

Campus Master 881

Chapter 881

Ji Feng had been in the second courtyard for about ten minutes when he heard the sound of Xiang Yongzhan talking and it was getting closer and closer, he was going back.

Usually when visiting elders, the time would definitely not be so short. On the one hand, the old man's health was not good at his age, so those who were junior had to be sensible. On the other hand, given Xiang Yongzhan's status, to be received by the old man was already a great honour to him.

According to reason, even if Xiang Yongzhan was visiting, he should have visited Ji Zhenhua or Ji Zhenguo, and strictly speaking he could not speak to Elder Ji yet.

But Xiang Yongzhan came, and Elder Ji also met him, which conveyed a signal to the outside world – the elder of the Xiang family was no longer there, but Elder Ji still treated Xiang Yongzhan as his own junior.

When a junior comes to pay respects to an elder, is there still a need to be so prescriptive?

It also showed that the relationship between the two families had definitely improved significantly and were much closer than before.

Ji Feng then couldn't help but guess that it looked like there must be something in between that he didn't know about, but that wasn't a bad thing.

As Ji Feng was pondering, the sound of Xiang Yongzhan's footsteps was already clearly audible, so he smiled and walked out, "Grand Duke Xiang!"

A guard was escorting Xiang Yongzhan out, and when he saw Ji Feng coming out of the living room in the second courtyard, he immediately nodded his head. As soon as Xiang Yongzhan saw Ji Feng, on the other hand, he immediately glared.

"Ji Feng!"

Xiang Yongzhan glared at Ji Feng with a sullen face, "How dare you kid come out?!"

"Hm?"

Ji Feng couldn't help but be slightly stunned and lost his smile, "What, I still can't come out to meet people? It's not like I've done anything shameful!"

"You brat still say that!" Xiang Yongzhan looked around and hummed, "You come out with me, I have something for you."

Ji Feng nodded and followed in stride, while the guard, however, went back after saying goodbye to Xiang Yongzhan, it was obvious that Ji Feng had something to discuss with Xiang Yongzhan, so he naturally wouldn't follow him out.

The two of them arrived at the hutong outside the courtyard. Ji Feng greeted the warriors standing guard and got no response, but he didn't say anything either. These warriors had worked very hard to protect the old man, and it was only right to have respect for them. What's more, as they were on a

mission, they naturally wouldn't be disturbed by the outside world, so Ji Feng just had to express his feelings to.

"Grand Duke Xiang, why do you look so bad once you see me, do I owe you money?" Ji Feng asked smilingly.

"You kid still have the nerve to say that?" Xiang Yongzhan's tone was unkind as he grunted, "Let me ask you, how did you promise me in the first place? You said that you would go to me after you returned to Jiangzhou from Jiangzhe and that you would help someone remove a little something You said it yourself, remember?"

Sweat death!

Ji Feng was slightly stunned, then he remembered what it was, he had promised to Xiang Yongzhan a long time ago that he would help remove the biological bomb from White Spider's heart, and he had promised twice in a row, but he had broken his promise, he couldn't help but sweat a little, no wonder Xiang Yongzhan was so unkind, if it was himself who had been let off twice in a row, he definitely wouldn't have a good face either.

Ji Feng also could not help but smile: "That what This matter is indeed my fault, something happened after returning to Jiangzhou, which made my mind a bit confused, so I forgot about our agreement, sorry sorry sorry!"

The truth was indeed true, as soon as Ji Feng returned to Jiangzhou, he heard the news that his second uncle might be transferred away soon, and was really a bit distracted for a while, plus the fact that things kept happening at the pharmaceutical factory afterwards, which made him forget the agreement with Xiang Yongzhan straight away, and if Xiang Yongzhan hadn't mentioned it now, he would barely have remembered it.

Although his memory was superb, there were always priorities, and he was so preoccupied with his second uncle and the pharmaceutical factory that he had forgotten about removing the biological bomb from the white spider.

"Forgotten?"

Xiang Yongzhan couldn't help but glare, "I think you didn't even take it to heart!"

"Then what, I was wrong." This is one of Ji Feng's merits, "Brother Yongzhan, don't worry, I should be back to Jiangzhou within a day or two, I'll first save my aunt and then go to your place without doing anything to complete our agreement, so that's always okay, right?"

"Yoo-hoo?"

Xiang Yongzhan couldn't help but snicker, "You kid still think this is such a great kindness, huh? Don't forget, you're the one who broke your promise first!"

"Yes, yes, yes!" Ji Feng smiled and took out a cigarette, handing one to Xiang Yongzhan, "A thousand mistakes are my fault, smoke a cigarette to cool down, what else is there to say between us friends, you think so?"

"I'm really unlucky to be friends with you." Xiang Yongzhan grunted, but lit the fire, then said: "You are quick to forget, but I waited in Jiangzhou until the 28th of the year.

"That's right, that's right, you do deserve a beating!" Ji Feng had nothing to say, who made the mistake on his side.

"But then, I can't beat you." Xiang Yongzhan waved his hand, his tone also eased down, and said with a bitter smile, "Ji Feng, don't play me again, after you go back to Jiangzhou this time, make sure you come to my side first, you don't know, I don't even dare to see White Spider now, that look in her eyes makes me feel guilty."

Ji Feng nodded slightly, a person had lost his freedom, that kind of feeling he could more or less understand.

"I will never go back on my word this time!" Ji Feng said forcefully.

"That's more like it!" Xiang Yongzhan laughed, then he remembered something else and couldn't help but ask: "You just said that you were going to save your aunt? Your aunt is in Jiangzhou?"

Ji Feng nodded and said, "Yes, I don't know where the police came from, they directly took my aunt away, saying something about assisting in the investigation, but up to now we don't know where my aunt is"

He briefly told what had happened.

"Something is going on here?" Xiang Yongzhan also sensed that something was wrong and asked with a frown.

"That's for sure, who would move my aunt for nothing, he's such an honest man" Ji Feng hummed.

"How about this, I happen to be returning to Jiangzhou tomorrow as well"

The company's main business is to provide a wide range of products and services to the market.

Ji Feng instantly smiled: "Really? You have some conscience!"

The company's main business is to provide a wide range of products and services to the market. Do you believe me?"

Ji Feng laughed: "Fine, fine, thanks a lot!"

"You kid" The company's main business is to provide a wide range of products and services to the market.

"Sure sure!" Ji Feng smiled bitterly.

"Let's go!" Xiang Yongzhan waved his hand and drove away at the entrance of the hutong.

"Khan!"

Watching the car drive away quickly, Ji Feng couldn't help but let out a bitter laugh and sweat, how could he forget about the white spider!

However, the matter of Kang Yuan is settled, at least, once Xiang Yongzhan went out, that effect must be good, should soon be able to find out the whereabouts of the aunt. The special operations brigade is not only strong in battle, but also in intelligence work.

"If it is really something good to say some, but if someone is sincere to deal with the pharmaceutical factory" Ji Feng's face sank: "I will definitely not let him go!"

.....

"Little monkey, it's time to go, right?" The old man asked.

Ji Feng smiled and nodded, "Yes grandpa, there's still something going on over in Jiangzhou, it's time to go over there."

"Well, it's good to be motivated." The old master was very satisfied with this grandson, "This grandson of Lao Xiang is good, he has atmosphere, get in touch with him more."

Ji Feng nodded, he understood that the old master was asking himself to befriend the Xiang family.

Of course, Ji Feng also knew that the Xiang family and the Ji family were only close at most, but to say that they were joining forces, this was definitely impossible. If the two families joined forces, not only would many people not be able to sleep, but even those old people who are still alive would feel uneasy.

However, if the elders do not join forces, sometimes the interaction between the juniors may also play a crucial role at certain critical moments, not to mention the fact that Xiang Yongzhan is not a bad person, and it is not bad to be friends with him.

In the old man's place, Ji Feng did not stay too long, although the old man's health will not be in any condition for the time being, but the more adequate rest, the better it will naturally be, plus there has been no news from Jiangzhou, Ji Feng's heart is somewhat anxious.

After leaving the courtyard, Ji Feng called Tong Lei again and asked her if she was going to Jiangzhou together.

The main reason was that there was no way to explain the situation to Mr. and Mrs. Tong Kai De. The United University would not start until after the 15th of the first month, so what was the point of going so early?

Now, Mr. and Mrs. Tong Kai De don't know that Tong Lei is already living with Ji Feng, Zhang Lei will definitely not gossip about these things, and Tong Lei is thin-skinned, so she naturally won't take the initiative to say anything, so she can only honestly wait for the start of the school year before going to Jiangzhou, but she can't hide her longing for Ji Feng over the phone.

Besides, she didn't want to hide it either.

In this way, Ji Feng and Ji Shaolei bought a ticket to Jiangzhou together, both of them had something to do and both had to go back early.

Before boarding the plane, Ji Feng received a call from Zheng Yuanshan.

“Little Feng, the car you mentioned has been found, it’s the car used under the name of Rongpeng Group’s Jiangzhou office, I’ve sent someone over to ask about it, but the other party said that their car was lost a few days ago, nothing has been found out yet” Zheng Yuanshan said.

“Rongpeng Group?!” Ji Feng’s face instantly sank, it was really this group, needless to say, it must be them, simply bastard!

What a few days since the car was lost, it’s all bullsh*t!

Chapter 882

The car was lost!

This is all an excuse.

Ji Feng couldn’t believe that just a short while ago, the Rongpeng Group was going to acquire Xiao’s Pharmaceutical Factory, and now something happened to Xiao’s Pharmaceutical Factory, and the car used to arrest the people was also the Rongpeng Group’s car. If he was to say that this had nothing to do with the Rongpeng Group, he wouldn’t believe it.

The most annoying thing for Ji Feng is that the other party did these things without even covering up a bit. With the strength of the Rongpeng Group, is it hard to find a car whose origin cannot be traced?

But they chose to use the Rong Peng Group’s car directly, what does this mean? Even if you know that the Rongpeng Group did it, what can you do? You can’t do anything to stop them!

This is simply domineering to the extreme!

The police have to use the Rongpeng Group’s car to handle the case? And the car was lost” The police stole it, didn’t they? Uncle Zheng, it is now possible to open a case for investigation, right?”

“It’s perfectly fine!” Zheng Yuanshan said, “Only, if you go through the formal channels, there is a certain degree of difficulty in investigating ah, first of all, to find the lost car, and then save the person back, it will not be very easy.”

Ji Feng said in a deep voice, “Uncle Zheng, don’t worry about saving people first, find the car first, I’ll do the rest!”

This time, the other party had really pissed Ji Feng off.

It was not enough to use the Drug Administration to provoke him, but now he was coming to arrest him directly.

After ending the call with Zheng Yuanshan, Ji Feng’s face was cold, and the fire in his heart had gradually risen.

“San’er, what’s the word?” Ji Shaolei asked, frowning when he saw Ji Feng’s bad face.

Ji Feng sneered, "It's the Rongpeng Group's car! It seems that those people are definitely not police officers, they should also be from the Rongpeng Group. They couldn't get the formula of Kang Yuan Slim Powder from other channels, so they thought of playing this crooked idea.

Ji Shaolei immediately frowned: "What does the Rongpeng Group want to do? They think they can do whatever they want in Jiangzhou?"

"No matter what they want, even if they want to come and pay homage to Laozi, they will have to come on their knees!" Ji Feng said in a cold voice: "Second brother, you should leave this matter alone, I have my own solutions, if we don't stop this trend this time, Xiao's Pharmaceutical Factory will really become a soft persimmon in some people's eyes!"

Ji Shaolei said, "Third child, you do not mess around, after all, your second uncle will be transferred, the future should be the Wu family's people ruling Jiangzhou, Rongpeng Group and they have inextricable ties, if there is any big mess, I'm afraid it will not end well!"

Ji Feng faintly shook his head and said, "I have no intention to end it at all, this time, it should be them who are worried about not being able to end it!"

