

Chapter 1061

She was in pain and couldn't stand up.

She crawled little by little, tears in her eyes streaming down like a bank.

She didn't know why she was crying.

Are you crying yourself dying?

Obviously, between him and Kraig, Kraig never promised her anything.

She obviously took the initiative to be Kraig's mistress, right?

Obviously she said it herself, as long as he doesn't want her, tell her immediately that she will leave him silently and will never pester him.

Why are you crying like this now?

Dalia!

Kraig doesn't love you!

He can give you the good days of six, seven, seven or eight years, let you enjoy the life of Mrs. Kuo, let you enjoy the respect of others, and let you pamper yourself. You are already fine. What else do you think?

You actually deserved to die a long time ago.

When you were young, when your parents didn't want you, and your brothers and sisters pushed you out, you should jump downstairs and end your life.

Because you are superfluous.

And now, if you are between Kraig and Elma, you are also superfluous.

You have no meaning to be alive anymore.

But...

The only figure of Shen suddenly appeared in Dalia's mind.

The sweet milky voice, and the pop animal doll that the little girl gave her as a symbol of letting her have a child.

There is also the friendship of Suzi.

Dalia was thinking about how Suzi and Shen's only mother and daughter lived happily under the care of Arron.

That is the life a woman should have in this life, no matter whether it is rich or poor.

Isn't it?

She wants it too.

She didn't want to die.

She wants a baby, she wants to live well.

"Kraig...save...save me."

"Shen...Suzi, are you... okay, are you fever away? Can you... still have a heart to save me?"

On the top of the deserted mountain, no one answered Dalia's murmur.

At the other end of the mountainside villa, Kraig, who had just taken a shower, suddenly heard someone calling him softly: "Kraig, do you need me to pinch your feet?"

"Kraig, get down, I'll beat you back."

"Yu...I love you. I belong to you in this life. I don't want anything. I just need to be your maid."

"Yu, do you think I am older than you?"

Kraig looked around, and there was no shadow of Dalia around him.

His heart was beating wildly.

He didn't even wipe the drops of water on his body just after taking a shower, just put on his clothes in a hurry, took the car key and went out.

"Kraig, what are you doing..." Elma shouted heartbreakingly behind him.

Kraig didn't turn his head, only drove the car and disappeared into the night.

He didn't come back until dawn.

At the same time, at the home of Arron and Suzi, the sky was already bright, and Suzi had another nightmare.

She dreamed that she was standing on the cliff, and she almost fell off, she desperately called for help.

It was Dalia who ran forward to rescue her.

Dalia was just one step short, but Suzi fell.

"Ah...Suzi!" Dalia hissed.

Suzi was awakened by this shout.

Chapter 1062

Suzi didn't know how he had such a dream.

After waking up from the dream, she didn't worry about falling under the cliff.

After all, it is a dream.

However, Dalia's poignant voice resounded in Suzi's ears. The voice was too clear, as if it were real.

Suzi's heart is distressed, and he always feels that something is happening.

Without even thinking about it, she took out her mobile phone from the bedside table and called Dalia. On the other end, Dalia's mobile phone was turned off.

Suzi checked the time and suddenly smiled. Now at six o'clock in the morning, Dalia usually does not work. Of course, she will not get up at this time, she should be still sleeping.

Forget it, don't bother her.

Suzi felt that it was probably because he was nervous in the past two days that he had such a nightmare.

Even if the dream came true, he fell into the cliff, not Dalia.

Suzi didn't think too much about Dalia's accident.

She got up to wash and went to the living room, where she saw Arron and the only two squatting on the balcony watering the flowers and plants.

"Dad, this potted flower belongs to me." Lilly said.

"Yeah!" The man said gently: "All the flowers here belong to you, and this family belongs to you. Everything here, including the entire Shengshi Group,

belongs to you, in the Fu family, in the Fu family. Group, you are the queen, you rule everything,”

When Arron said this to Lilly, Suzi couldn't help but smile.

My heart is very warm.

“Hehehe, I am the queen...”

After a pause, she said again: “Dad, it's all mine, so what does my mother belong to?”

The man snorted coldly: “Humph! You won't forget your mother at any time!”

Lilly answered without hesitation: “Of course!”

“The Fu Group and the Fu family belong to you. You are the queen of the Fu family, but you, and your father, belong to your mother, your mother is in this house, and you are the emperor!”

Lilly immediately became happy: “Oh! I like my mother, the lord, is the emperor.”

She looked up at her father and asked mysteriously: “Dad, do you know what is popular on Douyin now?”

“What's popular?” Arron never watched Douyin.

He naturally doesn't know what is popular on Douyin.

The little girl triumphantly said: “Do your own things, rush to do your mother's things, and no one will do your father's things.”

Arron: “...”

Suzi: “Puff...”

The gloomy mood in the morning was amused by the words of the girl.

Hearing Suzi's laughter, Lilly and Arron's colleagues turned their heads, and Suzi shouted: "My father and son, come here for dinner. After breakfast, I will send you to kindergarten, and then I will go to work."

Arron took the only one to the restaurant and washed his hands to eat.

Everything seemed so warm and peaceful, as if Elder Shu had never disturbed them.

It was as if they hadn't been blocked by reporters two days ago.

A family of three talked and laughed.

The only proposal was to wait until Sunday for a picnic.

When the three people were talking and laughing, Arron's cell phone rang.

He picked it up and glanced at it before connecting, with a particularly cold tone: "Is there something wrong!"
