

Campus Master 911

Chapter 911

“This woman, she actually has the nerve to call me!” Rong Suyan looked at the familiar name on the phone screen and couldn’t help but secretly snort coldly. What Zheng Yuxiu had done was simply unforgivable!

In fact, Zheng Yuxiu had only cut off the way to save Rong Baogang, which was only one of the aspects that made Rong Suyan hate, on the other hand, was the deeper meaning behind what Zheng Yuxiu did.

Perhaps Zheng Yuxiu is using this tactic to send a message to Rong Suyan – I am Wu Zhihe’s fiancée, and whether in terms of power or tactics, you Rong Suyan will never be able to match me, and I will deal with you as easily as squashing an ant. You can only watch your brother go to jail!

Rong Suyan is able to control a huge group with tens of billions of dollars in assets, so how could she not understand this?

That’s why Rong Suyan hated Zheng Yuxiu so much, she was her own cousin, and she treated her like this!

Has she forgotten who took over the nest in the first place?

If I hadn’t taken the initiative to withdraw, how could you have been betrothed to Wu Zhihe?

But now, Zheng Yuxiu is treating her like a boss, which is unbearable!

“General manager, then you go ahead and get busy, I’ll go out.” Wang Shuosheng had the insight to stand up, turn around and walk out.

“Hmm!”

Rong Suyan nodded slightly, she sat on the sofa with a calm face, letting the phone just ring and just not answering.

The phone finally stopped ringing, but Rong Suyan’s face was getting colder and colder.

For the past few days, she had been running back and forth over her brother Rong Baogang’s affairs and had no time to think. And now that she had calmed down and thought about it, Rong Suyan understood more and more about Zheng Yuxiu’s demonstration against her and that underhanded tactic, which made her mood even worse!

Thinking about Wu Zhihe’s current fate of not daring to return home, Rong Suyan became even more furious, relying on the fact that Wu Zhihe was not in Yanjing, Zheng Yuxiu actually dared to do this, this is simply not putting herself in her eyes!

“Ding ……” The phone rang once again, Rong Suyan’s eyebrows knitted slightly, and after a long time of silence, she finally picked up the phone.

Rong Suyan took a deep breath before she picked up the phone, “Hello!”

“Cousin, it’s Yuxiu.” Zheng Yuxiu’s voice came through, “Cousin, I’ve already asked about that matter you mentioned, it’s really abominable, those boys actually dared to take matters into their own hands and beat up Zheng Yuanshan’s son, putting Bao Gang in danger, they really owe it to themselves! Cousin, don’t be so normal with them, I will definitely take care of Bao Gang’s affairs to the end!”

“Oh!” Rong Suyan also just faintly responded, she did not think Zheng Yuxiu suddenly took the initiative to call her just to explain to herself, if it was in the past, she might still believe it, but now She is not stupid enough to be coaxed by saying a few kind words!

As soon as she heard this faint reply from Rong Suyan, Zheng Yuxiu knew that Rong Suyan should have understood something, which made her heart secretly hate, and she simply wanted to hang up the phone immediately.

It was Zheng Yuxiu who had schemed against Rong Suyan, but now, she had to give Rong Suyan a good word, which was like making her slap herself. If it wasn’t for those boys who had to be saved, Zheng Yuxiu wouldn’t have called Rong Suyan anyway!

“Cousin, I know, what those boys did was abhorrent, but no matter what, we’re still cousins, right?” Zheng Yuxiu tried to make her voice sound cordial and said, “I’ve already told your aunt’s husband about Bao Gang’s matter, he’s thinking of a way, don’t worry, it won’t be too heavy a sentence for Bao Gang.”

“Then, thank you very much.” Rong Suyan returned indifferently, “I hope so!”

Zheng Yuxiu was choked, Rong Suyan’s meaning was obvious: don’t just make empty promises, wait until after the verdict on the Rong Baogang matter, see if your promises can be honoured, then talk about the rest, it’s useless to say anything now.

Obviously, Rong Suyan has an opinion, and it is a very big one!

If it was before this, even a few hours ago, Zheng Yuxiu would have hoped that Rong Suyan would not be too stupid and that she would understand the deeper meaning of what she was doing.

But now, she really hated Rong Suyan for being so smart!

“Don’t worry, cousin, your aunt’s husband will definitely follow up at Baogang’s place.” Although Zheng Yuxiu was gnashing her teeth in hatred, she still managed to keep a smile on her face, not having the wisdom and ability of those big people, but living in that kind of big family for a long time, she could always learn something.

This smile was what Zheng Yuxiu was best at.

“Is there anything else?” Rong Suyan asked indifferently, her mood not changing in the slightest, nor was there any change in her attitude towards Zheng Yuxiu.

Because, Rong Suyan no longer expected Zheng Yuxiu’s help to smooth relations for her brother, all those things Zheng Yuxiu had done before had already said a lot.

“Cousin, apart from the matter of Bao Gang, I do have a small matter that I would like to ask for cousin’s help.”

Zheng Yuxiu gave a light smile, "It's like this, I just received a phone call from one of my sisters, those few boys from our family in Jiangzhou, they didn't know who they had a conflict with, and as a result, they were taken away by some soldiers, cousin is also convenient in Jiangzhou, can you help me inquire about what is going on and where exactly the people have been taken?"

As soon as this was mentioned, a smile finally appeared on Rong Suyan's pretty face that didn't have the slightest expression, "Sure, I'll ask around for you, but I don't guarantee that I can find out anything, as you know, I don't know my way around Jiangzhou."

"Of course, more cousin then!" Zheng Yuxiu sneered, but her mouth said sweetly.

"That's all!" Rong Suyan said indifferently and hung up the phone with her hand.

With that, Rong Suyan's face blossomed into a brilliant and dazzling smile, she could totally imagine just how wonderful Zheng Yuxiu's expression on the other end of the phone would be at this moment!

"Enquire, of course I will enquire" Rong Suyan muttered, "But even if I inquire about something, I won't tell you until after Bao Gang's case is finished" Take your time and wait!"

.....

"Crazy, today is really enjoyable!" All the way back home, Zhang Lei was still excited.

Ji Feng couldn't help but ask with a smile, "Lei Zi, it's not like you haven't had fights before, why are you so excited today? What are you happy about!"

"That's different!"

Zhang Lei heatedly laughed, "Let me tell you, fighting with other people is just as good, but then, fighting always hurts a thousand enemies and hurts eight hundred, even if you beat the other side, you're still half dead from exhaustion!"

"That's true!" Ji Feng took a mouthful of rice and laughed.

Next to him, Han Zhen had already followed Tong Lei upstairs, and only Ji Feng and Zhang Lei were left in the living room to eat. Before going out, it was just in time for the dinner meal, but Ji Feng didn't have time to eat, so Xiao Yuxuan and Tong Lei had to save the meal for him. When he came back, he could heat it up and eat it.

Zhang Lei did not go straight back to school, he had been excited, so he simply also came to the villa, anyway, it is not impossible to live.

"So what's different about your fight today, from before?" Ji Feng asked with a smile.

"Of course there are a lot of differences!" Zhang Lei said, as he quickly finished picking up the rice in his bowl and served another bowl, before laughing, "Not to mention anything else, this feeling alone is very different. This kind of underhandedness, beating the other side completely unaware of what's going on, getting beaten up in a muddle, and then having to be taken away while we ourselves are unharmed" Tsk, that's not cool enough?!"

Ji Feng was dumbfounded, "Just for this, you're so excited?!"

“Isn’t it enough for this?” Zhang Lei hummed, “I just found out today that it’s actually so cool to yank people around! I’ve decided, from now on, but whenever I can shade someone, I’ll definitely not do it brutally!”

“In many cases, it’s indeed better to yin someone than to do something brutal!” Ji Feng nodded and agreed with Zhang Lei’s statement, but soon he added: “But Lei Zi, you must not form this inertia in your head, you can’t always use underhanded tricks, you have to divide the time and place to do so!”

Indeed, the use of underhanded tricks, to put it nicely, is called the sword going astray, and such tricks may indeed play an unexpected role in many critical moments. However, it’s not always a good idea to use it at all times!

If you get into the habit of using underhanded moves, it will be very difficult to correct them, and at certain critical moments, you may also fall down because of these underhanded moves!

As the Art of War once said, the righteous should be combined with the strange to complement them.

That is to say, the main objective is to take the main road, and the sword is to take the wrong side, because the sword is not always effective.

Even, in many cases, people who use underhanded tactics will not even dare to trust those around them!

Zhang Lei naturally understood Ji Feng’s meaning, he laughed: “Don’t worry, you also know my character, how I won’t turn into a shady villain that people are sick of, at most, I will only play shady tricks once in a while!”

“That’s good!” Ji Feng laughed, “Hurry up and eat!”

After the meal, Zhang Lei sat contentedly on the sofa and watched TV, while Ji Feng called Han Zhen over and handed her a sheet with a string of numbers written on it.

“Is this a number plate?” Han Zhen asked.

“That’s right!”

Ji Feng nodded and said, “Check this license plate number, and when you have the results, inform the soldiers who arrested the Zheng family, and if anyone asks at the barracks what’s going on, say that a group of people from the Zheng family and the owner of this number plate got into a mob fight and beat up the soldiers, but these people all ran away, and only a few people from the old Zheng family were arrested.”

Han Zhen’s eyebrows knitted slightly, she was a little confused as to why Ji Feng was doing this, but since it was something that Ji Feng had ordered down, and Xiang Yongzhan had already explained it before, she still nodded her head and turned to leave.

“Crazy, you are trying to cause a fight between the Rongpeng Group and the Zheng Family?” Zhang Lei turned his head and asked.

Chapter 912

“Rongpeng Group and the Zheng Family” Ji Feng shook his head and smiled, “How can I put it, these two should be considered to follow one master, which is the Wu family! I had a little friction with the Wu family before, because I was worried that the Rongpeng Group might make some moves against my side, so I had to find something for them to do!”

“You kid” Zhang Lei said at once: “I see, your sinister is no worse than Zhao Kai! You brat, good!”

Ji Feng immediately arched his hand and laughed, “Where where, man you’re overpraised!”

“I pooh!”

Zhang Lei immediately pooh-poohed, “Crazy, I’ve realized that you’re the one who’s great. You’re even better at playing dirty tricks behind the scenes, framing people, or misleading them! You’re capable of writing and fighting!”

Ji Feng laughed, “Then I’ll just take that as a compliment!”

Zhang Lei also followed suit and laughed heatedly, saying, “To be serious, this time when your second uncle clashed with the Wu family, I also happened to hear my old man say that you did this for a rainy day of sorts.”

“Yeah, you have to prepare a hand in advance to do that, the Rongpeng Group has tens of billions of assets, if they go crazy, it’s really troublesome!” Ji Feng nodded slightly, “This time is to find something to do between the Rongpeng Group and the Zheng family, so that they don’t have the effort to pay attention to my side, and I also have the opportunity to develop!”

“Tens of billions?!” Zhang Lei immediately exclaimed, “Holy shit! Many state-owned enterprises don’t have such huge assets, right? This Rongpeng Group is really something!”

“So yeah, how can it work if you don’t prepare in advance!” Ji Feng rubbed his forehead, several tens of billions of assets, for a normal small business, that was really an astronomical amount that one wouldn’t even dare to think about. Even for Xiao’s Pharmaceutical Factory, it could only look up to the Rongpeng Group.

For the time being, not to mention the Rongpeng Group, even a branch under the Rongpeng Group is not something that Xiao’s Pharmaceutical Factory can compete against!

Therefore, Ji Feng can only think of every way to divert the attention of the Rongpeng Group, and today, is a great opportunity, Ji Feng naturally will not be so in vain to miss!

