

Campus Master 981

Chapter 981

The final round of screening activities for the Tengfei Group's counterpart training took place in the small auditorium of the United University.

On the podium, there were several senior executives of the Tengfei Group, led by Xiao Yuxuan. Apart from Xiao Yuxuan, several of these people were drawn from the former Tengfei Pharmaceutical Factory, but of course, there were also talents recruited from outside, or directly imported from headhunters.

In the audience below, there were about four or five hundred students sitting, and there were a few teacher-like people in the first row of the audience.

"It's already started!" Han Zhong laughed, "Do you want to go up together?"

Ji Feng smiled and waved his hand, "I'd rather forget about it, I'll just look at it from below."

Han Zhong also knew that Ji Feng wanted to clear his relationship with the Tengfei Group as much as possible on the bright side, so he didn't force it any further and walked up alone in stride.

Ji Feng looked around and simply found a seat in the first row of the audience. Sitting here, not only could he observe these students up close, but he was also able to listen clearly to what the people on the podium were actually saying, which was very convenient.

"Look, there's another one!" Ji Feng had just sat down when he heard a student next to him whispering.

"Yeah, this guy is also from our school, only, he seems to be a student, and that beautiful girl on the podium, it looks like she's a teacher from the foreign language department." A student said.

"That's pretty good!" A student whispered, "Our school's teachers and students started their own business and now they're giving back to our school, so they have some conscience."

"Humph! What payback to the school if you ask me, this is obviously blocking us as cheap labor, give some basic living expenses, actually want us to work for them for so many years, really black heart!"

"You can't say that, it's a matter of mutual consent, they pay the price and we pay the labour, what's wrong with that?"

"Anyway, I'm not going to be so stupid as to work for them for so many years, I've heard that as long as you have the ability out there, other companies are willing to poach you, and even willing to pay for you the breach of contract with the original company, when the time comes, as long as there is a suitable company, I'll jump nest immediately!"

"If that's the case, then why did you come here to apply now when you could have just gone to another company?"

"Hey, I'm short of money these days, so I'm just trying to get some money to spend!" This voice looked very smug and said with a smile, seemingly not afraid of others hearing it at all.

Ji Feng couldn't help but frown slightly and turned his head to look, but saw that this was a clean looking boy with a pair of black-framed glasses, also dressed very fashionably, with some branded fashion all

over his body, while the student beside him was dressed in a very ordinary way, although also in brightly coloured clothes, but at a glance it was a relatively cheap ground-floor product.

“Keep your voice down, you’ll be in trouble if anyone hears you” said the slightly more plainly dressed boy.

“Don’t worry, there are so many people, you won’t know who said it if you hear others!” The clean-cut boy said with a smile, and then, he lowered his voice: “Let me tell you, I invited the counselor and the student council to a meal earlier, and raised my assessment score by a lot, so this selection should be eight`nine.”

That plain boy then laughed and didn’t say anything more.

Ji Feng couldn’t help but shake his head and smile, really, there were really all kinds of birds in this big forest. There were people who wanted to mix some money, and there were also people who had other ideas.

I’m afraid that there are all people who want to enter Xiao’s Pharmaceutical Factory and steal the formula of Kang Yuan Slim Powder in exchange for money, right?

“This last round of selection has really come to be necessary!” Ji Feng couldn’t help but secretly shake his head, “If we don’t keep a strict check, I really don’t know how many of the fifteen students that will be chosen will be true talents!”

Ji Feng smiled and shook his head without saying anything, however, this clean-cut boy was definitely passed over by him.

Of course, apart from such students who were ready to take advantage of the opportunity, there were also quite a few students who really wanted to participate in this counterpart training, just by looking at the eager eyes of many students, one could tell. Regardless of whether these students meet the requirements of the Tengfei Group, this attitude alone is very satisfying.

As the saying goes, attitude determines everything!

“All students, now that all the people have arrived, the final round of selection for the company-to-school training will begin, so please line up according to the serial numbers and come to the podium in order.” One of the teachers in charge of the host, said in a loud voice.

A humming sound rang out at the bottom as all the students had already started to prepare.

Before this, the students had already drawn serial numbers, and now they were going up to the podium in the order they had been drawn, in order to be examined by Han Zhong and the others.

Every time a student went up, Han Zhong and the others would ask him a few questions, and it seemed that in their hands, they also had the assessment about each student, as well as some basic information.

It took a full three hours for these hundreds of students to go up and be examined, and in the blink of an eye, it was already lunchtime.

“Alright, now that all the students have been inspected, please go back and wait for the notification.” After having communicated with Han Zhong, the teacher in charge of hosting said.

The students at the bottom left with whispers, and Ji Feng sat in his seat without moving, just paying attention to those students' demeanour as well as their conversations from time to time, and was sort of observing their reactions.

During the inspection, Ji Feng noticed that there were a few students who were very flexible and spoke and answered fluently, but of course, there were also students who seemed a bit mute, but when it came to some professional knowledge, they answered without the slightest pause.

Such students should be one of the few who are serious about their studies at university.

Once all the students had left, Han Zhong and the others began to corroborate the results of their examination with each other, and finally chose the fifteen most suitable students.

"Well, did the results come out?" After waiting for about half an hour, Ji Feng walked up to the podium and asked with a smile.

"It's a bit difficult, there are too many students, and if you want to judge a person in a short time, you can only judge from an intuitive impression, it may not be that accurate!" Han Zhong shook his head and said, "If you look at these student council and counselor assessments, many of them are somewhat out of line with reality"

"Choosing fifteen from several hundred students is indeed a bit difficult, but it's also easier to pick the best students this way!" Ji Feng laughed: "We don't care about those assessments, we only make judgments based on purely intuitive impressions, and the examination we just did."

"Well, that's what I intend to do too!"

Han Zhong nodded, "First pick out fifteen students, try to pick in a few majors that we need, and later on in the actual job training, then we will eliminate them, we can always pick out the best talent!"

"Hurry up and tally them up, give the results as early as possible, also let those students feel at ease!" Ji Feng smiled, "I was just down there and saw quite a few students looking forward to it"

Han Zhong nodded and said, "It's almost tallied, here are the preliminary results, take a look."

He handed Ji Feng a piece of paper with several rows of names written on it.

Ji Feng took it and looked down at it, only to see that there were dozens of names written on it from the preliminary count, a few of them had check marks after them, and under a few others, wavy lines were crossed.

"What do these check marks and wavy lines mean?" Ji Feng asked with a smile.

"The ones with a check mark mean that I have a good impression of this student and are unanimously recognized as having potential to be explored, as for the ones with wavy lines under their names, they are on the verge of passing." Han Zhong smiled, "You take these ones for example, Zhang Yun, Lan Xuefeng, Zong Xin, Wu Jicheng, Zhang Xizhe and Zhou Mingyang, and these latter ones, which at least on the surface still seem to be relatively good."

Ji Feng nodded and smiled, "There are definitely talents in so many people, since you think these few people are good, let me see it this way, gather these students on the list together again, re-examine

them again, remove those that don't work, if they still perform well, then it's okay to take in a few more, it's the same to examine them later in training, it doesn't matter if you spend a little more money, the most important thing is find good talents!"

"Alright then, let's do that!" Han Zhong nodded his head.

Ji Feng waved his hand and laughed, "Don't rush, no matter how important the work is, you can't forget to eat, come on, you few, and all the teachers, I'll treat you to dinner!"

"Of course, that's good!" Han Zhong laughed, "You're a big spender, a few teachers, you can't miss eating a big spender!"

Several teachers from the United University also laughed, it wasn't like they hadn't experienced this kind of occasion before, so they didn't push back.

Xiao Yuxuan didn't go along, after all, she used to be an appointed teacher at United University, and she had also had a falling out with some of the school's leaders before, and it was because of this that she had resigned, so now she naturally wouldn't follow to spoil the fun.

In the afternoon, Han Zhong and the others followed the method Ji Feng had described and gathered those students on the list together again and re-screened them.

Ji Feng also pretended to be an enrolled student next to them and sat around them, observing the reactions of these students.

After the exchange of opinions between the school and the Tengfei Group, as well as Ji Feng's observation from the sidelines, the list of those selected this time was finally determined.

There was no doubt that Zhang Yun and Lan Xuefeng, who were highlighted by Han Zhong, were all within the list, while two of those whose names were previously underlined with wavy lines also stayed, but it was the middle ones that were ticked off a few by Ji Feng.

Sometimes, the top and last ones are often more conspicuous, but those in the middle, some of them are not good, very mediocre, and this seems to have become a rule

The list was confirmed, which means that this cooperation between the Tengfei Group and the United University was an initial success.

As for what will happen in the future, it will depend on the standard of performance of the students on the list in their future positions, before the subsequent cooperation can be determined.

A few years later, however, this form of cooperation proved to be very successful, and although some of the students selected were eliminated and some left the nest, the majority still performed well.

As a result, Tengfei Group has gained a constant flow of talent, and is constantly being injected with new blood, becoming stronger and stronger.

Of course, these are only afterthoughts, now Ji Feng is concerned about how to give Rong Suyan a phone call, after all, Rong Suyan's Rong's venture capital company will be officially listed and established, can not make a big show to congratulate, a phone call to express, that is naturally indispensable.

Chapter 982

“Mr. Rong, Rong’s Venture Capital Company is officially listed and established, congratulations, haha” In the more prosperous Yangtze River Road in Jiangzhou, Ji Feng was sitting with Ji Shaolei at a roadside cafe, the two of them chose a window seat and while drinking coffee, Ji Feng while calling Rong Suyan.

“Ji Shao?!”

Suddenly receiving a call from Ji Feng, Rong Suyan looked surprised and seemed to have some delight in her tone, “Why did Ji Shao think to call me?”

“Your company is just about to open, so as a friend, I should come to congratulate you!” Ji Feng laughed: “Only, I’m worried that my presence will make it difficult for you to do so, or if there’s any more chaos in the middle, it won’t be good, so I can only call to express my congratulations!”

“Thank you~~” Rong Suyan smiled lightly, her tone and emotions didn’t seem to change a bit.

Ji Feng then raised his eyebrows and smiled, “Mr. Rong, from now on, we will all be in the same city, if there is anything you need to help, just ask, as long as I can do it, I will definitely do my best!”

“Giggle” Rong Suyan’s voice with a hint of competence and a woman’s unique charm, full of a special feeling, came over, “Ji Shao, I have taken your words seriously. Since this is the case, then in the future if there is really something that I can’t handle, I will really go to you, when the time comes, you can’t be afraid, and you can’t refuse!”

Ji Feng’s heart slightly moved, but his mouth laughed: “I have never known how to write the word afraid”

“Giggle” Rong Suyan laughed delicately, “I’m afraid this is something only Ji Shao dares to say, and only Ji Shao is qualified to say it, then we can make a deal?”

“It’s a deal!” Ji Feng laughed.

Rong Suyan’s laughter then tightened up and she paused for a moment before saying softly, “Ji Shao, thank you very much.”

Ji Feng also collected his smile and played with the small spoon in his hand, turning it around in his hand a few times before saying, “Mr. Rong, I still say that I really want to cooperate with you, take a step back, even if we can’t be friends or partners, let’s not become enemies” what do you say?!”

“Young Ji, today is a good day for the opening of my company, you’re not saying these words specifically to upset me, are you?” Rong Suyan was slightly annoyed and said hatefully, “What else do I have to say, huh?”

