

## Chapter 121

### The Policewoman Chapter 121

“Who has leaked the news and which part of it has slipped through the cracks?” After putting down Yang Hui’s phone call, Zhao Wenlong’s heart was a pang of tension, so he shouted at the door, “Someone!”

Two big, brawny men dashed into the room.

These two men were Zhao Wenlong’s personal bodyguards, the short, fat one with a bigger head nicknamed Big Head and the taller, slimmer one nicknamed Skinny Monkey, who were the humble two generals beside Master Long.

“Master Long, what’s the matter?” Skinny Monkey asked.

“You two hurry up and take your sniper rifles to the customs dock, hide down in a safe location beforehand, in case something changes, just like this .....” Zhao Wenlong held his ears and said a couple of words.

After listening to Master Long’s instructions, the skinny monkey opened his eyes wide and opened his mouth, asking in a cry.

“Master Long, do we have to do this?”

“Yes,” Zhao Wenlong nodded heavily and affirmed, “We have to do this in order to save our own interests!”

.....

An Audi police car pulled up steadily at the entrance of the public security compound.

Xiao Wenbin pulled open the door and got into the car.

However, the driver of the Audi, Xiao Chen, did not drive to the customs dock, but slammed on the accelerator and drove the Audi, heading in the opposite direction.

“Xiao Chen, aren’t we going to the customs terminal? Where are you going?” Xiao Wenbin felt a bit bad and shouted, “Stop the car! Stop the car now!”

Xiao Chen simply ignored him, but picked up speed and drove towards the outskirts of the city.

“Xiao Chen, where the hell are you driving to?” Xiao Wenbin, still unaware of the situation he was facing, yelled at the driver, “I told you to stop, didn’t you hear me?”

“Don’t move, be honest!” Wang Xiaoming, who was sitting next to Xiao Wenbin, spoke up and suddenly took a dagger out of his pocket and put it against Xiao Wenbin’s back, threatening, “If you try to shout or resist, don’t blame me for being too harsh!”

With that, he searched Xiao Wenbin’s mobile phone out of his pocket and pressed the switch-off button, thereby cutting off Xiao Wenbin’s contact with the outside world.

“What are you doing?” Xiao Wenbin then realised that he was in danger and asked, looking sideways at this Wang Xiaoming, whom he usually trusted the most.

“Not doing anything,” Wang Xiaoming asked shyly, rhetorically, “I’d like to ask you, what are you doing asking me to send a car to take you to the customs dock at this time?”

Only then did Xiao Wenbin realise that Wang Xiaoming was a vicious wolf lurking around him and said in a cold voice, “Do you think I need to tell you?”

“Since you don’t want to tell me, let me answer for you,” Wang Xiaoming sneered, “Do you want to go to the customs dock and stop the police from escorting that important batch of supplies?”

“Who the hell are you?” Xiao Wenbin asked uncertainly.

“What kind of person do you think I am?” Wang Xiaoming asked with a smile.

“You’re from the Black Dragon Gang?” Xiao Wenbin questioned.

“Not bad, you guessed right,” Wang Xiaoming replied frankly, “I’m not going to lie to you, I’m the undercover agent sent to you by Master Long of the Black Dragon Gang, I’m the one who revealed a lot of information in the Bureau, haha ..... ”

“You ..... you .....” Xiao Wenbin looked at him angrily, not knowing what to say.

“Director Xiao, take it easy,” Wang Xiaoming gloated, “Are you regretting that you shouldn’t have kept me by your side?”

“Yes, I regret that I was blind and raised you, a white-eyed wolf.” Xiao Wenbin said hatefully.

“I know, you usually treat me well, is should be grateful to you,” Wang Xiaoming said with a leathery smile, “you do not worry, I will give you a pain later, leave you a whole body ..... ”

“You ..... you want to kill to silence?” Xiao Wenbin exclaimed.

“Since we have torn our faces, do you think, I still have the need to leave you behind?” Saying that, Wang Xiaoming slashed his palm towards Xiao Wenbin.

His palm chopped into the back of Xiao Wenbin’s head, only to see Xiao Wenbin let out a stifled grunt and his entire body went limp against the backrest of the car seat in the back row.

