Chapter 901

“Lei Zi, don’t you dare mess up!” Zhang Yun hurriedly said.

Zhang Lei, however, shook his head and smiled, “Don’t worry big sister, I know what’s in my heart, how could I possibly act recklessly. Besides, didn’t second uncle ask you to call me? That’s to leave the matter to me, even second uncle is at ease with me, what else are you not at ease with?”

When Zhang Yun heard this, it was indeed true, with his father’s strict character, if he wasn’t particularly relieved about Zhang Lei, he certainly wouldn’t have asked himself to call Zhang Lei.

“Then, then you must restrain yourself, I know that you are quite grumpy, you must not lose your temper indiscriminately this time.” Although Zhang Yun was very angry in her heart, however, in order not to make things difficult for her father, she could only try to advise her cousin as much as possible.

Otherwise, with that foul temper of her cousin’s, when the time came, it would not be a matter of a fight, her cousin would dare to do anything!

Zhang Lei laughed, “Don’t worry, even if I can’t restrain myself, isn’t there still a madman here, he will definitely pull me back!”

Zhang Yun glanced at Ji Feng before nodding slightly and said, “As far as I know, the Zheng family still has by three or four people in Jiangzhou right now, and there is a girl among them. They’re all about the same age as you, and they’re all basically going to university over here

Hearing Zhang Yun finished the address, Zhang Lei heatedly smiled: “Big sister, I’m going back, help me say hello to Xiao Bin, tell him that this kid is very good today, the next time we meet someone who insults us, do not take a bottle to smash, directly carry a knife to stab to death, especially to the old Zheng family, more so!”

“Come on you, you’re crazy again!” Zhang Yun couldn’t help but lose his smile and glared at him.

Next to him, Tong Lei couldn’t help but hit Zhang Lei, “Brother, how can you teach children like that?”

“Men, they need to be a bit bloody!” Zhang Lei laughed, “Big sister, we’ll leave first then, call me again if there’s anything.”

“Hey!” Zhang Yun nodded his head and agreed.

Zhang Lei and the others did not let Zhang Yun send them off, but went downstairs and out of the hospital on their own, before getting into the car, Zhang Lei thought for a moment and then said, “Crazy, help me find a few people, buddy to help our Tong family and Zhang family out! More so, I want to help my second uncle get out of this!”

Ji Feng laughed, “Let’s go back first!”

Just kidding, talking about these things in front of Tong Lei and Xiao Yuxuan, isn’t this making them worry.

Zhang Lei also realized this problem, he nodded and sat on the passenger seat, "Go, go back and settle down first, then we'll talk about the rest!"

Although his words were easy, but Ji Feng knew him very well, this guy was obviously ruthless and would definitely go after the Zheng family's people.

.....

"Old Zheng, you should stop smoking, look at this room full of cigarettes" In the family courtyard of Jiangzhou Municipal Bureau, Zheng Yuanshan is sitting on the sofa in the living room of his home, smoking one cigarette after another, the living room is full of lingering smoke, it looks as if there is a misfire.

Zheng Yuanshan's face was expressionless, but his eyes flashed with anger from time to time, but then he remembered something and finally could only shake his head with a sigh, unable to say anything.

When his wife saw her husband in this state, she shook her head helplessly and stopped trying to discourage him. In fact, she knew better than anyone else what was on her husband's mind.

Although her husband was usually very strict with his son, she knew that this man was very subtle, but in fact, he also loved his son very much, only that the way he expressed himself was very different from her, but in the end, both of them treated their children with the same heart.

"Old Zheng, I'll go to the hospital first then, do you want to come along?" Mrs Zheng lifted the insulated rice bucket out of the kitchen.

"Going for what?" Zheng Yuanshan asked without good humour.

"Both Xiao Yun and Xiao Bin haven't eaten yet, the ones sold outside are not hygienic, so it's better to send them there." Mrs. Zheng knew that her husband was in a bad mood, so she didn't behave with him in general, but said in a softer tone, "Besides, Xiao Yun still has to go to school, so of course I have to go and take care of Xiao Bin."

"Humph! This brat!" Zheng Yuanshan couldn't help but snort coldly, "He's not even a cat yet, he's actually following the example of others to go to some restaurant to drink and cause trouble, and you still protect him all day long, sooner or later he'll become a second generation ancestor!"

"How can Xiao Bin become a second generation ancestor, there is no second generation ancestor who is often bullied by others" Mrs. Zheng felt sorry for her son and couldn't help but complain, but once she saw her husband's face tense up, she stopped talking.

"Go on, teach that brat a good lesson, see if he still dares to do that!" Zheng Yuanshan gave a sullen grunt.

"I'll go over there then, Old Zheng, stop smoking, the house will be on fire later!" Mrs Zheng said helplessly, "Luckily Xiao Bin wasn't hurt much either, he'll be fine after two days of recuperation, so you shouldn't spoil your body."

"Got it, got it!" Zheng Yuanshan waved his hand with some impatience.

Mrs. Zheng then shook her head helplessly, opened the door and left.

Watching his wife leave, Zheng Yuanshan then shook his head and let out a long sigh to dissipate some of the anger in his heart, "Alas! Do I, Zheng Yuanshan, really owe your old Zheng family?"

The Zheng family's people had really gone too far this time, causing Zheng Yuanshan to almost be a bit intolerant.

It was fine to sneer at him Zheng Yuanshan in the past, he didn't care, after all, how the Old Zheng Family had treated their mothers and sisters in the past, even if the old lady didn't say it, he could still see it. Besides, although Old Master Zhang's face was ruined and he was ugly looking, he was extremely nice to him.

That was enough!

In Zheng Yuanshan's opinion, as long as he has his own mind, he can say whatever he likes, his mouth is on his face, how can he control what people say?

Although he was upset, Zheng Yuanshan simply seldom went to Yanjing.

In fact, he is not unfilial, he is extremely filial to his mother, who gave him life, and to Master Zhang, who treats him like his own son.

But he really didn't want to go and suffer from that idle anger!

But no matter what, the old man and the old lady were getting old, so Zheng Yuanshan would also take the time to sneak back for a couple of days to keep the two old men company and try not to let outsiders know.

Originally, he thought that when the weather became warmer some time later, he would bring the old man and the old woman to Jiangzhou so that he could take care of them nearby.

But he didn't expect that the Zheng family would really come after him and play the affection card to get him to do something for them.

And after the talks fell apart, his son was actually beaten up!

The moment he heard that his son had been beaten up, he wanted to shoot those bastards with his gun!

I have never beaten my son so many times since he was growing up, but you guys

The most important thing is that the mother and the elder brother will be the most difficult ones at that time. Because, back then, in order to ease relations with the old Zheng family, the elder brother had gone with the Zheng family!

Now, once he moved these youngsters of the Zheng family, how much pressure would big brother have to bear in the Zheng family?

However, he did not want his nephew to go to the old Zheng family to ask for an explanation, as they had even beaten him up, so what was the point of asking for an explanation?

The purpose of Zheng Yuanshan is to have Zhang Lei, a small character, to deal with the small character of the Zheng family, children fighting, it is not a matter of adults, when the adults in the face of each 50 big board, together with the past.

The two of them are brothers, but how would Zhang Lei, who is a brother to Tz of the Ji family, lose out in front of a junior of the Zheng family?

Obviously not!

So all in all, Zheng Yuansan was going to use this method to teach the Zheng family's junior characters a lesson!

Imagine being able to force a deputy director of the titular Jiangzhou Municipal Bureau, a deputy hall-level leader, to this point, how irritated he should be in his heart!

"This brat Zhang Lei can definitely understand what I mean!" Zheng Yuanshan extinguished his cigarette, an angry look flashed across his face, immediately, he picked up the phone again and dialed his brother-in-law, Tong Kai De, to let Zhang Lei go and teach those little words of the Zheng family a lesson, always explaining to his brother-in-law and sister, to save causing any misunderstanding.

.....

After settling down Tong Lei and Xiao Yuxuan, plus with Xiao Ying in charge of protection, Ji Feng was also at ease.

Afterwards, Ji Feng drove out with Zhang Lei.

"Grand Duke Xiang, do you have time? Come out and have a seat!" The car was driven by Zhang Lei, and Ji Feng sat in the passenger seat and leisurely made a phone call.

Since he was looking for someone to deal with those few brats from the Zheng family, he naturally couldn't just find anyone, or at least, he had to find someone with some weight, such as The eldest son of the Xiang family as well as the special combat brigade!

"Ji Feng, you kid can suddenly find me, nothing good, right?" On the phone, Xiang Yongzhan asked smilingly.

"You don't have to come!"

Ji Feng snorted, "What did we say before, I'll help you cure that whoever, and you'll allocate me two retired female soldiers, I said, where's your promise? How many days has it been?"

At that time, Ji Feng did have an agreement with Xiang Yongzhuang that once Ji Feng removed the biological bomb from the white spider's body, then, Xiang Yongzhuang would help get two retired female soldiers over, and their whereabouts and the rest of the matters would be arranged by Ji Feng. In other words, give Ji Feng two guards for life!

Of course, it certainly wasn't in name, it was called retired soldiers and was just hired by Ji Feng.

"You kid" Xiang Yongzhan laughed bitterly: "To be honest, I really can't give ah, this kind of people on the one hand is too few, on the other hand, any one of them is our valuable wealth, you say you kid open your mouth and just casually ask for one"

"Fuck off!"

Ji Feng directly laughed and cursed: "You kid don't play sloppy with me, it's two! Remember, it's two!"

Chapter 902

"Fuck off!"

Ji Feng cursed with a straightforward laugh, "Don't play sloppy with me, you kid, it's two! Remember, it's two!"

"You brat are too greedy, aren't you?" Xiang Yongzhan said at once, "I'm telling you, there's only one, no more than that!"

Ji Feng reluctantly nodded his head and said, "Fine! One is one, anyway, you are of high rank to Grand Duke Xiang, no one dares to say anything if you don't talk, don't you think so!"

Xiang Yongzhan laughed bitterly, "Don't be ungrateful, I'm telling you, just this one is already painful enough for me, and the procedures and stuff in between are also very troublesome, if I hadn't promised you before, then you wouldn't even think about it!"

"It sounds like I'm taking advantage of you The actual fact is that you'll be able to get a lot more than just a few of these. Ji Feng laughed, but did not bother too much with Xiang Yongzhan.

In fact, he knew how difficult it was to want a military expert to be a guard. If he really wanted two or three such guards, even if Ji Shaolei dared to give them, he wouldn't dare to ask for them. You know, if the old man found out, it would be strange if he didn't knock himself out with a walking stick!

"It's impossible to go out, I'm too busy to leave my side recently, you can come to me directly, we'll still meet at the guest house." Xiang Yongzhan said.

"Okay, be there in an hour!" Ji Feng said with a smile.

Hanging up the phone, Ji Feng laughed and said, "Lei Zi, pull over in front, I'll drive instead!"

"Why, my skills aren't bad, why should I change you?" Zhang Lei immediately said, "You really don't say, it's really worth every penny, this X6 of yours is better than those two broken Audi's How about I return the Audi to you and you lend me this x6 to drive?"

"Sure!" Ji Feng laughed, "But we're going somewhere now, you don't know, I'll make the meeting quicker."

"That's true!"

Zhang Lei thought about it, then shook his head regretfully and said, "Better forget it, I'd better keep a low profile, you boys are busy with the pharmaceutical factory, you can't do without a staged car."

Pulling the car over, the two of them changed seats and Ji Feng quickly rushed towards the Jiangzhou military district.

On the way, Zhang Lei couldn't help but ask, "Crazy, what kind of person are you looking for here?"

Ji Feng smiled, "Someone from the military, I've dealt with before, it's Xiang Yongzhan from the Xiang family in Yanjing."

