

## Chapter 111

### The Policewoman Chapter 111

At this moment, a waitress came out of the kitchen with a tray carrying two simple meals.

Dong Jun pointed at the tray she was carrying and questioned, "Hey, what's wrong with you, why do some cats and dogs have to be put in? Do you not want to work anymore?"

"Sorry, it's these two guests who are coming to dine with us .....,," the waitress defended herself.

"I don't want to listen to your explanation," Dong Jun glared at the waiter fiercely and, in a commanding tone, said, "Take this away and take it to the dogs!"

"What's that? I'd like to see, which one of you is the dog?" Furious in his heart, Lin Kai quickly stood up from the dining bench, picked up the two simple meals in the waiter's hand and snapped them towards the faces of Dong Jun and Yan Dabao respectively.

Lin Kai's speed was so fast that Dong Jun and Yan Dabao were caught unawares, only to see the hot meal snap unerringly onto their faces, immediately turning them into big flower faces, revealing a pose of a vicious dog grabbing shit.

In the waiter's astonished gaze, Dong Jun and Yan Dabao simultaneously let out a howl and took two steps backwards respectively, and reached out their hands to wipe their faces and shake their clothes, so that the rice and dishes slid off their faces and clothes onto the floor.

Lin Kai looked at them with a playful expression and said, "Now you should know who is a dog, right?"

"You're fucking looking for death?" Seeing that Lin Kai had taken the lead and was acting smug, Dong Jun was furious and stormed out, only to see him shouting at the restaurant door, "Someone!"

In an instant, several imposing, uniformed military police officers rushed in from the entrance of the restaurant.

"Captain Dong, what's wrong?" A large man asked.

"Arrest these two terrorist criminals who infiltrated the military sanatorium and tried to assassinate the chief, and bring them back for interrogation." Dong Jun said, pointing at Lin Kai and Tang Huimin.

After receiving the order, several people immediately surrounded Lin Kai and Tang Huimin in a U-shaped circle around the dining table.

Lin Kai looked at Dong Jun with cold eyes and thought to himself, "This guy is not fit to be a soldier at all, he is simply a scum of the army!"

Looking at the four men surrounding them, judging from the way they moved their feet and stood, they all looked like soldiers from their special forces, specially trained, each one with extraordinary skills.

Lin Kai whispered to Tang Huimin, "Young aunt, you are injured, don't do anything for now, just let me deal with them."

Several military police officers didn't attack Lin Kai for a long time, they just glanced at him.

Dong Jun was obviously a little displeased and shouted, "What are you still standing there for, why don't you take these two terrorists down?"

The two big men were the first to start.

They moved their feet quickly on the ground, and with a slight click of their toes, one big man bounced up and landed behind Lin Kai, while the other one landed in front of him.

This kind of movement was all too familiar to Lin Kai, it was a way they were used to when training regularly, quick, agile and with very little noise.

Lin Kai's counterattack was also quick enough, only to see him leap high up from his original position on the spot and land across the table, holding Tang Hui Min behind him.

Boom!

The big man who was close to Lin Kai took advantage of his unsteady landing and swung his fist straight at the back of his head with the force of a tiger's fist.

Brush!

The other burly man quickly moved two steps forward, extending his hand as sharp as an eagle's claw and locking it towards his shoulder in an extremely swift and agile movement.

The two men worked in tandem, attacking and defending at the same time.

They had practised this kind of move for an unknown number of times and did not give Lin Kai any chance to counterattack, they were bound to win, however, they had underestimated Lin Kai's ability to guard.

However, they had underestimated Lin Kai's ability to guard against the attack. They saw his legs suddenly launch themselves, bending at the knees, and his whole body rose up like a rocket, catapulting out in the air.

While he was in the air, his shrunken body suddenly opened up, like a roc spreading its wings, and kicked down towards the backs of the two guys who had missed a blow.

Poof!

Both of them stumbled forward at the same time and fell onto the tables, chairs and benches in front of them, smashing them to pieces and dropping the dishes on the table in a heap.

As Lin Kai had more important things to do and did not want to cause any big trouble, he only used 30% of his strength in this kick, so as not to hurt them and directly disable them.

The two thick-skinned guys each leapt up from the ground with a carp and stood side by side with the other two uniformed officers, in a stance to attack again.

The smile on Dong Jun's face froze as he didn't expect Lin Kai to be able to fight so well, actually throwing two uniformed officers over at the same time within one move.

"Kid, who the hell are you?" Dong Jun asked in a cold voice.

“It doesn’t matter what I am, the point is that I can’t accept you guys welcoming me like this!” Lin Kai said with a sneer.

Dong Jun sneered, “I don’t care what kind of person you are, as long as you are causing trouble on the grounds of the military sanatorium, I am obliged to apprehend you.”

“Is that so? That depends on whether you have the ability to do so?” Lin Kai sneered and moved his feet instantly.

This time, he was going to take the initiative, so he bent his body, like a vicious tiger on the next mountain, and pounced on the group of uniformed officers who were in front of Dong Jun and Yan Dabao.

“Don’t move, move one more time and we’ll kill you!” Dong Jun pulled out his pistol and shouted.

Several uniformed officers followed his example and pulled out their pistols.

In a moment, several black guns were pointed at Lin Kai and Tang Huimin’s heads.

Lin Kai knew that since this guy had characterised them as terrorists, he was liable to shoot at any moment and suddenly stopped his attack.

When Dong Jun saw that Lin Kai seemed to be subdued by the iron dick in their hands and suddenly stopped resisting, he was overjoyed and shouted an order to several military police officers, saying.

“Handcuff these two terrorists and take them away!”

Lin Kai knew that since Dong Jun had characterised himself as a terrorist, this group of military police would definitely not show any mercy.

He couldn’t just fold his arms, he had to choose his moment and take advantage of these people’s distraction to attack the weak link among them, as long as he captured one of them and used it as a hostage, he and Tang Huimin would be able to get away.

Lin Kai scanned over the men and felt that Dong Jun and the four uniformed officers were all well-handled, except for Yan Dabao who had little ability and, as the wound on his arm had not yet healed, was the target of Lin Kai’s takedown.

“Wait, I have something to say,” Lin Kai said loudly as Dong Jun and the two uniformed officers were pointing their guns at themselves and the other two were holding handcuffs and preparing to lunge at him, “Do you know who I am?”

“Of course I know,” Dong Jun said with a sneer on his face, “Aren’t you the assassin who infiltrated the military sanatorium and prepared to assassinate the chief?”

“I warn you, you’d better not put a hat on my head,” Lin Kai sneered, “You will pay for your actions today if you arrest the wrong person.”

“Is that so? I’d like to see what price will be paid today?” Dong Jun’s face sank as he shouted an order to the two uniformed officers, “What are you still standing there for? Why don’t you do it now?”

Upon receiving the order, the two uniformed officers pounced towards Lin Kai with one left and one right.

### **The Policewoman Chapter 112**

They were fast, but Lin Kai was even faster!

Only to see his figure change, his tall body suddenly disappeared in front of the two men's eyes, and due to inertia, their bodies collided heavily.

Immediately afterwards, a human figure lunged towards Dong Jun and the others, and in his haste, Dong Jun raised his gun and fired.

Bang!

A gunshot rang out and a large hole immediately opened in the windscreen of the restaurant, the bullet pierced through the hole and shattered pieces of glass scattered down with a crash.

Lin Kai had predicted in advance that Dong Jun would shoot at himself and used an S-shaped refractive step as he lunged at him, managing to dodge the bullet.

He then went around behind Dong Jun and jammed a hand around the throat of Yan Dabao, who was standing beside him.

"Don't move, put the gun down or I'll strangle him to death!" Lin Kai dragged Yan Dabao back a few steps, twisted his other uninjured arm over and held his body in front of his own as he yelled at Dong Jun and the four uniformed officers.

Dong Jun never expected that Lin Kai would have such a perverted body, easily dodging the attacks of the two uniformed officers not to mention dodging the bullets shot out by himself, a soldier reputed to be a marksman.