As a matter of fact, originally, Ji Feng only intended to find some trouble for the Zheng family, to help Zheng Yuanshan and his son Zhang Bin out, not to show up himself in the process, but just to let the military find an excuse to lock up a few of the Zheng family’s youngsters for a few days, so that they could suffer a bit and let the Zheng family hit a wall, which was also considered a slap in the face to the Zheng family!

The plan was simple and so was its implementation. Originally, Ji Feng did not attach too much importance to it, he just thought that since he could kill two birds with one stone, it was still worth doing.

However, he did not expect that an unexpected joy would just come to follow so suddenly. The moment before he acted, Rong Suyan actually appeared, and also brought someone to find trouble with those little brats of the Zheng family, which made Ji Feng immediately come to the spirit, a good opportunity!

Ji Feng did not move, and still followed his previous plan. But in the process, he secretly recorded the whole process, and at the same time, let Rong Suyan and her men get away, but took down the license plate number of the car Rong Suyan was driving.

Next, it was time to wait for the Zheng family to go to the barracks to ask why our family's children were suddenly arrested.

The reason was simple, it was the same reason as before, a mob fight and disobedience, and assaulting a soldier, they should be arrested!

But who was the other party to the mob fight?

We haven't found out exactly who it was yet, but some witnesses saw the car that the leader of the gang was in, and they also saw the license plate number and a woman sitting in the car

The company's power is such that it would be a breeze to find out whose car it was and who was in it.

The Zheng family will then find out that the culprit who caused the arrest of their children is actually the boss of the Rong Peng Group, Rong Suyan!

What's more, Rong Suyan had actually come here specifically to deal with the Zheng family's children!

"I dare you to bet that the Zheng family won't jump in anger!" After listening to Ji Feng's plan, Zhang Lei froze for a long time before he said this, "You kid, this plan is really too damaging, not only did you arrest someone, you actually led the Zheng family's spearhead to the Rong Peng Group, it's really bad!"

"How to talk!" Ji Feng laughed, "Both sides are not good people, they have nothing to lose when they fight others, and I can only save my mind."

"That's true." Zhang Lei nodded his head and said approvingly, "A behemoth with tens of billions of assets is just too scary. That's a brilliant move on your part!"

Ji Feng shook his head slightly and smiled bitterly, "That's not necessarily true. With the Wu family in the middle, even if the Rongpeng Group and the Zheng family fight with each other, it won't be too fierce because it's not in line with the Wu family's interests, and the Wu family won't let them fight to the death! So that means that there is still not much time left for me!"

"Don't worry, with your wisdom and these brothers around you to help you, it shouldn't be difficult to deal with the Rong Peng Group!" Zhang Lei patted his shoulder and said, "At least, if the Rong Peng Group dares to do anything to you, I wouldn't dare to say anything else, but I won't be able to fight them to the death!"

"I think it's exempt!"

Ji Feng's heart was warm, but his mouth was laughing: "You kid should finish your bodybuilding exercises first, where are you now?"

Zhang Lei heatedly laughed: "That what, recently busy in love, not much time to practice, now also just started to practice the second set of gymnastics."

"To speed up ah." Ji Feng said, "There might be a use for it later."

"Don't worry, I'll pick up the pace when the weather warms up!" Zhang Lei said.

Ji Feng: "....."

"Alright, no more chat, lend me the study, I'm going to video chat with Shen Jingyi!" Zhang Lei said with his mouth, but his person had already gone to the study, "The study and the guest room are both on the ground floor, right?"

"That's right!" Ji Feng smiled and shook his head, this kid

After a simple clean up, Ji Feng also went upstairs to prepare for his rest, he just arrived at the first floor, he just happened to bump into Han Zhen at the top.

"I have informed them as you instructed, is there anything else?" Han Zhen asked indifferently.

Ji Feng then scratched his head a little as he shook his head, "It's alright, rest early!"

Han Zhen nodded and turned around to enter the bedroom next to Tong Lei's.

Looking at the room door that closed with a bang, Ji Feng couldn't help but smile bitterly, why did this Han Zhen have such a big prejudice against himself? It had been a few days, how come there was no sign of improvement?

He thought hard, but in the end he couldn't remember where he had done anything to offend Han Zhen, not a single thing since he first met her!

"What, defeated, are you?" A seductive voice suddenly sounded behind her as Xiao Yuxuan, wearing a nightgown, swayed and came to Ji Feng, smiling delicately and asking.

Ji Feng pinched her cheeks and laughed bitterly, "Yeah, I don't know what's going on, it seems like she doesn't treat me well."

"I'll go and ask for you, ask for clarification so that you can prescribe the right medicine, living together like this now, not seeing each other all day long, it's always not good to be so standoffish, don't you think?" Xiao Yuxuan asked with a light smile.

Ji Feng was deeply impressed: "You are right, then this matter will be left to you!"

"Don't worry, I'll definitely ask you clearly!" Xiao Yuxuan threw him a winks and gave him a silent flirtatious smile as she walked quickly towards Han Zhen's bedroom.

"This goblin" Ji Feng shook his head with a smile and also turned around and went to his bedroom.

The actual fact that there are Han Zhen and Zhang Lei are living here, can't be like before that also three people are sleeping together, even if Ji Feng is willing, Xiao Yuxuan and Tong Lei will certainly be firmly opposed.

So, Ji Feng could only sleep alone with a pillow.

Compared to this, what Ji Feng was more concerned about now was why Han Zhen had rejected himself so much and hoped that Xiao Yuxuan could bring him good news!

This kind of thing can only be done by Xiao Yuxuan, if it were Tong Lei, I'm afraid that by then it would instead be Han Zhen chatting with her, instead of her taking the initiative to find Han Zhen to chat.

.....

When Xiao Yuxuan knocked on the door and entered, Han Zhen was making his bed.

"Sister Yu Xuan!" Seeing Xiao Yuxuan walk in, Han Zhen hurriedly stood up straight and greeted her with a slight restraint, "You, what do you want?"

"Nothing much, just came to see if you're still missing anything!" Xiao Yuxuan said with a light smile on her face.

Han Zhen hurriedly shook his head, "No, I'm not missing anything, it's quite nice here!"

"That's good." Xiao Yuxuan nodded slightly, "Zhen Zhen, if you lack anything, you can just say so, and if there's anything you don't like, you can also tell me directly, okay?"

"Mm! I will, thank you Sister Yu Xuan!" Han Zhen said.

Xiao Yuxuan came to the bed, and seeing the bed folded as if it was a tofu block by Han Zhen, she couldn't help but laugh lightly, "Zhen Zhen, you're"

Han Zhen instantly blushed slightly and said with some embarrassment, "I, I'm used to folding quilts in the military camp."

She also knew that the quilts in this bedroom were large and soft, and not suitable for folding into squares, but she was the one who had gotten into the habit and could not change it for a while.

Xiao Yuxuan then laughed, "It's fine, it's fine, this will be your home from now on, why be so constrained, am I that scary?"

Han Zhen hurriedly shook his head, "No!"

"Giggle"

Seeing her innocent yet restrained look, Xiao Yuxuan burst out laughing softly, she took Han Zhen's hand, sat down on the edge of the bed and asked, "It's hard in the military camp, isn't it? Especially for a girl to be a soldier, it should be tougher than for a boy"

"It's not that hard, just get used to it!" Han Zhen said.

"That's right, it's good to get used to everything" Xiao Yuxuan laughed.

In Xiao Yuxuan deliberately guided, the two then chatted, although the words spoken are not nutritious, but Han Zhen gradually has no longer restrained, in the end, also completely let go, and with Xiao Yuxuan also acquainted.

It was only when Han Zhen was half unrestrained that Xiao Yuxuan pretended to ask, "Zhen Zhen, I see that you are somewhat repulsed by Ji Feng, does he annoy you a lot?"

Chapter 913

“Zhen Zhen, I see that you are somewhat repulsed by Ji Feng, does he annoy you a lot?”

This question from Xiao Yuxuan instantly caused Han Zhen to freeze, a look of embarrassment appeared on her innocent pretty face, obviously not knowing how to answer Xiao Yuxuan’s question.

“What, is there something you can’t say to me?” Xiao Yuxuan asked in a soft voice, “Look, we’re all going to live together in the future, so if you can’t solve the problem if you don’t say it, won’t it just keep going on like this in the future?”

Han Zhen nodded and opened his mouth, but he wanted to say something but stopped.

Xiao Yuxuan looked at her with an encouraging gaze and smiled, “Zhen Zhen, don’t be afraid, just say what’s on your mind, we’re all sisters now, there’s nothing we can’t say.”

“Mm!”

Han Zhen nodded and hesitated for a moment before gathering enough courage to say, “Sister Yu Xuan, I want to ask you a question, if, if it’s inappropriate to ask, don’t be angry, okay?”

Xiao Yuxuan smiled, “I’ve already said it, since we are both sisters, what else can we not say? Say it, I definitely won’t get angry!”

“Then then I’ll ask.”

Han Zhen asked with some hesitation, “Sister Yu Xuan, I just want to know, Ji Feng has two girlfriends, you and Lei Lei, are you, are you not angry? How did you agree to it?”

“Hmm?”

Xiao Yuxuan was stunned, she did not expect that what Han Zhen was going to ask was actually this question.

Once she saw that Xiao Yuxuan didn’t say anything, Han Zhen thought that she was angry, she instantly turned red with anxiousness on her little face, her two little hands hurriedly waved straight, “Sister Yuxuan, I, I didn’t mean to be angry with you, don’t be angry!”

“Silly girl, how could I be angry, it’s just that I was thinking of how to answer your question!” Xiao Yuxuan laughed lightly.

Only then did Han Zhen let out a slight sigh of relief, as if a big stone in his heart had fallen to the ground.

Xiao Yuxuan really did like Han Zhen somewhat, this girl really matched her name, and was indeed very innocent, making people like her just by looking at her.

“Zhen Zhen, do you think, Ji Feng has two girlfriends, should I be angry right?” Xiao Yuxuan asked.

Han Zhen immediately nodded straight, “Mm!”

Xiao Yuxuan immediately spread her face and smiled, “If I tell you, Tong Lei is Ji Feng’s girlfriend, I’m a latecomer, or rather, I’m a”

Before she could finish her words, Han Zhen nodded vigorously with a red pretty face and waved her hands straight, "I, I understand, you don't have to say it."

This girl's innocent heart made her feel that Xiao Yuxuan said she was Ji Feng's lover, which was all forced out by herself, which made her very self-condemned and embarrassed.

Xiao Yuxuan, on the other hand, liked this innocent girl even more.

"Zhen Zhen, you don't need to be embarrassed, in fact, what happened between me and Ji Feng, one or two words can't say clearly, simply put, I've met bad men before, and I've seen many men who came after me only because of my family and my looks, until I met Ji Feng, he was the only one who genuinely treated me well Feelings are something that can't be said clearly." Xiao Yuxuan laughed lightly.

"You, is your family very rich?" Han Zhen asked cautiously.

"It's not really that rich, at least not in Jiangzhou!" Xiao Yuxuan shook her head and laughed, "My family runs a pharmaceutical company, life is considered well-off, I can only say that I'm rich, but I can't say that I'm very rich!"

"Then, then you and Ji Feng are together, not for money!" Han Zhen was a bit baffled.

"Of course not." Xiao Yuxuan laughed.

"Oh!"

Han Zhen let out an oh and asked again, "Then, what about Tong Lei?"

"She ah? Her family is even more remarkable." Xiao Yuxuan laughed lightly, "Zhen Zhen, does your rejection of Ji Feng have anything to do with this?"

