

Campus Master 851

Chapter 851

This is an extremely extensive cemetery area, one of several major cemeteries in Hangzhou. In Hangzhou, where every inch of land is gold, even cemeteries are outrageously expensive.

In fact, not only in Hangzhou, but also in any city in China, the price of a cemetery is as expensive as the price of housing.

Ten years ago, the East Sea Gang, which was on the verge of destruction, naturally did not have much money to choose a feng shui site for the old gang leader, who was killed by his son-in-law at the time.

But it was precisely because of the remoteness of Master Su's tomb that the tribute this evening was able to go ahead.

Although the guardian of the grave might be an old man or a homeless scavenger, no matter who it was, he could not blatantly kill Xu Long in front of people to pay tribute to the dead Master Su, right?

Although there are rules on the road, and everyone understands them, they can never go too far, or else they will definitely not be able to explain to the top.

Fortunately, Master Su's tomb is located in a very remote location and is surrounded by the graves of some of the old brothers of the East China Sea Gang who died in the war, so not only will the people guarding the graves not come over to check, but there will also be no other family members of the deceased coming over to pay their respects, and even if there are, it will be the families of the old brothers of the East China Sea Gang, so there is no need to worry about anything.

Xu Long, Xu Shuai, Xu Chao and Xu Butler, a total of four people, each of them were each held down by two strong and powerful beaters, making them all only kneel in front of the graves of Elder Su and the others.

Su Yayun, the leader of the East Sea Gang, and Zhao Yafan, the general manager of the East Sea Group, were standing behind these four men, their backs to them.

Opposite the two of them, standing opposite Su Ya Yun, were three rows of East Sea Gang brothers standing in neat rows.

These men were all dressed in black suits and black shirts, looking very solemn, as if they were attending a funeral.

Standing in the first row were those hall masters who had attended the meeting in the morning.

Behind them were the powerful generals or leaders of their respective halls, all of whom looked very tough and had a murderous, regal appearance.

In the last row stood some fighters who had distinguished themselves.

And around Master Su's grave area, there was a group of men on guard, now was the time to pay tribute to Master Su, no one was allowed to disturb!

“Uh-uh-!” Xu Long’s mouth was taped shut and his hands were tied behind his back. At this moment, he had already realized what kind of fate he was about to have, and his eyes widened in anger, so to speak, and he struggled hard, his head even kept swinging, trying to break free.

The two men who were holding him were holding him down, and even so, they were tired and sweaty. Even so, they were sweating. Xu Long was already middle-aged, but he was an expert fighter with great strength and was very difficult to restrain.

As Xu Long struggled, the two fighters showed signs that they could not hold him down, and Xu Long’s struggle was getting bigger and bigger, and it looked like he was about to break free.

I believe that if it wasn’t for the fact that Xu Long’s two feet were also tied up, these two thugs might not have been his match!

“Damn it! How dare you be so arrogant even when you’re dead!” Seeing this situation, Liao Qichang cursed angrily and casually took an iron bar from the hand of one of his men next to him and smashed it fiercely on Xu Long’s back.

Bang!

There was a muffled sound.

“Wha—!” Xu Long who was struggling suddenly and violently stiffened his body, immediately twitched a few times and his body went limp and limp. This iron bar, Liao Qichang has exerted a lot of strength, Xu Long’s body is strong, but also difficult to withstand.

“If you make any more noise, I will hang you now!” Liao Qichang sneered.

Swish!

Xu Long turned back, a resentful and chilling gaze shooting out from his eyes as he stared deadly at Liao Qichang.

“How dare you be so arrogant?!” Liao Qichang was instantly furious and immediately said to the two men beside him, “Pluck out his eyes for me!”

“Yes!” The two men immediately responded and were about to step forward to do it.

Xu Long’s face instantly changed, and he immediately struggled again, with a sound coming out of his mouth, “Well! Mmm~~”

“All right!”

Zhao Yafan frowned and said, “Qichang, don’t do anything rash, everything will be arranged by Big Sister!”

“Humph!”

Liao Qichang snorted coldly, waved his hand, and said, “Spare this bastard first”

Only then did those two men stop and retreated to their original positions.

Xu Long did not struggle either, despite his ugly face and resentful and nervous heart, he knew that the more he struggled at the moment, the faster he would die.

At that moment, Xu Chao, who was kneeling next to Xu Long, was struggling continuously, and his throat let out an angry growl, but because his mouth was taped shut, he could only make a nasal sound, but it also showed his defiance.

However, Xu Shuai, who was next to him, was already so scared that his body was weak and his face was so white that if he had not been kneeling, he would have fallen to the ground.

On the contrary, the butler Xu was very calm, but his eyes fell on Xu Chao's body, with complex and inexplicable emotions in his eyes.

Ji Feng was watching all this from a short distance away, but did not say anything. So far, he was just a bystander, even though that Xu Shuai was still the one he brought from Fei Fei Zhou's villa, but this was a family matter of the East China Sea Gang, so he naturally would not interfere.

Suddenly, Ji Feng only felt his sleeve suddenly tighten, and he slightly turned his head sideways to see Xu Yuan looking at Xu Long who was kneeling there with a complicated expression, and a difficult struggle in his beautiful eyes.

Ji Feng naturally understood what Xu Yuan was feeling at the moment, he sighed lightly in his heart and patted Xu Yuan's small hand, but found that her hand was cold, as if she had been very ill.

"Boss" Xu Yuan suddenly turned her head to look at Ji Feng, "I"

Ji Feng faintly shook his head and said, "I know what you want to say, you want me to plead with Su Yayun right? But I think that it would be better for you to ask for this matter."

"I How can I open my mouth" Xu Yuan was gloomy. At this moment, she was about to lose her father and naturally understood what it was like to watch him go to his death. But what about Su Yayun? Her father had likewise been killed, a feeling that she hadn't experienced?

If Su Yayun was just an unrelated person, then Xu Yuan would naturally be able to speak up and plead for mercy, even if she hated her father as much as she did.

But now she couldn't speak up, Su Yayun was her sister-in-law and, what's more, it was Su Yayun's father, her own grandfather, that Xu Long had killed! Under such circumstances, if Xu Yuan opened her mouth to plead for mercy, Su Yayun might even hate Xu Yuan, so how could she let Xu Long off so easily?

That feeling of waiting for ten years in agony and wanting revenge was something Xu Yuan knew better than anyone else.

She herself had cried and waited for such a long time, wanting to avenge her own mother, and so did Su Yayun!

But how could Ji Feng not speak up again?

Xu Yuan couldn't help but feel gloomy, did Ji Feng not want to get involved either, he didn't want to offend Su Yayun and the East China Sea Gang for himself?

For a while, Xu Yuan's mood was in turmoil.

"Brothers!"

Su Yayun's voice suddenly came over, and the two of them immediately turned their heads to look, only to see Su Yayun, who was wearing a black coat, was sinking her pretty face as she said loudly, "More than ten years ago, the old gang master valued Xu Long, and gave him many businesses to dally with, and trusted him extremely, but this is this beast, after his wings were full, he has done something worse than a beast!"

"He!"

Su Yayun pointed at Xu Long, who was kneeling on the ground, and said in a cold voice: "This is the beast that killed the old gang leader and a group of loyal brothers, but Yayun was incompetent, and it took ten years to capture him, and it was only with the help of young Ji. I will do whatever you want!"

"I'll go through fire and soup!" The others shouted at the same time.

Ji Feng smiled and nodded, "You're welcome, Mr. Su."

"Just be smug, I'll see how long you can be smug!" Qi Yangzhou, who was standing in the middle of the first row, narrowed his eyes slightly and stared at the spirited Su Yayun, sneering in his heart, tonight, is the death of you people, by tomorrow, this East Sea Group and the East Sea Gang, will all change their surname to Qi!

He took another glance at Ji Feng not far away, and the chill in his heart intensified, it was this little brute that gave him a great humiliation, tonight he really came, when the time came, as long as he fell into his hands, he would not let him die so painfully.

"I will torture you, begging for life, begging for death!" Qi Yangzhou's eyes flickered with coldness, "I will let you know what will happen to you if you go against me!"

Over here, Su Yayun also gave a slight nod of greeting to Ji Feng, and then looked at those brothers of the Dragon Tiger Gang once again.

"Brothers, Xu Long has been captured alive by us, today, I will kill this beast with my hands and avenge the death of the old gang leader and those old brothers!" Su Yayun waved her palm violently with great vigour!

"Finish him off!"

"That's right, kill him alive!"

These brothers of the East Sea Gang were all in a group, gritting their teeth and saying.

"Big Sister, let me shoot him dead!" Liao Qichang said, "It would be dirtying your hands to let Big Sister do it!"

"Boss, this, what should we do" Xu Yuan was so nervous that she could barely contain herself, a hand clutching Ji Feng's arm tightly, asking eagerly.

Ji Feng said indifferently, "In this situation, there is no way out!"

And over here, Liao Qichang had already taken out his pistol and was ready to make his move. Xu Yuan was in a hurry and was about to rush forward, but she was grabbed by Ji Feng, and then she felt a numbness on her wrist, and immediately, her whole body was paralyzed and stiff, and she could no longer move, but could only look at what was happening in front of her eyes, but her face could not make a sound.

And at this time, Ji Feng suddenly spoke up: "I do have a suggestion!"

"Oh? What suggestion?" Su Yayun asked.

Ji Feng smiled faintly: "I heard that in the past, but anyone who betrayed the gang would be punished by killing them with three stabs and six holes, I see that this Xu Long has done so many evil deeds, this is not too much Killing him with one shot would be too cheap!"

Boom!

Xu Yuan heard Ji Feng's words, a heart instantly became cold, despair and cold, instantly swept through her whole body!

Chapter 852

Xu Yuan's whole body was paralyzed, yet she turned her head with difficulty and stared at Ji Feng.

Because her body was paralyzed and stiff, Xu Yuan's face didn't have much expression, it just changed colour, however, her pair of beautiful eyes were filled with a complex look.

Shock, disappointment, disbelief, despair Countless emotions, all at the same time, surged in her beautiful eyes.

What kind of eyes were those!

Even though Ji Feng did not turn his head to look, he could feel it, he had never seen a person who would have such eyes as Xu Yuan's, expressing the despair, shock, and emotions filled with strong grief in his heart, all in this instant.

In this instant, Ji Feng could completely feel how sad Xu Yuan really was!

Her heart, after hearing Ji Feng's words just now, was completely shattered. Ji Feng's words were like an incomparably sharp boning knife to her, stabbing and scraping back and forth on her heart, causing her already very fragile heart to be riddled with holes, the knife entering her heart and the bone!

Staring at the side of Ji Feng's face, Xu Yuan's lips trembled gently, she was trying to say, "Why, why did you have to do this?!"

Xu Yuan believed that it was impossible for Ji Feng not to know what was in her heart, and the several conversations before had proved that Ji Feng knew her heart very well, she didn't want Xu Long to die like that, she didn't want her sister-in-law Su Yayun to kill Xu Long by hand!

If Xu Long were to die, her heart would ache and ache!

For all this, Ji Feng must have understood.

But why would he even say that?

And more importantly, Xu Yuan's heart was broken because these words were spoken by Ji Feng!

Among these people at the scene, no one understood his feelings better than Ji Feng, and he, likewise, was clear about his feelings for him. In fact, Xu Yuan could clearly feel that Ji Feng was treating himself as if he was leaving, not because he didn't like himself, but because, he had two other girlfriends in Jiangzhou!

Originally, Xu Yuan thought that if she stayed by Ji Feng's side and waited slowly, sooner or later he would understand his feelings and would move his own, and they would definitely be able to be together.

Because of this, Xu Yuan had unreserved trust in Ji Feng!

However, it was this trust and this strong affection that Xu Yuan had for Ji Feng that made Xu Yuan even more heartbroken and hurt even more!

Because no matter what, the words that suggested the execution of Xu Long should not have been spoken by Ji Feng.

That was his own father!

Xu Yuan's heart was dripping blood: "Why, when you knew full well my feelings for you, you actually said such words, not only to put Xu Long to death, but also in such a cruel way, don't you know how much that would hurt me?"

"Or is it that you deliberately said these words to let Su Yayun execute Xu Long in such a cruel way, and you, in turn, wanted to use this move to indirectly tell me that you don't like me? To make me stop having any illusions about you?" Xu Yuan looked at the bemused Ji Feng in disbelief, "If that's the case, then you've succeeded, you've really succeeded, I, Xu Yuan, was really blind to try to be your lover! It turns out that my high climbing will bore you so much, it's really good"

She closed her eyes in pain, her eyes went black, her legs went weak and her whole body fell straight down.

Pop!

Ji Feng hurriedly stretched out his hand and held Xu Yuan without a trace, without letting outsiders see half of it, while he himself, his heart was like a knife, his eyebrows tightened, but he had to pretend as if nothing was wrong, it was really difficult.

"Three knives and six holes?" Su Yayun did not notice Xu Yuan's strange appearance, she was very interested in Ji Feng's suggestion.

"That's right, a punishment like three knives and six holes is enough to make a person suffer!" Ji Feng said with a smile.

Just as he finished his words, Xu Yuan, who was leaning softly against him, couldn't help but shake her body and wake up again, yet she still didn't have the ability to speak and could only let out a soft sigh.

“Ugh!”

Ji Feng frowned, but now he couldn't explain anything to Xu Yuan, in the end, he could only pretend as if nothing was wrong, he just looked at Su Yayun and the others with an expressionless face and said with a light smile, “Of course, this is just a suggestion of mine, as to whether or not to do so, that's a decision that has to be made by Mr. Su.”

“Big Sister, this is a good idea from Younger Ji, three knives and six holes, hey, I'll run the show!” Liao Qichang was instantly overjoyed.

Su Yayun was also quite impressed, in the end this Xu Long could hardly escape death anyway, three knives and six holes or shooting him in one shot, there was no difference in the end. However, the three knives and six holes could make Xu Long suffer, and this would also ease the hatred in her heart, which was indeed good.

“Hall Masters, what do you think?” Su Yayun asked with a smile.

“Not bad, this is a good idea.”

“Three knives and six holes, that's right, we should impose three knives and six holes on this beast Xu Long, so that he will know what happens when he does more evil!”

These hall masters at the bottom all nodded their heads and agreed with Ji Feng's suggestion.

While Ji Feng looked at it, he cursed, not to mention anything else, just these guys, which one of them hadn't done bad things? If a person who is in the street has never done anything bad, I'm afraid that even if I told a dog about it, the dog would bite him. However, this is the rule of the underground world, everyone understands that there is light and there is darkness, and it is the same everywhere. As long as what they do does not endanger the lives of ordinary people and they do not go so far, no one will say anything.

As the saying goes, if the water is clear, there will be no fish, and if people are observant, there will be no disciples, that's the truth!

“Big Sister, let's do it like this!” Liao Qichang suggested.

“Good!”

Su Yayun couldn't help but nod as well, “Three knives and six holes!”

“Big Sister, let me execute it!” Liao Qichang immediately said excitedly, “Three knives and six holes, I've never tried it before!”

“I want to do it myself!” Su Yayun said in a cold voice, “Bring the knife!”

“Yes!”

A henchman next to her immediately handed over a machete.

Swish!

Su Yayun took the machete and strided towards Xu Long, looking at Xu Long's resentful face, she laughed coldly, "Old dog, when you killed my father and the other brothers, did you ever think that this day would come!"

"Today, I'm going to kill you slash by slash, and you'll see your downfall with your own eyes!" Su Yayun said in a cold voice.

"Well~~~~" Xu Long struggled angrily, but was held down by two members of the Donghai Gang, plus the stick he had received earlier, he could not struggle up, he could only watch Su Yayun holding the machete and walking closer and closer.

"Big Sister, let me take the other few!" Liao Qichang asked excitedly.

"You choose one, anyone else who wants to come, come over and choose one too, just come out with three people!" Su Yayun said loudly.

"I'll do it!" Liu Xinhua was the first to shout.

"I'll come too!"

"And me!"

.....

One by one, the members shouted and walked out, each holding a machete and walking towards Xu Chao, Xu Shuai, and that Xu butler.

Ji Feng looked at all this indifferently, without any feeling of fear or discomfort. Although he had never seen this kind of scene, the so-called torture he had experienced was far more terrifying than this. In the training space of the intelligent brain, he had experienced all kinds of mental torture and physical torture, and the painful feeling was nothing compared to this kind of punishment of three knives and six holes!

The so-called "three knives and six holes" was a kind of punishment within the gang, which was said to have originated from the former Jiangzhou gang, the Little Knives, and was used on gang members who had done something irrevocably wrong, or who wanted to take the blame.

This punishment of three knives and six holes was used, which meant that a knife was used to pierce a hole in the calf's stomach and other places, and the opposite piercing was two holes, making a total of three knives, which is called three knives and six holes.

But whether or not it originated from this is untraceable.

Moreover, this kind of punishment has developed into something else nowadays, because the gangs nowadays, too, have developed into something else, only for the sake of profit, without the slightest consideration for anything else, and there is no longer any other sense of righteousness or preservation of the home or anything like that, and what is left is almost all dross.

The weapons have gradually changed from cold weapons to hot weapons such as long and short guns.

As a result, the three swords and six holes were not used as easily.

However, when this punishment was used, instead of stabbing holes in the stomach and legs, the three places where the punishment was used were the ankles, wrists and throat. In this way, the tendons of the hands and feet would all be severed, and with the throat pierced, there would naturally be no chance of survival.

“Ugh...!” A muffled scream suddenly rang out, and Ji Feng snapped back to his senses, only to find that both of Xu Long’s feet were already a bloody mess, Su Yayun had picked his hamstrings!

Swish!

Another knife flashed, and the tendons of Xu Long’s two hands, too, were picked off.

Ji Feng, however, lit up in front of his eyes, Su Yayun’s knife technique, both in terms of strength and accuracy, was quite good, she turned out to be an expert in using knives!

“Old dog, go to hell!” Su Yayun said in a cold voice as she sent out a slash.

Poof!

A line of blood spurted out from Xu Long’s throat, and he didn’t react half-heartedly as he fell straight down.

And at this time, Xu Shuai and the others had all fallen to the same fate, sprawled on the ground like dead dogs.

Ji Feng only felt a sinking feeling on his body, and Xu Yuan directly fainted.

Su Yayun coldly glanced at a few people and bowed towards the grave again, and the others immediately followed suit with bows and salutes.

After this action against the Dragon Tiger Gang and today’s incident, Su Yayun’s prestige rose to an unprecedented height, and none of the people present dared to say anything strange, or even show a half-hearted expression.

When everything was finished, Su Yayun waved her hand, “Go!”

“Big Sister, what about these few guys?” Liao Qichang pointed at Xu Long and the others on the ground.

“Drag them back and throw them into the wild!” Su Yayun said indifferently.

Afterwards, each returned to the car, but Ji Feng was holding Xu Yuan with one hand while saying to a member of the East China Sea Gang who was cleaning up Xu Long and the others, “Just leave this guy to me, you guys go clean up the other few!”

Those people knew that Ji Feng was considered one of their own, so they nodded and carried Xu Chao and Xu Shuai and Xu Butler and the others, and quickly left.

Ji Feng looked at Xu Long, who was lying on the ground already dead, shook his head slightly and frowned, “Saving you really makes my conscience feel guilty, but I can’t not save you yet”

He turned his head and took another look at Xu Yuan who had passed out and couldn’t help but let out a soft sigh.

Campus Master

Chapter 853

It was another dark night, the wind was howling and snowflakes were falling from the sky. In less than an hour, the tomb area turned into a white world, and although the snow was not too thick, the originally dark night was much brighter under the snow.

However, in this remote area of the cemetery, which is off the beaten track, a human figure flashed by from time to time in the whistling cold wind, making people's hearts shiver and their hair stand on end.

This silhouette was naturally Ji Feng.

At this time, he was only wearing a shirt and his leather jacket had already been draped over Xu Yuan, but even so, the howling cold wind could not affect Ji Feng in any way, although he could feel the cold air, but he was not cold at all.

Xu Yuan, on the other hand, was a very different story. She was still unconscious, and because of the cold, her body was curled up in a ball, half leaning against a tombstone.

The car was parked in the car park of the cemetery and was still more than 20 minutes away from here, so Ji Feng couldn't put Xu Yuan back in the car, so he had to let her stay here for the time being, and was relieved to be by his side. The car was parked in the car park, and Xu Yuan was unconscious and alone in the car, which was not very safe.

Don't think that because few people come to this cemetery, it must be safe. In fact, there are occasionally scavengers or people with special circumstances who come here to pick up some fresh offerings to feed themselves, which, to put it mildly, is heartbreaking.

However, if one is hungry, one can do anything. If one comes across Xu Yuan unconscious in the car, one might do something.

Naturally, Ji Feng would not take that risk.

In front of Ji Feng, there was a person lying. Saying it was a person, in fact, technically speaking, it could only be considered a corpse.

This was Xu Long.

At this moment, this Xu Long who was lying on the ground quite corporeally, could not have the prestige of the leader of the Dragon Tiger Gang, much less the life, and had just turned into a corpse.

Only, because Xu Long had only just died, his corpse had not yet stiffened, and even the temperature on his body was still there.

"Eh!"

Ji Feng faintly shook his head and squatted down, putting one hand on Xu Long's wrist.

The cold wind was howling here now, and I'm afraid it was several degrees below zero, so if he wasn't treated quickly, I'm afraid that after a few minutes, this guy would really turn into a corpse.

And now, Xu Long only had his trachea cut, so in Ji Feng's opinion, it wasn't irredeemable.

