

## Chapter 1141: The Princess and the Pea

Mo Bonan did not know where Tang Luo got the inferiority complex that she revealed from time to time. She was so outstanding at this age, why would she have an inferiority complex?

The other girls were all so confident, but her first reaction was that she was not good enough for him.

Mo Bonan wanted to know what had happened to Tang Luo and how she had become like this.

Tang Luo looked up at Mo Bonan and gritted her teeth, "Okay, let's not talk about that."

She thought for a moment and took a deep breath.

"But I think it's better if we aren't together."

"Why?"

"I still think that I'm not right for you."

Mo Bonan was exasperated, "How are we not suitable?"

Tang Luo bowed her head, "Our personalities are not suitable. If we were really together, it would be easy to quarrel."

"Are we together?" Mo Bonan interrupted her.

Tang Luo froze for a moment, "No, no."

"Exactly!" Mo Bonan shrugged. "We're not even together yet and you don't think we're right for each other?"

His eyes looked her up and down, meaningfully.

"I think we are quite suitable."

Tang Luo was stunned by these words, then her face burst into a red color.

She remembered last night once again.

Needless to say, she didn't have much of an impression, but the residual impressions still made her think that last night was indeed good, and that made her a bit confused.

In her previous life, the two of them were rarely together, but the few times they were, she couldn't feel much pleasure at all, only discomfort and pain.

The first time she was reborn, she also felt very uncomfortable.

However, remembering last night, she still had a little bit of a good feeling. Now, just thinking about it, she couldn't help but feel soft.

Could it be that her impression was wrong? Or maybe it was Mo Bonan's improved skills?

Her expression kept changing, which worried Mo Bonan.

“What are you thinking about?”

Tang Luo was startled and quickly denied it, “No! Nothing!”

Mo Bonan looked at her red face with suspicion and knew what she was thinking, but didn’t say anything.

Tang Luo cleared her throat and said seriously. “What I said about not being suitable is in terms of character...”

“Character?” Mo Bonan laughed. “I think my personality is quite good.”

“I have a bad personality!” Tang Luo blurted out.

“Oh?” Mo Bonan said with interest. “How is it not good?”

He didn’t understand where Tang Luo got so many worries.

He felt that he was quite good, so why did Tang Luo keep having worries?

It was clear that everything had been laid out, and she was still desperately trying to back out.

“I... You’ve heard of the princess and the pea, right?”

Tang Luo thought for a while before thinking of something to say.

“I’ve heard of it,” Mo Bonan nodded. “You want to tell me a fairy tale?”

Tang Luo didn’t deny it, “Actually, I’m a bit like Princess Pea- I’m not saying I’m a princess, but I’m the same as her in one way. I can’t be upset at all.”

It was the first time Mo Bonan heard such a statement, and he couldn’t help but be a little more interested.

Tang Luo was a little nervous, but the more she talked, the better she got.

“I know what kind of character I am- I’m capricious, I’m dramatic, I’m not gentle, and I can’t stand being upset at all. I just want to be a princess, I don’t want any aggravation!”

As she dissected herself, her eyes began to glow.

“I couldn’t help it before, but I’m rich now, so I’ll be more capricious, more of a bully, and if something doesn’t go my way, I’ll absolutely explode!”

## **Chapter 1142: It’s all My Doing**

The more Tang Luo talked, the more her eyes shone.

“My kind of personality is definitely not suitable to be with others. It’s okay to be friends, but if we’re together, it’d be a disaster! I’m a drama queen, and I’m an absolute mess!”

She stared at Mo Bonan and tried to persuade him, "Don't worry, I won't tell anyone about this. I'll move out in a few days, and I'll explain everything to your parents!"

Mo Bonan laughed at her explanation, took a deep breath, and suppressed the complicated emotions in his heart.

"I like your personality."

Tang Luo's mouth froze as she tried to speak, looking at Mo Bonan incredulously, "I'm not joking with you!"

"I'm not joking with you either," Mo Bonan shrugged. "I do like your kind of personality. Don't worry, I won't force myself."

"You... You really don't have to force yourself!" Tang Luo laughed dryly.

