!" Zhao Yafan nodded slightly, "The Zhou Family was responsible for attacking the Flying Dragon Group, and we were responsible for striking at the Dragon Tiger Gang! Most importantly, we captured the leader of the Dragon Tiger Gang, Xu Long!"

Boom!

These words were like throwing a boulder on a calm lake, instantly stirring up a huge ripple in the conference room, everyone was in shock, even Liu Xihu and Qi Yangzhou, who were originally full of care, were stunned on the spot, unable to react for a long time.

"How is this possible!" Both of them were incredulous.

The others, on the other hand, were incomparably excited.

"Really?"

"Great!"

"The chairman is really too powerful, to have unknowingly joined forces with the Zhou family, and to have unknowingly destroyed the Dragon Tiger Gang!"

"This is indeed a masterful move by the chairman!"

.....

A voice of praise, coming from the mouths of all those present, caused Qi Yangzhou and Liu Xihu's faces to sink.

This could not go on, otherwise Su Yayun's prestige would be so high today that it would be impossible to suppress.

With a quick turn of mind, Qi Yangzhou immediately said, "Everyone, Ya Yun, these issues can be discussed later, as this is an internal secret of our group, then, these two outsiders, they are not qualified to participate, right?"

When the crowd followed his finger, they realised that he was referring to Ji Feng and Xu Yuan!

Chapter 846

"These two people, aren't from our Donghai Group, how can they sit here!" Qi Yangzhou pointed at Ji Feng and Xu Yuan and said almost as if to chide them, "Ya Yun, everything in the group has to be kept confidential, this rule was set by you personally, right? I want to know why it's being blatantly violated now, and about this matter, is there an account to be given to us?"

"What do you want me to give you guys an answer for?!" Su Yayun's face sank as she asked coldly. This Qi Yangzhou really dared to talk about that, this was simply outrageous!

"Ya Yun" As soon as Qi Yangzhou spoke, he was immediately interrupted by Su Yayun.

"Manager Qi, don't you know that first in is in a meeting? In the group, please also call me by my position!" Su Yayun interrupted him directly and said nonchalantly, "We have guests here, don't let people think that we are all old fools here who don't know what to do! Or people who are disrespectful to the old!"

“You” Qi Yangzhou was instantly furious and stood up violently, staring coldly at Su Yayun.

Su Yayun remained unafraid and locked eyes with him, “What, Manager Qi has a problem with what I said?”

“Of course not!” In front of all eyes, Qi Yangzhou could not afford to go too far, he could only retreat for the time being, he slowly sat down and coldly snorted, “Chairman, I would like to ask, these two people should not be from our group, right?”

“No!” Su Yayun said without concealment.

“Then, all information of the group is to be kept confidential and not allowed to be casually leaked to outsiders, this rule was also set down by the chairman himself back then, right?” Qi Yangzhou continued to pursue the question.

“It was set down by me!” Su Yayun nodded slightly, “So what?”

“Then, I do have a question!” Qiyang Zhou snorted coldly, “These two people are not from our group, and what we are discussing now is all internal information of the group, and there might even be laying out our next intentions and tasks, is this something that outsiders should listen to?”

“Indeed it’s not something outsiders should listen to!” Su Yayun nodded slightly, but in her heart she was smiling coldly, and her eyes were filled with chilliness.

“In that case, then did you do wrong, Chairman?” Seeing that he had already forced Su Yayun speechless in terms of words, Qi Yangzhou could not help but feel smug in his heart and asked indifferently, “Since you have done wrong, Chairman, I think you should have the courage to bow your head and admit your mistake and admit your mistake, right?”

“That’s right!”

Su Yayun said indifferently, “Even as the chairman, if one has done wrong, then one must apologise, this is something that I have never denied! However, I have said it before, Young Ji and the others are our guests, one could even say that they are our group’s benefactors, is it wrong to invite them to our meeting?”

“Oh?!”

Qi Yangzhou sneered, pointed at Ji Feng and Xu Yuan, turned his head and asked, “Then I would like to know, how did these two people become our benefactors?”

Su Yayun instantly furrowed her eyebrows and said indifferently, “Manager Qi, this matter will naturally be explained to you later, but for now, please don’t interfere nonsense!”

“Humph!”

Qi Yangzhou snorted coldly, obviously a bit downhearted, but did not say anything else.

“This” Ji Feng, who had been silent, suddenly spoke up, immediately attracting everyone’s attention. In Su Yayun’s heart, however, a bad premonition rose up, and she suddenly remembered that this harmless-looking young man in front of her was not that easy to mess with.

This guy, however, had a formidable record of knocking out seven or eight people from Liao Qichang’s group and capturing Xu Long alive!

I hope Ji Feng won’t do anything too much, Zhao Yafan was also secretly worried, from the first time he saw Ji Feng, this man was not a good guy.

As expected, only a faint smile appeared on Ji Feng’s face, but the words from his mouth were as sharp as a knife: “This old man, let’s see, have you lived to the dogs at this age? Don’t you know that it’s rude to point your finger at others?”

At these words, everyone present could not help but be stunned, and a few timid ones could not even help but have their hearts jump wildly a few times.

This was talking to Qi Yangzhou, actually saying that he had lived on a dog for a handful of years, this was simply

Even Su Yayun wouldn’t dare to say that about Qiyang Zhou!

“Bang!”

Qi Yangzhou was furious and slapped a fierce hand on the table, roaring, “Little beast, what did you say!?”

Whew!

The crowd only felt a blur before their eyes as Ji Feng instantly leapt over the conference table and arrived at Qi Yangzhou’s side in the blink of an eye.

Just before everyone could react, a crunching sound suddenly came out.

“Slap!”

A slap fiercely slapped Qi Yangzhou’s face with such tremendous force that it instantly sent Qi Yangzhou flying!

“Clatter~~!”

Qiyang Zhou’s entire body actually crashed directly into the window not far away, directly shattering the glass and dropping it to the ground.

“Ugh!”

Qiyang Zhou let out a muffled cry and fell on the ground with a woosh, his entire body was dizzy for a while, almost passing out, looking woefully out of shape.

“Pfft!” As soon as Qiyang Zhou opened his mouth, he subconsciously spat out something, and when the crowd fixed their eyes on it, it was actually two teeth!

“Hiss...!”