"Shit, is this guy still human?" Dong Jun cursed in his heart and looked at me with a bewildered expression, asking incredulously, "How did you dodge my bullets just now?"

When a connoisseur strikes, it's all about the action!

Lin Kai knew in his heart that this guy in front of him was a master with a gun, if he had been even half a beat slower, even for 0.1 second, he would have been shot.

Lin Kai, while sighing at his opponent's superb marksmanship, secretly pinched a cold sweat for himself, not daring to let up in the slightest, clasping his hand tightly around Yan Dabao's neck, fearing that this guy would fill him in with another shot.

"Heh," in order not to let the other party see his own flaw, Lin Kai indifferently shrugged his shoulders and smiled, "Didn't you see that I was running over?"

Seeing that Lin Kai was stuck around Yan Dabao's neck and had no intention of letting go, Dong Jun coldly asked.

"What exactly do you want?"

“It’s simple, you tell your men to leave and let us go.” Lin Kai said in a deep voice.

“What kind of place do you think this is, where you can come and go whenever you want?” Dong Jun threatened.

“Don’t worry about that, as long as you agree to my demands, everything is fine, otherwise .....” Lin Kai pushed slightly harder.

“Cousin, save me, save .....” Yan Dabao screamed in a high voice, his voice becoming fainter and fainter.

Dong Jun got anxious and shouted, “Stop, talk slowly, don’t hurt my cousin .....”

He knew that his grandfather, grandmother, aunt and uncle regarded Yan Dabao as their heart and soul, if Yan Dabao was injured here, or even strangled to death, he would be blamed and would not be able to go back to them, so for the time being, he chose the compromise approach.

He had already moved to kill Lin Kai, ready to find the right moment to strike again and kill him at any time.

Lin Kai naturally recognised his ruse and said coldly, “You are the ones who started the trouble here today, there is nothing to say, as long as you first put down your guns, you take the initiative to apologise to us and let us leave without any problems, I will let Yan Dabao go.”

“What if I don’t agree?” Dong Jun was obviously enraged and asked in a deep voice.

“Then don’t blame me for hitting you too hard .....,” he said, and the hand that he had stuck around Yan Dabao’s neck once again pushed harder.

“Cousin, save ....., save me, let ....., let them go .....” Yan Dabao once again made a plea to Dong Jun for help His voice was getting weaker and weaker, as if his neck was in danger of being snapped by Lin Kai at any moment and killing him.

As a high cadre son, Dong Jun had a sense of superiority in his bones, and in his eyes, his cousin’s life was more valuable than others, so when he saw that Lin Kai had made a real move, he was startled.

“Okay, I promise you,” Dong Jun said in a panic, taking the lead in putting the gun in his hand back into his pocket and saying to the few uniformed officers around him, “You put your guns away too, let’s have a talk.”

Seeing that they could not help Lin Kai and that he had the hostages in his hands, the few military police officers obediently put their guns away.

Seeing that he had reduced the risk to a minimum position, Lin Kai beckoned to Tang Huimin, who was standing at the original dining position, looking at him with a smile on her face, and said.

“Come here, let’s go!”

Only then did Tang Huimin slow down, move her feet and walk behind Lin Kai, who then took Yan Dabao hostage and walked with Tang Huimin towards the entrance of the restaurant.

Suddenly, a group of heavily armed soldiers rushed in from outside the door, then surrounded Lin Kai and Tang Huimin, who were holding Yan Dabao hostage, and pointed a blackened gun at them.

The leader of the group was Platoon Leader Guo, who was in charge of the security of the military sanatorium in a military district. He only came to Dong Jun's side and, after giving a military salute, asked.

"Captain Dong, what's happening here?"

After returning a military salute, Dong Jun pointed at Lin Kai and Tang Huimin and said, "These two unidentified people infiltrated the base and prepared to assassinate the chief's terrorists, and after we recognized them, they took hostages and prepared to escape."

Platoon Leader Guo immediately turned around and shouted to Lin Kai, "You are already surrounded, drop the hostages and surrender, don't make any more unnecessary resistance, otherwise, we will shoot!"

Platoon Leader Guo had arrived with a platoon under his command, about thirty soldiers, after receiving a call from the restaurant staff.

"You're Platoon Leader Guo, aren't you?" Lin Kai said in a cold voice, "You mustn't listen to this guy's lies, they started the trouble, attacked us, pointed a gun at me and shot at me, I held this man hostage out of self-preservation, I'm not some terrorist, I'm the leader of the first squad of the special forces base!"

"What did you say? You're from the special forces base, or a sub-team leader, how come I haven't seen you before?" Platoon Leader Guo looked at Lin Kai with a scrutinizing gaze and asked, "Do you have your papers?"

"Of course I do." Lin Kai said with a nod.

"Then let the hostage go first and show me your papers." Platoon Leader Guo said seriously.

Only then did Lin Kai release the hand that was stuck around Yan Dabao's throat, quickly took out his own papers from his pocket and threw them at Platoon Leader Guo.

The platoon leader took Lin Kai's ID and flipped through it, then looked at Lin Kai carefully and immediately acted as if he was very shocked.

Dong Jun, who was standing on the side, also took a glance at Lin Kai's documents before he realised that he had kicked the bucket today, but was unwilling to accept the truth in front of him, so he took a sort of preemptive strike.

"Platoon Leader Guo, don't believe him, his papers are fake!" Dong Jun shouted, pulling out his pistol from his pocket and pulling the trigger towards Lin Kai once again.

### **The Policewoman Chapter 113**

Lin Kai had long anticipated that Dong Jun would put him to death today, and never took his eyes off of Dong Jun when he threw his papers out and Platoon Leader Guo looked at them.

When Dong Jun pulled out his pistol and was ready to shoot him, he pulled Yan Dabao over and blocked himself from following him. His action was so fast that Dong Jun did not expect him to do this.

However, the arrow was on the string and had to be fired.

As he aimed at Lin Kai's chest, his trigger hand faltered slightly, and the bullet was slightly deflected, hitting Yan Dabao's thigh.

Bang!

A shot rang out, and Yan Dabao was instantly shot.

"Ah!"

Yan Dabao shouted miserably and his body quickly fell to the ground, blood gushing from his pierced thigh, staining his trousers and spilling onto the floor.

Dong Jun hesitated for a moment and raised his gun again, ready to shoot at Lin Kai, but when he saw that Lin Kai's figure shifted unpredictably, flashing past countless shadows in front of his own eyes, so vague and unpredictable that it was difficult to confirm, he dared not take the risk of shooting.

"Stop!"

In the nick of time, a cold voice came from outside.

All eyes turned to the entrance of the restaurant, only to see Song Lina standing at the entrance of the room, behind her stood a group of warriors, led by Zhang Tianhu, wearing camouflage uniforms and holding miniature machine guns.

These were all members of the special forces, and when they saw that their captain had been attacked, they all pointed their guns intently at the group of people surrounding Lin Kai inside.

The dozens of soldiers brought in by Platoon Leader Guo then turned their guns around and confronted the soldiers rushing in.

"It's one of our own, everyone, put your guns away!" Guo Platoon Leader had been a soldier under Zhang Tianhu, and as soon as he saw his superior, he immediately ordered the soldiers under him.

After the soldiers put away their guns, Platoon Leader Guo stepped forward and gave a military salute to Zhang Tianhu.

"Instructor Zhang, what brings you here?" Seeing that the soldiers on the other side were still pointing their guns at their side, Platoon Leader Guo asked Zhang Tianhu, "What the hell is going on here?"

"I heard that someone was bullying Captain Lin from our base here, I'm here to seek justice for him." Zhang Tianhu dropped his gaze to Dong Jun and said coldly.

When Song Lina saw that Dong Jun and the four uniformed officers he had brought with him were still holding their guns up and making a trapped act, she walked up to Dong Jun and said in a cold voice.

"Surnamed Dong, quickly tell your men to put away their guns, don't make unnecessary resistance."

