Chapter 671

“Uncle Ji, Auntie Xiao, how are you .....

In the living room, Xiao Yuxuan looked at Ji Zhenhua and Xiao Sumei rather nervously, her pretty face was a little hot.

Even though she had met Xiao Su Mei when she was in Jiangzhou before, and this great grandmother of a luxurious family treated herself quite well, but somehow, once she saw Ji Zhenhua, Xiao Yuxuan’s heart suddenly became nervous.

“Hehehe!”

Xiao Sumei was happy, and hurried over to take Xiao Yuxuan’s hand, “Come, child, come sit over here to auntie.”

Although Ji Zhenhua was a little angry at his son’s absurdity, seeing Xiao Yuxuan so beautiful and so nervous, he couldn’t help but soften his heart a lot and smiled gently, “Sit down.”

Ji Feng hemmed and hawed next to him and was about to sit down against Xiao Yuxuan, but he was glared at by his mother.

“Who told you to sit down? Stand aside!” Xiao Su Mei reprimanded, and she turned her head to Xiao Yuxuan and said, “Child, let’s go to the room and talk, let this brat stand here for punishment!”

Xiao Yuxuan glanced at Ji Feng with a slight restraint, but still followed.

Ji Feng then smiled sarcastically and hurriedly ran to his father’s side, “Dad, so what, me and Yuxuan actually .....

“Humph!” Ji Zhenhua then couldn’t help but hum: “What, what do you want to explain to me?”

Ji Feng then smiled sarcastically and did not say anything.

“You .....

Ji Feng nodded: “Dad, you still don’t know me, how bad can I be?”

“It’s because I know your character that I have to warn you before you mess up. When you really make a big mistake, it will be too late!” Ji Zhenhua glared at him, “As for this girl thing, let’s see how your mother arranges it.”

Ji Feng nodded with a bitter smile, it seemed that his dad could be very displeased with his own behaviour.

In fact, Ji Feng did not know that Ji Zhenhua was worried that what happened to him himself would be repeated in Ji Feng’s case. Back then, because of Li Yueqin’s matter, Xiao Sumei left Yanjing in a fit of

anger, and this was more than ten years ago, which made Ji Zhenhua's heart bitter but unable to say anything.

Ji Zhenhua didn't want to see his son go through his own bitterness once, so he reprimanded Ji Feng severely, just to give him a warning.

As for Xiao Yuxuan, Ji Zhenhua could not be dissatisfied in any way, but he just had a bit of a headache, such a good girl, but she had to follow this brat Ji Feng, and she didn't want a name ..... either. I don't know where this brat got such good luck!

Before the two of them returned, Xiao Sumei had already told Ji Zhenhua about Xiao Yuxuan, so he understood that Xiao Yuxuan did not follow Ji Feng for fame and fortune. But the more this happens, the more Ji Zhenhua feels speechless, if Xiao Yuxuan is really looking for fame and fortune, it would be better to say something, whatever you want, as long as you can give it to you, and in the future you two young people should not see each other again.

But the problem is, Xiao Yuxuan is not such a girl, Ji Zhenhua will not be able to speak.

So, he simply left it all to his wife, and it was easier for them to talk between women anyway.

Perhaps because they knew that Xiao Yuxuan was coming, the family had specially hired a nanny to cook, and only when it was time to eat dinner did Xiao Sumei come out of the room with Xiao Yuxuan.

Xiao Yuxuan's eyes seemed slightly red, and Ji Feng couldn't help but giggle in his heart, did his mother say something to Xiao Yuxuan?

However, when he looked more carefully, Xiao Yuxuan did not show any signs of sadness, instead, there was a hint of joy in her beautiful eyes, Ji Feng then understood, it seemed that Xiao Yuxuan was crying with joy!

When eating dinner, Xiao Sumei's performance confirmed Ji Feng's suspicions, she gave Xiao Yuxuan dishes from time to time, looking at her, as if she was treating her future daughter-in-law. Ji Zhenhua was such a person, how could he not understand his wife's meaning?

Therefore, he also gently asked Xiao Yuxuan a few questions, all about her family's situation, and also about her current job and so on.

Only then did Ji Feng let out a faint sigh of relief, it seemed that this hurdle had been passed and everything was fine!

In fact, although bringing Xiao Yuxuan back made her very nervous, she did not know that Ji Feng was actually more nervous than her, once her father did not agree, this matter would be really troublesome.

Now although her father never mentioned anything about herself and Xiao Yuxuan, Ji Feng put it down completely, because this precisely meant that her father agreed.

The reason for this is that Ji Zhenhua can't show too much ah, with his friendship with Tong Kai De, knowing that his son is in a relationship with his old friend's daughter and has brought another woman back, if he shows too much affection, it's not very good to talk when he sees his old friend .....

So just pretend that you don't know ..... and acquiesce!

Anyway, ah, all this is blamed on that brat, but who let him be his own son, in fact, Ji Zhenhua also some headache.

It seems that no matter whether you are in a high position or at home farming, the education of your children is a headache.

The tacit approval of Ji Zhenhua is in fact exactly what Ji Feng wants, as long as the old man does not oppose it, it is already the greatest support. As for whether he will fail Xiao Yuxuan in the future ..... Ji Feng never thought about this issue, unless Xiao Yuxuan's heart is no longer in his body, otherwise, why should he fail such a woman who has a deep love for him?

Ji Feng said in his heart, "It's not like my conscience has been eaten by dogs!"

Before dinner was finished, Ji Zhenhua received a phone call and had to leave midway.

Xiao Su Mei complained while putting his coat on: "Alas, they say it's good to be a big official, but who knows that you can't even have a peaceful meal when you're a big official? It's also thanks to the aerobics that Little Feng made us practice, otherwise, even a good body can't carry it ....."

When Ji Feng heard this, he immediately lit up: "Mom, the aerobics I taught you guys worked pretty well, right?"

"It's very good!" Xiao Su Mei nodded, "Your father and I insist on practicing for half an hour every day, and sometimes your father will practice when he is tired, it is very effective in relieving fatigue!"

"That's good, since it's effective, just keep practicing, don't interrupt!" Ji Feng admonished.

Of course, he knew very well that this gymnastic exercise was not just for relieving fatigue, and that if he kept practicing it, there would be more benefits in the future, and at his parents' age, they should practice it diligently.

Ji Zhenhua was also very cautious about his son's advice. He knew the miraculous effect of this gymnastic exercise, but he was usually too busy at work to practice it every day for a long time, but it was still necessary to stick to it every day.

After Ji Zhenhua left, Xiao Yuxuan then let out a slight sigh of relief, seeing that she was really nervous in front of Ji Zhenhua.

"Alright, the old man is gone, hurry up and eat!" Ji Feng gave a heated smile.

Xiao Su Mei's pair of eyes glared, "How do you call your father, no big deal, let your father hear it see if he won't smack you!"

Ji Feng laughed: "I know I'm wrong, I'll correct it right away, in fact, my dad is still in his proper age, calling him an old man is also a sign of respect for him!"

"Crooked reasoning!" Xiao Su Mei was exasperated.

Xiao Yuxuan also pursed her lips and laughed lightly next to her, and the atmosphere became much more lively.

After dinner, Ji Feng called Xiao Yuxuan aside and asked with a smile, "Aren't you nervous now? My dad is just a bit imposing, he's not actually strict!"

"You're still saying that!" Xiao Yuxuan couldn't help but give him a blank look, "Uncle sat there, I didn't even dare to speak, where is he a little bit imposing, that's not angry, right? Luckily he agreed ....."

Ji Feng instantly laughed: "You can see that too?"

"Nonsense!" Xiao Yuxuan gave him a white glance without good grace, "I'm not stupid, of course I can see it."

Ji Feng laughed: "To be serious ..... my dad shouldn't come today, you can take my mum to practice aerobics tonight, by the way you can also improve communication, what do you think?"

"That ..... is fine!" Xiao Yuxuan was a little hesitant, in front of Xiao Sumei, she was still more or less restrained.

However, for Xiao Sumei, she still admired her, not to mention anything else, just the fact that under those tough living conditions, she could still raise Ji Feng to be so good, strong, self-reliant and indomitable, was enough to see that Xiao Sumei should also be such a person to admire.

"Ding ....."

While talking, Ji Feng's mobile phone suddenly rang, he took it out and saw that it was Zhang Lei calling.

Ji Feng gestured with Xiao Yuxuan, then walked to the side and picked up the phone, "Lei Zi, calling at this time, something wrong?"

"Come out for a drink, how meaningless is it to stay at home all the time?" Zhang Lei laughed.

Ji Feng saw that it was still early, so he could go out and sit down, so he smiled, "Sure, where to go?"

"Forget it, I guess you don't know even if I tell you, I'll go pick you up first!" Zhang Lei said.

"That's fine!" Ji Feng nodded his head.

When he hung up the phone, Xiao Sumei frowned and asked, "Going out again? It's not easy to come back, why don't you stay at home and wander around?"

Ji Feng laughed: "Just going out for a sit, I'll be back soon!"

"Don't get drunk, you hear?" Xiao Su Mei reprimanded, "If you dare to come back drunk again, see if I don't smack you!"

"Ding ....." Before Ji Feng could reply, his mobile phone rang again and he casually picked up the phone, "This is Ji Feng, who is it?"

"This is He Hongwei, young Ji, I heard that you were in North China and slapped Wu Lao Er in the face?" He Hongwei's voice came over the phone and seemed to be forcing a laugh.

"I ..... shit!"

Ji Feng was instantly taken aback, "How did you know?"

## Chapter 672

Ji Feng was really shocked, how long had it only been? He came to Yanjing by train from Huahe County and had been eating dinner until now, adding up to almost six or seven hours, and He Hongwei already knew what had happened in Huahe County!

This guy's information was too well-informed, right?

"Haha ....." He Hongwei laughed out loud, "In this circle, no one may care about other things, but this kind of thing, like who got hit in the face by whom, who got together with whom, this kind of news spreads faster than anything else. What's more, Ji Shao Hong has already reported the situation in Huahe County, you said I could not know?!"

Ji Feng was surprised and asked, "Then how did you know that I had something to do with this matter?"

Even if Ji Shaohong had reported it, he certainly wouldn't have reported his name, so how did this He Hongwei know about it?

"Hey! I had to be concerned about the involvement of Wu Lao Er, so I made a phone call to Ji Shao Hong, but I didn't expect you to be a part of it!" He Hongwei laughed: "Unfortunately, I didn't see that scene at that time, it's really a pity ....."

Ji Feng, however, was moved in his heart and asked with a smile, "What, do you have a problem with Wu Zhihe?"

"He's also worthy?" He Hongwei snorted, "Rather, it was Wu Zhiyong, who was too arrogant back then and had a bit of trouble with me."

It then dawned on Ji Feng that He Hongwei had a problem with Wu Zhiyong.

He couldn't help but mull it over, it seemed ..... that this should be good news, if he could unite with He Hongwei and come together against the Rongpeng Group, his grasp would be much greater!

"I heard Shao Hong say you came to Yanjing? How about coming out and sitting down?" He Hongwei smiled.

"Sure!" Ji Feng laughed, "How about this, I'll bring a friend along, you name the place!"

"That's fine, it's at the Wanli Club, I'll ask someone to pick you up when you come!" He Hongwei laughed.

Ji Feng couldn't help but laugh: "Wanli Club? Young Master He, I can get in too?"

"Scolding me, are you?" He Hongwei laughed, "It's settled."

When he hung up the phone, Ji Feng couldn't help but smile slightly, he was really thinking about what to do with the Rongpeng Group, but now He Hongwei had actually taken the initiative to come to his door, which was an unexpected pleasure.

After greeting his mother and Xiao Yuxuan, Ji Feng picked up his jacket and went out.

Zhang Lei had come by taxi, and Ji Feng couldn't help but ask with a smile, "Why didn't you drive?"

“Since I’m coming out to drink, what’s the point of driving a car!” Zhang Lei laughed.