"It's all for Xu Yuan's sake!" Ji Feng couldn't help but shake his head and smile bitterly, turning his head to look at Xu Yuan who was still unconscious, "I don't know to what extent she hates me"

It's too late to think more, Ji Feng took out a small bottle from his pocket and poured out a special effect current from it.

This is not a weakened version of the special effects current produced by the Tengfei Pharmaceutical Factory, but the one that Ji Feng had purposely stayed up all night to make in order to save his grandfather's life, and the bottle of special effects current at that time was consumed until now, and there are only so many grains left.

Ji Feng slowly activated the bio-current and applied it to his hands, first stimulating Xu Long's body with the bio-current so that his vitality would not disappear. At the same time, under the stimulation of the bio-current, Xu Long's body showed a natural reaction and his mouth opened slightly.

Ji Feng immediately fed the bio-current down, then casually grabbed a handful of snow from the ground next to him and stuffed it into Xu Long's mouth, using the bio-current to stuff it in along with the special effects current he had fed down before.

Afterwards, Ji Feng quickly bandaged Xu Long's wounds and then combed his body with bio-current to make sure that Xu Long's heart had resumed beating.

At least, Xu Long's life would not be in danger in a short time.

Looking at Xu Long, who was already breathing weakly, Ji Feng couldn't help but shake his head slightly and secretly said, "Fortunately, my buddy has also learnt the art of first aid, otherwise, you'd be waiting to die!"

After doing this, Ji Feng couldn't help but glance back at Xu Yuan and found that she was still unconscious, so he couldn't help but shake his head, "Another physical job!"

Ji Feng stood up, lifted Xu Long with one hand, walked over to Xu Yuan's side again, carried her, and walked out of the tomb area with quick steps.

.....

Bang Bang Bang!

The car pressed on the uneven gravel road and the tyres made a series of sounds.

Ji Feng couldn't help but frown slightly and turned his head to look at Xu Yuan, who was still unconscious on the passenger seat, she was also shaken by the bumps and her head almost hit the car window glass several times.

Ji Feng hurriedly stretched out a hand to support her, fearing that she might bump into it.

Buzz~~~!

The low roar of the engine and the slight lurching sensation that came from time to time caused Xu Yuan to gradually wake up.

She slowly opened her beautiful eyes, revealing a hint of confusion, and first looked down before turning her head to look, only to see Ji Feng, who was driving, just in time. Immediately afterwards, she seemed to remember something, her face changed dramatically and her chest rose and fell violently from her breathing.

“Stop, stop the car!” Xu Yuan said somewhat weakly, her words were said with great effort, as if she had used up all her strength. However, her tone was very cold, cold as if she was dealing with an irrelevant person who, it seemed, was doing something that disgusted her greatly.

Ji Feng was stunned, then he smiled and asked, “Awake? Then hurry up and sit down.”

“Stop the car!” Xu Yuan said indifferently.

Ji Feng asked with a smile, “Really let me park the car? What, you’re just going to break up with me like that?”

Xu Yuan turned her head to look out of the car window, she slowly closed her eyes again, a crystal teardrop, slipped down from the corner of her eyes, she was crying silently.

“Stop the car, I want to get out!” In Xu Yuan’s voice, there was a hint of determination, “Ji Feng, from now on, you and I are just passers-by, no more half-assed involvement! And I have nothing to do with Xiao’s Pharmaceutical Factory. Stop the car, I’ve made my decision and won’t change it anymore.”

“Really not thinking about it anymore?” Ji Feng asked smilingly, but didn’t feel half surprised at what she said, let alone any panic because Xu Yuan said these words, “Why don’t you think about it again, I’m actually still a very nice person, this is not a boast!”

“Stop the car!” Xu Yuan closed her eyes, tears rustling down, the more she heard Ji Feng’s voice, the more her heart hurt.

She liked Ji Feng, really liked him.

However, what Ji Feng had done in the graveyard area had completely broken her heart.

Even though Xu Long had done so many evil things that even a hundred deaths would not be enough to relieve the hatred in many people’s hearts, yet, he was his own father, this was real and no one could change it.

Yet, Ji Feng did not allow him to even have a painful death, and he was eventually killed by three stabs and six holes!

Each of those stabs seemed to be cut on her heart, and it was as if they were cut by Ji Feng’s own hands, a pain that people who hadn’t experienced it first hand would never be able to appreciate.

Just as the saying goes, the person I love the most hurts me the most Xu Yuan’s heart, that’s how it broke.

“It’s fine if you want me to park, but are you sure you don’t regret it?” Ji Feng asked smilingly.

Xu Yuan was silent, took a deep breath, and directly reached out to open the door and get out of the car.

Ji Feng was startled and didn't dare to tease her anymore, and hurriedly said, "Fine, fine, I'll park the car!"

Only then did Xu Yuan stop and wait for Ji Feng to stop the car, but she didn't even look at Ji Feng.

Ji Feng couldn't help but shake his head and laugh bitterly, and hurriedly parked the car on the side of the road.

Bang!

Xu Yuan opened the car door and was about to get out, but was stopped by Ji Feng: "Xu Yuan, aren't you going to listen to me for a few words before you go?"

"There's nothing more to say, what you've done already says it all!" Xu Yuan said indifferently.

Ji Feng harrumphed, "Alright! It's fine for you to leave, but please take the person in the back seat of the car with you as well, okay?"

"Other people don't have anything to do with me, I have no responsibility to take anyone away." Xu Yuan shook her head in despair, "There is no one else in this world that has anything to do with me anymore"

"Don't jump to conclusions yet, go see who's in the back seat of the car and then talk!" Ji Feng directly interrupted her and said lamely.

Xu Yuan had a hint of hesitation, originally she believed in Ji Feng very much, but since what happened this evening, she completely despaired of Ji Feng, and, for this world, she didn't even dare to believe in it anymore.

"Go and have a look!" Ji Feng said, "Take a look, it's no big deal, right?"

Xu Yuan finally took two steps forward, and Ji Feng directly lowered the rear window, while turning on the lighting inside the car, so that Xu Yuan could have a clear look.

At this moment, Xu Yuan came to the back seat of the car and absently looked towards the car, only to find that there was a person lying in the back seat of the car. When her eyes fell on that person's face, her face changed dramatically!

Swish!

Xu Yuan's beautiful eyes instantly widened, her face full of shock, the person in the back seat of the car, was actually Xu Long!

At this moment, Xu Long's face was somewhat pale, his body was still covered with an overcoat, and most importantly, his chest, was rising and falling slightly in a regular manner!

He was still alive!

Boom!

Xu Yuan felt as if she had been struck by lightning, her body was stiff, her mouth was dry, her heart was pounding, she couldn't believe what her eyes were seeing!

Xu Long's chest was rising and falling slightly, and with great regularity, it was clearly him breathing, listen carefully and you can still hear his faint breathing All these signs were enough to indicate one thing, Xu Long was really still alive! He is not dead!

"Swish!"

Xu Yuan fiercely turned her head and looked at Ji Feng who was sitting in the driver's seat, her face was incomparably excited, those sexy red lips were trembling, "Ji, Ji Feng, this"

Chapter 854

This can't be!

This was Xu Yuan's first reaction when she saw Xu Long.

Xu Yuan knew very well that she had watched with her own eyes as her sister-in-law Su Yayun slashed Xu Long three times and six times, the last one directly cutting his throat, the blood spurting out as if it was a line of blood, making Xu Yuan's heart seize up.

And then, Xu Long's body twitched a few times and he died just like that.

Xu Yuan was absolutely certain that she hadn't been blurry-eyed or delusional at the time, that was what she had seen with her own eyes, there was absolutely no mistake about it!

Yet now she found out that Xu Long was still alive, he was really still alive!

This was simply impossible, it was just too unbelievable!

Xu Yuan was afraid that she was dreaming, she could only look at Ji Feng with anticipation and fear, hoping that the answer she got from Ji Feng's mouth was what she wanted!

"What's going on?" Xu Yuan asked in a trembling voice.

With a smile on his face, Ji Feng said carelessly, "Oh, you're talking about this, so what, after everyone else left, I saw that he could still be saved, so I gave him a simple treatment, now he is temporarily stabilized, no danger to his life in a short time By the way, don't you want to leave? Take him with you, let's go together!"

Boom!

Xu Yuan's heart was filled with intense joy, at this moment, where could she still care about Ji Feng's flirting? Her mind was filled with the joy that her father was not dead, causing her to lose her temper on the spot and burst into tears.

Ji Feng immediately frowned and hurriedly got out of the car, shaking his head and smiling bitterly, "Alas, women are made of water!"

He came to Xu Yuan's side and took a piece of paper to help her wipe her tears while laughing, "Hurry up and wipe it off, this cold weather will easily age your skin."

"Oooh" It was okay if Ji Feng didn't say it, but when he did, Xu Yuan immediately flung herself into his arms and cried out sadly and painfully, "Ji Feng"

Ji Feng was heartbroken and amused in his heart, “I say, are you sad, touched, or something else here? Crying and shouting my name, those who don’t know think you’re crying about me, you curse me to die young, huh?”

“Oooh” Xu Yuan also ignored his flirtation and sneering jokes, and just let out a painful cry, crying heartbreakingly, as if she wanted to vent out the biggest grievances and bitterness in her heart.

Ji Feng was helpless and could only embrace her, gently patting her back so that she would not cry out of breath.

Finally, after ten minutes or so, Xu Yuan’s crying subsided and her emotions gradually eased off, but she was still snuggled in Ji Feng’s arms, her arms tightly wrapped around Ji Feng’s waist, unwilling to get up.

Ji Feng hesitated for a moment, but finally lifted a hand and gently stroked her soft hair. Xu Yuan’s long hair was permed into big wavy curls, and it was quite fun to touch

“Shit!”

Ji Feng couldn’t help but curse, what time is it, he actually still has the heart to think about this

The two of them were in the middle of a battle, and the two of them were in the middle of a battle, and the two of them were in the middle of a battle, and the two of them were in the middle of a battle.

The two of them just embraced in silence, neither of them taking the initiative to speak, until the quiet was broken by the sound of the doctor sneezing.

“Ah-choo!” Xu Yuan suddenly sneezed.

Ji Feng immediately laughed: “Huh”

“Hiss...!”

The next moment, he felt a pain coming from his waist – of course, it wasn’t really painful, with Ji Feng’s physical strength, this pinch or two from Xu Yuan was not as strong as a tickle, but in order to show his pain, Ji Feng still made sure to act like he was sucking in cold air

Many men are like this.

Soon, the small hand that was wringing Ji Feng’s soft flesh let go and the action turned into a gentle caress again.

“Xu Yuan, it’s too cold outside, it’s better to go to the car!” Ji Feng said. Xu Yuan had originally been unconscious for a short time while in the tomb area, and now that she was out in the cold again, she would probably catch a cold.

“Mm! Hurry up and go inside!” At this moment, Xu Yuan suddenly reacted, but Ji Feng was only wearing a shirt!

She was immediately distressed and hurriedly urged Ji Feng to go in.

She, herself, looked back at Xu Long in the back seat of the car and quickly sat down on the passenger seat.

Sitting in the car once again, Xu Yuan's mood had changed significantly compared to before. At this moment, her face was flushed, her eyes, which had just cried, were slightly red, but still watery and charming, especially the shy and sweet look on her face.

For a moment, Ji Feng looked a little stunned.

When she saw Ji Feng staring at herself, Xu Yuan's pretty face became even redder, but she no longer avoided it, just gave Ji Feng a flirtatious white glance and pouted, "Still looking, haven't seen it!"

"I've seen it, but I just haven't seen you in your current state, tsk" Ji Feng looked like a rogue and he laughed, "Little girl, smile for the master to see!"

"You're going to die!"

Xu Yuan's pretty face turned red, spat lightly, and subconsciously glanced back, which meant to tell Ji Feng that her father was still lying behind her!

Ji Feng waved his hand and laughed, "Don't worry about it, he's only in a coma now, he can only be guaranteed not to die, there's no telling how long it will take to wake up."

When Xu Yuan heard this, her face changed slightly and she hurriedly asked, "Is it really not life-threatening?"

"Don't worry, it's definitely not!" Ji Feng said with a smile.

Only then did Xu Yuan feel relieved, looking at Ji Feng's smiling appearance, a strong tenderness rose in her heart and she softly said, "Ji Feng, thank you!"

"You're welcome!" Ji Feng harrumphed, "Just a casual rescue."

Xu Yuan, however, shook her head slightly and said, "Ji Feng, although I don't know what method you used to save him, but that doesn't mean I can't understand anything, I'm not a fool."

"Oh?"

Ji Feng asked curiously, "What all did you think of?"

Xu Yuan smiled sweetly, turned her body sideways and leaned lightly on Ji Feng's shoulder, her beautiful eyes were soft as water as she said softly, "I know that I actually misunderstood you, at first I couldn't think of it, but now that I think about it carefully, I can understand that it was actually you who did it on purpose before, you did it to save Xu Long."

"You've made me sound a bit of a godsend, haven't you?" Ji Feng said smilingly, "If I was trying to save him, why would I need to bring him back? Wouldn't there be no problem at all if I just let him go?"

"This"

Xu Yuan couldn't help but be stunned, somewhat unable to answer.

Ji Feng laughed: "Well, don't think so much, the most important thing now is to send your father for a simple treatment first, I don't have the tools and medicines to treat his wounds that thoroughly, it's better to get it done in the hospital."

“He’s not my father!” Xu Yuan immediately said coldly.

“Huh” Ji Feng just laughed and didn’t say anything.

Xu Yuan sighed lightly, “Ji Feng, what I said is true, because he is my father, so I can’t bear to see him die, and you saved him, from now on, I have nothing to do with him, I am not going to let a man who killed my mother be my father!”

Ji Feng just nodded his head and asked, “Then what are you going to do with him!”

“I don’t care!”

Xu Yuan said coldly, “As long as he doesn’t die in front of me, I don’t care where I leave him”

“Well, I’ll deal with it then!” Ji Feng laughed, naturally he couldn’t really throw Xu Long down like Xu Yuan had said.

Next, Ji Feng restarted the car, but didn’t put on too much speed because it was snowing outside and the road was slippery.

Xu Yuan also did not speak again, just that she looked at Ji Feng from time to time, and in those beautiful eyes, the love was so strong that Ji Feng hemmed and hawed, but also had a great sense of dawning.

He didn’t even expect that there would be a breakthrough between him and Xu Yuan in this situation, this world is unpredictable, it’s really not an empty phrase!

“I understand!”

Ji Feng was driving when Xu Yuan next to him suddenly said, her beautiful eyes burning as she looked at Ji Feng, a touching look on her pretty face, “Ji Feng, thank you”

“What’s wrong?”

The company’s main business is to provide a wide range of products and services to the market. Why are you suddenly talking nonsense?”

“I’m sober, and it’s precisely because I’m sober that I’ve figured out the cause and effect!” Xu Yuan’s beautiful eyes stared at Ji Feng and said in a very certain tone, “From the time you captured Xu Long and came back, until now, in fact, you did it all to get me unstuck, and also to get my sister-in-law unstuck!”

“Oh? Is that so!” Ji Feng laughed, not admitting or denying it. But in reality, he was a bit surprised, not expecting Xu Yuan to figure it out so quickly, her intelligence was really not comparable to ordinary people.

“That’s definitely the case!” Xu Yuan said, “Xu Long has done so many bad things and killed my grandfather, if I didn’t kill him with my own hands, my sister-in-law would have a sinking feeling in her heart for the rest of her life, but, this person and I are inseparable, and you understand my mind

Therefore, you took him back and asked my sister-in-law to kill him, but did not let her shoot the man directly, that is because, you had special methods to save the man after his throat was cut by a knife and

still be sure of saving him, but did not dare to guarantee that he would be brought back to life if he was shot.”

“It is also because of this that you deliberately said the punishment of three knives and six holes, in this way, you not only let my sister-in-law vent her hatred and kill her enemy with her own hands, but also abolished the man, saved his life again, and also unlocked my heart” Said here, Xu Yuan’s eyes have been a little red, her nose is also a little sour: “You did all these things for me and my sister-in-law, but I misunderstood you so much and was indifferent to you Ji Feng, will you blame me?”

“Of course I will blame you!” Ji Feng hummed, “I won’t just blame you, I’ll punish you!”

“I’m willing to accept punishment, any punishment!” Xu Yuan said immediately, thinking of what Ji Feng had done for her, her heart was soft and soft, touched with self-reproach, yet warm in this cold winter.

“Really willing to accept any punishment?” Ji Feng repeated the question.

“Mm!” Xu Yuan immediately nodded her head firmly, “I am willing!”

A wicked smile suddenly appeared on Ji Feng’s face, “Well then, since that’s the case, then you will be punished to be my lover, and for life!”

Campus Master

Chapter 855

Because the news that Xu Long was still alive had to be kept strictly confidential, so, after discussing with Xu Yuan, Ji Feng placed Xu Long in a small clinic around Hangzhou, and gave enough money for that doctor to simply dress Xu Long with medicine and simple treatment, and after making sure that Xu Long’s life was not in danger, the two of them returned.

“Young Ji, thank you so much!”

Just after 8pm, Ji Feng and Xu Yuan returned to Fei Fei Zhou’s villa in the northern suburbs of Hangzhou, and Ji YuYing greeted them with a happy face, her tall figure looking full of joy, walking modestly and with a hint of a woman’s characteristic charm.

“Oh?”

Ji Feng’s heart stirred, “Things are done?”

“It’s done!” Ji YuYing nodded and said, “The entire LianZhu Clan is grateful for Ji Shao’s generous help, my father asked me to greet you on his behalf, Ji Shao, the LianZhu Clan owes you a huge favor!”

Ji Feng made a gesture of invitation, gesturing for her to sit down. Xu Yuan took the initiative to assume the role of a waitress and went to make a cup of hot tea for each of them, she herself also made a large cup, after blowing outside for a while today in the cold wind, her whole body was almost frozen through, she had to hurry to drink a cup of hot tea to warm her body.

“General Ji, not a small harvest this time, right?” Ji Feng asked with a smile.

The Yamaguchi group in the boundary tent was a piece of fat meat, and the Lianzhu Gang was hostile to him, so it would be unjustifiable if he didn’t bite down hard. I believe that the person in charge of the JT

gang would not be so lacking in vision and boldness, otherwise he would not be able to control such a big gang.

Ji YuYing nodded in satisfaction and said, "I also have to thank Young Ji for his help, this time a large number of Yamaguchi Group forces were forced to withdraw from Treasure Island, and there were some other gains, our Lianzhu Gang has been relieved of a lot of pressure and has a buffer."

"It's good to have gains!" Ji Feng harrumphed, "Since we've got the benefits, we can turn the other cheek now."

Ji YuYi couldn't help but smile sweetly and blinked her beautiful eyes, "Technically speaking, it should be a strategy."

Ji Feng instantly laughed, the competition between the two sides, this is how it is supposed to be, to put it nicely is strategy, to put it badly that is despicable tactics, this is not surprising.

The actual fact is that you will not expect your opponent to be able to do it head on, even on the battlefield, there is a sneak attack and ambush, as well as a variety of tactics, not to mention this kind of fight without smoke and mirrors, which is no worse than war, is the same cruelty.

If you win, you will enjoy your wealth and prosperity, but if you lose, I'm afraid you won't even have the chance to be a prisoner.

"Young Ji, my father has said that if Young Ji has any requests, just ask, we will definitely try our best to meet them!" After talking about the harvest, Ji YuYing then started to talk about the reward, this time it didn't take a single knife or a single soldier to get such a big benefit, making the Yamaguchi group suffer a big defeat, this favor was not small.

Ji Feng waved his hand and smiled, "There are requests, as long as we both cooperate happily in the future, that's my biggest request."

"Cooperation is cooperation, and what we are talking about now is a different matter!" Ji YuYi's cicada head shook lightly, "Young Ji, the effect of KangYuan slimming powder produced by Xiao's pharmaceutical factory, I have witnessed it with my own eyes in the past few days, the product is good, even without this matter, we will still try our best to cooperate with you, so this does not count in your request."

Ji Feng thought about it and then smiled, "Then, let's do this, my request is In the future, it's fine for both of us to strengthen our cooperation and interchange."

"Young Ji, this is too much for you." Ji YuYing smiled shyly and said, "Well then, since Mr. Ji insists on not asking for anything, I will take this favor, and in the future, if Mr. Ji asks for anything, the United Bamboo Gang will do its best to meet it!"

"Mm!"

Ji Feng nodded with a smile and said, "Maybe I will really ask you guys for something in the future."

"Young Ji can rest assured though!" Ji YuYi nodded heavily and gave a promise.

Ji Feng then smiled, this time, helping the Lianzhu Gang was only a handful, but he knew clearly that this was a great favour to the Lianzhu Gang.

The fact that this relationship is there, it will be much easier to find the United Bamboo Gang to do something in the future, which is also an unexpected gain.

In fact, what Ji Feng is most wary of now is the dynasty of the hidden boundary canopy, while Treasure Island can act as a buffer in the middle, and perhaps, it can also be used as a strange army.

However, Ji Feng also knows that if there is no common interest between the two sides, the United Bamboo Gang, at most, will be used once or twice by itself, and will be content.

The thing about favours is that they are like deposits in a bank, if you use them once, you get less. Unless one keeps depositing money into it, one day it will be used up.

