

Celebrity Girl Is My Wife Chapter 121

After dinner, Ning Ran was brought to the riverside by Nan Chen again.

Nan Chen's expression was terrifyingly cold, and Ning Ran had a bad feeling about it. She stopped walking after a while and refused to take another step.

She thought to herself, What if we wander too far away and this guy kills me and dumps my body in the river?

"Just tell me what it is that you want. I don't owe you any money, so why have you brought me all the way here?!" Ning Ran said loudly.

She tried to speak as loud as she could to counter the pressure that Nan Chen was giving her.

"Why did you do that?" Nan Chen asked coldly.

"I had to!" Ning Ran said.

Nan Chen almost lost his temper. She nearly got someone killed, and yet behaves so nonchalantly?

He reached out his arm and grabbed Ning Ran, and forced her to the riverside.

She would fall into the river if he had applied a bit more force on her.

"Help....."

Before Ning Ran could finish, Nan Chen pulled her back again.

"If you kill me, I won't forgive you even if I turn into a ghost!" Ning Ran still had a lingering fear in her heart. She had really felt Nan Chen's murderous intent just now, and her feet were still weak from it.

"You unrepentant woman!" Nan Chen was furious.

"Why should I repent? I didn't do anything wrong! That's what I've always been doing!" Ning Ran said.

"You've always been causing harm to others?"

"What do you mean by that? What harm have I caused by saving my own children?"

Nan Chen realized that they were not talking about the same thing.

Was this woman playing dumb to divert attention?

“Why did you hurt Lunlun?” Nan Chen asked coldly.

“Huh? Since when I hurt him?” I just haven’t returned the money I owed him. He is so rich — hundreds of thousands are nothing to him anyway. Besides, it’s not like I’m never going to pay up. I’m just not paying up for the time being!”

Nan Chen was confused again. What is this woman talking about?

We’re clearly talking about a life or death issue here. Why is she talking about owing and paying money?

Ning Ran realized that they were not on the same page as well.

But then again, they never were anyway!

“What exactly are you trying to say?” Ning Ran felt that she needed to get a clear answer from him.

“Zheng Lunlun’s detoxification process was almost complete, but his condition had suddenly worsened because someone applied Wang Chuan grass herbal oil on him again which increased the toxicity in his body. He is still in danger now!”

“I know this, Dabao told me about it.”

And then there was silence.

“Ah, you suspect that I did it to him?” Ning Ran said as she suddenly realized what was going on.

“Who else could it be?” Nan Chen’s voice sounded like it was from hell itself.

“Why me? How are you so sure that it was me? Just because you don’t like me? Well, I don’t like you either, so I think it was you!” Ning Ran exclaimed.

“He is my nephew; of course I will not harm him!”

“He’s like a brother to me, that makes me even more unlikely for me to harm him!”

Nan Chen was extremely furious but couldn’t do anything about Ning Ran.

He couldn’t bring himself to do something like hit a woman.

But his anger was burning so strongly that he didn’t know what to do.

Out of anger, Nan Chen shouted, "Get lost!"

Ning Ran was confused; This is a forest. Where would she go?

But Ning Ran didn't dare talk back anymore as she felt the danger of doing so.

One could talk back a little with Nan Chen but not anger him completely.

If he lost control and really tossed her into the river, she'd surely die.

Besides, if it wasn't for him, she would've been abducted along with her kids, so she still had to thank him for that.

Not to mention his care for the kids, as even she wasn't that meticulous.

"It really wasn't me." Ning Ran said slowly, "There is no need for me to do such a thing."

In a state of fury, Nan Chen did not speak and just exuded cold air and hostility as he stood there.

"I was with Dabao and Erbao the whole time. They can testify for me." Ning Ran said.

Nan Chen remained silent.

"If you don't believe me, then there's nothing I can do. I swear, I really wasn't the one who harmed Zheng Lunlun!" Ning Ran said.

Naturally, Nan Chen doesn't believe in things like swearing.

But he did believe in one thing, that is Ning Ran saying that Dabao and Erbao being able to testify.

As wicked as Ning Ran may be, she wouldn't harm others using her children's name.

Dabao and Erbao wouldn't allow Ning Ran to do such a thing either.

Especially Dabao, as he had wanted to rescue Zheng Lunlun so badly, so he wouldn't possibly let Ning Ran do that to Zheng Lunlun.

"If not you, then who?" Nan Chen finally spoke.

Ning Ran let out a sigh of relief.

As long as he speaks, there's still a possibility of communication.

"Luo Fei." Ning Ran answered.

“What makes you think she did it?”

“I can’t say for sure, but she’s the only one who would dare do such a thing. Perhaps Zheng Lunlun has some dirt on her and she doesn’t want him to wake up.”

Nan Chen didn’t agree with Ning Ran’s point.

Luo Fei and Zheng Lunlun had come together, so why would Luo Fei want to harm him?

“Do you have proof?”

Ning Ran who had calmed down a lot more got angry again when she heard that.

So I need proof for suspecting Luo Fei but you don’t need any to suspect me?

Do I have the word Killer written on my head or something?

“You didn’t have proof for suspecting me either. I know what kind of person Luo Fei is, that’s why I think she did it. It’s fine if you don’t believe me, because I didn’t need you to anyway.”

Nan Chen kept quiet as he heard that.

While Ning Ran and Nan Chen were arguing at the riverside, Dabao and Erbao were having a discussion in the tent.

The topic of their discussion was also about whoever it was that harmed Zheng Lunlun.

“It must be that annoying woman!” Erbao was very certain.

Dabao motioned for Erbao to keep her voice down to not be heard by others.

“But she came with Blondie. They are friends, so why would she do that?” Dabao asked.

Erbao couldn’t answer.

She didn’t know much. She just found Luo Fei annoying and if anyone did something bad, it must be her.

“If it really was her, then we must be careful.” Dabao said.

“Would she harm us?”

“It’s possible.” Dabao nodded solemnly.

“Then we must tell Uncle Nan Chen!”

“We can’t. Uncle Nan Chen knows it well.” Dabao reminded.

Erbao was getting a little impatient. We can’t do this, we can’t do that, then what can we do?

“Let’s go ask her.” She finally had an idea.

“She won’t admit it. We need to find a way to get some proof.” Dabao said.

“Brother, you’re the smartest, so you think of an idea.” Erbao said.

“I need your cooperation as well for it to work.”

Dabao gave it some thought and shook his head, “No, this is difficult.”

Erbao didn’t know what her brother was thinking about and why he rejected his own thoughts either.

At that moment, someone entered the tent. It was Luo Fei.

She saw Nan Chen and Ning Ran leave, so she came over to get some information.

“Sweetie, aren’t you asleep?” Luo Fei asked with a smile.

“Get out, I don’t like you.” Erbao had always been direct.

“Sweetie, do you have some misunderstanding towards me? I actually like kids a lot, and I’m a huge star.” Luo Fei said.

Dabao and Erbao looked at each other, Mommy’s the real superstar. Who do you think you are?

Celebrity Girl Is My Wife Chapter 122

“Sweetie, where did your mommy go?” Luo Fei continued to strike up a conversation.

But her efforts were in vain as they ignored her completely.

She continued talking, and then noticed that Dabao and Erbao completely ignored her.

As thick-skinned as she may be, she felt bored herself too.

But she had to continue as she still hadn’t gotten the answers she had come for.

“Why do you call Zheng Lunlun blondie?” Luo Fei continued to ask the questions that she wanted to know the answers to.

Dabao and Erbao looked at each other again, and continued to ignore her.

“Did you guys know each other?” Luo Fei still wasn’t letting up.

But she didn’t get an answer to her questions, as the two did not respond to her at all.

“Sweetie, do you know anything about medicine? How is Zheng Lunlun now? Can he recover?” Luo Fei asked again.

“I don’t know.”

Dabao was a polite child. He felt that it was inappropriate to just keep quiet after Luo Fei had asked so many questions.

“Wasn’t he detoxified? Why has his condition worsened again?” Luo Fei tried asking.

“Because someone applied Wang Chuan grass herbal oil on him.” Dabao said.

“Is it that serious? Then, wouldn’t he die if it was applied on him again? Is that Wang Chuan grass really that powerful? If applying it would kill someone, then wouldn’t he be dead if he drank it instead?” Luo Fei pretended to be surprised.

“A drop is enough to kill a cow if taken orally.” Dabao said.

“My goodness, is there really such a poisonous substance in the world? That’s just too scary!” Luo Fei said in shock.

“So you must be careful not to consume Wang Chuan grass by accident, Miss.” Dabao continued.

