

Nothing to Give but My Heart Chapter 1131 – 1140

Chapter 1131

Staring at her makes her back hot.

In the end, Jessica couldn't stand it anymore, so she could only hide in the kitchen and couldn't work in it.

Seeing that she was really strange, Janis made an excuse to go out to deliver food, who knew she was stopped by Jessica.

“Mom, you are not allowed to go out, you can only stay here with me.”

“What silly thing does this kid say? Mom went out to order the food and walk away quickly.”

“I don't, you have an excuse to deliver food, you must go out to find someone.”

Jessica knows Janis too much, but she has decided not to have any problems anymore, so she should not let Janis know, let alone meet.

It is even more embarrassing after saving.

“Who said that? Who am I looking for? Didn't you see that the shop is so busy? Mom just went out to help.”

Jessica said with a grimace: “The kitchen is also very busy, and it's the same if you help here.”

Anyway, no matter what Janis said, Jessica just didn't want to let her go out until the twilight, and Jessica stayed in her seat after dinner.

"Has that man gone?"

She called the clerk and asked carefully.

The clerk shook his head.

"It's still there, madam, don't you really go out to take a look? I think he has been there all day, and he hasn't eaten yet, or..."

"Don't think about it!" Jessica immediately interrupted her: "I know what you are thinking, but you can't! You hear it?"

"Don't you just starve for a day before she went to the banquet with him that day, she was hungry and didn't eat for a whole day. What did she get in return?"

She shouldn't be so stupid. He wants to wait, if he wants to eat or not, then let him go.

Jessica knew that he must have come for the sixty thousand yuan.

Jessica couldn't stay in the kitchen until nine o'clock in the evening, and she didn't want to open her eyes anymore.

"Has he not left yet?"

"Yes, the boss."

"..."

Why are you not leaving?

Jessica doesn't understand, is it just for the 60,000 yuan? Isn't this necessary?

"Yan Yan, what is going on? People are waiting outside. I think you should go out and make it clear?" Although Janis is curious, she loves her daughter even more.

When she saw her daughter crying like this that night, how could a mother feel unhappy? Now she avoids seeing this man, probably this one made her daughter cry that night.

"Something has to be resolved, isn't it? It's useless if you keep running away like this."

"Mom, I'm not running away..."

Where is she escaping, she just doesn't want to behave herself anymore.

"It's not an escape. Then you go out and tell them clearly. You have been waiting for a day, so you can see that you are a very caring child."

Janis had been persuading Jessica, and Jessica's defense was gradually worn out, and she nodded helplessly.

"I know Mom, I will go out and tell him clearly."

"If you have anything to say, don't hold it back." Janis told Jessica, pulling her sleeves: "Have you heard? It's easy for everyone to say things clearly."

"Got it."

Victor Han came alone, but he didn't expect that he would wait here for a day. The little girl is still unwilling to come out to see him.

He is also a person with very good emotional self-control, so he has been waiting here, and he has not produced any bad emotions until now.

When Jessica came out of the kitchen, she was thinking.

“After a while, you must preemptively take the initiative, take the initiative, and then pick and understand the words, don't behave yourself!”

Finished talking in a hurry, and let Victor Han go away! Don't come to her again in the future!

When the little girl came over, Victor Han was answering a call, “Well, almost, later...”

Seeing the little girl's figure appeared in front of him, Victor Han quickly cut off the phone.

“Coming?”

When the little girl came to him, Victor Han asked indifferently.

Jessica was a little surprised. She thought he should be emotional after waiting for a day, but she didn't expect his tone to be so thin. Was he not interested?

But what does it matter to her?

“You are looking for me for 60,000 yuan, right?” Jessica asked straightforwardly.

Victor Han was slightly taken aback, and pursed his thin lips.

He had guessed that Jessica had transferred the 60,000 yuan to him, but the reason for it was not that.

“I heard that you gave up a business to run the police station last time and lost a lot of money. You bought the dress and skirt for me that day. I know I owe you a lot of money, but... I will slowly save Get back to you.”

Pay back?

Victor Han frowned when he heard this word.

“Lin Xuzheng told you?”

Jessica didn't want to confess Lin Xuzheng, so she denied it very quickly.

“No.”

She denied it, and Victor Han didn't seem to intend to pursue it anymore, but narrowed his eyes lightly, and said quietly, “This matter has nothing to do with you. You don't have to admit responsibility.”

Is it okay with her? Jessica twitched his mouth mockingly.

“Okay, you said it's okay, then it's okay.” But she want to pay the money, it doesn't matter to him.

Looking at her, Victor Han was not sure, narrowed his eyes slightly, and asked about the affairs of the past two days.

“Are you busy these two days?”

“Why, ask me for something?” Jessica still looked at him lightly, Victor Han’s eyes were dark, and his brows were hidden with a hint of sharpness.

“You didn’t come to the company.”

Hearing, Jessica made a sudden enlightenment on her face: “It turns out that it was because I didn’t deliver food to Mr. Victor? You are right. I was really busy these two days and it was not convenient for me to go. , You saw it just now, the shop is too busy for me to leave.”

After these words, there was a moment of silence between the two.

“Come here tomorrow?”

After a few seconds of silence, Victor asked calmly.

Jessica: “...”

She blinked and looked at Victor Han with handsome Rong in front of her, half of his face hidden in the night, looking unreal.

“No,” she said.

“Yeah.” Victor Han nodded, indicating that he knew it, and asked, “What about the day after tomorrow?”

“...”

Is he really ignorant, or is he acting stupid?

Jessica bit her lower lip, always feeling that Victor Han was deliberately laughing at her today, right? That’s why he asked her this kind of question. Did he think that as long as he hooked her finger, she would run over again?

No way!

Thinking of this, Jessica bit her posterior molar hard, “No way.”

“When will you come?”

Hearing this, Jessica finally understood. He didn’t understand, but he was really pretending to be stupid. She couldn’t help but curled up her lips and gave Victor Han a mocking smile.

“If you don’t pass it, you won’t go again in the future.”

This sentence, she said resolutely, the eyes full of vigor and smile on weekdays gathered at this moment with firmness.

“I won’t come to your company to look for you in the future, and you don’t come to me either.”

Victor Han, who had always been indifferent, finally frowned at this moment.

Chapter 1132

The night wind blew through, and the broken hair in front of Jessica’s forehead was blown up, and the eyes underneath were still firm, and there was no superfluous expression on a white face.

“I have finished what I want to say. If there is nothing wrong, please ask Mr. Victor to leave.”

The tall figure stood in place, without any reaction, only a pair of dark eyes staring at her.

He didn't mean to leave. Jessica waited, but he still didn't leave. She simply turned around and went back to the store without looking at him.

When she entered, Janis was watching not far away. She watched with satisfaction at her daughter talking with the young man standing at the door.

Although the distance is not very close, Janis still sees the man's appearance clearly, she looks like a dragon among people, and she has a calm mood from the beginning until now. There is no excitement. No wonder she can let her daughter do for him. Sad and sad.

Seeing her daughter came back, Janis tried to stop her, but failed to stop her, so she had to follow Jessica into the kitchen.

"How's the talk? Did you open it up as Mom told you?"

"Opened up."

Jessica replied in a sorrowful way. She was originally full of enthusiasm. After seeing Victor Han, her whole person was like a puppet who had lost the string, lying there weakly, very world-weary.

"Open it up, what's the result? Why do you look weak? Did the two of you fail to negotiate?"

"Mom, don't gossip like this." Jessica turned her head and lay on the table.

Janis immediately came around again.

