

Chapter 1021: Leng Hao and Ye Xiaotao, Extra

He asked her if she was happy...

“Yes, I’m happy.” Leng Zhiyuan nodded. Then, she hesitated for a moment and asked in a low voice, “Sweetie, do you want a boy or a girl?”

Zhou Yao curled his lips and smiled. “Both are good.”

Leng Zhiyuan felt happy in her heart. She knew that the whole family was wishing for a girl, but it was not something she could control. She was afraid that the birth of another son might disappoint the family, but his response gave her relief.

In fact, she also wanted a girl...

The Zhou family was a military and political family, and the men of the Zhou family were all strong-willed and reliable. If she gave birth to a girl, she could imagine that this girl would be spoiled like a princess.

She had a son already, so she wanted a daughter.

At this moment, the woman was leaning against the headboard of the bed. Her thick black hair was soft and loose, her whole body enveloped in a faint halo of warmth. Zhou Yao reached out his hand, wanting to touch her little face.

But at that moment, Zhou Sileng rushed in. “Mommy, the doctor said that you’re pregnant. I’m going to have a little sister soon.”

Zhou Sileng originally wanted to pounce on his mommy, but there’s always a barrier. He couldn’t pounce on his mommy because a foot suddenly appeared in midair and blocked him, “Zhou Sileng, your mommy has a baby in her belly. You can’t be so reckless anymore and pounce on your mommy. What if you hurt her?”

At this moment, Mother Zhou walked in happily. She smiled and said, “Sileng, your daddy is right. You have to keep a certain distance from your mommy from now on. You’re a big brother now.”

Zhou Sileng stood up helplessly. He looked at his daddy, then pouted and retorted, “Grandma, if I have to keep my distance from mommy, what about daddy?”

Mother Zhou was stunned. “What do you mean?”

“If I can’t jump on mommy, then daddy can’t jump on mommy either. Daddy always hurts mommy. One time, I saw daddy pressing on top of mommy, and mommy kept telling him to be gentler and slower...”

Mother Zhou didn’t know what to say...

Leng Zhiyuan was also speechless...

Zhou Yao said, "Zhou Sileng, shut up!"

Mother Zhou said, "Zhou Yao, from now on, you'll sleep in the guest room!"

(Zhou & Leng Extra End)

...

Ye Xiaotao was the heiress of the Ye family in the capital city. She had always lived a carefree life. When she was in high school, she had guaranteed admission to a first-class university in the capital city. However, she firmly refused to go. She wanted to escape from her father's control and bravely enjoy her youth. Therefore, she came to City T's X University with her friend.

She was doing well at X University. She caught everyone's eyes as soon as she entered the school and received the title of School Belle. She felt that she was more than worthy of the title. That's right, she was the best of the best!

Her life was smooth sailing. However, half a year ago, she accidentally slept with a man named Leng Hao in Hong Kong. From then on, her life turned upside down.

The 20-year-old girl was not only pregnant, but also forced by her father to marry that stupid Leng Hao. She almost wanted to die.

However, she would not really suicide. How could there be no bumps in the road of life? It was just a little tribulation. She just needed to get up and continue moving forward. When the child was born, she would kick that man away and return to being the same beautiful girl, Ye Xiaotao.

After receiving the marriage certificate, Ye Xiaotao was immediately sent into Leng Hao's villa by her father. On the wedding night, she fought with Leng Hao so she could take a good night's sleep in the big bed in the master bedroom.

When she opened her eyes again, it was already eight o'clock in the morning. The sunlight was bright. She got up from the bed and entered the bathroom to wash up. After tidying up, she walked out of the room.

When she went downstairs, the maid nodded respectfully to her. "Good morning, young madam."

"Good morning, good morning." Ye Xiaotao glanced around. "Where's sister Leng?"

"Young madam, the miss Leng has already left."

"Already?"

"Young madam, it's already eight o'clock. Miss Leng usually wakes up at around six o'clock."

Ye Xiaotao's mouth immediately dropped open. "OMG, around six o'clock?" She simply could not imagine it. Pouting her pink lips, she lamented, "What fun is there in a life where one doesn't sleep in? It's disrespectful to the sun."

The servant was puzzled. "Young madam, what does this have to do with the sun?"

Ye Xiaotao glanced at the golden sunlight outside the French window. "For those who sleep in, the sun will wake us up. Sister Leng is being disrespectful to the sun."

The maid answered, "Hmm, I see." This is the most perfect excuse for lazybones that she'd ever heard.

"Oh right, where's that stinky rock?"

The maid was stunned. "Stinky rock?"

"Oh, my bad. Where's my husband?" Ye Xiaotao immediately changed her words and smiled at the maid.

The maid was stunned. She had seen a lot of beautiful women. Miss Leng, for instance, was a beauty by birth. But when she looked at the delicate girl before her, she was still stunned for a moment. The girl was really too young. Her skin looked soft like tofu. Especially her black, baby-like eyes, they sparkled like spring water.

The girl was exquisite and beautiful, like the doll that was not for sale in the display closet. Her whole body was full of youthful vitality. When she smiled, she was sweet and charming, making people unable to look away.

"Young madam, the young master also left home very early, about the same time as Miss Leng."

"Oh," Ye Xiaotao replied. The earlier he left, the better. She didn't want to see him at all.

"Young madam, breakfast is ready. You can have breakfast now."

Ye Xiaotao's eyes lit up. "Then let's eat breakfast."

She walked towards the dining room. She was an authentic foodie. As long as it was delicious food, she couldn't resist it. Moreover, she didn't get fat no matter how much she ate, which brought a lot of jealousy from others.

The breakfast was very sumptuous. Porridge, eggs, snacks, milk, fruit, and steak.

Ye Xiaotao ate a little of everything. The maid could not help but laugh when she saw that Ye Xiaotao had such a good appetite. "Young madam, you have to eat more now. The young master in your stomach also needs nutrients."

Young master...

Ye Xiaotao looked at her flat stomach. She was still a child herself. The fact that she was to become a mother soon hadn't really hit her yet. However, the fact that she was pregnant was undeniable. She could only accept it.

Fortunately, this little guy had been well-behaved. She didn't have any reaction like vomiting. She ate what she wanted to eat and had good sleep.

Ye Xiaotao cut a piece of steak and put it in her mouth to chew. She blinked and said in a good mood, "Little peach, keep up the good behavior. Mommy will eat more. I won't let you starve."

...

After eating breakfast, Ye Xiaotao felt bored. It was the weekend, so she didn't have to go to school. She wanted to find something to do.

Chapter 1022: I'll Let My Husband Know Tonight

But what should she do to enrich the day? Ye Xiaotao looked at the large flowerbed outside the French window. She waved her hand to summon the servants. "Come here for a moment, guys."

The servants were puzzled. "Us?"

"Yes, I'm calling for you. Come here quickly," Ye Xiaotao said with a smile.

Half an hour later, many flowers were added to the coffee table in the living room. Red roses, yellow chrysanthemums, white dandelions... Ye Xiaotao sat on the carpet and fiddled with the flowers.

"Young madam, this is the vase you asked for."

"Yeah, thank you."

The maid saw Ye Xiaotao's fair and soft hands holding scissors to trim the stems of the flowers, and then skillfully put all kinds of flowers together in the vase. The maid exclaimed in admiration and envy, "Young madam, have you learned how to arrange flowers? They're really beautiful."

Ye Xiaotao closed her eyes and sniffed the fragrance of the flowers. The girl's sweet face was even more delicate than the flowers. "Yes, I've learned a little..."

Although she was lively and cheerful, she was a real socialite. Not only did she learn music, chess, calligraphy, and painting when she was young, but also upper-class interests such as flower arrangement. Her father had specially hired a teacher from abroad to teach her.

Ye Xiaotao held the two vases in her arms. "Let's go upstairs."

Upstairs?

The servants quickly followed.

Ye Xiaotao opened Leng Mu's door. Leng Mu was still in a coma. The curtains were tightly shut, and the smell of disinfectant filled the air. It was very cold.

"Go open the window to let in some air... You can change father's bedsheets and bedspreads. These white sheets are too ugly. This is home, not a hospital... and this carpet is no good either..."

Ye Xiaotao placed the vase on the bed cabinet and ordered the maid.

"Young madam," the maid hesitated, "Are you going to renovate this place? But this was arranged by the young master. We need to ask the young master for permission..."

"I know." Ye Xiaotao was in a good mood. She hummed a tune and glanced at the maid. She said sweetly, "Isn't the young master my husband? I'll let my husband know tonight. My husband will definitely listen to me."

The servant's heart softened when she saw Ye Xiaotao's sweet and charming face. This girl was too delicate. No one could refuse her requests.

"Okay, we'll listen to young madam."

The servants began to act according to her instructions. The curtains were opened and fresh air poured in from outside. The sunlight was shining everywhere. Ye Xiaotao sat by the bed and looked at Leng Mu lying on the bed with her chin in her hand. She said to herself, "Father, when will you wake up? It's so boring for Xiaotao to be alone at home. If you wake up, we can... dance hip-hop together. It's just a game on the computer. It's very simple. I'm already at the highest level. I'll teach you how to play."

As she spoke, Ye Xiaotao furrowed her brows, "Sister Leng isn't at home. She's always with General Zhou. She doesn't even bring me along. And that stinky and hard rock. Oh, sorry father, do you mind if I call your son a stinky rock? I'll take it that you don't mind if you don't say anything. That stinky rock also left me alone here. I'm so bored."

"Father, are you bored? We're both bored. How about this, I'll tell you... a story, a 365-night story, a Grimm's fairy tale. Father, which one do you prefer?"

Ye Xiaotao's black eyes lit up. She made the decision. "Father, I'll tell you a 365-night story. First, I'll tell you... about Cinderella. Hehehe..."

Thus, the maids who were tidying up the room heard the young madam's clear and pleasant voice as she told the story of Cinderella. The maids covered their mouths and snickered.

Their master was the leader of the Leng family, who was famous in Hong Kong. Was the young madam unaware of his status? She was telling a fairytale story to a mafia boss?

The maids took another look at Ye Xiaotao. This villa had always been cold and cheerless. Young master, Miss Leng, and General Zhou all had very cold personalities. Now that the young madam had arrived, it felt like a beautiful bird had entered the house. The little bird liked to tweet. The servants felt like spring had arrived.

...

At night.

The servants heard the sound of the villa's door opening in the kitchen and quickly ran out. They saw a dim yellow light at the entrance. A tall and straight figure stood there. The man was changing his shoes.

The servant quickly went up to greet him. "Young master, welcome back."

"Mmm." Leng Hao walked into the living room. He handed the briefcase in his hand to the servant and then raised his hand to pull the tie on his neck. The man was six feet tall. He walked against the light and cast a large silhouette. He spread his long legs and went straight upstairs.

"Young master, I'll warm your dinner..."

“No need, I’ve eaten.”

Leng Hao went upstairs and opened Leng Mu’s room. It was a habit. He would check on his father’s situation as soon as he came back.

After entering the room, Leng Hao keenly noticed the changes in the room. The white color had been changed into a warm and elegant color, from the carpet to the curtains to the bedsheets. There were also two porcelain vases on the bed cabinet. The flowers inside were charming under the dim yellow light. It was as if there was still dew on them and the air was fragrant.

He frowned. “What’s going on?”

The servant quickly explained, “Young master, young madam asked us to make the switch earlier today.”

Leng Hao pursed his thin lips and did not say anything.

“Young master, I told young madam that we need to ask you first, but young madam said that young master is her husband. so when she tells you about this tonight, you’ll agree to it.”

Leng Hao was silent for a few seconds, and then he snorted.

The servant did not know whether he was snorting or laughing. The man’s handsome face was hidden in the darkness, and only his three-dimensional exquisite outline could be seen.

“Young madam has been at home all day?”

“Yes.” The servant nodded. Thinking of the young madam, a smile appeared on the servant’s face.

“Young madam has been telling stories to the master today, fairytale stories.”

If the man was expressionless, his expression was obvious now because he frowned. “Fairytale?”

“Yes, the young madam told about Cinderella, Snow White...”

Before the servant could finish, the man turned around and left.

...

Leng Hao pushed open the study room door. He sat on the office chair and leaned his handsome back against the chair. He raised his hand and pinched the space between his eyebrows. He closed his eyes tiredly.

Recently, Zhiyuan and the Leng family had been in trouble one after another. He had just broken up with Bai Lingyun and married Ye Xiaotao. This series of events had happened too quickly. He felt exhausted.

Two minutes later, he opened his eyes. The blood vessels in his eyes were obvious. He reached out to open the notebook. He still had many things to take care of...

He bent over and opened the drawer on his right. He was looking for a document, but the drawer was empty. He suddenly remembered that the document was in the master bedroom.

The master bedroom used to be his room. Later, when Ye Xiaotao came, it somehow became her room. And he had to sleep in the guest room.

Chapter 1023: A Dream

Leng Hao now realized that something was amiss. Ye Xiaotao had stolen his room the moment she entered this house?

Leng Hao stood up. He walked out of the study room and went straight to the master bedroom. He placed his large palm on the door handle and pushed the door open.

There was a dim yellow light in the room. A petite figure was lying on the soft bed. The girl was sleeping on her side. Leng Hao glanced at her and walked up to her expressionlessly. He went to the bedside and squatted down on one knee. He opened the drawer and took out the document.

The girl in her sleep probably heard the sound. "Mmm..." the girl turned over.

Leng Hao looked up and saw that the girl had already turned over to the side of the bed. Her delicate little face was very close to his. At this moment, he could see her face clearly. Her beautiful eyelashes were quiet and sweet. Her pink little mouth was still spitting out sparkling bubbles...

Leng Hao frowned. She was drooling in her sleep.

He stood up and wanted to turn around and leave.

But at this time, the document in his hand was scattered on the floor. A piece of paper fell and landed on the girl's thigh.

She didn't have the most pleasant sleep position. Her right leg stretched out from under the blanket and pressed against the blanket. The paper landed directly on her right leg.

Leng Hao looked down. He saw her snow-white skin. The girl's legs were slender and straight. Her skin was too good. Her snow-white skin was almost sparkling.

Leng Hao's gaze changed. It was men's nature to give beautiful women a few more glances. Men would like a certain trait in women. This trait could make a man fall in love.

He admitted that he had never seen a woman with better skin than her.

Leng Hao bent down slightly and reached out to pick up the paper.

But the girl moved again and clamped the paper between her legs.

Leng Hao's large palm froze in mid-air. His gaze quickly darkened as he looked at the position where the paper was clamped. Although his experience in intimate relationships were few, he was definitely a mature man. The space between a woman's legs was a forbidden area that caused a man's imagination to run wild.

Leng Hao's expression immediately turned ugly. He pulled back the paper and quickly turned around to leave the room.

...

Leng Hao worked in the study room until midnight before returning to his room to rest. After taking a shower, he went to bed. Very soon, he had a dream. He dreamed of half a year ago...

It was in Hong Kong. At night, he was discussing business with a client and had drunk quite a lot of alcohol. He was drunk. His subordinates helped him to a hotel room to rest. He fell asleep on the bed.

However, while he was in a daze, he felt an extremely soft thing crawling onto his thigh. There was a small hand moving around his waist and abdomen. The feeling was indescribable. It was itchy and soft. Then, his belt was untied.

He realized that something was wrong, so he wanted to get off the bed. However, a fragrance wrapped around him like a snake. He lost all strength. He was forcibly pulled over by that person. Someone rode on his waist and abdomen and pulled down his pants.

At that time, he felt that he was being raped. It was ridiculous saying that out loud. He was the young master of the Leng family in Hong Kong. People in both worlds feared him very much, and no one had ever dared to lay a hand on him.

Not to mention... rape him.