"Song Lina, why are you here?" As soon as Dong Jun saw Song Lina, he felt a little surprised.

We all grew up in the same military compound, Dong Jun naturally knew Song Lina and knew that Song Lina, like him, had a powerful military background, even his own grandfather, Elder Yan, who had been

the deputy commander of the military district, had to be courteous in front of Song Lina's grandfather, Elder Song.

"Dong Jun, you're quite imposing, actually bringing your own cousin to spill the beans here, do you think the military sanatorium is open for your family? Shooting whenever you want and killing whenever you want?" Song Lina looked at him coldly, pointed at Yan Dabao who was lying on the ground wailing loudly, and asked with a sneer on her face, "Do you want to take Yan Dabao, who was injured by you, to be treated for his injuries, or do you want someone to send you to the military ministry to be dealt with by a military court?"

"Song Lina, aren't you a student? Why have you come here to meddle in things?" Dong Jun was obviously not scared back by Song Lina's words.

"You slandered my boyfriend as a terrorist, insulted the image of a soldier not to mention, and killed someone with a gun, how am I being nosy?" Song Lina said coldly, "Everyone saw it, you shot Yan Dabao, if you don't want him to die from blood loss, go ahead and spend your time here, we have plenty of time ....."

"Huh? He's your boyfriend?" Dong Fang gave Lin Kai a look of distrust.

"Yeah, do you have a problem with that?" Song Lina said, stepping forward to cross Lin Kai's arm.

Lin Kai didn't expect Song Linna to pick out their relationship in front of so many people, and seeing his sister-in-law Tang Huimin acting a little unnaturally, he felt groundless.

"Song Linna, stop it," Lin Kai whispered to Song Linna, "so many people are watching us, let go of me!"

Seeing all eyes on them, Song Linna also felt a little embarrassed and then blushed, lowered her head and retracted her hand.

When Dong Jun saw the two of them acting like they were making out, he realised that he had really kicked the bucket.

He then turned his attention to Yan Dabao, who had fallen to the ground, covering his thigh with his hand and covered in blood. Seeing Yan Dabao's pained expression, he hurriedly ran over and squatted beside him, asking with concern.

"Dabao, what happened to you, are you alright?"

"Ouch, it hurts me to death!" When Yan Dabao saw that Song Linna, the woman he had been struggling to court, spoke for Lin Kai, his heart went bad to the core, so he gritted his teeth and said to Dong Jun: "Cousin, how could you shoot me? You get a shot to try and see if anything happens?"

It looked like Yan Dabao was complaining that he should not have shot himself.

Dong Jun felt that he was a bit unfair, that shot was not originally fired at Yan Dabao, it was just that that guy Lin Kai was too cunning and actually used him as a shield.

It wasn't that he couldn't shoot properly, it was because Lin Kai's movements were so fast that he didn't have time to think at all before the bullet that didn't grow eyes flew out of the muzzle and pierced his cousin's thigh.

“Dabao, I’m sorry, it was cousin who was careless just now, and in a moment of negligence, he forgot to pull the safety and accidentally discharged it.” Dong Jun said perfunctorily, his mouth felt like he had a fly in it.

He was now dumbfounded and had a hard time saying anything, since he already knew Lin Kai’s true identity, he dared not admit the fact that he had deliberately shot at him.

Although Dong Jun was a bit unconvinced, the lawsuit was a losing one even if it went to the highest military court when he tried to shoot and kill someone in full view of everyone.

If the head of the army pursued the case, even if someone was willing to step in and bail him out, he would be subject to disciplinary action or confinement in the army, even though he could retain his military status.

So, he said to a few military police standing by, “You few hurry up and take my cousin to the infirmary of the military sanatorium for bandaging and treatment.”

The four uniformed officers dared not be slow and together they shot out to lift Yan Dabao from the ground. The soldiers brought by Guo Platoon Leader and those brought by Zhang Tianhu each stood in two rows and made a way for them to pass.

Dong Jun turned around and saw that Lin Kai was gloating as he watched the four uniformed soldiers carry Yan Dabao away. He gave him a fierce glare and said with a sneer.

“Lin, I’ve learned my lesson today and I’ll remember you, we’ll see about that!”

“Be my guest, I’ll be happy to accompany you!” Lin Kai shrugged his shoulders indifferently.

Dong Jun turned around and followed the four uniformed officers to escort Yan Dabao out of the restaurant and into a military jeep parked in front of the restaurant.

When Platoon Leader Guo saw that Dong Jun and the others had gone far away, he took the initiative to give Lin Kai a military salute and apologised, saying.

“Captain Lin, please forgive me for having offended you so much just now!”

“It’s alright,” Lin Kai returned his military salute and said, “Platoon Leader Guo deserves admiration for his loyalty to his duty, I hope we can work closely together in the future.”

“Of course,” said Guo, smiling at Zhang Tianhu, who was standing beside Lin Kai, “Instructor Zhang is my old superior, I am just a soldier under him, please feel free to ask me if you need me in the future .....”

The first time I saw him, he patted Zhang Tianhu’s shoulder with his hand and said with a smile.

“When did you kid learn to kiss ass?”

“Hehehe.” Guo Platoon Leader gave a naive laugh.

“Let’s just disperse, so many people are gathered around the restaurant, so others will laugh at us.” Zhang Tianhu said as he swept a glance over the faces of the soldiers.

“As you command!”

After giving a military salute to Zhang Tianhu, Platoon Leader Guo immediately led the soldiers to walk out of the sanatorium dining hall together with a neat pace.

### **The Policewoman Chapter 114**

After Zhang Tianhu and the team he led had left with everyone saying their goodbyes, Lin Kai looked at Song Lina, who was standing beside him, with a stunned expression and asked.

“How did you ..... you come to be here?”

“Hmph, I’m still not because of you?” Song Lina complained and gave Lin Kai and Tang Huimin a sultry look before turning around and walking towards the outside of the restaurant.

.....

Last night, Song Linna had expected Lin Kai to drive her out for dinner, and as she waited at home left and right without hearing from Lin Kai, she felt very irritated and went to bed early.

However, she tossed and turned in bed, unable to sleep, her mind always flashing back to Lin Kai’s handsome figure and the romantic times they had together.

She spent the whole night in a half-asleep state.

Early in the morning, Song Lina was awakened by a shrill ringing of the phone, picked up the phone that was sitting on the bedside table and saw that Zhou Peng’s name was displayed on it, so she picked it up.

“Lina, where are you now?” Zhou Peng’s eager voice came over the phone.

“It’s so early, of course I’m at home yo,” Zhou Peng had never called her at this time of the morning, Song Lina felt a little strange and asked in a lazy voice, “Cousin, what do you want to see me about?”

“I came to call to tell you that Lin Kai and his sister-in-law were together long ago, and that you were bewitched by that boy Lin Kai’s fancy words and fell for that boy’s tricks .....,” Zhou Peng reminded.

“Ah? How can that be? How can the two of them be together?” Even though Song Lina suspected that the relationship between the two was not normal, she still couldn’t believe it was true.

“It’s true,” Zhou Peng replied affirmatively, “Last night, when I went to the military sanatorium, I saw the two hugging and kissing together with my own eyes, and we were all kept in the dark about this matter ....., ”

“This is so unbelievable,” Song Lina said angrily, “How can Lin Kai be with his sister-in-law? Isn’t this incest on their part?”

“Isn’t it? I think you’ve been sold by that boy Lin Kai and you’re still counting his money for him.” Zhou Peng goaded.

“Then what do you think I should do?” Song Lina had no idea what to do.

“I advise you to stay away from that kid, don’t let him take advantage of you.” Zhou Peng suggested.

Last night, Zhou Peng was shocked when he bumped into Lin Kai and Tang Huimin making out together in that convalescent room of Tang Huimin’s.

He never expected that Tang Huimin would actually be with Lin Kai. The piece of true love he had given to Tang Huimin, the painstaking effort he had put in, and the thought of getting Tang Huimin had become a moot point.

