

## Campus Master Chapter 99-100

### Chapter 99

Before he came to Jiangzhou, Ji Feng went to Mang Shi Second Middle School for the last time, and that time was already the third of September, that is, two days ago. The purpose of his visit to the second middle school was to see Xiao Yuxuan once again.

However, he did not see Xiao Yuxuan. There was even a teacher who was usually able to talk to Xiao Yuxuan, and according to her, Xiao Yuxuan had already quit her job at Second Middle School and had gone back to her hometown.

No one knew where Xiao Yuxuan's hometown was, and likewise no one knew where Xiao Yuxuan had gone and what she was doing after quitting her job, or even why she had quit her job.

After all, Xiao Yuxuan came to Mang Shi County for only a short year, and she rarely spoke to other colleagues about her home during the week, so although everyone knew that Xiao Yuxuan had come from the big city, they didn't know her specific information.

Upon learning this news, Ji Feng froze in place at that moment and only came back to his senses after a long time.

Xiao Yuxuan had left.

She surprisingly didn't tell anyone exactly where she was going, and certainly not herself. Ji Feng had a vague feeling in his heart that Xiao Yuxuan seemed to be avoiding herself, or rather, she was simply still angry with herself.

This was because ever since she had swept He Dong's face in the billiard room, Xiao Yuxuan had never bothered with herself again.

Thinking about this, Ji Feng couldn't help but shake his head. However, he did not expect that he had just seen a figure that seemed to be Xiao Yuxuan, yet in the blink of an eye she disappeared, leaving Ji Feng no chance to even get a clear look.

"That person just now, was it Xiao Yuxuan or not?" Ji Feng muttered, hoping in his heart that the person was Xiao Yuxuan, but at the same time, he was not sure, after all, he had only inadvertently glanced at her just now, and the distance was so far that he could not get a clear look.

"Forget about it, don't think about that, sign up for living supplies first, otherwise, you'll really have to sleep on the street at night!" Ji Feng shook his head slightly, trying to shake off all the chaotic thoughts in his mind.

However, Xiao Yuxuan's face was always lingering in his mind and could not be erased at all.

When he came to the registration office, Ji Feng found a line with fewer people and queued up for almost half an hour to complete the registration, while being led by one of the seniors to collect the living supplies.

"Crazy!"

Ji Feng had just arrived at the bottom of the dormitory building when he heard someone shouting at him, he jerked back, but saw the duo of Zhang Lei and Tong Lei similarly standing in front of the other entrance door of the dormitory building, with Tong Lei waving her small white hand in greeting towards him.

"This guy!"

Ji Feng shook his head and laughed, and walked over quickly with his traveling gifts, "Lei Lei, have you collected all your things?"

"Not yet, I'll collect my things when I bring them back, I'll help you guys make the beds first!" Tong Lei said with a sweet smile.

"Crazy, buddy, this is all thanks to you." Zhang Lei screamed. Tong Lei had never helped him make his bed before, and obviously, this time Tong Lei had rushed over to the boys' dormitory before even collecting his own things, actually to help Ji Feng make his bed.

Since Zhang Lei and Ji Feng were not in the same dormitory building, Ji Feng still helped deliver all of Zhang Lei's things first and quickly made them up before he went to his own dormitory with Tong Lei.

"Crazy, let me accompany you guys." Zhang Lei said.

Although these household items sent were not very heavy, there were too many things, and it was inconvenient for Ji Feng and Tong Lei to carry them both.

"Alright, hurry up and pack up your bed, you'll have to go together later to help me collect my things!" Tong Lei said nonchalantly.

Zhang Lei's face instantly fell and he shook his head and sighed, "Alas, this is the extroverted girl, having a boyfriend, she treats old brother me like a hard worker."

"You're still not happy about it, huh?" Tong Lei's beautiful eyes glared at him, her eyes all smiling.