“Mhmm, I must be more careful, otherwise it would be really bad for me.” Luo Fei said.

Dabao nodded.

“Oh right, who applied the drug on Zheng Lunlun? Was someone trying to harm him?” Luo Fei asked again.

“I don’t know.” Dabao shook his head.

“Didn’t Nan Chen say who it was?” Luo Fei continued to probe.

“Uncle Nan Chen didn’t say anything.”

“Brother, just ignore her! Why are you talking so much with her? She’s a bad person!” Erbao couldn’t bear to watch any longer.

Luo Fei gritted her teeth in anger. This little witch had scared her to death with a snake during the day. She really wanted to strangle this kid!

But she maintained a friendly look on her face, “Sweetie, I’m really not a bad person. When we get back to Jiangcheng, I’ll treat you to a nice meal.”

Erbao was a glutton and her eyes would normally light up at the mention of food.

But it was different today. She wasn’t interested in the slightest by Luo Fei’s offer.

“My mommy will take me to eat all the good food. My mommy, daddy and Uncle Nan Chen are rich!”

What this means is, I don’t need your treat at all! I know so many rich people!

Luo Fei knew she couldn’t keep the conversation going any further. She laughed awkwardly and left.

Her eyes shone viciously in the night. She wanted to get rid of these kids.

The reason why Ning Ran has been so arrogant was because of these kids!

Once she loses the kids, she will be nothing to the Ning family!

You want to make a fortune using your children? Then I’ll just get rid of the children. I’ll see how you can get rich then!

Luo Fei came to the cabin that Zheng Lunlun was in again. She noticed a foul smell the moment she entered.

As she got closer to see if Zheng Lunlun was dead, a person suddenly popped out of the darkness and shone a flashlight on Luo Fei’s face.

Luo Fei was shocked and let out a scream.

“Ms. Luo? What are you doing here?”

It was Qiao Zhan. He was sent by Nan Chen to protect Zheng Lunlun, as there could be no more accidents.

“I came to check on Lunlun to see if his condition has improved.” Luo Fei panicked.

“Ms. Luo, do you usually check on people in the dark?” Qiao Zhan asked.

“What do you mean by that? There’s no light here, and I don’t have a flashlight on me. What else could I do?”

Naturally, Luo Fei noticed the suspicion in Qiao Zhan’s question. So, she had to try and assert some dominance to keep Qiao Zhan in check.

Qiao Zhan was the captain of the Nan family’s security team, and knew that Luo Fei was Nan Chen’s honorary girlfriend.

She was someone he couldn’t afford to offend.

But Qiao Zhan was no ordinary bootlicker either.

He was a special forces retiree and had the character of a soldier.

Even if Luo Fei was Nan Chen’s girlfriend, he would say what he has to say and do what needs to be done.

“Someone has tried to harm Young Master Lun today, so Mr. Nan Chen had me stand guard here. Anyone that comes in is a suspect.” Qiao Zhan said.

“What are you implying, Qiao Zhan? Are you suspecting me of doing that? Am I someone you can afford to suspect? Do you know who I am?”

Qiao Zhan wasn’t buying it, “Of course I know who Ms. Luo is. But by the order of Mr. Nan Chen, I will stand guard here and not allow anyone near Young Master Lun.”

“But I’m not going near him! Can’t I just visit a patient?” Luo Fei protested.

“Of course, visiting a patient is no problem. But it’s so dark here, do you have night vision, Ms. Luo? Are you able to see in the dark?”

“So you are still suspicious of me?”

“Everyone else here apart from the patient is a suspect. You are no exception, Ms. Luo.” Qiao Zhan stood his ground firmly.

“Qiao Zhan, you’ve got quite some guts for a mere guard dog of the Nan family. I’m the future lady of the Nan family! You’ll regret speaking to me like this someday!”

The term ‘guard dog’ was clearly insulting.

But Qiao Zhan didn’t mind it, nor did he refute it.

“I’m just following Mr. Nan Chen’s orders. Please cooperate, Ms. Luo. In Jiangcheng, my job is to watch over the house of the Nan family. Here, my job is to watch over the

safety of everyone in the Nan family. Whether or not Ms. Luo would be the future lady of the Nan family is another story. Even if Ms. Luo really does become the lady of the house, I will still say what I have to say. This is not something to worry about, and I am never worried.”

Qiao Zhan did not retort directly, but his words hinted, You may not necessarily be the lady of the Nan family!

Luo Fei got really angry.

The kids had bullied her, and now even a subordinate was bullying her. She had become the most insignificant person here!

“Remember what you said today. When I become the lady of the Nan family, you’ll be the first person I fire!” Luo Fei lashed out.

Qiao Zhan just sneered without saying a word.

“I bet you had something to do with the poison on Zheng Lunlun’s body! You claim to be guarding him here, but who knows what you might be plotting? I can’t trust you either! I’m taking this solution with me!” Luo Fei said and took away the bottle of Wang Chuan solution beside her.

Qiao Zhan remained silent.

As Luo Fei walked out, she remembered Dabao’s words about how a drop of this solution was enough to kill a cow if taken orally.

How would I have the kids consume a drop of this? If they were to take it, they would surely die! Then Ning Ran would be left with nothing!

But Dabao has some knowledge on medicine and had made this solution himself! So it would be unlikely to have him drink it.

Do I force it down him? That’s even more unlikely to work. There are two of them, so the other would surely scream for help if I touched one of them and I’d be doomed. What should I do?

Celebrity Girl Is My Wife Chapter 123

The night went by peacefully. The next day, Zheng Lunlun’s condition has improved slightly. The green on his face had faded as his feminine face looked pale and translucent.

Ning Ran and the others were getting ready to have breakfast when they heard Erbao shouting in the cabin, “He’s awake! Blondie is awake!”

Everyone rushed into the cabin. Zheng Lunlun stared at them, then shifted his gaze to the corner of the wall, "Don't hit me!" Everyone was bewildered. What was he talking about? Was this actor putting up a performance right after waking up?

"Mr. Blondie, is your body hurting? Are you feeling dizzy?" Dabao asked. "Who are you calling Mr. Blondie? You're older than me!" Zheng Lunlun got mad. Everyone was dumbfounded once again. He's younger than Dabao?

"Stop messing around, Lunlun. Are you feeling any unwell anywhere?" Nan Chen asked seriously. "I'm not feeling unwell, you are!" Zheng Lunlun said.

Nan Chen was completely stunned.

"Mr. Blondie's gone crazy!" Erbao was the first to conclude.

Ning Ran had actually thought of saying the same thing too, but she didn't dare to.

Anyone who dared speak their mind must be a child.

"Erbao, don't say nonsense like that!" Ning Ran quickly stopped Erbao.

"I'm not! Look, he's turned into a kid! He's even younger than me!" Erbao argued.

Luo Fei who was hiding in the back was sweating in fear when she heard that Zheng Lunlun had woken up.

She had decided that if Zheng Lunlun identified her, she would not admit to it no matter what and would cause a huge ruckus in her protest to gain Nan Chen's support.

Then, she would find another chance to finish off Zheng Lunlun, to tie up all loose ends.

But she didn't expect that Zheng Lunlun would have lost his mind instead when he woke up. Luo Fei was delighted; this is really great!

"Lunlun, I'm Luo Fei, from the same crew. Do you recognize me?" Luo Fei squeezed her way through and asked.

"Who are you? You're so ugly!" Zheng Lunlun rolled his eyes at Luo Fei.

Luo Fei got angry. This guy's already lost his mind but still has it in him to insult me?!

Erbao laughed when she heard that, "Hahaha, Mr. Blondie's still telling the truth even though he's gone crazy! That's so cute!"

"Erbao, stop saying that, do you hear me?" Ning Ran scolded her again.

“Leave us, all of you.” Nan Chen waved his hand.

Everyone stepped outside. Nan Chen, Dabao and Zheng Lunlun who was curled up in a corner were the only ones remaining in the cabin.

“Come here.” Nan Chen waved at Zheng Lunlun.

“Papa.” Zheng Lunlun called out sweetly.

Nan Chen frowned and looked at Dabao, who shrugged helplessly in response.

“What’s gotten into him?”

“His cranial nerves must have been damaged from being badly poisoned.” Dabao analyzed.

“Is this amnesia? Or psychosis?” Nan Chen’s frown deepened.

“It’s hard to say. The toxin has damaged his cranial nerves, resulting in this abnormal behavior. We can only get a detailed diagnosis at a hospital. There is nothing we can do right now.” Dabao said.

Nan Chen let out a deep sigh. He did not expect things to turn out like this.