"That's right too!"

Ji Shaolei nodded and said, "Going to arrest someone openly, this already constitutes kidnapping, no matter what their origins are, it doesn't make sense for this to happen. Third child, if you need any help from me, just say so, don't do it alone."

"Second brother, don't worry, I know what to do!" Ji Feng said indifferently, but there was already a cold glint in his eyes.

"That's good." Ji Shaolei nodded slightly, he was still at ease with Ji Feng's work, at least, no matter where he went, Ji Feng would not suffer, that was enough, as for who was right and who was wrong, the above had its own judgment, "Let's go, it's almost time to board the plane, let's go over there."

"Go! Back to Jiangzhou!" Ji Feng coldly snorted and walked towards the boarding gate together with Ji Shaolei.

.....

"A few comrades, I've finished writing." Inside the basement of a villa in Jiangzhou, Kang Yuan pushed over the densely written pages, "But everything I know is written on it. It took a bit longer because it was written in great detail."

"Well!"

The policeman sitting in front of him nodded in satisfaction, picked up all those sheets of paper and asked, "Are you sure you've written it all down?"

"Yes, it's all written." Kang Yuan nodded, but his heart was a little apprehensive, "Excuse me, is it true that our pharmaceutical factory is involved in the production of prohibited drugs? Honestly, I really don't know that there is such a thing, please investigate carefully, don't wrongly accuse our pharmaceutical factory, please."

The policeman sitting opposite him nodded with a majestic look on his face, "That's why we need your complete cooperation, so that we can investigate this matter more clearly, don't you think so?"

"Yes, yes, yes!" Kang Yuan immediately nodded his head.

"Good then, I will first take this information you have written to our leaders, because right now your pharmaceutical factory has not been cleared of suspicion, so you will have to remain here until the review is completed, and if it is confirmed that you are alright, then you can leave, got it?"

"I understand." Because what the other party said was reasonable, so Kang Yuan didn't have any half-hearted doubts, he just said, "But, my family doesn't know where I've come, can you inform them?"

"No!"

The policeman's face sank, "I'm sure you understand the nature of our work, it's absolutely confidential, even if you're cleared of suspicion and go back, you absolutely cannot reveal half the details of your stay here to outsiders, do you understand?"

Kang Yuan had some regrets, but still nodded his head. His character had determined that he would not casually suspect others, and also, being law-abiding, he would not easily overstep the mark.

"Hmm!"

The policeman nodded in satisfaction, gave a wink to his two companions, and then walked out.

At that moment, Young Rong was lying on the bed in his room, being reprimanded by others, his face full of impatience and helplessness.

"Baogang, just now Old Wang called me, he said the police have all checked the office and he has been pushed off." The woman's voice on the phone seemed angry, "Why haven't you released the man yet, Rong Baogang, do you know what you're doing?"

"Sister"

Rong Shao, also known as Rong Baogang shook his head helplessly and said, "Those police officers are just for show, they wouldn't dare do anything, with the internal guards sent by brother-in-law here, how can it be their turn to speak! Older sister, you believe me, at most a day's time, I can get the recipe for Kang Yuan slimming powder, then whether it's an improvement or anything else, it will still be whatever we want to do?"

"Baogang" As soon as the voice on the phone spoke, it was interrupted by Rong Baogang.

"Sister, just don't worry, there will definitely be no problem, it's just a small pharmaceutical factory, although it may have several hundred million dollars of assets, but compared to our Rong Peng Group, it's not even a class, besides we still have brother-in-law behind us, what's there to worry about?"

"Rongbao Gang!"

The voice on the phone sank, "I'm telling you, don't talk to me so much, go and release the person immediately, otherwise, you'll get the hell out of Southern Guangdong right now, and you won't be able to go anywhere in the future!"

“Fine, fine, I’ll let him go, can’t I just go and let him go now?” Rong Baogang couldn’t help but shake his head slightly and said, “Older sister, I’m going to release the people, let’s do that first.”

Pop!

Rong Baogang hung up the phone, then, he shook his head and smiled, “Let me release people? That’s fine, I’ll definitely release them after I get the formula for Kang Yuan Slim Powder.”

And at this time in a building in Yuezhou, South Guangdong, a stunningly beautiful woman stood in front of a huge floor-to-ceiling window, looking at the bustling crowd and vehicles outside, and couldn’t help but frown slightly, unable to help but sigh softly in secret.

“This Rong Baogang, he doesn’t do his job all day, and now he’s over there fooling around, he really shouldn’t have been sent to Jiangzhou, sigh!” The woman shook her head slightly, “What kind of place is Jiangzhou, is it a place where anyone can run wild? I really don’t know what Yuxiu was thinking, I can’t imagine that even she agreed

“The recipe for Kang Yuan slimming powder ah, it’s been a day, you should have gotten it already, right?” Rong Bao Gang looked at the time and couldn’t help but mutter to himself, “This young master is really smart, whole such a method, hey, forgive that bullshit Kang Yuan wouldn’t dare to resist, he can only obediently give out the formula, that’s the right solution!”

“Knock, knock, knock!” There was a knock at the door.

Here it comes!

Rong Baogang instantly lit up and immediately said aloud, “Come in!”

The door to the room was pushed open, and immediately afterwards, a man in a police uniform walked in, with a stack of papers in his hand, “Young Rong, he has given an explanation, take a look, is it what you need!”

“Explained?”

Rong Baogang was instantly delighted and laughed, “I knew it, the few of you out there will definitely be a success, no kidding!”

He took the stack of papers over, gave it a cursory glance, and shook his head: “Damn, all this is jargon, who can understand it?”

Rong Baogang helplessly took out his mobile phone and dialed a number: “I said Lao Wang, you immediately send someone from the pharmaceutical field over to

Yes, I’ve got the formula here, but I can’t understand it

Okay, then I’ll wait

By the way, you’re not honest, why are you secretly calling my sister, don’t do that again, you hear me?”

The old Wang on the phone hurriedly agreed, but in his heart, he was laughing bitterly, he was a part-time worker, but it was really not easy. However, Rong Shao was able to get the formula of Kang Yuan slimming powder, which is good, with the credit, he also has a share of ah, when the time to raise salary and promotion will certainly have their own share.

The old king felt that Rong Shao wasn’t that annoying again when he thought of this.

“That who, Rong Shao’s side needs to move the medicine people” Old Wang began to send people, whether it was a promotion or a pay rise, it was all predicated on getting the formula, so the first thing to do now was to get the authenticity of the formula.

And at this time, the plane that Ji Feng and Ji Shaolei were on had landed at Jiangzhou International Airport. After nearly twenty days away from Jiangzhou, Ji Feng was back again.

Unlike the time he left, this time, Ji Feng came back with a strong anger.

Chapter 883

“Finally, you’re back!”

Standing outside the exit of the airport, Ji Feng’s face wore a cold smile.

“Someone is about to have bad luck when you kid comes back.” Ji Shaolei laughed, he was the one who was least worried about Kang Yuan’s capture. No matter who the other party was, even if it was someone the Wu family had personally ordered to be arrested, it was no big deal.

In fact, the higher the rank of the person who ordered it, the more passive the other party would be.

The reason was that the means used by the other party was too shady.

If you use such underhanded tactics, you will only end up with a false impression, and what is a false impression is, in a sense, a small handle. Don’t underestimate the importance of these little leverage points, which can be crucial at the right moment.

For example, if you don’t make any mistakes, no matter what you do, no one can say anything, especially your opponent, even if he wants to pick a bone out of an egg. But as soon as you do something wrong, what awaits you is a merciless blow from your opponent.

If your rank is low, your opponent’s rank is also low, and the blows he can give you are not too great. But if your rank is high, then the person who is worthy of being your opponent is certainly not much lower than you. Then too, the blow that your opponent can give you is much more serious.

If it was a direct order from someone in the Wu family to capture Kang Yuan, and the methods were still so underhanded, then it goes without saying at all that the elders of the Ji family would not be able to take it so easily if they fought back.

No matter how big or small the matter is, as long as you have made a mistake, your opponent will be able to find a reason to attack you.

Therefore, when the major clans do things, they try to avoid falling foul of the people, for this very reason. They are not afraid of making mistakes, but they are afraid that after they have done so, they will be used by their opponents.

This time was no exception. If it was just an order from some minion of the Martial Family, then perhaps it would have been easier to deal with, the big deal would have been for the Martial Family people to throw this guy out as a scapegoat. But if it was a direct order from someone in the Wu family Hey!

“San’er, the car to pick me up is here, should I give you a ride?” Ji Shaolei asked.

Ji Feng shook his head and said, "No need, I reckon I have quite a few places to run today, you go and get busy, I'll just take a taxi home."

The second brother was the boss of Jian An Group, even though it was only a small group, but it was different now after all, it was better to do less out of the ordinary things.

"You kid" Ji Shaolei shook his head and laughed: "Three children, no need to look so like a big enemy, your second uncle has not been transferred yet, even if the Wu family boss is transferred in the future, I send a car to send my own brother, he can still say anything?"

Ji Feng said, "That's not the way to say it. Second brother, many people fail just because they don't pay attention to some details, you are the same, pay attention."

This kind of thing is usually nothing, everyone comes like this. But if someone sincerely wants to get you into trouble, it's not so easy to say. Now it's a special matter, it's better to be careful.

"Okay then, I'll go straight back." Ji Shaolei smiled.

The two parted ways on this, and Ji Feng took a taxi home straight away. He first contacted Xiang Yongzhan and knew that he had arrived in Jiangzhou and was inside the military camp, and after that, he contacted Zheng Yuanshan.

Since he hadn't found the car under the name of the Jiangzhou office of the two Rongpeng Group yet, Ji Feng thought he would go to the military camp first and remove the biological bomb from the white spider's body. After all, he had already promised Xiang Yongzhan and had already broken his word once, so Ji Feng decided to settle this matter first.

As for finding Kang Yuan, both the police under Zheng Yuanshan and the intelligence department under Xiang Yongzhan were already out in force, and although Jiangzhou was large, it wasn't that difficult to find a car.

Driving the BMW x6 once again, Ji Feng couldn't help but tsk his surprise.

The car hadn't been driven for twenty days, and now it was very smooth to drive, without the slightest sense of rawness.

He couldn't help but shake his head, although they all claim to support national products, but frankly speaking, when it comes to this kind of more technical products, the domestic ones are really inferior to the imported ones, this is an indisputable fact.

If some of the domestic cars were left untouched for twenty days in such cold weather, it would be strange not to have problems.

Ji Feng couldn't help but secretly think that if he entered the machinery industry

Ji Feng couldn't help but shake his head slightly.

Everything has to have a foundation and a starting stage, so Ji Feng is not in a hurry, right now he belongs to the starting stage, he can only develop in some industries that are not too demanding in terms of capital, and only when he has accumulated enough can he enter other industries.

Although Ji Feng had an unknown number of advanced mechanical technologies stored in his mind, it was not an easy task to turn all those things into reality.

Not to mention how many of those technologies were suitable for the current society, just some of the simplest machinery with a ridiculously high level of automation were simply not suitable in this modern production method. What's more, the finished machinery in Ji Feng's mind is quite a lot, but in case one day one is not careful and produces something that does not belong to this era, it will not be treated as a monster ah?

For example, some anti-gravity shuttles in the Gamma system, and then for example, strong-powered flying machines All these things cannot appear in modern society!

Therefore, even if Ji Feng intended to enter the machinery industry, he could only split up the mechanical knowledge in his head.

Let's say to produce a certain kind of machinery, then Ji Feng could find one or two from those advanced mechanical knowledge in his mind and use them to improve the current production method. Only this kind of gradual improvement and development was the best way to be the least noticeable while still being different from other peers.

