

Chapter 1011: Continue

“She said that we should hand this child to Sergeant Lu. She said that he owed her that much. She said that she and Sergeant Lu were engaged. If it weren’t for Jiang Yao... Oh, no...”

At that point, the soldier glanced at Jiang Yao and anxiously scratched his head. He did not know if he should continue.

“Continue.” At that moment, Jiang Yao was so angry that her voice carried some anger.

“I should not say it.” The young soldier had already lost his courage under Lu Xingzhi’s gaze. When Jiang Yao’s words forced him, he was so scared that he did not dare to speak.

“Say it.” Lu Xingzhi spat.

“Really?” The young soldier looked at Lu Xingzhi carefully and then at Jiang Yao. Then, under the gaze of a few pairs of eyes, he braced himself and said, “That woman also said that if it weren’t for Mrs Lu’s interference, she wouldn’t have ended up like this. Her life is miserable because of Sergeant Lu and Mrs Lu.”

“Engaged? Snatched love? Mrs Lu, so you snatched your husband from another woman?” Old Madam He raised her voice. Her voice was so loud that the entire building probably heard her.

“I don’t know. That’s what that woman said. Then, when she saw that we weren’t picking up the child, she left the child at the entrance and ran away.” The young soldier was almost scared to tears when he saw Sergeant Lu and his wife’s expressions.

Everyone said that Hades Lu had an icy face, but his wife’s expression was not inferior to his at all. The couple stood there with ugly expressions on their faces. It really scared everyone so much that no one could say a word.

“It’s Chen Lanying.” Jiang Yao gritted her teeth. “I met Chen Lanying and her husband when I went to the city with Lin during the day. Her husband has another woman outside, and that woman is pregnant. Chen Lanying’s son is sick, and her husband wants to divorce her. She almost threw the child to his death on the ground.”

“What did she say to you?” Lu Xingzhi remembered that when he called Jiang Yao, her tone was not good. It was probably because of Chen Lanying. That woman must have done something to make Jiang Yao hold back her anger, so when she picked up the phone, she was in a bad mood; that was why she ignored him.

“She said that if it weren’t for her engagement with you, her husband wouldn’t suspect that her son wasn’t his. She said that her husband also suspects that the child is yours, so she asked me to take the child and said that I, as your wife, should settle the debt you owed her. I was angry, so I turned around and left. I ignored her,” Jiang Yao said as he scoffed. “Her husband wanted to divorce her because his son wasn’t his. He didn’t even believe the results of the paternity test from the hospital.”

“That’s right! That woman also said something else,” the soldier said. “She said that even though she was the one who broke off the engagement, Sergeant Lu knew the reason behind it. It was Sergeant Lu who deliberately cheated to marry Mrs Lu.”

When Old Madam He heard that, she glanced at the child and then left as she mumbled something under her breath.

“How long has she been gone? How did she get here?” Lu Xingzhi ignored Old Madam He and asked the soldier.

“We didn’t see or hear a vehicle. She must have walked to the entrance. She must have been walking for less than ten minutes, which is when I ran in here with the child,” the young soldier answered.

Chapter 1012: Revenge

“My wife will carry the child, and I will drive the car. We will chase after her and return the child to her. She will raise her own son. No one in this world owes her anything,” Lu Xingzhi said as he walked to the car. When Jiang Yao carried the child into the car, he started the car and left the barracks.

Jiang Yao looked at the child in her arms, who was crying so hard that he was almost out of strength. She sighed helplessly. The child was probably hungry. Chen Lanying was too cruel. First, she had wanted to kill the child, and then she did not even feed him any milk. She even left him at the entrance of the army barracks in the cold and alone.

“Who else knew that you pretended to be injured?” Jiang Yao asked. “Chen Lanying is accusing you of being unscrupulous to get her to break off the engagement so that you could marry me.”

“Only our family knows about that,” Lu Xingzhi said with a gloomy face.

“When I saw Chen Lanying during the day, I didn’t think she knew anything about it,” Jiang Yao said. “Maybe someone told her after that.”

