Chapter 2131: Master of the Neptunean Mountains

“Three Cosmic Movement Talismans represents three chances of saving my life. As long as I have these, I’ll be able to escape even if I encounter Grand Primes,” thought Jian Chen. He was overjoyed. The Cosmic Movement Talisman was truly priceless.

Of course, he also knew how terrifying Grand Primes were. Whether he could escape from experts like that would still depend on whether he could activate the Cosmic Movement Talisman in time or not.

Jian Chen continued to search through the Space Ring. He found some heavenly resources and various materials in there. All the materials had reached the God Tier.

The old issue was that there were not a lot of God Tier materials. However, every single one of them was rare and extremely precious.

There were only five heavenly resources. They were all of the God Tier and of frightening grades. Jian Chen estimated them to be the sixth or even the seventh grade at the very least. Extremely turbulent energy pulsed inside.

“There definitely were more heavenly resources, but they were all used up by the owner of the Space Ring, so only five are left now,” Jian Chen thought. He saw over twenty jade boxes used to store heavenly resources inside the Space Ring, but they were all empty now.

Moreover, there were quite a few pills bottles as well. They all carried a lingering fragrance, but to Jian Chen’s disappointment, they were all empty.

Jian Chen had already guessed that the pills and heavenly resources were completely consumed during the battle between the owner of the Space Ring and the Samsaric Immortal Exalt.

“Method of the Flaming Heavens. This is a cultivation method that can reach Chaotic Prime.” At this moment, Jian Chen took out an ancient tome from the Space Ring, and his eyes lit up slightly. The cultivation method just happened to suit people who cultivated the Laws of Fire. Although he was uncertain whether Kai Ya could use it, it definitely suited Hong Lian

“It’s a pity that there’s only a single cultivation method, and it can only be cultivated to Chaotic Prime. A Grand Prime cultivation method probably can only be obtained from the entire legacy,” Jian Chen sighed gently. He felt some pity. Afterwards, he shifted his focus to the god artifact, and his eyes immediately lit up. He sat down and began to recover the power of his soul.

The medicinal effects of the heavenly resource he had ingested earlier had yet to be completely used up. He had just been focusing on covering ground earlier, so his soul recovered rather slowly. Now that he focused on it, the medicinal effects were immediately being used up several times faster such that his soul recovered at a rate several times faster as well.

Two days later, Jian Chen finally replenished all the power of his soul. Afterwards, he immediately began to attack the formation around the god artifact.

The sword that had caught Jian Chen's attention was a low quality god artifact, so the formation around it was not too powerful. Under Jian Chen's full-powered attacks, he used less than half a day to destroy it. He removed the sword from there.

As soon as the god artifact was unleashed, it radiated with great might. It shone brightly as it gave off the energy pulses of a god artifact. Powerful sword Qi shot out as it began to attack Jian Chen.

The sword was an undamaged god artifact, so it possessed a complete artifact spirit. As a result, the artifact began to resist the moment Jian Chen gripped the sword.

"Try again once you reach the Primordial realm. You're dreaming if you want to wield me as a mere Godking."

At the same time, a thought appeared in Jian Chen's head. This was the artifact spirit's voice. It was extremely arrogant and filled with disdain towards Jian Chen. As the voice rang out, the sword Qi from the sword became even more powerful as well. The sword began to struggle in Jian Chen's hand in an attempt to break free.

Jian Chen smiled faintly. His clothes had become cut up by the sword Qi from the sword, but he did not care at all. He gripped the sword in his right hand tightly and immediately sat down, refining it with his best efforts. He wanted to see whether he could gain control over the god artifact.

He knew that once he gained control, his battle prowess would increase by an immeasurable amount.

Immediately, the artifact spirit began to resist with even greater intensity. It shone with resplendent light, which formed a barrage that attacked Jian Chen. It was filled with killing intent. At the same time, a powerful strand of sword Qi wormed into Jian Chen's soul in an attempt to harm his sea of consciousness.

Jian Chen sat as still as a mountain, without wavering at all. More and more bloody marks appeared on his bloody, soaking him in blood soon. Within his soul, he used the Anatta Tower to suppress the very front while his three strands of Profound Sword Qi shone with dazzling light as well, dealing with the attacks in his soul.

As Jian Chen refined the god artifact, the supreme Godkings who had lingered on the eighth floor of the Neptunean Divine Palace finally received news that Jian Chen had appeared. It immediately shocked them all.

"What did you say? Although Jian Chen fell into the lava, he survived and subsequently appeared on the twelfth floor? How is that possible..."

"The lava is so terrifying, so how did he survive..."

At the same time, Ming Dong, who sat in the air, suddenly opened his eyes. Evident excitement and joy filled his face, and without any hesitation, he immediately flew towards the ninth floor.

Behind him, the five divine generals followed silently. They watched over him with dedication, without leaving his side at all.

A great group of Godkings appeared outside of the Neptunean Mountains on the ninth floor today. Just the supreme Godkings among them numbered several hundred.

The Godkings had peered into the past or used various other secret methods to find Jian Chen's whereabouts. In the end, they had followed him to the Neptunean Mountains.

"Everyone, may I ask why you've come to my Neptunean Mountains in such a great horde? My mountains don't have enough dwellings to accompany you all." At this moment, Chanlong appeared before them silently. He smiled with a clasped fist.

The supreme Godkings all came to a halt as they stared at Chanlong. They became both surprised and uncertain because none of them had discovered how Chanlong had appeared there. He did it without creating any disturbances at all.

"May I ask who you are and why you block our way?" A supreme Godking growled with a scowl on his face.

"I am Chanlong. The Neptunean Mountains are my territory. If you want to enter the Neptunean Mountains, you naturally need my permission," Chanlong said leisurely. He did seem slightly arrogant.

"What? Did you just say that the Neptunean Mountains are your territory? Hahahaha..." Many supreme Godkings could not help but burst into laughter when they heard Chanlong's words.

Not only was everyone familiar with the Neptunean Mountains, but they knew all about it. There was a formation cast down by a Grand Exalt in the Neptunean Mountains, and when the Daoist Sect of Neptunea still existed, the Neptunean Mountains was their holy land. It was extremely renowned. Cultivation within the Neptunean Mountains would always be easier, and it would have extremely evident effects when overcoming bottlenecks. Basically every time the Neptunean Divine Palace opened, there would be people who would come here specially to cultivate, comprehend laws, breakthrough bottlenecks, and so on.

However, no matter how powerful someone was, including supreme Godkings, they would not be bold enough to claim this place as their own territory.

Yet, a mere mid Godking had spoken such arrogant words, claiming that he was the master of the Neptunean Mountains. How could everyone not laugh at this?

Chapter 2132: Mo Cheng's Methods

"Hahaha, who is this scrawny old man? He actually dares to say that the Neptunean Mountains are his territory. Has he hit his head, or is there something wrong with his head?"

"Where did this scrawny old man come from? He's only a mid Godking, yet he claims to be the master of the Neptunean Mountains. And not just that, he dares to block our way as well."

"Old man, do you think you're Qing Shan, the person who ranks first on the Godkings' Throne? Even if Qing Shan was here, he would not dare to claim the Neptunean Mountains for himself."

The many supreme Godkings laughed out furiously. Every single one of them looked at Chanlong like they were looking at an idiot.

At the same time, over a hundred figures hovered in the sky above the Neptunean Mountains. They steadily made their way over.

These people had originally been cultivating in the Neptunean Mountains. They wanted to borrow the unique environment to comprehend laws so that they could break through bottlenecks and so on. As a result, they did not participate in any of the fights in the Neptunean Divine Palace. However, when they saw that so many supreme Godkings had come to the Neptunean Mountains, they all came out to check out why because they were curious.

There were only a few supreme Godkings from the Godkings' Throne out of all of them. Most of them were regular Godkings, so they did not get too close and observed from very far away.

"Scrawny old man, since you say that this is your territory, are those people your followers or attendants?" A supreme Godking scoffed.

"Stop wasting your time with him. Hunting down Jian Chen is the priority. Kill all those who stand in the way," a vicious-looking supreme Godking called out and directly attacked Chanlong. He hurled out a punch that whistled towards Chanlong's head without any hesitation.

This supreme Godking was very powerful. Just the power of his punch alone filled many supreme Godkings with angst.

Chanlong's expression did not change when the supreme Godking attacked. He said leisurely, "Stop. Don't waste your efforts. No one can harm me at all in my territory."