The room was filled with the sound of sucking in cold air, this man, actually slapped Qiyang Zhou away, moreover, he also knocked out two of Qiyang Zhou's teeth, this is really too

The people in the room didn't know how to describe it, their hearts were filled with a strong feeling of shock, but they didn't know if they were shocked because Ji Feng slapped Qi Yangzhou and even knocked out his teeth with one slap, or if the crowd was shocked by his audacity because Ji Feng even dared to hit Qi Yangzhou.

Everyone looked at Ji Feng in dismay, and for a while, apart from Qi Yangzhou's sharp gasp and the people uttering a word, there was surprisingly no other sound in the whole room for half a day.

"Uneducated old thing, I think you are the old beast!" Ji Feng's cold voice rang out, "If you dare to speak dirty in front of me again, I'll exterminate you!"

"Mixed Bastard!" Qi Yangzhou didn't know how long it took him to slow down, roaring lowly, climbing up with difficulty, his resentful gaze fixed on Ji Feng with a deadly stare, roaring lowly, "You dare to hit me? You're dead, today, I'll kill you alive!"

Because the fall was so severe, Qi Yangzhou's body was shaking, he shivered and fished out a pistol from his waist, raising his hand to pull the trigger on Ji Feng.

"Bang!"

Ji Feng kicked out again, instantly sending Qi Yangzhou flying backwards and landing heavily on the ground once again, the next moment, Ji Feng followed him up, grabbed the dropped pistol in his hand and placed it against the head of Qi Yangzhou, who had already been thrown into a heap.

"Stop!"

"Young Ji, show mercy!"

"Young Ji, don't be reckless!"

.....

Su Yayun and Zhao Yafan and the others couldn't help but cry out in alarm, but it was too late to stop them, Ji Feng's movements were just too fast, they hadn't even reacted at all before this series of movements by Ji Feng had already been completed, at the same time, the gun in his hand was already pressed against Qi Yangzhou's head.

"Stop, stop~~!"

Qi Yangzhou was also instantly scared to death and roared in panic, "Don't! I... I'm the hall master of the East Sea Gang, don't you dare"

Ka ka ka!

Ji Feng directly snapped the hammer and the bullet was loaded, causing Qi Yangzhou's following words to swallow back into his stomach instantly, how could he not dare to continue.

"Keep talking, keep cursing!" Ji Feng calmly stared at Qi Yangzhou, "It's okay, keep on cursing! You also said that I don't dare to shoot, want to bet? Hmm?"

Although Ji Feng's tone was flat, however, everyone heard a bone-chilling coldness in it.

"Young Ji, please stop!" Su Yayun immediately said, "Don't be impulsive, you can sit down and talk about anything!"

"Yes, Young Ji, don't be rash!" Zhao Yafan also hurriedly said.

Although both of them wanted Ji Feng to shoot Qi Yangzhou, they knew that once Ji Feng shot him, things would really be in big trouble.

Not to mention the fact that Qi Yangzhou's tang would turn against him, just the bodyguards that Qi Yangzhou left downstairs would be extremely troublesome.

What's more, if Ji Feng killed Qiyang Zhou in front of these men, no matter what, Su Yayun couldn't help but lay hands on Ji Feng, otherwise there would be no way for her to convince the public!

However, once she thought of Ji Feng's skills and his possible background, plus the fact that Ji Feng himself was also kind to the East Sea Gang, Su Yayun couldn't even allow this to happen, so she could only rush to speak out to stop it and secretly pray that Ji Feng wouldn't be so murderous!

Click, click, click, click, click!

The sound of bullets being loaded instantly rang out, and immediately afterwards, Liu Xihu was the first to point his gun at Ji Feng, and the others followed suit.

"Put the gun down!" Liu Xihu shouted coldly, "Or don't blame us for being ungracious!"

Ji Feng turned his head back and his cold gaze swept across the faces of these people, instantly causing a shiver to run through everyone's hearts, "I hate it when people threaten me, and this time is no exception You can shoot me if you want!"

"Think I don't dare?!" Liu Xihu said in a cold voice.

"Stop it!"

Su Yayun angrily scolded, "Liu Xihu, put the gun down! And all of you, put down your guns!"

"Young Ji, quickly put down your guns!" In this cold weather, even Zhao Yafan, who was always gentle and elegant, couldn't help but break out in a cold sweat, "Young Ji, hurry up!"

He was helping Ji Feng, being pointed at by so many guns, Ji Feng would definitely not be able to escape even if he had great skills, ah, if he insisted on resisting, he would only be killed for nothing, other than that, there was absolutely no second outcome.

He was worried about not having a chance to bring down Su Yayun, and this was a good opportunity to strike a blow at Su Yayun's prestige!

Chapter 847

The atmosphere in the twelfth floor conference room of the East China Sea Building was tense to the extreme.

Everyone was staring deathly at Ji Feng's hand, afraid that if his finger moved, he would simply pull the trigger and shoot Qi Yangzhou dead!

Only, how many people were really worried, that was unknown, but at least from the surface, it looked like everyone was nervous, afraid that Ji Feng would be impulsive.

"Young Ji, quickly put down the gun, don't be impulsive!" Su Yayun advised bitterly.

"Yes, young Ji, let's talk about everything!" Zhao Yafan also laughed bitterly, "Why do you have to be so impulsive!"

Ji Feng was not moved in the slightest, he just said indifferently, "He asked for it!"

"Kid, put down the gun!" Liu Xihu shouted angrily, "Do you know who this person you're stepping on is? That's our Qiyang State Hall Master, if you dare to shoot, I won't let you off!"

Ji Feng coldly glanced at him and suddenly sneered, "You're just dying for me to shoot, aren't you?"

"What?!"

Liu Xihu was suddenly stunned, and the others couldn't help but be stunned, what this kid said, it might be true

Swish!

A sharp voice suddenly sounded, and in a flash, they saw Ji Feng's body suddenly surge, the crowd's eyes were blurred, and then they felt a sudden sharp pain coming from their wrists, their bodies jerked violently, and they all retreated in shock, looking at Ji Feng warily.

Some of them even subconsciously pulled the trigger and wanted to shoot.

However, only when they fired did they suddenly realise that their hands were actually empty, nothing was left.

Their guns had actually been taken away by Ji Feng!