Jiang Yao observed Lu Xingzhi’s expression and continued to say, “Would you believe me if I said that it might be Chen Feitang?”

“Did you meet Chen Feitang during the day?” Lu Xingzhi asked Jiang Yao as he focused his attention on the road.

“Mrs Yang took us to a noodle shop during the day, and we met in the windbreak shelter. At that time, Chen Lanying was arguing with her husband. Later, she argued with me. Chen Feitang remained silent at the corner the entire time. However, Chen Lanying’s words were too extreme. I got angry, and I left the noodle shop with Mrs Lin and the others and went somewhere else.”

Jiang Yao thought about it for a moment. Then, she continued to say, “During the selection process for the special forces, you eliminated Chen Feitang first. It’s normal for her to hold a grudge against you. I heard that Chen Feitang is going to get engaged after the New Year. She definitely doesn’t have much love for you now. Anyone would want to take revenge. If she has the heart to do something, and she happens to meet Chen Lanying, don’t you think she would mislead Chen Lanying and lure her into saying that to the soldiers on duty?”

“Then that’s it.” Lu Xingzhi did not need to overthink to believe that it had something to do with Chen Feitang. The three of them had met coincidentally in the morning, and Chen Lanying was at the army to say all ambiguous words in the evening.

“Chen Lanying would not have found out if I were seriously injured, but Chen Feitang might have known about it. Chen Feitang and Chen Lanying said that it was entirely possible that I was not injured at that time.” Lu Xingzhi’s tone got colder and harsher toward the end of his sentence. Chen Feitang’s name rolled gently on his lips, but he did not make a sound. Instead, he gave a silent sneer.

Lu Xingzhi drove to the intersection that led to Jin City, but he did not see Chen Lanying. Jiang Yao hugged the child who had cried himself to sleep as she looked at the lights of the houses on the roadside. Suddenly, she felt sad for the child in her arms.

“It’s late at night, and it’s cold outside. It’s impossible for a woman like Chen Lanying to take the small paths in the mountains back to the city. It has only been a few minutes. We should have caught up with her when we’re driving. It means that she might have come here by car.”

“Chen Feitang might have driven her. Without someone to lead the way, it would not be so easy for Chen Lanying to find the main entrance. There are so many forks on the road, and she did not get lost or take the wrong path.

Chapter 1013: Don’t Want To Take Her Home

If Chen Lanying had rented a taxi from the city, it would be expensive. The taxi would also send Chen Lanying to the entrance of the army barracks. The soldiers on duty would have told them that Chen Lanying had come in a taxi; they would have seen the vehicle.

Therefore, Chen Feitang must have sent Chen Lanying there. However, she must have been afraid that she would be recognized, so she did not send her to the entrance. Then, she must have parked the car near the entrance and waited for Chen Lanying to send the child before she picked her up and left.

They were both driving, and they had been driving almost ten minutes earlier. If Chen Feitang drove her car really fast, it would make sense if they could not catch up to her as they had slowed down to look for Chen Lanying.

“Then what about this child?” Jiang Yao looked at the sleeping child in her arms with a heavy heart, but she still made it clear. “I don’t want to take him home.”

The child was innocent, and she was not petty. However, she was also a woman, and she had a temper. The child’s mother had left the child at the barracks entrance and made everyone think that Jiang Yao was a vixen who stole another woman’s man. She did those things to disgust her deliberately; how could she still be in the mood to take the child home?

She would have taken the child home if they had someone else as their parents, even if the child were an orphan she saw by the roadside.

However, the child’s mother was Chen Lanying.

She thought that Chen Lanying was a disgusting woman, so she did not want to care for her child.

Jiang Yao did not want to do that, and Lu Xingzhi did not want it any more than she did. It was not his child, so why should he do that?

The child’s mother even caused friction between his wife and him!

“I’ll give my mother a call and tell her to contact the Chen and Lu families immediately. After that, we’ll send the child to the police station. If the two families want the child back, they can go to the police station to get him back. If both sides don’t want the child, then we’ll let the police station send the child to the orphanage.”