"Mom is concerned about my daughter's emotional life, why is it gossiping? I am not concerned about other people's affairs. I look at the man's talent from a distance. I have waited for you for a day. Don't just worry about anything. Get angry yourself."

“I didn’t just care about getting angry. He waited for me just because of other things. I have already made it clear to him, and I won’t have any more contacts in the future.”

When it came to the last sentence, Jessica seemed to have lost all her strength and hid her face in her palm.

“...” Janis.

The daughter said so, she didn’t know what to say.

In this way, it was closed in the evening, and there was still that figure in front of the ramen restaurant. Several employees got off work one after another, and they gathered together for a quiet discussion when they left.

“Ah, he’s so handsome, he seems to be even more handsome than the man who came to see the lady boss last time. It’s been a day for our lady boss? Why does the lady boss ignore him?”

“I don’t know, maybe our wife boss doesn’t like him? That’s why I don’t want to care about him?”

“The boss’s vision is so high that such a high-quality man can’t look down on it.”

“Our lady boss is simply an invisible cow. She runs a ramen restaurant, and there is such a man who drives a luxury car to come to her. Does she have another hand in teasing a man?”

“Don’t talk nonsense, didn’t the Mr. Lin boss’s mother told us last time, that she rented the noodle restaurant to our boss, and they have a wife and are very infatuated with his wife.”

“Cut, a man can have a few infatuation, just talk about it, who knows if it will make a couple in the future?”

“The deceased is the big one, so don’t talk nonsense and go.”

A few people gathered together and left.

When Janis packed her things and was about to leave, Victor Han was still standing there unexpectedly, she couldn’t help but stepped forward and said something.

“Sir, why don’t you go back first? I have waited for a day today and haven’t eaten anything.”

Seeing the other’s age, Victor Han’s eyes moved, “Auntie, hello.”

“Hello, I am Jessica’s mother.” Janis introduced herself, and then said: “Don’t wait, go back early, don’t ruin your stomach.”

The corners of Victor Han’s lips moved, revealing a shallow smile.

“Thank you for your concern, Auntie, I will wait a while.”

When Janis persuaded him not to move, and the other party was very polite, she also kept a sense of distance. What surprised her was that he didn’t beg her mother to speak for him. This made Janis even more admired.

So Janis went back to the kitchen, pulling Jessica’s collar.

“When you get up, when are you going to be paralyzed? Are you still going home?”

Jessica was picked up lying there, her expression a bit resentful.

“I’m tired for two days, can’t I take a break?”

“Even if you want to rest, you shouldn’t rest here. Go back and take a shower, eat something and sleep on your big bed.”

Jessica: “...”

Helpless, she had to get up and clean up, and finally went out with Janis.

Then when he walked to the door, Jessica’s steps stopped for a while, and there was an inconspicuous expression on his face. He actually...hasn’t left?

Originally Jessica thought that after she said something, according to Victor Han’s temperament, she would definitely leave.

Unexpectedly, he was still here.

Janis winked her eyes.

“Do you want to go over and talk about conversation?”

Jessica frowned and said, “Mom, did you do it on purpose? You didn’t tell me in advance?”

“If I tell you in advance, don’t you have to go home tonight?”

“...”

This reason is so powerful that she can’t refute it.

Jessica walked over with a stupid expression, as if she hadn’t seen Victor Han still standing there, she had already decided, and she must strengthen her position.

If she waited for a day because of him, she would feel relieved.

How do you count the injuries she suffered before?

She didn't want to continue to behave like this.

The door of the ramen restaurant is very wide, but because Jessica and the others are going to pass by Victor Han's side, Jessica wants to go this way and go around directly, but Janis stops him.

"Anyway, you don't plan to talk to him anymore, are you afraid of passing by him?"

Finally, Jessica was pulled by Janis and passed by Victor Han.

Then, when passing by Victor Han, Jessica heard his cold voice sound.

"I have something to tell you."

Have something to tell her? Say what? Jessica evoked a sarcasm smile in her heart, without replying, she even walked fast.

Victor Han frowned slightly, couldn't help but stepped forward and blocked her way, then looked at Luo Janis apologetically.

"I'm so sorry, Auntie, for taking you a few minutes."

Janis said: "You young people will solve your problems by yourself, I will wait next to you, Jessica, speak well."

Jessica: "Mom..."

It was late now, many shops on this street had closed, and the street lights stretched the two figures very long.

At the end of the day, Victor Han seemed to be a little embarrassed, not as refined as usual.

Looking at Victor Han like this, Jessica's heart is a little dark and refreshing, let you experience the usual feelings of me.

That day, she was hungry like this, all day.

If you say, it's fine to get what you want in the end.

Unfortunately no, she was seriously injured.

Thinking of this, Jessica said coldly.

“Do you have something to tell me? Unfortunately, I have nothing to tell you.”

Chapter 1133

Compared with the last time at the banquet, Jessica today has become unfeeling.

When facing him, she no longer feel uneasy, no longer nervous, look at him even with sarcasm, and look directly at him when speaking, without fear.

She is very good like this.

However, what Victor Han said from her mouth was not what Victor Han wanted to hear.

His eyebrows have been frowning tightly, and the aura around his body has been in a state of low pressure. He took a step forward, "Then you listen to me, I have to explain that night."

Speaking of that night, Jessica's expression changed, and she instantly remembered the scene where she stupidly closed her eyes and waited for him to kiss, only to open his eyes but was pushed away by him.

At that time, Victor Han must have seen her like that, and he must think she was stupid!

Even now Jessica thinks about it herself, she feels stupid and complacent.

When things have developed to the present, she is disgusted with herself in her heart. If she entangles with Victor Han again today, she will really kneel and move forward in her life.

Thinking of this, Jessica said indifferently.

"Mr. Victor doesn't need to explain, I can see the truth clearly."

Victor Han looked at her with clear eyes.

"I drank too much that night, so..."

"Enough!"

Jessica suddenly stretched out her hand to cover her ears, and took a big step back emotionally, her eyes widened, and tears flickered in her eyes. "I've said it all, you don't need to explain, I see it very clearly, what else do you want?"

The overreaction also made Victor Han useless, standing still, frowning even more tightly.

From that night to now, Victor Han has always wanted to find a chance to explain, but she has not come, now he has come, and waited for her one day.

Unexpectedly, she would not even listen to an explanation.

While covering her ears, Jessica said loudly, "I was ignorant before and did a lot of things that bothered you. I promise that this will never happen again in the future. If you really think I am too much, then Please let me go for your sake, sister!"

After speaking, Jessica ran away from him regardless of Victor Han's reaction.

Because of her emotional excitement, Victor Han couldn't stop her anymore.

Janis was waiting on the sidelines.

She shouldn't have eavesdropped on the young man's conversation, but she was curious and worried, so she quietly moved a little step closer to them, wanting to hear what they were talking about.

But who knows, she only moved a few steps, and her daughter was suddenly emotional and roared, almost not scaring Janis into a heart attack.

Soon, Janis saw that her daughter was in a bad mood, and while covering her ears, she was talking loudly to the other party, attracting the attention of many people on the roadside.

When it was finished, Jessica ran away.

At this time, even if Janis felt that Victor Han had waited for a day to be more interested, she was so angry with her daughter that she didn't want to talk to him anymore.

So without even looking at him, she chased Jessica directly.

Jessica was so excited that she ran far away until she was panting. She didn't stop until she lost strength. She leaned on the side of the road, bent over and gasped, panting like a lack of oxygen.

Janis caught up behind her and followed her to gasp.

"Oh, you chased me to death Yan Yan, are you all right?"

