

Campus Master 931

Chapter 931

Zhang Lei's face was gloomy as he looked at the three guys in front of him and couldn't help but shake his head slightly.

"Hu ..... Hu Yigui is it?" Zhang Lei narrowed his eyes, glanced at Hu Yigui and asked with a smirk, "Are you responsible for your own words?"

"Nonsense!"

He waved his hand, "Director Lu, immediately get rid of these two people and their relatives, I don't want to see them in the hospital again!"

And at this time, Ji Feng had already taken out his mobile phone.

In fact, he really didn't want to alert Uncle Er because of such a little thing, Uncle Er was already busy enough, where else would he have to bother with such things.

But these guys in front of him really disgusted Ji Feng, especially this Hu Yigui, and Ji Feng had already made up his mind to settle the score with him. At least, he, the vice president, was considered to have made his head.

"Yo-ho? Who else do you want to call?" When he saw Ji Feng start dialing the number, the bald man lying on the nursing bed couldn't help but sneer.

"I think he is going to call to contact about transferring to the hospital, this first hospital, I'm afraid he can't stay ....." the sultry woman laughed shamefully.

When these words were spoken, the bald man's face couldn't help but show a sneer as well.

In their opinion, Ji Feng must not have any connections, otherwise, he would have to foolishly run here to apply for any ward? Who would still have connections and not use them these days?

If he had connections in the hospital, wouldn't he just find someone to arrange for an intensive care ward?

So it seemed to Baldy and the sultry woman that Ji Feng was just contacting about a transfer to the hospital, or was just putting on airs.

"Two idiots, shut up!" Zhang Lei coldly glared at them.

"Bastards!"

Hu Yigui snorted coldly, "It's simply not like that... Director Lu, why don't you kick them out? Go call security immediately!"

"This ....."

That Director Lu finally nodded his head and turned around to call the security guards.

Hu Yigui was the vice president in the hospital, his rank and position were higher than him, he couldn't disobey Hu Yigui's orders, otherwise, his life in the hospital in the future, would not be easy!

"Second Uncle, this is Xiao Feng .....", Ji Feng had already picked up the phone.

"Little Feng, what's up?" Ji Zhenguo's character was such that he usually didn't make small talk and spoke seriously, so strictly speaking, he was more composed than the elder Ji Zhenhua, but he also made all the junior characters below him afraid of him.

Of course, Ji Feng was an exception.

"Second uncle, it's like this, my girlfriend's father had a sudden brain bruise and was in the first hospital, there was something in the middle, and as a result a vice president over here wanted to kick us out ....." Ji Feng said simply.

He did not explain what happened in detail, after all, Hu Yigui, no matter what, is also the vice president of the first hospital, in the case of nothing wrong, is not so easy to take down. Therefore, Ji Feng was only fighting for a bed first, and as for the matter of Hu Yigui, he would naturally talk about it when he went to see his second uncle.

However, Ji Zhenguo's reaction was out of Ji Feng's expectation.

When he heard that Ji Feng's future father-in-law was actually hospitalized with a brain bruise, he immediately said, "Let's do this, you guys wait there, I'll go there."

As Ji Feng's eldest brother, Ji Zhen Guo was not in Jiangzhou, so now that his nephew's future father-in-law had a cerebral haemorrhage, he naturally had to take up his parental duties, so it was not right not to come.

Of course, if the status of Ji Zhenguo, he did not come, no one can say anything, but, Ji Zhenguo never like to mix public and private.

Public is public and private is private.

"Second uncle, you can just help me arrange a ward ....." Ji Feng is more or less embarrassed, this kind of thing still let the second uncle run a trip, a bit not quite appropriate.

He was not thinking about etiquette, mainly because he was so angry by Hu Yigui that he even forgot about it.

"Alright, I'm going over there!" Ji Zhenguo finished and hung up the phone straight away.

Ji Feng was stunned before he understood Second Uncle's intention, and couldn't help but smile faintly.

Second Uncle was coming as an uncle, not as a high official in Jiangzhou City, which was a sign that Second Uncle valued himself.

It seemed that now Second Uncle had gradually stopped treating himself as a child.

Well, that's a good sign!

It showed that what one had done had gradually gained the recognition and appreciation of one's elders.

"It's not like you can't find a suitable hospital, so you've started acting crazy here, right?" Seeing Ji Feng actually laughing while typing on the phone, the bald man lying on the nursing bed instantly scoffed.

Hu Yigui also gave Ji Feng a disdainful glance, but didn't say anything, anyway, Director Lu had already gone to call the security guards and was able to kick these two brats out of the hospital very span, he was so proud of his status that he didn't bother to make a sarcastic remark.

After all, he is a superior person!

Zhang Lei, however, was so disgusted that he couldn't help but say, "Crazy, I want to throw this disgusting guy out right now, what do you think?"

"Forget it, he can't bounce around for much longer!" Ji Feng shook his head, Second Uncle was coming soon, no one would be able to jump up and down by then, it was not a good idea to be normal with him now.

The municipal party committee compound was not that far from the First Hospital, it was only a ten-minute drive.

"This gentleman, would you like to go to the ward to rest?" The nurse who was pushing the nursing bed was a bit uncomfortable, but President Hu was here, so she couldn't say anything directly, so she could only ask politely like this.

"Go to what?!"

That bald man has not yet spoken, the sultry woman next to him has already spoken, she said with contempt: "not yet finished watching the fun, so why so anxious to go? I'd like to see what kind of tricks these two bumpkins can play, and call for someone to ..... me pooh!"

That little nurse couldn't say anything.

At this time, the first hospital's director's office, an old man with white hair, however, hurriedly walked out of the office.

Just a minute ago, the secretary of the high city official called over and said that Secretary Ji was on his way to visit his nephew's future father-in-law. He also said something about wanting the dean to help arrange a ward for his nephew's future father-in-law to live in if he could .....

"Dean Cao, how can you drive a patient out when they come for treatment?"

That was a really scary thing to say!

Secretary Ji's nephew was actually in the First Hospital, and his father-in-law was sick?

What's more, from the tone of Secretary Ji's secretary, they had actually not applied for a ward in the hospital?

Moreover, the most frightening thing was that someone in the hospital was rushing Secretary Ji's nephew out!

President Cao's scalp was really tingling, what the hell was going on? Who is so desperate to get rid of Secretary Ji's nephew?

The patient was not the nephew of Secretary Ji, even if it was just an ordinary patient, there was no reason to kick him out. Who in the world has the audacity to do such a serious breach of discipline!

"Stomp, stomp, stomp ....."

In the corridor on the third floor, Director Lu of the inpatient department had already brought up four security guards with quick steps, and he came to Ji Feng and Zhang Lei and said, "Two, you'd better go ....."

Ji Feng frowned, "Are you really going to drive us out? This is what doctors are supposed to do?"

"This ....." Director Lu had a difficult face, Ji Feng's question made him really unable to say anything, as a doctor, how could he drive the patients outwards!

But, after all, President Hu gave the order ah!

"What are you still standing there for? Kick them out immediately!" Hu Yigui, however, coldly snorted and said in a deep voice.

Director Lu's face changed, but he hesitated.

Ji Feng, however, said indifferently, "Director Lu, right? Not to mention that as a doctor, even as a human being, you should have some principles of your own, not to mention that you are still a doctor who saves lives and helps the injured, to drive a patient out of the hospital like that is to harm lives! I hope you won't be self-aware!"

Director Lu was caught in a dilemma, he couldn't help but regret a little, if he had known he would have stayed down there a little longer, why did he have to come up so quickly!

Just at that moment, his mobile phone suddenly rang.

When Director Lu saw the caller ID on his phone, he was stunned and hastily picked up the phone, "Hospital, Dean ....."

When Hu Yigui, who was next to him, heard this, his face suddenly changed slightly.

"..... Okay, okay, I'll do it ....." There was no telling what was said over the phone, and cold sweat sprang up on Director Lu's forehead.

After hanging up the phone, Director Lu's face was incomparably embarrassed, he hesitantly came to Ji Feng and said awkwardly, "That ....., two gentlemen, I suddenly remembered, we seem to have a few intensive care wards here, the two of you invite your loved ones to stay in, is that okay?"

"Director Lu, do you know what you are saying?!" Hu Yigui suddenly turned pale and roared low.

"Hu, Dean Hu, this is what Dean Cao personally called to arrange ....." Director Lu explained, "I can't do anything about it!"

Hu Yigui's brow then furrowed and he nodded, "Good, good! Director Lu, Dean Cao is about to retire!"

The warning he said was self-evident, Dean Cao was already retiring, and the next person who could take over the dean's position would most likely be him, Hu Yigui, so if Director Lu dared to go against him at this time, he was not thinking about his own future.

Director Lu smiled bitterly.

"Humph! I am retiring, but for now, I am still the director of the First Hospital!" Suddenly, a voice came over, and an old man with white hair was seen walking angrily.

"Excuse me, which one of you is Mr. Ji?" After this old man said that, he didn't even pay attention to Hu Yigui and Director Lu, but came directly to Ji Feng and Zhang Lei, "Introduce yourself, I'm the director of the First Hospital, Cao Menghua."

Ji Feng then knew that this was Second Uncle working.

He nodded to Cao Menghua and said, "I'm Ji Feng."

"Mr. Ji, I apologise to you because of our work mistakes and the negligence of individual staff members." Cao Menghua immediately extended his hand, "The hospital is big and the quality of people varies, so please forgive me Mr. Ji."

Ji Feng shook hands with him and said, "Let's talk about this later, but this intensive care ward ....."

Cao Menghua's face suddenly turned gloomy: "Director Lu, if you don't want to be reshuffled in your job, I want to see the intensive care ward now!"

"Yes yes!" Director Lu was scared to the point of cold sweat.

"Hold on!" A gloomy voice but suddenly rang out, but it was Hu Yigui who spoke next to him.

Chapter 932

"Hold on!" A gloomy voice suddenly rang out, but it was Hu Yigui who spoke next to him.

"President Cao, the intensive care ward is for critically ill patients and some patients with special needs, if you let them stay in the intensive care ward now, do you still want the rules set by the hospital? If other patients follow their example in the future, won't that be chaos?" Hu Yigui said.

In fact, Hu Yigui was very angry. He had just lost his temper here and asked Director Lu to lead the security guards to kick these two kids out, but now Dean Cao had come out and directly denied his opinion, and instead, he wanted to give these two kids a special care ward, what was this?

Although President Cao was the head of the hospital and was in charge of the entire hospital, Hu Yigui had to listen to President Cao's arrangements, but he also had his own considerations.

The hospital's deputy director, Hu Yigui believes that he is at least the vice president of the hospital, and he is young and strong, and he has a good relationship with the leaders of the health bureau above him.

What's more, in the future, when he becomes the dean, if any of his relatives or friends want to work in the hospital, they will have to beg him, Hu Yigui, right?

Now that it's time to go, then be honest, I can still take care of you in the future for the sake of you being the old hospital, if you don't know what you're doing and still put up a show of being the hospital and playing the authority of the dean, hey, then I won't give you face either!

However, Dean Cao just gave him a cold look and waved his hand directly, "Director Lu, if you still want to continue working in the First Hospital, do as I say now, otherwise, you can pack up your bunk and get out!"

Director Lv was in a dilemma. On one side was the director, while on the other side was a vice president who would probably take over the director's position.

Ji Feng and Zhang Lei just looked on with cold eyes, for them, this Hu Yigui could not bounce around for much longer.

Ji Feng, in particular, had already decided to kick this old bastard out!

Not to mention the old scores from before, just today Hu Yigui's move to kick them out had already violated Ji Feng's bottom line.

The patient had come to see the doctor and was still at the point of hospitalisation, yet this bastard was kicking the patient out indiscriminately, wasn't this forcing people to death?

What's the point of keeping such a bastard who has no regard for other people's lives?

"Director Lu, still not going?!" Dean Cao sank his face.

Director Lu hesitated for a long time, but finally nodded, "Yes, I'm going to make arrangements!"

"Director Lu, you should think it over." Hu Yigui, however, said in a non-yin and non-yang manner, the threatening implication in those words was self-evident.