Everyone was stunned on the spot at the same time, their faces changed dramatically, but they no longer dared to make any rash moves.

The nimble-minded ones were incomparably shocked, as Ji Feng was still a few metres away from them, how did he manage to take away their guns?

Swish!

Ji Feng stood still and with a flick of his wrist, several pistols just fell to the ground.

Clatter~~!

Looking at these people who were full of shock, Ji Feng smiled coldly, "Just by you people, you dare to point a gun at me?"

Everyone was stunned by Ji Feng's ghostly and unpredictable stance, and for a while, no one actually said anything.

"Kid, don't think you can act recklessly just because you are good at it!" The cold light in Liu Xihu's eyes flashed, "There are our brothers everywhere downstairs, so what if you are good at it? Can you stop the bullets?"

"Don't force me to kill you!" Ji Feng said coldly.

Liu Xihu's face was incomparably gloomy, but he didn't say anything, at this moment he didn't have a gun in his hand and Ji Feng was so powerful, so he naturally didn't want to get into trouble.

"Young Ji!"

Su Yayun couldn't help but call out, "Say something properly!"

At this time, she finally understood why Ji Feng dared to be so tough, and even more so, how Ji Feng had single-handedly captured Xu Long and the others alive, Ji Feng's body was just a bit outrageously strong!

Even Liu Xihu, the most capable fighter in the East China Sea Gang, wasn't that powerful, right?

Ji Feng smiled faintly, "I also want to talk properly, but unfortunately, this gang is cross, they don't give me that chance at all!"

"Young Ji, put the gun down, I promise you, there will never be anyone here to take liberties with you again, otherwise, I will be the first to not let him go!" Su Yayun said forcefully.

In her heart, she was so happy to the core.

The strength of Ji Feng's body was really beyond her expectation, yet it also gave her a great surprise.

With Ji Feng's deterrent, people like Qi Yangzhou and Liu Xihu could not afford to make much of a stir. And today, it was undoubtedly a solid slap in the face of these people, a resounding slap in the face, which made Su Yayun greatly relieved!

More importantly, this approach of Ji Feng also made her realize that treating people like Qiyang Zhou, one cannot think of being weak and retreating, the necessary toughness, is also very necessary.

"Really?!" Ji Feng asked.

"I promise you in the name of the chairman of the East China Sea Group!" Su Yayun said immediately.

Ji Feng smiled faintly, "Good then, I believe you!"

With that, he put away the pistols while picking up the ones on the ground, "But these guns can't be given to you for now, it's better to wait until after I leave!"

"Of course it's no problem!" Su Ya Yun smiled sweetly, at this moment she also understood that Ji Feng was punishing Qi Yangzhou on the one hand, while on the other hand, he was also helping her to establish her authority, so that these hall masters would understand who was actually the boss of the East Sea Gang.

"See, it's useless for you guys to say a million words, even if you use weapons, you can't help people. But with one word from Su Ya Yun, you can make the other side put down their weapons, people are believing in Chairman Su Ya Yun's words!"

Su Ya Yun believed that there must be quite a few people who had this thought in their minds right now, and this, without a doubt, was what she wanted to see very much.

"Let's all take our seats again, and go and help Manager Qi up!" Su Yayun said loudly when she saw that the matter was over.

"Su Ya Yun!"

Qi Yangzhou stood up in a mess, his face full of mud, the other side of his face high and swollen, the corner of his mouth bloody, looking extremely wretched: "You invited a guest, but he's spilling his guts under your nose, don't you care?!"

Su Yayun frowned: "Manager Qi, if I remember correctly, it was you who scolded others first, right? Even though you are the manager of the group, however, young Ji is our group's benefactor!"

"Fine! Good!"

Qi Yangzhou coldly glanced at Su Yayun, then shifted his resentful gaze to Ji Feng's body and laughed fiercely, "How are you, really good! You beat me up today, I hope you won't forget it!"

"Don't mess with me!" Ji Feng's face instantly sank and he shouted lowly.

"Hahaha Hahahaha" Qi Yangzhou laughed wildly, "Good, good!"

He coldly snorted, and directly limped out of the conference room with a big stride, before he left, his eyes were resentful to the extreme.

Qi Yangzhou knew very well that continuing to stay here would only add to the humiliation, besides that, with Su Yayun protecting him, he couldn't do anything to Ji Feng single-handedly, so instead of staying here to be humiliated, he would naturally choose to leave.

"Wait for it, little beast!"

Coming to the corridor outside the conference room, Qi Yangzhou gnashed his teeth in his heart with resentment, "If I let you live through today, I, Qi Yangzhou, will not have a foothold in Hangcheng from now on And that stinking bitch Su Ya Yun, really think she is the leader of the East Sea Gang?"

Ji Feng naturally saw the resentful look in Qi Yangzhou's eyes as he left, he just snorted coldly, not at all bothered, he had seen this kind of people a lot.

"Alright, let's continue the meeting!" Su Yayun didn't care at all, she just said indifferently, "You should all be able to see what is right and what is wrong in what just happened, I won't say any more, Yafan, continue with the briefing!"

"Yes!" Zhao Yafan nodded slightly.

When the crowd saw Su Yayun's performance, they instantly understood what to choose, they immediately sat back down, even Liu Xihu, also sat down again and didn't say anything more.

"Everyone, our operation against the Dragon Tiger Gang has started from a few days ago" Zhao Yafan began to describe the before and after of this operation in detail, especially for the cooperation between the Donghai Group and the Zhou Family, as well as the final attack on Xu Long's headquarters, including the capture of Xu Long alive, were the main points he focused on.

"Boss, are you alright?" Xu Yuan asked in a low voice.

Ji Feng smiled and shook his head, "It's fine, don't worry."

.....

"Hall Master, what's wrong with you?!" As soon as Qi Yangzhou walked to the ground floor lobby, a group of people immediately surrounded him and asked angrily, "Who did this, damn it, I'll kill him!"

The bruises on Qi Yangzhou's face were too obvious, Ji Feng's slap had caused his cheeks to swell up high, plus the dust from being stepped on the ground earlier, that was really wretched to the extreme, where was there any semblance of the hall master's elegance?

When his men saw this scene, they were enraged to the extreme and were all filled with righteous indignation.

"Father, who really did this!"