"I'm not forcing it," Mo Bonan laughed. "I think it's great."

He stood up and held Tang Luo's waist with one hand.

"Ah!"

Tang Luo was surprised by his action and drew in a breath.

Mo Bonan looked down at her and gave her a kiss with a full-on lecherous air.

"I think you're great like this, really."

Tang Luo was about to cry.

What kind of drugs did Mo Bonan take? Why was he so out of character?!

"Actually, I didn't tell you what happened last time. I did it!"

"Oh? You did it? Why?" Mo Bonan's eyes flashed.

Tang Luo brought up the previous incident, "Actually, I wanted to stay through that incident."

Mo Bonan saw her nonsense and couldn't help but laugh, "Oh? Stay?"

"Yeah!" Tang Luo's mind was already foggy and she didn't know what she was talking about. "The last time we were like this, it was because of the pill I gave you!"

Mo Bonan's expression stiffened, "Really?"

"Of course!"

"Then why didn't you say anything after that?"

“Because... Actually...” Tang Luo’s eyes darted around and she finally came up with a reasonable explanation. “I just thought that if I could get pregnant, I could tell people. And by then, I’d be able to stay!”

This statement made Mo Bonan’s palm harden and his eyes sink slightly, “Pregnant?”

“Yes, yes, yes!” Tang Luo’s smile became even more awkward. “I avoided you because... I didn’t want you to find out and interfere with my plans. I was thinking that if I got pregnant, I could stay thanks to the baby!”

Mo Bonan was not in a good mood even though he knew she was talking out of her ass, but continued to listen to her nonsense.

“And then?”

“Alas, I’m not pregnant!” Tang Luo’s face turned red when she said. that “After that, I started a company, didn’t I? So, with the company, I have money, and I do not need to desperately stay in your family!”

Tang Luo carefully thought about it. This argument was very good! Impeccable!

However, Mo Bonan laughed, “Is that how you’re going to stay?”

“Yes, because I’m an adult, I should move away, but I can’t let go of my life here, that’s why I’m doing this...”

“But don’t you know that my mom wants you to stay here until you get married?”

Mo Bonan’s words made Tang Luo freeze, “Huh?”

Mo Bonan laughed. “My mom always wanted you to stay, see you go to college, help you find a job, and wait for you to get married. She could also help you with the kids if you want.”

### **Chapter 1143: You Are Responsible for Me**

The reason why Mo Bonan was not warm to Tang Luo in the first place was because of Mo Bonan’s mom.

Mo Bonan’s mom was too nice to Tang Luo. She was so warm and fuzzy, and she was afraid that she would not have a good time here.

It was much better than how he was treated!

Although Mo Bonan had grown up and was past the age of having his parents’ care and attention, when his parents treated an outsider so well, he had the right to express his dissatisfaction.

However, he knew about Tang Luo’s mother, Tang Zhen, and his parents, so he also knew that Tang Zhen was their lifesaver, and her “son” was also their family’s benefactor.

Moreover, Tang Luo was skinny and small at that time, with a pathetic look of being bullied, which was indeed heartbreaking.

When Tang Luo just arrived here, although not short, she was very thin. She looked malnourished and mostly grew in her height.

Moreover, Tang Zhen had already died at that time, and she was left alone, so Mo Bonan's mom of course took great care of her.

At that time, Mo Bonan had started working and was an adult.

After the initial awkwardness, he also quickly accepted the addition of Tang Luo as an outsider.

However, he didn't have much interaction with Tang Luo because Mo Bonan's mom was too enthusiastic about her.

Mo Bonan was upset and did not like her timid character, so he distanced himself from her.

After that, Mo Bonan's mom also told them that they would take care of Tang Luo as long as she didn't move out.

Mo Bonan's mom was so enthusiastic that Mo Bonan was uncomfortable.

He thought it was enough to take care of Tang Luo until she reached adulthood, then it was enough to give her a house and let her live on her own afterward.

However, Mo Bonan's mom had such a long-term plan. Mo Bonan was not happy but still accepted it.

In his opinion, Mo Bonan's mom took care of Tang Luo with her own money, and as long as she was happy, that was fine.