Ji Feng nodded, “Let’s change places today and go to Wanli Club, He Hongwei wants to buy us a drink!”

“He Hongwei?” Zhang Lei was stunned, “The youngest of the He family?”

“That’s right, it’s him. Just now he called out of the blue, so we’ll just sit together.” Ji Feng smiled and said to the taxi driver, “Master, go to Wanli Club.”

“Hey, okay!”

That driver master readily agreed, at the foot of the Son of Heaven, should be the most concerned about these current affairs, even a street peddler, talking about national events, even which leader is what opinion, what speech has been made in what meeting, can talk about it with a nose.

That’s why many Yanjing people, too, are known as kanji!

This taxi driver was obviously also a person who cared about current affairs, and as soon as he heard Ji Feng and Zhang Lei talk about the Wanli Club, he immediately knew that these two young people were probably the sons of the world somewhere, and, those who could live in this community were also rich or noble, so he immediately got excited.

When he returned, he would have news to tell his friends!

It was not the first time that Ji Feng had come to the Wanli Club, only that last time he had accompanied his second brother, Ji Shaolei, to grab his ‘daughter-in-law’.

At that time, He Hongwei’s younger brother, He Hongqiang, was also interested in Xiang Yurou, so Ji Feng accompanied Ji Shaolei to come.

And, in this Wanli Club, he gave Qiao Gakai a lesson!

Strictly speaking, the last time he came to the Wanli Club, Ji Feng and He Hongwei were not exactly having a good time with each other, and he even had a little friction with his brother.

But it had only been a year, and he and He Hongwei had actually become friends, and between Ji Shaolei and Xiang Yurou, they had already reached the point of talking about marriage, so this world was really true to its name.

However, this is also what Ji Feng would like to see.

Very often, there would be some confrontation, or even competition, between equally good people, but if the two joined forces, the power would be frighteningly great.

Ji Feng didn’t consider himself to be a man of the game, but, with the aid of his intelligent brain, he knew he had an advantage over the vast majority of people. He Hongwei, on the other hand, was likewise quite a capable person, and a partnership between the two would complement each other.

However, it is not always possible for rivals to become friends with each other.

When Ji Feng and the two of them arrived at the entrance of the Wanli Club, someone hurriedly approached them, “Excuse me, is this Mr. Ji?”

"It's me!" Ji Feng nodded his head.

"Please follow me!" The man immediately said.

Under his leadership, Ji Feng and Zhang Lei followed behind and walked towards the inside with big steps.

"This is the first time I've been to this Wanli Club, and now it seems to be no more than that." Zhang Lei looked around and couldn't help but say.

"It's just a clubhouse, it's not a golden palace, how rare can it be?" Ji Feng laughed.

"Having said that, I don't know how many people have chipped their heads to get in." Zhang Lei said, "The reputation of the Wanli Club in Yanjing's gentry circle is definitely one of the best."

"You know about this too?" Ji Feng asked with a smile.

"I've heard people talk about it." He lowered his voice and said, "It is said that the owner behind this Wanli Club is that ....."

He whispered a name.

Ji Feng nodded: "That's right, I heard it was him too, but it doesn't matter, we're here to spend money, we can't relate to him, besides our age levels are different, just nod and say hello when we meet!"

Zhang Lei couldn't help but laugh: "Only you dare to talk like that, if it were other gentry, they would have gone up to offer their flattery!"

Ji Feng couldn't help but nod thoughtfully and said, "Be worried about this, hurry up and go over!"

.....

"Ji Feng, you kid is awesome!" Ji Feng two people came to a box, He Hongwei is sitting inside sparring, just met, He Hongwei can't help but give a thumbs up.

"What does that say?" Ji Feng asked with a smile, "By the way, let me introduce to you, my brother, Zhang Lei ..... the big young man of the He family, He Hongwei."

"What big young man, you kid will shabby me!" He Hongwei laughed, "Since we're all brothers, there's no need to be formal, come on, sit down and drink together, I brought a bottle of good wine here today, to celebrate your merits!"

"Celebrate?" Ji Feng was stunned, then he laughed, "Just because I made Wu Zhihe look bad? It's not worth such a big celebration, is it?"

He Hongwei laughed, "A mere Wu Lao Er, of course it's not worth celebrating, where would he be a match for you! I want to have a good drink with you because of what happened some time ago!"

Seeing Ji Feng's puzzled look, He Hongwei lowered his voice and laughed, "A nice tactic to just shake off the Wu family, isn't that worth celebrating?"

Only then did it dawn on Ji Feng, it turned out that He Hongwei was gloating because the Wu family boss had been sniped and suffered heavy losses!

He couldn't help but lose his smile, "Young master He, you have such a deep beef with the Wu family?"

Usually there are losses and wins in fights, with He Hongwei's cultivation and heart, he shouldn't have been so overjoyed originally, but he was so happy now, making Ji Feng very strange.

"Wu Zhiyong owes me a life!" He Hongwei said indifferently.

Ji Feng and Zhang Lei were both taken aback at the same time, a life?

"Forget it, let's not talk about it." He Hongwei waved his hand and smiled, "Today we're only talking about happy things, as for cleaning up the Wu family, this is just the beginning, there will be plenty of opportunities later!"

Ji Feng had some doubts in his heart, it seems that the grudge between He Hongwei and Wu Zhiyong is very deep!

"Ji Feng, there are some things I need to tell you first." He Hongwei said, "I know more or less about the matter between you and the Wu family, but unfortunately, I may not be able to help you. Although I'm in charge of the Tianyao Group, I'm not in a good position to do anything right now because of my family's reasons, so ....."

Ji Feng then understood that what He Hongwei meant was that the He family did not intend to confront the Wu family, so it was in the interests of the He family for He Hongwei to obey the family's decision. For this reason, he had even put aside his personal hatred.

It was not difficult to explain why He Hongwei was so happy to hear that the Wu family had suffered a big loss.

Just imagine, the feeling of a person knowing who their enemy was, but not being able to take revenge and holding it in their heart, would definitely not be too pleasant.

"However, although I can't help you directly, there are still things that I can do within my power!" He Hongwei laughed, "Since you've already gone up against Wu Zhihe, I guess you know about the Rongpeng Group, right?"

Ji Feng nodded, "Understand some of it."

"To fight against the Rongpeng Group, your funds may not be too generous, in this regard, I have made some preparations!" He Hongwei stretched out a hand and spread his fingers: "I've prepared five billion, it's considered a loan to you, or a stake in your Tengfei Group, both are fine, if it's not enough, you can also take a loan from the bank, as long as you ask, I'll find a way to get it!"

Ji Feng and Zhang Lei were both shocked, He Hongwei was so bold!

You know, this Tian Yao Group is not his alone, strictly speaking, it should be considered a state-owned enterprise, or at least a large state-controlled group. This kind of group is not something that can be decided by any one person. Even if He Hongwei was a strong man, he was doing his best to give out five billion dollars!

How great the hatred between him and Wu Zhiyong had to be to make He Hongwei, who had always been wise and gentle, make such a crazy move?

“Hongwei, don’t act recklessly, if this is not done properly, a big mess will happen!” Ji Feng said in a deep voice.

Chapter 973

“Hong Wei, don’t mess up, if you mess this up, there will be a big mess!” Ji Feng said in a deep voice.

If just for revenge, and make He Hongwei fall into the mouth of the truth, when the time comes, it may be exploited, then the consequences are difficult to predict.

Many times, you can’t just take a chance, instead you have to be careful, as the saying goes, there is no big mistake in being careful!

What’s more, once something happens on He Hongwei’s side, it will have a great impact on the Tengfei Pharmaceutical Factory, so now it can be said that Ji Feng and He Hongwei have, to a certain extent, maintained a common progress and retreat!

Therefore, once Ji Feng heard that He Hongwei had actually taken out five billion at once, he was immediately taken aback, He Hongwei was obviously going to fight for his life, and he said something about helping himself from the side?

He Hongwei naturally understood what Ji Feng was worried about, he laughed, “Don’t worry, I didn’t transfer this money from the company, but borrowed it through my personal connections, and part of it I raised from friends, it definitely has nothing to do with the Tianyao Group.”

Ji Feng couldn’t help but be staggered, He Hongwei’s energy was really not small, this five billion, actually all borrowed through personal connections?

This is not half a million, it’s five billion!

“Don’t worry, I said, this five billion is considered a loan to you, no interest, but there is one thing, it must crush the Rong Peng Group as much as possible!” He Hongwei said, “As long as we can crush the Rongpeng Group, the Wu family will definitely be greatly wounded, then they will become a toothless tiger, no matter how much they jump around, they will not be able to rise up!”

“Hong Wei, do you hate the Wu family that much?” Ji Feng asked with a frown.

He knew very well that even with He Hongwei’s status, I’m afraid he would have to pay a considerable price to borrow five billion, but for him to lend this five billion to himself and not even want the interest, it was enough to show how deep his hatred for the Wu family was!

“What I hate is not the Wu family, but Wu Zhiyong!” He Hongwei said, “As for what will happen to the Wu family, that’s not something I should worry about!”

Ji Feng was silent, he didn’t agree immediately because once he agreed to take over the five billion, the problems he would have to face in the future would not be small, it was almost like going to war with the Wu family on all fronts.

In fact, with the huge strength of the Rongpeng Group, the five billion could only serve as a relief at most, but if he wanted to completely crush the Rongpeng Group, this power was not enough. Moreover, there is only a small collision with the Rongpeng Group now, but once this money is used, there is no

doubt that the Rongpeng Group will definitely give its all to deal with the Tengfei Group when the time comes.

This is not in line with Ji Feng's plan, he will not let a full-scale collision come too suddenly .....

After a moment of careful deliberation, Ji Feng said, "Hongwei, I think this way, this five billion of yours, I will not take over for the time being, when I need it, I will definitely ask you, but before that, to get the preparations in place, what do you think?"

He Hongwei nodded and said, "Of course it's no problem, I've already said that this money is for you, as long as you want it, you can ask for it anytime!"

Of course he understood what Ji Feng meant, what was the preparation work, it was to make the layout before that, and only when the big showdown with Rong Peng Group came, would he use this money. This also meant that the five billion that He Hongwei had prepared should be prepared as a backup fund.

"Actually, what I need most now is the channel." Ji Feng said, "The Tengfei Group's roots are too shallow, and it has a shaky foothold and a single industry, so once it is hit, I am afraid it will be fatal."

"This is a good idea, in fact we can adopt a multi-level cooperation." He Hongwei smiled, "I know a lot of people in the business world, if you need, I can introduce you to them!"

"That would be best!" Ji Feng laughed.

"Anyway, no matter what, I only have one goal, to take out the Rongpeng Group!" He Hongwei said firmly with a wave of his hand.

Ji Feng then smiled, "In the short term, our goals are the same!"

The two looked at each other and laughed at the same time.

After talking about business, the atmosphere was much more lively. A tacit understanding had been reached between Ji Feng and He Hongwei, so many words did not need to be said so clearly, because everyone was an understanding person and would definitely cooperate when it was time to cooperate.

The next step was naturally to drink. He Hongwei was also a person who would enjoy himself, and when it came to wine, he was really headstrong, so that both Ji Feng and Zhang Lei could only listen.

However, He Hongwei is not the kind of person who can't stop talking, he is very good at taking care of everyone's emotions, so when he talks, he can talk about anything, and the atmosphere is very active.

But Ji Feng's heart has always been puzzled, what kind of deep hatred is there between He Hongwei and Wu Zhiyong that could make the always-steady He Hongwei so crazy?

Now it seemed that the conflict was not small, but Ji Feng was not too familiar with things in this circle, so he knew nothing about it.

After drinking, Ji Feng didn't want to stay much longer, after all, when he was at home his mother repeatedly instructed him not to go back drunk, Ji Feng naturally wouldn't get drunk, but he couldn't go back too late either.