A young man in his mid-twenties came up and asked through gritted teeth, "Was it Liao Qichang, or Liu Xihu? I'm going to finish them off!"

"Come back!"

Qiyang Zhou roared lowly, "Still think I'm not humiliated enough?"

He gritted his teeth as another sharp pain came from his mouth, causing the muscles in his face to twitch a few times, "Go back! Hmph! I will take revenge for this!"

"Yes!" The young man replied indignantly and then, together with the other men, escorted Qiyang Zhou away.

Walking out of the building, Qi Yangzhou looked back again and secretly said, "I'll remember this slap! The owner of this building will definitely be me, Qiyang Zhou! When the time comes, I will not spare anyone!"

With anger in their hearts, the group of people left in big strides.

At this time, the other hall masters' men who remained in the hall were exploding, each one astonished.

"I didn't just get misty-eyed, did I? Qi Lao San was actually beaten up?"

"Ha, what great news!"

"Yes, he's always been the only one to beat up others, and now he's been beaten up too, he really deserves it!"

These men were all gloating and jeering.

In less than a few moments, the news of Qiyang Zhou being beaten up spread instantly to all the halls. Those people, while shouting with pleasure, were also secretly wondering who was so bold as to dare to beat up Qiyang Zhou?

.....

"Everyone, this is the general story of what happened!" In the meeting room, Zhao Yafan simply and clearly told the story of the attack on the Dragon Tiger Gang, "By now, everyone should know that the capture of Xu Long alive was all due to Young Ji, so it's not too much to say that he's a benefactor of our Donghai Group, right?"

"But but but! Not at all!" A hall master, or manager, nodded his head and said, "I didn't expect that not only did young Ji facilitate the cooperation between our group and the Zhou family, but he even captured Xu Long alive, I really admire and hurry!"

"Yes, so there is such a reason in the middle, I am really thankful for young Ji's helping hand!"

Chapter 848

In a flash, these managers present sighed in admiration and scrambled to show their goodwill to Ji Feng.

Ji Feng smiled and nodded in response one by one, but did not say too much.

He naturally understood that when these managers showed goodwill to themselves, it was hard to say that they were genuinely thanking themselves, people are all profit-oriented, compared to these managers who saw that Su Yayun was on their side, and now that Xu Long had been captured alive, Su Yayun would definitely have a great rise in popularity, so this was why they showed goodwill to themselves.

However, no matter what, this time, without saying one more word, Su Yayun made her prestige instantly increase a lot and became more grateful to Ji Feng, which was a good gain!

Seeing that all these hall masters were showing goodwill to Ji Feng, whether it was those who were already firmly supporting Su Yayun or those who were in neutral, they were already going to lean on Su Yayun, Liu Xihu immediately frowned darkly and was somewhat unhappy in his heart.

"Chairman, what should we do with this Xu Long?" Liu Xihu asked aloud, instantly interrupting the voices of the other hall masters.

However, the others were keenly aware that Liu Xihu, who had always directly addressed Su Yayun by her name, was this time directly called Chairman, and did not look raw and awkward at all.

Obviously, his mentality was gradually changing, or at least, he was now shocked by Ji Feng, only that he himself might not have realised it yet.

But the other Hall Masters realised it. Those Hall Masters who were originally in line with Su Yayun were naturally happy in their hearts, while those who were neutral were secretly aghast. It seemed that Ji Feng's strong shock, coupled with Su Yayun's destruction of the Dragon Tiger Gang in one fell swoop, had caused her prestige to reach an unprecedented height.

This time, no matter if it was Qi Yangzhou or Liu Xihu, they were no longer able to compete with Su Yayun in terms of prestige!

"Xu Long, this old dog, rebelled against the East Sea Gang back then, let's not talk about it, however, he also killed the old gang master, as well as many old brothers in the gang, based on this debt alone, it wouldn't be enough for him to die a hundred times!" At the mention of Xu Long, Su Ya Yun's face turned gloomy, "This time, I'll bring him to the graves of the old gang leader and the other old brothers, and finish him off with my own hands! I will take him to pay tribute to those old brothers who were killed by him!"

"Good!"

Liu Xihu was the first to agree: "Chairman, this is a good idea!"

"That's right, this is a good idea!"

"That's the way to do it!"

"But" Zhao Yafan, however, frowned slightly and said, "Chairman, this is indeed a good idea, but the graves of the old gang leader and those old people are all in the public graveyard area, so isn't it a bit" for us to do this?"

"Yafan, I know what you are worried about!" Su Yayun said, "Hand killing Xu Long to pay tribute to those old people who were killed by him, naturally it can't be done during the daytime, we will choose this evening, first let that old dog Xu Long live another day, tonight, we will go to the public graveyard!"

"Mm, this is most appropriate!" Zhao Yafan nodded slightly.

"In addition, as long as the Hall Leaders of the various halls and some of their powerful generals are present, now that we have just pacified the Dragon Tiger Gang, it is better not to make too much noise at this time, otherwise it will be too noticeable!" Su Ya Yun added, "Some of our brothers are still taking over the venues of the Dragon Tiger Gang, so during the day today, everyone work more, and try to take over all those venues of the Dragon Tiger Gang in the shortest possible time, and operate them according to our way!"

"Yes!"

All the hall masters' eyes glowed as they shouted in response.

Taking over the venues, this was a beautiful job, taking over, the income would definitely increase a lot, this was better than anything else.

What do people do in the jianghu for, is it not for profit? Is there really someone who likes to keep his head on his trouser belt all day long and live in such a precarious situation?

“But let me stress one more point, it’s daytime, don’t be so reckless, restrain your men, only take over, don’t do anything, solve any problems at night, remember?!” Su Ya Yun added: “Whoever violates it, don’t blame me for being unforgiving!”

“Yes!”

All of them were awe-struck in their hearts and seriously took Su Yayun’s words to heart.

Even some people who did not obey Su Yayun in their hearts now had to take it seriously. The words Su Yayun said now had a considerable deterrent effect.

Not to mention anything else, just by exterminating the Dragon Tiger Gang, Su Yayun didn’t even use the people from the various halls, just Liao Qichang brought some people and did it easily, the power in Su Yayun’s hands is not to be underestimated.

“Good, after we finish, let’s have a celebration party, let’s book it at our Donghai Hotel!” Su Yayun smiled faintly, she was satisfied with the current situation, “That’s it, let’s adjourn!”