After he finished speaking, Lu Xingzhi parked the car by the roadside. He was afraid that Jiang Yao would hold the child for too long and her hands would get sore, so he took the child instead. He held the child in one hand and used his phone in the other to call Mrs Lu at home.

When Mrs Lu, who was far away in town, heard that, she immediately blew her top. “How can this Chen Lanying be so vicious? How could she do such a thing? When I saw her being let down by Lu Weihua back in the county, I pitied her. Now, I think she deserves it. A woman like her deserves that Lu Weihua doesn’t like her! It’s retribution!”

After she scolded the younger woman, Mrs Lu reminded Lu Xingzhi. “This is our fault; we’ve let your wife suffer. If Yaoyao gets angry at you, you have to bear with it and persuade her. Don’t think that you are in the right to quarrel with her. What that woman said in front of your comrades might cause people to misunderstand your wife. If that’s the case, then you’ll have to explain it to your wife.”

After she said that, Mrs Lu passed the phone to Mr Lu and told him to speak to Lu Xingzhi. When Mr Lu heard that Lu Xingzhi wanted to send the child to the police station, he thought about it and felt it was the most appropriate method. “Alright, we’ll do as you say. I will call the Chen family immediately.”

After Mr Lu finished speaking, Mrs Lu picked up the phone again and told Lu Xingzhi that she wanted to talk to Jiang Yao. Lu Xingzhi looked at his wife and passed the phone to her. “Mother wants to speak to you.”

Chapter 1014: The Lu Family’s Infatuation

Jiang Yao quickly took the phone and placed it by her ear. “Hello, Mom, it’s me, Yaoyao.”

“Yaoyao, you’ve been wronged. If you’re not happy about this, don’t hold it in. Whether it’s scolding Xingzhi or beating him up to vent your anger, he definitely won’t dare to talk back at you. If he does, tell me, and I’ll buy a plane ticket and go there tomorrow to help you beat him up!”

“It’s okay, Mom. I’m innocent in this matter. It’s pointless for me to be angry or beat him up. The most important thing now is to solve this matter.” Jiang Yao comforted Mrs Lu. “Don’t worry, I know what to do.”

Mrs Lu was relieved when she heard Jiang Yao’s words. She felt that Jiang Yao was a very sensible woman. Other women would throw tantrums at men, but Jiang Yao would not do that. She knew that it was meaningless to argue about who was right and who was wrong when faced with a problem; the most important thing was to calm down and solve the problem.

Mrs Lu hung up the phone after she said a few more words to Jiang Yao. Then, she held the phone and smiled to herself; she turned to Mr Lu and said, “I think that my son’s taste in finding a wife is excellent! The one he likes is so much better than the one I helped him choose. That woman, Chen Lanying, simply can’t be compared to Jiang Yao. Fortunately, we didn’t object when he said he wanted to marry Jiang Yao.”

“Comparing Chen Lanying to your daughter-in-law? Mom, isn’t that an insult to your daughter-in-law? Is Chen Lanying qualified to be compared to her?” Lu Yuqing sat on the sofa as she ate fruit leisurely, and she replied to her mother. “If Jiang Yao were Chen Lanying, do you really think she would end up in the same miserable state?”

“If that’s the case, I would have broken my son’s leg first!” Mrs Lu glared at her. “Lu Weihua’s parents didn’t know that they had to be tougher to control Lu Weihua so that he would have the confidence to deal with his wife and son.”

“What nonsense are you two talking about? Is he that kind of person? Don’t compare my son to other people’s b*stards.” Mr Lu was so angry that he laughed. “Xingzhi loves his wife very much. I don’t think he would do such a thing in his life.”

Mr Lu laughed. “The men in our Lu family are all infatuated.”

His brother was like that, and so was his son, Lu Xingzhi. Of course, Mr Lu felt that he was the same too.

The infatuated Lu Xingzhi was driving at that time. He did not head to the police station but the downtown area of Jin City.

At that hour, the shops in the downtown area of Jin City were not closed yet. Jiang Yao said that she wanted to go to the shop to buy some milk powder diapers and toys.