After leaving the military sanatorium, Zhou Peng was in a bad mood, so he ran to the Red Capital nightclub, trying to vent himself with the help of the wild music and the noisy environment.

Unexpectedly, he fell into a trap designed for him by the Black Dragon Gang and fell into a beauty trap.

When he was drunk in a ktv room by his sisters, Big Qiao and Little Qiao, and was made to go to room 1201 of the Yanjing Hotel by them and fool around with them in the room, he was caught in flagrante delicto by the bald man, Black Dragon, who barged in.

When he saw the indecent video of himself with Da Qiao and Xiao Qiao, he realised that he had fallen into a trap and felt regretful, however, the momentum had already gone and he was at the mercy of the bald man and the others.

For the sake of his future, he had to confess to Black Dragon the true identities of Tang Hui Min and Lin Kai, and promised them to find a way to release Jiang Mei, the owner's wife of Jiang's compound, a clutch of hair and a dozen other thugs who were captured by the police.

After Zhou Peng was let go home by the Black Dragon Gang, he felt that he had lived a very miserable life and thought that it was all caused by Tang Huimin in order to get back at her.

So he called Song Lina and told her what had happened between her and Lin Kai, trying to use the spiteful, willful little witch to go ahead and humiliate them at the military sanatorium.

After putting down Zhou Peng's phone call, Song Linna felt very angry indeed and was ready to call Lin Kai to ask him what was going on, but on second thought, she felt bad and was ready to find time to ask Lin Kai in person to admit to herself what was going on between him and Tang Huimin.

After getting up and having breakfast, her father, Song Mingyuan, saw that she did not look well and asked her about the situation, but she hid her true thoughts and only made a few perfunctory remarks in front of him.

Knowing that something was on her mind, but too embarrassed to ask more, Song Mingyuan let her go to school in her own car.

During class, Song Linna was distracted, unable to concentrate, her mind always thinking about her relationship with Lin Kai and Tang Huimin. After the second class, she could not sit still any longer, so she called for a dropshipping ride to the military convalescent home.

When she arrived at the small white building where Tang Huimin lived, she caught a glimpse of Lin Kai and Tang Huimin coming out of it and hid under a large tree so as not to be discovered by them.

"Where are they going?" To find out what was going on, Song Linna followed them all the way to the entrance of the Military Sanatorium canteen.

When she saw Yan Dabao and Dong Jun following them into the canteen, with a few soldiers outside, she mistakenly thought that after Lin Kai had injured Yan Dabao, Yan Dabao had moved his cousin Dong Jun to seek revenge, and felt something bad.

The company's main business is to provide a wide range of products and services to the public.

.....

When Tang Huimin saw Song Linna leaving the restaurant, she looked like a pissed off little daughter-in-law, so she reminded Lin Kai.

"Xiao Kai, your girlfriend is angry, why don't you go after her?"

"She's such a lady, don't mind her!" Lin Kai said unconcernedly.

"Did she hear something from Zhou Peng and come to ask you for a lesson?" Tang Huimin suddenly felt a blush as she remembered what happened last night when they were making out together and Zhou Peng bumped into them.

"No way?" Lin Kai frowned for a moment and said, "Zhou Peng shouldn't be the kind of person who moves the truth, right?"

"Who knows? It's better to ask Song Linna yourself!" said Tang Hui Min, who had wanted to admit to Lin Kai that Zhou Peng was pursuing her, but felt that it was a bit inappropriate to say that at this time, "It's better for you to ask Song Linna yourself!"

Seeing that Lin Kai was a bit melancholy, she continued, "My body has almost healed, I'm fine, go stay with Song Linna, she's coming for you, if anything else happens, it's really hard to explain to her family."

"That ..... is fine," Lin Kai said to Tang Huimin after seeing Song Linna trot away like a long distance through the glass window, "Little aunt, be careful, I'll come back to see you after I send Song Linna away ....."

"It's alright, you know how well Little Aunt is, no one would dare to bully me, you should just keep Song Linna company, just leave me alone!" Tang Huimin waved her hand at Lin Kai.

Lin Kai nodded and left the restaurant as if at a trot.

Looking at Lin Kai's figure going after Song Linna, Tang Huimin's heart simply did not feel good, so she stood in place for a long time in a daze .....

### **The Policewoman Chapter 115**

Song Lina ran a long distance in one breath, and when she saw that Lin Kai did not come after her from the restaurant, she was angry and annoyed in her heart, secretly hating herself for not making a fool of herself and coming to help Lin Kai and Tang Huimin out of trouble.

"This shameless man is really related to his sister-in-law," just as she was cursing Lin Kai from her heart for being heartless and ungrateful to herself, Lin Kai's eager voice came from behind her, "Song Lina, where are you going?"

Song Lina stopped and turned around to see that Lin Kai had come to her and complained, "You're going to stay with your sister-in-law, why are you looking for me?"

"What do you mean by that?" Lin Kai deliberately pretended to be naive.

“What does it mean, you know it in your own heart,” Song Linna asked in a cold voice, “Let me ask you, have you been with your sister-in-law for a long time?”

“Who did you hear that from?” Lin Kai asked rhetorically.

“Don’t care who I heard it from, tell me honestly, is there such a thing?” Song Lina was reluctant to tell what her cousin Zhou Peng had told her on the phone.

“No ..... no, you must not listen to people’s nonsense and make wild guesses .....,” Lin Kai did not want to say his true thoughts in front of Song Linna for the time being and bring her harm and cause unnecessary trouble, denying it vehemently.

“Really?” Song Linna turned angry to happy.

“Of course, why would I lie to you?” Lin Kai said against his will.

“Then do you like me and want to be with me?” When a woman liked a man, her IQ was almost zero and she would often ask idiotic questions.

“That depends on whether you really like me or not?” Lin Kai said playfully.

“Nasty, if I don’t like you, why are you still running out?” Song Lina pouted and stepped forward to cross Lin Kai’s arm.

“Let go of me,” Lin Kai’s heart tightened and he glanced back to see that Tang Huimin was walking out of the restaurant and was heading in another direction, so he hurriedly took her hand away and said, “In broad daylight, what’s it like for us to be hugging like this?”

“What are you afraid of? You’re my boyfriend, if I don’t hold your hand, whose hand am I going to hold?” Song Linna said stubbornly, once again wrapping her arms tightly around Lin Kai.

Lin Kai had no choice but to let her wrap her arm around him and mechanically move his feet forward.

.....

In the comfortable, luxurious and imposing office of Zhao Wenlong, the chairman of the Long Python Group of companies.

Zhao Wenlong was sitting on a soft sofa chair and asked Yang Hui and Qin Yao, who were standing across the desk, “Have the customs shipping procedures for that shipment already been completed?”

“Not yet,” Yang Hui said, shaking his head, “When we went to the customs office to go through the formalities, the head of the customs office, Han Shouyi, refused to approve the article .....,”

“Then you have to find a way to get the approval in your hands as soon as possible,” Zhao Wenlong said, “Last night, Black Dragon has already taken care of Zhou Peng, the head of the criminal investigation team of the Municipal Public Security Bureau, with his help and that of Deputy Director Yan, it will not be a problem for us to transport this shipment to the customs terminal, this is a very good opportunity, you have to hold on to it, understand?”

“Mm, got it.” Yang Hui said seriously, “Please don’t worry Master Long, we’ll go and get that Han Shouyi guy done right now, and get that shipment out as soon as possible .....,”

“That will put my mind at ease,” Zhao Wenlong said to Yang Hui, “From now on, you are the Dragon Master of our Black Dragon Gang, Qin Yao is your personal secretary, you can directly represent the Black Dragon Gang in charge of the shipping business of this shipment, no slip-ups are allowed.”

“Master Dragon, I’m afraid it’s a bit inappropriate for you to ask me to impersonate you?” Yang Hui asked timidly.

“What’s wrong with that?” Zhao Wenlong immediately put on a serious face and asked, “Are you afraid of taking risks, or are you afraid that I won’t trust you?”

“I ..... don’t mean that,” Yang Hui explained, “I ..... am afraid that if I mess things up, Master Long will reprimand me .....”