Of course, if Tang Luo was ungrateful, he would make her pay the price accordingly.

After that, Tang Luo had always been a little pathetic and did not have much presence in the house. Her relationship with Mo Bonan's mom was also quite good, so Mo Bonan did not think too much.

Still, it was certain that if Tang Luo did not want to move out, Mo Bonan's mom would never make her leave.

He should say that even if Tang Luo wanted to move out, Mo Bonan's mom would not necessarily let her go.

Mo Bonan couldn't believe that Tang Luo would try to stay in this situation by using this method!

Wasn't that an unnecessary move?!

Besides, he had already checked things out before.

Tang Luo was there because of Zhang Yiqi and the others, it had nothing to do with him.

So, this reason she said was ridiculous!

Tang Luo was also stunned after hearing this.

Mo Bonan actually knew this?!

“I-”

“You don’t need to explain. You just need to know one thing...”

Tang Luo looked up at him.

“You are responsible for me.”

At those words, Tang Luo’s body went weak and she almost fell down.

If Mo Bonan hadn’t held her, she might have really gone weak.

Why should she be responsible?

No one wanted this kind of thing to happen!

“There are so many girls who like you...”

“But I don’t like them,” Mo Bonan interrupted her. “I think you are great. Really.”

“I...” Tang Luo stiffened for a moment, recalling her earlier persona, and immediately glared. “But I don’t like you!”

“Is that so? Why?”

Mo Bonan didn’t get angry, but instead raised an eyebrow and asked.

## **Chapter 1144: I Hate You**

Why?

Tang Luo bit her lips, thinking about it, and immediately had a statement.

“Because- I hate your dominance, I hate your indifference, I hate your cold-bloodedness! I hate that you don’t listen to my explanation, I hate that you don’t say anything, I hate that you don’t believe me, I hate that you...”

At the end of her words, Tang Luo’s tears came out, accusing him and hammering his chest with her fist.

She remembered the days of her previous life.

At that time, Mo Bonan was so cold to her and didn’t listen to her explanation, just giving her a death sentence.

No matter what she did, she failed to move him and instead made him more disgusted with her.

Those brief years made her feel like she was suffocating.

She knew that there were many things they did not want to do, but because of various coincidences, the two of them drifted apart, and in the end, the rift grew bigger and bigger and could not be repaired.

Mo Bonan originally listened to her words as a joke. He did not expect that she would get more emotional as she talked and started crying. Then he became anxious.

“Ah... Don’t cry! Whatever I did wrong, I can fix it!”

Looking at Tang Luo crying so pitifully, it was as if his heart was seized by something, and it immediately hurt.

“I hate you! Why don’t you listen to my explanation...”

Tang Luo cried miserably, and suddenly her body went weak and she fainted.

Mo Bonan was startled, almost going crazy.

Fortunately, he found out that she’d just passed out and hurriedly put her back on the bed.

Looking at the tears in the corners of her eyes and her tightly furrowed brow, his heart was bitter.

Thinking about her heartfelt accusations, he couldn’t help but think back to what he had done all these years.

He... Didn’t seem to have done much of anything!

The most he’d done was to turn a blind eye to her?!

However, their relationship at that time was just strangers living under the same roof. Was such an attitude not normal?

When did Tang Luo accumulate so much resentment?

However, it was certain that she was indeed upset with him.

Thinking of this, Mo Bonan couldn’t help but slap himself. It was all his fault!

Otherwise, she wouldn’t have been so sad.

Tang Luo passed out and didn’t wake up after sleeping for a while.

In her dream, she went back to the days when she and Mo Bonan were together.

At that time, because of the wrong beginning, because she did not explain clearly in time, and because of Mo’s mother’s intervention, things were getting tense.

Although they got together, Mo Bonan became more indifferent to her.

By the age of twenty, the two got married under Mo’s mother’s arrangement.

After the marriage, however, she was alone.

When she started her business, her finances got better, but things didn’t improve.

Mo Bonan didn't look for other women, but he was indifferent.

It was as if he was protesting everything with indifference.