“Young Ji, I can’t stay in Jiangsu and Zhejiang for too long, I think we should finalise some matters of cooperation tomorrow, what do you think?” Ji YuYing took the initiative to bring up the matter of cooperation, on the one hand because the quality of KangYuan slimming powder is really over the top, and on the other hand, he also wanted to express his gratitude, take some initiative, so that people don’t think you’re a person who tears down bridges over the river!

Ji Feng smiled and pointed at Xu Yuan and said, “Of course it’s no problem, Xu Yuan, you’ll be in charge of this matter.”

“Mm!”

Xu Yuan faintly nodded her head.

“Ding” Just then, Ji Feng’s phone suddenly rang, and when he took it out to take a look, it was Su Yayun calling.

“Chief Su!” Ji Feng smiled and picked up the phone.

“Young Ji, our celebration party is about to start, why haven’t I seen you?” Su Yayun’s voice came over the phone, “Young Ji, this celebration party can’t be done without you.”

Ji Feng looked at the time, it was almost half past eight, he laughed, “I won’t be there, right? You guys can just enjoy yourselves.”

“What, does Ji Shao look down on us jianghu people?” Su Ya Yun slightly snapped.

“No matter!” Ji Feng shook his head and smiled, “Alright, I’m going over there, you tell me the address.”

Su Yayun immediately gave the address and added, “Young Ji, make sure you don’t miss your appointment!”

“No, no!” Ji Feng smiled and hung up the phone.

“Young Ji, you get busy first then!” Ji YuYi very sensibly stood up and smiled coquettishly, “I’m a bit sleepy, so I’ll go upstairs to rest first.”

Soon, only Ji Feng and Xu Yuan were left in the living room, so Ji Feng asked, "Can you physically carry it off? Do you want to go together?"

If it was Xiao Yuxuan and Tong Lei, Ji Feng definitely wouldn't have asked this question, they both had a much better constitution than ordinary people, there was no such thing as catching a cold, but not Xu Yuan.

Xu Yuan shook her head and said, "I'd better not go"

"Is it because you don't feel well?" Ji Feng asked with a frown at once.

"No!" Xu Yuan faintly shook her head and hesitated for a moment before saying softly, "I just feel, somewhat ashamed of my sister-in-law, and besides, she doesn't know that I'm still around, so"

"So it's like that!" Ji Feng nodded and laughed, "It's actually nothing, after all, Su Yayun really did kill Xu Long, only to be saved by me later, technically speaking, she's gotten her revenge."

"But, isn't it because she had a celebration party today for killing Xu Long?" Xu Yuan faintly shook her head.

When she said this, Ji Feng understood. Su Yayun thought she had killed Xu Long, but in reality, Xu Long was not dead, therefore, Xu Yuan did not want to go see Su Yayun, so what should she say if she saw that happy look on Su Yayun's face?

"Fine, then you stay here to rest and instantly think about how to talk to Pioneer Pharmaceutical Group about cooperation, I'll go there alone!" Ji Feng said with a smile.

"Mm!" Xu Yuan faintly nodded her head.

Ji Feng picked up the keys and went to instruct Liu Zejun a few more times to keep an eye on Sasaki and Kawaki Yanzi, and then only then did he rush towards the East China Sea Hotel.

In fact, in Ji Feng's opinion, Xu Yuan did not need to have so many scruples at all.

Although Xu Long was not dead, but Su Yayun killed Xu Long with her own hands, this was an undeniable fact, and this, in fact, was also Ji Feng's original intention. This is actually Ji Feng's original intention, to let Su Yayun kill Xu Long, and then save Xu Long himself, so that Su Yayun would be avenged, and Xu Yuan would not have to be sad about it.

However, Xu Yuan also had a point, after all, today Su Yayun had a celebration because she had extinguished the Dragon Tiger Gang and killed Xu Long, so if Xu Yuan went over in a big way again, it would be a bit suspicious of having gotten a bargain and still selling her good deed.

"Oh" Ji Feng can't help but shake his head and laugh, others may not know, but he knows very well that Xu Yuan actually did not take advantage of the situation, although Xu Long is still alive and did not die because of it. However, there was not much difference between him being alive and being dead, rather than being dead.

Even if he heals, he will only be able to perform some simple movements.

In the future, Xu Long could only spend his days in a wheelchair. Xu Yuan was very satisfied with the current situation, especially with Ji Feng's arrangements.

But for a man who had been a lord all his life, to end up like this, it was harder for him than even killing him.

Ji Feng pointed out the address of the East China Sea Hotel on the navigation device. According to the directions of the navigation device, the East China Sea Hotel was not too far away from the East China Sea Building, and it was estimated that it would only take about 20 minutes to drive there, so he drove straight there.

However, Ji Feng did not know that at this time, the East China Sea Hotel was already filled with people inside and outside, and killing machines were everywhere.

Qi Yangzhou and his son, who had a grudge in their hearts, had already finished their deployment and were waiting for the celebration to be over before they started to act.

Danger is approaching!

Chapter 856

The East Sea Hotel is one of the properties under the East Sea Group.

Speaking of this hotel, it is worth mentioning.

It is a three-star hotel, and is often used for internal purposes within the East Sea Group, so the hotel does not make much profit, but its existence is necessary.

In fact, if you think about it, you can understand that although many gangs on the road are now basically renamed as group companies, the various halls are also called branches or divisions, and the hall masters are also called managers. In reality, however, the nature has not changed in the slightest. To use a more modern phrase, the industry has diversified.

This is also the case with the East Sea Gang, although it is now the East Sea Group that makes the most profit, and it is already the age of hot weapons, so everyone is becoming civilised and no longer focuses on fighting and killing. However, the various halls are still preserved. Without them, the East China Sea Group would not be able to exist, unless it could be completely cleansed.

But whitewashing is a technical task, and it can't be done overnight.

It can be said that the majority of gangs are facing this problem, and the East China Sea Gang is no exception.

Just imagine, which hotel would normally dare to do business with the yakuza?

Although knowing people in the underworld and having connections with the Taoists is essential to doing business, especially for this kind of entertainment and catering industry.

But for a large hotel, there is nothing wrong with the average Taoist coming to spend money. But the problem is that they often hold parties with a large number of people, and they are all ruthless, so if they drink too much in the hotel and cause trouble, the impact is extremely bad.

Therefore, many hotels would rather pay a bit of money on a regular basis than to have a large number of people from the road partying in their hotels.

You know, these people only come here a few times a year, but if other customers see them, what will they think? Who would dare to come back?

Therefore, the existence of the East Sea Hotel comes in handy.

At least just the insiders of the East Sea Gang spending money here would be enough to feed such a hotel.

The brothers in the gang also like it a lot because they don't have to worry about influences or anything like that.

It is for this reason that Su Yayun chose this venue for the celebration.

In fact, not only the East Sea Gang, as long as the other gangs have some specifications, basically have their own hotels or bars and clubs, this has formed a kind of norm, as if the hall master is called manager.

At this time, inside the East China Sea Hotel, the celebration had already begun.

Because Ji Feng had called Su Yayun on the way, he told them to start first and that he would definitely be there, but not to make them all wait together because he was alone.

Su Yayun nodded her head and agreed, considering the mood of the brothers in the gang.

Since it was a party, it had to be in the hall, because there were quite a lot of people, the hall leaders and powerful generals of each hall, adding up to 40 to 50 people, plus some people also brought their family members, so this counted, the whole hall on the ground floor was set up with seven or eight tables.

Su Yayun, the chairman of the East China Sea Gang, and Zhao Yafan, the general manager, shared a table with the hall masters, while others were not qualified to sit at this table.

Even Liao Qichang could only sit at a table not far away. Although he also had one of the hall's men, he could only sit next to him because he himself had to protect Su Yayun.

Qi Yangzhou was also there, his face still a bit swollen, he was gloomy and didn't talk much, he didn't even drink, even when others approached him for a drink, he just touched the quilt to his lips and put it down, and he didn't even eat a single bite of the food.

Su Yayun also ignored him, just simply ate some, then got up and went upstairs.

The crowd did not dare to let Su Yayun drink more, because Su Yayun is a big sister, plus this battle, she only used the power of Liao Qichang's one hall to destroy Xu Long and the Tiger Gang, causing the vast majority of the Dragon Tiger Gang's men to flee, and the territory almost all fell into the hands of the East China Sea Gang.

Su Ya Yun's prestige rose to an unprecedented level, and the people in the gang respected her more and more.

“Be proud of yourself, be proud of yourself!” Looking at Su Yayun’s back as she went upstairs, Qi Yangzhou laughed coldly in his heart and a cold light flashed in his eyes. He turned his head to look at the others again and found that once Su Yayun had left, the atmosphere of these people’s drinking suddenly became heated, each of them red in the face and all dizzy.

Qi Yangzhou’s gaze skimmed over those beaten men on guard around the hall again, and a cold smile flashed across the corner of his mouth, “Su Ya Yun, I’m afraid all of you haven’t noticed that those in charge of the guard are all my men, right?”

Because today was a celebration party, the hotel was closed to the public, and in order to prevent any accidents or any special circumstances from happening, people were also sent to guard the hotel.

However, those people who were responsible for the vigilance had already been replaced by Qi Yangzhou and his son with people from their hall.

Because they were all so happy, surprisingly no one noticed, which made Qiyang Zhou secretly pleased and his heart active.

From time to time, Qi Yangzhou’s gaze glanced at the faces of the others, closely watching the changes in the expressions of these people around him, while in his mind, he was calculating the time, from now on, the medicine should be about to take effect.

“Well~~”

One of the hall masters looked a little tongue-tied and his eyes were a little shaky because he had drunk a few more cups, and his head was dizzy for a while, “What’s making his head so dizzy? I, I’ve had too much to drink? Hey, hey, really drunk

There was a thump!

This hall master only felt his eyelids sink, then, he could not hold on any longer, both eyes closed and slumped onto the table at once.

“Here it comes!”

Qiyang Zhou was waiting for this moment, and with that, he also closed both eyes and flopped straight down on the table.

“Flop flop flop flop!”

.....

As the two of them fell, the hall seemed to start a chain reaction, all the people at the table fell down one after another, some of them were in the middle of drinking, suddenly their eyes went black, directly leaned back and fell straight to the ground.

“Shit, shit” Liao Qichang was also dizzy, he instantly sensed that something was wrong, he had only drunk a little wine and eaten a few bites of food, how could he be dizzy? Something was definitely not right!

In order to protect Su Yayun, Liao Qichang had barely touched his chopsticks!

“Phew!”

Liao Qichang made a sudden stop and there was a flash in front of him, he only felt a pain in the back of his head and instantly fainted, and his mouth unconsciously cursed: “I Fuck!”

In a flash, the whole hall was in a mess and chaos.

At this time, a young man wearing a white chef’s uniform, laughing heatedly, walked over from the back and looked triumphantly at the scene in the hall.

This man was no other than Qiyang Zhou’s son.

In order to ensure that this operation must be successful, Qiyang Zhou, father and son, had left it to Qiyang Zhou to confuse the crowd here, while his son was in charge of the actual operation, working with each other in the kitchen at the back, together with that second chef, to drug both the drinks and the dishes.

Hearing the commotion and shrieks coming from the hall, the young man knew that it was probably a done deal, so he rushed out to see, and sure enough, everyone had been put down!

“What are you giggling about!”

Qiyang Zhou also stood up and shouted lowly, “Why don’t you hurry up and tie these people up!”

“Oh!” Only then did the youth respond and hurriedly answered, he took two steps forward and suddenly rang out again, “Father, why do we have to tie them up, just pull them into the wilderness and finish them all off, that would also save time and convenience, and save accidents and changes, wouldn’t that be good?”

“What do you know!”

Qi Yangzhou glared, “These people are all shareholders of the Donghai Group too, if you want to get the Donghai Group, you have to get the original vouchers from these bastards and also have their signatures! Cut the crap, hurry up and tie them up!”

“Oh!”

Only then did the youth understand and waved his hand, “Tie them all up!”

“Yes!” Those thugs who were present and responsible for the vigilance instantly boomed in response and hurriedly took action.

“Remember, make sure to tie them up solidly!” The youth added!

“Ee?!” He scanned around and couldn’t help but frown slightly, “Why isn’t there that bitch Su Yayun? Father, she wouldn’t have run away, would she?”

“Don’t worry, she can’t run away, she just went upstairs!” Qi Yangzhou said slowly and confidently, “I saw her drinking and eating food with my own eyes just now, I think she must have passed out upstairs by now, let a few people go up and look for her!”

The youth’s eyes rolled a few times and immediately said, “Father, it’s better for me to go!”

After saying that, he immediately ran upstairs quickly.

Qiyang Zhou saw his son's background and could not help but frown slightly, as a father, he naturally knew what kind of hobby his son had, but on second thought, it had all been reversed anyway, so let him go if his son liked it.

.....

"East Sea Hotel?!" Ji Feng looked through the x6's windshield at the almost four or five-storey hotel in front of him, and the neon lights on the signboard at the top of the building flashed, writing that it was indeed the Donghai Hotel, "Well, it looks like this is it."

"Finally, we've arrived, it's not easy!"

In other words, in this Hangzhou city, and at night, if there was no navigator to guide him, Ji Feng might not be able to find it even if he turned around in this Hangzhou city until dawn, even if there was a navigator, he walked extremely slowly on the way, and because of this, he came here so late.

When he saw the Donghai Hotel, Ji Feng was about to drive there. He looked at the parking spaces in front of the hotel and found that there were almost no empty spaces left, so Ji Feng lowered the window and stuck his head out to find a place where he could park.

"Hmm?!" Ji Feng suddenly felt that something was not right, although the hotel's lobby could be seen through the curtains with the lights peeking out from the cracks, but how come there was no sound at all inside?

"What's Su Yayun up to?" The instincts created by the hard training within the training space made Ji Feng instantly alert.

Campus Master

Chapter 857

"Something's wrong?!" Ji Feng's heart stirred, "Is something wrong, or is there something else fishy about it?"

"Buzz~~~!"

After instinctively realizing that there was something wrong in the East China Sea Hotel, the swiftness of Ji Feng's reaction was simply a knockout!

He didn't even hesitate, he didn't even pause, he directly stepped on the accelerator, brought the car up to speed, and raised the windows at the same time, a series of actions were completed like running water. In order not to attract anyone's attention, he completely treated himself as a passer-by, and just drove past the entrance of the East China Sea Hotel.

Only when he had driven a distance of one or two kilometres past the East China Sea Hotel did he stop quickly. This parking was also very delicate. Because the East China Sea Hotel was in the city, there was hardly any place to hide around it, so Ji Feng parked his car directly on the pavement behind the bus stop.

Here, even if people approached, they might not be able to see it.

“Ka ka ka!”

Ji Feng quickly took out his pistol from under the seat, loaded the bullets and hid them in his sleeve, then he quickly felt his way towards the direction of the East China Sea Hotel.

Along the way, Ji Feng walked on the relatively dark pavements, which made it easy to hide.

The short distance of two stops was only a few minutes for Ji Feng, who was running wildly, to arrive.

He first stood at a distance and looked at the location of the hotel.

The Donghai Hotel was an independent building, but the walls were tightly connected to the shop next door, and the middle was directly sealed off, so that not even a fly could get in, let alone a person.

Ji Feng looked around again and found no path, so he didn't know how to get around to the back of the East China Sea Hotel.

He gritted his teeth, quickly backed up a distance, stopped in front of a closed shop not far from the East China Sea Hotel, simply assisted his run, accelerated, and rose up!

This series of movements was simply pleasing to the eye when done on Ji Feng's body, the gracefulness of that action posture was truly astonishing.

“Snap!” “Snap!” “Snap!”

.....

If anyone was here at this time, they would have been shocked to see such a scene: a man rising from the ground, his feet constantly stepping on the windowsill of the upper floor, his body then jumping upwards as if in place, and a floor was underneath him!

After a few consecutive slight rattling sounds, Ji Feng had actually reached the rooftop of the fifth floor!

During this whole process, his toes only nudged a few times on the windowsill below.

The rooftop of the fifth floor of the shop here is level with the rooftop of the East China Sea Hotel, and Ji Feng darted on the rooftop and soon arrived at the roof of the East China Sea Hotel.

.....

Su Yayun had really fainted.

Even though she only drank a few sips of wine and ate a few bites of food before leaving the venue, when she walked to the lounge and turned to close the door, in this instant, she suddenly felt dizzy.

Because of the vigilance she had developed from her long battle with the Dragon Tiger Gang, Su Yayun instantly realised that something was not right!

Subconsciously, Xu Yuan used her last ounce of strength to close the door to her room, but she no longer had time to lock it, and with a weakness, she just fainted on the floor.

Originally, it was nothing, as the chairman of the Donghai Group, in this Donghai Hotel, there was a special rest room for her, and usually if there was a social gathering, after drinking, Su Yayun would also rest in the hotel lounge, and nothing had ever gone wrong.

But Su Yayun did not know that today was different from usual, not to mention that she did not lock the door, even if it was locked, it could not stop the wolf who had mischief in mind for him.

Creak-!

The door of the room made a soft sound and was slowly pushed open, and a thieving fellow poked his head in, none other than Qiyang Zhou's son.

Seeing Su Yayun lying softly on the floor, the youth's pair of thieving eyes glowed straight away. With a silent, wicked smile, he walked in quickly and squatted down next to Su Yayun, holding his chin in one hand, carefully scrutinising this charming big sister.

It had to be said that Su Ya Yun was indeed very charming, at around thirty years old, perhaps because she was used to being a big sister, making Su Ya Yun's body have a different kind of charm.

For a man of her age, this kind of style is extremely attractive.

Coupled with the fact that Su Yayun's own looks were all top-notch, so the youth could not help but swallow his saliva after just a moment of looking at her.

Then, the man's gaze fell on Su Yayun's towering puffy breasts, and further down, looking at her two straight beautiful legs, the youth's eyes couldn't help but shine once again, and he couldn't help the harrumphs from the corners of his mouth from dripping down.

"Hehehe" The youth gave a cheap laugh and carried Su Yayun from the floor to the bed, at the same time, he fumbled in his pocket for a while and fished out a white vial from which he poured out a black pill, "Su Yayun ah Su Yayun, this is a potent cy red spider that I got from abroad at a great cost, even a chaste and martyred woman will turn into a slut after taking it. I would like to see just how slutty you will be"

As he spoke, he broke open Su Yayun's mouth and fed the pill red spider down.

Then, he stood next to it with his bladder in his arms and a lecherous smile on his face as he waited for the effects of the medicine to take effect. At the same time, he also started to undress himself and Su Ya Yun, there were just too many clothes in winter, and it would be a loss if he was plagued by them later when he desperately needed to!

"Wow"

The youth had only just taken off his jacket when Su Yayun couldn't help but let out a slutty, seductive sound from those seductive red lips.

"Holy shit" So fast?!" The youth was stunned, and then he was overjoyed, he laughed heatedly and took off his own clothes in three or two clicks, about to reach out to unzip Su Yayun's coat.

“No, don’t” Su Yayun murmured in a low voice, which immediately scared the youth, even the movement of his hands stopped, he immediately looked carefully, when he found that Su Yayun did not wake up, he was then relieved, and with a silent smile, unbuttoned the first button of Su Yayun’s coat.

And in fact, Su Yayun was not completely unconscious, she still maintained a trace of wakefulness. On the one hand, the potent cy had been consumed for too short a time, and the effects of the medicine had not yet been completely brought into play, while on the other hand, Su Yayun herself was a person with kung fu, and her physique was of course much better than the average person, so her resistance was quite a bit stronger.

Therefore, even though Su Ya Yun was confused, she was aware of what was happening in the outside world, especially what the young man said and his actions towards her.

However, even though she knew, Su Ya Yun was unable to stop him, and it was difficult for her to even speak a complete sentence.

“Also, how did this beast appear in my room? What the hell is going on outside? Didn’t Liao Qichang stop him?”

“How come I can’t use my strength all over my body?”

.....

A series of chaotic thoughts flashed rapidly through Su Yayun’s mind, while her body was heating up rapidly and her consciousness was blurring down rapidly.

What’s more, she could clearly feel that her body felt as if it didn’t belong to her, constantly emitting those moans that made her blush with shame, but she couldn’t control it

The first thing you need to do is to get a good idea of what you are getting into.

Swish!

Su Yayun suddenly felt a sudden chill on her body, her coat and jacket had been taken off by the youth, even, she could feel the youth’s hand had moved to her waist and started to unbuckle her belt

A strong feeling of sadness spread throughout Su Yayun’s body, if she could, she would rather bite her tongue than be ravaged by this brute underneath her, however, it was all in vain, she could not control her body.

“Hehehe” The youth’s low laugh was incomparably smug.

Who was that in front of him?

This was a woman that the entire East Sea Gang had to look up to, and now what, she was lying mindlessly on the bed without any ability to resist, and soon, she would be one of his playthings, and if she cooperated, she would become one of his bed partners, if not

Squeak-la-!

Su Yayun’s close-fitting shirt was torn, and her pencil trousers were ripped straight off, leaving a pair of snow-white legs, just like that, exposed in front of the youth.

“Goooooo!” A wave of hot blood immediately went to the youth’s head, and he couldn’t help but swallow his saliva.

What an exquisite pair of beautiful legs!

The youth’s breath instantly caught and he looked upwards along these beautiful legs

Squeak-!

Suddenly, there was a sound of metal scraping behind him.

The youth, who was being stunned by the beauty in front of him, subconsciously looked back, and the next moment, he felt a sudden sharp pain coming from his abdomen, and then, he went flying!

Bang!

The youth did not even have time to scream as he fell heavily to the ground. A pain that seemed to originate from the marrow of his bones spread through his entire body in a flash, causing him to die in agony, his mouth opened wide in death and his eyes widened, but he could not scream out, his body was strangely stiff.