“I believe in your ability to get things done,” Zhao Wenlong’s tone eased and a smile appeared on his face as he said, “Since I can give you this burden, I believe you can get it done.”

“Boss Yang, since Master Long trusts us so much, we can’t let him down, can we?” Qin Yao helped from the sidelines.

Qin Yao had been with Master Long for a while, and was sent to supervise Yang Hui mainly because of this shipment of arms. She had been with Zhao Wenlong for so long that she naturally understood that this was a “golden cicada” ploy.

The responsibility of this batch of arms and materials is very important, in case something goes wrong, there is Yang Hui as the identity of the Dragon Master to protect the body, Zhao Wenlong also safe retreat.

“That ..... is fine, I will do as you want, Master Long.” Yang Hui reluctantly replied.

“Very well,” Zhao Wenlong said, “However, I must remind you that if anything happens to this shipment of supplies in transit, you should know what to do?”

“I know, please don’t worry, Master Long, the man is in the goods, if the goods are lost, I am willing to die in the line of duty.” Yang Hui immediately made a military order in front of Zhao Wenlong.

“What do you mean by martyrdom or not? Don’t say such unlucky words,” Zhao Wenlong chided Yang Hui and said, “But don’t worry, in case of any accidents, I will take care of your family .....”

Yang Hui knew that Zhao Wenlong was blackmailing him with his own family, aiming to make himself act as his cannon fodder.

If the escorting of this shipment of arms and ammunition is done well, all will be happy and he will be rewarded handsomely, if the operation fails, he will be in danger of his life.

He also knew that Zhao Wenlong looked kind on the surface but was actually a ruthless man, and if he did not do as he wanted and disobeyed his orders, he and his family would die without a burial place.

However, since the day he joined the Black Dragon Gang, Yang Hui has been following Zhao Wenlong with a thought of certain death and has been working diligently for the Black Dragon Gang.

It was because of this that Zhao Wenlong made Yang Hui his confidant and gave him the responsibility of stealing the arms and ammunition from the Black Dragon Gang.

Afterwards, Zhao Wenlong gave some instructions to Yang Hui and Qin Yao respectively, before they left Zhao Wenlong's office.

.....

At this moment, a tall, blonde-haired, blue-eyed man with a high nose, accompanied by a dark-skinned man with a scar on his face, walked into the lobby on the ground floor of the Dragon Python Group of Companies.

The receptionist asked warmly, "May I ask, sir, how may I help you?"

"I would like to speak to Mr. Zhao Wenlong, the chairman of your company." Robert replied.

"Do you have an appointment with our chairman?" The welcoming lady asked.

"No," Robert shook his head, "I decided to come over to meet your chairman on short notice!"

"Sir, I'm sorry, I'm really sorry, our chairman is very busy and I can't let you go upstairs to meet him." The welcoming lady said nonchalantly.

Last time, after the arms dealer Robert got that laser piece through Zhao Wenlong and sent it to Liberty Island, it caused Liberty Island owner Smith to be killed and Tang Hui Min to escape from the island, so many people died not to mention that the laser piece was also taken away from him, which made Robert feel very angry after losing his wife and his army.

That night, Scarface went to the military sanatorium to assassinate Tang Huimin without success, so Robert kept him by his side as a bodyguard.

This time, after Robert paid the deposit for this batch of arms supplies to the Black Dragon Gang, he expected them to ship the goods soon, but he did not expect these guys to be late.

He was forced to go to the Dragon Python Group of Companies in person, ready to ask Zhao Wenlong what was going on, but he was stopped downstairs by a beautiful receptionist in the lobby on the ground floor of the Dragon Python Group of Companies, and felt a pang of anger in his heart.

"What kind of attitude are you ..... having?" Robert tried to restrain himself for a moment and questioned, "Miss, is this how you treat important company guests?"

### **The Policewoman Chapter 116**

"I'm sorry sir, it's my duty," the receptionist said coldly, "I can't let you go upstairs to see our chairman until I know who you are ....."

"Is that so?" Robert was annoyed to see that the lady's tone was a bit unkind, shrugged his shoulders and said, "I bet you that if your chairman knew it was me, he would come downstairs to pick me up himself."

“Sorry sir, no obligation to make such a frivolous bet with you,” the receptionist said dismissively, “If you really want to see our chairman, you’d better leave your name so I can get in touch with him, or call him directly to see if he has time to see you. ”

The receptionist naturally represented the image of the company and she knew she had a few good looks and many bored guys, domestic or imported, liked to strike up a conversation with her.

She felt that the blond man in front of her had some unkind eyes and mistook him for someone who was looking for a fight and appeared a little unfriendly towards him.

Feeling that this pretty welcoming lady was deliberately trying to embarrass him and that the remark smacked of provocation towards him, Robert pointed his finger at her nose and said angrily.

“What do you mean by that? Do you not believe me?”

Seeing this, several bodyguards in black suits in the hall thought that these two guys had come to pick a fight, so they gathered around this way in unison.

The Dragon Python Group was the headquarters of the Black Dragon Gang in Yanjing, and the bodyguards here were all carefully selected, each of them experienced in a hundred battles and with extraordinary skills.

Since they were bodyguards, they were responsible for the security of the building, so when Robert and Scarface entered, they noticed the two men.

But seeing that they were foreigners, they thought they were here to talk business with the company and that they didn’t know any bird language, so they didn’t go up to question or stop them, and simply let the receptionist communicate with them.

The blond man, after exchanging a few words with the receptionist, showed a face of anger and was not at all gentlemanly, actually pointing his finger at Tang Yan and shouting at her, while the bodyguard standing beside him made a gesture of hitting him.

Everyone felt that something was wrong and ran over to find out what was going on.

Scarface saw that after Robert and the receptionist had spoken a few words, the tone and expressions on each other’s faces were a bit stiff, and he also saw a rare look of anger on Robert’s face, so he knew that his boss was very angry, and when he saw a few security guards surrounding him, he could not resist long ago.

So, without saying a word, he swung his fist and blasted at the fat security guard who was walking at the front.

When the fat security guard saw the bodyguard’s fist coming out towards him, he hastily dodged and instinctively used his right fist to block, and the two men’s fists suddenly clashed in the air.

Boom!

There was a muffled sound, the fat security guard felt a force coming towards him, he felt his arm sore and numb, before he could recover, Scarface raised his foot and kicked towards him.

Bang!

The unlucky man had no time to dodge and was kicked out and landed heavily on the ground.

At the same time, Scarface threw a lightning punch at a slightly smaller security guard who was following him.

The blow was so powerful that the unlucky man's body turned into a bow and was catapulted out of the room.

Seeing this, the other guards knew they had met a formidable foe and surrounded Scarface in the centre, not daring to launch an attack.

"STOP IT!"

Just as Scarface was about to launch another attack, Robert rushed to stop it.

"Everyone, we are all on our own, stop fighting," Robert said to the security guards who were poised to attack, "My name is Robert, I am a friend of your chairman, Mr. Zhao Wenlong, I just made a small joke with the receptionist lady and had a little misunderstanding, please don't mind."

With that, he took out his mobile phone from his pocket and dialed Zhao Wenlong's number.

When the call was answered, Robert said into the phone microphone, "Mr. Zhao, this is Robert ....."

"Mr. Robert, hello, where are you now?" Zhao Wenlong asked politely.

"Oh old friend, I'm just downstairs in your company," Robert said with a smile on his face as he glanced at the receptionist lady and then at the two bodyguards surrounding them and the two bodyguards who had been knocked to the ground by Scarface, "I'm sorry for coming to disturb you without making an appointment with you, it was because of my presumptuousness that I had to talk to your company's receptionist Miss Welcome had a little joke and had a little misunderstanding with your security guards and had some clashes ....."

"Huh? They didn't give you a hard time, did they?" Zhao Wenlong asked in mock surprise.

"No," Robert said with a bright smile, "I think Miss Welcome and your security guards here are very dedicated to their work, only that my uninformed bodyguard hit a little harder and injured two of your security guards, don't worry, I will pay for their losses."