She wanted to find him to deal with their marriage properly, but she simply couldn't find the time.

His secretary would always tell her, "Boss Mo is busy, Boss Mo is on a business trip, Boss Mo...."

Time and time again, the busy schedule made the two drift apart.

Tang Luo was also physically and mentally exhausted by all these things.

In the second half of the dream, the mood changed.

The originally indifferent Mo Bonan suddenly became enthusiastic!

Looking at Mo Bonan moving toward her, hugging and kissing her, Tang Luo woke up with a jolt.

"Are you all right?"

As familiar voice rang out, Tang Luo looked up and was surprised.

"Beibei, why are you here!"

Xia Xibei smiled at her, "I didn't hear from you, so I came over to take a look."

So... Something really happened.

#### **Chapter 1145: Possibly a Terminal Illness**

Tang Luo was about to get up when she felt uncomfortable all over, as if she had been carrying bricks for days and had lost all her strength.

"Don't move," Xia Xibei stopped her and pressed her back.

"What's wrong with me?" Tang Luo obediently returned to the bed with a puzzled look on her face. "I'm sick?"

"Pretty much."

Xia Xibei's expression was a bit stony.

Her expression made Tang Luo's heart tremble.

"I... I don't have a terminal illness, do I?"

These words made Xia Xibei laugh, "What are you thinking?!"

"But that look on your face..."

If she didn't have this strange expression, she wouldn't have thought anything was wrong!

"There's nothing seriously wrong with you. Just a little..." Xia Xibei tsked and frowned, "What did you eat yesterday?"

“What did I eat?” Tang Luo thought for a moment. “I didn’t eat much, just had a few glasses of wine.”

Xia Xibei pondered, “Your health is a bit complicated.”

“Complicated?” Tang Luo was startled. “How is it complicated?”

She knew Xia Xibei’s ability. If she said so, didn’t it mean that things were serious?

No wonder she felt drained! Something was seriously wrong!

“Don’t be nervous.” Xia Xibei realized that her expression was not right and hurriedly adjusted it. “Don’t worry, there is nothing too wrong with your body. It’s just that a little change has happened.”

Tang Luo was about to cry, “Just tell me! Don’t scare me!”

While Xia Xibei was saying that there was nothing wrong, she had put on such an expression, scaring her to death!

Moreover, her body was weak and feeble, as if she had been drained of strength, which made her anxious!

Xia Xibei smiled and tapped her head, “I’m here. What are you afraid of?! Even if you really had a terminal illness, I can save you!”

Xia Xibei’s words slightly relieved the tension in her heart, but she was still very confused.

“Then what is wrong with me?”

Xia Xibei organized her thoughts, “You probably ate something wrong, plus the antidote I gave you had a conflict, so your body changed.”

Xia Xibei called Tang Luo today, only to be received by Mo Bonan.

Mo Bonan didn’t sound too good and questioned her why Tang Luo had gone even crazier after taking her antidote.

Now, she even passed out!

So, when she heard the news, she immediately rushed over.

At the same time, she was also puzzled.

The antidote she gave Tang Luo was indeed the best antidote for alcohol!

After taking it, one could sleep well and get up the next day without any after-effects.

If such an antidote was released, it would definitely make everyone go crazy.

How could Tang Luo be more out of sorts after taking it?

How was that possible?

However, after arriving at Mo Bonan's house and seeing Tang Luo's condition, she realized that the situation was indeed not right!

Her antidote was fine. Tang Luo became like this because she had eaten something else before.

When the two things clashed, she started to go crazy with alcohol.

Moreover, her body had changed.

Upon closer inspection, Xia Xibei found that Tang Luo's body had a tendency to be hollowed out, while Mo Bonan was in very good spirits.

This situation astonished her.

"Change? What changed?" Tang Luo was also shocked by Xia Xibei. "It can't be..."

"I've said it's not a terminal illness." Xia Xibei tapped her not too lightly. "But, if not treated properly, it may also become a terminal disease."

Tang Luo instantly drew in a breath, "Don't you scare me!"

#### **Chapter 1146: You're a Hearth**

Xia Xibei gave her a blank look, "Don't worry, I'm here."