Hearing Janis's voice, Jessica realized that she had become so gullible for a man in front of her mother just now. She was completely stunned, and then turned her head to look at Janis.

"Don't be sad." Janis smiled, stretched out her hand to support her, and gently wiped the tears from the corners of her eyes, "A little thing, and my mother doesn't blame you for the way you were just now. In many cases, people's emotions are beyond control. , Now we are home, okay?"

Jessica was originally emotional and caused tears to overflow from the corners of her eyes. Now after listening to Janis's words, she really felt aggrieved.

At first she just squashed her mouth to endure not crying, but later she could only bite her lower lip, from gentle strength to gradually aggravating, and finally the lower lip was bitten by her to bleed, still unable to hold back the grievance in her heart. Tears are bursting.

"Hey, let's go home first." Janis stepped forward and took her daughter's shoulder lightly, holding her forward like her good sister.

Night

After Jessica had cleaned up, she showed a pale smile to Janis who had been with her.

“Mom, you don’t need to be with me, go back and rest.”

“Really? Are you alone?”

“I’m not a kid anymore. Even if mom doesn’t care about me, I can adjust these things by myself. Don’t worry, it’s not too early now. Go wash and rest early. Don’t delay.”

Although she felt as uncomfortable as being stabbed, Jessica still didn’t want to see her mother tired because of herself, and because of the little things like feelings.

Speaking out, she really want to laugh off the big teeth of others.

“Okay, you have a good rest here. If you have anything to do, you can call mother next door, you know?”

“Got it...”

Janis finally left, Jessica lay on the bed blankly looking at the snow-white ceiling.

After a long time, she turned over and turned off the lamp on the bedside table.

The room was plunged into darkness, only a pair of moist eyes, faintly shining in the dim moonlight.

The next day, the sun was still rising, Jessica got up to clean up and went out. When passing by the square, she saw that the group of square dancing aunts were still enthusiastic and active. The big screen changed another star's slogan.

The white clouds and blue sky remain the same.

Sure enough, no matter what happened, the earth was still spinning.

No matter how sad she is, she still has to welcome a new day and work hard to make money and pay off her debts.

When she arrived at the ramen restaurant, Jessica stopped when she walked somewhere, and stood there thinking back to last night.

It was here that he waited for her for a day.

In the eyes of many people, he is indeed very interested.

But his action broke Jessica's heart completely.

She never wanted to behave herself.

Thinking of this, Jessica took a deep breath and opened the shop.

Han Group

Yesterday, President Han pushed down all the itineraries, and then went out for a whole day without returning to the company. Su Jiu could only deal with all the things she could handle, and then arrange today's itinerary more intensively.

However, early in the morning, Su Jiu felt that Victor Han's aura was wrong, and it was terribly low. When you talked to him, he didn't answer, and just stood there with a calm face, which made people feel very depressed.

Su Jiu touched her nose, stepped back a little farther, and then looked at Victor Han's back.

Having been Victor Han's secretary for so long, why did Victor Han go out yesterday, how could she not know?

It just seems that the result of going out yesterday is not satisfactory?

Chapter 1134

Thinking of this, Su Jiu sighed in her heart.

If the result of going out yesterday is not satisfactory, then next...

This conjecture was confirmed when Jessica appeared at the company at noon.

The people who wanted to wait didn't come. It seems that Victor Han didn't take care of the matter when he went out yesterday, and it was serious?

Su Jiu couldn't help but guess. After she consulted the front desk that day, it seemed that the front desk did not lie, and the front desk told Su Jiu about the conversation between both sides. Su Jiu also felt that based on Jessica's lively temperament, how could it be possible? How angry is it that a few women say a few words?

And even if they were really angry with a few women, they were angry with them, and it had nothing to do with Victor Han.

Although Su Jiu and Jessica are not particularly familiar, but how to say they have known each other for so long, so that they don't even know that Jessica is the kind of person who won't be angry.

Excluding this, then only the night of the banquet.

Su Jiu sent Jessica over at the night of the banquet. Later, when she left, she didn't actually leave. She just hid in the distance and left with confidence when she saw Victor Han pick up the people. When he saw that scene, Su Jiu still felt that Victor Han was jealous.

Su Jiu is still thinking, maybe these two people will become like in a few days~

Whether it's done, Victor Han has been single for so long, it's time to find a girl~

But who knows, things just turned into this one night.

So the question is, what happened that night? After thinking about it, Su Jiu couldn't figure it out. What happened that night would cause the relationship between the two to become so stiff and so bad?

In the afternoon, Su Jiu went directly to knock on Victor Han's office.

"In."

Victor Han's voice was deserted and could not hear any emotions.

Su Jiu opened the door, stood in front of the desk, and said while flipping through the information in her hand: "I think there are a few omissions about the Qingshuihe project, so..."

“It’s fine if you decide.” Before she finished her words, Victor Han interrupted her by knocking on the table impatiently with her fingertips.

This was the first time that Su Jiu saw Victor Han’s impatient appearance. He didn’t even listen to others’ words. It seemed that the situation this time was really serious.

She closed the folder with a snap.

“Mr. Victor, although I know that I have no right to ask about your personal affairs, what you have done in the past two days has seriously affected your work, so I have to ask, what happened?”

When raising this question, Victor Han frowned, as if he was unhappy, but after all, there was no attack, just a cold voice: “Go out.”

Su Jiu stood still, with a slight smile on her lips.

“Mr. Victor, how can I say that I am also a girl? Girls should know girls better, or else, if you tell me about it, maybe I can help you?”

Hearing, Victor Han moved slightly in his heart, and his faint gaze flicked across Su Jiu’s face.

She was right. They are all girls. Maybe she knows girls better.

But...

Victor Han’s eyes darkened a bit, and his voice was unprovoked and a touch of exhaustion: “Go out.”

“...” Su Jiu thought she could move him, but she didn’t expect that he still rejected her proposal, “Well, since President Han is so stubborn, let’s go on

like this, but since I am President Han's secretary, then Just listen to Mr. Victor's instructions at any time, and you can ask me whenever you need it."

After leaving the office, Su Jiu couldn't help rolling her eyes in the direction the office was facing.

You deserve to be single.

When Phillip came to the store, Jessica couldn't feel refreshed, so she asked a few words, but Jessica said that he was all right, and asked him not to come in the future.

Phillip was silent for a moment, and then asked other people what happened during his absence.

In fact, the staff sisters don't know much, they just told Phillip what happened recently in the store. Phillip was silent for a long time after listening.

"Big Brother Xiao, you often come to the store to help, do you like our little Yan sister?" A girl plucked up the courage to ask.

When asked by the other party, Phillip was stunned, then nodded and admitted, not at all ambiguous.

"Really, I said that Big Brother Xiao likes Sister Jessica, they still don't believe it. But Big Brother Xiao, I think Sister Jessica..." She didn't dare to say anything later, for fear that it would make the other party unhappy.

Phillip smiled faintly.

"Are you trying to say, she doesn't like me?"

The girl nodded hesitantly, and then hurriedly said: “No, I didn’t mean that, Big Brother Xiao, you can catch up with Sister Jessica by working harder, really!”

“Really?” Phillip’s tone was bitter: “I hope so too.”

It’s a pity that the time left for him is getting less and less, and I don’t know if Jessica’s side has settled until the young woman has given birth?

That afternoon, Phillip was leaving again, and this time he was leaving for nearly half a month, so he went to Jessica to say goodbye.

After Jessica knew, Mu Mu nodded. “Then I wish you all the best.”

