

Campus Master 961

Chapter 961

That night, Ji Shaohong and the two brothers Ji Feng were considered quite close. At least, the fact that Ji Feng was able to run from Jiangzhou to Huahe County and do his best for the sake of the Dexing Electronics Factory was enough to change Ji Shaohong's impression.

Therefore, Ji Feng can obviously feel that Ji Shaohong's attitude has changed a lot, which makes him more satisfied, although the knot in Ji Shaohong's heart may not be lifted at once, but, now his change is a good phenomenon, which shows that there is still a possibility of closer relationship between each other, and it is being implemented.

The day after he came to Huahe County, Ji Shaohong personally came to the guest house and first took Ji Feng and the others to the police station to make a statement about the situation at the station square yesterday. Of course, the matter of Zhang Lei injuring someone with a heavy hand was directly defined as self-defence.

The police would not make things difficult for Zhang Lei, as he had acted in the name of justice, and Ji Shao Hong had personally arrived at the police station.

However, Ji Feng could feel that the people of the county bureau did not seem to have too much respect for Ji Shao Hong. For example, this time when Ji Shao Hong personally went over, only one deputy director actually came out to receive him, and the director didn't even show up.

If it was a generally stronger prefect, which of the following departments would not have to be careful to accompany him, but now it was good that the director of the county bureau actually did not even show up.

"Brother Shao Hong, this county bureau ....." Ji Feng frowned slightly, "in whose hands is the county bureau in control?"

"It's hard to say!" Ji Shaohong couldn't help but shake his head and said, "The two powerful deputy directors of the county bureau, one of them was promoted up by me, Jiang Weiping promoted up one, and the director is the secretary's man."

Ji Feng couldn't help but lose his smile and said, "This isn't a tripod, is it?"

"It can't be helped, the police department is a department that everyone wants to fight for and no one will be willing to let go." Ji Shao Hong shook his head and said, "It's not something that can be rushed overnight, you have to find the right opportunity to take the initiative."

Ji Feng nodded slightly and said, "With your ability, I'm afraid that it shouldn't be difficult to take control of the county bureau!"

Ji Shaohong's ability, Ji Feng had not seen it with his own eyes, but, just based on the evaluation of Ji Shaohong by some people in Yanjing, Ji Feng also knew that this leader of the side department, definitely would not be much simpler, otherwise, he would not get such a high evaluation.

The reason why Ji Shaohong has not yet taken control of the situation is that there are too many constraints on the one hand, and on the other hand, it is also because he has been in Huahe County for too short a time.

I believe that as long as he is given enough time, not to mention control the situation, even if it is to empty the county senior officials, that is absolutely not a difficult task. The first thing you need to do is to play dirty, Ji Feng guesses that no one in Huahe County can play better than Ji Shao Hong!

After making a statement, Han Zhong took two assistants, as well as Xiao Yuxuan and Xiao Ying, a group of five people, accompanied by office director Fang Damin, went to the De Xing Electronics Factory for a visit, while Ji Feng, with Tong Lei and Han Zhen, was ready to stroll around, Ji Shaohong wanted to be a tour guide, but was refused by Ji Feng.

Although the age difference between the two of them is not very big, but no matter how Ji Shaohong is also the head of a county, and this is in Huahe County, his image and majesty must still be maintained, let him be a tour guide, more or less a little unjustified.

Ji Shaohong also did not insist, so he planned to take a step back and only dispatch a driver and a car, so that Ji Feng and the others could have a good look around the county.

“How about this, lend me the car, the driver won’t be needed, we’ll just take a casual stroll too .....” Ji Feng smiled.

Ji Shaohong also nodded and laughed: “Okay then, if you can’t find it, just give me a call and I’ll send someone to pick you up .....”

Ji Feng was dumbfounded and laughed: “How big is this Huahe County? With a mouth growing under your nose, wouldn’t you ask?”

The first thing you need to do is to take a look at the actual site.

Because today happens to be the May Day holiday, this small county is also lively, there are some on the field doing activities, invited some local small groups to perform, Ji Feng and others are interested in watching for a while.

In the middle of a lunch, Ji Feng parked the car in the car park in front of the hotel and changed to walking in the afternoon, anyway, this county is very small, walking from the east end to the west side, at most is less than two hours, driving is just for the convenience of some. But the morning has been driving around, the afternoon naturally changed to walking, and not to get lost.

Tong Lei was very happy, being able to go out for a walk, especially with Ji Feng, which made her feel very happy.

However, when people are happy, there are always unconscious discordant things that appear next to them, making people’s hearts bored and very spoiled.

It was now ten in the evening, and because there were few entertainment options in the county, people were used to taking an early break, and the number of pedestrians on the road was gradually decreasing, with only the entrance to some shopping malls and restaurants being crowded with people.

Ji Feng and the others were walking, preparing to pick up their cars, when they passed by a shopping mall.

There was some kind of activity being done here and the atmosphere was very lively, as if there was some kind of performance, and Ji Feng did not look closely. Because it was a bit dark, Ji Feng intended to take a few people to a place where the streetlights could shine, but as soon as he moved, a motorbike behind him suddenly brushed past and almost didn't hit him.

Squeak...!

The motorbike stopped at once, driven by a sturdy man, and behind him sat a woman of about 50 or 60 years old, technically speaking, she should be considered an old lady.

"Fuck you! You don't have eyes when you walk!" The stout man immediately cursed, "What if I run you over, motherfucker?!"

"Fuck me!" Zhang Lei was furious and was about to take action, but the old lady hurriedly said, "Don't be angry, don't be angry, my son has a bad temper, I'm really sorry ..... Er Dan, don't go now!"

"Just want to leave like this?" Ji Feng's face is also gloomy, for this kind of people, he really does not know what to say, since they themselves are shameless, then Ji Feng is not going to say anything, simple some, you scolded me, then I have to let you know, scolding people is to pay the price!

Especially, this kind of people who open their mouths and curse other people's parents!

He grabbed the burly man driving the motorbike and sneered, "Kneel down and apologise! Or else, I'll send you to the hospital!"

"Young man, young man ....." The old lady hurriedly got off the bike and kept saying good things: "Young man, look, I am an old lady who has apologised to you, so don't be so mean to this bastard son of mine, okay? I'll kneel down for you!"

Ji Feng couldn't help but shake his head, "Forget it, you guys go away!"

The old lady had said so, he could not pursue it any further, he could not really let the old lady kneel down for him, right? This kind of thing that breaks your life, can't be done!

"Thank you, thank you, thank you ....." the old lady hurriedly bowed and nodded her head with an incomparable look of gratitude.

Ji Feng's heart became even more mushy, but it was not good to say anything, he could only directly wave his hand: "OK, OK, in the future, let your son brush his teeth before he goes out, he was also raised by his mother's parents!"

"Hey, hey!" The old lady nodded her head.

The man driving the motorbike, however, did not speak again, he also seemed to see that Ji Feng's group was somewhat bad to mess with.

The two drove the motorbike a bit further, and Ji Feng couldn't help but shake his head and say, "Let's go too."

There was no point in continuing to stroll around after encountering this kind of thing, the mood had been completely ruined, what else was there to see, might as well go back and rest early!

However, they hadn't taken more than a few steps forward, just past the entrance to the mall, and the light was slightly dim, but he saw at a glance that the man on the motorbike, and the old lady, had stopped in front of them. And then they got off the motorbike and walked towards a young woman on the roadside who was holding her child and looking at the performance from afar at the entrance of the mall.

The next moment, Ji Feng suddenly frowned, only to see the two of them, the man and the old woman, striding to the young woman's heels. Without saying a word, the man slapped the young woman's face hard.

Slap!

What kind of strength was that man, and how could a young woman withstand it? The young woman was immediately knocked dizzy and fell to the ground, and the child in her hand was also carried over by the man.

"You shameless woman, that's how unfilial you are!" The man cursed, "It's just that my mother wanted to hold the child, but you thought she was dirty and ran out with the child in your arms. I'll beat you to death!"

"Xiao Hong, I just want to hug my grandson, why do you hate me so much ....." the old lady also cried out in pain.

The people around looked over and when they heard this, they all suddenly drifted off. No wonder the man wanted to beat the young woman, it turned out that they were two people, and there was still a conflict between the mother-in-law and daughter-in-law.

The young woman, on the other hand, was beaten and fell to the ground, unable to react for a while.

"Fuck! This guy is a bastard, even his wife is beaten to death like this!" Zhang Lei couldn't help but curse.

Tong Lei and Han Zhen also had their eyebrows slightly furrowed, disgraceful at the man's behaviour like this.

The little child in that man's arms, on the other hand, was screaming in fear and struggling continuously, but was held by the man and could not break his arms.

"You woman, today you don't want to enter the house ....." mother, let's go!" The hanyou cursed angrily, then handed the child to that old woman to hold, then the two of them drove away on their motorbike.

It was only until this time that the young woman reacted, she took a look around and screamed out in a piteous voice: "My child-!"

The others, however, just looked on, all thinking that the young woman had treated her mother-in-law badly.

But the young woman struggled to get up from the ground and screamed in terror, "Help, someone has snatched my child, hurry up and help -! That man is not my husband – my child -"

Swish!

Ji Feng's eyes suddenly widened, it was actually another child snatcher .....

He roared, "Zhang Lei, go get the car, I'll go after it, remember to keep in touch."

Chapter 962

stomp stomp stomp .....