Tang Luo reached out to grab her hand, teary-eyed.

"I'm depending on you!"

"Don't worry." Xia Xibei nodded, then suddenly asked, "Did you guys do it last night?"

Tang Luo first froze, then drew back a breath and blushed explosively.

"Okay, I get it," Xia Xibei nodded. "Sure enough."

"You-"

Tang Luo wanted to grab the quilt to cover her face. She was simply going crazy.

Why would Xia Xibei know what she had done?

Did Mo Bonan say it?

When she thought of this, death rays emerged from her eyes and she could not wait to throw Mo Bonan out and give him a few good kicks.

"I have good news and bad news to tell you."

Tang Luo frowned, "What?"

"Which do you want to hear first?"

Tang Luo hesitated for a moment, "The good news."

“The good news is that your body has changed and you can start cultivating.”

“Change? Cultivation?”

Tang Luo was dumbfounded, AND such words put her in a bit of a trance.

Did she hear it wrong, or was Xia Xibei joking with her?

What did she mean by cultivation?

She had only heard of these expressions in movies and TV shows.

“Well, if you cultivate well, you can walk on walls and live a long life.”

As for immortality, it was still too difficult for Tang Luo, and she was also past the best time to cultivate.

However, it was possible to be free of illness and pain from NOW on.

“Walk on the wall?!” Tang Luo drew in a breath. “Are you kidding me?”

“Of course not.” Xia Xibei raised her hands, pulled up her sleeves to reveal her beautiful biceps. “If you train well, you can also have half of my... skills.”

Tang Luo’s eyes got even bigger.

Of course, she knew how capable Xia Xibei was.

It could be said that ten strong men couldn’t even get close to her.

With half of her ability, wouldn’t that mean that she could take on five big men?

“What about the... bad news?”

“The bad news is that your physique has changed, and you may have to practice with Mo Bonan.”

Tang Luo blinked, thinking she didn’t hear clearly.

“What did you say?”

What did she mean by practicing with Mo Bonan?

Mo Bonan didn’t know how to do this stuff!

Besides, why would she want to be with Mo Bonan?

“Your physique has changed, and to explain it... in other words, you are now a hearth.”

A hearth?

Tang Luo’s face scrunched up together, feeling like she was listening to a mythological story.

“What do you mean by a hearth?”

Wasn't a hearth used to make fire?

Since when did she have anything to do with that?

Xia Xibei looked at her compassionately, "A hearth is used to help others cultivate."

In their Land of Fantasy parlance, a hearth was used to supplement the yin with the yang, or vice versa. No matter how much power a hearth had, in the end, the power didn't belong to themselves. It only became someone else's power.

The previous Tang Luo obviously had nothing to do with being a hearth, but this time, she didn't know what she ate that opened up her hearth physique.

If it wasn't for the antidote, two drugs conflicting and slightly changing her physique, maybe she would be stuck in bed now.

After Xia Xibei explained all the circumstances, it was as if Tang Luo was struck by lightning.

What was this?

What did it mean she could only help others to cultivate? What did it mean by picking yin to supplement yang?

"But you don't have to worry, I have a dual cultivation technique that will allow you to be in a win-win situation," Xia Xibei reassured her again.

Dual cultivation?

Tang Luo's mouth twitched, her mood still uncontrollably low.

## **Chapter 1147: Win-Win**

Dual cultivation?

Tang Luo still felt that there was something wrong with her ears. Either there was something wrong with her understanding or the world had changed. Otherwise, how could Xia Xibei say something that she could not understand at all?

"Your own physique is a bit special, but there was no opportunity before, so it has been normal. This time, your body has changed, and you happened to be with Mo Bonan... So if you don't want to be sucked dry, you have to start cultivating."

Xia Xibei was thankful that she had been exposed to many strange cultivation methods before, even dual cultivation, so she could fix Tang Luo's situation.

With dual cultivation, Tang Luo's body would get better and better.

If it was just simple hearth cultivation, she would be sacrificing for others even if she cultivated well.

Her kind of physique was the best hearth physique. When the time came, she could be depleted.