No one took Chanlong seriously, but in the next moment, they all became dumbstruck. The punch from the supreme Godking had actually stopped before Chanlong for real.

"I'll ignore the offence this time, but I hope a second time doesn't happen. Get out of the territory of the Neptunean Mountains," Chanlong said calmly. His indifferent voice was filled with an undeniable sense of authority.

Most importantly, the supreme Godking who had attacked him actually flew outwards with that. However, his posture was extremely strange. As if he had been cursed, he maintained the same punching posture the entire time.

Only when he flew out of the Neptunean Mountains did the supreme Godking finally regain control over his body. However, he was unable to maintain his composure anymore. He stared at Chanlong in shock as his heart churned. He cried out, "W- who are you?"

Everyone in the surroundings clearly saw what had happened to him, so they immediately fell silent. The people who scoffed and sneered at Chanlong could not help but close their mouths as shock, surprise as well as some confusion and perplexion filled their faces.

Clearly, they knew that the supreme Godking had backed out of the Neptunean Mountains obediently because of Chanlong. However, they had no idea how Chanlong did that or what methods he used to achieve that.

"H- how is this possible? H- h- he can actually control the Grand Exalt's formation in the Neptunean Mountains. T- this is impossible," at this moment, a supreme Godking who had some accomplishments in formations cried out. His eyes almost popped out as he seemed like he had just seen a ghost.

Immediately, there was a chain reaction. After learning that Chanlong could actually control the Grand Exalt's formation, all the supreme Godkings gathered there, including the Godkings who had always been cultivating in the Neptunean Mountains, changed in expression drastically. They were filled with shock.

Afterwards, the supreme Godkings who were ready to enter the Neptunean Mountains and hunt down Jian Chen all backed away several kilometres, moving far away from the boundary of the Neptunean Mountains. Even the people who had been cultivating in the mountains no longer dared to stay. They all left the Neptunean Mountains as quickly as they could in shock as if they were fleeing for their lives.

This was because they all understood that if the Grand Exalt's formation in the Neptunean Mountains was really under someone's control, their lives would be in his hands at all times if they stayed in there. They would have no control over their very lives.

"Sir, are you trying to protect Jian Chen? You need to understand that if you try something like that, you'll become an enemy of all of us. Unless you plan on staying in the Neptunean Mountains forever, any one of us can kill you easily," a supreme Godking called out from the crowd. They finally began to treat Chanlong seriously.

Chanlong did not care about their threats. He said, "If Jian Chen was in the Neptunean Mountains, I would indeed protect him, but he's not here, unfortunately." As he said that, Chanlong's gaze became confused for a split second. Jian Chen's figure appeared in his head. Although his face was extremely familiar, it seemed rather distant at the same time.

"Then do you know where Jian Chen went?" A supreme Godking asked.

"I can find Jian Chen!"

A voice filled with confidence rang out from behind as soon as the supreme Godking asked his question.

The supreme Overgod who ranked first on the Overgods' Plaque, Mo Cheng, flew over gradually from behind.

"Young master, why have you come?" Cang Ying's face changed slightly when Mo Cheng arrived. Immediately, he flew out of the crowd, but he stared at Mo Cheng in surprise soon afterwards. He asked, "Young master, you've broken through successfully?"

"That's right. I already made it far enough as an Overgod. It was time for me to break through," Mo Cheng nodded at Cang Ying. Afterwards, he stared at the supreme Godkings gathered around, and he showed no fear at all. He said steadily, without any arrogance or attempt to curry up to them, "I engaged in an intense battle against Jian Chen in the past, and I managed to obtain a droplet of his blood back then. The blood might be useless in the hands of others, unable to be used at all, but in my hands, I can use a secret technique to find him."

"Hahaha, truly the successor of the Azure Peng King. You really have inherited some of the Azure Peng King's technique. Mo Cheng, use the secret technique immediately and find Jian Chen," a black-robed old man laughed aloud. Even though Mo Cheng was only an early Godking, no one dared to underestimate him.

Not only had Mo Cheng ranked first on the Overgods' Plaque, making him possess great potential and making it very likely for him to make it into the top ten of the Godkings' Throne in the future, but he was also the Azure Peng King's disciple. His status was so great that it surpassed most of the supreme Godkings here

Chapter 2133: The Nine Star Sword of Heavenly Ways

Afterwards, Mo Cheng took out the droplet of chaotic blood he had obtained from Jian Chen. Immediately, he cast a secret technique. He used the blood as a medium to find Jian Chen's whereabouts.

As Mo Cheng used the secret technique, supreme Godkings immediately came to watch over him. Clearly, they wanted to befriend him.

"I've found him." Very soon, Mo Cheng opened his eyes. His gaze was sharp, and with a single movement, he shot off into the distance.

"Ming Dong, since you're Jian Chen's sworn brother, you will definitely appear when Jian Chen is encircled. Hmph, I'll use everyone's power to kill you this time. I'll make you pay a heavy price for your arrogance."

"So what if you're a supreme Godking? In the Saints' World, plenty of supreme Godkings end up dead. We had no grievances, but I must kill you because you hunted down my protector. You hunted down my master's attendant, a member of our Azure Peng Lineage. We can't just be harrassed like that..." Mo Cheng thought as heavy killing intent built up within him.

Many supreme Godkings followed Mo Cheng. They vanished into the horizon in the blink of an eye.

After their departure, Audriana appeared several thousand kilometres away. She stared at the supreme Godkings who had hurried off, and she was extremely stern. After a moment of silence, she immediately began to tail them.

Chanlong sat in the sky all by himself in the Neptunean Mountains. He looked at the empty mountains and the group of supreme Godkings who had headed off, and he sunk into his thoughts.

"This time, several hundred supreme Godkings have set off. If they really find where Jian Chen is, Jian Chen should be done for. In reality, I do possess the power to trap all those supreme Godkings through the power of the Neptunean Mountains, but why didn't I do that?" Chanlong murmured to himself as he became confused.

"It looks like I still haven't accepted Jian Chen as a friend from the bottom of my heart. Perhaps all those years I spent with him was all because of Kai Ya. Maybe when I assisted him despite running the risk of offending a vice-leader of the Emyrean Demon Cult was because of Kai Ya as well."

"Is Kai Ya really this important to me? Why would I change my behaviour from before for her? I clearly don't feel any attraction for the opposite sex towards her," Chanlong murmured to himself. In all these years, he had experienced this doubt many times, but no matter how he pondered about it, he was unable to find the answer.

“Old man Chanlong, if I’ve guessed correctly, we should have very great ties with Kai Ya,” at this moment, the soul trapped in the formations banners wormed out from Chanlong’s Space Ring and said seriously from beside Chalong in the form of a large snake.

“Didn’t you say you can peer into the heavenly secrets and forecast the future? Can you tell what’s up with my relationship with Kai Ya?” Chanlong asked.

“I can indeed peer into the heavenly secrets and forecast the future, but heavenly secrets do vary in significance. My ability to forecast the future is very particular. I can see through petty matters with just a single thought, but if they tie into significant matters, even those Grand Primes probably won’t be able to forecast anything, let alone me. For example, Kai Ya has been shrouded in mist the entire time. Even if I was a hundred times more powerful, I would not be able to see through her.”

“I can’t see through anything relating to Jian Chen either. It seems like he’s even more complex than Kai Ya. However, my gut is telling me that we can’t get too close to Jian Chen. Don’t ask me why because I don’t know either.”

...

In a mountain range on the fifth floor, powerful sword intent enveloped the entire place while sharp sword Qi shot out with resplendent light. It crisscrossed the mountains, leaving behind sword slashes.

From afar, the mountains seemed to have become a sea of sword Qi, where they existed everywhere. It had become a forbidden place that many Godkings did not dare to set foot in.

At this moment, a person covered in blood sat within an obscure cave. He held a sword as he refined it with everything he had.

Unsurprisingly, this person was Jian Chen.

The artifact spirit of the god artifact refused to be controlled by Jian Chen, who was only a Godking, so it resisted with everything it had.

However, the resistance finally became weaker and weaker as time went on. In the end, Jian Chen bellowed out, and the Chaotic Force within him rampaged and completely suppressed the sword. The sword stopped resisting.

“You may have defeated me, but you can’t fully wield me without reaching the Primordial realm,” the artifact spirit said reluctantly. The power it had used to resist began to shrink back, gathering in the tip of the sword.

Jian Chen used this as an opportunity to take over the sword. Chaotic Force was poured into the god artifact, taking up two-thirds of the entire sword in the end. The last third was controlled by the artifact spirit.