Ji Feng was running frantically, the cold light in his eyes kept flashing, he had come across it again, he had come across another child snatching incident!

Moreover, the other party was actually so arrogant, not only did he snatch someone's child, but he also slapped the child's mother in the face and knocked her head out.

The child's mother's heart-breaking cries still seemed to echo continuously in Ji Feng's mind, which made the hatred in Ji Feng's heart intense, and his killing spirit kept rising up.

These bastards, they all deserve to die!

Ji Feng clenched his teeth, his fists clenched tightly, and a fierce light flashed in his eyes.

The sound of the motorbike in front of him was still clearly audible, and Ji Feng was just following closely at a purely running speed. The experience he had exercised in the training space had made Ji Feng very experienced in the rational distribution of internal and biological currents, and with his strong physique and speed, it was not impossible to catch up with the motorbike in front of him.

But Ji Feng didn't do that, he wanted to see where the two people in front of him were taking the children, he wanted to find out where those brutes were nesting and take them out in one pot!

Ji Feng could be sure that this was definitely a large gang, with definitely quite a few people, taking advantage of the peak holiday crowds to commit their crimes, they were obviously running a big deal, and the children they were robbing were definitely not in the minority!

Therefore, Ji Feng decided to find their landing place, whether or not to wipe them out first, but at least, to save all the children.

That pain of a child being separated from his parents and missing them but not seeing them, Ji Feng had experienced it before, he had been separated from his father for more than ten years for some reason. To say that he didn't miss it would be an absolute lie!

At that time, when his mother left Yanjing, it was out of anger, but now, these brutes were trying to snatch the children away from their parents alive, and Ji Feng felt somewhat the same way.

Just for that, he would not let those brutes go!

The county town of Huahe County wasn't very big, and not long after, the sound of the motorbike in front of him seemed to stop and disappeared immediately afterwards, apparently reaching its destination.

Ji Feng immediately surveyed the surroundings and found that this place actually reached the outskirts of the city, in front of him was a dilapidated residential house with a large courtyard, what the scene inside was like Ji Feng couldn't see it because there were gates and walls in the way ..... he slowly leaned over.

At the same time, he hid in the shadows and called Ji Shaohong to tell him the situation here in detail. Since the other side had stopped, he had enough time to prepare, and he was here so he wouldn't let the other side run away.

As for the address of the place, Ji Feng could see the door sign of the mansion from afar, and the darkness did not affect him in the slightest.

When Ji Shao Hong heard this, he immediately became furious, "You guard there, take care not to expose yourself and be safe, I'll send someone over there, this time, we must kill those bastards once and for all!"

"Remember to send some reliable people over, save someone from making a mess of it!" Ji Feng said. With such cases happening continuously in Huahe County, no one would believe it if they said there was no one behind it.

"Don't worry!" Ji Shao Hong said.

After hanging up the phone, Ji Feng called Zhang Lei again and told him how to go to get here.

After doing this, Ji Feng then walked over quickly. In his line of sight, the burly man had already pushed the motorbike into the courtyard, and two men closed the door again, and the sound of small children crying and some cursing and swearing came from the courtyard.

Ji Feng decided to go in first and poke around, at least to find out how many people were in here before the police arrived, in case someone took advantage of the chaos to escape!

He looked around and after making sure that there was no one around, he slowly took two steps back, then whirled his feet and with a few steps to help him run, he went up the wall, then took a few quick steps along the wall again and arrived at the roof of the side room, hiding in the darkness and not making any noise.

"Yo-ho, Yang Lao-san, got another one?" The sound of voices speaking came from the hall room.

"Hey! I ran into one on the road and got it back by hand ....." This time the one who spoke was the same stout man on the motorbike from before.

"Shit! You've already gotten four or five this month, haven't you? You've made a fortune!"

"What kind of fortune? I'm just following the boss to make a living, hey ....." the man on the motorbike said with a strong note of satisfaction in his voice.

The child in his arms just cried, he immediately cursed: "Motherfucker, you little thing, cry a hair, if you cry again I pinch you to death!"

"I say Yang Lao San, you can't do this, the child is still too young, you can't maim it at this time, you have to wait until it's a few years older, otherwise, I'm afraid the little one won't survive. .... By the way, did you get a male or a female this time?"

"I haven't had a chance to look at this ..... anyway, it's according to the old rules, the male will be shipped, the female, just get it and send it to the gang!"

"Hey, you don't get a child bride or something?"

"Bullshit ....."

A loud laugh came from the hall room, looking smug and rampant.

"All cut the crap, let me tell you, the wind has been a bit tight lately, the boss has sent down word for us to take the kids and leave Huahe County in the next few days, I'm already preparing the car, from tomorrow onwards, no one is allowed to make any more moves, remember?"

This time it was an unfamiliar voice that spoke, "It was said that a few brothers from another hall had an accident, they met a tough guy today and all fell in, so you all be careful too!"

"Yes!"

Ji Feng frowned darkly on the roof of the room, and a cold light flashed in his eyes. Listening to the voices speaking in this hall, there were both men and women, and there were not a few of them, it was obvious that his previous guess was correct, this was definitely a gang, and there were people behind it.

"Good then, now apart from the women staying behind to look after these children, everyone else disperse, remember, no one is allowed to go out for the next two days, wait for my notice and be ready to leave at any time!"

Ji Feng then knew that he couldn't wait any longer, these people were leaving!

He jumped straight off the roof and shouted coldly, "None of you will leave this courtyard!"

In a flash, a crackling sound could be heard in the hall, and then the sound came to an abrupt end. A few breaths later, the people inside seemed to see that Ji Feng was the only one in the courtyard, and the door to the hall was opened, and a dozen people rushed out at once, all of them still holding guys in their hands.

"It's you?!" As soon as the man on the motorbike saw Ji Feng, he said angrily, "Good boy, you're really not afraid of death!"

"Yang Laosan, you know him?" A man asked.

The man named Yang Laosan said, "I don't know him, he's just a little punk I met on the road, I didn't see eye to eye with him at the time in order to go on a mission, but I never thought he would follow me here ..... Since he's looking for death, let's see how I can get him killed!"

"The people who are looking for death are you!" Ji Feng's heart rose up with murderous intent, smiling fiercely: "The men shipped out, the women just got it, sent to the gang? Oh ..... you guys are really good, really capable!"

The so-called “casual fiddling” is likely to use some method to make a good baby into a cripple or into something else .....

But no matter what, these actions are extremely inhumane.

“All of you, all of you deserve to be cut alive 10,000 times!” Ji Feng looked at these people in the courtyard and said coldly, a hideous look flashed in his eyes, he was really moved to kill, these bastards no longer deserved to be human, they only deserved to be cattle, to be animals!

“Fuck! You little punk actually came here to act like a punk, get him killed!” Yang Laosan shouted and took the lead in lunging over, the others also immediately went up with their weapons, they were holding machetes, steel pipes and even wooden sticks, they all looked fierce and vicious, that look was to want Ji Feng’s life!

“Humph!”

Ji Feng coldly shouted, his feet suddenly launched, in a flash, he rushed to the group of people, the first one was hit by his elbow in the chest, did not even have time to scream, two eyes rolled over, directly fainted and died.

Bang!

Ji Feng kicked him away, just like a tiger entering a flock of sheep, the bio-current in his body was pushed to the extreme, with a wave of his hands, the two men were hit by the bio-current, and immediately fell to the ground screaming in agony, with their bodies twitching continuously.

Bang Bang Bang Bang .....

Within these two short minutes, the only ones who could stand in the courtyard were the few women who had been scared silly, all the men, who had been struck by Ji Feng, either screamed miserably or passed out, and none of them could stand up again!

In the midst of these groans, Ji Feng slowly stepped in front of the women who were already scared silly and asked indifferently, “What kind of gang are you?”

The woman was trembling with fear and seemed extremely scared.

Bang!

Ji Feng kicked her in the stomach, directly knocking her to the ground with a thud, “I don’t beat women, but in my eyes, you are no longer human.”

He came to the second woman again and asked indifferently, “Say, what kind of gang are you?!”

“.....” The woman, however, was so frightened that she couldn’t even say all the words, just her teeth chattering.

Snap!

Ji Feng’s biocurrent-laden slap fiercely slapped the woman’s face, instantly slapping her mouth with blood, knocking out a few teeth, and a face that swelled up high, but it was too late to scream, and she directly fainted.

Ji Feng was not moved in the slightest, and came to the third woman again, "Say!"

"Beggar, beggar gang ....." that woman is really frightened, at this time Ji Feng's face is very calm, not at all fierce, but the more so, the more this woman can feel a chill from the bones.

"Beggar's Gang? Oh ....." Ji Feng gave a fierce laugh: "What does it mean when the men ship out and the women get it?"

"This ....." the woman did not dare to say.

Ji Feng shook his head slightly and slapped her across the face!

Then, he came back to Yang Laosan who was lying on the ground clenching his teeth in pain and asked with a smile, "The woman casually fiddles, isn't that so ....."

"Ka-ching!"

Ji Feng crushed Yang Laosan's ankle hard with one foot, "It's like this, isn't it?"

"....." In a flash, Yang Laosan's eyes widened, his eyes protruded outward in a deadly manner, as if he had a pair of dead fish eyes, his mouth opened wide, his whole body convulsed, and a miserable and incomparable scream came out of his mouth.

"Ah..."

Chapter 963

The harsh screams of misery were heard far away in the silent night of this small county .....

