

Nothing to Give but My Heart Chapter 1171 – 1180

Chapter 1171

After Jessica slipped back to the room, she hurriedly opened the cabinet to find clothes. She looked around and found that her clothes were more casual, and none of them were more ladylike and feminine.

When she looks at it, there is the most eye-catching skirt in the cabinet. It was the floral skirt that was sent to her at Victor Han's house that day.

She took out the skirt and stood in front of the mirror for a while and gestured, but she didn't expect that there was only this most outstanding lady. But, after all, this is the dress Victor Han gave her. She just used it to see him. Isn't it too sincere?

After thinking for a while, Jessica was ready to go directly to the mall to buy clothes.

No, she is very poor now... she asked Levi to transfer the money to Victor Han, she is now a pauper.

Jessica checked her balance in Alipay and found that she had only two hundred yuan left.

She stretched out her hand to support her chin and thought, should we go to the store to advance a little?

No way! The money in the store is to keep the purchases and pay the employees. If she goes to advance every time she doesn't have any money, what will she buy and what will she pay? Do you want to open the store?

Thinking of this, Jessica dismissed the idea.

In the morning, Janis went out to the store first. After Janis left, Jessica quietly squinted to the side of Zhou's father and said sweetly: "Dad~~"

Father Zhou was reading the newspaper, when he heard a female voice calling him suddenly, he looked at his daughter.

"Yan Yan? Looking for your mother? Your mother is out."

Jessica opened her lips and forced a smile.

"It's not me, it's here to find you."

"Look for me?" When Father Zhou heard the words, he hurriedly put the newspaper on the coffee table, his expression was quite serious: "Is there something important?"

Seeing this kind of father Zhou, Jessica was a little hard to tell. Although she said that she didn't want the money from her parents when she opened the store, her parents still secretly paid for her. Of course, Jessica knew that their two elders had savings for so many years, and they just With a daughter like her, the couple have no other interest, neither gambling nor spending money, so the family savings are still considerable.

But now Jessica wanted to ask Zhou's father for money, but it was still so difficult to speak.

She always feels that when she grows up, all she has has to do is to honor her parents. As a result, she opened a shop and asked her parents to pay for her. Now that she has no money, what would it look like to ask her parents for money?

"Yan Yan?"

Jessica smiled and shook her head: “It’s nothing, but you seem to have more gray hair recently. If you are tired, please cancel the takeaway in our store. If you can’t make so much money, you have to tire you to run.”

Upon hearing this, Zhou’s father immediately rejected her request.

“How can this work? The money earned from takeout is not money? Your dad doesn’t work now, and he doesn’t help in your shop. Who am I? Don’t talk about the kind of things that make me feel at ease. Sit still, I won’t be paralyzed after a long time?”

“But, the delivery day is running outside under the sun...”

“Okay, okay, if you want to say this, then go back to your room, don’t say it, I won’t listen.”

After that, Father Zhou began to cover his face with newspapers, and refused to communicate with Jessica.

Jessica: “...”

“Dad!”

Father Zhou continued to block and ignore her.

Jessica had no choice but to go back to the room. She looked at the clothes in the room for a while, and finally wore the clothes she usually wore.

When she went out, Jessica was thinking, she usually looks like this anyway, why should she change herself after being together? He is willing to be with her that means he accepts her usual appearance. Although she wanted to change in her heart, to make herself better, so as to be worthy of him.

But... the distance between people is sometimes really far away.

Given his career achievements, she might not be able to catch up for a lifetime.

Thinking of this, Jessica was a bit sad again. She didn't buy anything, and went to look for Victor Han after only playing.

When Victor Han received Jessica's message, it was ten minutes after Jessica sent the message.

Seeing the message sent by the little girl, he frowned instantly and called her directly.

Jessica squatted on the side of the road, staring at the scene in front of her in a daze.

Obviously the location is nearby, but she can't find it. There are many villas, but she doesn't know which one it is. She wanted to call Victor Han directly, but she looked at the time and seemed to be quite early. Because the plan was that she would go shopping first, and then come to Victor Han in the afternoon.

Now the plan has changed. She didn't go shopping or eat breakfast, so she came directly.

Can't wait to see him.

But she was afraid to disturb him.

Thinking about it, Jessica only sent him a WeChat.

After waiting for a few minutes without reply, Jessica was thankful that he had not called. If he called at this time, he would definitely wake him up.

After that, Jessica thought, anyway, she came over, and simply found a place to squat down, and then stared at the grass in front of her in a daze.

She doesn't know how long she waited, the phone vibrates, and Victor Han calls.

Jessica's heartbeat speeded up suddenly and answered the phone.

"Hey?"

"Where?" Victor Han put on his shoes and went out when he called, and then looked around.

Jessica pursed her lips and chuckled, "Are you awake? Don't worry, come out to find me. Didn't I send you a WeChat before? If you didn't reply, I knew you didn't get up, so I just walked around. Let's go, don't rush over to find me, go wash first, then have breakfast, wait until you are free before..."

"Look up." Suddenly, Victor Han interrupted her suddenly.

Jessica was stunned, and then slowly raised her head following Victor Han's words.

At a glance, she saw Victor Han standing not far in front. He was wearing a leisurely knit long sweater and trousers. He was bathed in the morning sun. Because his hair had not had time to clean up, he looked a little messy.

He was holding the phone in his hand, his faint gaze fell on her face, and his thin lips opened slightly.

“Wait for me.”

Then Jessica stared blankly at Victor as he walked over.

She didn't react until he was in front of her, and she stood up and smiled awkwardly: “You, why did you come out so soon? And... are you so close? I didn't know when I came before, so ...”

Halfway through, Jessica suddenly felt black before her eyes, and she fell forward uncontrollably.

Victor Han grabbed her arm in time and pulled her into his arms.

boom!

Jessica's head slammed into Victor Han's arms, feeling dizzy, but after all, she didn't fall.

“What's the matter?” Victor Han frowned, and at that moment it was obvious that the little girl's face was not pretty, and then he fell forward, as if about to faint, and then he asked again: “Squatting for too long?”

Jessica closed her eyes and bit her lower lip, nodding indiscriminately.

Chapter 1172

Squatting for too long Yes, plus she rushed over without breakfast, and then did not sleep well last night. After squatting here for a long time, the blood supply to the brain was insufficient, and when she got up, she was a little low blood sugar, and she immediately felt dry mouth and tongue. , Very uncomfortable.

Standing leaning on him for a while, Jessica pulled her lips and smiled with difficulty: "I'm fine, my feet were numb just now, don't worry about me."

Victor Han lowered his head and stared at her motionlessly.

"Why, what's the matter?" Jessica stammered and asked with her scalp numb as she stared at him.

In the next second, Jessica seemed to hear a very low sigh from his throat, and then said: "Give me the phone."

Jessica didn't know what he was going to do, but she handed him the phone. Victor Han put the phone in his trouser pocket after receiving the phone, and then hugged Jessica horizontally.

"Ah..." Jessica never made it, a pair of white arms conditioned to hug his neck, and at the same time he exclaimed.

"What, what's wrong?"

As he approached, Jessica still smelled the faint fragrance of ointment on his body, eh, is he just getting up? So does he brush his teeth after reading the information, or does he see the information after brushing his teeth?

As if he understood what Jessica was thinking in her heart, Victor Han exhorted: "Call me before you come. I can also pick you up in the past. I ran over by myself, but I didn't even call. Fight, if I have something to delay, how long will you wait here?"

"I...no, I just waited a few minutes."

"The information ten minutes ago, should you take a few minutes? Or do I seem to be more cheating?"