Phillip saw this reaction in his eyes, sour in his heart. He smiled slightly: “Since I have been away for so long, things may be different when I come back. Before I leave, can I hug you?”

“Give me a hug?”

Jessica stared at the handsome and warm man in a daze. Although she rejected him, there was still a faint warmth between his eyebrows and her eyes had never been blamed.

Her lips opened slightly, and when he reached her lips, she swallowed back and nodded instead.

“Thank you.”

Seeing her nodding, Phillip took a big step forward and embraced her with open arms.

He was tall and he wrapped her around her arms, Jessica only felt her cheek hit a hard and warm chest, and then she heard a strong heartbeat.

It happened again and again, as if hitting her cheek.

His arms are quite warm and possess his exclusive aura, which is now full of her.

But Jessica knew that she shouldn't have been entangled with him for too long, so after being held by him for a while, she moved and wanted to break away.

Who knows that her body has just struggled a bit, the big hand that was originally just hugging her shoulders moved directly down and hugged her waist tightly. Hold her very tightly.

"Uh." Jessica exhaled softly, unable to react for a while.

His hands were burned on her waist like burnt iron, and he held her tightly, Jessica felt a little out of breath.

Phillip suddenly let go, then looked at her with a smile, and put his hand on her head and rubbed it gently.

"Sorry, I didn't control myself just now."

Jessica: "..."

You are leaving now, what can I say? Can only accept it silently.

"Forget it, I don't care about you, you have a safe journey."

Phillip opened his lips, he wanted to say two more words, but he didn't make a sound, and finally said helplessly, "Well, then I'm leaving."

She doesn't know if it was Jessica's illusion, the two words that always felt she didn't make a sound.

Is saying...

Wait for me.

Chapter 1135

Soon Phillip left. After he left, Janis ran over to her daughter and said quietly.

"In fact, I think this young man Phillip is very nice, hardworking and capable, and kind to people, he looks quite worthy of trust."

Hearing, Jessica glanced at Janis with a faint look, and Janis immediately sneered: "Just talk about it, they've already left anyway."

Also, anyway, Phillip has already left, and Janis can't hear what Janis said, so what does it matter? Elders are always like this, let her talk about it, anyway, she won't lose a piece of meat.

For a few days, Jessica couldn't lift the energy. It wasn't until Levi came to the store that Jessica barely smiled on her face. After chatting with Levi for a while, she quickly became discouraged.

"Aunt Jessica, the store is not busy today. Will you accompany Levi out to play?" Levi took Jessica's hand coquettishly and gently shook it.

Jessica paused and looked at Levi: "Where do you want to play?"

"Playground."

Playground?

Levi never went to amusement parks before. He didn't like other things that children liked, but before Jessica liked to take Levi together when she was abroad.

Especially when going to ride the roller coaster and the pirate ship, she get excited every time. Levi will look at her contemptuously and say: "Aunt Jessica, you are already a mature adult, don't do it every time. Is it childish? Always like to play with children's things?"

At that time, Jessica liked to pull his ears and said, "What is it that I always like to play with children's things? Isn't this kind of entertainment facility just for relaxing? You haven't seen many adults come?"

Levi was so painful that he squeezed her hand, and said, "Aunt Jessica is bad, they are all with the children."

"Then me too!"

"But I don't want to come, Aunt Jessica will pull my ears again, next time Aunt Jessica will come by herself!"

Hearing, Jessica just let go, and then changed her face to haunt Levi, "Oh, I'm sorry, Levi, did Aunt Jessica hurt you? Aunt Jessica gave you a blow. Would you like to accompany Jessica next time?"

"Huh! Two blows!"

These memories seem to be just yesterday. When Jessica recovered, it was Levi pulling her sleeve down, "Aunt Jessica, are you going?"

"Go." Jessica nodded.

It is difficult for Levi to be so caring. It must be that she is unhappy, so he wants to take her to the playground to have a good time. Let's make her happy.

After Jessica talked to Janis, she went out with Levi and went to a nearby amusement park. The two went crazy until night before going home.

As soon as she got home, Jessica was so tired that she collapsed on the sofa, closed her eyes and fell asleep. Levi went to the bathroom and made a pot of hot water to wash her face. Janis came out halfway through the wash. After seeing the movements of Levi Come over quickly.

"Ouch, you can leave Levi, let me come."

Levi obediently wiped Jessica's face, and was taken to the room by Janis to sleep. When she came back, Janis saw Jessica turned over. The whole person can be said to be hanging on the sofa. Going to fall.

Janis's face changed and she wanted to go forward to remedy it.

But Jessica, who was asleep quietly, turned over again, and fell directly onto the cold floor with a plop.

The dull sound made me feel painful, and Jessica was awakened by the pain because of the fall, holding the painful place of the fall and sitting up with a dazed expression on her face.

"Wake up? Just wake up, go to the room to sleep, if you really fall asleep here, I really don't know how to move you to the room, you also know that you are no longer than before, you are all big girls No, Mom can't hold you anymore."

Jessica looked at Janis and blinked, remembering what happened during the day, then nodded silently, got up and went back to the room, terribly obedient.

Janis was even more worried about her appearance.

Because Janis had seen Jessica's sad look that night, but she has been very well-behaved recently. Although she has no strength, she doesn't cry or make trouble, and seems to hold everything in her heart.

"If you keep holding back like this, I don't know if you will end up with any illness."

Next day

Because it was Sunday, the business in the store was very good. Jessica had to work even if she had no energy anymore. When she came out of her work in the kitchen, she happened to see Janis and Aunt Zhang talking next door.

Aunt Zhang?

Why is she here?

When Jessica was puzzled, Aunt Zhang suddenly saw her, and then rushed in front of her. Janis couldn't stop her, but the expression on her face was obviously annoyed, so she had to follow her quickly.

"It's Yan Yan. Yan Yan is amazing. I opened a ramen restaurant at this age. I think the business in this shop is pretty good, right?"

As the saying goes, don't hit the smiley people with your hands.

Moreover, she is still in the shop, so Jessica pulled her lips and smiled at the other party.

"Aunt Zhang, you're overwhelmed, how come you are free today? How about I invite you to a bowl of ramen?"

Aunt Zhang rubbed her hands embarrassedly, “Thank you, I won’t be polite to you.”

“Then sit down first, and I’ll give you a face.”

“Good, good.”

Not long after Jessica entered the kitchen, Janis followed in.

“Why are you keeping her? Do you know what she is here for today?”

“...What did you do?” Jessica asked dismissively, “Isn’t she just bored? She wanders around every day, and she is gossiping.”

Seeing that she didn’t care much, Janis knew that she didn’t know the truth, so she said directly.

“She wanted to come and say kiss to you.”

Jessica’s hand movement paused.

“Say pro?”

“How about it? There is a distance from home to our shop. She ran to you just to eat a bowl of noodles? What kind of fairy noodles are you?”

“...It was originally a god ramen, you haven’t eaten it before.”

Janis was choked by her daughter, and she was speechless for a moment. Don’t say, her daughter’s craftsmanship is really good, and she is good at seasoning. She can give you a different taste with the same amount of seasoning. Others have good food and good business.

“That’s right, what if she eats delicious food and eats every day in the future?”

Hearing, Jessica gave Janis a strange look: “Mom, what are you talking about? Isn’t it good for her to eat every day?”

“Are you pretty? Where did you go?”

“What’s not good?”

“What if she doesn’t give money?”

Jessica: “...I don’t give free food here, don’t come here if you don’t give money.”

After speaking, Jessica brought out a bowl of ramen.

Chapter 1136

Janis followed her daughter.