A few people were joking and ready to leave when He Hongwei casually asked, "Ji Feng, if you have any new products in the future, you can come to me directly, no matter the way of cooperation or the price, we brothers are all good at negotiating!"

Ji Feng nodded with a smile and said, "That's certainly no problem, you're a big moneymaker, the growth of the Tengfei Group, I still have to fall on you ....."

He Hongwei then laughed: "Yes, it's incumbent on me!"

The fact that Ji Feng had saved his life, this kind of affection, but it is not good to return ah, so He Hongwei has always wanted to find the opportunity to return this affection, so that he and Ji Feng can be equal to each other, and do not have to consider the issue of affection in every way.

"Crazy!"

Zhang Lei, who had rarely spoken, suddenly whispered, "Look at the hall in front, the seat against the wall!"

Ji Feng and He Hongwei were stunned at the same time and immediately followed Zhang Lei's gaze and looked over, only to see that in the lobby on the ground floor of the Wanli Club, there was a woman sitting on a seat against the wall.

At this moment, this woman was alone and was drinking a glass of wine, looking as if she was a little troubled.

"Why is she here? And alone too!"

Ji Feng couldn't help but say in amazement, "It looks as if she is very troubled ....."

No wonder Ji Feng wasn't surprised, because this woman was no other than the Rong Peng Group's ceo, Rong Suyan, whom he had met only in Huahe County before!

"It's Rong Suyan?" He Hongwei looked at Rong Suyan with interest and laughed in a low voice, "Looks like she's in a lot of distress, Ji Feng, why don't we go over there?"

Ji Feng lost his smile, "What's the point of going over there? It's not like we have any friendship!"

"Friendships are built, with your style, it's not hard to build a friendship with Rong Suyan!" He Hongwei laughed.

Ji Feng couldn't help but laugh dumbly, how come He Hongwei's attitude was so similar to Ji Shao Hong's?

"Forget it, can't you see that she looks distressed now, let's not go over there and ask for trouble." Ji Feng shook his head and laughed.

"What's wrong with that? It's when you're distressed that you need someone to comfort you!" He Hongwei laughed, "Come on, let's go over and get to know each other!"

As he spoke, he had already taken a step and walked over.

Ji Feng could only shake his head and smile bitterly, "Lei Zi, let's go over there too."

When the three of them arrived in front of Rong Suyan's seat, He Hongwei laughed, "Mr. Rong? What a coincidence!"

Rong Suyan looked up sharply and saw Ji Feng standing in front of her, she couldn't help but be a little stunned, "Why are you guys here?"

"I came to relax, but Chief Rong, it's not very nice for you to be drinking here alone, is it?" He Hongwei laughed, "By the way, I haven't introduced you yet, this is Ji Feng, Ji Shao ....."

"No need for an introduction, it's not the first time I've dealt with Mr. Ji!" Rong Suyan, despite having been slightly dizzy from drinking, her sociable instincts were still there, she smiled politely, "Three, please sit down, today's consumption is on me, what would you like to drink?"

"Where's the word!" He Hongwei laughed, "There is no such thing as letting a woman treat you, Ji Feng, don't you think so?"

Ji Feng smiled noncommittally, and with a slight movement in his heart, he couldn't help but ask, "Mr. Rong, why are you alone, where is Young Wu?"

Rong Suyan smiled, "Ji Shao, do you want to see Zhihe so badly?"

"A little concern, it's also basic courtesy!" Ji Feng smiled faintly, "After all, there's nothing to talk about, there's always something to talk about!"

Rong Suyan instantly laughed lightly, "Young Ji, you're the most open person I've ever met."

"No way, who dares not to be frank in front of a predator like you?" Ji Feng laughed, "By the way, there is a question that I would like to talk to Mr. Rong about, it's more or less presumptuous, so please don't take offence!"

"What?" Rong Suyan was stunned.

Ji Feng deliberated for a moment before saying, "Mr. Rong, frankly speaking, I think you are a rare talent and a smart person at the same time. As you know, the recent actions of the Wu family are a bit too much, and your Rong Peng Group, in fact, is the vanguard, and to put it bluntly, it is also considered cannon fodder ....."

Rong Suyan's eyebrows knitted slightly as she interrupted him, "Young Ji, just say what you want to say directly and plainly."

"Well then, since Mr. Rong is so forthcoming, I'll just state it directly." Ji Feng nodded, although he was interrupted, he didn't think he was disobedient in the slightest, "My meaning is simple, that is, I hope that Mr. Rong can think about the future and not rashly meddle in some fights, there are some costs that the Rong Peng Group can't afford!"

In Ji Feng's opinion, this person Rong Suyan was indeed a talent, this was genuine. Not to mention wooing her over, if he could keep her out of the fight between the Ji Family and the Wu Family, Ji Feng would be relieved of a lot of pressure.

In fact, what Ji Feng said was not without merit.

The economic strength of the Rongpeng Group was indeed very strong, but if the fight really escalated, when the time came, the Ji Department would at most lose a few of its generals, but the Ji Department's retaliation was definitely not that good to bear, not to mention the Rongpeng Group, even the Wu Family would have to pay a huge price!

So frankly speaking, Ji Feng doesn't want to see such a talent lost in such a battle of wills, that would be a huge loss to the business community!

Chapter 974

So frankly speaking, Ji Feng doesn't want to see such a talented person fractured in such a spirited fight, that would be a huge loss to the business community!

Of course, it would naturally be better if Rong Suyan could be wooed over.

In fact, ever since he had decided to take on the Rong Peng Group, Ji Feng had studied the Rong Peng Group's information in detail, which also included Rong Suyan's information.

The woman's education was not very high, that is, a bachelor's degree, but she usually studied some business knowledge on her own, but the details were not very clear to Ji Feng.

However, just from the information shown on the profile, it could be seen that Rong Suyan was definitely a person of absolute ability, with an excellent mind and extraordinary talent.

But Ji Feng also knows that this is only his own extravagant hope, Rong Suyan should not come to the Tengfei Group. Therefore, Ji Feng only took what Ji Shaohong and He Hongwei said to him as a joke and did not take it to heart.

As soon as Ji Feng finished his words, Rong Suyan could not help but be slightly stunned. In fact, not only Rong Suyan, even He Hongwei frowned a little, they both did not expect that Ji Feng actually so directly put the conflict between the two sides on the table, so that people do not even have any room to maneuver, just so straightforwardly persuade Rong Suyan .....

"This guy ....." He Hongwei couldn't help but secretly shake his head and lose his smile, saying that he was straightforward, he was really so direct.

However, if you take a step back and think about it, this directness of Ji Feng is not a bad way to go. The question was put on the table so directly, it was like giving Rong Suyan an ultimatum, let's not beat around the bush, now the question is here, either you continue to confront me to the end, or you quit, but no matter what, you have to give me a definite answer!

"Didn't you ask me to say it plainly? Then I'll say it explicitly!"

This is what Ji Feng meant, forcing Rong Suyan into a corner, not giving her any room for manoeuvre, yes means yes, no means no.

At first glance, this question from Ji Feng might not be in line with his previous plan.

The reason is that before this, Ji Feng was planning to divide the relationship between Rong Suyan and Wu Zhihe, and of course, the role of Zheng Yuxiu was not missing in the middle of this.

But now, by asking this, he had instantly cornered Rong Suyan and forced her to face the issue head-on, which would likely end up strengthening her resolve to confront herself.

But in reality, Ji Feng did not think so, he believed that Rong Suyan was a smart person. So no matter what, Rong Suyan should not directly and forcefully say that she wanted to confront Ji Feng or even the Ji Department, which was not something she could afford as a businessman, nor was it something that a smart person like her should say.

As expected, Rong Suyan, after being slightly stunned, couldn't help but smile: "Ji Shao, you are too much of an exaltation, as you said, Rong Peng Group is only a business, all the development and planning is according to the pre-determined plan, if there is any unintentional offense, please understand Ji Shao!"

Ji Feng laughed: "Chief Rong, you're playing sloppy with me, give a painful answer, do you intend to intervene or are you ready to quit?"

Rong Suyan shook her head lightly and said, "Young Ji, I'm sorry, I can't answer this question. Frankly speaking, the development of the Rong Peng Group is not up to me alone!"

Next to him, He Hongwei could not help but secretly nod his head, Rong Suyan's words were already considered very sincere. This was the same as her telling Ji Feng clearly what direction Rong Peng Group would go in the future, and whether she would interfere in the fight between the Wu and Ji families, she did not count, because she also had to listen to the Wu family's orders.

"Actually, I understand General Rong's difficulties."

Ji Feng nodded with a smile and said, "What I want to know is, if it were up to you personally, how would you choose?"

"Doing business!" Rong Suyan laughed: "Strengthening cooperation with each other and developing together is the best way out for a group, struggle will always only lead to internal depletion, and even to mutual destruction.

Ji Feng then smiled: "In fact, I also mean the same thing, so if possible, please also ask Mr. Rong to persuade young Wu, we should make peace for the sake of the precious!"

"I will definitely convey it!" Rong Suyan nodded her head.

But in reality, her heart was a pang of melancholy, could she convey these words herself?

Just last night, Wu Zhihe was still angry with herself, thinking that there was something between her and Ji Feng, if she were to convey some words for Ji Feng, God knows if Wu Zhihe would immediately become furious!

However, I don't know what was going on, but in front of Ji Feng, Rong Suyan was not willing to reveal her weakness, so she agreed to do so readily.

As for whether or not to convey it, it would also depend on the timing .....

"Since that's the case, then thanks a lot, Mr. Rong." Ji Feng smiled, "If possible, I wonder if Mr. Rong has ever thought of cooperating with the Tengfei Group?"

“This ..... I can’t be sure, it depends on the future development!” Rong Suyan smiled slightly awkwardly, in front of Ji Feng, she always had a feeling of being tied up, really because all of Ji Feng’s questions were so sharp that she almost didn’t know how to answer.

The reason is because Ji Feng’s questions are so sharp that she almost doesn’t know how to answer them. You know, in the past, when Rong Suyan met those people, even the sons of those families, when they spoke, they showed their connotation as much as possible, they were gentle and elegant, sometimes even if both sides were in a hostile relationship, they would still talk and laugh when they met, as if they had never been in conflict and were good friends who hadn’t seen each other for years.

There are almost no people who speak straightforwardly like Ji Feng. However, Ji Feng’s questions were so sharp and wise that every question had to be thought through carefully before answering, otherwise it would be easy to put yourself in a very awkward position.

For Ji Feng’s keen thinking, Rong Suyan understood a few more points.

“Since that’s the case, then I’ll look forward to good news from Mr. Rong.” Ji Feng smiled: “Mr. Rong should be waiting for a friend, right? I won’t bother you!”

“Yes!” Rong Suyan nodded her head and smiled.

Ji Feng then stood up and prepared to leave, however, as soon as he turned around, he was slightly stunned.

Only to see that in the corridor at the entrance of the club, there were three people looking straight over towards this side, and one of them, with an extremely gloomy look on his face and an angry glint in his eyes, was Wu Zhihe!

Beside him, there was a man and a woman, the man Ji Feng did not know, however, the woman was very familiar, it was Zheng Yuxiu.

“Ha!”

As soon as He Hongwei saw Wu Zhihe and the others standing at the door, he let out a heated low laugh, “What a coincidence!”

Ji Feng, however, smiled lightly, “Let’s go!”

On the opposite side, Wu Zhihe and the others had already walked over in big strides, especially Wu Zhihe, whose face was so gloomy that it almost dripped water, and a thick anger could already be seen in his gaze, as if he might be about to explode at any moment, which could be seen from his increasingly hurried pace and breathing.

Ji Feng, however, had a calm face, and together with He Hongwei and Zhang Lei, they walked outside.

Rong Suyan, who was following the seat in the back corner, also saw Wu Zhihe and the three of them, remembering Wu Zhihe’s misunderstanding of herself earlier, and then looking at the scene in front of her, she suddenly thumped in her heart.