He reached out his palms and grabbed that person's waist, wanting to throw her off his body. However, when he touched that person's waist, the situation went out of control. That small waist was tiny, and it was almost negligible in his wide palms. The person's clothes were pushed up a little, and his fingertips felt her skin. The first thing he felt was a silk-like smoothness, which made him uneasy. His throat immediately felt like a burning iron, and he was so thirsty that he could not help it.

He did not think about what kind of woman he would like. He was born in the mafia world and was different from ordinary men. He naturally paid no attention to any woman as he maneuvers in the bloody arena. However, he had come into contact with many women who matured early. The Leng family had many casinos and karaoke halls under their name. The top hostesses there were all very pretty. Usually, when he went there, they would all get touchy with him. He had also seen many in the acts, so he knew what getting intimate looked like.

However, he really did not have any desires. He was the eldest son of the Leng family and knew his responsibilities. Later, he met Bai Lingyun in university. She was smart, capable, and beautiful. The love between people of equal status came naturally.

After he started dating Bai Lingyun, he no longer looked at any other woman. He really liked Bai Lingyun. She was his first love. He shared many of his firsts with her. They'd lost control of the hotel bed as they shared a passionate kiss. She made him feel butterflies in his stomach. This feeling was very beautiful.

But Bai Lingyun did not give it to him. She said that they should wait after they got married. He did not force her either. He gave her enough respect.

After graduating, Bai Lingyun went abroad to further her studies. Their long-distance relationship caused them to become more and more distant. She began to dislike his line of work and began to fall in love with those gentle and elegant businessmen.

The two of them had been on and off too many times. Between the ages of 20 and 30, he had spent a whole decade on Bai Lingyun.

Was he infatuated?

He did not know the answer. He had countless women by his side, and there were too many temptations. He had also been full of vigor in the past ten years, but he had never laid an eye on another woman.

He also felt deeply lonely on the nights after he was done with work. Every time, he would think of Bai Lingyun. He missed her very much. He missed the good times he had with Bai Lingyun.

Bai Lingyun was his first woman.

His first and only woman.

He thought that Bai Lingyun was a habit of his.

He thought that Bai Lingyun was his type, and no other woman could sway him. However, he had developed a desire for the person on top of him right now, and he knew that he was already hard beyond control.

Only now did he understand that he was not a saint. All these years, no woman had been able to get close to him because he did not like them. But he liked this woman's curves and her snow-white skin.

He was also attracted to a certain point of a woman's body.

The person on his body was moving clumsily, and she probably didn't know what she was doing. However, all the blood in his body was being aroused by her immature teasing. He flipped over, pressed down on her, and then took her in one go.

That night, she seemed to be crying. Both of her hands grabbed his muscular arms, and she cried out in pain, saying things like "I quit the game." He sneered darkly. She had no right to call quits when she was the one who initiated.

Her body smelled very good. It was hard to describe that kind of fragrance. It was like the faint and pure fragrance of a baby. He couldn't resist it and kissed her small mouth.

That night was too indulgent. He did as he pleased twice. Regardless of the pleas of the person underneath him, he suddenly thought of the acts he saw in the casino's karaoke hall. In fact, he was wrong. This was not a mechanical exercise. He had just tasted sex for the first time, it turned out to be an extreme and enjoyable sport.

Chapter 1024: Honey, Why So Shy

The next morning, Leng Hao opened his eyes. He looked at the crystal chandelier above his head. After a few seconds of silence, his left hand reached down under the blanket...

Sure enough, his pants were wet.

He raised his hand and pinched the space between his eyebrows. He lifted the blanket and got out of bed. Because he was in a bad mood, he cursed twice and walked to the bathroom to clean himself up.

After cleaning himself up, he opened the door and walked out. In the corridor, he just happened to bump into Ye Xiaotao who was walking towards him.

Ye Xiaotao also just came out of her room. She had a good sleep last night, so she was in a good mood. As she walked, she was humming a song.

When she raised her head, she saw Leng Hao in front of her. The man was wearing a black shirt today, and his body was tall and strong. In fact, whether it was his appearance or his figure, there was nothing to complain about. He was nothing less than male models on the international runway. But when Ye Xiaotao looked at the man's expression, he looked angry for some reason.

He could very well stay angry, Ye Xiaotao would not be affected. She curled the corners of her sweet lips and called out coquettishly, "Good morning, honey."

Leng Hao's entire face was cold. When he saw Ye Xiaotao, his mood became even worse. The female lead in his dream last night had made him wet this morning...

Even when he was an adolescent, he had never been wet. Naturally, the man's pride could not accept it.

Especially when he saw her extremely satisfied look, Leng Hao was even more annoyed. He glared at her coldly and then turned to walk down the stairs.

Did he ignore her?

Ye Xiaotao immediately rolled her eyes at the man's back. She spread her slender legs and followed him. "Hey, honey, I'm greeting you. Why are you ignoring me?"

Leng Hao ignored her.

Ye Xiaotao continued, "Honey, what's wrong with you today? Who made you angry? I'll help you teach them a lesson!"

Leng Hao still ignored her.

Ye Xiaotao blinked her black eyes. "Ah, sister Leng, you're up?"

Leng Hao stopped in his tracks when he heard that. Zhiyuan was at home? He immediately turned around to look at the stairs, but all he saw was a charming little face.

Zhiyuan was not at home. This girl was lying to him!

"Ye Xiaotao, is this fun?" Leng Hao's thin lips twitched as he spoke coldly.

"It's fun. You ignored me first." To trick such a proud man to turn around and face her, of course, she thought it was fun. "Honey, what's wrong with you today? You look like you've had dynamite when you saw me. I didn't provoke you, did I?"

With that, Ye Xiaotao put her hands on her hips and looked him up and down. "From my experience, there are two possible explanations. First, I owe you money. Second, last night... you had a dirty dream. Did you have sex with me in your dream?"

Leng Hao's breathing quickened. She had crossed his line. He clenched his fists by his side and said through gritted teeth, "You, a girl, aren't you ashamed to say such things?"

"Hehe," Ye Xiaotao reached out her small hand and punched him. She pretended to be shy and said, "Honey, why so shy?"

Leng Hao was speechless.

This girl's shamelessness had completely thrown him off. He flicked his sleeve and left.

Ye Xiaotao thought it was fun to tease the stinking rock. She chased after him, "Honey, was I right? Did you really have sex with me in your dream last night? Wow, a sex dream is no big deal. A man who hasn't had one for a long time would be horny eventually. It's normal for you to want to sleep with a young and beautiful girl like me. But we can't do it now. You know, I'm pregnant, so honey will have to bear with me for a while..."

The veins on Leng Hao's forehead were throbbing. She called him "honey" again and again in a very delicate tone as if she was deliberately teasing him. She was even coquettishly saying it. The top hostesses in Hong Kong used to talk like that when they saw him. They called him "young master" over and over again and wished they could just be taped onto him. He only had disgust and loathing towards those women, but this girl's voice aroused him.

He shot her a look. "Ye Xiaotao, if you dare to say one more word, I'll throw you out."

Did he threaten her?

Hmm... fine. Ye Xiaotao immediately shut up. She submitted to the threat. She had no doubts about the possibility of him throwing her out.

"Humph, it's just a joke. What's the point of taking it so seriously?" She pouted her pink cheeks, pouting her pink lips aggrievedly as she looked at him with watery eyes.

Leng Hao swallowed as his entire body tensed up. Damn it, he reacted again.

This girl was a living temptation!

He turned his head forcefully and went to the dining room.

Ye Xiaotao saw that he had left in a rage and couldn't be happier. There was no way he could win against her!

Ye Xiaotao took off and walked out of the villa. At this time, a servant called out from behind, "Young madam, it's time for breakfast. Where are you going?"

She waved her small hand without turning her head. "I have an appointment today, so I won't be eating breakfast at home. I don't want to affect someone's appetite."

...

At night.

Leng Hao returned to the villa. The servant came to pick up his briefcase. "Young master, welcome back. Shall I prepare dinner? Young madam left early in the morning and hasn't come back yet."

Leng Hao subconsciously frowned. She hasn't come back yet?

He knew that she had a lot of friends. She liked to go shopping, eat, and drink in bars when she had nothing to do. She played a lot, and she liked to play bold games in bars.

That time at the bar, she was the one who pulled his belt.

Leng Hao went upstairs to the study room with an expressionless face. He secretly thought to himself, "let her be. She would have a taste of her own medicine sooner or later in that state."

Ye Xiaotao's charming little face appeared in his mind. Leng Hao felt his breath quickening. He pulled off the tie on his neck in frustration.

He admitted that he was very angry. He couldn't care less about her, but she was a pregnant woman now. She was pregnant with his child, but she didn't hold back at all.

He dared to guarantee that if she pulled on another man's belt, those men would definitely bring her to bed.

"Sh*t!" Leng Hao cursed under his breath. Then, he brushed away the documents on the table. He found that he could not concentrate on reading the documents at all.

At this moment, his phone rang.

"Hello..." he pressed the button to answer.

...

Dream Bar, Leng Hao walked in.

The manager of the bar quickly came up to him. "Young master Leng, this way, please. Master Lin is waiting for you."

In a remote corner, master Lin was chewing on a cigar. A few pretty girls were sitting beside him. He hugged them with satisfaction. Seeing Leng Hao, he immediately pushed the pretty girls away and stood up. "Young master Leng, good to see you. I'm glad you could come."

Leng Hao nodded. "Master Lin is a regular customer of our Leng family establishments. If you invite me, I will definitely come."

"Young Master Leng, I will befriend you."

Leng Hao sat down on the sofa opposite Master Lin.

"You, and you, go accompany young master Leng." Master Lin pointed at two beautiful women.

"Okay." The two beautiful women couldn't wait to sit by Leng Hao the moment he showed up. They quickly rushed over. "Young master Leng."

Chapter 1025: The Bar

Two beautiful women pounced on him, and Leng Hao did not reject them. One of them quickly poured a glass of wine and brought it to Leng Hao's mouth. "Young master Leng, come, let's have a glass of wine first."

Leng Hao did not show any expression. He drank the glass of wine in the beautiful woman's hand.

Master Lin, who was opposite him, was smiling on the surface, but he secretly narrowed his eyes and secretly sized up Leng Hao. The man was wearing a black V-neck shirt and khaki-colored casual pants. This classic British style made him like a fashionable male model. He looked cold and elegant.

However, master Lin knew that the young master of the Leng family was not as harmless as he looked. The Leng family was able to quickly rise and have a place in the Hong Kong Mafia world had something to do with this young master Leng. It was said that he had joined this world at the age of 12 and was stained with blood.

To put it bluntly, the heavens loved this young master Leng very much. He was clearly a man who had gone through a lot of bloodsheds, but he lived extremely exquisite. That three-dimensional figure of a mixed-blood had charmed many women. How he remained silent at the moment made him more like the crown prince of an aristocratic family.

As master Lin was sizing him up, Leng Hao had already pulled back his muscular arms from the beautiful woman's arms. His long legs were bent, and he bent down slightly to pick up a cigar on the table.

He pulled out a cigar and put it in his mouth. Master Lin immediately stood up and walked over. He lit the cigar personally. "Young master Leng, allow me."

The cigar was lit. Leng Hao frowned and took a puff. Then, he held the cigar between his fingers. He exhaled a puff of smoke and leaned back on the sofa.

"Young master Leng." The beauty beside him called out coquettishly and quickly wrapped her arms around his muscular arms. The beauty deliberately used her soft breasts to rub against Leng Hao's muscular arms.

Leng Hao looked sideways at the beauty. He put one leg over the other. He lifted the woman's chin with his fingers.

The beauty looked right into the man's dark blue eyes. There was not a trace of a smile on his face. He was probably sizing up the woman, who was desperately trying to climb into his bed, with the gaze of a mature man.

"Young master Leng, don't stare at me like that. I will be embarrassed." The beautiful woman pretended to be shy and quickly lowered her head.

Master Lin laughed loudly. "Haha, Young master Leng, look at how charming you are. You just casually waved your hand, and these women couldn't wait to strip and spread their legs for you."

"Ah, master Lin, what are you talking about?" The beautiful woman pouted at master Lin and then secretly sized up Leng Hao.

Leng Hao withdrew his hand and continued to smoke his cigar as if he was not the one who just held the woman's chin.

The pretty girl was stunned. So...that was it?

The way he looked at her just now gave her hope.

The pretty girl was very disappointed.

Leng Hao took two puffs of his cigar. He had a lot of social engagements. Most of the social engagements in his line of work were in places like bars. He was already used to it.

However, he was not in a good mood today, so this social gathering made him feel very bored. The woman beside him kept rubbing her chest against him. He suddenly remembered how his pants were wet this morning. He hadn't touched a woman in a long time.

In fact, he had only touched Ye Xiaotao. And before Ye Xiaotao, he had Bai Lingyun. He did not like to have sex with strangers. So things like one-night stands, sugar babies, and prostitutions... felt dirty to him!

Ye Xiaotao was an accident. That was why when she had left one thousand Hong Kong dollars and disappeared, he had turned the world upside down to look for her.

He wanted to kill her!

But now it was different. He thought about it. The incident this morning made him realize that he also had desires. And he was afraid that it would be bad for his health if he was pent up.

He was now single. Bai Lingyun had broken up with her, and the marriage with Ye Xiaotao was a fake. There was no need for him to save himself for anyone.

He glanced at the woman beside him. To be honest, she was very beautiful. But he had seen too many beautiful women. So this kind of woman could only be considered ordinary. Moreover, the woman's voice was too pretentious. He had no interest in her at all.

At this moment, Leng Hao thought of the paper from last night, the one that was sandwiched between the girl's legs...

He could not help but swallow. His body became a little hot.

Damn it, why did he think of her again?

Leng Hao was a little annoyed, but he was expressionless. He took a puff of his cigar and looked up casually at the bar. His eyes suddenly stopped at the bar counter.

A few girls were sitting by the bar counter. They were obviously female university students from a certain school. One of the girls was wearing a white dress with a dark blue collar around her neck. It looked like a uniform...

The girl's back was facing him. Her back was slender and graceful. The seat at the bar counter was very high. Leng Hao could see her two slender legs swinging in the air.

Perhaps the girl did not know how much attention she had attracted, but Leng Hao saw how many men who were drinking constantly staring at her. They were staring at her slender legs.

Leng Hao's eyes darkened. He could recognize this girl even if she turned into ashes. Wasn't she... Ye Xiaotao?

What a coincidence.

Ye Xiaotao was out with her friends. She had been bored. She bit the straw with her pink mouth and took two sips of the orange juice. Mmm, it was delicious.

"Xiaotao, why are you drinking orange juice today? You usually drink cocktails when you come to bars."

"Yeah, Xiaotao. It's not like you to come to bars and drink orange juice to spoil the fun."

Ye Xiaotao chuckled. She blinked her charming eyes and looked up. "I'm tired of cocktails. I want to drink orange juice today..."

Ye Xiaotao's soliloquy in her heart was, "I'm suffering but I can't tell anyone the truth."

She was pregnant. Although this child came very suddenly, she didn't want to hurt the baby, so she couldn't drink.

However, she didn't tell anyone that she was pregnant or even married.

She didn't want to tell anyone either.

The others replied with an "oh" and didn't ask anything anymore. At this time, a burst of heavy metal music sounded. Three or four women with heavy makeup appeared on the stage. They started to dance on the pole.

This time, the atmosphere in the bar exploded. The men who were drinking whistled and shouted, "Strip, strip, strip, take it all off!"

The girls looked towards the stage and shook their heads. "What kind of pole dance is this? It's so ugly."

"I know right? And looked at how excited those men got. It's like they have never seen an authentic, top-notch pole dance before."

As they spoke, one of the girls looked towards Ye Xiaotao, who was sipping her fruit juice. "Xiaotao, I can't watch anymore. Why don't you go up and teach them how to dance on the pole?"