In his vision, a stout and tall figure appeared, but it was the man he had seen before – Ji Shao!

The man then directly fainted from the pain.

The person who came was none other than Ji Feng!

To say the least, it was Qi Yangzhou’s son’s bad luck, this kid was so horny and eager that he thought he was winning, and before he did his business, he even didn’t even close the curtains and directly started to undress Su Yayun.

And when Ji Feng came down from the rooftop and happened to see the scene through the window, he, who had already realised that something was wrong, knew what was going on.

As a result, Qi Yangzhou’s son, too, was doomed to be unlucky, having been hit on the head when the meat was on his lips.

“Wow” At this time, Su Yayun, who was lying on the bed wearing only her underwear, let out another charming moan that was charming to the bone

Chapter 858

Ji Feng was a little confused.

The scene in front of him was too seductive, and the clothes on Su Yayun’s body were almost all torn by that youth, spilling out all over the floor. What was left was just the snug underwear that covered the key parts of her body.

But even so, the narrow piece of cloth could not hide the tantalising scenery completely.

Especially those pairs of beautiful legs, as well as that flat little belly, all made Ji Feng a little dizzy.

“Oh” Su Yayun’s red lips lightly opened and she moaned in a low voice.

“Hmm?”

Ji Feng snapped back to his senses, he instantly coughed lightly and hurriedly diverted his attention, casually pulling the quilt up from next to Su Yayun and preparing to cover her up.

Phew!

Who knew that as soon as Ji Feng got close, Su Yayun’s pair of jade arms suddenly hooked around Ji Feng’s neck, and the whole person didn’t know where she got the strength from, but she actually pulled Ji Feng over at once and directly pressed him against her body.

“Mmm ……” Su Yayun charmed and whispered, her red lips came up and kissed Ji Feng directly on his face, kissing madly.

“I …… Holy shit!”

Ji Feng’s forehead instantly sweated, the corners of his eyes jumped wildly a few times, this is Xu Yuan’s sister-in-law ah!

After forcefully breaking away from Su Yayun’s winding hands, Ji Feng couldn’t help but sweat coldly and breathed deeply for a few times before his whole body calmed down.

It had to be said that Su Yayun’s seductive power was too strong, this woman already had a stunning appearance, plus at this moment she had this half-covered, half-revealed seductive posture, that was simply more seductive than the deadly cy ……

“cy?!” Ji Feng’s heart suddenly moved, carefully staring at Su Yayun lying on the bed, and could not help but figure out a little taste.

At this moment, Su Yayun, two beautiful legs clenched, constantly rubbing back and forth, a pair of jade hands is also do not know where to put it well, constantly on the body touching haphazardly, look at that look, simply slutty ` slutty incomparable.

This should not at all be the way Su Yayun should behave, at least, even if it is her nature to do so, she would never show this kind of appearance in front of herself.

Perhaps …… She really ate cy?

Ji Feng couldn’t help but shake his head slightly, this was going to be troublesome.

The most important thing is that it is not only the most powerful kind, but also the most powerful kind, because the normal kind of medicine is only to enhance the interest, definitely not to make people become like this, only the most powerful kind will make people so difficult to control themselves.

Ji Feng’s attainment in medicine is definitely not low, and he knows that the more potent this kind of medicine is, the more damage it will do to the human body, and more importantly, the person who has taken this kind of medicine is actually still aware of it in his heart, but his body is just not under control.

“Send it to the hospital?!”

Ji Feng hesitated, that would only work if Su Yayun was dressed first, right?

However, there was no way to even get close to her by himself, or else he would be forcibly molested But if you don't hurry up and give her an antidote to the poison, or let her vent completely and get all the toxicity of the drug out, it will cause irreparable damage to her body.

This kind of medicine is extremely harmful to the human body, and may even cause rapid lesions in the stomach and intestines, as well as rupture of capillaries, etc. Its harm is self-evident.

Ji Feng was caught in a dilemma.

But he didn't dare to delay any longer, God knows when that bastard gave Su Yayun the medicine, and if it took too long, it would be useless anyhow.

"Oooh" Su Yayun squirmed even more, and a difficult look appeared on her pretty face.

Ji Feng's heart immediately sank, the medicine had already attacked very deeply, now it was too late even to send to the hospital.

"Let's fight!"

Ji Feng gritted his teeth as he thought of a method, "I hope it works."

Ji Feng took a deep breath and once again arrived in front of Su Yayun, one of his hands went towards Su Yayun's body.

"Well!"

Su Yayun was once again like an octopus, that stunningly beautiful and delicate body in only her underwear, wrapped around his body, her red lips constantly kissing him madly on his face and neck.

"Whew!" Ji Feng took a few deep breaths, forcibly holding back the lust in his heart, placed one hand on the small of Su Yayun's belly and began to activate the bio-current.

He hoped that he could use the bio-current to remove the toxins from Su Yayun's body, so that it would be considered as a detoxification, and the rest would be treated in the hospital, which might not cause any harm to Su Yayun's body.

As for using the most primitive method to detoxify, Ji Feng didn't even dare to think about it, what a joke, this is Xu Yuan's sister-in-law, if he really did it, then don't say how Su Yayun treats her, at least, Xu Yuan is afraid that it will collapse.

The bio-current slowly entered Su Yayun's body, Ji Feng kept taking deep breaths, trying hard not to think about the extremely seductive and delicate body of Su Yayun in his arms, and just meditating to sense the toxins in her body.

"Mmmm" Su Yayun's movements slowed down quite a bit, and the temperature of her body dropped a bit.

Ji Feng was instantly delighted in his heart, "The method is effective."

He immediately continued to push the bio-current and swam around Su Yayun's body, trying to expel all the toxins out of her body.

However, a few minutes passed, but Su Yayun no longer showed any signs of improvement, and Ji Feng's forehead was sweating a little, as he found that a large portion of the toxins, had been absorbed by Su Yayun!

Unless you can activate the bio-currents in all the cells in Su Ya Yun's body, you can let the bio-currents eliminate the toxins on their own, but this requires a great deal of energy from Ji Feng, more importantly, it also requires a lot of time, I'm afraid it won't come down without ten days and half a month, and after that, Su Ya Yun's physique won't be able to improve any more

This part of the toxin, unless Su Yayun can expel it on her own

"Young Ji" Perhaps because of Ji Feng's previous efforts, it made Su Yayun awake a bit, she suddenly opened her intoxicated eyes slightly and murmured in a low voice.

"Hmm?!"

Ji Feng was stunned, and only then did he react to the fact that it was Su Yayun who had woken up, he hurriedly asked, "Chief Su, how are you?"

"I'm so uncomfortable" Help me" Su Yayun murmured in pain.

Ji Feng then couldn't help but scratch his head, "How can I save you!"

"Save me" Su Yayun's murmurs lowered, and then, she was lost again, while an extremely painful look appeared on her pretty face, her body was writhing, and a painful whimper came out of her small mouth

Ji Feng's face also changed, he gritted his teeth before making up his mind: "Saving people is important, couldn't care less, as long as I adhere to the bottom line, I believe Xu Yuan will understand!"

He gritted his teeth and directly tore open Su Yayun's bottom on her lower body, and at once, the mind-blowing beauty was so exposed in front of Ji Feng's eyes.

"Whew-!"

Ji Feng took a deep breath, his right hand went along Su Yayun's small belly and probed down

Fingers gently tweaked, sometimes lightly and sometimes heavily

Su Yayun sometimes cried out in sorrow, sometimes cited her neck to cry out

.....

"Ah...!"

As Su Yayun's body suddenly spasmed, her legs clamped down on Ji Feng's hand with a deadly grip, and her body shuddered and trembled afterwards, the room, at last, regained its calm, with only the sound of panting, if any, resounding from time to time.

"Phew~~~!"

Ji Feng finally let out a sigh of relief, by now he was already sweating profusely and his clothes were all soaked through.

It wasn't because he was too tired, but it was the kind of torment that he couldn't really understand without being there!

Su Ya Yun's legs were still clenched tightly, but, because there was already a slippery patch there, Ji Feng easily pulled his hand out, but it was all covered with mucus and carried a special smell

The corners of Ji Feng's eyes jumped wildly a few more times, secretly screaming: "Next time, you can't do this kind of thing, it'll kill you!"

He carefully took off Su Yayun's pair of jade arms that were hooked around his neck and pulled the quilt over to cover her up again, before wiping his hands on the bed sheets and getting out of bed.

He looked back at Su Yayun, who was already asleep, and couldn't help but secretly shake his head and laugh bitterly: "Such a stunning beauty has taken the initiative to give her a hug, and not only do I not dare to do anything, I have to help her out with my hands I don't know if this is considered substantial contact"

Sweat to death!

Ji Feng couldn't help but shake his head, today's experience was so amazing that he still has the feeling of dreaming even now.

After staying in the room for a few more moments, Ji Feng was able to completely calm down, then, he glanced at the youth who was unconscious by the wall, took a few quick steps to him and raised his hand violently. An invisible bio-current struck out.

The youth's body suddenly jerked out a few more times, and then there was no more movement.

Ji Feng sneered, looked back at Su Ya Yun on the bed, then directly opened the window and jumped down.

.....

"Qi Yangzhou, you dare to rebel!"

Inside the ground floor lobby of the hotel, a group of hall masters looked at Qi Yangzhou angrily, and Liao Qichang even shouted angrily, "You deserve death by a thousand cuts!"

All the hall masters and the powerful generals and leaders of the various halls were tied up with their hands and feet behind their backs and knelt in several rows, the front row being the hall masters of the various halls, Zhao Yafan and Liao Qichang, two of Su Yayun's powerful generals, were also among them. Beside them, there were one or two thugs holding weapons respectively, watching over them.

"Death by a thousand cuts?!" Opposite this hall master, Qiyang Zhou sat on a chair with several of his men standing behind him, bringing his boss status to the fore, as he sneered, "Pity, I can scrape you all at any time, yet, you can't do anything to me!"

"Bastard!"

Liao Qichang shouted angrily, “Qiyangzhou, we have just killed Xu Long by hand, and he will be your downfall!”

“Xu Long is just an unlucky man who let that woman Su Ya Yun get away, but I won’t make the same mistake as him, this time, none of you will get away!” Qi Yangzhou laughed loudly, “I advise you, you should honestly hand over the bonds in your hands, and then give me your shares in the Donghai Group As long as you cooperate, I can consider bypassing your lives!”

“Dream on!” Liao Qichang laughed coldly.

Zhao Yafan, however, looked at Qi Yangzhou with a gloomy face and said in a cold voice, “Qi Yangzhou, what have you done to big sister!”

“Don’t worry, Su Yayun is fine, my son is serving her up there, what do you think will happen to her?” Qi Yangzhou laughed loudly in triumph.

Zhao Yafan and all the other hall masters, however, their faces changed instantly.

Campus Master

Chapter 859

Qi Yu Zong, the only son of Qi Yangzhou, is a rampant and untouchable man, and he is a bully in the East China Sea Group, not taking the other hall masters and powerful generals into account.

But more importantly, Qi Yu Zong is a brute, extremely lustful and has harassed many of the group’s female staff. If it wasn’t for Liao Qichang and the others, I don’t know how many girls in the group would have been spoiled by this brute! For this reason, both Qi Yangzhou’s father and son were quite displeased with Liao Qichang.

Yet now, that brute Qi Yu Zong went upstairs and said something about taking care of Su Ya Yun, how would he take care of that?!

“Motherfucker!”

Liao Qichang’s eyes instantly turned red as he roared, “Qi Yangzhou you beast, tell your beastly son to get down immediately!”

“Curse, curse as hard as you can!” Qiyang Zhou laughed heatedly, “This is your last moment anyway!”

He looked at the two men who were guarding Liao Qichang and said indifferently, “Let our Hall Master Liao Qichang know what will happen to him for cursing!”

“Yes!”

One of his men answered, and flung his hand to slap across the face.

Slap!

Liao Qichang was thrown a slap.

“Fuck you!” Liao Qichang burst into a rage, “If you have the guts to kill me now, otherwise, I will definitely not let you guys off!”

“It seems that you haven’t served our Hall Master Liao well!” Qi Yangzhou said indifferently.

The henchman immediately responded, “Don’t worry, gang master, I will make him feel good to the extreme!”

He raised the machete in his hand and aimed it at Liao Qichang’s crotch, heaving a little thunder, “Hall Master Liao Qichang, I’m sure you haven’t tasted the taste of being castrated yet, have you? Hey hey, little brother has never castrated anyone either, today you will dedicate yourself to let little brother try his hand

“How dare you!” Liao Qichang roared with a glare.

The others also couldn’t help but change their faces, damn, Qiyang Zhou’s hand was too ruthless, castrating a big man, even if he still survived, he definitely had no face to be a human being. Especially for people like them who are in the road, if they are called a second chair and a castrator, how can they still have the face to go on?

Zhao Yafan also grimaced and said in a cold voice, “Qi Yangzhou, it’s still too late for you to stop now, don’t kill your own way back!”

“Hey!”

Qi Yangzhou smiled faintly, “Manager Zhao, don’t worry, I definitely won’t castrate you, frankly speaking you are considered a talent, if you can be used for me, you will still be the general manager of Donghai Group in the future

“Don’t dream about it!” Zhao Yafan interrupted him directly, “Qi Yangzhou, you will regret doing this!”

“That would be a pity!” Qi Yangzhou bristled and waved his hand violently, and the guy who had raised his knife, he laughed heatedly.

.....

“So it’s Qiyang Zhou who has rebelled” Ji Feng, who saw this scene from the window, could not help but frown slightly, “That beast upstairs, turned out to be Qi Yangzhou’s son, hey, this is really a pair of sinister father and son.”

He sneered and rose up, quickly going upstairs.

When Ji Feng returned to Su Yayun’s lounge again, he found that Su Yayun was still asleep, and that young man, Qi Yu Zong, was likewise unconscious, everything was just as it was before.

Ji Feng directly lifted that Qi Yu Zong with one hand and walked straight down the stairs with big steps.

When he arrived at the stairway on the first floor, he stopped and let his eyes look, but saw that Liao Qizhong’s trousers had been taken off and that henchman was about to raise his knife.

Qi Yangzhou looked at the scene in front of him with a cold smile in his eyes, he had known for a long time that this Liao Qichang was a hard man, so he would use it for **, to kill a chicken to show a monkey, just what he needed, a chicken like him.

With this deterrent, I don’t believe the other hall masters will still dare to resist to the end.

Hoo-!

Just as Qi Yangzhou was pleased with himself, a black shadow suddenly approached rapidly, he was startled and was about to dodge, but before he could react, the black shadow smashed into his body, instantly causing him to let out a muffled cry and his body fell straight down, turning into a rolling gourd together with the black shadow.

The next moment, Qiyang Zhou felt a chill on his head, and a black pistol was pointed at him like that.

In a flash, Qi Yangzhou's body stiffened, and when he looked clearly at the person coming, a resentful and shocked look appeared on his face: "Why, how is it you!"

"Master Qi Lobby, can't it be me?" Ji Feng squatted next to him, holding his pistol against his head, and asked with a smile.

It was only at this time that the others reacted and paled at the same time. Only, Liao Qichang and the others were overjoyed, while those of Qi Yangzhou's men were all like enemies.

"Little beast, it's you who ruined my good deed again!" Originally, when Ji Feng didn't show up at the celebration, he thought that he had gone back and wouldn't bother with the East China Sea Group's affairs, but now it seemed that things weren't like that, and all his plans had actually gone bad in the hands of this little brute!

"Your good deed?" Ji Feng couldn't help but shake his head with a smile, "I'm too lazy to talk to you more"

As soon as he lifted Qi Yangzhou up, he placed him right at his feet, and one of his feet stepped on it.

"Bastard!"

Qiyang Zhou was instantly furious, how had he ever been treated like this before? But as soon as he struggled, he suddenly felt a huge force suddenly coming from his back, which instantly stomped Qiyang Zhou directly onto the ground, unable to move.

Bang!

Ji Feng picked up the other guy, Qi Yangzhou's son Qi Yu Zong, with one foot and stepped on him with the other.

Just like that, an extremely bizarre scene appeared in the hall – Ji Feng was sitting on a chair in a big way, and under his two feet, he was stepping on two people, and the others were like enemies, but they didn't dare to mess around

"What, you all still don't intend to put down your weapons?" Ji Feng looked at those of Qi Yangzhou's men, "Do you have to ask me to put a few holes in Qi Yangzhou's body before you will put down your weapons?"

"You put the gun down!" A man pointed his gun at Ji Feng and shouted.

Ji Feng couldn't help but smile slightly, "If you don't believe me, I can kill you dozens of times before you shoot!"

“Bastard!”

The man was instantly furious and was about to pull the trigger.

Bang!

Only a slight movement of the gun in Ji Feng’s hand was seen, and the crowd didn’t even see clearly what he had done before they heard a gunshot.

“Ah...!” The man immediately shouted miserably and staggered back covering his wrist, his face full of panic.

Ji Feng’s face was cold: “Drop your weapons!”

Those people looked at me, I looked at you, they didn’t know what to do anymore.

“No release, kill all those people for me!” Qiyang Zhou, who was trampled on the ground, gritted his teeth and roared low.

“Old dog, still stubbornly resisting at this point in time?” Ji Feng sneered, and with a fierce force of his foot, with a click, Qiyang Zhou’s arm was trampled off raw!

“Ah...!” Qi Yangzhou screamed miserably, but those men of his were furious but could do nothing.

Ji Feng looked at these people coldly and asked with a frown, “Still not putting it down?!”

“You, don’t you do anything else!” A man said with some hesitation, “If you dare to hurt our gang leader again, don’t blame me for killing these people!”

“Put your mother’s ass down!” Liao Qichang cursed angrily, “This old dog in Qiyangzhou is a bullshit gang master, shit!”

The man snorted coldly, but did not lower his head.

In fact, they all knew very well that if they followed Qi Yangzhou to do such a thing today, they would naturally be rich and prosperous if they succeeded, but if they failed, they could think of the consequences with their asses, could Liao Qichang, the fierce man, and Su Yayun spare themselves and others? It would be better to resist to the end, as there might be a chance.

To put it in perspective, these people are also experienced in big scenes, they are only scandalized by Ji Feng’s threat to Qiyang Zhou’s life, as for being dead or not, it is not so much that they are too scared to resist.

“Really don’t see the coffin!” Ji Feng shook his head slightly, suddenly flicked his wrist and pulled the trigger lightning fast.

Bang Bang Bang Bang

Eight shots rang out in a row, that was so fast that it sounded as if there was only one.

The next moment, the four men who were pressing Liao Qichang and Zhao Yafan were instantly hit in the wrist and screamed miserably.

The pistols in their hands, however, fell directly in front of Liao Qichang and Zhao Yafan.

Swish swish!

The duo actually picked up their pistols directly and pointed them at those men of Qiyang Zhou.

Liao Qichang was even more furious and directly slapped a guy next to him with a slap, "Fuck! Still want to castrate Laozi?!"

"You, you guys" The others all looked at the two Liao Qichang in shock, "How come you guys aren't tied up!"

"Cut the crap, drop your weapons and all kneel down!" Liao Qichang roared angrily.

Zhao Yafan, however, gave a slight nod of greeting to Ji Feng, just now while Ji Feng was attracting the attention of the others, he and Liao Qichang duo secretly untied the ropes from each other, and Ji Feng shot, which just gave them the opportunity!

"Humph! Let us kneel down, I'm afraid you don't have that chance!" A guy standing not far from Ji Feng sneered, while turning his head to look at Ji Feng, "You've fired a total of nine shots, you're out of bullets, right?"

Liao Qichang's face instantly changed, if Ji Feng had no more bullets, then they would have no more hostages in their hands

"If I say, I still have one bullet left, do you believe me?!" Ji Feng asked indifferently.

"Humph!"

The man said disdainfully, "Do you think I don't know how to play with a gun? Your gun can only hold nine bullets, who are you bluffing!"

Bang!

As soon as his words left his mouth, Ji Feng pulled the trigger again and shot Qi Yangzhou in the knee.

"Ah...!"

Qi Yangzhou immediately let out a miserable scream.

The man's face instantly changed dramatically, "You, how do you"

"Want to try it again?" Ji Feng looked at him with a smirk and asked indifferently, "Maybe this time there's really no bullets oh!"

Looking at his calm expression, everyone was unable to eat, each looking at him in awe and doubt.

"Damn it! Drop the gun!" Liao Qichang shouted.

"Pop!"

Finally, someone couldn't carry it anymore and was the first to put down his gun, followed by others who also put down the knives or guns in their hands, and finally there were only one or two die-hard Qiyangzhou loyalists left, still holding on.

Bang, bang, bang!

Liao Qichang could not help himself, he directly pulled the trigger and fired, instantly hitting those two people, "Looking for death!"

Ji Feng smiled faintly, "The big picture has been decided!"

He directly dropped the gun in his hand, smiled and said to the man before, "You really should have bet, I just put an extra bullet in the chamber, there's really no more bullets in the magazine now"

The man's face instantly went gloomy.

Chapter 860

"Young Ji, thank you so much." When all the hall masters and other powerful generals had been rescued, and at the same time all the Qi Yangzhou cadres had been taken down, Zhao Yafan then came to Ji Feng and shook hands with him gratefully, "Young Ji, our East Sea Gang, again, owes you a great favor!"

Ji Feng waved his hand with a smile and said, "It's nothing, since we're friends, we'll definitely have to cross the line when we run into each other" So what, since the big picture is now settled, I'll leave you alone, goodbye!"