“There’s no need for me to reach the Primordial realm. I only need to make some more progress with my cultivation, and I can easily refine you,” Jian Chen smiled faintly. Making the sword submit to him really was not easy. He would not have been able to control the god artifact if it were not for his endless supply of Chaotic Force that depleted extremely gradually and his tough Chaotic Body that could endure the sword Qi attacks.

However, even after all that, he only managed to suppress the artifact spirit of the god artifact, only gaining partial control over it. He needed to make some more progress with his cultivation and gain the recognition of the artifact spirit if he wanted complete control.

“So you’re called the Nine Star Sword of Heavenly Ways. That’s not a bad name,” Jian Chen was elated. After refining the god artifact, he learnt some information about it.

The Nine Star Sword of Heavenly Ways was a low quality god artifact. It was forged from nine stars from outer space. It possessed the mysteries of the world and a sliver of the power of the heavenly ways, which was why it was called the Nine Star Sword of Heavenly Ways.

“It is a god artifact after all. With my current abilities, I can only unleash forty percent of the sword’s power. However, even if it’s just forty percent, I’m confident that I can kill the eight supreme Godkings from earlier.”

“And my Chaotic Force gets consumed at a gradual rate, so I can use the god artifact as much as I wish without having to worry about running out of power like regular Godkings. As a result, the assistance that this god artifact has brought me is quite significant.”

For a moment, Jian Chen’s heart settled down with the god artifact in his hand. He felt like he could sweep through the world with invincible prowess.

“Moreover, there are a few extremely high grade heavenly resources in the Grand Prime’s Space Ring. They aren’t for recovery and are instead more like items that can increase cultivation. If I ingest them, my chaotic neidan will grow quite a lot in size. I’ll be one step closer to the thirteenth layer,” Jian Chen thought.

However, at this moment, his eyes suddenly narrowed, and he turned his head to look outside the cave.

“Jian Chen, you really are hiding here. You’ve actually come to the fifth floor of the Neptunean Divine Palace. It really was quite difficult for me to find you,” at this moment, a cold voice rang out from the surroundings.

“Mo Cheng!” Jian Chen squinted his eyes when he heard this familiar voice. A sharp, cold light flashed through his eyes as he became slightly surprised.

Chapter 2134: A Reunion of Brothers

Several hundred supreme Godkings hovered outside the cave. They surrounded the mountain that Jian Chen resided in. Every single one of them radiated with extremely powerful presences. The presences of some people who ranked towards the top were truly earthshaking, causing the clouds in the surroundings to churn.

They were so powerful that they had basically surpassed Godkings, directly rivalling Primordial realm experts.

To no surprise, Mo Cheng was among them as well. Even though he was the weakest among all of the Godkings present, none of the supreme Godkings dared to dismiss his existence.

Below, Jian Chen slowly made his way out of the cave with the Nine Star Sword of Heavenly Ways he had just refined. He was very composed.

“Mo Cheng, you’ve surprised me quite a lot by working with all these people. Do you think that you have the right to compete for the Neptunean Divine Palace against all these people just because you’ve become a Godking?” Jian Chen stared at Mo Cheng coldly as he said indifferently.

Mo Cheng’s expression did not change at all, “The Neptunean Divine Palace is indeed precious, but I don’t have much interest in it. The reason why I’ve come for you is not for this place but for revenge.”

“Revenge? Have you grown to hate me because of the shame you suffered from the defeat at my hands?” Jian Chen asked.

Mo Cheng shook his head. He said with a natural sense of arrogance, “It was my utter defeat to you back then, and I admit it. I do not resent you at all. The only person you can blame is your friend Ming Dong for offending a person of our Azure Peng lineage.”

“I heard that you were sworn friends with Ming Dong, so I thought that once you were in danger, Ming Dong would definitely come to save you. I’ve come specially to kill Ming Dong.” Mo Cheng was cold. He hid nothing and directly stated his intentions.

Jian Chen’s expression changed slightly when he heard that. He did not fear these people. Even if he could not defeat them, he could flee using the Cosmic Movement Talisman. However, he worried for Ming Dong.

He understood Ming Dong. Once Ming Dong learnt that Jian Chen was in danger, he would stand with him without any hesitation to become the opponent of several hundred supreme Godkings.

Although he knew Ming Dong was very powerful right now, even Audriana and Shui Yunlan were unable to stop all the supreme Godkings before him, let alone Ming Dong.

At this moment, Jian Chen could not help but worry for Ming Dong secretly.

“Hahahaha, even a mere early Godking wants to kill me. It looks like some people still think I’m easy to harass.” At this moment, a bold voice rang out from the distance. It was tremendously loud, booming through the surroundings. The sound wave caused the mountains to tremble.

With it, six figures shot over with terrifying speed. They arrived within the encirclement of the several hundred supreme Godkings a while later.

To no surprise, they were Ming Dong and the five divine generals.

“Hahaha, I’ve finally found you, brother.” As soon as he arrived, Ming Dong looked at Jian Chen. His face was filled with joy as he went up to hug him tightly.

“Ming Dong, you shouldn’t have come,” Jian Chen said bitterly. He was calmer compared to Ming Dong’s excited state.

The two of them had been separated for many years, and finally, they were reunited in another world. It was a wondrous occasion, and they should have had a lot of things to talk about, but in the current situation and circumstance, Jian Chen struggled to embrace him with positive emotions.

“Why shouldn’t I have come? They’re just Godkings. Even if you encounter Infinite Primes, Chaotic Primes, or even Grand Primes, I still won’t back away. I’ll still stand with you and fight with you without

any hesitation,” Ming Dong said boldly. Then he looked at the several hundred supreme Godkings in the surroundings and said coldly, “Listen up. Jian Chen is my sworn brother. If you want to become Jian Chen’s enemy, then you’re becoming my enemy as well.”

With that, the expressions of a few supreme Godkings who had a rough idea of Ming Dong’s identity all changed. They began to hesitate.

However, there were many more people who did not know about Ming Dong’s origins. They guessed that his background was probably very powerful, but were there any of them present who were not complicated like that as well?

As a result, they completely dismissed Ming Dong’s threat without taking it seriously at all.

“Ming Dong, we can ignore what you did on the eighth floor, but this ties into the ownership of the Neptunean Divine Palace, a high quality god artifact, right now. You standing forward firmly will only cause trouble for yourself.”

“Jian Chen, hand over the girl, and we’ll spare you...”

“That person who gained the recognition of the statue on the twelfth floor also died to your hands. Jian Chen, hand over the Space Ring, and we won’t make things difficult for you at all...”

“And that god artifact in your hands. You probably got it from there as well, so hand it over too...”

Many supreme Godkings called out in the surroundings. Clearly, Ming Dong’s threat had not been effective.

“It’s you. How dare you show up?” Suddenly, a furious call rang out. Immediately, killing intent pervaded the region. Many supreme Godkings unleashed a heavy, murderous presence.

Audriana flew over steadily.

Her arrival immediately attracted the glares of many supreme Godkings.

“She is with that person who uses the Laws of Ice. In order to stop us from chasing Jian Chen, that person with the Laws of Ice injured many of us, so we can’t spare this woman.”

“Yeah, we can’t let her go no matter what...”

Many supreme Godkings called out furiously. They were filled with resentment.

However, Audriana arrived beside Jian Chen calmly and said, “I am Audriana, and I come from the God clan. I hope you can forgive me for any offence I’ve caused earlier.”

“What? The God clan...”

The expressions of all the supreme Godkings present changed when they heard her mention the God clan. Even the supreme Godkings who had shouted out how they wanted to kill Audriana shut their mouths obediently.

The God clan used to be the greatest clan in the Saints' World. It was the undisputed most powerful organisation in the Saints' World, where they dominated and struck fear throughout an entire world. No one dared to offend them.

Even though the War God of the God clan was dead now, causing their strength to decrease drastically, they were still a great organisation that stood at the very peak of the Saints' World. Their heritage ran unbelievably deep.

"Jian Chen is the friend of our esteemed War God. I have left the God clan this time under the War God's orders to find Jian Chen. Everyone, if you become enemies with Jian Chen, please consider the consequences carefully," Audriana clasped her hands.

Everyone present was surprised when they heard that. They all looked at Jian Chen with mixed emotions. There was admiration, envy, and resentment.