The eyes of the other girls lit up. "That's right, Xiaotao. You're such a good dancer. We can guarantee that those men will drool if you go up and dance like that."

Everyone started to talk amongst themselves. Ye Xiaotao looked at the stage and smiled sweetly. "That's... rude, right? How can I steal their spotlight?"

She said in distress.

Chapter 1026: Pretty, Name Your Price

Her girlfriends quickly laughed and said, "Xiaotao, don't be so modest. How can you say that you're stealing their spotlight? You're teaching them!"

Teaching them was a small matter, of course, but Ye Xiaotao didn't want to go. There was no particular reason, and she just didn't feel like it.

"Xiaotao, what's wrong? I noticed that you've been acting weird lately. In the past, when we're out, you were always very active, but now you're all cowering back."

"That's right, Xiaotao. Are you... scared?"

Scared?

The word "scared" did not exist in Ye Xiaotao's dictionary.

She knew that her friends were trying to goad her, but it didn't matter. She clapped her hands and stood up. "Alright then, it seems like I haven't shown off my skills in a long time!"

"Wow, Xiaotao is brave. Xiaotao is awesome!" Her friends cheered.

Leng Hao saw everything that happened among the girls. He watched as Xiaotao walked onto the stage gracefully, to the center of everyone's attention...

The four dancers were dancing vigorously when the delicate figure suddenly joined them. The dancers looked back and saw that Ye Xiaotao had already started dancing gracefully.

Leng Hao's eyes followed the graceful figure. The moment she appeared on stage, she stunned all the men. With the crowd's cheer, she began to move her small hands and feet. Her tiny waist began to sway seductively, and the white dress only covered her thighs. When she lifted her leg, Leng Hao could see the white lace legging she wore.

She wore the legging in case of wardrobe malfunction. But when Leng Hao saw how the white lace wrapped around her smooth and tight thighs, his breathing quickened.

When the four dancers were dancing, the men in the bar were making a ruckus. But when Ye Xiaotao danced, those men became quiet. They watched her as if she was a goddess with dropped jaws. Some of them even drooled.

Leng Hao's gaze became gloomier and gloomier. He stared at the girl on the stage with mixed feelings. Her fair little hands grabbed onto the steel pole and wrapped her right leg around the pole. Her smooth black hair fluttered behind her seductively. She was dancing on the pole.

Just how wild was this girl? It seemed so easy for her to make such forbiddenly seductive moves.

She had a pure and innocent little face, and even her big electric eyes were as clear as a newborn baby. However, at this moment, she was like a little vixen that was seducing all living beings.

She was a combination of purity and lust.

Thinking of this, Leng Hao's expression became colder.

"Young master Leng, Young master Leng..." Master Lin called Leng Hao twice, but Leng Hao had his eyes fixed on the stage and gave no response. Master Lin thought Leng Hao was acting strange, so he also turned and looked at the stage.

Master Lin was shocked when he saw what he saw. The girl on the stage looked so soft, tender, and charming. She was simply a stunner.

The girls beside him were all mediocre compared to the girl on stage.

Master Lin touched his chin, and his eyes shone with excitement.

...

Ye Xiaotao had finished dancing. It had been a long time since she had danced. She was sweating a little, and the sweat on her fair skin was like dewdrops on rose petals.

The four dancers were completely stunned. They stood on the side in a daze. Ye Xiaotao looked at the men who were still drooling with a smile. Then, she left the stage.

Seeing that she was about to leave, the drooling men quickly came back to their senses. Everyone shouted, "Pretty, don't go. Your dancing was so... beautiful. Even though you didn't take off any of your clothes, we were all aroused."

"Haha, that's right, pretty. How old are you? You don't seem to be of age yet. Why were you dancing? Are you short of money? How about this, come with me and be my baby. You'll live worry-free."

"Pretty, come on, name your price. I can't hold back when I look at you. Little darling, come on, let me take care of you."

Ye Xiaotao dismissed the men's uncivilized words with a frown. When she was in the capital, everyone knew that she was the daughter of the Ye family. No one dared to catcall her like this. Though now she had moved to T city and stayed on campus most of the time, many of the seniors in school would be stunned when they saw her and walk into telephone poles, no one dared to treat her like so.

Ye Xiaotao made her way to her friends and said, "We've had enough fun. Let's go back."

Her friends didn't like these lecherous men either. "Okay, let's go."

The group started making their exit. At this time, the men completely lost control. Someone took the lead and rushed forward. "Pretty, don't go. Name your price. How about five million? Spend the night with me."

"Get lost! Pretty, I'll give you 10 million. Let's go to the hotel room. You can show me a real striptease."

"No, I'll give you 20 million!"

"I'll give you 50 million!"

Men from behind continued to rush forward. It was disorderly. The security guards of the bar immediately rushed in to maintain order. When the girls saw that things weren't going right, they quickly pulled Ye Xiaotao and ran away. "Sh*t, Xiaotao, I didn't expect these men to go crazy for you."

"Yeah, Xiaotao, let's run quickly!"

Ye Xiaotao was pulled out.

Leng Hao watched as the girl rushed out, then glanced at the men whose eyes were red with desire. He snorted in his heart, picked up a cocktail on the table, and gulped it down.

He had really underestimated that girl. She could make people fall head over heels for her. Those men were about to start a fight for her.

Putting down the wine glass, Leng Hao saw from the corner of his eyes that Master Lin had called a bodyguard over. He whispered a few words to the bodyguard, and the bodyguard nodded and quickly left.

Leng Hao knew that Master Lin had also taken a liking to Ye Xiaotao. "Humph," he sneered. He wanted to see how that ostentatious girl could save herself!

...

Ye Xiaotao and her friends ran out. Her friends were still in shock, and they all held their chests and panted. "I can't take it anymore. I was scared to death just now."

"Fortunately, we ran fast. If those men really swarmed over, we would be crushed like ants."

Ye Xiaotao wasn't afraid at all. She looked at her friends and said in a charming voice, "It was you guys who asked me to go up and dance. You can't blame me for this."

"I know, I know. Who would have thought that our Miss Ye's charm would be so great?"

"What are you talking about? Hasn't my charm always been great? I'm the most beautiful girl in the universe!" Ye Xiaotao fooled around with her friends.

At this time, five or six bodyguards in black walked over. Two bodyguards in black directly grabbed Ye Xiaotao's slender arm. "Hello, Miss. Our boss wants to see you."

This sudden change made Ye Xiaotao freeze. Then, she quickly shook off the two bodyguards. "Who is your boss? Do you think I'll do whatever he says? Who does he think he is?"

The bodyguards in black didn't say anything. They just dragged Ye Xiaotao away.

No one had ever been so rude to Ye Xiaotao except for that stinking rock, Leng Hao. She widened her eyes and shouted, "Let go of me! How dare you snatch a beauty on the street in broad daylight!"

Chapter 1027: Wife, I'm His Wife

The bodyguard in black didn't say anything and proceeded to drag Ye Xiaotao away.

Ye Xiaotao wasn't stupid. She really realized that she's in danger. She immediately waved her thin legs in the air and threw herself onto the ground. She screamed, "Help! Help! Everyone, come and see! There are muggers!"

This attracted the attention of the pedestrians. Ye Xiaotao indeed looked like she was being kidnapped. When the pedestrians wanted to help, the bodyguard in black gave them a look.

The passersby shrank their necks and didn't dare to help.

Ye Xiaotao's friends were frantic. "Xiaotao!" They wanted to rush forward, but the bodyguards stopped them. They were so anxious that they stomped their feet, "Xiaotao! Who are you? Where are you taking Xiaotao to? Quickly let Xiaotao go, or we'll call the police..."

Her friends' voices began fading in Ye Xiaotao's ears because Ye Xiaotao had been taken far away and was brought to the corridor on the top floor of the bar.

Ye Xiaotao could tell from the environment that this was the presidential suite. It was probably for VIP customers with power and influence. However, what kind of service could there be here? It was nothing more than sex.

How dirty!

"Let go of me!" Ye Xiaotao shouted.

The two bodyguards in black really let go of her. Ye Xiaotao quickly stood up and tidied up her dress. At this time, she heard the bodyguard call out respectfully, "Boss."

Boss?

Which boss?

Ye Xiaotao immediately turned back to look at the instigator. She saw Master Lin, a man in his fifties, with a wretched and fierce look on his face.

"Who are you? Do I know you? You're the one who sent people to bring me here? Do you know that this is illegal?" Ye Xiaotao stared at Master Lin with her big, watery eyes and questioned.

Master Lin sized up Ye Xiaotao. His whole body was on fire. It was not that he had never played with pure and innocent female college students, but he had never played with a girl who was tender all over.

Master Lin rubbed his palms and could not help but reach out to touch Ye Xiaotao's little face. "Little girl, calm down. We didn't know each other before, but now we do. How about this? Let's be friends."

"Friends? F*ck you!" Ye Xiaotao immediately cursed with her hands on her hips. "Look at you. Who would want to be friends with you? Would a normal person f*ck a minor? Goodbye, oh no, I mean never again!"

Ye Xiaotao turned around and left.

However, a bodyguard quickly grabbed her slender arms and stopped her. The bodyguard pushed her with force towards Master Lin. Master Lin immediately spread his arms and hugged her, "Little girl, don't be in a hurry to leave. Just play with me and I guarantee you won't be at a disadvantage. Master Lin is rich and powerful, and sex with him is fabulous. I guarantee that you'll be in cloud nine soon."

As he said that, Master Lin took a whiff of Ye Xiaotao's fragrance. His muscles and bones were about to melt. "Why do you smell so good? Like a little girl who hasn't weaned yet. Let Master Lin feel you. Is there meat at the right places?"

"Ah!" Ye Xiaotao screamed and quickly slapped Master Lin's hand away. She was truly afraid now, "I'm warning you, you better not touch me. Do you know who I am? I'm the daughter of the Ye family in the capital. If you dare to touch even a hair on my head, my daddy will definitely not let you off."

Master Lin knew about the Ye family in the capital. It's a powerful family. However, he did not believe that the little girl in front of him was the daughter of the Ye family. He laughed out loud, "You're the daughter of the Ye family? The daughter of the Ye family pole dances in a bar? Do you think I was born yesterday? It's even better if you're the daughter of the Ye family. I'll sleep with you and marry into the Ye!"

Master Lin leaned over to kissed Ye Xiaotao's face.

Ye Xiaotao took the opportunity to step on Master Lin's foot. Master Lin was so horny that he was caught off guard. After being stepped on by her, he immediately cried out in pain.

Ye Xiaotao quickly shook him off and ran.

Master Lin gave the bodyguard a look, and the bodyguard immediately went after Ye Xiaotao.

"Ah, help! Help! Someone wants to rape me!" Ye Xiaotao ran with all her strength. The bodyguards were getting closer and closer, and they were about to catch her.

What should she do?

That disgusting man obviously didn't believe that she was the daughter of the Ye family. What should she do?

Ye Xiaotao crashed into someone as she was panicking. That man's chest was so hard that Ye Xiaotao teared up in pain when her nose crashed into his chest.

Ouch!

However, she didn't have time to care about the pain. The bodyguard in black had already caught up with her. She immediately stretched out her two small hands and grabbed the man's cloth. "Uncle, save me. Someone wants to..."

Ye Xiaotao's voice suddenly stopped, because in her line of sight was a magnified exquisite face.

It was... Leng Hao.

Compared to her sorry state, Leng Hao stood tall with his hands in his pockets. His expression was indifferent. The difference in height between the two of them caused him to look down at her. This glance was very condescending as if he was looking down at the ants at his feet.

Ye Xiaotao was very unhappy with his gaze, but her tensed nerves were completely relaxed. Great, she was saved. "Honey, why are you here?"

She laughed sweetly.

Master Lin's expression changed when he heard "honey". He stopped his bodyguard and stepped forward to ask, "Young master Leng, what... what's going on? She's your..."

Ye Xiaotao held Leng Hao's muscular arm and then leaned into Leng Hao's arms affectionately. She blinked her eyes and said proudly, "Wife, I'm his wife, Haha."

"Umm..." Master Lin was speechless.

Ye Xiaotao secretly glared at Master Lin, meaning let's see how you're going to explain this?

At this moment, the muscular arm pulled away, and a cold and bone-chilling voice sounded in her ear, "Do we know each other?"

Ye Xiaotao froze. She raised her head to look at Leng Hao, who had already turned around and walked away.

She froze on the spot.

"Ha, haha..." Master Lin laughed loudly, "Little girl, one moment you say you're the daughter of the Ye family, the next you say you're young master Leng's wife. It seems that you really like lying. I know that women like to jump on young master Leng, but as far as I know, young master Leng is only in love with the daughter of the Bai family. So you'd better stop daydreaming and go along with me obediently."

Then, Master Lin ordered the bodyguard, "You, hurry up and bring her back."

Ye Xiaotao looked at Leng Hao's back and almost vomited blood. Wasn't his joke going too far?

The bodyguard came after her again. Ye Xiaotao quickly caught up to Leng Hao. She reached out and grabbed his sleeve, not knowing whether to laugh or cry. "Excuse me, please, you don't know me? Leng Hao, you definitely did it on purpose. Isn't this... too much?"

Leng Hao looked straight ahead and sped up.

Ye Xiaotao could only jog to catch up with him. She took a deep breath and then laughed embarrassedly, "Hmm. Alright, Leng Hao, you win. It's all my fault in the past. I shouldn't have raped you. Sorry. Forgive a nobody like me. Leng Hao, please help me. I beg you. Help me out just once."

Chapter 1028: I'll Give You a Lollipop

Ye Xiaotao humbly begged for help. A wise girl knew when to submit. She was also able to yield and endure.

She originally thought that Leng Hao would help her when he heard her plea, but this man completely ignored her. He kept walking like nothing was happening and even pressed the elevator button.

Ye Xiaotao was speechless.

At this time, Master Lin's bodyguard had already caught up to her. Ye Xiaotao's face was red with anger. "Leng Hao!" She gritted her teeth and called out to him.

Leng Hao glanced at her coldly. The girl was staring at him angrily with her watery eyes. She looked like a cute and harmless kitten that wanted to scratch Leng Hao. She could melt anyone's heart with that look.

The man did not save her. Seeing the black-shirted bodyguard's hand reaching over, Ye Xiaotao felt a deep sense of crisis in addition to her anger. She could not be captured. How could she save herself at this time?

Got it.

Ye Xiaotao's eyes lit up. "Honey!" She called out sweetly. Then, she came to Leng Hao's side and stood on tiptoe. She reached out two small hands and hugged his neck. Finally, she kissed his thin lips.

The bodyguard stopped. Even Master Lin was shocked.

Leng Hao also did not expect this. He knew that this girl was very bold, but he did not expect her to be so bold. He wanted to push off her slender arm that wrapped around his neck.

"Mmm, honey!" Ye Xiaotao hugged his neck even harder. She could not let him push her away. Once he pushed her away, all her efforts would be in vain.

She called out softly and then pecked on his thin lips twice. Seeing that he was not moved, she opened her small mouth and sucked his.

Leng Hao's large palm that was holding on to her slender arm stiffened. Neither of them closed their eyes. Her clear and bright eyes were watery. Her pink lips were very soft and pecked at him like jelly.

Leng Hao could not help but straighten his waist. An electric current ran through his entire body and all of it flowed towards a certain part of his lower body.

He didn't get hard when the women at the bar rubbed their chests on him. But now, he was easily aroused by her kiss.

He had to admit that this girl tasted good.

Ye Xiaotao kissed him and then let go. She blinked her beautiful big eyes and said coquettishly, "Honey, sweetie, help me, okay? I'll serve you well when we go back tonight. I'll let you eat... lollipops."

After saying that, Ye Xiaotao licked her pink lips with her pink tongue.

Leng Hao's breathing quickened, and his gaze suddenly became vicious. This shameless girl, he wanted to strangle her to death. Did she know what she was saying?