"You're being insensitive, it was our front desk lady who didn't know any better and didn't inform me in time, our security guards are not as skilled as others, it's good to let them suffer a little and get a little lesson." Zhao Wenlong instantly understood that Robert had come over to demonstrate to himself, and forcefully suppressing the anger in his heart, he asked, "Mr. Robert, should I come downstairs to invite you personally, or should you come upstairs directly to my office?"

"No need to bother you, it's better for me to come straight upstairs to pay you a visit!" Robert said deliberately, "But you'll have to say hello to the welcome lady at the front desk and ask her to make it easy for me to come upstairs before you do so."

“Fine,” Zhao Wenlong hesitated for a moment and said, “I’ll have Secretary Qin come downstairs to pick you up now!”

As the leader of the Black Dragon Gang, Zhao Wenlong knew the principle of “a great man can bend and stretch”, and he chose this compromise to give Robert a step to take on the one hand, and to keep himself from losing face in front of his subordinates on the other.

In this extraordinary period, under special circumstances, he did not want to tear his face off with an arms dealer like Robert .....

After putting down Robert’s call, Zhao Wenlong dialed Qin Yao’s mobile phone.

At this moment, Qin Yao and Yang Hui had just stepped out of the lift and saw Scarface roughing up the company’s security guards, and were about to go forward to stop them when they saw Robert calling Zhao Wenlong.

Then, they received a call from Zhao Wenlong.

After putting down the phone, Qin Yao put on an uninformed look and asked, “What’s happening here?”

Everyone turned their attention to her.

Everyone knew that although Qin Yao was the chairman’s secretary, she was the red person beside the chairman and could give orders to them on his behalf, therefore, her words had to be listened to.

“Secretary Qin, you are just in time,” the receptionist lady knew as soon as she saw Qin Yao coming downstairs that she had been sent down by the chairman to solve the problem, and was the first to slow down and point to Robert and Scarface, “These two gentlemen asked to see the chairman without making an appointment beforehand, and I did not give him permission to come upstairs. There was some misunderstanding between them and only then did the two sides clash .....”

The receptionist lady knew in her heart that since Robert was able to get Qin Yao to come downstairs with one phone call, it proved that this guy was not a small person and did not shift all the blame onto him, which gave both sides face.

### **The Policewoman Chapter 117**

After briefly understanding the situation to the receptionist, Qin Yao said loudly to everyone, “These two are our chairman’s most honoured guests, how can you treat them like this? Apologise to them quickly!”

After the fat security guard was knocked to the ground by Scarface, he was already angry in his heart, and when he heard that Secretary Qin actually asked them to apologise, he asked in defiance.

“They were the ones who first came here to cause trouble and took the lead in beating people up, why should we apologize to them?”

Seeing that Secretary Qin had counted them out without distinguishing between red and white, the security guards were all filled with righteous indignation, glaring at this woman who had turned her elbow outwards with her eyes.

"I am here to convey the chairman's meaning, as for whether you are willing to apologise or not, you can see for yourselves!" Qin Yao saw that she was having trouble convincing the crowd, so she had to bring out the chairman to press people.

Robert looked at everyone playfully and made a gesture of not caring about anything.

The receptionist felt that it would not be good for her to persist in this way, this matter was caused by herself after all, and if the chairman blamed her, it was not something that a small receptionist like her could afford to take on.

"Mr. Robert, I'm sorry, it was my refusal of your request without asking the situation earlier that caused this conflict, and I apologise to you for that!"

As she apologised, a spring-like smile appeared on the receptionist's face.

As the saying goes, you can't put a smile on your face, and since the pretty welcome lady had taken the initiative to apologise, Robert was too embarrassed to give her a hard time.

He considered himself a gentleman, and since he was a gentleman, he should be gentlemanly and should not be petty and take a woman seriously over such a trivial matter.

He did so because he wanted to give Zhao Wenlong a piece of his mind, and since his purpose had already been achieved, there was no need to waste time with these petty characters here.

"Miss, you have done very well," Robert said with a thumbs up, "I am very satisfied with your performance today, I feel very honoured to know a young lady like you who is so persistent in her principles, if there is time in the future, I wonder if you can enjoy a drink with me?"

The receptionist, confused by Robert, looked at him with a dismayed expression and said, "Thank you Mr Robert for your kindness, if I have time one day, I will certainly accept your invitation."

"Yes, I look forward to that day!" Robert shifted his gaze to Qin Yao and asked, "This pretty lady, may I go upstairs to see your chairman now?"

"Mr. Robert, please!" Qin Yao immediately showed a smile and made an inviting gesture to Robert, then, to the crowd of bodyguards standing by the side on standby, she said, "What happened just now was a complete misunderstanding, let's all disperse!"

The bodyguards received the order, and only then did they help the fat security guard who was injured by Scarface and another security guard to leave.

Qin Yao whispered to Yang Hui, who had come downstairs with her, and then welcomed Robert and Scarface into the lift. After taking the lift upstairs, she passed through the corridor of offices and arrived at the door of a small conference room.

Qin Yao pushed open the door of the conference room, welcomed Robert and Scarface inside and invited Robert to take a seat on one of the bench sofas in the conference room.

"Please wait a moment, you two, I will now go and brief the chairman." Qin Yao smiled sweetly at Robert and walked out of the conference room with luxuriant steps.

With his keen sense of smell as a senior instructor of Liberty Island, an international first-class assassin and a senior bodyguard, Scarface smelled a strong murderous aura.

He stood straight behind Robert and looked around the conference room, finding no ambush, before turning his gaze to the office door, watching closely for any movement outside.

Whoosh, whoosh, whoosh!

Suddenly, several tall, black-clad men rushed in, quickly surrounding the two men and pointing blackened guns at them.

Robert hurriedly stood up from the sofa and asked loudly, "We are guests invited by your chairman, what do you want?"

Scarface hurriedly put his tall body in front of Robert in a defensive counterattack stance as well as a ready stance to block the robber's eye for his master.

"What are you doing, put the guns away and get out!" While everyone was at a standstill, Zhao Wenlong's voice suddenly came from the entrance of the room yelling.

When the men in black heard their master's order, they quickly put away their guns and scattered in lightning.

Their movements were so fast that they could be described as shapeless and without a trace. As soon as Scarface saw this kind of stance, he knew that they were experts in martial arts, first-class masters.

"If I had just met this group of people in the hall, I'm afraid I wouldn't have been able to take advantage of them." Scarface secretly pinched a cold sweat for himself.

Even though Robert knew that Zhao Wenlong was deliberately giving him a downward spiral, he was still secretly scared, afraid that if he was not careful, he would stay here and die a guest.

This group of black-clad men were the personal guards of Zhao Wenlong, the Dragon Master, and each of them was highly skilled, with a special identity and extremely secretive. Normally, the Dragon Master would not be able to show them off and expose this snowbound force of his prematurely.

It was only when Zhao Wenlong had asked Qin Yao to go and pick up Robert from upstairs that he called the surveillance room to take a look at the CCTV footage of the ground floor lobby and felt that Robert had gone too far and that Scarface, the bodyguard beside Robert, was too arrogant, so he took these people out to show off his forces and thus frustrate these two arrogant foreigners.

Robert was still feeling a little unhappy when he saw Zhao Wenlong walk into the house with a smile on his face after dispatching the group of black-clad men, and complained.

"Mr. Zhao, is this your way of treating guests?"

Zhao Wenlong smiled and explained, "Mr. Robert, there is a saying in the Chinese country that it is not a courtesy to come, you just injured their companions in the hall on the ground floor and it is understandable that they ran over to demonstrate to you."

"Aren't you afraid that the guns in their hands will go off?" Robert questioned.

"It won't." Zhao Wenlong said, shaking his head.

"Why?" Robert asked suspiciously.

"Because the guns in their hands are pressed and unloaded, haha!" Zhao Wenlong laughed out loud.