Ji Feng, however, did not have any intention to stop, he did not go to a single person before he would follow his own impression of those deformed children wandering the streets and experiment on those men on the ground.

"Is it painful?" Ji Feng asked indifferently, "I don't think so, right? I'm afraid that when you were getting those children, you didn't think that they would be in such pain, right?"

His face was extraordinarily calm, as if he had done something insignificant.

He nodded and smiled, "Actually, that's right, children, they grow up with softer bones, it's still easy to mould them into something, at least much easier than adults ....." However, I think it should also be easy to maim the beasts, but why would you guys be in so much pain? "

The few remaining women who weren't beaten were terrified, Ji Feng was simply the devil in their eyes, making them so weak and terrified that it was difficult for them to even breathe normally, one by one they went limp and looked at him in horror.

"Go ahead, tell us everything you know, who your boss is, where all those kids are kept, and your network ....." Ji Feng said with a smile, "If you want to hide it, that's fine, I don't mind putting the tactics you just used on your bodies again, you better hold on and never say anything!"

Looking at the smile on Ji Feng's face, a bone chilling feeling rose in everyone's heart, they knew that this man, would really do what he said, and if necessary, it was not impossible for their lives to be taken away .....

However, those people were so by Ji Feng is really too powerful, Ji Feng that poisonous means, so they simply can not endure, now, for example, Yang Lao San and others, even the strength to speak, just limp on the ground, from time to time twitching, eye is into the breath less out.

Ji Feng's gaze, then, fell on those few women, including the old woman who was with Yang Laosan this evening, posing as someone's mother-in-law and snatching someone's child.

"No?!" Ji Feng asked with a wry smile.

"I'll say it! I'll say it!" In a flash, the remaining few women said in an incomparable panic, "We don't know who our boss is, only the Hall Master knows ....."

"Who is your hall master?!" Ji Feng asked in a cold voice.

The gazes of those women then fell on one of the men, and the latter's face instantly changed dramatically, and his body began to tremble when he saw Ji Feng walking towards him.

"Brother, brother, I'll say, as long as you want to know, I'll say anything!" The man's two arms had been broken into five or six sections by Ji Feng, but he didn't want to suffer that inhuman pain and torture all over again, it was definitely not a human suffering!

"We, our boss's name is Ma Wenchang and he lives near the train tracks in the south of the city .....", that hall master quickly said everything he knew.

"Then, who is your gang leader again?" Ji Feng asked in a cold voice.

"It's one of Ma Wenchang's men ....."

"Very good!" Ji Feng nodded slightly, "You're very cooperative, but, in order to make you remember, I still have to teach you a lesson! And all of you!"

When a wretched and incomparable scream was heard from far away, Ji Feng was already on his way to the south of the city.

There was no longer any threat here; at most, it was just a bunch of crippled brutes. Of course, there seemed to be a few babies in the side room, and Ji Feng wouldn't be able to take care of the children, so he called Ji Shaohong directly to inform him to send someone here, and also explained what he had interrogated from those animals.

Ji Shaohong sent a group of policemen from the police who were on their way to the south of the city, leaving only a small number to clean up the mess and rescue the babies.

After that, Ji Feng also informed Zhang Lei and the others, and then he went straight to the south of the city, his ultimate goal was to uncover the leader of the beast!

.....

In the south of the city of Huahe County, there was a very luxurious villa. The villa had three floors up and down in total, and the courtyard was so huge that if it weren't for the fact that there was nothing like a landscape or a pond in it, it could probably be called a manor!

The owner of this villa was none other than the famous tycoon of Huahe County, Ma Wenchang!

Even the owner of the villa, Ma Wenchang, had to wait carefully at the side because the status of these young people was too prestigious. Even Ma Wenchang's brother-in-law had repeatedly told him that he must serve these distinguished guests well, otherwise he would not be spared!

Ma Wenchang knew what kind of status his brother-in-law had in Huahe County, and now that even his brother-in-law attached such importance to them, it was obvious that the status of these young people was not simple, and they were afraid that they were the children of the big leaders above!

Therefore, Ma Wenchang served even more attentively, and he could not help but feel a little smug in his heart.

See, the environment of this Huahe County is not too good, not even a star hotel, the children of these big leaders from above are not used to staying in hotels of too low a grade, but they are quite satisfied with their stay here.

This means that Ma Wenchang's villa is even better than those hotels, and even these noble sons from above can look at it!

Ma Wenchang secretly said that his own vision and taste were truly superior too!

"Old Ma, you don't have to be here, go about your business." In the living room, a young man waved his hand.

Ma Wenchang immediately said, "It's alright, it's an honour for me, Old Ma, to be able to serve you, besides, Secretary Jiang has repeatedly instructed me to entertain you, so how can I leave!"

"It's alright, we don't need your service here, if Jiang Weiping criticizes you, you can push it on me, go go go!" The young man waved his hand.

Ma Wenchang stopped insisting and could only nod, "Alright then, if you all need anything, I'll come back to ....."

Watching him carefully exit, a young girl couldn't help but shake her head slightly and said, "I really didn't expect that there were actually people who knew the rules so well in this small place."

Another young man laughed, "Whether one knows the rules or not, that depends on what kind of person one is dealing with, mainly it's Jiang Weiping who gave a good account."

"That's true!"

If Ji Feng was here, he would have recognized these people at a glance, it was none other than Wu Zhihe, Zheng Yuxiu and Rong Suyan. Of course, it was also missing Jiang Weiping's daughter, Jiang Wenwen. Next to them were two middle-aged men, one of whom was the manager of Rong Peng Group's Jiangzhou office, Wang Shuosheng.

Wu Zhihe and his group, who had been in Huahe County for three or four days, were a little unhappy because the senior county officials had not really taken a stand on the matter of the Red Light Company up to now, so Wu Zhihe stayed behind to prepare to put pressure on the other side.

Jiang Weiping, however, was happy to see this, because the more day Wu Zhihe stayed here, the more he would be able to climb into a relationship with Wu Zhihe.

What's more, his daughter Jiang Wenwen is not bad looking, if she can fly to the top and become a phoenix, then his future career path will be smooth .....

It was for these reasons that he tried his best to retain Wu Zhihe and others, and also repeatedly instructed his wife's brother Ma Wenchang that he must entertain these distinguished guests well and must not be neglected in any way!

"Zhihe, that old man Huang is really uninteresting, where this red light company is settled, usually they are these small county high officials can not even beg, this old man Huang is good, actually still some hesitation, his brain into water, right?" Zheng Yuxiu said with some disdain.

Wu Zhihe shook his head slightly and said, "He's not in over his head, this old man Huang, I'm afraid he doesn't want to get involved, so he neither opposes nor supports it, just to see who can win between Jiang Weiping and Ji Shaohong in the end."

"He's thinking big!" Zheng Yuxiu disdainfully brushed his mouth, "When our side of the factory is completed, I'll see if he still dares to have such an attitude? By then, we will be able to influence the economy of Huahe County, if he dares to jump around again, I'll see if I don't clean him up!"

Rong Suyan's eyebrows knitted slightly, then spread out again, only a mocking smile flashed in her beautiful eyes.

"Pick up Old Huang?"

You really don't know how thick the sky is!

Not to mention picking up Old Huang, in Rong Suyan's opinion, whether Jiang Weiping could beat Ji Shaohong, that would be another story. Especially when they guessed that Ji Shaohong might have gone to Jiangzhou to seek help from Ji Feng, Rong Suyan became even more suspicious.

Because, the impression that Ji Feng had left on her was too deep. Once that wise young man struck, just by virtue of his status, he would be enough to marshal terrifying energy, and when the time came, it was possible that he might be cleaned up by someone else!

Of course, Rong Suyan is not the least bit worried about the success of the Red Light Company. The Ji family is powerful in official circles, but if we talk only about business and economics, the Ji family will not have the slightest advantage.

But Rong Suyan has full confidence in her own Rong Peng Group.

But I don't know what's going on, when I think of Ji Feng, Rong Suyan's heart is more or less drummed, she always feels that the young man should not be helpless, he is not that easy to defeat, right?

Upstairs, Ma Wenchang had already secretly talked to Jiang Weiping on the phone and reported the situation here, and got a compliment from Jiang Weiping.

After hanging up the phone, he couldn't help but heave a smile in his heart: "If brother-in-law can climb up with these noble people, when brother-in-law is promoted, he won't have to do those too risky hooks anymore, there are many ways to get rich, with the power he has accumulated in Huahe County, by then he will definitely make a fortune doing anything!"

"But ..... also need to get rid of this last batch of goods first!"

But no one knew that at this time, at a place not too far from the villa, a group of police had slowly approached.

Ji Feng and Ji Shaohong, as well as Zhang Lei and the others, had already converged, and their final target was this villa in front of them, where a ten-faced brute lived, and today was the day he would fall into the net!

No one had expected that a sudden collision was coming .....

#### Chapter 964

"Little Feng, that Ma Wenchang you mentioned, lives in this villa in front." All the vehicles were hidden in the darkness, and Ji Shao Hong sat in the car, watching those police officers slowly approaching, and turned his head to chat idly with Ji Feng.

"From what you're saying, you know this Ma Wenchang?" Ji Feng couldn't help but ask, "It seems like you know he's the head of some beggar gang and aren't surprised at all, huh?"

"What's so surprising about it?!" Ji Shao Hong sneered, "Ma Wenchang can be said to be one of the wealthiest men in our Huahe County, he is greatly famous in the whole Huahe County, to be able to be in such a small place like Huahe County and still make such a living, if you say he hasn't done anything bad, do you believe it?"

