

Campus Master 871

Chapter 871

According to Xu Yuan's report, in the past six months or so, the development of Xiao's Pharmaceutical Factory can be said to have achieved great results, the most important point being the gradual establishment of sales channels and the return of capital, both of which have ensured that the pharmaceutical factory can continue and develop rapidly.

"For the time being, among the more than twenty provinces, municipalities directly under the central government and other regions in the country, there are twenty provincial-level agents who have already established cooperation, and there are still several provinces that, for some other reasons, have not yet established contact, or rather, have not established business relations at the provincial level, but have signed contracts directly with the representatives of the municipalities

Xu Yuan was reporting in detail about the pharmaceutical plants, "Moreover, most of them have a contract term of about three to five years, and the agency fee is paid one year in advance."

Ji Feng couldn't help but marvel, "What a super fast development speed!"

He really didn't expect that the pharmaceutical factory would grow this fast and actually almost spread its goods across the country. In this way, in another six months at most, Kang Yuan Slimming Powder would be fully spread across the country.

Of course, a full year to completely spread the situation may seem a bit slow.

But don't forget, just half a year ago, Xiao's pharmaceutical factory is still a small pharmaceutical factory even in the local Jiangzhou, are unknown, turnover and profits are pathetically small.

Because of the unprecedented appearance of Kang Yuan slimming powder and the beautiful marketing methods, Kang Yuan slimming powder became popular in the north and south of the country in a very short period of time.

It was a rare achievement to achieve this. It has also caused a shock in the industry.

"It's normal to develop fast now because the pharmaceutical factory hasn't really grown up yet, so all those large pharmaceutical groups haven't faced up to it yet and haven't put this newly-emerged newcomer in their eyes." Xu Yuan still kept a clear head, "When the pharmaceutical factory really grows in the future, it will be difficult to have such rapid development again."

"That's right, now is the best time to develop." Ji Feng nodded, "We must seize this moment and push the pharmaceutical factory to the peak as much as possible, don't worry about the subsequent products, now is the point, be quick, be quick!"

Not being taken seriously by other pharmaceutical groups was not a bad thing, and this was what Ji Feng wanted to see.

Because once it was treated as a rival by those pharmaceutical predators, it would be much harder for Xiao's Pharmaceutical Factory to rise again.

It was said a long time ago that the pharmaceutical industry is very different from other fields, especially in terms of sales channels. The sales channels in other industries are very free, if you don't have channels, you can just set them up yourself, it's not a big deal, as long as you are willing to go out and run, you will definitely build something.

So, choose this kind of small pharmacy, business almost need not be done.

There is another key place, which is the hospital.

The consumption of medicines in hospitals is simply huge and, moreover, this is the most important place where medicines are consumed. But often, the procurement channels of many hospitals are in cooperation with certain pharmaceutical companies, and the two are inextricably linked to each other.

This is what makes it so difficult to establish channels in the pharmaceutical industry, and is the most obvious difference from other industries.

So to be able to take a year to completely spread the Kang Yuan slimming powder is already very good. This is still because of the fame of Kang Yuan slimming powder, otherwise, without two or three years don't even think about it.

And once the predators are targeted and the channels are controlled, the pharmaceutical factory will have to pay a big price if it wants to grow again.

"At present, I am already forming a team of professional managers, as well as a professional marketing team, in a bid to grow the pharmaceutical factory and establish its own marketing network in the shortest possible time." Xu Yuan nodded her head, she naturally understood what was most important to do now.

"This is the right thing to do, the stall is too big, and if you do it yourself, you simply can't get busy, it will have to wear you out." Ji Feng said, "These teams must be set up as soon as possible!"

"Heartbroken for me, huh?" Xu Yuanjiao asked with a smile.

"Nonsense!"

Ji Feng lost his smile and said, "Be serious, you're reporting to the leader now, don't be playful!"

"Yes, my big young man!" Xu Yuan pursed her lips and smiled lightly, but her heart was very sweet, "Then there is the funding situation, the agency fee that has been received so far, has reached more than 200 million"

Ji Feng listened straight staggered: "How this turn of events, the pharmaceutical factory's assets are over a hundred million?"

Ji Feng only participated in the preliminary promotion work, for the later expansion, he did not participate, basically Xu Yuan was in charge, Yang Dezhao was on the side to assist. However, he did not expect that this later stage of expansion would be so delightful!

In fact, the preliminary paving work has been done, this late stage is the harvest season, the front has worked hard, the back naturally harvests well, it is only natural.

“There are still many companies that do not pay the one-year agency fee in one go, but pay in instalments. If all the agency fees were collected, 400 million would be no problem. But we also treat it differently because the situation is different and our eyes won’t just be on the agency fee” Xu Yuan seemed to sense Ji Feng’s surprise and couldn’t help but smile lightly.

In the past, Ji Feng had always had a calm and steady posture like a mountain, so it could be really hard to surprise him.

“Eh! I’ve become a dirt bag who hasn’t seen the world.” Ji Feng shook his head and laughed.

“Hee hee” Xu Yuan laughed lightly, “Big young man, you’re not a dirt bag, the preliminary strategic planning and beautiful marketing methods, that’s not something a dirt bag can play around with.”

“OK OK, you also do not wear high hats with me, today attended a salon party, if you come will know, what is called the world, we can not be complacent because we have made a little achievement, to learn more ah.” Ji Feng said with some emotion.

Nowadays, the pharmaceutical factory is just learning to walk as a child, compared with those strong and powerful large groups, people will not even look at it, even if the pharmaceutical factory in the eyes, it is because they see the development potential of the pharmaceutical factory.

Therefore, Ji Feng’s heart is quite alarmed, several hundred million of assets, if nothing is done, it is several lifetimes will not be used up, but in order to make their own voice in the market, is still far from enough ah.

“Eldest young man, that’s what I’m planning too.” Xu Yuan said, “Now the situation of the pharmaceutical factory has basically opened up, the next step is to maintain the channels as well as continue to expand, the work will be quite easy, in addition to that there is also a professional team has gradually been formed, so I plan to enroll in an on-the-job mpa course to learn a little more.”

“Good, it’s good to have this heart.” Ji Feng nodded and smiled.

“Then after the Spring Festival, I’ll talk to you about it and see which school is good to apply for.” Xu Yuan said.

After talking to Xu Yuan on the phone, Ji Feng was in a much better mood, but he also realized that the gap between himself and those big predators was still very big.

The assets of the two pharmaceutical factories together were only a billion, and this included a lot of uncollected funds.

“Rongpeng Group over ten billion” Ji Feng couldn’t help but shake his head, “It’s still far from that!”

This is still only a private nature of the Rongpeng Group, if compared to those state-owned enterprises, it’s even more of a drop in the bucket. The assets of many state-owned enterprises are counted in billions of dollars, and tens of billions of dollars at every turn, which makes people’s scalps tingle.

The two pharmaceutical companies want to stand out from the future, to go a long way ah!

.....

The next few days, Ji Feng every day with Xu Yuan and Han Zhong telephone communication, now close to the Spring Festival, the pharmaceutical plant production and other aspects of the work have slowed down, it is just the time to summarize and understand.

The situation at Tengfei Pharmaceuticals is stable, with regular earnings every so often, but it is impossible to take off all at once, and this is not comparable to Xiao's Pharmaceuticals.

The reason for this is simple: the Tengfei Pharmaceutical Factory's supply target is only the Tian Yao Group, and furthermore, only the military. After all, the drugs produced are different and so are the restrictions. The top would certainly not allow a drug like Special Effects Current to flow into foreign markets.

But Kang Yuan slimming powder is different, once the situation is opened, in fact, foreign countries are also a huge market, after all, the world's obese population, foreign countries occupy a much larger proportion than domestic.

So in a short period of time, it is still only possible to work from Xiao's pharmaceutical factory.

And Ji Feng has also had a preliminary discussion with Han Zhong, both of them agreed to let Tengfei Pharmaceutical Factory as a base specializing in the production of special drugs, and not to make civilian drugs, in this way, it can ensure its stability, if other industries are not good, this can also be used as a buffer, not to say that all the company collapsed at once.

And in this way, Han Zhong will also be able to pull back from the Tengfei Pharmaceutical Factory and enter other industries again. After all, there are very few talents like Han Zhong on Ji Feng's side right now, so it is better than anything to be able to free up Han Zhong's hands.

This is what it means to prepare for a rainy day and prevent problems before they occur.

The actual fact is that you can't do a lot of things until the end, you have to lay this foundation early on.

After two more days, Ji Feng unexpectedly received a call from Xu Yuan.

"Young master, the inspection team suddenly came from above, saying that someone reported that there were problems with the Kang Yuan slimming powder produced by our pharmaceutical factory, and that verification was needed!" Xu Yuan said with some anger.

Ji Feng's brow then furrowed, trouble was really coming.

Chapter 872

"What's going on?" Ji Feng asked, "Aren't they all on holiday now, where did some inspection team come from?"

"They said it was an inspection team from the Jiangzhou Drug Administration, conducting a safety inspection during the Spring Festival, and they received a report at this time, so they came over." Xu Yuan said.

"Have the pharmaceutical companies below contacted you?" Ji Feng asked.

“No, everything is normal.” Xu Yuan naturally understood what Ji Feng meant by asking this, “The inspection team just said that they received a report.”

“Bullshit!”

Ji Feng snorted, what received a report, this was simply an excuse.

The medicines produced by Xiao’s Pharmaceutical Factory were either prescriptions purchased from other pharmaceutical companies for production, and the rest was just Kang Yuan Slim Powder. And these two types of medicines have been filed by the Drug Administration, as well as audited by other relevant departments, and in terms of formalities and procedures, there would not be any problems.

Then, the only remaining problem would be the end market, for example, if a certain consumer had problems after taking the drugs produced by Xiao’s pharmaceutical factory. But if that were the case, then first of all those pharmaceutical companies responsible for sales would contact the pharmaceutical factory, because they would have to be found now, and then they would be the ones to deal with the pharmaceutical factory.

The rest, as it were, would be dealt with.

But now, the pharmaceutical company has not received any phone calls or other forms of contact from any pharmaceutical company, which means that there is no problem in the end market.

And the formalities are in order and legal, so who’s going to report it, anyway?

It’s a clear case of picking a fight!

“What was the excuse for their inspection, that’s what the report was about.” Ji Feng asked again, “Is there a problem with our formula, or is there a problem with the quality of the drugs produced? If there is a problem, which specific kind of medicine is it?”

“It’s a kind of Niuhuang antidote pill.” Xu Yuan said, “They said it was the formula that was faulty, and also suspected that there were problems with the formulas of our other medicines as well, and wanted us to submit all the formulas to them for review!”

Immediately, Ji Feng’s heart fluttered and he asked, “Including the formula for Kang Yuan’s slimming powder?”

“Yes.” Xu Yuan said, “I think something is not right.”

“Of course it’s not right!”

Ji Feng couldn’t help but sneer and said, “The way I see it, they themselves are coming for this Kang Yuan Slim Powder formula!”

“Ah?!” Xu Yuan was instantly shocked, “Then what should we do?”

“Cold turkey!”

Ji Feng laughed coldly, “I might not have time to go back right now, so don’t push hard with them. Since they say that there is something wrong with the formula of the Niuhuang Antidote Pill, then you should

take the formula to them, anyway, we bought it from the regular channels and it is all filed, so feel free for them to investigate it as much as they like!”

“What about the recipe for Kang Yuan slimming powder?” Xu Yuan asked again, “They asked for the formula of the slimming powder.”

“Who dares to ask you for the formula of the slimming powder, just tell them that we have it on file with the Patent Office and it was vetted, let them go directly to the Patent Office for it!” Ji Feng hummed and said disdainfully, “Those people are just bluffing, they don’t have this right to check our formula, if they are capable, they should come to the patent office in Yanjing to check!”