Inexplicably, Jessica saw Victor Han's face darkened and his tone was serious. Jessica was a little panicked. He only dated yesterday, and today he is unhappy.

"I'm sorry, I won't do this again in the future, don't be angry..." After speaking, Jessica quickly hugged Victor Han's neck and buried her face near his neck, as soft as a mosquito: "I'm just afraid of noise. It's just for you, because I plan to come here in the afternoon, but...I'm coming here early now, and I am worried that you are still sleeping, so just...but don't worry, there is no sun here, I'll wait here for ten A few minutes really doesn't matter."

The little girl rubbed against his neck again and softly, Victor Han's heart suddenly softened, and her eyes became milder.

"Next time you come over and call directly, since you are already a boy and girl friend, you don't need to be so careful."

After speaking, Victor Han hugged her and walked forward, Jessica realized that this place was actually not far from his villa, but she didn't know which one it was, so she didn't dare to enter it hastily.

Being held in Victor Han's arms, she felt unreal again. She seemed to be floating again.

It wasn't until Victor Han put her on the sofa that Jessica felt a little real when she touched the sofa.

But soon, Jessica realized that she was still wearing shoes, so she quickly took off her shoes and got up and put them on the shelf of the entrance. When she bent down, she still felt a little dizzy.

If possible, stay up late as much as possible in the future, and then get up early and have breakfast as normal.

Unexpectedly, she is now physically weak like this.

Thinking about it, Victor Han's voice came over.

"Come."

Jessica recovered, stretched out her hand to squeeze her forehead, turned and walked over.

"Let's have breakfast together." Victor Han said.

Jessica: "...No need, I ate it when I came."

She was embarrassed to say that she didn't even eat breakfast in order to come to see him, and didn't sleep well last night, so she should be laughed to death.

However, her physical condition was shown on her face, and she couldn't hide it at all. Victor Han was silent for a moment and changed his view.

"Since you have eaten it, eat a little more with me."

Jessica: "..."

It seems to be ok??? She blinked, then nodded, and went to have breakfast with Victor Han.

Victor Han made breakfast by himself. Jessica wanted to help, but she was forbidden to enter the kitchen, so she had to wait obediently at the dining table, and then looked at the busy figure of the tall man inside through the transparent kitchen glass door.

Victor Han put an apron on himself. Although it was gray, it still added a lot of different smoke and firework to this man. Jessica instantly felt that she was a little closer to him.

Putting on a suit and staying in the office, Victor Han felt very powerful, and at the same time too far away.

But such a good man at home is different.

Jessica couldn't help it. She wanted to take her phone out to take a photo of Victor Han, only to find that her phone was still in Victor Han's pocket.

She has something to do with her. She had known that the phone was not given to him just now, so she could not hold it by herself, and then she could secretly take a few photos at this moment.

She doesn't know how long she waited, and the breakfast is finally ready. Jessica didn't expect him to cook for herself. She was very embarrassed, and her face was still red when she drank milk.

Victor Han spoke unconsciously, "Did you tell Stella about our affairs?"

"What?"

Jessica was stunned for a moment. She didn't expect that he would suddenly bring up such a problem, but he didn't react for a while.

"That's right, the relationship that was confirmed yesterday, even if you want to talk about it, is not so fast."

Hearing, Jessica unconsciously clasped the cup in her hand, biting her lower lip and hesitating.

In fact, she didn't think about telling Stella that she was with Victor Han so early. After all, she still doesn't know if Victor Han is with her because she likes herself. Maybe she likes her a little bit. , But I don't know how long the two can be together.

Thinking of this, Jessica whispered softly: "That...I'm thinking or don't tell Stella for now."

"Ok?"

Victor Han paused and stopped to look at Xiang Jessica.

Jessica explained embarrassingly, "Stella is your sister and my good friend after all. She has always wanted us to be together. Now tell her that she is very happy. But if in the future..."

Jessica didn't say the following words carefully, she paused for a while before taking it.

"If there is anything in the future... I'm afraid she will be sad for us."

"..."

Victor Han understood what she meant. He narrowed his eyes and stared at Jessica, silent.

With such fierce eyes, Jessica's back tightened. She bit her lip lightly and took a sip of milk at a loss, but because she was too nervous, she drank too quickly, and the milk poured directly on her clothes.

"Ah..." Jessica exclaimed and stood up directly, but accidentally knocked the juice next to him, so the milk and juice sprinkled all over.

“Sorry Sorry...”

Jessica, who was poured with juice and milk, was messed up.

Why... did she do such a stupid thing?

Victor Han strode over and wiped her with a napkin, but it was too late. The milk-soaked her white T-shirt and the slightly damp shirt was pressed against her body, showing graceful lines.

Chapter 1173

With just a glance, Victor Han withdrew his gaze.

He pursed his lips, and deliberately suppressed the tone of his speech: “Your clothes are dirty, change your clothes first, and then eat breakfast.”

Jessica didn’t know what to say, feeling that she was clumsy, and nodded sadly.

Victor Han took her into the bathroom and handed her a dark shirt.

When she took it, Jessica felt ashamed, and quickly hid in the bathroom, took off her wet clothes, and then put on the shirt Victor Han gave her.

It was the one she wore last time. When Jessica saw this shirt, she thought that she had hung it in the bathroom after changing it last time. She wore it all night and didn’t help others to wash it.

She feels embarrassed when she thinks about it.

She was wearing a dark skirt today, and she tucked the shirt into the skirt, so she could actually make a set.

After Jessica changed, she hid in the bathroom and washed her soiled clothes. When she opened the door to get out, she saw Victor Han standing by the door waiting for her.

Jessica was startled, "You, why are you here?"

Victor Han glanced at her and found that she had changed her shirt, and she was still holding the soiled clothes in her hand, which was probably washed inside, so her sleeves got some water now.

Thinking of her soaking clothes just now, Victor Han's eyes darkened a bit, her apple rolled, and he reached out to her.

"Have your coat washed? Give it to me."

Hearing that, Jessica subconsciously handed out the clothes, and after thinking about it, she pulled her hand back.

"No, no, I can just dry it myself."

Victor Han chuckled, "What are you afraid of? You have worn my clothes for the second time, so are you afraid of drying clothes for you?"

"..."

After hesitating for a while, she passed her clothes over. Victor Han took it and walked to the balcony, and Jessica followed behind him.

Then, watching Victor Han dry the clothes for her, she doesn't know why. When he saw his slender knuckles slide over the fabric of his clothes, Jessica always felt a special feeling in her heart.

When he was ready to dry, her ears had been covered with pink quietly.

Jessica blushed and turned around, preparing to sneak out before he turned around, but Victor Han strode very far, catching up with her, and then clasped her arm.

“Go down for breakfast.”

“Oh oh.”

“Actually, you don’t need to be so nervous, as I said just now, don’t be careful in front of me. We are now boy and girl friends.”

Victor Han spoke again suddenly, provoking a topic.

“If you are really afraid of me, then...” Victor Han’s hand on her arm gradually moved upwards, Jessica was stunned for a moment. Before he could react, she felt that her shoulder was completely held by Victor Han. , And then pressed it on the wall next to it.

Jessica’s eyes widened sharply, watching the person in front of him leaned over and approached her, but Wen Tun’s breath scorched her cheeks like a flame and burned her.

She looked nervously at the person close at hand, her lips slightly opened, “What’s the matter?”

Victor Han pursed his thin lips, and moved a few minutes closer, with a low voice.

“If you are so careful, then I can only use some special methods to make you not so afraid of me.”

“Special...means?” Jessica blinked, her black eyelashes dangling like a fan, as if fanning Victor Han’s heart.

His mind moved, and his tone became dumb again.