“Yes, of course I’m willing, old sister’s orders, do I dare disobey?” Zhang Lei shook his head and said, “You guys hurry up and go, after you sort out your things, we’ll take a stroll around the campus together. Just now I heard someone say that in the summer on the university campus, the beautiful women are all dressed in very revealing clothes, that’s simply dazzling!”

“Get off to the side!” Zhang Lei, I’m telling you, if you dare to do anything wrong, I’ll tell Dad. Even if Dad is far away and can’t control you for now, then I’ll tell Grandpa!”

“No, no! Don’t!” Zhang Lei was dumbfounded, Tong Lei’s move had simply caught him in the act, if Tong Kai De knew that he was messing around, he would probably cut off his living expenses at the first opportunity, then he would have to drink the northwest wind, not to mention going to pick up girls.

“Don’t worry, I promise you, I will definitely not be reckless.” Zhang Lei said with a smile.

Ji Feng looked at these two siblings fighting, and couldn’t help but laugh, “Alright, don’t even make a scene, Lei Lei, go and clean up the bed with me first, and then help you to collect your things!”

“Mmm!” Tong Lei nodded slightly with a sweet smile on her face and happily ran to Ji Feng’s side and took his arm, “Let’s go!”

Ji Feng couldn’t help but laugh, “Lei Lei, I can’t get my things if you hold onto my arm like this!”

“Wow!” Tong Lei couldn’t help but spit out her cute little tongue and hurriedly let go of Ji Feng’s arm.

Ji Feng’s dormitory was on the third floor, which was considered a very good location. Since today was the first day of the new students’ report, the dormitory was not used right now, and the empty four-person room looked bright and spacious.

Ji Feng chose a bed underneath, “Leilei, let’s stay here and we’ll start packing.”

“Mm!” Tong Lei turned around, took out all the bedding from her luggage bag and bent down to pack the bed.

Tong Lei was wearing a half short-sleeved pink shirt on top today and a pair of tight shorts underneath, those tight shorts completely outlined her plump, round, upturned buttocks, and underneath were those long, slender, tender white legs, the kind of thrilling seduction that made Ji Feng’s heart pound.

Especially when Tong Lei was cleaning up the bed, that arse swayed from side to side, emitting an amazing seductive power, so that Ji Feng could no longer resist, and

fiercely took two steps forward, hugging Tong Lei's elastic and delicate body from behind.

"Ah!" Tong Lei, who was tidying up the bed, let out a soft cry and her body froze violently, as if she had been cast a stasis spell, not daring to move.

Tong Lei only felt one of Ji Feng's hands wrapped tightly around the small of her back, while the other hand was touching her thighs, rubbing them back and forth. It was as if that hand was carrying an electric current, and every time it moved gently, Tong Lei couldn't help but shudder.

Subconsciously, she couldn't help but let out a delicate cry, "Oooh!"

Immediately afterwards, Tong Lei was shy and embarrassed, her pretty face almost dripping with blood, she was nervous and somewhat expectant, but in the end it was the shyness of a young girl that won out.

"Ji Feng, no, don't!" Tong Lei murmured shyly.

Ji Feng didn't say anything, he just kept gently stroking Tong Lei's tender and slender thighs and gradually started to move up .....

At the same time, Ji Feng's mouth gently kissed Tong Lei's round pearl-like earlobe and blew another mouthful of hot air.

"Wow!"

Tong Lei's legs immediately couldn't help but clench, and her body tensed up.

Looking at her shy and impatient look, Ji Feng couldn't hold back any longer and fiercely picked Tong Lei up and placed her on the bed that had just been made and pressed her whole body up.

Tong Lei lay on her back beneath Ji Feng, she seemed to realise what was about to happen and closed her eyes shyly, but no longer objected.

Her long eyelashes twitched slightly and her small mouth opened slightly, exhaling like an orchid.

Ji Feng kissed down and took in Tong Lei's tender red cherry lips, greedily sucking on the sweet juices in her small mouth as her big hands kept moving back and forth on Tong Lei's body.