“I’m afraid ..... this time Wu Zhihe can no longer be considered a misunderstanding, he will be convinced of his guesses!” As soon as Rong Suyan saw Wu Zhihe, she knew it was bad, Wu Zhihe had already

misunderstood before, and even got so angry over that little misunderstanding. And this time, he had seen Ji Feng talking to himself with his own eyes!

And the worst thing was that he was so far away and couldn't hear what he and Ji Feng were actually talking about, all these factors together were enough to make Wu Zhihe lose his mind and be convinced of his guesses!

Ji Feng, on the other hand, was oblivious to Wu Zhihe's anger and walked out with a calm face.

"Stop!" Zheng Yuxiu shouted and stopped in front of Ji Feng: "Ji Feng, what did you just talk to my cousin about?"

Ji Feng didn't even look at her and directly walked around her, this woman, really didn't interest Ji Feng, he didn't even owe her half a good feeling.

Zheng Yuxiu suddenly turned blue and became furious with shame and anger and said in a cold voice, "Ji Feng, Rong Suyan is my cousin, a friend of Zhi He, I hope you will respect yourself and not do something that will make everyone's face look bad!"

Ji Feng snorted in his heart, this Zheng Yuxiu really didn't miss the slightest opportunity to divide Rong Suyan and Wu Zhihe ah, it seems that the hope to divide Rong Suyan and Wu Zhihe still lies with this Zheng Yuxiu!

The Rong Suyan in the seat heard Zheng Yuxiu's words, her face became extremely ugly, her eyes flashed with anger, her silver teeth clenched, almost being furious.

In public, Zheng Yuxiu deliberately spoke to Ji Feng in such a loud voice, appearing to be accusing Ji Feng, but in reality, she undoubtedly wanted everyone to know that there was something between Rong Suyan and Ji Feng, to make Wu Zhihe disgust Rong Suyan, to make both Rong Suyan and Ji Feng lose face!

The most disgraced is undoubtedly her, Rong Suyan.

Imagine what others would think after hearing these words from Zheng Yuxiu?

Ji Feng had confronted the second youngest of the Wu family, and even, had robbed the second youngest of the Wu family of his lover, in other words, while this Wu Lao Er was disgraced, she, Rong Suyan, would certainly also have a reputation of being a watery woman ..... simply with malicious intentions!

The first thing she did was to go up and explain to Wu Zhihe, but before she could get there, she saw Wu Zhihe stop Ji Feng with a gloomy face.

Once she let Wu Zhihe get into a fight with Ji Feng, the matter would really be irreparable. Rong Suyan was anxious, but she was too far away and she couldn't get to him at once, so she could only call out.

"Zhihe, don't be impulsive!"

Chapter 975

However, Rong Suyan did not know that it was fine if she did not scream, but this scream instantly made the anger in Wu Zhihe's heart completely explode.

Swish!

Wu Zhihe's gaze stared straight at Rong Suyan in the distance and his voice was frighteningly cold: "Rong Suyan! How dare you still protect him even now? Ha! Good, how nice ....."

"Zhihe!" Rong Suyan said anxiously at once, "Don't misunderstand, I ....."

She was about to come over in a panic, but perhaps because she had gotten up too quickly, plus she had also drunk a lot of wine before, she suddenly felt dizzy, her legs went weak and she sat down again at once. In the eyes of Wu Zhihe, this was a sign of Rong Suyan's weakness of heart, not daring to come over.

"What, not even an explanation?" Wu Zhihe coldly stared at Rong Suyan, and then looked at Ji Feng, his face gradually fierce, no longer had the gentle and elegant before, not to mention any plump and handsome.

Being questioned by Wu Zhihe in such a way, the sadness in Rong Suyan's heart could be imagined, but she couldn't get up for a while, and her heart felt even harder.

Zheng Yuxiu screamed from the side, "Ji, don't be too arrogant, I can't imagine that you are so outwardly dignified, but in private you actually do such things, taking someone's wife and daughter is like killing their parents, haven't you heard this saying?"

But he ignored her, simply ignored her directly, and looked at Wu Zhihe instead, "What, is there something wrong with stopping me?"

Wu Zhihe stared coldly at Ji Feng, his chest bullying violently, obviously holding back his anger.

"Ji Feng, don't think that others can't do anything to you, if you piss me off, I'll do anything!" Wu Zhihe gritted his teeth and said coldly.

"So what, what does that have to do with me?" Ji Feng snorted, "You want to threaten me with such a few words? That's too ridiculous!"

"Besides ....."

Ji Feng glanced at him and snorted, "You don't think I really have anything to do with Rong Suyan, do you? I advise you to have a cooler head, don't listen to those petty people say a few random words and you take them seriously, if I wanted to date Rong Suyan, would I still choose to be here? Which bar or club can I not go to? Use your head!"

Ji Feng said this sincerely and in a completely normal exchange, without the slightest intention of hiding anything from Wu Zhihe.

In fact, although both Ji Shaohong and He Hongwei had advised him to start with Rong Suyan and use his feelings as a means to take Rong Suyan in so that he could use it to strike at Wu Zhihe, or even the Wu family.

It must be said that such a tactic would indeed be very effective if successful.

But the problem now was that Ji Feng did not want to use such a tactic. Indeed, he wanted to divide Rong Suyan's relationship with Wu Zhihe, but Ji Feng felt that using an emotional offensive would actually be equally harmful to himself and unfair to Xiao Yuxuan and the girls.

From the shopping mall to use all kinds of means, that is all right, but only can not use other people's feelings, this will make Ji Feng feel uncomfortable.

This is why Ji Feng explained to Wu Zhihe, of course, this is also to set himself straight, he Ji Feng is not a person who likes to pry people into a corner.

However, Ji Feng did not expect that some people would think differently from him, and this was the case with Wu Zhihe.

Ji Feng's explanation, in Wu Zhihe's ears, was a kind of smug sarcasm and a cover-up. In fact, the more Ji Feng tried to explain, the stronger the suspicion in Wu Zhihe's heart became.

What's more, Ji Feng's words even sounded a bit like a lesson, so how could Wu Zhihe hold back at this moment?

"Ji Feng!" Wu Zhihe roared, "I am at odds with you!"

Before the words left his mouth, he slammed his fist fiercely over, "Fuck, go to hell!"

Swish!

At the same time, he grabbed Wu Zhihe's fist, and the iron-clamp-like hand grabbed Wu Zhihe's fist with a burst of pain that came from his fist, and he couldn't help but muffle a sound.

"You can disbelieve what I say." Ji Feng's face also sank, "I can also ignore it if you fight with me. But, you just scolded me, you have to pay the price!"

"Bastard!" Wu Zhihe was furious and said coldly, "You don't have to come with me, others are afraid of you, but I, Wu Zhihe, am not afraid of you, even if your father came, I would still curse, what can you do to me?"

Swish!

A cold light flashed in Ji Feng's eyes as he sneered, "Since that's the case, then you can go to hell!"

"Young Ji!"

A shriek suddenly came from the back as Rong Suyan ran over in a panic, "Young Ji, don't do anything! Can you give me face and just let today's matter go?"

Ji Feng coldly glanced at Wu Zhihe and said, "Remember, those who insult others will be insulted! Humph!"

He fiercely threw his hand, flinging Wu Zhihe to the side, before striding away.

If he beat up Wu Zhihe here, the impact would be very bad, and I'm afraid that the next day, the whole Yanjing would spread the rumor that the two gentry were jealous of each other and fought at the Wanli Club ..... Wu Zhihe didn't want his reputation, but he, Ji Feng, still wanted it!

What's more, he had wanted to fight for Rong Suyan, and now that she has asked for mercy, Ji Feng will also stop. However, he would not let Wu Zhihe off so easily, just because of his reckless cursing, Ji Feng would not fail to give him a lesson.

The first thing you need to do is to get a good idea of what you're doing.

"Oh ....." He Hongwei laughed faintly, shook his head slightly, and left in stride with Zhang Lei next to Ji Feng. Although his laugh was not loud, it was still ear-splitting as everyone looked this way.

Wu Zhihe's face became a bit more gloomy, the veins on his forehead jumped a few times, touching his fist that was raw and painful from Ji Feng's squeeze, he knew that he was definitely not a match for Ji Feng, his strength alone was too different from Ji Feng, he still had this self-awareness.

However, when he remembered that he was actually saved by Rong Suyan's plea, the anger in Wu Zhihe's heart couldn't help but rise up again.

Why should Ji Feng give face to Rong Suyan? Were her words that good? And to say that there was nothing between the two of them!

"Zhi He, are you alright?" Rong Suyan concernedly came over and helped Wu Zhihe, "Actually, between Ji Feng and me, there's really nothing, it's just that I was drinking here and happened to run into ....."

"Get lost!"

Before she could finish her words, she was suddenly pushed away by Wu Zhihe and fell to the ground at once.

"Look at your face, the smell of alcohol is puffy, what do you look like!" Wu Zhihe said angrily, "How dare you tell me it's nothing with that look? How come I haven't seen you running out to drink alone before?"

Rong Suyan could not help but feel miserable in her heart, in fact, why did she want to go out drinking alone? It was not because she had a conflict with Wu Zhihe last night, which made her realize that her relationship with him was nothing more than a mistake entangled with interests.

She had nowhere to vent the bitterness in her heart, so this was why she came out to drink, but the problem was that Wu Zhihe would not believe her own explanation, because it was too much of a coincidence in between.

"Zhihe, if I say that it is all just a coincidence, do you believe me?" Rong Suyan asked, forcing back the sadness in her heart.

"Do you really think I'm a fool? Or do you think of yourself as a famous lady?!" Wu Zhihe snorted, "And coincidences? How come so many coincidences happen to you? How come I've never seen anyone else who happens to be drinking with Ji? And they're even talking and laughing!"

Boom!

Rong Suyan's body shook as if she had been struck by lightning, and her whole body froze.

She looked dumbly at the furious Wu Zhihe, and a desperate look flashed across her beautiful eyes, "You, what are you saying I am?"

The term "celebrity woman", to put it nicely, was a famous noblewoman, a beautiful sight on the social scene. But if you say it in a more unpleasant way, the so-called celebrity women are actually some social flowers of a slightly higher level, and their capital for socializing, besides their bodies, is still their bodies .....

So in fact, when Wu Zhihe said this, he was calling Rong Suyan a cheap woman!

Rong Suyan felt as if her heart had been viciously cut, blood dripping, painful, her body was twitching, but she didn't know who she could tell!

Years of affection, and in the end, what she got in return was actually such a sentence!

The moment she said yes to Wu Zhihe's advances, I'm afraid she no longer has the chance to pursue true feelings.

Emotions, which seem to be very common, have become a luxury for Rong Suyan .....

"Zhihe, you also take the heat off, let's go back, the impact here is also not good!" Zheng Yuxiu came to Wu Zhihe's side and said in a low voice, "I'll accompany my cousin back later, you ....."

"Tell her to get lost!" Wu Zhihe said furiously, grabbing Zheng Yuxiu's hand, "Let's go, don't mind her, she can do whatever she likes!"

Watching Wu Zhihe stride away, Rong Suyan did not have the slightest indication, even even her tears had dried up .....

In fact, she had truly begun to despair, because of all Wu Zhihe's actions, which had completely broken her heart, and made her see clearly the past, and the feelings between her and Wu Zhihe!

And at that moment, Ji Feng walked in from the door again, looking at Rong Suyan who was sitting on the floor with a pale and desperate face, he couldn't help but shake his head slightly and hesitated for a moment, but still walked over.

"Chief Rong, if you don't mind, let me help you out?"

## Chapter 976

Ji Feng had already been with He Hongwei and Zhang Lei as a group and was about to leave. But when he was almost at the car park, Ji Feng still decided to go back and take a look.

After all, no matter what, today's incident started because of himself.