Ji Feng then laughed, Rong Suyan’s words meant to tell him that my own wholly-owned venture capital company has opened, which is already gradually separated in the Wu family, that is to say, my actual actions have proved that I do not want to be your enemy, but the matter of cooperation can not be mentioned for the time being

The actual fact is that you've proven that you don't want to be an enemy. You can't bully people like that!

"Mr. Rong, that's all for now then, knowing that you're busy today, I won't bother you!" Ji Feng laughed.

"You Well then, that's it!" Rong Suyan directly hung up the phone.

Ji Feng couldn't help but be a little stunned, what the hell? Why did he suddenly hang up the phone?

"What, what did Rong Suyan say?" Ji Shaolei, who was sitting across the table, asked with a smile, "Since she's ready to break away from the Wu family, I guess she should also be closer to you, right?"

Ji Feng shook his head and laughed, "Just not hostile anymore, not so much close."

Ji Shaolei couldn't help but smile and turned his head to look out of the window again, in front of the office building across the road, there were quite a few people walking inside, with flower baskets and other things placed at the entrance, it looked very lively.

The office building across the street was where Rong Suyan's Rong Ventures had its offices. Since Ji Feng was not in a position to show up, he came across the office building with Ji Shaolei, intending to join in the fun. If you can't participate in the event, you can always take a look!

Today is the 22nd of May, which is also the day that Jiangzhou Rong Venture Capital Company was officially listed and established. It can be said that this day should be a relatively important day for Rong Suyan, which marks that she has taken the first step to separate herself from the Wu family.

For Ji Feng, today is also very important, on the one hand, the cooperation between the Tengfei Group and the United University, a total of less than twenty students have been selected, after the verification is correct, the Tengfei Group has begun to release funds, and set up the Tengfei Group and the United University counterpart training office, specifically responsible for those selected children to provide some life security, and the necessary help.

If you want talent to work for you, you must first learn to respect it. Only if you give first can you get something in return.

Therefore, for those selected students, Ji Feng attached great importance to them, at least, what was promised to them, must be done, for example, the living expenses are paid according to the amount of money per month, and the number of days per month, that must be the number of days, absolutely will not delay half a day!

Another example is that according to the contract, Tengfei Group is not allowed to use any form, to interfere with the study and life trajectory and habits of the selected students in school, if they like to read high mathematics when they are in English class, or if they like to dislike classes and just like to read in the dormitory.

Of course, there are also students who perhaps never attend class but are more intelligent, etc etc

These students naturally don't want anyone to discipline them too much, so the office of the Tengfei Group at Union University will never ask them about it, unless they break the rules, and then the office will step in to investigate and then decide what to do about it.

Sometimes, from some small details, one can get a sense of a group's character and habits. This is how Ji Feng intends to retain talents, rather than forcing them by contract.

And the official establishment of Rong Suyan's Rong Ventures marked a small victory for Ji Feng against the Wu family.

Very often, a good helmsman will make the group take off, while a mediocre helmsman may bring a huge crisis to the group.

Letting Rong Suyan leave Wu Zhihe was not done in the way Ji Feng had originally planned, but no matter what, the result was achieved, and in this way, the Wu family would definitely have a big help less, and this result was still a happy one for Ji Feng to see.

"San'er, it seems that this Rong Suyan is not going to keep a low profile, look down there, how many people have come, many of the cars have Southern Guangdong number plates." Ji Shaolei laughed, "It looks like the conflict between Rong Suyan and Wu Zhihe is irreconcilable, I'm afraid. You're not small in your ability, it's only been a long time and you've broken up with someone, to say that you're digging up a wall, you're the one!"

He gave a thumbs up with a smile on his face.

Ji Feng instantly laughed bitterly, "Second brother, if I say that this situation today is not caused by me on purpose, do you believe me?"

"What do you mean?" Ji Shaolei couldn't help but be slightly stunned.

"Actually, when I was in Yanjing, I had a small chat with Rong Suyan at the Wanli Club, and as a result, I was seen by Wu Zhihe, " Ji Feng gave a general account of the situation, "I did want to win Rong Suyan over But I didn't think of using this method, who knew that Wu Zhihe would actually get so angry, and that Zheng Yuxiu was also fanning the flames on the side, and that's what happened."

"That stupid Wu Zhihe!"

Ji Shaolei couldn't help but sneer, "You know why I don't like Wu Zhihe so much, right? That kid doesn't look gentle and elegant all day long with a human-like and gentle posture, in fact he sucks, back then in Yanjing's small circle, he had a bad reputation, too hypocritical, obviously a rotten kid, but still has to put on a polite and courteous appearance, still better than that kid He Hongqiang"

"Just strong on the outside!" Ji Feng smiled and nodded.

"More than just being strong on the outside, this person, Wu Zhihe, is actually not only hypocritical, but also brainless, if not for his big brother Wu Zhiyong, he wouldn't count for shit! I guess Rong Suyan was just fooled by this guy's hypocrisy, otherwise, how would a shrewd woman like her look at Wu Zhihe?"

"Wu Zhiyong?!"

Ji Feng was slightly stunned, then he suddenly remembered something: "Right, if you don't mention Wu Zhiyong I forgot, He Hongwei seems to have a conflict with Wu Zhiyong, and it seems to be some kind of deep hatred, do you understand?"

“You said this ah, it has been several years.” Ji Shaolei laughed at that, “The matter between the two of them, at that time, was a big deal, the two of them were university classmates, both at Yanjing University, and at that time, there was quite a big row over a woman!”

“Love triangle?” Ji Feng asked with a smile.

“Bullshit love triangle!” Ji Shaolei snorted, “It was mainly because this kid Wu Zhiyong was unethical and pried He Hongwei’s woman.”

“There’s still such a thing?” Ji Feng also laughed, “It looks like this Wu Zhiyong isn’t good either, he’s actually capable of doing anything!”

“There are a few good birds in the Wu family!”

Ji Shaolei snorted, “It was said that at that time, Wu Zhiyong and He Hongwei seemed to be in the same class or the same major, I couldn’t figure out the details, however, it was said that He Hongwei was very low profile in the school at that time, almost no one knew that he was the old He family’s eldest son, but Wu Zhiyong was different, he made a big splash in the school.”

“And then He Hongwei’s woman moved on?” Ji Feng asked with a smile.

“Pretty much so!”

The woman didn’t know the identity of He Hongwei at that time, as if He Hongwei had some problems with Wu Zhiyong before. The woman was not a stunning beauty, but after he hooked up with her, he even publicized it in the school, do you think He Hongwei’s face would look good!”

“What happened afterwards?” Ji Feng asked with a frown, and his impression of Wu Zhiyong became worse in his heart, even if he had a problem with He Hongwei, this was a bit too much.

Chapter 983

“Later? Later on things got even more hilarious!”

Ji Shaolei laughed, “In fact, at that time, although He Hongwei was also very annoyed because of this matter, but also because of everyone’s face, so did not say anything, I am afraid he was also young at that time, after this incident also saw the nature of that woman, just some face is not past. But never thought that his brother He Hongqiang couldn’t help it.”

Ji Feng nodded and laughed, “When the elder brother was humiliated, naturally the face of the younger brother was not good either.”

“Yes!”

Ji Shaolei laughed: “I heard that the woman’s family still owned a small company at that time, this kid He Hongqiang first bankrupted the company, and then happened to find that the company had tax evasion, and as a result, the woman’s father was directly sent to prison, and then spread the word everywhere that Wu Zhiyong picked up his elder brother’s broken shoes, and made the woman so notorious that she couldn’t stay in school at all. He had to drop out of school.”

“This kid is quite ruthless!” Ji Feng was happy, remembering He Hongqiang’s standard dude look, he couldn’t help but secretly nod his head, this kind of people are all good and ruthless, surely he wouldn’t tolerate his big brother being humiliated by others like this.

“He’s not even ruthless! There are even more ruthless ones!”

Ji Shaolei laughed, “Being so messed up by He Hongqiang, Wu Zhiyong was also annoyed, he had wanted to give He Hongwei a hard time, and now that he had turned himself into a joke, he was still not annoyed? So he brought a few people to beat up He Hongqiang severely, it seems that the beating was not light!”

“Excessive, right?” Ji Feng frowned, “First he snatched someone else’s woman, it’s obvious that he embarrassed He Hongwei first, and now he can’t allow people to fight back?”

“So, because of this, He Hongwei is really angry!” Ji Shaolei stretched out his hand, “Don’t look at this kid He Hongwei, he usually looks like a gentleman, but when he gets angry, he is ruthless to the bone. After his brother was beaten up, guess what he did!”

“Did what?” Ji Feng asked.

“The very next day after He Hongqiang was beaten up, Wu Zhiyong was shot at!” Ji Shaolei said.

Ji Feng was stunned: “He Hongwei laid a hit on him? He’s really ruthless!”

“Who knows, this kid is too shrewd, this matter is clearly the work of He Hongwei, everyone knows it, however, no one can find any evidence.” Ji Shaolei said, “Wu Zhiyong was lucky, the bullet hit his shoulder, no major injuries. But the old man of the Wu family was so protective that he barged straight into He Hongwei’s father’s office and almost didn’t knock him with a walking stick.”

“This old man of the Wu family is too protective, isn’t he?” Ji Feng said, “Then what did the He family’s old man say?”

“Elder He didn’t say anything, anyway, then several generals of the Wu family were sniped, I didn’t figure out the details, they were still young at the time!” Ji Shaolei said, “Both sides were going back and forth at the time, fighting with each other for a few moves, I’m not too sure exactly what the foul play was in between. It seems that in the end, it was the elders of several other families who intervened, and this matter was only calmed down.”

“However, later on, this Wu Zhiyong and He Hongwei and the two of them sort of got into it, and the fact that father almost got knocked around with a walking stick was also seen as a great shame by He Hongwei, only that he never found a reason or opportunity to do anything about it.”

Ji Shaolei said, “It seems that he knows that we’ve gone up against the Wu family, so he’s a bit impatient too!”

“This should be good news for us!” Ji Feng said deliberately, “After all, now that our cooperation with He Hongwei is already underway and the relationship between the two sides has improved, I believe that if there is a chance to stab the Wu family, He Hongwei will definitely not be soft!”

“That’s for sure!” Ji Shaolei laughed, “That guy He Hongwei is not one to be messed with.”

Ji Feng nodded and asked again, "How is Wu Zhiyong like as a person?"

"Personality aside, I heard that this person still has some ability and likes to play dirty tricks, but he has an arrogant personality, more specifically, I don't know much about it, I haven't had any contact with him, but I can ask big brother, at that time he had contact with Wu Zhiyong and He Hongwei in this age group."

Ji Feng could not help but coldly snort: "This is a bit troublesome, Wu Zhiyong has such a bad character, but on the contrary, he has the ability, this kind of person is tricky to deal with!"

"Tricky is not afraid, we have taken this first step very well, especially once your trigger comes out, Red Light Company will definitely only be able to do nothing but stare, it's possible that their investment will all be smashed in Huahe County, by then they won't be able to find their graves even if they cry!"

Ji Shaolei laughed coldly: "Here, Wu Zhiyong's shadow is not missing. But now he is still in the northwest, thinking that he can control the whole situation, planning the strategy, deciding to win a thousand miles, but in fact it is all bullshit. When he can't sit still any longer and then jump out, by then I'm afraid we'll all have laid the groundwork, and he won't be able to knock off anyone even if he's capable of it!"

"That's true", Ji Feng nodded and laughed, then, he frowned slightly and asked, "So what if he jumps out now?"

"This is not very likely!" Ji Shaolei shook his head, "Even if he really jumps out now and specifically commands the Rongpeng Group to attack us, then there is nothing to fear, he is in the system, many rules he has to abide by, this will restrict him even more, instead it is better to hide behind the curtain for remote command."