Eating a lollipop...

How many evil thoughts did she have in her little head? She couldn't be any dirtier.

At this moment, the elevator door opened. Leng Hao forcefully pushed off her slender arm and then walked into the elevator with his long legs.

"Honey, wait for me." Ye Xiaotao quickly entered the elevator and hugged his arm. She raised her head and waved at Master Lin. "He really is my husband."

"Young master Leng, umm..." Master Lin was confused.

Leng Hao looked at Master Lin expressionlessly and said, "She's right. She's the pearl of the Ye family and also my... wife."

"What?" Master Lin was shocked.

The elevator door had already closed.

...

The elevator went to the first floor. Leng Hao took the lead and walked out. Outside the bar, there was an extended business limousine. Ah Chen sat in the driver's seat and was waiting.

Seeing Leng Hao come out, Ah Chen quickly opened the back door. Leng Hao bent down and got in.

Ah Chen was about to close the door when he heard someone yell "wait!" Ye Xiaotao was running towards them, panting. She got into the back seat numbly and smiled sweetly at Ah Chen. "Thank you."

Ah Chen nodded respectfully. "Young madam."

The luxury business car drove out.

After leaving the frightening bar, Ye Xiaotao was finally relieved. However, at the same time, her whole body was on fire. She looked angrily at the man beside her.

Leng Hao sat in the back seat with his legs crossed. He held a document in his hand and looked at it attentively. Under the city's neon lights, his face emitted a charming light. Although he was born in the mafia world, his aura was cold and noble.

Ye Xiaotao snorted. If she didn't know what kind of person he was in advance, she might have been deceived by his appearance.

"Yo, Leng Hao!" She called out impolitely.

Hearing this, Ah Chen, who was in the driver's seat, immediately looked into the rearview mirror. In all these years, no one had dared to call the young master in such a tone, including Bai Lingyun.

This new young madam's courage was commendable.

"Yo, Leng Hao, let me ask you. What did you mean back there? That old pervert caught me and I asked you for help. Why didn't you help me? Are you really going to watch me get raped by that old pervert?"

Leng Hao's gaze was still on the document in his hand. He slowly curled his thin lips and said with a cold smile, "What do you being raped have to do with me?"

Ye Xiaotao almost spat out a mouthful of blood. What was he talking about?

"Leng Hao, I'm your wife. If I really got raped, you'll be cuckolded. Are you a man or not?"

"Humph, Miss Ye knows better than anyone else whether or not I'm a man. Also, I have to remind you that you're the one who kept telling me not to reveal the news of our marriage to the public. You're also the one who kept saying that you would break up with me after giving birth to the child. Oh, and you said that we're not husband and wife at all. We're just temporary collaborators. I'm your... partner."

Leng Hao raised his eyebrows as he thought of the word "partner."

Ye Xiaotao was at a loss for words. Was she wrong to say "partner?" She didn't want to marry him in the first place.

"Then, then why are you so cold-blooded? Even if it was a stranger getting raped by an old pervert, you shouldn't just stand by and watch, right? Where is your conscience?"

This time, Leng Hao slowly raised his head. His gaze was deep, and the corner of his mouth revealed a sneer. "Miss Ye, what is conscience? Do you want to teach me?"

Ye Xiaotao was speechless.

"This world follows the law of the jungle. There are so many weaklings. Do I need to start a charity and become a philanthropist, or do I need to become a superhero?" As he spoke, Leng Hao glanced at Ye Xiaotao from head to toe. "Besides, do you need saving? A married woman and a pregnant woman. It's already eight or nine o'clock at night, and you're still fooling around in the bar. Didn't you enjoy yourself when you went on stage and danced on the pole to seduce those men? That Master Lin wanted to rape you, how do I know if you weren't playing hard to get? Maybe I'll ruin your plans if I act rashly and save you."

Ye Xiaotao was so angry that her entire body was trembling. Very well, he had really humiliated her. In his eyes, she was someone so shameless.

Leng Hao ignored the fury in the girl's eyes and resumed reading the document in his hand.

But in the next second, the document in his hand got snatched away. The window was opened and Ye Xiaotao threw the document out.

Chapter 1029: I Took Your Virginity

How dare she throw away his documents?

Leng Hao's handsome face darkened. "Ye Xiaotao!" He was angry. No woman had ever dared to be so presumptuous in front of him. Bai Lingyun was already very presumptuous, but he was the one who indulged her.

He doted on a woman because he was willing. A woman was like exquisite porcelain that needed care. The woman he liked deserved his doting, but what was this Ye Xiaotao?

Not only would he lose more than eight figures without that document, but he would also ruin Leng's reputation.

He had been in the mafia world for years. Even if he did not love this line of work, as long as he was alive, he needed to live up to his status as the young master of the Leng family and all the branches under the Leng family.

"Why are you calling me?" Ye Xiaotao turned around to look at the man. Seeing his angry face, Ye Xiaotao immediately smiled. "Honey, are you angry? Look at you, do you want to hit someone? Here, you can hit me."

Ye Xiaotao moved her delicate and beautiful face forward.

Leng Hao's clear blue eyes were about to ignite into flames, but he didn't move. He wouldn't hit a woman.

Ye Xiaotao smiled even more happily, "What's wrong, Honey? You don't want to hit me? Then can you listen to me seriously for a second? What right do you have to scold me for coming to a bar at night? Didn't you come too? As a married man and the father of a child, didn't you come to a bar as well? Is that Master Lin your friend? Humph, birds of a feather flock together. And..."

Ye Xiaotao reached out to remove a strand of long hair from Leng Hao's shoulder. "Have you just slept with a woman? Speaking of which, I'm quite curious, honey. How many women have you slept with? Are there too many to count, or... am I the only one?"

Leng Hao looked at the pretty face in front of him and gritted his teeth. "Shut up!"

Ye Xiaotao wouldn't obey. She pouted her pink lips and raised her eyebrows. "Ah, you're angry out of embarrassment. Could it be that I'm... the only one? I took your virginity!"

Took your virginity...

Ah Chen, who was in the driver's seat, could not help but laugh when he heard this. However, when he laughed, Leng Hao shot him a sharp look.

Ah Chen immediately sat up straight. He pretended like he did not hear anything.

Ye Xiaotao was very content. She seemed to have accidentally discovered the secret of this stinky rock. That night in Hong Kong, she had really took his virginity, but...

"That's not right, honey. Everyone says that you dated that Miss Bai for ten years. Oh my! You haven't slept with her all the ten years you were with her. Honey, isn't that your loss?"

"Ye Xiaotao, you're courting death!" This girl crossed his line again. Seeing her small mouth chattering incessantly in front of him, he only wanted her to shut up, so he leaned over and kissed her pink lips.

Actually, it wasn't a kiss. He was biting.

Ye Xiaotao immediately felt the pain. Ouch! The corner of her lips bled.

"Leng Hao, it hurts!" She was most afraid of pain, so she pushed him away from his chest.

The corner of the girl's mouth was injured, and fresh blood flowed out. In Leng Hao's eyes, it was almost flirtatious. He curled the corner of his lips coldly and then reached out to pull Ye Xiaotao into his arms.

Before Ye Xiaotao could react, her small mouth was already covered.

This time, it was a kiss.

The man first pecked her lips tentatively a few times. He probably felt that she tasted very good, so he opened his mouth and sucked her delicate lips hard. He especially sucked on the blood that flowed out from the corner of her lips greedily.

Ye Xiaotao was in a lot of pain and felt uncomfortable all over. At this moment, the man reminded her of vampires. She struggled. "Leng Hao, let go, ugh..."

He took the opportunity to invade her mouth and stuck his long tongue in.

Ye Xiaotao was stunned. She did not have a lot of experience in kissing. Other than the dirty movies that she secretly watched in college, all her experience came from this man.

In fact, her memory of that night was also vague. The female lead in the action movie moaned as if she was extremely happy doing that. Xiaotao thought that she would enjoy it too. She was prepared to let the happiness come even more violently, however, he pierced through her in an instant. She felt a heart-wrenching pain.

Everything that followed was a mess. She felt nothing but pain. She shouted for him to stop, but he didn't care at all. He plundered her like a beast. In the end, she was numb from the pain.

That night, she fainted and finally woke up in the early morning. She thought that she would see her beloved senior when she opens her eyes, but who would have thought that she would see a mature and handsome face. She was so scared that she left a thousand dollars and quickly ran away.

If one were to ask her about her impression of that night, she could only recall the pain, the numb pain, and the smell of waste in the air. It was the seed that he planted in her body.

Now that he was kissing her like that night, Ye Xiaotao's memory of the night slowly revived. He had also kissed her that night and made her mouth swell up. He also stuck his long tongue in to entangle her like now.

Ye Xiaotao was in a bad mood. She thought it was unsanitary to eat each other's saliva. She immediately punched him with both hands and kicked him with both feet. "Hmm, let go..."

Leng Hao gave her a final kiss before letting go. His eyes were a little red, and he stared at her with an extremely wicked gaze. "What's wrong? Didn't you say that just now because you wanted me to treat you like this?"

Ye Xiaotao only wanted to curse. She slapped Leng Hao's face. "B*stard!"

Leng Hao grabbed her slender wrist. "Continue!"

His words were full of intimidation. In terms of strength, even a hundred of her were no match for him. Ye Xiaotao snorted and pulled back her little hand.

Leng Hao glanced at her and then sat up straight. With his two long legs crossed, he returned to his cold and noble appearance, as if he wasn't the one who forcefully kissed the girl just now.

Ye Xiaotao was about to explode in anger. She reached out and fiercely wiped her pink lips. D*mn it, there was still the scent of that man in her mouth.

Did he drink just now? There was the faint taste of wine in his mouth. It was not bad, but Ye Xiaotao still wished she could brush her teeth dozens of times. She did not like kissing.

And kissing with this man was even worse.

D*mn it. She had never suffered any losses since she was young. Today's battle ended in her complete defeat. Just you wait, stinky rock. Ye Xiaotao would never admit defeat.

The car quickly quieted down. The two people in the backseat ignored each other. Ah Chen, who had witnessed the entire thing from the driver's seat, thought, "Was I nonexistent?"

...

Ye Xiaotao and Leng Hao didn't talk for a few days. It was not a fight. Since that night, Leng Hao had been leaving early and returning late. She didn't even see him anymore.

Chapter 1030: I Don't Want to See You Anymore

This was for the best. Ye Xiaotao didn't want to see Leng Hao at all.

One night after school, Ye Xiaotao came back to the house in a hurry with a cell phone in her hand. A servant came up to her and said, "Young madam, dinner is ready. Do you want to eat now?"

"No, no. I have more important things to do now. Come with me." Ye Xiaotao motioned for the two servants to come upstairs.

The servants were confused. They followed Ye Xiaotao and saw her open the door to Leng Mu's room.
"Help me help my father up."

"Young madam," the servant said in shock, "Master is unconscious now. The young master forbade us from moving him. What are you..."

"He's not dead, just unconscious. Don't worry, he's my father. Do you think I'll hurt him?"

"But..."

"No buts. I'll tell my husband when he comes back. I'll take all the responsibility." Ye Xiaotao patted her small chest with her small hand.

"Alright then." The two servants walked forward and helped Leng Mu up carefully.

Ye Xiaotao sat by the bed. She took a serious look at her phone and reached out her small hand. She followed the instructions on the phone and helped Leng Mu move his back joints.

"Young Madam, are you giving the master... a massage?"

"Yes, my friend's cousin is a famous surgeon overseas. He said that in my father's situation, he can't just lie on the bed all day. Because if he stays still for too long, even if father wakes up one day, his whole body would be numb and stiff. So we should massage him often to induce blood flow. I begged my friend for a long time before she asked her cousin for these massage instruction videos. I'll give it a try now. It's better for us to do something than nothing, right?" Ye Xiaotao said with a smile while blinking her big eyes.

The maid looked at the girl's big, innocent eyes and sighed, "Young madam, you are so filial to master."

"Of course!" Ye Xiaotao smiled sweetly and then sighed, "I'll do what I can. As for whether father will wake up or not, it's up to him."

The maid was about to speak when a cold and bone-chilling voice sounded in her ear, "What are you doing?"

Ye Xiaotao looked up and saw a tall figure standing by the door. Leng Hao had returned.

Leng Hao's expression was very gloomy. His gaze swept across the faces of the three people in the room. It was as cold and sharp as a blade, and it made people shudder.

"Young master." The two maids quickly stood up. They did not even dare to look into Leng Hao's eyes.

"Honey, you're back?" Ye Xiaotao said and stood up. But Leng Mu, who had lost his support, fell back onto the bed.

Ye Xiaotao looked at Leng Mu and then at Leng Hao. She was in an awkward situation. "Ha, haha... Honey, you're back just in time. I have something to tell you..."

“What did you do to my father?” Leng Hao had one hand in his pocket and said sharply. “My father is unconscious. You can’t touch him. Don’t you know that?”

“I know. But hear me out.” Ye Xiaotao walked to Leng Hao and handed the phone to him. “Take a look for yourself. I’m doing this for father’s good...”

Leng Hao slapped the phone in her hand onto the carpet. He stared at her gloomily and mocked, “Miss Ye, normally, I would turn a blind eye to whatever you do. But please don’t touch my father in the future. He’s not your toy. Also, don’t tell me that you’re doing this for my father’s sake. Don’t you think it’s ridiculous? A willful and unruly young lady like you is useless other than going to bars and going out to dance. Do you know what it means to do things for others’ sake?”

Ye Xiaotao watched as her phone broke into two halves on the carpet. Every word from the man was like a needle piercing into her eardrums. This time, he had really gone too far.

Useless?

She had many virtues!

He was blind.

Ye Xiaotao’s nose tingled. He was unappreciative of her efforts. She snorted and said, “Leng Hao, I don’t want to see you anymore!”

She left.

He had really hurt her self-esteem. Yes, she was the daughter of the Ye family. She also liked to go to bars, go shopping, and dance. But she did not feel that there was anything wrong with it. She enjoyed her youth rightfully.

She did not want to see that stinky rock anymore!

The villa’s front door shut with a loud bang. The maid watched as the young madam disappear just like that and quickly said, “Young master, you have really misunderstood young madam this time.”

Misunderstood?

Humph, he did not misunderstand her at all. In his eyes, other than the fact that she was born with the surname Ye, she did not have any good qualities. She especially liked to show off in public and seduce men.

Leng Hao entered the room. He checked his father’s expression and then reached out to cover his father with the blanket.

“Young master, Young madam really was not messing with the master. Young madam was giving him a rehabilitation massage.”

Leng Hao paused for a moment, then he frowned slightly.

The servant picked up the phone on the ground and handed it to him. “Young master, you’ll know when you look at young madam’s phone. Young madam asked her friend’s cousin to design a rehabilitation massage for the master.”

Leng Hao's frown deepened. The word "cousin" sounded unpleasant to his ears. He pursed his thin lips tightly, left the room, and went straight into the study room.

What cousin? He's probably some unruly person she'd encountered.

Leng Hao pulled open the curtains of the study room. His location was excellent. Standing by the window at night, he could see the lights of the entire city.

In the past, he liked standing here because he could restore peace in his heart. But now, he was very annoyed. His mind was filled with Ye Xiaotao's small face. He felt annoyed.

"Young master, young madam is very filial. Tonight, she just came back from school and massaged the old master without even eating. Ever since young madam had entered this house, she has been telling stories to the master every day without fail. We, the servants, have all witnessed it. I believe that the master is also aware. If one day, the master wakes up, he will definitely like young madam very much."

"Young master, it's so dark outside. It's not safe for young madam to walk outside alone. She didn't bring her cell phone, you might want to..."

"Get out!" Leng Hao spat out two words.