Han Zhen nodded quickly and said cautiously, "I, I thought you were being adopted by Ji Feng."

"Adopted?" Xiao Yuxuan asked with a smile.

Han Zhen instantly blushed again and didn't say anything, but it was tantamount to acquiescence.

"So you think that Ji Feng is an annoying womanizer, and that's why you started rejecting him?" Xiao Yuxuan asked with a smile.

Han Zhen nodded, and her pretty face turned even redder.

Xiao Yuxuan immediately lost her smile and said, "Zhen Zhen, you misunderstood Ji Feng, to say that he is a philanderer is indeed not wronging him. It's also true to say that he's a big young man."

"Then" Han Zhen was a bit puzzled, was this still not called a philandering young man?

"Although he does have these faults that I mentioned, but, no one is perfect, right?" Xiao Yuxuan said softly, "The most important thing is that he treats us with sincerity, never treats women only as playthings, but takes out his heart to treat them, do you think this way he can still be compared to those disgusting fops?"

Han Zhen hesitated a little, and only after a moment did she shake her head, "It's different, but is it really?"

Xiao Yuxuan smiled and patted her little hand, saying, “Zhen Zhen, maybe you can disbelieve what I say, but you can feel it yourself, try to get in touch with Ji Feng, you can see with your heart, is he that kind of bad guy, isn’t what you see with your own eyes the most real?”

“Mm!” Han Zhen nodded, feeling that Xiao Yuxuan’s words were very reasonable, what you see yourself is the truest.

In fact, from the beginning before she met Ji Feng, she felt that Ji Feng should be one of those useless fops who played with women all day, because after her accident, she was bailed out by Xiang Yongzhan, and then, Xiang Yongzhan told her that he was going to arrange for her to follow a worldly young man.

Xiang Yongzhan said that this young man would treat her well and would also give her a good future, and might help her arrange her future life

It was this statement, coupled with Ji Feng’s identity, that caused Han Zhen to misunderstand.

What do you mean you will treat yourself well?

Han Zhen then thought, this Ji Feng, must be a dude.

And then when he met Ji Feng, he said that he wanted to protect one of his girlfriends, and this instant, in Han Zhen’s mind, the impression of Ji Feng as a fop was immediately solidified!

This guy actually has two girlfriends, so isn’t that a dude?

If he has two girlfriends at home, then who knows how many more there are out there, maybe a whole bunch!

The innocent and reasonable Han Zhen could not have a good impression of Ji Feng? Not to mention the good looks!

If this job wasn’t arranged by Xiang Yongzhan, I’m afraid Han Zhen wouldn’t have stayed here for a day!

But now, after hearing what Xiao Yuxuan said, Han Zhen felt that what she said was also very reasonable, not to mention whether her words were true or not, he could not be false if he personally experienced and distinguished them, right?

“Sister Yu Xuan, I understand what you mean.” Han Zhen nodded and said seriously, “I will observe carefully, and if he is a bad person, I will teach him a lesson for you!”

“Giggle” Xiao Yuxuan immediately laughed delicately, “Then, sister will thank you for that, but teaching him a lesson won’t be necessary, not that I feel sorry for him, but you shouldn’t be a match for him. Zhen Zhen, you may not know, this young man of ours, his body is really too strong, even change

You’ll know when you’ve seen him in action!”

She was about to say that even the reformer was not a match for Ji Feng, but once she thought that Han Zhen might not know about the reformer, she stopped her mouth.

“He’s that powerful?” Han Zhen was a little skeptical, “Sister Yu Xuan, are you lying to me? I see, you’re afraid I’ll teach him a lesson! Don’t worry, if you and Lei Lei don’t give orders, I definitely won’t hurt him!”

Xiao Yuxuan laughed and trembled, “Zhen Zhen, if you don’t believe me, just find him tomorrow and have a couple of fights to find out.”

“Mmm! Just do it!” Han Zhen immediately nodded his head, but in his heart he secretly said, “Let him know how powerful I am, whether he’s a dude or not, he won’t dare to hit on me again!”

If Xiao Yuxuan knew what Han Zhen was thinking, she didn’t know how she would feel.

Still, tonight’s conversation was clearly a success, at least, Han Zhen has been willing to put aside his preconceptions and observe Ji Feng to see if he is a good guy or a bad guy Although the line between a good guy and a bad guy is often hard to tell, Han Zhen has his own judgement!

“Well, it’s getting late, get some rest.” Xiao Yuxuan saw that Han Zhen was already intent, so she smiled and said, she knew that it was already very good to achieve this effect tonight, she should take it for what it was worth, after all, although Han Zhen was very innocent, she was also a girl with an opinion, if she deliberately went on to say how Ji Feng was so and so good, that might have the opposite effect.

“Mm!”

Han Zhen nodded, “Sister Yu Xuan you also rest early!”

Having a thorough talk with Xiao Yuxuan made Han Zhen much closer to her as well, which also strengthened her determination to protect Xiao Yuxuan and Tong Lei, and to protect them, the first thing she had to do was not to let Ji Feng hurt them.

Therefore, Han Zhen was even more determined to see with her own eyes what kind of person Ji Feng really was. Also, when Sister Yu Xuan said how powerful he was, Han Zhen was a bit unconvinced, although he was stout, he didn’t look like he had many muscles on his body, and he didn’t feel half the aura of a martial artist on his body, so how could such a person be an expert?

–To try him out!

.....

Talking with Han Zhen, Xiao Yuxuan also gained a lot, she learned that Han Zhen was not repulsed by Ji Feng for any other reason, but because she mistook Ji Feng for a vulgar dude, that’s why she had a disgusting outlook on him.

“It’s not too much to call Ji Feng a flowery young man!” Xiao Yuxuan left Han Zhen’s bedroom, shaking her head and laughing lightly, this guy had two girlfriends at home and kept his love everywhere outside, just the one Xiao Yuxuan knew of was that policewoman Li Ruonan, and maybe others This brat!

Xiao Yuxuan pushed open the door of Ji Feng’s bedroom, but found that, at this time, Ji Feng was sitting cross-legged on the bed, his face quiet, his eyebrows stretched, a restful posture.

She then knew that Ji Feng was practising aerobics.

“I’ll spare you this time first!” Xiao Yuxuan gave him a blank look and quietly said something before retreating.

In fact, she had wanted to take the opportunity to say something about Han Zhen and then ask Ji Feng how many girls he actually had out there, but now that she saw that Ji Feng was practicing, she wouldn't rashly go up and disturb him.

At this moment, Ji Feng, on the other hand, was struggling with the obstacle ball.

Chapter 914

“Swoo~~swoo~~”

An obstacle ball was suspended in the air, technically speaking, it should be suspended above Ji Feng's palm.

Ji Feng's right hand was stretched out flat and his palm was open, and the obstacle ball was hovering a dozen centimeters above his hand. When Ji Feng's palm moved slightly, the obstacle ball bounced quickly and spun rapidly at the same time. However, because of the metallic colour of the ball and its extremely fast rotation speed, at first glance, one could not tell that the ball was spinning at all, but rather it seemed to be frozen in place!

Looking at the rapidly spinning obstacle ball, Ji Feng was somewhat unsatisfied, his left hand dropped down and his fingers moved slightly.

“Pop!”

Another obstacle ball on the ground suddenly bounced up and landed exactly above Ji Feng's right hand, once again fixed, alongside the previous one, as if it was two pearls, which was very beautiful.

Immediately afterwards, Ji Feng's left hand fingers kept twitching, and one obstacle ball after another quickly bounced up, all suspended above his right hand, spinning rapidly.

“Whoosh whoosh whoosh” Another dozen obstacle balls bounced up, and Ji Feng's expression became serious as he manipulated these obstacle balls, spinning them rapidly in the air, even making cross motions with each other, so fast that people could not help but be dazzled.

“Bang!”

Ji Feng stomped his foot violently on the ground, and instantly, a clattering sound rang out, and immediately afterwards, all the obstacle balls flew up, and Ji Feng's other hand was already extended, with both hands controlling all the obstacle balls at the same time.

As his fingers twitched rapidly, the obstacle balls also made various different movements under his control.

Straight flights, two balls hitting each other, cross flights

It was an extremely beautiful picture, all the obstacle balls were doing all kinds of rapid movements, the entire space was filled with obstacle balls, all as if they were flying elves, surrounding Ji Feng's side, crossing and weaving back and forth, it was unimaginable!

A moment later, Ji Feng flicked his wrist, and after a clattering sound, all the obstacle balls all fell to the ground, either jumping or rolling, with various crashes resounding.

Ji Feng's face, however, revealed a satisfied smile as he turned his head to look at the light ball bobbing up and down next to him and asked with a smile, "Wise Brain, how about it, I've passed this, right?"

The ball of light was naturally the wise brain, and it said, "Yes master, you have passed the test, and now you have already considered to have started the third stage of the process."

"That's good!"

Ji Feng immediately laughed and excitedly waved his fist a few times, "These months of hard work have finally not been in vain, and now he has finally passed the third stage!"

Ever since he first came into contact with the obstacle ball training until now, Ji Feng had never stopped practicing for a single day, from the beginning when he was so frazzled that he couldn't even get close to the obstacle balls, to later being able to control one obstacle ball, to later being able to manipulate more than one, until now, he could easily manipulate all the obstacle balls, and could make these obstacle balls do all kinds of movements he wanted!

Compared to the beginning, Ji Feng's manipulation skills of the bio-current in his body had improved by many times!

He was confident that if he had these obstacle balls around him in reality, he could manipulate them like a machine gun and almost nothing would be able to stop him!

Please imagine what the effect would be if, when encountering an enemy, one carried some small stones or something like that on one's body and manipulated them all with bio-current to hit out? It would definitely be stronger than a machine gun, not weaker!

Ji Feng couldn't help but secretly feel that the power of bio-current was just too powerful!

"Congratulations, Master!" The intelligent brain said in a very humane way.

Ji Feng also noticed this, the Wisdom Brain had gone from being mechanical at the beginning to gradually becoming humanized now, it was indeed slowly changing. Originally, the wise brain said that this was originally programmed, but in Ji Feng's opinion, perhaps it might not be so, the wise brain was becoming more and more humanized, and perhaps surprising changes might really appear in the future.

..... Perhaps, it is really possible for the intelligent brain to be infinitely close to humans!

If that's really the case, then it would be really great.

"Wise Brain, since I've officially passed the third stage of the test, what are we going to do next?" Ji Feng asked with a smile, "Is the next step to formally learn the third stage skills?"

According to the rules that the wise brain had said before, being able to skillfully manipulate the obstacle ball could only be considered as entering the third stage, and there would be more obvious progress in the manipulation of bio-currents, however, entering the third stage was not the same as starting the third stage of learning.

It was only until now that one could begin to learn the third stage skills.

According to Ji Feng's own understanding, this obstacle ball training was actually a consolidation and deepening of the first two stages.

The first stage, which was the ultimate purpose of the first set of body-building exercises, was mainly to exercise the body and make the physique much stronger. The second stage is mainly to accumulate bio-currents, while at the same time laying the foundation for the third stage.

Ji Feng guessed that since there was such a strenuous period of obstacle ball training before the third stage began, it was obvious that it couldn't just be for consolidation, and it was obvious that the third stage of training was also somewhat related to this bio-current manipulation.

As expected, the intelligent brain said, "Master, next, you will further learn the manipulation of bio-currents, and at the end of this stage, you will have trained the control and manipulation of bio-currents to the ultimate peak."

The ultimate peak?

When Ji Feng heard this, he instantly came to life and asked, "Then how should I exercise?"

Whew~~!