Aunt Zhang was sitting on the table, she didn’t know where to put her hands and feet. When Jessica put the ramen in front of her, her eyes lit up when she smelled the scent, and then she took a sip of the soup.

“Yan Yan’s craftsmanship is good. This is a good wife who can make money and cook. It is a great blessing for any man to marry you.”

Hearing, Zhou Jessica’s lips couldn’t help but twitch, really?

“Did you eagerly want to introduce someone to her after a sip of the soup? After all, I’ll talk about it after I finish the food. After all, the ramen she makes is so delicious, and the charm should be great.”

But soon, Aunt Zhang realized that the ramen is delicious, and she was not in the mood to tell Jessica any more, but bowed her head and drank a few more sips of soup, and then started eating noodles.

“Aunt Zhang, eat slowly, I’ll go busy.”

“Yan Yan, don’t leave in a hurry. Aunt Zhang is here today. I have something to tell you.”

Janis’s face on the side: Look, I knew it would be like this.

“Aunt Zhang, you can say something another day. The store is very busy today.”

“No, no, now my aunt will tell you, very soon, in five minutes.”

“...”

“Doesn’t our distant relative have a nephew? He came to look for his aunt a while ago. I saw that young man who was tall and handsome, who looked very real, and heard that he had already bought a house. But I haven’t had a girlfriend until now. I think Yan Yan, you’ve been back for so long, and there is no man beside you? So I just wanted to make a couple for you two, or do you understand first?”

If it was before, someone told Jessica that her pro-Janis must have raised her hands in favor, but she only saw her daughter failing in love a few days before she became a mother. May also cause disgust.

So just now before Jessica came out, Janis already rejected Aunt Zhang once.

Who knows that Aunt Zhang didn’t give up and praised the other party so much that she had to let the two meet to find out.

“Well, Aunt Zhang, where’s my daughter? It’s very busy to open the store now. You saw it when you first came in. Where can she walk now?” Janis interjected in, smiling and tactfully refused.

Aunt Zhang waved her hand immediately.

“It’s okay, it’s okay, I’ll just call him when the time comes.”

Janis, Zhou Jessica: “...”

The two looked at each other and came to her shop for a blind date?

“Aunt Zhang, isn’t it inconvenient?” Janis asked uncertainly: “This shop is also very busy, what should I do if he is not served well after he comes?”

“It doesn’t matter, he is very diligent, and you can ask him to help you at that time. Yan Yan, honestly, you are a good girl. It’s too hard to open a shop by yourself. Your parents are old, so keep them. It’s not the same thing to help you. It’s better to find a man who has a house in the same city and lives with him. After getting married, he will have a few big and fat boys. When the time comes, there will be many and beautiful children and grandchildren in the family.”

Aunt Zhang was very good at talking, and she said the day was extremely hyped.

It’s a pity that Jessica didn’t have any waves in her heart.

However, Aunt Zhang’s words entered Janis’s heart. She saw the man that day. He was extraordinarily handsome and handsome, and her daughter was so ordinary, even if they were together, she couldn’t live together.

Instead of this, it’s really better than what Aunt Zhang said, find someone who can live a solid life, ordinary, how good?

But she dared not agree.

“Yan Yan, the other person is really good, I will call him now.”

After speaking, Aunt Zhang took out her mobile phone and started making calls, too fast for people to respond.

“Aunt Zhang, you are too arbitrarily alone, this...”

“Mom, forget it.” Jessica suddenly stopped her, and smiled slightly: “You want me to have a blind date, right? Then I’ll get married.”

Janis’s face changed: “Yan Yan, don’t think so. Mom hopes that your blind date is based on looking forward to hello. You must understand that Mom wants you to be good. If the blind date makes you unhappy, then ...”

“No.” Jessica interrupted her and smiled: “I think blind dates are good. Aunt Zhang is right. I really should find someone to live an ordinary life.”

Janis: “...”

Is this what a broken-hearted person said? Janis wanted to say something more, but she was interrupted by Aunt Zhang: “Oh, your daughter agreed. What are you still struggling with? If she is willing to go on a blind date, let her have a date. It’s just a meeting. Meat, I like to get in touch again when I meet. It’s not a strong buying or selling.”

“Yes, mom, if you don’t like it, I’ll let him go.”

Hearing this, Janis was finally relieved: “Well, since you think so, then mom won’t stop you.”

“Anyway, I just meet, and I won’t lose a piece of meat. If I don’t know my daughter, I will take it? At that time, you can smoothly get out of the shadow of broken love. Isn’t that good?”

With this thought, Janis felt a lot more comfortable.

After Aunt Zhang’s phone number was made, people came quickly. Janis watched from a distance and watched the man talking to Aunt Zhang. The other party was wearing a white shirt, which was quite white without any stains. He looks good, although there is nothing special, but it is still passable, wearing glasses, looks quite gentle.

At the first impression, Janis nodded.

“It looks okay, how does Yan Yan feel?”

No one answered her question. Janis turned her head to find that Jessica was looking at her phone, her eyebrows tightened.

“What’s the matter?” Janis leaned over and said.

Jessica recovered in an instant, locked the screen of the phone, and then put it back in his pocket, “Nothing.”

Just now, she discovered that Levi had sent her a screenshot. It was the news that Victor Han returned the money and asked her to return it to her. Levi asked her what to do?

When she saw the news, she felt a little mixed.

Unexpectedly, Janis came over.

“Nothing. Why are you holding your phone and not letting me see it? I think your mind is all on this, right? Or don’t you have a blind date?”

Jessica smiled and said, “Mom, I’m fine, please.”

Anyway, blind dates always look at each other without feelings. Whether you can get it right or get along well depends on fate. Maybe she, like Su Jiu, can find a husband who loves each other and her very much? When the time comes, the family will be happy, with both children, who will care about the life and death of that cold man?

Thinking of this, Jessica took a deep breath: “Is anyone here? Then I will go down.”

“Talking to Aunt Zhang next door outside.”

Just as she was talking, Aunt Zhang had already brought people in and went directly to Jessica to introduce them to them.

Chapter 1137

“Yan Yan, this is Xiao Li. Xiao Li, this is Yan Yan. Get to know both of you.”

Seeing Zhou Jessica, the man’s gaze under the lens moved, and then he proactively reached out to her.

“Hello, my name is Li Sihan.”

“Zhou Jessica.”

The two said their names to each other, and then shook their hands. When Jessica retracted her hands, the other party also stretched his hands back, which is quite polite.

“Yan Yan, if there is anything in the store that needs help, you can ask Xiao Li to help. Anyway, today is Sunday and he doesn’t have to go to work.” After speaking, Aunt Zhang looked at Janis, winking her eyes and said: “Janis Beautiful, will you accompany me to the nearby market?”

Of course Janis knows what this means. It is fake to go to the market. It is true to find an excuse to leave and let the two young people get along. She looked at her daughter worriedly, Jessica nodded at her, and Janis left.

After everyone left, Jessica took the initiative and said, “You don’t need your help with the things in the store. You can find a place to sit. I will ask you to eat.”

Li Sihan smiled slightly: “It’s okay. Aunt Zhang has already told me that the business in your store is also good. Just tell me what you need me to help. Although I don’t understand this, I can try to learn.”

The attitude of speaking is rather humble, and he is not proud. Although the other person feels that Jessica is not annoying, it also did not make her feel good.

A good impression is impossible. There is someone in her heart. Phillip is so kind to her, and it is difficult for her to have a half affection for him. If it is just a blind date, how could it be possible?