The servants didn't dare to say anything more. After all, they were servants. But they really liked the young madam. Usually, the young master and his sister were both busy. Though they gave the master the best life through financial support, only the young madam gave the master companionship.

The most precious thing in the world was companionship.

The servants left.

...

Leng Hao stood on the windowsill with his hands on his hips. He sneered in his heart. That girl had only been in this house for a short while, and it seemed that she had already won the love of everyone.

She really did have an attractive aura. Not only did the men stare at her, but even the women liked her.

Chapter 1031: Send Off

Leng Hao didn't care for girls like Ye Xiaotao. He liked girls like Bai Lingyun who were capable and talented. He liked a partner who was equally matched.

However, Ye Xiaotao had intruded into his life and made a mess out of it. He found that he's beginning to lose control of his body. His reactions to her were powerful.

That night at the bar, he went back to his room to sleep. The next morning, he found that his pants were... wet again.

This discovery made him extremely depressed and frustrated. Lately, he had been leaving early and coming home late in order to avoid her. He did not want to see her. So when he came back just now and found her in his father's room, the bad temper that he had suppressed in his heart was completely ignited.

He spoke out his thoughts. That's right, she was a willful and unruly young lady. He looked down on her, but he wanted to sleep with her just like those vulgar men.

Leng Hao narrowed his eyes and looked out of the window. It was already late at night. It was past eight o'clock, and she was walking alone outside. He did not know how many men's gazes she would attract.

She was pregnant with his child.

After a few seconds of silence, Leng Hao turned around. He picked up the car keys on his desk and left the house.

No matter what, she was the precious daughter of the Ye family. It was a marriage with benefits. He could not just throw the Ye under the bus. She did not bring her cell phone. If something were to happen to her, he would not be able to answer to Father Ye.

With this thought in mind, Leng Hao drove the luxury car out.

...

After circling the streets for a few rounds, Leng Hao saw the petite figure through the car window. Ye Xiaotao was strolling by the roadside.

She had her small head down and was kicking a small stone. From Leng Hao's angle, he could see her beautiful side profile. She pouted her snow-white and tender cheeks. It was obvious that she was still angry.

Leng Hao saw the way she kicked the stone with full force, and it rolled a great distance. Then, she went up to the stone and repeated the process. He knew that the girl must have imagined the small stone as him.

Ye Xiaotao had indeed imagined the pebble by her feet as Leng Hao. She only hated that she could not smash the stone into ashes with her feet. So she tortured it to her heart's content.

Stinky Leng Hao. D*mn Leng Hao!

Ye Xiaotao cursed him in her heart countless times. At this moment, her stomach rumbled.

She quickly covered her tummy with her hands. Sigh, she was hungry.

She hadn't eaten dinner yet, and there was also a baby in her stomach. So it was easier for her to get hungry. But she can't just starve.

Ye Xiaotao looked around, and her eyes lit up. There was a street food block just in the distance.

Nothing could stop her from tasting the delicious food. She immediately ran over in joy.

Leng Hao stopped the car by the roadside. He had one hand on the steering wheel, and the other hand on his chin. From what he saw, the girl ate from the first stand to the last. There were fermented meatballs, BBQ squid, osmanthus cake... She was very satisfied with the food, her snow-white cheeks were stuffed and she chewed quickly. The oil on her little pink lips shined.

Leng Hao was very indifferent to the things she ate. He would not eat these things, but looking at the way she ate, he suddenly had an appetite.

She had this infectious power that always drew people near.

Half an hour later, Ye Xiaotao was finally full. She wiped her mouth with a tissue and swaggered out. She was very easily satisfied.

The next question to consider was, where would she sleep for the night?

Daddy had returned to Beijing. Her third brother was abroad for a business trip. And it was inconvenient to go to sister Leng's place because she might run into them having s*x again.

It was not that she was embarrassed, but she did not want to... be the third wheel!

After thinking for a while, Ye Xiaotao reached for her phone and wanted to call her friend. She planned to spend the night at their place.

But her pocket was empty. She then remembered that Leng Hao threw her phone on the carpet.

Ye Xiaotao immediately frowned. There was a stone block in front of her. She immediately kicked it to vent her anger. "Stinking stone!"

"Ouch!" She bent down and wanted to hug the tip of her foot and cry. It hurt so much!

Even a stone block bullied her!

Ye Xiaotao's big and charming eyes rolled around in anger. Forget it. The enemy was strong and she was weak. She was a sensible young lady, so she won't take it out on the stone block.

So phone calls were out of the window. She could just call a taxi to her friend's place.

Ye Xiaotao called a taxi from the street. "Go to xxx Road please..."

...

Ye Xiaotao leaned against the window and looked at the scenery outside. The taxi driver kept peering at Ye Xiaotao through the rearview mirror. The girl looked so tender and soft. She was even more attractive than those actors on TV who had collagen all over their faces. The taxi driver swallowed his saliva silently.

A few minutes later, Ye Xiaotao suddenly realized that the route was wrong. She looked up at the driver and said, "Hey, did you take the wrong turn? This is not the right way."

The driver smiled honestly and said, "We can get there from here too. It's a shortcut."

"Really?" Ye Xiaotao was skeptical.

“Of course. I’ve been driving for decades. Trust me.” As he spoke, the driver parked the taxi at a remote alley. “The rear wheel seems to be in need of exchange. I’ll go take a look.”

Ye Xiaotao didn’t pay much attention. She nodded.

The driver got out of the car. He looked around. It was very remote and there was no one around. When he got into the back seat, he immediately locked the door. This way, the girl wouldn’t be able to escape.

The thought of the girl’s tender and sweet body set the driver’s body on fire. It was his lucky night to have met such a goddess.

The corners of the driver’s lips curled up wretchedly. He stood by the back door and was ready to open the door.

But then the driver’s movements froze, because he saw a luxury car parked on the street in front. The driver’s window slowly slid down, and the man inside turned his head and glance over.

The man’s gaze was very deep, so deep that the taxi driver could not tell what he was thinking. The driver felt his scalp go numb. He knew that he could not afford to offend that man.

The driver cursed in his heart and quickly got into the driver’s seat. He backed the taxi out and drove back onto the busy street.

Looking through the rearview mirror, he saw that the luxurious car was following him.

The driver cursed in his heart. He had not realized that someone was following him this entire time.

Ten minutes later, the taxi stopped. Ye Xiaotao paid the fare and thanked the driver politely. “Thank you.”

The driver smiled. “You’re welcome. Take care, young lady.”

Ye Xiaotao got out of the car. She looked at the living community in front of her and walked in.

The taxi didn’t dare to stay for long and drove away quickly. At this time, the luxury car stopped outside the neighborhood. Leng Hao looked through the window and saw that the girl had walked into the brightly lit living community. He stepped on the accelerator and drove away.

Chapter 1032: His Conscience Was Broken

A week passed and Ye Xiaotao did not return. There was no news of her, and Leng Hao did not visit her again. Peace resumed in his life.

Because Leng Zhiyuan had married into City T, Leng Hao considered buying a piece of land here to transfer part of his Hong Kong property to this place. Zhiyuan was a girl, so she had to slowly let go of Hong Kong’s affairs after her marriage. Leng Hao hoped that she could live a normal life. The new property would be his gift of assurance to her.

He bought 6,000 square meters of land. These were all poverty-stricken houses. As long as there was enough compensation, it would be easy to demolish them. However, there was a very small welfare home here, and the welfare home did not agree to move.

“Young master, we have already communicated with the welfare home, but they refused our high compensation. They did not agree to leave.”

Leng Hao sat on the leather office chair. He was reading documents with a pen in his hand. The silver tip of the pen made a rustling sound on the paper. His handwriting was bold and elegant.

He did not look up. He just smiled coldly. No one in this world would hate money, so why?

“The director of the welfare institution said that many of their orphans are in poor health condition. In particular, the orphans are lonely and sensitive. It took them five to even ten years to adapt to the current environment. If they move rashly, it will only cause panic among the orphans. Moreover, the welfare institute has been helping these orphans find their blood relations over the years. Once they move, all their efforts would be in vain. Therefore, the president of the welfare institute begged us not to force them to move.”

No moving?

Leng Hao laughed expressionlessly.

“Young master, what should we do?”

“Give them an ultimatum. If they don’t move out within two days, we will perform a demolition regardless. At that time, all casualties and losses will be borne by them.”

“Yes, young master.”

...

In the orphanage, Ye Xiaotao and her friends came with big and small bags. “Children, look at what I brought for you today.”

“Wow, that’s great. Thank you, big sisters.” A group of orphans swarmed over. They opened the food boxes, which were filled with snacks, milk, fruits, and ready-to-eat meat.

The children ate happily.

Ye Xiaotao sat on a small wooden stool. She reached out and hugged a little girl on the bed on her lap. “Xiao Ying, did you miss big sister? Big sister will feed you a cherry.”

Xiao Ying was four years old. When she was two years old, she was diagnosed with leukemia and abandoned by her biological parents. The orphanage took her in and continuously provided her with treatment. However, the treatment was not very effective. Now, Xiao Ying could no longer feel her legs. She could only lie on the bed all day long.

Xiao Ying was very cute. She had a fair little face and big eyes. The happiest time for her was when sister Ye came to visit her. This was because sister Ye’s smile was very beautiful, just like an angel’s.

Xiao Ying took a bite of the cherry and nodded hard. "Mmm, I miss sister very much. Sister, look, this is the drawing you taught me."

Xiao Ying took out a sketch of Ye Xiaotao.

Ye Xiaotao curled the corners of her lips. She lowered her eyes and kissed Xiao Ying's face before saying gently, "Xiao Ying, you are very talented in drawing. Sister wants to send you to a professional school to study in the second half of this year."

A professional school. Xiao Ying knew that it would be a school for disabled children. She did not feel inferior. Instead, she was very happy. She was already very satisfied that she could get the opportunity to study.

"Big sister Ye, thank you. I'm really happy. I'll study hard and draw. I want to become a person like big sister in the future."

"Mmm, you can definitely do it."

At this moment, the president of the welfare institute walked over. "Miss Ye, you're here again. You're really good people. These children are happy to see you."

Ye Xiaotao put Xiao Ying down and stood up. She smiled sweetly and said, "President, we're also very happy to be with the children."

The president of the welfare institute nodded, but his expression was very grave.

"What's wrong, President?"

The president of the welfare institute sighed, "We have recently encountered a difficult situation. The land here has been bought by a rich businessman. They gave us a day to move out. Tomorrow morning, the demolition team will come. There are children here. The consequences will be unimaginable."

"What?" Ye Xiaotao exclaimed. "Where did the rich businessman come from? Why does he want us to move out? This is a welfare institute. It's full of orphans. That person's conscience is broken!"

"This is the way of the world. They are rich, so they can do whatever they want," the president of the welfare institute sighed solemnly.

Ye Xiaotao's friends gathered around, and everyone was filled with righteous indignation. Ye Xiaotao said angrily, "President, tell us the contact information of that rich businessman, and we will argue with him."

"I don't have his contact information, but it seems that he will appear in that building." The president of the welfare institute pointed at a new high-rise building in front of them.

...

The group of people came to the new building. The decoration of the building was very luxurious and magnificent. Ye Xiaotao's friends said angrily, "This rich businessman really knows how to enjoy himself. Those orphans even have difficulty going to school. Not only did he not take out some money to donate, but he also wanted to exterminate everyone."

“That’s right. We’ll have to argue with him.”

In front of them was an office. The door sign reads “CEO’s office.” Ye Xiaotao pushed open the office door without hesitation.

There were people in the office. A man and a woman were sitting on the sofa. The woman was sitting on the man’s thigh. The two of them were doing that kind of thing.

Ye Xiaotao’s friends screamed and quickly covered their eyes with their hands. Ye Xiaotao stood at the front. She did not cover her face. Instead, she looked at the man and woman very seriously...

This position...

Realizing that someone had broken in, the woman screamed and got up. She covered her messy clothes and shouted, “Who are you? Who let you in?”

On the sofa was a middle-aged man with a big belly, the manager. He quickly pulled up his pants and stammered, “How dare you! This is my office. Why are you here?”

“This is your office?” Ye Xiaotao smiled sweetly. “Then you’re the one we’re looking for.”

Hearing her crisp and childish voice, the manager looked up. When he saw Ye Xiaotao’s pretty face, the manager was stunned. What a beautiful and tender girl.

The manager immediately became lascivious, but he coughed and straightened his back. He ordered the woman, “Xiao Li, go out first and make me a cup of coffee.”

So she was the manager’s secretary. The two of them were having an affair. Ye Xiaotao understood the situation immediately.

Chapter 1033: A Stranger

The secretary, Xiao Li, walked out. The fat manager looked at Ye Xiaotao and asked, “Why are you looking for me?”

“We’re here for the welfare orphanage. I heard that you’re going to demolish the house there by force. There are orphans there. Who gave you the right?”

“That’s right. You’re clearly bullying the weak!”

Everyone spoke one after another.

The fat manager walked to his desk and sat down. He coughed and pretended to be serious, “There are so many of you shouting here. I can’t hear you clearly. The welfare orphanage is indeed under my jurisdiction. If you want to talk, select a representative to talk with me. The rest of you need to get out!”

Ye Xiaotao’s friends looked at each other and then looked at Ye Xiaotao. Ye Xiaotao was their boss.

“You guys can wait outside. I’ll stay here. Don’t worry, I’ll definitely resolve this matter.” Ye Xiaotao revealed a confident and bright smile.

“Okay, Xiaotao. We’ll wait for you outside. If there’s anything, just call us.”

Ye Xiaotao's friends all walked out.

This time, only the manager and Ye Xiaotao were left in the office. Ye Xiaotao walked forward and slammed the table. "Manager, can we talk now?"

The fat manager sized up Ye Xiaotao. The girl was wearing a university uniform today, a white shirt, a blue bow tie at the collar, and a short skirt with a dark red plaid pattern. She was full of youth, and this kind of pure and innocent outfit made perverted men fantasize the most.

"Humph," the manager chuckled, "Little girl, we have the official documents through legal procedure for the demolition of the welfare orphanage. If the orphanage refuses to move, we have the right to forcibly demolish it. We are doing things according to the law."

"You..." Ye Xiaotao was stunned, and then she frowned. "But the orphanage is a charity organization. You should show mercy outside the law. Those children are really pitiful. You..."

"Okay, okay, I understand." The manager comforted Ye Xiaotao. "Actually, this matter is not without discussion. It depends on whether you are... sincere or not."

Ye Xiaotao's eyes lit up. She nodded hard. "We are sincere! We are sincere!"

"Good!" The manager stood up with a lecherous look. He slowly reached out to touch Ye Xiaotao's soft hand.

"What are you doing?" Ye Xiaotao was shocked. She immediately withdrew her little hand and looked at the manager warily.

The manager was fearless. He looked up and down at Ye Xiaotao's good figure. "Little girl, didn't you say that you have sincerity? I see that your face is really beautiful..."

As he said that, the manager pounced on Ye Xiaotao.

Ye Xiaotao nimbly dodged and the manager missed. She hugged herself with her two slender arms and scolded, "So this is what you mean by sincerity, you f*cking b*stard!"

"Ha, haha. Good scolding. I like your personality. When you ask for help, you have to show your attitude. Just now, you ruined my moment. Now, I can only continue what I was doing with you. Pretty girl, come here already..."

The fat manager hugged Ye Xiaotao. Ye Xiaotao could not dodge in time. Her right knee hit the corner of the table. Her knee got injured.

At this time, the manager carried her onto the table and pressed her down. His two fat hands pulled on her shirt. "Pretty girl, you smell so good. Come and let me give you a good kiss. From now on, you'll be with me. If you come with me, I'll fire Xiao Li and only have you!"

Ye Xiaotao felt nothing but nauseous. She wanted to help those orphans, but she would not sell her body. There were so many ways to deal with this situation. If one did not work, she could find another. All roads lead to Rome. There was no need for her to walk into a dead end.