"I think I understand why your mother didn't let you reveal your status as a woman."

Xia Xibei rubbed her chin and said seriously, "If your physique was exposed, you would be imprisoned."

Tang Luo blurted out, "How is that possible? It's a society under the rule of law now!"

After saying that, Tang Luo knew that she was too naive.

Even if it was a society under the rule of law, there were still many aspects that were not covered.

With these inexplicable and messy things involved, it was a whole other world.

Moreover, Tang Luo couldn't help but think back to her previous life.

At that time, it seemed that she would often encounter some inexplicable attacks.

If she hadn't dodged quickly, something might have happened.

Eventually, she had some bodyguards around her to protect her from accidents.

At that time, she didn't think too much about it and thought it was Mo Bonan's side that got her involved. Now that she thought about it, things didn't seem right!

If Xia Xibei was right, then that was the reason her mother wouldn't let her reveal her identity as a woman!

Tang Luo wanted to cry thinking about this.

"What the hell is this?!"

Wasn't this a sane society? Why were there still such illogical things?

Xia Xibei touched her hand, "Let's put it this way, if you don't want to practice with Mo Bonan... You can still do another kind of cultivation."

"Another kind of cultivation?" Tang Luo's eyes lit up. "What kind?"

Xia Xibei sighed, "After practicing that kind of cultivation, your body will also get better and better. However, if you have intercourse with a man, your power will be absorbed by him, and you will grow older day by day."

These words gave Tang Luo goosebumps.

Was this the power-absorption method written in novels?

It was horrible!

"Dual cultivation..."

"Dual cultivation is good for both of you. Your power will only be given to Mo Bonan, and he can give it back to you."

In other words, dual cultivation was best for Tang Luo.

“If you don’t want to cultivate with Mo Bonan, you can find another man...”

Xia Xibei gave her advice.

This was, after all, Tang Luo’s own business. As a friend, she could only give advice and support, but not help her make a decision.

Hearing Xia Xibei say so, Tang Luo hesitated.

“Are the consequences really that serious?”

“Yes,” Xia Xibei nodded, her face grave. “And I think... Your identity is now found out.”

Tang Luo was shocked at once.

“So, you’d better hurry up and make a good decision, then start making preparations. Otherwise, I wouldn’t dare to guarantee your safety.”

Xia Xibei was not an alarmist, but in Tang Luo’s case, it was obvious that she couldn’t delay any longer.

#### **Chapter 1148: Who Says I Disagree**

“Do you know who did it?” Tang Luo asked nervously.

“I don’t know,” Xia Xibei shook her head, “But what is clear to me is that you can’t delay any longer. You have to make a decision as soon as possible! Otherwise, you will be in great danger!”

Tang Luo was silent.

Although what Xia Xibei said was a bit hard to understand and a bit scary, she knew that Xia Xibei would not lie to her.

If things hadn’t really come to a head, Xia Xibei wouldn’t have said that.

However, what should she do now?

She was not willing to tie her life to others.

She could also choose to cultivate on her own.

However, as Xia Xibei said, it was okay if the other party did not make a move. If the other party made a move and captured her...

She felt horrified thinking about the result!

If she had to become the exclusive hearth of some people... How terrible!

Even if she reached the highest realm, she may not be able to resist such a fate. After all, she was a piece of meat in the eyes of others!

What could a piece of meat resist?

Thinking of this, she couldn't help but feel sad.

What kind of crappy physique did she have?! What kind of person was her mother?!

If she wanted to save her life, she would have to find a man for dual cultivation, so that she would not be depleted by others...

Tang Luo felt nauseous when she thought about being with other men.

At the moment, she seemed to have no other choice but Mo Bonan.

But then came the question...

She showed a bitter smile, "Things don't seem to be up to me now. Even if I choose to dual cultivate with him, he won't necessarily agree to it."

"How do you know he won't agree? Have you asked him?" Xia Xibei raised her eyebrows.

"No need to ask," Tang Luo continued to laugh bitterly. "I just rejected him, and then I turned around and said these words to him... Hah."

No need to think, she knew how awkward that would be!