Jessica always felt that she felt a little bit angry on her blind date, but...she just felt that she could forget Victor Han.

She wanted to prove that she didn’t have to Victor Han.

With others, she will definitely live happily.

Suddenly a strange man came into the shop. Several employees looked at each other, and couldn’t help but murmur in their hearts.

Li Sihan and Jessica are very decent, have a degree of advancing and retreating, and they stop talking when talking. They don't ask uncomfortable questions, and their learning ability is very fast. He also helped Jessica a lot in one day.

When it was time for dinner, Li Sihan smiled lightly: "I have studied a lot today, and I have opened a new horizon. I will continue to help you tomorrow? I will go to work the next day, and I will be fine at home."

Jessica thought for a while, and finally nodded.

"Okay."

"I look forward to seeing you tomorrow, Miss Zhou, then I'll go."

"OK Bye Bye."

After the people left, Janis leaned up quietly and hugged her daughter's neck.

"How is it? Are you doing well? If you don't like it, Mom will say no for you, it doesn't matter."

"I have promised to let him come and continue to help tomorrow."

Hearing, Janis was taken aback for a moment, "Fancy it?"

"No."

"Then why are you..."

"The other party's character is very good, I'm single again, I just look at it everywhere, no one wants me anyway."

Janis: "...What kind of nonsense? How could no one want you? Yan Yan, tell your mother the truth, did you get angry on the blind date today? On purpose?"

There is real anger, but Jessica didn't want to admit it. She gritted her teeth: "No, I just heard Aunt Zhang's remarks and felt that she was quite reasonable. She is alive, so what do we want to do? It's better to be peaceful and happy if you are not happy every day."

"If you really want to think so, that's fine."

The next day, that Li Sihan came again and helped Jessica a lot. Before leaving, he asked Jessica for a WeChat ID.

"He is very smart. He didn't mention blind dates for two and a half days after knowing Jessica, and he didn't ask questions about him. When getting along, he wouldn't make you feel embarrassed. Although he couldn't talk about how well he was in harmony, the other party's Every word and deed are just right."

Jessica felt a little strange, how could such a man be single?

Not to mention that he has a house and a stable job. He should be able to win the favor of a lot of girls by relying on his knowledge of advancement and retreat.

However, she is not familiar with it now, and she is not sure whether she will continue to deal with the other party, so naturally she did not ask the other party such more private questions.

On the third day, Li Sihan came again after get off work. He treated Jessica's parents very well, and had delivered several takeaways for Zhou's father, so Zhou's father looked at him especially pleasing to him, and even Janis gradually felt that Li Sihan was good.

It's really not at all picky.

Aunt Zhang waited for Jessica's family to come home and said directly.

"Yan Yan, I heard that you have been getting along well with Xiao Li recently, haven't you?"

Jessica didn't know how to answer. She pulled her lips in embarrassment, and heard Janis next to her say: "I have only known each other for a few days, and I will know if I can get it done."

"The implication is to ask you why you are anxious."

Aunt Zhang was cheeky and said with a smile: "That's right, but now I'm doing well at the beginning, right? As long as I can handle it, it won't be a problem in the future."

"Hey, who knows this? Who knows the future? Don't blame me for telling the ugly things, Aunt Zhang. These days, many young people will hide themselves. No one knows what the other person really is until the last moment. Parents should always be more cautious, right?"

"It should be, but don't worry, if Xiao Li is unreliable, how can I introduce Yan Yan? After all, Yan Yan is so beautiful and capable, right? You see, I usually help others as a matchmaker. Choose the best."

"Really?" Janis smiled: "But how did I hear that you used to introduce a boy to the daughter of a neighboring community to a boy who was married to domestic violence?"

Hearing that, Aunt Zhang changed her face and explained, "Why can I be blamed for this? Domestic violence must be a problem for both people, right? It must be the woman who is disobedient, or has done a very excessive thing."

Janis's eyes widened: "I think you can get a divorce too much? What's the matter with beating? Aunt Zhang, dare you to think that beating is right?"

Aunt Zhang was afraid of messing up, so she hurriedly concluded her story.

"Why, sister Janis, don't get excited. Auntie just thinks this matter can't be too one-sided. There must be reasons for domestic violence, and beatings must be wrong. Besides, it is from the neighborhood next door. The big one, like my daughter, can I cheat her?"

Jessica listened to the conversation between the two, and she was amazed.

Is this Aunt Zhang really reliable?

It seems really unreliable.

But in the past two days, there is really nothing wrong with that person named Li Sihan.

After everyone left, Janis called Jessica into the room.

"What do you think of Li Sihan?"

Jessica: "...Is it all right?"

Chapter 1138

"You like it?"

Janis asked a little surprised.

Jessica had a weird expression, shook her head, and then explained: "How long have I known him? How can I talk about liking at this time?"

“That’s what I said, you just wait and see for now, I think this child may have a problem.”

“Huh?” Jessica was slightly shocked. She didn’t expect Janis’s idea to collide with herself. She originally thought that Li Sihan had a problem, but she couldn’t tell where there was a problem. After thinking about it, how could someone such a high-quality man? Is there a problem?

It must be her own villainous heart that saved the gentleman’s belly.

But now that she heard that Janis’s thoughts were the same as hers, Jessica became curious, why did Janis think so? Is it because they are mother and child, so they think the same?

“Mom, why do you think the other party has a problem?”

Hearing, Janis sighed heavily in front of her face: “Don’t blame mom for the little human heart. You are my daughter. Mom naturally looks forward to your kindness. The kid Sihan looks very good I can’t find a mistake, the more so, the better Mom thinks he’s perfect. But you think, such a perfect person, why doesn’t he have a girlfriend? Isn’t anyone willing to be with him? Did he keep waiting Asking someone to introduce him to a blind date before getting married? What age is this? The probability of this kind of thing happening is obviously very small, so Mom guessed that the other party might have some problems, but what is the specific problem, He has to speak for himself.”

When Janis finished speaking, Jessica also felt that she was right, and thought of it with herself.

“Actually, I’m the same as you think, except... I don’t think the other person seems to have a problem. Maybe it’s too busy at work?”

It is always not good to go belly up and slander others.

Janis nodded when her daughter said so.

“It’s really possible that work is too busy, maybe there are not many female friends around, or maybe all female friends around are married, so I can only follow the blind date mode?”

After the two talked, they both stopped talking tacitly. When they separated, Janis asked Jessica to do everything by herself.

When Levi came back to the ramen restaurant, he found that there was an unfamiliar face in the shop, and he was still an adult man. He had been walking around Jessica and talking to her happily.

With just a glance, the dangerous aura on Levi’s body was revealed.

Although he was young, it was probably because he inherited Walter’s personal aura, so even at a young age, the dangerous aura on his body was exactly the same, not weak at all.

When Li Sihan came out, he was a little surprised when he saw such a delicate child suddenly appeared in the store. He thought it was the son of a customer, so he went forward to greet him.

“Hello kid, are you here for ramen?”

He smiled softly and looked very kind.

But this look made Levi dislike each other even more, especially his little friend.

However, Levi has always been a very polite child, so he will not let others see the dark side of his heart. The other party shows him a gentle smile, and Levi also responds with a childlike smile.

“Hello, uncle.”

Li Sihan was pleasantly surprised to find that the child’s voice is still very good, and he is too good-looking. With this exquisite appearance, one can guess that his parents’ appearance is certainly not low. So Li Sihan looked around the store with interest.

When Levi saw it, he asked grimly: “What is uncle looking for?”

Hearing, Li Sihan smiled slightly and replied.