This was her attitude towards life.

“Get lost!” She took off the crystal shoe on her feet and smacked it at the manager’s head. As she did that, she shouted, “Someone, come quickly! Someone wants to rape me!”

“Xiaotao!” The office door was quickly pushed open. When her little friends saw the manager pressing on top of Ye Xiaotao, they immediately rushed forward. “You f*cking animal, how dare you to touch Xiaotao? We will beat you to death.”

Her friends surrounded the manager, punching and kicking him. Ye Xiaotao was still angry, so she had also joined the battle. A scumbag like him should just die!

The situation in the office suddenly became chaotic. The manager could not fight against four enemies. He could only squat on the ground, hold his head, and cry for mercy. Ye Xiaotao and her friends were beating him mercilessly. Then, a deep and serious voice sounded. “What are you doing here?”

Everyone stopped. Ye Xiaotao also looked back and saw a few figures standing outside the office door.

Ye Xiaotao’s pupils dilated. She could not help but sigh. This world was too small!

The one who spoke was Ah Chen. Ah Chen and a few staff members with blue tags around their necks stood at the back. In front of them stood a tall and straight figure. It was Leng Hao. He was wearing a black suit today. He had one hand in his pocket as he stared at her coldly.

Ye Xiaotao was speechless. She looked at the man in the suit and then looked down at herself. Her clothes were torn, and she was still barefoot. Her right hand, which was holding the crystal shoe, was still held high in the air. Her posture suggested that she was in the middle of a fight. She was as embarrassed as she could be.

Why did he always appear when she was most embarrassed?

Ye Xiaotao wanted to cry.

“Who are you? We are teaching this animal a lesson. He’s scum. He wants to rape Xiaotao!” One of Xiaotao’s friends kicked the manager again in frustration.

Rape...

Leng Hao frowned slightly when he heard this word. He looked at the girl. A few pieces of her white shirt were torn. Her creamy white skin was faintly discernible, but her dark red checkered skirt was still in place. But the skirt was too short, revealing her slender, white legs. It was too eye-catching. Her right knee had been slightly scratched, and her two snow-white little feet stood on the carpet. No matter how one looked at it, it was too sexually tempting.

Leng Hao’s gaze became even colder.

At this moment, Ah Chen stepped forward. He put a black coat on Ye Xiaotao’s shoulder.

Ye Xiaotao did not like that stinky rock, but she still politely thanked Ah Chen. "Thank you."

This time, all her friends were puzzled. Everyone pushed Ye Xiaotao and asked, "Xiaotao, what's your relationship with these people? That uncle is quite handsome..."

Her friends glanced at Leng Hao and then winked at each other.

Ye Xiaotao snorted and raised her chin high. She parted her pink petal-like lips and answered, "He's a stranger."

Ah Chen didn't know what to say.

"Mr. Leng, Mr. Leng, save me!" At this time, the fat manager crawled out. He was finally saved. He put his hands together and begged Leng Hao, "Mr. Leng, they want to beat me to death. You have to save me."

"Uncle, who are you? Are you with this scum?" Ye Xiaotao's friends asked angrily.

Chapter 1034: I Won't Stop Kissing You

Facing the angry questions from Ye Xiaotao's friends, Ah Chen immediately frowned and said seriously, "The land under your feet is my young master's, so this is my young master's territory, Please watch your attitude when you speak!"

"What kind of attitude is that? I think you are one with the manager. Wait, hold on." The friend immediately grasped a keyword and looked at Ah Chen. "You mean this land belongs to... this uncle?"

Ye Xiaotao immediately sucked in a breath. She retracted her high chin and looked at Leng Hao, but a black shadow flashed past in front of her. Leng Hao had already left.

Ye Xiaotao was speechless. She thought this land belonged to that fat manager. She didn't expect Leng Hao to be the real owner. She talked to the wrong person!

This was really... a serious misunderstanding. a big misunderstanding.

"Uncle, big brother, wait..." Ye Xiaotao immediately rushed out.

Her friends also wanted to chase after her, but Ah Chen stopped them. "Please stay here."

"But Xiaotao went..." the friends looked at Ye Xiaotao's back worriedly.

Leng Hao walked on, and Ye Xiaotao chased after him. But soon, a staff member with a blue badge stopped her. "I'm sorry, miss. You can't get close to President Leng unless you have an appointment."

Appointment?

What was that?

Ye Xiaotao chuckled. She pointed at herself and then at the man in front of her. "We, we know each other. We're very familiar with each other. Ha..."

"But just now you said that you and Mr. Leng are strangers..."

Ye Xiaotao wanted to bite off her own tongue. She shook her head and said, "No, did I say that? You heard wrong... He's my husband..."

As she spoke, Ye Xiaotao bent down and crawled under the arm of the blue-branded employee. She chased after Leng Hao and called out sweetly, "Honey, honey, wait for me."

"Hey, Miss!" The employee wanted to stop Ye Xiaotao.

However, Ye Xiaotao had already caught up with Leng Hao. She immediately stretched out her slender arms and hugged the man's muscular arms. "Honey, wait for me. My legs are sore from running."

The employee stopped because he saw that although Leng Hao was expressionless and did not look at Ye Xiaotao, he did not withdraw his muscular arms. Instead, he pushed open the office door and walked in.

The office door shut. The employee was left dumbfounded.

...

In the office, Leng Hao withdrew his muscular arms and walked towards the desk.

Ye Xiaotao looked around and then muttered unhappily, "What's going on? So you're the rich businessman who bought the land. Why didn't you tell me? You even caused me to get taken advantage of by that scumbag manager."

Leng Hao sat on the leather office chair. He ignored the girl and treated her as air. He took out a document and looked at it attentively.

"Why aren't you talking to me?" Ye Xiaotao walked forward. She put her hands on the table and pouted, "Leng Hao, I have a business to discuss with you. You can't demolish that welfare orphanage. The land you bought is so big. It's 6,000 square meters. Please be kind and keep that welfare orphanage. It won't take up much space."

Leng Hao didn't say anything. He continued reading his document.

Ye Xiaotao could not stand his high and mighty appearance. One word described him perfectly: pretentious.

She pinched the tip of her little nose and snorted. Then, with her keen eyes, she noticed that there was a document near her hand. The name of the document was the land demolition approval document.

Ye Xiaotao paused for two seconds and then quickly laughed in her heart. How would one describe this? What you wanted the most often comes when you least expect it. After she stole this document and tore it up, he'll have no right to demolish the welfare institution.

Ye Xiaotao quickly reached out to take it.

She was fast, and the man was faster. The document that she was about to get was taken away by a large palm.

“Leng Hao, give it back to me!” Ye Xiaotao immediately went around the table to fight for it.

Leng Hao threw down the pen and leaned back into the leather chair. He raised his right hand to prevent Ye Xiaotao from getting it.

“That’s mine. Give it to me!” Ye Xiaotao pressed a small hand on the man’s shoulder. She stretched her small body and tried her best to raise her small hand to snatch it.

This posture made their bodies come into contact. The girl’s black hair scraped against his handsome face. The fragrance from her hair kept drilling into his nose. Leng Hao tilted his head to avoid it.

After trying hard, Ye Xiaotao also realized the reality. The man’s arm was too long. She couldn’t get the document at all. She was angry. Why was she so short?

She turned to look at Leng Hao. With this turn, her pink lips brushed against the man’s cheek, and she froze.

Just now, her attention was on the documents, so she didn’t notice that the two of them were so close to each other. With this kiss, she froze. She kept blinking as she looked at the man. The man’s face was structured and stylish, deep and cold. He was indeed... extremely handsome...

“Have you kissed enough?” Leng Hao suddenly blurted out.

Ye Xiaotao immediately came back to her senses. She was so embarrassed that she was stunned by his appearance, but she didn’t let go. Instead, she reached out two small hands and hugged his neck. “Not enough. If you don’t return the document to me, I’ll keep kissing you.”

As she spoke, Ye Xiaotao gave his face a few more firm kisses.

“Ye Xiaotao, do you have any shame?” Leng Hao quickly reached out his left hand and pushed her away. He frowned and said, “First, this document isn’t yours. What do you mean by returning it to you? Second, aren’t you being too uncultured to hug a man and kiss him like that?”

Ye Xiaotao wasn’t angry. She smiled and said, “Ah, honey. We are one. Your document is mine, and you are mine as well. We are husband and wife. Mwah.”

Ye Xiaotao pouted her pink lips and made a ‘mwah’ sound.

Leng Hao looked at her charming little face and then looked at her jelly-like mouth. His eyes gradually darkened, and his expression became more and more unpleasant.

“Honey, please give me the documents...” Ye Xiaotao sat on his firm thigh without any courtesy. Her small hands crawled on his broad chest, and her voice sounded even sweeter. “I’m talking serious business with you. We really can’t demolish that welfare orphanage. Please be merciful.”

“I got it. The manager from before said that we have to show sincerity when we talk about serious business. Honey, I’m full of sincerity. I want to...with you... Mmm... Ah...”

Ye Xiaotao imitated Xiao Li’s voice and moaned twice.

Leng Hao felt weak, and his Adam's apple rolled subconsciously. D*mn it, it was this feeling again, this feeling of losing control.

He glared at the girl who was staring at him with her big eyes. The black coat she was wearing was thrown on the ground. She was sitting on his lap with her short skirt riding up. He did not look down. He only glanced at her from the corner of his eyes. Her snow-white legs aroused his senses.

Chapter 1035: Don't Move

Leng Hao's eyes were about to spit fire. He gritted his teeth and said, "Do you know what you're doing?"

Did she think he had no desires or that he couldn't get that thing up? She dared to be so impudent on him.

"Of course I do, honey. I just saw the manager and his secretary Xiao Li having an affair in that office. This was how they did it. Honey, do you want to give it a try?" As she spoke, Ye Xiaotao moved up and down twice.

Leng Hao immediately reached out and grabbed her soft waist. His voice was completely hoarse. "Don't move!"

"Why not? How can we do that if we don't move? Honey, is it because you don't like the... reverse CEO? But this will feel very good." Ye Xiaotao blinked and said.

Leng Hao's palm was holding her slender waist. Even though she was more than two months pregnant, her waistline was still as seductive as the night in Hong Kong. He stared at her fiercely and asked in a low voice, "At such a young age, where did you learn all this? Besides me, how many men have you slept with?"

If it weren't for the spots of plum blossoms on the bedsheets that night, he would have thought that she had been with countless men.

Just thinking about this girl hugging another man's neck as she did to him, saying these... lascivious words, and doing these seductive actions, he felt a fire rise in his chest.

Ye Xiaotao sneaked a glance at the document that he was still holding in his hand. She smiled brightly and said in a soft voice, "Honey, you're the only one. I learned those experiences from adult movies. But to be honest, none of the men in those movies can compare to my honey. Honey's is bigger..."

As she said this, Ye Xiaotao reached out and touched his crotch.

"You!" Leng Hao quickly grabbed her little hand.

At this exact moment, Ye Xiaotao jumped up and snatched the document from his right palm. She scrambled up from his thigh and rushed out of the door.

Hahaha, she finally got it!

But she couldn't get away because her slender arm was held by a big palm. The man pulled back with force, and she fell back to the man's thigh.

"This is mine, don't even think about snatching it from me!" Ye Xiaotao immediately hugged the document tightly.

Leng Hao looked down at her exquisite curves under the white shirt. He frowned and said, "Do you think that by taking the document you'll be able to prevent the welfare institute from being demolished? Aren't you too naive?"

Ye Xiaotao was stunned. "What do you mean?"

"A document is just a few pieces of paper. I'll get someone to make a replacement, understand?"

Ye Xiaotao's beautiful eyebrows immediately furrowed. Yes, she was too naive. A man like him can come up with a hundred ways to demolish the orphanage if he really wanted to.

"Leng Hao, what does it take for you to let the orphanage go? There are really many orphans there. They are too pitiful. One of them is a four-year-old girl named Xiao Ying. She has been receiving treatment for leukemia since she was two years old. No matter how many tubes were inserted into her body, she did not shed one tear. Her tears are for those who care for her. She doesn't have parents, so she doesn't cry."

"No matter how much compensation you give them, it'll never compare. Where are they going to stay after they move out of their current location? Those orphans have been living there for more than ten years. The welfare institution is their home, and now you want to destroy their home!"

The girl said a lot of things indignantly. She was completely different from the way she flirted with him just now. Only then did he realize that she was just teasing him. She was luring him with her body.

But he was fooled, wasn't he? The word "bigger" came out of her mouth, and all his blood rushed to his brain.

This girl had no moral integrity at all!

"What does the welfare institute have to do with you? Why do you care so much for them?" He asked.

Ye Xiaotao shook her head, "I have nothing to do with them. I just feel that they are very pitiful, so I want to help them. I'll say this again. You bought such a big land, so please do me a favor and keep that welfare institute. Leng Hao, I'm begging you, Hmm?"

Ye Xiaotao looked at him sincerely.

Leng Hao pursed his thin lips and pushed her away from his thigh. His thin lips moved and he said, "Get out."

Get out?

"Leng Hao, what do you mean? Are you going to agree or not? If you don't agree, I won't leave..."

When Ye Xiaotao wanted to act shamelessly, the office door was opened and Ah Chen walked in. "Young madam, please leave."

Ye Xiaotao didn't know what to say.

...

In the corridor, when Ye Xiaotao's friends saw Xiaotao come out, they quickly surrounded her. "Xiaotao, how was it? Has the matter concerning the welfare institute been settled?"

Ye Xiaotao shook her head with a dejected expression.

All her friends fell silent. Just the thought of those poor orphans being displaced made their hearts heavy.

When the group returned to the welfare institute, the president immediately came out to greet them. "Miss Ye, you're back?"

Ye Xiaotao looked at the president and said, "I'm sorry, president. The negotiation failed. But don't worry, I'll definitely think of a way. My father and third brother..."

The president of the welfare institute took Ye Xiaotao's little hand and said with a smile, "Miss Ye, the matter has been resolved."

"What?" Ye Xiaotao's friends were shocked. "President, what do you mean?"

"Someone called me just now. He said that the owner of this land has agreed not to demolish our welfare institute. Miss Ye, this is all thanks to you. Thank you so much."

Ye Xiaotao could no longer hear what the people around her were saying. Did Leng Hao agree not to demolish this welfare institute?

The man's handsome and cold face appeared in her mind. A smile crossed her face. It seemed that he was not a cold-blooded person. He was a good person.

...

Leng Hao got off the elevator. Ah Chen followed behind him and reported, "Young master, according to the investigation, young madam had been working as a volunteer at the welfare orphanage when she came to City T half a year ago. She would go to the orphanage once a week to deliver food to the children and even teach them how to draw. These children, including the president, do not know her identity. She also never revealed it. These children received very good medical care after young madam had arrived. Moreover, the orphans who reached a certain age were sent to the school for the disabled to study. These were all done by young madam silently behind the scenes."

Leng Hao didn't show any expression on his face, but he was still surprised that a useless young lady would do such a thing.

"I see." Leng Hao opened the door of the driver's seat and the luxury car slowly drove out.

When he passed by the welfare orphanage, Leng Hao rolled down the window and took a glance. There were many children gathered in a clean and tidy small room. Ye Xiaotao was sitting in front of an easel and drawing with a pencil.

Those children happily and excitedly surrounded her and chattered, "Sister Ye, your drawing is so beautiful. Sister Ye... Sister Ye..."

The scene was very heartwarming. Leng Hao slowly retracted his gaze, and the luxury car sped away.

Chapter 1036: I'm General Zhou's Sister-in-law

Although Ye Xiaotao was grateful to Leng Hao for the welfare orphanage, she did not return to the villa. Instead, she remained at her friend's crowded place.