"Director Hu, there are rules in the hospital, but the intensive care ward is meant for patients." Since Director Lu had already decided to take Dean Cao's side, he naturally couldn't compromise any further.

Although it was true that Hu Yigui might take over as director, as Dean Cao had said, he was still the director now, and if he found a reason to throw himself out of the hospital, even if Hu Yigui became the director again, then he would have to pay a considerable price if he wanted to come back, right?

The greed of Hu Yigui is well known to all.

Therefore, after thinking over and over, Director Lu finally made a decision.

"You ....." Hu Yigui was instantly furious as he sneered, "Good, good, Director Lu really knows how to be flexible!"

Director Lu didn't bother to look at Hu Yigui's face, he just walked quickly to the inpatient counter and said, "Arrange an intensive care ward immediately."

"Yes!"

The little nurse at the counter hurriedly nodded her head.

“Hold on!” Hu Yigui snorted coldly at once, “I have just said that the intensive care ward is not for everyone, and now, in my capacity as vice president, I oppose this arrangement!”

“Nima!”

Zhang Lei instantly snorted, “The intensive care ward is not for everyone? Then this bald guy can stay in the intensive care ward for nothing more than a simple minor operation? Damn you, I’ve never seen such a shameless bastard like you!”

“What are you talking about?!” Hu Yigui was instantly furious, “Security, blow them out of here immediately!”

“Are you going to blow me out as well?” A majestic voice suddenly came over.

“Who’s talking!”

Hu Yigui roared angrily and turned his head violently.

The next moment, the anger on his face froze instantly, and his entire body stood frozen on the spot as if struck by lightning, “Shu, the secretary?”

A gloomy-faced Ji Zhenguo, who was striding in with his secretary, asked in a deep voice, “I’m the one speaking, what’s the problem? Don’t I have the right to speak yet?!”

“Secretary Ji!”

Dean Cao hurriedly greeted him, “Secretary Ji, it was my mismanagement, please ask the secretary to reprimand me.”

“Humph!”

Ji Zhenguo snorted coldly, “They say that it is difficult for the people to seek medical treatment, and that the hospital is full of black-faced nurses and black-hearted doctors! I used to think that this was overstated, but now it seems that it wasn’t really wrong!”

Hu Yigui had been so scared that his legs and stomach were trembling, and his upper and lower teeth were shaking uncontrollably. He wanted to say something to explain, but seeing Ji Zhenguo’s majestic face, he could not say anything, and his mind was blank.

“Secretary Ji ……” Dean Cao was also nervous.

“Isn’t the intensive care ward just for patients?” But Ji Zhenguo didn’t listen to any explanation at all, “How come not everyone can live in it? There are three, six, nine classes of people?”

Hu Yigui’s mouth was open, but he couldn’t say a word.

“Secretary Ji, it’s all because I didn’t manage the hospital well ……” President Cao didn’t dare to explain, and could only admit his mistake repeatedly.

“Since you can’t manage the hospital well, then don’t manage it!” Ji Zhenguo said indifferently, “For those who do not obey the management, there is no need to manage him, and those who are not suitable should not stay in important positions!”

President Cao nodded his head in a panic, nervous, but he could also hear that Ji Zhenguo should not be talking about him.

Sure enough, upon hearing these words, Hu Yigui next to him instantly had a shiver in his body.

What do you mean by people who don't obey management don't need management?

Doesn't that mean that since you don't obey the management of the leader, then don't appear in my remit .....

This is to transfer yourself away? Or just jerk off?

"All right, hurry up and arrange a ward for the patient, I'm not here to inspect the work today, I'm just here to visit the patient!" Ji Zhenguo didn't say much, he just waved his hand.

Director Lu was already so nervous that he couldn't even speak, he just waved his hand to that little nurse in a panic.

The little nurse was not too nervous, she did not know Ji Zhenguo, she just thought that since the director and the chief were so nervous, it was probably the big leader who had come.

Just follow the leader's instructions and do it!

Soon, the little nurse opened an intensive care ward for them and handed the room card to Director Lu.

"Ji Feng, has the ward been arranged yet?" At this time, Xiao Yuxuan suddenly came over.

She was originally waiting, but she waited left and right but Ji Feng didn't come back, and Xiao Changhe could only sleep in the observation room temporarily now, urgently waiting for the ward, so Xiao Yuxuan also came over to take a look.

She came to the front and asked, "Ji Feng, is there no more wards?"

"Of course there's a ward." Ji Feng gave her a wink.

"Little girl, I remember your name is Yu Xuan, right?" A gentle voice suddenly came from the side.

Xiao Yuxuan was stunned before she turned her head, then, she immediately widened her beautiful eyes and hurriedly greeted, "Hello Uncle Ji ..... Secretary Ji!"

Ji Zhenguo waved his hand and said with a smile, "Just call Uncle Ji, that's quite good, how is your father's condition?"

"Ji, Uncle Ji, my father's surgery was successful, he is now recuperating ....." Xiao Yuxuan said with some restraint, while glancing at Ji Feng, mentally complaining, this little rascal, why didn't he tell himself when Secretary Ji came, how reckless he was just now! The first thing you need to do is to get a good deal.

"It's good that the operation was successful." Ji Zhenguo nodded, and then turned his head to Dean Cao and said, "Dean Cao, hasn't the ward been arranged?"

"Yes, it's ready!" Director Lu hurriedly took the room card and came to Ji Zhenguo, "Ji, Secretary Ji, the ward has been arranged ....."

“Mmm! Thank you for your hard work!”

Ji Zhenguo nodded and said gently to Xiao Yuxuan, “Ah Yuxuan, let’s go, let’s go see your father together and help him settle down!”

“Okay, thank you, Uncle Ji!” Xiao Yuxuan hurriedly nodded her head and said.

At this time, Dean Cao immediately said, “Secretary Ji, please go this way .....

Director Lu naturally led the way in front of him, and at this time, his heart was constantly drumming, and he didn’t know if the temporary choice he had just made would save him for once.

At the same time, he was also secretly afraid, fortunately, he still has more or less conscience, made a wise choice, otherwise, I am afraid that do not wait until Hu Yigui become the dean, now he will have to roll up the bunk cover and get out .....

The first thing you need to do is to take a look at the back of Ji Zhenguo and the others and freeze on the spot.

“Idiot!” Zhang Lei mockingly skimmed his mouth.

“Boom!”

At this time, Hu Yigui but his body trembled, as if a thunderbolt was booming in his head.

It turned out that .....

Ji Zhenguo had actually come all the way here just to arrange a ward for this girl?

The fact that the girl was so familiar with these two young people, even a fool would know what was going on!

The fact that he had to throw out of the hospital the person that Ji Zhenguo had to come all the way here to visit?

Hu Yigui had already seen what would happen to him, his intestines were turning blue, damn baldy, you fucking knew how to hurt me, how could you pretend with someone without even knowing who they were?

Now you’ve got me into trouble!

He didn’t think that it wasn’t just because of the bald man, but that he himself was too arrogant, thinking that he was the deputy director of the hospital and would probably take over the director’s position and could do anything, so he dared to be so reckless, even to the extent of throwing out a patient who had just undergone an operation .....

Chapter 933

Hu Yigui was not the only one who was struck by lightning, frozen on the spot. The bald man lying next to him on the nursing bed was equally shocked.

He could never have imagined that those two young men could be related to a senior city official!

When he thought that he had mocked the young man when he called him, his face was as hot as if he had been slapped in the face!

And then he remembered that the nurse pushing the nursing bed had suggested that he should leave first, but he actually wanted to stay here and watch the joke .....

The bald man was so remorseful that his intestines turned blue, who was looking at who's joke?

The problem was that he had really offended those two young men to death this time, and with their relationship with senior city officials, how easily could they let him off the hook this time?

The only one who didn't know what she was doing was that sultry woman, who still skimmed her lips and muttered, "What the hell, you think you know a few leaders and that makes you great, and you don't know where the bullshit leaders are from, pretending to be a big head of garlic here, what the hell!"

At these words, Hu Yigui and that bald man were immediately scared to death.

"You, you ..... you shut up!" The bald man was shaking all over, not knowing whether he was scared or angry by this woman.

"Husband~~~"

The woman immediately pouted and did not comply, "I am telling the truth, why are you still scolding me!"

"Get lost!"

Baldy roared, and accidentally touched his wound, which made his body tremble with pain. You get out now and don't let me see you again!"

"Husband!" The sultry woman's face instantly changed, "You, you're kicking me out?"

"Get out!"

Baldy roared in anger, "Who's your husband! You're just a fucking bitch that I have adopted! All you do is cause trouble for me, get out!"

"You ....." The sultry woman's face was pale and she couldn't stand it, "Husband, I've been with you for so long, and now you're kicking me out for a shitty leader?"

"Broken leader?"

Baldy was so angry with this stupid woman that he didn't even know what to say, the pain from his wound made him gasp sharply, and it was only after a long time that he slowed down and said in a hateful voice, "You said that man just now was a broken leader? You stupid woman! That's a high official of Jiangzhou City! The first-in-command! Understand?!"

"Huh?!"

The sultry woman froze.

“Get lost!” Baldy snorted coldly, “From now on, we have nothing to do with each other, get lost immediately!”

Baldy was terrified, he knew that just by his previous behaviour, those two young men would definitely not give up with him. With the relationship between them and Ji Zhenguo, if they wanted to deal with him, it would be an easy task, simpler than crushing an ant to death.

Although he is also a boss, but in front of Ji Zhenguo, people will not even look at him!

This time, it's over .....

.....

The first thing that I would like to say is that I am not sure if I can do it.

Xiao's mother was at a loss for words, a senior city official came to see herself and her husband, this is really ..... how to entertain ah!

Although Xiao Changhe's business is also doing okay, but they usually contact the leaders at most is a section chief ah unit chief ah and so on, even the director and so on rarely see, now suddenly see in the television news can often see the city senior officials, she really do not know how to speak!

“Sister-in-law, I'm Ji Feng's second uncle, I heard that brother Changhe was sick and hospitalized, so I came to visit you and brother Changhe .....,” said Ji Zhenguo smilingly.

“Mom, this is Secretary Ji of the Municipal Committee!” Xiao Yuxuan hurriedly said from the side.

Only then did Xiao's mother react in a panic and hurriedly shook hands with Ji Zhenguo: “Ji, how are you, Secretary Ji.”

“Sister-in-law, you don't need to be formal, just think of me as Xiao Feng's uncle, not some secretary.” Ji Zhenguo said with a smile, “Is brother Changhe's condition okay?”

“Fine, fine .....” Xiao's mother nodded her head repeatedly, seeing that Ji Zhenguo didn't have a bit of a secretary's stance, she also gradually calmed down.

But she also knew that Ji Zhenguo could come here, and that was still because of Ji Feng's relationship.

But now that her daughter and Ji Feng are still just in a relationship, she wouldn't dare to be arrogant, so she spoke politely and with more or less restraint.

Of course, the fact that Ji Zhenguo was able to come here also showed the importance he attached to Xiao Yuxuan, which was also a kind of respect.

Xiao's mother was still very proud and grateful in her heart. Xiao Yuxuan, likewise, understood that Ji Zhenguo was a kind of recognition of herself, so she was also very happy in her heart and could not help but blink her beautiful eyes with Ji Feng.

“Doctor Cui, hurry up and report to Secretary Ji about the patient's condition!” Dean Cao said from the side.

Only then did Xiao Changhe's attending physician say in a panic, "Secretary Ji, the patient is in good condition, the operation was successful, he just needs to recuperate."

"Mm! That's good." Ji Zhenguo shook hands with that Dr. Cui and said, "Dr. Cui, right? I'll be counting on you for everything."

"Should, should, should!" That Dr. Cui was also very nervous.

Ji Zhenguo also understood that if he was here, everyone would only be nervous and could not really relax at all, so he stayed here for a few minutes and was ready to leave as well.

"Dean Cao, you're coming with me!" Ji Zhenguo called Dean Cao away with him, obviously there were still things to arrange.

It was only when Ji Zhenguo left that the crowd present let out a slight sigh of relief.

"I say madman, your second uncle is really full of aura, really deserves to be the hand of Jiangzhou, he just stands here, that aura comes out naturally, really powerful!" Zhang Lei couldn't help but say in admiration.