“Looking for the children’s parents, did you come with your father or your mother?”

Levi blinked his eyes, his black eyes looked like deep tan.

“Come with my mother.”

“Kid, where is your mother?”

“Uncle, what do you want my mother to do?”

Li Sihan was stunned by this question. He originally thought that the child in front of him would follow his words and give him directions, and then he took the child directly, but he did not expect that he would ask his mother what he wanted to do.

So he could only explain quietly: “Uncle takes you to your mother.”

“Why go to mom’s place, can’t I sit here?”

Li Sihan felt that the child might be a bit stubborn, and finally nodded: “Yes, of course, do you want to eat ramen? Uncle invites you?”

“Can you?” Levi tilted his head and looked innocent: “Uncle said he wants to invite me to eat ramen. Is this store opened by his uncle?”

“Yeah.” Seeing that he was so cute, Li Sihan nodded and wanted to reach out to touch Levi’s head, but Levi stepped back and avoided him because he had no chance to touch him.

Then Levi slandered in his heart.

Pooh! There is no certain relationship with Aunt Jessica, and you admit that the ramen restaurant is your own.

However, Li Sihan didn’t know that Levi was slandering this in his stomach, and he said, “What’s the matter? Uncle invites you to eat noodles, okay? Take you to the second floor?”

Levi was about to answer, when he saw a familiar figure, he immediately said to Li Sihan sweetly: “My mommy is here.”

“Huh? Your mommy is here? Where is it?”

Levi stretched out his hand and Li Sihan turned his head back, and then saw Jessica walking towards this side. At first Li Sihan didn’t understand, but turned around and asked, “Where is your mommy? I didn’t see it.”

“It’s right there, in a yellow sweater~”

Li Sihan hadn’t reacted a second before, and the next second he heard the words, his lips trembled almost uncontrollably.

“You, what are you talking about? Your mother is wearing a yellow sweater? Kid, are you right?”

“There is no mistake.” Levi tilted his head and smiled.

Li Sihan: “...”

After that, Levi saw that the blood on the face of the man in front of him disappeared at a speed visible to the naked eye, and then turned white and blue, as if he had received a great insult, and his lips were trembling.

“Uncle, what’s the matter with you?” Levi asked curiously.

Li Sihan was very angry, but the exquisite face that Levi came up with suddenly reminded him that this child is so exquisite, and his parents must be of high-value, how he can be Jessica’s child.

Besides, before the blind date, no one ever said that she had children.

Thinking of this, Li Sihan gradually calmed down.

“Little friend, you said she is your mother, otherwise we call her over and ask?”

Levi: “...”

Unexpectedly, he could see through it so quickly, Levi thought he could get rid of the person in front of him easily, huh!

Actually want to grab Aunt Jessica from him, delusional!

In addition to uncle, there is also Uncle Xiao, Levi feels that no other man can be worthy of his good Aunt Jessica!

Chapter 1139

However, the bad guy of Uncle was puzzled by the manners, and even made Aunt Jessica sad. Uncle Xiao wanted to help Daddy with the company, and then he would be sent abroad.

So during this time, Aunt Jessica is alone, and it is easy to be taken advantage of!

As for his Levi, he must shoulder this responsibility during this period of time, and must not let Aunt Jessica be taken advantage of by the gangster.

Before Levi could speak, Jessica had already seen him and walked over.

When she saw Li Sihan here, she didn't want to come over. Although she had been able to get along with him in the past two days, but...she didn't even throb at him at all.

So she was going to go directly into the kitchen after the meal was delivered, who knew that this glimpse actually saw a small figure standing right in front of Li Sihan.

Isn't that Levi?

Seeing Levi standing with his blind date, Zhou Jessica was inexplicably guilty, and then walked over.

"Levi, what are you doing?"

Before anyone approached, Jessica had already called his name and waved at him.

Dissatisfaction flashed in Levi's eyes, why did Aunt Jessica come over at this time? It would be nice if he came here later.

He couldn't call his mother in front of him, which would make Aunt Jessica embarrassed and difficult to be a man, so Levi reluctantly walked over and called Aunt Jessica.

Li Sihan heard clearly, and then looked at the appearance of the two of them standing together, there was no feeling of mother and child, he was relieved.

The kid was too naughty, and said this to lie to him, but fortunately he saw it through.

“Hey, why are you free today? How's your mommy doing? She is about to give birth, right?”

Levi nodded: “Well, because Mommy is about to give birth, so daddy doesn't have time to care about me, so I will come to Aunt Jessica by myself.”

After speaking, Levi remembered something and looked at Li Sihan, “Aunt Jessica, who is this uncle? He just thought I was a guest and said he wanted to buy me ramen, and he also said that he runs the ramen restaurant.”

When Li Sihan heard the words, the smile on his face froze. Unexpectedly, the kid was talking nonsense. Even Jessica was stunned. He didn't know if it was because of Levi's words or because of Li Sihan's words.

Regardless of the type, Li Sihan can only speak out for himself.

“It's not what you think. I saw him alone and asked him to eat a bowl of ramen. In the end, the kids were probably worried that I didn't really want to invite him to eat, so they asked if the restaurant was mine. In desperation, I had to. The most important thing is to hold the kid steady first to make him happy.”

Levi blinked his eyes, tusk, he didn't expect this man to have a good IQ, so he thought of it so quickly.

Jessica suddenly realized.

“It turned out to be like this. It made you laugh. Levi is the son of my best friend. Because my best friend is expecting a second child, the little guy sometimes comes over to me when he is bored. He didn’t talk nonsense, right?”

Levi blinked, “Aunt Jessica, no, I didn’t tell this uncle about you and uncle, I...well.”

Levi had no time to say the following, so Jessica covered her mouth, and she smiled awkwardly at Li Sihan, “I’ll take him in first, you can do it yourself.”

Then he dragged the millet beans into the kitchen with half a drag and a hug.

“No nonsense!” After entering, Jessica began to educate Levi.

Millet was so angry that she put her hands around her and said angrily: “Aunt Jessica, do you like him? Do you want to accept him? Why don’t you let me talk about you and uncle?”

“...Of course I don’t like it.” Jessica was stunned before answering Levi’s question: “But he is now my blind date. It will be very difficult for others to tell him this way. Also, I will tell you Uncle will never be possible in this life, and I won’t be your aunt anymore. In the future... you must not pretend your uncle before me.”

Is it impossible in this life?

“Why Aunt Jessica.”

“There is no why, kids don’t ask so many whys. In short, you are not allowed to mention it again, and you are not allowed to talk about my affairs in front of your uncle. If...if you mention it again, Aunt Jessica will ignore you again. .”

Levi flattened her mouth, “Huh.”

“Have you heard?”

“...”

“Huh? Hurry up and promise Aunt Jessica, if you don’t agree, I will call your mommy now and ask her to send a driver to pick you up home.”

Levi nodded in a grievance.

“I know Aunt Jessica, just leave it alone.”

But when he turned around, Levi sent a WeChat message to Victor Han.

Victor Han suddenly felt the phone vibrate when he was at work, took it out and glanced at it. It was a WeChat message sent to him by Levi, so he clicked in.

After seeing the content, Victor Han frowned slightly.

{Uncle bad guy, I will ignore you from now on, you are a big bad guy, bad guy!
Worse than Daddy! }

Victor Han was holding the phone and didn’t know why, what did he do that Levi thought he was worse than Walter? Need scum?

Obviously the most scumbag person is that Walter.

So he returned the question mark slowly.

Levi waited for a long time before waiting for Victor Han's reply. He scolded him hundreds of sentences in his heart, and was even more angry when he saw him reply a question mark.