The scene in front of him suddenly changed, and in the blink of an eye, Ji Feng arrived in the middle of a dense forest, where the trees were incomparably tall, and the dense canopy blocked the sunlight, leaving little light to speak of underneath. The roar of beasts around him came faintly, and it really looked like he was in a primitive forest.

"It's really too realistic!" Ji Feng looked at the scene in front of him and couldn't help but say in admiration.

Not only was it visually striking here, but also, hearing, feeling, and some taste sensations, it could feel like this was the real primeval forest.

If Ji Feng did not know that he was actually inside a training space, he would really be taken aback, how could he appear in a primitive forest all of a sudden when he was originally in a big city built of steel and concrete?

You can imagine how realistic this place is!

"Intelligent Brain, what are we going to do next?" Ji Feng asked in amazement, "How did it bring me to the primeval forest?"

"Master, according to the training plan set by the program, next, you have to walk out of this forest by your own ability." The intelligent brain said, "What I need to remind you is that there are vicious beasts hidden in this forest. These beasts are dangerous to the master, however, they are afraid of bioelectricity, other than that, they are not afraid of any weapon"

"Only afraid of bio-currents?" Ji Feng was stunned and couldn't help but laugh, "Then wouldn't that mean relying mainly on bio-currents? This is the method of exercising bio-currents?"

"Yes, master!" The intelligent brain said.

Ji Feng nodded at once and laughed, "That's a good idea, then, let's go!"

"Roar~~~!"

Before Ji Feng's words fell, a fierce beast suddenly sprang out of the jungle next to him, and when Ji Feng got a good look at the beast, he was taken aback, what was this thing?

This beast looked like a wild boar, however, it had sharp tusks and two rows of jagged teeth on its tail as well, which looked very sharp, and it was not a good fight at first glance.

What's more, this guy was as tall and strong as a calf, and running was like a small mountain moving!

Ji Feng's eyes widened at once: "Intelligent Brain, what I have to deal with, is this kind of beast?"

"Master, this is only the lowest level, there are even more powerful beasts towards the back, master, be careful!" The intelligent brain said.

"More powerful beasts than that" Ji Feng was more or less drumming in his heart, one look at this beast that looked like a wild boar was not how good it was to deal with, and it was extremely fast when it scurried out just now, this alone was troublesome.

"Roar~~~!"

Ji Feng was still thinking about it, but the beast didn't give him so much time to think, and with a strange shout, it rushed over.

Knock knock! Knock, knock!

At once, the beast's hooves stepped on the ground, simply like a huge drum being beaten, and the earth shook a little.

The light in Ji Feng's eyes flashed brightly, he immediately took two steps back, pulled back his stance, and at the moment when the beast was about to crash into him, he fiercely turned sideways, his legs suddenly shot upwards, dodging it, and at the same time, his fist also ruthlessly smashed into the side of the beast.

Bang!

There was a muffled sound, but the beast only swayed a little, and then stood firm.

Ji Feng instantly looked astonished, so resistant to hit?

Even a rock might not be able to withstand a punch from his full power, but the beast was not affected by it!

"I'll see how resistant you are!" Ji Feng coldly snorted, and instead of waiting for the beast to come charging, he took the initiative to attack.

"Roar~~~!"

The beast seemed to be enraged by this action of Ji Feng, it roared in anger and rushed over.

Swish!

Just as one person and one beast were about to collide, the beast turned around abruptly, and the jagged tail behind it, suddenly flung itself over, faintly emitting a sound of breaking air!

“Drink!”

Ji Feng shouted, his body rolled on the ground and quickly dodged, but in his heart he was even more astonished, this beast actually knew how to play a ploy too?

The next moment, Ji Feng rushed forward again, this time, he used his speed to the limit, his fists and feet rained down on the beast’s body, in just a few minutes’ time, he didn’t know how many times he had hit the beast.

However, the beast only roared in pain and its speed was slightly affected, but other than that, it never suffered any other damage, Ji Feng’s fists and feet were almost useless against the beast!

Chapter 915

“Bio-current looks like it can’t be dealt with at all if you don’t use bio-current just by punching and kicking it!” Ji Feng stood opposite the beast, more or less gasping for breath, he had verified the words of the intelligent brain with his own practical actions, it really seems that this is only specially set up for exercising bio-current, fists and feet don’t work on the beast!

“Roar~~!” The beast roared again and charged towards Ji Feng once again, its four hooves boarding hard on the ground, its strong body showing its explosive strength.

Ji Feng stood on the ground with his feet apart and quickly activated the bio-current, and all of a sudden, he felt as if his body was filled with power.

Dodge, throw a punch!

Bang!

Ji Feng once again dodged the beast and smashed his fist into its side.

However, a punch that was simply useless before suddenly showed unusual power at this moment, only to see that as soon as Ji Feng’s fist, which contained bio-currents, smashed into the beast’s body, the beast instantly let out a miserable cry and fell on its heels on the ground!

“Roar~~”

The beast screamed miserably, obviously it had been hit very hard!

Ji Feng looked at his fist, “The bio-current is actually so powerful? The power has also been enhanced so much at once?!”

Although he knew that the bio-current was extremely powerful, however, there was nowhere in reality where he could exert his full strength, so he had no idea how effective it would actually be when he exerted his full strength.

And now, he understood!

Of course he also realised that this was a scenario simulated by the training space, specifically to exercise his bio-current, and that these beasts were restrained by the bio-current, which was why they were so powerful.

But when facing humans, it was believed that the effectiveness that bio-currents could exert was obviously more powerful!

Once he thought of this, Ji Feng was instantly energized as he let out a loud shout and once again took the initiative to charge towards the beasts.

“Roar~~~!”

The beast also stood up furiously, and after grinding its hooves on the ground a few times, it rushed towards Ji Feng again.

Ji Feng stopped abruptly, he spread his legs and slowly squatted down into a horse stance, seeing the beast coming towards him, but he didn't hide at all.

He had a feeling that the beast was no match for him!

It must not be!

“Roar~~~!” The beast was extremely fast, it arrived in front of him in the blink of an eye and rushed straight towards Ji Feng, it was like a wild train, its aura was extremely terrifying.

At the same time, Ji Feng's fist was already raised high, and a fist containing a thick bio-current smashed through like lightning.

“Ah...!”

Ji Feng roared, and his fist viciously smashed into the beast's mouth. The next moment, a huge impact instantly came, and Ji Feng's body shook, and his whole body immediately stomped backwards uncontrollably for seven or eight steps, and finally one of them hit a big tree, and only then did he stop.

If there was no such tree, he would have fallen to the ground. Ji Feng couldn't help but be secretly shocked, with his own strength plus bio-current he couldn't even stop it!

However, looking at the beast again, Ji Feng almost didn't cry out in shock.

Right where Ji Feng was standing just now, four underground claw marks extended backwards, three or four meters long, all the way to the beast's heel.

Looking at the beast, it was actually trembling all over, its limbs stretched forward, lying on the ground, screaming in agony.

With one punch, it had actually knocked even that beast back a distance of three or four metres! Those claw marks on the ground were the proof that it had gripped the ground when it was hit!

Ji Feng's eyes widened at once, the power of the bio-current, it was so terrifying?

“Whew!”

Ji Feng let out a long breath and was immediately about to step forward to strike again.

“Roar~~~!” The beast actually seemed to be frightened and gave a strange cry, getting up at once and turning around to rush into the bushes, disappearing!

“It actually escaped?!” Ji Feng was stunned, “Are these beasts really that afraid of biological currents?”

At this time, he truly understood the words of the wise brain, this place, indeed, was a good place to exercise the bio-current. Because these beasts were not afraid of anything else but bio-currents, and to get out of this forest, they would definitely encounter quite a few of them. All the way through this kind of fierce practical battle, the bio-currents would naturally grow a long way!

“Congratulations master!” The intelligent brain appeared beside Ji Feng again.

“Do I just keep walking?” Looking at the dense jungle in front of him where he couldn’t find a path and there were sky-high trees everywhere, Ji Feng couldn’t help but ask, “Which direction do I have to walk in and where do I have to go to pass?”

“Master, no matter which direction you go, as long as you can walk out of this forest, master will be considered to have passed.” The intelligent brain said.

So that’s how it is!

Ji Feng couldn’t help but nod his head and asked again, “Then is there a time limit?”

“No!”

The intelligent brain said, “Master, according to the program setting, there is no time limit, however, if master can’t walk out, the next time you enter the training space again, it will still appear in the same position as before you left, until you walk out!”

Ji Feng was stunned, “You mean if I leave the training space now, then the next time I come in, I’ll still be here?”

“Yes master!” The intelligent brain affirmed Ji Feng’s words, “Until this training is completed, master cannot do anything else in the training space, unless, master can complete this training!”

Only then did it dawn on Ji Feng, it seemed that this was part of the third training stage set by the program, if he couldn’t complete this training, he couldn’t move on to the next stage, it was the same as the previous obstacle ball training, or the first two stages.

“Alright then, I’ll move on!” Ji Feng looked around, and finally followed the skills he had learned before to discern direction, and kept walking towards the south, in his opinion, it should actually be the same in either direction, except that it was possible to exercise the bio-current and then consolidate the previous knowledge, so why not?

“By the way, what kind of monster is this that I saw, and how did it grow so fierce?” Ji Feng asked casually, “Wise Brain, this wouldn’t be a beast from your Gamma Galaxy, would it?”

“Yes master!” The intelligent brain said, “This is a selection of some of the less aggressive beasts in the Gamma Galaxy.”

“..... This is still the weaker ones?” Ji Feng laughed bitterly, “Then if the strongest fierce beasts came, I’m afraid I’d have to turn around and run, right? Even with bio-currents, it can’t carry such a fierce beast!”

“Master doesn’t need to worry, none of the beasts here will cause serious harm to master!” The wise brain said.

“Even if there are, I’m not afraid, since it’s training, it has to be a bit difficult to do so!” Ji Feng said forcefully.

“Roar~~~!”

Just at that moment, another beast roar came from ahead.

Ji Feng’s spirits immediately lifted, “It seems that it’s time to fight again”

.....

When Ji Feng was awakened by the alarm and exited from the training space, it was already six o’clock the next morning. He had actually carried out this training for almost seven hours.

During this process, Ji Feng encountered wave after wave of fierce beasts, some appeared alone, while others appeared in groups of three or five or even dozens together, and many of the beasts Ji Feng had really never seen before, and were extremely strange in appearance.

The beasts of the Gamma system are really an eye-opener for Ji Feng, there are all kinds of looks!

After a simple wash, Ji Feng went out for a walk, and then went to the breakfast shop in front of the villa area to buy breakfast. After all, now that there were more people and there was no full-time nanny at home, it would be more or less troublesome to rely on Xiao Yuxuan and Tong Lei alone to prepare breakfast.

When Ji Feng came back, he found that Xiao Yuxuan and the others were already up and had already ground up the soy milk.

“I’ve already bought breakfast, how come I’m good at grinding soya bean milk?” Ji Feng put the breakfast in his hand on the table and asked with a smile.

“What you buy outside is always not as good as what you make at home, and it’s not safe to eat.” Xiao Yuxuan took off her apron, “Hurry up and eat, don’t wait for it to get cold.”

“Fine!” Ji Feng smiled and nodded his head.

When eating, it was probably the most unsteady time for Ji Feng, he never ate like many people that were also svelte, always wolfing down his food and eating extremely fast.

But on the contrary, Xiao Yuxuan and Tong Lei felt that he was the most manly when eating like this. Xiao Yuxuan once said that she was most uncomfortable with many men, whose mouths were smaller than women’s when they ate, and their meals were more civilized than those of women.

A man should always have some manly wildness and ruggedness.