Zhang Lei couldn't help but be slightly stunned, "Someone from the Xiang family? Your kid's hands are really long enough."

But everyone in this circle, there is no one who said they have not heard of the Xiang family, the Xiang family's energy in the military, I am afraid there are not many people who do not know, especially these small words, more like to gossip about these things.

Although Zhang Lei has not been in Yanjing for a long time, he has more or less been exposed to the news in this regard, so he naturally knows.

"Don't forget, we are dealing with the Zheng family, so naturally we can't just find a few hooligans and gangsters to deal with people, if we want to fix them, then we should fix them tougher." Ji Feng laughed.

"That's right! That's refreshing to hear!" Zhang Lei immediately laughed out loud.

.....

At the guest house of Jiangzhou Military District, Ji Feng was sitting with Zhang Lei and Xiang Yongzhan and was chatting.

Ji Feng had already introduced them to each other, and Zhang Lei and Xiang Yongzhan soon became acquainted, after all, we are basically the same circle of people, and the age size is also similar, only Xiang Yongzhan is slightly older by a few years, but the gap is not too big, there are still a lot of common topics.

"Ji Feng, frankly speaking, you did help me a lot, but, your request does make it difficult for me." Xiang Yongzhan lifted his glass of wine meaningfully and only tasted it lightly. He was in the military, so naturally he couldn't drink much, so this was already very dignified.

Regular soldiers should always be extremely vigilant and ready for battle at all times, especially for troops of their special nature.

Ji Feng laughed: "Harvest and pay must always be proportional to each other, ah, the emperor is still not short of hungry soldiers, you can't show nothing at all, right?"

Although what Xiang Yongzhan said was very subtle, Ji Feng understood what he meant, Xiang Yongzhan was talking about the fact that he had helped remove the biological bomb from the White Spider's body, as well as the fact that he had asked a female soldier to be his guard.

In fact, it was nothing to help the White Spider remove the biological bomb from her body.

However, asking a female warrior to be a guard was a necessity, because although Tong Lei and Xiao Yuxuan's physique had been strengthened, they were not very strong in terms of actual combat power, and they only followed themselves occasionally to practice a few moves, they had no actual combat experience at all, so they had to be protected.

At the moment, there was only one person to protect the two of them, so they had to find another guard.

“You kid just has a lot of sophomoric reasoning” Xiang Yongzhan shook his head and smiled, “All right, since you’ve been promised, there will be no problem. Say, apart from that, what else is the matter of finding me?”

He knew that Ji Feng would definitely not look for him if he had nothing to do.

Ji Feng said, “There is something, I want to borrow a few people from you to fight against certain undesirable phenomena in society and maintain social stability, this is also what you soldiers should do! Don’t you think so?”

“Bullshit!”

Xiang Yongzhan burst out laughing: “What crackdown on social evils, I think you want to take revenge on someone, right?”

“If you have to interpret it that way, I don’t have a problem with that either!” Ji Feng laughed.

“I knew it, you kid definitely won’t be any good guy” Xiang Yongzhan shook his head and laughed: “It’s okay to borrow a few people, but there’s one thing, you have to be quick, I’m going away in a few days, it’s not clear when I’ll be back.”

Another big move?

Ji Feng instantly understood in his heart, counting the time White Spider’s body should have recovered, Xiang Yongzhan naturally had to seize the time to eradicate some of the dynasty’s bases that White Spider knew about, if he moved too slowly, the harvest might not be too big.

He then laughed, “I didn’t say I wanted someone from the Special Combat Brigade either, how about this, as long as it’s someone from the barracks, you can arrange someone, when the need arises, I’ll practice with the person you arrange, is that alright?”

“That’s fine!”

Xiang Yongzhan nodded slightly and deliberated for a moment before saying, “How about this, I will definitely give you a guard before I go away, when there is anything, just have your guard contact you directly.”

Ji Feng laughed, “Grand Duke Xiang, I mean you wouldn’t be looking for someone to spy on me, would you?”

“Bullshit!”

Xiang Yongzhan cursed with a laugh, “Even if I were dirty, I wouldn’t do such a thing, you brat is pissing me off!”

“That’s good!” Ji Feng harrumphed, “Drink, drink!”

Even if he was a friend again, Ji Feng had to put the ugly words in front of him. He wanted the kind of person who could really be a guard for life, not a moving camera that monitored him at all times, otherwise, those secrets around him would probably be completely exposed, and that would be troublesome then.

Now put the words in front of you, although Xiang Yongzhan will have some displeasure in his heart, but the arrangement will definitely be taken seriously, at least, so that the relationship between the two will not be affected.

Otherwise, if something really happens in the future, it will be irreparable at that time!

The three of them chatted for a while before Ji Feng got up to say goodbye and left the military hospitality.

Before leaving, Xiang Yongzhan promised that he would arrange a guard as soon as possible and would inform Ji Feng to come and collect the person when the time came, to which Ji Feng naturally nodded his head readily and agreed.

“Lei Zi, things have all been arranged.”

On the way back, it was Zhang Lei’s turn to drive, because Ji Feng had drunk a lot of alcohol, although nothing happened, but it’s always not too good to be caught by the traffic police, “My opinion is that it’s okay to clean up a few people from Old Zheng’s family, but things have to be done at a level to do so.”

“You kid, I never really found out before, you really have a way of shading people, you’re considered a master in it!” Zhang Lei laughed.

Ji Feng lost his smile and said, “Where am I considered an expert, to say that when it comes to conning people, the most powerful one is also Zhao Kai.”

Among the four people in the dormitory, it was recognized that when it came to bravery, Du Shaofeng was definitely the best, and when it came to business talent, Han Zhong was also the best, but when it came to conniving, Zhao Kai was definitely the most insidious one.

He pushed his glasses and frowned, this bad water came out, simply let you can not prevent.

“That’s true, that guy Zhao Kai is indeed a bit bad!” Zhang Lei laughed, “By the way, do you want Zhao Kai to help out with advice this time? This kid has a lot of ideas, so he might have some good ideas.”

“No need!”

Ji Feng shook his head and laughed, “It’s not a big deal, it’s just to give your cousin and your second uncle a piece of anger, where’s the need for such a big show, a simple visit would be enough for those guys from the old Zheng family to drink.”

“If you want me to say so, you don’t have to go to all that trouble, just get a few people and find those guys and give them a good beating, make it clear that I did it, I’ll see what they can do!” Once he thought of what Old Zheng’s family had done, Zhang Lei was furious and his tone was obviously not kind.

Ji Feng shook his head and laughed, “You’re just being messy. Think about it, if you do this, in case the old Zheng family’s people don’t want to stop there and have to make a scene, won’t it be difficult for your second uncle to be in the middle.”

Zhang Lei grinned and didn’t say anything.

In fact, how could he not know that if he really did this the hard way, it would definitely cause trouble for his second uncle! In fact, he wanted to force Second Uncle to completely break with the Zheng family through this method.

Although there was still some blood relationship between them, it was only in name only, and there was no kinship between the second uncle and the Zheng family at all.

For example, this time when Zhang Bin was beaten, Zhang Lei did not believe that second uncle had nothing at all in his heart, if that was the case, he would not have asked cousin Zhang Yun to call him.

However, Zhang Lei was worried that if he did so, he would be scolded severely by his mother and even upset his grandmother as well.

So after thinking about it, he dismissed the idea, and let second uncle dwell on this matter!

Chapter 903

The agreement with Xiang Yongzhan was finalized, the manpower had been arranged, and all that was left was to wait for Zhang Bin to be discharged from the hospital, and then to proceed with the revenge.

The two sides are already in deep enough conflict now, and if there is another conflict, I'm afraid it will immediately cause a chain reaction.

Of course, this kind of chain reaction does not refer to a violent conflict between several families, basically this possibility does not exist.

The reason for this is that neither side would allow a big fight to take place, which would cause considerable harm to each other, and it would not be in everyone's interest. So, the possible follow-up reaction that would happen would be to use the power of the people and attack each other.

And this, precisely, is the last thing Ji Feng wants to see.

After all, no matter what, as far as civil power was concerned, the Ji family did not have any advantage right now, and this reason was well known to everyone.

The Zheng family, on the other hand, is completely different, as they are very close to the Wu family, and can even be said to have joined forces with each other. The Wu family also controls the Rong Peng Group, a behemoth of tens of billions of dollars, which is a real killer.

Therefore, how can one strike the enemy and at the same time set oneself aside, this is what Ji Feng needs to think about the most.

To Ji Feng's satisfaction, he found this method, which was to get the military involved.

At the same time, in order to ensure that the maximum amount of anger could be taken out for Zheng Yuanshan's father and son, the matter would have to wait until after Zhang Bin was discharged from the hospital.

Since it was revenge, how could it be done without the rightful owner?

After finalising all this, next, there seemed to be no more important matters to deal with for the time being. Ji Feng then directly brought Zhang Lei along with him to the villa. Since he was a brother, this was also his home, so there was nothing to see.

It was like a line from a skit: "Growing land together, two families in partnership, except for the old partner, no distinction between you and me!"

And now, the brotherhood between Ji Feng and Zhang Lei, as well as their relationship, could be described with similar words: "Except for the wife, there is no division between you and me!"

However, this guy Zhang Lei was still very sensible, and after playing in the villa all afternoon and eating the dinner prepared by his sister and Xiao Yuxuan, he gave Ji Feng an ambiguous look and dashed off with a heave smile, causing Ji Feng to cry and laugh.

After Zhang Lei left, Ji Feng and Xiao Yuxuan, Tong Lei and Xiao Ying were the only three women left in the house.

The three of them were very quiet in the house, and it was like a shadow, basically not affecting the life of Ji Feng.

Although the three of them would not treat Xiao Ying as an outsider, Xiao Ying had her own set of rules.

The four of them sat down together to watch TV. Although Ji Feng was not a fan of some of the current soap operas, he did not care because he was not sitting here to watch TV, but to enjoy this warm atmosphere of a family together.

The two daughters, Tong Lei and Xiao Yuxuan, were leaning on either side of Ji Feng left and right, while Xiao Ying was sitting on the sofa next to him with a light smile on her pretty face, watching Ji Feng get along with Xiao Yuxuan and Tong Lei.

"Little Shadow, I have a question to ask you." Ji Feng suddenly said.

"What?" Little Shadow was stunned.

A smile of satisfaction appeared on Ji Feng's face, Little Shadow had finally changed over. In the past, when Little Shadow first arrived here, she would always call him 'Little Chief' with her mouth open and shut, which gave Ji Feng a headache, because Ji Feng never looked at the people around him as subordinates, especially to Little Shadow, it was even more so, even her mother treated her as her daughter, how could he dare to treat her as a subordinate?

"Haven't you been protecting Yu Xuan? Yu Xuan has been back for a few days, why did you only come back?" Ji Feng asked.

"It's like this, I was helping Yu Xuan to get" Xiao Ying had just said this when she was stopped by Xiao Yuxuan.

Xiao Yuxuan hurriedly said, "Xiao Ying, don't fall for it, he's setting you up!"

Xiao Ying instantly pursed her lips and smiled, "I know it! Ji Feng, Sister Yu Xuan won't let her say anything!"

Ji Feng suddenly lost his smile, "You, you've been brought down by Yu Xuan!"

"What are you talking about!" Xiao Yuxuan immediately glared at him, "Am I bad?"

Ji Feng immediately laughed, "Not bad, not bad at all!"

The three women immediately laughed delicately, but Ji Feng shook his head slightly, it seemed that Xiao Yuxuan was indeed doing something so mysteriously, and he didn't know exactly what he was doing.

However, Ji Feng believed that Xiao Yuxuan was definitely not doing anything bad, so he let her be, and believed that when she wanted to talk about it, she would naturally take the initiative to do so.