The police station was not an orphanage, so there would not be anything for the child. Therefore, the child would go hungry if they took him to the police station directly.

She did not want to take the child home, but she was not too stingy about spending money on him. It was the only thing she could do for the innocent child to make him happier while he was in the police station.

The things in the shop were dazzling. Jiang Yao walked in front and picked up the things the child would need while Lu Xingzhi followed closely behind with the child in his arms. The two of them were like novice parents who did not know anything. They had to ask the shop owner for everything they bought.

For example, which brand of milk powder was suitable for children of that age, which brand of milk bottles were of good quality, what brand of diapers were comfortable, and what toys were most attractive to a baby.

Chapter 1015: I Accept It

In the end, Jiang Yao even bought two sets of super cute clothes for the child. She carried the large bag of things and returned to the car.

After they returned to the car, Lu Xingzhi waited for Jiang Yao to put the things in the back seat before he handed the child to her. The child was hungry, so Jiang Yao asked for hot water from the shop to wash the milk bottle. After she rinsed the milk bottle with warm water, she had asked the shop owner to help change the diapers for the child.

Lu Xingzhi glanced at Jiang Yao, who was feeding the baby before he started the car. Then, he whispered, “That pink bottle is pretty. Do you want to buy it for our daughter in the future?”

“Which pink one?” Jiang Yao’s attention was on the baby who was struggling to drink the milk.

“The bottle is pink with cherry blossoms on it. The owner said it’s imported from abroad. The quality is excellent,” Lu Xingzhi answered. He hesitated and did not start the car immediately; it was as if he wanted to get out of the vehicle.

“No,” Jiang Yao rejected him directly. “It’s not nice! I don’t like it!”

“Just because you don’t like it doesn’t mean our daughter won’t like it. I think it’s nice!” Lu Xingzhi opened the car door after he said that. “Wait for me in the car. I’ll be two minutes.”

He had utterly disregarded Jiang Yao’s opinion; Lu Xingzhi ran back and bought the bottle he liked. When he came back, there was not only an extra bottle in his hand; he also had a baby doll in a pink lace dress. When he returned to the car, the smile on his face was even more beautiful.

After he had bought all that he wanted, Lu Xingzhi was clearly in a good mood when he started the car again. Jiang Yao glanced at the pink baby bottle and the doll he had placed on the side a few times, but she still felt disgusted.

“Why do you like pink so much?” Jiang Yao asked.

“I saw you wearing a pink dress before we got married. It looked very nice,” Lu Xingzhi replied matter-of-factly.

A pink dress?

Jiang Yao facepalmed. In her memory, she had only worn a pink dress a few times before she got married. There was only one pink dress at home, and it was the most expensive dress that Jiang Lei had bought for her as a birthday present after he got his salary and spent a lot of money on her. Jiang Lei said that when he first saw this dress, he felt that it was suitable for her, so he gritted his teeth and bought it.

Even though it was a thoughtful gift from Jiang Lei, Jiang Yao did not like pink, so she seldom wore the dress. After she got married, she also left that dress at her parents’ home and did not bring it to the Lu family. It was probably still hidden in the closet.

She only wore it a few times. She did not expect that Lu Xingzhi would see or remember it. The guy actually thought that she looked outstanding in it, just like Jiang Lei did. Those two people’s aesthetic standards were the same; they were probably men with a pink princess in their heart.

“Who knows if I’ll have a son or a daughter in the future? If you buy these pink things now, wouldn’t it be a waste if I don’t use them when I have a son?” Jiang Yao chuckled. “Don’t think that I don’t know that the pink scarf, hat, and gloves that I’m wearing are hidden in the closet! They’re all for little girls!”

Lu Xingzhi, however, was not worried at all. Instead, he answered leisurely, “If I get a daughter after you’ve had many children, then I’ll accept it!”

Chapter 1016: Why Don’t I Give It A Try?

Jiang Yao choked and said that she could not win against Lu Xingzhi. She could only raise her hand and pinch his arm to vent her anger. She had thrown a rock at her own foot. She should have said that in the past!