“Don’t worry, Uncle Nan Chen. I believe Mr. Blondie will recover once the toxins are excreted gradually. He should be able return to normal with the aid of medicine.” Dabao comforted him.

“So, we can only leave him like this for now?”

“That’s all we can do for now. We have no other choice but to return to the city quickly to get him checked and treated.”

Nan Chen nodded. It was all they could do for the time being.

“Papa, I want candies.”

Zheng Lunlun walked over and cuddled beside Nan Chen’s leg like a child.

“Someone make him a bowl of fish soup!” Nan Chen ordered.

Soon, someone had brought over a bowl of fish soup.

But Zheng Lunlun wouldn’t drink it, “I don’t want it! I don’t want it! It stinks!”

With the limited resources and conditions available, it was only natural that the fish soup prepared in such an environment would not taste well.

Nan Chen looked at Zheng Lunlun helplessly.

“Let me try.” Luo Fei volunteered.

She walked up to Zheng Lunlun, “Lunlun, have some fish soup. Your body is weak now, so you need it for energy!”

But Zheng Lunlun was not buying it either, “Get lost, you ugly woman!”

Luo Fei wished the ground would open up and swallow her whole at that moment. She was a famous star and yet she was being called an ugly woman!

She thought to herself, Why wasn't this bastard dead from the poison?! He should've died long ago!

Then, Ning Ran came in as well. Zheng Lunlun tilted his head as he looked at Ning Ran.

Ning Ran felt a bit creeped out and was about to leave when Zheng Lunlun suddenly walked over and grabbed her hand while swinging it around, “Mama!”

There was silence.

What was going on? First he's gone crazy, now he's calling random people his mother?

“Don't call me that, I don't like taking advantage of others.” Ning Ran was feeling extremely awkward as well.

“Mama, I want candies!” Zheng Lunlun didn't care, and continued to speak cutely.

Erbao stared wide-eyed, “Mommy, is he trying to act cute?”

Ning Ran burst out in laughter, “I'm Ding Mi, stop calling me mama!”

She tried to leave as soon as she finished saying that as it was getting too awkward for her to stay any longer.

But Zheng Lunlun wouldn't let go, “Mama, don't go.”

Then with his other hand, he tugged on Nan Chen's arm, “Papa, mama, buy candies!”

Erbao was amused again, “Mommy, Mr. Blondie wants you two together!”

Dabao glared at Erbao. She quickly shut her mouth and stuck her tongue out.

“Ahem.....” Ning Ran awkwardly coughed, “Don’t take this kid seriously, guys. He’s a little...”

Ning Ran pointed at her head.

“Mama, I want candies” Zheng Lunlun was still going at it.

“Lunlun, listen to me and drink the soup first, alright? Once you get better, we’ll go back to the city, and then we can buy your candy!” Ning Ran said softly.

Zheng Lunlun listened and rolled his eyes twice. She seems to have gotten through to him.

He then took the bowl of fish soup and gulped it all down.

Nan Chen’s frown loosened a little.

He had not expected to see such a scene.

Regardless, it was fortunate enough that Zheng Lunlun survived.

Although Zheng Lunlun had woken up, his body was still weak. He got tired after playing for a bit, so Ning Ran had him rest a little, and he fell asleep soon after.

Ning Ran let out a long sigh of relief. Having to take care of Dabao and Erbao was exhausting enough as it is, and now she has an additional man-child to look after.

The crew outside were also discussing this incident quietly.

“It looks like the young master has lost it. He actually called Mr. Nan Chen papa and Ms. Ding mama!”

“Don’t say that, they look pretty good together, like a perfect match.”

“Don’t talk nonsense! Didn’t you hear the kids call Mr. Nan Chen their uncle? I heard that the kids belong to Mr. Nan Xing, not Mr. Nan Chen.”

“But I think the boy looks more like Mr. Nan Chen instead. He’s just as serious and smart, even terrifyingly so.”

Luo Fei felt uncomfortable when she heard that as she passed by.

“What are you all talking about? Go fishing if you’ve got nothing else to do! Don’t you men feel bored gossiping like that?”

The crew dared not talk back but were cursing in their hearts, Even the crazy one called you ugly. How can you still act so high and mighty like that?

Celebrity Girl Is My Wife Chapter 124

Today, Luo Fei had been waiting for a suitable chance to carry out her act but never managed to.

Finally, at dinner, her opportunity had come.

While she was helping out in the kitchen with serving the food, she personally served the kids some rice and fish.

Then, she added two drops of the Wang Chuan grass solution into the fish soup when no one was watching.

She had heard Dabao say that a single drop of it was enough to kill a cow.

Now that I've added two drops of it, the kids would surely die!

If Ning Ran ate it with them, then all three of them would die!

Luo Fei was delighted at the thought of that. There would be no one left to stand in her way once she gets rid of Ning Ran and the kids!

But due to her guilty conscience, Luo Fei dared not make eye contact with Dabao and Erbao when serving them the fish.

She quickly hurried on back to a more crowded area after setting the fish down.

About twenty minutes later, Erbao's cries were heard from the cabin.

"Oh no, Ms. Ding has been poisoned!" A crew member said.

Luo Fei pushed her way past the crowd and saw Ning Ran lying on the ground foaming at the mouth.

Dabao was also lying next to her with his eyes closed, seemingly unconscious.

"What happened?" Nan Chen's voice was cold.

His face was pale and the muscles around his lips were twitching.

"Mommy and brother got poisoned after eating the fish! Mommy's dead!" Erbao was crying her lungs out.

“How did this happen? What should we do now?” Nan Chen panicked.

He had always trusted Dabao when it came to the treatments. Now that Dabao was also gone, he became instantly helpless and alone.

“No, they’ll be fine! They’ll be fine!

Nan Chen’s expression was as ferocious a lion and he had a fierce look in his eyes. Everyone was too scared to speak at all.

“Why are you fine?” Luo Fei asked from the side.

“When mommy and brother were eating, I didn’t have an appetite, so I didn’t eat it.” Erbao said while crying.

Nan Chen grabbed Luo Fei, “Did you wish for something to happen to her?!”

Luo Fei was scared by Nan Chen’s sudden hostility, “I……. I didn’t mean it like that…….”

“Who can tell me what can save them?” Nan Chen shouted loudly.

Nobody said a word because none of them had any ideas, and Ning Ran was already motionless on the ground.

Rescue would’ve been possible if they were at a hospital, but here, there was nothing they could do.

Ning Ran’s poisoning was different from Zheng Lunlun’s. His was external, so the toxins could be sucked out with leeches. Ning Ran however, had directly consumed the poison instead, so there was no way to detoxify her.

“Mr. Nan Chen, I don’t think Ding Mi’s going to make it…….” Luo Fei said.

“You shut up! They won’t die! They won’t!”

Nan Chen started performing CPR on them like a madman.

Everyone was stunned. No one dared to leave nor stop him.

“Mr. Nan Chen…….” Qiao Zhan called out tremblingly.

Nan Chen gradually calmed down.

“How were they poisoned? Why is everyone else alright?”

His piercing gaze swept across the crowd, and sent a chill down everyone’s spines.

No one dared say a word.

“Someone must have poisoned us! She was the one who served us our soup!” Erbao pointed at Luo Fei, “Give me back my mommy! Give me back my brother!”

Erbao ran towards Luo Fei and clawed away at her. Luo Fei was in pain, but dared not fight back.

She didn't even dare move out of the way, because Nan Chen was staring at her like a beast.

She was afraid that Nan Chen would kill her to avenge Ning Ran and Dabao if she hurt Erbao.

Nan Chen was definitely capable of killing at this point. He was emanating a murderous aura and everyone there could feel it.

Suddenly, Nan Chen turned and walked away, his tall figure disappearing into the darkness of the night.

No one dared to follow him nor ask where he was going.

Nan Chen stepped out of view and came to the riverside.

His legs were getting weaker with each step he took.

He then squatted next to a tree and began to retch.

This was how Nan Chen looked when he was at his saddest point.

Nan Chen had been strong since he was young. He rarely cried, and even when he did, he would not cry out loud. Instead, he would just retch while tears flowed down his face.

The last time he had felt such sadness was at the age of nine, when the nanny that kept him company growing up had died of cancer.

For many years, there has been no sorrow strong enough to beat Mr. Nan Chen who is as strong as iron.

But tonight, he had broken down completely.

Tears kept streaming down his face as he continued to retch.

After quite a while of retching, Nan Chen slowly stood up straight again.

“Papa.” It was Zheng Lunlun.

He was the only one who dared come after Nan Chen.