After breakfast, Ji Feng decided to go to the pharmaceutical factory to have a look, so he let Han Zhen drive with Tong Lei to the school, and he stayed behind.

When both Xiao Yuxuan and Xiao Ying were packing their things and preparing to go out, Ji Feng pulled Xiao Yuxuan to the side.

“What’s wrong?” Xiao Yuxuan asked.

“Yuxuan, what are you doing in a mysterious way lately?” Ji Feng asked, “He also goes out with us in the morning, sometimes we all come back in the evening and you haven’t come back yet, it can’t be that something has happened, right?”

Originally, Ji Feng also did not intend to ask about Xiao Yuxuan’s affairs, after all, since she did not tell herself, that meant she did not want to let herself know. When she wanted to talk about it, then she would naturally talk about it, so Ji Feng had never asked her too much about it.

But now it was different, Ji Feng was worried if Xiao Yuxuan had gotten into some kind of trouble outside or was under the spell of someone, if that was really the case, Ji Feng couldn’t help but ask.

Xiao Yuxuan’s beautiful eyes flowed and she pursed her lips and smiled lightly, “What, think I’ve been cheated by another handsome guy outside?”

“What are you talking about!” Ji Feng cried and laughed, how could he possibly mean that, he was still very confident about the relationship between him and Xiao Yuxuan.

You know, between him and Xiao Yuxuan, is not the kind of pretty girl loves big money, or rich woman loves little white boy or something like that, moreover, is not just playing around, but has real feelings, in such a situation, Xiao Yuxuan’s side is followed by Xiao Ying, not to mention whether she will fall for other people’s trick, I’m afraid whether other men can get close to her is an unknown!

Chapter 916

“Don’t worry!”

Xiao Yuxuan threw him a winks, “I am not going to be that gullible, and I am indeed doing something now, I will be able to tell you after a while, so don’t ask now, okay?”

“That’s fine, as long as you have it in your heart, no matter what’s going on out there, you’ve got me behind you, remember?” Ji Feng asked.

“You ah know you are good to me and heart me, but I am really doing the serious thing, after a while you will know.” Xiao Yuxuan tenderly fixed Ji Feng’s clothes, “I promise you that I will talk to you if there are any problems, okay?”

“Fine, fine!” Ji Feng shook his head helplessly, and suddenly, he remembered something: “By the way, how did you talk to Han Zhen yesterday? Did you find out anything?”

“Puff!”

Ji Feng just mentioned this, Xiao Yuxuan instantly could not help but laugh delicately, “Giggle little rascal, this time, people really reject you, just because you are a rascal ah ”

Ji Feng some ten feet of monk puzzled, can not help but ask: “rogue? How am I rogue? The first time I met her, I could count the number of words I’ve said on two hands. I think, she probably misunderstood!”

“Well! You’re right this time!” Xiao Yuxuan laughed delicately, “She did misunderstand and, moreover, misunderstood quite badly, thinking that you were a dude of bad moral character”

She quickly talked about her conversation with Han Zhen last night, in general, and while saying so, she also couldn’t help but feel a little bit of a smile, “Little rascal, do you think, was it your rascality that made people misunderstand? Is this your responsibility?”

“.....” Ji Feng was stunned for a long time before he cried and laughed and asked, “Is that why she rejected me?”

“What else do you think it could be?” Xiao Yuxuan gave him a white look, “You ah, from every aspect is a philandering ghost, no wonder people are afraid of you, tell you what, Zhen Zhen even said she wanted to examine you personally, if you really are a bad egg, she still has to teach you a lesson!”

“That’s really” Ji Feng rubbed his nose and couldn’t help but shake his head and laugh bitterly, “It seems that I don’t really look like a good person!”

“Alright, no more jokes.” Xiao Yuxuan laughed lightly, “When Zhen Zhen really gets to know you later, she will understand that being able to stay here is also a good choice for her.”

Ji Feng smiled and waved his hand, “Don’t make me sound so great.”

“It’s not that you’re great, but” Xiao Yuxuan said softly, “I think that Zhen Zhen is too innocent and so pretty, so if she goes elsewhere, someone might hit on her.”

Ji Feng shook his head and laughed: “You still don’t allow people to find boyfriends? Which guy doesn’t hit on people before he chases his girlfriend?”

“Giggle” Hearing Ji Feng’s funny words, Xiao Yuxuan laughed delicately.

“Like you said, once she really gets to know me later, she will know what kind of person I am.” Ji Feng laughed, “My main worry was that she had other opinions about me, that too then maybe it would affect her ability to protect Tong Lei, but now it seems that things aren’t that bad.”

“It would have been!” Xiao Yuxuan took his arm and started to walk back, “Think about it, this girl, Zhen Zhen, has a very simple personality and doesn’t seem to have been exposed to the dangers of society, so how could she possibly think otherwise of you? It’s just that she doesn’t like you and thinks you’re not a good person, can she still look at you badly for no reason at all?!”

“It’s good that it’s not like that.” Ji Feng nodded, “Yu Xuan, if you have time, you can talk to her more, I feel that there should be some story about her.”

Thinking back to the beginning when she was talking to Han Zhen about her remuneration, she was all out of it after asking for eight thousand yuan a month, obviously she was having some financial difficulties, otherwise, with her character she would never have asked for so much money at the drop of a hat!

Of course, eight thousand dollars a month, that's a lot in her opinion!

"Is that so?" Xiao Yuxuan was slightly stunned, "Then we should find her and have a good talk."

"Then it'll be hard for you." Ji Feng patted her hand, "You also know Lei Lei's character, it's impossible for her to take the initiative to talk to others about her heart, much less comfort people, so you'll have to work hard on these things."

"Okay, still talking to me about these"

Xiao Yuxuan smiled gently and leaned her head on his shoulder, softly saying, "You are the big young man, you must have big plans and big development in the future, also have ambitions, I can't help you much, I can only do what I can do to help you take care of these people in what. You think about it, if you can't even take care of these people around you, how can you talk about showing your ambition?"

The softest place in Ji Feng's heart was touched, and he was silent for a long time before saying, "Yu Xuan, thanks for having you!"

"Yuck!"

Xiao Yuxuan spat at him, "So what if I'm there, I'm still a bully for you!"

Ji Feng heatedly smiled, "That can't be helped, now you definitely can't escape if you want to, and I definitely won't let you go, just stay by my side and let me bully you for the rest of your life!"

"I'll still fight it oh"

"Never mind, I love it when you resist."

"Rascal"

A kind of strong tenderness grew quietly in their flirting, warming their hearts and, at the same time, making Little Shadow, who happened to see this scene in the living room, smile sweetly.

.....

Until Ji Feng came to the pharmaceutical factory, he was still somewhat immersed in the kind of warmth of Xiao Yuxuan, Xiao Yuxuan and Tong Lei's good, let Ji Feng feel twice as lucky and happy.

And there was a Xu Yuan in Xiao's pharmaceutical factory, which likewise gave Ji Feng a different kind of warmth, this was also a woman who was paying for him!

This made him proud and ashamed at the same time!

What he was proud of was that he had gone from being a poor boy with nothing to this point in just two and a half years, to owning two pharmaceutical factories, with a constant stream of profits every moment, with hundreds of millions of dollars in assets, and with several girls who genuinely liked him.

What he is ashamed of is that as a man, he is not able to be devoted to his love, but rather to keep his love around, ashamed of Tong Lei, ashamed of Xiao Yuxuan, and equally ashamed of Xu Yuan.

But he was ashamed of all the women who treated him with sincerity!

Yet, he could not control his heart and feelings, and could only curse himself shamelessly in his heart while enjoying the tenderness of the girls around him

“Boss!” Guo Tao’s voice made Ji Feng pull back his thoughts. He looked up, only to see that Guo Tao was already standing by the car and was greeting himself, “Boss why did you suddenly change cars? Where’s your x6?”

The relationship between Guo Tao and Ji Feng was not simply one of superior and subordinate, the two had also fought side by side more than once and could definitely be considered friends, so they spoke in a much more casual manner.

“I can’t help it, the car is being driven by my girlfriend to school, so I can only drive this one.” Ji Feng smiled as he parked the car and threw Guo Tao a cigarette, “Actually, this car is mine, the x6 he used to drive was my friend’s!”

The car he was driving now was the same Audi that Zhang Lei used to drive, after he went to the west city club and counted a few of Old Zheng’s brats, Zhang Lei took the car back. In fact, the car was not really of much use to him, unless he took Shen Jingyi out occasionally, otherwise, the car would be left there for a long time and I’m afraid it would break down.

That’s why he returned the car, only saying that he would drive it away again if it was useful.

“Boss, there’s no smoking allowed in this factory yard, it’s better to go to the office to smoke.” Guo Tao pinned his cigarette to his ear and laughed, “We can’t take the lead in breaking the rules!”

“That’s right, go, go to the office!” Ji Feng nodded and laughed, looking at the clean factory yard, he was satisfied, “Guo Tao, how is the situation in the factory these days?”

“There is no problem in terms of security, basically the situation in the pharmaceutical factory is now stabilized, the guests who visit every day are basically maintained at a more balanced number, we also have people patrolling at night, and the laboratory and production workshop are tightly guarded places

..... “Guo Tao picked the main situation and told it once.

Ji Feng listened very carefully, especially for the security aspect of protection and staffing, he paid more attention.

There is a saying that often fortresses are breached from the inside first.

Therefore, the internal personnel must be strictly guarded, as long as there will not be any internal supervisors or other things, then basically the security of the pharmaceutical factory will not be a problem.

“Also, in view of the last Kangong issue, we have also sent additional personnel to patrol over the dormitory building, and they are still armed personnel

..... they are of high quality and have all been strictly gated!” Guo Tao said.

“Well, this is very important, the same for the laboratory side, we may soon embark on the development of new drugs, when the time comes, we must be even more strict!” Ji Feng admonished.

“I will!”

As the two spoke, they had already arrived upstairs, Guo Tao did not follow them, but went to his office. He was the manager of the security department, and was very clear about his duties and terms of reference, and knew what matters he should not be involved in, and he definitely would not get involved.

When Ji Feng arrived at the general manager's office, he found that Xu Yuan was sorting out some kind of information with her assistant, the information on that desk was all stacked more than a foot high, three stacks, and the folders alone looked like they had to be dozens.

"Xu Yuan, what kind of information are you organizing here?" Ji Feng smiled as he walked in.

"Ah!"

Xu Yuan and her assistant exclaimed in surprise at the same time, even their faces changed slightly, and only when they saw clearly that the visitor was Ji Feng did they let out a sigh of relief.

"Why didn't you say hello before you came in, you almost didn't scare us to death!" Xu Yuan complained, "We were sorting out the contract with the pharmaceutical company and were worried about someone barging in By the way, didn't I lock the door? How did you get in?"

Chapter 917

Ji Feng shook the key in his hand and laughed, "Forgot that I have a key too?"

Only then did Xu Yuan let out a sigh of relief and patted her chest with some trepidation, "I thought there was something wrong with the lock on the office door. If that too, wouldn't anyone be able to get in?"

There was a lot of important information in her office, which were all business secrets, especially about data such as how many sales channels had been established in a certain region, or how much the agency fee was, which could not be known to others. If the lock on the office door is broken, I'm afraid there's a chance that this information could be peeked at.

Ji Feng couldn't help but frown: "You keep these information in your office?"

"No, these are all new client information signed in recent times, I plan to put them in the company's safe once I've sorted them out, I'm sorting them out now!" Xu Yuan said.

"That's fine, let me help you sort it out together!" Ji Feng laughed.