"Young Ji, you mustn't leave!" Zhao Yafan hurriedly retained, "Ji Shao you have helped us twice, if you leave like this, later on when big sister finds out, she will have to kill me!"

As soon as Su Yayun was mentioned, Ji Feng's face instantly changed and his heart jumped, "By the way, Chief Su was also drugged before, but there's no more problems, she's just resting, so you guys should leave her alone for now and wait for her to wake up before deciding on anything."

"That's natural!"

Zhao Yafan didn't doubt it, because they were all drugged and recovered in no time, and I believe Su Yayun was likewise, because the dishes they ate and the wine they drank were all the same!

The big sister had been drugged, so they naturally wouldn't bother.

Only then did Ji Feng secretly breathe a sigh of relief, just now when Zhao Yafan mentioned Su Yayun he suddenly remembered that when he came out just now, but he forgot to put his clothes on for Su Yayun" In fact, she had no clothes to wear, her intimate clothing had been torn by that beast Qi Yu Zong, and only a coat was left"

"In that case, goodbye!" Ji Feng said with a smile.

"Young Ji" Zhao Yafan was about to stay, but was interrupted by Ji Feng.

"There's no need to say anything, I still have some things to do, I really have to go" Ji Feng slightly waved his hand and decisively rejected Zhao Yafan's retention, "Farewell!"

Seeing that he could not keep Ji Feng, Zhao Yafan could only nod helplessly and said, "Young Ji, take care!"

Ji Feng nodded slightly, turned around and left.

Zhao Yafan looked a bit strange and was secretly puzzled: "It's really strange, in the past, young Ji was calm and collected, quite a great general, even just now, it was him who saved the day, a gun fixed the situation, which crushed the rebellion plan in Qiyang state, what kind of mighty style was that?"

"But, why did he leave in such a hurry?" Zhao Yafan looked at Ji Feng's back and couldn't help but rub his chin, shaking his head with a smile, "It's really strange, Ji Shao seems to be very afraid of staying here, is it scary here?"

He didn't know that what Ji Feng was afraid of was not staying here, but because there was an extremely fragrant and intimate contact between him and Su Yayun, although he was forced to do so, but the ambiguous contact between them was a fact that could not be changed.

If he stayed here, he would die of embarrassment if Su Yayun walked down like that!

Maybe Su Yayun wouldn't feel too embarrassed, as far as he knew, Su Yayun didn't seem to have a boyfriend or husband, and, just now, he was trying to save him But the problem is, Ji Feng would feel embarrassed!

To know that Su Yayun is Xu Yuan's sister-in-law, this relationship would be too messy.

Therefore, Ji Feng could only hurry up and leave this place for good, and it would be better not to meet in the future

"Yafan, Ji Shao has left?" Liao Qichang came over, "How come you didn't keep him? He saved us once again, if Big Sister knew about it, she would definitely reprimand you! By the way, where is Big Sister? I have to hurry and send someone up to take a look!"

"No need! Big Sister is resting up there, she was drugged just now too!" Zhao Yafan explained before shaking his head and saying, "There seems to be something strange about Ji Shao leaving, I don't know what's going on!"

Liao Qichang couldn't help but tsk, "I have to say, Ji Shao is just too tough, you saw it just now, that shot, boy, didn't even need to aim, just shot straight, point and shoot Tsk, look at him being pointed at with a gun and still that poised, it really can't be compared!"

Zhao Yafan also couldn't help but nod slightly and said, "Yeah!"

"I don't know what kind of experience it is that young Ji has such poise!" Liao Qichang was quite envious, he was just a fierce man who would fight and kill, he was quite envious of this great general's style of Ji Feng.

Zhao Yafan gave him a funny look and said, "It's not just about having a lot of experience, look at Ji Shao's every move, even a demeanor, that all contains a temperament Such a person, not only has a very rich experience, but also comes from a luxurious family, and has been well educated and nurtured since childhood, in order to be able to develop such a style!"

"Hey!"

Liao Qichang waved his hand, "We can't compete anyway, let's go back to work, the brothers from the hall are about to arrive."

Zhao Yafan couldn't help but take another look at Ji Feng's back, he was deeply impressed by the latter's almost kingly demeanour!

No one knew that while Zhao Yafan and Liao Qichang were whispering their feelings, upstairs in the chairman's lounge, Su Yayun had also opened her eyes.

In fact, ever since the effects of cy had kicked in and Qi Yu Zong had made a move on her, her consciousness had been awake. This was the effect of cy, which could make one's body incomparably aroused and simply uncontrollable, looking as if she was completely confused.

But in fact, the consciousness was still clear.

Almost everything in the outside world is clear, but there are only some changes in perception, for example, the body becomes very sensitive, the slightest touch from a man can be like water

Therefore, the nasty things that Qi Yu Zong did to her, Su Ya Yun is very clear, only because the medicine is too strong, so it makes her have no ability to resist, can only be in the heart of shame, but the body has to be uncontrolled to meet.

At that moment, Su Yayun wanted to die.

She knew very well that under normal circumstances, Liao Qichang and her two bodyguards would not let anyone else come to her lounge, but Qi Yu Zong dared to come in, which meant that something must have happened to Liao Qichang too. Under such circumstances, no one would come to save himself at all.

Su Ya Yun thought of biting her tongue to kill herself, however, she did not have the ability to do so, and the sorrow and shame in her heart gradually spread throughout her body.

However, just at this time, Ji Feng appeared, and not only did he restrain Qi Yu Zong, he also

The idea is that Su Yayun's beautiful eyes flashed with a touch of shyness, followed by a complex look, especially when she thought that she would actually take the initiative to ask for it and let Ji Feng treat her Su Yayun couldn't help but be shy.

"Just think of it as a dream" Su Yayun sighed softly in her heart, her body moved slightly, and she felt a slippery feeling between her legs.

The departing Ji Feng was unaware that Su Yayun had woken up long ago and would have such a complicated mind. At this moment, he was likewise smiling bitterly in his heart.

"I never thought I would come to attend the East China Sea Gang's celebration and actually encounter this kind of situation, and also have a charming entanglement with Su Yayun" Ji Feng couldn't help but shake his head and laugh bitterly, "If it wasn't for my own strong will, I'm afraid that now"

"Forget it, it's saving people anyway, it's doing a good deed, forget it from now on!" Ji Feng faintly shook his head and started the car.

.....

The company's business is still very efficient, and even though she was slightly unwell, she still worked out the plan and contract in just one night, which was intended to be used to sign a contract with the Treasure Island Pioneer Pharmaceutical Group, to which Ji YuYing belongs.

Because of Ji Feng's help, Ji Yuqing, with her team, signed the contract with Xu Yuan after a discussion.

According to the contract, Pioneer Pharmaceutical Group will take the five-year agency right of Kang Yuan Slimming Powder in Treasure Island for a fee of 50 million Chinese Yuan, and at the same time, there is also an intention clause in the contract that if Xiao's Pharmaceutical Factory has any new drugs in the future, Pioneer Pharmaceutical Group will be the first one to be considered in Treasure Island and has the priority to be the agent!

Apart from that, there were various other agreements, but they were all details, and there were only a few really big terms, which were beneficial to both parties.

So all in all, it's a win-win partnership.

Of course, whether it's really a win-win or not, we have to wait until Pioneer Pharmaceutical Group brings Kang Yuan Slim Powder to Treasure Island and see how it sells before we can draw any conclusions.

But judging from the popularity of Kang Yuan Slimming Powder in the mainland, it is foreseeable that it will also be a hit in Treasure Island.

At this point, Xiao's Pharmaceutical Factory's business has finally expanded from the mainland to the island, and the next step will be to go overseas, although there is still a lot of work to be done in between, but it is foreseeable that this day is not far away.

After the contract was finalised, Ji Feng took Xu Yuan and Liu Zejun with him and prepared to return to Jiangzhou.

He knew that the Zhou family was still closer to the He family in Yanjing. Although the two sides had a short-lived alliance this time, they did not belong to the same front after all, and Zhou Yanmin and Elder Zhou did not show up, obviously because they were worried that being close to them would affect their family's interests.

To this, Ji Feng just shook his head and smiled, he really didn't expect to be that close to the Zhou family, as long as they had this attitude and didn't mess with him, that would be fine.

After bidding farewell to Zhou Fei Fei and Ji Yu Ying, the three of them drove away.

However, instead of leaving Hangzhou straight away, Ji Feng first went to the outskirts of the city and took Xu Long, whose condition had stabilised, with him before returning to Jiangzhou.

In order to take care of Xu Yuan's emotions, Ji Feng directly slapped Xu Long unconscious and left him in the back seat of the car, with Liu Zejun guarding him and Xu Yuan sitting in the passenger seat, and the four of them just returned to Jiangzhou.

After returning to Jiangzhou, Ji Feng went straight to an old people's home and settled Xu Long there.

Xu Long had already become a ruined man, his arms and legs were badly injured and he could not fully recover, and his throat had been cut.

Such a person, Ji Feng is not afraid of his revenge!

The reason why he wants to leave Xu Long's life is only to have a comfort to Xu Yuan.

The following content does not count as money.

Third shift. That's three shifts today, and tomorrow there will be four shifts. Two other things. First, the first volume of the book is over, Ji Feng's pre-paving has been completed, next, is the period of the dragon and tiger leap, exciting climax plot will continue to come, business war, high-level game, children's love The second volume of the book will be available in the second volume, so please continue to support the foxes and let's create a new glory together!

Secondly, to explain the reason for the three shifts yesterday, it is very simple, some readers scolded my family, which made my mood very bad, and I was not in the mood to write at all. I'm aware of this and am correcting it, but I can't stop writing sometimes because of habit. You have to be a human being, you have to have some quality!

Campus Master

Chapter 861

"Ji Feng, let's go."

Once again looking back at the gate of the old people's home, a smile appeared on Xu Yuan's delicate pretty face, the first time she had been so relaxed in a few days.

"No more glances?" Ji Feng asked.

Xu Yuan smiled and shook her head, "What else is there to see? He's not dead, my revenge has been avenged, and there's no longer any involvement between me and him in the future Not to mention, it's so much easier without the psychological burden, it's a feeling I've never had before!"

She no longer had any semblance of affection for Xu Long, and didn't want him to die just like that, just because so much blood was thicker than water, but when it came to kinship, it had been gone ten years ago. The kinship between them had been severed by Xu Long's hand!

"It's good that there's no burden!" Ji Feng faintly nodded his head.

"Ji Feng, thank you." Xu Yuan looked at Ji Feng and said in a soft voice, "I'm thanking you, not because you helped me take revenge."

"Oh?!"

Ji Feng couldn't help but smile, "Then because of what?"

Xu Yuan only pursed her lips and smiled lightly, but did not answer his question.

In fact, what Xu Yuan really wanted to say was not a thank you, but a kind of moving. She knew very well that, given the form in Hangzhou at that time, Ji Feng could have just let Su Yayun kill Xu Long directly without paying any attention to him. Even more so, he could have casually told a lie afterwards to clear himself.

But Ji Feng didn't do that, instead he went to great lengths to not only let his sister-in-law Su Yayun take revenge herself, but also to untie his own heart

What he did was all for himself.

When she met such a man who thought of herself in every way, how could Xu Yuan not be moved?

Plus, she already had a secret liking for Ji Feng, and now her heart had to be all tied up in Ji Feng!

"Let's go!"

Seeing Xu Yuan's mysteriousness, Ji Feng couldn't help but shake his head and smile, and didn't pursue the matter.

In fact, he was a bit unprepared for the feelings between himself and Xu Yuan.

Even before he went to Hangzhou, he had never thought that he would one day get together with Xu Yuan, but things in the world are often so unpredictable, and relationships are also so unpredictable.

If he had to look into the reasons for this, Ji Feng felt that it was probably also because of this strength of Xu Yuan that moved him. He thought that in Xu Yuan's body, Ji Feng seemed to see his own shadow.

The two of them were able to come together because they had already spent a lot of time with Xu Yuan.

The two of them are able to come together.

Perhaps this is the most appropriate word to describe it.

However, for Tong Lei, who was far away in Yanjing, and Xiao Yuxuan, who had already returned home, Ji Feng had a deep sense of guilt.

Ji Feng was not a greedy person, he would not be able to walk away when he saw a beautiful woman, let alone be with Xu Yuan just because she was a stunning beauty.

In fact, although Xu Yuan was stunningly beautiful, she had a touch of the dusty air about her, and compared to the clear and beautiful Tong Lei and the charming Xiao Yuxuan, Xu Yuan had a slight gap.

It is reasonable to say that, having been used to seeing such level of beauty as Xiao Yuxuan and Tong Lei, it is impossible for Ji Feng to be moved just because the other party is beautiful.

The feelings with Xu Yuan came so that he was not expecting it.

However, no matter what, Ji Feng felt that he had failed Xiao Yuxuan and Tong Lei, and he could not help but sigh secretly.

"What's wrong, are you unhappy?" Xu Yuan keenly sensed Ji Feng's change in mood and couldn't help but ask with concern.

“No!”

Ji Feng shook his head and smiled, “It’s just that I remembered something.”

“It’s thinking about your girlfriend, isn’t it?” Xu Yuan asked at once, “Feeling ashamed of your girlfriend? Or do you think that you have taken in another concubine and feel that there is no way to explain to your girlfriend?”

“.....” Ji Feng really had some tears and laughter, “What concubine! Don’t make me sound like an ancient dude, okay!”

“Aren’t you still a big young man!” Xu Yuan gave him a white look, “I’m just your underground lover, I won’t fight for anything, if you want, you can keep it to yourself for the rest of your life!”

Ji Feng could only laugh bitterly, but he couldn’t say anything.

“Come on, young master, don’t look so sad.” Xu Yuan laughed lightly, “If young grandmother blames you, I will come to the door and apologize, saying that I seduced you, is that okay?”

Ji Feng waved his hand helplessly, “Count me scared of you, let’s go!”

The more Xu Yuan said this, the more guilty he felt, and if he didn’t leave, he was afraid that he would really have to buy a piece of tofu and crash to death.

A big man, how could he let a woman take the lead?

Besides, he was the one who had wronged Xiao Yuxuan and Tong Lei, and they deserved to be chastised no matter how they were.

.....

After leaving the old people’s home, Xu Yuan went to Xiao’s pharmaceutical factory, regarding the cooperation with Pioneer Pharmaceutical Group, she still had to get through to Yang Dezhaoh.

In the current situation, the annual agency fee of 50 million dollars can be considered a considerable amount for the Xiao Pharmaceutical Factory.

In five years’ time, the agency fee alone would amount to \$250 million, which is definitely a heavy amount of money for a pharmaceutical company that has just started for a short period of time.

Not only that, but the significance of establishing a partnership with the Pioneer Pharmaceutical Group of Treasure Island was very significant, as it signified that Xiao’s Pharmaceutical Factory had truly entered a period of expansion, and it also signified that Xiao’s Pharmaceutical Factory would not be limited to one place!

On the way back, Xu Yuan really did not mention anything about a concubine’s proper room, however, the name, Big Shao, became her exclusive name for Ji Feng, it looked like she really treated herself as a concubine, and willingly so.

This made Ji Feng touched and ashamed at the same time.

What he owed them was too much, and I was afraid that he would never be able to repay them in his lifetime.

However, this guilt quickly disappeared as Ji Feng heard another piece of news that surprised him.

Ji Feng had just returned home when he received a phone call from his second brother, Ji Shaolei, saying that he wanted Ji Feng to come to his home.

Ji Feng immediately asked what the matter was, and Ji Shaolei then dropped a sentence: "Your second uncle is leaving It's not clear on the phone, let's talk about it when you come!"

"Going away?!"

Ji Feng couldn't help but be stunned, what did this mean?

He didn't dare to delay, after hanging up the phone he immediately drove to the Jiangzhou Municipal Party Committee family compound, the uncle's words were unclear and still so formal in tone, which gave him a not-so-good feeling.

What could go wrong?

Ji Feng hurried to the family courtyard of the municipal party committee, and just after he stopped the car, he saw an Audi A6 with a Jinling number plate next to it, and looking at the license plate, it was actually a government car.

"Big brother is back too?" Ji Feng's eyebrows immediately furrowed up, big brother Ji Shadong was a hand in the district in Jinling, and usually had a lot of work to do, now he was also back, obviously things were not small.

Ji Feng didn't have time to think more, so he hurried to his second uncle's house.

The person who opened the door for Ji Feng was the second aunt with a kind face, when she saw Ji Feng, she immediately said lovingly, "Little Feng is here, come in quickly and warm up, it's so cold outside."

"Thank you, Second Aunt!" Ji Feng said. Relatives are relatives, basic manners are still necessary.

"This child, still talking to Second Aunt about this!" Second Aunt said with a smile, "Your second uncle and your big brother and second brother are in the study, go over there too, I'll go make you a cup of tea!"

"Hey!"

Ji Feng answered, then he went to the study with big steps and knocked on the door, "Knock, knock!"

"Come in!" Ji Shaolei's voice came from the room.

Ji Feng then pushed the door and walked in, and found that Second Uncle was sitting on a chair behind the desk, while older brother Ji Shadong and second brother Ji Shaolei, were sitting on the sofa next to him.

"Little Feng, come and sit down!" Ji Shadong waved his hand towards Ji Feng.

“Second Uncle!” Ji Feng greeted his second uncle, Ji Zhenguo, before he walked over and sat down.

Ji Zhenguo nodded slightly and said, “Have a seat.”

“Second Uncle, you asked Second Brother to find me, what’s the matter?” After sitting down, Ji Feng asked, not looking impatient, but rather composed.

Ji Zhenguo nodded in satisfaction and said, “It’s a bit of a matter, the top has decided that I will be leaving my post in the next year, so I need to tell you about it in advance, so that you won’t be caught off guard.”

“Leaving office?!”

Ji Feng was stunned, and then he understood what Second Uncle meant.

Second Uncle was telling himself that he would be leaving after the New Year, that this place would be handed over to someone else, and that if he had anything fishy outside, he should hurry up and say so, and deal with it as early as possible, so as not to leave any handles or fall into any kind of veracity.

For his own standing and handling, Ji Feng is the one who dares to pat his chest to guarantee, in fact, the second uncle also knows, just that he is very steady, so only to remind himself a word to see what omissions there are.

“Second uncle, you leave office, is it north, or south?” Ji Feng asked with a smile.

When he reached the level of Second Uncle, he had already been a zzzj member and a deputy state level, and the fact that he was leaving his post meant that it was a promotion or a flat transfer.

Then, he would only have two choices, either to go into the central government or, to go south. Because if you look at the whole country, there really aren’t many places that can accommodate him at this level!

“Oh?”

Ji Zhenguo then couldn’t help but give him an extra glance, and was also intrigued, asking, “Then according to your opinion, where would it be?”

Ji Feng pondered slightly for a moment, then said, “It should be south, moreover, the place to go should be South Guangdong Province!”

In fact, if you think about it carefully, you will understand, if you go north, it should not be very likely, because father Ji Zhenhua is there, even if it is to avoid suspicion, it is impossible for second uncle to go north in such a hurry, and the old man will also not nod his head. Then, there is only going south.

The few other places that could accommodate Second Uncle were either run by other factions, or, there were special circumstances, the only place that was the best place for Second Uncle to go was South Guangdong, so that it would be considered an even transfer and not sticking out.

“Good!”

Sure enough, as soon as Ji Feng finished speaking, Ji Zhenguo revealed a satisfied look and nodded his head and praised, “Little Feng, you’re good.”

Chapter 862

In response to Second Uncle's praise, Ji Feng just smiled and said, "It's all because Second Uncle taught me well, hehehe"

"Brat!"

Ji Zhenguo couldn't help but laugh and scold, but in his heart, he was quite relieved, just based on Ji Feng's performance over the past year or so, big brother has a successor!

"You brat, just know how to kiss ass!" Ji Shaodong couldn't help but laugh too.

"Third child has always been like this, big brother you are not used to it yet." Ji Shaolei chuckled.

Among the several brothers, Ji Feng had the most contact with Ji Shaolei, and the two of them had done a lot of things together, and their relationship could be considered deep, so he had no qualms about joking around and didn't have to worry about Ji Feng's face.

After laughing, Ji Zhenguo said, "Little Feng, the situation of the pharmaceutical factory is still stable recently, right?"

Ji Feng nodded slightly and said, "Second uncle, just don't worry, I won't have any problems here, your nephew is not like other dudes, he definitely won't mess around."

"Well, that's good!"

Ji Zhenguo nodded in satisfaction and said, "Do things on the ground, as long as you are doing the right thing, the family will definitely help you if they can, however, if they can't, you should also learn to protect yourself."

"Second Uncle, I understand." Ji Feng nodded slightly, but in his heart, he couldn't help but be moved.

He heard something different from Ji Zhenguo's words, what do you mean you have to learn to protect yourself if you can't help?

Could it be that there were still people who wanted to do harm to themselves?

"Alright, let's not talk about that." Ji Zhenguo looked at the time and waved his hand, "Shao Lei, go and ask your mother to cook."

"That what, dad, I still have some things at the company, so I won't eat at home." Ji Shaolei laughed heatedly, "It just so happens that I also have some things I need three help with, so the three of us might as well go out to eat."

"There's no need to go out to eat, your Uncle Li is coming later." Ji Zhenguo said.

"Uncle Li?"

Ji Shaolei then couldn't help but be stunned.

"If you're too bored at home, go out for a walk and just remember to come back before dinner!" Ji Zhenguo said, and he couldn't help but admonish, "Also, don't cause any trouble!"