Ji Feng nodded slightly, "This is indeed the truth."

"So that's why it was a bad decision for the Wu family to send Wu Zhihe to take command from the very beginning, you'll see, Wu Zhiyong will definitely not be able to sit still either, but he can't afford to make any waves!"

I even spoke to Big Brother on the phone yesterday, and he might have to move a bit recently, so he can't be bothered to fight with Wu Zhiyong for the time being, but he also said that we don't have to worry, no matter how capable Wu Zhiyong is, the most fatal thing is the arrogance in his bones, as long as he doesn't change this bad nature, he'll never get much out of it! "

"That's good!" Ji Feng smiled, and in fact, he had now set his sights on Wu Zhiyong.

As for Wu Zhihe, ever since he had contacted him a few times, Ji Feng already knew that this person was absolutely useless and could not become anything, at most, he was just playing the prestige of the young master of the Wu family, in reality, he was nothing.

The only person he had to guard against now was Wu Zhiyong, the boss of the third generation of the Wu family.

"Third child, look!" Ji Shaolei suddenly said.

Ji Feng was instantly startled and immediately turned his head to follow Ji Shaolei's gaze and frowned slightly, "Yo-ho, Wu Zhihe and Zheng Yuxiu are here? Who's that other guy?"

Looking from the window of the cafe, under the office building across the road, a Mercedes Benz was parked in a parking space not far from the entrance, and three people got down from the car, two of them were Wu Zhihe and Zheng Yuxiu, one of these two was wearing a shirt and trousers, his hair was combed with oil, looking very handsome, while the other was wearing a long skirt, looking both sexy and somewhat sultry.

These two stood together, they were a real eye-catcher for others!

However, apart from them, there was another man of about thirty, dressed in a suit, getting out of the back seat next to them. That seat, according to the system, was a seat reserved for leaders.

This meant that this man, who was in his prime, should be of a higher status than Wu Zhihe and Zheng Yuxiu.

In Ji Feng's mind, someone immediately came to mind.

And the next words of Ji Shaolei just confirmed this suspicion of his.

"Humph!"

Ji Shaolei couldn't help but sneer, "Who else could there be? It's just that guy Wu Zhiyong! He still looks like a man, dressed like a lord, he really thinks he's a big shot. San'er, this time I didn't expect Wu Zhiyong to come too, I'm afraid this opening ceremony is a bit lively."

"Is Wu Zhiyong here to smash the scene, or to dissuade Rong Suyan?" Ji Feng frowned slightly and deliberated secretly.

If it was because Rong Suyan had come out privately to open her own company and was clearly trying to leave a way back for herself, and Wu Zhiyong couldn't stand the sight of it and wanted to come over to teach Rong Suyan a lesson, perhaps this could be justified. The company's main goal is to provide a solution to the problem.

The relationship between Rong Suyan and the Wu family is much deeper, far from the friendship between himself and Rong Suyan. The company's main business is to provide a wide range of products and services to the public.

When the time comes, once Rong Suyan reunites with Wu Zhihe again, or rather, even if the two break up, but Rong Suyan can still help the Wu family, then Ji Feng's previous efforts will be in vain

"San'er, what's on your mind?" Ji Shaolei asked.

Ji Feng shook his head and smiled and said, "Nothing, just thinking about this sudden appearance of Wu Zhiyong, will it put a lot of pressure on Rong Suyan, when the time comes Rong Suyan may change her mind again!"

Ji Shaolei nodded thoughtfully and then laughed, "It's not a problem, if between Rong Suyan and Wu Zhihe, they will really get back together, then we don't have to worry too much, if they get back together, then we can totally still keep them apart again?"

“How so?” Ji Feng asked with a smile.

“Originally our established strategy was to use the rise of the De Xing Electronics Factory to crush the Red Light Company in one fell swoop, thus causing a rift between Rong Suyan and Wu Zhihe?” Ji Shaolei laughed, “Now that the effects of this plan have not yet come out, what is there to worry about?”

Ji Feng thought about it carefully, but that was true.

The consequences of defeating the Red Light Company must be that the Rong Peng Group will all have to suffer a good deal of physical pain, and it would be strange if the Wu family did not complain about Rong Suyan then, not to mention the fact that Rong Suyan wanted to break away from the Wu family again before By then, the conflict between Rong Suyan and the Wu family would still intensify, and the result would be the same, it was just a matter of time.

“Don’t think so much about it now, we still don’t know what exactly Wu Zhiyong is trying to do here!” Ji Shaolei laughed, “Let’s see what happens”

Chapter 984

“Second brother, guess if Wu Zhiyong is really here as a lobbyist, will Rong Suyan go back again?” Ji Feng looked at the office building across the road and couldn’t help but ask.

Ji Shaolei shook his head and said, “I don’t know much about Rong Suyan as a person, but I guess there are still feelings between her and Wu Zhihe, otherwise, the Wu family wouldn’t be comfortable leaving the Rong Peng Group in the hands of Rong Suyan’s father and daughter. I used to think that it was Zheng Yuxiu who was in charge of the Wu family’s hidden assets, but only later did I learn that it was Rong Suyan, so we can see that the Wu family still holds Rong Suyan in high regard!”

Ji Feng was silent for a moment, his heart more or less uncomfortable. A woman like Rong Suyan has the brains, the ability and the looks to be stunning, but how did she follow Wu Zhihe?

And is so devoted to it!

The fact that Wu Zhihe is clearly a straw man is so attractive?

“I really feel bad for Rong Suyan!” Ji Feng shook his head, “If she’s persuaded back by Wu Zhiyong again this time, that would be really stupid!”

“Hehe” Ji Shaolei couldn’t help but laugh, “Do you really feel unworthy for her, or do you think that, while Wu Zhihe is no match for you, Rong Suyan has a preference for Wu Zhihe and not you, making you feel uncomfortable in your heart?”

“No matter!” Ji Feng couldn’t help but lose his smile.

Ji Shaolei, however, laughed meaningfully, “San’er, don’t deny it in front of me yet, I think, if you really feel this way, then it means, you are interested in Rong Suyan, think about it yourself!”

“I’m interested in her?” Ji Feng smiled and shook his head, “Impossible!”

Ji Shaolei stretched his hand, did not say anything, but the meaning was obvious, whether there is interest or not, it is not for me to say, you think about it yourself.

Ji Feng was then silent, while in his heart he was asking himself, "Is it really interesting?"

.....

"Su Yan's Rong's venture capital company, is here?" Looking at the office building in front of him, Wu Zhiyong couldn't help but ask faintly.

"It should be, I haven't been here before either, I just found out the address, it should be right here." Wu Zhihe said hatefully from the side, "This woman, she's simply watery! Over there, I haven't even formally proposed to break up with her yet, and she actually opened her company to Jiangzhou, this is the Ji family's territory! Bitchy woman!"

He couldn't help but curse hatefully, his mind had involuntarily recalled the scene at the Wanli Club that night, and his heart became even angrier.

"Humph!"

But Wu Zhiyong's face sank, "Still saying such things even now? If you had treated Su Yan properly, would she have followed someone else?!"

"Of course I treated her well, it's her who didn't keep to herself." Wu Zhihe said somewhat unconvincingly, "I don't know what's going on in her head, how dare she treat me like this, she doesn't think too much of our Wu family, does she? If you piss me off, see if I don't put her"

"That's enough!"

Wu Zhiyong immediately shouted lowly, directly interrupting Wu Zhihe's words as he reprimanded, "I don't want to hear such words again in the future, otherwise, you will immediately go back to me!"

Wu Zhihe then instantly shrank back in fear, not daring to speak again.

Wu Zhiyong shook his head slightly, sighed lightly and said, "Zhihe, this is not how you do things, you have to learn to control your temper, you have to learn to be measured, and you have to learn how to do things. Otherwise, why would I have to come to Jiangzhou?!"

In fact, Wu Zhiyong's coming to Jiangzhou was itself a very helpless thing. In his heart, he was also suppressing extreme anger, as well as a strong hatred.

This anger was directed at his younger brother, Wu Zhiyong, and it was hard to say who this hatred was directed at, but at least, Ji Feng and everyone in the Ji family were included.

If he could choose, Wu Zhiyong would never have chosen this time to come to Jiangzhou.

The original plan that he had already made was to have his brother Wu Zhihe, together with Rong Suyan and Zheng Yuxiu, take advantage of the terrifying energy of the Rongpeng Group to take the lead in defeating several generals of the Ji family, and then start to withdraw when the Ji family was about to rebound, and then carry out various attacks in secret, with the sole purpose of creating trouble for the Ji family and finally sniping the Ji family anyway!

But what Wu Zhiyong didn't expect was that his plan, which had only just begun to be implemented, had fallen through so quickly and the whole plan had collapsed.

What annoyed Wu Zhiyong the most was that this plan collapsed because Ji Feng had pried his brother's girlfriend.

This bastard actually pried Rong Suyan away, this is simply inexcusable!

Of course, his brother Wu Zhihe's indisputably stupid behaviour had likewise made Wu Zhiyong very angry. Imagine, at such a critical moment, even if he knew that there was something between Rong Suyan and Ji Feng, he couldn't show it so obviously, right?

The fact that the woman around you is eating out of the bag is indeed very disgusting and irritating. The actual fact is that you've got to find a way to solve the problem, no matter how irritating it is, right?

And Wu Zhihe's solution to this matter was really simple – he had a big fight with Rong Suyan and scolded her severely, and then the two of them had a complete breakdown!

This was Wu Zhihe's solution!

As soon as he heard this, Wu Zhiyong's lungs simply exploded with anger. Wu Zhihe was a fool, he was really good!

If you look at this issue from a different perspective, you will understand why Wu Zhiyong was so angry. First of all, the ability of this woman, Rong Suyan, has been fully proven in the past few years, and the Rong Peng Group, in her hands, has developed momentum so well that people can't even believe it!

Moreover, some time ago, Wu Zhiyong seemed to have heard Rong Suyan mention the next strategic idea of the Rong Peng Group, once such a talent left, it would be a huge loss for the entire Wu family!

Therefore, even if Rong Suyan was really likely to be pried away by others, this side should still try its best to retain her.

The so-called coercive means is definitely not to detain Rong Suyan, let alone to get angry with her and scold her, but to start from her weak point.

What is Rong Suyan's weakness? Her family, of course!

If it was up to Wu Zhiyong to do this, he would first set up a trap to get Rong Peng to go in honestly, or just tie him to the same chariot, so that we can all prosper together and lose together.

As long as Rong Suyan dares to rebel, then Rong Peng will be implicated!

At this time, would Rong Suyan still dare to leave?

The two methods, the carrot and the stick, should be applied at the same time so as to have the best effect, instead of shouting at her and not giving her a bit of face, resulting in forcing her to form her own Rong venture capital company directly in Jiangzhou!

So, to have this result, Wu Zhihe's stupidity definitely played a crucial role!

This was why Wu Zhiyong was so annoyed, but this fool was his own brother, the most he could do was to scold him and beat him up, apart from that, what else could he do?

Therefore, Wu Zhiyong really had no other choice but to be annoyed.

Ji Feng and the Ji family were a thorn in his side, and he didn't want to get rid of them all the time, but he couldn't get rid of them for a while.

Especially for Ji Feng, Wu Zhiyong hated him even more.

This is the guy who shamelessly snatched Rong Suyan from Wu Zhihe's side. Taking away someone's wife and daughter is like killing their parents, how could Wu Zhiyong not hate him?