Han Zhong and the others also nodded their heads repeatedly, the kind of aura on Ji Zhenguo's body that was not angry and authoritative made them somewhat uncomfortable. They had never seen such a person before.

Ji Feng waved his hand, "Let's not talk about that, let's let Uncle Xiao into the ward first!"

He turned around and said to that Director Lu of the inpatient department, "Director Lu, I also need to trouble you to make arrangements, we don't know where the intensive care ward is."

"Don't be reluctant, better consider whether to listen to Secretary Ji or to that bullshit Dean Hu!" Zhang Lei mocked conspiratorially from the side, the behaviour of this Director Lu just now had equally irritated him, damn, that Hu Yigui wasn't a person who could drive patients out, you Director Lu was at least considered an accomplice.

Even the security guards were called in, and they weren't considered accomplices?

That director Lv's face was green with embarrassment, "No, no need to think about it ....."

"Alright, hurry up and arrange it!" Ji Feng waved his hand, he didn't want to make things too difficult for this inpatient director Lu. It wasn't that he was so open-minded, it was just that people were like that, the starting point was always for their own benefit, so he could understand.

He had already chosen to side with Director Cao and helped himself, so Ji Feng did not intend to pursue the matter any further.

Only then did that Director Lu quietly let out a sigh of relief and said in a panic, "A few of you please follow me!"

Accompanied by Dr. Cui, several people pushed Xiao Changhe and quickly arrived at an intensive care ward on the fifth floor, which was a suite with an outer room that could still sleep a person in the bed with them.

“A few people, is this place satisfactory?” That Director Lu asked cautiously.

“It’s very good.” Ji Feng nodded, “Thank you.”

Mother Xiao was also satisfied and nodded her head repeatedly, saying, “This place is good, it’s already very good.”

If it wasn’t for Ji Feng, they wouldn’t even get an ordinary ward, and now they could stay in this kind of intensive care ward, so they were naturally very happy.

After settling down Xiao Changhe, it was time for Han Zhong and the others to go back, and after Ji Feng and Han Zhong agreed on a time to meet, several people all said goodbye and left. If they stayed here, they would be a nuisance to Mother Xiao, after all, they were guests and Mother Xiao always had to entertain them.

Therefore, several people left with good sense.

Ji Feng communicated with Dr. Cui, Xiao Changhe’s attending physician, and hired a nurse to take turns taking care of Xiao Changhe together with his mother, so that she would not be too tired. As for the money issue, that was all fine and dandy.

This arrangement made Xiao Yuxuan quite satisfied, which was evident from the soft eyes she had when she looked at Ji Feng.

The arrival of Ji Zhenguo had solved all the problems, plus Xiao Changhe had recovered well, so several people were in a good mood. Taking this opportunity, Ji Feng also excused himself to let Xiao Yuxuan stay with Xiao’s mother and talk, while he was alone in the ward and started to freshen up Xiao Changhe’s body.

Apart from that, Ji Zhenguo’s arrival had another effect – Hu Yigui was going to be out of luck!

Ji Zhenguo did not stay in the First Hospital for very long, leaving after less than half an hour, while his secretary, who had ‘revealed’ the news to the leaders who had made good friends with the Health Bureau, said that Secretary Ji was very dissatisfied with the management and staffing of the First Hospital.

In particular, the individual leading comrades of the First Hospital are even more bullying, such people stay in leadership positions, that is irresponsible to the patients, irresponsible to the hospital!

This time, the people of the Health Bureau began to panic.

Several important leaders rushed to the First Hospital and found President Cao, whom Secretary Ji had specifically spoken to, to get some inside information.

When the leaders of the Health Bureau found out what had happened, they were immediately on fire.

No wonder!

Not to mention the way you treated Secretary Ji’s nephew, even if it was just the most ordinary patient, you can’t just blow people away after surgery!

–It’s not like they don’t have money for medical treatment!

It's not like he doesn't have money to pay for his treatment! It's not surprising that Secretary Ji would be angry if he saw this!

Remembering what Secretary Ji's secretary had revealed earlier, some leaders of the Health Bureau understood Secretary Ji's instructions and held an on-the-spot office meeting, unanimously suspending Hu Yigui from duty for inspection.

And at this time, a certain leader of the Health Bureau, who was good friends with Hu Yigui, did not dare to speak up for him easily.

The company's main business is to provide a wide range of services and services to the public.

In fact, during the period of suspension and examination, the investigation against him had been fully launched, and it was later found that Hu Yigui had inappropriate relationships with a number of female doctors and other women, and his life style was very chaotic. In addition, President Cao was involved in the investigation and the target was Ma Dewang, the head of the procurement department, who was related to Hu Yigui.

Hu Yigui's series of problems are exposed, and what awaits him and Ma Dewang will be a miserable end of a prison career .....

#### Chapter 934

Over the next few days, Ji Feng insisted on coming to the hospital every day to groom Xiao Changhe's body. As Ji Feng's skill in using bio-currents improved by leaps and bounds, he became more and more skilled in grooming Xiao Changhe's body, and in the end, it could almost be said that he was comfortable with it.

Under the effect of the bio-current, Xiao Changhe's body was also healing rapidly. In just a few days, his wounds had almost healed, only because the wounds were on his head, so the doctor did not remove the stitches in a hurry, but Xiao Changhe could already feel the wounds itching.

This meant that the wound had almost healed.

In the process of treating Xiao Changhe, Ji Feng couldn't help but think, shouldn't he teach all the people around him bodybuilding exercises?

Now that his parents were already practising aerobics consistently, this time when he returned to Yanjing for New Year's Eve Ji Feng could tell that they all looked good, and his father didn't have that often exhausted look, aerobics was still very effective.

However, Tong Lei's parents, Xiao Yuxuan's parents, and Second Uncle and the others had not yet been exposed to gymnastics.

So Ji Feng thought that it would be a good idea to let them treat it as a kind of normal fitness exercise, and as long as they could stick to it, it would have extremely obvious results in a year's time at most.

Of course, for someone of Ji Zhenguo's age, it was naturally impossible for them to complete their first set of aerobics in a year, like Ji Feng did.

Ji Feng didn't expect them to become any martial arts masters or anything like that, but it was necessary to have a good body, and bodybuilding gymnastics could meet exactly this need for them.

However, how to explain to them and how to make them stick to it, this still needs to be thought about.

After all, the movements of gymnastics are very odd, and it is not clear whether someone as calm as Uncle Er can accept them, so this is something that cannot be rushed .....

The most important thing right now is the operation of the Changhe Drug Company, and how Xiao Yuxuan's place of destination should be arranged.

"Ji Feng, what do you think I should do now?" In the suite outside the ward, Ji Feng and Xiao Yuxuan sat on the sofa, and while Xiao's mother was inside feeding her father, Xiao Changhe, Xiao Yuxuan couldn't help but ask in a low voice.

Ji Feng pondered for a moment before saying, "I think that the most important thing at the moment is not your problem, but how Changhe Drug Company should be maintained ....."

Xiao Changhe was now sick and hospitalized, and the Changhe Drug Company could now be said to have no leader, or rather, no one to preside over the big picture. There is only one general manager, Lin Shengping, who is supporting the company's operation.

For example, after signing an agreement with another pharmaceutical company, Xiao Changhe's signature and seal are required before the finance department can release the money.

What Lin Shengping can do is only to expand his business as much as possible, open up sales channels and establish his own sales network, or use his strategic vision to compete for the agency of a certain drug, or find ways to create a sensation as much as possible to increase the sales of the drug.

But doing all these things involves finances, and he is at his wits' end.

Therefore, Changhe Pharmaceutical Company could not do without Xiao Changhe.

During this period, Lin Shengping also came to visit twice, but because the company was too busy, he only sat for a while after coming and left in a hurry.

On the one hand, he came to visit Xiao Changhe out of courtesy, and on the other hand, he also wanted to ask for advice on how to decide on some matters of the company during the period when Xiao Changhe was away.

Xiao Changhe could naturally feel the urgency of the matter, but Xiao's mother had given him a deadly order not to work or even read documents until he was discharged from hospital, so he could not do anything about it.

In fact, this time Xiao's mother was terrified, a brain bruise!

Fortunately, she was rescued in time, otherwise, she would have been left with some kind of sequelae, at least a paraplegia, a crooked nose and a slanted eye, which would have been really troublesome at that time.

Therefore, Xiao's mother kept an eye on Xiao Changhe almost all the time, and repeatedly instructed her daughter and Lin Shengping not to allow Xiao Changhe to touch the company's affairs, or at least to wait until he was fully recovered before he could start working.

"So, do you think that there is any problem if I go to Changhe Pharmaceutical Company?" Xiao Yuxuan suddenly asked, "I'm already taking an MBA course now, and I know more or less about business management stuff, what do you think?"

Ji Feng nodded and said, "There is naturally no problem for you to go to Changhe Pharmaceutical Company, there is Lin Shengping in charge below, you just need to learn to see the development of the company with a business perspective, and you will naturally be able to make the right decision."

"You also approve of me going?!" Xiao Yuxuan's beautiful eyes instantly lit up, "Seriously, originally I didn't have any bottom in my heart."

Although she had studied the MBA course, she had only just started studying for a few months after all, and with no practical experience, it was more or less difficult to just take over directly.

The profit from the sales of Kang Yuan slimming powder alone is enough to support the company, as for the other drug sales, you can use it to practice!"

The Changhe Pharmaceutical Company got the distributorship of Kang Yuan slimming powder in Jiangzhou, which is a super metropolis with a population of tens of millions, and the daily sales are an extremely impressive figure.

It couldn't be simpler to use this to prop up a company that wasn't too big.

"How would that work!" Xiao Yuxuan gave him a blank look, "Those medicines are also all hard fought for by my dad and Lin Shengping, they can't just be trashed."

"I think let's do this first ....."

Ji Feng weighed his words and said, "During this period when Uncle Xiao is in hospital, you first go to temporarily take Uncle Xiao's place and familiarize yourself with the company by the way, and then after Uncle Xiao is discharged from hospital, he will guide you, so that you will take over smoothly."

"Hmm! That's a good idea you said, I'll talk to my dad later ....."

Xiao Yuxuan couldn't help but shake her head and sigh, "Originally, I was planning to be able to take over from my dad after I finished my course and followed my dad for a while. But it didn't occur to me that the plan couldn't catch up with the change ....."

Ji Feng also did not expect that this illness of Xiao Changhe would actually instantly push Xiao Yuxuan to the forefront.

Originally, when he saw that Xiao Yuxuan had quit her job, he was afraid that she would be bored with idleness at home, so he wanted her to go to Xiao's Pharmaceutical Factory to study under Xu Yuan for a period of time, and then manage Xiao's Pharmaceutical Factory together with Xu Yuan.

But now, it seemed that Xiao Yuxuan should go to Changhe Pharmaceutical Company more, after all, it was a bit more urgent here.

“There’s a shortage of talents now!” Ji Feng couldn’t help but scratch his head, there really weren’t many that were suitable for managing the company, at least among those people he knew, there weren’t many that could take the reins alone.

If we counted carefully, there were only two people, Xu Yuan and Han Zhong, who had both experience and ability.

As for Yang Dezhao, he is already of age, and it is because of his health and age itself that the pharmaceutical factory was handed over to him. He is now only doing some work of a supporting nature in the factory, and it is Xu Yuan who does the specifics.

“Let’s do it this way, just as we said, you go to the company first to get familiar with it, and I’ll think about it and see if I can find more people to help you.” Ji Feng said with a smile.

Lin Shengping was indeed capable, however, if he alone was capable, his energy was still limited, only by netting as many talents as possible could the company flourish, and this way all the people would not be too stretched.

However, the work of netting talents, Ji Feng has long instructed Xu Yuan and Han Zhong to do, but so far there is not much success, want to find the real talent, but it is not so easy, otherwise, Ji Feng will not be so sad.

“That’s all there is to it.” Xiao Yuxuan nodded her head, she still had no bottom in her heart as to whether she could manage the drug company well.

.....

After lunch, Xiao’s mother stayed in the hospital to take care of Xiao Changhe, while Xiao Yuxuan and Xiao Ying continued to go to school.