Seeing Zheng Lunlun reminded Nan Chen that now wasn't the time to be sad, as Erbao and Zheng Lunlun still needed his care.

The reason he had come here and got stuck here was to rescue Erbao and Dabao.

Now that Dabao was gone, he couldn't afford to let anything happen to Erbao.

"Lunlun, it's dangerous, don't run around." Nan Chen's voice was hoarse.

"Papa, mama is dead... She's dead..." Zheng Lunlun cried.

His sad cries echoed in the dark forest and startled a flock of birds.

Nan Chen hugged Zheng Lunlun. He didn't know how to comfort him as he himself felt suffocated from the heartache.

He brought Zheng Lunlun back to the cabin. Qiao Zhan and the crew had covered Ning Ran and Dabao with straw mats.

Nan Chen looked around the cabin with a flashlight, as if he was searching for something.

Nobody dared question him, and just followed him around with their gaze.

He finally found a small shovel. It was rusty and could barely be used anymore.

He came to the back of the cabin, and began to dig at the ground with the shovel.

Qiao Zhan understood what he was doing. Nan Chen was going to dig a hole to bury the mother and child.

It was too hot around here, and they were poisoned to death, so it had to be taken care of as soon as possible.

There was no loose soil on the ground, which was covered in thorns, so it was difficult to dig a hole in it.

Nan Chen's hands soon started to bleed from abrasion, but he had not yet finished clearing up the thorns covering the ground.

However, he just kept his head low and continued to dig while muttering to himself, "I'm sorry, I'm sorry I didn't protect you well....."

The members of the crew had never seen Mr. Nan Chen like this before. They wanted to help him dig but knew from the looks of him that he wouldn't let anyone interfere.

"Mr. Nan Chen, why don't we have them cremated and bring them back?"

Qiao Zhan's words snapped Nan Chen out of his trance.

Yes, I had come here in search of them to begin with. Now that they were gone, how could I leave them buried in the barren mountains of this foreign land? I must take them back no matter what.

With that, Nan Chen stopped digging and started looking for firewood instead.

"Mr. Nan Chen, please let us help you out. You still need to bring the young Miss and Young Master Lun back." Qiao Zhan tried to advise him.

Nan Chen kept quiet.

Qiao Zhan motioned for the crew to help gather firewood.

The only thing this place didn't lack was firewood.

In the dense forest, dried sticks and branches were everywhere.

But they needed to gather big ones in order to keep the fire going all the way.

They finally gathered all the firewood and piled it up high.

But when they went back to the cabin to bring the bodies, they found that the bodies were gone!

Celebrity Girl Is My Wife Chapter 125

Ning Ran and Dabao were both missing!

No one was in the cabin as everyone was busy, and now the bodies were gone!

Everyone just looked at Nan Chen without saying a word.

Luo Fei was going limp from fear. Could there really be ghosts in this world? Did they turn into ghosts and run away?

Nan Chen was also surprised, but he was not afraid.

Even if they had really turned into ghosts, he was willing to speak to them and apologize to them.

In fact, he was more concerned that some wild animals may have taken the bodies away while they were unaware.

“Hurry, search the area!” Nan Chen said.

There were only a few flashlights available and they were dim as they hadn't been charged in a long while.

Entering the forest now would be dangerous.

All the poisonous bugs and snakes would be active during this hour, so there was no telling what you would run into.

But everybody went into the forest and started searching anyway.

They couldn't find anything. It was as if Ning Ran and Dabao had vanished into thin air.

They searched till the wee hours of the morning and still couldn't find anything.

Nan Chen had no choice but to let them rest and continue the next day.

If they kept going, all the batteries of the flashlight would run out. It would be dangerous if they ran into any emergencies without a light source.

No one seemed to be able to fall asleep as they were all thinking about what happened to Ning Ran and Dabao.

It was very late at night, but Luo Fei still couldn't fall asleep. She felt there was a noise in the room, but every time she got up and looked, she saw nothing there.

Her guilt was eating away at her conscience. She tried to comfort herself by telling herself that there are no such things as ghosts.

As she was finally dozing off, she heard a voice calling her name, “Luo Fei, give me back my life.....”

It sounded very soft, cold, and very familiar.

Luo Fei's eyes shot wide open and she saw a dark figure standing in front of her.

She quickly grabbed the flashlight next to her and shone it at the figure. She saw Ning Ran with disheveled hair, a bleeding mouth and a purple face standing in front of her bed!

“Aaaaaah!” Luo Fei screamed in shock.

“Luo Fei, you’ve caused me so much pain! Give me back my life!” Ning Ran shouted.

Luo Fei was scared and tried to hide. But just as she turned around, Dabao was behind her and reached his hand out towards her face.

Luo Fei felt something cold on her face. She wiped it off and saw that it was blood!

“You evil woman, why did you try to kill me?! Why?!” Dabao asked.

Luo Fei peed herself in fear, “I’m sorry, I’m sorry! Please forgive me!”

“Why did you poison my kids?!” Ning Ran asked.

“I was envious of you! I didn’t want you to be able to marry into the Nan family because of them! I’m really sorry! Please forgive me!” Luo Fei got down on her knees and groveled.

“My children are so young; how could you do such a thing to them?! You evil woman, give me my life back!”

“I’m sorry, I’m really sorry! Your daughter is still alive! I’ll treat her very nicely in the future, so please rest in peace and spare my life!”

“When I was on the set, my skin got allergic all of a sudden. Was that you as well?”

“Yes, it was me! I’m sorry; I’ve done so many bad things to you!”

“My kids were almost killed in Cheng Xiangyun’s house. Did you arrange for that as well?!”

“Yes, I arranged for it! I’m sorry for what I’ve done!”

“You evil b****

“Alright, that’s enough.” A man’s voice was heard from outside the cabin.

It was Nan Chen’s voice!

“Nan Chen, help me! Help me!” Luo Fei screamed for help.

The door opened, and the cabin became a lot brighter as the light from outside poured in.

“Go wash your face. The face paint is bad for your skin. Dabao, go get cleaned up.” Nan Chen said.

Do ghosts need to wash their faces? Luo Fei sensed something was amiss.

“Uncle Nan Chen, do you believe that this woman is the one behind it all now?” Dabao’s voice had returned to normal.

Nan Chen did not say anything, as he was not the type to easily admit his mistakes.

“Dabao, this is uncle Nan Chen’s fiancée. They are a family, so of course he would have to protect her.” Ning Ran’s voice had also returned to normal.

Luo Fei fully understood what happened now. Ning Ran and her son were not ghosts as they were not dead!

“Why aren’t you dead? Why?”

Smack!

Ning Ran slapped Luo Fei on the face, “If we died, wouldn’t you have gotten your way then?”

“Tie her up!” Nan Chen shouted coldly.

“Mr. Nan Chen, this is a misunderstanding! I didn’t do it! They scared me into admitting it!” Luo Fei began to retract her confession.

Nan Chen remained silent.

After all, Luo Fei was his honorary girlfriend. And now, Luo Fei had become a murderer who poisoned Ning Ran and the children in front of so many people.

He had always known that Luo Fei was just after fame and fortune, so he never really had much respect for her anyway. But he had never expected her to be so vicious in her ways to go as far as killing the children.

All of this was Dabao’s plan.

Dabao and Erbao had always known that Luo Fei was up to no good, and were always on guard.

After Luo Fei had placed the fish and rice on their table, Dabao sniffed it and noticed the smell of the Wang Chuan Grass solution in the soup.

He was the one who found the herb, so of course he would recognize the scent.

Dabao immediately told Ning Ran that Luo Fei had poisoned the soup.

Ning Ran wanted to pour it out but Dabao told her it was safe.

Although Wang Chuan Grass is poisonous, but it was far from being able to kill a cow with a single drop. That was all a trap that Dabao had set for Luo Fei.

So it was perfectly safe for them to eat the fish and rice.

But they couldn't get Luo Fei to tell the truth if they didn't fake being poisoned and dying from it.

If they had just told Nan Chen that Luo Fei had poisoned the soup, he would definitely not believe them.

In order to get Luo Fei to show her true self, they had to cause a huge scene.

The biggest scene they could cause, would be to fake their deaths.

But this was very technical work. It was easy for a living person to pretend to be unconscious, but pretending to be dead was a whole different story. First you had to stop your breathing. Then, your body had to be cold, so your body temperature must not be too high.

It would be very difficult to do all that, but Dabao knew some tricks.

He even knew of a drug that could lower your body temperature and heart rate by a little after consumption.

As long as they held their breath when someone was checking for signs of breathing, you would look just like a dead person.