The three of them had a very peaceful and enjoyable time together again, and even Xiao Yuxuan, who was already unemployed, did not feel the slightest bit lonely or bored, and went out mysteriously every day and did not return until the evening.

With Xiao Ying following, Ji Feng was naturally at ease, going to and from school with Tong Lei every day, and using bio-currents to guide Tong Lei at night, allowing her to progress rapidly.

As for Xiao Yuxuan, at this time she no longer needed Ji Feng's guidance, she had already made great progress during the previous period, and now she only needed to keep exercising, and in a month's time at most, she would be able to completely learn the second set of body-building exercises, and by then, she could start hitting the third stage.

Xiao Ying was also practising aerobics, in fact, before the New Year, Ji Feng had already taught her all the movements of the first set of aerobics.

I don't know if it's because she has a good physique or for some other reason, but her progress is the fastest among the three girls.

But looking at Xiao Ying's speed, I'm afraid that in half a year's time at most, she would have practiced the first set of aerobics to the point of being extremely proficient!

This speed was twice as fast as Ji Feng's!

Of course, it must be admitted that when Ji Feng started practicing gymnastics, his physique was really poor, and there was no comparison with Xiao Ying's physique now.

In the course of the three women's gymnastics practice, what Ji Feng valued most was their practical combat ability.

The actual combat ability of Xiao Yuxuan and Tong Lei in particular, Ji Feng attaches more importance to, Xiao Ying is better to say, her own kung fu is very powerful, the general Han three or five simply can not get close to her. However, Xiao Yuxuan and Tong Lei had never been exposed to fighting before, and they were almost blank in this area.

Therefore, whenever there was time, Ji Feng would have a few matches with Xiao Yuxuan and Tong Lei, and usually he also instructed Xiao Ying to teach them more fighting skills.

Because Ji Feng did not have any fighting skills at all, what he had learnt was too harsh, as long as one strike was a killing move, agents, the most important thing is harsh attacks, one move to kill is the best choice.

But for Xiao Yuxuan and Tong Lei, this is not suitable, at least for now.

It would be better for them to learn from the shallow to the deep!

With their superb physique, the two girls progressed extremely quickly when learning to fight, and in less than a week's time, they were already striking poses in a decent manner.

Don't think that they only have posture but no power, if you think so, you are very wrong.

Both women are currently in their second set of gymnastics and have accumulated a certain degree of bio-current in their bodies, which is equivalent to having enough energy, and once this energy explodes through the right path, the power will be absolutely terrifying to the extreme.

The purpose of learning fighting techniques is to let them learn to use the bio-current in their own bodies!

Therefore, in this short span of a week, the two girls were able to go up to several rounds with Little Shadow without losing, which meant that in terms of attacking power, they were no longer weaker than Little Shadow, what was currently lacking was actual combat experience, after all, Little Shadow's actual combat experience was so rich that it was simply not something they could learn in a short period of time.

But even so, Ji Feng was already satisfied, at least, now, if against ordinary men, Xiao Yuxuan and Tong Lei's safety would not be too much of a problem.

As long as they were persistent, it was only a matter of time before they reached Xiao Ying's level.

Of course, at that time Little Shadow was likewise progressing!

.....

"Ding"

It was a new week again, and on the day of Monday, Ji Feng was driving to school with Tong Lei as usual, ready to continue being a good student, when he suddenly received a call from Xiang Yongzhan.

"Old Xiang, what's up?" Ji Feng asked with a smile.

"It's better to meet at the reception, I'll introduce you to someone." Xiang Yongzhan's voice sounded a bit odd and seemed a bit reluctant?

Ji Feng instantly guessed a possibility, and he immediately asked, "Have you come to terms with the guards?"

"Coming or not?!" Xiang Yongzhan said without good humor, "I can leave if I don't come, my brothers are still waiting for me to set up training!"

“Come on! Of course you’re coming!” He looked at the time and said, “Wait for me for an hour, I’ll be there at 8:30 sharp.”

“Hurry up!”

Xiang Yongzheng grunted.

“Pop!”

He then hung up the phone straight away, not even leaving Ji Feng a chance to speak.

But Ji Feng didn’t mind at all, and after hanging up the phone, he laughed: “Ha Lei Lei, this time the guard thing seems to be set, from now on you will also have a personal guard.”

“A personal guard?” Tong Lei couldn’t help but be stunned and asked in a brittle voice, “What personal guard?”

Ji Feng smiled, “I found a guard for you, usually if I’m not at home, Xiao Ying alone will definitely not be able to protect you and Yu Xuan both closely, now I’ve found another one, so the security problem will not exist then!”

As he spoke, he slammed on the gas and headed straight for the school. Guards were important, but one couldn’t just leave one’s wife halfway!

Chapter 904

“Ji Feng, slow down on the road, don’t drive too fast!”

At the entrance of the United University, the clear and beautiful Tong Lei stood next to the car window and admonished Ji Feng who was in the driver’s seat.

Reflecting the morning sunlight, on the road that still had some remnants of snow, Tong Lei was dressed in a pink down jacket, light blue jeans, with leather boots on her feet, the whole person looked both clear and beautiful, but also had a hint of lively and lovely mischief, the end of which attracted men’s eyes.

Ji Feng reached out and scratched her little nose and laughed, “Hurry up and go in!”

“Mm!” Tong Lei nodded slightly and added, “You go first!”

“Okay!” Ji Feng shook his head and smiled.

When she waved at herself from the car window, Tong Lei smiled, just like a hundred flowers blooming in the winter, making people’s hearts warm with love!

Although Tong Lei is cold in nature, she also has the mischievousness, cuteness and girlishness common to other girls.

When she knew that Ji Feng had gone to look for a strong guard for her, her little heart was filled with warmth and emotion. In fact, girls are like that, they may not ask for much, sometimes just a little bit of presence and that feeling of being pampered is enough to make them happy for a long time.

All the way to Ji Feng's car out of sight, Tong Lei this will be the book held in his arms, pretty face with a faint smile, the pace of cheerful into the school gate

In fact, this guard, Ji Feng is indeed also for Tong Lei only to find.

Although usually Tong Lei spend a little more time with him, and, later on, Xiao Yuxuan quit her job from the school, if she is busy with other things in the future, then the time with him should be less.

However, in Ji Feng's opinion, in fact, the length of time spent together sometimes cannot replace the warmth brought by some actions.

The first thing is not to say that finding a guard is more secure for Tong Lei, just to say, Ji Feng transferred Xiao Ying from Yanjing and let her protect Xiao Yuxuan, no matter what, Tong Lei may have some loss in her heart, maybe not jealous, but that faint feeling of loss, but it will definitely be there.

The only thing is that Tong Lei, because of her cool personality, does not like to express her inner thoughts.

But Ji Feng did not forget this point, plus for security reasons, he asked for a guard from Xiang Yongzhan.

This guard, who would be with Tong Lei all the time, would protect her.

Ji Feng believed that although his gesture was not enough to say anything, it was warm to Tong Lei, and that was enough.

To this day, he still hasn't forgotten that when he was in high school, because he was looked down upon, but Tong Lei invited the captain of the police department to openly announce in the class that he was a hero for doing what was right, that moment was forever remembered in Ji Feng's heart.

And all the things that came after that, Ji Feng never forgot. He admitted that he might have been a bit more affectionate, but his feelings for Tong Lei had never changed.

And, if possible, he hopes to do better and make Tong Lei happier

.....

The fact that it only took Ji Feng forty minutes to get from the United University to the guest house of the Jiangzhou Military Region was really not easy during this rush hour at work.

Instead, all this was because Ji Feng wanted to find a personal guard for Tong Lei.

"Old Xiang!"

When he came to the room designated by Xiang Yongzhan, and saw that Xiang Yongzhan was sitting on the sofa with a big sword and golden horse, Ji Feng immediately walked over with a quick smile and shook his hand enthusiastically, "Old Xiang, great action, thanks a lot brother!"

Only then did he turn his gaze to a short-haired girl sitting next to him.

This girl was wearing a black tracksuit, about twenty-three or twenty-four years old, very tall, should be one meter seventy-four or seventy-five, although Ji Feng had superb eyes, but because the other party was sitting, he could not make an accurate judgment.

However, at a glance, Ji Feng could tell that this girl had an extremely special aura about her, she was sitting there with a straight body, completely lacking the languid feeling of other girls, instead, she made people feel that she was spirited and sharp.

However, what made Ji Feng pay more attention was the girl's expression.

Although the girl was sitting there, expressionless and without looking away, Ji Feng could still feel the other party's displeasure from her subtle expression, which seemed She had some hostility towards herself?

What is this?

A sudden feeling of power came from his hand, Ji Feng snapped back to his senses and saw Xiang Yongzhan looking at himself playfully, "Kid, finally come back to your soul? Why are you pulling my hand when you can just look at it?!"

"..... Shit!"

The hardened old man Xiang, who had always been strict and fierce and hot-blooded, would actually make such a joke?

"All right, you also stop talking nonsense, I still have things to do, can't delay here more!" Xiang Yongzhan stood up and said, "Let me introduce you to"

Swish!

The short-haired girl immediately stood up, moving ably and swiftly without the slightest hint of delay, and even after standing up, her waist was still straight and very powerful.

"Ji Feng, Han Zhen You guys get to know each other!" Xiang Yongzhan said.

"....." A few black lines appeared on Ji Feng's forehead, such a simple and direct introduction was really the first time he had seen it.

After a light cough, Ji Feng took the initiative to extend his hand and smiled, "Han really, right? Introduce yourself, my name is Ji Feng, nice to meet you!"

Han Zhen glanced at him and didn't say anything.

Xiang Yongzhan said right next to him, "Han Zhen, now that you've retired, this Mr. Ji will be your boss from now on, of course, it's up to you to decide exactly what to call him, but from now on, you'll just do what he tells you!"

Only then did Han Zhen quickly extend his hand and shake Ji Feng's, then quickly retracted it again, still not saying a word.

Ji Feng couldn't help but look at Xiang Yongzhan, what was going on, how come he found one with such a temper, how else could he be a guard?

"Han Zhen, you go outside and stand guard, I'll have a few words with Ji Feng!" Seeing this, Xiang Yongzhan couldn't help but smile bitterly and said gently to Han Zhen.

“..... Yes!” Han Zhen turned around and walked out.

“Old Xiang, you’re not, are you? I asked you to find a guard, why did you find one so reluctant?” As soon as Han Zhen went out, Ji Feng lowered his voice and asked.

“Be content brother, I told you before, it’s really not easy to find a female soldier who is about to retire and who is also overly skilled.” Xiang Yongzhan laughed bitterly, “Han Zhen is overqualified in all aspects, just a little reluctant to work as a guard for others, so bear with me.”

“Treat?”

Ji Feng laughed bitterly, “Old Xiang, according to you, when something happens, it’s not clear who will protect who, right?”

“Nonsense!”

Xiang Yongzhan immediately said, “Ji Feng, I can’t say anything else, but Han Zhen is absolutely outstanding in terms of military quality and other aspects, once you encounter a dangerous situation, she will definitely not turn a blind eye!”

“I think it’s difficult!” Ji Feng shook his head and laughed bitterly, “So what, can you change it?”

“What do you mean? Another one?” Xiang Yongzhan was instantly furious, “Kid, do you know how much effort I put into getting her retired? Ji Feng, if you don’t believe in others, how can you not believe in my vision?”

Ji Feng looked at him with a smirk, and only after a long time did he ask, “Old Xiang, since we are friends, tell the truth, this Han Zhen, what exactly is her origin? Don’t talk to me about a thousand choices or something like that, you know I won’t believe it for sure.”

If her qualities were really as good as Xiang Yongzhan said, then such a female soldier would be a treasure in the army, this guy was willing to allocate Han Zhen to be his guard?

You can’t be serious!

Obviously, there is something else going on here.