"I'm still at the beginning stage, there's still a long way to go!" Ji Feng couldn't help but shake his head and sigh softly, "I don't know how much difficulty there will be in the future"

Just one kind of Kang Yuan slimming powder produced by the pharmaceutical factory, which is still an alternative to the 53 slimming pill, has already made others so eye-catching, and if any new product comes out in the future, certain people will not come with a knife to rob ah?

But then, Ji Feng couldn't help but be combative, he laughed in his heart: "Struggle? I've never been afraid!"

When he arrived at the entrance of Jiangzhou Military District, Ji Feng found that Xiang Yongzhan was already waiting at the entrance, he kept pacing in a corner of the entrance, and he didn't know how long he had been waiting, anyway, there were already quite a few cigarette butts on that ground.

Ji Feng stopped his car next to him and teased with a smile, "I say, Mr. Xiang, no need to be so polite, right? It's not like I can't find my way around, why am I still greeting you at the door!"

"You brat" Xiang Yongzhan grunted, "I was seeing if you kid was going to stand me up again this time, if you fool me again this time, you won't say you know me in the future, and don't ask me for help with anything"

"All right all right." The first thing you need to do is to get out of here and get going, after I'm done here, I have to find my aunt!"

"That's more like it!" Xiang Yongzhan also laughed, then he added: "Ji Feng, I'm not going to hide anything from you, there's something I want to make clear to you, the car you mentioned, I've already found it for you. Now you can go and save your aunt first, the white spider thing, it's okay to postpone it for a day or two."

"Found it?"

Ji Feng couldn't help but be stunned, "So fast?"

"This is already considered slow!" Xiang Yongzhan said, but there was a strong confidence in his tone, "Not only did we find the car you were looking for, but also, we found some clues at the end of the parking place, and if there are no surprises, your aunt should be there."

Ji Feng couldn't help but give a thumbs up, "Awesome!"

This military's intelligence department was really no slouch, from the time he gave the car's license plate number to Xiang Yongzhan to now, it had only been like four or five hours, at most six hours, he had actually found the whereabouts of the car, while Zheng Yuanshan had not given himself any news even now.

The two contrasted, the high and the low!

But Ji Feng also knows in his heart that the military intelligence department and the local police have different styles of action compared to each other. The police actually have many scruples when doing things, but the military does not have these scruples, which is why there are fast and slow efficiencies.

After thinking carefully, Ji Feng said, "It's better to help remove the biological bomb from the White Spider's body first, since we already know my aunt's whereabouts, then we can act anytime."

He looked up at the sky and smiled, "The sun is going down soon, so it's safer to wait until the evening to act. Grand Duke Xiang, is it alright if I ask you to borrow a few people when we move in?"

"As long as you can remove the biological bomb from the white spider's body, that's a matter of words!" Xiang Yongzhan laughed, "Please do!"

Just after walking into the barracks, Ji Feng's mobile phone suddenly rang, and Xiang Yongzhan immediately said, "If it's urgent, go out and answer it, this place is different from other places, turn off your mobile phone and leave it to the guards for safekeeping!"

Ji Feng looked at his phone and found that it was Zheng Yuanshan calling, guessing that he had also found the whereabouts of his aunt, so Ji Feng hung up the phone straight away and just sent a message back to Zheng Yuanshan, then he handed over his phone and followed Xiang Yongzhan.

Still at that underground base, Ji Feng once again saw White Spider, at this time, when she saw Ji Feng and Xiang Yongzhan enter, her beautiful eyes lit up, a hopeful light flashed by.

"Ji, young Ji!" Bai Spider hurriedly stood up and greeted.

Hmm?

Ji Feng couldn't help but turn his head and ask with a smile, "You told her to call me that?"

"Nonsense! But she's waiting for you to save her life, can she not please you?" Xiang Yongzhan said with a smirk.

Ji Feng laughed dumbly, "Just call me Ji Feng So what, let's get started!"

His mouth said it didn't matter, but in reality, his heart was still very concerned about Kang Yuan's whereabouts, which is why this side had to make it quick and then set up the night's action.

Chapter 884

As the three of them laughed and joked, the atmosphere lightened up and the White Spider's mind became much calmer, basically without the worrying mood she had before.

In fact, given her experience, White Spider should not have had such a fragile state of mind, but the loneliness of being alone for a long time, coupled with the pressure from the outside world, would make a person's state of mind gradually change, which was the case with White Spider.

But in reality, neither Ji Feng nor Xiang Yongzhan would forget that the cold and beautiful woman in front of him possessed not only beauty, but also her formidable hands.

Xiang Yongzhan had tried a few moves with the White Spider, and he found that he was not sure he could win in a short time, such was the strength of the White Spider!

But in fact, the real strength of the white spider does not lie in the head-on fighting

"Ji Feng, now that you have seen the situation, the White Spider is very much looking forward to your arrival, now it's up to you." Xiang Yongzhan smiled.

White Spider also smiled sweetly, but without the slightest bit of shyness, which was obviously a bit different from other girls, perhaps, this is what made her more special.

Ji Feng, on the other hand, shook his head and laughed, saying, "You're pushing me to a dead end."

Indeed.

If Ji Feng pushed back, or said something demoralizing, or, if he didn't succeed in defusing the biological bomb inside the White Spider, then how disappointed would the White Spider be?

This was to force Ji Feng to only succeed, not to fail.

"Only when there is pressure will there be motivation!" Xiang Yongzhan smiled, "How about it, when will we start? If you need anything, or if you want someone to assist you, just ask for what you need and I can arrange it for you."

Ji Feng looked at him in surprise and couldn't help but frown, "I say, Grand Duke Xiang, you don't think I'm a god, do you? I can't do the removal surgery now that I don't have surgical equipment or professional medical staff, a clever woman can't cook without rice, so you watch what you do!"

"Just prepare an operation?" Xiang Yongzhan asked with some uncertainty, "Ji Feng, I have to remind you, what is inside the white spider is a biological bomb, which cannot be operated on, because once the bomb loses its specific beating frequency, it can explode."

Ji Feng said at once, "Are you going to do it or am I going to do it? If you can, then you do it!"

"You do it, of course you do it!" Xiang Yongzhan instantly laughed, "I won't say anymore, what to do you watch how to come, I promise not to interrupt again."

"Really"

Ji Feng could not help but laugh and curse, "More nagging than a mother-in-law, where is this a soldier You immediately tell someone to prepare a surgery, well, just prepare it according to the most common resection surgery. As for the rest of it"

He turned his head and looked around before saying, "Let's go to the operating room, where I want the removal to take place. However, I have a few more requests."

"Go ahead!" Xiang Yongzhan said immediately.

Ji Feng once again looked at him, this guy was quite concerned about the white spider, could it be that love had grown over time?

"Why are you looking at me? Say it!" Xiang Yongzhan asked a little strangely.

Ji Feng nodded slightly and said, "My request is, firstly, during the process of removing the biological bomb from the white spider by me, no monitoring equipment is allowed to be around!"

"Ji Feng, this surveillance equipment is to ensure your safety, there is no surveillance equipment" Seeing Ji Feng glare, Xiang Yongzhan immediately said, "Fine, fine, this is in accordance with you, go on."

"The second request!"

Ji Feng held up two fingers, "No one is allowed to watch around, no one! That's all, nothing else."

"..... Alright!" Xiang Yongzhan was about to say something else, but seeing Ji Feng's face was very unpleasant, he had to nod and agree to it.

"That's right!" Ji Feng hummed, "Originally, you were the one who said that I could meet any request I made, now you talk more than anyone else, hurry up and prepare for the operation go, yes, take us to the operating room"

"You kid I'm going to arrange it!" Xiang Yongzhan was said to shake his head bitterly, he casually picked up the intercom and began to follow those requirements of Ji Feng, instructing his men, then he made a gesture of invitation, "Two, come with me, the operating room is just ahead."

Ji Feng and White Spider immediately followed them, walked out of the room and walked along the corridor to the front.

"I say, since you have the ability to remove biological bombs, why don't you find an heir for this ability of yours?" Xiang Yongzhan asked with a smile.

Ji Feng was stunned, "You want me to teach it to you?"

"Not to teach me, but to teach our military experts." Xiang Yongzhan whispered, "As you know, we will have more and more chances to fight with the dynasty in the future, and we will definitely meet important people from the other side when the time comes, think about it, if we have a way to remove the biological bomb, won't it be much more convenient?"

Ji Feng shook his head and laughed, "It's not that I don't want to teach, honestly, what I can do, even if I teach you guys, you won't be able to learn, at least not in a short time, let's talk about it later."

Now he finally understood why when he said that there should be no surveillance around when removing biological bombs, or that there should be people watching, Xiang Yongzhan would have such a big reaction, and even kept objecting, so he wanted to learn this kind of skill.

It's just a pity!

Ji Feng said in his heart, this skill is not the kind of ordinary surgical skill, not just anyone can learn it.

At the end of the corridor was a rather large operating room with all the equipment inside, and it all looked very advanced.

When Ji Feng arrived here, there were already four or five people waiting in the operating room, each of these people was wearing a white coat, and at a glance, they were doctors who were preparing to perform surgery.

"All go out." Ji Feng said, "Also, I need to state one thing first, I need to ask you and Miss White Spider's permission."

"What?" Xiang Yongzhan asked.

Bai Spider's pair of beautiful eyes also scanned Ji Feng's face, wanting to hear what he had to say.

Ji Feng hugged his arms and said, "Frankly speaking, if you ask me how sure I am, then I can only say that it's fifty percent, because in everything you do, there is always the possibility of failure. And to be honest, I've never done anything like this before, so to be honest, I still lack experience!"

His gaze swept over Xiang Yongzhan and White Spider's faces, "Therefore, I would like to ask you two to be mentally prepared, because if the operation fails, then, you should know what the consequences are."

Xiang Yongzhan's brow couldn't help but wrinkle as he said hesitantly, "Ji Feng, you're only fifty percent sure? Is this a conservative estimate?"

"I can only say it's a fifty percent certainty, there's a possibility of success or failure, nothing else will be more than guaranteed!" Ji Feng said, "To do or not to do, this needs to be decided by you guys."

Xiang Yongzhan couldn't help but look at the white spider, while the latter's expression was unchanged, he just said indifferently, "Young Ji is right, there will be risks in everything you do, moreover, for Young Ji to be fifty percent sure is already good news for me!"

"Good!"

Ji Feng couldn't help but praise, "In that case, I'll definitely give it my all!"

"Ji Feng!"

Xiang Yongzheng patted Ji Feng's shoulder, "Try to be as steady as possible, frankly speaking, within a certain period of time, the White Spider is very important!"

White spider listened but looked calm, although she knew that Xiang Yongzhan's words meant that before her value was completely finished, she was still very important

The only two people in the operating room were Ji Feng and Bai Spider.

Looking at Ji Feng, who had a bland look on his face, Bai Spider likewise did not have the slightest emotional fluctuation, once again allowing Ji Feng to see how extraordinary she was.

“Young Ji, what should I do?” Bai Spider asked.

Ji Feng smiled and said, “It’s very simple, just sleep on it.”

“Hmm?” White Spider was stunned, and the next moment, she suddenly felt a black shadow flash before her eyes, and just as she tried to dodge, she suddenly felt a blackness in front of her eyes and fell down at once.

She was knocked unconscious.

Snap!

Ji Feng grabbed Bai Spider’s arm and picked her up and placed her on the operating table, while one of his hands, however, pressed on Bai Spider’s chest

Although, White Spider’s bosom has amazing elasticity, the kind of wonderful feeling that makes people don’t want to move their hands away once they touch it. But at this time, Ji Feng was so preoccupied that his eyes were even closed, not even looking at that wonderful place that so many men would like to see.

The bio-current was activated, and along Ji Feng’s hands, he gradually explored into the white spider’s body, and in his mind, a clear three-dimensional image appeared, which was based on the situation inside the white spider’s body sensed by the bio-current.