Most importantly, there had to be a genius who was good at acting next to them to make it seem convincing.

Dabao had initially planned for Erbao and Ning Ran to fake their deaths, but Ning Ran changed her mind later and decided to let Erbao handle the acting instead.

Dabao was too quiet and calm but bad at lying, let alone acting. He also lacked emotions and explosive power.

But Erbao was creative and good at acting as well as lying.

So, she let the genius Erbao play the role of the survivor instead.

And she did a great job at it too, crying and screaming like that.

Her emotions were not enough at first, but as she continued to cry while thinking about what she would do if her mommy and brother were really dead, she started to cry more and more sadly.

Erbao's great acting increased the sad atmosphere greatly, so no one would doubt Ning Ran's death.

The insufficient lighting, damp forest air and naturally cold skin at night made her faked death look a lot more realistic.

Celebrity Girl Is My Wife Chapter 126

The mysterious vanishing of Dabao and Ning Ran later was much simpler.

Once it was dark, the mother and son went to the back of the cabin under the cover of Erbao.

But why couldn't the group of people find them?

Because they played hide-and-seek with them. All they had to do was move to another location when they saw lights coming their way.

With a genius like Dabao guiding his mommy in a game of hide-and-seek, there was no way anyone would be able to find them.

Besides, Erbao was helping them out by distracting the crew whenever they got close to her mommy and brother.

Of course, someone did manage to find Ning Ran in the end.

Or rather, caught up to her.

Ning Ran could hide from everyone else in the darkness, except one.

Why? Because this person had a sense of smelling as sharp as a hound.

This person was Nan Chen, of course.

While he was searching in the forest, he could detect that faint scent of orange blossom.

It was very faint and mixed in with various other smells in the forest, but Nan Chen could detect it without fail.

So, he managed to track down Ning Ran who thought she was well-hidden.

But he did not say anything, nor was he frightened.

He didn't believe that a dead person would be able to play hide-and-seek.

So when he found Ning Ran, he was overjoyed.

The joy of finding something he lost made him lose his composure. He didn't ask why, and just brought the startled Ning Ran and Dabao into his arms.

Ning Ran was also shocked by the hug and just stood there, unable to breathe.

In that moment, Nan Chen didn't have any other distracting thoughts. He just felt happy that God had been so kind to him and he was able to recover what he thought he had lost.

He felt like he had been to hell and back.

After the feelings of joy slowly faded, Nan Chen realized that he had lost his composure.

He actually hugged a woman he hated.

He awkwardly tried to distract their attention by asking Dabao about what happened.

Dabao told Nan Chen about his plan in detail, and obtained Nan Chen's permission. Then, Nan Chen had everyone continue their search for a little longer and called it a night.

Next, they began to plan how they would scare Luo Fei into confessing.

Although Nan Chen had given them his permission, but he was not prepared to participate in it too much.

He felt it was inappropriate for him, the great Mr. Nan Chen to participate in such acts.

So, he would leave the heavy lifting to Dabao and Ning Ran, while he observed the end results.

Actually, when Nan Chen knew that Ning Ran and Dabao were pretending to be dead, he already had a hunch that Luo Fei was the culprit.

The process of proving it was just to let Ning Ran get her justice.

.....

After Luo Fei was tied up, she knew she was done for.

After all the tricks she's pulled, she only got herself in trouble in the end.

She knew what kind of person Nan Chen was, and once he found out about the truth, she would lose everything.

This was what she feared the most. She often had nightmares of Ning Ran marrying into the Nan family and then she herself would end up living on the streets.

When Ning Ran and Dabao walked over, she glared at Ning Ran with a vicious look in her eyes.

“Game over, Luo Fei. You no longer have to act like a good person anymore, so I suppose this is a form of release for you as well.” Ning Ran said.

“You b****! Coming up with a trick like faking your own death, you’re no better yourself!” Luo Fei shouted.

Dabao turned around, “Sihan!”

Erbao answered, and strutted over proudly with a little snake in her hand.

Erbao held the little snake up to Luo Fei’s collar, “Let’s put it in there, shall we?”

Luo Fei went pale, “Help! I’m guilty, I’m guilty!”

Erbao took the snake back, “You evil woman, how dare you harm my mommy! Hurry up and admit your wrongdoing!”

“I already did!” Luo Fei was completely scared.

She was now clearly aware that this family was no pushover, especially this little witch holding the snake! She was not one that she could afford to offend!

“Say it a few more times! Say it loudly!” Erbao shouted in her cute voice.

“I’m guilty! I’m guilty!”

“Louder!”

“That’s enough.” Ning Ran stopped Erbao.

Although Luo Fei was an evil woman, Ning Ran didn’t want her kids to go overboard either.

Adults can fight it out as much as they wanted, but they shouldn’t encourage their children to do evil. Even if one was facing a wicked person, one shouldn’t let their children do evil out of hatred.

Erbao snorted at Luo Fei and walked away with her little snake.

A crew member walking towards them ran upon seeing the snake in Erbao's hands.

Everyone couldn't understand why the cute and beautiful Erbao loved carrying a snake everywhere she went.

Why wasn't she afraid of it?

"Ning Ran, if you get Nan Chen to let me go, I'll give you the USB flash drive."

"This again? I don't want that USB flash drive anymore, okay?" Ning Ran laughed coldly.

"No, you must want it! That's something your mother left you before she died. Don't you want to know what's hidden inside it?"

"Yes, I do want to know. But I'm not about to let you have your way with me for it. I have my boundaries."

"We are siblings with the same father! Are you really okay with watching me get left here in these mountains like this?"

"I am."

Luo Fei was stunned for a moment, "Sister, I'm begging you, I made a mistake, please forgive me."

Evil people are so hypocritical, threatening you a moment ago then pretending to beg for your mercy the next.

Ning Ran watched her performance in silence, and suddenly felt it was boring.

"That's enough, you can stop the act. It's boring. Although I was the person you harmed, I won't make Nan Chen do anything to you. He will decide what he does with you. I won't kick you when you're down, nor will I beg for you to be spared." Ning Ran said coldly.

Luo Fei let out a sigh of relief after hearing that.

Although there wasn't any love between her and Nan Chen, she had been his honorary girlfriend for so many years now. She believed that Nan Chen wouldn't leave her in the mountains.

Nan Chen was a person of status and would not mistreat a girl too much. Luo Fei was certain of this.

So, she was most worried about what Ning Ran and the two kids would do to her.

Now that Ning Ran had promised not to do anything to her, it was good news for her.

“Ning Ran, as long as you promise to get me back to Jiangcheng, I will give you the USB Flash Drive, I promise.” Luo Fei said.

Ning Ran nodded, “Okay, tell me, did you have anything to do with the kidnapping of my children?”

Luo Fei had already confessed to Zheng Lunlun about this, but Zheng Lunlun couldn't tell anyone now since his brain has been damaged.

So, Luo Fei was hesitant about whether or not she should tell the truth.

Ning Ran saw the look on Luo Fei's face and knew she wouldn't tell the truth.

“If you won't tell me the truth, I'll have Dabao poison you. Since you've poisoned us too, we'll be even this way. As for the USB Flash Drive, I don't want it anymore. Mom has been gone for so many years now; I'll just let the secrets be bygones.” Ning Ran turned and walked away after saying that.

“Wait! I had nothing to do with the kidnapping of your children! I don't have such manpower to organize such a large scale kidnapping!”

This was what confused Ning Ran as well. Luo Fei was surely capable of pulling small tricks on her, but definitely not to mobilize such a large number of professionals.

Celebrity Girl Is My Wife Chapter 127

Ning Ran had never actually wanted to kill Luo Fei here either.

She hated Luo Fei for all that she had done to her.

But hatred was all she felt, and nothing more. She wasn't the type who could bring herself to kill another.

If Nan Chen asked her what she would do with Luo Fei, she would suggest Nan Chen to bring Luo Fei back to Flower City.

Besides, Ning Ran also wanted to know what secrets were inside the USB Flash Drive that her mother had left behind.

At that moment, Nan Chen passed by beside them. Luo Fei suddenly bit her tongue and spat out some blood.

“I know that I have wronged you. I have no other choice but to offer my life as penance!” Luo Fei screamed.

Ning Ran knew that Luo Fei was only doing this to get Nan Chen’s attention.

She must be trying really hard if she would go as far as biting her tongue.

But Nan Chen didn’t seem to notice.

Luo Fei was getting anxious, I’ve already bitten my tongue, and you pretend to not notice?

“Mr. Nan Chen, hear me out! I had no choice! Please forgive me this once! I really had no choice in this!” Luo Fei shouted.