“It’s good to have a celebration party, haha!”

“Yes, this is indeed good.”

The group of Hall Masters laughed and greeted Su Yayun and Zhao Yafan and left the meeting room.

Of course, they didn’t forget to greet Ji Feng either, no matter what, they couldn’t ignore it just based on the hand Ji Feng showed just now.

“Mr. Su, everything is fine over here, so we should leave too.” Ji Feng stood up and said with a smile.

“You guys are leaving?” Su Yayun was stunned, and then said, “Young Ji, Miss Xu, I think, you guys should stay, although a meal can’t express anything, I still want to treat you guys to dinner to express my gratitude in my heart!”

“Yes, Young Ji, I wonder if we have this honour to be friends with you?” Zhao Yafan also followed suit and laughed, speaking but with more artistry.

Although he knew that the invitation from Su Yayun and her duo was very sincere, Ji Feng still smiled and shook his head to politely decline, “In this way, if Mr. Su doesn’t mind, when you dispose of Xu Long in the evening, I would like to come and have a look, I wonder if it’s okay?”

“Of course it’s no problem!” Su Yayun immediately said, “As long as Ji Shao doesn’t mind, then naturally we are always welcome!”

Ji Feng nodded slightly and smiled, “Well then, I’ll take my leave on this By the way, be careful of Qi Yangzhou, this person will definitely not give up in peace, so make sure to keep an eye on Xu Long during the day, don’t let him have any problems, let alone let him be killed! Otherwise, I won’t have the benefit of my eyes when the time comes.”

“Please don’t worry, don’t wait for Ji Shao, you will definitely not let Xu Long die!” Su Yayun smiled sweetly at once.

“Hehe, then I’ll take my leave, see you tonight!” Ji Feng faintly laughed and said.

“See you tonight!” Su Yayun and Zhao Yafan both got up to see each other off.

Watching Ji Feng and Xu Yuan leave in stride, Su Yayun couldn’t help but stare in a daze, seemingly pondering.

Zhao Yafan, however, said with emotion, “Real people don’t show their faces!”

“Yes!”

Su Yayun naturally knew what Zhao Yafan was talking about, and she couldn’t help but nod her head and say with emotion, “Such a strong body, it’s like a movie Who would have thought that such a young man like a young master would be so terrifying!”

“Big Sister, have you ever noticed that there is a special aura on Younger Ji’s body.” Zhao Yafan said, “..... Perhaps, he really is a young master!”

“Not maybe, but definitely!” Su Yayun affirmed, “Even Fei Fei Zhou is so friendly and somewhat respectful towards him, that’s enough to say something, an ordinary person can’t enter Miss Zhou’s eyes!”

“Yes, it’s really a bit hard to imagine!” Zhao Yafan lamented.

“Hoo

Su Yayun couldn’t help but let out a soft sigh, looking at the empty corridor, bewildered.

“Big Sister, now that we are experiencing happy events, why are we still sighing?” Zhao Yafan asked suspiciously, “But is it because of Qi Laosan?”

“Of course not.” Su Yayun shook her head slightly and said, “Yafan, you’ve met my sister’s, right?”

“Eldest Miss?” Zhao Yafan was stunned, “That’s right, I’ve met her and I’m impressed, Eldest Miss is a very nice person and treats her subordinates gently

“Then, do you think that Miss Xu, who was with Younger Ji just now, looks like my eldest sister?” Su Yayun suddenly asked.

“What?!”

Zhao Yafan exclaimed, “Big Sister, you mean You, are you sure?”

“Sure? Do I still need to ask you?” Su Yayun said in no good humour, “Back then when Xu Long rebelled from the East Sea Gang, it was very chaotic, when it stabilised, Big Sister and her daughter Xu

Yuan disappeared, we searched for a few years but couldn't find them, at that time we all thought that their mother and daughter must have been killed by that old dog Xu Long."

"Yes, Big Sister you were still sad for so long over this matter" Zhao Yafan nodded slightly.

"I think that maybe my big sister and Xu Yuan didn't die, could they have fled because they were afraid of Xu Long?" Su Yayun asked, "Yafan, do you think that Miss Xu, who was with Ji Shao, is like my big sister?"

"It seems There is a slight resemblance!" Zhao Yafan nodded slightly, then had a bright idea and whispered, "Big Sister, in fact, to verify if this Miss Xu is the person you are looking for, it's actually very simple, think about what physical characteristics the person you are looking for has, then take advantage of the celebration tonight to verify it"

"This, this is okay?" Su Ya Yun was a little hesitant.

"Unless you don't want to find Missy and her daughter, Big Sister!" Zhao Yafan said.

"That's the way to do it!" Su Yayun immediately nodded her head and said.

Zhao Yafan, however, secretly said in his heart, "I hope this Miss Xu, is really the person Big Sister is looking for, in that case, the relationship between the East Sea Gang and that young Ji can go even further"

.....

The first thing you need to do is to get back to your home.

Ji Feng naturally understood what was going on, Xu Long was going to be disposed of, and as his daughter, even though she hated him, she definitely did not feel good in her heart.

However, Ji Feng did not persuade her, let alone comfort her, when his plan was completed, her heart would naturally be untied.

And all of this would have to wait until the evening. Because at that time, Su Yayun would execute Xu Long in the public cemetery area to pay tribute to the dead Elder Su, as well as those who had been killed by Xu Long. And this step was the most crucial part of Ji Feng's plan.

If he wanted to untie Xu Yuan's heart, Ji Feng's plan, was the best option!

Only, he couldn't tell Xu Yuan yet, otherwise, the plan wouldn't go well.

Now, just wait for the night to come

Campus Master Chapter 849-850 -

Chapter 849

Inside Zhou Fei Fei's villa in the northern suburbs of Hangzhou, Ji Feng was sitting on the bed in one of the guest rooms, looking at the several suitcases in front of him and frowning in contemplation.

In front of him were four black briefcases, each about half the size of an ordinary suitcase, and heavy to carry, obviously containing a lot of things.

The four black briefcases were the ones that Ji Feng had gotten from the other two men when he had caught Xu Long.

Of course, Ji Feng later learnt from Su Ya Yun that the old man and the young man who were with Xu Long were Xu Long's lapdog butler and his eldest son Xu Chao respectively.