The biological bomb was clinging to the white spider’s heart, beating and trembling together with her heart, both in frequency and colour, almost the same, it was as if it was the white spider’s second heart, very peculiar.

Ji Feng quieted his mind and sensed carefully, the bio-current played a powerful function at this time, Ji Feng manipulated the bio-current into an arc with one hand, wrapping around the bio-bomb, while the other hand manipulated the bio-current into a sharp knife and started cutting along the heart

“Thanks for the obstacle ball training in the training space!” At this time, such a thought flashed through Ji Feng’s mind, the obstacle ball training he had conducted had allowed him to make leaps and bounds in the manipulation of bio-current, which enabled him to change the shape of bio-current at will and combine it at will

The cutting is very delicate, the human heart is not to be damaged, but it is really difficult to cut the bio-bomb clean

Xiang Yongzhan and several other doctors were waiting outside the operating room, they were all worried, the weird biological bomb had left them helpless, could Ji Feng really do it?

“Bang!”

The door was pushed open and everyone was shocked to see Ji Feng walking out of the operating theatre with a sweaty and exhausted face, leaning against the door frame, very weak.

“The biological bomb has been removed by me, you guys just operate and take it out.” Ji Feng said, panting.

Everyone was stunned at once.

Chapter 885

At eight o'clock in the evening, three military SUVs were speeding along the outer ring road of Jiangzhou, in front of these three cars was a car BMW x6, inside which sat Xiang Yongzheng and Ji Feng.

“How on earth did you manage to get there?” Xiang Yongzhan asked, this was already the third time he had asked this question.

In fact, it was no wonder that Xiang Yongzhan was surprised, it was because Ji Feng's performance was too amazing.

How many experts in medicine, how many miracle men and women, were at their wits' end with the white spider's condition, yet, Ji Feng had spent less than three hours in the operating room and had solved the matter. When Ji Feng came out, those doctors waiting outside immediately went in and half-heartedly operated on the white spider according to what Ji Feng had said.

However, the result surprised anyone, the biological bomb inside the white spider was really removed, what those doctors took out was actually a neatly cut biological bomb, while the white spider's heart was not damaged in the slightest, how could this not amaze him?

Ji Feng smiled heatedly, “If I were to say it was a special function, would you believe me?”

About the matter of the intelligent brain, Ji Feng did not intend to tell anyone, unless he grew to a certain level, otherwise, once outsiders knew about this matter, it would definitely bring endless troubles, which he knew better than anyone else.

Therefore, Ji Feng only talked nonsense to Xiang Yongzhan.

“Is it really a supernormal ability?” Xiang Yongzhan was stunned for a long time before nodding slightly and saying, “No wonder, no wonder you have such amazing abilities, so, you really do possess supernormal capabilities?”

This time, it was Ji Feng's turn to be surprised.

He looked at Xiang Yongzhan in astonishment, astonished, “What do you mean? You still really believe that I have supernormal capabilities?”

“Why don't I believe it!” Xiang Yongzhan asked rhetorically, “It's not like you are the only one in this world who has this kind of supernormal ability, it's just that the people I know are not as strong as you.”

“What am I strong at?” Ji Feng asked subconsciously.

“Being able to remove the biological bomb from the white spider's body within two hours or so, isn't that still strong?” Xiang Yongzhan laughed, “As far as I know, those people who have supernormal

capabilities are at most able to sense the biological bomb in the white spider's body, but to remove it, that can only be a delusion, how much stronger are you compared to them?"

Ji Feng, however, opened his mouth wide and stared blankly at Xiang Yongzhan, only half a moment later did he react, wiping a handful of saliva from the corner of his mouth and asking hesitantly, "You, you just said that you know someone who knows supernormal capabilities?"

"Of course!"

Xiang Yongzhan lowered his voice and said, "In fact, in our military, there are such people, and there are also such capable people in the internal guard above, these are basically not a secret anymore."

"Extraordinary functions" The first time I saw a person with special abilities, I didn't know what to say, I said, "I said, those people you know, what kind of special abilities do they have? Is it like in the movies, like manipulating the weather, fetching things out of thin air or something?"

"Bullshit!"

Xiang Yongzhan burst out laughing, "How is that possible, how can there be such people in this world, unless they are immortals."

"Then you're still talking about supernatural capabilities!" Ji Feng was a bit puzzled, "Isn't that what supernormal capabilities are all about?"

"How come you also believe in those things said in movies? Could it be that you have that kind of ability?" Xiang Yongzhan asked in amazement.

"Of course I don't!" Ji Feng immediately shook his head.

Xiang Yongzhan lost his smile: "In fact, there is nothing mysterious about this supernormal ability, let me tell you an analogy, for example, in our ancient martial arts in China, in novels and movies, there are light kung fu, what with the number of people killed with a single slap, and so on. So they don't exist either."

"And then what?" Ji Feng asked, he was really interested in supernormal capabilities.

"In modern society, there are also many martial arts heirs, they can also practice internal power, but their power is far less powerful than the ancient masters, and I don't know if it's because many of the supernatural skills have been lost, or because those ancient masters have been mythologised!"

Xiang Yongzhan laughed, "Plus, martial arts in modern society has fallen into decline, so what about those who possess internal power, they are also known as supernaturals, which is not at all the same thing as the supernaturals you are talking about!"

"Holy shit!"

Ji Feng was dumbfounded, after half a day this was actually the case, "Then why don't you just say that you are an internal expert? Why are you still talking about supernaturalists, can that be the same thing?!"

He really didn't know what to say, it turned out that the supernaturalist that Xiang Yongzhan was talking about was actually an internal expert in martial arts, and those supernaturalists in movies who can manipulate various elements, or can invisibility, see through walls, etc., etc., are not the same thing at all, but this guy Xiang Yongzhan could still say it like it was true, I'm really convinced of him!

Xiang Yongzhan said rightfully: "Nowadays, except for the Jianghu people who still talk about internal martial artists and so on, everyone else is talking about psychics, what's wrong with that? They have internal power, are powerful, and have many arcane effects, which in itself is already considered supernatural power."

"Then how do you know that there are no real supernaturals in the world!" Ji Feng asked with no good humour, "Is there really no one who can see through, take things from space and so on?"

"Eighty percent of them don't!" Xiang Yongzhan said, "At least, I haven't heard of anyone like that."

"....." Ji Feng really wanted to tell him, "Laozi will be able to see through, I can see what colour underwear you are wearing right now!"

However, reason still made Ji Feng keep his mouth shut.

However, he also learned some information as a result, such as that even if there were psychics in this world, there were very few of them, after all, with Xiang Yongzhan's good information, the fact that he hadn't even heard of them was enough to explain everything.

However, the abnormals mentioned by Xiang Yongzhan still made Ji Feng feel a little uncomfortable, how come our martial arts in China have gradually become abnormals?

Is martial arts lost, as Xiang Yongzhan said, or have our modern people mythologised the ancient martial arts masters?

After thinking about it for half a day, Ji Feng still didn't figure it out, and he simply stopped thinking about it.

However, there was one thing that Ji Feng was willing to see, since Xiang Yongzhan took him as an internal expert, also known as a supernaturalist, then this would save him the trouble of having to explain himself!

After pausing for a moment, Ji Feng suddenly asked, "Grand Duke Xiang, are you really sure that my aunt is with that car from Rong Peng Group?"

Now they had sent out three SUVs, a total of a dozen members of the Special Combat Brigade, with the aim of rescuing Kang Yuan who had been taken away before.

As long as the target was identified, with the combat strength of the Special Combat Brigade, catching a few petty thieves would be a simple matter of catching them, or even a bit too big for their britches.

But the problem was whether it was really certain that Kang Yuan was in the place where the car was hidden!

If Kang Yuan and the car were not in the same place, would Kang Yuan be harmed if the arrests were made and the other side was alerted?

Considering these issues, Ji Feng had to confirm again.

Xiang Yongzhan glanced at him, "Older brother, just rest assured, those brothers behind you have fought with you, you still don't believe in their strength?"

"I am not trusting the ability of your intelligence department!" Ji Feng hummed.

Xiang Yongzhan was instantly choked speechless, indeed, the intelligence department had indeed been somewhat ineffective in dealing with the dynasty before, so there was nothing he could say.

"Don't worry, before we left, I sent my competent people to reconnoiter again, we should be sure!" Xiang Yongzhan said, "Of course, it's also true that because time is too short, we don't have 100% accurate intelligence."

Ji Feng nodded slightly, he also understood that if he gave the special battle brigade some more time, they would definitely be able to determine Kang Yuan's location, but now, time was too short after all, only half a day, it was really hard for them too. Although they were incredibly strong in battle, they were also human, not gods!

"For now, we can only capture people first!" Ji Feng said, "If we can't find my aunt in the place where the car was hidden, then we'll raid and interrogate him. With the attacking power and speed of action of the special battle brigade, we should be able to make a lightning raid and follow the trail!"

One can only hope for that too.

.....

"What? What did you say?!" Rong Baogang stood up from the sofa at once, his eyes staring deadly at a middle-aged man in front of him, "You're saying that none of what is written on these few pieces of paper is the formula for Kang Yuan Slim Powder?!"

"Yes, Young Rong, on these are the formulas for eleven kinds of drugs, there are common drugs and also one kind of drug that is a bit more precious, however, I can confirm that there is no formula for Kang Yuan Slimming Powder, because according to the deduction I did, there is no drug in here that has the effect of slimming!" The middle-aged man said.

Bang!

Rong Baogang violently kicked over the coffee table in front of him and growled through gritted teeth, "Bastard! That Kang What's-his-name dog dares to play me like that, damn it!"

With a turn of his head, he looked at a cold man sitting on the sofa next to him and said, "Go and break his legs, you're the internal guard!"

"Sorry! I don't have that right!" The cold man frowned slightly and refused.

"Don't have that right?"

Rong Bao Gang was instantly furious, "You're an inner guard, getting a bunch of people killed isn't a problem, now I just asked you to break that bastard's leg, how come you don't have that right!"

"I won't do it without orders!" The cold man said indifferently, "You don't have the right to order me!"

“You

Rong Baogang was extremely angry, “Fine, if you don’t go, I’ll go, I’ll fucking kill that fucking bastard

However, before he could finish his words, the cold man’s face suddenly changed and his eyes suddenly contracted as he got up and ran wildly outwards, while shouting, “Get down!”

Clam~~! Clap~~~!

Before the cold man’s words could fall, the glass doors of the villa and the windows on both sides were smashed with a clatter, and the next moment, the black muzzles of guns were resting on the windows, and two soldiers in camouflage uniforms were also half-kneeling at the entrance, semi-automatic rifles in their hands, pointing straight at the cold man who was about to rush over, as well as Rong Baogang and the middle-aged man who were stunned in their places.

“Who are you going to get killed?!” Outside the main door, a voice full of chilliness, came over

Chapter 886

“Who are you going to get killed?!” Outside the main door, a voice full of chilliness came through.

In this voice, there was a piercing chill that made people shiver when they heard it. The cold man inside the villa was shocked, perhaps Rong Bao just couldn’t hear it, but he understood that the person speaking was carrying a murderous aura!

What’s more, the cold man could tell at a glance that these soldiers pointing their guns at him were definitely not ordinary soldiers, they had a strong murderous aura about them, they had really seen blood!

Pop, pop, pop!

Ji Feng’s leather shoes stepped on the steps in front of the living room door and walked up step by step, everyone’s eyes looked towards him, beside him, walking up together side by side was Xiang Yongzhan.

The cold man’s face changed dramatically, he had seen Xiang Yongzhan before, he had seen him when he was in training, he had never imagined that this time it would be him who would bring the troops here, things were serious, a bad feeling rose in the cold man’s heart.

“You are from that unit?” The cold man asked, “Why are you attacking us for no reason?”

When Ji Feng saw him, he frowned, and at the same time, he turned his head and glanced at Xiang Yongzhan, both seeing the look of surprise in the other’s eyes.