"It doesn't matter how much you say. We've only come for the girl. If you hand over the girl, nothing will happen naturally. Even if Jian Chen has the support of the God clan, he won't be able to leave here otherwise," an arrogant young man with a striking appearance stood forwards and said coldly. He did not fear the God clan at all.

After that, the young man stared at Audriana coldly. He let out an earthshaking presence and said coldly, "I am Nan Shangyun, and I come from the Heaven-splitting clan. Does your God clan plan on falling out with our Heaven-splitting clan over a mere Godking?"

Everyone was shocked once again. The Heaven-splitting clan was one of the peak clans that could strike fear across the entire Saints' World. In particular, ever since the War God of the God clan died, the Heaven-splitting clan seemed to surpass the God clan slightly.

Chapter 2135: Crippling Nan Shangyun

"Over three million years ago, your Heaven-splitting clan was only a small clan in the eyes of our God clan. It was nothing significant in the Saints' World. Do you think you can stand up to our God clan now that you have your Heaven-splitting ancestor? Do you think that you can stand against our supreme War God?" Audriana growled as she glared at him.

"The past is the past, and now is now. The Heaven-splitting clan was indeed nothing in the eyes of the great clans of the Saints' World in the past, but now, the ancestor of our Heaven-splitting clan is one of the most powerful people below Grand Exalt. With him alone, we can stand up to your God clan. The current God clan is no longer the God clan of the past."

"As for your War God, he's far too weak right now. It'll take him quite some time before he fully matures. By then, our ancestor might have broken through the final bottleneck and earned the title of Grand Exalt for himself. Would we still have to fear your God clan anymore?" Nan Shangyun said arrogantly. The current Heaven-splitting clan did possess the right to look down on everything.

Audriana's face sank. She knew that Nan Shangyun was telling the truth. The ancestor of the Heaven-splitting clan had unprecedented talent. Among all the people who could take the final step and gain the title of Grand Exalt in the current Saints' World, the Heaven-splitting ancestor was definitely one of them.

“Hahaha, Nan Shangyun, you treat yourself like a big deal. Your Heaven-splitting clan might not be weak, but what has it got to do with you? Do you really think your Heaven-splitting clan is willing to go to war against the famed God clan for a mere Godking like you? Like I said, you treat yourself like a big deal. Are you really great enough for your clan to do that?” At this moment, Ming Dong who stood beside Jian Chen spoke out. He looked at Nan Shangyun like he was looking at a joke as he scoffed.

“Ming Dong, are you looking to die?” Nan Shangyun glared at Ming Dong. His face darkened, and killing intent shone in his eyes.

Ming Dong laughed aloud. He directly drew a god artifact and put on god artifact armor before charging towards Nan Shangyun aggressively. He sneered, “The person who is looking to die is you. Today, I’ll cripple you before everyone. I’d like to see whether your Heaven-splitting clan really is as great as you describe it to be and whether they’d come to me looking for revenge.”

Ming Dong used his full strength right from the start. Pure Laws of Destruction condensed on the god artifact as he produced a strand of sword Qi that was hundreds of meters long. It possessed the pressure of a God Tier Battle Skill as it chopped towards Nan Shangyun mercilessly.

“Impudent. I won’t let you leave the Neptunean Divine Palace alive today just because of what you said,” Nan Shangyun called out coldly. He held a violet and golden hammer. As he swung it, it pulsed with the energy of a god artifact.

Nan Shangyun comprehended the Laws of Strength. That swing was enough to split the sky and ground. The terrifying power that gathered on the hammer made space ripple.

In the sky, a thunderous boom rang out. Nan Shangyun was extremely powerful, where he was extremely close to the top ten on the Godkings’ Throne. He managed to suppress Ming Dong right from the beginning.

“The Ways are in Heaven...” At this moment, Ming Dong bellowed out. He extended a finger at the sky and a finger at the ground as a mysterious power radiated from him.

“And I Stand in the World...” In the next moment, Ming Dong’s hands shifted. They moved along a wondrous and profound trajectory as they resonated and matched with the laws of the world. He shone with a hazy light.

Nan Shangyun’s eyes narrowed as he looked at Ming Dong with some seriousness. When Ming Dong began casting the mysterious secret technique, he became filled with an intense sense of unease.

Along with it was dread that originated from the depths of his soul.

It was as if the secret technique Ming Dong was casting right now was extremely impressive, possessing unfathomable power.

Nan Shangyun gritted his teeth and no longer held back. His hammer became wrapped with the Laws of Strength, and he struck out with a God Tier Battle Skill in an attempt to disrupt Ming Dong’s secret technique.

“For I am the Heavenly Ways...”

It was also at this moment that Ming Dong suddenly bellowed out. It was thunderous and deafening. A profound, mysterious power shot out from his body and enveloped Nan Shangyun.

Nan Shangyun's face suddenly changed. Under the mysterious power, he actually lost all sense of his cultivation. He could not feel his comprehension of laws as if he had been forcefully struck back to being a mortal by someone at that moment, becoming the most ordinary mortal out there.

Even the low quality god artifact in his hand was affected as well. It stopped shining, and the God Tier Battle Skill he was about to cast collapsed and completely dispersed.

"W- what is this secret technique?" Nan Shangyun cried out. He was panic-stricken as great fear filled his face.

But in the next moment, Nan Shangyun emitted a chilling cry. The mysterious power invaded his soul and body, filling his entire body with excruciating pain.

His soul rapidly dispersed and so did his cultivation under the invasion of the mysterious power.

This form of dispersing was permanent. It would be very difficult to undo. It directly led to a downfall of his cultivation and comprehension of laws.

In under ten seconds, the mysterious power around Ming Dong vanished and so did the light that enshrouded him, revealing Ming Dong's pale face.

Before him was the haggard Nan Shangyun. His eyes were blank as disbelief and shock filled his face, along with deep fear.

He could sense his soul and cultivation once again now. However, not even a hundredth of his cultivation remained. It had dropped to the level between the Origin realm and deity while his peak Godking soul also seemed to be ripped apart, with only a tiny fragment left behind. It had fallen to early Deity.

This was a permanent loss and could not be undone. He could only cultivate slowly if he wanted to recover, and due to the injuries to his soul, it would be difficult for him to recover to his peak condition even if he cultivated again.

It could be said that Nan Shangyun of the Heaven-splitting clan had been completely crippled after falling to such a level.

"Remember, my name is Ming Dong. Don't forget to get your clansmen to come and take revenge," Ming Dong said weakly with a pale face before directly punting Nan Shangyun far away.

The surroundings became deathly silent. Everyone stared at the haggard, weakened Nan Shangyun blankly as their hearts churned in shock.

Ming Dong's secretly technique had forcefully reduced a peak Godking to a Deity. They had never seen or heard of such a strange and terrifying secret technique.

To their shock, Nan Shangyun had actually been crippled before everyone by Ming Dong, just like he had said he would do.

Nan Shangyun was a member of the Heaven-splitting clan!

The current Heaven-splitting clan was as prominent as the midday sun. Across the entire Saints' World, there were basically no organisations that dared to stand up to the Heaven-splitting clan now, yet Ming Dong was utterly fearless.

"It's the Authority of the Grand Exalt. How does he know the Authority of the Grand Exalt?" Nearby, Audriana stared at Ming Dong with mixed feelings as her heart churned.

"How is this possible? How does Ming Dong know the Authority of the Grand Exalt? Grasping this art requires the recognition of a Grand Exalt, and they must pass it onto them personally. However, all people who know this art, from a certain sense, are the Grand Exalt's successor because whenever a Grand Exalt passes this onto someone, they will suffer from a certain level of deterioration," several kilometres away, the empty space actually trembled; Shui Yunlan, who was hidden there, voiced her shock.

Out of the several hundred supreme Godkings present, only Audriana and Shui Yunlan knew what Ming Dong's secret technique was. This was because one of them came from the God clan, while the other came from the Ice Goddess Hall. They were both peak organisations that possessed Grand Exalts in the past, so they had records of this.

However, something happened at this moment. A huge hand appeared out of nowhere above Jian Chen's head and reached towards him with golden light and a suffocating pressure.

Someone had secretly taken action. They wanted to take Jian Chen away while everyone else was still distracted.

Chapter 2136: Enemies Everywhere

Jian Chen heart shivered as he became extremely stern. When the huge, golden hand reached over, his body suddenly sank. He felt like the space around him had frozen at that moment.

The owner of the huge, golden hand was extremely powerful. At that moment, Jian Chen truly felt like he was suffocating.