It was not because Ji Feng was good at pitying the jade, but he felt that Rong Suyan was indeed a remarkable woman and a talent that he wanted to win over, so it was still necessary to show his concern and follow the development of the situation between Wu Zhihe and Rong Suyan.

Therefore, Ji Feng said hello to Zhang Lei as well as He Hongwei, and planned to go back and take a look.

“This kid, I’m afraid he really has his eyes on Rong Suyan ..... This is a very interesting thing!” Looking at Ji Feng’s back, He Hongwei couldn’t help but laugh, “I heard that this Rong Suyan, is the girlfriend that Wu Lao Er started talking about when he was in college, so many years of affection if they were all pried away by Ji Feng, hehehe .....

Zhang Lei said next to him, “Ji Feng is in a relationship with my sister!”

“.....” He Hongwei almost didn’t choke on his own saliva, he coughed a few times and laughed awkwardly, “That what, it’s not wrong for a man to be flirtatious, those who can do more are better!”

Zhang Lei couldn’t help but shake his head and laugh bitterly, but he couldn’t say anything. In fact, he understood about the feud between Ji Feng and the Wu family.

In fact, Zhang Lei also knew very well that once Rong Suyan’s position changed in a fight like this, it would definitely be a very significant blow to the Wu family. This is because even if they replaced Rong Suyan with another person to take control of the Rong Peng Group, within a short period of time, it would definitely not make a big difference.

Because it would take at least half a year to send a new person to get familiar with such a large group, and then it would take some time to formulate a plan against the Ji system, so there would be at least a year before and after that when the Rongpeng Group would not be able to put in any effort.

If we follow the habit of fighting, I’m afraid that starting with Rong Suyan would be the best choice. So even if Ji Feng really took Rong Suyan, Zhang Lei would not say anything, at most he would have to repeatedly admonish him to be good to his sister.

But now it seems that Ji Feng does not intend to do this, but wants to fight for Rong Suyan through other methods, so Zhang Lei will naturally say even less.

.....

At this time, of course, Ji Feng did not know that He Hongwei and Zhang Lei, the two of them, were talking about him. In fact, despite the fact that Rong Suyan is charming and attractive, but Ji Feng did not want to take her or something like that.

A woman is not a cargo, there is nothing to take or not to take.

Prying the woman of the Wu family’s second son might be quite dignified to say the least, but in reality, it would be a good thing for the word to get out, especially since Ji Feng was still the junior tz of the Ji family, so it would be more important to be careful about doing such a thing.

“Is there no woman in this world? Having to go and hook up with other people’s women!”

Once Ji Feng really did this, there would definitely be this kind of discussion.

What’s more, Ji Feng wouldn’t play such a tactic just because of the struggle, if the feelings arrived, then everything would be in order, but if it was just for the struggle, Ji Feng wouldn’t even think about it.

When he came to Rong Suyan, Ji Feng squatted down and said, “Mr. Rong, if this is what happened to you today because of me, I’m sorry ..... frankly speaking, such an outcome was not my intention.”

Rong Suyan only smiled bitterly and did not reply, that smile, again, was very ugly.

Many people around were whispering and seemed to be watching. Ji Feng could not help but frown slightly, hesitated for a moment, but still stretched out his hand and helped Rong Suyan up.

“Chief Rong, why don’t we leave here first?” Ji Feng asked.

Rong Suyan nodded slightly, barely stood up straight and said, “Thank you .....”

Ji Feng laughed bitterly, “It’s enough that you don’t blame me, as for this word thank you, I really don’t dare to accept it.”

He really didn’t expect that this Wu Zhihe looked like a gentle and elegant person, but in fact was so uncultured, in this public, just because he said a few more words to Rong Suyan, he actually exploded .....

Ji Feng shook his head with a bitter smile and went to the counter first to help Rong Suyan settle her bill, and only then did he realize that Rong Suyan had actually drunk two bottles of wine!

“This amount of wine .....” Ji Feng couldn’t help but stammer, if it was an ordinary person, two bottles of wine down, would have been drunk to grandma’s house, but then look at Rong Suyan, actually only slightly wobbly, but drunkenness is not obvious at all.

Ji Feng asked himself, if he hadn’t practiced gymnastics, Rong Suyan would have been able to drink three of her own.

When the two of them walked out of the Wanli Club, Ji Feng asked, “Mr. Rong, where are you going next? Do you need me to send you back?”

“I don’t want to go back to .....” Rong Suyan was silent for a long time before she shook her head and said, “Young Ji, I wonder if you’re interested in having a few drinks with me?”

Before Ji Feng could answer, Rong Suyan shook her head again and said, “Better forget it, this relationship is already complicated enough, if it’s ....., more I’m afraid it will be really unclear then, I’m already grateful if you can help me out!”

Ji Feng smiled: “In fact, today’s matter is also because of me .....”

“It doesn’t matter what happened to you!” Rong Suyan shook her head, “Even without your presence, between him and me, it’s just a matter of time before big problems erupt ....., In fact, between Wu Zhihe and me, problems already erupted a long time ago, and .....”

Said here, her face flashed a slightly unnatural look, did not continue to say.

“And what?” Ji Feng was stunned.

“Nothing, nothing .....” Rong Suyan’s cicada head shook lightly.

Ji Feng then smiled and nodded without saying anything.

In fact, the last time she had a conflict with Wu Zhihe, the reason for it was actually because of Ji Feng.

Only, at that time, Wu Zhihe still only thought that in Rong Suyan's heart, Ji Feng was better than him, and that Rong Suyan might have moved on to Ji Feng. But this time today, I'm afraid that this speculation has become a fact in Wu Zhihe's heart, because he feels that he has 'caught a break'!

However, it is not good to say this to Ji Feng explicitly. The company's business is a very important part of its business.

What's more, Rong Suyan knew very well that, given Wu Zhihe's character, he would never allow himself to leave him so easily.

In this situation, Rong Suyan had to keep her distance from Ji Feng, on the one hand for the safety of both sides, and on the ..... other hand to prevent herself from getting too close to Ji Feng.

Being too close to such an excellent man is not good for a woman who has just endured a blow on the emotional front .....

"Buzz~~~!"

The phone suddenly vibrated and Ji Feng suddenly received a text message from Zhang Lei: "Crazy, we're going back first, you be safe ....."

Ji Feng then couldn't help but smile bitterly, could it be that Zhang Lei also thought that he was trying to take Rong Suyan, so he had the sense to leave early?

But no matter what, there was no way to explain to him now.

"Mr. Rong, how are you going to get back, by taxi, or will someone pick you up?" Since Rong Suyan had clearly rejected Ji Feng to see her off, he was politely concerned, it was not good to leave a single woman on the street at such a late hour, let alone someone Ji Feng wanted to fight for!

"That what ..... I will go back on my own later, Ji Shao, thank you for your concern." Rong Suyan said.

Ji Feng then smiled and nodded, "Fine, then ..... that's it."

"Okay." Rong Suyan nodded her head.

Ji Feng hesitated for a moment before saying, "I hope there will really be opportunities for cooperation in the future, Mr. Rong, I am inviting you with great sincerity, of course, there is nothing if the cooperation doesn't work out, I just hope we don't become enemies!"

He didn't go on, because this was the first informal contact between the two of them, things always have to be done slowly.

Rong Suyan smiled and didn't say anything, just nodded.

Ji Feng then left with big steps, wearing a jacket with a sturdy figure, his figure stretched out under the street light, with a special elegance.

Every step he took was very imposing, especially the kind of confidence, atmosphere, looking at Rong Suyan more melancholy, the apparently gentle and elegant Wu Zhihe, compared with Ji Feng, that really has a great gap, even ..... the two can not be compared together!

The more outstanding Ji Feng is, the more bitter Rong Suyan's heart is ..... next, and where can he go?

Rong Suyan couldn't help but shake her head slightly, or took out her mobile phone and called her father, Rong Peng.

"Suyan, what's the matter with calling at this late hour?" Just after receiving the call, Rong Peng couldn't help but ask.

Hearing her father's concerned voice over the phone, Rong Suyan's heart sank and she almost didn't shed a tear on the spot, she took a deep breath and tried to calm herself down before she started talking to her father.

"Dad, I'm in Yanjing now."

Rong Suyan said, "A conflict just broke out with Wu Zhihe and we had a falling out!"

"What?!" Rong Peng was instantly shocked, "What's going on? Did Zheng Yuxiu stir things up again in the middle?"

"Even if she's not stirring things up in the middle, this conflict is bound to erupt sooner or later." Rong Suyan sighed lightly, "Dad, it's not convenient to talk about this over the phone, I'm just telling you that we need to be prepared to part ways with the Wu family and leave a way out as early as possible!"

"Is it that serious?" Rong Peng was stunned, "Suyan, you're not kidding, right?"

"It's definitely that serious!" Rong Suyan said, "It's not convenient to talk about it over the phone, we'll discuss it in detail when I get back, and if necessary, we can go to ..... Jiangzhou!"

"Jiangzhou?" Rong Peng was stunned, "Jiangzhou that's not, isn't that under the control of the Ji family?"

"Yes." Rong Suyan nodded her head.

"..... I see." Rong Peng then nodded thoughtfully, "Suyan, don't think so much about it now, let's discuss it when you come back."

Rong Peng, who has been in the business world, also heard so much flavor from his daughter's words, it seems, the wind has changed direction?

## Chapter 977

After parting with Rong Suyan, Ji Feng went straight back, but he did not think that Rong Suyan was actually thinking about her own way back.

In fact, Ji Feng did not know specifically about the feelings between Rong Suyan and Wu Zhihe, plus Rong Suyan herself was a very powerful person, for example, this evening, even with the outbreak of such a fierce conflict with, even though how painful it was in her heart, she was not faint with anger.

This is enough to see how formidable a person Rong Suyan is!

And she was ready to retreat, but not because this person was duplicitous, but because she was too disappointed with Wu Zhihe.

If Ji Feng knew that, I'm afraid he would be even more determined to win Rong Suyan over, it would be an absolute huge failure if such a talent could not be won over!

When he returned home, his father, Ji Zhenhua, had indeed not returned. According to his mother, Xiao Sumei, he was at the ministry to deal with an emergency incident.

Ji Feng couldn't help but shake his head, his father was also fortunate to have practiced aerobics, otherwise, this kind of day and night intense work, how could his body not be able to bear it.

Since he was only passing through Yanjing, Ji Feng did not stay too long and did not bother the old man.

Early the next morning, he was ready to join Zhang Lei and the others and take a flight back to Jiangzhou.

Just when Ji Feng was about to call and book a flight, his father, Ji Zhenhua, came back. After staying up all night, Ji Zhenhua was still in good spirits, but more or less exhausted, which made Ji Feng's heart feel rather uncomfortable, so he urged his parents to practice gymnastics diligently.

For this kind of concern from their son, Mr. and Mrs. Ji Zhenhua naturally agreed to it gladly. Sometimes, parents don't want to ask for anything for their children, a word from the heart may make them happy for a long time.

"Little Feng, you're leaving today?" Ji Zhenhua washed his face and sat on the sofa to drink a cup of hot tea.

Ji Feng nodded as he brought breakfast over to his father next to him, "Yes, there are quite a few things to do over in Jiangzhou, so I can't delay too long."

"It's good to be diligent, but, you have to pay attention to combining work and rest." Ji Zhenhua educated.

Xiao Sumei then grumbled with a grimace next to her, "You're still lecturing this kid about combining work and rest, what about you? Look at the blood in your eyes, you didn't close your eyes again last night, right? He is only in his early twenties, but you ....."

Ji Zhenhua then confessed, with a glare, "I'm lecturing Little Feng, don't interrupt!"

Ji Feng and Xiao Yuxuan were secretly happy next to each other, this old couple occasionally tussling, is also a kind of fun of family life, the so-called joy of family life, is just like this, right?

In fact, many couples spend their whole lives arguing.

If one day they suddenly stop arguing, they will not be used to each other, and at that time, something may go wrong.