This was quite surprising to him. When Xu Long was fleeing for his life, not only did he not even want the life of his youngest son, but even, he did not bring his wife with him, instead, he took his eldest son Xu Chao and his old butler with him, which was strange.

Ji Feng learnt from Su Ya Yun that Xu Long had a wife, and more than one if you count the lovers.

Xu Chao's mother was likewise alive, and of course, he was Xu Long's nominal wife.

"Could it be that because Xu Long was keeping a lover outside, his relationship with his wife was not good, and that's why he didn't take her along with him on his escape?" Ji Feng couldn't help but secretly shake his head, "But even if Xu Long doesn't have a good relationship with his wife, then his son Xu Chao shouldn't be so desperate that he can even ignore his own mother It's really messy enough!"

He couldn't help but shake his head and laugh, quite speechless.

This seemingly prosperous Taoist boss was actually just like that at home, with an incomparably chaotic private life and not even a single caring person.

Perhaps this is a common phenomenon in all rich and powerful families.

It's like the saying, "There is no ordinary kinship in a big family."

The first time I thought about it, how much kinship was there in the Ji family I belonged to? The first thing you need to do is to get a good idea of how close you are to your family, but in the Ji family, there is a deep divide between the first and second families.

Originally, himself and Ji Shaojun and others, all should have been good brothers, but now

Slightly shaking his head and putting all these thoughts aside, Ji Feng's gaze once again fell on the four briefcases in front of him and couldn't help but say to himself, "Something that important, Xu Long should be carrying it with him, right?"

"Pop!"

Ji Feng opened the first briefcase, and as soon as he lifted it, he couldn't help but be stunned, "This Xu Long, he didn't even forget the money when he was dying!"

Inside this briefcase, there was actually most of the boxes of gold bars, as well as half of the boxes of documents.

These gold bars, almost all of them were inches of gold, which technically could no longer be considered gold bars, but gold bricks!

“No wonder this briefcase is quite heavy, it turns out that what’s inside is actually all these things!” Ji Feng couldn’t help but shake his head, “It seems that this should be Xu Long’s coffin book, otherwise, he wouldn’t have taken it with him when he escaped, he wants to rise again with these things?”

After the emotion, Ji Feng’s gaze fell back on those documents. This box contained precious gold bricks, so these documents should be the things he needed, right?

Ji Feng immediately picked up those documents and read them, however, just after reading a few lines, Ji Feng became even more stunned.

These documents, were actually some bonds!

Ji Feng immediately flipped to the last page, looked at the amount on it, and immediately couldn’t help but suck in a breath of cold air: “Two hundred, two hundred million?!”

“This guy, he actually prepared 200 million bonds privately!” Ji Feng was in awe, those gold bricks looked precious and valuable, but compared to this 200 million yuan bond, it was really a drop in the bucket, “This Xu Long has been the leader of the Dragon Tiger Gang for ten years, just how much money has he raided?”

No wonder Ji Feng didn’t marvel, not to mention anything else, as far as Ji Feng knew, the property of the Flying Dragon Group alone that was swallowed by the Shengshi Group was at least a few hundred million, but now, Xu Long actually still had so much money, his wealth was really scary!

“This guy!” Ji Feng couldn’t help but mutter, he had worked so hard to expand the business of the pharmaceutical factory, and developed the special effects current and Kang Yuan slimming powder, and cooperated with the Tian Yao Group, but in the end, he didn’t even earn so much money, compared to Xu Long, he actually looked like a poor man!

The shock of the 200 million yuan, with Ji Feng’s firm mind could not help but drift off for a moment, he fixed his mind, and only then turned his gaze to the other three boxes.

Ji Feng opened one of the boxes again, and inside were several folded sheets of paper. He was slightly stunned before he took it away and looked at it, only to find that it was a folded landscape painting, and the signature on it seemed to be that of a rather famous ancient painter!

An antique painting!

Ji Feng couldn’t help but shake his head and smile bitterly, and continued to take away the remaining sheets of paper, only to find that they were all calligraphy and paintings, five in total, and he didn’t know how much they were worth, as Ji Feng really didn’t have any research on this.

But when you think about it, to be valued by Xu Long as much as these 200 million yuan bonds and those gold bricks, and to be carried with him when he was fleeing, was enough to see how precious these calligraphy and paintings were!

I’m afraid they were also worth a fortune!

“Wealthy fan!”

Ji Feng couldn’t help but curse, although money was a good thing, it wasn’t the best thing. He believed that as long as he persisted, making money would not be difficult for him at all, but this box did not contain what he needed.

“I just don’t believe it, doesn’t Xu Long carry those life-preserving things with him?” Ji Feng muttered and immediately opened the third box again, but he was shocked to find that this third box, was actually empty, there was nothing in it!

Ji Feng said with hatred, “Does this guy still want to play the game of truth and falsehood?”

Then, he frowned and his gaze fell on the bottom shell of this box.

Swish!

A small knife appeared in Ji Feng’s hand, and he carefully pried the bottom shell open, revealing several pistols underneath, as well as two boxes of bullets at once!

“So it’s a weapon!” Ji Feng couldn’t help but shake his head and smile bitterly, weapons, money, Xu Long was really well prepared, with these things, even if he fled, but no matter where he fled to, he would have a foothold, and he might actually be able to rise again!

“It’s a pity, you won’t have this chance anymore!” Ji Feng sneered.

He casually opened the fourth box, and his gaze swept over it without a second thought, but he suddenly stared!

“This is

Ji Feng’s gaze, fixed dead on the fourth opened box, which, surprisingly, did not contain anything like gold bonds, but a flat plastic box with a black notepad next to it.

“Could it be” Ji Feng’s heart beat rapidly, this should be the thing he was looking for!

He immediately picked up the notepad and quickly flipped through it.

“A Hall, Hall of Fame, Ting, joined the Dragon Tiger Gang in xx, and had successfully completed” The first line on the notepad gave Ji Feng a start, it was a notepad with details of the members of the Dragon Tiger Gang!

“It must be more than that, there must be a name underneath!” This was not what he wanted, but Ji Feng was not discouraged and continued to read on.