However, Wu Zhiyong did not think about the fact that he had also snatched He Hongwei's girlfriend from He Hongwei's side back then, and he did not take it seriously, he was just playing casually to vent his hatred, that kind of practice, I am afraid, is even more shameless than Ji Feng.

What's more, Ji Feng didn't snatch Rong Suyan away, he was only acting as a businessman who wanted to work with Rong Suyan, not using emotional means to snatch her away.

This is the kind of person who has the kind of ideas. Wu Zhiyong himself had used this method to combat his opponents, so he just felt that others would surely use the same method against him, or his brother Wu Zhihe.

"Big brother" Wu Zhihe could not help but call out when he saw his big brother lost in thought.

"Oh?!"

Only then did Wu Zhiyong react and waved his hand, "Oh! Just now thinking about something, let's go, let's go in and find Suyan, when the time comes, you do what I taught you when you came, make sure to get Suyan back, remember?!"

As expected, Ji Feng's guess came true, Wu Zhiyong had indeed come to Jiangzhou this time to persuade Rong Suyan to change her mind.

Although Wu Zhihe was a bit reluctant in his heart, but since Wu Zhiyong had given his word, he could only nod his head: "Big brother, I will listen to you when the time comes, can't this be done?"

"Let's go!" Only then did Wu Zhiyong nodded in satisfaction.

.....

"Mr. Rong, congratulations!"

"Su Yan na, wish you a great opening, with your ability, this Rong's venture capital will definitely have good results!"

"The ability of Mr. Rong is beyond words, in a word, you can not be convinced!"

"That's for sure..."

In the lobby of the office building, a group of guests were exchanging pleasantries with Rong Suyan, while the latter was wearing an elegant smile on her face, receiving each and every guest who came to congratulate her with ease and calmness.

Many of these guests had come all the way from Southern Guangdong, and some were bosses from Jiangzhou and nearby cities, basically all of them had business dealings with Rong Peng Group and had dealt with Rong Suyan.

In fact, from the time Rong Suyan took over the Rong Peng Group, her ability was gradually displayed and her excellent business acumen surprised many old people who had been in the business world for many years, so her prestige was naturally very high!

Chapter 985

Just as the hall was buzzing with activity, a receptionist hurriedly ran over and whispered a few words in Rong Suyan's ear, and the latter's face instantly changed slightly.

Immediately, Rong Suyan's face returned to normal as she said softly, "Invite them to the small parlour."

And then she turned her head to greet the guests again, and took the lead in walking towards the small parlour.

Sitting on the sofa in the small parlour, Rong Suyan could not help but rub her forehead and secretly sighed softly, "What is supposed to come is going to come after all, I just hope, he will not go too far and still remember a little of the old feelings"

Rong Suyan gently shook her head again, "With Zheng Yuxiu around, it would be strange if he could still remember his old feelings"

A few moments later, Wu Zhihe and the three of them came to the small meeting room, and to Rong Suyan's surprise, Wu Zhiyong actually came too.

"Big brother?" Rong Suyan was instantly stunned.

Wu Zhiyong immediately revealed a kind smile, "Suyan, now that you can still call me big brother, this is enough to show that you and Zhihe are not genuinely trying to have a conflict, which is much more reassuring to me. I thought before that you would throw us out, huh"

Rong Suyan instantly laughed, "How could that be, big brother has always taken care of me, how would I dare to kick big brother out!"

"Hmm! I knew you were still a person who remembers old feelings, Suyan!"

Wu Zhiyong looked like a big brother, smiled and sat down, said: "Suyan, today I came here, mainly to bring Zhihe to apologize to you, this brat sometimes has a bad temper, speaks without thinking, and has no control over his mouth, if there is any misunderstanding between you two, I hope you don't take it to heart, and bear with me a little more! "

Rong Suyan could not help but fall silent, smiled and did not say anything.

Wu Zhiyong then gave a wink to Wu Zhihe, who hesitated for a moment before saying, "Suyan, you also know me, I'm just this kind of temper, sometimes I don't even know what I'm saying when I'm angry, so don't be angry, okay?"

Rong Suyan smiled and still did not say anything, but in her heart she was not moved at all. Nowadays, she was no longer the little girl who could be coaxed by just a few words.

What's more, she had already seen through Wu Zhihe, and the emotional stirrings in her heart had long since calmed down. Now she would only analyse calmly and use her intelligence as much as possible to resolve the dilemma for herself and her family.

In fact, her heart had already been broken by Wu Zhihe, and if a few simple apologies could make everything as if nothing had happened, it would be too much of a child's play.

She, Rong Suyan, was a living, breathing human being, not a doll that could be moved around at will.

Wu Zhihe's previous behaviour had really disappointed Rong Suyan completely.

However, she could not take a stand easily now, because she was not alone, behind her, there was also her family. Having been with Wu Zhihe for all these years, she knew very well the way people of the Wu family did things.

Ruthless, and trying to save face! This is one of the most obvious characteristics.

At the beginning, just because she, Rong Suyan, was only a businessman, the Wu family said that if she was with Wu Zhihe, it would not be good for the Wu family, so they rigidly did not let Rong Suyan get engaged to Wu Zhihe, and at that time, it was Wu Zhiyong who personally approached Rong Suyan to talk about this matter.

Of course, the Wu family naturally would not say so, according to Wu Zhiyong, because the assets of the Rong Peng Group are too huge, and the Wu family is in the political world, so it is not good for the two sides to combine openly, otherwise, it will cause other factions to attack the Wu family, which will bring very serious consequences.

But Rong Suyan has is not a fool, how can she not understand?

Only, at that time, because of various reasons, Rong Suyan nodded to Wu Zhiyong's request and did not insist on being engaged to Wu Zhihe, but took a step back, and as a result, Zheng Yuxiu came in

Imagine, when the Wu family for the sake of face and perhaps a little bit of attention to the impact of the intention, can be born to break up Rong Suyan and Wu Zhihe who have been in love for many years, then, now if Rong Suyan really collapsed with the Wu family, they can not be so easy to give up?

Therefore, Rong Suyan both wanted to leave the Wu family and did not dare to take a stand easily.

In fact, she had several intentions in setting up this Rong's venture capital company, one of which was to test the reaction of the Wu family, but now it seems that the reaction of the Wu family is really fierce, and as soon as the company was set up over here, Wu Zhiyong personally came to Jiangzhou, thus it is evident!

"Suyan" "Seeing that Rong Suyan only smiled but did not respond positively to his apology, Wu Zhihe could not help but frown slightly, remembering the way she and Ji Feng were talking and laughing when they were together, a surge of anger rose in his heart and was about to flare up.

“Oh” Wu Zhiyong however laughed, instantly causing Wu Zhihe to hastily suppress the anger in his heart and not flare up, but his anger was even greater than earlier.

“Suyan, I know that some of Zhihe’s actions may have broken your heart, but you also know that he is just a jerk who doesn’t even know what he is doing all day long, and if it wasn’t for your assistance by his side all these years, I’m afraid he would have been a useless little fop!”

Wu Zhiyong said, “But now he knows he’s wrong, and besides, one should always give people a chance to correct themselves, don’t you think so?”

“Yes, Suyan, no matter what, you always have to give me a chance to correct myself, don’t you?” Wu Zhihe followed suit, but in his heart he was irritated. He had had problems with Rong Suyan before, but when had he ever been so lowly?

But this Rong Suyan was so good, she still looked like she was indifferent even though she was like this, she really thought that she could not live without her, right?

“If you piss me off, I’ll kill you.” Wu Zhihe gritted his teeth and was fierce in his heart!

“Big brother, since you’ve come all this way, I’ll tell you plainly!”

Rong Suyan sighed in her heart, and finally gritted her teeth and said, “Between Zhihe and I, we can no longer be considered to be in conflict, but the two of us are having problems with our relationship, strictly speaking, there is no longer any relationship, and if we force ourselves together anymore, it won’t lead to anything ”

When these words came out, Wu Zhiyong immediately frowned, while Zheng Yuxiu, who was next to him, had an imperceptible flash of joy in his eyes.

“Suyan, it’s too absolute for you to say that, isn’t it?” Wu Zhiyong frowned, “I’ll take it that you’re speaking out of anger, how about this, you give Zhihe another chance or let him correct himself.”

“Big brother, I’ve just said it all, between the two of us, there really aren’t any feelings anymore, through a lot of things, I already know my own heart and understand Zhihe’s thoughts, so you should stop forcing me, okay?”

Wu Zhiyong looked deeply at Rong Suyan for a long time and did not say anything.

Instead, Rong Suyan looked directly at him, half-avoiding to show her determination to leave.

Next to him, Wu Zhihe’s face turned blue for a while, with a strong anger suppressed in his eyes, looking like he might explode at any moment.

Zheng Yuxiu, on the other hand, was the opposite, she looked as if she could not understand, said:

“Cousin, what are you talking about this is I know you are saying all the angry words, this is not big brother is here, you do not say this, quickly give big brother to apologize, we are still good sisters in the future! ”

The actual fact is that you can find a lot of people who are not able to get a good deal on this.

“You are” Zheng Yuxiu choked, and finally could only shake his head and sigh: “Alas, you still have the same temper, no one can persuade you to do what you have decided!”

“Since you know my temper, don’t waste any more words.” Rong Suyan said indifferently. For this cousin, she really had no good feeling at all, let alone affection, a cousin who could make trips for herself secretly and even constantly sow discord, could she still have any affection to speak of with her?

Zheng Yuxiu’s eyes instantly flashed with a hint of chagrin, she gritted her teeth, hummed and finally stopped talking.

Only, in her heart, she was secretly saying, “Just keep on being noble and smug for a while longer. When you and your father are under the suspicion of the Wu family and the power of the Rongpeng Group falls into my hands, I’ll see how you can still be smug

“Hehe,” Wu Zhiyong suddenly laughed, “Su Yan na, it seems that you have already made up your mind?”

“Yes, big brother, I’m sorry.” Rong Suyan said.

“That’s good, anyway, the young couple is good together, even if you two can’t be lovers anymore, but you can still be friends” Wu Zhiyong said, “So be it, I won’t keep you here, either. Today happens to be your opening day in the future if you have any difficulties, you can still look for me, I still have some things to do, I have to go first!”

“Big brother!”

Rong Suyan suddenly called out to him and said, “Big brother, regarding the equity issue of Rong Peng Group, my father has already asked the lawyer to draw up the documents, please ask big brother to arrange someone to go over and take over.”

“Mm!” Wu Zhiyong nodded his head and did not excuse himself in the slightest. He then left the small parlour with a big stride.

When Wu Zhihe and Zheng Yuxiu were leaving, they were each with different expressions.

Wu Zhihe had a furious look on his face, his eyes almost spitting out fire, clearly irritated to the extreme.

Zheng Yuxiu, on the other hand, had a look of hidden smugness in her eyes as she glanced at Rong Suyan, twisted her waist and left at a merry pace.

Looking at the closed door, Rong Suyan could not help but sigh lightly, finally came to an end, this time, is completely clear with the Wu family, also do not know, the Wu family will use what method to the other side of their own

In fact, Rong Suyan really did not want to separate from the Wu family so soon, not because she could not give up the power of the Wu family, but because she had to think about her family.

But I didn’t expect Wu Zhiyong to come in person, and to come so quickly, and to press hard, and to make sure that she made a stand.

Under such circumstances, Rong Suyan could only choose to speak straightforwardly.

She was also clear that after she said these words, she might become an enemy of the Wu family and, moreover, there was absolutely no room for any reprieve, unless she went back to beg the two brothers, Wu Zhiyong and Wu Zhihe,..... but that was obviously not possible.