The first time Ji Feng said this, Xiang Yongzhan was a little embarrassed and laughed, “What, old brother, Han Zhen made some mistakes in the army, because a chief’s son was fussy with her, and as a result, she broke her leg, and it’s not good to stay in the army anymore, just as your side is pushing again.”

“Old Xiang, you guy is really good!” Ji Feng coldly snorted, “Even you have to call the chief, what’s that from? This girl broke someone’s son’s leg, can people not hold a grudge? You’ve now shoved Han Zhen into my place, does that count as a curse?”

“You can’t say that either!” Xiang Yongzhan laughed, “The other party is indeed somewhat influential, a deputy division chief, but I’m not afraid of him either, it’s just that if we make a scene, the impact will be bad, and people might gossip about me. It just so happens that it’s not really appropriate for Han Zhen to stay over here anymore But you can rest assured, old brother, the other party’s boldness will not dare to find trouble with you, I promise you with my personality!”

“You still have a personality?” Ji Feng snorted, “How many truths did you say you had from the time I entered until now!”

Xiang Yongzhan’s old face reddened at the remark, he just laughed twice, but didn’t argue.

Ji Feng also then saw that Xiang Yongzhan did defend this Han Zhen, and if he was right, that chief’s son, too, was definitely not just broken leg so lightly, the injury must be much heavier, that’s why Xiang Yongzhan gave Han Zhen to himself, let himself protect her in a big way, while she protected herself in actual action

“What’s the origin of that deputy division chief?” Ji Feng asked again.

“Nothing too big to come from, can barely belong to the local faction, think about it, a person in his fifties is only a deputy division chief, what can he come from? But that’s precisely why I can’t mess with him.” Xiang Yongzhan said.

Ji Feng then nodded slightly, this was true, a tz like Xiang Yongzhan who came down from above, if he didn’t have a Herculean battle achievement to pave the way, others would really reject him, so it was normal for Xiang Yongzhan to have such concerns.

After considering for a long time, Ji Feng said: “Good! I promise, and I don’t care where she comes from, but I’ll say something ugly up front, if you get into any trouble because of Han Zhen in the future, you kid don’t want to feel good!”

If the other party is just a deputy division chief, there is really nothing to worry about, even if there is some background, Ji Feng does not care, the most crucial thing is, he can see at a glance, this Han Zhen, should be a very explosive girl, if seriously cultivated, in the future will definitely be a first-class expert!

Chapter 905

After the two had talked, Xiang Yongzhan called Han Zhen back.

“Han Zhen, Ji Feng has understood your situation, so you can follow him from now on.” Xiang Yongzhan said.

Can this guy talk!

The corners of Ji Feng’s eyes jumped wildly as he listened, how this talk

The first time I heard this, I was like a pimp barking at a woman who was a virgin.

But Han Zhen looked at Ji Feng and asked, “Are you willing to accept me?”

“.....”

Ji Feng opened his mouth, not even knowing what to say, he could only nod his head, “Mm-hmm!”

“Hoo-!”

Han Zhen immediately bowed, “Thank you!”

Well, that’s normal!

Ji Feng instantly smiled, "No need for thanks, as long as you can do what I say, I'm already grateful."

Han Zhen looked at him with some surprise, but didn't say anything, just nodded slightly.

"So be it!" Seeing that Han Zhen agreed to follow Ji Feng, and that Ji Feng was also willing to take Han Zhen, Xiang Yongzhan was relieved, "I have something else to do, I'll go back first."

"Let's go together, I have to go to class too!" Ji Feng said, he suddenly remembered something else and immediately said, "Wait a minute, tell me the number and name of that deputy division commander's unit!"

Xiang Yongzhan suddenly laughed bitterly, "You kid still don't believe me, huh?"

"If you tell a few more lies, I'll believe you!" Ji Feng said with no good temper, originally when he heard Xiang Yongzhan's tone when he called, he thought he was going to give himself some super sharp soldier, but unexpectedly it was a trouble!

How come I never realized that this guy had a talent for lying before? This fooling people without even blinking an eye!

"Oh"

The first time I saw you, I was a little embarrassed and said, "We're helping each other out, this time I owe you a favor as a brother, I'll definitely return the favor when I have the chance!"

"Come on you, I'm thanking God that you're not counting on me, and I'm thanking God for the big gift I don't even dare to think about it!" Ji Feng teasingly laughed.

Xiang Yongzhan only smiled sarcastically, and did not defend. The actual fact is that you will be able to get a lot more than just a few of these.

In the end, Xiang Yongzhan still honestly said the deputy division chief's number and name, although the occasional fooling around is to enhance mutual relations, but, if at this point in time do not tell the truth, it is playing tricks, which will affect his relationship with Ji Feng.

The actual fact is that you will be able to get a lot more than just a few of these.

The fact is that the company's business is not just a business, it's a business.

In fact, although Xiang Yongzhan comes from the Xiang family and is a fish out of water in the military, in reality, in any group, there is absolutely no ironclad, and where there are interests, there are contentions.

Therefore, Xiang Yongzhan cannot just break certain rules, otherwise, the more you are a son of a family, the more you will be criticised.

It was also with this in mind that Ji Feng didn't take into account the petty tricks played by Xiang Yongzhan, otherwise, he definitely wouldn't have kept Han Zhen around even if he didn't want the guards!

"Alright, that's it!" Ji Feng waved his hand.

Xiang Yongzhan nodded and smiled, "Brother, thanks a lot!"

Ji Feng said without good humour, "Don't forget what I told you, it might be used in the next few days."

Xiang Yongzhan made an extremely specific gesture, and Ji Feng glanced at him.

"He means well!" Han Zhen said from the side.

Ji Feng was slightly stunned and then nodded slightly, "This is the sign language in the army? You know it too?"

"....." Han Zhen didn't answer.

Ji Feng couldn't help but shake his head and smile, it seemed that Han Zhen was still repulsed by himself, but the fact that she could protect Tong Lei was the most important thing.

It's just that Ji Feng was wondering, he hadn't met Han Zhen before, so why was she so repulsed by him?

When he went back, Han Zhen had already entered the role of a guard and took over from Ji Feng as the driver.

Looking at Han Zhen's pretty face without any expression, Ji Feng couldn't help but ask, "Han Zhen, don't you need to bring any luggage?"

"No need!"

Han Zhen said, "I don't have any luggage, and If I can't adapt to working at your place, I'll leave, and it's useless to bring luggage."

Ji Feng was instantly choked, in that case, it was not certain whether this Han Zhen would be Tong Lei's escort or not?

He couldn't help but secretly shake his head, what kind of thing did Xiang Yongzhan run!

.....

Watching Ji Feng and the two of them drive away, Xiang Yongzhan couldn't help but shake his head and sigh softly, "Han Zhen this girl is good at everything, just a bit stubborn, I hope she can stay by Ji Feng's side, this is a good ending for her"

Han Zhen's situation was naturally very clear to Xiang Yongzhan.

This girl was straightforward in nature and would show everything on her face, not knowing how to hide it at all. But it happened that she was also very pretty, which doomed her to be constantly harassed.

Although the army is relatively clean compared to society, there are always some scum types no matter where you are, and the army is no exception. Han Zhen, being the nature that she is, is often harassed in the army, but she doesn't take it lying down and resists very fiercely.

It was for this reason that some trouble was caused.

If it wasn't for Xiang Yongzhan's mediation in this, I'm afraid Han Zhen would have been in a military prison by now!

Now she can follow Ji Feng, definitely better than in the army development, Ji Feng's energy Xiang Yongzhan is aware of, follow Ji Feng, at least Han Zhen and her family's life, certainly will not have any problems.

It is believed that Ji Feng, even for the sake of his Xiang Yongzhan, will not treat Han Zhen badly, and this is enough.

In fact, this should be the best arrangement for Han Zhen.

Although with Xiang Yongzhan's status and energy, he could arrange a very easy job for her, but Xiang Yongzhan knows Han Zhen's character very well, she should not accept his arrangement, moreover, even if she accepts the arrangement, I am afraid it is difficult for her to get along with other people at the same time.

Moreover, once he had arranged a job for her once, she would definitely not accept a second arrangement.

It was because of this that Xiang Yongzhan arranged for Han Zhen to be by Ji Feng's side, hoping that Ji Feng could take care of Han Zhen, and Han Zhen could also protect Ji Feng, which was a two-for-one thing.

Now Xiang Yongzhan is most worried that Han Zhen, because of his straightforward temper and stubborn nature, might not get along with Ji Feng and end up being sent back by Ji Feng, which would be a headache.

After thinking about it, Xiang Yongzhan still took out his mobile phone and sent a text message with Ji Feng: "Brother, this time I owe you, consider it a favor to me, Han Zhen is the sister of one of my comrades, that comrade is no longer"

After sending this text message, Xiang Yongzhan could not help but sigh, I really hope Ji Feng Han Zhen can get along well with Ji Feng, so that his own peace of mind ah.

The actual fact is that you will be able to get a lot more than just a few of these.

The most important thing is, Xiang Yongzhan heart is also a little embarrassed, the military barracks in the excellent soldier but a lot, but they are handed to Ji Feng such a stubborn character, he more or less some shame to Ji Feng feeling, or turned off the phone, save embarrassment.

.....

"Hmm?"

Ji Feng finished reading the text message, could not help but secretly shake his head, no wonder Xiang Yongzhan would arrange such a girl to himself, it turns out that there is such an inside story.

The first thing is, if Xiang Yongzhan wanted to arrange a person, it would be a simple matter of raising his hand, right?

The first thing you need to do is to get to know the relationship between Xiang Yongzhan and Han Zhen.

The fact that Han Zhen's brother and Xiang Yongzhan must have been lifelong comrades is why this kid Xiang Yongzhan is so interested in Han Zhen's affairs, not what he thought before, what day-to-day love.

The kind of love between comrades is hard to understand for those who have not been in the military, especially the kind of comradeship that is cultivated on the battlefield.

You know, on a battlefield where life and death are at stake, comrades are comfortable giving their backs to their comrades, and this kind of trust alone is almost impossible to see in society, let alone the kind of gaijin love that can take a bullet for a comrade!

Just take the kind of comradeship between Master Tang and his grandfather, for example, or the love between Master Tie and his grandfather, for example.

It has been said that there are four great irons in the fire between people, what with having carried a gun together, having stood guard together and having been a prostitute together Among them, the affection between comrades occupies a large part.

The actual fact is that you can find a lot of people who have been in the business for a long time.

After a few moments of deliberation, Ji Feng casually pulled out Xiang Yongzhan's number and dialed it, but what he heard was a beep from the help desk, "The number you have dialed is switched off"

Ji Feng couldn't help but be secretly happy, this kid is embarrassed?

The next, Ji Feng did not immediately take Han Zhen back to school, it can be seen, Han Zhen for their own or some rejection, in this case, Ji Feng naturally will not just put Han Zhen directly on the side of Tong Lei, always let her at ease down, in order to protect Tong Lei.

Therefore, Ji Feng let Han Zhen drive the car directly back to the villa, intending to speak clearly to Han Zhen first before letting her decide whether to stay or go.

If Han Zhen's heart was unsettled, it wouldn't be too good to keep her around forcibly.

However, when Han Zhen saw the villa where Ji Feng lived, her pretty face instantly fell a bit, and although she didn't show it too obviously, the meaning of her displeasure was very clear.

Ji Feng also did not care, just let Han Zhen sit on the sofa in the living room, while he sat opposite, said seriously and earnestly: "Han Zhen, since you have already retired, then, to my place should belong to the employment system, but, before talking about more specific things, I want to say some words first, after listening to me, whether to leave or stay, are all at your disposal, what do you think? What do you think?"

Chapter 906

Han Zhen had a certain rejection of coming here as a guard.

This was something that Ji Feng could see at a glance.