“Xiao Chen, since we’ve been exposed, why don’t we just do one thing or the other, find a quiet place in the countryside and dispose of this old guy!” Wang Xiaoming said in a commanding tone.

“Boss, I’ll listen to you, I’ll do whatever you say.” Xiao Chen nodded and drove the Audi along the road leading to the outskirts of the city to a secluded place and stopped.

Only when they saw no car following behind them did the two open the door and get out, carrying Xiao Wenbin, who had been knocked unconscious by Wang Xiaoming, out of the Audi.

Tick tock!

Suddenly, a black Passat police car came whistling and pulled up behind the Audi, its headlights turned on, and two beams of blinding light came straight through, shining so brightly that the two men could not open their eyes.

Immediately afterwards, a woman stood in front of them.

“Ah, how come it’s you?” Wang Xiaoming recognized the woman in front of him as Tang Huimin at a glance, and his heart tightened as he asked in a panic, “You ..... What brings you here?”

“Hey,” Tang Huimin sneered and said, “So, you are the undercover agents lurking within our Public Security Bureau, I’m here specifically to uncover you two insiders and eliminate harm for the people .....

”  
“That depends on whether you have that ability or not.” Wang Xiaoming saw that Tang Huimin had come alone and was a female, so he didn’t put her in his eyes at all.

Saying that, he passed a wink to Xiao Chen.

The two men grabbed Xiao Wenbin’s hand and let go at the same time.

Clang!

With a muffled sound, Xiao Wenbin’s bulky body instantly landed on the ground.

The two guys were about to launch an attack on Tang Huimin when they only felt a blur before their eyes and two strong hands stuck around their necks like pincers.

The two men’s bodies were lifted up by two powerful arms at the same time.

“Insolent things,” Tang Huimin asked as she heaved the two men’s bodies to the ground and after kicking Xiao Chen unconscious with one foot, she then stomped on Wang Xiaoming’s head with another foot, “Tell me quickly, why did you bring Director Xiao here? What exactly do you want?”

“Surnamed Tang, do you think I will tell you?” Wang Xiaoming asked in a cold voice.

“Of course!” Tang Huimin laughed lightly and took out a pair of shiny handcuffs from her waist and said, “When the time comes, I’ll escort you back to the police station and you’ll talk .....

”  
“I’ll go on my own, don’t bother,” Wang Xiaoming knew he was in deep shit and suddenly burst out laughing and said, “Tell you what, I’m from the Black Dragon Gang, you won’t be able to ask anything out of me, haha... ..”

With that, he stuck out his tongue towards one of his teeth.

A stream of blood spilled out of his mouth, he rolled his eyes, his head tilted, twitched a few times, and then stopped moving.

It turned out that he had a poisonous tooth installed in his mouth, and once he failed in his actions to avoid falling into the hands of others, he topped it off and killed himself.

Tang Huimin poked her nose into him and found that the guy was already dead, so she stopped caring about him and walked briskly to Xiao Wenbin, who was lying on the ground, and pressed a few times on his chest.

Xiao Wenbin coughed and woke up.

“Xiao Tang, how is it you?” Xiao Wenbin opened his eyes and saw Tang Huimin standing beside him, he stood up from the ground at once and asked, “What brought you here?”

### **The Policewoman Chapter 122**

“When I finished the work in hand at the city bureau and drove back to the public security compound, I happened to see you get into that special Audi while your driver drove off in the direction of the suburbs, so I followed you all the way over here,” Tang Huimin pointed to the two men lying on the ground and said gently, “I didn’t expect that these two family members actually made a move on you, fortunately we arrived in time, otherwise, you would have been victimized by them.”

Xiao Wenbin looked towards Wang Xiaoming who was lying on the ground with the light from the headlights and saw that he was motionless with blood at the corner of his mouth and asked.

“What happened to him?”

“He’s dead,” Tang Huimin added, seeing Xiao Wenbin’s shocked face, “It’s a suicide .....

“Where’s Xiao Chen, is he dead too?” Xiao Wenbin shifted his gaze to the driver lying on the side and asked, “Is this man dead too?”

“No, this guy was just knocked out by me.” Tang Huimin asked eagerly, “What about these two people?”