Rong Suyan very decisively picked up the phone, she had to inform her father that she should be careful these days

Chapter 986

When the three of them left the office building where Rong's Ventures was located, Wu Zhiyong's face immediately became ugly, as gloomy as water, and it was obvious that he was in an extremely unhappy mood.

Wu Zhihe was even worse, he was walking very fast, his steps were very big, he was breathing heavily and his eyes were almost spitting out fire.

"This woman is abominable, giving shame!" Wu Zhihe gritted his teeth and said, "Since she is so insensitive, let's just take back the Rong Peng Group and tear down this bullshit investment company of hers, so that she knows that she is nothing after leaving the Wu family!"

"Shut up!"

Wu Zhiyong roared, "It's all your doing!"

"Why are you blaming me again, " Wu Zhihe shrank back in fear and muttered in a small voice, "It was that woman who was watery and hooked up with Ji Feng, it wasn't me who drove her away. Besides, how pure she pretended to be all day long in front of me, who would have thought that she was actually such a woman"

"You're a pig brain!" Wu Zhiyong scolded angrily with hatred, "Rong Suyan has followed you all these years, so she's considered to be affectionate, right? Even if she likes Ji Feng now, then let me ask you, if you know that she likes Ji Feng, what should you do?"

"I" Wu Zhihe just wanted to answer, but the words were on his lips, he swallowed them back raw and asked carefully, "Big brother, what should I do then?"

"When you have a rival competing with you for the same thing, the first thing you have to do is not to keep an eye on your stuff, but to directly fight off your rival so that he no longer dares to grab it from you, this is the way to solve the problem once and for all!" Wu Zhiyong snorted coldly, "But what have you done?"

Wu Zhiyong said angrily, "Did you have a big fight with Rong Suyan? Did you hit her? You are trying to keep her by your side! But I'm telling you, Rong Suyan is not a thing, she's a person, so you should not try to tether her, but beat your rival, or even just beat her to death, that's the only way!"

Wu Zhihe then stopped talking, in fact at that time, once he thought that Rong Suyan actually had a crush on Ji Feng, then how could he still suppress his fire?

Now that he thought about it, at that time, if he had taken a different approach and not argued with Rong Suyan, but instead just defeated Ji Feng, Rong Suyan might not really have left just like that.

“Forget it, it’s too late for all this now.” Wu Zhiyong shook his head slightly, “Rong Suyan has already resolved to separate from you, so let’s not discuss this issue anymore, but I hope you can learn from this incident and know what you should and should not do after encountering things! If not, you might fall even harder than you are now!”

Wu Zhihe nodded his head in a panic: “Big brother, I remember. Then now on Rong Suyan’s side, what should we do?”

“What else can we do?” Wu Zhiyong said without good grace, “Since she has already worked out all the equity agreements for the Rong Peng Group, then you should take someone to Nan Yue and take over the equity first, then arrange for someone trustworthy to take control of the Rong Peng Group.”

“Big brother, I’m still a bit unsure.” Wu Zhihe said, “Look, when the Rongpeng Group was first established, Rongpeng contributed 30 percent and we contributed 70 percent, now if we rewrite the shareholding, how much should we take?”

“What should take how much?” Wu Zhiyong frowned and his face sank, “Will you grow a brain?”

Wu Zhihe shrank back and said in a low voice, “I’m not sure, that’s why I’m asking you!”

“You! You’re such a” Wu Zhiyong said with hatred before saying, “Without the Wu family’s support, even if he was capable, Rongpeng Group would never have grown to this point! Now he still wants thirty percent of the equity? Do you think it’s possible?”

“Then” Wu Zhihe asked carefully, “How much does big brother think is appropriate for us to take? Ninety percent?”

“Rong Suyan formed this Rong Venture Capital Company, the registered capital should be quite a lot, right?” Wu Zhiyong suddenly asked, appearing to be clueless.

“Huh?” Wu Zhihe could not help but be slightly stunned and did not react.

However, Zheng Yuxiu beside him immediately understood, and she hurriedly said, “Big brother means that Rong Suyan set up Rong’s Venture Capital, and this capital must have also been earned through the Rong Peng Group, in which case, it would also be equivalent to repaying the thirty percent of equity invested by Rong Peng back then, so the Rong Peng Group should all be recovered, right? ”

“All of it is recovered?” Wu Zhihe was stunned, “Big brother, is that what you mean?”

Wu Zhiyong, however, did not answer positively, but said indifferently, “Yuxiu’s brain is much better than yours! I really don’t know what you’ve learnt over the years, picking up girls? Or something else?”

After saying that, Wu Zhiyong took a few quick steps and took the lead to get into the car, no longer paying attention to Wu Zhihe.

“She’s got a better brain than me?” Wu Zhihe was quite unconvinced, “I’m much smarter than her, right?”

He was not convinced, but in fact, Wu Zhihe was secretly happy, his elder brother was ruthless enough, he wanted to directly take back all the assets of Rong Peng Group, which was the same as, directly

making Rong Peng and Rong Suyan lose all their money. They have only gained some fame and a Rong's venture capital over the years, but nothing else.

In that case, I'm afraid Rong Suyan would be so sorry that her intestines would turn blue!

The moment he thought of Rong Suyan's face full of remorse, Wu Zhihe's heart was much happier, he sneered in his heart: "Dare to betray me, pretending to act in front of me, but outside is so watery, actually even with that Ji Feng to get together, since this, then don't blame me for being merciless, directly take back the Rong Peng Group, I see how you still end up this time!"

"What are you still standing there for, get in the car!" Wu Zhiyong lowered the car window and shouted lowly with a sullen face.

In fact, Wu Zhiyong was in a very bad mood. Not for any other reason, just because of Rong Suyan's betrayal, the Wu family was missing one of its main generals, especially the Rong Peng Group, even if another person was sent to take control of the Rong Peng Group, it would still take a long period of time to start functioning.

What's more, there are not so many talents like Rong Suyan, it's not like dirt and rubbish, there are all over the place, a good talent, or many teenagers are hard to find one.

It was precisely because of Rong Peng's extraordinary business acumen that the Wu family cooperated with him to set up Rong Peng Company in Southern Guangdong, which later became Rong Peng Group. When Rong Suyan joined, the Rong Peng Group immediately started to take off, giving the entire Wu family a feeling of having found a treasure.

But now, this treasure has left them of her own accord and has thrown herself into the arms of a rival, which would not make anyone feel too good.

The two of them, Wu Zhihe and Zheng Yuxiu, hurriedly got into the car before Wu Zhiyong said faintly, "Apart from taking over the Rong Peng Group, pay more attention to the Rong's venture capital in Jiangzhou."

Since the break has already been made, there is no need to feed the tiger as a problem, if Rong Suyan is allowed to develop, it is likely to pose a huge threat to both Rong Peng Group and the Wu family, after all, Rong Suyan knows too many things, which, among other things, includes some of the Wu family, some details of Rong Peng Group.

If Rong Suyan turned around and tried to deal with the Rong Peng Group, with her knowledge of the Rong Peng Group, she would simply be defenceless at that time.

Wu Zhiyong does not like to be dealt with in this way, so he must deal with Rong Suyan in advance, the first to strike is the strongest, if you wait until things are irreversible, or when the opponent has grown to a certain extent before striking, that is undoubtedly extremely stupid.

Wu Zhihe nodded and asked again, "Big brother, if Rong Peng does not agree to hand over all of the Rong Peng Group, what should we do?"

"What do you think?" Wu Zhiyong asked indifferently and rhetorically.

Wu Zhihe then understood what Wu Zhiyong meant, and he immediately said, "Big brother, I understand! I will definitely take all of the Rong Peng Group over!"

"Let's go!" Wu Zhiyong leaned on slightly closed his eyes, on the back of the seat faintly is said.

.....

"See, Wu Zhiyong left." In the cafe across the road, Ji Shaolei smiled and said, "Leaving so soon, could it be that Rong Suyan has gone back to the Wu family's camp?"

"Maybe the talks fell apart, can't say." Ji Feng laughed.

"There is that possibility." Ji Shaolei said, "However, Wu Zhiyong has personally stepped in, so how can Rong Suyan not refuse so quickly? Isn't she afraid that the Wu family will deal with her, as well as her family?"

"Things have come to this point, it's better to drag it out than to reject it outright. If it were me, I would definitely be the one to make things clear face to face, and from then on we'll all go our own way." Ji Feng said, "Just now when Wu Zhiyong came out, his face was not very nice, obviously Rong Suyan should be doing just that!"

With Ji Feng's eyesight, it was too easy to see the expression on a person's face across the road.

He had clearly seen just now that Wu Zhiyong was walking out of the office building with a gloomy face, while Wu Zhihe also looked righteously indignant and muttered a few words.

So it was obvious that Wu Zhiyong and the others should have fallen apart with Rong Suyan.

"Completely collapsed?" Ji Shaolei mused, "If that's the case, then we can go over there, anyway, Rong Suyan has completely broken up with the Wu family, so if we show up at this time, we won't drag her down, instead we can also comfort and console her San'er, what do you think?"

Ji Feng deliberated slightly for a moment before nodding his head and saying, "Hmm! What you say is very reasonable. After losing this big tree of the Wu family, now Rong Suyan's heart, I'm afraid, is not only a little helpless, she is probably still worried whether the Wu family will retaliate against her, we can indeed comfort her by going over at this time!"

Chapter 987

Ji Feng guessed correctly that Rong Suyan was indeed worried about the Wu family's retaliation.

"Suyan, have you really made up your mind?" On the phone, Rong Peng was still a little unsure.

"Dad, it's not a matter of deciding or not deciding, but I've already had a showdown with Wu Zhiyong, and they left in a huff after hearing me out."

Rong Suyan said calmly, as if she was stating something that had nothing to do with her, "So that means we have no more choice now, even if we go back to beg the Wu family now, they definitely won't believe us easily anymore, besides all these years, we have contributed a lot to the Wu family, it's time to separate... .."

"Ugh!"

Rong Peng couldn't help but sigh: "In fact, this matter is also my fault, it's all my fault, I was too ambitious at first, I was determined to climb the big tree, want to create a career, so that's why I cooperated with the Wu family, as a result, let you meet Wu Zhihe, that kid is also not a successful thing"

"Dad, let's not talk about this, it's all in the past." The actual fact is that you'll be able to get a lot more than just a few of these.

Rong Suyan knew very well that if one did not have enough connections and contacts to do business in China, one could at most make a modest living, which was already considered very good.

Like those big tycoons and big bosses, they all have a big network of connections, and some of the bosses even have both black and white connections.

Now everyone knows that Rong Suyan is a business wizard, but her father, Rong Peng, is also a very powerful person. Rong Suyan probably inherited Rong Peng's excellent genes to have such a business mind.

It is only natural that a person like Rong Peng would not be willing to be lonely and want to make a career, so it is only natural that he would choose a backer.

"Suyan, you don't have to comfort me either." Rong Suyan said, "To say the least, in my life, my father has been successful in everything he has done, but with you, he has really failed. But for the sake of the group's development, I didn't stop you. Even when Zheng Yuxiu interfered later, I"

"Dad, just stop it!" Listening to her father's words that were full of guilt, Rong Suyan couldn't help but feel sour in her heart, she knew that although her father was somewhat obsessed with power and a bit ambitious, in reality, he still cared a lot about himself.

"Say no more, say no more" Rong Peng was more or less emotional as he said, "Also, since you have made your decision, then I, as a father, will definitely give you my full support, without saying anything, I can't let money push my daughter into the fire just because of money!"