With three people sorting together, the speed was a lot faster. Ji Feng could almost say that he could sort out some scattered information quickly in a single glance and then put it in a folder. Alone, he was actually faster than both Xu Yuan and her assistant!

In no time, the information had been sorted out, and Ji Feng also got a concrete idea of some of the clients' situations by sorting out the information.

He swept a glance at the pile of folders and found that the vast majority of these were some clients from the southern region, and there were very few from the north.

"Xu Yuan, why are there so few clients from the north here?" Ji Feng asked.

Xu Yuan said, "This provincial level agents have all been spread out, these information that are being collated now are the regional agents at the local and municipal level, the information sent over by the provincial agents, as you can see, the cities in the south are relatively more developed, the sales of Kang Yuan slimming powder are naturally hot, then, the marketing network is relatively easier to establish. "

"What about the north?" Ji Feng asked.

"The situation in the north is relatively a bit more backward, and this is also the result of the difference in geography." Xu Yuan said helplessly, "The promotion in the north is a little slower, of course, some second-tier cities have basically been paved with goods, provincial capitals have opened up their sales, the rest, are some slightly smaller cities, are not yet paved."

"Hmm!"

Ji Feng nodded slightly, this situation was also determined by the current development situation in the country. In fact, when Ji Feng first went to look for Li Yueqin's mother and the two of them, he had passed through quite a few cities along the way. Moreover, he himself had come out from a small county in the north, so he naturally knew the gap between the north and the south of the country.

In fact, he might not feel it in the city, thinking that it was just the same, going out to all the high-rise buildings, but once he arrived in a small county, or in the countryside, the gap was too obvious.

For example, in a certain industrial city in Jiangsu and Zhejiang, originally it was just a small town, not a big place, but the total income of a small town was the sum of several third-tier cities in the north!

This kind of disparity is just too big.

Under such circumstances, the consumption levels of the two sides were naturally different. So for this situation, Ji Feng had expected it and wasn't too surprised to hear it now.

In fact, to be able to spread Kang Yuan Slim Powder to the current extent in this short span of one year was already very good.

"Go for it! The northern cities are developing quickly now, and the countryside is likewise a vast market, all this needs to be done slowly." Ji Feng laughed, "At least, the reputation of Kang Yuan slimming powder is made out, plus the excellent quality, this will guarantee the sales in the future, so this piece of Kang Yuan slimming powder should not need to worry too much."

"Yes, the market is basically mature now, everyone knows the effectiveness of Kang Yuan slimming powder!" Xu Yuan said, "However, there is another problem that is very troublesome"

Ji Feng couldn't help but be stunned, "What problem?!"

"Shanzhai!" Xu Yuan said with a bitter smile, "I have received several calls from agents asking if we have a new product to launch and why we have not negotiated with them according to the priority agency rights stipulated in the previous contract In fact, we have not developed any new products ah, they are all copycats of our products on the market! It's all just copycats of our products on the market!"

She turned her head and said, "Ping, go get the information!"

"Yes!" The assistant nodded and turned around and took out a stack of information from the drawer.

“Take a look.” Xu Yuan laughed, “These are basically all copycats of our products, there are simply all kinds of them, all kinds of them.”

Ji Feng picked up those materials with some suspicion and looked at them, and then his brows furrowed.

《康康瘦身粉，一月見奇效》

《康氏健身汤》

《康氏》

.....

At first glance, all these materials were all brochures or various promotional materials, and some manuals and other things, it was just all over the place!

However, these materials all have one thing in common, that is, all of them are using the words closest to Kang Yuan slimming powder for the name, which will undoubtedly form a kind of misleading to consumers, there what a lot of people can't tell which one is genuine and which one is pirated and cottage!

“These things” Ji Feng shook his head slightly and laughed bitterly, “We, in China, are really a cottage kingdom!”

“Just these blah blah blah slimming powder and so on, in fact, many of them are three-nothing products, nothing, no efficacy, and no clear test proof, but some of them, but they are other slimming pills directly change a packaging, branded with a name similar to ours, and they start selling in a grand manner.”

Xu Yuan laughed bitterly, “Moreover, their prices are the same as ours, and some are even more expensive than ours, do you think that people consumers will buy them?”

“In that case, our pricing is low?” Ji Feng asked with a frown.

Because he didn't want to make some black-hearted money, plus it was easy to promote at the beginning, Ji Feng set the price of Kang Yuan Slim Powder very low, at least, the pharmaceutical factory's profit, only about two percentage points, sometimes only one point if the raw materials were expensive.

But now it seems that the low price has become a disadvantage instead.

Buy only the expensive ones, not the right ones!

This is the mentality of many nationalities, because cheap is not good enough. And with the same brand of products, they think that the expensive ones must be for the classy people and the cheap ones are for the poor people, so they naturally have to buy the expensive ones!

As for money

What is money? The most important thing for them is money!

“It's hard to say whether the price is low or not, but at least in front of the copycat goods, we suffer a big loss because of the price!”

Xu Yuan said, "I've already started to have someone conduct a market survey to see just how big the impact of the cottage goods is on us, and I guess it shouldn't take too long for the survey report to come out. We'll discuss the price and other aspects when the time comes."

Ji Feng frowned and asked, "Can't we sue them? They're copying our Kang Yuan slimming powder, then we'll sue them."

"My big young man, it's not your first day in business, you're still so naive?" Xu Yuan laughed and shook her head, "Let's not mention that our country's laws are not yet very strong and explicit for copycats, just for those copycat manufacturers alone, they would not like us to sue!"

"Yes, they would like us to sue." Ji Feng laughed bitterly, he certainly understood the reasoning behind this.

The reason for this is that the law is not strict and copying is not a life-threatening crime. But the problem is that in the course of the lawsuit, they will certainly make a lot of noise and publicity, and may even insist that theirs is the genuine product.

In this way, media coverage, coupled with word of mouth, will undoubtedly be like advertising for the cottage manufacturers, and the sales caused by this advertising effect alone will be enough for those manufacturers to make a fortune.

Ji Feng could not help but scratch his head: "Taking these cottage manufacturers, is there really nothing that can be done at all?"

"At least in the current situation, we do not have a good way, we can only wait for our market research out, and then make adjustments, such as only take the high-end route, like Apple and other high-end products, who copycat they are not afraid. Or we can also take other routes, but it's still too early to say all this, everything must be market-oriented as the criterion!" Xu Yuan said.

Ji Feng nodded and smiled, "In fact, we are not the only ones who have encountered this situation, learn from the experience of others, then combine it with your own actual situation and try to come up with a good solution when the market survey comes out, then inform me. Also, you can contact Han Zhong, he should have a good solution."

"Mmm! I'll get in touch with him!" Xu Yuan nodded her head.

"Alright, this issue isn't that urgent, take your time." Ji Feng said with a smile.

After the three of them had sorted out all the information, they sent it to the safe and locked it up. After that, Ji Feng, together with Xu Yuan, walked around the pharmaceutical factory, especially the laboratory and the production workshop, as well as the warehouse, these three places were the most important and what Ji Feng was most concerned about.

While Xu Yuan was accompanying Ji Feng, with a charming smile on her face that she couldn't stop.

It was only because they were in the factory that they could not be too intimate, but even so, it made Xu Yuan very happy.

Afterwards, Ji Feng met with Yang Dezhao and listened to him briefly talk about the situation of the pharmaceutical factory, the time had come to noon and a group of workers in the factory had already started to leave work.

“Come on, let’s go eat together, relax, don’t bury your head in work all day, combine work and rest!” Ji Feng smiled and called on Xu Yuan and Guo Tao, Yang Dezhao said he had to be on duty at the factory and did not go.

Chapter 918

Ji Feng and his party of four, drove to a restaurant near the industrial park to find a meal.

In addition to Xu Yuan and Guo Tao, there was also Xu Yuan’s assistant who was travelling with him. It could be seen that Xu Yuan attached considerable importance to the girl.

In fact, Ji Feng also saw that the girl called Ping is very resourceful, many things do not need Xu Yuan to arrange will take the initiative to do, and regardless of whether she deliberately to show themselves, just her behavior, it is enough to make Xu Yuan pay attention to her.

If she knows how to behave and wants to behave, she is motivated!

The fact that Xiao Ping is also the daughter of an old employee of the factory and has been working in the factory since she graduated will certainly not give her any second thoughts, so Xu Yuan will be relieved to focus on training her.

The key is that Xiao Ping just needs to have a competent assistant, as to who this assistant is, it doesn’t matter much, as long as it’s not a business spy deliberately sent over by the opponent, then it’s fine.

“Boss, where to?”

Guo Tao, who was in charge of driving, turned his head and asked.

Ji Feng casually waved his hand and said, “Just find a random restaurant, we’re all on our own, just have a meal together, there’s no need to make it so troublesome!”

Guo Tao nodded slightly, he also knew that Ji Feng had never had a vicious fetish for posing, so he casually stopped the car at the entrance of a restaurant and smiled, “Boss, it’s here then.”

Ji Feng got out of the car and looked up, this hotel was just a very ordinary kind, there was nothing star or not, at the same time there were not many vehicles parked at the entrance, there were no noisy noises inside, it looked pretty good.

“Well!”

Ji Feng nodded, “Let’s go in then.”

A group of four people walked in with big steps, and the welcoming guest at the entrance immediately smiled warmly and said, “Welcome to

Led by one of the welcoming guests, the four of them sat down at a dining table in the hall.

Xu Yuan was in charge of ordering, while Ji Feng was frowning slightly, he was thinking about the future development of the pharmaceutical factory, the situation he was facing at the moment made Ji Feng feel that things were actually not that smooth, rather it could be said that it was somewhat troublesome.

The fact that the pharmaceutical plant's Kang Yuan slimming powder has been copied means that the influence of the slimming powder has reached a certain point, if the product is unknown, who will copy you, it's not as easy as creating a new brand yourself!

The reason is that those manufacturers who are copying are basically outside the country, and there are basically none locally in Jiangzhou, which is a regional coverage.

Even if the pharmaceutical manufacturers know about it, they can't do anything about it for a while, even if they are thousands of miles away, or if they are cottaging in some small cities. That's what those people think, and it's a fact.

But the question is, does the pharmaceutical factory want to take the high-end route to improve the competitiveness of the slimming powder, so as to get rid of the competition from those cottage products, or to work on the channels so that those cottage manufacturers have no way to compete with them?

The company is able to rise quickly, relying on the hot sales of Kang Yuan slimming powder, if there is a problem in the sales, then Xiao's pharmaceutical factory will not be able to develop, so Ji Feng had to pay attention to this issue.

But from what it seems now, as Xu Yuan said, we must wait for the market research report to come out before we can make a detailed plan for the development of the pharmaceutical factory.

However, according to Ji Feng's original intention, if the survey proves that those cottage products do not have a great impact on Kang Yuan's slimming powder, then the situation will remain the same as it is now. The market is not something that any one company can take up all of, especially in China, where various local departments may have inextricable ties with the companies below.

So to completely squeeze those copycat products out of the market is obviously difficult and almost impossible to do.

In the case of maintaining the status quo unchanged, increase the advertising efforts, and then expand the channels as much as possible, trying to develop a complete sales network to cover as many areas as possible, in this way, the sales volume will certainly have a considerable increase.

In other words, the business strategy of Kang Yuan Slimming Powder remains unchanged for the time being. After the names of Xiao's Pharmaceutical Factory and Kang Yuan Slim Powder have really stabilised and formed a good reputation and extensive market credibility, then the next step will be taken.

And Ji Feng's next step is to develop a new drug, or to improve and further strengthen Kang Yuan Slimming Powder, and the new drug must be closer to the No. 53 slimming drug.