“I understand.” Xu Yuan said with a nod, then asked, “But they are not allowed to start work when they move into the pharmaceutical factory.”

“And it’s still against the sky!” Ji Feng immediately frowned, “You first take it easy, I’ll make a phone call, the shutdown is well resolved, do not start the production line of Niuhuang antidote pills for the time being, produce the others first.”

If the inspection team is stationed at the pharmaceutical plant and asks for a work stoppage, then temporarily not producing the Niuhuang antidote pills is no big deal. However, other drugs, but can not stop, with the current situation has been spread, the pharmaceutical plant’s four production lines are all in full production, still can not meet the demand of Kang source slimming powder, if now again stop work, once to those pharmaceutical companies can not supply goods, but a violation of the agreement.

Hearing Ji Feng say this, Xu Yuan’s heart was at ease and she said, “I know what to do.”

“Don’t worry, nothing will happen, those are just clowns jumping on the bandwagon.” Ji Feng said a few more comforting words, and then hung up the phone.

“These bastards, they actually used even such tricks!” Ji Feng’s face was gloomy, and no matter who the other party really was, but there was one thing Ji Feng could see at a glance, this so-called inspection team, in fact, was for the formula of Kang Yuan slimming powder to come.

The people of the Drug Administration want the formula is certainly not useful, they are only the management department, and can not take the prescription to production!

So it must be that someone behind the scenes saw the prospect of Kang Yuan slimming powder, or rather, they were red in the eyes, and that’s why they put their hands over.

“A bunch of jumping clowns!”

Ji Feng couldn’t help but cursed as he casually picked up the phone and called Li Baoyuan, the mayor of Jiangzhou.

When he received Ji Feng’s call, Li Baoyuan was receiving guests at home.

It’s New Year’s Eve, so there must be a lot of people coming to the door to pay their respects, especially some of the cadres underneath, so it’s a rare opportunity to make good relations with the leaders during the festive season.

Li Baoyuan was talking to his subordinates when he suddenly received a phone call from Ji Feng, and he couldn't help but be stunned.

Immediately, he picked up the phone and went to his study.

"Uncle Li, this is Ji Feng." As soon as he picked up the phone, Ji Feng smiled and said.

"It's Little Feng." Li Baoyuan asked with a smile, "Calling me now, is there something wrong?"

"Uncle Li, there is something I want to trouble you with." Ji Feng said, "It's not a big deal, it's just that the pharmaceutical factory where a friend of mine works, suddenly went to an inspection team today, saying that they received a report"

Ji Feng gave a brief account of the matter, "I think, the normal work flow of the inspection team, there is no practice of asking others for drug formulas!"

Once Ji Feng said this, Li Baoyuan immediately understood what was going on.

In fact, Li Baoyuan had long known about the fact that there was a pharmaceutical factory behind Ji Feng's back. Although he seemed to be at odds with Ji Zhenguo, the relationship between the two of them was actually not something that outsiders could guess.

What's more, Ji Feng is the little tz of the old Ji family, and he is more or less concerned about it.

Now Ji Feng suddenly called to talk about this matter, how could Li Baoyuan not understand, it must be the people of the Drug Administration to mess up, caused Ji Feng's dissatisfaction, this Ji family's little tz came to tell him!

The first thing you need to do is to get a good idea of what you're doing. The drug regulator had actually gone to ask for someone else's drug formula!

With just a little thought, Li Baoyuan immediately guessed that someone must have been behind this.

How could the foul play of this be hidden from Li Baoyuan's eyes?

One must know that no one who can sit in the position of mayor of Jiangzhou is a simple person.

"Little Feng, I know about this matter." Li Baoyuan said.

Ji Feng then understood that Li Baoyuan was planning to take action, only, when people at their level spoke, they wouldn't have any pent-up killing aura, let alone guarantee anything, but often a simple sentence or two contained a lot of meaning.

"Then thank you, Uncle Li." Ji Feng smiled.

"Mm! Remember to say hello to Minister Zhenhua and Elder Ji for me, I won't be going over this year." Li Baoyuan laughed.

"I will!" Ji Feng nodded slightly, it was indeed inappropriate for Li Baoyuan to come and pay his respects to the old man now, that way, his relationship with the Ji family would be known to anyone, and then the previous arrangements made by second uncle would be useless.

.....

Just when Ji Feng was on his side of the phone, inside the office of Xiao's pharmaceutical factory in Jiangzhou, it was a different scene.

The company's business is a very important part of its business. The middle-aged man was dressed in a serious manner and looked like a leader. A girl dressed in a professional outfit was in charge of receiving these three people and pouring them tea.

After Xu Yuan ended her call with Ji Feng, she walked into the parlour and said to the middle-aged man, "Director Duan, I have already asked our boss for instructions, and what he means is that we must do our best to cooperate with the inspection team, and as long as the inspection team finds any violations of our rules, we are willing to accept any reasonable punishment and will correct them in the shortest possible time."

"Well! That's good!" That Director Duan nodded in satisfaction and said, "It seems that your boss still understands things."

"Manager Xu, since your boss has agreed, then bring us the prescription for inspection, and also, you cannot start work until the situation is ascertained!" A slightly taller young man in a black down jacket next to him said.

"Okay!"

Xu Yuan immediately nodded and said, "Please wait for a moment, I'll ask someone to ask our technical supervisor to come over, I don't know much about these technical things."

She turned her head to the receptionist and said, "Go and get Kang Gong to come."

"That's good, be quick!" The young man in black nodded and exchanged glances with the other young man, both seeing the smirk in the other's eyes. They couldn't imagine that this manager was really good at scaring, a few simple words had scared her into obediently handing over the formula, it seemed that this one had gone well.

That Director Duan was much more calm than them, not overjoyed, but in his heart he was extremely satisfied with Xu Yuan's performance and was secretly happy. When he came, he didn't expect it to be so smooth, and thought that he would at least use his might to scare the people of the pharmaceutical factory, and if that didn't work, he would have to use the name of the inspection team to keep the pharmaceutical factory shut down and force them to hand over the prescription.

"It seems that this charming woman still knows what she's doing!" Director Duan looked at Xu Yuan's charming face, and his heart couldn't help but be on fire.

"Knock, knock, knock!" The knock on the door suddenly sounded and Kang Yuan pushed the door in, "General Manager, you're looking for me."

"That's right." Xu Yuan nodded, "Kang Gong, the leaders of the inspection team want to review our prescription for the Ox-Huang Antidote Pill, you give the prescription to these leaders."

"This Okay!" Although Kang Yuan felt that there was something wrong, but after all, Xu Yuan was the general manager, and with outsiders around, he couldn't ask too many questions, so he could only nod his head and agree.

“Wait a minute!” That Director Duan was the one who spoke up, “Bring that prescription of yours for whatever slimming powder, as well as the other prescriptions, all together, we need to review them all!”

Campus Master

Chapter 873

“Wait a minute!” That Director Duan, however, spoke up, “Bring the prescription for that slimming powder of yours, as well as the other prescriptions, together, we want to review them all!”

Xu Yuan’s eyebrows knitted slightly and she asked with some confusion, “Director Duan, the report you received was that there was something wrong with our Ox-Huang Antidote Pill, right? There weren’t any other medicines that were reported, so why do you need to review them?”

“What, do we need to explain to you what we, the Drug Administration, are going to do?!” The young man in the black feathery coat said at once.

Xu Yuan instantly sank her face and said indifferently, “All I know is that everything has to be done according to the regulations, Jiangzhou has a legal system, I don’t think I need to teach you anymore if you want to explain to me about what your Drug Administration is doing, right?”

“Asshole!”

The young man suddenly slapped the table and said in a stern voice, “What, does your Xiao Pharmaceutical Factory not fall under the control of our Drug Administration?”

“Please pay attention to your words, if you dare to speak foul language again, I will complain to your higher authorities, if not, I will sue to the municipal committee, so that the leaders of the municipal committee will come to make a decision for us.” Xu Yuan sank her pretty face and said in a cold voice.

“Bang!”

The young man was instantly furious and roared, “What did you say?!”

Swish!

Xu Yuan stood up straight away and turned her head, “Send the guests away!”

“Manager Xu!”

Director Duan spoke up, his face gloomy as he said in a deep voice, “Manager Xu, if you do this, you are refusing to cooperate.”

“I see that she doesn’t want the pharmaceutical factory to resume its opening.” The young man sneered from the side.

Xu Yuan said, “It’s not up to you to decide whether to open or not. Since you are coming to inspect with this attitude, then sorry, I’m sorry, I won’t accompany you, you can investigate as much as you like!”

“Well then, from today onwards, the inspection procedure will be formalised.” Director Duan said in a deep voice, “Your factory, just stop work completely!”

A sneer appeared on Xu Yuan's pretty face as she glanced at the three guys and shook her head slightly, "A complete shutdown? Sorry, you don't have that right, we refuse to enforce it!"

"Manager Xu, don't think I'm scaring you, if you don't have a full stoppage of work, you will be faced with an enforcement, by then, you won't just have a stoppage of work, you have to think carefully!" Director Duan's words were full of threats.

"That's right."

Another young man also followed, "If you dare to force the work to start, when the time comes, you will be obstructing official duties, and your main person in charge will be held accountable!"

Xu Yuan laughed coldly, looking at these three guys who were singing in unison, she could not help but shake her head slightly, "Are you three using your power to oppress others?"

"How dare you!" The young man in the black feather jacket was furious.

"Watch what you say!" Another young man also said.

"Manager Xu, we are reviewing the prescriptions, it's just a normal procedure and process, there's nothing wrong with that." Director Duan said in a deep voice: "As a party to the business, all you have to do is to cooperate fully, which, as you also said just now, was agreed by your boss, I think you should consult your boss again before making a decision!"

"I have already asked for instructions!" Xu Yuan said indifferently, "Our boss's instructions were clear, to fully cooperate with your inspection regarding the project we were reported on. However, the fact that our Kang Yuan slimming powder and other medicines have not been reported means that there is no problem, so there is no need for us to subject all of our medicine formulations to your inspection!"

"In that case, you are just going to be stubborn to the end?" Director Duan's face was completely gloomy, that dark face could almost wring out water, "Manager Xu, since you are so uncooperative, then we have no choice but to directly stick the seal, this represents the validity of the law, whoever dares to tear it, then they have to bear the legal responsibility!"

He waved his hand, "You two, go and seal up the door of their factory workshop!"

"Yes!"

The two young men immediately nodded their heads.

"I'll see which one of you dares!" Xu Yuan immediately shouted, "Is there no king's law anymore? You can seal it just like that! This is outrageous!"

"You see if we dare or not!" The young man in the black feather jacket sneered.

But Director Duan said, "Manager Xu, it's fine if you don't want us to put up the seal, then cooperate with us, this is your only way out, other than that, any fluke mentality will harm you. I don't think you won't understand this reasoning, right?!"

Xu Yuan stared at him angrily, her pretty face grim with anger, but for a moment there was nothing good she could do.

Indeed, if these guys wanted to put up the seal, she really had no way to stop them, because their seal would represent the validity of the law, there was no way to stop them, they could only react to their superiors afterwards, but the production in that workshop could not be delayed for a moment.

“I don’t know what’s going on over there” Xu Yuan’s mind was racing, the big young man told himself that he could only give them the prescription for the Niu Huang Antidote Pill and nothing else, so naturally Xu Yuan was not going to compromise, but it was not a solution to go on like this, so he had to think of a way to kill two birds with one stone

“The actual fact is that we are willing to cooperate with your work.” Xu Yuan said slowly, “Only, your move to ask for other drug formulas is indeed unreasonable, this is not the normal procedure and process, this point, I still understand.”