Rong Suyan couldn't help but have a sour nose, almost didn't drop tears, she hurriedly took a few deep breaths before saying, "Dad, I think you'd better sign the papers first, and then arrange for someone to wait in Nan Yue while you come to Jiangzhou, when the time comes, let the lawyer do anything, also save you from danger, I'm worried"

"Silly boy, what's there to worry about, the Wu family would be too stupid if they really went after me" Rong Peng smiled, "Don't worry, when I've handed over the formalities with the Wu family, our whole family will move to Jiangzhou. By then it's just as well to keep your brother close by and visit him when you have time."

"Mm!"

Rong Suyan replied, "That would be best."

When she hung up the phone, Rong Suyan was a bit dazed.

Although Rong Peng said it very easily, she knew that those people in the Wu family were not kind-hearted people, and it was true that Wu Zhihe would not have too deep a heart, and should not lay

hands on herself and her family, but it was hard to say about Wu Zhiyong, and Wu Zhihe had even said that his elder brother was very powerful if he wanted to deal with people.

And according to what Rong Suyan had learned over the years, Wu Zhiyong was indeed a very tricky character, which made her unable to stop worrying.

“Knock, knock, knock!” A knock on the door suddenly sounded.

Only then did Rong Suyan come back to her senses and raised her voice, “Come in!”

The receptionist walked in and said, “Mr. Rong, there are two guests visiting, saying they are your friends and want to see you

“Just have them wait in the lobby, won’t you?”

Rong Suyan said, she was now a bit agitated in her heart, where was she in the mood to meet any friends.

“One of them said that his name is Ji Feng!” The receptionist said, “He said that as long as his name is said, you will definitely see him.”

“Young Ji is here?” Rong Suyan was slightly stunned, then immediately said, “Quickly please!”

The receptionist then nodded and went out, she also had some suspicions in her heart, the boss agreed to the other party’s name as soon as he heard it, could it be that this Ji Feng was the boss’s boyfriend?

Hmm! Those two men were both very handsome and had a very special temperament, I’m afraid that only one like them could be worthy of the boss.

A few moments later, Ji Feng and Ji Shaolei walked in with big steps.

“Mr. Rong, congratulations!” Ji Feng said smilingly, “The fact that Rong’s Ventures has just opened its doors and is so scenic is enough to show Mr. Rong’s connections and strong social skills, I think that with Mr. Rong’s business acumen, the business will definitely not be bad in the future!”

Ji Shaolei also nodded and smiled next to him.

Rong Suyan laughed lightly, “Young Ji, you didn’t come here specifically to poke fun at me, did you?”

“Where, what I said is the truth!” Ji Feng laughed.

Rong Suyan pursed her lips and laughed lightly, “Ji Shao’s truth is a bit less than sincere, whether you can have business in Jiangzhou in the future, you will have to rely on Ji Shao to take care of you more. Please sit down, both of you.”

Ji Feng and Ji Shaolei sat down on the sofa, the three exchanged pleasantries for a few minutes before Ji Feng said, “Mr. Rong, I just saw Wu Zhiyong across the road, he wouldn’t be looking for trouble, right?”

“What if I said yes?” Rong Suyan looked at Ji Feng with a smile and said, “If Wu Zhiyong is really looking for trouble, and I’m a weak woman who can’t fight with that magnificent young man, I wonder if Ji Shao will help out?”

Ji Feng then laughed, Rong Suyan had words in her mouth, she was obviously testing herself, whether she would help her against the Wu family.

“Mr. Rong, I told you a long time ago that I would love to work with you, and as for Wu Zhiyong coming to trouble friends, that’s my trouble, I definitely won’t stand by and watch!” Ji Feng knew that the most important thing at this time was to give Rong Suyan a clear answer, otherwise, Rong Suyan would likely be unable to resist the pressure of the Wu family and fall back over.

And this, definitely, was not what Ji Feng wished to see.

“Oh? Is Ji Shao serious about this?” The smile on Rong Suyan’s face was gone, she just stared straight at Ji Feng, a strange color flashed in her beautiful eyes.

“It’s true!” Ji Feng said resoundingly.

“I think Mr. Rong should also know what kind of relationship we have with the Wu family now, and the purpose of Red Light’s investment in Huahe County is very clear to everyone, do you think we will confront the Wu family?” Ji Shaolei laughed next to him.

“With these few words from the two of you, I am relieved.” Rong Suyan nodded slightly, “To be honest, I have already had a showdown with Wu Zhiyong, and probably within a few days, the old boss of Rong Peng Group will be replaced.”

Ji Feng’s words were undoubtedly the same as giving Rong Suyan a piece of mind. As long as Ji Feng was willing to help her out and block the pressure from the Wu family, then she had nothing to fear. The most important thing was that so far, Ji Feng had always been courteous and polite to her, without bullying, which was in stark contrast to Wu Zhiyong’s behaviour.

Who was good and who was bad, Rong Suyan could naturally tell clearly.

That was why she had explained to Ji Feng that she no longer had any relationship with the Wu family.

“In that case, does Rong always plan to set up his own business?”

Rong Suyan nodded her cicada and pursed her lips and said, “It’s not really a self-made business, it’s just to make a living, and it’s on Ji Shao’s turf!”

Ji Feng was slightly stunned, he didn’t expect Rong Suyan to completely break up with the Wu family so quickly, this woman, she really had guts.

In fact, there were many women who looked foolish, and that was because, they were all living for their beliefs.

For example, there are women who live for their children and live hard, some for their husbands and parents and families, and some, for love.

Rong Suyan is undoubtedly the last type, and when her love is gone, she has no more reason to continue with the Wu family.

And once a woman is ruthless, she definitely has to be more ruthless than a man.

“Since that’s the case, I wonder if there’s any chance for us to work together?” Ji Feng asked with a smile.

“I think there would be an opportunity!” Rong Suyan said, “Rong’s venture capital, is engaged in the venture capital business, if Ji Shao has any good projects, I will definitely participate in them, and I hope Ji Shao can take care of one or two then”

“This is naturally sure, Mr. Rong, you are a talent that I can’t even invite, I can wake up from dreaming if I can work with you!” Ji Feng laughed.

Rong Suyan laughed lightly, “Is Mr. Ji exaggerating? Su Yan is just an ordinary woman, so she can’t afford such praise!”

“Don’t be sour!”

Ji Feng waved his hand, “I’m really not used to you biting off words like that, just call me Ji Feng directly.”

“Then you can just call me Suyan too.” Rong Suyan smiled sweetly at once, and was instantly beautiful.

Ji Shaolei couldn’t help but secretly give a thumbs up next to him and secretly said, “San’er, you’re really good, you’ve actually gotten closer to Rong Suyan in this way, this is better than working together in business and the relationship between the two sides can be more harmonious. It seems that you don’t want to work with Rong Suyan, but to take her under your wing! Awesome!”

Naturally, Ji Feng did not know what was going through Ji Shaolei’s mind, and if he did, he was afraid that he would cry and laugh. In fact, he did want to take Rong Suyan as his own, but definitely not in the way that Ji Shaolei was heading.

Wanting to use a beautiful and talented woman, did he have to turn her into his own woman?

At this point, Ji Feng cares about feelings, if there are feelings, then everything is fine, without feelings, it is better to be friends and confidants

Chapter 988

“Young Ji, let me introduce to you, this is General Manager Wu”

“This is Mr Huang this is my friend, Ji Shao Lei”

The establishment of Rong’s venture capital company did not stir up much of a ripple in Jiangzhou, it was only slightly lively, and after the guests attended the banquet that was held next, they left on their own.

Of course, what those guests talked about with Rong Suyan at the banquet was beyond the knowledge of outsiders.

Ji Feng did not attend the banquet, but let Ji Shaolei stay behind and talk and laugh with Rong Suyan at the banquet, and Rong Suyan would occasionally introduce some friends for Ji Shaolei.

In fact, where did Ji Shaolei need Rong Suyan to introduce him?

If it is said that those who came from South Guangdong do not know the identity of Ji Shaolei, it is understandable, but in Jiangzhou, but there are a few people who have a little face, how many of them do not know Ji Shaolei? This Jian'an Group's boss, the city high official Ji Zhenguo's son, secretly do not know how many people attention!

Therefore, when those who knew Ji Shaolei saw him and Rong Suyan together, they were instantly astonished, this newly emerged boss of Rong's venture capital was actually Ji Shaolei's friend, this was a very important piece of news.

This means that this beautiful woman is not that easy to bully, she has Ji Shaolei as her backer!

This scene of Ji Shaolei and Rong Suyan talking and laughing fell on the eyes of the others, and immediately made them have this realization, a beautiful woman is certainly important, but if they offend Ji Shaolei because of this, it will not be so fun.

And this is exactly the effect that Ji Feng and Ji Shaolei had hoped to achieve.

Since Rong Suyan had completely broken with the Wu family and sought refuge with Ji Feng, Ji Feng naturally had to make some gestures, otherwise it would be too cold for Rong Suyan.

However, Ji Feng himself is not well-known enough, and I am afraid that the number of businessmen who know him in Jiangzhou can be counted on one hand. Therefore, for this kind of banquet, which was similar to a social gathering, Ji Feng could only push Ji Shaolei out.

The identity of Ji Shaolei is undoubtedly very intimidating, many bosses are more enthusiastic about Rong Suyan, when speaking, the posture is also put very low, at least from now on, it seems that Rong Suyan has initially stood in Jiangzhou, as for how to develop in the future, that also depends on personal ability, as well as the opportunities in the future.

.....

The day of Ji Feng has returned to calm, since Rong Suyan set up her own business, it means that in a short time it is impossible to make her work for himself completely, Ji Feng is not in a hurry, at least she left from the side of the Wu family, this is a victory.

The acquisition of the De Xing Electronics Factory in Huahe County and the cooperation with Li Xin of Mingguang Electric are matters that Han Zhong is handling, so Ji Feng doesn't have to worry about them.

However, it is worth mentioning that Han Zhong and Li Xin, two people who have only known each other for less than a month, have actually become good friends.

Judging from the tone of Han Zhong's voice, it seems that both of them appreciate each other's business acumen, which in turn has led to the fact that they often discuss some business topics together, either arguing with each other or seeing the same thing heroically, and often both sides benefit a lot from a discussion.

In Ji Feng's opinion, this is also considered a kind of heroic friendship, right?

Han Zhong naturally needs no introduction, although this guy is slightly fat-looking and his body is almost cylindrical.

However, his ability is unquestionable.

From nothing to something, bringing up a Tengfei pharmaceutical factory, and then having control of the Tengfei Group, from raw to skilled, making the Tengfei Group quickly enter the right track, and also formulating development plans and outlines, which is undoubtedly a manifestation of ability.

Li Xin, on the other hand, is likewise an extremely resourceful person in terms of business.

The hot popularity of Mingguang Electrical Appliances and Li Xin's sober understanding of the high-end and low-end markets speaks volumes about his abilities.

Now that these two have come together, is that not a case of the general meeting a talented man and a chess match?

According to Han Zhong, the discussion between him and Li Xin is no longer just about the cooperation between the two sides, but has already started to consider the future development of the company after the cooperation.

Li Xin and Han Zhong were both people with strategic vision, and when they were together, it was naturally a clash of wisdom.

Knowing this, Ji Feng couldn't help but secretly nod his head, this Li Xin is definitely a rare talent, after all, to make even Han Zhong admire so much, Li Xin's ability naturally needs no further explanation. Therefore, if he could be brought over, the Tengfei Group would at least have one more competent person.