She also swore in front of him, fiercely said that they were not suitable, and made so many excuses.

To do a complete flip and say she wanted to cultivate with him...

This was simply taking advantage of people!

This kind of thing would anger her if it was done to her, let alone Mo Bonan.

"What if he agrees?" Xia Xibei raised her eyebrows.

"He won't agree," Tang Luo shook her head. "Don't tell him. I'll move out soon."

"Move out?"

"Yeah," Tang Luo nodded and squeezed out a smile. "Let's see, I'll just cultivate on my own!"

"What if others turn against you?"

"It's okay, I'll just get a few bodyguards. Besides, didn't you say that I can walk on walls after I cultivate? By then, those people won't be able to hurt me!"

"But they will be more powerful than you," Xia Xibei said seriously.

Tang Luo choked for a moment, shook her head, and lost her smile.

"If that's the case, then it's my fate."

"You're just resigned to your fate?"

"I didn't resign myself to fate!" Tang Luo's eyes were moist. "I'm trying my best!"

However, she felt ironic. It was so hard to start all over again, but something so absurd and dangerous was waiting for her.

“You don’t want to do dual cultivation?”

“It’s better not to drag others down. It’s my own business.”

“Who said you’re dragging me down?”

Mo Bonan’s voice suddenly rang out.

Tang Luo looked up sharply and saw Mo Bonan, who was carrying two cups of water, in front of her.

“You...”

Mo Bonan put the water cups down, “Who said I don’t agree? It’s such a good thing, why wouldn’t I agree?”

### **Chapter 1149: Resolution (1)**

Mo Bonan’s appearance startled Tang Luo, and his words surprised her even more.

“You-”

When did he come in? How much did he hear?

These words were so incredible and not sane at all, and yet he believed them?

Tang Luo looked at Xia Xibei again.

Xia Xibei looked at Mo Bonan, then to Tang Luo and smiled.

“It’s okay, I can help you find a better man. As you know, there are many handsome men.”

At these words, Mo Bonan’s face darkened.

How dare she tear him down in front of her?! This was too much!

However, thinking of Xia Xibei’s influence on Tang Luo, he could only hold back the anger in his heart and squeeze out a smile, “No need, I’ll do it.”

“It’s okay,” Xia Xibei smiled at him. “This kind of thing is a bit hard, so we don’t need to bother you.”

Mo Bonan was upset with her, but could not get angry, so he could only squeeze out a smile.

“No need, I believe I can do it.”

He sat on the edge of the bed and took Tang Luo’s hand, looking at her very seriously.

“I will take good care of her.”

Tang Luo’s heart jumped as he took her hand.

“You...”

“I just want to know what I have done to make you want to reject me like this.”

Mo Bonan looked at her seriously and said the question in his heart out loud.

Being stared at by him, Tang Luo couldn't help but bow her head.

What could she say? Was it hard to tell the truth?

Mo Bonan glanced at Xia Xibei out of the corner of his eye and returned to stare at Tang Luo.

Xia Xibei stood up, “I'm going out to make a phone call.”

Tang Luo blushed slightly and tried to tell her to stay, but received a look.

It was time to get things sorted out.

Without untangling Tang Luo's heart, it was impossible for things to go on.

In Tang Luo's current situation, being with Mo Bonan was the best.

So, this kind of thing needed to be solved by Tang Luo herself.

After Xia Xibei left, Tang Luo felt that all of the air was filled with Mo Bonan's scent and there was nowhere to escape.

She lowered her head and tried to pull her hand out, but was not allowed to move.

Mo Bonan suddenly sighed, “You should just tell me what I did wrong. Even if you want to sentence me to death, you should tell me what I am guilty of. Otherwise, I can't be willing to do it!”

Tang Luo looked up at him, her mouth moved, and then closed.

Seeing her stubborn look, Mo Bonan couldn't help but guess. “Could it be... I'm sleepwalking and bullying you in my sleep?”

“No!” Tang Luo immediately shook her head and blushed slightly. “How could you have such an idea!”

Mo Bonan looked innocent, “But you didn't say anything! Other than that reason, I can't think of any other possibility.”

