

CEO Daddy Is Too Passionate –

Chapter 10

In a whirl, winjo was left on the sofa.

Muddled for several seconds, then the whole person flustered up, want to get up, but the man was
dead pressed hands and feet.

“Hard to get? Good! Woman, your success doesn’t disgust me! So no matter what your purpose is,
I’ll help you! ”

Wen Qiao was shocked to stare big eyes son, white small face because of anger dyed a touch of
red, angry way: “you let me go! I’m not a lady here. You can’t Well... ”

The following words were directly blocked by men’s kisses.

Wen Qiao glared at his big eyes and struggled desperately, biting his lips

“Hiss!” Li Feng narrowed his eyes in the north, and the bottom of hawk’s eyes suddenly appeared
dangerous.

At first he just wanted to try her, but he didn’t really want to do anything to her, but now he was
aroused by her.

This little wild cat is full of conquering expectations.

He is twenty-eight years old now, and there are not many playmates of his age around him.

He didn't know what kind of woman he wanted, but he was not interested in women.

Even he thinks that he has something wrong, but he can't. That night five years ago is the best
proof.

But after that night, he was no longer interested in that woman, and even had a slight nausea when
he saw her.

And at this time, the girl who was kissing by herself, her breath was as sweet as a fragrant apple,
which unexpectedly made him like it.

Don't give Wenqiao any more chance to struggle, attack the city, pry open her lips and swallow her
everything

Early in the morning.

Golden sunlight, through the gap of luxurious European curtains, sprinkles into the room.

Wenjo woke up from the nightmare and opened his eyes vaguely. He had the illusion of not knowing
where he was.

To die, she dreamed that a man had done such a thing to her!

The man's well-defined abdominal muscles, like the touch of silk, his breathing is so hot, as if he can
burn her, the sweat on his handsome face is rolling down, he bites his lips, the expression on his
face is like pain, like joy, so sexy!

My God! This is ridiculous!

Wenjo sat up abruptly, but the room in front of her was not her bedroom.

The whole body seemed to fall apart, but when she lowered her head, she found herself lying naked on the sofa, with a strong arm across her waist.

The man seems tired, holding her to sleep sweetly.

Wenjo shivered with anger, and everything about last night rushed into his mind.

It was not her imagination at all, but it happened.

She never thought that she would not be taken advantage of by others, but this man's degree of hegemony and shamelessness is thicker than the city wall.

Shua ground red eye socket!

She's going to the police! She wants this man to be punished as he should be!

Wenqiao pushed away the man's hand and dressed in a hurry. Looking at the traces all over her body, her face turned red and white. If it was not against the law to kill someone, she would like to strangle the man who was sleeping contentedly.

At the moment when Wenqiao pushed his arm open, Li Fengbei woke up, but he was too comfortable to sleep, and some of them were reluctant to open their eyes.

I haven't had such a comfortable sleep for a long time.

He was raised as an inheritor since childhood. He didn't live a relaxed life. He gradually developed the habit of not being able to sleep easily. He didn't expect that he could sleep on this simple sofa with this woman in his arms last night, and he had a good night's dream!

It's incredible!

Li Fengbei put his hands behind his head, looked at the woman's angry face, looked at her clothes in a hurry, and thought she was a little cute.

The traces of the woman's body are reflected in the bottom of his eyes, which is his fighting achievement last night. Thinking about his soft body, his belly is tight, and he has a feeling again.

Good! This woman, he's going to make a decision!