Xu Yuan’s tone was much softer, but the meaning in those words could not be clearer, “If you have to violate the rules and mess around in our pharmaceutical factory, I think your higher-ups are very willing to do it for us, I forgot to tell you that Ji Zhenguo, a senior municipal official, is the elder of our boss, and Mayor Li has also visited our pharmaceutical factory many times. ”

“If you insist on wanting our drug formula, then I will now have no choice but to call them.” Xu Yuan said indifferently, “Because it is not in line with the regulations for you to do so!”

Director Duan’s eyebrows tightened at once, “Manager Xu, do you really want to be so stubborn to the end?”

“This isn’t stubborn resistance, it’s arguing based on reason, we won’t give in to any unreasonable demands!” Xu Yuan corrected his words and said firmly.

Director Duan’s eyes narrowed, but in his heart he cursed, “This woman is a bit too difficult to deal with!

Who dared to talk to him like this and who dared to throw shade at him when he went to various pharmaceutical factories and drug companies for inspection in the past? This woman dared to do so!

However, he really couldn’t do anything wrong.

Who knew if what this woman had just said was true, in case she was really annoyed and made a phone call to a senior city official, he would be in big trouble.

The actual fact is that you can’t get the formula for the slimming powder if you just do it the hard way, you have to think of a way and you must get the formula for the slimming powder!

In fact, Director Duan was also a bit distressed in his heart.

The formula for the Kang Yuan slimming powder is something that people have been told to get, and I brought myself here to get the formula for the Kang Yuan slimming powder.

But now they are blocked, it’s really fucking frustrating!

If you can’t get the formula, you’ll lose a large amount of benefits, and you’ll offend the leaders. But if the stalemate continued, who knew if this woman would go berserk?

For a time, Director Duan was caught in a dilemma

In fact, from the beginning, Director Duan is not planning to come hard, and because of this, he came down in the name of the inspection team, and did not deliberately say the matter of Kang Yuan slimming powder, only to say that there is a problem with the Niuhuang antidote pill, incidentally, the formula of other drugs are also brought to check, so that also unknowingly the formula of slimming powder to get their hands.

The fact that Xu Yuan was so forthcoming with the formula at the beginning also made Director Duan feel that things would go smoothly. The actual fact is that you can find a lot of people who are not able to get a lot of money from the internet.

It's really fucking sensitive!

.....

The Chinese New Year holiday is already over, and Sun Shouren is pondering at home which leader he should go to first to pay his respects.

The city party committee's Secretary Ji must go there, but I don't know if Secretary Ji is busy, so I need to see the right time. Sun Shouren, who is only in his forties, still has a great future ahead of him and it is not very difficult to go further.

But if you want to go further, being recognized by the leaders is an extremely important part of the process.

Therefore, Sun Shouren's Spring Festival this year was extremely cautious.

The mayor of Li's place is also a must, Li is also a powerful character, can under the suppression of Secretary Ji, but still do a good job, is obviously a powerful figure.

The only thing is that the order of this visit is to be clearly divided.

There are several other leaders that should be visited to, too. It is not strange for many people to be polite. If you go, the leaders may feel that it does not matter, but if the courtesy is not, others can be blamed.

"Ding"

As he was pondering, his phone suddenly rang.

Sun Shouren took out his mobile phone and took a look, immediately his face showed a cautious look, the phone was actually a call from Mayor Li's office!

He hurriedly picked up the phone, "Mayor, this is Sun Shouren."

"Director Sun, the Spring Festival is off, a rare moment of relaxation, right?" A low, manly voice came over the phone.

Sun Shouren was instantly flabbergasted, it was none other than Mayor Li's voice.

He hurriedly said, "Mayor Li, the work done by the Drug Administration is still very inadequate, please criticize!"

Sun Shouren knew very well that the mayor would definitely not call this number for no reason, it was obviously something. Therefore, whether it was a good thing or a bad thing, it was certainly wise to admit one's mistakes first. This would give the leader the impression that he had taken charge.

"Director Sun, even though it's a holiday, this work that should be done, still needs to be caught up, not even a moment should be relaxed." Li Baoyuan's voice was very flat and could not be heard as happy or angry.

But Sun Shouren was a bit vain, when the mayor said this, did it mean that the Drug Administration had some work to relax?

"Mayor, it is our work that has not been done properly, please criticize!" Sun Shouren became even more humble.

Chapter 874

"It's not criticism, just that when you work, always pay attention to the way and method." Mayor Li said: "Xiao's pharmaceutical factory this enterprise, is our city's new enterprises, great potential, you do the leadership, to give love and care, of course, the supervision or supervision, but we can not drag the legs of other enterprises, you say right?"

In a flash, Sun Shouren understood that it was really the work of the Drug Administration that was not in place, and that the problem was definitely with the Xiao Pharmaceutical Factory!

"Mayor, I understand, please rest assured, we will definitely do our job properly and do a good job of escorting the enterprises." Sun Shouren immediately stated his position.

"Well!"

Mayor Li nodded, "That way I'm also relieved."

After hanging up the phone, Sun Shouren immediately gritted his teeth and muttered to himself, "Which bastard is causing trouble and how did it fall on the Mayor's ears!"

He immediately dialled the bureau, "This is Sun Shouren, find out for me who is on duty today and whether the bureau has any arrangements! Check mainly for activities related to the enterprises underneath!"

The duty officer on the other side of the phone heard that it was the director, and hurriedly went to check it out without stopping, after which, he hurriedly came back to report, "Director, the person on duty today is Deputy Director Qu, today the bureau received a report about Xiao's Pharmaceutical Factory's Niuhuang Antidote Pills, and the director of the following inspection section, Duan, went to Xiao's Pharmaceutical Factory to conduct an investigation"

Sure enough!

Sun Shouren was instantly furious, the problem lies in this, the surname Duan.

Now no matter whether this Xiao's pharmaceutical factory is a problem or not, the key is that the mayor asked about this matter, which is very troublesome.

No matter what, let's call the person back first.

He directly found out the number of Director Duan from the address book and called it directly.

.....

"Manager Xu, let's see, given that your pharmaceutical factory was indeed reported, then our review of your formula is fully in line with the regulations." Director Duan saw that a hard approach would not work, so he immediately took other measures, "If you are not comfortable, you can send someone to review with us, because in the process of review, you also have the right to explain, this time, you should not have a problem, right?"

"Sorry, we still refuse!" Xu Yuan shook her head slightly, "As I said, since you are the ones who think there is something wrong with the Ox-Huang Antidote Pill, then stop the production of the Ox-Huang Antidote Pill, we can also have the formula as well as the production process and workshop, etc., all of them can be inspected by you, as for the other medicines, I am sorry that you cannot be allowed to inspect the prescription, all other aspects can be inspected as you wish!"

"Because, our prescriptions, especially the one for Kang Yuan Slimming Powder, have been patented at the National Patent Office and have been approved, and at the same time, clinical and laboratory tests have also been conducted, proving that there are no problems, therefore, you have no right to examine them!" Xu Yuan said forcefully, "I've already explained what I should say several times, there's no need to repeat it!"

Director Duan couldn't help but frown, things looked a bit difficult, it had to be hard and quick.

"Bang!"

He slapped a hand on the table and bellowed, "Good then! Go and seal off the production workshop"

Before he could finish his words, he heard a phone ring suddenly, but it was from himself: "Ding"

Director Duan frowned and immediately took out the phone, and just as he saw the number displayed on the screen, he couldn't help but blush as he hastily picked up the phone.

"Hello, Director Sun, this is Duan." Director Duan's attitude could be described as an instant change, one moment he was still high and mighty, but this moment, he became full of flattery, this change of face almost didn't disgust Xu Yuan to death.

The voice on the phone was very high and seemed to be roaring, and he didn't know what he said. Director Duan's face instantly changed drastically, and beads of sweat sprang up on his forehead in the cold weather.

"Yes, yes, yes, I, I'll go now" Director Duan's speech was a little bit incoherent.

Hanging up the phone, he gave Xu Yuan a deep look and said with difficulty, "Manager Xu, yes, sorry, goodbye"

After saying that, he didn't stay for a moment and left in a panic, that situation, looking wretched to the extreme.

Those two young men looked at each other and hurriedly followed them out, but their hearts were bewildered.

Looking at Director Duan's trio leaving in a mess, Xu Yuan secretly breathed a sigh of relief and said in her heart, "The young master is the young master, he is still in Yanjing, but he can make a director of the Drug Administration in such a mess!

However, Xu Yuan's heart also can't help but some pressure, as the big young man said, the situation is now very obvious, this director Duan is clearly for the Kang source slimming powder formula, and, certainly not this director Duan wants the formula, he must also have someone behind.

The arrival of Director Duan and other people can be seen, the person behind Director Duan, energy is certainly not small, even a director of the Drug Administration can mobilize, this person's background can be small?

The opponents that the pharmaceutical factory will have to face in the future are not good comers.

"Let's hope that the youngest will have a way to deal with those who have bad intentions!" Xu Yuan's heart was a little unsettled as she picked up the phone and called Ji Feng.

.....

"Xu Yuan, what's the word?" Ji Feng, who was watching TV at home, picked up the phone.

"Eldest young man, those people have left, it's a mess!" Xu Yuan laughed lightly, "It's still my Eldest Younger who is great, he solved such a big trouble with a few phone calls."

Ji Feng shook his head with a smile and said, "The trouble may not be that easy to solve, you should be prepared, there may be ongoing trouble in the future, at least, before I find out who is actually playing with the idea of Kang Yuan's slimming powder formula, there will definitely be trouble again."

"I know, that's why I'm calling you, to give me some confidence!" Xu Yuan said with a delicate smile.

"Confidence can definitely be given to you!" Ji Feng laughed, "You just run the business, I'll solve any trouble, I definitely won't let anyone harass you."

"It's nice to have a man to shelter you from the rain!" Xu Yuan said in a delicate voice.

Ji Feng laughed, and then he righted himself and said, "Right, I'm not in Jiangzhou during this period, you must not go around alone, don't give the other side an opportunity to take advantage of it, I'm worried that the other side will have a backhand if they don't succeed this time."

"With Guo Tao in the factory, you can rest assured, I'm living in the factory staff dormitory anyway, there's no way for others to mess around!" Xu Yuan laughed.

"That's good, I'll go back as soon as possible, when I have my hands free, I'll definitely knock all those jumping clowns to death one by one!" Ji Feng snorted coldly.

This move by his opponent had already made him a bit hot. If his opponent could have gone through the formal channels and we could have a real fight, then there was nothing to say. However, the opponent was not at all disciplined and was clearly trying to bully people, so there was nothing to say to anyone.

In a word, no matter who the opponent was, Ji Feng would fight him to the end!

He, Ji Feng, had never been afraid of any challenge before!

Especially this kind of despicable means, he had never been afraid of it.

But Ji Feng did not anticipate that trouble would come much faster than he expected, and that his opponent's methods would be much more despicable.

Jiangzhou Pharmaceutical Supervision Bureau.

The director, Sun Shouren, was pacing back and forth with a gloomy face. In front of him were two guys who were keeping their heads down and somewhat silent. One of them was Director Duan, who had previously wanted to investigate Xiao's pharmaceutical factory, and the other was a middle-aged man with a somewhat bald head.

At this moment, both of them had somewhat panicked eyes and weak hearts.

Director Duan, in particular, didn't even dare to let out his breath, completely missing the kind of swagger he had when he was at Xiao's Pharmaceutical Factory before.

"Say! What the hell is going on!" Sun Shouren stopped in his tracks, his sharp gaze fixed on the two subordinates in front of him, and asked in a low voice. Those who were familiar with him knew that this was a sign of his suppressed anger.