As long as the efficacy of the medicine can be guaranteed, then the newly developed and improved slimming powder can take the high-end route of marketing strategy.

In this way, the high-end and low-end market, Kang Yuan slimming powder will be extremely competitive, which is like walking on two legs, not only can walk steadily, but also Xiao's pharmaceutical factory will definitely rise quickly.

So now the key to everything lies in the marketing of Kang Yuan slimming powder!

Increase advertising efforts, expand channels, and adopt some marketing rebate policies for agents

But any initiative that can increase sales can be implemented.

As long as the market for Kang Yuan slimming powder can be really stabilized, everything that follows will be fine!

"Xu Yuan, when the market research report comes out, you have to notify me immediately." Ji Feng said.

"Don't worry, the pharmaceutical factory's decisions are still waiting for you to make them, how could you not be notified!" Xu Yuan laughed.

"Mm! But make sure one thing, the investigation report must be accurate." Ji Feng said.

Xu Yuan laughed, "We hired a special investigation company to conduct the investigation, and at the same time our own staff were also sent out to conduct the investigation, a two-pronged approach, the accuracy of the investigation report definitely doesn't need to be questioned!"

Ji Feng nodded and said, "That's good."

In fact, there are many investigation agencies in China now, which may not be that accurate, but combined with the findings of the pharmaceutical factory's employees, it would be much safer.

.....

After eating, Ji Feng sent Guo Tao and the others back to the pharmaceutical factory before driving directly to the school.

In fact, for Tengfei Network, Ji Feng is only raising them now, especially Yang Yu and Wang Xin, these two are talents, even if there are no achievements now, it is not easy to let them go, but they cannot be idle like this.

So this is why the Tengfei Network Company was established, the purpose is to find something for them to do, when Ji Feng's another plan begins, they will come in handy.

"Ding"

Suddenly, Ji Feng's phone rang, because it was inconvenient to drive, he put on his headset directly and picked up the phone, "Hello, who is it?"

"Crazy, it's me, where are you now?" Zhang Lei's voice came over the phone.

Ji Feng looked through the windshield of the car and smiled, "Already in the university city, it's still a ten-minute drive from the school, I think. What's wrong?"

“That’s just right, why don’t you drive to pick me up!” Zhang Lei said, “I’m at Jinling Road Pedestrian Street, you can just go to the street.”

“What are you doing over there if you’re not in school properly?” Ji Feng asked in amazement.

Zhang Lei laughed bitterly: “It’s rare to ask Shen Jingyi out, so I thought I’d come over here to go shopping and watch a movie or something, but I never thought I’d be unable to get a car at noon, and the underground is so crowded that my feet can’t touch the ground.

The actual fact is that you can’t get to the place in the middle of the day.

Hanging up the phone, Ji Feng couldn’t help but shake his head and laugh: “This kid, still often boasts about how great he is at chasing girls, it’s been half a year before he went out on his first date, it turns out he’s also just a guy who just talks but doesn’t practice

Ever since Shen Jingyi’s ex-boyfriend Wang Lei hurt her, Zhang Lei started to take advantage of the situation, and by careful calculation, it has been at least half a year by now.

When Ji Feng occasionally asked how Zhang Lei was progressing, the guy would say not bad not bad, or say when he was dating again.

But Ji Feng now knows that this guy has always been bragging

The two of them were sitting on the bench at the bus stop, looking around from time to time, obviously waiting for themselves.

The two of them are wearing jacket-style casual clothes, jeans at the bottom and casual leather shoes on their feet.

And Shen Jingyi is still in a simple down jacket and jeans, just that long ponytail, still tied behind the head, the whole person looks full of youthfulness.

The two were sitting together, but they were extremely compatible.

Ji Feng couldn’t help but shake his head and laugh: “It is said that women are pleasing to their own eyes, this man is the same ah.”

He drove the car over while lowering the window and smiled, “Lei Zi, Shen Beauty, I’ll wait for you at the taxi stand in front!”

According to the rules of Jiangzhou, private cars and taxis, cannot take the bus lane, so Ji Feng drove straight past them and stopped at the taxi stand sign in front of them.

Bang!

Shen Jingyi and Zhang Lei quickly ran over to get into the car, and after closing the door, Zhang Lei couldn’t help but laugh, “Crazy, how come you came so fast?”

“When you called, it happened to be not far from here” Ji Feng laughed, his gaze glanced at Zhang Lei and Shen Jingyi’s hands held together, and then he smiled slightly, these two people had finally come together, it was worth being happy for them.

Just didn't know how the Tong Kai De couple would react to this future daughter-in-law!

"Ji Feng, I'll trouble you." Shen Jingyi said politely.

Zhang Lei immediately said with a big grin, "Wife, there's no need to be polite with this guy."

"What are you talking about!" Shen Jingyi suddenly blushed slightly, "You think everyone is like you, you don't know what it means to be polite!"

Ji Feng laughed, "Lei Zi is right, he and I are brothers, we don't need to be so polite!"

The three of them drove away from the entrance of the pedestrian street and gradually drove out of the busy street, Ji Feng then asked, "What, looking at you guys like this, it seems like you are set"

He hadn't finished his words when his face suddenly changed.

Chapter 919

Just when Ji Feng wanted to ask if the matter between Zhang Lei and Shen Jingyi was settled, he suddenly saw a cloaked figure by the roadside suddenly rushing towards the middle of the road like a madman.

Squeak...!

Ji Feng only felt a figure suddenly flashing in front of him, he subconsciously braked sharply and the car stopped abruptly.

Both Zhang Lei and Shen Jingyi, who were behind him, could not help but plunge forward and hit the seat backrest in front of them with a 'bang'.

Because this time was too tentative, even Ji Feng did not completely react before it happened.

"Bang!"

The next moment, the three found the car jolted again, Ji Feng's gaze swept over the rear view mirror, only to find that because of the sharp braking just now, a black car crashed behind them rear-ended.

"Crazy, what's going on?" Zhang Lei asked.

Ji Feng said, "Let's not talk so much first, I seem to have hit someone"

"What?!" Zhang Lei was instantly shocked.

The three of them immediately opened the door and got out of the car, Ji Feng was the fastest and turned directly to the front of the car to take a look, only to find a woman sitting cloaked on the ground, struggling with the intention of getting up, and looking back from time to time, looking very frightened!

"Ee?"

Zhang Lei came around from the other side of the car and stretched his head to take a look, immediately exclaiming, "Hu, Hu Xuehui?! You're Hu Xuethui?!"

Ji Feng's face instantly changed and he took two quick steps to Zhang Lei's front, fixing his eyes on the woman.

At this moment, Hu Xuehui also saw Zhang Lei and Ji Feng, and her originally pale face immediately became eager, her eyes flashed with hope, as if she had found hope, and she didn't know where she got the strength to stand up and grabbed Ji Feng's arm.

"Ji Feng, you, you've finally come to help me? Woo" Hu Xuehui leaned on Ji Feng's shoulder and let out a painful cry before she finished her sentence.

The next Shen Jingyi was stunned and glanced at Ji Feng and Hu Xuehui, wondering what the relationship between these two people was, and how that woman looked so down and panicked?

Zhang Lei was also stunned, what kind of show was this? What was this? Making up on the street? What?

Ji Feng, however, frowned tightly and pulled his arm out of Hu Xuehui's embrace, asking indifferently, "Are you okay? I didn't pay attention to my driving just now and accidentally bumped you, let me take you to the hospital first!"

Just now, because the time was too short, just a moment Hu Xuehui suddenly came from the roadside, and Ji Feng immediately braked sharply, so he did not feel whether he hit Hu Xuehui or not.

But since the matter is because of itself, no matter whether it is hit or not, it is always necessary to go to the hospital for a checkup to make sure that people are okay first.

Who knew that as soon as his words were finished, Hu Xuehui shook her head in a panic: "No, I'm not going to the hospital, Ji Feng, save my sister first, my sister is being tortured by them, she can't live anymore, Ji Feng, you must save my sister!"

"Your sister?" Ji Feng was slightly stunned, "She"

Before he could finish his words, he heard a cursing voice from behind him, "Damn you, do you know how to drive! What's with the emergency braking, causing the car that our Mr. Liao just bought to get hit, motherfucker"

"Swish!"

Ji Feng and Zhang Lei's faces sank at the same time, and they saw a fat man walking over, followed by a yellow hair cursing, pointing at Ji Feng and the others and cursing: "Which bastard drove the car? Stand out! Motherfucker, just bought a car"

"Pah!"

Zhang Lei's hot temper could not tolerate such cursing, a step, instantly reached the yellow hair, a fierce slap over, "I let you curse, I let you curse!"

Bang!

The yellow hair did not have time to react at all, and was hit head-on against Ji Feng's car. Zhang Lei, however, was still unforgiving and kicked that yellow hair in the stomach, directly kicking him to the ground, holding his stomach and screaming, falling in a heap.

"If I hear you swear half a word again, I'll get you killed!" Zhang Lei said coldly.

The fatty's face suddenly changed dramatically, "What kind of people are you, beating people up when you've made a mistake, it's simply not like that!"

"He deserves to be beaten!"

Zhang Lei said coldly.

"You" The fatty was furious, but seeing Zhang Lei's vicious look, he didn't dare to say anything more, he just said angrily, "You guys wait" "

He took out his mobile phone and went to call someone without knowing.

Only then did Ji Feng look at Hu Xuehui and asked indifferently, "What happened to your sister?"

"My sister is in this hotel, she was taken up as a lady and made to sell her body to pay off the debt" "

Hu Xuethui panicked and pointed to a hotel behind her, "My sister is being tortured by them and is dying! I, I worked part-time to earn money and came to deliver it to them today, but they said it wasn't enough and tried to arrest me too, I managed to escape with great difficulty" "

With Hu Xuethui's intermittent narration, Ji Feng heard and understood the whole thing, and it dawned on him.

It turned out that after Hu Xuehui's sister Hu Xueqin had been sold here in the first place, she had been forced to take clients, and it seemed that she was being asked to pay back some kind of money. Hu Xuehui, on the other hand, was working outside to help pay back the money to her sister Hu Xueqin, and came to deliver the money to the people in this hotel when she got paid today, only for them to catch Hu Xuehui with them!

The first time I remembered that a few months ago, Hu Xuehui had looked for herself several times, and because she couldn't find herself, she even ran directly to the entrance of the family compound of the municipal party committee to find her second brother, Ji Shaolei, and asked him to help find herself.

At that time, Ji Feng heard that it was because Hu Xuehui's sister had been sold that she came to him for help, but because he still had a grudge against the past, especially because Hu Xueqin had once humiliated his mother, he was extremely angry and could not forget this matter.

Moreover, he felt that Hu Xuehui no longer had anything to do with him, so he decided to put the matter aside in order not to have anything to do with her in the future.

However, he did not expect that when he got busy later, he would forget about Hu Xueqin's matter.

If he hadn't met Hu Xuehui again today, Ji Feng wouldn't have known how long it would have taken him to remember, or, even if he had remembered, he would have pretended not to know.

It wasn't that he was ruthless, but for those who had insulted his mother, Ji Feng would never forgive easily!

"Ji Feng, I beg you!" Hu Xuehui saw that Ji Feng was indifferent, without the slightest expression on her face, she instantly knelt down on the ground, "Ji Feng, I know I've wronged you in the past, I shouldn't have been so snobbish, let alone insulting you like that, but my sister is really about to be tortured to death by them, only you can save him ah... .."

Ji Feng hesitated for a moment before saying, "Get up first, I'm not sure about this matter, I can only see what happens."