“Yes, it’s a special method, isn’t it afraid of me? It can only make you accustomed to being close to me. If you get closer, you will get used to it.”

While talking, his thin lips were already very close to her, Jessica’s body trembled, and she was looking forward to it, but her mouth was hard.

“That’s not the case, I just...”

“Just continue the last practice...”

His voice was getting lower and lower, getting closer, and then...Jessica’s lips were blocked, and her waist was also wrapped around by a pair of big hands, she stood in place at a loss. After a while, Victor Han took Jessica’s hands that were nowhere to be placed behind her waist. Jessica was stunned. Did she mean to hold him?

As soon as she reacted, she felt someone pull their lips away for half a minute, and said dumbly: “Hold me.”

Jessica: “!!!”

Her face was so hot that she was so scared that she wanted to retract her hands, ah ah ah! When the old man talked about love, she was so sullen that she didn’t look at it. Originally, she would be more active when the two of them were together. Who knew that he had kissed himself several times since they were together yesterday to today. And she was so enthusiastic that she was afraid.

However, Jessica’s retracted hand did not succeed, because she was caught by Victor Han halfway through, and then broke free for a while without breaking free, and then she was dragged back and placed on his waist.

“Hug me, huh?” Victor Han coaxed her quietly, and when she spoke, her thin lips touched her earlobe, which had a particularly bewitching scent.

Under his persuasive temptation, Jessica relaxed her emotions little by little, opened her hands and slowly hugged his waist. In fact, Victor Han liked the little girl to hug him.

Just like in the car last night, she took the initiative to hug him and hugged him tightly. That feeling... was very real and warm, and made him feel the throbbing he had never experienced in his life.

But today's little girl is too shy. The hands around her waist are not tight. Victor Han stared at her shy eyelashes and continued to coax softly: “Hold tighter, we are going to continue.”

Jessica blushed and was startled by his anger, she couldn't help but glared at him harshly.

“Just kiss, ask so much...”

She complained in a low voice, her mouth was not forgiving, but she still hugged his waist a little bit tightly. Victor Han was finally satisfied, with a slight smile on her lips, and pressed her head down again.

The inquiry this time was obviously more proficient than yesterday. Originally, Jessica thought that the two of them had never been in a relationship, and kissing should be quite difficult, so she would be happy to discuss them together.

But gradually she discovered one thing.

Victor Han seemed to have found the way quickly, but she didn't have it herself, she was completely taken away by the other party. He would have to be kissed how he wanted to kiss, and there was no room to fight back.

Jessica was a little angry, and went back to kiss her fiercely, only to accidentally knock the other's lips apart.

But this time Victor Han was unmoved, just paused and hugged her tighter.

Jessica's back was stuck on the cold wall, and she only felt that Victor Han's feeling was not right.

She doesn't know how long it took, but Jessica only felt that her legs were weak and soft, and she gradually couldn't stand. It was over... She drank half a glass of milk just now, and now she is hungry again...

When Victor Han released her, Jessica leaned weakly in front of him and murmured, "I... seem to be a little hungry."

Then she heard a low laugh from someone, which was beautiful.

"Then go for breakfast, eat it well, don't be picky eaters."

Chapter 1174

For this breakfast, Jessica was fed very full.

Probably because of the kiss, Jessica became a little ecstatic. When Victor Han asked her again later, she changed her mouth and said that she actually came here without breakfast, and she said that it was pitiful and pitiful. Up.

Then... Victor Han put a lot of things in front of her table, and ordered her to finish all of them.

"So much, where can I finish it?" Jessica groaned in her heart. If she had known this, she wouldn't say she didn't have breakfast.

“After eating, don’t faint again later.”

There was no way, Jessica didn’t dare to defy his orders, so he could only stuff things into his mouth, but he was really hungry, and this meal was the love breakfast of the male god, okay? He made it by himself, so Jessica was quite satisfied.

After eating, her stomach was a little braced, and she leaned back twice, leaning there, and couldn’t help touching her stomach, her expression a bit painful.

“Are you too full?” Victor Han frowned and asked.

Jessica just wanted to say no, but as soon as she opened her mouth, she hiccuped. She was shocked, and she was completely frozen in place, sitting there with wide-eyed eyes in disbelief.

Just now... she made that voice??? ??? How could she make such a shameful voice in front of Victor Han.

After recovering, Jessica quickly stretched out her hand to cover her mouth, staring, almost afraid to look at Victor Han’s eyes.

But gradually, she thought of the words Victor Han said to her just now, and the kiss. He told her not to be so careful, she really listened.

Maybe she can try to resolve it by herself?

Thinking of this, Jessica gave a cheeky cough, and gave Victor Han a charming look, “It’s all to blame for you, I’m going to eat it.”

“The implication is that if you didn’t tell me to eat so much, how I could make such a shameful noise.”

When the little girl complained about herself, Victor Han was slightly startled and looked at her.

The little girl was sitting at the dining table wearing his shirt. The shirt was large and was worn loosely on her. She put her hands flat on her legs, holding the corners of her clothes nervously, just looking at the light from the window. , She has a little powder on her fair face, and there seems to be light in her eyes when she looks at him.

Inexplicably, Victor Han's thin lips twitched slightly: "Well, I'm all to blame. Then go to exercise to consume it?"

For some reason, when she heard these two words, Jessica wanted to crooked inexplicably, and her face immediately turned red, but she knew that what Victor Han meant was not what she thought, but her style of painting suddenly went crooked. .

Thinking of this, Jessica immediately shook her head, shaking off the abnormal thoughts in her head, and then firmly nodded: "Okay."

The two went out for a walk.

This place is prosperous, but after the place was bought and turned into a private villa area, security facilities were prepared. Generally, except for the residents here, no one can come here casually. When Jessica came, the security recognized it. Only let her in.

Because it is Sunday, many people are still resting. The quiet paths are planted with grass and trees, and the air is particularly good. Then Jessica found that there were runners at any point in time. Originally, she thought there should be no one running at this point in time. She didn't expect that not long after she and Victor Han came out, they met several runners back, but some is about to start.

She is a little depressed. Shouldn't she get up earlier to run? Isn't it hot at this time?

While thinking about it, a middle-aged man with a big belly came to face him, Jessica glanced at his figure, and subconsciously shrank next to Victor Han, leaving him a way.

Who knew that the man stopped not far in front of them, and walked towards them while wiping sweat with the towel hanging around his neck?

"Mr. Victor."

Actually knew each other? Jessica thought in her heart, silently a little farther away from Victor Han, and just moved two steps before being held by Victor Han.

Jessica was startled, and she stopped moving immediately.

Probably the reason for walking for a short distance, his palms were very hot, and it was so hot that it burned her.

Jessica took a deep breath and suppressed the random thoughts in her heart.

Victor Han nodded lightly when looking at the people who had always come, "Mr Chen is here for a morning run?"

"Yes, when I am getting older, the guy in the family said I was too fat, so he drove me out to exercise, so as not to accumulate obesity and get sick easily." After that, he smiled and wiped off his sweat, and then looked Handing it to Jessica, his eyes looked up: "This one is?"

The named Jessica suddenly became a little nervous and bit her lips subconsciously, wondering how Victor Han would introduce her to others?

Is it a girlfriend? Or ordinary friends?

But soon, Jessica felt the big hand holding him tighten again, and then she heard Victor Han's faint but heart-pounding voice.

"Girlfriend. When you meet for the first time, say hello to Mr. Chen."

Victor Han looked at his girlfriend like a baby guard, and said softly.

Jessica quickly returned to her senses and nervously squeezed a smile at the middle-aged man in front of him, "Hello, President Chen, I, my name is Zhou Jessica..."