However, he did not become flustered. Now that he had a god artifact, his battle prowess had increased significantly. Even though he was not as great as his opponent, he would not be overwhelmed to the point where he could not even fight back.

His eyes shone brightly and sharply like swords. Chaotic Force rampaged wildly within his body like a raging river, and all of it poured into the Nine Star Sword of Heavenly Ways. It immediately caused the sword to become blinding, seemingly shining with resplendent starlight. Four gigantic stars seemed to appear.

Jian Chen pointed the sword at the sky, and immediately, the unmatched might of a god artifact poured out from the Nine Star Sword of Heavenly Ways. With the power of stars, collided with the huge golden hand.

The collision between the two was deafening. It was like the collision of two worlds, kicking up powerful streams of energy.

Jian Chen extended his sword towards the sky as he stood strong with a great presence. He seemed like an invincible god of war.

The ground beneath Jian Chen began to crack. His body sank slightly, where his feet had already sunken into the ground, only stopping up to his knees.

The huge, golden hand above his head remained locked against Jian Chen Nine Star Sword of Heavenly Ways for a while with terrifying power before dispersing.

Like a set of dominos, the sneak attack from the golden hand formally begun a great, intense battle.

Immediately, the supreme Godkings gathered there all struck out. Without any exception, they all looked at Jian Chen.

A gleam of light flashed through Jian Chen eyes. He stared at the hand that had already dispersed, and his face was filled with surprise, doubt, and some joy.

He could feel the presence of a familiar power in the golden hand that had just attacked him. This presence was extremely similar to the Golden Divine Dragon Rui Jin.

Whoever harms my brother will become an enemy of mine! Ming Dong bellowed out furiously as killing intent surged into the air. He ingested a God Tier healing pill and struck out with his full strength, standing before Jian Chen.

However, Ming Dong had depleted far too much energy from using the Authority of the Grand Exalt earlier. He had paid a certain price himself, so he was nowhere close to his peak condition. It was impossible for him to stop so many supreme Godkings.

However, the supreme Godkings did not dare to attack Ming Dong viciously because they had all seen Ming Dong savagery. Everyone took him seriously. He did not even fear the Heaven-splitting clan, so his confidence naturally struck fear in many people.

As for the few supreme Godkings who did know Ming Dong identity, they all avoided Ming Dong from afar as they charged towards Jian Chen. They did not want to have a brush with him at all.

Dong, it doesn't matter what identity or background you have. I will make you feel regret today. The people of the Azure Peng lineage can just be offended so easily, even if it's only an attendant. At the same time, killing intent rose up in Mo Cheng eyes. He called out,

Young master Mo Cheng, Ming Dong's origins are probably quite significant. Do you really want to do this? A few supreme Godkings hesitated nearby.

They came from various clans and organisations in the Saints World. Mo Cheng had secretly contacted them, as he wanted to use them to kill Ming Dong.

Although the supreme Godkings knew that Ming Dong's origins were extraordinary, they did not think it would be overly terrifying. Once they considered how Mo Cheng was the Azure Peng King's disciple and how his personal talent and future potential was unlimited, they agreed to Mo Cheng's suggestion firmly in an attempt to establish good ties with Mo Cheng early on.

They hesitated slightly now because they had seen how Ming Dong did not fear the Heaven-splitting clan, which made them reevaluate Ming Dong background.

on ahead! Ming Dong called out coldly.

The supreme Godkings looked at one another, and all of them gritted their teeth. They struck out decisively, killing their way towards Ming Dong.

on you dare!

The five divine generals of the Heavenly Palace of Bisheng became furious. Before the supreme Godkings could approach Ming Dong, they blocked them and engaged in an intense battle.

After seeing his helpers being stopped, a vicious gleam of light flashed through Mo Chen eyes. He took action personally, wielding a sword with the Laws of the Sword and Destruction simultaneously, directly killing his way towards Ming Dong.

He could tell that Ming Dong was extremely frail right now. His battle prowess was nowhere close to his peak, so Mo Cheng was confident he could put up a fight.

After all, Mo Cheng was no regular Godking. When he was still an Overgod, he could kill Godkings, let alone now.

ong master, allow me to assist you! Cang Ying flew over from afar. Azure light flickered on him, and he turned into an azure peng as he charged towards Ming Dong with great speed.

ou want to kill me with just yourselves Ming Dong snorted coldly. His face darkened as killing intent surged towards the sky. The Laws of Destruction erupted as he slashed out with his god artifact, knocking Mo Cheng far away and causing him to vomit blood.

At the same time, Ming Dong body shook. Cang Ying hands turned into claws as he swung them towards Ming Dong god artifact armor with azure light.

With the protection of a god artifact, Cang Ying strike failed to cause any real harm. Ming Dong responded with a slash, shooting through the air as a black streak of light with the might of a God Tier battle skill. He cut Cang Ying in half along the waist.

With Ming Dong attacked, the five divine generals became furious. Killing intent rose up, and they became enveloped by a blinding light. Five sets of impressive, golden armor that flickered with light appeared on them, covering their bodies completely. Only their eyes were left revealed. They used their full strength to force back their opponents, and all of them returned to Ming Dong side in a flash with no intentions of continuing the battle. They used their bodies to forge a tough fortress around Ming Dong to protect him.

the armor specially made for divine generals of the Heavenly Palace of Bisheng. Y- you are actually...

...

In the surroundings, the supreme Godkings who had clashed with the five divine generals earlier all widened their eyes as they stared at the golden armor firmly. Their faces were filled with shock as they all backed away, no longer willing to keep fighting.

actually divine generals of the Heavenly Palace of Bisheng. H- how is this possible...

they have the divine generals of the Heavenly Palace of Bisheng come to the Neptunean Divine Palace? Heavens, then what Ming Dong identity? Why has he been protected by the divine generals of the Heavenly Palace of Bisheng the entire time...

...

A series of gasps rang out in the surroundings. At that moment, many people showed shock and disbelief. At the same time, they came to a realisation; no wonder Ming Dong was so savage, where he did not even fear the Heaven-splitting clan. As it turned out, he came from the Heavenly Palace of Bisheng.

you... Cang Ying face had completely paled now. It was filled with fear. He had clearly been frightened by the revelation of the five divine generals identities.

A tree of life appeared in the centre of the encirclement. Audriana struck out as soon as she could to block the attacks from Jian Chen surroundings.

Jian Chen showed no weakness. Even though enemies were everywhere, his battle intent still surged. As Chaotic Force poured endlessly into his Nine Star Sword of Heavenly Ways, he engaged in battle against the many supreme Godkings.

However, with just the two of them, it was impossible to fend off so many supreme Godkings. At that moment, both Audriana and Jian Chen were firmly suppressed. They had been forced on the defensive, as they completely lost the upper hand.

As the target of everyone attacks, Jian Chen was already covered in wounds and soaked in blood now.

Chapter 2137: A Battle Between Supreme Godkings

“Jian Chen, hand over the girl, and we won’t become your enemies...”

“Jian Chen, you can’t keep her. Just hand over the girl. For the sake of the Heavenly Palace of Bisheng, we won’t do anything to you if you do that...”

A few supreme Godkings called out in the surroundings. None of them wanted to fall out with the Heavenly Palace of Bisheng just because of Jian Chen. However, they wanted to get the girl as well, so they could not just give up like this.

At this moment, a simple cauldron flew over. It shone with a bronze light as it arrived above Jian Chen’s head. It emitted a suction in an attempt to swallow Jian Chen.

A gleam of light flashed through Jian Chen’s eyes when he saw the cauldron. He did not resist at all, allowing the cauldron to swallow him up.

The cauldron immediately fled after sucking up Jian Chen.

However, the surroundings supreme Godkings all bellowed out furiously. Terrifying attacks rained down on the cauldron.

With a vicious series of booms, the cauldron dimmed. It was knocked around in the air by the supreme Godkings around it like a ball. Some supreme Godkings drew their god artifacts and struck the cauldron with terrifying power, producing thunderous booms.

The cauldron was a god artifact and not something that Godkings could destroy. It remained undamaged after being hit by so many attacks, but the controller of the cauldron was unable to unleash its full power. In the end, the cauldron was knocked far away. It smashed through countless mountains and kicked rocks and dust into the air.

As Jian Chen had been swallowed by the cauldron, the cauldron became the target of all the Godkings. The cauldron had completely dimmed from all the attacks. It had basically drained all of its power to escape. The several hundred supreme Godkings in the surroundings all shot over with lightning speed.