A strong feeling of affection rose between the two, and for a while, both of them were in love.

Ji Feng greedily kissed on Tong Lei's small mouth and tender white neck, and he was about to go further when there was a sudden knock on the door: "Knock, knock!"

"Ah!" Tong Lei shrieked and panicked, pushing Ji Feng away, "Brother Feng, there's, someone's here."

"Really!"

Ji Feng shook his head vigorously and shouted without good grace, "Who is it!"

Anyone who was interrupted at this time would definitely not be in a good mood, not to mention that the two of them were already in the thick of love and were about to enter the critical moment when they were interrupted by someone.

The two of them were already in the throes of love and were about to enter a crucial moment when they were interrupted. In fact, her heart had already completely accepted Ji Feng, only that she still couldn't let go because she was shy as a young girl.

"Knock, knock, knock!"

Another knock on the door came, followed by a rough voice ringing outside the door, "The person inside, open the door quickly!"

Ji Feng walked over with a black face and opened the door, only to see a dark and sturdy young man wearing a black vest standing outside the door, Ji Feng was stunned to find that this man was actually the big black man he had seen with Zhang Lei at the entrance of the school before, unexpectedly he was in the same dormitory as himself.

"Hey! Brother, what are you doing inside, why haven't you opened the door all this time?" The big black guy's voice was loud, and when he saw Ji Feng, he said with a smile.

"Didn't hear." Ji Feng said indifferently, as the saying goes, reaching out and not smiling, this big black man was so enthusiastic, so Ji Feng was not good at getting angry, but the anger in his heart was not so easy to dissipate.

The big black man was convinced of Ji Feng's excuse: "Oh, so that's how it is. Introduce myself, my name is Du Shaofeng, I come from Songjiang City in the northeast, what's your name, brother?"

Ji Feng moved aside to let Du Shaofeng in and said indifferently, "My name is Ji Feng, I come from Mang Shi County in Central Plains Province."

"So it's Brother Ji, haha, we'll be roommates from now on." Du Shaofeng walked into the dormitory with big steps, but he saw Tong Lei who was helping Ji Feng make his bed.

Du Shao Feng's eyes suddenly lit up as if he had been struck by lightning.

## Chapter 100

"This beauty, you wouldn't be the younger sister, would you?" When Du Shaofeng saw Tong Lei, he gave a laugh. Go to see the net . There were only two people in the dormitory, Ji Feng and Tong Lei, so it wasn't hard to guess at all.

Tong Lei just nodded lightly and said, "Hello."

The big black man, Du Shaofeng, looked at Ji Feng with an envious face and couldn't help but tsk, "I say, old brother, you are really lucky, my younger sister is so pretty, I think ah, my younger sister is at least the number one school flower of our United University."

Ji Feng couldn't help but laugh dumbly, this Du Shaofeng was really a familiar face, he had only just met and introduced himself, and he was already referring to himself as his brother. But Ji Feng didn't argue with him, he just smiled faintly and didn't say anything.

Du Shaofeng looked at Ji Feng and then at Tong Lei, and couldn't help but shake his head repeatedly, "Really, your old brother is really lucky, no, my old Du also needs to work hard and try to find a girlfriend similar to my sister-in-law, otherwise, my old Du won't be able to get along in this dormitory in the future!"

Ji Feng smiled and said, "Then you really have to work hard, it's not easy to find a beautiful girl like my Lei Lei!"

"What are you talking about!" Tong Lei was a bit shy and pouted.

Du Shaofeng brushed aside his mouth, "You brat is really not modest, but it's true. I'm afraid there aren't many beautiful women like my sister-in-law, not to mention in Union University, even in the whole of Jiangzhou. Alas, it seems that it will be difficult for me to compare you in this respect."

"Alright, hurry up and pack your things." Ji Feng laughed, "We still have to go out, so we'll talk later."