Ji Shaolei smiled, "I'm that bad!"

Next to them, Ji Feng and Ji Shaodong couldn't help but laugh, the oldest one was a living treasure.

In the end, the three of them went out of the family compound and prepared to take a casual walk around the neighborhood to have a look. After all, the three brothers hadn't seen each other for a long time, especially big brother Ji Shaodong, who was in Jinling, so it was usually difficult to see each other.

"Come, come, come, smoke a cigarette!" After leaving the family courtyard, Ji Shaolei became more active and hurriedly took out cigarettes and gave them to Ji Feng and Ji Shaodong, "The old man at home really makes me feel weak, it's much easier to come out."

"You brat!" Ji Shaodong couldn't help but laugh and scold, "Ee? You smoke You got it from the old man again, right?"

Ji Shaodong naturally recognized the special supply, and at home, father did not smoke, so usually when there was a supply, it was also put at the old man's place, among so many brothers and sisters, only Ji Shaolei often did this kind of smooth thing.

Ji Shaolei heated smile: "Anyway, the old man can not smoke now well"

A few people found a sheltered place, lit up their cigarettes and smoked beautifully.

"San'er, that pharmaceutical factory of yours, if there are any problems hurry up and get rid of it, your second uncle will be leaving after the New Year, by then there will be any remaining problems, it will be troublesome to deal with." Smoking a cigarette, Ji Shaodong exhorted again.

"There's definitely no problem!" Ji Feng nodded and asked again, "Big brother, how come second uncle was suddenly transferred away? It's not even one term, right?"

"It's an arrangement from above, I'm not quite sure what's going on." Ji Shaodong shook his head slightly. Although he was the eldest son of the third generation, he had not yet entered the family's core circle after all, so he could only rely on himself to understand many issues, and would not say even if he asked his elders.

"Then who will come to take over Second Uncle's appointment?" Ji Feng asked again.

"Who else could there be, of course it's the old Wu family who has been eyeing this place." Ji Shaolei couldn't help but bristle, "Still think this place is some kind of blessed place!"

Ji Feng couldn't help but frown, he had naturally heard of the Wu family, which was also one of the top families in Yanjing, the family's old man Wu was also one of the few remaining old men, just like his grandfather, and the family's second-generation sons and daughters were also all powerful figures, no worse than the He and Xiang families.

More importantly, it was said that the Wu family was not all the way with the Ji family in terms of philosophy.

"So, ah, if you have any problems now, just hurry up and deal with them, so as not to fall foul of the people!" Ji Shaolei said.

Hearing this meaning, it seemed like the Wu family had some bad comers.

Ji Feng nodded and smiled, "There's no problem on my end, everything is a formal procedure."

"Lao Er, you also don't just talk about San Er, do you have any problems yourself, also hurry up and deal with it." Ji Shaodong said, "The Wu family should not know the exact identity of San'er yet, much less have they met him, so within a short time, San'er will not come into their sight, mainly you!"

"My side is even more fine, we dare not say anything else, however, the ass is certainly clean, the money spent is also all tang, there is absolutely no foul play." Ji Shaolei bristled, "The old Wu family's people still don't dare to come looking for trouble with me."

"Big brother, the Wu family is here to look for trouble?" Ji Feng asked with a frown.

"Not really!"

Ji Shaodong laughed, "They are probably preparing for the change of government in two years' time, that's why our side should beware and pay attention to cleanliness, without any more mouths to feed, so that Eldest Uncle and the others can operate freely and not be hamstrung."

"The way I see it, the old Wu family is trying to treat Jiangzhou as their backyard!" Ji Shaolei grunted, "The few juniors in their family are no slackers!"

"There's no such possibility!" Ji Shaodong waved his hand and said with certainty, "The old Wu family wouldn't be so confused."

Ji Feng also agreed with his elder brother's remark, jokingly, which family was not dead set on such an important place as Jiangzhou, how could it be used as a back garden by others?

Even the second uncle, with his wrist like this, had to accommodate all kinds of characters here, the Wu family likewise didn't have that guts, if they really dared to do that, they would be sending themselves to the fire, they would become the target of all!

"That's true!" Ji Shaolei nodded and laughed.

"There's actually nothing to worry about, today is just a reminder to you guys, his Old Martial Family wouldn't dare to act recklessly!" Ji Shaodong laughed, "Besides, this is just a unified arrangement from above, if the Wu family dares to act recklessly, no one else will agree to it either."

"Oh?"

Ji Feng immediately asked, "Second Uncle is still keeping a backhand?"

"I suppose so!" Ji Shaodong said with a nod.

Ji Feng then realised that the situation in Jiangzhou had changed, it was just that his elder brother didn't know clearly, so he was inarticulate, and Ji Feng could only take his time to observe.

The three of them chatted for a while more, and when they saw that it was almost time, they returned home.

However, just as they entered the house, they heard a familiar voice ring out, “Madam, I’m twenty-two.”

“This child, what do you call madam, just call him auntie!” Second Aunt’s voice followed closely.

Ji Feng walked in to take a look and was stunned.

A man and a woman, two young men were talking with Aunt Er, and beside them, there was a middle-aged woman sitting, and the girl was so familiar – Li Ruonan!

Li Ruonan also noticed Ji Feng, and her beautiful eyes immediately lit up.

“Little Feng, come here, let me introduce to you!” Second Aunt said, “This is Mayor Baoyuan’s wife, you call her Auntie Xu, and these two are Mayor Baoyuan’s children, Li Weibing, and Li Ruonan.”

Mayor Baoyuan?

Ji Feng instantly reacted, it should be Li Ruonan’s father, and also the mayor of Jiangzhou, Li Baoyuan!

How could they come to Second Uncle’s house?

This was Ji Feng’s first reaction. According to reason, even if there were any work arrangements or parting exchanges, it would be normal to be in a hotel or an office, but now, Li Baoyuan had brought his wife and a pair of children to his second uncle’s house as guests.

Subconsciously, Ji Feng thought of the conversation he had just had with his elder brother outside, that before Second Uncle left, there was an arrangement!

Immediately afterwards, Ji Feng suddenly realized, and could not help but secretly praise, second uncle is brilliant!

If his guess was correct, this Mayor Li Baoyuan should be the arrangement left behind by Second Uncle!

The first time I saw him, I was so happy.

Ji Feng couldn’t help but praise, everyone else thought that Second Uncle and Li Baoyuan didn’t get along and even had great differences, but no one thought that this Mayor Li and Second Uncle had such a relationship!

It seems that the second uncle’s wrist is really

Ji Feng had to admire, no wonder it is one of the several powerful figures of the Ji family, just with father and them two people, they resisted the family’s beam, second uncle powerful ah!

In fact, if you think about it, second uncle spent so much effort in Jiangzhou, making Jiangzhou’s economy continue to develop at a high rate, making quite a good achievement, he naturally can’t let others destroy this great situation at will, naturally there will be follow-up arrangements.

After Ji Feng was slightly stunned, he greeted Li Ruonan and Li Weibing warmly.

It could be seen that this Li Weibing was also a stable young man and carried an aura that looked very similar to his elder brother.

Clearly, this was also a person from within the system.

Li Ruonan, on the other hand, had a smile in her beautiful eyes and her gaze kept glancing at Ji Feng's body. However, on this occasion, she didn't talk too much to Ji Feng, but it was just that proffered look that made Ji Feng quite amused.

At the next lunch, Ji Feng met Li Baoyuan, who he had heard so much about, and this confirmed his suspicions.

Li Baoyuan was a middle-aged man in his fifties, looking red-faced and energetic, and spoke to Ji Zhenguo with a hint of casualness in his respect, so it was obvious that the two of them were very close.

Ji Feng then couldn't help but feel amused, outsiders thought that Mayor Li and his second uncle didn't deal with each other, but if they saw this kind of scene, they didn't know what their expressions would be.

However, Ji Feng also has a vague feeling that the second uncle's departure this time may not be so simple, and he, too, may face more challenges, before the second uncle's care, but the next road, will have to go on their own.

Campus Master

Chapter 865

"Grandpa, why would Second Uncle suddenly transfer away?" Ji Feng was a bit puzzled.

The old man laughed: "For the politician, can not just limit the gaze in a city and a place, look at the world, only should have the mind, little monkey, you also have to remember, a momentary gain or loss is nothing, the key is to see this momentary loss, can not be exchanged for a long-term gain, whether it is for the politician, or do other things, is the same, vision, to put a long-term ah"

Ji Feng nodded slightly, he vaguely understood the old man's words. The old master was teaching himself not to focus too much on the immediate benefits.

"Grandpa, then the old Wu family, is there a disagreement with our family?" Ji Feng asked again, "I once heard second brother say that it seems our two families have some disagreements in philosophy?"

Master Ji waved his hand and said, "Whether it's peace or discord, it's just an attitude, as long as it's not a world feud, it's no big deal, as long as what you want is the same, then it's peace, if it's not, then it's discord"

Ji Feng then nodded his head, it seems that this peace or not, also depends on whether the two sides' demands are the same.

In other words, how the relationship between the two families is going to be depends on where the goals of both sides are. The temporary discord between the elders of the two families may not necessarily affect the relationship between the younger characters of the two families.

Of course, nothing is absolute, and in a word, it is in their own interest to look at the bigger picture.

In the East Sixth Street Courtyard, Ji Feng stayed for a whole afternoon.

To be able to listen to the teachings of the old master at his knees, this kind of opportunity, was not so easy to come across. It is important to know that the old master has been a military man all his life, and then started to be in charge of politics, whether it is the experience of perception of life, or the truth of dealing with people in the world, that is extremely valuable experience, which cannot be bought with any amount of money.

Ji Feng knows very well that what he lacks most now is the understanding of the superstructure, for example, how the current situation is, the relationship between various factions, as well as some ways and means of handling things, etc. These are all things that Ji Feng needs to learn.

Therefore, Ji Feng was also serious about asking for advice, and when he encountered problems he did not understand, he did not hide them and asked his grandfather for advice, there was nothing to be ashamed of.

This even included why second uncle was suddenly transferred, the relationship between the Wu family and the Ji family, and so on.

And for the old man, the fear was not that Ji Feng would ask, but that he would not ask and learn. Now since Ji Feng wanted to learn all this, the old man naturally gave his all.

Only, when the old master taught, he was still very particular about the way and method, not answering whatever Ji Feng asked, but putting some reasoning and then letting Ji Feng figure it out for himself, so that Ji Feng could go through some reasoning and then see for himself what kind of intent was implied by the changes in some things.

Throughout the afternoon, Ji Feng basically spent his time asking questions and thinking, until Aunt Hong came to politely remind him that the old man hadn't rested all day, and only then did Ji Feng wake up with a start, and suddenly stopped asking more questions.

The second brother, Ji Shaolei, is a very good person.

At this time, the second brother, Ji Shaolei, also called and told Ji Feng that he was leaving before he helped his grandfather to rest and then drove away.

Until he left the courtyard, Ji Feng was still immersed in those truths taught by his grandfather, and could not help but secretly praise him. For many things, although his grandfather did not give detailed explanations, Ji Feng could understand many things from them.

The things he had learned this afternoon, if he had been left to figure it out by himself, I'm afraid it would have taken several years to learn. And for ordinary people, I am afraid that they would never understand these things in their lifetime.

The reason is simple: ordinary people cannot get in touch with these upper level matters and, moreover, they don't care, as they are not closely related to their own lives after all.

The ordinary people don't care what the relationship between the Ji family and the Wu family is like, let alone what the significance of Ji Zhenguó's transfer to Southern Guangdong will be. What they care most about is only the money, rice, oil and salt, which is what concerns people's livelihood.

Therefore, even if they were to mingle in society, they would definitely not learn these things.

“No wonder it is said that even if those children of the world’s families are no longer straw men, they are still broader and higher than the children of ordinary families in terms of insight and vision!” Ji Feng couldn’t help but secretly sigh, the children of the world’s families were exposed to these things since they were young, and with their eyes and ears, they could learn a lot just by listening to them usually.

For example, a businessman’s child, even if he usually just watches how his family does things and how they do business, when it’s his turn to do it, he can do it all in a decent manner.

Even if you have never eaten pork, you have seen a pig run!

However, for ordinary people, I am afraid there are many who do not know which department to go to for a procedure, and this is the gap between the two sides.

By the same token, a farmer’s son, who has grown up watching his parents farm or manage fruit trees, can do a good job with a little exercise. And what about having a city boy do the work?

Hey, they can tell a leek from a wheat sap and thank goodness for that!

These are indisputable facts, one has to admit!

“It’s hard to produce noble children from a cold family!” Ji Feng couldn’t help but shake his head slightly, “Unless it’s some particularly outstanding people, it’s hard for a large number of people of the wind to emerge.”

“It’s my good fortune to be able to receive the personal teachings of the old man” Ji Feng looked out of the car window and secretly waved his fist, “With such an opportunity, how can I not grasp it?”

It was also with the attitude of learning that Ji Feng promised his second brother that he would go with him to the salon chamber this evening, or at least, it would be good to see it.

.....

The Great Wall Club, located on one of Yanjing’s more prosperous streets, is a high-class clubhouse. In fact, to be able to run a club in this inch of gold Yanjing city is already predestined, this will definitely not be a low-grade club, otherwise, this positive rich or status people, will not come here.

There is a saying that when you come to Yanjing, you don’t have to say that you are a big official, because the director of a street office here is at the department level, and if you put it below, you can be a county mayor or a senior county official.

This shows how many dignified people there are in Yanjing.

If the club was of a lower grade, people wouldn’t even look at it, let alone spend money here, they couldn’t afford to lose that person!

The Great Wall Club seemed to be a high-class club, but from the outside, it didn’t look much different from other clubs. But as soon as he entered, Ji Feng saw at a glance how luxurious the interior was decorated.

Ordinary on the outside, upscale on the inside, this had also become a popular trend.

“San’er, the salon won’t start for another half an hour, so let’s find a place to sit here and have something to eat first.” Ji Shaolei led Ji Feng to a semi-open box on the ground floor and casually ordered a few dishes from the waiter, “You must eat before attending these what-if parties ah, salons ah and so on, otherwise, there will be you hungry.”

Ji Feng laughed, “Second brother, you are very experienced.”

“It can’t be helped, in my position, I am in charge of the Jian’an Group, so I must pull in business for the group, and attending such parties and salons and the like are all necessary.” Ji Shaolei laughed: “In fact, this form of social interaction has now become a trend, everyone is so here, in the circle, can not make it too unique, to follow the customs!”

Ji Feng couldn’t help but nod slightly, what second brother said was very reasonable.

Once you enter a certain circle, people don’t care who you are, everyone has to follow the rules. Even if you are a tz, but you don’t follow the usual rules or press people with your status, people will only tolerate you once or twice at most, if time goes by, they will be distant from you.

No one will give and not take for nothing. There are not many good people in this world who do that!

And the more powerful people are, the more people will be worried and will not work with you easily. So to expose yourself in this circle or to show off with your status is an extremely stupid thing to do.

Guys who don’t follow the usual rules will always be the ones that everyone dislikes.

“By the way, that thing with Dahua, I called today to ask about it, there are some small problems.” Ji Shaolei’s face was a little unpleasant when he said this.

Ji Feng couldn’t help but be stunned, “What’s going on?”

He listened to his second brother’s tone before, the Dahua Company was not a thing, why did it seem like there were problems again now?

“It’s not clear yet, I’ve been busy preparing the company’s materials this afternoon, I just made a phone call earlier, but until now, no one has returned my call, I think, there should be a problem in the middle.” Ji Shaolei said.

At this time, Ji Feng saw several young people were walking in from the main entrance, the two young men and women walking in front were somewhat unknown, however, the two young people behind them, Ji Feng was already familiar with them.

These two people were none other than Yellow Hair and Red Hair, with whom he had a conflict.

Most importantly, as they walked along the way, many people next to them greeted the two young men in front of them with great enthusiasm, so it was obvious that those two people had some unusual identities.

“You’re right!” Ji Feng laughed.

“Eh?!” Ji Shaolei was a bit stunned.

Ji Feng smiled and nudged his mouth, “People have found a backer, huh What an ingrate!”

“What backers?” Ji Shaolei poked his body out of the semi-open box and glanced outside, then he frowned: “Wu Zhihe?”

Ji Feng was slightly stunned, “Who?”

“Someone from the old Wu family!” Ji Shaolei said in an unkind tone.

Chapter 866

Ji Feng was slightly stunned, “Who?”

“Someone from the old Wu family!” Ji Shaolei said in an unkind tone.

“Oh? Which one is from the Old Martial Family?” Ji Feng asked at once. From the moment he knew that Second Uncle was going to be transferred and someone from the Old Wu Family would take over, Ji Feng felt that the Old Wu Family was likely to come from a bad place, and now that he had met someone from the Wu Family, he immediately paid attention to it.

Ji Shaolei nudged his mouth: “See that guy walking at the front? He is Wu Zhihe, an okay guy in the third generation of the Wu family No wonder Dahua hasn’t gotten back to me so far, it turns out that he’s climbed up high.”

Ji Feng then paid attention to the guy named Wu Zhihe, and had to say that the son of a family who had been well educated since childhood was different just from his appearance.

Although Ji Feng could only see the side of his face, he was able to tell that this Wu Zhihe, who was good looking, looked plump and handsome, and also had an aura about him, was not an ordinary person at first glance.

Only, when Wu Zhihe walked, his chin was slightly raised. This indicated that he was a man of high pride at heart. Although he tried hard to display that breezy aura, and when people greeted him, he nodded slightly to appear gentle and elegant.

However, his actions still seemed too deliberate, and that feeling of superiority was something that could not be disguised in any way.

“This person Wu Zhihe is a bit arrogant!” Ji Feng said.

Ji Shaolei immediately laughed: “San’er, you kid are really hot-eyed, yes, although this guy Wu Zhihe looks very gentle and elegant, but when he does things, he is somewhat domineering and arrogant.”

Ji Feng nodded slightly and said, “Second brother, since someone from the Wu family has intervened, let’s forget about this matter, it’s not a big deal anyway.”

“It can’t be simply forgotten.” Ji Shaolei shook his head slightly and said, “In this circle, there are some things that can be left uncontested, however, face must be contested, moreover, this matter was originally in our possession, of course, we cannot just stop.”

“Then let it be!” Ji Feng said indifferently. Originally, Ji Feng felt that there was no need to fight with the Wu family over such a trivial matter, but remembering those two arrogant brats, Ji Feng did not stop.

More importantly, a fight between juniors would sometimes give outsiders an impression of whose family's juniors were powerful and would be held in high regard.

So the face that Ji Shaolei had just mentioned was actually not just the face of the individual, but most importantly the face of the family.

"Who is that woman who is following Wu Zhihe?" Ji Feng asked.

Ji Shaolei poked his body out and swept a glance, then laughed, "Who else could there be, Zheng Yuxiu."

Seeing Ji Feng's slightly puzzled expression, Ji Shaolei then smiled and explained, "The Zheng family in Yanjing has always been closer to the Wu family, and it is said that this Zheng Yuxiu has a bit of a relationship with Wu Zhihe."

"That's all a legend, right!" Ji Feng laughed.

"Anyway, no one is bored to specifically inquire about such things about people, but, looking at them like that, who would believe it when they say there is no relationship between them?" Ji Shaolei couldn't help but laugh, "It is said that this woman Zheng Yuxiu is not simple, she holds a big conglomerate, that is the behind-the-scenes assets of Wu Zhihe and his big brother Wu Zhiyong"

Ji Feng couldn't help but take a look at that Zheng Yuxiu, this woman is about twenty years old, should be less than thirty years old, look at her posture when she walks, should not be a virgin anymore.

Ji Feng couldn't help but believe what his second brother said, Zheng Yuxiu was Wu Zhihe's lover.

The Wu family, not only had extraordinary influence in the political world, but also had such hidden assets in the shopping malls, it looked like it was really a behemoth.

When Ji Feng was sizing up Wu Zhihe and his group, the two guys, Yellow Hair and Red Hair, who were following Wu Zhihe, also unconsciously turned their heads and happened to see Ji Feng, who was sitting in the box, and all of a sudden, their bodies stiffened and their faces became incomparably ugly.

After a resentful glance at Ji Feng, Huang Mao's mouth muttered something unknown before he hatefully followed him.

Ji Feng frowned slightly, this Huang Mao was still resentful.

"San'er, what's wrong?" Ji Shaolei noticed the change in Ji Feng's expression and asked at once.

Ji Feng shook his head and smiled, "Nothing, hurry up and eat."

"Is it because you're worried about the Wu family?" Ji Shaolei laughed: "Third child, although the Wu family is very strong, but we are not afraid of him, if our family's old man does not make a move, both sides should be said to be evenly matched, no one is stronger than anyone else, besides, with the old man sitting in the town, his Wu family will not be able to jump too much"

He lowered his voice and said, "It is said that the old man of the Wu family, when fighting in the war, once because the two troops crossed the river together, in the fight, the old man's hot temper, the old man of the Wu family gave a vicious clean up, so the old man of the Wu family holds a grudge, but the old man of our family is higher rank than him, more merits, he can do nothing about it, huh"

“Heh, I’m not afraid, I just think that there may be a lot of trouble in the future.” Ji Feng could not help but laugh, about the grudge between the two old masters, he really heard it for the first time.

However, after hearing the second brother say so, Ji Feng had an idea in his mind.