Therefore, before Han Zhen formally enters into work, Ji Feng must make it clear, so as not to work for a period of time before Han Zhen suddenly says he wants to leave, which is not good, on the one hand, it

is not good to say in Xiang Yongzhan, on the other hand, for Tong Lei, she has just gotten used to having a guard around her, but suddenly the guard leaves again, she will not adapt, and her safety is not guaranteed.

This was a situation that Ji Feng was definitely not willing to see.

The enemies hiding around now might use this opportunity to do something harmful to Tong Lei.

You know, ever since Ji Feng received that threatening phone call from the Boundary Canopy area years ago, the other side had never made a single move, which made Ji Feng feel very abnormal, the calmer it was, the greater the danger might be brewing, so Ji Feng had always kept an extremely high level of vigilance.

Now that he had arranged guards for Tong Lei, he naturally had to try to be the most secure.

If Han Zhen is not willing to stay, Ji Feng will naturally not stop her, it is better for her to leave now than later.

If it's not possible, we can simply go north to Yanjing, find our younger uncle and find a way to get a female guard for Tong Lei from him.

The fact is that the company's security is not a matter of concern to others.

The fact is that I'm using my power for personal gain for the sake of my wife, so what the hell!

Of course, that is in the last resort, as of now, Ji Feng still decided to talk to Han Zhen well now.

"Go ahead!" Han Zhen's tone was cold, and it looked like she hadn't changed much because of Ji Feng's seriousness, and was still repulsed by the arrangement.

"Alright then! The first thing I have to explain to you is that I already have a personal guard at home, but that guard is protecting one of my girlfriends, and you, on the other hand, will be in charge of protecting my other girlfriend."

For Han Zhen's coldness, Ji Feng didn't mind, but nodded slightly and continued, "..... To put it simply, I have two girlfriends and also enemies hiding in the shadows, and those enemies, may be detrimental to my girlfriends, so they need someone to protect them, and that is why you are here."

Even after hearing that Ji Feng had two girlfriends, Han Zhen was only slightly taken aback for a moment before nodding his head slightly.

"Since we are here with me now, then we are all family, I don't have the vice of looking at guards as if they were underlings, and of course, whether it's guards or any other service staff, I don't look at people with tinted glasses, although we don't have any other service staff in our house right now!"

Ji Feng said, "So about that you don't have to worry at all, you've decided that you won't be aggrieved here."

Han Zhen nodded slightly and gave Ji Feng a look, but still didn't say anything.

Ji Feng continued, "Although I have two girlfriends, I don't think I'm a womanizer, so you don't have to worry about anything else at all."

He had to make all these circumstances clear, or at least, he couldn't let Han Zhen mistakenly think that he was a playboy just because of the fact that he had two girlfriends, which would undoubtedly drive her away.

"Another thing is that my enemy is very powerful and the other side is hiding in the shadows, you as my girlfriend's guard may face great pressure in the future and may even be in danger." Ji Feng added, "Other than that, it's also the issue of your treatment, but I don't think you'll take this too seriously, and we'll talk about treatment when you decide to stay."

Han Zhen was silent for a moment before saying, "Since Big Brother Xiang has arranged for me to come here, there's no problem with being your girlfriend's escort. However, I also have something to say up front, other than protecting your girlfriend's safety, you are not allowed to order me to do anything. Also, I will refuse anything that I think is unreasonable!"

"In that case, you are agreeing to stay?" Ji Feng asked.

"As long as you can agree to these conditions I've put forward, I'll stay!" Han Zhen said.

Ji Feng instantly smiled, "Of course it's no problem, I only asked you to come here to protect my girlfriend, not to hire you as a fighter, if you think there's anything unreasonable, of course you can refuse."

"Okay then, I promise to stay!" Han Zhen said immediately.

"That's great, now, let's talk about your treatment aspect!" Ji Feng nodded slightly and smiled, "I want to know, what are your requirements for treatment? For example, how much is the salary, or what other benefits there are or anything like that, but any questions you have, you can ask"

"I want eight, eight thousand a month!" When it comes to the issue of treatment, a rare hint of embarrassment and unnaturalness appeared on Han Zhen's face, "Also, clothing, food, housing and transportation are all to be paid by you, that's all for now"

At the end of the sentence, Han Zhen's voice lowered.

"Eight thousand dollars a month?" Ji Feng was stunned and subconsciously asked a question back, "Is that all?"

Han Zhen's big eyes flashed and she looked embarrassed, but still gritted her teeth and said, "No, that's right, I won't stay for anything less than eight thousand dollars a month!"

Ji Feng was instantly amused by her resolute look, he suddenly felt that this girl, who looked a year or two older than himself, was really innocent, at least, she knew very little about some things in society.

In terms of current prices, if you want to find a decent bodyguard in Jiangzhou, you need five to six thousand dollars a month, and the slightly better ones cost seven to eight thousand dollars a month, while elites in the army like Han Zhen, some bosses who are concerned about their own safety, are willing to pay even tens of thousands of dollars a month!

The fact that Han Zhen opened his mouth and asked for 8,000 yuan a month is an out-and-out stance, obviously in her opinion this 8,000 yuan a month is already a lot.

“Han Zhen, is there any difficulty in your family?” Ji Feng did not answer her immediately, but asked. In his opinion, if he could make such a girl who was cold to him open her mouth to ask for money, there must be an important use for it, otherwise, with her character, she would definitely not ask for it.

“You don’t need to ask that, anyway, I just want to know, will you agree to my terms?” Han Zhen asked.

When Ji Feng shook his head slightly, Han Zhen’s expression went down coldly, and he put his hands on his knees, about to get up. Obviously, since Ji Feng did not agree, then she was going to leave.

“Ten thousand!”

Ji Feng suddenly laughed, “Make it a whole number!”

“What?” Han Zhen was stunned.

Ji Feng laughed, “I mean, eight thousand is too little, let’s just make it ten thousand per month, of course, compared to the current situation in Jiangzhou, ten thousand is actually less, but since I’m not that capable yet, I can only give you ten thousand a month for now.”

“Really?” Han Zhen looked at Ji Feng with some confusion, he should have pressed the price downwards, why did he still take the initiative to raise the price upwards? Was there too much money to spend? Then why did he say he didn’t have such a big capacity now Still a bit confused.

“Huh” Ji Feng was amused by her puzzled look, it was obvious that this was definitely an innocent girl, and Ji Feng’s impression of her turned a lot better again.

“Of course it’s true, it’s tentatively set at 10,000 a month, that’s your salary. Other than that, any expenses you have here are on me, just like you said, food, clothing, housing, transportation, etc. etc., all on me, is that okay?” Ji Feng asked with a smile.

10,000 a month was really not high by Jiangzhou standards, but, Ji Feng was not a rotten person, at least, he had to get a clear picture of Han Zhen’s heart and temper before he could decide how to use her. Therefore, when he spoke, he deliberately added two words – “tentative”.

“Do you have any other requests?” Ji Feng asked again.

“No, nothing more!” Han Zhen shook his head repeatedly, “You’ve agreed to all my requests, so I have no other requests.”

Ten thousand yuan, Han Zhen didn’t even dare to think about it, originally she thought eight thousand yuan was already very high, but unexpectedly Ji Feng opened his mouth and promised a monthly salary of ten thousand yuan, which was more or less a surprise to Han Zhen, really because she needed the money very much.

“I have one more condition!” Han Zhen suddenly said, “Although I need money, but, I won’t do things I don’t want to do just because of money, otherwise, I will still leave!”

“Of course, everything we agreed before is still valid.” Ji Feng nodded and smiled.

Only then did Han Zhen nod in satisfaction, and stopped talking.

Up to here, Han Zhen was considered to have truly stayed, but of course, as to whether she would stay here for a long time, it would still depend on whether the performance of both parties would satisfy each other in the future. If this job made Han Zhen feel uncomfortable, she would also leave, while if Han Zhen's performance did not satisfy Ji Feng, then he would not continue to let Han Zhen continue to be Tong Lei's escort.

At this time, both Ji Feng and Han Zhen, who still had a try-it attitude, were still not confident enough to continue in the future.

The outsiders would not have expected that Han Zhen, who was one of the three most loyal guards beside Ji Feng, would stay by Ji Feng's side in such a contract-like manner at the beginning.

To put it mildly, it was quite dramatic.

.....

The first thing you need to do is to find a way to get a place in the university, and then you can choose the same major and the same class as Tong Lei.

Of course, this is all in accordance with the normal process to handle, looking for the old headmaster, only to be more convenient, but the intermediate process is not saved, Ji Feng naturally will not take the initiative to break the rules of the school Except for skipping classes!

After doing this, Ji Feng only called Zhang Lei: "Lei Zi, it's time for your second uncle to check the whereabouts of those people from the Zheng family"

Chapter 907

"Whew-!"

Looking ahead at the family compound of the Jiangzhou Municipal Bureau, Rong Suyan sat in the car and said, "Old Wang, I'll just go up alone, you guys wait for me in the car!"

Wang Shuosheng, who was sitting in the passenger seat, nodded and said, "General manager, it's a bit dark, you should be careful!"

"I will!"

Rong Suyan stepped down from the car and said to the young driver who was driving, "Park the car at the roadside, wait here for me to come back, if you are tired, you can take a nap."

Because after Rong Baogang's incident came out, those guards around her were all taken away, and Rong Suyan could only count on transferring a bodyguard from the company. But because this bodyguard did not understand some of her habits, she could only give one more admonition.

"Yes!" The bodyguard nodded his head.

Only then did Rong Suyan turn around, and after accepting the registration from the gatekeeper, did she then walk into the family courtyard of the Municipal Bureau.

Looking at Rong Suyan walking quickly, Wang Shousheng, who was sitting in the car, could not help but shake his head slightly, the general manager was afraid that this time, he would return without success, and might even have a closed door.

He knew very well that ever since the matter of Rong Baogang came out, the general manager had gone to see the head of the Jiangzhou Municipal Bureau three or five times, especially Zheng Yuanshan, the deputy director in charge of the case, and Rong Suyan had even visited him several times.

However, each time, she was unable to get a satisfactory answer.

First, Zheng suggested that Rong Suyan should hire a lawyer to defend Rong Baogang, and then said that according to Rong Baogang's guilty plea, he could consider asking the court for mercy, but other than that, there was no more progress. Especially when it comes to matters of principle, Zheng Wonsan doesn't even mention it!

"Hoo~~!"

Arriving in front of the family courtyard dormitory building, Rong Suyan could not help but take a deep breath, but her heart was somewhat apprehensive.

Before this, Rong Suyan had thought of all the ways she could think of, and she even held back her displeasure and personally called her cousin Zheng Yuxiu, asking her to find a way to help Rong Baogang out, but to no avail.

The actual fact is that you can find a lot of people who have been inquiring about the home address of Zheng Yuanshan.

.....

The first time I saw this, I was very nervous, but at Zheng Yuanshan's home, it was a different scene.

"Dad, I was wrong"

In the living room, Zhang Bin looked at his father carefully, his head still bandaged, looking comical, "I'll never go to meet those people again, and I won't drink anymore"

Zheng Yuanshan couldn't help but coldly snort, "Don't ah, don't drink or fight, where can you show that you are capable ah, it doesn't matter, keep fighting and keep drinking!"

Zhang Bin was so scared that he didn't dare to speak, he just looked at his mother with bewildered eyes, hoping she could help him plead for mercy.

"Old Zheng, Xiao Bin has just been discharged from the hospital, so you should stop reprimanding him." Zheng Yuanshan's wife couldn't bear to look past it, her son had been beaten outside and was still being reprimanded at home, she couldn't help but feel a bit distressed.

"Yes, dad, it's better to let Xiao Bin rest first, let's talk about anything later." Next to her, Zhang Yun, the eldest daughter, was also helping her brother, although her father was very strict with him, he was very gentle with her, so she wasn't too scared.