"Little Feng, if you can postpone your departure for a day, go and see your brother, I heard from your little uncle that the boy is being trained much better now, like an adult!" Having finished tussling with his wife, Ji Zhenhua urged his son again.

"My brother?" Ji Feng was stunned for a moment, then he reacted, "Is it that bastard kid Ji Shaoyun?"

“How can you talk!” Ji Zhenhua then reprimanded, “You are the elder brother, you have to set a good example for him, how can you bring him up well if you are like this without a straight face?”

Ji Feng then scratched his head and said with a sarcastic smile, “I know.”

In fact, he was used to calling Ji Shaoyun that, in his impression, Ji Shaoyun was an asshole kid who didn't learn anything at a young age, and he had actually collected a group of little brothers in the society when he was only that big.

When Ji Feng first arrived in Jiangzhou, the name of the evil young man of the Ji family was unknown to everyone!

In the blink of an eye, two years had almost passed, and Ji Feng's impression of Ji Shaoyun was still stuck in the beginning, so now when he heard his father mention it abruptly, he really didn't react to it.

“He's hammered?” Ji Feng smiled heatedly, “Then I'd like to take a good look at what this kid can be hammered into!”

When he went to the military camp to see Ji Shaoyun, then he naturally had to visit his younger uncle Ji Zhenping first.

In fact, among the three brothers of Ji Zhenhua, in terms of character, Ji Feng liked the youngest uncle Ji Zhenping the most, he was simply a child's head, compared to the elder brother Ji Zhenping and the second brother Ji Zhen Guo, his character was the most lively one.

Of course, it is somewhat inappropriate to use the word lively to describe a man who has entered middle age, but in Ji Feng's eyes, Ji Zhenping is indeed so.

.....

In the end, Ji Feng went to the military area alone, taking Xiao Yuxuan with him if he was going to be on a more formal occasion, and now the occasion is not right.

Little uncle Ji Zhenping is still as competent as ever, only his body, but there is an additional breath, Ji Feng look at the instantly bright, this is the sign of fitness gymnastics has been a small success, little uncle's body, there is a certain degree of bio-current.

“Little Uncle, you've learned all of the first set of aerobics?” Ji Feng asked in surprise.

Ji Zhenping nodded: “Almost, it's just that it's still a bit of a struggle to do all the moves at once.”

Ji Feng smiled, “Little Uncle, the aerobics are good, right?”

“Not really! This body-building gymnastics doesn't look too amazing, but the effect, indeed, is surprising.” As soon as this was mentioned, Ji Zhenping was intrigued, “Little Feng, the bio-current you mentioned last time, what exactly does it do?”

Ever since he felt the bio-current generated in his body, Ji Zhenping had been studying it, and he found that no matter how he used it, he could not control it as he wished, like Ji Feng did.

Ji Feng laughed, "Little Uncle, hold on for a while longer, when you precisely start practicing the second set of body-building exercises, I'll tell you about it, there's no way you can practice it even if you talk about it now!"

"Fine!"

Ji Zhenping nodded and spoke about another matter, "Now someone from above has already expressed concern about this set of aerobics, and plans to promote it in a few troops, what do you think?"

"Promote it?!"

Ji Feng was stunned and pondered for a moment before saying, "Little Uncle, you've seen the effect of this gymnastics, and with constant practice in the future, it's enough to turn an ordinary person into a master, it's better for me not to interfere in how such things are planned."

Ji Zhenping nodded and said, "My opinion is that body building exercises can be promoted, but they should be simplified, and at the same time strict attention should be paid to secrecy, this kind of training method, which is enough to increase a single soldier's combat ability by several times, should definitely be strictly controlled within a certain range, and not be leaked out by half! Of course, it would be even better if a fake set of body-building exercises could be fabricated ....."

Regarding this aspect, Ji Feng didn't interject, I believe that Little Uncle and the military top brass had already realized the importance of bodybuilding gymnastics, and would definitely have reasonable arrangements, and they would definitely consider the issue more comprehensively than Ji Feng did.

So Ji Feng didn't continue on this topic, but said what he came for, to meet Ji Shaoyun.

"That brat, he's doing quite well here." When Ji Shaoyun was mentioned, Ji Zhenping was still satisfied, "I'll have someone call him here, and you two brothers can have a good chat!"

During the waiting process, Ji Feng learned from his little uncle that Ji Shaoyun was doing very well in the army, this kid seemed to be naturally suited for the army, two years after joining the army, he was selected to be in the Red Arrow Brigade, in the middle of this, Ji Zhenping was still strict in gate-keeping and did not show any half-hearted favouritism.

"It seems that this kid has grown up quite a bit!" Ji Feng laughed.

About half an hour later, Ji Feng met Ji Shaoyun.

After not seeing him for two years, Ji Shaoyun had grown a bit taller and now, standing with Ji Feng, he seemed to be a centimetre or two taller than him.

This kid's body was even more sturdy, with lumpy muscles that were extremely explosive.

Ji Feng also saw that Ji Shaoyun had likewise practised aerobics, and it looked like he had practised it quite well. He couldn't help but nod in satisfaction, indeed, Ji Shaoyun had transformed and was no longer the same foppy kid from back then.

No wonder for some disobedient children who can't be controlled, parents bite the bullet and send their children to the army, it seems that the army is indeed a place to train people.

However, when Ji Shaoyun saw Ji Feng, he was a little unnatural. The scene when Ji Feng carried him with one hand and almost threw him out of the car was still vivid in his mind, making Ji Shaoyun a little afraid of Ji Feng in his heart.

“Don’t recognize it?!” Ji Feng’s face sank, “Can’t even call someone?”

“Third, third brother .....” Ji Shaoyun immediately shrank back in fear and hurriedly called out.

Ji Zhenping, however, could not see past it, and he immediately reprimanded, “Why are you so afraid of him? As a soldier, you should not be afraid of the sky and the earth, why are you still a soldier like this?”

Ji Shaoyun immediately turned red, “Report, I’m not afraid!”

Ji Feng immediately laughed coldly, “Brat, I think you’ve really got it backwards! Do you want to get beaten up again?!”

“No reason, you can’t just hit people!”

Ji Shaoyun said with a stiff neck, then muttered in a small voice, “Besides, now you can’t beat me .....”

“Brat, think that after learning a few moves in the army, you’ve still become refined?” Ji Feng suddenly coldly snorted: “Come out with me, see how I teach you a lesson!”

“Just go out!”

Ji Shaoyun gritted his teeth and took a big step out, “If you lose, you can’t bully me again in the future!”

Ji Zhenping watched with a smile on his face and didn’t say anything, obviously encouraging Ji Feng and Ji Shaoyun, the two brothers, to have a match.

Arriving at the playground outside the office building, Ji Feng and Ji Shaoyun stood facing each other.

“Kid, it’s not too late to beg for mercy!” Ji Feng said.

“I’m not surrendering!” Ji Shaoyun stiffened his neck and grunted, “I’m a soldier, and a soldier of the Red Arrow Brigade, I will never surrender!”

“No surrender?” Ji Feng coldly snorted, “Then I’ll beat you up to surrender!”

As soon as the words left his mouth, he fiercely lunged forward.

Ji Shaoyun’s eyes flashed and he immediately counterattacked, the power was actually quite good, both in terms of strength and speed, it was enough to make Ji Feng pay attention.

Ji Shaoyun had indeed grown a lot in these two years, he was actually able to go back and forth with Ji Feng for a few moves, although Ji Feng was testing him and didn’t use his full strength, but that was already pretty good!

Bang!

Ji Feng gave a final kick and sent Ji Shaoyun flying.

He gave a thumbs up and smiled, “Kid, not bad, you’ve grown!”

Ji Shaoyun, however, stood up somewhat downcast: "What's the use of that, still can't beat you!"

"That's because your third brother has a better method of exercise, as long as you follow him, you'll definitely be this good in the future!" Ji Zhenping laughed from the side.

"Really?" Ji Shaoyun asked at once.

Ji Feng, however, looked at his younger uncle Ji Zhenping in confusion, "Younger uncle, this is ....."

Little Uncle wanted Ji Shaoyun to follow him?

Chapter 978

Ji Zhenping nodded and said, "It's not like he's going with you right away, let's wait for a while, it won't be too long!"

"Isn't he fine here? Why does he have to come with me?" Ji Feng frowned and asked, "What I lack most there now is not these security types, but talents with business experience ....."

Ji Zhenping laughed, "I precisely know that you don't lack people in security there, so I can feel comfortable sending Shaoyun over to follow you!"

Seeing Ji Feng's puzzled look, Ji Zhenping said, "Kid, you must have a lot of private goods in your stomach, right? Usually hide it, I won't force you, after a while I'll send Shaoyun over, but whatever can be passed on externally, you teach him, what do you think?"

"I say it ....."

All of a sudden, Ji Feng suddenly realized, no wonder little uncle said let Ji Shaoyun follow himself, dare to say is to go follow himself to learn the art, and then teach these kung fu to the brothers in the army when he returns from learning?

"Little Uncle, you're ....." Ji Feng hesitated for a moment, finally nodded with a bitter smile and said, "But I should state upfront that I may not have much time, and how much I can learn then will depend on Shaoyun's perception, I definitely do not have the time to teach him by hand every day, moreover, some things even if they are taught, he may not be able to learn ....."

"This you do not worry about, Shaoyun this kid although in school is a mixed up boy, but people are still not stupid, comprehension is also very good." Ji Zhenping nodded, "But there is one thing, you kid can't hide, yourself!"

Ji Feng laughed bitterly, "What can I have to hide, the big deal is that I will teach what I can, all of it to him!"

"Mm!"

Ji Zhenping nodded in satisfaction, and turned his head to Ji Shaoyun and said, "Kid, you heard it, master leads the door, practice is in the individual. Although we will send you there some time later, but because of the limited time, so that how much you can learn by then, that depends on your ability!"

"I will learn seriously!" Ji Shaoyun immediately said loudly.

Ji Feng looked very satisfied as he nodded and said, "Little Uncle, this kid is indeed different, very good."

Ji Shaoyun then blushed slightly, he scratched his head and smiled sarcastically, "I was a bit mixed up before, Third Brother, you don't mind, I won't do it again ....."

"It's good that you won't, huh ....." Ji Feng nodded with a smile.

Ji Feng suddenly thought of another thing, he said, "Little Uncle, it doesn't matter if I teach Shaoyun this skill, but the problem is, we can't teach it for nothing, right? You're soldiers, but I'm not, so we have to compensate you for that, right?"

"Brat, you've learned to negotiate?" Ji Zhenping glared, "No compensation, get lost now!"

"Fine!" Ji Feng let out a bitter laugh, "I did a favor for Xiang Yongzhan, and he even helped to find a retired female soldier to be my girlfriend's personal guard, you're an uncle, you don't even show me anything?"

"Bugger off!" Ji Zhenping scolded with a smile, "Let's wait for some time, don't even mention it now."

Ji Shaoyun was dumbfounded as he watched from the side, Ji Zhenping was extremely strict in the eyes of those of them who were soldiers, and never smiled, even in private, Ji Shaoyun had never seen his younger uncle laughing with anyone.

But I didn't expect that Ji Feng would be laughing and joking with Ji Zhenping, which was too powerful in Ji Shaoyun's eyes.

Ji Shaoyun couldn't help but shrink his head and secretly said, "It's still Third Brother who is powerful ....."

Afterwards, Ji Shaoyun was driven away and went back to the company. Only Ji Zhenping and Ji Feng, the uncle-nephew duo, were left in the office.

"Little Uncle, when do you plan to send Shaoyun over?" Ji Feng asked, "You have to tell me in advance, so that I can also be prepared, otherwise, by then, you might be too busy to teach him!"

"It'll only be a few months at most!" Ji Zhenping said, "Some time ago the head above approached me for a talk, I might leave the Red Arrow Brigade in the near future, so when I leave, I'll send Shaoyun over to you!"