"Director, it's like this, we received a report from the public that the Niu Huang Antidote Pills produced by Xiao's Pharmaceutical Factory had quality problems, that's why Director Duan went down to investigate." The middle-aged man explained.

"Cut the crap, Deputy Director Qu, Director Duan, I just want to know what exactly you have done that even the mayor has been alarmed!" Where would Sun Shouren believe these explanations, he had also come up step by step, how could he not be clear about these fishy things below?

"The mayor is concerned?" Deputy Director Qu and Director Duan both couldn't help but be startled.

"Xiao's Pharmaceutical Factory is an enterprise that both the mayor and the secretary are focusing on, so if you guys go down there and mess around, how will you not alert them?" Sun Shouren said in a deep voice.

In his heart, he was furious, these two bastards, they would just find things for themselves. Now was a critical time for themselves, if they left a bad impression on the leaders because of this matter, not to mention going further, it was hard to say whether their jobs would be adjusted.

"Director, we really just went down to conduct an investigation, it's just that the other party had a bad attitude and refused to cooperate, that's why we had a few verbal arguments, nothing else really." Director Duan explained in a panic. In his heart, however, he was trembling a little.

“It better be like this!” Sun Shouren snorted coldly, “If you guys do anything stupid, no one will be able to protect you when the time comes!”

Deputy Director Qu and Director Duan both couldn't help but tremble in their hearts, but they didn't dare to tell the truth, otherwise, they would be finished now. There was no other way but to fight hard first, and then find a way to ease relations with Xiao's Pharmaceutical Factory, hoping that they would not pursue the matter.

They themselves knew very well what the two of them had done.

Waving his hand, Sun Shouren said, “You guys go back first, I will continue to understand this matter, and if problems are found, I will definitely pursue responsibility!”

Deputy Director Qu's two faces changed, hesitated for a moment, but still turned around and went out.

Looking at the pair's departing backs, Sun Shouren snorted coldly, and after a moment of deliberation, he still picked up the phone.

“Xiao's Pharmaceutical Factory, right? I'm Sun Shouren, the director of the Drug Administration, looking for your head

Campus Master

Chapter 875

“Director Sun, welcome to our pharmaceutical factory for inspection and guidance, on behalf of all the staff of Xiao's Pharmaceutical Factory, I would like to express our welcome and gratitude to you!” Xu Yuan shook hands with Sun Shouren and said enthusiastically.

After so many years in the business world, Xu Yuan was not at all rusty in dealing with the situation, and could be considered to be very familiar with it.

Sun Shouren didn't have the slightest attitude, he said smilingly: “Manager Xu, I'm not here to inspect the work this time, but to apologise to Manager Xu. It's my fault for being lax in my discipline, we in the Drug Administration should have been escorting you enterprises, but during the New Year, some people in the bureau who don't know any better came to disrupt your normal work, I hope you can understand.”

Xu Yuan immediately smiled and said, “Director Sun is too polite, please have a seat.”

She greeted Sun Shouren and sat down, and the receptionist next to her immediately rushed to pour water for him.

This is the meeting room of the office building of Xiao's pharmaceutical factory, after reprimanding Deputy Director Qu and Director Duan, Sun Shouren still felt something was wrong, if it was really like those two guys said, they were just a normal common group, but the pharmaceutical factory side was flighty and domineering, not obeying discipline at all

If this is really the case, then Mayor Li may not intervene.

The cadres in Jiangzhou all know that neither the mayor nor the secretary has ever given the green light to any enterprise, and rarely even greeted one.

Obviously, there is something else inside this matter.

Therefore, Sun Shouren decided to make a personal trip to Xiao's pharmaceutical factory. He must find out what is going on so that he can handle it better and take the most appropriate approach.

If he could not even handle this matter properly, what impression would he leave on the leaders?

No ability to do things, no ability to control

"Manager Xu, let's get right to the point, I'm here this time to find out if there are any irregularities in the staff of our Drug Administration, so that we can make a treatment later!" Sun Shouren said.

Xu Yuan couldn't help but give a secret praise, this being a leader talking is different, not to mention the conflict between the two sides first, directly asking if their people have any irregularities, in fact the question is the same, just the way of asking is much different.

"Secretary Sun, the thing is like this, today the three director Duan suddenly came to our pharmaceutical factory, said that they received a report" Xu Yuan said the matter quickly, "Director Sun, in fact, I don't know if they are doing this in violation, but I always feel that it's always wrong to ask for the formula directly, after all, the thing that our pharmaceutical factory depends on is the formula, Director Sun, don't you think so?"

"Simply bastard!"

Sun Shouren's face turned blue with anger and he shouted lowly.

"Director Sun, what did you say?" Xu Yuan couldn't help but blush, this Director Sun was also here to pick a fight?

"Don't misunderstand, Manager Xu, I'm not talking about you." Sun Shouren waved his hand and said, "These two comrades, they are simply"

He shook his head and said, "Manager Xu, you're right, checking and reviewing the formulas of medicines, that's not in our scope of work, there's a special department for that. Manager Xu, do you have any considerable evidence to substantiate what you are saying? If there is, I can also handle some of it."

There was something fishy about this, Sun Shouren could see it at a glance, that Director Duan, was clearly after people's recipes, no wonder they were so angry that they went straight to the mayor to sue.

"Director Sun, we have CCTV footage installed here, I believe what they said has been recorded, I don't know if this counts as evidence!" Xu Yuan said.

"This is certainly evidence!" Sun Shouren said immediately, but in his heart he was aghast, this Xiao Pharmaceutical Factory was really well-prepared and had prepared the surveillance early on. I'm afraid he wouldn't even know how he died.

When the staff brought the copied video, Sun Shouren said, "Manager Xu, it's our work that was not done properly and gave you trouble, don't worry, we will definitely deal with this matter seriously so that your enterprise can produce at ease!"

“Then, thank you very much, Director Sun.” Xu Yuan said immediately.

As she watched Sun Shouren’s car leave the pharmaceutical factory compound, Xu Yuan couldn’t help but smile lightly, “Big young man is powerful, let’s see how that Director Duan will still be arrogant and domineering!”

Thinking about Director Duan’s arrogant appearance, Xu Yuan felt disgusted.

.....

“Young Rong, things are difficult.”

Inside a suite in a hotel in Jiangzhou, there were four people sitting. A young man of about twenty-four or twenty-five was sitting on the sofa, crossing his legs, and was leisurely smoking. Sitting opposite him were two middle-aged men, these two were no other than the Deputy Director of the Drug Administration, Qu, and the Director of the Inspection Section, Duan.

There was also a middle-aged man in a suit, sitting next to him without saying a word, just listening to the few people talking.

Deputy Director Qu whispered: “Rong Shao, this Xiao’s pharmaceutical factory seems to have some origins, and it is said to have alerted the mayor and secretary, so We really can’t do anything about the matter you explained us to do, so please understand, young Rong!”

The director next to Duan is also a bit regretful, this Rong young not only came to be extremely powerful, and in order to do this matter, he offered a price is not low ah.

But this Xiao’s Pharmaceutical Factory is a hard bone to gnaw, damn, actually with the big leaders above can be related, this really does not let me get rich ah, Director Duan hatred thought, when this matter is over, must be properly rectified Xiao’s Pharmaceutical Factory a beating, see they still dare not put themselves in the eyes.

“I can’t imagine that this Xiao’s Pharmaceutical Factory still has some strength.” That Mr. Rong was not taking it seriously and brushed aside his mouth, “Forget it, with your first and second in command in Jiangzhou talking, things can’t go on.”

“Young Rong, I’m really sorry.” Deputy Director Qu said with some shame, his posture was very low, this Rong Shao’s origin is not small ah, otherwise, a certain leader above would not have specially greeted, unfortunately, the matter was not done, otherwise can take this line with Rong Shao, may be able to move up the position.

What a pity!

Deputy Director Qu and Director Duan both had incomparable regret in their hearts.

“Nothing, to be able to sue to the mayor, it means that people still have some connections!” Rong Shao skimmed his mouth, “Humph! Difficult bones to chew I’d like to see just how hard this Xiao Pharmaceutical Factory is to gnaw!”

He glanced at Deputy Director Qu and Director Duan and said indifferently, “I’ve prepared some small meanings for you two here.”

The middle-aged man who had not spoken next to him immediately understood, he took out two envelopes from the briefcase next to him and handed them over, "Gentlemen, this is a small token of appreciation from our young Rong, whether it is successful or not this time, you have worked hard, please accept it!"

"This, how can I be so kind!" Deputy Director Qu hurriedly pushed back.

"Take it, consider it as making a friend!" Young Rong waved his hand and said indifferently.

Deputy Director Qu then immediately took it with a smile and a nod of his head, and Director Duan next to him did not fall behind, accepting it with satisfaction.

"Young Rong, then we'll take our leave." Deputy Director Qu knew that he had taken a favour from someone without doing any work, and that it was time to leave, and that staying any longer would make them impatient.

"Hm!"

Young Rong nodded, without the slightest bit of politeness, his posture was extremely high.

But Deputy Director Qu and Director Duan did not have any dissatisfaction, but extremely polite full of smiles walked out, so it can be seen, this Rong Shao or very important.

Only Rong Shao and the middle-aged man were left in the room, and Rong Shao said, "Old Wang, it seems that this Xiao's Pharmaceutical Factory has some background, at least, they can enter Li Baoyuan and Ji Zhenguo's line of sight."

"Then what does Young Rong plan to do?" The middle-aged Old Wang asked.

"It looks like, as we've tried before, direct contact and official channels are no longer going to work, and with Li Baoyuan here in the way, our forces on the outside can't get in." Young Rong shook his head slightly, "In that case, we'll have to go by the sword."

"What Young Rong means is" Old Wang was a little confused.

"Don't worry, I have my own way!" Young Rong said confidently, "At my brother-in-law's place, a group of internal guards have been transferred to protect my sister, I think that no one would dare to stop the internal guards from handling the case, right? Even he, Li Baoyuan, doesn't have that qualification to interfere"

"Young Rong, are you going to use the internal guards to deal with Xiao's Pharmaceutical Factory?" Old Wang was startled, "This Ji Zhenguo is not something to be messed with."

"Hey, by the time Ji Zhenguo reacts, we will already have the formula in our hands, by then, the yellow flowers will be cold and he will only be able to stop!" Rong Shao said confidently, "He Ji Zhenguo is powerful, but, my brother-in-law's family is not vegetarian either, he can't stop me yet!"

"Young Rong this is also a solution, however, can't we also consider other companies, we don't necessarily have to set our eyes on Xiao's Pharmaceutical Factory ah." Old Wang said, he still felt a little uneasy, Ji Zhenguo as a party lord, was he that easy to mess with?

“You don’t understand, any other company, doesn’t have as much potential as Xiao’s Pharmaceutical Factory, don’t worry, there won’t be any problems.” Young Rong waved his hand and said.

.....

“It looks like the guy behind this, is really something big” Ji Feng paced slowly in the leisure area in the neighborhood, he had just talked to Xu Yuan on the phone and knew that Sun Shouren, the head of the Drug Administration, had gone to the pharmaceutical factory, and he had no idea that someone under him would actually go to Xiao’s Pharmaceutical Factory to make trouble.

This also meant that someone had directly crossed over to Sun Shouren and moved a deputy director, and a section chief. This meant that at least the person who gave them the order must be of a higher rank than Sun Shouren, and must be a person of real power.

And for someone to be able to move a person of real power, it naturally went without saying.

“Who exactly has set his eyes on Kang Yuan slimming powder?” The first thing you need to do is to get a good idea of what you want to do.

The thought is that yes there is also this possibility, if the Rongpeng Group is really a hidden asset of the Wu family, then they really have this ability to mobilize the real power figures in Jiangzhou is also entirely possible.