Lu Xingzhi, who was pinched, did not get angry. Instead, he laughed. After the car stopped at the police station, he lowered his head and kissed Jiang Yao on the lips before getting out of the vehicle in satisfaction.

The people at the police station knew Lu Xingzhi, so he only needed to say a few words to explain the matter. Then, he left the child and all the things Jiang Yao had bought for the child at the police station. He only brought Jiang Yao back to the army after that.

After they went through so much trouble, it was already very late when they reached home. After he boiled the water, Lu Xingzhi let Jiang Yao take a bath. While she did that, he retrieved Moe, who was hidden in Jiang Yao's coat pocket.

Moe was asleep, but he was very alert. Lu Xingzhi's hand had only reached the edge of the pocket when he woke up. However, he could not withstand Lu Xingzhi's quick action, so he did not have time to escape. Lu Xingzhi had already grabbed him by the neck and carried him to the balcony.

There was no heating on the balcony, and Lu Xingzhi carried Moe in the air. The wind upstairs was much colder than the wind downstairs. Of course, Moe had fur, so the cold would not kill him. However, he was afraid of what was at the bottom.

Lu Xingzhi had carried him in the air. If he were to let go, then he would fall to the ground and turn into a pile of meat paste!

Moe struggled with all of his might; his four limbs held Lu Xingzhi's hand tightly as he meowed.

Lu Xingzhi was unmoved as he observed Moe's movements. "People said that cats have nine lives. I wonder if you are the same."

Moe was furious. What nine lives? He only had one precious cat life!

"Stop pretending. I know you can understand human language. You don't know what this thing is. You might not die if you fall from such a height." Lu Xingzhi scoffed. "Why don't I try it?"

Moe was so scared that he shook his head. Unfortunately, that was not the second or the third floor. If he could not grab anything before he fell, he would turn into a dead Moe!

At that moment, Moe missed Jiang Yao very much. It was only at that moment that he finally realized how gentle Jiang Yao was in the past.

Lu Xingzhi saw that Moe was still hugging his hand without any other reaction. So Lu Xingzhi said, "To prevent you from escaping, I used a special rope to tie you up. The rope is longer than the height of the floor so that it won't affect your fall."

Crazy!

Moe bared his teeth at Lu Xingzhi. "You're too crazy! I'm going to tell Jiang Yao! You're abusing me!"

No matter what Moe said, Lu Xingzhi could only hear the meows. Lu Xingzhi did not know that Moe had scolded him.

“So you really do understand human language.” Lu Xingzhi shook his wrist deliberately as if he was going to let go, but he did not expect that such a feint would bring him a great shock.

Suddenly, the cat’s claws that held his hand tightly had become bigger. The sharp claws cut through the back of his hand, instantly pierced the balcony’s outer wall, and went straight into the wall.

The sharp claws were so big that they could easily surround the entire room to form a protective armor. Lu Xingzhi was shocked. He let go of his hand and took a step backward. Then, he looked at the entire body that used the sharp claws to support itself as it hung on the wall.

At that moment, Jiang Yao walked out to the balcony. When she saw that Lu Xingzhi was also there, she asked, “Why are you alone on the balcony? Did you smoke when I wasn’t paying attention?”

Chapter 1017: What Kind Of Monster Is This?

As a doctor’s family member, Lu Xingzhi knew that smoking was prohibited. Jiang Yao hugged her clothes with one hand and touched Lu Xingzhi’s face with the other. Then, she tiptoed and sniffed Lu Xingzhi’s face. She picked up his hand and was about to move closer to sniff it when she suddenly noticed that the back of his hand was bleeding.

“What happened?” It was not there when they returned home; had he been injured while she was away?

“Yaoyao.” Lu Xingzhi was unsure if Jiang Yao knew that her pet was weird, so he quickly pulled her behind him and said, “Something is wrong with Moe.”

Moe probably did it on purpose. When Lu Xingzhi said that, its sharp claws were on the balcony wall. The next second, it appeared there. It glanced at Lu Xingzhi and took a few steps backward cautiously until it was stuck to the wall. Then, it complained to Jiang Yao, “Your man wanted to throw me down the stairs to kill me!”