"Hey, old brother Ji, remember to come back tonight, the other two should be here by then, let's go out and get together, it's the first time after all, better not be absent!" Du Shaofeng said with a big grin, put the traveling gifts in his hand on the side of the bed and started to clean up the bed.

Ji Feng nodded and smiled, "I'm going out, I don't know when I'll be back, I'll leave you the number first, if the other two can come today, then call me directly!"

“No problem!” The two exchanged calls, and with a flick of Du Shaofeng’s wrist, the big bag was flung by him to the top bunk.

Ji Feng nodded secretly as he watched, thinking in his heart that it looked like this Du Shaofeng was indeed very strong, the bedding and washbasin and other items were all put in the same bag, which weighed at least a few dozen pounds, but he carried it with no effort, which was proof that he was very strong.

After saying hello to Du Shaofeng, Ji Feng took Tong Lei out of the dormitory.

It seemed that because of the previous ambiguity, Tong Lei’s face still had a touch of shyness that could not be concealed, which made Ji Feng’s appetite tingle, and he could not help but hate that big black man Du Shaofeng again in his heart. If that guy hadn’t arrived suddenly, he would have been able to make out with Tong Lei properly.

Seeming to see what Ji Feng was thinking, Tong Lei immediately gave him a blank look and ran downstairs with a giggle.

There were six dormitory buildings between Tong Lei’s dormitory and Ji Feng’s, and a small playground between the boys’ and girls’ dormitories, which seemed to be clearly separated.

What Ji Feng found disconcerting was that Tong Lei’s dormitory was on the fifth floor, and there was no lift. At this height, just going up and down the stairs every day was enough to make people scream, let alone a girl.

However, the arrangement in the school, there is no way out, it can only be like this for the time being. Ji Feng secretly thought, when he became more familiar with Jiangzhou after a while, was it possible to go and rent a house outside to live.

Thinking of this, Ji Feng couldn’t help but laugh in a low voice, “Lei Lei, after a while, let’s go out to live, living in the school seems a bit inconvenient!”

Tong Lei immediately understood Ji Feng’s meaning, her pretty face swished red, but she pretended not to hear it, and just walked calmly. .com

Ji Feng couldn’t help but shake his head with a smile, it seemed that Tong Lei was still a bit shy. However, he was in no hurry, he believed that sooner or later, Tong Lei would all agree. What’s more, living in the school would also allow him to make more friends and be considered thoroughly integrated into school life.

Ji Feng thought again of the figure he saw earlier, and wondered, was that person Xiao Yuxuan or not. In fact, Ji Feng also knew that the possibility that the back figure he saw was Xiao Yuxuan was actually very small, because this was more of a joint university, and Xiao Yuxuan had already graduated from university long ago, so how could she still appear on the university campus?

What's more, Xiao Yuxuan's profession was a teacher, and now that school should have started, it would be even more unlikely for her to come here.

However, in his heart, Ji Feng still hoped that his guess was correct and that he would see Xiao Yuxuan.

This was not because Xiao Yuxuan's card still had Ji Feng's \$60,000 deposit in it, but because, in his heart, Ji Feng still had an expectation for Xiao Yuxuan.

After looking at Tong Lei's delicate figure, Ji Feng couldn't help but shake his head slightly and let nature take its course.

When he came to Tong Lei's dormitory, the other three girls in the dormitory were already here. Tong Lei greeted them and then tidied up her bed with Ji Feng's help.

Perhaps because they were meeting for the first time, the girls didn't say much, they were just busy with something after greeting each other. One of them, a girl with short hair, was sitting on the bed with a book and was reciting it in a low voice, very hardworking, which made Ji Feng couldn't help but take a few more glances.

You know, after the repression of high school, students will first indulge in college, and there are even many students who were very honest in high school, but become almost not him when they get to college.

So when he saw this girl working so hard, reciting on the first day of school, Ji Feng was more or less curious.

After looking at the time, it was almost six o'clock, so Ji Feng dialed Zhang Lei's number and arranged to meet him under the dormitory building, and then took Tong Lei out.