“No matter who they are, this matter can’t just be forgotten, still really think Xiao’s Pharmaceutical Factory is a soft persimmon, whoever wants to pinch all come to pinch a hand?!” Ji Feng sneered.

Chapter 876

In the next few days, Ji Feng kept in touch with Xu Yuan and asked about the situation of the pharmaceutical factory.

There was no more trouble in the past few days, and the pharmaceutical factory was also open normally, even the production of Niu Huang Antidote Pills did not stop, because there was no problem in the first place, it was just that some people were deliberately looking for trouble, everyone understood that in their hearts.

However, the more normal this is, the more alert Ji Feng is, since someone has set his eyes on the Kang Yuan slimming powder produced by Xiao’s pharmaceutical factory, and these people are not small in origin, then there is no reason for them to let go of this. The temporary calm might just be building up their strength or making some kind of plan.

If they strike again next time, it might not be so easy to deal with.

However, Ji Feng did not have the slightest fear, instead he began to plan how he should counterattack.

It was not Ji Feng’s character to take a passive beating and not fight back. Since others had already bullied him, if he didn’t fight back, Ji Feng himself couldn’t even see past it.

On the 28th day of the New Year, everyone in the Ji family gathered at the courtyard on East Sixth Street to have a reunion dinner.

Because once after New Year's Eve, the old man's former old men, as well as many heavyweights from the Ji family, would be coming to pay their respects to the old man, and at that time, they were still not qualified to enter for the time being.

Still together with Ji Shaolei, Ji Feng sat in the guest room of the second courtyard drinking tea and chatting.

From the window, one could see some people or two or three people standing together chatting or joking around, almost everyone from the family had arrived, and the side family had likewise all come.

The old man's health was unharmed and as steady as a mountain, so naturally he was able to hold everyone in check and no one dared to put up a fight in front of him.

Because of this, the people from the side lines were also much more honest, plus the duo, Ji Zhenhua and Ji Zhenguo, had already gone to extremely high positions and were still moving up, so the people from the side lines understood that they could not cover up the first line.

"See, Ji Shao Hong is also here, as well as Ji Shao Jun" Ji Shaolei nudged his mouth.

Ji Feng then turned his head to look out of the window, and sure enough, he only saw Ji Shao Hong, who was wearing a black overcoat, walking in with Ji Shao Jun, striding in. Next to them, they were followed by Ji Shaoyou, who had once clashed with Ji Feng, and these were all third-generation sons of the Ji family's side line.

Today's Ji Shao Hong had a more composed demeanour than the last time Ji Feng had seen him, and seemed to have completely lost his previous posture of hiding a sword in his smile, and had become collected and relaxed.

"Ji Shao Hong is not simple." Ji Shaolei said beside him, "I heard that he has done a very good job this year and has made a lot of achievements."

"How so?" Ji Feng asked with a smile.

Ji Shaolei laughed, "Ever since he was humiliated by you last time, Ji Shaohong took the initiative to ask for a release and went to a county in the north, as you know, the north is bitter, but it's also easy to achieve results, after Ji Shaohong went, it's said that he did a good job, even the old master praised him."

"Isn't that great?" Ji Feng laughed, "They're all from the Ji family, there's glory on everyone's face when they get results."

"Hehe" Ji Shaolei shook his head and smiled, "I'm afraid that people don't think like that."

Ji Feng shook his head and laughed: "Second brother, are a family, I believe they will certainly understand this truth, broken bones are connected to tendons well, as long as they really mature, they will certainly understand."

Ji Shaolei nodded with deep understanding and said, "That's true, after a few more encounters outside, they will know that we are a family."

He said this with profound meaning.

In fact, speaking of it, the side lineage was really a bit helpless. So far, the ones who have emerged from the side line are the second generation's Ji Zhenshan and Ji Zhenye, who are the second master's own sons and nephews of the elder Ji. They are both doing well today, with Ji Zhenyan already being the deputy district governor of one of Yanjing's districts, while Ji Zhenye, on the other hand, is doing well at the local level.

In the third generation, the more outstanding ones are Ji Shao Hong and Ji Shao Jun. The former is currently the governor of a county in the north, while the latter, like the other sons, is in the business world.

However, whether it is the brothers Ji Zhenshan or Ji Shao Hong, they are actually more dependent on the patronage of the Ji family to be able to do well.

With the name of the Ji family around, no one would confront them face to face, or at least, even if they did, they would leave a margin of error, rather than just beating them to death with a stick, like they would do with other opponents, which was not the case.

That is why it has not been verified until now how capable they really are, and to see a person's ability clearly, it is not under smooth circumstances, but only in the face of adversity.

On this point, this was the case with the duo of Ji Zhenhua and Ji Zhenguo.

In their early years, they did not receive any support from their family at all. At that time, the old man had only just come to power a few years ago, and the relationships in all aspects had not yet been thoroughly clarified, plus the old man also had the intention of breaking the two sons.

Of course, when it came time to move up the ladder, the old man was sure to ask questions. Otherwise, even if you are more capable, you will not be able to come up.

So, as far as we can tell, the people in the side lines are all going relatively smoothly, but because of this, they lack a certain amount of tension, and this is their biggest flaw.

That's why Ji Shaolei said that they would have to hit a wall before they knew that we were all family, and that means that only after they hit a wall would they know that the family is their biggest reliance, especially the people in the first family!

What they should do is to unite with the first family, not to rush into infighting.

Ji Feng couldn't help but shake his head slightly, if all the people in the Ji family could unite, plus a member of the Ji family, the Ji family would definitely be much stronger than it is now!

It's a pity

Internal worries, in fact, are sometimes more frightening than external problems, because often danger can suddenly come when you are not aware of it.

"We must find a way to ease the tension between the first and the second line ah" Ji Feng said secretly.

At the same time, Ji Feng thought of the matter in Jiangzhou again.

Now that the Ji family is not even united within, and there are unknown people outside such as the Wu family eyeing the situation, and there are also people who don't know where they come from, eyeing Xiao's pharmaceutical factory in Jiangzhou, the trouble he is facing now is not small.

Thinking of this, Ji Feng couldn't help but be horrified.

Those people wanted to come against Xiao's pharmaceutical factory, could they be coming for father and second uncle? And if they couldn't gnaw on the pharmaceutical factory, would they start with the side line?

If something happens to the side line, it will also have a huge impact on the first line, and people will say that the old man is not disciplined.

If he can't even manage the affairs of his family well, how can he still manage national affairs?

In this society now, it is not just one family that has the final say. If there is anything, we all have to discuss and make decisions together.

When he thought of this, Ji Feng could not help but shake his head slightly, it seemed that things were indeed very troublesome. However, he himself is unable to help in any way now, because he is too weak, compared to those opponents, is still very far from it.

In terms of economic strength, I'm afraid that every family has an invisible group behind them, which can easily amount to billions of dollars, and Ji Feng is no match for them.

As for the relationship between family members, the Ji family is not united either.

Now that I think about it, the old man is so highly respected that there are few people who can match him among the only surviving old people.

And if the old man were gone, the Ji family would not be in decline, but it is very likely that they would be attacked together. Now my father has to take at least one more step up the ladder before he can truly carry the family's burden and lead the family from being crushed.

"I must grab hold of myself to grow stronger!" Ji Feng secretly clenched his fist, his fighting spirit soaring in his heart, "The more adversity one is in, the more one must rise to the occasion, for only at this time is one's ability and value most evident."

"Ji Feng, as much as you are capable of, just use all of it!" Ji Feng secretly said to himself, "Help the family get out of trouble and lay the foundation for its rise!"

Then

If you want to do all this, the first thing you have to do is to grow the Xiao Pharmaceutical Factory and give yourself a voice in the domestic capital market!

And now, but someone wants to mess with himself, and how can he be spared!

"San'er, why are you frowning?" Ji Shaolei noticed the change in Ji Feng's expression and couldn't help but ask.

Ji Feng shook his head slightly and said, "Nothing, just thinking about the pharmaceutical factory."

“Don’t think about this during the New Year, when you are working, work hard, when you are resting, then you should relax and rest to your heart’s content!” Ji Shaolei laughed.

“I also want to ah!” Ji Feng shook his head and laughed, “But someone doesn’t want me to have a peaceful year. A few days ago, someone actually tried to seize the formula of Kang Yuan slimming powder by any means, how do you think I can rest in peace?”

“There’s such a thing?” Ji Shaolei’s eyes instantly glared, “Do you know who it is?”

“If I knew, I wouldn’t be so worried.” Ji Feng shook his head and laughed, “Now I just don’t know who it is, but the other party should not be small, actually moving the deputy director of the Drug Administration, he must still have someone above him.”

Ji Shaolei immediately frowned, “Is it the Rongpeng Group?”

“There is this possibility, but we can’t be sure yet!” Ji Feng said, “We must wait until I return to Jiangzhou before we can investigate carefully.”

“That’s good!”

Ji Shaolei immediately said, “Let’s go back together after the New Year, I’d like to see who is so fierce to run to where you are in such a pugilistic manner to cause trouble.”

Ji Feng chuckled, “Second brother, you’d better not interfere with this.”

Although Ji Shaolei was smart, he was not good at holding back, so maybe something would go wrong in the middle. The pharmaceutical factory wasn’t affected by anything now anyway, so it was better to take your time and investigate.

“That won’t do, it’s been a long time since I’ve come across something interesting like this, how can I do without it?” Ji Shaolei laughed heatedly.

Ji Feng could not help but shake his head helplessly and laugh bitterly, it looks like, when we return to Jiangzhou, things will be lively

Campus Master

Chapter 877

“Little Feng, Shao Lei, we brothers haven’t seen each other for a long time.” At the wine table, Ji Shao Hong held a glass of wine with a warm smile on his face, “Come, let’s have a drink together as brothers!”

“Come, come, let’s all have a drink together!” Ji Shaojun also said with a smile.

Ji Feng smiled faintly and also lifted his glass of wine, tilting his head and drinking it down.

The banquet had already started, and it was the same as before, with the elders sitting at one table, a few distinguished third-generation sons and daughters, including Ji Feng, sitting at one table over here, and the others having their respective places to sit.

In fact, the number of people at Ji Feng’s table was probably the smallest, only six, namely Ji Shaocong, Ji Shaolei and Ji Feng, as well as Ji Shaohong, Ji Shaojun and Ji Shaoyou. Three from the first line and

three from the side line, these were the six most outstanding people in the third generation of the Ji family's children.

Of course, strictly speaking, they should be the most outstanding five.

Ji Shaoyou, on the other hand, was a standard fop, not doing his job all day long, not to mention a distinguished son, but even an ordinary son.

However, there is one thing that the other sons cannot compare with, this guy has a good brother, namely Ji Shao Hong.

This is also the reason why Ji Shaoyou was able to sit at this table. Of course, there was another reason, that is, Ji Shaohong purposely called his brother over, as for what he called him over for, Ji Feng and the others did not ask.

Since they couldn't see eye to eye, they just ignored him directly. Even if they didn't give him face, they always had to give Ji Shao Hong face.

"One more!" Ji Shao Hong once again lifted his glass of wine, and the others followed suit and drank it all.

The wine passed three rounds before everyone stopped for a while, eating their food and talking at the same time.

"Little Feng, here I want to apologise and make amends to you." Putting down his chopsticks, Ji Shaohong said with a serious expression on his face, "Ji Shaoyou, this bastard, offended Auntie in the past and spoke out of turn, please understand ah."

Ji Feng was slightly stunned, this was all how long ago, Ji Shao Hong actually brought it up again now and apologized?

"Third brother, this is all in the past, brothers don't talk about this between themselves, right?" Ji Feng said with a smile, even though he didn't know what Ji Shaojun was up to, Ji Feng decided not to move first and see what happened.