This person was not simple!

This was Ji Feng’s first feeling, no wonder Guo Tao would say that the one who had captured Kang Yuan was definitely not an ordinary policeman.

In this cold man’s body, Ji Feng felt an extremely familiar aura.

“Release the people you’ve arrested immediately!” Ji Feng shouted coldly.

“Bastard!”

Rong Baogang immediately shouted angrily, “Who are you people that dare to storm my place, do you know what he is?”

He pointed at the cold man next to him and shouted, “I’m telling you, he’s

However, before he could finish his words, he suddenly saw a shadow flashing violently in front of him, and the next moment, a miserable scream came out of his mouth.

Hoo~~!

Ji Feng also didn’t know where he got an ashtray from and viciously smashed it on Rong Baogang’s face.

Bang!

Rong Baogang let out a miserable cry, his whole body was directly brought down on his back on the sofa by that huge impact, covering his face miserably and struggling continuously, screaming miserably.

If Rong Baogang knew that just now he had kicked over the coffee table, which would make the ashtray roll down to the door, and claimed that for the sake of the weapon in Ji Feng’s hand, there was no telling whether he would die of regret.

“Arrest these kidnapers!” Ji Feng bellowed, “Free the hostages!”

Xiang Yongzhan also immediately understood and fiercely gestured, “Go!”

“Yes!”

All the soldiers shouted, very methodically and quickly stepped forward, pointing their guns at the cold man, ready to take him down, and Ji Feng also stepped forward with big steps.

“Stop!”

The cold man’s face changed dramatically and he shouted angrily, “I’m executing

“Shut up!” Ji Feng shouted violently, and at the same time he slammed his fist fiercely over.

“Bang!”

The cold man subconsciously blocked it, but as soon as it came into contact with Ji Feng’s fist, his whole body shook, and a shocked look appeared in his eyes, terrifying power!

Ji Feng sneered, “Lie down obediently for me!”

Snap!

Ji Feng transformed his palm into a knife and slashed directly on this cold man’s neck, instantly knocking him out, while waving his hand, “Tie him up, and remember, gag him.”

“Yes!”

The soldiers next to him immediately responded.

Xiang Yongzhan looked around and waved his hand, "Go! Search every corner of the villa, don't let any dead ends go, make sure you find the hostage!"

Snap!

At this moment, there was a slight clang at the stairway not far away, as if someone was opening the door.

Immediately, Ji Feng's eyes flashed, his feet suddenly shot up, and his whole body suddenly rose up in the air like a divine eagle pouncing on its prey, jumping straight down from the stairway, just in time to meet with the two men who opened the door and came out to check.

Ji Feng's hands swung fiercely and quickly, and his whole body turned weirdly in the air, and his two feet were like two columns, smashing over viciously.

Bang! Bang!

The two cold men were directly knocked out by the smash, until the moment they passed out, they still maintained their alert stance, so to speak, their reaction was also extremely fast, but helplessly met Ji Feng, their reaction was fast, but Ji Feng's reaction was even faster, and his attack power was even stronger than terrifying.

In a single glance, two men were put down, so it was clear how terrifying Ji Feng's attack was, and to know that he was still turning and changing direction directly in the air, this kind of difficult action was done in him in a flowing manner, this was the powerful effect of bio-current.

Ji Feng couldn't help but give them an extra look, these two people were also experts, and not just any experts, they also had a feeling on their bodies that Ji Feng was familiar with, just like the man in the living room upstairs, the three of them should be from the same place!

After finishing these two guys, Ji Feng kicked open the door of the basement room, at the same time, he threw his clothes over the door, but he himself rolled on the ground and entered the door like lightning.

The next moment, he was inside the basement, and with a quick sweep of his sharp gaze around, he found his aunt Kang Yuan sitting honestly behind a desk, looking a little shrivelled.

"Aunt father, are you alright?" Ji Feng hurriedly walked over.

"You are Little Feng?" Kang Yuan asked in surprise, and it was only until this moment that he reacted, "Little Feng, you, you were invited here by them too?"

"What invited!"

Ji Feng shook his head and laughed, "Aunt father, they were all fake police officers, I have asked someone to help me catch them all, now you are safe."

"Fake ones?" Kang Yuan was stunned and then became furious, "I told you, our pharmaceutical factory is producing according to the rules, both the formula and the production process are reliable, how could there be prohibited drugs, but these people Alas, what an asshole!"

Ji Feng helped him up and said with a smile, "Aunt father, it's okay, it's okay, all these people will definitely be punished as they deserve, it's okay now, let's go back, Aunt Hong is still waiting for you to go back at home!"

"There's no rush to go back first, Little Feng, I need to talk to you first to understand!"

Kang Yuan had a guilty look on his face, "Auntie is ashamed of you, ah, they lied to me, saying that our pharmaceutical factory is suspected of carrying out the production of prohibited drugs, and asked me to write out all the drugs and formulas produced in our factory, I, I thought But I wrote all those commonly used drugs, the formula of slimming powder I did not write, because this is my single-handedly do, even the formalities are me and Yang factory director to run, this is certainly not prohibited"

Although Kang Yuan is mute, but he is not stupid. He knows very well that the identity of these people may not be true, even if they are true, but I am afraid that the purpose will not be so pure, Kang Yuan's idea is actually very simple, what kind of person is Xiao Feng, that is the small tz of the Ji family, does he still want to engage in these illegal things to make money?

Therefore, Kang Yuan did not believe much in what those people said about producing prohibited drugs.

However, he was locked up here alone, more or less panicked and distracted for a while, so he still had some doubts in his heart, for example, whether Ji Feng was short of money to spend and didn't dare to let his family know, so that's why

It is also because of this that Kang Yuan wrote the formula for those ordinary drugs.

However, for Kang Yuan slimming powder, he did not mention a single word, on the one hand, he did not trust these so-called Ninth Division people, on the other hand, it was also partly out of trust in Ji Feng.

After listening to this, Ji Feng could not help but laugh: "Aunt father, we will talk about these later, okay? For now, I'll have someone send you home."

"This Sigh, well, I'm not firm in my own stance and I have to worry about it with you, Little Feng, I'm really ashamed!" Kang Yuan said with a face full of guilt.

Ji Feng smiled faintly, he knew that Kang Yuan's intellectual temper was back, this kind of character is not bad, know to stick to principles, much better than many people who look shrewd but actually have no position.

At this time, two soldiers had already come down from the entrance and tied up the two unconscious men on the ground and took them away.

"Old Xiang, you send someone and send my aunt back." Ji Feng punched Xiang Yongzhan's shoulder and smiled lightly, "Thanks a lot for this one."

Xiang Yongzhan assigned a soldier to take care of sending Kang Yuan back, and only then said, "Don't be in a hurry to thank him first, you kid has gotten into big trouble this time. Not only did you get into trouble, you also got me involved, how can this be done with just a thank you?"

“I didn’t expect that either.” Ji Feng couldn’t help but shake his head, but didn’t worry in the slightest, instead he smiled lightly, “However, this isn’t necessarily a bad thing, there might even be unexpected gains!”

Of course he knew what the big trouble Xiang Yongzhan was talking about, those three young men were from a very unusual background, they were actually internal guards!

It was also because of this that Ji Feng and Xiang Yongzhan didn’t give these three men a chance to speak, they had just tried to reveal their identities when they were knocked out by Ji Feng, but that wasn’t enough, their mouths needed to be gagged.

First of all, if they don’t fall victim to the truth, let’s talk about the rest slowly!

Those three people were internal guards, but Ji Feng wouldn’t be afraid of them either!

These internal guards had actually done the kidnapping thing, this time, he had something to say.

“You want to take advantage of the opportunity to make a scene?” Xiang Yongzhan immediately heard the meaning of Ji Feng’s words, “That’s not good, is it? Making a big fuss won’t do anyone any good, instead it will also leave an impression of youthful indiscretion to the top!”

The three internal guards will first be escorted by your men, let them go to the police station to take a statement, and then you will take them back to the station!”

“You are trying to” Xiang Yongzhan frowned slightly, “Are you trying to pretend to be confused and deliberately pretend that you don’t know the identity of these three internal guards and then make a scene?”

Chapter 887

“Of course I want to make a scene!” Ji Feng’s fingers tapped on his arm and grinned, “You take the man back first, and take the kid”

He pointed at Rong Shao who was pinned down on the sofa and screaming miserably, “Hand this bastard over to the local municipal bureau and raid him overnight for interrogation, get the confession and evidence in hand first, then the rest will be easy.”

“What about these internal guards?” Xiang Yongzhan asked.

Ji Feng coldly snorted: “The identity of the internal guards is indeed not simple, but it is also because they are internal guards that I have to make a scene this time, just because of a paper formula, actually dare to send out internal guards to arrest people, I would like to ask some people, when did these internal guards become private thugs”

Xiang Yongzhan then understood that Ji Feng was trying to take advantage of this to ruthlessly slash the person behind the other side, this kid He really dares!

“Okay, I’ll do this favor!” Xiang Yongzhan said.

Ji Feng laughed: "Buddy, this time you won't be allowed to help for nothing, these three inner guards, that's a treasure lump, with them, there will definitely be people who will obediently submit to give us benefits, however, this still needs to be worked out properly."

"That's good, I'll just be a helper of the fist this time anyway, let you arrange exactly what to do." Xiang Yongzhan laughed.

Ji Feng shook his head slightly and said, "Don't just think about just helping out, we are now arresting people, but, how to be able to let the top know, still need some skills, you also know, with my status is not suitable to report this matter upwards, but also by you to come forward ah."

The identity of Xiang Yongzhan is the captain of the special operations brigade, and it is only appropriate for him to report to the top.

"The special combat brigade was invited by the Jiangzhou Municipal Bureau to help fight criminals, only to find out after arresting the people that there were actually internal guards among the criminals, the special combat brigade didn't know what to do, they could only temporarily detain the people first" Xiang Yongzhan said with a smile, "Is that what you mean?"

Ji Feng then gave a thumbs up and laughed, "Right on the money! Not only will you report it, but the Jiangzhou Municipal Bureau will also report it directly to the top, with a two-pronged approach, I'll see who still dares to cover it up!"

With the involvement of the military, even if someone above wanted to cover up this matter, it would not be that easy anymore. This, coupled with the report from the Jiangzhou Municipal Bureau, was too much to cover up and could only be dealt with by holding one's nose.

But Ji Feng won't just give up, not to mention that dealing with a few internal guards will put an end to the matter, that's a dream!

"By the way, the evidence is all in hand, right?" Ji Feng asked again.

A soldier next to him tapped the camera in his hand and said, "It's all been taken down, all the actions that went on, it's all in there."

Ji Feng said, "Delete all the photos about me, make two copies of all the rest, give one to the Jiangzhou Municipal Bureau and you guys keep one!"

"Do as you are told!" Xiang Yongzhan said from the side.

"Yes!" The soldier immediately nodded his head.

"Go!"

With a wave of Xiang Yongzhan's hand, the three inner guards and Rong Shao and the others were escorted to the car, and before he got into the car, Rong Shao was still screaming, "You, you have the guts to dare to arrest me, Rong Baogang! I won't let you go!"

Ji Feng and Xiang Yongzhan both snorted, there were not many people who dared to talk to them like that.

This Rong Baogang, he was really arrogant as hell!

“Take it away!” Xiang Yongzhan snorted coldly, “Escort this Rong Baogang to a car alone, if he dares to bark again, make him shut up!”

At the same time, Ji Feng had already dialed the phone number of Zheng Yuanshan, the deputy director of the municipal bureau, “Uncle Zheng, I have to trouble you with something, my side has rescued the employees of our pharmaceutical factory, in addition, I have also caught some people, now I am ready to send them over to you

“Captured?”

Zheng Yuanshan was stunned: “Little Feng, you caught it alone? I called you this afternoon just to tell you that I have found the whereabouts of the car, did you catch the person over at the Wild Mountain Villa?”