“You guys ah” Zheng Yuanshan shook his head in anger and glared at his son, “Now if you dare to do that again, see if I don’t break your legs!”

“No more, no more!” Zhang Bin hurriedly said.

Only then did Zheng Yuanshan’s face ease a bit and said, “Go and rest, get up early tomorrow and go to class!”

“Hey!”

Zhang Bin was instantly happy in his heart and was about to go back.

Just then, a knock on the door suddenly sounded, “Knock, knock, knock!”

Zhang Bin immediately ran to open the door, only to see an unfamiliar woman standing outside the door, he couldn’t help but ask, “Excuse me, who are you looking for?”

“I’m looking for Director Zheng, I wonder if he’s in?” The woman said.

“May I ask what you are looking for my father?” Zhang Bin asked.

“It’s a bit of business.” The woman smiled.

Zhang Bin glanced back and when he saw his father nodding slightly, he then stepped aside and said, “My father is at home, please come in.”

The woman then said thank you and walked in, just in time to see Zheng Yuanshan sitting on the sofa, she immediately smiled and said, “Director Zheng, I’m here to disturb you again at this late hour, please forgive me!”

“Chief Rong?” Zheng Yuanshan was stunned for a moment, then he smiled, “Please have a seat!”

This woman, was none other than Rong Suyan.

“Director Zheng, your son is, injured?” Rong Suyan looked at the gauze on Zhang Bin’s head and could not help but ask.

As soon as this was mentioned, Zheng Yuanshan’s face became somewhat unattractive as he gave a faint hmph, “Yes, the kid didn’t learn to be good and learned to drink with others outside, and as a result, he was beaten up.”

Next to him, Zhang Yun poured a glass of water for Rong Suyan, “Please have some water.”

“Thank you!” Rong Suyan smiled faintly and laughed lightly again, “Director Zheng doesn’t need to be angry, in fact, children fight, it’s all common, I see that when your son grows up, he will definitely become a great man, like father, like son!”

“Oh” Zheng Yuanshan laughed and waved his hand, “Whether he will become a great man or not I don’t know, however, if this continues, this child may not even dare to go to school.”

“Oh?”

Rong Suyan couldn’t help but be stunned, “Where did Chief Zheng say that from?”

Although she was happy to chat with Zheng Yuanshan to improve the relationship between them, she was surprised that Zheng Yuanshan would say this.

Zheng Yuanshan shook his head and said, "Alas, how can I say this, I am in the business of offending people. A few days ago, someone from the Zheng family in Yanjing came to order me to do something, and I was really embarrassed.

"What?!"

Rong Suyan's face changed dramatically and she looked at Zheng Yuanshan with shock and anger: "Director Zheng, what you said is all true?"

Zheng Yuanshan immediately frowned.

Only then did Rong Suyan realize that she had said the wrong thing, and she hurriedly said, "Don't misunderstand, Director Zheng, I don't disbelieve your words, it's just that this matter Director Zheng, I've taken the liberty of visiting tonight, so I hope you'll forgive me for the many interruptions."

She stood up at once and said, "Director Zheng, it is already late, so I will not bother you and come back to visit you another day."

"Good then, I won't keep you either, take care of yourself, General Manager Rong." Zheng Yuanshan smiled and nodded his head.

Looking at Rong Suyan's back as she hurriedly left, Zhang Yun couldn't help but be a little puzzled, this woman had obviously come to see her father so late, but after her father had said those few words, she was in such a hurry to leave, it was really strange.

Mrs. Zheng from the kitchen came out and watched Zheng Yuanshan close the door, she couldn't help but hum: "This woman surnamed Rong still has the nerve to come? What a beating our little Bin has taken!"

Zhang Yun was stunned, Xiao Bin had been beaten up in connection with that woman just now?

She couldn't help but secretly hum, thanks to the fact that she had just poured water for her, if she had known, she wouldn't even be allowed to sit down!

And at this time, Rong Suyan was furious to the extreme.

"Zheng Yuxiu! What a good Zheng Yuxiu!" Rong Suyan clenched her silver teeth and walked out of the family courtyard of the Municipal Bureau with quick steps, the anger in her heart almost uncontrollable.

She gritted her silver teeth as a thick wave of anger erupted from her chest. She herself had pulled down her face and asked Zheng Yuxiu to help facilitate relations, hoping to get Xiao Bin sentenced to as few years as possible. But she would never have predicted, no matter what, that Zheng Yuxiu would actually dare to do such a thing behind her back!

Listen to what Zheng Yuanshan said, the Zheng family ordered him to do something, he didn't agree, and as a result, the Zheng family beat up Zheng Yuanshan's son!

What a majestic thing to do!

Someone from the Zheng family beat up Zheng Yuanshan's son, that's like cutting off Rong Baogang's life!

"This is my cousin, you are really my good sister"

Bang!

Rong Suyan returned to the car and said in a deep voice, "Let's go back!"

"General manager, is something wrong?" Seeing Rong Suyan's gloomy face, Wang Shuosheng couldn't help but ask with concern, "Director Zheng didn't say yes?"

"He may never say yes!"

Rong Suyan sat on the back seat, rubbing her forehead with both hands, hatred rising in her heart, damn the Zheng family, Zheng Yuxiu!

.....

It was just before 7pm and Ji Feng was at home preparing for dinner.

The reason for this is that Han Zhen and Tong Lei are more or less similar in character and both don't like to talk much.

The problem is that Tong Lei herself is cold, so it's not surprising that she doesn't like to talk.

But Han Zhen is different, she doesn't like to talk, but she just doesn't like to talk to Ji Feng. Normally, while she was doing her job as a guard, she was still talking and laughing with Xiao Yuxuan and the others, but as soon as she saw Ji Feng, she suddenly shut up and her pretty face sank, expressionless.

Even when they were with Tong Lei, they were able to say a few words and appeared to have a good relationship, but only when they were facing Ji Feng, it was much different.

This made Ji Feng helpless, he asked himself that he really hadn't done anything bad, but how come Han Zhen disliked himself so much? Could it be that he and she were really born to be at odds?

It had been two days, and Han Zhen hadn't said a word to Ji Feng.

However, she didn't talk to Ji Feng, but Ji Feng had to take the initiative to find her.

Taking out a bank card from his pocket, Ji Feng smiled and pushed it in front of Han Zhen, saying, "Han Zhen, this card was made with your ID card, it's considered your salary card, it contains your salary for a year!"

"Ah!"

Han Zhen was stunned and immediately shook his head, "I, I can't ask for that much"

"You ah, just take it, this one of our family, is a big young master, there is plenty of money in his hand!" Xiao Yuxuan flirted with Ji Feng, also let Han Zhen can not be good to push back anymore, can only accept the bank card, whispered: "Thank you!"

How rare!

Ji Feng couldn't help but shake his head and lose his smile, to be able to get a thank you from Han Zhen, that was really not easy.

"Alright, Zhen Zhen, hurry up and put the bank card away, let's eat!" Xiao Yuxuan laughed.

"Ding"

Just at this moment, Ji Feng's mobile phone suddenly rang.

Chapter 908

Ji Feng picked up the phone and saw that the call was from Zhang Lei.

"Hey, Lei Zi, what's up?" Ji Feng picked up the phone and asked with a smile.

"Crazy, just now my second uncle called and asked us to go to a clubhouse in the west of the city to have some fun!" Zhang Lei said with a heated smile, "Call someone, get ready to make a move!"

Ji Feng instantly laughed, "Good, finally here, no problem, I'll be right over!"

"You can hurry up, I'll go straight from the school, if you go late, in case I can't control my anger and directly fuck those bastards, it'll be a problem then." Zhang Lei laughed heatedly.

Ji Feng was dumbfounded and laughed: "Since you kid know it's not good to do that, then just restrain yourself!"

"I'll try to be patient, you hurry up!" Zhang Lei said.

"I'll do it as soon as I can!" Ji Feng laughed.

Hanging up the phone, he turned his head to look at Han Zhen and said, "Han Zhen, there's something I need your help with, help me transfer a few people I think Xiang Yongzhan has already arranged for you, right?"

"Yes!" Han Zhen answered, seeing how she answered so crisply, obviously Xiang Yongzhan had already explained to her before!

"Good then, you immediately transfer a few people and rush to a clubhouse in the west of the city, this is the address" Ji Feng gave Han Zhen the address he had casually written down, he wouldn't forget it if he took a look at it himself, there was no need to take the address to find the place.

"Yes!" Han Zhen immediately nodded his head.

"Why are you going out again?" Xiao Yuxuan asked.

Tong Lei also twinkled her beautiful eyes and asked, "How come you have to transfer manpower to go out?"

Ji Feng laughed, "Don't worry, it's just to clean up a few little ruffians, I won't do anything, and as you know, Rei Rei, the target is those few guys from the Zheng family."

"Oh!"

Tong Lei then understood that Ji Feng was going to help his second uncle and cousin out, "Then you should be careful, those fops don't even know how light they are when they move their hands, it doesn't matter if you teach them a lesson or not, don't get hurt yourself, and tell my brother to be careful too!"

Ji Feng patted her tender white face and laughed: "Don't worry, even those reformers are no match for me, a few little ruffians can't hurt me even less Okay, I'm leaving!"

He leaned over and gave Tong Lei and Xiao Yuxuan a kiss on their foreheads respectively before striding out the door, followed by Han Zhen, who followed suit.

.....

At the temporary residence of Rong Peng Group's Jiangzhou office, Rong Suyan was holding back her anger and talking to her cousin on the phone.

"Yuxiu, I heard that Director Zheng's son was beaten up, do you know what happened?" Rong Suyan forced her anger and calmed her voice down, however, once she remembered what Zheng Yuxiu had done, Rong Suyan could not help but be furious, her face shaking a little in anger.

Zheng Yuxiu ah Zheng Yuxiu, this good sister of her own, really did a heavenly good thing for herself, gave herself a big surprise!

"What? Which Chief Zheng?" The Zheng Yuxiu on the phone seemed confused, not understanding what Rong Suyan meant by that.

Rong Suyan's anger instantly rose and she said in a deep voice, "Zheng Yuxiu, don't pretend to be confused with me, I asked you to help me get through Zheng Wonsan's side, but your family's actually beat up Zheng Wonsan's son! How dare you say you didn't know?"

"There's actually such a thing?" Zheng Yuxiu was also enraged at once, "It must be those boys who did it! Cousin, don't be angry, I really didn't know about this, don't worry, I will reprimand those bastards severely later."

Hearing Zheng Yuxiu speak so easily, Rong Suyan's face sank like water, her chest was violently bullying, obviously being furious.

She just couldn't believe that without Zheng Yuxiu's nod, those brats from the Zheng family would dare to beat up the son of the deputy director of the Jiangzhou Municipal Bureau? What a joke!

This Zheng Yuxiu is clearly treating himself as a fool!

Or The first thing you need to do is to get rid of the problem.

The more she thought about it, the more likely she felt that Zheng Yuxiu was trying to do this? What was Zheng Yuxiu trying to do?

Did she hate herself that much?

"Now that your family has beaten up Zheng Yuanshan's son, it's impossible to say that people don't have pimples in their hearts, what do you think we should do next!" Rong Suyan asked in a deep voice.

Zheng Yuxiu said, "Cousin, don't worry, I will continue to follow up on my side, if it's not possible, then I will personally go to Zheng Yuanshan to beg him, they are all members of the old Zheng family, he can still disregard this kind of affection? Cousin, Bao Gang is also my brother, how could I possibly see him go to jail, don't you think so?"

"Then, good, your side of the family will hurry up and operate, and I will continue to work on this side, if it really doesn't work, I will look for Zhihe." Rong Suyan said in a deep voice.