Walking out of Tong Lei's dormitory, Ji Feng keenly noticed that the other three girls in her dormitory, when looking at Tong Lei, all had a hint of envy in their eyes, and they didn't know what they were envying.

Only the girl with short hair, however, kept her head down and recited, completely different from the other three girls.

When Ji Feng and Tong Lei arrived at Zhang Lei's dormitory door, they saw that he was already waiting there. What made Ji Feng dumbfounded was that this guy Zhang Lei was actually snapping pictures around with his mobile phone, but if you looked closely, you would find that although his mobile phone was waving around and seemed aimless, Ji Feng actually noticed that wherever a girl passed by, his mobile phone would pause for a moment in that direction.

Obviously, Zhang Lei was secretly taking pictures of the beautiful girls on campus.

Tong Lei likewise noticed it, and she couldn't help but glare at Zhang Lei, "You're not being honest just after you arrived, Zhang Lei, if you really dare to mess around, I'll really have to tell dad about it."

Zhang Lei laughed heatedly and hurriedly put the phone away. He knew that his elder sister was actually just scaring him, the two siblings had an extremely good relationship, and Tong Lei would definitely not go and tell on him.

"Crazy, it's still early anyway, how about we find a place to eat first and then stroll around a bit?" Zhang Lei said, but his eyes were not honestly scanning the surroundings, but whenever there was a passing beauty, he would stare at it fiercely twice.

Ji Feng laughed: "It's better to stroll around first, my roommate said that we might get together in the evening, if he hasn't called in another half an hour, we'll go to dinner."

Zhang Lei nodded and smiled, "No problem, but it's not much fun with just men, it would be nice to have a few beautiful women."

Ji Feng looked at him with a smirk and hummed, "Even if there are beautiful women, do you dare to mess around?"

Ji Feng knew that Zhang Lei was actually just being weird when he opened his mouth about beautiful women. He knew that Zhang Lei was the third generation of the Tong family and had high expectations, so naturally he wouldn't mess around.

Zhang Lei was suddenly speechless.

While the three of them were joking, Ji Feng's phone rang. He took out his phone, and the kind of phone that looked unobtrusive immediately caught Zhang Lei's eye, and he subconsciously froze, "Boy, it's not real, is it?"

Seeing Ji Feng go to the side to answer the phone, Tong Lei couldn't help but ask, "Brother, what do you mean it's not real?"

Zhang Lei pointed at Ji Feng and said with an envious face, "This guy Crazy's phone, if I'm not wrong, that seems to be a phone for the military, I used to want to ask dad to get me one, but not only did dad not agree, he even reprimanded me!"

"Is that phone very good?" Tong Lei couldn't help but glare at him, "Isn't it enough that the phone works? Why do you need such a good phone?"

"Older sister, you don't know the functions of this phone. That phone Ji Feng is holding is definitely more powerful than an ordinary configuration computer!" Zhang Lei shook his head repeatedly, looking at Ji Feng with a touch of cunning in his gaze.

"That's Ji Feng's phone, you're not allowed to get any bad ideas!" As soon as Tong Lei saw Zhang Lei's gaze, she instantly knew what he was going to do and immediately scolded him petulantly.

Zhang Lei's face instantly fell and he shook his head helplessly, "Alas, old sister, I'm at least your brother, right? Even though Ji Feng is your boyfriend, you can't be on his side about everything, right?"

"Mind your own business!" Tong Lei glared at him.

Zhang Lei shook his head helplessly, it seemed that his intention to get the phone out of Ji Feng's hands was in vain. However, even if he couldn't have this one, he still had to find a way to get Ji Feng to help him get another one, the attraction of this phone was just too great, and Zhang Lei was itching hard for a while.

At this time, Ji Feng walked over after answering the phone and smiled, "Roommate Du Shaofeng called and asked us to go to the Heshun Hotel outside the school gate and get together tonight!"