"Don't believe it!" Ji Feng shook his head with a smile.

Just by looking at this villa in front of him, Ji Feng did not believe that this person called Ma Wenchang was a law-abiding and good citizen. This villa was three storeys high at the top and bottom, and at a glance, this area of land was estimated to have a

"That's what it is!" Ji Shao Hong sneered, "What's more, this Ma Wenchang has another identity."

"What identity? A member of the Chinese People's Political Consultative Conference? Or something else?" Ji Feng asked casually. According to the usual practice, some rich people, all think of being able to climb up with the top, sometimes spend money to buy a CPPCC member to do it, that was also a habit, it was also considered the norm.

"This is also considered one of them!" Ji Shao Hong nodded and said, "However, what I have to say is that this Ma Wenchang, is actually the brother-in-law of Jiang Weiping, the deputy secretary of the county party committee, which is another important layer of his identity, and is the main reason why no one has investigated him for a long time."

“What?!” Ji Feng was instantly taken aback, “Ma Wenchang is Jiang Weiping’s brother-in-law?”

He couldn’t help but smile, “No wonder you’re so happy.”

Ji Shao Hong laughed, “Jiang Weiping’s brother-in-law is actually the mastermind behind the child snatching incident, I’ll see how he can justify himself this time!”

Ji Feng was relieved, no wonder Ji Shaohong was so cautious about this matter, it turned out that the target still had some identity, and for Ji Shaohong to be able to defeat Jiang Weiping in one fell swoop, Ma Wenchang’s fall, will play a vital role!

In fact, regardless of whether Ma Wenchang will explain or not, and regardless of whether Jiang Weiping knows this matter, only one thing, Ma Wenchang is Jiang Weiping’s brother-in-law, when the time comes, this joint responsibility, Jiang Weiping how can not escape. The company’s main business is to provide a wide range of products and services to the public.

If Jiang Weiping’s connections above him are tough enough, he may at most be transferred out of Huahe County, but if not tough enough, it is not impossible to hold him accountable!

However, this Jiang Weiping is also really ruthless, child snatching this kind of thing is extremely bad, once the matter is big, I am afraid that even Ji Shao Hong and the county senior officials will be implicated. However, Jiang Weiping, as deputy secretary of the county party committee, does not have to take too much responsibility.

Once the matter is stirred up, the leaders above to pursue responsibility, the first to investigate and deal with is the county high officials and county governor Ji Shao Hong, at this time, Jiang Weiping may also be able to take advantage of the opportunity to move up a move, really good calculation ah!

“Jiang Weiping’s guts, really not small!” Ji Feng said coldly, if Jiang Weiping really knew about this matter, but didn’t stop it, then his intentions are really too malicious!

“There are some people who can’t do anything to get promoted and get rich!” Ji Shao Hong sneered, “Not to mention robbing children, if necessary, killing people they would dare!”

Ji Feng couldn’t help but be silent, some people’s conscience was just eaten by dogs!

“Knock knock knock!” The glass of the car window was knocked, Ji Shao Hong who was sitting on the back seat lowered the window and asked, “What’s wrong?”

A man in a police uniform said, “County Governor, we have finished setting up control and can launch an attack on the villa at any time, please give the County Governor an order!”

This man, was none other than the deputy chief that Ji Feng had seen before, it was obvious that he was Ji Shao Hong’s beloved subordinate within the county bureau, it was only natural that he was deployed for this operation.

“Then let’s get started!” Ji Shao Hong fiercely waved his hand.

“Yes!”

That deputy director answered, and then immediately set up the matters for launching the attack.

Ji Feng smiled and said, "This time, it should be a breeze for you to take control of the county bureau as well, right? I see that this deputy director is very powerful, with him sitting at the county bureau, you won't need to worry too much about this department."

Ji Shao Hong nodded and smiled, but didn't answer, because local battles weren't that simple. However, by crushing Jiang Weiping through this one action tonight, it would be enough to create a great deterrent for others, and by then his Ji Shaohong's prestige, at least no one would dare to ignore it.

This, is a good start!

A few minutes later, with a command from that deputy chief, the operation began. Dozens of policemen, armed with weapons, quickly surrounded the villa from all around, some of them scaled the wall from behind, while others came directly to the main door.

"Knock, knock, knock!" A policeman knocked on the door.

"Knocking at the door in the middle of the night ..... Who is it?!" The man in the yard asked.

"It's me, looking for Ma Wenchang for something!"

"Zee ....."

The gate was opened, and before the people in the courtyard could react, the police outside immediately rushed in and shouted, "Police! All freeze!"

Dozens of policemen rushed in quickly, and the shouts continued inside, as if there were still people who hadn't reacted, shouting angrily, "Who are you people, how can you break into people's houses without permission? Is there still a law?"

"Ee? Why is the voice so familiar?" Ji Feng, who was sitting in the car, couldn't help but be stunned.

"What do you mean?" Ji Shao Hong asked with a smile, "Are there any more of your acquaintances inside? Or did someone run away from you today and hide in this villa?"

Ji Feng frowned a little: "Maybe ..... it's the latter possibility, but it's only right that no one should have run away from me!"

Since arriving in Huahe County until now only two days in total, Ji Feng has only dealt with those child snatching brutes twice, the first time was when he first got off the train, when those people were all beaten by Zhang Lei, and now they should all be lying in the hospital.

And the second time, which was before that, none of whatsoever Yang Laosan and the others in that courtyard were able to get away either, and they were all considered very good at getting rid of some bio-currents in their bodies, let alone escaping .....

Then who could it be?

Ji Feng did not have time to think carefully, at this time those police officers had already brought the situation in the villa courtyard under control, Ji Shaohong said, "Little Feng, do you want to go over with me and take a look?"

“Fine!” Ji Feng smiled and nodded, “By the way, call Zhang Lei and the others as well, they can also give a hand if there is any emergency .....

A group of people walked quickly towards the villa’s courtyard, on the way Zhang Lei couldn’t help but say excitedly, “It’s really fucking cool, this time we can get rid of those beasts in one go, I’d like to see what the difference is between this beast leader, and ordinary beasts!”

“Talking dirty again .....” Shen Jingyi muttered in a low voice beside her, but in front of so many people, she didn’t say anything else, women can be strong, but they must give men face outside, she understood this very well.

But Tong Lei was not so polite, she couldn’t help but give Zhang Lei a fierce glare.

“Simply bastard! Who sent you here, how dare you fool around here!” A loud shout suddenly came, “Is it Huang Jianxue, or Ji Shaohong, call them both over to me .....

Simply lawless! What do you want!” Ji Shaohong and Ji Feng and the others were stunned in unison, in this Huahe County, there was actually someone who dared to speak like this, not putting the governor and the secretary in the slightest, this person, what an arrogant tone of voice!

The two of them snapped their eyes at each other, and immediately said in unison, “Is it Wu Zhihe?”

“Haha!” Ji Feng instantly laughed, “I really didn’t expect that everyone would actually meet in this way, hey, it’s quite interesting.”

Ji Shao Hong’s face also revealed a smile, “This time, the second youngest of the Wu family is going to lose face .....”

Once Zhang Lei heard this, he also understood, he turned his head and asked, “That man inside is Wu Zhihe, the second youngest of the Wu family? What is he doing here?”

“What else could he be doing, of course he’s here to cause trouble .....” Ji Feng laughed, no wonder Ji Shao Hong said before that Wu Zhihe was also in Huahe County, but he just didn’t know where he lived, now everything was clear.

This Jiang Weiping, indeed, had hitched a ride on the line of Wu Zhihe, otherwise, he wouldn’t have arranged for Wu Zhihe and others to stay here with his brother-in-law.

“Who has such a big mouth? Opening his mouth to call us secretary?!” Ji Shao Hong and the others strided into the courtyard and asked, pretending to know nothing, “As criminals, they actually still have such a strong tone, it seems that they really need to be fixed up!”

In a flash, the courtyard was quiet, and Ji Feng and the others got a good look inside.

Seven or eight people were being watched by the police, all pressed against the wall, unable to move a muscle. Among these people were Wu Zhihe, Zheng Yuxiu and Rong Suyan and Wang Shuosheng, whom Ji Feng had seen before, and as for the others, he didn’t recognize them.

Heh!

Ji Feng couldn't help but laugh, this time he had really caught a big fish in the net, all of them were caught in one net, this Wu Zhihe had suffered from the fish in the pool, I'm afraid he had no place to put his face.

"Ji Shao Hong!" As soon as Wu Zhihe saw Ji Shao Hong and the others enter, he was furious: "What are you doing? Don't you have eyes?"

"Yoo-hoo! Who is this, so bold, how dare you shout here!" Ji Shao Hong bellowed coldly, "Bring them all back to the bureau for a surprise review, in addition, search immediately and rescue the snatched children ....."

"Yes!" Dozens of police officers boomed in response and were about to bring people out.

"Ji Shao Hong, you dare!" Wu Zhihe was furious, this Ji Shaohong actually dared to arrest him under some random name, simply daring!

"Yo?!" Ji Shao Hong laughed, "Isn't this young Wu? What, are you also involved with these criminals? Or is it you, Wu Shao, who is behind this case?"

#### Chapter 967

Rong Suyan's heart pounded, and for a moment, her heart was in turmoil, and countless thoughts flashed through her mind, causing her, a strong woman who had always been cool-headed in the mall, to panic a little.