On this day, Ye Xiaotao wanted to contact Leng Zhiyuan, whom she had not seen for a long time. But she suddenly got the news that Leng Zhiyuan was imprisoned due to some political issues.

When Ye Xiaotao received this news, she quickly took a taxi to the army. But she was not allowed to enter the military base.

"I'm sorry, Miss. This is not the place for you to come. Please go back." The guard stopped her.

"I'm here to look for sister Leng. I heard that you have captured sister Leng. What did sister Leng do wrong? Quickly let me in. My name is Ye Xiaotao, I'm General Zhou's... sister-in-law. So let me in."

Sister-in-law?

The guard looked at Ye Xiaotao. A 20-year-old college student was General Zhou's sister-in-law?

"Miss, I advise you not to talk nonsense and stop making trouble. Please go back!"

"I'm not talking nonsense. Just call General Zhou and ask him..." while Ye Xiaotao was arguing, she suddenly heard a car horn sound. A luxurious business limo was approaching Ye Xiaotao.

The guard quickly left Ye Xiaotao behind and walked to the side of the business car. The driver's window slid down and someone handed out a card.

The guard took a look and saluted. The army gate was pulled open.

The luxury business car drove in.

Ye Xiaotao watched the business car drive past her. She saw a familiar face sitting in the driver's seat. It was Ah Chen.

Ye Xiaotao was stunned. She looked into the rear window. Through the window, she vaguely saw a tall and upright figure sitting in the back seat.

Without a doubt, the person must have been... Leng Hao.

“Hey, wait a minute, Leng Hao!” Ye Xiaotao chased after the car.

“Miss,” the guard immediately stopped her, “Please leave immediately, or we will arrest you for obstructing the judicial work.”

“Then, then why did you let them in?”

“He has the government’s approval form.”

Ye Xiaotao said, “... I am the wife of that person who has the government’s approval form!”

The guard did not believe her at all. This young girl was being unreasonable. He was about to arrest her when Ah Chen said, “Let her in.”

The guard looked up and saw that the luxurious business car had already parked. The man in the back seat got out of the car and had already entered the army hall. Ah Chen stood by the car and looked at them.

“Let go!” Ye Xiaotao immediately broke free from the guard and tidied up her clothes. “I already said that I’m that man’s wife, your General Zhou’s sister-in-law. Why don’t you believe me? See, you’re in the wrong.”

Ye Xiaotao snorted and swaggered into the military base.

The guard was speechless.

...

Ye Xiaotao caught up with Leng Hao and wanted to question him. She thought that he must have seen her as they drove past the gate unless he was blind. However, he came in by himself and didn’t bring her along. He’s being unreasonable.

This stinking rock not only had a bad temper but was also very cold.

However, Ye Xiaotao didn’t ask anything. The atmosphere at the military base was solemn and heavy. She didn’t dare to make a fuss. Moreover, she soon saw sister Leng, and her mood instantly became very bad.

After half an hour of prison visit, Ye Xiaotao came out with Leng Hao. The two of them got into the business car. Ah Chen was driving, and the two in the back were silent for the entire trip.

The business car stopped at the entrance of the villa. Ah Chen got out of the car and opened the back door. Leng Hao bent his body and got out.

Ye Xiaotao glanced at the man’s back. She was conflicted. Should she follow him into the villa?

When she left, she said that she never wanted to see him again. During this period of time, he didn’t look for her nor apologized to her! Should she return to the villa just like this?

Will this make her look easy?

Seeing that Leng Hao’s figure was getting further and further away, Ye Xiaotao snorted. She opened her mouth and said, “Ah Chen, this is not my destination. Take me to my friend’s house!”

She said it in a loud voice so the man who had walked away could hear. She wanted him to persuade her to stay and make it seem like she was on the receiving end.

However, the door of the villa opened, and the tall and upright figure quickly disappeared from her sight.

Ye Xiaotao was speechless.

“Young madam, give me the address. I’ll take you there now,” Ah Chen stood by the car door and said politely.

Ye Xiaotao was speechless once again.

She was speechless. The emotional intelligence of both the master and servant had to be negative. She didn’t even know where to begin her retort.

Ye Xiaotao quickly yawned. She looked at the night sky outside the window pretentiously. “Ah, I’m so tired. Forget it, I’ll stay here for the night.”

She bent down and got out of the car.

Since no one asked her to stay, she would just invite herself.

Tsk.

...

Leng Hao was in his father’s room for half an hour before coming out. He walked towards the study room. But when he reached the study room, he turned around and went back to his bedroom.

He didn’t want to work tonight.

On the way, he passed by the master bedroom. The door of the master bedroom was not tightly shut, and the voice of a girl on the phone came from inside, “Daddy, I’m begging you. Just think of something... Daddy can do anything. You can definitely save sister Leng, right...? Oh, daddy, you don’t even love me anymore. I’m so sad...”

The girl kept acting coquettishly, but it was to no avail. “Hello? Daddy? Daddy...” Ye Xiaotao’s father had hung up.

“Ugh! This pisses me off!” The girl puffed up her cheeks in anger and even raised her little fists while talking to herself.

Leng Hao took a look and then walked into his bedroom.

He did not take a shower. Instead, he went to the storage room and got a bottle of vintage wine from the ’82 collection. The man’s tall and strong body leaned lazily against the counter. He held a glass in his right hand and poured some red wine into it.

He raised his head and drank the red wine from the glass.

This kind of red wine was meant to be enjoyed slowly, not in one gulp like what Leng Hao did. Those in his line of work were all rough people who wielded knives and guns, but they also liked red wine. They thought that drinking red wine could make them a real noble and upper-class person.

They did not understand red wine culture.

But he did. Just by looking at the color of the red wine, he could guess the kind of red wine it was. He could tell the date from just one sip.

Leng Hao sat beside the bed, almost dispirited. He drank one cup after another. His memory went back to a long time ago. He had made a name for himself when he was 12 years old, but no one knew that he did not like to see blood. He was used to seeing the evil and ugly side of the world. He felt disgusted and wanted to vomit. On such a night, he wanted to get rid of all the memories in his mind!

The only good time he had was when he was in the university. When he was with Bai Lingyun. That time was carefree, pure, and beautiful.

Chapter 1037: Why Are You in My Room

But he couldn't stop time. What he liked became a part of the past.

He was the eldest son of the Leng family. When he was young, he understood that the career he would pursue in the future had nothing to do with his interests. It didn't matter. No one was truly free in this world? As long as the people he cared about were safe, that's all that mattered.

However, too many things had happened lately. His father was in a coma. His sister, Zhiyuan, was now locked up in prison. He couldn't do anything for them.

He worked so hard, so why did things come to this?

Everything was a mess...

Just like his life.

The red wine bottle and wine glass all rolled onto the carpet. Leng Hao got into bed and fell asleep. He gently closed his eyes. Was he drunk? He was probably drunk.

...

Ye Xiaotao called her father for help. This time, she used all her strength to act coquettishly, but her father said, "It's better to do nothing now." Then, he hung up the phone.

Ye Xiaotao was furious. What nonsense was her father talking about? How could she do nothing and watch sister Leng die? Excuses! They were all excuses!

Ye Xiaotao walked around in circles due to frustration. She suddenly thought of her third brother, Ye Ziyi. The third brother would definitely help sister Leng, so she made a call.

However, no one picked up.

Ye Xiaotao was speechless.

No, she had to think of a way. She wondered if that stinking rock has thought of a way?

Thinking of this, Ye Xiaotao stood up and walked to Leng Hao's room.

The door was not closed. She wanted to knock, but the door opened automatically. She walked in. It was so dark in the room. The lights were off, and even the curtains were drawn tightly. The room gave people a suffocating feeling.

"Leng Hao... Leng Hao, are you there?" Ye Xiaotao called out twice. She did not know where the light switch was, so she walked into the room carefully.

She did not find the light switch, and she tripped over something. "Ah!" She screamed and fell directly onto the bed.

She quickly reached out two small hands to protect her stomach. There was a baby in her, so she could not get hurt.

She thought that the bed would feel soft, but she crashed into something harder. After a second, she let go of her stomach and reached out to feel what she crashed into. It was warm. It was a person.

She crashed into a person. Just now, it was this person's long legs that tripped her.

"Leng Hao, is that you?" Ye Xiaotao's two small hands reached for the man's handsome face.

In his daze, Leng Hao felt a soft little thing touching the side of his face. He felt a little itchy. And he also heard someone calling his name. The voice was crisp and melodious.

He quickly reached out and grabbed the girl's slender wrist. Then, he turned around and pressed the girl under him.

Ye Xiaotao did not expect him to ambush her, so she was shocked. His heavy body was pressing on her body, especially his broad and hard chest that was pressing on her soft chest. Ye Xiaotao's small face turned red, and she immediately clenched her fists and punched him, "Leng Hao, let go! What are you doing? I'm warning you not to act like a hoodlum... Ugh!"

Her chattering little mouth was covered.

Leng Hao tasted the skin under his mouth. This feeling was very familiar. It was moist and sweet like jelly. He seemed to have tasted it before. His breathing became rapid. His whole body became tense.

His lust was out of control.

Ye Xiaotao widened her eyes. What was he doing? He actually kissed her. This seemed to be the third or fourth time the two of them had kissed. His kiss was very fierce. He kissed her small mouth and sucked it in fiercely, as if she was his water source.

She had often seen people kiss. It was often seen on TV and in movies. The kiss other people shared was beautiful and elegant. No one acted rude like Leng Hao. Ye Xiaotao felt uncomfortable.

“Leng Hao...”

She called out and wanted to scold him, but as soon as she opened her mouth, the man’s long tongue barged in.

Ye Xiaotao did not like kissing. No matter how skillful the other person was, she still felt that this kind of saliva mixing was very unhygienic. However, she was forced to kiss him a few times. She tightened her beautiful brows and tried to push him away.

But she could not push him away. He pressed against her body and sucked her small mouth. Perhaps the fragrance in her mouth made him linger. The more he kissed her, the deeper he kissed her.

The disparity in power between men and women made Ye Xiaotao completely passive. There was the faint taste of red wine in his mouth. The taste was sweet and very pleasant. Ye Xiaotao could only reluctantly accept it. Not long after, she heard the sound of saliva from their mouths. This made her think of those big movies where men and women’s tongues intertwined together. The scene was quite erotic.

Ye Xiaotao had a bold personality, but she was very innocent when it came to matters of intercourse. Her ears gradually burned up. This stinking stone usually seemed to keep people thousands of miles away and gave off an aura of abstinence. She didn’t expect that he would do such shameful things at night.

Was this kind of thing a man’s instinct?

Leng Hao felt thirsty, and his throat was so dry that it burned. The girl tasted really good, fragrant, and sweet like milk candy in his mouth. He sucked on her sweetness to quench his thirst, but he only got more and more thirsty.

With his left hand propped on the bed, he lifted his body. His right palm slowly climbed onto the girl’s delicate body.

Ye Xiaotao had already sensed that the man was touching her. When his big palm closed on her chest through her clothes, she quickly reached out and slapped his big palm away.

She wouldn’t let him.

Leng Hao, who had his eyes closed, frowned. He gave up on exploring her chest and moved downward. The girl’s skirt was very short, so he lifted it and touched the inside...

Ye Xiaotao sucked in a breath of cold air. She immediately clamped her legs together to prevent his hands from moving. What he wanted to do was obvious. He wanted to rape her again.

That night in Hong Kong was simply a nightmare for her. It hurt so much.

She did not want to experience that kind of pain again.

“Ugh, Leng Hao...” she hit him with all her might.

Leng Hao could not extricate himself from her sweet scent. He said hoarsely, “Yun’er... Yun’er...”

Yun’er?

This name made Ye Xiaotao's pupils dilate. She knew that Yun'er was the daughter of the Bai family. She was his first girlfriend, his love for ten years. How humiliating. He actually called that woman's name when he was doing it with Ye Xiaotao.

She was not a substitute!

Ye Xiaotao was furious, so she bit the tip of Leng Hao's tongue.

The taste of blood immediately spread in their mouths. Leng Hao quickly opened his eyes, and his wandering mind quickly became clear. He let go of the girl's lips.

He was still on top of her, and the girl did not move. The two of them stared at each other. Their eyes were shining in the darkness, like night pearls.

At this moment, Leng Hao saw anger in the girl's eyes, and Ye Xiaotao saw a burning desire in the man's eyes that had not yet faded.

The exotic atmosphere turned cold. Even the water molecules in the air seemed to have frozen. Leng Hao frowned and took the lead to break the silence. He said hoarsely, "Why are you in my room?"

Chapter 1038: Xiaotao, Are You Thirsty for Men

What?

The first thing he said after he came back to his senses was to ask her why she was in his room? He sounded as if she had taken advantage of his drunkenness.

Oh, please!

Did he have no shame?

"I came into your room to discuss with you about sister Leng, but who knew that you... you were acting like a hoodlum to me!" Ye Xiaotao snorted.

Leng Hao frowned. The fragrance of her body lingered in his mouth and he couldn't settle his aroused body down. Instead, he became more restless.

He knew very well whether he was drunk or not. He felt very warm when she fell into his arms. He needed someone to accompany him at night like this. He let himself go and got on top of her.

What happened next was out of his control. He was a man. He just listened to his instincts.

"Spread your legs!" He ordered in a low and hoarse voice.

"What do you want?" Ye Xiaotao immediately hugged herself like a little hedgehog. "Leng Hao, I'm telling you, you better not do anything reckless. If you continue to act like a hooligan to me, I won't be polite to you. I..."

“If you don’t spread your legs, how can I take back my hand?” The man interrupted her impatiently.

Ye Xiaotao was speechless.

She suddenly realized that his hands were still tightly squeezed between her legs.

Ye Xiaotao quickly separated her legs.

Leng Hao withdrew his hands and stood up. His tall body stood by the bed. Then he turned on the wall lamp.

Ye Xiaotao quickly sat up. Her legs were curled up as she sat on the bed. The light was too bright. She lowered her eyes to avoid it and then wiped her red lips with force.

Leng Hao glanced at her and said emotionlessly, “You don’t have to worry about Zhiyuan.”

“But...”

“But what? Do you have any authority?”

“I...”

Leng Hao turned around and walked straight to the bathroom.

“Hey!” Ye Xiaotao quickly called out to him.

Leng Hao stopped and spat out a word, “Speak!”

Ye Xiaotao was so angry that her heart itched. He had clearly taken advantage of her, but now he was still acting all high and mighty. B*stard!

“Umm, umm. Do you love your ex-girlfriend very much? Just now, when you kissed me, you even said her name. You said...Yun ‘er...”

“This has nothing to do with you!” Leng Hao interrupted her and entered the bathroom.

Ye Xiaotao snorted. Who would want to care about him? She was just curious and asked casually. After all, he broke up with Yun’er because of her. She felt a little guilty.

...

After that night, Ye Xiaotao didn’t talk to Leng Hao again. The two of them would run into each other occasionally, but neither of them paid attention to the other.

Usually, Ye Xiaotao would take time to accompany Leng Mu. She didn’t know whether Leng Hao had acquiesced or not, but she could give Leng Mu a massage every day. The thing that made her most happy was that sister Leng was finally released from prison.

This was really great news. Ye Xiaotao wanted to spend more time with sister Leng, but sister Leng had general Zhou, who was always by her side. She couldn’t really hang out with sister Leng.

Ye Xiaotao felt very bored. One day, she was drawing in the school classroom. At this time, her friends gathered around and gossiped, “Ling Feier, who sat in front of me, didn’t come today. I wonder if something happened to her family.”

"I don't know, but I heard that Ling Feier's family is very poor. Her father likes to gamble and has already lost all the money in the family."

"Really? How can there be such a father? Gamble is something to avoid at all costs. It could kill people... Hey, Xiaotao, where are you going?"

The friends looked up and saw that Ye Xiaotao had already packed her books and left the classroom.