Nan Chen slowed down.

“Mr. Nan Chen, she bit her tongue in order to get your attention. Why not come hear what she has to say?” Ning Ran said.

Nan Chen stopped and walked over.

But he did not say anything and just looked at Luo Fei.

“I’ll leave you two alone now, have a nice chat.”

Nan Chen noticed the insult in her words and thought to himself, This woman really was exceptionally annoying.

Ning Ran walked away slowly under Nan Chen’s ice-cold gaze.

“Mr. Nan Chen, I’m sorry, I really am! But I had my reasons for doing it! I harmed Ding Mi because she harmed me before!” Luo Fei cried as she said that.

She wasn’t acting anymore, and was crying for real this time. Her life was about to be ended, after all.

Nan Chen’s expression grew cold and he kept quiet.

“Mr. Nan Chen, Ding Mi’s real name is Ning Ran! She’s my half-sister!”

Nan Chen’s eyes narrowed, Even that woman’s name is fake?

There must be something wrong with a person if even their name is fake!

But he didn’t say anything and just listened.

“Mr. Nan Chen, Ning Ran has been a bad girl ever since we were kids. I am her younger sister, but she has never treated me like a human being, and would hit me all the time! I grew up being bullied by her!”

Nan Chen started walking away as he wasn't interested in hearing about family matters like these.

“Mr. Nan Chen, you want to know why she changed her name, right?” Luo Fei quickly said.

Nan Chen stopped, and continued to listen.

“Because she's done too many bad things! Five years ago, she was willing to sleep with a director named Feng to get a role in a film, But when he slept with her, he discovered that she was not a virgin! She had lost her virginity since junior high! The director was dissatisfied and wouldn't give her the role, so she promised to find him a virgin. Then, she chose to present me to him and pushed me into his room instead! But, fortunately, she got the room number wrong and pushed me into your room instead. That's how we had our first.....” Luo Fei observed Nan Chen's facial expression as she talked.

It was obvious that Nan Chen was angry as he didn't expect Ning Ran to be such an evil woman.

Everything Luo Fei said made sense logically, especially the part at the clubhouse, which Nan Chen had personally experienced. So, as smart as Nan Chen was, even he couldn't tell if she was lying or not.

“Everything you said is true?” Nan Chen's voice was cold.

“Of course it's true! That's the reason why I hated Ning Ran so much and wanted to kill her!” Luo Fei said.

Nan Chen kept quiet.

“Then her mother found out about it and scolded her, saying she shouldn't treat her sister like that. She said she didn't care and would betray anyone as long as she could get a raise. The director ended up not giving her the role anyway since he didn't get to have me. Then, she wanted to bribe the director with a million but she didn't have that kind of money. So, she asked her mother for it. Her mother was sick and struggling financially at the time, and told her to wait two days. But she couldn't wait and ended up smothering her mother to death in a fit of rage! After that happened, she couldn't stay here any longer, so she changed her name and left the country! This is why she changed her name! She's an evil woman!”

Nan Chen's clenched his fist, as he didn't expect that the woman had changed her name for such a reason.

“She really killed her own mother?”

“Yes! Why else would she have to flee the country? Do you know how afraid I was when I saw her on the set? I was afraid that she would kill me too, as she had no issues killing her own mother. That’s why I kept trying to get rid of her!” Luo Fei made it seem very realistic by crying as she said all that.

Nan Chen was starting to believe her.

Not because of what Luo Fei said, but because he had always been suspicious of Ning Ran to begin with.

Ever since he discovered Ning Ran in Zheng Lunlun’s room that night, he had thought that Ning Ran was a promiscuous woman.

After hearing what Luo Fei had said, it made sense logically to Nan Chen, so he believed her.

“I’ll ask her to come over, and you can confront her about this.” Nan Chen said coldly.

“Mr. Nan Chen, she is a cunning person, I’ve always been no match for her! She’ll definitely be able to find excuses for herself! I only told you about all this because I want you to know the truth! Whether you believe it or not, doesn’t matter to me anymore. I have indeed done something wrong, after all. But if you will spare me, I will do anything to repay you!” Luo Fei started crying again after saying that.

Ning Ran knew Luo Fei must have been badmouthing her as she saw Luo Fei say a lot of things to Nan Chen.

As for what Luo Fei said exactly, she had no idea.

They were a couple, after all. Looking at it from Nan Chen’s perspective, he would surely believe Luo Fei’s words.

Ning Ran had a bad feeling about it.

When Nan Chen came over to her again, Ning Ran felt the aura around him had gotten colder.

The look he gave her was filled with disgust, as if he was looking at rubbish.

Ning Ran thought to herself, This must be due to Luo Fei’s words taking effect.

But she didn’t care, as Poker Face never had a good impression of her, and the feeling was mutual too.

Once they left this dense forest and return to society, he would go back to being the same old Mr. Nan Chen, and she would remain a small-time actress.

They would both go their separate ways.

So, Ning Ran gave Nan Chen a cold look as well. If you don't like me, I won't support you either, as there is no need for it. But I still won't let you take away the custody of my child!

The two of them had a lot of hatred for each other for no apparent reason, they just never expressed it in words.

Luo Fei felt that Nan Chen had believed everything she said about Ning Ran, and was delighted.

Even if she was going down, she would drag Ning Ran down with her.

Celebrity Girl Is My Wife Chapter 128

Ning Ran was woken up in the middle of the night by a loud noise.

Because she had to protect her kids, she dared not step out the cabin. All she could hear was a set of footsteps outside.

The sound of footsteps slowly stopped after a while, and the peaceful silence returned.

She then came out and asked Qiao Zhan what had happened.

"We let our guard down, and your kidnapers took that chance to escape. We chased them for a few hundred meters but Mr. Nan Chen told us to stop and let them go as it would be dangerous if we went too far." Qiao Zhan said.

"I see." Ning Ran nodded and returned to the cabin.

She only found out the next day that the kidnapers had not only escaped, but had also taken Luo Fei with them.

No one knew whether Luo Fei had helped them escape or they had helped Luo Fei escape.

In the end, both Luo Fei and the kidnapers have vanished into the dense forest.

It was already difficult as it is to walk out of the forest during the day, let alone at night.

The chances of these people making it out alive after running into the forest like that was almost zero.

Nan Chen looked gloomy during breakfast.

Ning Ran dared not come near him for fear of angering him.

After lunch, Ning Ran helped tidy up the kitchen and realized there was an unfinished bowl of rice.

“Who’s wasting food here? We’re already running out of food soon, and you still waste it?” Ning Ran asked.

No one said anything.

But Ning Ran noticed them looking at Nan Chen.

Ning Ran was shocked. So this was his?

She wouldn’t have said all that if she knew it was him.

She quickly shut her mouth and continued tidying up in silence.

But it was too late, as Nan Chen was already walking over to her.

“I have an upset stomach, so there’s a bit leftover.” His voice was cold.

This wasn’t an explanation! He was clearly questioning her!

Although he didn’t say it directly, the meaning behind his words was clear, So I had some leftovers. You have a problem with that?

“I understand.” Ning Ran said hurriedly.

“I can heat it up and eat it for my next meal.” Nan Chen said again.

“You don’t have to, there wasn’t much left anyway. Forget I said anything.” Ning Ran wanted to end this conversation as soon as possible.

“Then why did you say something?” Nan Chen’s voice grew colder.

Ning Ran paused.

“I’m sorry.” Ning Ran could only apologize.

But apologizing didn’t calm Nan Chen down, and only made him angrier instead.

She was right, so why was she apologizing? Why is she so hypocritical?

Once a person has disliked another, everything they do will seem offensive.

After everything Luo Fei said about Ning Ran, Nan Chen had thought of her as an evil woman rotten to the core. As a result, everything Ning Ran said or did would come off as annoying to him.

“Why did you apologize?” Nan Chen asked coldly.

Ning Ran was losing control of her hot temper.

Is he trying to pick a fight?

I’ve already apologized, what more do you want with me?

“Mr. Nan Chen, I know you’re in a bad mood, but you don’t have to take it out on me, right?” Ning Ran’s voice grew cold as well.

“How would you know that I’m in a bad mood? Do you know me very well?”

As Nan Chen stood in front of Ning Ran, his body exuded a cold aura.

“Your girlfriend is missing, so obviously you would be in a bad mood.” Ning Ran said angrily.

Nan Chen looked angrier than before now. Is she mocking me?

“I’ll have you know, even though I have a bad history with your girlfriend, her disappearance has nothing to do with me, so I am not taking responsibility for that!”

“Why do you have a bad history with her?” Nan Chen asked.