"Zhihe, I, I've already gone to bed ....." said Rong Suyan, "What do you want?"

Is she being defensive?

Outside the door, Wu Zhihe suddenly frowned slightly and said, "Suyan, I have something I want to say to you, open the door a little!"

Rong Suyan hesitated for a moment before saying, "Then wait a moment, I'll come right away!"

She took a deep breath and tried to calm herself down before she hurriedly put her pajamas on and got up to open the door.

Wu Zhihe walked in with big strides, and Rong Suyan's face looked a little unnatural, but she still smiled and asked, "It's so late now, why aren't you resting, is there anything you can't say tomorrow?"

"It's better to talk tonight!" Wu Zhihe said, he sat down on the edge of the bed and reached out towards Rong Suyan, smiling, "Come, why stand, sit down and talk."

Rong Suyan smiled, walked over and sat down beside Wu Zhihe, "Zhihe, it's so late, is there something urgent you want to talk to me about?"

"It's not really urgent." Wu Zhihe smiled, "I just want to explain to you that when I said those words on the road today, it wasn't because I didn't believe you, it's just that I was in a fit of anger and my words might have been a bit heavy."

"You don't need to explain, I understand ....." Rong Suyan said softly.

Wu Zhihe then laughed, "I knew you were the most reasonable, in fact, we have been in a relationship for so many years, how could I not trust you? Besides, if it comes to being handsome, I'm not that much worse than that bastard Ji Feng, right?"

"Puff ....." Rong Suyan instantly laughed and nodded, "Yes, you're even more handsome than him!"

"That's right, in a lover's eyes, there is a western beauty!" Wu Zhihe harrumphed.

"Look at your smugness, you really think you're a beauty, huh?" Rong Suyan pursed her lips and laughed lightly, "Zhihe, actually I have had contact with Ji Feng, but counting today there are only two times, the last time was because of the matter of Baogang, I went to see Xu Yuan, the general manager of Xiao's pharmaceutical factory, and as a result Ji Feng also followed me to ....."

"Suyan, you don't need to explain to me, I believe you!" Wu Zhihe laughed: "In fact, the reason why I said that about you before is not because I listened to what Yuxiu said, she is like that, she speaks with a big grin, don't take it to heart, I am mainly ah, worried that Ji Feng sees you talking well and will get some ideas from you, if that is the case, it will be too much to prevent, don't you think so?"

Rong Suyan's heart suddenly burst with sadness, Zheng Yuxiu talk just a big grin?

Wu Zhihe's words were a little too light-hearted.

In fact, after spending all these years with Wu Zhihe, how could Rong Suyan not understand Wu Zhihe's character? If he spoke to her like this, Rong Suyan would be thanking the heavens if he was half truthful.

If she said that Wu Zhihe had not listened to Zheng Yuxiu, Rong Suyan would not believe it!

But she couldn't say anything, for if she did, what would be the point? It would only make the relationship between the two grow fainter and fainter, and the distance between them would become more and more distant.

Having already been together for seven or eight years, Rong Suyan did not want to see such an outcome. Moreover, her own hands held the hidden assets of the Wu family, if the two separated, when the time came, Rong Suyan believed that the Wu family would not let herself have any chance of rising again, because she knew quite a lot of things .....

But if you ask Rong Suyan to be like Zheng Yuxiu, deliberately trying to please Wu Zhihe and acting all seductive and slutty, Rong Suyan can't do the same.

If feelings have to be maintained in that way, then what is the difference between her and those street girls? What she wants is not the charity of others, but the kind of natural rapport that comes with the water.

Perhaps it is because of her personality that some things are already predetermined, only that she is not aware of them yet.

"Suyan, don't think so much, as long as you understand that I have always loved you, that's enough!" Wu Zhihe said gently, his hands, wrapped around Rong Suyan's shoulders, "Suyan, I want to stay with you tonight, give me that, okay?"

As he spoke, he kissed Rong Suyan's luscious red lips.

A wave of panic and uncertainty rose from Rong Suyan's heart, and she dodged away at once, saying softly, "Zhi, Zhihe, don't do this ....."

"Suyan, don't be shy, this day will come sooner or later anyway, I have been waiting for you for so many years, give you to me today, okay?" Wu Zhihe looked at the shy Rong Suyan, a strong desire rose up in his heart, such a special thing, he had to pick it today, absolutely can't leave it behind again, otherwise, I'm afraid Ji Feng will take advantage of the situation!

Rong Suyan but hesitantly shook his head: "Zhihe, I'm not completely ready now, wait until we go back this time, I'll take you to formally meet my parents, then you can do whatever you want ....."

"Haven't we met many times before? Why do you need to bother seeing them again?" Wu Zhihe asked.

"That's different, before you went to meet as the young master of the Wu family, this time you're going to meet my parents as my boyfriend." Rong Suyan said, "As long as you've met my parents, I won't ask for a name then, as long as you love me, I, I'll give you all of it, okay?"

"No good ....." said Wu Zhihe, "I want you now, Suyan, I've waited so long and don't want to wait any longer, Suyan ....."

"Ah!"

Rong Suyan shouted, pushed Wu Zhihe away at once and hurriedly hid at the head of the bed, "Zhihe, you, don't force me, okay? Give me some more time, I, I still need to calm down!"

"What else do you need to calm down?!" Wu Zhihe burst out, his face turned a little grim as he roared lowly, "Rong Suyan, we've been in love since we were in college, you've been rejecting me, and now after all these years, you're still rejecting me! Are you sincere in following me or not?"

"Of course I am sincere, but ....." Before Rong Suyan could finish her words, she was cut off by Wu Zhihe.

"Since you are sincere in following me, then what's the point of saying but, Yuxiu gave it all to me the day after she met me, but what about you ....." Wu Zhihe said angrily, "I knew it, you've been defensive in your heart against me, or do you have Ji Feng in your heart?!"

"Wu Zhihe!" Rong Suyan immediately screamed, she looked at Wu Zhihe with incomparable disappointment, her chest heaving violently due to extreme anger, "You, you bastard! You can disbelieve me, but you can't insult me like that!"

"I insulted you?!" Wu Zhihe sneered, "You dare to say that in your heart you are not thinking that Ji Feng is better than me? You dare to say that you are not thinking that I can't fight Ji Feng?"

"You ....." Rong Suyan was so angry that she could barely speak.

"Every time I said I wanted to deal with Ji Feng and the Ji family before, you never said anything, and sometimes you even kind of blocked it, what, do you see Ji Feng?" Wu Zhihe said angrily.

"You get lost! Get lost!" Rong Suyan burst into tears and cried extremely sadly.

Seeing her like this, Wu Zhihe couldn't help but feel a little softer, and the anger in his heart subsided quite a bit, he paused before he gritted his teeth and said, "Forget it, I'm not in a good mood today, you should rest early!"

After saying that, he walked out of Rong Suyan's room with big steps.

Looking at the closed door, Rong Suyan buried her head under the quilt and cried bitterly, her heart sad and desperate .....

And at this time, Wu Zhihe, who had walked out of Rong Suyan's room, came out into the corridor, his face still very unpleasant. In fact, in the end he was not really not angry, but, on the one hand, with Rong Suyan also these years of feelings, looking at her so sad, Wu Zhihe more or less a bit intolerant.

On the other hand, it was also because Rong Suyan was very talented and was in charge of the Rong Peng Group for him, so the two of them could not fall out, so he reluctantly put away his temper.

But to ask him to apologise to Rong Suyan, that was absolutely impossible! He had never apologised to anyone before!

At this time, a young man in the corridor was sticking his head out to see what was going on, and Wu Zhihe was furious, glaring, "What are you looking at?"

The young man instantly walked away in fear.

Only then did Wu Zhihe grunt coldly and turn around to go back to his room.

Zheng Yuxiu's room, however, she was sneering, "Good, make a lot of noise, I believe that in a short time, I will be able to take Rong Suyan's place, and by then, I will be able to control the Rong Peng Group ....."

And the young man who was scared away by Wu Zhihe, first checked at the hotel's service desk to find out who was actually staying in the room where the argument had just occurred, and then after walking outside the hotel and looking around to see if no one had noticed, he then quietly made a phone call, "Hello, County Governor ....."

.....

"What?!" Ji Feng looked at Ji Shaohong in surprise, "What did you say? Wu Zhihe and Rong Suyan had a violent argument?"

"That's right, it's said that Wu Zhihe was furious and had an extremely heated argument with Rong Suyan!" Ji Shao Hong nodded and laughed, "Little Feng, your judgment is really accurate, Wu Zhihe really lost his temper! I'm just curious, how did you guess that?!"

In fact, after Wu Zhihe and the others left from Ma Wenchang's villa, Ji Feng's heart moved and guessed that Wu Zhihe, under the influence of this extremely bad mood, would probably do something irrational, and if there was that woman Zheng Yuxiu who didn't know the sky was high stirring in the mix, something interesting might really happen.

Therefore, Ji Feng asked Ji Shao Hong to send a man behind him to quietly follow Wu Zhihe, but unexpectedly, something did happen!

And it was still between Wu Zhihe and Rong Suyan, a violent conflict had broken out!

As soon as he heard this news, Ji Feng couldn't help but laugh: "Wu Zhihe has lost his head and actually made such a stinky move!"

Chapter 968

As soon as he heard this news, Ji Feng couldn't help but laugh: "Wu Zhihe has fainted and actually made such a stinky move!"