The first thing you need to do is to take advantage of this opportunity, Ji Feng went to the Tengfei pharmaceutical factory, he had already made an appointment with Han Zhong a few days ago to find an opportunity to talk properly.

When he walked into the Tengfei Pharmaceutical Factory once again, it was as if Ji Feng had the feeling of walking into an industrial park.

Look carefully, the left and right rows of plants, each row has dozens of workshops, which all together, there are 60 to 70 production workshops, and this does not include warehouses, garages and so on.

If all of them are added up, the area of the Tengfei Pharmaceutical Factory is really too big, and it is definitely a super-large factory.

In fact, Ji Feng has accurate figures in his hand, all the land in the Tengfei pharmaceutical factory together, covering an area of one to two hundred acres, definitely a large factory!

If you count some of the surrounding vacant land that hasn’t been used for the time being, it would be even more!

“Han Zhong, this year the pharmaceutical factory has not developed slowly!” Ji Feng looked at the statement in his hand and couldn’t help but nod in satisfaction, “You kid, awesome!”

“It was all under your wise leadership that I made the little contribution I should have done .....” Han Zhong said in a serious manner.

The two of them simultaneously burst out laughing, “Haha .....

“Okay, no more jokes.”

Ji Feng waved his hand with a smile and said, “I came over today, actually to take lessons from you.”

His relationship with Han Zhong was different from other superiors and subordinates, the two of them were extremely good friends, so there was no question of leadership or non-leadership, and Han Zhong was naturally joking when he patted his horse’s back.

“Taking what scriptures?” Han Zhong asked.

“I want to take a few talents from you and prepare to put them in Xiao’s pharmaceutical factory as well as the Changhe Pharmaceutical Company in Yu Xuan’s family, there’s too much lack of talents over there.” Ji Feng said.

Chapter 935

“Actually, I do think that if you pull these talents, it would be better to just combine these quarterly companies together to form a group, so that it would be much easier to pull talents from whatever department you want!”

Han Zhong said, “If you want to pull them now, I will have to dismiss them here before you can take them in again there, and that would be too much trouble.”

“I also know it’s troublesome, but it’s not the time to form a group yet!” Ji Feng shook his head.

“How so?”

Han Zhong was a bit puzzled, “If we form a group, we can show our strength and others will naturally have more confidence in us, so how can it not be the time to form a group? Is it because you are worried about the cooperation between Tengfei Pharmaceutical Factory and the military? In fact, I have investigated, and there are many pharmaceutical companies that cooperate with the military, their background, but none of them are as big as you, and people are still nothing.”

According to Han Zhong’s understanding, many private companies had extremely close cooperation with the military.

From the simplest trauma medicine, to some of the military’s equipment, and even to weapons, there are private enterprises that cooperate with the military.

So to say that you are worried about outsiders being scandalized is actually completely unnecessary. After all, Ji Feng’s background is very large, no one should be able to do anything from this aspect.

The reason for this is not because of this. In fact, since the New Year this year, this worry of mine has ceased to exist.”

When he returned to Yanjing for New Year’s Eve, Ji Feng had a conversation with the old man, and it lasted for a whole afternoon.

At that time, although the old man was mainly teaching his grandson, Ji Feng still heard some flavour from it, and he realised that in fact, it was unlikely that the cooperation between Special Effects Current and the military alone would cause others to attack.

Although there were quite a few people who knew that Ji Feng was the boss behind the Tengfei Pharmaceutical Factory, like Xiang Yongzhan, He Hongwei and others, this would not hinder the development of the pharmaceutical factory.

Originally, the second uncle reminded himself not to be too flamboyant, only saying that he should be careful about restraint when it comes to the pace of expansion and the pharmaceutical plant he belongs to.

Only, at that time, Ji Feng's eyes had not yet been completely opened, so he was somewhat cautious.

As for now, he has long since cared about all this, and instead expects to be able to establish closer cooperation with the military as soon as possible in order to increase the influence of the pharmaceutical plant.

So to say, the formation of the group, in fact, in the grand scheme of things, was no longer an obstacle.

"It's not because of that, then what is it because of?" Han Zhong asked curiously.

"Big trees attract wind!"

Ji Feng shook his head and smiled, "Let me tell you this, I have offended the Rongpeng Group in Southern Guangdong, which is a behemoth with tens of billions of assets, and there are also factors involved in every aspect, which is very troublesome."

Han Zhong was immediately taken aback, "Rongpeng Group?!"

"Yes, because of some reasons from above, it's not too pleasant with the Rongpeng Group." Ji Feng laughed, "In order not to attract their attention, it's not the time to form a group yet!"

Han Zhong couldn't help but fall silent, mentioning the Rongpeng Group, a behemoth, indeed anyone would have to weigh it up properly. This was not a group with 300 to 500 million assets, but a behemoth with tens of billions of assets. In terms of private enterprises, it can definitely be considered a giant.

To offend such a group is indeed not something to be happy about!

Ji Feng said, "When we have the ability to fight against the Rongpeng Group, it won't be too late to form a group then."

"Hmm! That's a solution!" Han Zhong nodded slightly.

Although he didn't know what exactly was the beef between Ji Feng and the Rongpeng Group, to make Ji Feng treat it so cautiously, it was obvious that the grudge in between was not that simple.

Han Zhong was not a fool, and when Ji Feng gave a slight nod, he immediately understood.

"Hey!"

Han Zhong suddenly grinned, "If we can after a while, both pharmaceutical factories have developed, plus that whatever internet company, and your wife's family's pharmaceutical company, and suddenly merge to form a group, I'm afraid it will scare a lot of people out of their sleep!"

"It's not that exaggerated!" Ji Feng shook his head and smiled: "At that time, even if all of them are merged together, at most it will be a moderate group, where it will scare others ....."

"Don't underestimate yourself so much!"

The actual fact is that you'll be able to get a lot more than just a few of the most popular and popular items. Here, I have a copy of last year's annual statement here, I wanted to show it to you earlier, but never had the time, just take a look ....."

Saying that, Han Zhong opened the safe and took out a folder from it.

"Look at you, as if you are exaggerating ....." Ji Feng took the folder with some suspicion and laughed, "Tengfei Pharmaceutical Factory is only those sales in a year, after deducting various costs, how much profit can there be?"

"You'll know if you take a look!" Han Zhong said with a bad smile.

Ji Feng glanced at him, opened the folder with some hesitation, and suddenly his eyes widened, "1.3 billion? How can there be so much!"

"Hey, you think these dozens of workshops in our factory are all just for fun, huh?"

Han Zhong suddenly ah-ha-ha laughed, "Now that we have a certain influence, those raw material suppliers are coming to beg us to buy their raw materials, so naturally there are some concessions in terms of price, plus the transfer station has been put into operation long ago, which in turn can save a lot of costs in terms of logistics."

"Of course, the most important thing is that the Tian Yao Group has a large number of orders."

Han Zhong said, "Now that all the thirty-two production workshops in the factory are in production, there is basically no way to stock the goods in the warehouse, and they will be shipped out in a day at most, and there is no stock in the transfer station.

"Hard to imagine!"

Ji Feng couldn't help but shake his head slightly in some disbelief, but there were copies of every order from the Tianyao Group on this statement, so it was impossible to fake it.

"Of course, not all of this 1.3 billion is actually cash!"

Han Zhong said, "Actually, when you really do the math, it costs money to build plants, buy raw materials and add some equipment and so on, but no matter what, there's still 800 million in liquidity now!"

Ji Feng still felt shocked, eight hundred million ah, that's not eight pieces!

"See, just one Tengfei Pharmaceutical Factory alone has more than one billion in assets, if you add in Xiao's Pharmaceutical Factory, Tengfei Network Company, and Changhe Pharmaceutical Company, all of

these enterprises combined together, it would be at least a few billion in assets, right?" Han Zhong laughed, "That's not enough to put others off, huh?"

"So buddy also has assets of a few billion or two billion?" Ji Feng froze for a long time and couldn't help but smile to himself, "Where can I justify this!"

Han Zhong couldn't help but feel some toothache when he heard this, "How can you say that? Every penny of this money was earned through our hard work, so how come there's no place to justify it?"

Ji Feng smiled and waved his hand, "Yes, yes, yes, it's all because of you."

Han Zhong heatedly laughed: "I wouldn't dare to take credit, in fact, from the beginning, the sales path was ready-made, I really didn't do anything except help build the factory and recruit a few staff."

"Tired of staying here?" Ji Feng asked with a smile.

"More or less!" Han Zhong nodded and smiled, "Actually, everything is on track now, and at the moment, as long as we grasp two things, the Tengfei Pharmaceutical Factory will keep on taking off."

"Tell me about it!"

Ji Feng's heart moved, he had originally planned to transfer Han Zhong away, now since Han Zhong had brought it up himself, it was naturally no better.

"First point, grasp the purchase, a slight fluctuation in the price of raw materials can have a great impact on the final profit. Because, the sales and prices are stable."

Han Zhong hit the nail on the head and pointed out the most crucial issue: "Second point, continue the company's rules and regulations thoroughly and establish a good supervision and management system, in this particular case of the Tengfei Pharmaceutical Factory, as long as these two points can be guaranteed, it will definitely be possible to develop smoothly and quickly in a sustainable manner!"

"Of course, if there are problems with sales, you should be informed in advance, right?" Han Zhong asked.

Ji Feng nodded: "That's for sure, if something goes wrong, He Hongwei will tell me in advance. At least, he would have warned me!"

"That's it."

Han Zhong spread his hands: "Raw material procurement, business management, marketing ..... doing industry, just these three points. Now the marketing can already not have to worry, then as long as the first two points are managed well, everything is OK!"

Ji Feng couldn't help but nod his head and said, "Right to the point!"

"Where where ....." Han Zhong said with a smile as he arched his hand.

Ji Feng smiled and asked, "So, if you leave now, who else do you think will be able to manage the company?"

"Liang Chunhui!" Han Zhong said immediately.

“Can he?”

For this cousin of Xiao Yu’s, Ji Feng was still very impressed, however, he frowned and asked, “It’s not that I don’t trust his ability, it’s just that he hasn’t been in the company for a year yet, right? Is he able to convince the public?”

“How did I manage to do that?”

Han Zhong asked rhetorically, “Just don’t worry, I’ve been paying close attention to Liang Chunhui’s actions during this period of time, his abilities are outstanding, as long as you give him this opportunity to manage this pharmaceutical factory that has stabilized, there’s absolutely no problem!”

“Since you esteem him so much, you can let him try!” Ji Feng nodded his head.

In fact, for Liang Chunhui’s composure, Ji Feng still admired him, but he was just worried that he hadn’t been in the company for too long, and now that there were many seniors in the company, Liang Chunhui was afraid that it would be difficult to hold them down!

“Actually, I have considered your worry.”

Han Zhong said, “But think about it, in terms of administration, you give the big power to Liang Chunhui, whoever disobeys and disobeys the management, let him go and that’s it. As for someone wanting to cause trouble, Manager Yi is not a vegetarian, still afraid of that?”

“That’s right!” Ji Feng made up his mind, “Alright then, let’s do as you say!”

“Decided?” Han Zhong smiled, “Then I’ll call him over later, and you can have a good talk with him.”

Ji Feng nodded and suddenly remembered something else and asked, “Han Zhong, since we have so much liquidity now, it’s not a problem to always save it like this, can we do something else?”

Chapter 936

“What do you want to do with this money?” Han Zhong was stunned.

Ji Feng thought for a moment, and then couldn’t help but shake his head and laugh again, “Nothing, just an absurd thought that came to mind by chance, not worth mentioning!”

In fact, he had suddenly thought of that business salon he had attended with his second brother, Ji Shaolei, in Yanjing before the New Year. At that salon, he had heard some businessmen talking about investing in the futures market and making a lot of money and so on.

He then thought, if he put all these hundreds of millions of liquid capital into the futures market as well, he wondered if he would have a good return .....

But this thought only flashed through his mind, and soon he realized that something was wrong.

The other people speculating in futures are veterans of the sands, and there are all sorts of insider secrets, not something that a novice like himself can play with!

Han Zhong couldn’t help but gaze a bit: “Ji Feng, you can’t be reckless!”