She was probably nervous, and after she had finished speaking, she bent slightly towards the other side.

Mr. Chen's gaze on her face became a little bit more grinning, and he nodded in approval: "It's still Mr. Victor who has a good eye, the little girl is very charming, but we all thought you wouldn't be looking for it. Unexpectedly, I found one silently."

And looking at this posture, it looks like something. From a distance, he saw Victor Han, who was not known as a girl, took the little girl's hand, and even took the initiative to introduce it.

After speaking, Mr. Chen looked at Jessica again and smiled: "It's a rare thing, the little girl cherishes it, let alone their company, even our company group regards him as a pursuit goal."

Jessica blushed and nodded awkwardly.

Victor Han reminded her nonchalantly: "Ms. Chen has finished running, should we go back? We have to go for a walk to digest, so we will lose company first."

He has always been estranged from others, especially at a distance. At first, there were people who were unfair. Later, when he saw that he was like this to everyone, he naturally formed a habit.

Besides, the politeness can also be done well. Although it feels cold to you, but if you greet him, he will return the courtesy. Anyway, people can't fault it.

So President Chen nodded immediately, "Okay, then you go for a walk, and I will go home first."

After walking a little further, Jessica couldn't help but lower her head and glanced at the way the two were holding hands. She was obviously having a temper with him a while ago, preparing for a blind date to marry him, but she didn't expect them to be there now. Together.

She just doesn't know if she will keep holding his hand down.

Chapter 1175

Lin Xuzheng knew that Jessica and Victor Han were still together from Mr. Chen.

The two ran into each other while drinking tea. Originally, they were just nodding acquaintances. At most they could chat for one or two words, but after seeing Lin Xuzheng, Mr. Chen remembered the little girl next to Victor Han before. He knew Lin Xuzheng and Lin Xuzheng. Victor Han's relationship, so he want to go gossip.

As for human beings, he doesn't have much pursuit in his middle age. After all, he has a happy family and both children. Except for the fat to lose, he is only interested in gossip now.

So when he saw Lin Xuzheng, Mr. Chen couldn't help but went up and said something to him. Seeing Lin Xuzheng who didn't quite understand the situation, Mr. Chen was happy to caress his palm, and hurriedly said.

“Mr. Lin, although you and Mr. Victor are in the best relationship, there are things you don't know now, hahahaha.”

Lin Xu Zhengshi looked dumbfounded and didn't understand what Lao Chen was doing, but Lao You Tiao was old You Tiao. He was not anxious, so he looked at President Chen with a faint smile and waited quietly. He then confided the truth to himself.

Sure enough, seeing that Lin Xuzheng didn't ask him personally, Lao Chen couldn't restrain himself very quickly and showed off to him impatiently.

“Isn't the guy in my family asking me to go out for a run every day to exercise? I want me to get this meat on my body, so I find time to go for a run every morning, but when I came back I met Mr. Victor, guess what I saw ?”

Lin Xuzheng remained calm.

“I'm quite curious, what can I see that surprised him so much? Could it be that Victor Han has an extra woman beside him?”

“Victor Han was actually followed by a little girl.”

Hearing, Lin Xuzheng raised his eyebrows slightly, “Little girl?”

He guessed it unexpectedly, it was related to women.

He doesn't know why, when Lin Xuzheng uttered the three words “Little Girl”, a familiar figure appeared in front of Lin Xuzheng, who was related to Victor Han and made him care, and Lin Xuzheng also knew him. So one.

“Yeah, it’s a little girl, probably a little older than my daughter. You said Mr. Victor used to be like I wondered if he was going to stay in bed in this life? Who knew he was so shameless that he actually started on the little girl. “After speaking, Mr. Chen has been shaking his head again and again and making a sound.

Hearing this, Lin Xuzheng couldn’t help but smile, “Old Chen, did you say that in front of him?”

President Chen’s face was shocked.

“How is this possible? I think it’s too long to tell him in front of him? Give me ten courage, I don’t dare, I just didn’t expect that he would find a little girl. You say, this young man Are girls more attractive? Otherwise, how come this old iron tree that hasn’t bloomed for 10,000 years suddenly opens up? It’s really weird.”

“Fate matters.” Lin Xuzheng picked up the tea cup, took a leisurely sip, and said quietly: “Who can tell clearly, whether it is a girl or a mature woman, as long as it is Victor Han’s fate, naturally Can’t be wrong.”

“Hey, you said so, but why are you calmer than I thought? Shouldn’t you be surprised when the old iron tree blooms?”

Hearing, Lin Xuzheng smiled faintly, put down the teacup in his hand, “Perhaps because, I had expected the two of them to be together?”

Old Chen suddenly yelled in dissatisfaction and accused Lin Xuzheng of being unkind. It turned out that he had known about this a long time ago, but he didn’t mention a word, which made him feel as if he had some important clues.

“Isn’t it because Mr. Chen is really in high spirits? I’m sorry to interrupt, just make you more excited.”

Old Chen: "..."

He feels that he can't make friends well. It's not for no reason that Victor Han and Lin Xuzheng are in the best relationship. Neither are good people!
Humph!

After drinking tea, Lin Xuzheng went to the ramen restaurant in the afternoon

I haven't been here for a while, but the ramen shop's business has become more and more prosperous. When Lin Xuzheng entered, the group of people in the company who wanted to trouble Jessica happened to be inside. Seeing Lin Xuzheng, the faces of several people changed slightly, and then they bent. Lower back and lower your head to bite each other's headphones.

"Isn't that Lin's President Lin? Why is he here? Is this girl who delivers food really related to President Han?"

"The relationship between President Lin and our President Han is very good. This is something that everyone knows. I didn't expect that the woman's hands are so fast. Does she want to hook two at a time or have other purposes?"

The front desk was sitting in the corner with a timid expression: "I think... it should be just a friend's relationship? After all, President Lin is single-minded and famous."

Everyone knows this. Lin Xuzheng has not remarried since the death of his wife and refused all women's approach.

Otherwise, with his status and status, how could his appearance and character still be single now? Naturally, there are many women and men, but people only have the dead wife in their hearts. Who is better than a dead person?

So everyone's goal was not set on Lin Xuzheng.

The front desk thought for a while, and then said: "Or, let's have a bowl of noodles today and leave? Just take it as a meal. President Lin is here. If we do something, I don't know if he will not. Will recognize us."

The faces of other people were not pretty. After all, no one thought that Lin Xuzheng would actually come, and she hadn't seen Jessica for a long time after coming, and she didn't know where she was.

At exactly this time, Levi came out and handed them the menu.

"Hello, sisters~ This is the ramen menu of the small shop. Sisters, see what you want to eat?"

A milky voice suddenly sounded, attracting the attention of several girls on the table.

After just one glance, one couldn't help but crouch.

"What a cute boy, what am I..."

A few people still want to express their opinions, but Levi has already handed over the menu, which is not easy for the children, especially the children who are so good to see that they can't resist.

After ordering the meal, Levi took back the menu with a smile.

"Well, sisters, please wait a moment."

After they left, someone said.

“Who is this kid? He looks so good-looking, he wouldn't be the illegitimate child of the takeaway girl?”

Someone couldn't help but glared at her: “You raised her too high, so she can give birth to such a good-looking child with her unrecognizable face in the crowd? Exalt her too much.”

“Yes.”

The front desk stared at Levi's back, thought for a while, and said quietly: “Do you think... this kid looks like a person?”

Others: “Who???”

The front desk touched his nose, “The nightclub of the Yeshi Group.”

“Walter?”

Someone exclaimed.

Chapter 1176

“Fuck, you really look like this, I just thought he was a bit familiar.”