"What does that mean?" Ji Shao Hong couldn't help but ask.

Ji Feng took out a cigarette, handed one to Ji Shaohong and laughed, "Who is the most powerful person around Wu Zhihe? The two of them, controlling the huge assets of the Rong Peng Group, if used properly, they are absolutely invincible swords!"

"That's true!" Ji Shao Hong nodded, anyone who was facing that large group of tens of billions of dollars could not remain calm, that kind of huge influence was just too terrifying.

Tens of billions of assets could represent tens of thousands of jobs, enough to affect the economic development of a city or even a province!

"So yeah, Wu Zhihe can have conflicts with anyone, but only not with Rong Suyan." Ji Feng laughed, "Once Rong Suyan has a grievance in her heart, it will likely affect the Wu family's layout, and it will even all cause a chain reaction!"

Ji Shao Hong laughed, "A bit exaggerated, right? I don't think it's a big deal for couples to quarrel with each other. There's a saying that the head of the bed quarrels and the tail of the bed makes up, isn't that the truth?"

"What you're talking about is just the average couple!" Ji Feng laughed, "But you've overlooked one person."

"Who?"

"Zheng Yuxiu!" Ji Feng said, "Don't look at this woman Zheng Yuxiu who speaks without thinking and doesn't know the sky is the limit, but, many times, she can play an extremely crucial role, and such a person is actually the most skilled at playing some stupid tricks!"

Looking at Ji Shaohong's somewhat puzzled expression, Ji Feng laughed, "There are some things you may not know, this woman Zheng Yuxiu has done a lot of stupid things! Before in Jiangzhou, she had used very despicable means to frame Rong Baogang, that is, Rong Suyan's younger brother ....."

He roughly told the story of Zheng Yuxiu having the Zheng family's junior character beat up Zheng Yuanshan's son. At the same time, he also said that in order to take revenge, Rong Suyan had instructed his men to lay hands on those few junior characters of the Zheng family in the clubhouse, which happened to be encountered by him.

Ji Shao Hong was then surprised: "There's still such a thing? In that case, Zheng Yuxiu and Rong Suyan are incompatible with each other!"

“That’s not true!” Ji Feng shrugged his shoulders and laughed, “From this, we can see the relationship between Zheng Yuxiu and Rong Suyan. Think about it, now that conflicts have broken out between Wu Zhihe and Rong Suyan, how can Zheng Yuxiu not seize this opportunity to stir things up properly?”

Ji Shao Hong burst out laughing, “In that case, she will definitely stir things up!”

“That’s why I said that between Rong Suyan and Wu Zhihe, it’s not a conflict like an ordinary couple.” Ji Feng laughed: “As long as there is Zheng Yuxiu, the conflict between Rong Suyan and Wu Zhihe will get deeper and deeper, I think there should have been quite a lot of conflicts before, just that, today it has concentrated on this point and exploded out, in the future, the relationship between them, will get worse and worse!”

It must be said that Ji Feng’s guesses were all true, but he didn’t know that the main reason why Rong Suyan and Wu Zhihe broke out in conflict today was actually, however, because of him!

If he knew this, I wonder how he would feel.

“Actually, ah, Rong Suyan’s father and daughter are not only a big help to Wu Zhihe alone, but also a big help to the entire Wu family!” Ji Feng was ignorant of the fact that he was the culprit that caused the quarrel between Wu Zhihe and the two of them. Still in discussion with Ji Shao Hong.

“Perhaps, Zheng Yuxiu is hating on Rong Suyan, or perhaps, she is asking for something, but no matter what, Rong Suyan will definitely move further and further away from Wu Zhihe in the future, there is no doubt about it!”

“If that woman, Zheng Yuxiu, is really as you say, the result is obvious.” Ji Shao Hong nodded slightly, a grim glint in his eyes, “Little Feng, this is a good opportunity, should we do something about it?!”

“What, moved by the heart?” Ji Feng asked with a smile.

Ji Shao Hong nodded and frankly admitted this, “If we can divide the Wu family and the Rong Peng Group, it would be absolutely a great joy for us, how can we not be impressed?!”

The threat of the Rong Peng Group was simply too great, just one Red Light Company had given Ji Shao Hong a big headache.

Now that it was such a good opportunity, Ji Shao Hong would naturally be moved.

Ji Feng deliberated slightly for a moment, but still shook his head and said, “I think, it’s not the right time yet. Although there are conflicts between Rong Suyan and Wu Zhihe, it’s not yet time for the two sides to truly split, at least, they still have common interests.”

“It’s also .....” Ji Shao Hong shook his head with some regret, “Unfortunately, ah, the timing is not right!”

Just as Ji Feng said, although the conflict between Rong Suyan and Wu Zhihe had broken out, but the relationship between Rong Peng Group and the Wu family, would not break up so easily, after all, Rong Peng father and daughter could be said to be the spokesperson of the Wu family, if they were not particularly trustworthy people, how could they help the Wu family control such a large group?

This kind of relationship can’t be broken by one or two arguments!

“Actually, it’s not impossible to break their relationship if you want to.” With a twinkle in his eye, Ji Shao Hong came up with an idea, “Little Feng, there is a method that can quickly break the solid relationship between them.”

“Oh?”

Ji Feng couldn’t help but be stunned, “What method?”

“As you said earlier, the solid relationship between them, that’s because they have common interests with each other as a foundation.” Ji Shao Hong laughed, “What is their common interest? Of course it’s the Rongpeng Group! In fact, to put it bluntly, the Rongpeng Group is considered to be shared by the two families, only that the Wu family takes up a large portion while the Rong family may take up a small portion, that’s all.”

Ji Feng nodded, “That should be the case, if the Rong family was taking the bigger share, then it wouldn’t be called the hidden assets of the Wu family, but a collaboration between the two sides.”

“Right head!” Ji Shao Hong laughed, “So, as long as we can damage the Rong Peng Group’s interests and give him a hard blow, this kind of result, I’m afraid, is something that both sides can’t afford, and by then, with Zheng Yuxiu stirring in the middle a little bit like that, the relationship between the two sides will quickly break up! Because the basis of their common interests, no longer exists!”

“Brother Shao Hong, what you say is easy, but how easy is it to re-injure the Rong Peng Group?” Ji Feng said with a bitter smile.

How could he not want to re-invent the Rongpeng Group?

But the problem now was that the Tengfei Group was still too weak, not to mention re-creating it, even how to counteract the Rongpeng Group, Ji Feng was very brain-damaged!

“You don’t understand what I mean.”

Ji Shao Hong shook his head and laughed, “It is not necessary to directly confront the Rongpeng Group, one can take on branch offices. For example, the Red Light Company that is preparing to settle in Huahe County, as soon as that trigger you developed is launched, it will form a huge impact on the television industry, and we will then operate a little bit, taking away some of Red Light’s channels and replacing them with our products, in this way, Red Light will be left with no money!”

“Once Red Light suffers, Wu Zhihe will definitely be upset in his heart and will even pursue responsibility.” Ji Feng took over and said, “If Zheng Yuxiu stirs in the middle of it ..... by then, even if the Wu family and the Rong family father and daughter don’t break up completely, then at least the rift will definitely not be small!”

“That’s the truth!” Ji Shaohong nodded and laughed: “I heard that the Red Light Company is going to invest about 100 million in Huahe County to establish a large electronic component production base, don’t look at the Rongpeng Group’s strength, the loss of this 100 million is enough for them to suffer a flesh wound!”

Ji Feng was horrified! What a vicious plan!

It had to be said that this plan was really too ruthless and, moreover, did not require any operation. Because originally, Ji Feng was going to acquire the De Xing Electronics Factory. Now it's just one more step to take over Red Light's channels. With the existence of the illusory three-dimensional light screen technology, it's a breeze to do this.

The most crucial thing in this is Zheng Yuxiu's stirring, but this does not need Ji Feng to worry about, Zheng Yuxiu will definitely seize this moment.

That is to say, this plan of Ji Shao Hong has all the factors accounted for, and it's a sure thing!

"Brother Shao Hong, to say that when it comes to calculating people, you are really ..... I have to admire!" Ji Feng said with emotion. No wonder Ji Shaohong was able to have a not weak reputation in Yanjing, and Ji Shaohong had also said that he made underhanded tricks very powerful and defensible.

Now, it seems that the name is really true!

Ji Shao Hong smiled and waved his hand: "This also needs to be backed up by that trigger of yours, otherwise, even if my method is good, there is no room to implement it, so don't give me a high hat!"

Ji Feng shook his head, "That's not true, didn't I think of this kind of plan even though I had this technology?"

"So, if we brothers work together, we can complement each other, and we will definitely be invincible!" Ji Shao Hong smiled faintly and said.

Ji Feng couldn't help but nod and smile, it was good that Ji Shao Hong was able to realize this point.

"It's just a pity, Rong Suyan is definitely a talent and extremely capable, I always feel that there is something ..... about us using such a method to deal with her," Ji Feng shook his head and smiled, giving himself another explanation, "But it can't be helped, fighting It's all about doing everything!"

Ji Shaohong could not help but laugh: "Little Feng, since you admire her so much, why not take her in, so she can also become your right arm, even in turn against the Wu family, it is also a sharp sword ah!"

Ji Feng dumbly laughed and waved his hand, "Don't talk about that, don't talk about that ....."

"What, dislike Rong Suyan being used by Wu Zhihe?" Ji Shao Hong laughed: "But I see she is still a virgin oh!"