Ji Feng was stunned for a moment, and then he laughed, "Little Uncle, getting a high promotion?"

"It's also a normal transfer." Ji Zhenping laughed, "Don't be so startled, you kid, what do you look like!"

Ji Feng laughed heatedly and didn't say anything. But in his heart, he understood that it looked like little uncle was going to be promoted this time, and it would definitely be an important position, which was why he had to send Ji Shaoyun to his side to learn the ropes.

Now it seems that it is Little Uncle who values Ji Shaoyun, and I am afraid that he has the intention of training his successor.

It's just that it's not clear yet whether this is the intention of Little Uncle alone, or the intention of Old Master or Second Uncle and the others, but isn't it a bit premature for Ji Shaoyun to start training as Little Uncle's successor at such a young age?

Ji Feng guessed that this should be the layout of the Ji Department, of course, this is only his guess, whether it is true or not, it is not easy to say now.

But no matter what, it was something to be happy about, Ji Feng nodded and said, "Good then, I will prepare well in advance before Shao Yun goes to Jiangzhou."

Leaving the barracks, Ji Feng called and reported to his father about the meeting with his youngest uncle, and asked him about his transfer, but his father just said that it was a normal transfer and there was nothing wrong with it. Ji Feng also understood that this matter should be the layout of his father and them.

However, whether it was aimed at the Wu family or for future development, Ji Feng could not see it now.

In the afternoon of that day, Ji Feng, together with Zhang Lei and the others, took a plane back to Jiangzhou.

However, just after he got home and settled down, Ji Feng heard two pieces of news from Xu Yuan and his second brother, Ji Shaolei.

The first news was from Xu Yuan, who told Ji Feng that the Jiangzhou office of Rong Peng Group had officially changed its name to Jiangzhou Rong's Venture Capital Company, with a specific business, that is, making venture investments, not industry, but with a large registration amount.

The second news, which I heard from Ji Shao Lei, was about Huahe County.

Ji Shao Hong has called, the child snatching incident in Huahe County, because the mastermind behind it is Jiang Weiping's brother-in-law Ma Wenchang, so let Jiang Weiping also be implicated.

He was given a major demerit in the name of poor supervision and was transferred to the city as the second in command of a department, officially marginalizing him, or rather, finding him a place to retire. From then on, unless something miraculous happens, he will not be able to move on until he retires.

Apart from Jiang Weiping, there are quite a few people from the local police who have been implicated. Ji Shaohong has seized this opportunity and seems to be making some adjustments, while Secretary Huang of the county party committee is nearing the end of his station in age, so he has acquiesced to this series of actions by Ji Shaohong.

In fact, Secretary Huang has long since stopped meddling in matters of strife, otherwise of also, Jiang Weiping is not so arrogant.

In addition, the Rongpeng Group's subsidiary, Red Light Company, has officially signed an agreement with the county investment bureau, will invest one after another, in Huahe County to establish a large electronic components production base, and the subsequent investment, is ready to create an electronic class of industrial chain here.

The second news that is naturally good news, can be said to be good news.

Jiang Weiping collapsed, Ji Shaohong in Huahe County can be said to be absolutely firmly on the ground, the future of Huahe County, Ji Shaohong can be at least half of the home!

Only, the news Xu Yuan said, but let Ji Feng slightly frowned. It wasn't that he was worried, but he was a little confused.

On the one hand, the Rongpeng Group had stepped up its offensive in Huahe County, but on the other hand, it had set up a venture capital company in Jiangzhou, which seemed a bit contradictory.

The venture capital company is not an industry, and it is almost difficult to have any threat to the Tengfei Group.

"Could it be that the Rongpeng Group is trying to take this opportunity to find suitable enterprises in Jiangzhou to acquire, and thus form a hold on the Tengfei Group?" Ji Feng secretly frowned, but if that was the case, he could just conduct an inspection in the name of the office and buy the suitable enterprises when he found them, so why bother?

Or maybe the Rongpeng Group wanted to take down the Tengfei Group in one fell swoop? Or is it a demonstration to put pressure on the Tengfei Group?

He shook his head slightly, and for a moment, Ji Feng really couldn't understand Rongpeng Group's strategy.

He couldn't help but secretly ponder, was the gap between himself and Rong Suyan that big? Even a small measure of others can't understand?

If this is really the case ..... then there is still a fight!

I really couldn't figure it out, so Ji Feng went to discuss it with Han Zhong, and as a result, Han Zhong was also a bit confused about it.

"Frankly speaking, I don't really understand it either, I don't know what is the intention of Rongpeng Group to do this." Han Zhong said frankly, "Several of your previous guesses are possible, or they could also be used by the Rongpeng Group to confuse us ..... Their specific intentions will have to wait until they make their next move to see."

"Hehe ....." Ji Feng shook his head and laughed, "Han Zhong, you said we two big men, not as shrewd as someone a woman, Rong Suyan a random action, let us guess half a day, is not a bit shameful?!"

"If we had tens of billions of dollars, by then it would be the Rong Peng Group guessing our purpose, this is not a disparity of strength!" Han Zhong laughed: "There's nothing to be ashamed of!"

Ji Feng nodded: "Really can't ..... try and Rong Suyan contact, probe the situation!"

Ji Feng but how can not think, Rong Peng Group in Jiangzhou to set up a venture capital company, in fact, it is likely to be to transfer assets also may be!

"Ding ....." Just when Ji Feng was deliberating, his phone suddenly rang. He casually took out his phone and found that it was an unfamiliar number.

“Hello, this is Ji Feng, who is this .....” Ji Feng gestured with Han Zhong, then walked to the side and picked up the phone.

“Young Ji, this is Rong Suyan.” On the phone, came a voice that was unexpected to Ji Feng.

Chapter 979

When he suddenly received Rong Suyan’s call, Ji Feng was stunned.

How could he have not expected that Rong Suyan would call him? He knew that last night at the Wanli Club, even though she had already fallen out with Wu Zhihe, Rong Suyan had clearly refused Ji Feng’s invitation, and even when Ji Feng offered to drive her back, she was refused.

With this gesture, she was telling Ji Feng, “Sorry, I am not the same as you, I understand that you are showing me kindness, but it is impossible for us to get together.”

Of course, the coming together mentioned here refers to the two of them working together, not coming together emotionally.

But only one night had passed, not even twenty-four hours, and Rong Suyan had actually taken the initiative to call, this change was too fast, right?

Ji Feng was surprised, and in his heart he was wondering about Rong Suyan’s intentions.

Is she calling to test herself, or does .....” she have some other plans?

However, Ji Feng was unaware that while he was silent, Rong Suyan’s heart was somewhat drummed up, she thought Ji Feng was not happy to receive her call.

“Young Ji, am I being too presumptuous with this call?” Rong Suyan asked, “If there is any disturbance, then .....”

“Oh, no no!” Ji Feng snapped back to his senses and laughed frankly, “Mainly I didn’t expect you to call me, Mr. Rong, I was a bit flattered, so I didn’t react for a while, sorry sorry sorry!”

He then covered the phone and whispered towards Han Zhong, “It’s Rong Suyan.”

Han Zhong was stunned and his brows furrowed slightly, “What is she calling for? Is it to demonstrate?”

At this time, Rong Suyan’s light-hearted laughter came over the phone, “Giggle .....” Ji Shao, it seems like you’re cursing with that.”

Ji Feng smiled indifferently and asked again, “Chief Rong, are you looking for me for something?”

“Yes, Ji Shao, I have set up a venture capital company in Jiangzhou, but I am unfamiliar with Jiangzhou, so I will have to ask Ji Shao for more care in the future!” Rong Suyan said with a light smile.

“Khan!”

Ji Feng gave a heated laugh and said, “Mr. Rong, there’s no way to hit your face like this, right? I’m afraid that as soon as you set up your company, there will be many people who want to cooperate with you. .... Mr. Rong, don’t be like this!”

“No, no, no! Young Ji, you’ve misunderstood!”

Rong Suyan is such a smart person, she immediately realized that Ji Feng might have misunderstood herself, “Young Ji, don’t misunderstand, it’s mainly because I didn’t make myself clear. It’s like this, the investment company I set up in Jiangzhou, the full name is Jiangzhou Rong’s Venture Capital Company, and Rong Peng Group can have no half relationship, it’s a completely independent company, its registered capital is also the money taken from my personal pocket .....

Ji Feng was stunned, he seemed to realize something and could not help but ask hesitantly, “General Rong, you mean ..... you went it alone?”

He then suddenly realized that Rong Suyan left behind the Rong Peng Group and registered such a Rong venture capital company in the name of a private person, in fact, the intention, most likely, is to come separately from the assets of the Wu family!

It turns out that he had made a mistake in his own thinking, and that Rong Suyan had no intention of demonstrating, nor did he want to fight on two fronts, but was really going to go it alone?

This is a very noteworthy issue, for Ji Feng, if Rong Suyan really went it alone, that would definitely be a surprise news.

“It’s not like I’m going solo, I’m just bored and want to enjoy the process of starting a business from scratch.” Rong Suyan laughed lightly, “Young Ji, in the future I may have to come to your territory to make a living, you still have to take care of me a little more?”

Rong Suyan naturally understood Ji Feng’s meaning, but she brought it up in a vague sentence, not admitting or denying it, just saying that she wanted to enjoy the process of starting a business from scratch.

Ji Feng could hear the taste of this, he immediately laughed: “Of course there is no problem to take care of, only that Mr. Rong should also know that I am also a small family, to what extent I can take care of, it is not easy to say, however, if we cooperate, that would be awesome.”

“As long as Ji Shao can take care of it, then I’ll be relieved.” Rong Suyan laughed lightly.

Ji Feng couldn’t help but feel a little regretful in his heart, with these words, Rong Suyan once again avoided the topic of cooperation, it looked like she still hadn’t made up her mind in the end, or perhaps, she still had some worries.

The two of them exchanged a few more pleasantries before hanging up the phone.

After closing the line, Ji Feng could not help but smile slightly: “Han Zhong, we are all wrong, Rong’s Ventures is not a subsidiary of Rong Peng Group, but is the sole proprietorship of Rong Suyan herself, and has nothing to do with Rong Peng Group! If we had to say there was, then Rong’s Ventures and Rong Peng Group, would just be the same owner, and only in name!”

The owners of the Rong Peng Group appeared to be Rong Peng and Rong Suyan, but in reality who’s assets this was, we all knew in our hearts. This Rong Venture Capital Company, on the other hand, was indeed Rong Suyan’s company!

Han Zhong was also a bit surprised: "Oh? Ji Feng, so, Rong Suyan just made this call to you, is she showing you goodwill?"

"Maybe so!" Ji Feng nodded and smiled, "To say that she was testing my attitude, it's also possible."

"But no matter what, between Rong Suyan and Wu Zhihe, I'm afraid that something has really gone terribly wrong, and this is the most important point!" Han Zhong also smiled, "Ji Feng, it looks like we've gained a lot from this trip to Hua He."

Ji Feng shook his head and said, "It's not enough. Rong Suyan is not really free from Wu Zhihe yet, and when she spoke to me just now, she kept dodging, deliberately avoiding the word cooperation and only asking me to take care of her. From my point of view, I am afraid that she is still somewhat entangled with Wu Zhihe, and it is not impossible to get back together ....."

"Then you should step up your game and take her down!" Han Zhong laughed.

"Bullshit!"

Ji Feng cursed with a laugh and added, "Now we should be under less pressure, at least, Rong Suyan should no longer be working for the Wu family wholeheartedly, but there is still a Rong Peng Group barely straddling ours, make an effort!"

"That's for sure." Han Zhong nodded and said, "However, I have another worry, will Rong Suyan deliberately fall out with Wu Zhihe and then backhand us when necessary?"

Ji Feng laughed: "With a strength as strong as the Rong Peng Group, does it need to play these tricks with us? What's more, people's eyes are the most untrustworthy. I can see that despair and heartbreak in Rong Suyan's eyes, she and Wu Zhihe have really fallen apart. It's just that I guess it's probably because of some entanglement in interests that Rong Suyan can't get out of it!"