Audriana took action as well. She hovered in the air as her life force churned. A gigantic tree thousands of meters tall appeared as countless branches shot out with emerald-green light. They shot over the heads of the supreme Godkings towards the cauldron.

Powerful energy with Godking level laws shook up the space. Over a dozen supreme Godkings struck out firmly, severing all the branches that reached towards the cauldron.

“Do you plan on becoming the enemy of the God clan just like the Heaven-splitting clan? Jian Chen is someone that the supreme War God ordered to protect,” Audriana growled. Her eyes were cold, and she was clearly angered.

“We naturally do not dare to become enemies of the God clan. We only want the girl. In reality, a battle like this in the eyes of the seniors is just a small fight among children. Why would it affect significant matters like the relationship between two clans?” A supreme Godking replied. Although he feared the God clan, he still did not give up on the Neptunean Divine Palace.

At this moment, a supreme Godking arrived before the cauldron. He extended a hand towards the cauldron as his eyes were filled with desire and excitement.

However, as soon as he moved, all the supreme Godkings in the surroundings attacked him at the same time.

In just a split second, the rather powerful supreme Godking who had approached the cauldron was heavily injured. He was at death’s door as he directly fell out of the sky.

“Artifact spirit, quick, take Jian Chen and leave here. Fly away as quickly as possible.” At the same time, a skinny old man was burning with anxiety as he communicated with the artifact spirit in a hurry.

This old man was also a supreme Godking from the Godkings’ Throne. He was the one responsible for sucking Jian Chen into the cauldron.

Unfortunately, the power he could unleash through the god artifact as a Godking was very limited. He would possess an absolute advantage if he faced individual enemies, but against several hundred Godkings, there was nothing he could do despite his wishes. He was forced into a situation where he could only react to whatever that was thrown at him.

In particular, he no longer had the power to control the god artifact now. He left everything up to the artifact spirit.

Unfortunately, even though the cauldron was a god artifact, it had broken free from its owner's control, so it had lost its source of power. Even though it could not be damaged due to how tough its material was, it could only take a beating before several hundred supreme Godkings. It was unable to escape.

The huge, golden hand appeared once again, and it shone with golden light. It radiated with an extremely powerful pressure that was even more powerful than when it attacked Jian Chen before. It seemed to surpass Godkings and reach the Primordial realm. Before the supreme Godkings could make it in time, the golden hand had wrapped around the cauldron tightly.

"So powerful. This person must rank within the top ten of the Godkings' Throne..." The suffocating feeling from the golden hand made many supreme Godkings shiver inside.

It was also at this moment that a cold snort rang out from nowhere. It was not loud, but it completely drowned out the deafening booms from the collision of energy.

A silver-haired young man with quite a striking appearance made his way over with a nine-meter-long spear. He was in white robes. He seemed to have fused with his spear as he stabbed out at the golden hand.

Immediately, sparks crackled as lightning shot out. The moment the silver-haired young man stabbed out with his spear, he became coated in sparks, seemingly becoming a huge bolt of lightning. He moved extremely quickly.

Boom!

After being struck by the lightning attack from the silver-haired young man, the huge, golden hand directly dispersed, turning into violent energy that wreaked havoc in the surroundings.

The silver-haired young man flicked his spear, and he threaded it through the two handles, locking the cauldron down firmly before reaching inside.

It was also at this moment that the powerful attacks from the supreme Godkings rained down on the young man with powerful ripples of energy, sealing off any path of retreat for the silver-haired young man.

The silver-haired young man's face did not change. Sparks flickered around him, and he swept out with his spear, dispersing the closer attacks before turning into a bolt of lightning and unleashing great speed. He moved through the cracks between the attacks and broke out of the encirclement with great composure.

"Lei Daozi, taking something from my hands won't be that easy."

However, just when the silver-haired young man was about to flee, a burly, three-meter-tall man blocked his way. The man's face was emotionless, and his eyes were cold. He shone with dazzling golden light as he directly hurled out a fist. The power was frightening, causing the space there to ripple.

"Lei Daozi? The person who ranks sixth on the Godkings' Throne, Lei Daozi?"

“The silver-haired young man is Lei Daozi? He’s a terrifying existence that ranks in the top ten of the Godkings’ Throne...”

Cries immediately rang out in the surroundings when they heard Lei Daozi’s name.

Lei Daozi’s face did not change. His pupils suddenly turned silver-white as if they possessed the power of lightning. Sparks flew in his eyes. Then he seemed to turn into a bolt of lightning as he shot over loudly with incomparable speed.

The golden fist and lightning collided together like planets. It exploded loudly in the air, erupting with devastating might. Terrifying energy ripples splayed out, forcing the supreme Godkings who ranked towards the bottom to a halt as they struggled to advance any further.

After the clash, Lei Daozi shook, and he could not help but stagger a few steps back. Sparks flickered and flew from his body as it crackled.

Before him, the three-meter-tall burly man basked in golden light as he flew into the distance with the cauldron that Lei Daozi had grabbed.

“Rui Di, do you think you can escape before me? No matter how fast you are, do you think you’re faster than my lightning?” Lei Daozi snorted coldly. He turned into lightning as he pursued rapidly.

He only needed to keep Rui Di busy. No matter how powerful Rui Di was, he would be powerless against several hundred supreme Godkings.

Chapter 2138: From the Same Homeland (One)

When Rui Di’s name was mentioned, the supreme Godkings in the surroundings became stunned once again.

They were familiar with this name because it ranked fourth on the Godkings’ Throne.

In the eyes of many supreme Godkings, this ranking was extremely highly regarded.

“Lei Daozi, with me here, do you still think you can catch up to Rui Di?” A gentle laughter rang out, and an extremely pretty woman who seemed to be in her twenties blocked Lei Daozi’s way. Milky-white flames flickered on her as she engaged in a battle against Lei Daozi.

To another side, Ming Dong was utterly furious. He ignored his fragility as he used secret techniques through burning his essence blood. He pursued Rui Di with the five divine generals as he called out to the divine generals in a vicious manner, “Don’t let me leave here without my brother no matter what. Otherwise, with that person’s strength, my brother will probably be done for. I don’t care what price you have to pay, stop that man. Save my brother and bring me that cauldron. As long as that cauldron is in my hands, I’d like to see who’s bold enough to take it away.” Ming Dong’s voice was rather hoarse. At that moment, he was extremely furious. Killing intent filled his chest in particular when he saw how so many supreme Godkings wanted to take Jian Chen away.

“Yes, ninth majesty,” the five divine generals replied together. Although they were also as powerful as supreme Godkings, they were extremely polite to Ming Dong.

The divine generals of the Heavenly Palace of Bisheng were basically equivalent to guards, and in the Heavenly Palace of Bisheng, all of the nine majesties possessed extremely great statuses, making their existences only second to the master of the Heavenly Palace of Bisheng, the Anatta Grand Exalt. As a result, all majesties, regardless of their strength, could directly order them around.

The five divine generals looked at one another and determination flooded their eyes. They were divine generals of the Heavenly Palace of Bisheng. Every single one of them had been nurtured through the great efforts of the Heavenly Palace of Bisheng, where their battle skills, secret techniques, or cultivation methods were all objects of envy to many supreme Godkings. As a result, even though Rui Di was powerful, it was still possible for the five of them to stop him through forbidden techniques.

As for Ming Dong's safety, all of the supreme Godkings had actually kept their distance from Ming Dong after the divine generals had their identities exposed. None of them dared to become enemies with Ming Dong. Even if they wanted to obstruct him, they would not be like before where they tried to kill him fearlessly.

Ming Dong's identity as the ninth majesty still had not been exposed. Everyone had only realised Ming Dong was related to the Heavenly Palace of Bisheng through the five divine generals. Aside from Audriana and Shui Yunlan, none of them were able to guess how he was actually connected. However, even with that being the case, none of them dared to offend Ming Dong.

However, just when the five divine generals were about to use a forbidden technique, a terrifying stream of cold air came bombarding, causing the temperature in the surroundings to plummet.

In the blink of an eye, snow billowed through the air as frost formed on the ground. The mountains and rivers were reduced to a world of ice in a split second.

A person that seemed to fuse with the snow and ice appeared out of nowhere in the direction where Rui Di fled. She wore silver-white armor that wrapped around her firmly, only exposing a pair of icy-cold eyes.

At that moment, the previously hidden Shui Yunlan took action. She looked at Rui Di emotionlessly with her cold, beautiful eyes as she extended a slender finger towards Rui Di gently.