If we talk about the second generation of both sides, they should be evenly matched, not much different. But when comparing the two old men, the old man of his own family was a solid winner. This means that the Ji family should have been ahead of the Wu family, but in recent years, Master Ji has kept a low profile, which is why the Wu family is jumping up and down.

It’s quite interesting to say that Ji Feng couldn’t help but shake his head and smile, this is exactly the same as the saying – there is no tiger in the mountain, the monkey is called the king!

“That’s for sure!”

Ji Shaolei nodded: “The Wu family’s people are not oil lamps, hey, especially the two brothers Wu Zhihe, his elder brother Wu Zhiyong is in the parts, now a director of something, while he is folding below, it is said that many local projects have their brothers’ shadow, of course, there is no shortage of the Zheng family meddling in it. This time someone from their family has gone to Jiangzhou, I’m afraid they will go there again in the future to toss and turn, and collisions are rare.”

“They like to make money?” Ji Feng asked.

“Not only that, I discussed this with my elder brother, who guessed that the Wu family is laying out in business to pave the way for the political world” Ji Shaolei nodded rather subtly, “This time they seek Jiangzhou, your second uncle went to South Guangdong, hey, the second of the Wu family, but he did two terms in South Guangdong”

Ji Feng then understood, it seems, this is two families once crossed hands.

As for how the encounter took place and how much power was used, Ji Feng did not know for the time being.

However, he knew that, in the future, he could no longer focus on the development of the company, and he had to find a way to give a helping hand to his second uncle and father ah

“Let’s not talk about that, eat eat eat!” Ji Shaolei waved his hand and said with a smile, “Battles have to be fought and meals have to be eaten, that’s what grandfather said, I deeply believe it.”

Ji Feng smiled, “That makes sense!”

However, their intention to eat was shattered a few minutes later.

“Here, this gentleman, Mr. Wu asks you to come over.” A voice suddenly sounded outside the compartment, and the two of them turned their heads to see a guy with a full head of red hair standing outside the doorless compartment, cowering a little.

“What are you!” Ji Shaolei asked suspiciously.

“Second Brother, this is one of the guys I clashed with today It’s also the one who followed Wu Zhihe just now.” Ji Feng explained.

“Wu Zhihe sent you here?” Ji Shaolei asked with a frown, and without waiting for Redhead to answer, he snorted, “Let us pass? He, Wu Zhihe, doesn’t have that much face! You go back and tell him that I, Ji Shaolei, am waiting for him here! If he doesn’t come over before I finish eating, then it’s overdue!”

“Get lost!” Ji Feng shouted lowly.

“Ah!”

That redhead cried out in shock and ran away in fear. He was really afraid of Ji Feng, that scene of slapping his companion away was still hovering in his mind from time to time.

Ji Shaolei looked dumbfounded and laughed: “San’er, what the hell is wrong with your family, look how scared you are!”

Ji Feng laughed and said, “Second brother, if Wu Zhihe really comes later, don’t say my real identity.”

“Oh?”

Ji Shaolei was slightly stunned, but soon, he understood and laughed, “Hiding in the wild, attacking them unexpectedly, hmm, this is a good idea!”

Red Hair returned to the compartment in a panic, and hurriedly told them what had happened, his face was a little white with fear.

In the compartment, Wu Zhihe and Zheng Yuxiu, as well as Huang Mao, were preparing to eat, when they heard what Huang Mao said, everyone’s face sank down.

“You’re a piece of shit!” Yellow Hair couldn’t help but curse.

Red Hair couldn’t help but secretly cry out in bitterness, thinking that you are a rich young man in Yanjing, but I’m not, it is said that they also have some background, my old man is just a dirt boss in Xishan, but I can’t fight with them.

But when Huang Mao scolded him, he didn’t dare to resist, after all, his father had arranged for him to get on good terms with Huang Mao so that he could work with Dahua, and he couldn’t mess up.

“Did that come from the man who beat you up?” Wu Zhihe, however, did not get angry, but only asked indifferently.

Red Hair shook his head in a panic and said, “It was said by someone called Ji Shao Lei!”

“Who?!”

Wu Zhihe and Zheng Yuxiu changed their faces at the same time, and both of them immediately looked at each other, and both could not help but frown.

“Who did you say just now that said these words?” Wu Zhihe asked.

“Ji, Ji Shao Lei It should be called that name!” Red hair said hesitantly, “He, he also said that he wanted you to go over there, and if it was late expired!”

“How is it related to Ji Shao Lei again?” Wu Zhihe couldn’t help but frown.

“Zhihe, what are you going to do? That’s a vicious young man, I think it’s better to go over there and talk things out so that it’s nothing!” Zheng Yuxiu said.

Wu Zhihe shook his head and said, “I’m sure I have to go, but I have to think about what reason to go. Eh, this time there is some trouble, my father just went to pick the peach of the Ji family, Ji Shaolei can stop this is strange

Campus Master

Chapter 867

While Wu Zhihe and Zheng Yuxiu were having some headaches, Ji Feng and Ji Shaolei were talking at length and laughing from time to time.

After they had eaten their fill, they took advantage of the fact that the salon had not yet started to sit down together for a few minutes to chat.

The relationship between Ji Feng and Ji Shaolei was quite close, not only because they were cousins, but also because they had very similar temperaments.

The two of them are actually very similar in temperament. Ji Feng tries to abide by his principles as much as possible, and tries not to violate them if he can. On the whole, he is definitely not an evil young man, and even now he doesn’t even look like a young master of a luxurious family.

On the other hand, Ji Shaolei seems to be a prodigal second generation, but in reality, he will never overstep the mark when it comes to his principles.

People who stick to their principles will always make people respect you even if they are your opponents.

Of course, when it comes to what flaws the two have, I’m afraid it’s all in the women. Ji Feng was originally only attracted to Tong Lei alone, but he just couldn’t control his feelings, and then there was one more Xiao Yuxuan, and now it’s better, there are already three. This makes him more and more ashamed of himself, but yet he can’t stop

But Ji Shaolei’s shortcomings should be a bit more, this guy not only has shortcomings in women, in the career, also does not have much motivation, which exists a certain gap with Ji Feng.

The other few cousins, even the elder brother, Ji Shaodong, were definitely not as close to them. Even, the relationship between Ji Feng and the three brothers and the few guys in the side line could be described without using the word bad, and that would be thanking the heavens.

But neither Ji Feng nor Ji Shaolei took it to heart, after all, blood is thicker than water and family conflicts, no one would easily get angry until a certain point.

If everyone could be so peaceful with each other, then naturally there was no problem, and it would be even better if they could take their relationship even further.

“Third child, you don’t call that shameful or not!” Ji Shaolei laughed when he heard Ji Feng’s complaint.

Ji Feng laughed bitterly and said, "What is this if not shame? I don't even know how to meet Tong Lei and Xiao Yuxuan now, I can't just run over and tell them, hey, brother I found another sister for you guys, you have to get along in the future This is going to be struck by lightning from heaven!"

Ji Shaolei choked and rolled his eyes, "Who told you to go say that!"

"Then what else can I do?" Ji Feng laughed bitterly, "Getting along with one's woman, if one has to cover up falsehoods, then there's no point!"

"You kid" Ji Shaolei didn't know what to say, after thinking for half a day, he said, "I understand what's going on, the reason why you kid is so tangled, in fact, it's still a problem of perception, let go of your mind, everything will be ok."

"What do you mean?" Ji Feng asked in some confusion.

"It's actually very simple, your thinking, is still stuck in a primitive state." Ji Shaolei looked like a master pointing at Ji Feng, "Think carefully, what kind of society is modern day? It is often said, what you lost your virginity in a hotel for eighty dollars a night, but you want me to spend eight hundred thousand dollars to buy a house before you will marry me. And something about how in modern society, if you want a virgin, you have to go to a kindergarten to find one, I'm afraid"

"And you know all this? What does this have to do with me?" Ji Feng asked with a smile. He had naturally heard of this, he himself was from the folklore and usually came into contact with those most ordinary people, how could he not have heard of this?

"Nonsense, of course I know!"

Ji Shaolei cursed with a laugh and added, "Actually, I'm saying all this to illustrate a key point, thinking! Give you an example and you'll understand, brother I'm not bad looking, right? My family background is not bad, right? Then you say, after all these years, how could it be that I don't have a girlfriend?"

"That's true!"

Ji Feng nodded slightly, agreeing with this statement, to say that if you were to find a girlfriend with second brother's condition, there would be an unknown number of backwards ones.

"That's right!" Ji Shaolei laughed: "You said my previous girlfriend, Xiang Yurou does not know? Or there will be another woman near me in the future, Xiang Yurou does not know? This is obviously impossible. But knowing is knowing, but may not say anything, because she knows very well that brother I am not considered a good person, but definitely not bad, and the most important thing is that I am treating her with my heart, this is not okay?"

Ji Feng scratched his head a little: "Just have sincerity?"

"Then what else do you want?" Ji Shaolei laughed, "Sometimes between two people, it's just like that, if you're not sincere with someone, then get the hell out of here before it's too late and don't come to harm them, but if you're sincere, then what's not to like?"

"Then you say that in my case"

“San’er, why don’t you understand, actually your situation is very simple.” Ji Shaolei said, “Tong Lei was able to accept Xiao Yuxuan at first, not because she was so generous, but because she knew that you were sincere to her and equally sincere to Xiao Yuxuan, and she liked you Simply put, it’s a matter of two lovers liking each other.”

“Just because they like me, I can bully them like this?” Ji Feng shook his head, “This statement of yours is not correct.”

“What the hell do you know!”

Ji Shaolei scolded, “You kid is a deadhead in this regard, let me ask you, do you like any pretty girl you see?”

“Am I that kind of person?” Ji Feng laughed bitterly.

“That’s not the end of it!” Ji Shaolei spread his hands, “You are only sincere to the three of them, then each of them is empathetic, in this way, they are actually able to have the basis of mutual acceptance with each other, as long as you can still guarantee the same sincerity to them, then this problem will not be a problem.”

Ji Feng couldn’t help but be silent, he thought for a long time before hesitantly saying, “Second brother, why do I feel as if you’ve brought me down?”

“Fuck off!” Ji Shaolei scolded with a laugh, “You’ll understand when you go back and think about it, but you can’t just run over and tell Tong Lei or Xiao Yuxuan that you’ve found another one outside, what will people think, what are you saying this for, to demonstrate to me? This is something that you have to take your time with, in the future they will naturally know what is going on when they have more contact. Of course, if you’ve always wanted that Xu Yuan to be your underground lover, then there won’t be any of these problems.”

“Let’s not talk about that!” Ji Feng felt that he was about to be assimilated by his second brother, which was not a good sign, but in his heart, it was a vague feeling that there was still some truth in those words, but he wouldn’t think about it now.

He looked at his watch, “Second brother, twenty minutes have passed, but those boys haven’t come yet.”

Ji Shaolei waved his hand and said, “Don’t care about him, it’s inevitable that people from the Old Martial Family are arrogant, I’d like to see how they plan to end it!”

If you come to apologize and you don’t come, that means you’re going to put up a fight, fine, no problem at all, anyway, it’s your old Wu family that’s seeking a brief peace with the Ji family and wants to take over Jiangzhou, we’re not going to beg you!

Ji Feng also thought about this point, his heart moved and he suddenly asked, “Second brother, do you think there is still room to turn back on the matter of second uncle’s transfer?”

“This is hard to say.” Ji Shaolei said, “As you know, this transfer is a compromise and balance between the Ji and Wu families, of course there is an exchange of interests in the middle, but if something goes wrong at some point, his old Wu family’s people want to enter Jiangzhou, that is a delusion!”

At this point, Ji Shaolei suddenly reacted, "You mean, to take advantage of this matter to snipe the old Wu family into Jiangzhou? I say, San'er, this is not a small issue, it may trigger a series of subsequent reactions, be cautious!"

Ji Feng shook his head and laughed, "Let's see what happens."

"Third child, it's better not to do this kind of hard collision, because if you snipe the oldest Wu family now, then when the time comes for the change of government, the old Wu family will snipe the eldest uncle, and then it will only be a lose-lose situation, your second uncle is temporarily retreating for the sake of the eldest uncle to go further."

Ji Feng nodded slightly, these issues, he had already thought about it, nowadays, his father is walking more steadily, but the pace is also slower, and there are still two to three steps upwards. It would take at least fifteen to twenty years to finish these two or three steps all the way to the end, and if he was sniped this time, he would have to be suppressed for five years, and by the time he finished two more steps up, he would already be somewhat overwhelmed at his age.

However, the Wu family boss is said to be older but at a slower pace, so this entry into Jiangzhou is also a crucial part of their game.

If he was sniped, hey, it would be difficult for him to go to the top, and it could be said that it had become almost impossible.

Of course, his father, Ji Zhenhua, moving up the ladder is not something that a single old Wu family can snipe, but there are a lot of variables in between, and it is only for the sake of safety that the Ji family has compromised with the Wu family, which is an exchange of sorts.

However, whether this exchange will work out in the end is not a nail in the coffin yet, as it is now close to the end of the year and a lot of work has to stop and will have to wait until after the New Year.

"Take your time and see how you respond to the situation!" Ji Feng smiled.

"Ding" Just as he finished his words, the phone suddenly rang and he took it out to see that it was Xu Yuan calling.

Ji Shaolei instantly revealed a meaningful smile, before turning his head and leaning back in the reclining chair, concentrating on his cigarette.

Ji Feng shook his head with a smile and picked up the phone, "Xu Yuan, it's me."

"Ji Feng, there's something I need to talk to you about." Xu Yuan said, "Rongpeng Group came to contact us today, they proposed that they want to acquire our pharmaceutical factory, or buy our Kang Yuan slimming powder patent and the surrounding technology!"

"Acquire?" Ji Feng frowned.

"I refused, but they sounded very tough and seemed to have a very strong background, so I looked up the public information of the Rongpeng Group." Xu Yuan said, "This group is really powerful, its headquarters is in Yuezhou, the capital of Southern Guangdong, and its market value is said to be around over ten billion"

“Ignore him!” Ji Feng said directly, “What bullshit Rongpeng Group, he wants to be beautiful, but also to acquire You just ignore him!”

After saying that, he chatted with Xu Yuan a few more times and asked her about her situation before hanging up the phone.

Next to him, Ji Shaolei was listening with a frown, “Rongpeng Group This name is familiar!”

Chapter 868

“You’ve heard of the Rongpeng Group?” Ji Feng raised his eyebrows slightly, “It’s very prestigious?”

“Let’s see. A very familiar name!” Ji Shaolei pondered for a moment and frowned furiously, “I remember!”

“Oh?”

Ji Feng immediately asked, “What’s the origin of this Rongpeng Group?”

“It’s very much something.” Ji Shaolei nodded and said, “It’s a large private enterprise in Southern Guangdong, its scale and assets are huge, it’s considered a giant ship in the private sector, of course, compared to some large state-owned enterprises, there’s still a huge gap, but in the private sector, it’s also considered a behemoth.”

“Is that all?” Ji Feng asked.

“More than that!”

Ji Shaolei shook his head slightly and said, “Rongpeng Group has a number of subsidiaries under its umbrella and is involved in quite a few industries, among which seems to be the pharmaceutical industry You’ve heard of Rong Peng’s loquat cream cough suppressant, right? That is the product of one of the subsidiaries of the Rong Peng Group!”

“I have heard of this Rong Peng loquat paste, it is said to be quite effective, but I have never used it!” Ji Feng laughed.

Since he was in the pharmaceutical industry, Ji Feng naturally had some understanding of the domestic pharmaceutical industry, and for this reason, he had done some homework, and basically had a general understanding of some of the large private and state-run pharmaceutical companies in China, including the products produced by these pharmaceutical companies, etc.

The first time Ji Shaolei said this loquat cream cough suppressant, Ji Feng immediately remembered that there is such a pharmaceutical company, but because the distance is too far, and this company does not have any conflict with the operation of Xiao’s pharmaceutical factory, basically belong to the relationship between the eight sticks, so Ji Feng did not pay much attention to this company, but did not expect that now there is really a connection.

“San’er, I think ah, this matter you still need to pay a little attention to.” Ji Shaolei reminded, “According to the gossips, the person at the helm of this Rongpeng Group seems to be a woman.”

“A woman?” Ji Feng couldn’t help but shake his head with a smile, “I really have to admire that there are many women who are more talented than men in business operations.”

“Stronger or not is another story.” Ji Shaolei waved his hand, “What I’m going to say is that it’s said that this woman is actually from the Wu family line!”

“Hmm?!”

Ji Feng was stunned, “That’s a coincidence

“Of course, that’s what I heard, I’m not too sure exactly what’s going on, but since everyone is saying that, it can’t be an empty cave, so we should still pay attention to it.” Ji Shaolei said.

Ji Feng instantly laughed: “No way second brother, after saying half a day you are all heard ah, there is no actual content?”

“You kid

Ji Shaolei shook his head with a smile and said, “To be able to hear about this is already not easy, in fact, official matters, who is not covered up! Besides, if you go to ask the people of the Wu family now, they will certainly not admit to having a dime to do with the Rongpeng Group. Just like your relationship with that whatever Tengfei Pharmaceutical Factory and Xiao Pharmaceutical Factory is the same, do you go out and dare to admit that these two companies are yours?”

“So that’s how it is!” Ji Feng then understood, and he laughed, “I thought it was just like Ji Shaojun and the others.”

Ji Shaolei laughed, “Ji Shaojun is just a small business, but the Rongpeng Group is said to be a huge one, these two can’t be compared at all.”

Ji Shaojun, the son of the Ji family’s sidekick, was working in the mall, and as long as his business was not too big, no one else could say anything about it.

Yes, according to the regulations, the immediate family members of cadres are not allowed to do business, but Ji Shaojun really does not have immediate family members who are cadres. The actual cover-up is that everyone understands what’s going on, but they just can’t catch a break, everything is in line with the rules.

The same goes for Ji Feng. His father, Ji Zhenhua, is a cadre, so according to the rules he is not qualified to do business. So now, Ji Feng’s status is that of a sophomore at United University, but not in business.

Who could say anything?

“That means

“I think it’s about eight or nine.” Ji Shaolei nodded his head.

“That’s no wonder they dare to mention the acquisition as soon as they open their mouths, with their wealth and such a background, it’s strange if they’re not arrogant!” Ji Feng shook his head and laughed, “It’s not good to stay in Southern Guangdong properly? This Wu family’s hand is a bit too long!”

Ji Shaolei laughed, "Maybe the Wu family doesn't know that Xiao's Pharmaceutical Factory is yours, otherwise, forgive them for being so arrogant. San'er, what are you going to do?"

"Just ignore him!" Ji Feng brushed aside his mouth.

Although his mouth said so, but Ji Feng's heart was paying attention, with the Wu family as the backing, this Rong Peng Group is afraid that they are overbearing and arrogant, now that Xiao Pharmaceutical Factory rejected them, there is still no telling what will happen.

He could not help but sneer: "So what if you have the Wu family as a backing! If you Rong Peng Group goes too far, don't blame me for being too heavy handed!"

In fact, the premonition in Ji Feng's heart was getting stronger and stronger. First, the old Wu family's people were ready to enter Jiangzhou, immediately after that, but the old Wu family's hidden assets had arrived in Jiangzhou first, and right away, they made a move on Xiao's Pharmaceutical Factory, which had great potential, this was really a move of the army before the food and grass.

"Hey! Really good calculation, see Xiao's pharmaceutical factory has such potential, want to get down and take it first, when the Wu family boss into Jiangzhou, only need a very short time of operation, this side of the pharmaceutical factory will be able to completely take off, assets expand dramatically, thus driving a lot of economic development"

Ji Feng couldn't help but shake his head and secretly sneer, "This time, the old Wu family is greatly shining on their face."

In fact, this is the truth, you see, you Ji Zhenguo in Jiangzhou these two or three years, Jiangzhou's economy is this way, and my old Wu family once you go, let the economy continue to take off, and the speed of development than before, this is not a political achievement is what?

What a good plan!

If we wait for the Wu family to enter Jiangzhou, I'm afraid that this international metropolis will not be so calm.

The company's main goal is to provide a good solution to the problem.

..... It's simply a delusion!

"Can Brother Shao Lei be here, my younger brother Wu Zhihe has come to pay his respects." Just then, a cheerful voice suddenly came from outside the box.

"Coming!" Ji Feng and Ji Shaolei looked at each other and both saw the obvious smile in each other's eyes.

"Ji He, come in, why are you so polite!" Ji Shaolei laughed, with the air of a big brother.

Nima!

Outside the door Wu Zhihe could not help but listen to the corners of his mouth twitch twice, was it not you who told me to come over, and also said something about not waiting for the expiration date, and now actually put on such a stance, what is this

The actual fact is that you can find a lot of people who are not aware of the fact that they are not able to see how happy they are. It has to be said that these people have been watching how their parents deal with people since they were young, and they have learned how to deal with people even if they haven't learned the temperament of their elders, but they have learned how to deal with people.

There is no big man's temperament and mind, but there is always peace and hypocrisy!

With a smile on his face, Wu Zhihe walked into the box with a few steps, followed by Zheng Yuxiu and the two boys who had clashed with Ji Feng before. Only, the faces of these two brats did not have the kindness and smile of Wu Zhihe, they just had a complicated and somewhat ugly face.

"Brother Shao Lei, when did you come back?" Wu Zhihe asked as he sat down with a smile on his face.

"I just came back yesterday!" Ji Shaolei said indifferently, "Zhihe, I heard that your kid is doing well now."

The corners of Wu Zhihe's mouth twitched and he forced a smile, "A small fight, huh, a small fight."