Hu Xuehui, however, begged bitterly, "Ji Feng, I beg you, I beg you, I don't know anyone else, I only know you alone, please must help me ah"

While next to her, Shen Jingyi's face was showing an atmospheric look, "These people are really abominable! How can they do this, this is not forcing good people to become `prostitutes'!"

Ji Feng looked up at the hotel called Xingtai in front of him and couldn't help but shake his head slightly, this kind of thing is not that rare, you can often see this kind of thing on TV and news, it's just that there are many times that people don't know about it.

He sighed lightly, "Why didn't you call the police?"

Hu Xuehui hurriedly nodded and said, "I've reported it many times, but they always say there is no such person in the hotel, but I know there is, look, this is the letter my sister gave me"

She took out a piece of paper from her pocket in a panic and handed it to Ji Feng.

Ji Feng took it over and saw that the paper read: Hui Hui, hurry up and get the money together!

"Is this written by your sister?" Ji Feng asked.

Hu Xuehui said, "Yes, this is my sister's writing, she doesn't read too much and her writing isn't good, I can recognize it, she must be going crazy, otherwise, she wouldn't write like this!"

Ji Feng pondered slightly for a moment and finally said, "Get in the car first, let's talk about it at the front. I'll think of a way to deal with your sister's matter."

At this moment, there were already many people gathered here watching, so Ji Feng naturally would not let himself remain here to be looked at as a monkey, moreover, this matter could not be solved so easily, it had to be considered in the long run, otherwise, why had those police officers not solved it long ago?

Hu Xuehui, however, thought that Ji Feng did not want to save her sister Hu Xueqin, so she panicked and said, "Ji Feng, I beg you"

Ji Feng's face instantly sank: "I said, I will think of a way!"

After saying that, he directly turned around and left, he really had no interest in continuing to dwell with Hu Xuehui.

Hu Xuehui scrambled up and followed him, "Ji Feng"

"Hey! You guys are not allowed to leave, you caused me to crash my car, and you still want to leave?" The fat car owner shouted as soon as he saw that Ji Feng and the others were leaving.

Ji Feng frowned: "How much do you need to repair the car? I'll pay you back!"

"Humph! Kid, pretending to be a big spender in front of me, huh? Don't even look at what kind of crappy car you're driving!" The fatty sneered, "You can't afford to pay for it even if you sell your car!"

Ji Feng shook his head slightly and stopped talking nonsense to him, instead, he directly took out his mobile phone and prepared to call Zheng Yuanshan.

“Damn it, that woman ran away! It’s right over there”

“I see it, chase it!”

“Don’t let her get away, make sure you get her back!”

.....

Suddenly, a chaotic sound came from the entrance of the hotel, and several people immediately turned around to see seven or eight security guards rushing out from the hotel, holding weapons like rubber rollers in their hands, and rushing furiously towards this side.

“Ah...”

Hu Xuehui immediately cried out in shock and subconsciously hid behind Ji Feng, “Ji, Ji Feng, please save me”

Chapter 920

Ji Feng frowned, “These people are the security guards in the hotel?”

“Mm!” Hu Xuehui nodded in a panic, “They’re fierce, they’re the ones who want to arrest me!”

Ji Feng nodded slightly and looked coldly at the security guards who rushed over, his brows furrowed tightly.

In fact, although he also had sympathy, however, he did not want to clash with the people of Xingtai Hotel so soon, and he did not want to clash with them directly either.

Ji Feng knew very well that he was not a saviour and did not have that ability to go around fighting for justice.

What he could do was to go to his second uncle’s house and explain to him in detail what he had encountered today, and next, he would naturally have a solution, which was not something Ji Feng needed to care about.

But now the security guards of Xingtai Hotel had rushed over so directly, it was obvious that conflict was unavoidable.

“Stinky woman, I’ll see where else you’re going to run!” Soon, the seven or eight security guards had already rushed to the front and were raging to cross over Ji Feng to grab Hu Xuehui, “I have to teach you a good lesson this time, how dare you run away? How dare you run away? You said you were going to the toilet, I’ll let you go to the toilet this time!”

As he spoke, this security guard was about to reach out to grab Hu Xuehui who was standing behind Ji Feng.

“Bastard!” Ji Feng was instantly furious and grabbed the guard’s hand with a fierce grip, his arm snapping into action.

Ka-ching!

In the next moment, that security guard instantly changed his face, staring dead in the eyes as he let out a miserable cry, "Ah-!"

When he looked at his hand, it was already drooping down from his wrist, as if it had been snapped off, Ji Feng had instantly dislocated his wrist with that blow just now!

"You're looking for death!"

When the other security guards took a look at the situation, they became furious and roared before lunging up with rubber rollers.

"It's you guys who are looking for death!" At the same time, he directly pounced on them, just like a tiger entering a herd of sheep, his fists were like two hammers, raining down on the guards.

The remaining two were frozen in fear, standing frozen in place, neither going up nor running, and for a while, they were frozen in a daze.

POW! Slap!

Zhang Lei slapped the two remaining security guards without mercy, knocking them directly to the ground, "Aren't you guys fierce? Who the hell is looking for death?!"

"You guys, you've caused a big trouble!" The only security guard who had dislocated his wrist but could still stand said through gritted teeth, "Do you know who our boss is?!"

"How dare you talk tough?!" Zhang Lei sneered, grabbed his other hand and shook it violently, and with a click, that security guard's other arm was also dislocated by the blow.

"Ah...!"

The security guard instantly let out another miserable scream, his whole body could no longer stand up, and he fell to the ground at once, touching his wrist, and the sharp pain instantly spread throughout his body, miserable beyond compare.

"You, you're dead!" The security guard still gritted his teeth and cursed: "I tell you our boss is black and white, get, get you killed is easier than crushing an ant, when the time comes I will definitely want you"

"Pop!"

Ji Feng kicked him unconscious, "Don't be at the time, just this time!"

He turned his head and said, "Lei Zi, let your girlfriend take care of Hu Xuehui, let's go into the hotel and see what kind of dragon's den this is!"

"Okay!"

Zhang Lei laughed, "What kind of bullshit dragon and tiger cave, won't we know if we break through?!"

Shen Jingyi also did not have the slightest objection, even she did not even have the slightest different colour, it was obvious that she was not afraid of these things at all.

Only Hu Xuehui, once she heard that she had to go in again, she was so scared that her body was shaking and her face was pale: "I, I won't go, they are all demons, I won't go"

"You love to go or not!" Ji Feng's tone was extremely cold, "But if you don't go, I can't guarantee that I can save your sister, you watch out for yourself! Zhang Lei, Shen Jingyi, we're going in!"

After saying that, he did not care what happened to Hu Xuehui, directly striding forward in the direction of Xingtai Hotel.

In fact, if it is not today happened to encounter this matter, Ji Feng believes that he is afraid that he will not bother, between him and Hu Xuehui, has long been a stranger, and, he never thought he was a good man. Of course, within the limits of his ability, he is willing to help some people, and is willing to do something righteous.

But the question is, it depends on who is in need of help!

As the saying goes, a pitiful person must have his or her own hatred, and this saying could not be more appropriate when applied to the two sisters of Hu Xuehui.

For this Hu Xuehui, Ji Feng did not deny that he used to have deep feelings for her, but at that time, it could not be called stupid, but only too innocent and very immature, which is why he was hurt.

But now, the two of them really no longer have any relationship, and even so, she makes Ji Feng unable to even hate.

Who would hate a person who is insignificant in their heart?

A person can't let go, it's because you take this matter too seriously, it depends on your attitude.

And Ji Feng's attitude towards this matter is very bland, there is no longer any relationship with each other, so why do you need to remember that old love?

Therefore, Ji Feng simply ignored Hu Xuehui and walked straight and boldly towards the Xingtai Hotel. He went there because he was angered by the arrogance and recklessness of these security guards, not because he wanted to take out his anger for Hu Xuehui.

For the sake of having known each other before, helping her to get her sister out was all that was needed, and there would be nothing more in the future.

Looking at Ji Feng's back gradually walking away, Hu Xuehui's face changed and changed again, and after looking at the security guard lying on the ground rolling and moaning, she was so scared that she trembled and hurriedly followed him.

"Holy shit, that's fierce, one man beating up so many people, Bruce Lee reincarnated, huh?"

"Bull!"

"Those few security guards still have weapons in their hands, they couldn't even beat these two youngsters, could they be the legendary martial arts masters?"

"Maybe it's true, have you ever seen two fight seven or eight"

.....

The two young people who had been watching the event had been talking about it, but their voices were not too loud, and those who came here often knew that the Xingtai Hotel was a very powerful hotel, so don't get into trouble!

However, the two youngsters' fierce performance just now had shocked the crowd.

This wasn't a movie, but a real fight between two people!

At this time, the middle-aged fat man who made the bold statement after the rear-end collision with Ji Feng's car, was trembling in both legs and stomach, fortunately he did not make a move with these two kids just now, otherwise

He took a look at the few security guards lying on the ground and couldn't help but subconsciously shrink his head even though he was too fat and had almost no neck!

But seeing Ji Feng and the others enter the Xingtai Hotel in an aggressive manner, seemingly looking for trouble, this fatty's depressed and scared mood was instantly swept away and pleasant.

"Good, actually daring to go to Xingtai Hotel to look for trouble, these two brats really don't know how to live or die!" The fatty was secretly excited in his heart, "Things that don't know how to live or die, I'd like to see if you can come out intact after going in so aggressively!"

This fatty was also a person of some status, and he knew something about the background of the Xingtai Hotel, at least, he himself did not dare to make trouble in this hotel, and he had to nod and bow when he met the hotel owner.

He couldn't help but gloat, these two rascals don't put others in their eyes because they are good at fighting, this time, see how they die!

Besides, Ji Feng and his group of four people arrived at the entrance of Xingtai Hotel with great strides, and were stopped by two security guards before they could enter, "You, you can't go in! We don't welcome you here!"

"What, is your hotel not open to the public?!" Zhang Lei sneered, "Since it's no longer open for business, then it's better to simply close down!"

The security guard suddenly looked choked, but did not dare to stop him, but in his heart he said, "You are so arrogant now, I hope you will not kneel down and beg for mercy later!"

The two security guards gave each other a wink and gave way at the same time.

In fact, when Ji Feng and Zhang Lei beat up those security guards outside, these two security guards saw them standing at the entrance, but they did not dare to come up. This was because they were ordinary security guards and not specialised fighters in the hotel.

However, they still quickly told the lobby manager what was happening outside. According to past practice, if someone caused a disturbance, if the hotel's fighters could not stand up to them, an expert would immediately come out to stop them, or just call the police to deal with them.

With the boss's power, he could call a large number of police officers or his buddies with a single phone call, so just two guys who didn't know whether to live or die, they were also worthy of causing trouble here?

The two security guards looked at Ji Feng and Zhang Lei with a trace of pity in their gazes.

What two pathetic guys!

On the other hand, Zhang Lei and Ji Feng didn't care what these two security guards thought of them and sat straight down on the sofa in the hotel lobby.

"Get your person in charge here!" Zhang Lei said to one of those security guards.

"Our manager is on his way!" One of the security guards said in an unkind tone.

Zhang Lei hummed, but didn't say anything more.

Ji Feng likewise didn't say too much, today they weren't here specifically to cause trouble, so it was not necessary to be common sense with such small minions, as long as they could get the people here, it was enough. As for how the hotel should be handled, this is not something that Ji Feng should ask about, he will only tell Uncle Er what he encountered today, and how to do it, Uncle Er will naturally have his way.

Stomp stomp stomp

Just then, a middle-aged man wearing glasses came down the stairs step by step, and behind him, followed by a stout man, who was rugged looking and appeared wild.

It was this stout man who made that heavy footstep sound!