Everyone quickly chased after her. "Xiaotao, What happened to you lately? Why are you so absent-minded?"

"That's right. Last week, we asked you to go shopping, but you didn't come."

Surrounded by the crowd, Ye Xiaotao looked up at the blue sky and white clouds above her. She took a breath of fresh air and said, "No, I just didn't feel like it..."

Recently, she had been in a bad mood. For some reason, girls would feel depressed once or twice a month, as if they were on their period.

"Xiaotao," one of her friends blinked. "Are you in love? Are you thirsty... for men?"

Ye Xiaotao immediately spat, "I think you are the one who's thirsty for men!"

"Okay, okay, okay. I do want men. We're already 20 years old now. Isn't it normal to want men? Xiaotao, I'm very curious. What kind of men do you like?"

"Isn't it obvious? Xiaotao likes our school's popularity king, Mo Zhengyu..."

Her friends all exclaimed in excitement, "Senior Mo is really handsome. He's born into a good family. He is also talented. I heard that he was invited to study abroad. The line for girls who like him goes all the way to the other side of the street."

"Xiaotao, if you like him, then go after him. With your charm, it'll be a piece of cake!"

Ye Xiaotao's mind recalled senior Mo Zhengyu's handsome face. In fact, she had only met him a few times and was not familiar with him. Later, when her father forced her to marry a stranger, she impulsively wanted to find a random man to give her body to. Although she liked to party, she did not have many male friends. Firstly, her father did not allow it. Secondly, she was reluctant because she was too pretty!

Any man would be attracted to her, and there were even many men who had ulterior motives for her. Her father was protecting her, and she was protecting herself.

What kind of man did she like? Well, it was probably someone like senior Mo. Anyway, anyone but that hard and cold stinky rock!

Ye Xiaotao raised her eyebrows. Her mood suddenly became better. "What are you guys talking about? Do I even need to chase after senior Mo? I just need to stand in front of senior Mo and tell him to come over."

As she said that, Ye Xiaotao motioned with her finger and blinked her beautiful erotic eyes.

At this time, a group of boys passed by. Everyone was stunned when they saw Ye Xiaotao's charming appearance. They looked at Ye Xiaotao as if they had lost their souls.

"Xiaotao, look at those men. They can't resist your charm." Her friends laughed.

"That's a must. After all, I'm the invincible young beauty in the universe!" Ye Xiaotao and the friends left the school while chattering and fooling around.

...

The group stood on the sidewalk. They were ready to take a taxi when their eyes were attracted by the two figures in front of them.

A middle-aged man forcefully pulled a girl in a school uniform. "Fei'er, please just come with dad. Dad lost a lot of money. If you don't come with me, I'll die. Qiang will kill me!"

"Dad, do you have the heart to push me into the fire pit? I'm not going. I know you want to make me drink with those men. I don't want to be ruined by those men!"

Chapter 1039: A Ride

"Fei'er, it's not that serious. Qiang likes you, so he won't hurt you. Qiang told me that as long as you go to the bar to have a drink with him tomorrow, he will let me go. I don't need to pay back the money I owe."

"Dad, how can you believe Qiang's nonsense? How can there be such a good thing in the world? If I go, Qiang won't let me come back."

"I don't care. Fei'er. You have to help dad this time. Hurry up and come with Dad."

"I'm not going. I have to go to school..."

The father and daughter were pulling at each other. Ye Xiaotao and her friends saw them and quickly went forward. Ye Xiaotao said, "Are you Ling Fei'er's father? If she doesn't want to go, you should stop dragging her."

Father Ling froze. He looked at Ye Xiaotao. "Who are you? This is none of your business."

"Since we ran into you, we will intervene!" Ye Xiaotao replied confidently.

Ling Fei'er took the opportunity to break free from her father's control. She hid behind Ye Xiaotao in a panic and said, "I don't want to go. I won't go. Please save me!"

"Fei'er!" The father was furious.

"Mr. Ling, I advise you to leave. If you dare pull Ling Fei'er one more time, we will call for help. The police will surely lock you up," Ye Xiaotao said with a frown.

When he heard the word “police, Mr. Ling was so frightened that he immediately retreated. He looked left and right, then turned around and ran away. “Feier, my life is in your hands. I will wait for you tomorrow.”

After Father Ling ran away, Ye Xiaotao turned around and looked at the pale-faced Ling Feier. “Are you alright? Your father has already left. You are safe for now.”

Ling Feier shook her head and said in a trembling voice, “It’s useless... he is my father. I won’t be able to escape tomorrow...”

“Ling Feier,” at this moment, Ye Xiaotao’s other friends couldn’t stand it anymore. Everyone spoke up one after another, “Your father is a gambler. He has lost all his money and will sell you next. You might as well cut all ties with him!”

“That’s right, Ling Feier. You can’t go tomorrow. Now that you’re a college student, you can slowly save up money from proper work. You can support yourself.”

Ling Feier smiled bitterly, “It’s not that simple. That Qiang person has taken a liking to me and wants me to be his lover. He set my father up to losing all his money. He just wants to use my father to get to me. Qiang is a local hooligan. He’s very powerful in this area. I can’t escape.”

Ye Xiaotao furrowed her brows. “Ling Feier, then what do you want to do? You can’t just give in, right?”

“I don’t want to give in, but I don’t have money or power. I’m like an ant. I could very well have died without anyone noticing. Unless...” Ling Feier’s eyes lit up as she looked at Ye Xiaotao. “Xiaotao, please save me.”

As she spoke, Ling Feier knelt down before Ye Xiaotao.

“Ling Feier!” Ye Xiaotao quickly stopped her. “If you have something to say, just say it. There’s no need to be so humble. We’re all classmates. Against such evil forces, if I can help you, I will definitely help you.”

Ling Feier looked at Ye Xiaotao’s charming little face. She was as beautiful as a rose that had just bloomed in spring. She was the eldest daughter of the Ye family. How would she know the hardships of the poor?

“Xiaotao, you can definitely help me. I heard that your family is very rich and powerful. Your father and your brother are very capable. As long as you give them a call, I will be able to escape this hopeless situation. Xiaotao, please help me.”

“Umm...” Ye Xiaotao hesitated.

“Xiaotao, I’m begging you.” Ling Feier was about to kneel down again.

“Okay, don’t kneel. I promise you, I will find a resolution when I get back.” Ye Xiaotao nodded.

“Really? Xiaotao, thank you so much. I owe my life to you.”

...

Ling Feier went back to school. Ye Xiaotao and her friends were walking on the street. Everyone exclaimed, "That Ling Feier is so pitiful. How did she end up with that scumbag father?"

"That's right! Xiaotao, can you really save Ling Feier?"

Ye Xiaotao blinked her eyes playfully. "I'll call my dad later. It shouldn't be a problem."

"Xiaotao is the best. Xiaotao is the angel who saves the world," her friends said, laughing.

At this moment, a handsome figure appeared in front of them. The boy was holding a book in one hand and a set of car keys in the other. He pressed the car keys, and the dark blue Audi sports car parked by the roadside sounded.

"Wow, it's senior Mo!" Ye Xiaotao's friends exclaimed in surprise.

Ye Xiaotao looked up. Mo Zhengyu was a junior, two years older than her. Today, he was wearing a clean white shirt and jeans. He was very handsome, like a prince.

Ye Xiaotao was quite pleased with him. After all, he was someone she had taken a fancy to.

At this moment, Mo Zhengyu heard the voices and turned his head in their direction. The boy's gaze met Ye Xiaotao's. Ye Xiaotao was not embarrassed at all when he noticed that she was sizing him up. She walked up gracefully and greeted him in a charming voice, "Hello, senior Mo.."

The gossiping friends were no longer calm. Everyone looked at Mo Zhengyu and then winked at Ye Xiaotao. No matter how they looked at it, the handsome man and beautiful woman would make a perfect couple.

"Hello, senior Mo. We are all your juniors. Oh, right, you don't know this beauty beside me, right? Let us introduce her to you. This is..."

"I know, Ye Xiaotao." Mo Zhengyu curled his lips and said gracefully.

When the girls heard this, they exclaimed in their hearts, 'Oh, this is good.'

"Senior Mo, how did you know about Xiaotao? Don't tell me... You have been secretly in love with our Xiaotao all this time?" Everyone joked.

Mo Zhengyu looked at Ye Xiaotao with his bright eyes. He shrugged his shoulders and said, "I think everyone knows Ye."

Ye Xiaotao's eyes immediately curved into a smile when she heard this. Her white teeth were as full and beautiful as pearls. She smiled at Mo Zhengyu and said, "Senior Mo, you have good taste."

"Alright, Alright. We've had enough." Her friends immediately jeered. They pushed Ye Xiaotao forward and said, "Senior Mo, Xiaotao is going home. Are you willing to be Xiaotao's escort and give her a ride?"

"I'd be happy to." Mo Zhengyu opened the passenger seat door.

Ye Xiaotao thought for a moment. She was going to take a ride home anyway. Now that she had someone to escort her home, there's no reason to refuse.

"Bye-bye." She said goodbye to the other girls.

...

In the Audi sportscar, Ye Xiaotao sat in the passenger seat and fasten her seatbelt. At this moment, a laugh rang in her ears. "Are you scared?"

"What?" Ye Xiaotao immediately turned her little head. Only after turning did she realize that Mo Zhengyu was leaning towards her. The two of them were very close to each other, and Mo Zhengyu's handsome face was magnified in her line of sight.

Chapter 1040: Be My Girlfriend

Ye Xiaotao did not expect him to lean in so close. There was confusion in her big watery eyes for a moment. She fluttered her long eyelashes and asked in a daze, "What do you mean scared?"

The clarity and confusion in the girl's eyes were incomparable beauty in the boy's eyes. Mo Zhengyu smiled. "We're not close. Aren't you afraid that I'll... eat you up after you get in my car?"

So that's what he was talking about. Ye Xiaotao lowered her eyes and fastened her seatbelt before raising her eyebrows to look at him. "Okay, do you want to... try and see who the prey really is?"

The smile on Mo Zhengyu's face grew brighter. He sat up straight and stepped on the gas.

...

As the sports car drove on the street, Ye Xiaotao took out her phone from her bag and called her daddy.

After two beeps, the call was picked up. Ye Xiaotao quickly said, "Daddy..."

"Hello, is this miss Ye?" A delicate female voice came from the other end.

Ye Xiaotao froze. There were several women at his father's place, which were equivalent to his lovers. However, this woman's voice was new. She sounded like she was in her twenties. Could it be that... her dad had taken in another woman?

"Where's my father?"

"Hello, Xiaotao." Father Ye's voice sounded on the other end of the phone. "My dear daughter, what do you want from daddy?"

"Daddy, I want to ask you for a favor. A female classmate of mine is in a bit of trouble. A very powerful local hooligan had taken a liking to her. Can you help me settle it?"

"Xiaotao, aren't you asking the wrong person?"

"What?"

"Isn't your husband the best at dealing with local hooligans? Ask him."

Ye Xiaotao was speechless.

Then, the delicate female voice came from the other end again, "Master..."

Ye Xiaotao frowned and hung up the phone.

What should she do?

Daddy refused to help, and the third brother seemed to be out of the country. Who should ask for help? A structured, handsome face, Leng Hao, quickly appeared in Ye Xiaotao's mind.

Was she really going to ask him?

No way!

He wouldn't help her.

Ye Xiaotao was extremely vexed. She clenched her fists and hammered her own head.

"Xiaotao, what's wrong? Is there anything I can help you with?" Mo Zhengyu looked at her and asked with concern.

"Ha." Ye Xiaotao shook her head. "It's nothing."

Mo Zhengyu nodded. "If you run into any trouble, I am always around. I'll see if I can help. By the way, where is your house exactly?"

Ye Xiaotao looked out of the window. They were already very close to the villa. "Alright, stop the car. I'll get off here."

"I'll see you to your front door."

No way. No way that's going to happen? The fact that she lives with Leng Hao has to be a secret.

"That's ok. The road is under construction ahead. It's not convenient for the car to enter. I'll get off here and go in by myself."

"Okay." Mo Zhengyu stopped the car by the roadside.

Ye Xiaotao lowered her eyes and unfastened her seatbelt. At this time, Mo Zhengyu had already opened the passenger seat for her like a gentleman. Ye Xiaotao smiled gratefully and got out of the car. "Senior Mo, thank you."

She wanted to take her to leave, but Mo Zhengyu was in the way. She was forced to lean against the car. Mo Zhengyu enclosed her between his extended arms.

"Senior Mo, what..." Ye Xiaotao looked up in confusion.

At this time, a black shadow flashed in her line of sight. A fair palm was gently touching the hair on her cheek. Mo Zhengyu looked at her with a smile. "I heard... that you like me?"

Ye Xiaotao was stunned. Did she like him?

How should she put it? Half a year ago, when she had just arrived at this school, her father had forced her to marry a stranger whom she had not even met before. In a fit of anger, she had wanted to find a man. At that time, she had coincidentally met Mo Zhengyu, who was playing basketball at school. His energetic and spirited vibe was indeed what attracted her.

At that time, she thought, "Yes, he's the one."

Who knew that after going to Hong Kong, she slept with the wrong person. She slept with Leng Hao. Then, a series of things happened. She got pregnant and got married. She really did not think about Mo Zhengyu anymore.

Looking at the boy's fair and handsome face, Ye Xiaotao bit her pink lips with her pearly white teeth. "Mmm, how... how did you find out?"

"In the boy's dormitory, you're always the talk of the night. The boys always talked about you, saying how beautiful you are. They said that your standards are very high, but you look at me in a different light. Someone even saw you watch me play basketball."

Ye Xiaotao could only chuckle helplessly. If it weren't for the accident with Leng Hao, this senior Mo would have been her man.

"Xiaotao, I'm flattered that you like me. I just want to say one thing now, I like you too!" Mo Zhengyu said softly into her ears.

Ye Xiaotao's eyes widened...

Senior Mo liked Ye Xiaotao?

Was this a confession?

Mo Zhengyu met the girl's bright and beautiful eyes. "Xiaotao, I like you. Can I date you? Can you be my girlfriend?"

...

At this moment, a luxurious business car was coming steadily towards them. Ah Chen, who was driving, suddenly said, "Young master, Look, young madam is over there."

Leng Hao was sitting in the backseat and reading a document. When he heard that, he raised his head and looked out of the window. He saw at once the scenery next to the dark blue sports car.

It really could be called scenery. The boy was in a white shirt and the girl was in a white dress. From his angle, he could see the girl's delicate body and pretty little face in the boy's palm. She was almost leaning in his arms. The white hem of the dress was rippled by the breeze and wrapped around the boy's trouser leg. They looked like a great match and a perfect couple.

Leng Hao's eyes flashed for a moment, and then his handsome face became gloomy.

The man's aura was too overwhelming. Ah Chen only wanted to slap himself twice. The young madam was with a young master from a rich family, and he asked the young master to look at them. Wasn't this... like courting death?

Ah Chen immediately sat up straight. The man didn't say anything. Ah Chen turned the wheel and made a turn around the corner.

The car disappeared. Ye Xiaotao gently broke away from Mo Zhengyu's embrace. "... I need to think about it..."

"Okay, Xiaotao, I'll give you some time."

"Okay, then I'll go back first."

After saying that, Ye Xiaotao lifted her foot and left. Even though she didn't turn around, she could feel senior Mo's burning gaze lingering on her back. In fact, if she wasn't pregnant and married, perhaps she would have accepted Mo Zhengyu's confession. She was already 20 years old... If she doesn't date someone now, then her first love won't occur during her youth. How could a beautiful girl like her waste her youth?

She would have fallen in love with senior Mo...

However, the situation was a little complicated for her. Although her marriage to Leng Hao was temporary, she still had a baby in her belly. She needed time, so she couldn't accept senior Mo's confession.