This is hundreds of millions of dollars, not dozens and dozens of dollars, how to spend it is spending!

“No no!” Ji Feng waved his hand and laughed, “I can come to something recklessly, I definitely won’t!”

Han Zhong, however, said with a straight face, “If you think so, you’re wrong. To be honest, although you are doing nothing right now, this is just the surface, in reality, this position of yours is more important than anything else.”

“How so?” Ji Feng asked with a smile, “I just popped up an idea once in a while, no need to take it seriously.”

“That’s not the way to say it!”

Han Zhong shook his head and lost off with a gloomy expression, “To be honest, you may not seem to have done anything, but a single word from you can determine the success or failure of a business!”

“Think about it, you didn’t get involved in the specifics, yet you are putting the right people in the right positions, for example, you let me come to Tengfei as this old boss and let me be at the helm. You let Xu Yuan be the general manager of Xiao’s pharmaceutical factory .....

Han Zhong said, “What you have arranged are all the people at the helm of various enterprises. And how a helmsman is, directly determines what the future of a business is like! This also means that you are the one who directly decides the future of the individual enterprises, which is why I said that your position is more important than anyone else’s!”

Ji Feng smiled and waved his hand, “That’s also because of your outstanding abilities, otherwise, I wouldn’t have let you take the helm!”

“So that’s why .....

Han Zhong waved both hands: “This is a reflection of your ability! Frankly speaking, I am proficient in business operations, I know how to arrange people for business activities, and I have learned how to manage .....

“And this, too, is exactly the difference between the two of us!”

Han Zhong said, “You are the one who controls the general direction, while Xu Yuan and I are both the concrete executors. If our direction is wrong, there’s still you to correct it, but if you’re wrong .....

Ji Feng nodded thoughtfully, undeniably, what Han Zhong said was very reasonable, nowadays, he was no longer the hairy boy who had just started his own business, but a big boss with thousands of employees under him, and so many people were relying on him for a living.

If you make a confused decision, you will make a lot of people follow your bad luck .....

Thinking about this, Ji Feng suddenly had a hint of pressure!

“You kid, have you been wanting to tell me this for a long time?” Ji Feng asked with a smile.

Han Zhong frankly admitted: “That’s right, ever since the pharmaceutical factory got on track, I wanted to find an opportunity to tell you, but I never found the right opportunity either.”

Ji Feng patted his shoulder, "If a family has a frank son, it will not lose its family, and if a country has a frank minister, it will not lose its country! Whenever I really want to do something confusing in the future, no matter what, stop me!"

"Hey!"

Han Zhong laughed harshly, "Looks like I'm still wearing several hats, not only am I the boss of the pharmaceutical factory, but I also have to do the job of an inspector ....."

"You kid ....."

Ji Feng also couldn't help but shake his head and laugh, "Don't worry, I'm not that confused now. However, these liquid funds still give me a small surprise, but it's still far from enough, wanting to compete with the Rongpeng Group, this amount of money is still far from ....."

"Just counting on the Tengfei Pharmaceutical Factory won't make much of a leap in a short time!" Han Zhong said, "Now we can only rely on the golden chicken that is Xiao's Pharmaceutical Factory."

"That's true too!" Ji Feng faintly nodded his head.

As of now, the cooperation between Tengfei Pharmaceutical Factory and the Tian Yao Group had been stable, and it was unrealistic to expect a substantial increase in the sales of special effects current within a short period of time, because the military's purchases were only those quantities every quarter, and it was not like they could be increased at will!

Unless ..... sells them abroad.

But this is even more unrealistic!

If Ji Feng dares to sell the special effect current abroad today, tomorrow the old man will break his legs with a cane!

This kind of drug, basically can already belong to the strategic reserve nature of the drug, once put into use in the war, can significantly reduce casualties, to win time for rescue.

How could the country allow such a good thing to flow abroad in large quantities?

So don't even think about it.

But apart from the Tengfei Pharmaceutical Factory, only Xiao's Pharmaceutical Factory was making a profit. Although Changhe Pharmaceutical Company was also making a profit, it was Xiao Changhe's company, and until an agreement was reached with Xiao Changhe, Ji Feng would not count it for the time being.

"It's been almost a year or so since Kang Yuan Slim Powder opened to the market, how are the sales going?" Han Zhong asked.

"The sales are just starting now, Xiao's pharmaceutical factory is still too small, the orders placed by those pharmaceutical companies, so far all the workshops in the pharmaceutical factory have been producing at full power day and night, and they can only supply them in batches."

Ji Feng laughed: "So in fact, now sales because of objective factors, did not go up, but a lot of agency fees, last time Xu Yuan also told me that the agency fees alone is now a full two hundred million yuan of revenue, there are still two or three hundred million has not been collected, it is estimated that within a year, Xiao's pharmaceutical plant's total assets can reach more than one billion... .."

"The development is really fast!" Han Zhong also couldn't help but marvel, "Just two new drugs have allowed two pharmaceutical plants to rise to prominence."

"It's only now where ....." Ji Feng shook his head and laughed, "My goal is to be able to have the strength to fight against the Rongpeng Group in the shortest possible time."

"This can be a bit not too good ....."

Han Zhong smiled bitterly, "Rongpeng Group has so many total assets, it's hard to counteract this giant."

Ji Feng, however, waved his hand, "What total assets ah market value ah, those are all scaremongering, the key issue is, as long as our liquidity can exceed theirs, we can breathe a little easier."

If the Rongpeng Group wanted to snipe their father, they would at most be stirring up trouble in certain sectors, and when the time came, as long as they could mobilise no less capital than they did, they would have the possibility of holding them off. At least, there was a fighting chance!

"Well, let's forget about that for now, let's go and meet the future General Manager Liang together, shall we?" Ji Feng smiled, "We'll talk about future matters after you step down as the general manager of the pharmaceutical factory."

"Fine!" Han Zhong nodded his head and smiled.

In the manager's office of the sales department, Ji Feng met Liang Chunhui, who had been promoted to deputy manager of the sales department, and at this moment, he was more calm and dignified than when Ji Feng had first met him.

"Mr. Han? Mr. Ji?" When Liang Chunhui saw that it was Han Zhong and Ji Feng, he was taken aback, "Why are you here in person? Can't you just say something?"

"All right, all right." Han Zhong waved his hand and laughed, "Don't kiss ass with us, save it for later and talk to the clients!"

Liang Chunhui then smiled faintly, "I'm used to dealing with clients."

Han Zhong smiled, "Chun Hui, this time I came to see you, actually there is something to ask your opinion, I have discussed with the boss, I may have to go somewhere else, so, the position of general manager of the pharmaceutical factory, the boss intends to let you sit!"

"What?!"

Liang Chunhui was immediately taken aback, "General manager?"

"That's right, general manager!" Han Zhong smiled, "How about it, give it some thought?"

"General Manager Han, you're not joking with me?" Liang Chunhui asked hesitantly, "I'm not one to be scared!"

Han Zhong laughed and said, "Do I have so much time on my hands that I have to come all the way here to scare you? Think about it and try to give me an answer as soon as possible, how about it?"

"Then ..... I'll think about it!" Liang Chunhui was unable to digest this news for a while.

Leaving Liang Chunhui alone to think carefully, Ji Feng and Han Zhong left his office and went to the security department.

"Boss!"

In the security department Yi Xingchen and Yao Zhijian were discussing something, when they saw Ji Feng enter, they immediately stood up, "Boss, here for an inspection?"

Ji Feng laughed, "Yes, inspection, just in time to see you two guys slacking off here ..... What does it say in the rules and regulations, Chief Han?"

"Deduct wages!" Han Zhong followed suit and laughed.

"Hear that, laziness is subject to wage deduction!" Ji Feng harrumphed, for Yi Xingchen and others, he still had a good feeling, some of the hard-headed style in these people, which was very much appreciated by Ji Feng.

Several people talked and laughed, and each sat down.

Ji Feng asked, "Old Yi, how is the security situation in the pharmaceutical factory these days?"

"Overall it's all fine, apart from a theft incident found in the warehouse earlier, there's nothing unusual inside!" When it came to business, Yi Xingchen immediately got serious.

"Supervisory theft?" Ji Feng asked with a frown.

"Yes, although the herbs we use to make bio-currents are not expensive, they can still fetch a good price in the market because we choose the best quality herbs! So it's not uncommon for people to take desperate risks!" Han Zhong said.

Chapter 937

"Is there a lot of this phenomenon?" Ji Feng asked with a frown.

Han Zhong shook his head, "A few such people were found before, but they've all been dealt with, there won't be any major problems."

Ji Feng's face sank and he hummed, "No comment, this kind of people, kick them out directly, if you have difficulties, you can directly raise them, we will definitely help if we can, but those with unclean hands and feet, none of them can stay! Today he dares to steal herbs, tomorrow he will dare to steal trade secrets!"

"It's already kicked out!" Han Zhong said.

"Apart from someone stealing medicinal herbs, are there any other unusual circumstances?" Ji Feng looked at the duo of Yi Xingchen and Yao Zhijian.

Yao Zhijian, however, opened his mouth, wanting to say something but then stopped.

“Zhijian, if you have any problems, just say it, it’s fine!” Ji Feng noticed his demeanor and couldn’t help but laugh, “Why is the big lad squirming like a girl?!”

Yao Zhijian hemmed and hawed before saying, “Boss, General Manager Han, there’s a matter that I find very strange.”

“What is it?” Ji Feng asked.

“The other night when I was doing my inspection, I passed by the lab and I seemed to smell a faint fragrance!” Yao Zhijian said, “The next day I purposely went to the entrance of the lab again, but I didn’t smell that fragrance .....”

“What do you mean?” Han Zhong frowned at once.

Yi Xingchen also spoke up, “After Yao Zhijian told me about this, I purposely checked the schedule for that day, and no one was off in the lab for those two days, everyone was at work.”

“I also kept an eye on a few offices that deal with the lab regularly afterwards, and I didn’t find that scent either!” Yao Zhijian added.

“Are you guys saying that the pharmaceutical factory’s laboratory ..... has outsiders coming in?!” Ji Feng asked in a deep voice.

According to Yi Xingchen and Yao Zhijian, the day Yao Zhijian discovered that scent, and the day after that, everyone in the lab hadn’t taken a shift, yet the scent was different on the two days before and after.

This meant that the scent did not belong to anyone in the lab.

And after that, Yao Zhijian had paid attention to a few other offices that often walked around with the lab, and also did not smell this kind of scent .....

Then it was obvious that this scent did not belong to the lab, or those few office staff.

Since these possibilities have been ruled out, then this scent can only come from outside!

Why would an outsider want to enter the pharmaceutical factory’s laboratory?

“Can you be sure?” Han Zhong also immediately took it seriously, “Can you be sure it was an outsider who entered the lab?”

Yao Zhijian, however, shook his head, “Can’t .....”

Yi Xingchen explained beside him, “Just now, Zhijian and I were discussing this matter, and have already sent Zejun to investigate.”

“Where do you plan to start the investigation?” Ji Feng couldn’t help but ask.

“First, we’ll strengthen the security of the lab, and also investigate the family situations of all the technicians and staff in the lab, including their relatives, especially the people they came into contact with in those two days.” Yi Xingchen said, “Then ask Yao Zhijian to investigate those people they came into contact with one by one.”

“Boss Yi’s side will also investigate the people coming in and out of the lab, so that we can get to the bottom of this as soon as possible.” Yao Zhijian added from the side.

“Have you watched the lab’s surveillance?” Ji Feng asked.

“Watched it.” Yi Xingchen nodded, “After Yao Zhijian said this matter, I immediately looked at the surveillance of that day, but I didn’t find any problems .....

“It seems that this matter is a bit tricky .....” Ji Feng frowned slightly, “Could it be that you guys have made a mistake?”

In fact, if things were really like what Yi Xingchen and Yao Zhijian had said, it would be really troublesome. Not to mention that outsiders had entered the lab, but they were actually not visible in the surveillance, and nothing unusual was found elsewhere, so how did the other party get in?

“I also hope that we are mistaken, otherwise, just with the other party’s skill in sneaking around, it would be impossible to defend against it!” Yi Xingchen said.