“Wild Mountain Villa?”

Ji Feng smiled, “It was indeed in a villa, but I don’t know exactly what kind of villa it was, and I wasn’t alone, there were also soldiers from the Jiangzhou Military Region.”

“Then that should be correct.” Zheng Yuanshan immediately said, “I’ve set up men over there, I’ll have them rush over there right now.”

“Okay!”

Ji Feng immediately nodded and smiled, he was just about to hand over that arrogant Rong Baogang to the Jiangzhou Municipal Bureau, to think that Zheng Yuanshan had already set up his men over here, that was naturally better.

A few minutes later, a dozen police officers arrived at the villa, escorted Rong Baogang into the car, followed by the Special Warfare Brigade’s car, and rushed to the City Bureau.

In the car, Ji Feng dialed Second Uncle’s phone again and quickly told him what had happened, especially focusing on the fact that there were internal guards among those captured, and his own next plans.

“Little Feng, your idea is good, then let’s deal with it like this!” Ji Zhenguo agreed with Ji Feng’s intention and said, “But be careful, act in a measured manner, because internal guards are different from other departments, they represent a different identity, got it?”

“I understand!” Ji Feng grinned, the internal guards, well, they represent the face of certain bigwigs, if the words are too intense when reporting, it may cause the situation of making enemies for no reason to arise, this, Ji Feng naturally understood.

“I am still in Yanjing, I will handle this side, you just follow this line of thought.” Ji Zhenguo admonished, “Remember, keep in touch with me anytime there are latest developments.”

“I understand.” Ji Feng immediately nodded his head.

After closing the line, Xiang Yongzhan couldn't help but ask with a smile, "You kid have even alerted Uncle Ji, it looks like you are really planning to play big this time?"

"Well, it's a rare opportunity, of course I have to play big!" A cold light flashed in Ji Feng's eyes, "Even if this isn't much of an opportunity, I won't just let it go, some people must know that Ji Feng isn't that easy to bully!"

Xiang Yongzhan then couldn't help but chuckle, but in his heart, he was secretly shaking his head, how could this Wu family's people be so brilliant, to actually make Ji Feng so annoyed!

On his way to arrest them, Ji Feng had already stated his guess that this matter should have something to do with the Rongpeng Group, which was the invisible asset of the Wu family, so it must have something to do with the Wu family.

In fact, Xiang Yongzhan also knew what was going on through a simple investigation, and he had no good feelings towards the Wu family, which was acting wildly, and the Xiang family had nothing to do with the Wu family, one in the military world and one in the political world, so they couldn't be related for the time being.

"This time, the Wu family will have to bleed a lot" The company's main business is to provide a wide range of products and services to the public.

.....

The company's main business is to provide a wide range of products and services to the public. The middle-aged man who had helped Rong Baogang identify the drug formula was also locked up for interrogation.

As for the remaining three internal guards, Zheng Yuanshan did not take over, but had Xiang Yongzhan take them all back.

"Old Xiang, remember to call!" Sending Xiang Yongzhan to the car, Ji Feng made a gesture of making a phone call and smiled, "Make sure you do the right thing down there, don't condescend to those three people, don't fall victim to the truth."

"Don't worry, I have it in mind, I'll report back when I get back." Xiang Yongzhan said.

After Xiang Yongzhan left, Zheng Yuanshan said next to him, "Little Feng, it looks like you've made quite a stir this time, huh?"

Even the army was mobilised, and looking at these wolf-like soldiers, they were definitely not ordinary soldiers, Zheng Yuanshan couldn't help but be a bit puzzled, could it be that there was something else going on inside?

Ji Feng smiled, "Uncle Zheng, it's like this"

He quickly outlined the matter before saying, "So, first of all, getting this Rong Baogang's statement, plus those photos taken, will be enough to make an ironclad case, which is kidnapping! At that time, no one can say anything, and the rest of the matter will only be good enough to operate."

As long as the case is qualified as a kidnapping case, when the time comes, Rong Baogang will be involved in the Rong Peng Group, and those internal guards, needless to say, must have been sent by the Wu family, then the Wu family will be implicated.

As a major force in politics, actually assigning internal guards to arrest an engineer of a private enterprise with the sole purpose of helping a private group that is inextricably linked to them, that doesn't make sense no matter where you go to say it.

Is this what your Wu family specialises in?

With the internal guards here, the Wu family can't even deny it. You dare to say that this matter has nothing to do with you?

In this way, both the Wu family and the Rong Peng Group will be dealt a blow. The strength of the blow will depend on the extent of the operation of Second Uncle on the one hand, and on the other hand, on how much important stuff Rong Baogang can spit out!

Therefore, don't look at this Rong Baogang openly don't know what his last name is, he is really an important person.

"So that's how it is" Zheng Yuanshan can't help but be secretly shocked, don't look at him as the deputy director of the city bureau, but against the inner guard, he is also a little uncertain in his heart, but then look at Ji Feng, simply as if nothing happened, this is the difference in vision pattern ah, Ji Department's small tz, not only thoughtful wrist tough, and even bold ah!

If it were anyone else, who would dare to arrest the inner guard?

"In that case, Little Feng, do you want to go along to see the interrogation process?" Zheng Yuanshan asked with a smile.

"Go!" Ji Feng laughed, "Let's see what that crazy guy will actually say."

"Hey! Do you guys know who I am? Let me tell you, I'm the young master of the Rong Peng Group, you've all heard of the Southern Guangdong Rong Peng Group, right? Chairman Rong Peng, that's my old man! He often drinks and dines with the big leaders of Yanjing, how dare you arrest me? Let me go quickly, or else you'll be dismissed!"

As soon as Ji Feng and the two of them approached the interrogation room, they heard Rong Baogang's arrogant voice coming from inside, "I'm not afraid to tell you that you've caused a big trouble, do you know who those three people you arrested are? Forget it, I don't care to talk nonsense with you guys, let me go immediately, then arrest the bastard who hit me with an ashtray, if I don't get him killed today, my last name is not Rong"

Chapter 888

"Pfft-!"

Listening to Rong Baogang's almost arrogant words, Ji Feng stood outside the interrogation room and couldn't help but snicker, "That's really good! It's a talent!"

Zheng Yuanshan also smiled and shook his head slightly, saying, "It's not new for such a person to say that."

Ji Feng couldn't help but chuckle, Old Zheng had been a police officer for so many years, what hadn't he seen? He had really seen a lot of second-worlders like this who didn't know the sky was high.

However, Ji Feng was quite interested in this Rong Baogang, he laughed, "I'd like to know where this guy got such a full bottom from, doesn't he know that his old man in South Guangdong may not be so good in Jiangzhou?"

Zheng Yuanshan laughed: "Southern Guangdong is not much worse than Jiangzhou, people from that kind of place have seen the world, it's understandable to be arrogant, Little Feng, let's go over and have a look?"

Ji Feng nodded and smiled, "Fine, let's go and see how arrogant this kid can be!"

Following Zheng Yuanshan, Ji Feng arrived at a house next door to the interrogation room, and only then did he realize that there were two tables in the house, one of which was near the wall of the interrogation room, and on the table were some instruments. And this wall in the room near the interrogation room, which was a large complete piece of dark glass.

From this side, the scene in that interrogation room could be seen clearly. In the interrogation room next door, the guy named Rong Baogang was sitting behind a table, and two policemen were sitting opposite him, and were grimacing with anger.

However, what interested Ji Feng was that Rong Baogang and the two policemen did not react at all to the entry of Ji Feng and the two of them, as if they were completely unaware that Ji Feng and Zheng Yuanshan had already entered.

"Uncle Zheng, this should be that kind of one-way glass, right?" Ji Feng lowered his voice and asked.

"That's right!" Zheng Yuanshan nodded and smiled, "This kind of glass, when you look at it from our side, it's just glass, you can see every move of this kid across the room clearly, but if you look from the interrogation room to our side, it's a mirror, all you see is your own shadow, other than that you can't see anything."

"How's the soundproofing?" Ji Feng asked again in a low voice.

"Better than a wall!" Zheng Yuanshan laughed, "Don't worry, we're using special glass that's specifically for interrogation and observation, even if we yell here, the next door will definitely not hear us."

"Well, that's not bad." Ji Feng nodded his head.

"Little Feng, sit down and talk." Zheng Yuanshan smilingly sat down on a chair next to him, "Looking at this kid's arrogant look, I guess he definitely won't open his mouth to tell the truth for a while, I'm afraid we'll have to wait."

Ji Feng also took a seat next to him and quietly watched the interrogation next door through the one-way glass.

"I say, you two should stop dawdling here and hurry up and call your leader!" Rong Baogang shouted for a while and found that the two policemen interrogating him actually didn't follow what he said that also, to release himself and go and get the bastard who had smashed him with an ashtray back, instead they were still staring at him with a gloomy face, Rong Baogang was suddenly impatient.

"Please mind your identity!" A policeman said in a deep voice, "You are now a suspect in a kidnapping case!"

"What bullshit suspect, are you guys playing an international joke?"

Rong Baogang looked at the two policemen with full concern, "I've already told you all just now, my family's old man is the chairman of Rong Peng Group, of course, my brother-in-law's origin is even bigger, so I won't mention it to you, not to mention a small kidnapping case, even if my old man had killed someone, there's no need for you to interrogate him, do you understand?"

"So, you are admitting to kidnapping Kang Yuan, the engineer of Xiao's pharmaceutical factory?" Another policeman asked in a deep voice.

"Hey!"

Rong Baogang glanced at him and bristled, "Brother, although I'm not as old as you, buddy, I'm not necessarily dumber than you, when did I say I kidnapped someone?"

After a pause, he said, "Listen up, I'm going to call my lawyer now, and remember, I won't say anything until my lawyer arrives! Of course, one thing I have to tell you in advance is that once my lawyer arrives, you won't have a chance to behave yourselves, and I can assure you that you will definitely be skinned by then! Is that clear?"

"You" One of the policemen was instantly furious, "Be honest!"

Another policeman, however, said indifferently, "I am now solemnly telling you that although the law of our country, allows you to hire a lawyer, it is your duty to cooperate with our police in their investigation! Say, why did you kidnap, what was your purpose, and who ordered you to do it!"

"Stubborn!" Rong Baogang shook his head helplessly, "Alas, you two, ah, when my lawyer arrives, or when my brother-in-law finds out, I'll make it impossible for you to find a grave even if you want to cry!"

"....." In the next room of the interrogation room, Ji Feng looked at Rong Baogang, who looked arrogant without limits, and could not help but be dumbfounded, "Is there really such an extreme in the world Shanghai?!"

"This kid is arrogant as hell!" Zheng Yuanshan also said in a deep voice, "It looks like it's bound to know some tricks!"

Ji Feng dragged his chin with one hand and gently rubbed it, "Don't use tactics for the time being, we can't engage in that torture to force a confession this time, to prevent people from taking advantage of this to cause trouble! How about this, Uncle Zheng, since he wants to play, then we will accompany him to the end, get people to take turns interrogating him, if he doesn't talk one night, he won't sleep one night, if he doesn't talk two days, he won't eat two days!"

"This is also considered a kind of torture to force confessions!" Zheng Yuanshan said.

Ji Feng hummed, "As long as he doesn't get injuries on his body, then it's fine. At least, he's sitting on the kidnapping charge now, and for the rest, try to expand the battle further."

"Well, then, I can only try." Zheng Wonsan was also in a difficult position. If he really wanted to interrogate someone, then he had a full wealth of experience, and he had all kinds of underhanded tricks. But the problem was that this Rong Baogang was no ordinary prisoner, at least by looking at Ji Feng's performance, one could tell that there was really a big shot standing behind Rong Baogang, and Ji Feng was now, pointing his spear directly at the figure behind Rong Baogang!

Therefore, Zheng Yuanshan could only try his best, but whether he could succeed or not, that could only be said separately.