"Oh, Mr. Zhao, I didn't expect you to be so humorous!" Robert said and laughed along with him.

He smiled a little reluctantly, in someone else's mu of land, Robert didn't dare to act rudely, and could only put on a very amiable and friendly face.

Zhao Wenlong stopped speaking politely with Robert and, after sitting down with him face to face on the sofa in the conference room, opened the door and said.

"Mr. Robert, you must be here for the matter of that shipment of arms supplies, right?"

### **The Policewoman Chapter 118**

.....

An hour passed before Han Shouyi woke up from his pleasant dream.

Suddenly he found himself and Qin Yao cuddled in bed, the room smelling of hormones and the signs of a battle everywhere.

"Ah," Han Shouyi asked as he pushed Qin Yao out of his arms like a shock and hurriedly sat up from the bed, "How did we sleep together, what's going on?"

Qin Yao also followed Han Shouyi and sat up from the bed, deliberately rubbing her eyes, looking at him with a bewildered expression, and said naively.

"I ..... don't know what's going on either, big ..... probably because we were drunk ....."

"What is this place?" Han Shouyi looked around this bedroom, memory slowly recovered, while dressing, while asking, "Where is your Yang Dong? Where is he now?"

"I don't know," Qin Yao shook her head and also followed Han Shouyi as she dressed and got up, looking around for a moment and deliberately replied, "This seems to be the suite we had dinner together, Yang Dong should be outside, right?"

### **The Policewoman Chapter 119**

Two o'clock in the afternoon.

When Tang Huimin appeared at the Municipal Public Security Bureau in full military attire, the whole office building was abuzz.

Everyone had never expected that Tang Huimin, who had been missing for more than half a year, would appear alive and well in people's sight, dumbfounded and staring at each other.

"Holy shit," a female policeman asked in a shocked voice to a male policeman beside her with wide eyes, "is this Tang Huimin? Is she a human or a ghost?"

“Superstition, what age is it that you still believe in ghosts in the world?” The male policeman froze for a moment and said, “Who is she if not Tang Huimin?”

“Didn’t you say she had died? How did she come back to life?” The policewoman slowed down.

The male policeman explained, “I guess she went on some special mission and we were all kept in the dark .....

“I guess so,” the female cop thought the male cop’s words made sense and asked worriedly, “Wasn’t Tang Huimin’s position as head of the criminal investigation team replaced by Zhou Peng? What position did she return to then?”

“That wouldn’t be a problem for us petty cops to solve, when the time comes, we’ll all know.” The male policeman said with a mysterious smile.

Just as everyone was mingling and talking about Tang Huimin’s return, she walked into the doorway of that large office of the criminal investigation team and took the lead in greeting her former subordinates.

“Hello, everyone!”

“Welcome Captain Tang back to the team!” As soon as the words of a male police officer fell, the office then erupted into a thunderous applause.

Everyone then launched into greetings to Tang Huimin.

“Team Tang, how are you!”

“Team Tang, you’re back?”

“Team Tang, where have you been for the past half year? We missed you so much!”

.....

Tang Huimin smiled and did not answer, during these half a year, Tang Huimin had gone through so many trials and tribulations, it was not something that could be said in a sentence or two.

Besides, Tang Huimin’s experience was an unseen part of her life, she didn’t need to go public and talk about it to the police officers.

At this time, Zhou Peng arrived at the office door.

Seeing everyone surrounding Tang Huimin in the middle, he remembered how he had been upset when he had seen her and Lin Kai hugging and kissing in the military sanatorium, so he sank his face and said loudly.

“During working hours, what are you all doing here fooling around instead of working properly?”

“Team Zhou, Captain Tang is back.” Someone said with a sneer.

“Oh, I see,” Zhou Peng said as he gave Tang Huimin an unnatural glance, “All of you disperse! Do what you need to do and go on!”

After everyone had returned to their office positions, Zhou Peng then dropped his gaze on Tang Huimin and said, "Tang Huimin, Deputy Director Yan wants you to go to his office ....."

Tang Huimin saw that Zhou Peng was speaking in a hard tone, even his address had changed, and knew that he was angry with himself, so she pretended as if nothing had happened and asked.

"Hello, Team Zhou, what is it that Chief Yan wants to see me about?"

Zhou Peng found that he had lost his temper and managed to squeeze out a smile on his face and said, "Not really, you'll know when you go."

"Okay, thanks!" Tang Huimin said politely, turning around and walking out of the office.

Zhou Peng also left in succession.

When the officers saw that this Zhou Peng, who had once been respectful in front of Tang Huimin, was now showing such a cold attitude towards Tang Huimin, they began to talk again.

A male policeman asked in a whisper, "Does this boy Zhou Peng think that he can stop buying Tang Huimin's account just because he has become the head of the criminal investigation team?"

"Who knows? I feel sick when I see this villainous look of Zhou Peng." Another male policeman complained loudly.

A female policeman warned, "Keep your voice down, if Zhou Peng hears this, be careful of his retaliation and give you small shoes."

"I'm not afraid anymore, the big deal is that I'll take off my police uniform and quit." The male police officer bristled and said unconcerned.

.....

When Tang Huimin knocked on the door of Deputy Director Yan Zhengkuan's office, Yan Zhengkuan stood up from his office chair with a smile on his face, welcomed her into the office and said.

"Captain Tang, you're finally back, welcome back to the team!"

"Thank you, Chief Yan," Tang Huimin said, knowing that everything she had experienced was entirely thanks to this pig-like looking man, and was disgusted for a moment, but in order not to reveal her thoughts, she put on a flattered look and asked, "Chief Yan, you asked me to come over, what are your orders?"

"I can't talk about instructions, I just want to invite you over for a chat," Yan Zhengkuan pointed to a wooden stool opposite his desk and said, "Sit down first, let's talk slowly ....."

Tang Huimin hesitantly sat down on the stool and asked, "Director Yan, what do you want to talk to me about?"

Yan Zhengkuan thought for a moment and said, "Since your disappearance, Zhou Peng has taken up the position of head of the criminal investigation team, during this period, Zhou Peng has worked conscientiously and responsibly, performed very well and solved many cases, if we ask him to give up his position now, I'm afraid it's a bit difficult ....."

"I understand what Director Yan means," Tang Huimin said after a pause, "as long as you don't fire me and let me stay in the police station, as or not the head of the criminal investigation team, I don't think it matters ....."

"See where you're going with this?" Yan Zhengkuan collected his smile and said, "You are the elite of our police force, how can you be fired? For your sake, Chief Xiao Wenbin has already called several of our deputy chiefs together for a meeting, and after studying and deciding, he is going to transfer you to the Public Security Division as the deputy director, I called you here because I want to consult your opinion."

"I don't have any opinion, I'll listen to the organisation's arrangements." Tang Huimin replied.

She knew in her heart that Yan Zhengkuan's arrangement for her to go ahead and become the deputy director of the Security Division was a half-level promotion on the surface, but in reality there was no real power, and this was a trick to play with herself as an explicit promotion and a secret demotion.

She could not do anything about the old man, so she could only follow his orders.

"OK," Yan Zhengkuan nodded in satisfaction and said, "Since you have no comments, I will let the personnel office issue your appointment documents."

At this time, the landline on the desk rang.

Yan Zhengkuan picked up the handset and asked, "Who is it?"

"Old Yan, this is Xiao Wenbin, has Tang Huimin reported back to the police station yet?" The voice of Chief Xiao came over the microphone.

"Back, she's in my office." Yan Zhengkuan replied.

"Did she agree to accept our decision?" Xiao Wenbin asked.

"Well, agreed." Yan Zhengkuan nodded, while dropping his gaze to Tang Huimin.

"Then you tell her to come to my office." Without waiting for Yan Zhengkuan to say anything, Xiao Wenbin had already hung up the phone, and a beeping blind tone came from the microphone.

After Yan Zhengkuan put the receiver back on the landline, he said to Tang Huimin, "Xiao Tang, that's it, Chief Xiao wants you to come to his office."

Tang Huimin then stood up from the stool and turned around to walk towards the outside of the office.