Han Zhong also revealed a grave expression, “We must investigate clearly, and as soon as possible, right now our pharmaceutical factory only produces special effects current, if someone else steals the secrets, it would be like directly cutting off our pharmaceutical factory’s lifeline!”

“Yes!”

Yi Xingchen and Yao Zhijian nodded their heads at the same time.

But Ji Feng revealed a deep thoughtful look, if the pharmaceutical factory really leaked the secrets, it would not just be a matter of choking off the lifeline of the pharmaceutical factory, even if others really stole the information, it would not have much impact on the production of the pharmaceutical factory.

In fact, what Ji Feng is worried about is the security of the pharmaceutical plant.

Since other people can come and go as they please, they are capable of doing something else, for example, tampering with the workshop and turning the original potent medicine into poison, and then once the goods are shipped out, that would be a real problem!

“We have to investigate! We must check it out!” Ji Feng said firmly, “Han Zhong, all the medicines temporarily stored in the pharmaceutical factory now, all of them must be re-checked, there must be absolutely no half-heartedness!”

“Don’t worry, I’ll arrange for these things!” Han Zhong also realized the seriousness of the problem, “I will check all the pharmaceutical factory inside and out.”

“Old Yi, you work harder, you have to deploy more manpower, and you must find reliable people to conduct the investigation, such matters can be big or small, you must not be careless!” Ji Feng admonished again and again.

“Don’t worry boss, I will find out as soon as possible!” Yi Xingchen said through clenched teeth.

In reality, his heart was also harbouring fire. If an outsider had really infiltrated the lab and they were oblivious, then this would be a big loss of face!

He also understood that Ji Feng had placed the three of them in the Tengfei Pharmaceutical Factory and transferred only Guo Tao to Xiao's Pharmaceutical Factory out of the importance he actually attached to the security of the Tengfei Pharmaceutical Factory, but now that they were in danger of failing in their duties, it made his face feel hot and sizzling.

"Good work!" Ji Feng patted Yi Xingchen's shoulder, "Give me a copy of the video before and after those few days, I'll help you guys refer to it as well!"

"I'll go get it right now!" Yao Zhijian said.

.....

After leaving the security department, Ji Feng couldn't help but shake his head, "How about it, Han Zhong, see? Actually, the pharmaceutical factory is not as calm as we thought."

"It's useless to say anything now, as long as we wait until the investigation results come out, everything will be clear too." Han Zhong said, "At that time, we will then decide what our next step should be."

"That's all that can be done." Ji Feng nodded his head.

Afterwards, Ji Feng and Han Zhong went around the production workshop together and checked the warehouse again. In order not to alert the snake, Ji Feng did not go to the laboratory, but then directly left the Tengfei Pharmaceutical Factory.

He drove the same broken van provided by the 4s shop, which looked shabby but did not easily draw attention to himself.

On the way back, Ji Feng couldn't help but fall into contemplation.

Xiao Changhe's sudden illness had caught Ji Feng somewhat off guard. He had originally planned to let Xiao Yuxuan go to Xiao's Pharmaceutical Factory to study under Xu Yuan for a while before taking over Changhe Pharmaceutical Company.

But now, Xiao Yuxuan had to take over the Changhe Drug Company ahead of schedule.

Therefore, Ji Feng must transfer Han Zhong out in advance to coordinate and integrate Xiao's Pharmaceutical Factory and Changhe Pharmaceutical Company. If possible, Ji Feng intends to fund the acquisition of Changhe Pharmaceutical Company, or take a direct stake in it, but at least to reach a controlling stake.

This is not a bad idea, but now that the Tengfei Pharmaceutical Factory has suddenly come out of the woodwork, no one can guarantee that an outsider has really come in before the investigation results come out .....

The first thing you need to do is to get a good idea of what you want to do.

"In a word, it's still because there are too few talents ....., " Ji Feng lowered the car window, lit a cigarette and smoked gently, "It's time to think of a way to reserve talents."

It is predictable that with the future development and growth of several companies, the number of talents needed will be more and more, and although recruiting from outside is also a solution, it will take some time for the recruited people to adapt to the development of the company.

Moreover, there are too many uncertainties with the recruited people.

Therefore, if possible, Ji Feng still prefers to conduct his own talent pool.

The company's talent can be cultivated in a holistic manner, allowing those talents to start from the lowest level, and then move up step by step, according to the size of their achievements, those who are capable will be promoted and those who are mediocre will be dismissed, and in this rule of elimination of the fittest, real talents will be found.

This is the most fundamental solution!

Ji Feng's eyes, aimed at several universities in Jiangzhou .....

But before that, the first thing to do is to uncover the people hiding in the shadows who are laying their hands on the Tengfei Pharmaceutical Factory, and, first, to stabilize several companies, especially to complete the smooth transition of the Changhe Pharmaceutical Company.

Of course, apart from that, Ji Feng had one more thing to do.

He stepped on the gas and went straight to the family compound of the municipal party committee.

.....

Western China, Northern Shaanxi Province, capital Chang'an.

Inside a certain clubhouse, several people were sitting around and discussing something.

If Ji Feng was here, he would have recognized at once that the young man sitting in the main seat was none other than the third generation son of the Wu family, Wu Zhihe!

Sitting next to Wu Zhihe was his girlfriend Zheng Yuxiu, and on the other side was Rong Peng Group's boss, Rong Suyan.

Two young men, about the same age as Wu Zhihe, were sitting opposite him.

These five people, their faces were not too good, especially the one young man sitting opposite Wu Zhihe, who had an indignant look on his face. On the contrary, the young man next to him, perhaps because he was slightly older, still looked very calm.

"Cousin, in fact, it's not that I'm talking too much, this time, ah, Bao Gang did something really reckless, and as a result, he got himself trapped, not to mention that he also put Zhi He in trouble!" Zheng Yuxiu said.

Chapter 938

As soon as Zheng Yuxiu's words were out, Rong Suyan couldn't help but frown slightly and just said indifferently, "Baogang is going to do four years in prison ....."

Three days ago, the Jiangzhou court made a verdict that Rong Baogang was sentenced to a total of four years in prison for several crimes, including kidnapping for ransom, and was executed immediately, with no suspended sentence in between.

This means that Rong Baogang, who had already been in the detention centre for more than a month, will go straight to prison just after he is released from the detention centre.

And what Rong Suyan meant when she said this was to tell Zheng Yuxiu that Rong Baogang had already been sentenced, and you were still saying things that were a bit mean!

Zheng Yuxiu bristled and was just about to speak, but she was swept by Wu Zhihe's gaze and she hurriedly shut her mouth.

"Let's not mention this matter."

Wu Zhihe said indifferently, "It is true that Rong Baogang did something confusing, but he has also been punished."

"Rong Baogang has been punished, but, you also Uncle Wu has been dragged down by him as well." Zheng Yuxiu did not say Rong Baogang again, but the conversation turned to Wu Zhihe and his father, "You were doing well in Yanjing, but now you have been sent to such a desolate place in Northern Shaanxi, where the wind and sun blow all day ....."

"OK!"

Zheng Yuxiu did not mention this is fine, mention this, Wu Zhihe's mood suddenly much worse, he reprimanded: "I have said, from now on do not mention these things, did not hear what I said?"

"I don't want to talk about it anymore. ...." Zheng Yuxiu muttered, "I'm not just worried about you, it's only been a long time, look how thin you've become... . big brother, do you think that's the truth!"

Zheng Yuxiu's gaze went to a young man sitting across from him.

This man was about thirty years old or less, but extremely stable, sitting there with a sense of elegance, but a pair of eyes that were extraordinarily divine, showing that this was not a simple person yet.

This man is indeed not simple, he is no other than Wu Zhihe's elder brother, Wu Zhiyong.

"That's right, Zhihe hasn't suffered much since he was a child, now let him come to Northern Shaanxi, it's a kind of training!" Wu Zhiyong said indifferently.

His speech was not fast, but it had a full sense of power, and an outsider could tell at first hearing that this was the posture of a superior person, definitely not an ordinary person.

Wu Zhihe then stopped talking and just lit a cigarette and quietly smoked it, occasionally lifting his cup of tea and taking a sip.

Zheng Yuxiu could not help but be secretly happy, seeing this performance of Wu Zhihe, she knew that her words just now must have had an effect.

Although Wu Zhihe said he would not let himself mention this matter, but in the final analysis, he was sent to North Shaanxi, while his father was sniped because of this matter, the entire Wu family was pressured by Ji Zhenguo alone because of this matter, and could not raise his head.

If one were to say that Wu Zhihe had nothing at all on his mind, the devil would believe it!

Now it seems that Zheng Yuxiu knows that he guessed right, the reason why Wu Zhihe did not let this matter be mentioned is just to save face for Rong Suyan, after all, Rong Suyan is still in control of the Rong Peng Group, and is the right-hand man of the Wu family, so naturally he cannot leave her no face at all.

What's more, even Wu Zhihe's elder brother, Wu Zhiyong, had agreed with his own words, so it was obvious that he was also very unhappy with Rong Suyan and her siblings.

One must know that as the leading figure of the third generation of the Wu family, a word from Wu Zhiyong could be equivalent to the attitude of the Wu family, or at least, considered the attitude of the third generation of the Wu family.

Rong Baogang, this fool, had indirectly done himself a favour!

Zheng Yuxiu was secretly happy.

"Yuxiu, if I remember correctly, it was you who gave those internal guards the order to make the arrests in the first place, right?" Rong Suyan, however, asked indifferently.

"But at that time, Bao Gang didn't tell me who he was going to arrest, I thought he was just getting into trouble too and wanted to teach someone a lesson, who knew he would be so reckless!" Zheng Yuxiu said immediately.

Rong Suyan's eyebrows were immediately knitted together, but she did not continue. Now that Rong Baogang was already in jail, there was no one who could refute her when she spoke.

"All right, all right!"

Wu Zhihe waved his hand impatiently, "You two have come here today specifically to argue, right?"

Rong Suyan was still as elegant as ever, she held her cup of tea and took a sip, but no longer spoke.

However, Zheng Yuxiu's heart was not happy, as soon as she saw Rong Suyan's high-minded look, Zheng Yuxiu could not help but be furious, but she also knew that if she could plant a thorn in Wu Zhihe's heart, as long as Rong Suyan did something out of the ordinary in the future, Wu Zhihe would definitely become more and more disgusted with her.

And this is the result Zheng Yuxiu wants to see.

Although Wu Zhihe was the one who got together with Rong Suyan first, she was the one who was engaged to Wu Zhihe now, so she naturally had to defend her position.

So what if she is a cousin again, isn't she still Wu Zhihe's lover?

A lover can never ride on the head of the main family, that's a dream!

“Zhihe, what do you think we should do about the boys in our family?” Zheng Yuxiu held both hands on Wu Zhihe’s arm and complained in a soft voice, “The few elders in the family have been calling me these days, I’m going crazy with them!”

“Don’t worry, although this matter involves the military, they are not the local law enforcement department after all, they will release the people after a while, I will take care of this matter!” Wu Zhihe waved his hand.

“That’s a relief to me.” Zheng Yuxiu smiled sweetly at once, “Zhihe, you have to say something about my cousin, she actually led people to lay hands on our family’s young children, if it wasn’t for her, those boys wouldn’t have been taken away by the military, what’s all this! How can you be a cousin like that?”

Rong Suyan was not moved at all, as if Zheng Yuxiu was not talking about her.

“Here we go again!”

Wu Zhihe’s face sank, snapping his tea cup on the table, and said in a deep voice, “Do you have to be kicked out before you will stop?”

Zheng Yuxiu immediately dared not say anything more and hurriedly pouted, “Fine, fine, I’m wrong, okay?”

Rong Suyan, on the other hand, did not say a word, except that there was a faint glint in her eyes.

Zheng Yuxiu took the opportunity of pampering Wu Zhihe to glance at Rong Suyan, who also swept her gaze, and a smell of gunpowder filled the air between the two.

In fact, before this, the two had already had a fight about it.

As Ji Feng expected, when Zheng Yuxiu called the Jiangzhou military district to inquire, someone told her that the Zheng family’s boys had not only gathered to fight, but also beaten and abused soldiers in the street, so naturally, they could not just let it go so easily.