"Uncle Zheng, then I'll be counting on you." Ji Feng nodded and said, "Don't rush, we still have time at the moment."

"Don't worry, I will do my best to try to pry this kid's mouth open in the shortest possible time!" Zheng Yuanshan said.

Ji Feng nodded slightly, but in his heart, he was secretly pondering that the reason why Rong Baogang dared to be so tough, with an attitude full of care, was entirely because he knew that there were still people on the outside who could bail him out, as if he had said that even if he killed someone, not to mention kidnapping them, there was really a possibility that the people on the outside could bail him out!

However, the disadvantage of such a person is also extremely obvious. Because what he relies on is the mountain of support in his heart, as long as this so-called mountain of support is knocked down, then his psychological defense will immediately collapse.

Ji Feng secretly wondered, who is this Rong Baogang's reliance on?

"His father, his brother-in-law" Ji Feng's heart gradually made a guess, he greeted Zheng Yuanshan and walked straight out, took out his phone and dialed Xiang Yongzhan's number.

"Ji Feng, looking for me again so soon?" As soon as he picked up the phone, Xiang Yongzhan asked with a smile, "I haven't returned to the barracks yet, but a call came from the barracks just now, everything is fine with the white spider's please transnational, it will only take about a week before the stitches are removed, good job!"

Ji Feng smiled, "I'm not looking for you to talk about this, Old Xiang, do me another favor, investigate the situation of the family members of Rong Peng, the chairman of Rong Peng Group in South Guangdong, especially his children, investigate as clearly as possible."

"This is a good thing." Xiang Yongzhan smiled, "Wait for my news, I'll ask for you."

Ask? Ask who?

Ji Feng couldn't help but be slightly stunned, but immediately understood that for these large private capital, there must be a record above, Xiang Yongzhan probably just wanted to use this aspect of the relationship to check.

As expected, after only twenty minutes, Xiang Yongzhan's phone call came through: "Ji Feng, we have found out clearly that the chairman of the board, Rong Peng, has three brothers, a sister and a younger sister. He himself has two children, this Rong Baogang we arrested today is his son, there is also a daughter, named Rong Suyan, the current Rong Peng Group's CEO, considered the actual helm of the group."

"Does he only have one daughter?" Ji Feng asked.

"That's right, there is only one daughter, Rong Suyan." Xiang Yongzhan said with certainty, "Unless the information he registered is fake!"

Ji Feng then smiled, "I got it, Old Xiang, thanks a lot."

"There's another piece of news that I feel the need to remind you of!" Xiang Yongzhan said, "Just now in the car I have followed the three internal guards and had a brief conversation, your guess should be correct."

After closing the line, Ji Feng couldn't help but sneer, it seemed that he hadn't deduced wrong.

Rong Peng only had such a daughter, which meant that the brother-in-law that Rong Baogang was talking about was Rong Suyan's husband or boyfriend, and was still a big deal, otherwise, Rong Baogang wouldn't be so proud and emboldened when mentioning his brother-in-law.

And before, when attending that business salon with the second brother in Yanjing, the second brother had mentioned that this Rong Peng Group was a hidden asset of the Wu family The relationship in between, Ji Feng gradually smoothed out.

Only, let Ji Feng some not too sure, if according to their own guess, Wu Zhihe of the Wu family, should be Rong Suyan's boyfriend, but, his girlfriend is Zheng Yuxiu of the Zheng family ah This is really complicated!

It is really a bit hard to understand, Ji Feng had to dial the second brother Ji Shaolei's phone.

Why do I always feel that it's a bit of nonsense!"

"How fresh is it?!" Ji Shaolei's voice was disdainful, "Wu Zhihe can't have two girlfriends? This kid is a playboy, not to mention two girlfriends, whoever would say he has ten women, I wouldn't be half surprised!"

Campus Master

Chapter 889

Ji Feng couldn't help but be stunned, "Ten, ten girlfriends?"

"That's all still an underestimation of him!" Ji Shaolei hummed, "San'er, I've told you before, you're a bit too pure, look at those second worlders, which one of them doesn't have a few women around?"

The woman has power, but is empty, lacking comfort, and has physical needs, the two sides so a hook Hey, hey, things are done! A lot of it is known to everyone, but no one is just talking about it, just laughing a few times behind the scenes."

Ji Feng was stunned, the corners of his mouth twitched a few times, the expression on his face was very strange half a long time later before he laughed bitterly, "What the fuck is all this!"

Ji Shaolei laughed, "This is all very common, Wu Zhihe, this kid, didn't he also rely on women to get up in the mall?"

"....."

The second brother Ji Shaolei said all this, really gave Ji Feng a small shock, a big man, relying on women to achieve career, and the means used is actually in bed to conquer women, this is really The fact is that it is a shortcut to the end, as long as you have that bedside manner!

However, Ji Feng is a bit unacceptable for these. If the two sides are in love with each other then there is nothing to say, but this bed deal with each heart is really making people's body a little numb.

One side wants physical satisfaction, while the other side wants to conquer the woman through their excellent bedside manner, and then gain her support to make a career The fact is that if you put it bluntly, this is clearly a deal!

Ji Feng couldn't help but secretly shake his head and couldn't help but fight a chill.

"In that case, that Rong Peng Group's ceo, Rong Suyan, should be Wu Zhihe's lover without a doubt?" Ji Feng asked.

"I don't know, I've only heard about it, I'm not sure if that's the case or not!" Ji Shaolei said.

Ji Feng nodded with a smile and said, "Whether they are lovers or not, just try and find out."

"How do you plan to try?" Ji Shaolei asked.

"Wouldn't it be easier to just ask Rong Baogang directly?" Ji Feng laughed.

After hanging up the phone, Ji Feng walked into the room and said, "Uncle Zheng, there's something I have to trouble you with"

He lowered his voice and said a few words.

"Well, that's an idea!" Zheng Yuansan nodded and said, "I'll try it here."

Ji Feng held his arms with both hands and looked at the arrogant Rong Baogang in the interrogation room through the one-way glass, he couldn't help but shake his head slightly, some people ah, just don't know the sky is high, they really think that with a little background and a little money, they can care about nothing?

Zheng Yuanshan walked into the interrogation room and sat in front of Rong Baogang, saying, "Rong Baogang, I heard what you just said, you still expect your brother-in-law to save you?"

"And who are you?!" Rong Baogang asked rhetorically, full of concern.

"Be honest! This is Chief Zheng of our municipal bureau!" A policeman in charge of interrogation suddenly bellowed.

“So it’s the chief, finally a decent one has come!” Rong Baogang bristled and leaned back in his chair with a big grin as he said, “That’s right, I was waiting for my brother-in-law to come over! Chief Zheng, don’t say I didn’t remind you, you’d better let me go now, or else when my brother-in-law comes, I’m afraid this city bureau of yours will be demolished!”

“Is that so? Your brother-in-law is so powerful, huh?”

Zheng Yuanshan waved his hand, looking at the wild Rong Baogang with a smirk, and suddenly snorted coldly, “Really don’t know the sky is high! Isn’t it just because Wu Zhihe is your brother-in-law? I’m just going to wait here for him to come, I’ll see then, how he, Wu Zhihe, dismantled the Municipal Bureau!”

“You ……” Seeing Zheng Yuanshan’s sudden outburst, Rong Baogang was immediately startled and looked at Zheng Yuanshan with some uncertainty, “You, you know that my brother-in-law is Wu Zhihe?”

“Humph!”

Zheng Yuanshan coldly snorted disdainfully, “Rong Baogang, do you really think that we’ve arrested you without knowing anything? That’s a joke! This is Jiangzhou, not Southern Guangdong, let alone Yanjing! Let alone a Wu Zhihe, let me tell you, even if Wu Zhihe’s own father came, he would have to respectfully call himself a leader in front of our Jiangzhou secretary!”

“You …… This ……” Rong Baogang got a little flustered: “You don’t lie to me! You have the guts to say this in front of my brother-in-law!”

“You’re really naive enough to do that!” Zheng Yuanshan laughed coldly, “Rong Baogang, do you think that the guards around you can be commanded by anyone? I’m sure you know their identities, and let me not fail to tell you, kid, mobilizing those people to arrest an ordinary citizen without permission is a serious violation of discipline!”

“Ah!” Rong Baogang subconsciously shrieked.

Zheng Yuanshan sneered, “Not to mention you, even Wu Zhihe can’t get away with it this time! Everyone knows that those guards are not easily mobilized, if Wu Zhihe didn’t say anything, they definitely wouldn’t have gone to arrest people …… You still think that your brother-in-law can overshadow the world, right? Joke! Let me tell you, there are plenty of characters who are more powerful than your brother-in-law, and there are just as many who are more powerful than your brother-in-law’s father!”

“This ……” Rong Baogang was flustered by this blistering rebuke from Zheng Yuanshan, and no longer had the arrogance he had before, and he didn’t even have his own opinion.

“Still expecting Wu Zhihe to save you?” Zheng Yuanshan looked at him and shook his head pityingly, “Rong Baogang, to tell you the truth, this time, your brother-in-law has been victimized by you, mobilizing those guards with special status to arrest ordinary people without permission, not only will you be jailed, even your brother-in-law will be implicated!”

“Impossible!”

Rong Baogang shouted, “That’s impossible!”

“What’s impossible about it? Is your brother-in-law the biggest in China, huh? Is there no one to do the people’s bidding?”

Zheng Yuanshan looked at him contemptuously, “In fact, it’s not just your brother-in-law, even your Rongpeng Group will be implicated, actually daring to kidnap! We suspect that your brother-in-law, your sister, your father and others are responsible for this matter, and now we have already started to report it, and the investigation team will come down directly from above and will conduct a thorough investigation into your Rong Peng Group! You can just watch your brother-in-law and the Rong Peng Group collapse!”

As soon as he finished speaking, Zheng Yuanshan snorted coldly, turned around and walked out, not even paying attention to the shocked Rong Baogang.

“Wait Wait a minute!” Rong Baogang shouted sharply, “This matter has nothing to do with my brother-in-law!”

“You’re lying to hell, right?” Zheng Yuanshan snorted, “Those guards are so special, who else can command them but your brother-in-law!”

He waved his hand, “Since you won’t tell the truth, I’m too lazy to talk to you, just wait for your sentence, it’s useless for anyone to come!”

“No, don’t go!” Rong Baogang shouted, he was really frightened. He didn’t dare to drag his brother-in-law into this, if it was really like what Zheng Yuanshan said, then not only was his brother-in-law finished, so was the Rong Peng Group, from now on, he, Rong Baogang, would become a dog that lost his family!

“I don’t care to talk nonsense with you!” Zheng Yuanshan didn’t even turn his head back and waved his hand, looking like he was about to walk out of the interrogation room.

In his desperation, Rong Baogang violently charged forward, but was pulled by the handcuffs, and he immediately shouted, “I’ll talk, can’t I talk!”

“You are not qualified to talk to me, talk to the police officer interrogating you!” Zheng Yuanshan bellowed coldly and strode out, “If you don’t finish giving your account before I report to Yanjing, then I’ll have to report according to the evidence I have in my hands now!”

There was a thud!

Rong Baogang lost his soul and sat down in his chair, his face ashen.

“I need to remind you that you can say nothing now and wait until your lawyer arrives, but our Chief Zheng is prepared to take a flight to Yanjing overnight for the debriefing!” The policeman in charge of the interrogation laughed wildly in his heart, but his face was serious as he said.

“That’s right!” The other policeman also said with certainty. Both of them admired Chief Zheng in their hearts, with such a simple scare, Rong Baogang was scared to the point of losing his three souls and seven souls, he was really a master of interrogation.

“I’ll tell you, I’ll tell you!” Rong Baogang hurriedly sat up straight and said in a panic, “That, those inner guards were not commanded by my brother-in-law, nor by me! You mustn’t wrong my brother-in-law!”