"Brother Shao Hong, you just don't take my brother me into the pit!" Ji Feng laughed bitterly.

Both of them laughed at the same time.

At this moment, Rong Suyan, who had buried her head into the quilt, had stopped crying, only, her heart was filled with sadness and thick disappointment.

Wu Zhihe's previous words had really hurt her.

Chapter 969

Throughout the night, Rong Suyan reminisced about all the times she had spent with Wu Zhihe in the past few years. She knew that she had fallen for Wu Zhihe not because of his status, nor was it because of his overwhelming talent or extraordinary abilities as a person.

What Rong Suyan liked was just Wu Zhihe's kind of blandness and the fact that he did not have the kind of habits of a fop, or rather, a feeling, I guess.

But as time went on, Rong Suyan gradually saw that Wu Zhihe's gentle and elegant appearance also hid some hypocrisy, hollowness, and even blind pride. But at that time, Rong Suyan had already gotten used to getting along with Wu Zhihe.

It has to be said that habit is terrifying, enough to change one's life.

Twenty days to form a habit, ninety days can form a regular habit. When one is used to a certain life, a sudden change can make one at a loss .....

So, even though she knew that Wu Zhihe was not as perfect as he appeared, Rong Suyan still did not break up with him.

Apart from the reason of habit, it is also because the relationship between the two sides is not only maintained by feelings anymore, but also various other complicated relationships, such as the existence of Rong Peng Group, such as the ambition of her father to make a career, and so on .....

Therefore, Rong Suyan still tried to adapt herself, but she was not without making any precautions, for example, she decided to give herself to Wu Zhihe when she was really ready.

But an extremely violent conflict broke out between the two because of this!

Rong Suyan's mind was in turmoil and she didn't know exactly what she was thinking, but there was no doubt that there was a huge crisis in her relationship with Wu Zhihe.

It was only after the argument with Wu Zhihe that she suddenly realised that there might no longer be any feelings between the two of them, but only an inertia and an entanglement of various interests, which made Rong Suyan feel incomparably sad.

Could it be that after so many years of giving, all she got was a mere look of distrust?

"To actually say that he has moved on Ji Feng ....." Rong Suyan couldn't help but shake her head slightly, Wu Zhihe was afraid that he didn't even know what he was talking about himself, right?

And when Wu Zhihe said these words, Rong Suyan suddenly realized that he most likely had already developed timidity for Ji Feng in his heart, but he didn't know it himself or just didn't want to admit it, but in fact, he also realized that Ji Feng was most likely really better than him .....

The actual fact is that you may be able to get the best out of the company.

The actual fact is that you have to like whoever is superior?

The actual fact is that you can find a lot of people who have been in the business for a long time, and you can find a lot of people who have been in the business for a long time.

When she woke up in the morning, she looked in the mirror and saw that her eyes were a little red and swollen, and shook her head slightly.

However, she knew that behind the smile, there was heartache and hypocrisy.

Her relationship with Wu Zhihe might never be the same again .....

“Then, since there are no more feelings, let’s just talk about benefits!” Rong Suyan looked at herself in the mirror and secretly said, “Perhaps, it’s time to make early preparations as well .....”

After a night of sadness, Rong Suyan began to calm down again, only at this moment, she gradually shielded her heart and began to get along with Wu Zhihe as a businessman, and, she had already begun to prepare a way back.

Because just like Zheng Yuxiu’s intervention, businessmen, in the eyes of those magnificent families, are ultimately slightly inferior. Without emotions, the Rongpeng Group may become a complete vassal of the Wu family in the future, and it is even unknown whether the Wu family will still use someone they do not trust to take charge of the Rongpeng Group.

Rong Suyan knew that she had to prepare a way out.

When she went out to join Wu Zhihe and Zheng Yuxiu, each of them had different thoughts in mind, but it was as if nothing had happened.

Wu Zhihe was still treating Rong Suyan as affectionately as ever, but Zheng Yuxiu couldn’t help but laugh in her heart that she was finally getting her way. However, she did not notice that there was a hint of determination in Rong Suyan’s smile.

.....

“Ji Feng, I have fully inspected the De Xing Electronics Factory, and all day yesterday, I mapped out everything from the workshop to the management.”

The company’s main business is to provide a comprehensive range of products and services to the public.

Ji Feng nodded slightly, the production of triggers was not difficult, he could do it himself by hand, how difficult could it be?

“Now the biggest problem lies in the management, in the factory, there are not many people who really work, but there are a lot of leaders, I calculate, just all kinds of idle people, there may be two or three hundred people!” Han Zhong said, “I secretly asked the gatekeeper, he told me that those are basically all those who are related to the leaders, idle people who eat for nothing!”

Ji Feng couldn’t help but shake his head: “Such people, we don’t want any of them, I will talk to Ji Shaohong about this matter, let him step in to solve it, we took over a mess is just fine, but we can’t even raise these idle people, we took over the De Xing Electronics Factory, what manpower is needed, you send people to pick, the rest, let Ji Shaohong to arrange! ”

“Right!” Han Zhong nodded, “We don’t know the place well, if we step in and fire the people, those people are likely to cause trouble when the time comes, it’s most appropriate for the Huahe County side to step in!”

“Are there any other questions?” Ji Feng asked.

Han Zhong said, “There’s nothing else, whether it’s raw materials or logistics, this side can still keep up, no more problems!”

“Hmm!”

Ji Feng nodded and smiled, “It seems like your inspection yesterday was still very effective ..... then, I’ll go and communicate with Ji Shao Hong about the layoffs!”

Xiao Yuxuan said from the side, “Go after breakfast!”

Ji Feng waved his hand, “Let’s solve the problem first before we eat, otherwise, we can’t even eat in peace!”

Leaving a helpless Xiao Yuxuan behind, Ji Feng rushed to the county government family compound and contacted Ji Shaohong on the way, arranging to meet there.

When he saw Ji Feng coming, Ji Shaohong’s face was immediately beaming with joy and he said in a low voice, “Little Feng, you’re here so early, haven’t you had breakfast yet? There’s an authentic lamb soup in the north just outside the door, let’s go and have some together?”

Ji Feng nodded: “It’s fine ..... Shao Hong brother, look at you with this red face, you didn’t have a small harvest last night, did you?”

“It’s not much, just that guy Ma Wenchang, just arrived at the bureau all put down, this matter is indeed his mastermind behind, only, he did not admit that Jiang Weiping was informed, a bit of regret!” Ji Shao Hong shook his head.

Ji Feng instantly laughed: “Brother Shao Hong, you are too greedy, right? That’s not enough?”

“Oh ..... go, let’s go eat!” Ji Shao Hong laughed, in fact, he was already satisfied that things had developed to this point.

Saying that Jiang Weiping didn’t know, this matter he can’t get away with, who let the one who did this kind of thing is his brother-in-law!

If you say you didn’t know, what would the leaders above think of you? If it wasn’t for your authority, your brother-in-law would dare to do such a heartless thing? Who are you bluffing?

In this way, it is certain that Jiang Weiping will be adjusted.

If Ma Wenchang admits that Jiang Weiping knew about it and there is enough evidence, then Jiang Weiping could be guilty of a crime, which is a different matter.

If Jiang Weiping can be knocked off, that’s enough, a fallen dog, when Ji Shao Hong has complete control of the situation later, then it’s not as if he can do whatever he wants to do.

“How are those robbed children?” Ji Feng asked.

“They were sent to the hospital last night to have their blood samples taken, and were sent to the city early this morning for identification, waiting for the parents of the children to be matched again, and then they can be claimed.” Ji Shao Hong said, “Fortunately you found it in time, they haven’t had time to change hands on the child, otherwise, it would be much harder to trace it!”

Ji Feng smiled, “It’s also considered a merit.”

Afterwards, Ji Feng talked to Ji Shao Hong about the personnel issues of the De Xing Electronics Factory, and Ji Shao Hong immediately nodded his head and agreed.

“Don’t worry, the factory is closing down, many people are now trying to find a way to transfer out, this is a good thing to do!” Ji Shao Hong nodded his head.

“What’s the movement over at Wu Zhihe?” Ji Feng asked again.

“What other movement can there be? After losing so much face here, does he still have the guts to stay here?” Ji Shao Hong laughed, “They sent someone to buy tickets early in the morning and left by bus, leaving only a few people from Red Light, who are said to be in contact with the Merchants Bureau, while everyone else has gone back.”

“It seems that they are still not dead set on it!” Ji Feng said with a frown.

“That’s for sure, they think they still have the advantage and have suffered such a big loss, how could they not retaliate back?” Ji Shao Hong hummed, “Let them retaliate, I’ve already said hello to the Investment Promotion Bureau, everything will be done according to the rules, after the completion of Red Light Company, we will follow the plan we discussed last night!”

Ji Feng nodded: “I hope Zheng Yuxiu can be of great help!”

“If that woman is really like you say she is, I’m afraid she’ll be more useful than you think!” Ji Shao Hong laughed, “By the way, Xiao Feng, are you really not going to think about it anymore and take in Rong Suyan? I couldn’t say much yesterday at the guest house, this woman is very good, if she follows you, she might be able to exert great power .....”

Ji Feng instantly laughed: “Brother Shao Hong, I already have enough headaches right now! Besides, just to grow in power, you have to sacrifice your sex, huh?”