Having gotten into this boat of the Wu family, how can it be so easy to get down? It was believed that even if Rong Suyan was as powerful as she was, she would not dare to confront such a huge family as the Wu Family, and Ji Feng guessed that this was the reason for her indecision.

"Or else this way, when Rong's venture capital is officially listed and established, let's go and support it?" Han Zhong laughed heatedly.

"That's not good!"

Ji Feng shook his head slightly, he understood Han Zhong's meaning, this Rong's venture capital was originally Rong Suyan's sole proprietorship, it was clear that she might want to draw a line with the Wu family, if this time Ji Feng then appeared at the opening ceremony of Rong's venture capital, at that time, it was impossible for Rong Suyan and the Wu family not to collapse.

But the problem was that if this was done, the Wu family would most likely turn on Rong Suyan, and also, it would give Rong Suyan the feeling that she was being used, which would not be good for any possible cooperation between the two sides in the future.

"Cooperation with Rong Suyan can't be achieved overnight, we need to be patient!" Ji Feng laughed: "Boiling a frog in warm water, take your time! What's more, I really want to use Rong Suyan as a talent, not just to divorce her from the Wu family, that would be to the detriment of others."

Han Zhong nodded slightly and smiled, "That's right, confronting the Wu family is only temporary, but the development of our Tengfei Group is a long-term strategy, is that what you mean?"

"Right on the money!" Ji Feng harrumphed.

"It's still you who's high on the ground!" Han Zhong laughed heatedly, "I told you, I am the manager of the group, while you are the helmsman of all managers, we think about things from different angles and visions."

Regarding his own positioning, Han Zhong had always posed very clearly.

Ji Feng waved his hand with a smile and said, "I think this way, you pay attention to the opening date of Rong's venture capital, when the time comes, it will be enough for us to make a phone call to go over and say hello, as for the opening ceremony, we won't follow the hustle and bustle. Or, I'll invite Rong Suyan to dinner later, to make up for the congratulations to her."

"No problem, I'll do this!" Han Zhong said with a nod.

Leaving the headquarters of the Tengfei Group, remembering Rong Suyan's phone call, Ji Feng couldn't help but shake his head and laugh: "Everything that is preconceived will accidentally fall into a dead end ah ....."

He previously thought that Rong's venture capital was a subsidiary of Rongpeng Group, and this might be a step in Rongpeng Group's strategy, so he ran to discuss with Han Zhong, but he did not expect that the truth of the matter was actually like this, which made a joke.

This also gave Ji Feng a wake-up call that it is not acceptable to be preoccupied, and in the future, when you encounter things, you must first understand what is going on and then analyze it calmly.

"The company's main business is the formation of its own company in Jiangzhou so soon, and it looks like the Wu family will definitely lose this general! Wu Zhihe this confused egg ....."

Ji Feng shook his head and laughed, and then swung his fist vigorously, secretly saying, "No matter what, we must get Rong Suyan over!"

He looked back at the headquarters of the Tengfei Group, located in the office building of the Tengfei Pharmaceutical Factory, and believed that if Rong Suyan joined, the Tengfei Group would definitely develop even faster than it is now.

In fact, in Ji Feng's heart, he had already placed Rong Suyan, Han Zhong and Xu Yuan in the same position, they would be the future generals of the Tengfei Group!

## Chapter 980

Time flies, in the blink of an eye, half a month has passed, the time came to the middle of May.

In this half a month's time, the Tengfei Group has reached an agreement with the Huahe County Government and the Dexing Electronics Factory, and is ready to acquire the Dexing Electronics Factory with its own capital. However, at present, the three parties are still assessing the value of the De Xing Electronics Factory before the acquisition agreement can be finalised, which will take some time and cannot be rushed.

However, in this process, everything is going very smoothly, just like Red Light's investment in Huahe County, without any twists and turns in between.

Perhaps the people of Red Light are also waiting for the Tengfei Group to acquire the De Xing Electronics Factory and then crush it in one fell swoop. In that case, it would be like a hard slap in the face of the Tengfei Group and would also make the Ji family lose its last barrier in the economy, and only then, I'm afraid, would the Wu family start to make official moves .....

The fact is, not to mention the Wu family is waiting to see his joke, he is also waiting to see the Wu family's joke!

Both sides are waiting to see who the real joke will be when the time comes.

Apart from that, Tengfei Group was also talking to Mingguang Electric about some details of cooperation, and even, Mingguang Electric's technicians had already started to develop a TV motherboard to go with the trigger developed by Ji Feng.

As soon as the contract between Tengfei Group and Mingguang Electric is signed, it can be put into production immediately.

What we have to wait for now is the completion of the acquisition of the Dexing Electronics Factory, and the TV sets with the illusory three-dimensional light curtain technology can be officially launched into the market.

Therefore, in this regard, Ji Feng is no longer worried. His main concern now is the establishment of cooperation between the Tengfei Group and the United University. According to the agreement signed between the Tengfei Group and Jiangzhou United University, the Tengfei Group will fund the selection of fifteen students of good character and merit at the United University, who will be trained on a counterpart basis.

In other words, these students will be required to obey the arrangements of the Tengfei Group and enter the Group for internship in their spare time, in addition to studying their normal academic courses. Of course, they will be subject to the arrangements of the Tengfei Group.

The so-called students with good academic performance are selected by both the Union University and the Tengfei Group.

But before that, there were already hundreds of students who had applied. This result made both Ji Feng and Han Zhong startled. Hundreds of students had enrolled, which was something Ji Feng and Han Zhong had never thought of before the agreement was signed.

In fact, the reason why so many students signed up was because there were quite a few students who wanted to take advantage of the situation, after all, the Tengfei Group provided all the basic living expenses for the people in the school, and after graduation, they only needed to serve the Tengfei Group for a few years.

Nowadays, many students can't find a job after graduation, but this is a good thing, not only are they provided with living expenses and basic living expenses, but they can also find a job after graduation without having to run around, so I don't know how many students would like to take advantage of such a good thing!

On the other hand, it is also because the Tengfei Group's reputation in Jiangzhou has been too loud for a long time, and the Kang Yuan slimming powder is popular all over the country, selling in every place, which is enough to make many people feel that the Tengfei Group has unlimited potential and will definitely have great development in the future.

Therefore, apart from those students who wanted to speculate, there were indeed some students who really wanted to make a difference and signed up for this counterpart training.

The 20th of May was the final round of screening after the agreement between Tengfei Group and United University.

As he had nothing to do anyway, Ji Feng went to the school with Han Zhong to see how the so-called screening was carried out. Even though he was more comfortable with Han Zhong, the problem was that there was always the possibility of oversight, and in case someone mixed up with the group, it would really be a rat turd spoiling a pot of soup, making people tired.

"This so-called final round of screening is actually to uncover all those guys that weren't identified before!" Sitting in the car, Han Zhong laughed, "In the first few rounds, opinions have already been given by the class counselors of those schools where they are located, and scores have been given."

"This doesn't necessarily have to be very accurate!" Ji Feng waved his hand and laughed, "If you casually invite the tutors to a meal, the rating will naturally be high."

"That's right! Universities nowadays are not like the ivory towers of the past, the students inside may not really be that innocent." Han Zhong also laughed, "Look at the limousines parked outside the school every Friday afternoon, what are they for? It's just to pick up girls!"

Ji Feng nodded, dumbfounded, in fact it was true, those girls left by car on Friday and came back on Sunday afternoon with big bags in their hands, all brand names ..... are just ordinary students, how can they get so much money to buy brand names and go shopping?

Then look at the boys, the same is not much better. They are cynical at school, cursing when they see girls who dress a little sexier all day long, and when they see young people driving nice cars on the street, they think they are not on the right path .....

In fact, this mentality has become a pathology.

The hatred of the rich is getting worse and worse, and there is no way to analyse the problem rationally, even though there are many people who do not want to advance themselves but are jealous of others who are rich .....

In short, in a word, both boys and girls have become less innocent.

Therefore, for this screening, both Ji Feng and Han Zhong will be strict in their gate-keeping.

"By the way, there's something I forgot to tell you, I heard that Rong's Venture Capital Company is officially listed the day after tomorrow." Han Zhong said.

Ji Feng was stunned: "It was only established? It took so long to prepare?"

Han Zhong laughed: "I'm afraid it was operating in secret before, if you hadn't told me at that time, I wouldn't have known that Rong Peng Group's Jiangzhou office had been renamed as Rong's Venture Capital, I think it was Rong Suyan who prepared it secretly."

Ji Feng then nodded his head and smiled, "Maybe so."

"To be honest, I have to say that although Rong Suyan is a woman, she is really powerful and visionary." Han Zhong said, "This has only just fallen out with Wu Zhihe, and he has actually started to prepare his own back way, and has been operating for half a month, and no one actually knows about it ....."

Ji Feng nodded and said, "Yeah, if this woman wasn't powerful, I wouldn't have to be so eager to win her over."

Ji Feng had seen Rong Suyan's methods.

If she could operate for half a month without letting anyone know, it was obvious that Rong Suyan must have been determined to operate with all her might, otherwise, she would never have done it so secretly.

This means that Rong Suyan is leaving a way out for herself, which means that Rong Suyan and the Wu family are really going to collapse!

This is the most intuitive impression that Ji Feng has of Rong Suyan's ability and boldness.

This was Ji Feng's most intuitive impression. From the fact that the Wu family had launched a retaliation against the Ji family within such a short period of time, it could be seen that as a top-level family, the people of the Wu family had a pitifully small measure.

With such a vindictive character of the Wu family, they treated the Ji lineage in such a manner, not to mention Rong Suyan's betrayal! Even if it was because Wu Zhihe misunderstood Rong Suyan and made her desperate that made her have the determination to leave Wu Zhihe.

But in Wu Zhihe's view, no matter which reason it was, it was Rong Suyan who had betrayed him anyway.

How could the Wu family let Rong Suyan go so easily?

Obviously not!

With the Wu family's power, many powerful families would be afraid of it, but Rong Suyan was not afraid, she was not afraid of it, and was preparing her own path for the future.

If it was an ordinary woman, in this situation, I'm afraid the first thing she would think about is how to take her money and go away to live a free life, such as going abroad, or finding a place where the Wu family's power is out of reach and live comfortably.

But Rong Suyan didn't. Not only did she not think about leaving, but she also set up a venture capital company in Jiangzhou, what does this mean?

"This Rong Suyan is trying to restart her career after falling out with the Wu family!" Ji Feng sighed lightly, "This is evident from the fact that she established the venture capital company purely with her

own money, she doesn't want to be attached to the Wu family anymore and doesn't want to have any semblance of a relationship with my family anymore."

"If that's the case, then why is Rong Peng Group still under Rong Peng and Rong Suyan's name?" Han Zhong frowned and asked, "Since you're already planning to collapse, then just separate from the Wu family earlier, why drag it out so much?"

Ji Feng raised an eyebrow and laughed, "Maybe ..... I can't say, who knows what Rong Suyan has in mind, maybe she still remembers her old feelings or is not really ready in certain aspects!"

"Then what do you plan to do?" Han Zhong asked.

Ji Feng smiled and said, "What else can I do? Let nature take its course, anyway, in the future Rong Suyan will land the company in Jiangzhou, there will be plenty of opportunities to meet ..... What we have to consider now is still how to screen useful talents!"

"That's right!" Han Zhong smiled and nodded his head.

"Right, this last round of screening, what are the criteria?" Ji Feng asked.

"There are three main criteria, the first one, it must be a major we need, such as what small foreign languages, ah, sociology and other major students, those that are not half related to our group, will be disregarded for now."

Han Zhong said, "In fact, my intention is to choose more students majoring in foreign languages, management, computers and electronics. However, it is not impossible to choose students from other majors, but it depends on their ability.