“It’s a long story. You don’t have the time to hear it, nor am I in the mood to tell it.”

“Was it to get a role in a film?”

Ning Ran was shocked. He knew about that? Luo Fei actually admitted to selling her to someone for a role?

“Yes.” Ning Ran nodded.

Nan Chen looked angrier now. So Luo Fei was telling the truth! This woman had just admitted to it!

“You actually did that?!” Nan Chen shouted.

“I had no other choice; it was all I could do.” Ning Ran said.

So she means to say that her action of harming others was justified?

“Your mother will never forgive you for that!”

Ning Ran felt a sting in her heart at the mention of her mother. She didn't even get to see her one final time, so her mother would definitely not forgive her.

“That is my biggest regret. My mother would never forgive me indeed.” Ning Ran said sadly.

Nan Chen was furious now. You've killed your own mother, and all you feel is regret?! Just how vicious could this woman be, to make light of something like this?

“All you feel is regret?!”

“It is also a pain that I carry with me, but there is nothing I can do about it because we can't turn back time!” Ning Ran continued as she sobbed.

Nan Chen felt that he could not continue the conversation anymore. This woman killed her own mother and all she felt was a little regret!

Nan Chen was worried that if he had carried on, he would end up violating his principles and hit this woman!

He gave her a cold snort and walked away.

Ning Ran stood there; her mind still immersed in the sadness about her mother.

The wounds of regret in her heart had always been stored away in her memories. Reopening the old wounds suddenly like that was still very painful for her.

“Mommy, did you and Uncle Nan Chen have a fight?” Erbao who had been eavesdropping outside came in.

“No.” Ning Ran composed herself.

“But I clearly heard you two arguing.”

“We really didn't. We were just having a discussion, not arguing.”

“Were you discussing about mommy's mommy?” Erbao asked it like a tongue twister.

“Yes. You should call her grandma.” Ning Ran said.

“What kind of person was grandma?” Erbao asked with her eyes open wide.

“Grandma was a very kind and beautiful person. If she was still around, she would definitely love you very much.”

“Hmm, it’s a shame that grandma’s not around anymore. I haven’t even met her.” Erbao said.

Ning Ran had wanted to tell her that grandma was killed by someone else but decided not to.

It was not good for children to learn so much about hatred as it would affect their mental growth.

“That’s alright, grandma is watching over you from the heavens above! She told me in my dreams that she loves Dabao and Erbao very much!”

“Really? Then why didn’t she come to see me in my dreams?”

Ning Ran didn’t know what to say in response to that.

“Go out and play now, mommy’s got work to do.”

“Mommy, I’m getting tired of this boring place. When can we go home? I want to go back to school!”

Ning Ran didn’t know how to answer that question either.

She wanted to leave as well, but they had to wait for rescue to come, and no one knew when or whether rescue was coming.

“It should be soon, don’t worry.” Ning Ran could only try to comfort Erbao.

“Never mind, I’ll try asking Uncle Nan Chen, he should know.”

Ning Ran quickly stopped her, “He’s in a bad mood now, don’t go disturb him or he’ll scold you.”

“No, Uncle Nan Chen won’t scold me. He never has.” Erbao had her own views on that.

“Alright then, go ask him then if you’re not afraid of getting scolded. Just don’t come crying to me later.” Ning Ran said.

“I will not do such a thing; don’t talk nonsense in front of the kids.”

The voice came from behind. Nan Chen had suddenly returned.

That annoyed Ning Ran. First you eavesdrop on my conversation with my daughter, then you say I'm talking nonsense?

Celebrity Girl Is My Wife Chapter 129

Another day has passed. Anxiety began to spread once again, as the food had ran out. Either the amount of fishes in the river were limited, or the fishes were getting better at avoiding capture, as it had become increasingly difficult for the crew to catch any.

They only managed to catch a few tiny fishes after a whole day. If this went on, they would only have vegetables left to eat. Have the kidnappers escaped from the forest, or have they died inside?

If they had escaped, they might call for reinforcements and attack Nan Chen and his men again. They would all be sitting ducks if they didn't get out of here fast.

In addition to that, Zheng Lunlun's condition was also very worrying. His mental state was still stuck at a few years old, and calls Nan Chen papa and Ning Ran mama whenever he saw them.

The sight of a grown man like him fighting over things with Erbao was amusing.

Ever since Luo Fei disappeared, Nan Chen and Ning Ran had been giving each other the cold shoulder.

Nan Chen had thought of Ning Ran as an evil person who appeared to be kind on the surface, and didn't want to look her directly in the eye.

But deep inside, he was attracted by her scent. This caused him to feel that he was also evil and hypocritical, and he was ashamed of himself for it.

A fierce conflict erupted between this newfound feeling of shame and the feeling of superiority which he had accumulated over the years, filling his own heart with contradictions and anxiety.

The more he suffered internally, the more he hated Ning Ran and felt that Ning Ran was the source of the guilt and shame he experienced.

Ning Ran on the other hand was cold towards Nan Chen because she thought that Nan Chen was blaming her for exposing Luo Fei.

Ning Ran thought that he was blaming her because his girlfriend had gone missing.

If that was the case, then that means he can't tell right from wrong. He knew that Luo Fei was an evil woman and yet he's taking her side.

Every day felt like a year for the two individuals who hate each other but have to live in the same place.

On top of that, the food supply that had been depleted made survival so difficult that even the active Erbao had gone quiet.

It was a very difficult day. Almost no one spoke at all, which made it very depressing.

In the evening, Ning Ran was woken up from her nap by the sound of a helicopter.

Almost everyone came running out from the cabin and looked up at the helicopter.

Qiao Zhan quickly urged everyone to stay hidden as the area they were in was quite complicated and many forces here own helicopters, so it would be safer to stay safe until they could identify if it was a friend or foe.

“It’s daddy!” Dabao cried out.

“How do you know it’s daddy?” Erbao was surprised.

“Because the helicopter is circling around. That means they are searching for their target and looking for a spot to land. If that was an enemy, they would’ve attacked as soon as they discovered our cabin. But this one hasn’t attacked nor has it left, so it must be daddy!”

Ning Ran found it hard to believe such an analysis was coming out of a child’s mouth, but she felt that Dabao was correct.

“Everyone take off your shirts and place it together in the shape of a cross on the ground over there! That’ll signal for them to land there.” Nan Chen too, believed that help had arrived and instructed the crew to get ready.

After everyone did as told, the helicopter landed successfully.

The person who came out of the helicopter was none other than Nan Xing.

“Dabao, Erbao!” Nan Xing cried out as soon as he got off the helicopter.

“Daddy!”

Nan Xing broke out in tears as he hugged Erbao.

“Daddy, why are you crying?” Erbao was shocked.

“I thought I’d never see you all again! Now that I have, I’m so happy!” Nan Xing said as he cried.

Even Nan Chen felt awkward seeing that. What was he crying for? They were all fine.

“Two papa?” Zheng Lunlun squeezed through the crowd from behind and looked at Nan Xing, then at Nan Chen.

“What is wrong with you? Didn’t you come to rescue them? Why have you ended up being stranded as well?” Nan Xing scolded him.

“Daddy, Mr. Blondie’s gone crazy.” Erbao said.

“Huh?”

“It was the evil woman! Mr. Blondie now calls Uncle Nan Chen papa and calls mommy mama! He even fights for food with me!” Erbao said helplessly.

“What’s going on?” Nan Xing looked at Nan Chen.

“It’s a long story, I’ll tell you when we get back. For now, we have to get out of here.”

“By the way, where’s my wife? Oh, my wife I’ve missed you so much!” Nan Xing cried out as he ran towards Ning Ran with open arms and tried to hug her.

Ning Ran quickly hid behind Qiao Zhan, “Don’t mess around!”

“You’re my wife; it’s only natural for me to hug you! How is that messing around?” Nan Xing exclaimed.

Zheng Lunlun stood in front of Ning Ran, “Fake papa!”

“What are you doing here, kiddo?”

“You are a fake papa, he’s the real papa!” Zheng Lunlun pointed at Nan Chen.

“Alright, stop messing around. Nan Xing, where did you fly from?” Nan Chen asked.

“I flew here from Province Y in China. We were allowed to cross the border with the arrangements by the leaders of Province Y, so it will only be a thirty minute flight to reach Province Y.”

“That’s great, take the kids with you first, then come back to pick us up before dark. There are too many of us here, so you’ll need to make two trips.” Nan Chen said.

“Alright, so we leave now?”

“Yes. Dabao, it’s time to get on the helicopter. Go call your mommy.” Nan Chen said.