The company’s main business is to provide a wide range of services and services to the public.

Without strong connections in the military, even if she did say that, it wouldn’t do much good.

However, after this, someone told Zheng Yuxiu the news that the other party in the brawl at that time was supposed to be from the Rong Peng Group. Only, at that time, because the scene was too chaotic, they were allowed to run away and only a few boys from the Zheng family were caught.

However, during the escape of the other party, someone saw the license plate of the car, and later, after investigation, it was confirmed that it was indeed the car of the Rongpeng Group’s office in Jiangzhou.

When he thought about it again, Zheng Yuxiu suddenly realized.

It was this Rong Suyan who was in the middle of all this!

She was taking revenge because she had failed to save Rong Baogang, and she had let some of the Zheng family’s boys beat up the son of Zheng Yuanshan, the deputy director of the Jiangzhou Municipal Bureau, so she had given herself this trick.

Thinking about this, Zheng Yuxiu was furious and secretly decided that he would make sure that Rong Suyan knew what he was capable of, or at least, she would not want to be so rampant in front of him!

But before that, faced with the enormous pressure from the family elders, Zheng Yuxiu had to first think of a way to save the few young characters of the Zheng family.

They couldn't just stay locked up in the military camp, could they?

Who knows if they will suffer in there, even though Zheng Yuxiu thinks no one would dare to do so, at most they would be locked up for a few days, but some of the family elders don't believe it, especially the mother of the boys, who calls herself all day long and talks in a bad way.

You ordered our children to do the bad deed, and now you don't care when something goes wrong. What rely on Wu Zhihe, the fiancé, will not put the Zheng family in the eyes of the people, and what drill head does not care buttocks and so on .....

Those words, said Zheng Yuxiu really fire, but can not explain, can only think of ways to get those boys out as soon as possible.

She secretly hates, you now say these hard words, don't beg to me in the future, or else, don't blame me for speaking harder than you .....

Therefore, Zheng Yuxiu can only come to Bei Shaanxi to find Wu Zhihe, Zheng family in the military, especially in Jiangzhou military district, but no relationship at all, the only way to find Wu Zhihe can be resolved as soon as possible.

"Zhihe, I know that what happened in Jiangzhou was done by Bao Gang who was too bastard, but no matter what, he is always my brother, I can't watch him suffer just like that in jail ....." Rong Suyan put down her tea cup and said softly, "If possible, can you let him stay in jail for a few years less?"

The same was true for Rong Suyan, who had no other choice. Ever since the Zheng family's men beat up Zheng Yuanshan's son, Rong Suyan knew that her brother was hopeless this time.

Sure enough, it didn't take long for the court to pronounce the verdict.

However, Rong Suyan could not stand by and watch her brother go to jail, so she had no choice but to fly to Northern Shaanxi Province and look for Wu Zhihe to intercede.

Several people just got together, plus the eldest, Wu Zhiyong, happened to be serving in Northern Shaanxi, so simply Wu Zhihe also brought them to see his elder brother, in fact, he also hoped that his elder brother could help to make up his mind.

"Suyan, the matter of Baogang, hold off for a while longer, wait until this wind has passed, what do you think?" Wu Zhiyong snapped, "He's your brother, naturally I won't let him stay in the cell forever."

"Thank you, big brother!" Rong Suyan said immediately.

Zheng Yuxiu was a little uncomfortable, she knew very well that even Wu Zhiyong attached so much importance to Rong Suyan, just because he saw that Rong Suyan was in control of the Rong Peng Group and was working for the Wu family, so he wanted to appease Rong Suyan.

But Wu Zhiyong had never been so pleasant to himself!

Zheng Yuxiu could not help but secretly deliberate on what to do to snatch the Rong Peng Group from Rong Suyan's hands?

Chapter 939

"Alright, now that you've finished with your slanting things, let's get down to business!" When Wu Zhihe saw that big brother had already set the tone, he knew what to do at once.

At this time, if he let Zheng Yuxiu and Rong Suyan continue to make trouble, big brother would really get angry.

"Big brother, I've already investigated the matter, that Xiao's pharmaceutical factory ..... is the one where Suyan's brother caught someone's engineer, the owner is a woman named Xiao Yuxuan, the family runs a pharmaceutical company, the family background is ordinary, nothing unusual was found!"

Wu Zhihe said, "I think ah, this time, it's that fucker Xiang Yongzhan who is messing up in the middle, otherwise, even he, Zheng Yuanshan, would definitely not have the guts to arrest the internal guard! So I think the key to this matter still lies with Xiang Yongzhan!"

"But we don't usually have any problems with the Xiang family!" Zheng Yuxiu was a bit confused, "By the way, this time a few of our family's youngsters were arrested, it was also done by people from the Jiangzhou Military Region!"

"Hmph!"

Wu Zhihe couldn't help but sneer, "I think ah, this Xiang Yongzhan is specifically looking for our strife here!"

Next to her, Rong Suyan was quietly listening, not saying a word.

She was an extremely smart woman who knew when she should speak and when she shouldn't. Sometimes talking a lot didn't necessarily mean you were important, the key was to get things done!

"Big brother, do you think we can try to get in touch with Xiang Yongzhan, if the Xiang family comes out and stirs things up, then we are passive." Wu Zhihe said.

The influence of the Xiang family in the military, that was naturally self-evident. If he, Xiang Yongzhan, always used the power of the military and came out to stir things up a few times from time to time, the Wu family would really be in some trouble.

Of course, these local matters, Xiang Yongzhan also do not dare to rashly intervene, but this under the guise of the military and the police to act together, can be the name, no one can say anything, this is really too pitiful.

"You ah, by who is pitted still do not know ....." Wu Zhiyong slightly shook his head.

Wu Zhihe and the others were stunned, what did this mean?

"Big brother, I don't quite understand something." Wu Zhihe asked, "Who have I been pitted against?"

Looking at his brother's puzzled look, Wu Zhiyong could not help but shake his head slightly and said, "Zhihe, I have said it before, you are usually just too smooth, so this time is not a good opportunity for you to hone your skills, but you have no awareness at all more ....."

"No ....."

Wu Zhihe was puzzled, "Big brother, what is going on, tell me clearly."

"In fact, ah, the problem is not at all in Xiang Yongzhan's body." Wu Zhiyong shook his head, "I found out after investigation that behind this matter, there is most likely another person leading the charge!"

"You investigated too, big brother?" Wu Zhihe was stunned.

"Humph!"

Wu Zhiyong snorted coldly, a calendar awning flashing in his eyes, "Father's sniping has hit our family so hard, how could I not investigate in secret? In fact, ah, father and the others had investigated the moment it first happened, it was just that it was too late then and things were already irreparable."

"Who was it?!" Wu Zhihe's face turned gloomy, if what his elder brother said was true, it would mean that not only did their Wu family suffer heavy losses, but also, he, Wu Zhihe, had been played by others, this was simply a great shame!

"You are right, the boss of Xiao's Pharmaceutical Factory is named Xiao Yuxuan, and her family doesn't have any background either." Wu Zhiyong said indifferently, "However, there is one thing that you have not noticed, the predecessor of this Xiao Pharmaceutical Factory is called Tengfei Pharmaceutical Factory!"

"Tengfei Pharmaceutical Factory?" Rong Suyan next to him was stunned, "The same Tengfei Pharmaceutical Factory that cooperated with the Tianyao Group? Big brother, these are two different pharmaceutical factories, not the same one!"

As the boss of the Rong Peng Group, Rong Suyan was extremely concerned about the movements of some large domestic groups. A year or so ago, the corporate giant, Tian Yao Group, had cooperated with a small pharmaceutical factory that was not well known, which had caused a lot of people's concern, and Rong Suyan was one of them.

Therefore, Rong Suyan still knew something about the Tengfei Pharmaceutical Factory.

"That's right, these are indeed two different pharmaceutical factories, but there is one thing you haven't noticed, the current Tengfei Pharmaceutical Factory was established at the same time when Xiao's Pharmaceutical Factory changed its name!" Wu Zhiyong said indifferently, then lifted his cup of tea and took a sip.

"Big brother you mean that ....." there is something fishy between these two pharmaceutical factories?" Wu Zhihe was suddenly stunned, "Is the He family playing tricks on them?"

"Tian Yao Group, it is indeed the He family that is in control!" Zheng Yuxiu also followed, "In that case, the He family really does have the energy to move to Yongzheng ....." Could it really be the He family?"

“No! It’s not the He family!” Wu Zhiyong shook his head and said, “According to the records filed with the Industrial and Commercial Bureau and other departments, it can be found that before Xiao’s Pharmaceutical Factory changed its name, the owner was not Xiao Yuxuan, but a young man named Ji Feng!”

“Ji Feng?!”

Wu Zhihe and the others’ faces suddenly changed, “That distant relative of the Ji family, Ji Feng?”

“A distant relative?” Wu Zhiyong couldn’t help but shake his head and lose his smile, “Ji Feng is a distant relative of the Ji family? I don’t think so!”

“But, when we were in Yanjing before the Spring Festival, we had dealings with this Ji Feng, and at that time I pretended to set him up in conversation without thinking, and found out that he was a distant relative of the Ji family!” Zheng Yuxiu said, full of puzzlement.

Wu Zhiyong then secretly shook his head, this Zheng Yuxiu, was too presumptuous.

Next to him, Rong Suyan also snorted secretly, Zheng Yuxiu always only had some small intelligence, the real big wisdom, she did not have any.

Ji Feng would be a distant relative of the Ji family?!

“Big brother, this Ji Feng you’re talking about, back then in Jiangzhou, I also once dealt with him, at that time, he told me that he was just a small employee of Xiao’s pharmaceutical factory .....”

Rong Suyan said softly, “But I felt that he was extraordinary, whether it was his talk or his wit, he made it very difficult to deal with. And even the general manager of Xiao’s pharmaceutical factory looks at him. I feel that this Ji Feng is definitely not a simple person!”

Zheng Yuxiu was instantly and secretly angry, I said that Ji Feng was a distant relative of the Ji family and you said he was not simple, what do you mean? I’m blind, aren’t I?

However, Wu Zhiyong’s words caused Zheng Yuxiu, who was just about to speak, to choke for a moment.

“That’s right!”

Wu Zhiyong nodded approvingly and said, “You should all have heard about the news that Master Ji has a long-lost grandson who suddenly came home, right?”

“Big brother, are you saying that Ji Feng is that long-lost grandson of Elder Ji?” Wu Zhihe instantly reacted and said with some disbelief, “It’s not very likely, is it?”

“Why is it not possible?” Wu Zhiyong asked.

“When the news came out a year ago, I had also set the words of a kid from the side branch of the Ji family, but I hadn’t heard that Elder Ji’s grandson was named Ji Feng!” Wu Zhihe said.

“Confused!”

Wu Zhiyong said instantly in displeasure, "The Ji family, that's the Ji family after all, even if they don't get along, they're still family when it comes to outsiders! What truth can you expect to get from their most?"

Wu Zhihe then stopped talking, thinking that he might really be too proud of himself.

"Big brother, you said that Xiao Yuxuan was most likely covering up for people's ears, and that in fact the real owner of Xiao's Pharmaceutical Factory was Ji Feng?" Rong Suyan asked.

"I think even if that's not the case, it's not too far off!"

Wu Zhiyong lit a cigarette and slowly took two puffs before continuing, "I have also heard that this Ji Feng once made the Qiao family in a terrible mess, and now the Qiao family is left with only one Wang Wengao and a few untalented second generations struggling to hold on, isn't that enough to tell the story?"

"Ji Feng!"

Wu Zhihe immediately gritted his teeth and said, "So, father was sniped by Ji Zhenguo, Bao Gang was arrested, Xiang Yongzhan interfered in the capture of the inner guard ..... all of these have nothing to do with the Ji family and Ji Feng! A good Ji Feng ah!"

Thinking about the calm and collected look of Ji Feng at the annual meeting of the salon in Yanjing, at that time he thought he was Ji Shaolei's follower, so he didn't dare to say much.

But now that he thought about it, that bastard was simply scorning himself!

At the thought of this, Wu Zhihe's hatred was instantly thick.