"Ji Feng, I won't go, right?" Tong Lei said with some hesitation.

Ji Feng smiled, "It's alright, we'll definitely get to know each other in the future, let's go together!"

Tong Lei nodded slightly and stopped pushing back. In fact, she was just a little uncomfortable, after all, she didn't have many friends before, and now that she was attending such an occasion, she couldn't shift over for a while.

The three of them headed straight for the entrance of the school, on the way Zhang Lei looked at Ji Feng from time to time, seemingly wanting to say something but then stopping. He tried to say something several times, but was glared back by Tong Lei.

Ji Feng couldn't help but laugh, "Lei Zi, what do you want to say?"

"Ji Feng, don't listen to his nonsense, he has his eye on your phone and I'm afraid he wants to swap it with you!" Tong Lei said in a delicate voice.

Zhang Lei immediately nodded repeatedly next to him and said, "Crazy, is your mobile phone military? How about we swap it over and use it for a while? In the future, if you don't want it anymore, you can exchange it back again!"

Ji Feng looked at him with a smirk, "What would you hand over if you had it in your hands? Do I still not know you?"

Zhang Lei heatedly smiled, not half embarrassed, "Crazy, one word, to exchange or not to exchange!"

"No exchange!" Ji Feng hummed and said without good grace, "I can tell you, no hitting on my phone in the future, it was given to me by my uncle."

Zhang Lei didn't mind and said, "It's okay if you don't exchange it, but madman, you can help me get a phone like this too, so that should be okay, right?"

Ji Feng was pestered by him and could only nod, "Okay, I will talk to my uncle about this, but I can't guarantee if it will work, if you can't get it, you can't whine!"

"Don't worry, as long as you ask, I'll appreciate it if it works out or not!" He knew very well that even Ji Feng didn't know what position his third uncle Ji Zhenping was in in the military, not to mention a mobile phone, even getting some heavy weapons wouldn't be a problem.

So as long as Ji Feng agreed to ask, then there would be no problem.

When the three of them arrived at the entrance of the school, they saw the big black man Du Shaofeng.

"Holy shit, this big black guy is actually your roommate?" Seeing Ji Feng waving at him, Zhang Lei couldn't help but marvel, "This is quite a coincidence, we were just talking about this guy this afternoon, and I never thought we'd meet again tonight."

Ji Feng nodded and smiled, "I was actually surprised too."

Next to her, Tong Lei suddenly had a blush covering her pretty face, she remembered again the time when she was making out with Ji Feng and was almost caught by this big black guy, she couldn't help but feel shy in her heart.

"Ee?" Just then, Zhang Lei was suddenly startled, "Crazy, look over there, is that guy the one we met on the train, Wu Junjie?"

Ji Feng immediately turned his head to look, and immediately found that just not far from the entrance of the school, a black Toyota sedan was parked, and beside the sedan several people were talking about something, one of them was none other than the one we met on the train, Wu Junjie.

"Don't mind him, let's go eat!" Ji Feng said. Wu Junjie was just a second generation ancestor who relied on his family's power, this kind of person was not worth Ji Feng's attention at all. If it was in the past, Ji Feng would have been more careful, but now, he was not even willing to look at the other party.

"That's right, the best way to treat this kind of person is either to beat him so much that he doesn't dare to mess with us, or just ignore him!" Zhang Lei laughed.

“Elder brother Ji!” Du Shaofeng and the other two men walked over and he said with a big grin, “Let me introduce, these two are Zhao Kai and Han Zhong respectively. This is Ji Feng, from today onwards, we’re roommates.”

Ji Feng greeted Zhao Kai and Han Zhong with a smile.

“Alright, alright, don’t be polite yet, let’s go eat first!” Du Shaofeng laughed, his voice loud and compelling as he turned back, and because of that, Wu Junjie in the distance subconsciously looked back, but without thinking, he happened to see Ji Feng and Tong Lei!

Wu Junjie’s eyes lit up at once!
