

CEO Daddy Is Too Passionate –

Chapter 2

Wenqiao swallowed, opened her eyes and looked at the source of the sound, but she couldn't see anything clearly, but she could feel a sharp line of vision like Falcon falling on her.

Not clear what is going on, the man directly grabbed her neck, with a chilly tone of ferocious said:

“who sent you?”

Who sent her? What happened?

The man's strength is so great that he doesn't feel pity for her. Just as he wants to strangle her, Wenqiao instinctively resists.

He put his hand on the blindfolded silk ribbon and wanted to tear it apart, but his warning words suddenly appeared in his mind.

“No matter what happens in this room, you can't open the ribbon on your eyes, let alone make a sound!”

“Can't you cry when it hurts?” She checked on the Internet and heard that the kind of operation without anesthesia is still very painful.

“No matter how painful it is! Miss Wen, you have to remember that you have signed an agreement. If it breaks my miss's business, you and your father will not only lose money, but also pay double the price! You poor people can't afford it

The man's vicious words echoed in his ears, and wenjo withdrew his hand in despair.

From the moment she signed it, she had no way back.

That person is right. Even if she is about to be strangled by a man the next second, she can't make a sound because she doesn't dare to gamble. They can't bear the consequences.

In her despair to give up the moment of resistance, the man suddenly threw away his hand.

"Cough!" Suddenly he got the air, and he coughed violently.

However, Wen Qiao hasn't finished coughing. The man's tall and strong body is directly attached to it.

Wenqiao's nerves were tense, and he quickly hid beside him. His slender body could hardly bear his weight.

She was so scared that she put her hands in front of her and put them against his chest.

But was easily caught by men, buckled in the top of the head.

Men seem to bear something, heavy breathing with a strong aroma of wine, in a quiet room like a broken bellows, Hula.

Wenjo's heart jumped out of his throat in fear, but he didn't dare to scream.

He pinched her chin hard and said, "how dare you take medicine on me? Woman, no matter who you are, you will bear the consequences tonight! I hope you can afford it

What the hell is he talking about?

How could he have such a strong smell of wine? How can a doctor on duty drink?

Winjo trembled. Was there something wrong with her?

In her stupefied God, the man's hot palm touched her collar, "tear" was pulled open.

"Ah Still out of control, winjo cried out in fear.

The next second, she bit the lip hard again, and the helpless tears whirled in her eyes.

"Hard to get?" The man's cold voice rang out in his ears.

Her strength is so small, that point of resistance, not only does not work, but arouse the man's blood.

Wen Qiao was so big that he didn't even hold a man's hand. He trembled with fear. He wanted to scream, but he didn't dare. His tears were like broken beads, falling down.

Obviously, the man didn't let her go because she was afraid.

Li Fengbei felt the tears on her cheek, and the trembling body under him. She was stunned. What a green girl!

Anger in his heart was gradually replaced by a touch of tenderness. Undoubtedly, the girl's performance satisfied him.

Wenqiao remembered the man's words in his heart. No matter how painful he was, he couldn't make a sound. His scarlet lips were bitten heavily.

However, in the end, she could not help but make a sound, but broke out of tune sobbing and sobbing intermittently.