“What the hell? Why is it related to the nightclub of the Ye Family Group again? Does it mean that the takeaway girl steps on three boats?”

“... Brainstorm? You didn't even watch the news of Ye's group flying all over the sky some time ago? Mr. Walter had his own wife, but something happened while preparing for the wedding. I'm still on the news with his wife's photos. I have seen it before, it is indeed a beauty.”

“That said, I also remembered that the news should still be available on Search.”

So a few people took out their mobile phones to search for the news, and they saw pictures of Stella at the wedding, but because of an accident with the bridegroom Walter, Stella was the only one at the wedding.

“Is this Mr. Walter’s child? Are they all this old?”

“Why is he here? As a waiter in a small shop for takeaway girls?”

Several people were really confused. Only the front desk swallowed. They really felt that they shouldn’t be here today and discovered too many secrets.

Before, everyone thought it was just an ordinary woman with no background, but could let the son of Walter of the Ye Family Group help in this small shop, as well as Lin Xuzheng, including Victor Han.

These three people are well-known in the business circle.

Thinking of this, the front desk picked up the mobile phone placed on the table: “Well, I think of it as if my clothes have not been collected yet. It seems to be raining this day. I’m going back to collect the clothes. You eat and I pay the bill.”

Then he got up and went to the cashier to buy the bill, and then left quickly.

The one who came together with him looked at the good sun outside in a puzzled manner, and said strangely: “This sun is so fierce, where is it going to rain? What’s wrong with her?”

Hearing, someone sneered: “Idiot, she is obviously afraid to run away, can’t you tell?”

“

“Then, shall we go?”

Suddenly discover that the person they want to deal with may be something they can't afford. What could be worse than this? If you lose your job in order to tease a woman, or get into these big companies, it is really not worth the loss. Coupled with the departure of the front desk and the appearance of Levi Lin Xu Zheng, the hearts of several people start to waver.

Someone soon followed up.

“Anyway, I didn't support her at the beginning to make trouble for her. I don't like President Han. If you want to make fun of or make trouble, do it yourself. I'll go back first.”

“Then I'll go, too. My boyfriend wasn't too happy when I came today. Why don't I go on a date with him on a weekend to eat ramen here?”

One after another, six or seven people came, but three or four walked away, leaving two or three with big eyes and small eyes.

“Are you leaving too?”

“Forget it, it's all here... Shall we eat the ramen before leaving?”

“Okay, then eat ramen before leaving.”

Soon, Janis brought out the ramen, only to see that the seats that were full just now had been emptied, and only three girls were sitting there.

“Hey? Did I give it wrong? Didn't you order seven bowls of ramen at this table?”

Suspiciously, she put three bowls of ramen in front of the girls, and asked: “Did the little fellow Levi placed the wrong order? Should I change it for you?”

“Auntie!” Someone hurriedly said: “We usually eat a lot. It is definitely seven bowls of ramen. Please help us to continue serving it.”

The other two nodded numbly.

Janis: “You don’t need to be so reluctant, just make a mistake and change it again.”

“That’s right. Auntie, please help us to continue. My friend has already paid for it.”

The other party had said so, and Janis couldn’t say anything, so she went to the kitchen at the back, thinking about it as she walked.

“The girls from outside don’t know what’s going on? There are obviously three people, but they ordered seven bowls of ramen. I asked if the order was wrong, but I said that there is no need to correct them. Can they finish the seven bowls of ramen? “

An employee replied.

“Auntie, they said that if you don’t need to change it, you don’t need to change it. I guess it’s usually greedy. I finally have time to come over this time, so I want to double it?”

Janis thought it made sense, so she didn’t care about it anymore.

But the atmosphere outside was not so pleasant. The three remaining girls were not convinced and didn’t want to leave directly, so they stayed to eat ramen and did not dare to refund the money, for fear of offending the young master of the Ye Family Group.

“I’m so stupid, what’s the point of refunding the money? Isn’t it possible that I can’t refund if I get too much? Why are you so courageous?”

“You are brave, why didn’t you just say?”

“Yeah, not only did you not say, you also nodded, doesn’t this mean you agree?”

“You guys!”

“Forget it, everyone is almost gone. Obviously, we don’t want to take our own schedule for this matter. Besides, we’re just not convinced, but if Mr. Victor really falls in love with her, that’s something we can’t do. , Can we still change President Han’s mind?”

“Yeah, Secretary Su hasn’t been able to change anything after being with Mr. Victor for so many years, let alone us, and we are just not convinced and want to trouble her, and we can’t get any benefits.”

“...What do you two mean by this? Did I call you in the first place? You didn’t agree.”

Several people were speechless, looked at each other, and then sighed.

“Forget it, it’s all here. Since you don’t want to cause trouble, then don’t ask for trouble. We will leave after we finish the noodles.”

So the three people began to bow their heads to eat the noodles, one of them took a sip of the soup and his expression instantly became a little uneasy. He wanted to exclaim but was afraid of his teammate’s ridicule, so he could only whisper.

“Taste, the taste seems to be okay.”

“...” The other two people did not believe in evil and took a sip, and found that the taste was indeed okay, but everyone tacitly said nothing, bowed their heads and ate the noodles.

This matter came to an end.

Lin Xu had been sitting in the private room on the second floor for a long time. He didn't see Jessica's figure. He shook the tea in the cup and couldn't help sighing.

“Sure enough, did you ignore the business in the store when you fell in love? Hey, he also wants to say that he will eat bowl noodles today.”

As he was thinking, there was a sudden rush of footsteps outside, and soon Jessica appeared in front of him panting.

“Lin, Mr. Lin... I just knew you were here, but I have something to go out today, so sorry.”

“It doesn't matter, is it going to take more time to fall in love?” Lin Xuzheng gave her a faint smile.

Jessica was suddenly embarrassed, her face turned red, and she squatted.

She knew what Lin Xuzheng and Victor Han met. The last time he was at the police station, it was Victor Han he had notified him.

Chapter 1177

And she lost her temper at that time.

Thinking about it now, it was really embarrassing and embarrassing. After all, for her, although Lin Xuzheng was a friend of Victor Han, she was really unfamiliar with him.

Now he teased her so that Jessica really didn't know how to reply.

Lin Xuzheng put in the cup and smiled at her leisurely.

“What's the matter? It's a good thing for two people to be together, why is this expression?”

Seeing the other person's smile, Jessica finally understood. Lin Xuzheng probably came here after knowing this.

Although Jessica didn't know the relationship between the two of them and why he cared so much about Victor Han's emotional life, Jessica was not ashamed to ask directly.

But probably Lin Xuzheng is also a person with a delicate and clear mind. He quickly guessed what Jessica was thinking, and asked quietly: “Is it strange why I came?”

Uh...

Jessica did not answer, but the expression on her face was already obvious.

“Actually, I just think it's fun. Do you remember the person I wanted to introduce to you before?”

Hearing, Jessica was stunned, but then quickly reacted, “Could it be that the person Mr. Lin mentioned before is Victor Han?”

Lin Xuzheng smiled and nodded.

Jessica was a little dumb and didn't know what to say.

“My good friend has been single for many years, and no woman has been in his eyes. It was the first time he spoke to me for your business. I was surprised that he heard the name of another opposite sex in his mouth for the first time besides his sister. , So she became very curious. Didn't the little girl lose her temper at the police station last time? Actually, you don't have to think about it this way. He will rarely speak to others because of your business, which shows one thing.”

Jessica didn't quite understand why Lin Xuzheng came today. Could it be that he said something nice to Victor Han? But now in Jessica's mind, Victor Han is already invincible.