“Forget about them for now, let’s hurry to the pier now, or else we’ll be in trouble once that arms shipment is taken away.” Xiao Wenbin replied.

At this time, the driver lying on the ground woke up, got up from the ground and shouted, “Chief Xiao, this is not my business, I was instructed by Wang Xiaoming, I .....

Xiao Wenbin hurriedly interrupted him and said, “When you drove me here just now, why didn’t you say that you were instructed by Wang Xiaoming?”

“I ..... I .....

“Chief Xiao, cut the crap with this guy, he’s deliberately stalling for time!” Tang Huimin walked up and handcuffed him to a tree on the side of the road with a pair of shiny handcuffs.

To prevent him from shouting, she found a towel from the car and gagged him, then, pulling out her mobile phone, she called Su Xiaoling, the city’s public security captain.

The call was quickly answered.

Tang Huimin asked, “Captain Su, where are you?”

“I’m at home,” Su Xiaoling asked eagerly as soon as she received Tang Huimin’s call, “What are Commissioner Tang’s instructions?”

“Didn’t Yan Zhengkuan give you an assignment this evening?” Tang Huimin asked tentatively.

“No, I went home as soon as I got off work.” Su Xiaoling answered truthfully.

“Then hurry up and bring some people to the outskirts.” Since Su Xiaoling didn’t know about Yan Zhengkuan sending Zhou Peng-led police officers to escort that shipment of supplies, there was no need for Tang Huimin to mention it to her.

“Did something happen?” Su Xiaoling asked in surprise.

“It’s like this, the Black Dragon Gang planted two insiders in our bureau, Wang Xiaoming and Xiao Chen, took Chief Xiao to the outskirts and tried to commit murder on him, they were intercepted by me, one committed suicide and the other was handcuffed to a tree by the roadside, you quickly bring someone to take them away .....” Tang Hui Min briefly told Su Xiaoling about the situation.

“Okay, I’ll bring someone over right away.” Su Xiaoling said readily.

“In order not to alert the snake, don’t report this matter to Deputy Director Yan for the time being, and don’t reveal the identities of these two people to the people below, understand?” Tang Huimin admonished.

“Well, I understand,” Su Xiaoling replied briskly, “Don’t worry, Director Tang, I will definitely do what you want .....”

After putting down Su Xiaoling’s phone call, Tang Huimin parked the Audi police car that Xiao Chen had driven over to the roadside.

Afterwards, she let Xiao Wenbin get into the Passat police car she drove over, then quickly started the car and left, driving rapidly in the direction of the customs dock.

.....

At the entrance of the Yanjing City Expressway toll station, several lorries carrying large containers slowly drove through the toll station after paying their tolls.

After receiving a phone order from Captain Zhou Peng, a dozen police officers from the Criminal Investigation Team of the Municipal Public Security Bureau poured out and rushed over in four Hyundai police cars.

With two police cars at the front driving the road and two police cars escorting them at the back, the road was not obstructed in any way and a convoy of cars drove into the Yanjing City Customs Terminal in a great hurry.

The Black Dragon Gang also had a dozen officers in suits marooned at the pier, and although they did not have guns in their hands, each of them had pockets bulging with powerful miniature pistols.

Dozens of men surrounded the customs dock, a spectacular scene.

After one large lorry after another docked at the freight terminal, Feng Jiangang, the head of the shipping team of the Customs Shipping Section, immediately instructed the staff to load the ships.

All at once, the quay was lit up as large tonnage truss trucks lifted the large containers off the trucks and placed them one by one on a cargo ship.

A Mercedes Benz car came from outside the pier. Yang Hui of the Black Dragon Gang, Yan Zhengkuan, Deputy Director of the Municipal Public Security Bureau, and Zhou Peng, Chief of Criminal Investigation, got down from the car and saw that the shipment was proceeding in an orderly manner, and only then did everyone put their minds at ease a little.

An Audi car came from outside and docked at the pier.

Qin Yao jumped out of the car and, seeing so many police officers escorting them, ran to Yang Hui's side and asked, "Boss, didn't you just say that someone had leaked the news? Why isn't there any movement?"