“How can you call that sacrificing your sex!” Ji Shao Hong laughed, “Look at what Wu Zhihe did, didn’t he do the same thing? As a result, a single Rong Peng Group gave us a headache, but you are much stronger than Wu Zhihe, if Rong Suyan was by your side, she would definitely be able to play a bigger role!”

## Chapter 970

Ji Feng couldn’t help but wave his hand and said with a bitter smile, “Alright, alright, brother Shao Hong, you don’t need to persuade anymore. I ah, am definitely not going to learn from Wu Zhihe, I think that two people together should not be so utilitarian, at least there should be an emotional foundation.”

He laughed and shook his head, "Rong Suyan and I are almost at odds with each other, and we're even still on opposite sides, so don't make fun of me. What we need to do now is how to divide the relationship between Rong Peng Group and the Wu Family, if possible, it's best to let the Wu Family directly replace Rong Peng father and daughter and let someone else take control of Rong Peng Group, so that we have a buffer!"

"You ....." Ji Shaohong shook his head and laughed: "You still haven't really learned to fight, now it's clear that it's already a rivalry between you and me, why do you still need to talk about so many pairs of rules? As long as it doesn't cause public anger, you can do anything!"

Ji Feng just shook his head and laughed, but stopped responding.

"That's enough!" Ji Shaohong shook his head and laughed, "I can also see, you kid do not eat a big loss, is definitely not going to change the concept of ..... then if there are feelings between you and Rong Suyan? Wouldn't you ....."

"Does that possibility exist?" Ji Feng lost his smile, "How can Rong Suyan and I not have too much intercourse, right? Even if there was, it would be to be rivals, hardly to be friends!"

"This future thing, who can say for sure, maybe now Rong Suyan already has the intention to leave Wu Zhihe?!"

The first thing you need to do is to get rid of the problem. At most, there are only three or five of them. The ones who can really use them like arms are the brothers and women around them, don't you think?"

"Brother Shao Hong, since you think this is a good idea, why don't you try it?" Ji Feng laughed.

"Me?"

Ji Shao Hong couldn't help but shake his head with a smile, "I'm aspiring to be an official, more women will easily cause problems. Besides, our strengths are different, through this period of observation, I can see one thing, you kid has everything that can be the basis of great things, wise, calm, steady, and the means are not soft, but the only thing, a little hesitant to women!"

"Maybe that's my advantage!" Ji Feng laughed, "Alright, Brother Shao Hong, let's not talk about that, hurry up and eat, I might have to rush back in the afternoon."

"Leaving so soon?" Ji Shao Hong was stunned.

"Yes, the De Xing electronics factory has been inspected, the general situation is understood, the following just needs to send some supervisors over." Ji Feng nodded, "I can't be away for too long over in Jiangzhou either, it's time to go back."

"I think how about this, you guys buy tickets directly to Yanjing and then transfer to a plane to Jiangzhou, if you just take a car, it will take a long time and people are tired!" Ji Shao Hong said.

"It's better!"

.....

After discussing the matter of Dexing Electronics Factory with Ji Shaohong, Ji Feng went back to the guest house, informed Zhang Lei and others, and prepared to leave.

There was no need to worry about the tickets, Ji Shaohong had already sent someone to buy them, and they should be internal tickets.

During the waiting process, Ji Feng and the others couldn't help but skulk around the guest house idly, coming to Huahe County for two days, but encountering two incidents of child snatching, and even taking out a nest, these two days could really be said to have been turbulent!

So, after being idle, Ji Feng was very leisurely as he strolled around the guest house.

Although the small county was not much developed, it had a unique flavour, especially some of the local people's ways of speaking and their dialects, which were all very interesting.

However, Ji Feng was the one who noticed that Han Zhen's gaze glanced over himself from time to time.

He then couldn't help but turn his head and asked with a smile, "Han Zhen, why do you keep looking at me, something wrong?"

"No, nothing!" Han Zhen instantly blushed slightly and shook her head in panic.

Ji Feng then smiled and shook his head, Han Zhen had always been very introverted, or at least, she didn't like to talk to herself, this time I'm afraid that she had something to ask for her help again.

"The bad guys in that courtyard, did you fight them all?" Just as Ji Feng was slightly lost in thought, Han Zhen suddenly asked.

"Hmm?" Ji Feng was slightly stunned, "What bad guys? You're talking about the ones who robbed the children?"

Han Zhen nodded, "Mm!"

Ji Feng said, "I'm the one who beat them up, doesn't that seem a bit cruel?"

"No! No!" Han Zhen shook his head in a panic, "No, I, I just think, you're kind of a good person ..... with a sense of justice!"

"....." Ji Feng could really cry and laugh, considered a good person? What kind of words is this! Is it possible that he was not a good person in the eyes of Han Zhen before?

The actual fact is that you'll be able to get a lot more than just a couple of animals.

Naturally, Ji Feng did not know that Zhang Lei and the others did not follow him last night because they were not familiar with the route of Huahe County, so they went to the south of the city only after meeting up with the people sent by Ji Shaohong in the west of the city.

It was also during the rendezvous that they saw a group of people lying on the ground and wailing in that courtyard.

Those people, tortured beyond recognition, were like pigs with their hair removed, compared to their arrogance when they had snatched the child!

Especially the one who had robbed the child, Yang Laosan, was even more miserable, both legs seemed to have been broken, and he had already fainted from the pain, that miserable appearance made the police officers present couldn't help but suck in a breath of cold air.

Zhang Lei, on the other hand, felt incomparably relieved and secretly said, "Well done!"

It is only when you treat these animals like animals, you can't talk nicely, you can just use your fists and beat them up, so that they know how hateful their behaviour is and what will happen to them if they rob other people's children!

Han Zhen, on the other hand, had also changed his opinion of Ji Feng because of this series of hot-blooded and righteous actions he had taken since arriving in Huahe County.

"No matter what Ji Feng's identity is, at least, he ..... is still considered a good person!"

If Ji Feng knew what Han Zhen was thinking, he didn't know how he would feel. Only now, he didn't ask any more questions because Ji Shaohong called and told Ji Feng that he had gotten the tickets to Yanjing and he would personally send them over now.

This meant that Ji Feng and the others' two-day trip to Huahe County would officially come to an end.

The next step was to wait for Ji Shao Hong to solve all the personnel problems of the De Xing Electronics Factory, leaving a cleanest factory, before Han Zhong would send someone to take over.

Of course, in this process, Han Zhong will also personally visit again, after all, the acquisition of a factory is not so simple, all aspects of the formalities, as well as various matters must be noted, and before the acquisition, at least the purchase of raw materials channels, security and other aspects of the problem, to make a plan out.

.....

After arriving in Yanjing, Han Zhong took his assistant back to Jiangzhou first, while Ji Feng and the others stayed behind. Since they had arrived in Jiangzhou, they naturally had to take the opportunity to take Xiao Yuxuan to visit their parents.

You know, only mother Xiao Sumei had met Xiao Yuxuan, and that was when her mother went to Jiangzhou last time.

The father, Ji Zhenhua, was still unaware of this matter.

This is a good opportunity to meet him first, so that his father can be prepared in advance, and Xiao Yuxuan's existence will be known to him sooner or later, so it is better to meet him later than earlier.

The child Lei, on the other hand, avoided it and followed Zhang Lei back to the child's home, she was very clear that the protagonist of this occasion today was Xiao Yuxuan, and she, with her soulful mind, naturally would not follow the involvement.

The first thing that I did was to call my mother, Xiao Sumei, to communicate that I was passing through Yanjing on an errand and that I would take Xiao Yuxuan back for a meal. As a result, Ji Feng was then

counted out and was complained about why he hadn't said hello in advance and now he didn't even have a gift ready or something .....

Afterwards, Xiao Su Mei hung up the phone, saying that she was going to prepare and get ready, and by the way, she called her father Ji Zhenhua to inform him.

After hanging up the phone, Ji Feng turned his head and said, "Yu Xuan, let's go over there!"

"....." Xiao Yuxuan couldn't help but be a little nervous.

Ji Feng couldn't help but smile, "What's wrong? There's no need to be so nervous, my dad isn't that strict, the most he can do is reprimand me, he definitely won't say anything about you."

Xiao Yuxuan gave him a blank look and snapped, "That's easy for you to say, when I met your second uncle, I was already scared to death, let alone meeting your father? That's a character who often appears on the TV news, and is actually my husband's dad ....."

It's not like you're going to pay a visit to a leader, so why be so nervous!"

"Still dare to say cool words, I'll strangle you to death ....." Xiao Yuxuan was so angry that she strangled Ji Feng's neck and said with open teeth and claws.

"Come and see, murdering your own husband!" Ji Feng laughed loudly.

The two fought for a while, Xiao Yuxuan that nervousness is much better, she clenched her silver teeth: "Sooner or later, we have to see, this time we will fight!"

Ji Feng almost burst out laughing .....

The two of them finally returned to Ji Feng's home in Yanjing at dinner time, and at this time, Ji Zhenhua and his wife, Xiao Sumei, were already waiting at home.

Only, at this time, Ji Zhenhua's face was not very good: "That brat, it's just too ridiculous, how can he be like those fops, he actually found two girlfriends and brought them back to the house ....."

"Knock knock knock!" A knock on the door suddenly sounded.

"It's them coming, right?" Ji Zhenhua was stunned, then his eyebrows immediately stretched out, looking at Xiao Su Mei could not help but secretly smile, this old man, his mouth said more stern than anyone else, but in reality, seeing his son leading his girlfriend back, his heart did not know how happy he was!