"Just a small fight won't do, look at your big brother, he's walking so steadily, very good." Ji Shaolei commented twice, that tone was the tone of a lecture to a child.

Wu Zhihe then couldn't help but jump a few times at the corners of his eyes, he coughed dryly, "So what, Brother Shao Lei, let me introduce to you, this is Zheng Yuxiu, also my girlfriend."

"Brother Shao Lei" As soon as Zheng Yuxiu spoke, Ji Shaolei's face instantly sank.

"Zhihe, is this how you teach women? Is the title of Brother Shao Lei something she can also call?!" Ji Shaolei didn't even pay attention to Zheng Yuxiu, but looked directly at Wu Zhihe.

In a flash, Zheng Yuxiu's face rose red, his heart hated him, but he didn't know what to say.

"....." Wu Zhihe almost did not suffocate, but in his heart also cursed Zheng Yuxiu stupid, your old Zheng family is only a third-rate family, not at all into the eyes of Ji Shaolei, you actually dare to be so arrogant, direct that kind of address, Even if you casually scold him behind his back, now face to face, you have to put up the low posture that you should have.

The actual fact is that you will be able to get a lot more than just a few of these.

Zheng Yuxiu's heart was furious, he had heard that Ji Shaolei, the evil young man, was unreasonable, but now that he had met him, he knew that this guy was even more of an asshole than the legend said!

"He's just a second generation guy who relies on his family background! What the hell!" Zheng Yuxiu couldn't help but curse in her heart.

However, she had to admit that in this circle, there were only two things to rely on, one was family history and the other was one's own hand.

Without family history, you can't even get into this circle!

Isn't family history important?

Therefore, Zheng Yuxiu could only curse in her heart and vent a little, but if she really had to say this to her face, I'm afraid that when the time comes, without Ji Shaolei saying anything, Wu Zhihe would throw her out.

There are some rules that everyone must abide by.

"Brother Shao Lei, I've made you laugh!" Wu Zhihe said with a civilized smile, appearing very light and elegant, but he might not know how much he hated in his heart, "By the way, I heard Xiao Huang say that they had some misunderstanding with this friend of Brother Shao Lei before, so he specially brought them here to apologize this time"

Campus Master

Chapter 869

"Apologize? Haha" Ji Shaolei's face revealed an extremely odd look, as if he had heard some several funny jokes seemingly, he burst out laughing.

"Brother Shao Lei, why are you laughing?" Wu Zhihe frowned a little, Ji Shaolei's laughter gave him a feeling of being humiliated.

Ji Shaolei stopped laughing, swept a glance at him and said indifferently, "We wouldn't dare let them come and apologise, deliberately ramming my oldest brother and wanting to bite back and sue us for hurting someone, hey, such a powerful character is not something we can afford to mess with."

Wu Zhihe's face just changed as he frowned and said, "Brother Shao Lei, frankly I really didn't know that there were these things in between."

And the two behind him, Red Hair and Yellow Hair, instantly turned pale and panic flashed in their eyes, neither daring to speak.

Ji Shaolei then pointed at these two people and said indifferently, "These are two very powerful people, we can't afford to mess with them, Zhihe, there is no need to mention the apology, there is no need for that, we are all capable of solving problems."

When Wu Zhihe was stunned, he couldn't help but feel a little uncomfortable in his heart. What do you mean there is no need to apologise?

Ji Shaolei's meaning was already very clear, there was no need to apologise, that meant that even if these two guys apologised, he wouldn't accept it, this problem, he would have to solve it in his own way!

But if we really let Ji Shaolei to personally solve this problem, this is really troublesome, not to mention other things, just the arrogant behavior of those two guys that Ji Shaolei said, how to deal with them is not too much, and with Ji Shaolei's reputation, this is obviously not a good man or woman.

Just think about it, with such a villainous young man, who was famous in the capital, to deal with Yellow Hair and Red Hair, would it still be good for them?

"You two, get your asses over here!"

Wu Zhihe roared lowly as he couldn't help but feel some anger in his heart.

These two bastards, they actually dared to play ambush with themselves in this matter, speaking in a veiled manner, but it turned out that they were actually taking the initiative to provoke!

In fact, originally, Wu Zhihe thought that it was Ji Shaolei's men who had clashed with these two guys on the road, so he didn't pay too much attention to it, the bumps and bruises on the road, that was a very common thing, accompany a salute to apologize, or compensate for some damages, and then nothing would happen.

Wu Zhihe believed that even if Ji Shaolei was a vicious young man, he would never turn against himself over such a small matter.

However, he did not expect that when these two bastards reported the situation to themselves, they actually avoided the seriousness of the situation and just said that they accidentally clashed with this person on the road, but the person would not relent Who knew they were lying!

"Wu, young Wu"

Yellow hair and red hair came to Ji Shaolei and Ji Feng somewhat trembling, their heads not even daring to raise, their hearts terrified.

Originally, they didn't take Ji Feng seriously at all, not only did they not think about apologizing, they even wanted to give Ji Feng a ruthless beating so that he would know what to do. Just kidding, with the young master of the Wu family helping to hold them back, who would dare to do anything to them?

However, the duo did not expect that not long after they had reported to the police, an acquaintance in the police called and said that they were in trouble and that the other party was somewhat not to be messed with.

Only then did they find Wu Zhihe and ask him to do something about it. As expected, when the police called again, Wu Zhihe blocked the call and did not even ask what was going on. This made both Yellow Hair and Red Hair happy, yet now, they were really scared.

From Wu Zhihe's attitude towards Ji Shaolei, they realized that the other party seemed to be really big, at least, they hadn't seen anyone who dared to call him 'Zhihe' in one breath, other people who met Wu Zhihe had to address him as Wu Shao!

"Brother Shao Lei, I'll leave these two bastards to you, do whatever you want!" Wu Zhihe said with a cold face.

Ji Shaolei waved his hand and laughed, "I've said it's nothing, let them go, don't scare the children!"

Wu Zhihe then laughed bitterly, "Brother Shao Lei, don't be like this, a friend of mine is now talking to Dahua about cooperation, this little Huang is the son of Dahua's boss Huang, look"

What family don't scare little children?

Don't see Ji Shao Lei speak lightly, but Wu Zhihe is listening to understand, Ji Shao Lei is obviously not this two little guys in the eyes, people want to deal with, is the two little guys of the family You are

not so arrogant and arrogant because of your family talent? The actual fact is that you'll be able to get a lot more than just a few of these.

However, Wu Zhihe was not willing to see this kind of scene appear.

"Since you have spoken, then fine, from now on, I don't want to see these two bastards in Yanjing again!" Ji Shaolei said with a cold smile.

"Brother Shao Lei, thank you so much!" Wu Zhihe immediately revealed a smile as he fiercely turned his head and shouted lowly, "Why are you two still standing there, why don't you quickly thank Ji Shao for sparing you! Two things that don't know the sky is high, you really think that just because your family has some money, you can run amok!"

"Thank you, thank you, thank you, thank you, thank you!" The two bowed in a panic.

"Get lost!" Ji Shao Lei grunted.

The two men were instantly pardoned and hurriedly retreated.

"Brother Shao Lei, thanks a lot for this time." Wu Zhihe said with a smile.

Ji Shaolei nodded slightly and did not say anything more.

Seeing this, Wu Zhihe knew that he should go, after all, everyone's friendship had not reached the point where they could sit and chat together, at most, they could just get by face to face, in reality, the children of the Ji family and the Wu family really did not have much intercourse.

"Third child, did you hear that?" After Wu Zhihe left, Ji Shaolei's brow furrowed, "Just now Wu Zhihe said that his friend was talking to Dahua about cooperation!"

Ji Feng asked, "Are you trying to say that the company that Wu Zhihe's friend works for might be the Rongpeng Group?"

Ji Shaolei sneered and said, "You don't know Wu Zhihe as a person, this time is a critical moment for his father's progress, he definitely won't fight with me because of this trivial matter, but he is strongly protecting the Dahua Company, that can only mean one thing, this Dahua Company is very important to him!"

"So, swallowing the Dahua Company is most beneficial?" Ji Feng asked with a smile.

"Or rather, this Dahua Company is most likely already his Wu Zhihe's!" Ji Shaolei's smile was a bit cold, "This Wu Zhihe, arrogance is a bit out of bounds, I have said that you are my oldest brother, he actually uncovered it so lightly The first thing you need to do is to get a good idea of what you are getting into.

Ji Feng nodded slightly, the arrogance and arrogance of the old Wu family, he had really seen it.

"Let's put this account down for now, there's always a chance to settle it later!" Ji Feng laughed.

"Forget it, let's not talk about these annoying things, the salon is about to start, let's go over there!" Ji Shaolei waved his hand.

The next salon party, Ji Feng finally got to see a bit. Most of those present were people of status and position, like the boss of some private enterprise, or the head of a state-owned enterprise or something like that, while Ji Shaolei made his appearance as the boss of Jian'an Group, plus his origin, which attracted many people to greet him warmly.

Even Ji Feng had quite a few people accosting him and talking to him with great enthusiasm.

This was not because of how much Ji Feng attracted the attention of those businessmen, but because he was following Ji Shaolei, others thought he was Ji Shaolei's follower, or rather, someone who followed Ji Shaolei around.

If you want to have a good relationship with Ji Shaolei, it is not a bad strategy to start with Ji Feng.

To these people, Ji Feng only dealt with them politely, and the business cards in his hand were collected one after another, almost making his hands go soft.

"This gentleman!" A voice suddenly sounded in Ji Feng's ears, he subconsciously turned around, but saw a woman wearing a dress, holding a glass of wine, looking at herself with a smile, but it was Wu Zhihe's girlfriend, Zheng Yuxiu.

"You called me?" Ji Feng asked.

"Of course!"

Zheng Yuxiu smiled flirtatiously, "Introduce myself, my name is Zheng Yuxiu, I don't know how to address little handsome brother?"

Little handsome brother?

Ji Feng looked down at himself, how could he not see where he was smaller, he couldn't help but laugh a little, "Ji Feng!"

"Oh?!"

Zheng Yuxiu then couldn't help but brighten up and asked with a smile, "Mr. Ji you are also a member of the Ji family?"

Want to come and find out my identity?

Ji Feng glanced at her and immediately raised his head and said proudly, "Of course, can't you see that my surname is Ji, of course I'm a member of the Ji family! Let me tell you, Ji Shaolei is my second brother!"

As soon as he looked at his smug look, Zheng Yuxiu couldn't help but secretly grimace in his heart, what level is this!

If he was a real son of a family, who would flaunt his status like this?

"This kid is probably some distant relative of the Ji family, right?" Zheng Yuxiu secretly guessed, just by looking at the box before, Ji Shaolei made a decision without even consulting Ji Feng, one could tell that Ji Feng's status in the Ji family must not be high.

With a light twinkle in his eye, Zheng Yuxiu smiled lightly, "So it's Little Ji Shao, I'm really sorry."

"Good to know!" Ji Feng grunted and said arrogantly, "You tell those two miscellaneous brats for me that I, Ji Feng, am not that easy to mess with, my second brother doesn't touch them, that's because he doesn't see eye to eye with them, but I'm not very nice to talk to!"

He laughed heatedly and moved closer to Zheng Yuxiu with a wicked look.

A look of disgust flashed across Zheng Yuxiu's eyes and he took a step back without a trace, but his mouth asked, "Young Ji, I heard that your family's old man has a long lost grandson who has recently returned, is that you?"

"It's not me" Just as he said this, Ji Feng 'suddenly woke up' and looked at Zheng Yuxiu warily, "Why are you asking this!"

"Nothing, just asking casually, huh, handsome, I don't know where the high school is ah?!" Zheng Yuxiu got the answer he wanted and decisively changed the subject.

Ji Feng heatedly smiled, stepped forward, grabbed Zheng Yuxiu's small hand and smiled badly, "There are too many people here for my liking, why don't we find a place where no one is around to talk? I'll make sure you're satisfied!"

"Young Ji, please behave yourself!" Zheng Yuxiu's face sank, "Being getting yourself into trouble!"

"You" Ji Feng's face then gloomy, some hum of shame and anger, turned around and walked away, mouth muttering curses, but in the heart is fast laughing mad, can not imagine that he plays this kind of stupid, but also so like

And Zheng Yuxiu, likewise, was secretly happy in his heart, "So it's just a small role"

Chapter 870

"This stupid woman, haha" After the salon ended and everyone dispersed, Ji Shaolei burst out laughing when he heard Ji Feng talk about Zheng Yuxiu's move, "Needless to say, this woman must have taken it upon herself to ask you, with Wu Zhihe's arrogance, he basically wouldn't come to this."

"It's stupid enough!" Ji Feng laughed.

"Alright, let her be stupid" Ji Shaolei laughed, "Let's go back."

Ji Feng nodded and started the car, ready to send Ji Shaolei back first, "Second brother, there's a question I'm a bit confused about, holding this form of salon event, the possibility of trying to negotiate business is not very good, and it's a waste of time for nothing, why do so many people still come to attend?"

Ji Shaolei laughed: "It's just a pain in the ass!"

Ji Feng couldn't help but dumbfoundedly laugh.

"Just kidding, in fact, this kind of salon activity is more or less useful." Ji Shaolei laughed, "For example, people in the same industry together, we may discuss the prospects of the industry together, pass news to each other and so on, this can help you to make judgments about the future development, but also to

learn the latest news As you know, what's most important in a shopping mall, information of course!"

"That's true!"

Ji Feng nodded slightly, he often heard about summits and salons and cocktail parties and the like, if these things were purely a waste of time, I don't think they would exist.

"For example, today, I learned about some of the group's movements and some other news through other people's mouths." Ji Shaolei said, "Don't ever underestimate such a tiny bit of information, it could very well have a bearing on the group's future development."

Ji Feng laughed, "Second brother, it seems like you're really doing a decent job as an old president."

"Nonsense!"

Ji Shaolei cursed with a laugh, "Do you really think that your second brother, I'm just a dude?"

Ji Feng smiled and shook his head, of course he didn't think so, with Second Uncle's character, if Second Brother was really just a fop, Second Uncle certainly wouldn't have let him be the boss of a group, I'm afraid he would have scolded him a long time ago.

In fact, Ji Feng knew very well in his heart that the second brother was not a fool, on the contrary, he was actually very shrewd, but his personality was jumpy and somewhat big-headed, plus the fact that he was notorious in Yanjing in the past, which made others have a bad impression of him.

But in reality, whoever thought of his second brother as a fool was a real fool himself.

"San'er, seriously, you saw it today, right?" Ji Shaolei said, "You've seen how rampant the Wu family's people are, and how their methods are, I believe you should have seen them soon, such a family, it's not easy to deal with. In the future, we two brothers in Jiangzhou, but we have to work together for the time being."

Ji Feng nodded slightly and said, "Oh, second brother, it's nothing if his Wu family comes, as long as they don't mess with me, then we'll be fine, but if they take the initiative to mess with me, I'll naturally have to fight back!"

"San'er, I find that you don't seem to be under much pressure, do you?" Ji Shaolei was a little surprised.

Ji Feng laughed heatedly and didn't say anything.

But in reality, although the people from the Wu family were arrogant, he really didn't feel any pressure at all in his heart, instead he could say that his fighting spirit was high and his whole being was excited.

When it came to fighting with people, Ji Feng had never really been afraid of anyone.

I don't know what was going on, but at this moment, it was as if Ji Feng had returned to the kind of fighting spirit he had when he faced Xu Mo's oppression in high school. The more arrogant and aggressive the other party was, the more fighting spirit and battle spirit Ji Feng had.

“San’er, in fact, although the people of the old Wu family are arrogant, those guys are all very powerful too.” Ji Shaolei said, “What’s more, when they go to Jiangzhou, they shouldn’t go to actively provoke us.”

Ji Feng agreed with this, knowing that this time it was the Old Martial Family that was in a passive posture, so unless they wanted to start a big war, they wouldn’t go too far.

Although Second Uncle was no longer in Jiangzhou, however, he and Second Brother were still sons and daughters of the Ji Family, so if the Wu Family wanted to provoke themselves and Second Brother, they would first have to consider what kind of reaction the Ji Family would have.

But for some reason, Ji Feng always had a vague feeling that sooner or later he and the Wu family would have a big collision, which made him flinch in his heart, but instead of saying that he didn’t take it seriously, he took this feeling very seriously. Ever since he entered the third stage of his training, Ji Feng’s senses had become more acute, so he still had great trust in his own senses.

However, this could not be told to others, after all, it was only a feeling, and others might not believe it even if they said so.

After deliberating for a moment, Ji Feng still politely reminded Ji Shaolei: “Second brother, I always feel that we will still have a conflict with the Wu family’s people, so we have to prepare well in advance.”

“That’s for sure!” Ji Shaolei, however, directly nodded in agreement with Ji Feng’s statement, and he hummed, “Just because Wu Zhihe acted so arrogantly today, I will first write down this debt for him, and sooner or later, we will have to settle it with him together. Elders have their own considerations, but I also have my own way of doing things.”

“That’s the truth!” Ji Feng said, “The elders carry out operations, but they don’t say that we have to suffer, do they?”

.....

When Ji Feng returned home, it was already after nine o’clock at night, the house lights were still on, Ji Feng opened the door and walked in, but found his parents sitting on the sofa watching TV, which was a very rare scene, he couldn’t help but grin.

“Brat, where have you been again, coming back smelling of alcohol!” His mother, Xiao Sumei, glared at Ji Feng.

Ji Feng explained with a smile, “I went to a salon of a business nature with my second brother and gained a lot of insight.”

“That brat doesn’t learn either, he’s brought you down, see if I don’t scold him next time I see him!” Xiao Su Mei grunted, brought her son’s slippers, told him to change his shoes and poured a glass of water. She complained, but her heart was definitely in pain. Especially when she saw that Ji Feng was only wearing a shirt and a jacket outside, she instantly complained.

The first time I heard my mother’s count, Ji Feng’s heart was warm and he just scratched his head and laughed.

Ji Zhenguo was watching the TV with a smile on his face, as if he hadn't heard his wife scolding his son, but in reality, he was paying attention to every move over here.

"Dad, I ran into someone from the Wu family today." Ji Feng sat down next to his father.

"Mm!" Ji Zhenhua nodded, but didn't answer the question.

Ji Feng then scratched his head helplessly and had to say directly, "Dad, the matter of Second Uncle's transfer, is it just settled?"

"You kid, you're concerned about this now?" Ji Zhenhua laughed, "The general direction has already been set, if nothing unexpected happens, it should be like this."

Ji Feng laughed heatedly, "I'm not just concerned, the old man taught me all afternoon this afternoon at East Sixth Street."

He was attentive to the second half of what his father said, only that the general direction was set, which meant that it was not yet finalised, so maybe there was really room for manoeuvre in the middle.

However, Ji Feng also knew that his parents still treated him as a child and did not talk to him about this, so it would be futile to ask.

It seemed that he would have to slowly figure it out himself.

"Well, learn more from your grandfather, it won't do you any harm!" Ji Zhenhua nodded his head.

Ji Feng then nodded, what the old man said was after a lifetime of precipitation and accumulation, although it could not be said that they were all the truth, but at least, they were all the experience accumulated by the old man, which was extremely valuable.

Afterwards, the father and son changed the subject, and Ji Zhenhua asked in detail about Ji Feng's situation at school, and how he got along with Tong Lei, etc., which made Ji Feng's heart a little weak.

Next to him, Xiao Sumei was also shaking her head in her heart. She had not told her husband about her son having two girlfriends for fear that he would get angry.

But she did not know that her son did not have two girlfriends now, but three.

If she knew about it, she didn't know what her expression would be, but scolding Ji Feng was a certainty.

Just now she was privately reprimanding her son, warning him that he must not hurt other girls. Because it was because of this aspect herself that she had left in a fit of anger for more than ten years and made her son suffer, she naturally did not want such things to happen again to her son and future daughter-in-law.

Ji Feng was almost speechless and had to hurry to find an excuse to go to his room.

"Phew...!" Ji Feng let out a long breath of sweat and after a simple wash, he lay on the bed and made a phone call to Xiao Yuxuan and Tong Lei respectively, and finally called Xu Yuan.

On the one hand, he called Xu Yuan because their relationship was not normal anymore, on the other hand, Ji Feng wanted to ask about the current development of the pharmaceutical factory. Today, when he attended the salon, he met those big bosses who were extremely rich and had stimulated Ji Feng.

In those people's mouths, money was actually just a number, casually tens of millions and hundreds of millions, and no one even mentioned the amount of millions of units, as if there was much shame.

In particular, a big fat man from the finance industry said something about sweeping billions of dollars in a certain futures market, making Ji Feng's teeth hurt a little.

Only then did Ji Feng realize that the pharmaceutical factory that he had worked so hard to develop for so long, even if all of Xiao's Pharmaceutical Factory and Tengfei Pharmaceutical Factory were added together, was not as much as a fraction of the goods swept by others once.

Then think about what second brother said about the hidden assets of the Wu family – the Rongpeng Group, which is said to have exceeded ten billion Ji Feng just wants to curse twice, is this money still money?

What's more, the Wu family is slightly inferior to the Ji family in the political world, but it's only a line of difference.

However, when it comes to private capital, they have an advantage that the Ji family cannot match at all. Perhaps, this is one of the reasons why the Ji family has compromised with the Wu family.

Since he thought it was possible to go up against the Wu family, Ji Feng had to prepare in advance, so he was thoroughly enthusiastic about the pharmaceutical factory.

Fortunately, Xu Yuan's report on the development of the pharmaceutical factory gave Ji Feng some comfort.