"Cousin, don't, Zhihe is also burnt out right now, if we bother him again, he won't be able to make an effort, it's better for the two of us to make an effort!" Zheng Yuxiu hurriedly said.

"Alright then, that's it for now." Rong Suyan finished speaking and hung up the phone straight away, her face dreadfully gloomy.

"Ugh"

Rong Suyan rubbed her temples, casually pulled out a lady's cigarette from the side, lit it and slowly smoked it, behind that lingering smoke, it was her eyes that were flashing with anger.

"Zheng Yuxiu" Rong Suyan secretly snorted coldly, "You're doing a hell of a job!"

Ever since she figured out some of the problems, Rong Suyan has been able to understand everything at once.

From the beginning to the end of this matter, Zheng Yuxiu did not play a good role in it, but on the contrary, she definitely played a role in the middle!

In fact, if you think about it carefully, it is not difficult to understand this matter.

The relationship between Zheng Yuanshan and the Yanjing Zheng family, Rong Suyan had heard Zheng Yuxiu talk about it, she was not too clear about the details, but one thing was clear, that is, Zheng Yuanshan's relationship with the Yanjing Zheng family was definitely not too good.

Under such circumstances, Zheng Yuanshan only maintained a certain relationship with the Zheng family for the sake of the only family ties he had, or rather for the sake of his elder brother and mother.

And Rong Suyan really does not have any doorways, although she is worth hundreds of millions of dollars and can be said to be calling the shots in Southern Guangdong, but this is Jiangzhou, where she really does not have any connections that she can drag.

Therefore, after a few closed doors, Rong Suyan could only set her sights on Zheng Yuxiu, hoping that she or someone from the Zheng family could come forward to beg Zheng Yuanshan to make him do something, or at least, let her brother Bao Gang get a few years less.

But Rong Suyan did not expect that Zheng Yuxiu had indeed made contact with Zheng Yuanshan, but her intention was not to save Rong Baogang, but to harm him!

This no longer needs to be suspected, Rong Suyan can already be sure that Zheng Yuxiu must have deliberately wanted to harm Rong Baogang, as for the reason Thinking about her relationship with her, Rong Suyan also understood everything.

“A good Zheng Yuxiu ah!” Rong Suyan couldn’t help but shake her head slightly, the cold light in her beautiful eyes flashed, she stubbed out her cigarette in the ashtray and secretly snorted coldly, “This time, I’ll sort of take note of it! In the future, I’ll pay you back a hundred times over!”

However, no matter what happened in the future, Rong Baogang did not have any chance now.

This is the first time I’ve ever seen a man like you, and I’m not sure what you’re talking about.

..... can do nothing but leave Rong Baogang to his fate!

After thinking about it, Rong Suyan still picked up the phone and dialed a number: “..... Zhihe, it’s me, Suyan Are you in the northwest? Oh, it’s nothing, just asking about you, yes, I’ll hang up now then!”

Hanging up the phone, Rong Suyan couldn’t help but sigh, this time, it seems that Bao Gang’s jail time is set!

However, things couldn’t just be left like that!

“Knock, knock, knock!” A knock on the door suddenly sounded, “General Manager, it’s me.”

Outside the door, came Wang Shuosheng’s voice.

“Come in, the door is unlocked.” Rong Suyan said.

Wang Shuosheng pushed the door in and said slightly respectfully, “General manager, I’ve found out everything you asked me to check, those few people from the Zheng family gather every once in a while, today happens to be the day of their gathering again, I’ve shot all the bodyguards out and followed them to a clubhouse in the west of the city

Rong Suyan instantly lit up, “Good! Take all the bodyguards and go meet them!”

Wang Shuosheng was a bit hesitant and said hesitantly, “General manager, why don’t you just let the people below you handle this, why do you need to take the risk!”

“No, I have to go myself!” Rong Suyan said, “They have caused Baogang no room for manoeuvre, how can I let them off so easily? There’s no need to say more, let’s go!”

.....

On the roadside outside a clubhouse in the west of the city, there were two cars parked, one of which, was none other than Ji Feng’s x6, and he, along with Zhang Lei and Han Zhen, were sitting in it.

“Is this the clubhouse?” Ji Feng looked at a clubhouse with flashing lights in front of him and turned his head to ask.

“That’s right, this is the place, I’ve just gone in to see, and those boys are here.” Zhang Lei snorted coldly, “I heard Xiao Bin say that when he was beaten up, it seems that he came to this clubhouse, damn it! How they beat up Xiao Bin, I’ll let them fall in this time!”

“This is where Zhang Bin was beaten up?” Ji Feng was stunned.

Zhang Lei nodded slightly and said, “It seems like it, I didn’t ask for specifics, but according to the address and the name of the clubhouse that Xiao Bin said, it should be here.”

“It looks like those little brats from the Zheng family should really like coming here.” Ji Feng laughed.

“Those guys are all students from a few nearby universities, this clubhouse is closer to their schools, so it’s not surprising that they come here often!” Zhang Lei hummed, “Speaking of which, if they didn’t come here often to party, it wouldn’t be easy to block them all in here!”

Ji Feng nodded and said, “Alright then, we’ll wait here for them to come out, as soon as we see them, Lei Zi, you go over and casually create some simple rushes to draw them into action!”

“Don’t worry, those bastards can’t do anything else, bullying is definitely their strong point, if they see me alone, a little provocation and they’ll definitely make a move.” Zhang Lei said.

Chapter 909

The fact that these family members may not be able to do anything else, but when it comes to bullying others, I’m afraid no one is better than them, especially if these families have a big background, but they themselves have not gone through many storms, it is even more so.

Even if you go along with them at all times, they might find fault with you, let alone deliberately messing with them.

“Eh?”

Ji Feng’s gaze swept over the entrance of the clubhouse, but he suddenly saw a rather familiar figure, it was actually Rong Suyan!

“Why is she here?” Ji Feng saw Rong Suyan standing outside the door, saying something to a few people, and he couldn’t help but be a little puzzled, “Could it be that she’s here to meet those people from the Zheng family?”

Seeing Rong Suyan, Ji Feng was quite surprised.

However, when he saw Rong Suyan waving her hand to a few young people around her, then those few people nodded and turned to go into the clubhouse, while Rong Suyan and Wang Shuosheng, who was next to her, turned back to the car again, but did not leave immediately, Ji Feng became even more puzzled.

“How” Ji Feng couldn’t help but frown slightly and secretly said, “Didn’t she come to see those guys from the Zheng family? How come it looks more like she’s here to conspire about something?”

Seeing her men enter the clubhouse in an aggressive manner, Ji Feng couldn’t help but be more sure of his suspicions, this time Rong Suyan came here, I’m afraid she didn’t come here to drink and chat with the Zheng family’s guys, most likely she came to take revenge on them!

After thinking about the events before and after, Ji Feng suddenly realized that, needless to say, Rong Suyan must have come for a bad reason this time!

It was obvious that Rong Suyan had come to Jiangzhou to save her brother Rong Baogang, and she had approached Xu Yuan to settle with Xiao’s Pharmaceutical Factory.

She promised her, so the trouble on Xiao’s Pharmaceutical Factory’s side was resolved.

However, what remained was Zheng Yuanshan's side, and one had to know that Zheng Yuanshan's opinion was very important in how this case would be handled.

In this case, Rong Suyan would never not go to Zheng Yuanshan!

As for what happened in the end, Ji Feng did not know, but one thing was clear to him: the Zheng family's people went to Zheng Yuanshan a few days ago, and it should be about Rong Suyan's brother, Rong Baogang.

Only, the Zheng family's people were too arrogant and did not put Zheng Yuanshan in their eyes at all, and even when the matter was not completed, the Zheng family's people even beat up Zheng Yuanshan's son, Zhang Bin.

This was undoubtedly a way to cut off Rong Baogang's back!

Just ask, under such circumstances, how could Rong Suyan not be angry?

Then, it would be reasonable and logical for her to come over in a rage today to settle accounts with these junior members of the Zheng family, and it could be said that it was a logical thing to do.

It's not enough that you guys failed to help, but you actually beat up Chief Zheng's son, isn't this indirectly framing Rong Baogang?

In that case, it seems that there is a rift between Rong Suyan and the Zheng family, otherwise, Rong Suyan shouldn't have come to find trouble with the Zheng family's few junior characters!

If she wanted to find them, she should have gone to settle the score with her Zheng Yuxiu, who she didn't know whether she was a cousin or not.

But now she had come over, so Ji Feng immediately came to a conclusion.

He couldn't help but shake his head and smile, this evening was really lively ah, originally he was planning to let Zhang Lei go as bait, forcing those people from the Zheng family to make a move with him, then let the military people go over as persuaders, failing to persuade the fight, then take all the people to the barracks, Zhang Lei was 'taking the opportunity to run away', everything was logical!

However, it is unexpected that Rong Suyan suddenly appeared, and also came from a bad place, this time Hey!

"It seems that this time Rong Baogang's case has really caused a lot of damage to the Wu family." Ji Feng couldn't help but smile darkly, first the boss of the Wu family was sniped because of his own incorrect standing, and if nothing too unexpected happened, I'm afraid his political life would have ended there.

Now there was the rift, one might even say conflict, between the Rong and Zheng families!

They've got an internal conflict and an external sniping, hey, this time it's a heavy loss!

"Lei Zi, maybe you don't have to do anything today." Ji Feng said with a faint smile.

"How so?" Zhang Lei was slightly stunned, then immediately said, "Crazy, you don't want to take action yourself, do you? You can't leave me behind, or we'll do it together, I've wanted to beat up those bastards for a long time."

“No need for me!”

Ji Feng shook his head and laughed, “See that car in front of you, those sitting in that car are most likely the Zheng family’s enemies, they should be here to settle scores with those Zheng family boys. I’m afraid that someone else will take over your task.”

“Such a coincidence?”

Zhang Lei couldn’t help but be stunned, “Then wouldn’t I have no chance to make a move?”

“You brat” Ji Feng dumbly laughed, “It’s just a few little brats from the Zheng family, why fight with them so much, to deal with them, without your hand that’s naturally better, someone will do it for us!”

He turned his head to Han Zhen and said, “Have someone get ready, it might be soon.”

Han Zhen nodded wordlessly.

.....

At 9.30pm, at a club in Jiangzhou, four young men and women were gathered in a private room, talking and laughing, drinking and chatting.

These were three men and one woman, mostly in their twenties, but without the slightest hint of student appearance, each dressed in a designer brand, with a gold watch or some expensive ornaments on their hands, a look at the children of rich and noble families.

“I say you guys, didn’t Sister Yuxiu say for us not to come to the party for a while, you just beat up Zhang Bin, who knows if his old man will take revenge on us!” The only girl was a bit worried, “Otherwise, let’s just forget about it today, let’s all go back to our respective places and talk about it after a while.”

“You, you’re just timid.” A young man said with a carefree voice, “Sister Yuxiu only told us to be careful of that villain Zheng Yuanshan, so he won’t dare to do anything!”

“That’s right, that’s right!” Another person said, “Not to mention Zheng Yuanshan, that bastard who has taken on the role of a thief, even if it is his old Zhang family, so what, we have fought, who would dare to deal with us! Really”

“Not even the old Zhang family, what bullshit old Zhang family, what do they have now, they are still following the Tong family’s people?”

“That’s right, afraid of a ball!”

“Come on, come on, let’s drink, don’t mind so much.”

“That’s right, drink and drink!”

.....

Looking at these several cousins one after another openly, that girl looked helpless, and in the end, she could only follow along and drink some wine.

“Bang!” With a bang, the compartment door was suddenly knocked open and a figure stumbled in, looking drunk.

One member of the Zheng family was instantly annoyed, "What are you doing, don't you know how to knock?"