"Stinky woman, you're still a bit young to fight with me, let's see how I'll clean you up later!" Looking at Tang Huimin's figure disappearing at the office door, Yan Zhengkuan's face revealed a shady smile.

## **The Policewoman Chapter 120**

When Tang Huimin knocked on the door of the director's office, the director, Xiao Wenbin, warmly welcomed her inside and let her sit down on the bench sofa in the office before personally pouring her a cup of warm water in a disposable cup and putting it on the coffee table in front of her.

Afterwards, Director Xiao sat down opposite Tang Huimin with a concerned look on his face and asked, "Xiao Tang, I heard that you were injured, how is your recovery?"

“Thank you, Chief Xiao, for your concern, my injuries have healed.” Tang Huimin replied with a smile.

“Don’t be polite, it’s good that you’re fine,” Chief Xiao asked eagerly, “We’ve decided to appoint you to the post of Deputy Director of the Public Security Division of the Municipal Public Security Bureau, Chief Yan has given you the word, right?”

“Yes, he has given me the talk,” Tang Huimin asked with a puzzled look on her face, “Chief Xiao, why did you place me in the Public Security Team instead of staying straight to the Criminal Investigation Team? I haven’t caught those gangsters from the Black Dragon Gang and avenged myself and my dead husband yet.”

“Who said you wouldn’t be allowed to take revenge?” Xiao Wenbin said with a serious face, “In fact, transferring you to the Security Division is entirely my intention, I have a more important task for you .....

“What mission?” Tang Huimin asked eagerly.

“It’s like this .....” Xiao Wenbin said after giving an explanation to Tang Huimin, “This task is quite arduous, for fear of alerting the snake, don’t spread the news for now, understand?”

“I understand, I promise to complete the mission.” After listening to Xiao Wenbin’s secret order, Tang Huimin’s heart was enlightened.

.....

At noon today, after Yang Hui and Qin Yao used the “beauty trick” to get Han Shouyi, the head of the customs department, to take care of them, Han Shouyi was afraid that his indecent photos with Qin Yao would be exposed and thus affect his career, so he could only accept their conditions and sign the procedures for shipping exempted products.

Yang Hui then called the news to tell Zhao Wenlong, who immediately got in touch with Yan Zhengkuan and asked him to appoint Zhou Peng, the head of the criminal investigation team, who had also been dragged down by them, to lead the police for the armed escort.

.....

The night was enchanting.

The bustling streets of Yanjing were brightly lit, with people coming and going and traffic flowing.

The buildings on both sides of the street were illuminated by neon lights, and this modern city was immersed in a sea of lights, heralding the start of the city’s nightlife.

Groups of night owls emerge from their homes and enter the upscale bars, nightclubs, saunas and bathing centres, where they are to enjoy all the wonders of life in a romantic setting.

9.30pm.

The main members of a special forces base in Yanjing City gathered in Zhang Tianhu’s office for a meeting.

Beep!

Suddenly, the mobile phone in Lin Kai's pocket vibrated.

Lin Kai picked up his phone and a text message was displayed on the screen, its content was as follows.

"That shipment of arms supplies has departed from Wolong Mountain and is scheduled to be transported to the customs dock at ten o'clock tonight, with local police escorting it, send someone to intercept it quickly!"

Lin Kai looked at the time display on his mobile phone screen, it was already ten o'clock at night.

"Instructor Zhang, there's an urgent mission!" Lin Kai said to Zhang Tianhu.

"What urgent mission?" Zhang Tianhu asked, puzzled.

Lin Kai handed his mobile phone to Zhang Tianhu, who was shocked after reading the text message, and then barked at everyone.

"The situation is urgent, we have to split up and move."

The group then discussed the course of action.

Lin Kai drove his Mercedes Benz sedan, along with the military jeep driven by Zhang Tianhu and the others, and set off from the special forces base to the customs dock.

.....

At this moment, Zhao Wenlong sank down on a soft sofa chair in the office of the chairman of the Dragon Python Group of Companies.

In order not to reveal his true identity as the Dragon Master, he had put Yang Hui out as the leader of the Black Dragon Gang, "Master Dragon", and was responsible for contacting Yan Zhengkuan, Han Shouyi and Zhou Peng, as well as making careful arrangements and arrangements for the safe transportation of the arms supplies.

Nevertheless, he was still very worried because he knew that if anything happened to the arms shipment, the Black Dragon Gang would be badly hit and many people would be involved, and he would not be able to explain to Robert, the arms dealer.

After receiving Yang Hui's call, he was informed that the arms shipment had arrived at the highway toll booth, Zhao Wenlong immediately told them to follow the pre-arranged plan.

"Master Long, it's not good, someone has probably leaked the news about that shipment of goods." An anxious voice of a man was delivered over the microphone.

"What do you mean? Someone has leaked the news?" Zhao Wenlong was surprised and asked, "Do you know who leaked it?"

"Not sure," the other party explained, "Director Xiao called just now and asked me to send a car to take him to the customs dock, I guess it was for the arms shipment, so I'm calling you ....."

"Ah? How come?" Zhao Wenlong shouted out of breath.

"Master Long, what do you think we should do now?" The man asked anxiously.

The man's name was Wang Xiaoming, the director of the Municipal Public Security Bureau's office, he was an undercover agent sent by Master Long to Xiao Wenbin, the Chief of the Municipal Public Security Bureau, and was mainly responsible for collecting information from the Public Security Bureau.

It could be said that he did his duty to Master Long.

"Things have come to this, never let Xiao Wenbin reach the customs dock, and as a last resort, do away with that old man, understand?" Zhao Wenlong said in a commanding tone.

"I understand, I'll do as you say now!" Wang Xiaoming hurriedly replied.

After putting down Wang Xiaoming's phone, Zhao Wenlong was angry and anxious, and quickly dialed Yang Hui's mobile phone.

"Where are you now?" Zhao Wenlong asked in a deep voice.

"I'm on my way to drive to the customs dock." Yang Hui replied.

"Where are Yan Zhengkuan and Zhou Peng? Are they with you?" Master Long asked coldly.

"No, they're in the other car," Yang Hui asked, feeling that something was wrong with the situation, "Master Long, what's wrong, did something go wrong at some point?"

"You stupid pigs, how do you work? Someone leaked out and didn't even know?" Zhao Wenlong scolded angrily.

"No way?" Yang Hui asked in surprise, "Master Long, is this information reliable?" .

"Of course it's reliable," Master Long said sternly, "Xiao Wenbin, the head of the city's Public Security Bureau, is going to the customs dock right away, if it's not for this shipment of ours, what is it?"

"Huh?" Yang Hui was shocked and explained, "Yan Zhengkuan and Zhou Peng have been with us since they arranged for the CID police to go to the freight terminal and the highway toll booth to escort that shipment of arms for us respectively, they no longer have the time or reason to leak the news ah?"

"Of course they won't, what about Han Shouyi of the Customs Division? Can you guarantee that they won't reveal it to the outside world?" Zhao Wenlong reminded.

"This afternoon, after Han Shouyi led us to the customs office and opened the shipping procedures for us, he went with us to the Red Capital City nightclub. In order to prevent him from contacting the outside world, I purposely asked Fan Yan, the head waiter in the nightclub, to arrange for Big Qiao and Little Qiao, the twin sisters, to accompany him all the time, so it was impossible to pass any news to the outside world ....." Yang Hui tried his best to explain something to Master Long.

"Well, I don't want to hear that," Zhao Wenlong immediately interrupted Yang Hui's call and said impatiently, "Things have come to this, you have to find a way to ship that shipment safely no matter what, if anything goes wrong, I will test you."

"I understand," Yang Hui assured Master Long, "Please rest assured, Master Long, the goods are there, but if the goods are lost, the people will die!"

“Don’t say these demoralising words, I’m sure that you’ll get the job done,” Zhao Wenlong encouraged, “Just do what we’ve discussed beforehand, don’t think about anything, if anything happens, someone will be on top to cover for us... ..”