“So you’re saying that you hurt his hand?” When Jiang Yao saw Moe’s claws, her face immediately darkened. “You hurt my man, and you still want to complain to me!”

“It was your man who made the first move, and you don’t want me to fight back? Besides, I didn’t do it on purpose. He was swaying. I thought he was going to throw me away, so I revealed my claws to protect myself. It was an accident that I cut him!”

Moe would not have dared to take the initiative to attack a man like Lu Xingzhi, even if he had a hundred guts. He did not expect to cut Lu Xingzhi.

“Are you talking to Moe? Can you understand Moe?” Lu Xingzhi’s face darkened. “What kind of monster is this?”

“Go back into the house first. It’s hard to explain if someone sees this.” Jiang Yao walked forward and patted Moe’s head to make it turn back. Then, she put Moe into her pocket and pushed Lu Xingzhi into the house.

Lu Xingzhi's face was extremely dark when he entered the house. He sat on the sofa and watched as Jiang Yao put the clothes in her arms to the side unhurriedly. Then, she took Moe out of her pocket before returning to the room to get some medicine and bandages to treat the wound on the back of Lu Xingzhi's hand.

Jiang Yao saw that Lu Xingzhi's expression was very severe, so she explained as she bandaged his wound. "This thing may sound strange, but it's not the first time I've experienced something unusual."

She smiled and sat down next to Lu Xingzhi; she asked, "Do you still remember when my ex-brother-in-law had people kidnap me? At that time, they almost took me. It was Moe who had saved me. He scratched their faces with his shard claws. He is not an ordinary cat. It has a very high IQ and has helped me a lot. You don't have to be wary of him; he won't give me any problems. He likes young and beautiful girls to hug him, and he is lazy and likes to eat. His toys are also a little expensive."

Moe humphed silently. He was not very happy that Jiang Yao had revealed his flaws, but he wagged his tail proudly. "I am your wife's savior. Don't act so crazy with me, and don't bully me!"

He felt that the most righteous thing he had ever done in his life was saving Jiang Yao on a whim and becoming her savior. He had relied on that, and based on how Lu Xingzhi doted on his wife; he could probably use that as his life-saving charm.

That man's ruthlessness was too scary. He did not even know when the man had suspected his identity.

He predicted that his happy cat life had come to an end.

Chapter 1018: Why Are You Congratulating Me?

Lu Xingzhi frowned as he listened to Moe meowing. Then, he turned to look at Jiang Yao and asked, "What is this monster saying?"

"He's not a monster. Can you be a little gentler to him?" Jiang Yao leaned her head against Lu Xingzhi's arm and sighed helplessly.

"No." Lu Xingzhi had already shown mercy when he told Moe to come up again. However, when he heard Jiang Yao say that he was not an ordinary cat, but a cat with a high IQ and a cat that liked young girls, Lu Xingzhi wanted to chop Moe up. Did he want to take advantage of his wife by staying in her arms every day?

He had even humped his wife's chest a few times that day. His wife's chest belonged to him and him alone!

Therefore, Lu Xingzhi's answer was clear and crisp without hesitation, and it was filled with anger. Jiang Yao did not doubt that Lu Xingzhi wanted to kill Moe at that moment.

Moe must have sensed it too, so he ran away like a bolt of lightning from the balcony; it had disappeared without a trace for a second.

Lu Xingzhi was, once again, surprised that Moe was as fast as a ray of light. Then, he got up and closed the balcony door with a cold face.

Jiang Yao held her forehead silently. It looked like she had to smooth the tiger's fur again.

“Xingzhi, Moe had saved me and helped me before. So just treat him as my pet. Treat him as a pet, just like Mimi.” Jiang Yao even used a bit of coquettishness. After Lu Xingzhi sat down, she shook Lu Xingzhi’s arm gently. “Is that okay?”

“What kind of species is he?” Lu Xingzhi’s brows were tightly knitted. “If someone were to find out that something is wrong with Moe, do you know what you guys would face? Also, why do you understand Moe, but I don’t?”