"Fuck, what for? Laozi, Laozi came to take a piss My God, in this gents, why is there a pretty chick? You want to see how men pee, don't you? Come on, I'll pee for you!" The drunken man had a roguish look on his face and said with a smile, "Brother my bird is very big oh"

The girl from Zheng's family turned white with anger and angrily denounced, "Shameless!"

"Fuck!"

The three men from the Zheng family were all furious, one of them threw a bottle over, "Fuck you! Blind your dog's eyes!"

Bang!

The bottle hit the drunken man, but he caught it, only to stumble a few steps, "You want to hit me? What, I'm talking to a chick, who are you? Get the fuck out of my way so I don't have to fuck you later."

He stumbled forward and came to the girl at once, reaching out and squeezing her face, "Well, good colour, a good girl, come with me"

"Fuck him!"

One of the men from the Zheng family stood up at once and picked up a bottle and smashed it.

Hoo!

The man dodged, but didn't have time, and was instantly smashed by the bottle on his shoulder, and the hard bottle actually shattered at once.

"Ugh!"

The drunken man cried out in pain and turned around violently and smashed his fist.

Bang!

A man from the Zheng family was instantly hit on the bridge of his nose, and his nose immediately bled, and he shouted angrily, "Let's go together, kill this bastard!"

The drunken man saw that the situation was not good, so he turned around and ran, cursing as he ran, "Fuck you guys, come out and fight me one on one, if you lose, this chick will give me a ride for one night!"

"I'll kill him, motherfucker!" The three men from the Zheng family were furious and immediately roared after them.

The girl, her chest heaving violently with anger, wiped her face vigorously and hurriedly followed too.

"Bastards! Don't run if you have the guts, I'll kill you!"

"Doggone stop, damn it"

“Catch up with him, get him motherfucker, come on!”

.....

A shouting voice suddenly came from the clubhouse, followed by a man stumbling and running out, followed by three men chasing after him with bottles of alcohol.

“Holy shit, there’s really a fight!” Zhang Lei, who was sitting in the car, was immediately wide-eyed, and he was about to open the door and get out of the car, “I’m going to join in the fun, let’s beat those bastards up first!”

“What are you going to do” Before Ji Feng could finish his sentence, Zhang Lei had already gotten out of the car and frantically rushed towards those people.

“This kid” Han Zhen, immediately tell someone to go down and take all of these down!” Ji Feng said, “Remember, let them be taken as persuaders, and send them to the military camp immediately after taking them down.”

Now it had to be Han Zhen and the others, because Ji Feng had already seen that those men of Rong Suyan on the opposite side had all rushed out and surrounded the three young men of the Zheng family, and if they didn’t go over at this time, I was afraid that they would all scatter after the fight.

Chapter 910

Ji Feng finished giving the order and waved his hand, “Go now!”

“Yes!” Han Zhen immediately nodded her head, but there was a somewhat reluctant look in her eyes. If Xiang Yongzhan hadn’t instructed her to do this before, she wouldn’t have helped Ji Feng with this!

Han Zhen got out of the car and also led the four or five soldiers in the car behind him to run over at a fast pace.

Ji Feng sat in the car and watched from afar, this kid Zhang Lei was too fierce, it was only a few words, he had already taken down a Zheng family member.

In fact, compared to ordinary people, Zhang Lei was now definitely considered an expert, he had also been practicing aerobics for almost a year, so his body was much stronger, he had directly put down one of them in a single shot!

Even Rong Suyan’s men were confused. They didn’t know where such a tough guy had appeared, but he had actually grabbed business from them and directly attacked the three young men from the Zheng family, and he even hit them so hard, specifically on the vitals.

The punch he threw just now hit the young man of the Zheng family directly on the side of his ribs, and it would be strange for him to lose a few ribs!

However, Zhang Lei was unforgiving, after taking down one of them, he directly pounced on the second one, hitting him with a whip leg and directly knocking down one of the two remaining guys.

Bang!

Zhang Lei followed up with a kick to the guy's stomach, directly sending him rolling around with his stomach in his arms, screaming in agony.

At this time, Rong Suyan's men reacted to the fact that they were all dealing with Old Zheng's family anyway, so it was no big deal to have one more helper, so they also went up and beat up the last guy who was a bit stunned. However, at this moment, Zhang Lei was the one who saw the good in it and went up and kicked the last guy a few times, then turned around and ran away.

"Stop! Stop it all!"

Four or five soldiers ran over quickly and shouted, "Stop, what are you doing!"

But Rong Suyan's men didn't care about that, they had been ordered to deal with the old Zheng family, so what did they care about the others!

At once, a skirmish broke out. However, Rong Suyan's men were no match for a few soldiers, and immediately fell behind.

"Assaulting a soldier?! Arrest them all!" A soldier shouted.

"No one is allowed to run, arrest them!"

Ji Feng saw that when Rong Suyan's men were beaten all the way back, her car drove away, and those men turned and all ran away. Not a match for others, ah, staying here and being arrested instead was a big trouble.

The three Zheng family members on the ground, however, could not even run away if they wanted to, and they were all beaten and screaming.

"A mass brawl, and you dare to beat up a soldier, arrest them all!" A soldier shouted, and the rest of the soldiers immediately lifted up the three guys on the ground one by one, turned around and walked up to the car with big strides, and quickly drove away.

Ji Feng nodded slightly as he watched from the car and secretly said, "Well done! This time, the Zheng family will probably have another headache. Hey, gathering a crowd to fight and beating up a soldier who came to persuade him, this is also something that can be said to be big or small, depending on how the military will deal with it!"

Bang, bang!

The sound of the car door closing rang out, Zhang Lei and Han Zhen got into the car one after another, and Ji Feng immediately put away the phone that was filming.

"Hey, it's so cool!" Zhang Lei said excitedly as he sat in the car, "Crazy, that was a good fight this time!"

Ji Feng laughed, "Since you had a good fight, then sit tight, we're leaving too!"

He turned his head and said to Han Zhen, "The rest of the things, Xiang Yongzhan has arranged everything, right?"

Han Zhen nodded slightly, "Big brother Xiang has already instructed before, just bring the people to the barracks, he will arrange the rest."

“Arranged before?” Ji Feng was slightly stunned, “Xiang Yongzhan went away on a trip?”

By out of town, it meant that there was a combat mission.

“Military secret!” Han Zhen said indifferently.

Ji Feng then choked for a moment, he shook his head and smiled, “Well then, since it’s confidential, then I won’t ask, all sit tight, let’s go back!”

All the way until everyone left, a figure hiding in the clubhouse came out carefully, looking around, the girl wanted to cry, how could this happen!

“What kind of crappy clubhouse is this, there’s a fight outside and they don’t have a single security guard out!” This girl was so angry she stomped her feet, “I don’t know where a few of them have been taken, this is really troublesome, what should I do”

“Right, find Sister Yuxiu!” Her eyes lit up and she hurriedly took out her mobile phone and called her cousin Zheng Yuxiu, “Hey, Sister Yuxiu, something’s happened”

She quickly went through what happened, “What should we do?”

“What do you mean? They’ve all been taken away by the soldiers?” On the phone, Zheng Yuxiu was also surprised, “What are the soldiers doing arresting them? Are they fighting with the soldiers?”

“No, it was that drunkard and his companion, then those soldiers came to persuade them to fight, but they also ended up getting hit a few times, so the soldiers took them away, as if to say that they had gathered to fight and beat up the soldiers, so they took them all away!”

“You call the police right now, don’t rush, I’ll rush to Jiangzhou right now!” Zheng Yuxiu said.

“Oh!” The girl immediately nodded her head.

Hanging up the phone, the girl immediately rushed to call the police.

At this time, Zheng Yuxiu, who was far away in Yanjing, was starting to get a headache, “I can’t believe they were taken away by the soldiers?”

She knocked her forehead and walked back and forth in the room, what was going on here?

It was really a headache, although those little ones in Jiangzhou were not very successful, but their parents were all very important in the Zheng family, moreover, she had let them beat up Zheng Yuanshan’s son before, if she didn’t find a way to save them now, when the family blamed them, it would not be easy for her.

However, the Zheng family can’t say anything at all in the military, especially with the Jiangzhou military district, basically not very familiar, this time is really troublesome

“Zheng Yuanshan?” Zheng Yuxiu could not help but be stunned, could today’s incident be Zheng Yuanshan looking for someone to do it?

The next thing she knew, she dismissed her guess, Zheng Yuansan was at least a deputy department level cadre, how could he do such a thing, besides, even if he wanted to do it, there was no way to invite someone from the military ah.

“Whether it’s an accident or someone is really working from it, at least we have to get the person out first, as long as we get it to the local level, everything will be fine.” Zheng Yuxiu pondered quickly.

“Just, who to find now”

And at this time, Rong Suyan and the others were also frightened.

“General manager, things are just too weird today!” Just returned to the residence, Wang Shuo Sheng could not help but wipe a cold sweat, this cold day, he was scared out of his body, “those few soldiers, and that kid who appeared out of nowhere, all appeared too suddenly, as if they had been waiting there for a long time!”

Rong Suyan lit up a lady’s cigarette and took two strong puffs before she reacted.

She shook her head slightly and said, “Not as if, it must have been waiting there long ago, didn’t you see it when they were leaving? Those soldiers took all the few boys from Old Zheng’s family into their car and drove away straight away, their car, but it was hidden where the street lights couldn’t shine, and they were also wearing military uniforms, so they obviously didn’t come to play!”

“General manager, are you saying that they have been premeditated?” Wang Shuosheng was immediately taken aback, “Are they after us, or are they after the Old Zheng family? Who exactly is the other party?”

“I don’t know what the other party is, but there is one thing, those people are definitely not here to deal with us, otherwise, they definitely wouldn’t have let all our bodyguards go so easily.” Rong Suyan said with certainty, “Old Wang, you saw it at that time, our bodyguards were no match for those soldiers, obviously they wouldn’t be ordinary soldiers, if they wanted to arrest them, our people definitely wouldn’t be able to get away!”

“What the general manager said is true, if those soldiers really want to deal with us, we’ll be in big trouble today!” Wang Shuosheng said with some backward fear.

“Don’t be happy so early yet!” Rong Suyan shook her head slightly, “I always feel that something is not right, but I can’t think of anything wrong there for a while”

“Then what does the general manager think we should do next?” Wang Shuosheng was startled and hurriedly asked.

“What else can we do?” Rong Suyan let out a light sigh, “Now that we have completely offended Zheng Yuanshan, it is almost impossible to exonerate Bao Gang through this channel anymore. Now, we can only think of other ways, if we can’t, we can only leave it to fate and see how many years Bao Gang can be sentenced!”

She could not help but shake her head slightly and sighed softly in her heart, filled with a sense of helplessness and loss. Originally, when she was in Southern Guangdong, she thought that with the

power of the Rongpeng Group, although she could not say that there was nothing she could not do, she would at least not be tied down.

However, now she realises that if she leaves Nan Yue, she is really nothing.

In the long time since she came to Jiangzhou, Rong Suyan has encountered walls everywhere. It is true that she is the boss of Rongpeng Group, and people are very warm to her on the face of Rongpeng Group.

But as soon as it comes to business, people don't dare to have too much contact with her. The fact that Zheng Yuxiu is behind this is a real hardship for her in Jiangzhou, and it's really tough!

It was only at this time that Rong Suyan understood the truth that without sufficient contact with the officialdom, no matter how big your business is, no matter how capable you are, you can only be a rich family man at best, not to mention calling the shots, but to be able to protect yourself is already very good.

Whether it's a local official or the military, right now she's not good enough The military?

The last time Bao Gang's incident also involved the military, it was the military that arrested those few inner guards, and it was said to be a joint operation between the Jiangzhou police and the military. But now, there are actually people from the military again, could there be any connection in between"

"Ding"

Just at this moment, Rong Suyan's phone suddenly rang, she took it out and was slightly baffled, the call was actually from Zheng Yuxiu.