“Although I said this is a bit redundant now, I have to find a sense of existence for my friend, right?” Lin Xuzheng smiled lightly, as if joking.

Jessica couldn't help but smile.

“Anyway, I should thank you, Mr. Lin.”

“Oh?” Lin Xuzheng raised his eyebrows, “Thank me? Thank me for what? I wanted to introduce you to you, but you didn't agree.”

“It's not this.” Jessica said embarrassedly: “I mean you called him to the police station. If it weren't for this, maybe... I wouldn't have those intersections behind him.”

You?

I don't know why, Lin Xuzheng is really uncomfortable with the word you. Although he is older than the little girl in front of him, he and Victor Han are the same year. She and Victor Han fall in love. When he talked, he took her with him, as if he was like an uncle.

“Speaking of these politely, it belongs to the fate between you and him, I can at best add some color to the cake, even if there is no chance, you will still be destined to meet together in the future.”

This is what his wife said most often during his lifetime, because the encounter between him and his wife was so wonderful, and he would also lament after marriage, if he hadn't gone to the banquet that day, would he have never known her? Every time her wife would hold his face and ask him what the nonsense is. This is their fate. Even if they don't meet today or tomorrow, they will meet him one day.

As long as you encounter it, you can't hide it.

So when Victor Han first came to Lin Xuzheng to mention Jessica, Lin Xuzheng confirmed one thing.

Victor Han couldn't hide it.

It's not that the little girl needs him, but he needs her.

But having said that, Lin Xuzheng lightly coughed and said with a serious face: “If you have to thank me, it's not impossible, just talk to me in a normal tone, don't take you. After all, I am the same age as Victor Han.”

Jessica: “...”

She froze for a while before realizing what Lin Xuzheng meant. It turned out that he thought he called him old, but it was also true. She fell in love with Victor Han, and finally called you to Lin Xuzheng, as if he was inexplicable. His seniority has increased.

After thinking about it, Jessica scratched her head awkwardly, “Okay Mr. Lin.”

“If you don’t mind, just call me Xu Zheng from now on. I can always afford one sentence, right?”

Jessica nodded quickly: “Yeah! Of course! You rented the shop to me so much less, and you helped me again, telling you that you don’t lose money.”

Jessica didn’t bother, and quickly called to the other side, screaming Lin Xuzheng comfortably, feeling that she was overwhelming Victor Han at last, and she didn’t know whether to go in front of him, let him call himself, brother too. ?

Just think about it and feel happy.

“Brother Xu Zheng, let me cook a bowl of noodles for you, sit and wait for a while.”

“Ok.”

When the little girl left, Lin Xuzheng took out his cell phone and called someone.

Victor Han had just taken out the shirt that the little girl was wearing from the washing machine and was going to hang it up. As a result, he received a call from Lin Xuzheng. When he saw the call from this person, he was silent for a while before answering it.

“Something?”

“Tsk tusk, can’t I call you if I’m fine?”

Hearing, Victor Han frowned slightly, squeezing the clothes in his hands: “Just say anything.”

“Who came to me before it was okay and asked me to help their little girl? I said, now that we are together, you can tear down the bridge when you cross the river?”

“ ... ”

“The favors owed to me have not been repaid. Did the police station owe one more last time?”

“ ... ”

“Brothers have been together for so many years, not telling me, it’s not enough.”

“Lin Xuzheng, what are you trying to say?” Victor Han sighed helplessly and asked.

“I can’t be happy for you? It’s hard to see that you are accompanied, so I am happy for you.”

Victor Han felt that there was something wrong with the tone of his speech. He glanced at the date, and then asked, “Where are you now?”

“Where?” Lin Xuzheng lifted his lips and glanced around, then smiled faintly: “What do you think? It’s not easy to come over to eat a bowl of noodles. I waited for almost half an hour.”

Victor Han: “ ... ”

After a long silence, “Wait for fifteen minutes.”

Dudu...

After hanging up the phone, Victor Han aired his shirt and saw the shirt worn by the little girl hung around his white shirt. There was always an inexplicable throb in his heart.

Originally, he was still wondering if multiple women around him would be troublesome, but what happened now made him feel pretty good, and he even yearned for this kind of life.

Soon, he grabbed the car key and went out.

He arrived in front of the ramen restaurant in fifteen minutes.

When Victor Han entered, Jessica was dining with Lin Xuzheng upstairs, so no one was found downstairs, so when Victor Han entered, only Janis met.

Seeing Victor Han, Janis was stunned for a moment, and she saw Uxing greet her.

“Aunt.”

Janis: “Come to find Jessica?”

Victor Han nodded slightly.

“Upstairs, she will dine with Mr. Lin.”

Chapter 1178

Accompany Mr. Lin to dinner? There was a slight change in Victor Han’s eyes. It seemed that he was really bored to the extreme. He unexpectedly ran here to wait for so long, then came to eat again, and called himself over.

“Do you want me to take you up?”

Janis's voice pulled Victor Han's mind back. She smiled politely and said lightly: "Thank you auntie, I can go up by myself. I came in a hurry today and I didn't prepare anything. I will definitely come to visit in person later."

Although his tone was indifferent and not that kind of particularly sincere and humble attitude, Janis didn't feel anything at all. After all, such an outstanding and outstanding man is willing to condescend and condescend to find his daughter again and again, but he hasn't lost his reason all day by Yan Yan and still maintains his demeanor.

Nor will she become flattering just because she is Jessica's parents, which Janis is really satisfied.

She didn't care how good this man's attitude towards herself and Lao Zhou could be, as long as he was genuinely kind to his daughter.

"What are you talking about, it's fine if someone comes, and you don't need to visit specially. Okay, you go up first."

Victor Han smiled lightly and said softly, "Thank you, auntie."

After Victor Han went upstairs, Janis thought about it, but she always felt something was wrong, and it took a long time for her to remember.

No, she said that when Jessica and Mr. Lin were eating upstairs, they spoke subconsciously, but the boyfriend of Jessica didn't ask who Mr. Lin was. Does he know who the other party is? The two sides actually know each other?

If it was normal, Jessica sent him noodles and left, but today he always feel a little embarrassed. He waited here for a long time, and finally she called him his elder brother again, so Jessica felt that the two The distance between them doesn't seem as strange as before.

At least the relationship is getting better now, so she simply sits down to dine with Lin Xuzheng.

Seeing the little girl sitting upright in front of him, Lin Xuzheng remembered that when his wife was still alive, his wife was about the same age as him, but Lin Xuzheng was not yet this age, so his wife's age was actually the same as this time. Jessica is almost the same.

However, his wife is not as well-behaved as Jessica. She is always eccentric and uneasy after eating. She is always tossing, asking him to feed him and then actively feeding him. After the two are together, she is extremely sticky greasy.

Lin Xuzheng also knew that at that time, many people secretly said that the two of them were so sticky that they would definitely break up soon, but they never broke up, and later married, and their relationship even improved after marriage. Unfortunately...

God is really fair.

Probably it was the couple who had overdrawn all the stickiness in this life, so God would cruelly take away his wife's beautiful life.

"Big Brother Lin?"

Lin Xuzheng seemed to hear someone calling him, and when he recovered, he watched Jessica Xuebai's palm sway in front of him.

Realizing his absence, Lin Xuzheng smiled and took the initiative: "Sorry, once I sit here, I will involuntarily think of my wife."

Jessica's shaking hand stopped like this, and then slowly retracted it after a while, and said nervously, "Yes, I'm sorry..."