And while he called Ji Shao Hong third brother, there was a reason for it. If it was just according to the ranking of the direct line, then he was the third oldest, but if it was according to the whole Ji family, Ji Shao Hong and Ji Shao Lei actually had the same birthday in the same year, and Ji Shao Lei was only a few days older than Ji Shao Hong.

So, Ji Shao Hong should be the third in line, while Ji Shao Jun is the fourth. Speaking of which, Ji Feng is the youngest one and should be the sixth, even Ji Shaoyou is older than him!

Hearing Ji Feng call himself Third Brother, Ji Shao Hong's face instantly revealed a bright smile as he nodded and said, "It's rare that you are so magnanimous, Third Brother admires you, come, let's drink one between us!"

"Sure, I'll drink to third brother!" Ji Feng also lifted his glass and said with a smile.

Next to him, Ji Shaodong but Ji Shaolei glanced at each other without a trace, both seeing the doubt in each other's eyes. Today's Ji Shao Hong was a bit abnormal. Normally, although he had a gentle and

elegant look, he was not that calm-minded towards them, his direct descendants, what was wrong with him today?

Ji Feng also found that Ji Shaohong is more or less abnormal today, is there something in between

However, until the end of the banquet, Ji Shaohong is so enthusiastic, look at that look, with the previous but greatly different, but there is no explanation.

.....

“You guys say, what is wrong with Ji Shao Hong?” After the banquet was over, Ji Shaolei and the three of them drove back, and he couldn’t help but ask.

Ji Feng shook his head and said, “I don’t know.”

“I think that it might have something to do with this period of experience.”

Ji Shao Dong said with deliberation, “The work at the local level down there is actually very complicated and can sometimes be a headache, moreover, if you don’t rely on your family history, it might be very difficult to start work and you might even encounter sniping by various means. Shao Hong is probably open-minded because he’s experienced more down there.”

“I hope that’s the case!” Ji Shaolei said.

“My guess is that Shao Hong is encountering difficulties down there, and moreover, the difficulties might not be small!” Ji Shaodong guessed.

“Well, there is that possibility!” Ji Feng nodded, “The more difficulties one encounters outside, the more one can feel that family members are the best, in fact, what direct lineage and what side lineage, aren’t they all still people of the Ji family, if Ji Shao Hong can think clearly, then naturally it would be the best.”

“That’s right, that’s the best!” Ji Shaodong nodded, “It looks like we should also take the time to get in touch with Ji Shaohong to see if he’s really having difficulties down there.”

“I say you two shouldn’t worry about that idle worry, don’t you see? Although Ji Shao Hong’s tone has become very polite and he doesn’t have that arrogant stance anymore, however, he hasn’t really put down his stance and his mentality hasn’t completely changed.”

Ji Shaolei laughed, “When he truly recognises himself clearly, you guys can then take care of it.”

Ji Feng and Ji Shaodong shook their heads and smiled at the same time, the two of them still agreed with Ji Shaolei’s words in their hearts, Ji Shaohong’s act of showing goodwill like this might not be out of sincerity, it was most likely forced by the situation, in which case, it would also be necessary to wait a little longer.

Of course, both of them also understood that this should be a good opportunity to close the distance between the first and the second line.

“Third child, I think this matter needs to be taken seriously.” Ji Shaodong weighed his words, “How about this, take some time, we will go and meet Shao Hong together, we are all family members, if there is anything, it is still easy to talk about it.”

“No problem!” Ji Feng said with a nod.

“Hey! Ji Shaohong is also the boss over there, if he can be as dignified and responsible as our boss, how could the old man not focus on training him?” Ji Shaolei said, “He, ah, is not broad-minded enough yet.”

“Cut the crap!” Ji Shaodong said.

Ji Shaolei smiled heatedly and said no more.

Ji Feng, however, felt that what his second brother said was very reasonable.

If the bosses were all vindictive and had eyes smaller than the eye of a needle, then there would really be no point in being a boss.

The first thing you need to do is to have a good sense of style and poise, which Ji Feng admires.

In the following days, Ji Feng was busy.

It was New Year’s Eve, and Ji Zhenhua had to be busy, while Ji Feng and Ji Shaodong and others, however, were also busy. Now Ji Shaodong could gradually walk into the eyes of some heavyweights in the Ji Department, and at this time, the manners that should be there must be there.

Therefore, Ji Shaodong took Ji Feng and Ji Shaolei, as well as several brothers such as Ji Shaohong, to go to the homes of those elders to pay their respects, which was also the most basic courtesy.

It was also during this trip around to pay their respects that Ji Feng and the others had time to ask about Ji Shao Hong’s situation.

As expected!

Ji Shao Hong was really in trouble.

However, Ji Shaohong did not explicitly say what the matter was, he only said that he could sit down with Ji Shaodong sometime to exchange experiences.

The meaning of this is very clear, he wants to ask Ji Shao Dong for advice, but face is a bit too much, so he used such a euphemism.

For Ji Shao Hong’s trouble, Ji Feng is also very interested, what he lacks most now is insight and experience, it is not a bad thing to hear more and see more.

However, the plan to sit down and talk was disrupted by a sudden phone call.

On the fifth day of the Lunar New Year, after a week’s holiday, Xiao’s Pharmaceutical Factory officially resumed work. Xu Yuan got up early and prepared to hold a meeting with all department heads to set up the work for the new year.

However, she waited for a long time, but all the other department heads came, but Kang Yuan, the head of the R&D department, was late in showing up.

Xu Yuan immediately ordered someone to call Kang Yuan, but Kang Yuan’s phone was unanswered, and his home phone, however, was on the line.

“Manager Guo, please ask someone to go to Kang’s home to check on him, he hasn’t come to work! We can’t reach him either!” Xu Yuan said.

“Okay!”

Guo Tao immediately nodded and said, “I’ll personally go to Kang Gong’s home to take a look.”

And at this time, Guo Tao’s phone suddenly rang, he frowned slightly, but still picked up the phone, “This is Guo Tao!”

“Manager, some police officers have come to our pharmaceutical factory’s dormitory and are waiting to take Kang Gong!” The call was from one of the security guards at the staff dormitory, “Their attitude is very tough, we can’t stop them, what do you think we should do?”

“You tell the police, I’ll rush over immediately.” Guo Tao hung up the phone and whispered a few words to Xu Yuan.

Swish!

Xu Yuan stood up at once and said, “Go! Go check it out!”

The other department heads couldn’t help but be puzzled, but without Xu Yuan’s orders, they could only be secretly puzzled, but didn’t talk too much about it.

When Xu Yuan and Guo Tao rushed to the entrance of the staff dormitory compound, they only saw two security guards, otherwise, no one was seen.

“What’s going on, where’s Kang Gong?” Guo Tao immediately asked.

“Manager, general manager, Kang Gong he, he was just taken away by some police officers, we couldn’t stop him.” A security guard said.

Guo Tao immediately said, “Where are they from? Which precinct? Or from the city bureau?”

“They didn’t answer at all, they just said that the police were working on a case, and then they just took them away!” A security guard said, “I saw that their documents were genuine, so I couldn’t forcefully stop them!”

“Bastard!”

Guo Tao’s face instantly sank, “Kang Gong is one of our factory people, whoever wants to take him away has to say hello to us! You two I’ll settle the score with you guys later!”

He turned his head and said, “Mr. Xu, I think we need to inform Mr. Ji immediately!”

“That’s right!” Xu Yuan immediately nodded, “I’ll make the call.”

While at this time, Ji Feng had already received a call from Kang Yuan’s wife, Ji Yinhong.

“Little Feng, your aunt father has been arrested by the police!” Ji Yinhong said with some panic, “I can tell that those are not ordinary police officers!”

Chapter 878

Swish!

The cold light in Ji Feng's eyes flickered fiercely as he asked incredulously, "Aunt Hong, what did you just say? Auntie was taken away by the police?"

"Yes, we had just had breakfast in the morning and your aunt was just about to go to work when a few police officers came to the door, saying that there was a case for your aunt to assist in the investigation, and then they took the person away without even letting him wear a jacket ah." Ji Yinhong's tone seemed flustered, "Little Feng, I could tell that those weren't ordinary police officers, they were very special!"

"Very special?"

Ji Feng repeated subconsciously and asked, "Aunt Hong, has he been involved in some case recently?"

In his opinion, the special policemen that Aunt Hong spoke of should be different from ordinary policemen, perhaps armed policemen? Special police? Or maybe other police officers?

And to send out such police officers, that meant that things might not be ordinary, which made Ji Feng a bit puzzled, according to Kang Yuan's temper and character, he should not be involved in any big cases, ah, how could he be taken away by the police?

"Little Feng, you still don't know your aunt father, he is a nerd, this whole Spring Festival, he has been soaking in the laboratory of the pharmaceutical factory, or just going home, other than that, he didn't go anywhere!" Ji Yinhong said helplessly, "Even your cousin's parent-teacher conference, I was the one who went there, how do you think, he got involved in the case?"

"Aunt father's character is, indeed, a bit introverted" Ji Feng nodded slightly, but a bad feeling rose up in his heart, since Kang Yuan didn't have time to go out, then why was he taken away by the police?

"Hong Aunt, when those police officers took away aunt father, did they say where they were from? Why did they take away auntie?" Ji Feng asked.

"He didn't say, he just flashed his papers and claimed to be a police officer." Ji Yinhong said anxiously, "When I asked them where they were from, they didn't tell me either, they just said that your aunt was involved in the case and had to be taken away for questioning, but refused to say anything else. Little Feng, do you think your aunt father he, is he being framed?"

"Aunt Hong, don't worry first, I'll check on my side first to see what kind of things aunt father is involved in." Ji Feng said, "Don't worry, there will definitely be no problem, as long as aunt father hasn't committed any crime, then no one can wrongly accuse him, just don't worry!"

"Hey, hey!"

Ji Yinhong still had great trust in Ji Feng, she couldn't help but nod slightly, "Little Feng, I'm counting on you for everything, I don't know my way around Jiangzhou, I don't even have a place to ask around, so I have to rely on you."

"Don't worry, Aunt Hong, I promise you, as long as Aunt Father hasn't done anything wrong, then no one can do anything to him." Ji Feng snorted coldly.

“Hey hey!” Ji Yinhong’s flustered mood calmed down somewhat.

Ji Feng pondered a little and added, “Aunt Hong, don’t tell cousin brother and sister about aunt father yet, if they ask, just say that aunt father is working late in the lab or that I sent him out on a business trip.”

“This I know, Little Feng, you must save your aunt father!” Ji Yinhong said.

“Please don’t worry, Aunt Hong, I’ll go check it out!” Ji Feng said.

After hanging up the phone, Ji Feng couldn’t help but shake his head slightly, one thing after another, it was really one wave after another.

“Ding

Ji Feng had just hung up Ji Yinhong’s phone when his phone rang, it was Guo Tao calling.

“Boss, something happened at the pharmaceutical factory, Kang Gong was taken away by the police who didn’t know where he came from.” As soon as he picked up the phone, Guo Tao’s voice came through, “The other party was very arrogant, they didn’t even greet us, they didn’t even report where they came from, they just took the person away straight away like that.”

“I already know, just now Kang Gong’s family called me.” Ji Feng said, then asked, “What’s the disposition on your side?”

“General Manager Xu has personally gone to Kang Gong’s home, ready to pacify Kang Gong’s family first, I sent a reliable person behind to chase those police officers, but they’ve been gone for a while, I don’t know if they can still catch up.” Guo Tao said.

“We must catch up!”

Ji Feng immediately said forcefully, “Although our pharmaceutical factory is a private unit, however, we can’t say that the head of the R&D department was taken away and we don’t even know who actually took it away, for anyone in the pharmaceutical factory, we have to be responsible!”