With that, the space around Rui Di actually froze up at an unbelievable speed from a terrifying coldness. Moreover, the coldness rapidly spread towards Rui Di at an unstoppable speed, wanting to freeze his blood, suspend his soul in ice, and seal up his cultivation.

Rui Di's face changed. As if he faced a powerful opponent, he bellowed out, and golden light erupted from around him. He seemed to have become a scorching sun that shone with blinding light as terrifying pulses of energy erupted like tsunamis. He punched out in a vicious and brutal manner, splashing through the great coldness that pervaded towards him and directly charged at Shui Yunlan.

It had to be mentioned that Rui Di was extremely powerful. Just the power of his punch was devastating. It was enough to claim supremacy among Godkings and match up to early Infinite Primes.

Shui Yunlan seemed extremely gentle, but she received Rui Di's punch with great indifference. Her slender finger was covered in coldness as it drifted out as a palm strike, colliding with Rui Di's punch.

The clash this time was not spectacular or disappointing. The terrifying power in Rui Di's punch was directly frozen by Shui Yunlan's coldness, and the coldness spread up Rui Di's arm at an unbelievable speed. It covered his body in a split second. Rui Di became covered in a thin layer of ice crystals.

Rui Di's face changed as he became shocked. He bellowed out furiously, and his body swelled up. He burst through the ice crystals around him as he turned into a gigantic, golden dragon several hundred meters in length. His scales flickered with golden light.

However, during this short clash, the cauldron that Rui Di had stolen had already ended up in Shui Yunlan's hands.

Shui Yunlan grabbed the cauldron with one hand and looked at Rui Di who had turned into a golden dragon. Her eyes narrowed slightly before she immediately flew off into the distance with the cauldron.

"This person is so powerful. Rui Di couldn't even last a few rounds against her. I'll go stop her. Follow behind me," Lei Daozi's eyes suddenly narrowed as his face was filled with seriousness. He flickered with sparks as he turned into a bolt of lightning, shooting off at great speeds.

The woman bathed in white flames naturally stopped blocking Lei Daozi after seeing Shui Yunlan take the cauldron away. She tailed Lei Daozi closely as she chased Shui Yunlan with Rui Di who had turned into a golden dragon.

Shui Yunlan moved very quickly, but compared to Lei Daozi who possessed an advantage in terms of laws, she was quite a lot slower. She was stopped by Lei Daozi.

"You're far too reckless!" Shui Yunlan's eyes were ice-cold as killing intent filled them. With a flip of her hand, a fist-sized orb appeared, radiating with the pulses that belonged to a god artifact. Under Shui Yunlan's control, extremely terrifying coldness spewed out from the orb, enveloping Lei Daozi.

Lei Daozi had just caught up with Shui Yunlan and still had not had the opportunity to strike. In the blink of an eye, he was reduced to an ice statue from the terrifying coldness of the orb.

The coldness was just far too terrifying. It was completely unavoidable. Even when Lei Daozi was the supreme Godking ranked sixth on the Godkings' Throne, even when he wore a set of god artifact armor, he was still unable to resist at all. He could not even last for a split second, sealed up by ice in the blink of an eye. He had been frozen into a statue while he was still alive.

Lei Daozi's eyes narrowed to the size of needles as shock filled them. This woman's strength was far more terrifying than he had expected. At that moment, he even doubted whether he was facing a Godking. He felt like he faced an Infinite Prime instead.

Moreover, he felt like it was an Infinite Prime of extraordinary strength!

Bang!

With that sound, Shui Yunlan used her god artifact again, and the orb in her hand immediately struck Lei Daozi's body.

Immediately, Lei Daozi's body shattered. His body was reduced to countless pieces, falling out of the sky as a pile of ice crystals. Only the armor he wore and the spear remained undamaged.

Chapter 2139: From the Same Homeland (Two)

Lei Daozi's soul hovered high in the sky as he stared at Shui Yunlan in shock.

He had lost his body. Shui Yunlan used the orb in her hands to bypass the defences of Lei Daozi's god artifact and destroyed his body.

If it were not for the god artifact's protection, it would not have been as simple as him losing his body. Even his soul would have been destroyed.

Lei Daozi's heart shivered. He looked at the Godkings who rapidly drew closer from behind and no longer remained where he was. He used his soul to control the armor to protect himself and wrapped around the long spear before leaving the area as quickly as he could.

Lei Daozi's fate had stunned all the supreme Godkings behind. Many of them looked at Shui Yunlan in fear.

Lei Daozi was a supreme expert who ranked sixth on the Godkings' Throne, yet he had almost been slain on the spot. It made their hearts beat heavily due to fear.

Since Shui Yunlan had been kept busy for a while, Rui Di who had transformed into a Golden Divine Dragon and the woman in white flames caught up as well. They two of them worked together against Shui Yunlan to take the cauldron from her.

At the same time, the many supreme Godkings behind responded as well. A few confident people who believed that they were powerful charged over aggressively.

A fraction of them dispersed, forming an encirclement to trap Shui Yunlan and stop her from leaving with the cauldron.

Shui Yunlan really was very powerful. Against independent opponents, basically no one could match up to her. However, all the Godkings who were gathered here right now were the cream of the crop. They were all renowned Godkings who practised extraordinary cultivation methods. Some of them even wielded god artifacts and could use God Tier Battle Skills, making their battle prowess supreme. Once they worked together, there would only be defeat for Shui Yunlan no matter how powerful she was.

Reward came with risk. They all deeply understood this concept as they came, so even though the supreme Godkings felt angst for Shui Yunlan, they did not shy away when they faced the temptation of the Neptunean Divine Palace.

Shui Yunlan's cold eyes were grave at this moment. She looked at Rui Di and the woman in milky-white flames as the light in her eyes flickered. Then she formed a seal with her two hands before her chest.

Immediately, an even more powerful coldness radiated from Shui Yunlan. A huge, imposing, icy mountain appeared above her head and descended with force that seemed to be enough to flatten the world, crushing towards Rui Di and his companion.

Rui Di and the woman in white flames became extremely grim. They could tell with a single glance that the icy mountain was a God Tier Battle Skill that Shui Yunlan had cast. It possessed the might of the world. Under the icy mountain, the two of them felt like they had been trapped there, unable to dodge and only able to resist.

At this moment, an elated phoenix's cry rang out. The woman bathed in white flames turned into a gigantic phoenix. Flames surged around her, radiating with terrifying heat.

Rui Di also emitted a clear dragon's cry that resounded through the surroundings. Golden light surged in the sky around him as every single scale on his body flickered with light. They pulsed with powerful energy, striking out with the phoenix beside him. They both used God Tier Battle Skills against the icy mountain.

Boom!

Boom!

Under the thunderous sounds, Rui Di and the phoenix's God Tier Battle Skills struck the icy mountain, but they only caused it to tremble slightly. However, the icy mountain continued to fall, descending with tremendous, terrifying might as it suppressed the surroundings.

"Suppress!" Shui Yunlan called out, and with a heavy boom, the icy mountain squashed down on the dragon and phoenix that stretched hundreds of meters in length. The ground shook as the sky seemed to pale.

It was truly a devastating sight, like the end of the world.

Crack!

At the same time, cracks permeated the icy mountain. The dragon and phoenix were very powerful, and the phoenix happened to comprehend the Laws of Fire, which just happened to be the opposite of the Laws of Ice. The suppression from the icy mountain was unable to last for even a few seconds against them.

"If you come from a place called the Beast God Continent from a lower world, don't fight with me. Jian Chen has ties with your clansmen. My actions are to save Jian Chen," Shui Yunlan secretly said to the dragon and phoenix under the icy mountain. Afterwards, she did not hesitate at all and flew off into the distance as she carried the cauldron in one hand.

At the same time, the icy mountain over Rui Di and the phoenix exploded loudly. It was reduced to countless pieces of ice that scattered in all directions.

Rui Di and the phoenix had broken free. However, they did not continue their pursuit of Shui Yunlan after breaking free. Instead, they stood where they were as they stared at Shui Yunlan's figure with widened eyes. Their faces were filled with shock and disbelief.

"The Beast God Continent? I once heard an elder in the sect mention that our Sect of Dragons and Phoenixes did originally come from a place called the Beast God Continent. B- but only people with a certain amount of status can learn about this in our sect, so how does she know?" The phoenix surged with flames as she radiated with terrifying heat, preventing many supreme Godkings from drawing near her. Her face was filled with confusion.