He thought of his wife again. He should be sad, right? Just now, Jessica watched him sitting there still, and then saw that his eyes were very hollow, as if he had fallen into the past. She was a little worried, so she called him,

“It’s okay.” Lin Xuzheng lowered his head and took a sip of the soup. The bitter taste instantly diffused from the base of his tongue and filled his entire mouth, just like he missed his wife at night.

“I’m used to these days.”

Jessica really doesn’t know how to comfort others, and has no such experience, so she can only squat and say: “Big Brother Lin, don’t be sad. Since you are already Jessica’s eldest brother, if you want to see your sister in the future, you can come to the store. , I will cook noodles for you, this room will never let other customers come in, it will always be reserved for you.”

The sincerity of her words made Lin Xuzheng unable to help laughing.

“Unexpectedly, Victor Han’s old iron tree bloomed a second time, and Lin Xuzheng would have an extra girl, which is very good.”

Fortunately, every time Victor Han is mentioned, Jessica can’t help but blush.

Just as she was about to say something, Jessica suddenly heard footsteps coming from outside, and she frowned her eyebrows slightly, “Could anyone want to come over?”

She has already said that there will be no guests here, so how come there will be people?

Hearing these words, Lin Xu Zhengzhuang raised his hand and glanced at the watch unintentionally. It seemed that the time was about to come, it was time.

Thinking of this, he said quietly: “It should be someone you know.”

People you know?

Hearing these words, Jessica felt inexplicable. She was a little confused and got up to open the door.

However, as soon as she opened the door, she saw a familiar figure standing outside the door.

The moment his eyes met, Jessica was stunned.

Victor Han?

How could he come here suddenly? It's not long before you know him clearly, how come you see him again?

"Yo, it came quite quickly, a few minutes faster than I expected."

Jessica was still standing stupidly, and Lin Xuzheng behind him already laughed.

Victor Han's eyes passed through Jessica and fell on Lin Xuzheng.

Jessica turned her side slightly, so did Victor Han come to see Lin Xuzheng? She paused, and then said: "Do you have something to say? Then I will go downstairs first."

After speaking, Jessica passed by Victor Han, but when she was about to leave, her wrist was suddenly held by Victor Han. She raised her head in surprise and looked at him.

"It's not that you can't listen, what are you going to do downstairs?"

Lin Xu just watched this scene in his spare time, his eyes full of radiance.

“But...” Jessica wanted to say something more, and was already pulled in by Victor Han and sat down.

Originally, she wanted to leave, but now she can only follow Victor Han and sit beside him with her hands folded.

One is sophisticated and calm, and the other is as good as a student.

“Suddenly ran over, have something to tell me?” Lin Xuzheng stared at Victor Han with a smile, his eyes flicking back and forth between Jessica and him.

It's strange that this little girl felt very restrained when she stayed with him. She thought that Victor Han would be better when he came? Now she finds that it doesn't seem to be the case. Look at her sitting next to Victor Han? She was so nervous that she didn't dare to move at all.

Thinking of this, Lin Xuzheng made a point in time.

“I said old friend, you always face the other girl with a straight face, why do people look nervous and afraid of you?”

Hearing, Jessica took a deep breath, why did he mention this topic again? In fact, she has changed a lot now. She was afraid of him before, but he was pressed by the wall to kiss her, and she was used to it for a long time.

Chapter 1179

Hearing, Victor Han was calm as usual, with a cold expression on his face: “You are too idle, so you came here specially?”

“Hey, that's right, it's too idle, so come and see my sister.”

“Sister?” Victor Han narrowed his eyes slightly, not quite understanding the meaning of this term.

“Yeah, Sister Jessica already called me the eldest brother, so do you think you can change the name when you see me in the future?” At this point, Lin Xuzheng’s smile couldn’t be suppressed at all. How is it, brother-in-law?”

Victor Han: “...”

The little Yan on the side realized that Lin Xuzheng was taking advantage of Victor Han. She thought it was nothing to call Lin Xuzheng to say eldest brother, but she didn’t expect him to use this kind of thing to make a joke of Victor Han.

This kind of joke, she didn’t think it was a big deal, she just didn’t know what Victor Han thought.

Thinking of this, Jessica anxiously spoke for Victor Han.

“That... Brother Lin, I...”

Before she could finish her words, Victor Han held her hand, and then interrupted her, “What’s the worry?”

Jessica was taken aback and looked up at him.

“Just let him take advantage of his mouth, it doesn’t matter.”

The most important thing is that the little girl is by his side, and the little girl maintains him like this is already his happiest thing.

“Tsk tusk.” Lin Xuzheng watched this scene, feeling very sour, “I used to think that even if you fell in love one day, you would definitely not be the kind of

master who would pity jade. I didn't expect that... you are better than I thought. Chong, Sister Jessica, you won't be able to find this man with a lantern in the future. Please cherish it."

Jessica blushed at the words of these two men. She felt that she couldn't stay here anymore. She could only pull her hand back, and then said: "The downstairs may be a little busy. I will go down and help. You two will talk. "

After speaking, Jessica quickly got up and left without waiting for Victor Han to speak again to leave her behind.

After she left, Lin Xuzheng still had a ridiculous smile on his face.

"A little girl is a little girl, and I can't stand a few jokes."

Hearing, Victor Han glanced at her faintly: "If you know, why do you still say it?"

"Life is tasteless, I have to have some fun for myself, otherwise it's boring, right brother-in-law?"

Victor Han: "..."

Considering that a few days will be the anniversary of his wife's death, Victor Han can only press his emotions deep in his chest, not just a few words of lip service, so he will take it.

"Why, it's true? Just think of it?"

After joking, although the smile on Lin Xuzheng's face has not completely faded, when he asked these questions, his eyes were obviously full of seriousness, "As your friend for many years, I want to remind you that this little girl is not a It's easy to provoke. If you can't guarantee that you will be good to her forever, it's better not to provoke her."

“...” Victor Han glanced at him helplessly, “How do you know I won’t?”

“Who knows if you will? After all, you have been ruthless for too long before, and suddenly there is a little girl around here. Who knows if you will suddenly become nervous and abandon the little girl? Although I am with this little girl The girl hasn’t seen many face-to-face encounters, but from her words and deeds, it can be seen that she is a person who confessed to death and walked all the way down. If you are sorry for her someday, or hurt her heart, be afraid of her. I can’t get out for a lifetime.”

These words are true, Jessica is indeed such a person.

Although Victor Han had just been with her, he also knew that Jessica was an extremely stubborn person, otherwise he wouldn’t have been liking himself for so long.

But since he is with her, he is fully prepared, and there will be no accidents or other things happening.

Seeing that his friend was silent, Lin Xuzheng also reduced a smile on his face.

“But don’t you plan to let them know about that matter?”

Speaking of that incident... Victor Han’s eyes changed slightly, but he still didn’t answer. Lin Xuzheng in front of him continued.

“Although I don’t think they have to know this, but you have been hiding it by yourself for so many years, are you really not going to say it?”

Say? There is nothing to say, Victor Han said quietly: “There are some things, it’s best not to know for a lifetime.”

Hearing what Victor Han said, Lin Xuzheng probably understood. He planned to keep it secret for a lifetime and never say it out.

“I violated the promise I made at the beginning.” When Victor Han said this, there was a faint color in Victor Han’s eyes.

Lin Xuzheng: “...what should I say, as long as the result does not change, who cares about the process? If the result is good, you are not against your promise.”

Hearing, Victor Han could only smile wryly, “I hope.”

The two were chatting upstairs, and after Jessica got down, she got into the kitchen, and Janis leaned in immediately.

“Why are you down?”

Jessica’s face was a little awkward and said: “They want to talk, it is not convenient for me to stay there.”

Hearing, Janis finally heard a little overtone: “What this means is that Mr. Lin and Uncle Levi know each other?”