“Okay, we will do our best, but, boss, is your side also set up, I think this thing is a bit abnormal ah!” Guo Tao said.

Ji Feng sneered: “More than perverse, it’s simply

“Yes!” Guo Tao immediately answered loudly.

After closing the line, Ji Feng held his chin in one hand and couldn’t help but frown to himself, “What exactly is the other party’s origin

It is obvious that Kang Yuan should not be involved in any case, and now a police officer has taken him away, which is really strange.

What’s more, a few days ago it was people from the Drug Administration who came to mess up the pharmaceutical factory, and now it’s the police, this is too much of a coincidence, so Ji Feng couldn’t help but make an association, could this be the same group of people behind the trouble?

He showed a pensive expression, then took out his mobile phone and called Zheng Yuanshan, the deputy director of Jiangzhou Municipal Bureau, who was the only one he could count on nowadays.

“Little Feng?”

When he received Ji Feng’s call, Zheng Yuanshan looked a little surprised.

“Uncle Zheng, good New Year, I pay you New Year’s greetings!” Ji Feng said with a smile.

“Hehe ……” Zheng Yuanshan burst out laughing, “Little Feng, you’re not just calling this number to pay me New Year’s greetings, right? Say it, what is it?”

Ji Feng couldn’t help but smile slightly, in fact, according to the reasonable words, even for the sake of Zhang Lei’s face, he should pay a New Year’s greeting to Zheng Yuanshan, but according to the results of contacting Zhang Lei a few days ago, Zheng Yuanshan did not return to Yanjing, but was still in Jiangzhou, therefore, Ji Feng also just went to pay a New Year’s greeting to Zhang Lei’s father, Tong Kai De.

Of course, as to why Zheng Yuanshan did not come to Yanjing, Ji Feng knew more or less, only that what he knew was not too clear, and the reason for this was really incomprehensible in a few words.

These thoughts flashed quickly in Ji Feng’s mind, and he shook his head slightly, every family has a difficult lesson to learn.

“Uncle Zheng, is this, Xiao’s pharmaceutical factory’s R & D department head, is also my aunt Kang Yuan, this morning suddenly was taken away by the police, said to be involved in what case inside, but those police who came, also did not say they are from which branch, also did not say what case, this is not, my aunt are anxious to cry ……”

Ji Feng briefly told the matter, before saying: “Uncle Zheng, I suspect that things are not that simple, recently there is a group of people who do not know what origin, has been intent on the pharmaceutical factory, and now this set of …… Uncle Zheng, this still needs to trouble you ah.”

Someone wants to deal with the Ji family’s Xiaoz?

Zheng Yuanshan couldn’t help but feel a shock in his heart when he heard Ji Feng finish speaking, it looked like things might have gone beyond control.

The relationship between Xiao’s pharmaceutical factory and Ji Feng was clear to Zheng Yuanshan. And at this moment, the head of the pharmaceutical factory’s R&D department was taken away by the police, moreover, this head was also Ji Feng’s aunt, if it really wasn’t that head who had committed a crime, it should be someone spoiling for Ji Feng to come.

After deliberating for a moment, Zheng Yuanshan said, “Little Feng, then what are you going to do?”

“It’s simple, I’m going to report to you that someone has kidnapped my aunt Kang Yuan!”

Ji Feng had a plan long ago, and he immediately said, “Chief Zheng, I request that you immediately set up checkpoints along the roads, focusing on checking vehicles on the main roads and important traffic junctions, and don’t spare police cars. At the same time, please ask Chief Zheng if he is asking around to

the various sub-bureaux below to see if they did it, of course, this is just my request, please also ask Chief Zheng to consider it at his discretion!"

Ji Feng was very polite when he spoke, saying 'request' in one breath and in a very polite tone. It was a fact that Zheng Yuansan had a close relationship with the Ji family. However, now that we were talking about business, Ji Feng was not in the system after all, he was not qualified to give orders to Zheng Yuansan and could only use a requesting tone.

This was, on the one hand, a sign of respect for Zheng Yuansan, and on the other hand, it was also a gesture that one should have as a grandson of the third generation of the Ji family's eldest family.

No matter how honourable your status is, you are only relying on the shade of your elders, you should know the rules, or you must do it.

As expected, as soon as Ji Feng finished speaking, Zheng Yuanshan immediately agreed with alacrity, "No problem, Little Feng, our police will definitely do their best to protect the safety of the masses, I will take care of it."

"Then, thanks a lot Uncle Zheng." After talking about the business, Ji Feng's tone returned to that posture of saying that he was close.

After ending the call with Zheng Yuanshan, Ji Feng didn't stop yet, he intended to call his second brother Ji Shaolei if there was still no result from Zheng Yuanshan, he couldn't just use people from the White Road, the other three religions and nine streams, he had to use all of them if he could.

"Ding"

Just at this time, Guo Tao called again.

Ji Feng immediately picked up the phone and asked, "Guo Tao, what did he say?"

"Boss, I just checked the security office's surveillance video, the car that took Kang Gong is a black Passat, the license plate number is Jiang b" Guo Tao said.

Ji Feng was instantly refreshed, "Are you sure?"

"This is the surveillance we installed at the main entrance of the dormitory building, you can see it clearly on the surveillance, there are three people on the other side, it looks very unusual." Guo Tao said, "These few people don't seem to be the same as ordinary police officers, their movements are very competent and they are also very alert, I can feel it."

Campus Master

Chapter 879

"What you mean is" Ji Feng frowned slightly and asked, "You think those people might not be police officers?"

It was impossible for Ji Feng not to suspect, this matter was really a bit strange.

Of course, it was certainly normal for the police to come to the pharmaceutical factory to arrest people on a case, and no one could say anything about it. But the problem was that the other party only

claimed to be a police officer, but they neither said which branch they were from, nor did they say what they were taking Kang Yuan for, which was very strange.

You know, Xiao's Pharmaceutical Factory is now considered a new enterprise in Jiangzhou after all, so is it hard to give a greeting to the leaders of the pharmaceutical factory?

Plus, the pharmaceutical plant had already been targeted before, so just after hearing about this, Ji Feng subconsciously thought that someone was impersonating the police and deliberately took Kang Yuan, as to what the other party's intentions were, he couldn't guess yet.

Perhaps, it was for the formula of Kang Yuan's slimming powder. After all, Kang Yuan was the head of the pharmaceutical factory's research and development department, and the Kang Yuan slimming powder was named after him, so perhaps the other party had learned this and thought that Kang Yuan knew the formula. If that was the case, then they had really run into a blind cat and a dead rat!

"Boss, from my point of view, even if these people are police officers, they are very special police officers, like, say, special police officers or something like that." Guo Tao said, "It's just a feeling, I think tomorrow is likely to be quite powerful."

"Hmm! We'll talk about the police later, what we need to do now is to find out where the other party comes from and what they are as soon as possible, so that we can save Kang Gong as soon as possible." Ji Feng nodded, keeping an eye on it in his mind, and asked again, "Is the license plate sure?"

"Sure!" Guo Tao said immediately.

"Good!"

Ji Feng praised, "Guo Tao, well done, with the license plate number, you'll be able to find out exactly what the other party is from, well done!"

"Boss, it's all my fault for being too careless and not stopping those people" Guo Tao felt somewhat guilty, as the manager of the pharmaceutical plant's security department, he failed to protect the safety of the plant's workers and failed to do what Ji Feng had entrusted him with.

"Let's not talk about that now, getting the people out is the right thing to do!" Ji Feng finished speaking and hung up the phone straight away.

He called Zheng Yuanshan again, "Uncle Zheng, the other party's license plate number is from Jiangzhou, you can help check it out"

.....

Jiangzhou, inside the basement of a villa, Kang Yuan was thrown heavily to the ground, and the fall made him muffle a sound. Two men then lifted him up again and sat him down on a chair.

In this basement, which was not too empty, there were desks and chairs arranged inside, and Kang Yuan was sitting on one side of the table. Opposite him sat a man in a police uniform with a cold face, and two men in police uniforms were also watching him on either side.

Kang Yuan was handcuffed and in a position to be interrogated.

Swish!

The black cloth over Kang Yuan's eyes was ripped off, and the blinding light immediately made him squint, and it took him a while to adjust, and he then saw his surroundings clearly.

"You, who the hell are you people and why did you bring me here?" Kang Yuan asked with some anger.

Although Kang Yuan was blindfolded when he came, Kang Yuan could tell from the simple arrangement that this should not be the interrogation room of the police station. When he was in Yanjing, Kang Yuan had been to the police station for some reason, so he could tell at a glance that the interrogation room of the police station was not arranged like this, there should at least be some slogans above the wall, such as confessing to be lenient or something like that.

And most importantly, he didn't think he had done anything illegal, so Kang Yuan couldn't help but be suspicious of these people's motives.

Although he was mute, it did not mean that he was stupid, but it was just because he usually spent all his energy on research that he seemed a bit unworldly. These people had brought him to this strange place and treated him so rudely, obviously it was not what they had said before about assisting in the investigation, this was clearly treating him as a prisoner for interrogation, and the other party might not even be a police officer!

"Kang Yuan, we are the staff of the Ninth Division, we suspect that you are involved in the research of illegal prohibited drugs, now, you have to give an honest account!" The policeman sitting opposite him said, "What is the scope of production of your Xiao Pharmaceutical Factory, and what are the types of drugs produced?"

"The ninth branch?"

Kang Yuan was stunned for a moment, and then his heart was suddenly shocked and his eyes widened, "You, you are from the Security Bureau?"

This time, Kang Yuan was truly surprised.

Other people might not understand what the Ninth Division did, but Kang Yuan was always in Yanjing and was the son-in-law of the Ji family, so he had heard of the Ninth Division.

The Ninth Division is the Security Bureau, a department that is directly responsible to the top, and their head is of a very high rank.

It is said that the Ninth Division is divided into two departments, one external and one internal.

These police officers specialise in investigating extremely important matters, strictly speaking, information and intelligence that endanger the security of society, and have so much power in their hands that even local police stations are not qualified to interfere.

Even the local police force is not qualified to intervene. These officers will not be alerted to minor problems, unless there are major hidden problems or they are dealing with vicious criminals.

The other department of the Ninth Division is even more powerful, except that ordinary people do not see them at all. This department is commonly known as Special Guards, or Internal Guards. Their mission was to specialise in protecting important leaders, or carrying out any important tasks.

These things were still known to Kang Yuan, but how did they find themselves?

Kang Yuan frowned slightly and said, "I want to state one thing first, our pharmaceutical factory does not carry out the production or research of illegal drugs, I can be sure of this, are you guys mistaken?"

Despite being shocked at the other party's identity, the truth was what it was, and that was true, Kang Yuan would not lie just because the other party had some kind of origin.

"Bang!"

The policeman slapped his hand on the table, "What you need to do now is to answer my questions honestly, not ask questions! Let me tell you, according to the evidence we have in our hands, your Xiao Pharmaceutical Factory is on the surface producing regular drugs, but secretly, it is still secretly producing some forbidden drugs, I hope you can recognize the form clearly and have to give an honest explanation!"

Kang Yuan's heart was a bit uneasy, these internal guards usually don't go out easily ah, could it be that the pharmaceutical factory was really producing some forbidden drugs without his knowledge?

If not, they wouldn't have alerted these people ah.

Unfortunately, Kang Yuan did not know much about the inner guards, otherwise, he would not have thought so.

"Now, write down the types of drugs produced by your pharmaceutical factory, the formulas, and everything you know about the pharmaceutical factory on the paper in front of you!" That policeman saw Kang Yuan look a little hesitant, and suddenly he added more fire, "Remember, this matter is very bad in nature, and if you hide something, you are responsible!"