Ning Ran was standing right beside them, but Nan Chen wouldn't talk to him directly and had Dabao tell her to get on the helicopter instead.

"Mommy and Erbao go on ahead, I'll stay here with Uncle Nan Chen." Dabao said.

This shocked everyone as they had all wanted to get out of that god-forsaken place as quickly as possible, but Dabao wanted to stay with Uncle Nan Chen instead.

This child was truly different from everyone else!

"It's fine, you go on ahead, Uncle Nan Chen will be right behind you." Nan Chen said.

"No, I'm staying with Uncle Nan Chen."

"Stop arguing, you guys. Come with us, brother. There's still enough space."

"No, you go on ahead, I'm staying." Nan Chen was determined.

Ning Ran could see that Poker Face didn't want to be on the same flight with her.

That's fine, because she didn't want to be with him either!

"Dabao, let's go first, be a good boy now." Ning Ran went to hold Dabao's hand.

Dabao looked at Nan Chen, then at Ning Ran.

The boy was smart and had already noticed the conflict between Ning Ran and Nan Chen.

He wanted to stay behind with Nan Chen because he didn't want to leave him behind all alone.

"Go on, Uncle Nan Chen promises to come find you." Nan Chen knelt down and stroked Dabao's face gently.

Dabao hugged Nan Chen, "Alright, then I'll get going now. Take care, Uncle Nan Chen."

"Uncle Nan Chen will be coming later, don't worry." Nan Chen's voice was very gentle.

Dabao and Erbao were the only ones in this world with the privilege of enjoying such a voice from him.

"Alright, I'll wait for Uncle Nan Chen to have dinner with us." Dabao said.

"Ugh, two grown men acting so clingy, I can't stand it!" Erbao said.

Ning Ran glared at Erbao and she shut up immediately.

“Come on, son. Get on the helicopter with daddy.” Nan Xing reached out to pick Dabao up.

But Dabao refused, “No, I want Uncle Nan Chen to carry me.”

“My goodness, is this child not acknowledging me as his father?” Nan Xing cried out.

“Go on now, be a good boy.” Nan Chen patted Dabao on the head.

Only then did Dabao obediently let Nan Xing pick him up and walk towards the helicopter.

Celebrity Girl Is My Wife Chapter 130

They finally arrived in China, and the helicopter landed on the roof of a hotel in K City of Y Province.

Once they got off the helicopter and saw the surrounding buildings, Ning Ran let out a sigh of relief. Finally, we're back to modern society!

The first thing to do was to have a nice shower, a change of clothes and a good sleep!

Then follow up with a nice meal, no, three meals!

“A hotel room and a change of clothes for both you and the kids has been prepared. You can take them out for a meal after a shower and get some sleep. I'm going to refuel the helicopter, then go pick up my brother and reunite with all of you later tonight. I love you!”

Nan Xing made an exaggerated heart shape with his fingers. Ning Ran shivered as she felt goosebumps rising on her skin.

Although he was flamboyant in his ways, Nan Xing was actually very attentive as the clothes he prepared for them were all of fitting sizes.

After they showered and got changed, Ning Ran and Dabao wanted to sleep but Erbao wanted to eat.

Actually, both sleeping and eating were equally important for them, as they haven't had a nice meal nor a good night's sleep ever since they entered the forest.

To a glutton like Erbao, sleep could wait as food was the most important thing in the world.

“Sleep first.” Dabao said.

“I’m hungry! I want to eat chicken drumsticks, prawns, ice cream, seafood hotpot……” Erbao started to list out all the dishes she wanted and began to drool.

“You see, Erbao, we’ve been eating very lightly for a few days now. If we were to suddenly eat a lot, our stomach won’t be able to handle it. What would happen then? Dabao, tell your sister.” Ning Ran looked at Dabao.

“Our stomach is this big now.” Dabao gestured with his hands.

“If we were to eat so much at once, our stomach would be stretched out a lot and won’t be able to digest them all. Then, we will get sick. When we’re sick and end up in the hospital, we can’t eat anything except plain porridge.” Dabao continued to explain.

Erbao cried out, “I don’t want that! I want to eat delicious food!”

“Then we’ll have to eat less for now. I’ll get you a cake from the restaurant, and we’ll go eat a proper meal later at night, okay?” Ning Ran tried to persuade her.

“Alright.” Erbao could only agree.

Someone knocked on the room door. It was a waiter.

“Hello, Mr. Nan Xing asked us to deliver this food.” The waiter said.

They opened it and saw Erbao’s favorite chicken drumsticks, prawns and even some sweet desserts.

This was clearly prepared for Erbao.

“I love daddy! He knows me too well!” Erbao cheered as she drooled over the food.

“Daddy’s too undisciplined! How can he let Erbao eat so much greasy food at once? Her stomach won’t be able to handle it!” Dabao frowned.

“No, daddy is disciplined! He is the best daddy in the world!” Erbao started to eat.

It was impossible to stop Erbao from eating once the food was here.

All Ning Ran could do was limit the amount that Erbao eats.

“Mommy, you should eat some too! You’ve become so thin now, it hurts me to see you like this!” Erbao said sweetly.

As soon as Ning Ran starts to eat, Erbao would start wolfing down her food.

“This is the first meal we’ve had since our return; we must control how much we eat.”

Ning Ran put aside a portion of the food for Erbao, “You can only eat this much, otherwise you’ll really get sick.”

Erbao looked at Ning Ran with a sad face, “Mommy, isn’t this too little?”

“You can only eat this much, or your stomach won’t be able to handle it. If you end up in a hospital, then you can’t eat anything!”

Erbao looked heartbroken, “Alright, then I’ll just fill up my tummy halfway for now.”

After eating, Ning Ran went to bed right away.

Strangely enough, however, she couldn’t seem to fall asleep even though she was very tired.

When she finally fell asleep, she dreamt of Nan Chen with a bloody face dragging her by the hand as they ran through the forest.

Ning Ran didn’t understand why they were running in the dream either.

But dreams were chaotic and illogical by nature anyway, so Ning Ran just ran along with Nan Chen without knowing where they were running to.

The surrounding was dark and scary, and Ning Ran felt she was running out of breath.

Then, someone appeared in front of her. It looked like Luo Fei, but at the same time, it did not.

That woman had disheveled hair and was holding a knife. She charged at them with the knife.

“Run, Nan Chen! I’ll hold her off!”

Ning Ran rushed forward and stood in front of Nan Chen.

She wanted to protect Nan Chen, as if their gender roles were reversed.

“No, you go. I’ll hold her off.”

While the two argued, the woman had reached them and stabbed Nan Chen in the chest.

Ning Ran cried out loud, “Nan Chen.....”

“Mommy, mommy.....”

Ning Ran opened her eyes and saw Dabao and Erbao patting her face.

When she got out of bed, Ning Ran realized she was sweating all over.

She was having nightmares due to the malnourished state while trapped in the forest.

“Mommy, what were you dreaming about? We were calling out to you but you wouldn’t wake up.” Erbao said.

“It was a weird dream, I’m fine.” Ning Ran let out a sigh of relief.

The dream was too scary, and Ning Ran hadn’t been able to get over it completely yet.

“Why did you keep calling Uncle Nan Chen’s name?” Erbao was determined to find out the answer.

“Really? I don’t know why either. He didn’t appear in my dream.” Ning Ran said.

“You even cried; did something happen to Uncle Nan Chen?” Erbao didn’t believe her.

“No, don’t think of such weird things. What time is it, have they returned?” Ning Ran asked.

“It’s seven o’clock. They haven’t returned.” Dabao said.

Ning Ran was getting a little worried. Did something happen to them?

Suddenly, the doorbell rang and someone called out, “Son, daughter, honey, I’m home!”

Judging from the flamboyant voice, it must be Nan Xing.

“Daddy’s back! Yay, we can go have dinner now!” Erbao leapt in joy.

This kid only thinks about eating!

The door was opened, and Nan Xing ran straight into the bedroom.

“Get out! How can you just enter a girl’s room like that? Don’t you know any basic manners?” Ning Ran complained.

“But you’re my wife, so what’s wrong with that?” Nan Xing exclaimed.

“I’m not!” Ning Ran snapped back.

“Our children are already so big, and you still say you’re not my wife?”

“I never was! Do we even have a marriage certificate?”

“Isn’t that just a piece of paper? We can get one done anytime.”

“I wasn’t going to marry you either. I don’t like you, you’re not my type.” Ning Ran said.

“What the hell? What’s wrong with me? I’m handsome, sophisticated and rich! Countless women revolve around me! Why don’t you like me? Are you playing hard to get?”