But here Victor Han quickly thought about it.

Levi will not be angry with him or hate him for no reason. If this happens, it probably has something to do with a woman.

Just now...

Victor Han had a headache, his thin lips pursed slightly, and he wanted to type with his mobile phone, but didn't know what to ask.

She hasn't been here during the recent period. Since he went to find her that day, her attitude made it clear that she just didn't want to interact with him anymore.

However, he is not the kind of reluctant person.

If the little girl thinks this way, then do it with her.

"It is not difficult to embarrass yourself."

{Uncle, do you like Aunt Jessica? }

Just thinking about it, Levi sent another text message.

Victor Han stopped asking this question directly. He didn't answer the question of Levi, and slowly typed words with his fingertips.

{What happened? }

{You answer the question of Levi first, otherwise I won't tell you. }

{...}

{Uncle Garbage, if you don't answer, Aunt Jessica will run away with someone else! }

Run away with someone? Victor Han's pupils shrank, as far as he knew, the people around Jessica were just Phillip.

Is it Phillip?

{Uncle??? ? }

Victor Han looked at these two words and really didn't know what to say.

It developed well some time ago, is he to blame for being abrupt?

{What! Uncle Garbage, Aunt Jessica went on a blind date, she may be married soon! }

Marry???

Seeing this word, Victor Han finally narrowed his eyes, unable to hold the pen in his hand.

After sending these news, Levi put the phone away and hummed in his heart.

Although he did not do what he promised Aunt Jessica, it was due to special circumstances.

Chapter 1140

As soon as he put away his mobile phone, Levi saw Aunt Jessica's blind date approaching him, Levi immediately cheered up and found a place for herself to sit down.

"Hi, kid." Li Sihan sat down in front of Levi and greeted him embarrassingly, "Uncle feels a bit sorry for what happened just now."

Hearing, Levi's eyes rolled, "Uncle is sorry for not asking me to eat, or is he sorry for saying the wrong thing?"

Asking these words rhetorically, Li Sihan felt very embarrassed. He thought that a child could handle it well, but he didn't expect the strange spirit in front of him.

However, a child is always a child, as long as he deceives and coaxes, it is fine.

Thinking of this, Li Sihan said: "In fact, the uncle did not say anything wrong, but it was sooner or later, and if the uncle said that he would invite you to eat, he would definitely invite you."

"But, I don't want to eat ramen~" Levi blinked his eyes with a pitiful look.

"Then, what do you want to eat?"

He could see that the blind date was very close to the child, and the child was talking nonsense in front of her, and he still had to find a way to plug his mouth.

"What do I want to eat, will my uncle invite me?" A sly flickered in Levi's eyes.

"of course."

Li Sihan didn't think so long-term. He felt that if a child wanted something to eat, he could afford it, and at most it would cost only a few hundred yuan.

"This is what Uncle said. Does Uncle have a car?"

"Have."

"Thank you, uncle, then I will tell Aunt Jessica that uncle wants to invite me out to eat, shall we go?"

"Okay." Li Sihan smiled harmlessly and didn't know what he was about to face.

When Levi ran to tell Jessica about this, Jessica frowned slightly, "He wants to invite you out for a meal? Isn't that good? You are not familiar with others. How embarrassed to make people spend money?"

"But, my uncle wants to use me to please you, Aunt Jessica, so let him invite me." Levi blinked in front of Jessica, looking very kind and harmless.

However, the more he looks like this, the more dangerous Jessica feels. After all, Levi is different from ordinary children. What if he takes people out and pits them out of his control?

Thinking of this, Jessica knelt down and squeezed Levi's face.

"If you want to go out, you can pay for what you eat yourself, or after coming back, Aunt Jessica will ask that uncle to help you reimburse you."

Levi felt unhappy when he heard it. The uncle wanted to pretend to be generous, so let him pretend, why should he be reimbursed for him? And it's no wonder that Levi didn't like him. It was the man who admitted that the shop was his own. It was so annoying at the time!

“I know, Auntie and Auntie, it’s a big deal for Levi to pay for it.”

Humph! He wouldn’t do this.

“That’s good, go.”

“Thank you Aunt Jessica, I will help you see how the other party is doing by the way.”

“ ... ”

This bear kid...

Li Sihan took Levi out.

Janis is a little worried.

“After all, it’s just not long before we met, is it really good to let him take the child away like this?”

Jessica frowned when she heard the words: “When you say this, I suddenly think of it not very well, or I should go together.”

After speaking, Jessica quickly put down the work in her hands and ran out.

But Li Sihan and Levi have run away without a trace.

“You call him, ask for an address, then go over, I’ll look at it in the store.”

“Okay, then trouble mom, I’ll be back when they finish eating.”

“Well, it’s someone else’s child after all, so you need to be more careful.”

After Li Sihan brought Levi out, Levi gave him an address and said that he wanted to eat the food here. Li Sihan glanced at the address and didn't know it at all. It should be a place he hadn't been to.

But he didn't think too much, turned on the phone navigation and drove directly along the destination.

Levi's cell phone rang suddenly. Levi glanced at it. It turned out to be a call from Aunt Jessica. He blinked and then answered the call.

"Aunt Jessica~"

"Levi, it was Aunt Jessica's negligence just now. I should have accompanied you. Where are you now? Where are you going? Send me the address, and Aunt Jessica will drive there by herself."

Levi won't let her come over and stir up, but he still nodded obediently: "Auntie and Aunt, we have not arrived yet, we will send you the address when I arrive."

"No, you can send me the address now, and I'll rush over."

"Well then, I will send the address to Aunt Jessica on WeChat."

"Hmm."

After hanging up the phone, Li Sihan looked at Levi.

"Aunt Jessica called from your family?"

That sentence of your Aunt Jessica made Levi sound a lot refreshed.

"Yes, Aunt Jessica is a little worried about me."

Hearing, Li Sihan touched his nose: “Indeed, I did something wrong with this. After all, I was just a blind date with her, but brought you out as a child. Did you send her the address? Is she coming over?”

“Uncle, after Aunt Jessica comes, will you stop asking me to eat? Or...”

“Don’t worry, uncle said that if you invite you, he will invite you.”

“Then what if my order is too expensive?” Levi asked again.

Where can a child go? Li Sihan said generously: “Don’t worry, you can order anything, I can afford it.”

“Oh, then thank you Uncle, Aunt Jessica’s shop is so busy, so don’t let her run away~”

“Well, that’s okay.”

When he accepts the child, he will have more chances when he goes back to praise himself, Li Sihan thought.

After Jessica hung up the phone, she was waiting for Levi to send her an address, but after waiting five minutes the little guy’s address was not sent. She was a little worried, so she could only send a WeChat message to Levi, asking him why he didn’t send the address to herself.

{Levi, where is the address? Where are you now? How about you directly send a location to Aunt Jessica. }

Levi was actually delaying time on purpose, because he had already sent the address to his uncle, and then said that he would go out for dinner with Aunt Jessica’s blind date, to see if he could be stable.

So when Aunt Jessica sent her WeChat, Levi responded with a cute expression, and said: {Aunt Jessica, I found that we are almost here, wait for Levi. }

Jessica who received the message: "..."

The unknown premonition is getting stronger and stronger. Janis previously said that he was worried about Levi, but Jessica knew that Levi Keng was the only person who could pit him.

Now Levi has been procrastinating like this, making it clear that he doesn't want to tell her where they have gone.

"Why don't you want to tell her? It is nothing more than the chosen place may be Jessica not allowed to go!"