Kang Yuan hesitated for a moment and finally nodded, "Alright, I'll write. But before I write it, I have to check your documents again to confirm your identities!"

The policeman immediately nodded in satisfaction, "Very well, as long as you cooperate, we will handle it at our discretion when the time comes!"

At this time, in the living room of the villa, a young man was half lying on the sofa with both legs resting on the coffee table, answering the phone with a smile on his face.

This youth was no other than Young Rong, who had once had contact with Deputy Director Qu and Director Duan of the Drug Administration.

"Sister, calling so early, what's the matter?" Rong Shao smilingly picked up the phone.

"Bao Gang, did you use the internal guard?" A woman's voice came over the phone, "Tell me honestly, did you use the internal guards to arrest someone?"

"Sister, how do you know?!" Young Rong asked with some surprise.

“Nonsense, these internal guards were sent by your brother-in-law to protect me, even though I’m sending them to Jiangzhou to protect you now, they still have to report to me if there’s anything going on!” The man on the phone said, “Tell me quickly, who did you use the internal guards to arrest and what exactly did you want?”

“Sister, just don’t worry, it’s nothing, it’s just a little trick, I’ll release the person later.” Rong Shao smiled with a face full of care and said cheekily, “You don’t say, these internal guards are really good, anyway, with this golden sign here, even he, the director of Jiangzhou Municipal Bureau, wouldn’t dare to ask about it, hehehe, it’s really great!”

“Baogang, don’t mess around, the water in Jiangzhou is very deep, it’s not comparable to Yuezhou, you mustn’t get into trouble there!” The man in the dotted line said, “I don’t care who you’ve arrested, hurry up and let the man go, don’t cause trouble for your brother-in-law!”

“Cut!”

Rong Shao cut out full of concern, “I say old sister, you are really the same, what is my brother-in-law’s status? Who dares to find trouble with him!”

“Didn’t you hear what I said?” The voice on the phone took on a hint of anger, “Release him immediately!”

“Fine, fine! I’ll let go, can’t I let go?” Rong Shao brushed aside his mouth, “Older sister, in fact, I’m not the only one who did this, my cousin also agreed to it.”

“Yuxiu also agreed?” The voice on the phone was stunned, then said, “What nonsense, you immediately let people go, I will call Yuxiu, let you go to Jiangzhou, that is for our group to play a front, not for you to cause trouble!”

“Okay, okay, old sister, I’m going to release the people, hang up first!” Young Rong deliberately said a few words out loud and hurriedly hung up the phone.

He couldn’t help but heave a smile, “Letting people go? Of course I’ll let go, but how can I let go only after that guy has told us the formula, I’ve spent so much effort to find him, if I let go just like that, wouldn’t that be a lost cause?”

Chapter 880

He couldn’t help but heave a smile, “Release him? Of course I will release him, but, at any rate, I have to wait for that guy to tell me the formula before I can release him, I have spent so much effort to find him, if I just let him go, won’t that be a waste of effort?”

When he said that he was pleased with himself, Rong Shao couldn’t help but hum a little ditty: “They say that girl is beautiful, they say that girl is prodigal

At this time, a middle-aged man came down from upstairs, seeing that Rong Shao was singing, he couldn’t help but laugh, “Rong Shao, so excited early in the morning, did you meet something good?”

“Of course it’s a good thing!” Rong Shao said smilingly, “Old Wang, guess who I’ve invited here?”

“Hm?”

Old Wang couldn't help but be stunned, then he shook his head and laughed, "Young Rong, I really can't guess this, but to make Young Rong so happy, it looks like it should be an important person, right?"

"Definitely an important person, whether or not we can get the formula for Kang Yuan Slim Powder depends on this person." Young Rong smiled smugly.

"Young Rong, you wouldn't have invited someone important from Xiao's Pharmaceutical Factory, would you?" Old Wang was startled, frowning slightly, hesitantly said: "Rong Shao, this is not something that can be done willy-nilly, you have seen before, even that Qu of the Drug Administration does not dare to mess with Xiao's Pharmaceutical Factory again, so it can be seen that that company still has some background, plus they can talk to the mayor and secretary of Jiangzhou, we have to be cautious ah!"

"Eh!"

Mr. Rong waved his hand and laughed, "Old Wang, don't worry so much, you're too cautious. This time it's not like last time, that what's-his-name Deputy Director Qu and what's-his-name Director Duan, they're all useless, and that old Yan guy is no good either, he's an executive deputy mayor, but he can't even stand up to Li Baoyuan's pressure, I'm angry just talking about it!"

Old Wang couldn't help but smile bitterly, but he didn't know what to say.

He was a heavyweight in Jiangzhou, and it was said that he was a member of the Wu Department, so how could you just call on him?

If they didn't do it for your brother-in-law's sake, how could they possibly help out with the greetings!

Old Wang has been in the market for a long time, and knows more than Rong Shao about the world of people in this society, and many things cannot be seen on the surface.

From the surface, although Rong Shao's brother-in-law is powerful, but after all, another layer, and people Yan vice mayor is not a small role, even the Department of Wu, I am afraid to look at, such a person, not you Rong Shao can be in the back of the haphazard evaluation.

However, although he thought so in his heart, Old Wang also knew that the boss still favoured this brother of hers. Besides, he was only a part-time worker, so how could he be as close as other people's siblings?

So Old Wang only thought about it in his heart, but said nothing about it.

However, he had made up his mind to talk to the boss about this matter.

If you know that you have arrested an important person in Xiao's pharmaceutical factory, this kind of thing can be big or small, once people get angry, then it is really a bit of trouble.

The company's main business is to develop the market in Jiangzhou.

Thinking of this, Old Wang could not help but say: "Rong Shao, this matter need to report to the boss? More people to discuss, can also go more secure, you say right?"

“Alright, alright, Old Wang, you don’t need to say so much, my sister already knows about this matter.” Rong Shao waved his hand and said with some impatience, “Right, how is the progress over at the office?”

Old Wang smiled bitterly and said, “Young Rong, the Chinese New Year has just passed, everyone is still on holiday and only the office location has been set up for the time being, the specific work has not yet started. We can only start the next step after the holiday is over and everyone has gone to work.”

“Hmm!”

Mr. Rong nodded, “I say, Old Wang, the work of the office must speed up, and strive to open up the situation with the fastest speed, the best can achieve some achievements that can be taken seriously, so that when I go back to report to my sister, my face will also have a glory, do you think so?”

“I will speed up!” Old Wang said with a nod.

“Good then, you go to work, when I get the formula in my hands on my side, hey, we’ll both get credit for it.” Shao Rong laughed heatedly.

Old Wang nodded with a bitter smile and said, “That’s good, Rong Shao, you too That what, try to pay attention to a matter of degree, don’t cause big trouble, otherwise, it will be very difficult for us to do in Jiangzhou!”

“Don’t worry!” Rong Shao waved his hand.

“This Rong Shao ah, is really arrogant a little too wild, Jiangzhou is what place, this is an international metropolis, although Yuezhou is not bad, but compared to Jiangzhou, but not a class. The old boss has said more than once that the water in Jiangzhou is deep, but Young Rong is so reckless in doing whatever he wants, he is simply doing whatever he wants.”

Old Wang couldn’t help but sigh lightly in his heart: “Now I can only hope that Rong Shao can grasp the proportion, or Xiao’s pharmaceutical factory really doesn’t have much background, only because of the potential to enter the eyes of the secretary and mayor of Jiangzhou, otherwise, if something happens, I don’t know how to explain to the boss ah!”

Old Wang then slightly shook his head bitter smile and drove away from the villa, he knew he could not control Rong young, but also can only see the heart is not bothered, avoiding instead also fell a clean.

What’s more, this matter came to the old boss all know, but did not stop, he naturally is not good to say anything more.

.....

This day is the seventh day of the year, in Yanjing stay nearly twenty days of Ji Feng ready to return to Jiangzhou.

On the one hand, the frequent occurrence of things in Jiangzhou made Ji Feng, who was in Yanjing, somewhat uncontrollable. He had to go back and see what kind of people were causing trouble.

On the other hand, it was also because Ji Feng had some weakness in his heart.

The day before, that is, on the sixth day of the New Year, after Ji Feng had finished some other chores, he went to the old man's place again. Since he planned to return to Jiangzhou, he naturally had to say hello to the old man before he left.

The first time I saw him, I was able to hear that he had gradually entered the eyes of these people, but he had not yet given them any attention.

In the past, those heavyweights of the Ji Department had only treated themselves with the attitude of pure elders, and nothing else.

But this year was a little different, they said something off-topic in addition to caring about their studies, which was a sign of gradual recognition. Of course, to really gain the approval of these people, it would still take some time, and it would also require an outstanding performance from Ji Feng.

In fact, no matter if you are a tz or an ordinary son of the Ji family, as long as you are not capable, those people will not approve of you either.

The so-called Ji lineage is actually not like what others think, everything is subservient to the people of the Ji family, indiscriminate, and even the juniors of the Ji family are able to order everyone In fact it is not like that at all.

This a big faction, in fact, is a lot of people who share a common philosophy, we all advance and retreat together, but the basic principles will not waver.

For example, if Ji Feng does not know how to do anything and is not a weapon, those heavyweights will only treat him as a junior, after all, it is Ji Zhenhua's son. However, it is not necessarily true to say how much importance is given to him. If you are doing the right thing, those people may give you a hand, but if you are self-indulgent, hey, they won't reach out too much.

What kind of people are these, that are people who are fighting for certain ideals and ideas, and how would they waste their energy on such fops? Not to mention that they will not shake their principles for these untalented people!

Of course, the care that should be given must still be given, but it is very limited.

In fact, not to mention these heavyweights, if Ji Feng is not talented, even his father, Ji Zhenhua, will not care about him, at most, he will let him go free, you do what you like, as long as you do not cause trouble, do not do anything that will make people angry, he will not even bother.

It is also a good ending for him to be a male son and enjoy his life in peace and quiet.

Fortunately, Ji Feng is not such an untalented person, especially because of his series of actions in Jiangzhe Hang City a year ago, plus the operation of heavyweights of the Ji Department such as Ji Zhenhua, making the power of the Ji Department officially enter Jiangzhou, and from the situation at hand, there will be a series of operations next, which is very good.

In fact, it is precisely for this reason that those bigwigs of the Ji Department have seen that this little tz is not a mediocre talent, then they are very happy.

The leader, Ji Zhenhua, has a successor, so they will all naturally be happy along with him and pay more attention to Ji Feng.

If Ji Feng went to those people to do anything at this time, it would definitely be a lot easier.

However, Ji Feng did not intend to go to those people yet, for one thing, there was nothing to do, and for another, he knew that he had not grown to that height and could not yet talk to people directly.

So before Ji Feng left, he also just came straight to the old man's quadrangle, it would still be beneficial to listen more to the old man's teachings.

"Grandpa Ji, my boy Xiang Yongzhan, I wish you good health and longevity!" Who knew, as soon as Ji Feng entered the courtyard, he heard a familiar voice from inside, very bright and cheerful, it was actually Xiang Yongzhan!

He couldn't help but shake his head and smile, it looked like the relationship between the Xiang family and the Ji family had taken another step forward, he hadn't heard of anyone from the Xiang family coming to pay their respects before.

Ji Feng didn't rush to go in, but held his chin and entered the second courtyard, while in his heart he was pondering, Xiang Yongzhan came to pay his respects to the old man, this was a good sign, and likewise a signal that the Ji family and the Xiang family were getting closer!

"So, can one not add fire to the fire and make the relationship go further?" Ji Feng couldn't help but mull it over, after all, to deal with the dynasty, cooperation with Xiang Yongzhan was still very necessary. And the close relationship between the two sides' families was also beneficial to the cooperation between the two.

It was a win-win!