Jessica nodded.

“It turned out to be like this.” No wonder Janis said that when Xiaozheng was eating with Mr. Lin upstairs, Victor Han had no doubts at all, “They actually know each other, then this shop...”

Janis’s mind turned quickly, and immediately thought of the sudden reduction in rent and special circumstances.

Jessica: “...”

“Mom, he really wanted to help me with this matter, but Mr. Lin also said it by himself later, making me believe in my abilities. After all, I passed his personal assessment when we went there that day, and he I think I will manage this store with my heart, and now he is very satisfied.”

Janis lovingly touched her daughter’s head, and said softly: “Don’t rush to explain. Of course, mother knows that my daughter is very capable, but mainly I want to know if he wants to be nice to you, that’s all.”

Regardless of whether Victor Han did it or not, the most important thing was that he did it for his daughter. The starting point is a good one.

Jessica choked and his face started to flush again.

“He, of course he treats me very well, oh my mother... don’t talk about it.”

“You’re shy after just saying a few words? Why aren’t you shy when you go to someone’s house?”

Jessica: “Mom!”

Janis smiled: “Don’t say it, don’t say it, you can make your own choice.”

Half an hour later, Lin Xuzheng and Victor Han went downstairs to bid farewell. Jessica looked at Victor Han inexplicably trying to keep up, but thought that he had only separated from him shortly during the day, and had to control the urge to follow up.

But Janis, who was by her side, saw something and pushed her shoulder, “If you want to go, go out.”

Jessica blushed and shook her head: “I’m not going.”

Chapter 1180

Then she turned and ran into the kitchen.

After Victor Han and Lin Xuzheng had finished speaking, they turned around and found that the little girl had run into the kitchen, and only Janis was left.

He paused for a while, and then recovered indifferently. After bidding farewell to Janis, he left with Lin Xuzheng.

Jessica stayed in the kitchen for a long time before Janis entered.

“Mom, are they leaving?”

“Go, then I want to know why not stay outside by myself?”

Jessica didn't answer, thinking that she had just met Victor Han during the day. If it is too sticky, what if the other party becomes bored with her?

Moreover, after falling in love, she rarely took care of the things in her shop. If this was not possible, she had to allocate time reasonably.

At the end of the month, time flies quickly, and the countdown to the days before Stella's production begins, only two days are left.

During this period of time, Walter kept her tighter, almost inseparable. According to Levi, he felt that his daddy was completely crazy, and he guarded Mommy like a crazy all day. Everything has to be managed.

QAQ A man in love~~

Because it was nearing production, when Jessica received Stella's call to accompany her, Walter still stayed by and stared at her, making Jessica feel extremely unnatural, and wanted time to chat with Stella in private nothing.

He could only suppress his own voice extremely low, and complained quietly to Stella.

"Why doesn't Mr. Walter leave? He stares like this, I'm so uncomfortable."

Even though Jessica knew that Walter's attention was only on Stella, she was also here. Walter stayed in this room, and she felt that the air pressure was so low.

Stella was tearing a piece of orange and ate it into her mouth. She couldn't help but glance at Walter, and found that he was sitting there with his hands in front of her, staring at this side firmly.

"Oh." Stella couldn't help sighing and turned to Jessica: "You tell me, I think he is crazy during this period of time. I don't know if it will be better after giving birth. It just treats me like a prisoner. Staring."

Jessica: "...sounds a bit scary."

After speaking, Jessica suddenly thought of her and Victor Han's future. If she was also pregnant in the future, would Victor Han stare at her like Mr. Walter stared at his wife?

It seems... it's not very annoying.

Thinking of this, Jessica suddenly understood Walter's approach, probably the one who liked it deeply would do that?

"Actually, Mr. Walter probably cares about you too much."

Stella didn't feel annoyed by Walter's actions, but thought that Walter would tire him out. After all, he was still guarding when she was resting, and he was still not resting when she woke up.

Is this going to be paid after giving birth?

"These things I said are sincere, but I'm still a big shock. I don't want to stay in a space with him, or...I'll go back first?" Jessica whispered to Stella's dissatisfaction.

Hearing, Stella glanced at her faintly.

"It's rare to come and accompany me. How soon will you leave? Or are you not a good friend?"

Jessica: "..."

She thought, but the atmosphere was terrifying.

"Why don't you call my brother over?"

Jessica: "???"

Jessica knew that she couldn't hide things from him about being with Victor Han. Although she didn't intend to hide it, she didn't deliberately say it. But after all, there is still a big mouth in the store, that is Levi.

For her mom, where can Levi hide the secret?

Jessica was defeated, "maybe he is busy?"

Stella waved her hand and said, "Isn't girlfriend more important than work?"

Jessica: "..."

"Send it, let him come over and get Walter away, it just so happened that I was stared a little too."

Stella had said so, Jessica had to take out her mobile phone to send a message to Victor Han.

After sending the message, she didn't get a response for the time being. Jessica estimated that at this time Victor Han was probably handling the matter in the company, and it was estimated that it would be difficult to get back her text messages.

"He is probably very busy. I don't know if he will reply, but I have already sent it."

As soon as the voice fell, the phone rang.

When Jessica read WeChat, it was Victor Han who actually replied to her.

What she asked is if you are free now? What did Victor Han ask her directly?

When Jessica read the information, Stella also leaned over, and immediately urged Jessica when she saw this problem. "Hurry up and let him over."

Jessica: "...I don't always feel so good, do you forget it?"

"Why are you so scared? He is your boyfriend, not your enemy, and you just said that it's his business whether you agree or not."

Probably it was persuaded by Stella, Jessica really started telling Victor Han that he was going to come over, but she said it more tactfully.

‘That~ I’m here at Stella now, do you want to come over? ‘

After finishing speaking, she was afraid that Victor Han felt his tone was too much, so she quickly picked a cute expression and sent it over.

Stella on the side witnessed the whole process and blinked.

“That’s how you usually talk?”

Jessica nodded, “Yes, is there a problem?”

Stella smiled: “There is no problem, wait for him to come.”

She is happy, and this way of getting along is also good.

“Well, he is at work now and may not come.”

As soon as she finished speaking, Victor Han responded.

‘Wait for me. ‘

Jessica didn’t expect that he would really agree, his heartbeat was a bit fast, and he took the phone and put it in his bag.

“I said I will come, right?” Stella winked her eyes and smiled.

“I must have heard that I am here with you. After all, you are his sister, and he must come.”

“Really?” Stella raised her eyebrows, not paying attention.

Soon, Victor Han arrived, and when he came to look for someone, he found that Walter was there in the room. Facing his brother-in-law, Walter's attitude was not enthusiastic, but he was not indifferent either.

The two men nodded, as they said hello.

After that, Victor Han walked over to Jessica, first inquired about Stella's basic information, and then turned to Jessica.

"Call me here, what's the matter?"

Jessica was immediately embarrassed, and whispered, "No, it's nothing...it's..."

"Brother." Stella interrupted the two of them: "Can't I call you over if there is nothing wrong? Don't just focus on going to work, but also spend more time with your girlfriend."

Jessica: "..."

She secretly pulled at Stella's clothes, but Victor Han did not answer. After looking at Stella, she seemed to have acquiesced to this statement, and then nodded: "Okay."

A few minutes later

Jessica and Stella looked numbly at the two men who were sitting side by side with the same indifferent aura. They looked at each other for a while, and listened to Stella sighed.

"I knew this, so I wouldn't call him over."

Originally, Stella thought that when Victor Han came, she could take Walter away, and then she whispered to her little sister. Who knew he actually sat down side by side with Walter? This is the so-called companionship. What?