“Then who commanded them!” A policeman asked loudly.

“Yes, it was my cousin, Zheng Yuxiu!” Rong Baogang cried and said, “I just wanted to get the formula, so I called her and asked her to command those internal guards to help me arrest people

.....

“Surprisingly, it was Zheng Yuxiu?” In the room next to the interrogation room, Ji Feng couldn’t help but be slightly stunned, the figure of this woman Zheng Yuxiu came to mind, when she followed Wu Zhihe’s side, Ji Feng really didn’t find out that this woman would actually come up with such underhanded tricks!

“People really can’t be seen!” Ji Feng snorted coldly.

The door to the room was pushed open and Zheng Yuanshan walked in with a smile, “This kid, can’t stand the scare, three or two words made him panic, finally put down!”

“Uncle Zheng, brilliant!” Ji Feng gave a thumbs up. Originally, he only intended to let Zheng Yuanshan reveal Wu Zhihe’s name to test Rong Baogang, but he didn’t expect that Zheng Yuanshan, after testing the results, would once again ride on the success and keep scaring Rong Baogang into giving up everything.

“What brilliant or not, it’s just that I’ve tried more prisoners and have a bit of experience.” Zheng Yuanshan said with a smile and a wave of his hand.

Ji Feng couldn’t help but nod slightly, practice makes true knowledge, this saying is indeed true, he himself had learned interrogation techniques in the training space, but when it came to using them, they were still a bit rusty, while Zheng Yuanshan could do it with ease, this is the difference between empty learning and practice.

“Uncle Zheng, since this kid has already given an explanation, then I’ll go back as well.” Ji Feng smiled, “Let’s go straight to the procedure for the following matters.”

“Don’t worry, I’ll make the arrangements!” Zheng Yuanshan said.

Ji Feng nodded and said, “Then it will be hard for Uncle Zheng.”

“You brat, you’re still polite with me?” Zheng Yuanshan laughed, although his mouth was polite, his heart was quite happy, no matter who he was, he wanted others to respect him, what’s more, Ji Feng himself was a junior tz of the Ji Department, his respect made Zheng Yuanshan even happier.

Chapter 890

After leaving the Jiangzhou City Bureau, Ji Feng first called to report the situation to his second uncle before driving back.

Now the matter has all been clarified, according to Rong Baogang’s explanation, Rong Peng Group sent Rong Baogang and a key member to develop the market in Jiangzhou and establish an office, but Rong Baogang is eager for quick success and wants to achieve results as soon as possible, after investigation,

found that Xiao's pharmaceutical factory has great potential, and recently Kang Yuan slimming powder is really too hot, so he was targeted.

After several successive contacts, all of which had hit a wall in front of Xiao's Pharmaceutical Factory, the unwilling Rong Baogang came up with the bad idea of directly capturing Xiao's chief engineer for interrogation.

Because he was worried that his sister Rong Suyan would not approve of this, Rong Baogang did not dare to tell her, but went directly to his cousin Zheng Yuxiu and asked her to call and order those internal guards to arrest him.

Zheng Yuxiu was Wu Zhihe's explicit girlfriend and had some family history herself, being a member of the Zheng family in Yanjing, and those internal guards who followed the Wu family were aware of it, so she was also able to command those few internal guards around Rong Suyan, which led to these later events.

"It's surprising that the main person in charge of the Rong Peng Group didn't personally order" This made Ji Feng a bit regretful, if the chairman or ceo of Rong Peng Group had also ordered it, then this time the battle would have been much more fruitful.

At the very least, it would have made Rongpeng Group come to a hemorrhage!

As of now, the only people who can be related to this matter are Rong Peng Group's Rong Baogang, as well as the Zheng and Wu families.

The order for the arrest was given by Zheng Yuxiu, while the guards belonged to the Wu family, and Zheng Yuxiu was Wu Zhihe's girlfriend, so all these things added up to be enough for the Wu and Zheng families to drink!

But for the Rong Peng Group, it is not much damage, if it is not possible for them to just give up Rong Baogang, then Ji Feng really has no good way but to let Rong Baogang be tried, however, the Rong Peng Group will still be safe and sound.

This is a hidden danger for Ji Feng.

After this operation, the hatred of the Wu and Zheng families will definitely be inevitable, but with the Ji family in the way, they can't do anything even if they are annoyed.

However, the Rongpeng Group is a different story.

The chairman's son had been caught and sentenced, how could this be tolerated by the Rong Peng Group?

They did not dare to take their anger out on the special operations brigade involved in the operation, nor did they dare to do anything to the Jiangzhou Municipal Bureau, but Xiao's Pharmaceutical Factory was the cause of this incident, and I believe that even if they knew that the fault was on their side, the people of the Rongpeng Group would definitely not give up.

In the future, Xiao's Pharmaceutical Factory will definitely have to run into this behemoth, and if the pharmaceutical factory continues to develop at the current rate, then a collision between the two sides, I believe, is not far away.

This is where Ji Feng regrets, if this can hit the Rongpeng Group hard, then at least it can also give Xiao's pharmaceutical factory to buy more time to develop, but now I'm afraid time is running out!

"Since collision is unavoidable, it is necessary to develop the pharmaceutical factory as soon as possible, one more point of growth, also one more point of strength!" Ji Feng could not help but shake his head and smile, "This time giving them a heavy blow is more than enough, too greedy is not good either"

And then, he had a tsk tsk sigh of approval, "This Wu Zhihe is really a talent, people's cousins two, actually gave it to the hands, I'm afraid, this is the kind of person who relies on conquering women to make something of himself, as second brother said."

Rong Suyan was able to become the ceo of Rong Peng Group, which had assets of over ten billion, so it was clear that she should have outstanding business talent herself, otherwise, even if she was the daughter of the old boss, she would not be able to sit in the ceo's seat.

On the one hand, those shareholders would not agree, while on the other hand, the Wu family may not agree either.

With such a woman at the helm, the difficulties that the pharmaceutical factory will face in the future can be imagined.

"It's only when there's pressure that there's motivation! In the future, Xiao's Pharmaceutical Factory will definitely not just be a remote place, there will always be future collisions to encounter, so what is there to fear?" With full confidence, Ji Feng stepped on the accelerator and the BMW X6 sped off, disappearing into the cold windy dark night.

At the same time, Zheng Yuanshan had already organized the dossier on the kidnapping case and rushed to the Jiangzhou Military Region, handing it over to Xiang Yongzhan.

Then, Xiang Yongzhan sent people to send the stuff to Yanjing overnight, one copy to the top, and the other, to Ji Zhenguo, operating on both sides at the same time, in order to achieve the maximum results with the fastest speed.

.....

What happened that night, no one knows except for a few of the parties involved. However, early the next morning, a crackling sound came from the chairman's office at the headquarters of Rong Peng Group, which was far away in Yuezhou, South Guangdong.

"Bastard!"

A fat middle-aged man with a big belly was viciously smashing the ashtray on his desk onto the floor, unfortunately the floor was covered with flooring and the ashtray was not smashed, but it did make a loud noise as a result.

A stunningly beautiful woman standing in the office had an incomparably gloomy face, and her beautiful eyes flashed with a cold light, but she didn't say anything.

"Bastard! What a bastard!"

This obese middle-aged man roared loudly, "So what if he, Zheng Yuxiu, is a member of the Zheng family? I'm still his aunt's husband! What is she? A junior, how dare she call me to scold me, I, Rong Peng, have never seen such a thing in all my life, it's simply revolting."

It turned out that this fat middle-aged man with a big belly was no other than the chairman of the Rong Peng Group in Guangdong, South China, Rong Peng!

The large conglomerate with assets of over ten billion dollars under his name was named after him!

"Dad, calm down, your body is your own, being angry is bad for your body!" The gorgeous girl said.

"So are you!"

Rong Peng pointed at the gorgeous girl and said in an exasperated voice, "Suyan, aren't you and Zhi He also Yes, Zheng Yuxiu is indeed Wu Zhihe's fiancée, but how can this woman forget that it was you who was supposed to be engaged to Wu Zhihe in the first place, and if you hadn't taken the initiative to back out, where would she, Zheng Yuxiu, have gotten her turn?!"

"Dad, what's the use of you saying this now?" Rong Suyan laughed bitterly.

"How useless!"

Rong Peng's chest rose and fell violently in anger as he growled, "It's not because they dislike us for being businessmen! If they dislike us as businessmen, then they shouldn't go with us, why do they still hold on to you? The car she drives, the villa she lives in, the designer brands she wears, which of them were not bought with the money we earned as father and daughter?"

Rong Suyan was silent, she knew that her father was really angry and if she didn't let him vent his anger, he would definitely get sick.

In fact, Rong Peng was not the only one who was angry, Rong Suyan was even angrier in her heart, but there was nowhere to say anything about it, so she could only keep it inside. If you want to blame this, you can only blame fate.

But what makes Rong Suyan most angry is that she shouldn't have called her father and talked about him in a bad way!

In the morning, Zheng Yuxiu called out of the blue, and before she and her father could figure out what was going on, the other party said a lot of unpleasant things, and those words were so unpleasant that they made people cringe.

The children of the Rong family have no one to raise them, right?

What kind of parents teach what kind of children The actual fact is that you can find a lot of people who are not able to get a good deal on the subject.

In just a short minute, Zheng Yuxiu said a series of sarcastic and insulting words, and then before she could even wait for herself and her father to react, she simply hung up the phone.

But soon after, the Jiangzhou police and the Rong Peng Group's Old Wang, who had been sent to the Jiangzhou office, called in succession to explain what had happened in Jiangzhou.

When they understood what had happened, immediately afterwards, Rong Peng became furious.

This bitch!

It was true that Rong Baogang had fooled around and captured someone else's engineer, but who gave the order to those internal guards? It wasn't you, Zheng Yuxiu!

As a cousin, it's fine if you didn't stop Rong Baogang, but you still pushed for it, you're a fucking relative?

Now that something has happened, how dare you call us and scold us?

Is there anything like that in the world?

Don't forget! Don't forget!

The fact that you and Wu Zhihe got together was the result of our family's Suye's initiative to back down... don't you have any conscience?

"Huff~~huff~~~!"

Rong Peng sat on the sofa, gasping uncontrollably, his two eyes almost spitting out fire as the extreme atmosphere made his whole body shiver a little.

Rong Suyan looked heartbroken and hurriedly went over to help her father sit down, whispering, "Dad, don't be angry, your body is your own, won't you let others get even more complacent if you get angry? The most important thing now is to find a way to get Baogang out."

"Get him out for what?" Rong Peng instantly glared, "This bastard, he doesn't do his job all day long, and now he's pulled off some kidnapping case, he's just pissing me off! Let him go to jail for a few years, see if he still dares to be so lawless!"

"Dad, don't be so angry!" Rong Suyan said softly, "If the kidnapping of Bao Gang is really confirmed, then our Rong Peng Group will definitely be affected, moreover, there will definitely be other effects, then not only the financial loss, even Bao Gang will be ruined."

"Ugh! Why did I give birth to such a son?"

Rong Peng let out a long sigh, "Didn't Bao Gang go to Jiangzhou on a business trip? How come he's got a kidnapping case out of it now?"

"This is the result of his eagerness to get what he wants!" Rong Suyan shook her head slightly and said, "Dad, we don't know what the details are yet, I'm going to fly to Jiangzhou and go there to poke around."

"Go to Jiangzhou?" Rong Peng was stunned.

Rong Suyan nodded slightly, "That's right, we're going to set up a branch in Jiangzhou anyway, so it's good to go and poke around a bit in advance. If there's room for manoeuvre, I'll get in touch with Zhihe in time and ask him to step in, no matter what anyway, we must get Baogang out."

"You and Zhihe Alas!" Rong Peng shook his head and sighed softly.

Rong Suyan said, "Dad, don't say anything, I'll go book a flight now!"