Rong Suyan and Zheng Yuxiu, their minds were similarly mixed in a hundred ways. They had both dealt with Ji Feng, but neither of them had paid much attention to him.

But now they realized that, as it turned out, they had actually fought with the Ji family's little tz ..... and had been tricked!

"Suyan, in fact, this time you came at the right time, next, Rongpeng Group is going to shift its focus, to go to the eastern layout, to Jiangzhou ....." Wu Zhiyong said here, his tone became low.

Wu Zhihe but his eyes lit up: "Big brother, to make a move on the Ji family?"

Wu Zhiyong immediately frowned and said indifferently, "Be careful what you say! This is just a normal business activity!"

"Yes, yes, normal business activities, haha, once the Rong Peng Group moves, I'll see how the Ji Family can still run wild!" Wu Zhihe laughed heatedly and lowly, "The Ji family is a bit stronger than us in the political world, but, in business, we are strong enough to make even the Ji family's old man helpless, haha ....."

Wu Zhiyong but slowly put out his cigarette, the corners of his mouth pulled up a slight arc: "Ji family small tz? ..... I would like to see, when you had the ability to make waves, now, how to deal with the offensive of the Rongpeng Group?"

.....

“Ah-choo!”

Ji Feng, who was preparing to eat, suddenly turned around and sneezed, he sucked his nose: “Catching a cold? It’s not likely!”

With his physique, there would be no such thing as catching a cold.

“Could it be that someone is talking about me behind my back?” Ji Feng muttered darkly.

“Little Feng, did you catch a cold?” As soon as Second Aunt saw Ji Feng sneeze, she said, “Look at how little you’re wearing, it’s strange if you don’t catch a cold, Shao Lei, go and get your brother a cotton jacket to put on!”

“No need, Second Aunt, maybe someone is talking about me behind my back, huh, I’m not cold!” Ji Feng waved his hand.

“Yes, mum, San’er’s body is very strong, putting a cotton jacket on him would be a burden.” Ji Shaolei also followed and laughed.

This was in the family compound of the municipal party committee, the home of second uncle Ji Zhenguo.

On the one hand, Ji Feng came here to ask his second uncle for advice, but on the other hand, he also wanted to talk to his second uncle about the Xingtai Hotel.

He was unaware that thousands of miles away, someone was already thinking about him, and that the layout against him and the Ji family was already in operation .....

Chapter 940

“Xingtai Hotel?”

In the study, Ji Zhenguo frowned slightly, “Why did you think of asking this?”

“About a week ago, I had a little confrontation with the people of Xingtai Hotel, a hotel that had a big problem .....,” Ji Feng quickly told the story of what happened.

“You got the people out?” Ji Zhenguo shook his head, “The people of Xingtai Hotel, do they know your identity?”

“Shouldn’t know.” Ji Feng said.

At that time, he neither gave his name nor left any name, even the video of the hotel, so it was naturally impossible for him to leave any useful information.

“Don’t be so impulsive in the future, in case there are desperate people in the hotel, don’t you want your safety?” Ji Zhenguo couldn’t help but reprimand, “Learn to be steady, don’t fight and kill at every turn, what do you look like!”

Ji Feng laughed heatedly, “Second uncle, you also know my temper, I’ll put up with whatever I can.”

“You ah .....” Ji Zhenguo’s face showed a rare smile, “In the future, no matter what you encounter, always take your own safety as a priority, although your kung fu is good, but what if the other party has weapons? ”

“Second Uncle, I remember.” Ji Feng nodded his head.

He certainly understood that Second Uncle reprimanded himself out of concern, and his heart couldn’t help but feel warm.

“Second Uncle, then what should we do with Xingtai Hotel?” Ji Feng asked.

“Don’t deal with it for now!” Ji Zhenguo said.

“Don’t deal with it?” Ji Feng was stunned, “Second Uncle, this Xingtai Hotel is a poisonous tumor, if it is not dealt with, something will go terribly wrong sooner or later!”

“Without evidence, how can we move?”

Ji Zhenguo said, “Since I arrived in Jiangzhou, the Municipal Bureau has set up operations against Xingtai Hotel a dozen times, but each time it ended in failure, and on a few occasions, as soon as the police force was assembled, they started clearing out the place over there, so how can we act rashly now?”

“They have an inside man in the city bureau?” Ji Feng asked at once.

Ji Zhenguo nodded: “That’s why it’s necessary to have solid evidence in order to act, otherwise, there will be people gossiping and it will fall on the people .....”

Ji Feng couldn’t help but remember the rumor that Xingtai Hotel had a background, and now, combined with these words from Second Uncle, he could already be sure that Xingtai Hotel did have no small background, so that Second Uncle should also act cautiously.

He asked, “Second Uncle, I heard that the owner of this Xingtai Hotel is the brother-in-law of some leader in the city?”

“Yes, some people just don’t pay attention to the influence and set themselves up incorrectly, yet they still hang the word integrity on their lips all day long .....” Ji Zhenguo’s face then gloomed, but considering that he was in front of Ji Feng, he didn’t continue.

“Second uncle, I have the internal surveillance video of Xingtai Hotel here, I don’t know if it can be used as evidence .....” Ji Feng took out a flash drive from his pocket, which he had copied from Zhang Lei’s mobile phone and had wanted to give it to Ji Zhenguo on the same day, but then there was the Xiao The matter of Changhe was delayed.

“Well! Let me put it here first, and let Director Zheng take a look at it later, he’s an expert in this area, so we can’t even say anything!” Ji Zhenguo said.

Ji Feng then nodded and handed the flash drive to Ji Zhenguo.

He knew that second uncle was asking Zheng Yuanshan to make sure that this video that he had given to him could be used as evidence, and at the same time, to think about the timing and strategy of action.

After telling second uncle Ji Zhenguo about the Xingtai Hotel, Ji Feng stopped mentioning the matter. He knew that the second uncle must have his own decision, and from the words of the second uncle, he could also hear that he really wanted to eradicate this tumor of Xingtai Hotel, but he just suffered from the lack of evidence and the fact that there were people who made trouble from it.

However, Ji Feng felt that this flash drive he gave himself should be able to be used as evidence, or at least, as an excuse for an operation.

Look at what had become of the hotel, chaos and confusion, and it was still a video from inside the hotel, it would definitely not be justifiable not to check and deal with it, even the backers of Xingtai Hotel had nothing to say.

“Second uncle, I’ve been kind of worried lately, behind the Wu family there’s the Rong Peng Group, a behemoth, which is said to be controlled by the Rong family father and daughter .....” Ji Feng said, “I’m worried, this time the Wu family has suffered a big loss, they definitely won’t rest in peace, they should use the huge energy of the Rongpeng Group to form a nuisance to you or my father.”

The Rongpeng Group is still different from the Wu family, and when the Wu family is in politics, there are some rules that must be followed, otherwise, other factions would never agree to the Wu family messing around.

It’s not like this country belongs to any one family or person, but to everyone. It’s not as if one or two people or one family can have the upper hand now. If the Wu family runs amok, others will definitely have to speak up.

It’s fine for you to fight, but don’t affect the development of the national economy. Fighting, is based on economic development, don’t let it set the economy back by fighting!

Therefore, the Wu family definitely does not dare to act rashly, at least, their means are very limited, in front of the Ji family, they can not jump up and down!

But the Rongpeng Group is different. The Wu family is in the court, but the Rongpeng Group is in the people.

In this way, the Rongpeng Group is able to use too many means, and its energy is definitely much greater, so when it operates, not only will it be unnoticed, but it will also easily shake the Ji family from its roots.

The family will not be able to say anything about the normal business practices, since it is a market economy, it is not possible to interfere too much with the market.

This, this is what Ji Feng is most worried about.

“Rongpeng Group, indeed, is a tricky issue, which is why we had to temporarily compromise with the Wu family in the first place, on the one hand, considering the economic development, on the other hand, also to avoid fighting .....”

Ji Zhenguo mused, “But ever since the kidnapping case came out, the situation has begun to shift.”

“Then how should we respond, will the Rongpeng Group follow suit and stir up trouble?” Ji Feng asked, “For example, will they storm into the eastern belt in a raging manner and stir up the economy there .....

Ji Feng voiced out his concerns, the eastern belt, that was where his father and second uncle started, that was the hinterland of the Ji family. The series of great generals of the Ji family are all in the east with several northern provinces and cities, so what Ji Feng is most worried about now is that the Rongpeng Group will recklessly crash headlong into it and recklessly destroy the local economic development.

However, as soon as Ji Feng said this, Ji Zhenguo laughed and waved his hand: “Don’t worry about the sky! The Wu family isn’t that stupid.”

“Eh?” Ji Feng was slightly stunned.

Seeing Ji Feng’s puzzled look, Ji Zhenguo then planned to teach his nephew properly.

He said, “Little Feng, let me ask you, at this stage, what is the most important thing for our country?”

This question was so broad that Ji Feng didn’t really know how to answer it for a while, so he could only say in general terms, “It’s to accelerate development, improve our comprehensive national strength, and at the same time enhance our position in the international arena and carry out future strategic layout.”

“That’s right, with this answer, you can say that you have covered everything!”

Ji Zhenguo nodded slightly, “Wanting to speed up development and destroy the economy is what everyone won’t allow. Although the Rongpeng Group is big, it is not uncontrollable, as long as they dare to recklessly destroy the economy, none of the above will sit idly by, this is a matter of principle that no one can violate!”

Ji Feng dawned on him and nodded, “That’s ..... true.”

“In addition, the Wu family will not allow the Rongpeng Group to do so, otherwise, what awaits them will be a joint strike from many sides, although his Wu family is strong, but can not carry this group attack, then the end can be predicted.”

“Then that means that the Rongpeng Group does not dare to act recklessly?” Ji Feng asked.

“They won’t dare to act recklessly!” Ji Zhenguo waved his hand and said in an imposing manner.

Ji Feng was slightly relieved that his second uncle was so sure, which proved that he had complete certainty, and he thought that since he dared to snipe the Wu family alone, it proved that he had already made all the preparations.

“However, what you said is not without reason.” Ji Zhenguo said.

Ji Feng was startled: “Second Uncle, there’s still something wrong?”

“Sniping a leading figure of someone and trying to get unharmed yourself, how can it be that cheap? The Wu family wouldn’t have such good connotations either!” Ji Zhenguo waved his hand and laughed,

“In the grand scheme of things they wouldn’t dare to mess around, but it’s still quite possible to knock off a few of our important cadres.”

“Second Uncle, are you saying that ..... Rongpeng Group will still look for an opportunity to make a move?” Ji Feng asked.

“This possibility cannot be ruled out, and it is extremely likely.” Ji Zhenguo nodded slightly, “But this can’t be helped, the struggle, it’s not always lopsided, the Wu family won’t stand still and fight back is a certainty.”

Ji Feng then understood what second uncle meant, the Wu family boss was sniped, the Wu family didn’t dare to retaliate unscrupulously, but they should target some of the cadres of the Ji family, and would use various methods to knock these cadres off or turn them over.

This kind of fight, of course, would have been on a small scale, rather than wreaking havoc.

But even so, one had to be wary that the Wu family and the Rong Peng group were acting together, and that was not to be underestimated!

“Second Uncle, then do we have any countermeasures?” Ji Feng asked.

“If the other party is acting in the official arena, then naturally there are ways to deal with it, but if we start from the economy, we won’t be able to deal with it.” Ji Zhenguo shook his head slightly, “As you know, we don’t have a strong economic force on our side, and it’s extremely troublesome to deal with such a huge behemoth as the Rongpeng Group.”

Ji Feng then nodded, now he understood why Second Uncle had said that the struggle would not be a lopsided situation.

Obviously, the Wu family was the one that had the economic advantage, making it impossible for Ji Feng to cope in this regard.

“If this kind of action by the Wu family were to get into full swing, the impact would also be great, Second Uncle, we need to find a way to deal with it!” Ji Feng said with a frown.

In a small way, the Rongpeng Group might be able to strike at some of the cadres of the Ji Department, financially. But if they were to fully launch an offensive, it might affect the big picture at that time.

The cadres of the Ji Department are connected as one, and one hair may move the whole body, so this move has to be prevented.