But this is not an easy task, after all, so many big groups have wanted to cooperate with Li Xin before, but they were all rejected by him, so we can see how high-minded this person is.

Therefore, Ji Feng can only hope now that Han Zhong can establish a good relationship with Li Xin, so as to win her over.

But this is not something that can be done in a hurry, it can only be done slowly.

In the meantime, Ji Feng occasionally went to school to look at Xiao Yu, this girl has now also grown up watery and cute, is already a big girl, it is said that there are many people pursuing her in school, but so far have not heard of Xiao Yu in love, Ji Feng also did not pay much attention to this matter.

The fact that she is Ji Feng's sister does not allow anyone to pursue her, the children of the Ji family also have to fall in love and get married!

This kind of peaceful day passed quickly, in a flash, almost a week passed, tomorrow is the beginning of a new week, but at this time, Ji Feng received a phone call that he did not expect.

"....." Ji Feng was sitting in the living room watching TV with Tong Lei and Xiao Yuxuan when his phone suddenly rang.

Xiao Yuxuan brought the phone over from the coffee table, scanned it and handed it to Ji Feng: "It's from Xiang Yongzhan!"

Ji Feng was slightly stunned, Xiang Yongzhan had returned?

Without thinking much, Ji Feng picked up the phone and laughed, "Old Xiang, you've been away for a long time this time, you didn't run away to Mars, did you?"

Between him and Xiang Yongzhan, he had already gotten used to this way of speaking, and in Ji Feng's mind, there wouldn't be anything wrong, after all, the biological bomb inside the white spider had been solved, and there was nothing else going on, so he thought that it should be Xiang Yongzhan who had returned and was calling to report the good news to himself.

The reason was that Ji Feng knew very well that Xiang Yongzhan had actually taken action against the dynasty this time when he went away.

With the guidance of the white spider and the combat power of the special operations brigade led by Xiang Yongzhan, it should not be a problem to take out one or two so-called branches of the dynasty.

Who knew, but a voice came from the phone that was unexpected to Ji Feng: "Young Ji, this is White Spider"

Ji Feng gave a start and then laughed: "Oh, so it's you, why are you calling me on Old Xiang's phone? Where is that kid? How come he didn't call me himself"

Strictly speaking, between him and the white spider, could not be considered friends, before that could even be said to be enemies, except that, later on, Ji Feng helped her to defuse the biological bomb in her body, but whether the white spider would bear his favor, that was not easy to say.

So Ji Feng never expected that the one who called him would be White Spider.

However, before he could finish his words, he was interrupted by the White Spider, who said urgently, "Young Ji, we are surrounded and Captain Xiang is injured"

"What?" Ji Feng was immediately taken aback, "What did you just say? Who are you surrounded by?"

Ji Feng couldn't help the shock in his heart, the white spider's words were too sudden, they were surrounded by someone? Xiang Yongzhan was even injured?

"Ji Feng"

Xiang Yongzhan's voice suddenly rang out over the phone, only, his voice was incomparably weak: "Ji Feng, I might have been poisoned, not only me, everyone except the white spider has been poisoned" Long story short, we are now in a very hidden position, but the surroundings are covered with enemies, trying to break out is impossible, we must be rescued"

Ji Feng frowned tightly and immediately asked, "How am I going to rescue you guys?"

"Contact your little uncle" Xiang Yongzhan spoke in a voice that was getting weaker and weaker, as if he had used up all his strength just by saying these few words.

"You guys have to hold on, I will immediately think of a way to save you guys!" Ji Feng said immediately.

In order to ensure the concealment of his side, Xiang Yongzhan hung up the phone immediately after a simple explanation please.

Ji Feng's eyebrows were tightly furrowed, this matter came too suddenly, Xiang Yongzhan went out on a mission and actually failed, moreover, now they were all caught in a heavy siege, this was simply a bit unbelievable, so Ji Feng was not expected.

However, now was not the time to be shocked. His long training had immediately calmed Ji Feng down. After deliberating carefully for a few minutes, he immediately called his little uncle.

"Little Uncle" As soon as the call was answered, Ji Feng immediately said, "Just now I received a call from Xiang Yongzhan" "

"Don't talk over the phone, you should come to Yanjing immediately, we'll discuss it in detail when we meet!" Ji Zhenping said. His voice was very serious.

Ji Feng then understood that his younger uncle already knew about this matter and was already starting to make arrangements.

Thinking about what Xiang Yongzhan said about letting himself ask Little Uncle, so it was obvious that the matter was already known above, and, most likely, it was Little Uncle's side that would send someone to rescue.

However, now is not the time to think nonsense, have to rush over first, in order to know exactly what happened, now how to guess yourself over here is a waste of time, moreover, it is also likely to delay the battle, to know, Xiang Yongzhan they are already surrounded by the enemy, at any time may be killed, now is to fight for one more second, Xiang Yongzhan may be rescued.

So Ji Feng also did not have half a word of nonsense, immediately said: "then good, I will move to buy a ticket, now there may not be a plane to Yanjing, I will go to first thing tomorrow morning"

Chapter 989

"No need, you go directly to the Jiangzhou military district, there is a military machine there." Ji Zhenping said, "I will make the arrangements, you don't have to worry about that."

Ji Feng was slightly stunned, then he nodded and said, "Alright then, I'll go over there."

After hanging up the phone, Ji Feng looked at Tong Lei and Xiao Yuxuan and smiled, "So what, I have something to do and I have to go to Yanjing immediately, you two are here, be good, remember, never let Han Zhen and Xiao Ying leave you half a step, remember?"

At this extraordinary time, any point should be paid special attention, otherwise, it was likely that many unexpected things would occur, and it would be too late to regret then.

The two girls, Xiao Yuxuan, also realised that something big might have happened, so they nodded their heads.

In fact, they now also had excellent ears, and when Ji Feng called just now, they also heard just a few words and knew that Ji Feng might be in big trouble.

"Ji Feng, you must be careful, pay attention to safety, don't be carefree just because you are good at kung fu, no matter how good your kung fu is, if the other party has a gun, it's still dangerous, understand?" Xiao Yuxuan softly admonished.

Tong Lei looked at Ji Feng and also said softly, "Ji Feng, you don't have to worry about us, the key is that you have to be careful, got it?"

They did not ask what Ji Feng was going to do, because they knew very well that stopping at this time would definitely not stop Ji Feng, Ji Feng's character was really clear to them, moreover, if they said more at this time, it would instead make Ji Feng have more worries, and it would be troublesome to divide his heart at that time.

Ji Feng pinched the two girls' cheeks and laughed: "Just rest assured, those demons and spirits definitely can't do anything to me, but I will definitely be careful too."

"Little Chief, beware all the way!" Little Shadow said.

Ji Feng nodded slightly and said, "Little Shadow, Han Zhen, the safety of Lei Lei and Yu Xuan will depend on you two, I'll have to work hard for you guys during the time I'm not at home, please take care of everything."

"Little Chief is too kind, protecting Tong Lei and Sister Yu Xuan safely and soundly, this is our duty, we will definitely do a good job." Xiao Ying said immediately.

And only then did Han Zhen suddenly say, "Young Ji, don't take too many risks."

Ji Feng was slightly taken aback, to say the least, the one who would say this was Han Zhen, but she said it instead, how strange!

To know that it was Xiang Yongzhan who was in danger this time, with Han Zhen's attitude towards Xiang Yongzhan, the most likely thing she would do was to plead with herself and request that she must bring Xiang Yongzhan back safely, or to save his life. As for whether he was in danger or not, the Han Zhen of the past would never have considered it.

But this time was very strange, Han Zhen actually did not say anything about asking himself to save Xiang Yongzhan, but rather exhorted himself to be safe!

Slightly nodding, Ji Feng couldn't think much about it and said, "Thank you for your concern, I will also try my best to bring Xiang Yongzhan later, all you have to do now is to protect Tong Lei and wait for my news at home line, this is the end, I'm leaving!"

"I'll drive you!" The first thing you need to do is to get out of the neighborhood for ten minutes, and you may not be able to get a car in time, or we can drive ourselves a little faster."

Ji Feng waved his hand and said, "You don't need to send me off."

With Ji Feng's speed, especially in this big night, driving is not as fast as his running speed. He ran wildly along the road, and in just a few minutes, he was out of the district, and it just so happened that there were taxis that came around here from time to time at the entrance of the district, so he casually got into one and instructed the taxi master to go straight to the Jiangzhou Military District.

In the taxi, Ji Feng simultaneously sent a message to Han Zhong, his second brother Ji Shaolei and Xu Yuan and other people he usually contacted, saying that he had something to do and would be away for a few days, and that he could simply dispose of anything at his own discretion in the meantime.

An hour later, Ji Feng arrived at the military camp, and when he gave his name, he was immediately guided into the camp by a special person.

Riding in a military jeep to the military airport within the military area, Ji Feng boarded a plane bound for Yanjing military area.

In the process, he did not delay in the slightest, let alone pause, and the plane was specifically waiting for him, taking off as soon as he boarded it.

With a loud roar, the plane disappeared into the vast night sky.

At two o'clock in the morning on Monday, after the plane landed, Ji Feng took the jeep sent by his younger uncle, Ji Zhenping, and only then did he arrive at a residential house in the outskirts of Yanjing, which was the secret underground military base that Ji Feng had visited before.

This was the second time that Ji Feng came here. The last time he came here was for the military operation against Western Xia, when he teamed up with Xiang Yongzhan and fought a very beautiful war of annihilation, only the head of the Western Xia branch, White Spider, missed the net, but later on, White Spider was recruited.

This time, Ji Feng came to save Xiang Yongzhan.

In the underground base, Ji Feng met Ji Zhenping, who was currently studying something in front of a map with a few middle-aged officers, and was whispering from time to time.

"Report chief, the target has been brought in!" The soldier who led Ji Feng in came to Ji Zhenping and the others and immediately said loudly.

Ji Feng didn't care that he was said to be the target, he just hurriedly walked over and asked, "Little Uncle, what's going on here, how did he get surrounded and poisoned?"

Ji Zhenping waved his hand before saying, "Let me introduce you first, these are all the military chief officers of the base"

With Ji Zhenping's introduction one by one, Ji Feng realized that it turned out that these people's military ranks were not low and their positions were also very important, among them, there was also a current deputy chief of the Red Arrow Brigade, the future chief of the Red Arrow Brigade, as soon as Ji Zhenping was transferred away, this person would be righted.

"Little Feng, you were called here this time because both Xiang Yongzhan and the warriors who had originally operated with you, all highly recommended you to lead this operation." Ji Zhenping said, "Are there any difficulties?"

"There are no problems!" Ji Feng said.

"Good then, I will now start to introduce to you what I believe this mission will be about, you come with me!" Ji Zhenping said, then turned around and went to one of the rooms, several other middle-aged officers also followed.

Ji Feng paused and also immediately followed him over.

“Ji Feng, this operation has only one purpose – to rescue the Special Combat Brigade’s first-in-command, Comrade Xiang Yongzhan!” Ji Feng had just walked into the room when one of the officers said, “But in order to ensure the reasonableness of this mission and the legitimacy of having you lead the team, so, from now on, you will be the supernumerary deputy leader of the Special Combat Brigade, and here are your papers!”

Saying that, the officer handed over an ID to Ji Feng from the drawer.

Ji Feng couldn’t help but be stunned as he took a look at it, only to find that it was indeed his own ID, as the photo on it was indeed himself.

“Here, let me introduce you to the specific plan of this operation!” Another officer came over and didn’t know what he pressed against the wall, and the wall suddenly opened up, revealing a set of maps.