Underneath this, there was indeed an incomparably detailed description of some of the circumstances of the Dragon Tiger Gang, as well as a list of the members of each hall, and most importantly, what all these people had done, how many of them had done it on Xu Long’s orders, and how many of them had done it privately, and as a result, they had been praised or punished by Xu Long, all these things were recorded very clearly.

Only now did he understand how Xu Long could have amassed so much wealth in just ten years!

Bullying and bullying, collecting protection money on the streets, even using violent means, forcibly acquiring some small companies, collecting those street girls and engaging in unseemly industries The most important thing is that you have to be able to do all the bad things that you can do, and this Xu Long and his men have almost all of them!

Even the white side is involved on a large scale!

Ji Feng couldn't help but sneer, after ten years of doing this kind of work by such means, it would be really strange if he couldn't gather a huge fortune!

"This kind of bastard, he should simply die ten times over!" Ji Feng couldn't help but snort coldly.

He took a deep breath, tried hard to calm himself down, and continued to read on.

"Because the field on Yangtze River Road was seized, it was necessary to pull down the head of the criminal police brigade xxx" Seeing this, Ji Feng instantly lit up, "This is it!"

He instantly came to life, this was what he really needed, without hesitation, he continued to read on.

Next, Ji Feng's eyes grew brighter and brighter, and when he finished reading the last page, he was instantly overjoyed.

Bang!

Ji Feng slapped the notepad on the bed and secretly said, "It's done!"

He knew that his guess was really right, this Xu Long had brought some of the most important things with him when he was on the run. And what Ji Feng needed the most was this notepad, strictly speaking, the second half of this notepad!

These, are the things that are most needed by the above gaming ah.

The power of the Ji family can enter Jiangsu and Zhejiang, and whether it can cause an earthquake in the official circles in Jiangsu and Zhejiang to make room for others, and this notebook has a great deal to do with it!

"With this notebook! Everything will be fine!" Ji Feng laughed and immediately took out his mobile phone and dialed his second uncle Ji Zhenguo's number.

"Little Feng, are you in trouble?" Ji Zhenguo's voice was as calm and steady as ever, seemingly not the least bit excited or nervous because he was working on a plan, the steady man, who never showed his joy.

"Second uncle, there is no trouble, I am calling to tell you that things are resolved!" Ji Feng laughed, "Got all the stuff too."

"Well done!" Ji Zhenguo was also clearly in high spirits, "Then you bring the stuff back as soon as possible, remember, be safe!"

Feeling the concern in his words, Ji Feng couldn't help but feel a warmth in his heart and smiled, "Second Uncle, don't worry, I'll pay attention. Also, I have something to do during the day today, is it okay if I go back tomorrow?"

"Well!"

Ji Zhenguo nodded and said, "It's not something that can come in a hurry, but you have to remember that everything is done with safety in mind."

"I remember, Second Uncle!" Ji Feng said immediately.

After hanging up the phone, Ji Feng couldn't help but smile slightly, "After the evening, you can go back, this time the trip to Jiangsu and Zhejiang is much more troublesome than last time, but It's also much more meaningful!"

However, Ji Feng was unaware that right at this moment, someone was plotting against him. The arrangements for his return to Jiangzhou will not be that smooth!

Chapter 850

A villa in Hangzhou.

This is a three-storey single villa, with a not-so-small yard, white marble paved steps, as well as that white stone tile paved ground, and cobblestone paved path, in addition to that, can be seen through the iron fence gate, there are also rockery in the yard, flowing water, as if it is a small park, get beautiful.

And looking at the villa, it is a large amount of dark blue glass, with gold trim between each piece, plus a few limousines parked in that courtyard It is not too much to say that it is opulent!

The owner of this villa, however, was a manager of the Donghai Group in Hangzhou, Qi Yangzhou! At the same time, he was also known to be the hall master of the East Sea Gang.

At this moment, Qi Yangzhou was pacing back and forth in the villa's living room, his face ironically blue, almost thundering.

"Bastard, it's just too bastard!" Qiyang Zhou said through gritted teeth, "A little hairy kid, he actually dared to fight me, and he actually"

His cheek, which was still swollen, couldn't help but twitch, the excruciating pain of his teeth being knocked out, still spreading in his mouth, made him shake with anger, if it wasn't for the fact that his teeth were so painful, he could have almost gnashed them!

"Father!"

A young man came striding in and said excitedly, "Father, good news!"

"Bullshit!" Qi Yangzhou was furious and pointed at the youth, shaking with anger, "Your father has been beaten up like this, and you call it good news?!"

The youth instantly turned pale and said in a panic, "Father don't get angry first, you were beaten and I was just as angry, because of that I wanted to avenge my father, so I came up with a solution!"

“What solution?” Qi Yangzhou’s face eased a little, but he still asked with some anger.

“Father, just now Hall Master Wang called and informed us of a piece of news!” The youth said excitedly, “This news is great news for us!”

“Hall Master Wang?” Qi Yangzhou couldn’t help but nod slightly, “It’s a good thing he knew to call, it’s not in vain that I usually value him so much!”

Qi Yangzhou was a Hall Master, and this Hall Master Wang he was talking about was also a Hall Master, but Qi Yangzhou was saying with a big grin that he valued Hall Master Wang, this was clearly treating himself as a gang master.

“Tell me, what is the news that makes you happy like this?!” Qiyang Zhou asked.

“It’s like this, Hall Master Wang said that after we left, that woman Su Ya Yun made another decision.” The youth said, “That bitch decided that she would bring Xu Long to the old gang master’s grave this evening and kill this old dog by hand to pay tribute to the old gang master and some of the other brothers who were killed by Xu Long!”

“What kind of good news is that!” Qi Yangzhou’s face instantly sank as he angrily scolded, “You have nothing better to do than to go and rob the field with those people, and you actually inquire about such little news?”

The youth immediately said, “Father, don’t be anxious, this is indeed good news. Father, according to the news from Hall Master Wang, this time when they defeated Xu Long handily, Su Yayun wanted all the Hall Masters and the main heads of each hall to be present, and afterwards, they will hold a grand celebration at the East Sea Hotel, father, our chance has come!”

“Swish!”

Qi Yangzhou’s gaze snapped up, “You mean, we’ll be there when they handily defeat Xu Long ……”

He didn’t continue, but raised his palm and made a wiping motion on his neck, the meaning couldn’t be more obvious, but then, in a whirlwind, he was puzzled: “It’s not right …… This is not right!”