“The first time I saw him was when he saved me near my home. I haven’t seen him since then. The next time I saw him was when I was in my dorm after school started. I only knew that he had followed me from my hometown. Moe also said that I was the only human he had met who could understand his language. I don’t know why I can understand his language. So, this is probably the second thing that I can’t figure out.”

After a pause, Jiang Yao continued to explain, “I wanted to tell you a few days ago, but Moe told me not to do that. I don’t know why he was so afraid of you. I was worried that you would notice his abnormalities, so I’ve been putting on an act in front of you. When did you notice that he’s different?”

Just as Lu Xingzhi was about to answer her, Jiang Yao’s phone suddenly rang. Jiang Yao was surprised to see that it was Chen Feibai, so she picked it up.

“You’re not asleep yet?”

Chen Feibai had only finished his rehabilitation not too long ago. However, the pain in his body made it difficult for him to fall asleep early, so he decided to call Jiang Yao.

“It’s still early for me. “Jiang Yao glanced at Lu Xingzhi beside her. If she did not calm that big tiger down that night, she would probably not rest. “What about you? How’s your rehabilitation training going? Are you persevering? I know that this process is arduous and painful, but I don’t think you’ll have any problems.”

Jiang Yao asked Chen Feibai about the progress of his rehabilitation training like a competent doctor, but at the same time, she cheered for Chen Feibai like a normal friend.

“Put away your childish encouragement. I don’t need it.” Chen Feibai did not appreciate that at all. With a snort, he said, “I’m calling you to congratulate you.”

“Congratulate me? Congratulate me on what?” Jiang Yao was stunned by Chen Feibai’s congratulations. “I don’t seem to have any good news that warrants any congratulations; I only have troublesome things.”

Chapter 1019: The First To Say Congratulations

“I thought that a heartless person like you wouldn’t have anything to worry about.” Chen Feibai laughed out loud on the phone as if Jiang Yao’s words amused him.

Jiang Yao’s eyebrows twitched. She felt that Chen Feibai did not mean to compliment her when he used the word heartless; he wanted to mock her.

“What did you say you wanted to congratulate me for just now? Tell me about it. Maybe it will make me happy.” Jiang Yao decided to skip that heartless topic.

In any case, Chen Feibai was like a prickly cactus. He could be mean to anyone. So she would find it strange if he were to speak to her nicely one day.

“I just received the good news. Congratulations on breaking the record of all the freshmen in Nanjiang Medical University! You are number one in every major.” Chen Feibai smiled after he finished speaking. “I didn’t expect you to be so capable. The Divine Doctor’s student is extraordinary, indeed.”

It was rare to hear Chen Feibai praise someone so much. Jiang Yao was a little flattered.

“Are you lying to me, or is it true? I don’t even know the final results, and you already know about it?” Jiang Yao was shocked. After the final exam, she had not paid attention to the results. Anyway, she would see the results after school started. She did not expect that Chen Feibai would call her to tell her that before the New Year.

How did Chen Feibai know the results in her school so early?

“Do I look like someone who would make such a joke out of boredom?” Chen Feibai seemed to be quite angry at Jiang Yao’s question. “Did you rely on guesswork when you took the exam? You don’t have confidence in yourself and don’t believe that you can get a good score? Don’t tell me that you, the Divine Doctor’s student, are unworthy of your reputation?”

“Don’t be so obnoxious. I’m just surprised that you know my results so quickly.” It was not that she was too surprised. After all, Jiang Yao had studied and practiced medicine for many years; it was merely like a refresher course for her. Therefore, she knew that it would not be difficult to get a good result.

“If you want to know, you’ll know about it. Jiang Yao, remember, I’m the first one to congratulate you.”

After he said that, Chen Feibai hung up the phone. Jiang Yao was dumbfounded when she heard the beeping sound from the phone. She stared at Lu Xingzhi with the phone in her hand with a puzzled look on her face. “Did Chen Feibai become stupid because of the shock?”