"The Beast God Continent is the homeland of our Sect of Dragon and Phoenixes. Does this person also come from our homeland? And she mentioned that Jian Chen has ties with our clansmen. What is that about?" The Golden Divine Dragon, Rui Di, was also perplexed. He had no idea what was going on.

“Zhi Ye, let’s follow them. We have to get to the bottom of this. If they really do come from the same homeland... I’ve only heard about some things from a few elders about our homeland. Now that so much time has passed, who knows how our homeland has become. That’s the ancestral lands of our Sect of Dragons and Phoenixes,” said Rui Di.

“It’s said that there’s also a Tian Yuan Continent...” Zhi Ye murmured softly. Her feelings were mixed, and she immediately pursued with Rui Di.

Up ahead, Shui Yunlan did not manage to escape successfully. She was stopped once again and engaged in a battle against three supreme Godkings

One of the supreme Godkings she fought against was extremely powerful. He comprehended the Laws of the Sword and wielded a god artifact sword while wearing god artifact armor. Every single move of his possessed extremely great power from the Laws of the Sword. He was quite a lot more powerful than Rui Di. Although it was three against one, he was able to hold his ground in an open confrontation against Shui Yunlan.

One of the other two people was a skinny old man. He comprehended the Laws of Death, and he radiated with death. The vitality and life force of whatever he came in contact with it would be drained away. Everything withered wherever he went, reduced to a land of death.

Chapter 2140: Guessing the Identity

The third person wore a large cloak, completely obscuring her appearance. She gave off a sense of mysteriousness and comprehended the Laws of Illusions. She resided in the illusions, causing the illusions and reality to constantly replace each other. It was very difficult to deal with.

The person would reveal her hands from time to time as she fought Shui Yunlan, clearly revealing a pair of extremely pale, claw-like hands that were basically just skin and bones.

The three of them were extremely powerful. Every single one of them was like a Primordial realm expert, without paling in comparison to Shui Yunlan at all.

Now, as the three people worked together, their battle against Shui Yunlan was devastating. Every single move was destructive, where the ripples of energy that shot out were like tidal waves.

“I, Zhu Wen, originally thought that I had no more opponents among Godkings apart from that monstrosity called Qing Shan. But never had I thought that I’d encounter such a powerful opponent in the Neptunean Divine Palace today. I wonder if I, Zhu Wen, have the right to learn the name you go under?” The sword-wielding man with the Laws of the Sword growled among Shui Yunlan’s three opponents.

Although he was talking, his attacks did not tarry or slow down at all. Like galaxies, his sword Qi shone as a streak of light. They were extremely sharp and extraordinarily powerful.

“That person is actually Zhu Wen. No wonder he’s so powerful.”

“Zhu Wen is a figure of legends that ranks second on the Godkings’ Throne, only second to Qing Shan. However, the woman with the Laws of Ice doesn’t seem any weaker than him at all, and she’s fighting

three people at the same time, against Zhu Wen and two other people who seem to rank in the top ten as well. Who is she?"

"She can't be an Infinite Prime whose cultivation fell to Godking, right? Or maybe she's a reincarnation of those supreme existences that stand at the apex? Otherwise, how can she be so powerful?"

Many people became curious about Shui Yunlan's identity, and they all began to guess inside.

Shui Yunlan did not reply. Her personality was just like the laws she controlled—extremely cold, just like unmeltable ice.

At this moment, the supreme Godking in the cloak who comprehended the Laws of Illusions let out a strange peal of laughter. She said in an old and husky voice, "I am Sheng Man, ranked seventh on the Godkings' Throne. Although I do not know who this fellow who comprehends the Laws of Death is, I'm certain you're also someone who ranks within the top ten of the Godkings' Throne. It's nothing difficult for us to kill some regular Infinite Primes when we work together given our strength. Apart from that deviant Qing Shan, there's probably no one else who can hold their ground against the three of us without suffering defeat out of all the Godkings in the world. Even the direct disciples of those sovereigns of the world can't achieve that."

"If there really was such a person, I think that there's probably no one else in the Saints' World who possesses the power to do so aside from Shui Yunlan who has remained on the Godkings' Throne for over three million years."

Shui Yunlan's gaze turned cold from that. A sliver of intense killing intent flickered through her eyes. Her glare towards Sheng Man was icy-cold.

Shui Yunlan's response immediately allowed Zhu Wen to confirm Sheng Man's guess. A gleam of light flashed through his eyes immediately, and he called out, "Shui Yunlan, it really is you!"

The exposure of Shui Yunlan's identity immediately caused an uproar in the surroundings.

In reality, everyone was extremely curious about her identity. Many people had tried to guess it. Now that her name was learnt by everyone, they all became extremely astounded.

They could accept it if it was an unfamiliar name, as they would just believe that she did not attempt the Godkings' Throne. However, not only did they happen to be familiar with the name Shui Yunlan, but they were even extremely familiar with it.

It was also because they were familiar with it that they were in shock and disbelief.

This was because Shui Yunlan only ranked sixth on the Godkings' Throne. Although it was quite a high ranking, a certain distance still existed between her position and Zhu Wen who ranked second.

However, Zhu Wen was unable to do anything to Shui Yunlan right now. In reality, even when Zhu Wen worked together with the other two people who ranked in the top ten against Shui Yunlan, they still failed to gain any advantage at all.

It was exactly because of this that many people became confused.

“Over three million years ago, Shui Yunlan ranked ninth on the Godkings’ Throne. However, the Godkings’ Throne only records experts in the current age and not people from history, which is why the rankings on there change frequently. Once a supreme Godking dies or breaks through to the Primordial realm, their name will disappear from the Godkings’ Throne,” a supreme Godking slowly explained from among the crowd at this moment. Although he was a middle-aged man, he had clearly lived for a long time as he knew quite a lot.

“According to my observations of the top ten on the Godkings’ Throne, the record of Shui Yunlan’s strength has not moved for over three million years. The reason why her ranking has moved from ninth to the sixth is not because she attempted the Godkings’ Throne again. Instead, it was because the people who ranked higher than her either broke through to the Primordial realm or died, causing their names to disappear. As a result, Shui Yunlan’s ranking moved up as time went on.”

“Although Shui Yunlan’s ranking would change frequently throughout the millions of years, rising and falling, none of it was ever caused by herself. Instead, it was because other supreme Godkings had either surpassed her and ranked higher than her, broke through, or died, making their names vanish. This caused her ranking to move. As a result, Shui Yunlan’s current ranking of sixth on the Godkings’ Throne records her strength over three million years ago.”

On the other side, Shui Yunlan’s face sunk very much. She scanned the surroundings coldly as killing intent surged within her heart. She was tempted to kill everyone present.

Now that the Ice Goddess Hall was in trouble and under the traitor Wu Han’s control, she did not want to expose herself. Even if these people only knew her name and did not know she came from the Ice Goddess Hall, she could not be certain whether the name would reach the Ice Goddess Hall or not.

Once Wu Han learnt she had returned to the Saints’ World, she would naturally guess that Shui Yunlan had found the Snow Goddess. When that happened, she would definitely try to hunt down the Snow Goddess regardless of the price and eliminate her before she had recovered.

It was exactly because of this that Shui Yunlan had never revealed her identity when she was in the Neptunean Divine Palace.

“Sigh,” Shui Yunlan exhaled gloomily. She knew that she was powerless to change anything now. It was impossible for her to slaughter so many supreme Godkings with her current strength.

At this moment, she could not help but think about the sorrow she experienced when she first came to the Neptunean Divine Palace. She did not want to be sucked into battles that were too great. She did not even want to fight and had not even been prepared to fight. She only hoped to gather some cultivation resources here so that the Snow Goddess could recover as soon as possible.

However, Jian Chen’s appearance had completely destroyed her original plans. She did not dare to return to the Ice Goddess Hall, as it was in trouble. In order to eliminate Wu Han and the other traitors as well as to protect the Snow Goddess better, she needed to find powerful help.

However, the Ice Goddess Hall was known for being proud and aloof. They did not have any connections with other organisations, let alone close ties. As a result, the current Ice Goddess Hall was basically alone.

Now, the mysterious Mo Tianyun who also happened to have grievances with Nan Potian of the Moon God Hall had become the best person for her to work with. However, to find Mo Tianyun, she required Jian Chen's assistance, so she had to help out when Jian Chen faced danger.

And as a result, her identity was exposed, forcing the Snow Goddess into danger. Shui Yunlan's heart became extremely heavy.