“Father, what’s wrong?” The youth couldn’t help but ask.

“Since Su Yayun dared to bring all the Hall Masters and the heads of the various Halls to the venue, and also to pay homage to that dead old ghost, she will certainly not be unprepared, even if we make a surprise attack, we may not be completely sure that we will succeed, and once we fail, we will offend all the Hall Masters, and then ……”

He shook his head slightly, dismissing the suggestion that had made him somewhat tempted.

Although his hall was at the top of the East Sea Gang in terms of both financial and battle power, and only Liu Xinqu’s hall could compare with him in terms of battle power, but it was far behind in terms of financial power, yet Qi Yangzhou knew that if he offended all the hall masters, at that time, even if his hall was as powerful as it was, it would not be able to escape the fate of annihilation.

As for himself, that fate would naturally be even more needless to say.

“Father, I am not talking about doing it in the tomb area!” The youth said, “Father, after handily defeating Xu Long, they still have to have a celebration party, at this time, we only need to make a little move in the drinks, hey, even if they are no matter how powerful they are, even if they are all Liu Xinqu, they definitely won’t be able to resist half as much!”

“Oh?!”

Qi Yangzhou instantly brightened up and carefully deliberated. A look of excitement gradually appeared on his face, and the more he pondered, the more he felt that this plan was feasible.

“Father, the second chef in the back hall of the East Sea Hotel, that’s our people, when the time comes, we can arrange a few more people to go in, things will definitely work!” The more the youth spoke, the more his eyes glowed, as if he had already seen that wonderful scene, “As long as those people are under control, when the time comes, those brothers under them will have little ability to resist, father, you can call out from the top, by then, the only way for them to go is to submit.”

“Your solution is good, but how likely it is to succeed, it still needs to be deliberated ……” Qiyang Zhou had obviously been moved, but, considering some of the unexpected circumstances that might arise, he was a little hesitant.

“Father, this is a plan with a very high success rate!” The youth immediately said, “Father, think about it, as long as the back kitchen is our people, as long as Su Yayun those people drink or eat the things we specially prepared …… Even if they have uncanny skills, they can’t make any waves!”

“Well!” Qiyang Zhou nodded slightly, but was still deliberating.

“Father, don’t hesitate any longer!” The youth said excitedly, “According to the news, that brat who beat you up will also attend the celebration, and when the time comes, I will personally avenge father!”

“Good!”

Qiyang Zhou immediately shouted lowly, “Make sure that little beast dies! However, how exactly this matter should be implemented, it still needs to be deliberated in detail.”

“Father, it seems that your revenge will soon be avenged.” Seeing that Qi Yangzhou had agreed to do so, the youth said happily, “Right, from now on, our East Sea Gang, too, will be modified Q!”

“Hm?”

Qiyang Zhou froze, and then laughed out loud, “That’s right, that’s right, the leader of the East Sea Gang, Qiyang Zhou …… Hahahaha ……”

“Su Yayun, Zhao Yafan, Liu Xinqu …… And that little beast!” Accompanied by the youth’s loud laughter, Qi Yangzhou said grimly, “All of these people, all of them will die!”

“That’s right!”

“All of them will die!”

“Hahahaha ……”

Inside this opulent villa, the sound of the father and son duo's wild and smug laughter was heard.

.....

Except for that notepad, Ji Feng handed everything he got from Xu Long to Liu Zejun after rearranging it, but to avoid accidents, he left a pistol behind, as well as nine rounds of bullets.

That is to say, Ji Feng single-handedly handed over something worth hundreds of millions of dollars directly to Liu Zejun without any reservation and without the slightest precaution!

In fact, whether it was Liu Ze-jun, Guo Tao who had more contact with him, or anyone else in the company, Ji Feng always had the same attitude – suspect people and use them without question!

But all those who have come into contact with him, as long as Ji Feng understands the character of the person and the impression he has left on him, he will not always guard the other party with suspicion, but give them sufficient trust so that they can bring their talents into play without any burden.

Of course, there is a limit to trust, and for those who have less contact or do not know much about them, Ji Feng will more or less reserve some of them.

However, for Liu Zejun and Yi Xingchen and others, Ji Feng did not have the slightest doubt. Hundreds of millions of dollars of belongings were indeed quite a lot for Ji Feng, but he was very relieved to give it to Liu Zejun.

Even, Ji Feng didn't even think about whether Liu Zejun would roll these things away, knowing that this was a huge amount of wealth that one could never use up for several lifetimes!

Ji Feng didn't even think about that possibility!

And when Liu Zejun received the three boxes, he likewise had no misgivings, let alone being curious to open them to see what was inside. Since it was Ji Feng who told him to keep them properly, he naturally would not have any discount in carrying them out.

It was precisely because of this kind of unreserved character of the two of them in treating their friends that they became excellent friends within a not too long time of knowing each other.

Perhaps, this quality is something that everyone should have.

After handing over the things to Liu Zejun for safekeeping, Ji Feng still asked him to stay behind to watch over Sasaki and Kawaki Yanzi, while he, on the other hand, directly slapped Xu Shuai unconscious, threw him in the car and drove to the headquarters of the East China Sea Group together with Xu Yuan.

On the way, Xu Yuan's face was very unattractive. In just one day's time, Xu Yuan had already haggard, looking as if her whole body had lost a round of weight, and her mood was even more depressed, without any of the hotness and charm that Ji Feng had when he first met her, not to mention the previous competence and fighting spirit, but only depression.

The first time I saw this situation, Ji Feng could only shake his head and sigh lightly, parents are as big as heaven, even if Xu Yuan hates Xu Long, she really can't stand by and watch Xu Long die.

Even when she thought that Xu Long would be killed, Xu Yuan could not help but shed tears of sadness.

Blood is thicker than water, and hatred can only make people lose their minds temporarily, but kinship is something that can never be broken, no matter if the other party is an unforgivable villain or a hero that is admired by all, there is no escaping the bond of kinship.

"Xu Yuan, if you're tired, take a nap first, we still have a while to go!" Ji Feng said comfortingly, but in his heart he was sighing, "In order to let Xu Yuan untie this knot in her heart, we can only condescend to her for the time being."

Meanwhile, Qi Yangzhou and the others, however, were stepping up their planning and setting up tightly.