Lu Xingzhi sat next to Jiang Yao. When Jiang Yao was on the phone with Chen Feibai, Lu Xingzhi could hear what he said to her without even trying to listen.

When he heard Jiang Yao’s question, Lu Xingzhi nodded his head as if it was the obvious answer. Then, he said, “He’s been in shock. It would be strange if he weren’t stupid.”

His tone was somber. He did not seem to be joking at all.

If he were not stupid, why would he call his wife for no reason? Why was he so concerned about his wife’s test results? If he were not absurd, then what was that?

Lu Xingzhi stood up from Jiang Yao’s side; he felt a little annoyed. He walked around the coffee table twice, scratched his buzz cut, and then sat back down beside Jiang Yao. Then, without saying anything, he pounced on her and stole her pink lips with a fierce kiss.

Yes, a fierce kiss.

Chapter 1020: You Have Something On Your Mind

He was so aggressive; it was as if he wanted to tear her apart and eat her whole.

Jiang Yao was shocked by Lu Xingzhi's action. Even though he was kissing her, she could feel the violent emotions from the bottom of his heart.

Jiang Yao did not resist him. She allowed Lu Xingzhi to wrap her in his arms and kiss her.

Lu Xingzhi did not close his eyes when he kissed her. His dark eyes were locked onto hers. They were so deep that they sucked her in like a black hole; it caused her to be terrified.

She rarely saw Lu Xingzhi's expression looked like that. It was as if he was afraid and as if he was trying to hold on to something.

She reached out to cover his aggressive eyes. The gentle sweep of his eyelashes caused some numbness on her soft palm.

"Let me look at you." Lu Xingzhi moved her hand away from his eyes and placed it on his lips. He kissed her gently on the palm of her hand before he returned to her lips again.

Jiang Yao could not remember when Lu Xingzhi had carried her from the living room to the bedroom. It was a love affair. She was in his embrace, but he refused to leave her body for a long time.

"I'm going to take a shower." Jiang Yao pushed Lu Xingzhi away. She went back to the bedroom to get some clothes because she had forgotten to get them. Later, she found Lu Xingzhi on the balcony when she went to look for him; she had not taken a shower yet.

Lu Xingzhi grunted, but he did not move, nor did he let go of her hand. After he waited for a few seconds, he said, "Let me hold you for a while."

"Then you go out first." Jiang Yao moved her body, but he pushed her back with his big palm. She felt helpless. She felt that Lu Xingzhi's mood was very wrong.

His mood had been wrong since that kiss.

"What's wrong with you?" Jiang Yao asked tentatively. "Is it because of Mo?"

"No..." Lu Xingzhi looked at Jiang Yao, who was right in front of him. After a while, he sighed silently. "I really want to keep you under my nose."

Jiang Yao's face burned. Just as she was about to speak, Lu Xingzhi suddenly moved and retreated from her body. However, in the next second, he turned over and pressed himself on her again. Jiang Yao watched as he ravaged her body again.

"Yaoyao, should we have a child earlier?" She heard Lu Xingzhi whisper in her ear. Without waiting for her answer, he began to bring her into another world.

After that, Lu Xingzhi carried Jiang Yao to the bathroom to take a shower. When the two of them laid back on the bed, it was already midnight.

Jiang Yao was a little sleepy, but it was clear that Lu Xingzhi was not tired at all.

She yawned softly, and her body involuntarily leaned toward Lu Xingzhi. When he noticed her movements, the corners of his lips curled upward as he looked at her. Then, he reached out and pulled her over. In a low voice, he said, "If you're sleepy, then rest."

“Let me talk to you first.” Jiang Yao shook her head and supported her eyelids. “You have something on your mind.”

Jiang Yao could feel it from the moment Lu Xingzhi said that he wanted to have a child earlier than planned. He seemed to have no sense of security and was anxious to find a way to have a child.

Jiang Yao did not know why Lu Xingzhi would have such a thought so suddenly.

It was very sudden.

“My mind is clear about the child.” Lu Xingzhi nodded; he admitted that he had something on his mind, but he did not have the intention to say it.