With a glance, Ji Feng could see that this map was much more detailed than those in circulation in the market, and there were many place names marked in red font, and since they were all rather strange words, Ji Feng didn’t know what that represented.

For example, one of them, in red font, said the words Cyclops, and Ji Feng didn’t understand it.

“The Special Combat Brigade’s Captain Xiang Yongzhan, as well as the warriors under his command, are trapped on an isolated island in the East China Sea waters, they should all be poisoned at the moment, their combat power has dropped drastically, and their lives are in danger!” The officer pointed to an island marked by a black circle on the map, marked with a cross, which was obviously where the target was.

What surprised Ji Feng was that this island, which seemed to be between the boundary tent and China, but according to international regulations, it did not belong to the boundary tent, nor to China, and did not seem to belong to any other country, but was a deserted island.

“What is Xiang Yongzhan doing on this island?”

A hint of doubt arose in Ji Feng’s heart, but he didn’t ask out, instead he listened quietly.

“The one besieging the Special Combat Brigade is an unknown armed force, the other side has no heavy weapons and probably numbers between fifty and sixty people”

Ji Feng listened carefully and took note of what this officer introduced, one by one, these things if you can’t remember them, it is very possible that you may lose your life because of it.

At this time, Ji Feng’s combat literacy also comes out, what information is important and what information is not important, he can distinguish at a glance, and, this map he took a serious look at and memorized all of it in his heart.

Only after all these situations were introduced did Ji Feng ask, “You guys just said that those armed forces that besieged Xiang Yongzhan and the others, I wonder where they are from?”

“It’s possible that they are from the dynasty, but it’s impossible to be sure yet because it came so suddenly, I think someone helped them, otherwise, they couldn’t have hidden it from our ears,” said Ji Zhenping.

“How many people do I take with me?” Ji Feng asked again.

“Fifteen people at most, in that sea, pirates are rampant, fish and dragons are mixed, and there might be other forces stirring in it, there might be quite a few people waiting to see our joke, if you bring more people, you will be easily exposed.” Ji Zhenping said, “So this time, the burden on your shoulders is not a light one.”

Ji Feng deliberated for a moment before nodding and saying, “Among these fifteen people, I want at least one proficient in medical care

“Don’t worry about that, the people you are given are the best, whether they are medical or firearms and other aspects, they are all extremely proficient.” Ji Zhenping said, “Other than that, do you have any other requirements?”

Chapter 990

Ji Feng shook his head and said, “There are no more requirements, when will we leave?”

“Of course the sooner the better, if there is no problem, you should prepare immediately and leave now” Ji Zhenping said.

“Set off now?”

Ji Feng couldn’t help but be slightly stunned, “I haven’t met the person I’m going with yet!”

“You will meet!” Ji Zhenping said, “The situation is urgent, it’s too late to say more, are there any other questions?”

Ji Feng shook his head and said, “No more questions.”

“Good then, you set off immediately, someone will send you there.” Ji Zhenping waved his hand, “Little Feng, this time, no matter what, bring back Xiang Yongzhan and the soldiers of the Special Combat Brigade, of course, your own safety must also be taken care of, remember?”

Finally, Ji Zhenping didn’t have that business-like seriousness anymore and his tone eased up, after all, Ji Feng’s was his nephew, if the situation wasn’t really urgent this time, he wouldn’t have let Ji Feng go into battle again anyhow.

Ji Feng smiled and nodded, saying, “Don’t worry, I will definitely bring back the special combat brigade one by one.”

Ji Zhenping said with relief, “Go for it!”

.....

Once again, Ji Feng boarded a military plane and flew to an unknown destination. Ji Zhenping didn’t say, and he didn’t ask. Now he had only one purpose, and that was, to bring back the special operations brigade, no less than one.

On the plane, Ji Feng closed his eyes and rested his mind, but in his heart he was constantly thinking about it.

This time, there seemed to be something fishy about it. Because if it was reasonable, with the combat power of the special combat brigade and Xiang Yongzhan, how could they be so miserable, actually all of them were surrounded and could be killed at any time, this was simply a bit unbelievable.

One must know that both the Special Combat Brigade and the Red Arrow Brigade were troops with extremely strong single-armed combat capabilities, they had never been able to win with less, and they simply did not care how many people the other side actually had.

But this time, they were actually surrounded by just a few dozen people, which was really too surprising.

Ji Feng couldn't help but secretly speculate, could it be that someone had leaked the news, or was it that the people of the dynasty were too strong in combat?

The last time they wiped out the Xixia branch of the dynasty, the most powerful ones were the transformers, but there were strong and weak transformers, and even the highest level transformers, Xiang Yongzhan and the others had been in contact with them and had studied them, so they should have a way to deal with them.

But the fact is, they are now in a dangerous situation, and their lives are hanging by a thread!

Ji Feng couldn't help but think of what Xiang Yongzhan had said again. On the phone, Xiang Yongzhan said that apart from the white spider, they were all poisoned

Just thinking of this, Ji Feng could not help but be horrified, fiercely frowned, secretly said: "Could it be that White Spider did not sincerely submit, but pretended to surrender, but in reality, she was secretly plotting, and once Xiang Yongzhan led his people out, she immediately contacted Dynasty's people, and then came to an inside out, before finally putting Xiang Yongzhan in danger?"

Whirlwind, he shook his head slightly again, overturning this guess of his.

"If it was really like what one had guessed, then the White Spider should have already started to make his move by now!" Ji Feng said secretly.

Because based on the tone of Xiang Yongzhan's speech, he was already very weak, and the others were not much better. Under such circumstances, if the White Spider made a move, even if Xiang Yongzhan had uncanny skills, he would definitely not be able to escape!

But the white spider did not do so, at least not before she called herself, which means that she should not be the dynasty's inside man!

Suddenly, Ji Feng frowned, "We can't rule out the suspicion that White Spider is the mole!"

Because Ji Feng suddenly thought of another possibility, and this, in turn, could completely explain why the white spider didn't lay a hand on Xiang Yongzhan, but instead accompanied him and called himself as well as the top for help.

"Could it be that the White Spider's delay in starting to act was not because she was merciful, but she wanted to wait for herself to pass by before suddenly storming up and killing herself and Xiang Yongzhan in one fell swoop?" Ji Feng hugged his arm, tapping his fingers on his arm continuously, secretly pondering.

“Of course, it could also be that one’s guess was wrong and the white spider was not an inside man, but rather because they were all poisoned for some reason not yet known at the moment

One by one, thoughts kept flashing through Ji Feng’s mind, he knew that all these guesses he had, were possible, but exactly what was the reason that made Xiang Yongzhan and the others all fall to such a state, it was too early to say.

He had to wait until he met Xiang Yongzhan or experienced it for himself before he could know the real reason for what happened.

Ji Feng couldn’t help but secretly grit his teeth: “No matter what the reason is, even if the white spider is really waiting for him to go over, even if that isolated island is some kind of a mountain of sword and fire, he still has to break through it! For no other reason, just to save Xiang Yongzhan, I have to go there too!”

Xiang Yongzhan absolutely could not fall, for Ji Feng, Xiang Yongzhan was not only the eldest son of the third generation of the Xiang family, nor was it because Xiang Yongzhan had an unlimited future and might become an ally of the Ji family, but more importantly, Xiang Yongzhan would be an important force in dealing with the dynasty in the future.

If he fell, in the future, Ji Feng’s battle with the dynasty, at least in terms of force, would fall behind by a large margin, which Ji Feng absolutely would not allow.

Xiang Yongzhan and the special battle brigade he led had been battling with the dynasty for several years, and they had accumulated extremely rich experience in dealing with the dynasty, which was a very valuable asset.

“Xiang Yongzhan, you kid shouldn’t have such a short life, right?” Ji Feng said secretly, “At least, before I arrive, you can’t just die in such a mess, otherwise it’s too useless, how can you afford me to rush over here in such a hurry?”

I don’t know how long it took, but the plane landed.

When Ji Feng stepped out of the cabin, he couldn’t help but be slightly stunned, as he walked down from the plane, he could even faintly hear the sound of the waves rolling to the beach?

He was immediately certain that this should be the coastal airport, and I’m afraid that it is another military base.

It was too late to think about it, and Ji Feng was taken by an officer into a car. They first arrived at a military pier and got into a motorboat, and in the darkness they didn’t know how far they had driven, and finally, the motorboat stopped near a harbor.

In front of the motorboat, in the darkness, there was a huge black shadow rising slowly, and the sound of the crashing water seemed very amazing in the darkness.

The first time I saw it, I was amazed at how it seemed to be rising from the sea. is a submarine?

As expected, when the black shadow stopped rising, the outline of the submarine finally appeared clearly in Ji Feng’s line of sight, it was indeed a submarine!

“We’re going over in a submarine?” Ji Feng couldn’t help but turn his head and ask the officer who was leading him.

However, the officer did not give any response, as if he had not heard Ji Feng’s words at all, but only gestured to the soldier driving the submarine, who immediately started the submarine and headed towards it.

After both sides exchanged signals and verified each other’s identities, Ji Feng finally boarded the submarine.

Frankly speaking, Ji Feng was not too fond of things like submarines and subways. The reason is actually very simple, he has always felt that these things are either underwater or underground, once an accident occurs, it is difficult to rescue, and it is even more difficult to escape oneself.

Especially that depressing feeling was something that Ji Feng did not like.

When he was in the training space of the intelligent brain, he had training in this area, and what Ji Feng hated most at that time was the kind of space battleship simulated by the intelligent brain.

Think about it, the universe was filled with coldness and darkness, without any life, everywhere was dead and dull. In that kind of situation, Ji Feng felt that his whole being was isolated from the world, which was really a very unbearable feeling.

Although he had gritted his teeth and persevered in the beginning, he was definitely not willing to try it again if it was possible.

By the same token, although the submarine had an escape device, the feeling of moving around in a very cramped environment was so bad for Ji Feng that he would never be willing to take the underground if he didn’t have to, let alone the submarine.

Of course, he had no chance to touch a submarine before.

But for the sake of the mission, Ji Feng still forced himself to hold back that feeling of disgust in his heart and boarded the submarine.

But soon, this feeling of Ji Feng immediately disappeared, because on the submarine, he saw quite a few familiar people.

Greeting him in the station submarine were a dozen of heavily armed warriors!

A look of surprise immediately appeared on Ji Feng’s face, “Gu Chao? Liu Xin?! How come it’s you guys?”

“Sir, since it’s our Red Arrow Brigade’s mission, how can we be missing?” Gu Chao laughed, and Liu Xin also nodded vigorously beside him, agreeing with what Gu Chao said.

At this moment, Ji Feng sort of understood what Little Uncle and the others had said before, that he was able to take on this commander because of the result of Xiang Yongzhan and the soldiers below strongly recommending him, then needless to say, the ones who recommended him to be the commander were undoubtedly these guys in front of him!

“Good, good!”

Ji Feng laughed and punched each of them in the chest as hard as he could, until he came to the last one, but he was stunned, "How come it's you?!"

"Report! Red Arrow Brigade warrior Ji Shaoyun is ready, please instruct!" This man was no other than Ji Shaolei's younger brother and Ji Feng's cousin, Ji Shaoyun. At this moment, he was standing at attention and saluting, reporting loudly to Ji Feng.

Ji Feng couldn't help but laugh, "You kid I have no instructions, return to your team."

"Yes!" Ji Shaoyun immediately replied loudly.

Looking at the fifteen spirited warriors in front of him, Ji Feng couldn't help but nod in satisfaction and said, "We're going to fight side by side again, good! This time, we will likewise complete our mission perfectly!"