Mo Bonan was helpless.

He and Tang Luo didn't spend much time with each other, so how could she reject him so much?

It wasn't that he was narcissistic, but he didn't think there was anything wrong with him!

Tang Luo bowed her head in silence.

“If you don't tell me, how am I going to fix it?”

Mo Bonan was puzzled, but understood that Tang Luo needed more patience at this time, so he could only continue to coax her.

He also had a sense of urgency. If he didn't perform well, Xia Xibei might actually help Tang Luo find someone else!

Although he did not quite understand what dual cultivation was, he could not let Tang Luo go with other men. Absolutely not!

Xia Xibei was a desperate woman. He couldn't be negligent and careless!

Listening to Mo Bonan's gentle voice, Tang Luo was in a complicated mood.

After hesitating for a while, she finally spoke up.

"It's not you sleepwalking, it's me dreaming about something bad."

## **Chapter 1150: Resolution 2**

"Dreaming?" Mo Bonan was surprised. "What kind of dream? It's not a dream that I cheated on you, right?"

Tang Luo shook her head, "No."

In her previous life, when the two of them were together, although their relationship was not good, Mo Bonan did not look for other women.

For a man of his status, this was not easy.

Many men would have cheated, especially men with money and status, who preferred to have many girls. However, he didn't.

In this respect, he was indeed impeccable.

"If not this, then what have I done?"

"You didn't do anything," Tang Luo curled her mouth.

"Didn't do anything?"

Mo Bonan was even more puzzled.

He didn't do anything and she was angry?

Were there many different reasons for girls to be angry nowadays?

"You didn't do anything. You didn't talk to me, you just treated me like air."

If Mo Bonan's mom hadn't forced him to, he wouldn't have gone near her at all.

It was too depressing and suffocating to live like that.

When she could finally change and thought of leaving such a life, she died.

This made her very depressed.

“Treat you like air?” Mo Bonan was shocked. “So that’s what you dreamed about?”

“Right.”

Mo Bonan let out a big sigh and screamed for himself.

“So that’s why you rejected me and gave me a death sentence?”

Tang Luo carefully raised her eyes to look at him and nodded unnoticeably.

Mo Bonan was speechless.

“But that was a dream! You’re doing this to me because of a dream?”

“It’s not just because of a dream!” Tang Luo explained. “We are unsuitable in many ways-”

“Don’t say unsuitable,” Mo Bonan interrupted her. “We haven’t even started yet, and you’re saying it’s unsuitable. How is that suitable?”

Tang Luo pursed her lips and looked at him, not saying anything, but the rejection in her eyes was clear.

Mo Bonan sighed and gathered her into his arms. “Don’t you think this is very unfair to me? You’re shutting me out because of a dream!”

Close to his broad chest, Tang Luo froze and tried to struggle, but he held her down.

“Don’t move, listen to me.”

Mo Bonan took her hand and let her feel the warmth that filled his heart. His heart, which was a bit frazzled and flustered, settled down.

“It was just a dream. As you know, dreams and reality are opposite.”

“Not the opposite...”

Tang Luo moved again, but Mo Bonan patted her hand.

“It is the opposite!” He cut to the chase, “I was indifferent to you in the dream. What about now? You think I’m indifferent now?”

He had burst out with a passion that he had never had before, and this was still indifferent?

Tang Luo paused for a moment.

“If you think I’m not passionate enough, I don’t mind being a little more passionate now.”

Mo Bonan bowed his head and his hand started to move up from hers.

“You!”

Tang Luo grabbed his fidgeting hand and flushed. What did he mean by being a little more passionate now?

Her movement made Mo Bonan laugh. His chest vibrated, and with it, she trembled twice.

“Let’s not worry about what happened in the dream. What we should care about is now.” Mo Bonan kissed her cheek. “It would be unfair to me if you rejected me because of the dream. Besides, there’s no need for you to worry about that!”

Mo Bonan was a little aggrieved.

“After we get together, if you think I’m not passionate enough, you can kick me!”

He wept to himself.

He had sacrificed too much!

However, Tang Luo’s uneasiness also made his heart ache.