"I guess Master Long called to scold me for fear of problems and thinking too much," Yang Hui explained, "However, our goods haven't been shipped yet, so we can't take it lightly."

"That's right, as soon as this shipment is gone, we will be able to explain to Master Long." Qin Yao chimed in.

"Watch what you say," Yang Hui swept a glance at Yan Zhengkuan and Zhou Peng, who were standing not far away, and said softly, "Don't forget that I am now Master Long."

"Ah, look at my memory, in a hurry, I forgot about this," Qin Yao patted her head and said loudly, "Master Long, everything is normal, what else do you want to order?"

The words were obviously meant for Yan Zhengkuan and Zhou Peng to hear.

Yang Hui understood and said in a pretentious manner, "Nothing to order, just tell everyone to stay in a state of alert to ensure the safe transportation of this important batch of supplies!"

"Okay, I'll go over there now and take a look at the shipment." Qin Yao said with a nod.

With Yang Hui, Yan Zhengkuan, Zhou Peng and Qin Yao in command, that important batch of supplies was loaded onto the ship without any "strangers" coming near.

Ta-da-da!

Suddenly, several jeeps sped into the pier and a group of strong men dressed in camouflage jumped out of them.

For a while, the two sides confronted each other and the atmosphere was very tense.

They finally realised that Master Long was right, someone had indeed leaked the news, and they looked at each other with faces ashen.

Qin Yao was the first to slow down and asked, "Master Long, what should we do now?"

"Hmph, even if you want to die, you have to find someone to cushion your back," Yang Hui snorted coldly and nudged his mouth towards Yan Zhengkuan and Zhou Peng, "The only way to solve this as a matter of urgency is to let them step in."

“Hmm.” Qin Yao nodded knowingly and walked over to Yan Zhengkuan and Zhou Peng, saying in a low voice, “Bureau Yan, Team Zhou, you know the importance of this batch of supplies, if something goes wrong, the consequences will be very serious, we can’t be intimidated by this group of terrorists posing as soldiers!”

### **The Policewoman Chapter 123**

“Hey, what part of the group are you guys from?” Among the group, Yan Zhengkuan had the highest status and the most power, and was the first to ask the men in camouflage uniforms.

“We are from a special force in Yanjing City,” Zhang Tianhu, who was leading the group, shouted, “We suspect this is a shipment of arms supplies and need to open the boxes for inspection and stop the shipment immediately!”

“What a load of nonsense, it’s obviously a batch of important supplies, you guys are saying it’s arms supplies,” Zhou Peng shouted to the dozen police officers of the criminal investigation team, “Comrades, this is a group of terrorists, their aim is to destroy this important batch of supplies, let’s all work together to arrest them and bring these dangerous criminals to be apprehended!”

Whoosh, whoosh, whoosh!

In a flash, the police officers joined together to surround Zhang Tianhu and the others in the middle.

Seeing that Zhang Tianhu was the leader of this group of special forces, Zhou Peng pointed his gun at his head and shouted.

“Don’t move, put your hands up, or we’ll shoot!”

“Kid, don’t think you can pretend to be a tiger just because you’re wearing a police uniform,” Zhang Tianhu said with a playful smile at Zhou Peng, “I’m telling you, what you’re holding is just a burning stick to me, it’s of no use at all, don’t believe me, just shoot and try?”

“Fine, I’ll make it happen for you!” Zhou Peng sneered.

This guy had spent so many years in the police station, he naturally understood the principle of “catching the thief first”, so he resolutely moved his gun down, pointed it at Zhang Tianhu’s thigh, and decisively pulled the trigger.

Bang!

A gunshot sounded.

Zhang Tianhu’s body flashed as the bullet whistled past him.

A silver light flashed and a dagger was thrown from the hand of one of the team members, as if it had eyes, and went straight for Zhou Peng’s hand that was holding the gun.

The dagger lodged solidly in the back of Zhou Peng’s hand, and then pierced through the palm of his hand, and blood was suddenly pouring out.

“Ah!”

Zhou Peng shouted miserably, and the five-four pistol in his hand fell to the ground.

Zhang Tianhu's body moved and changed shape, a silhouette passed through the crowd and instantly arrived in front of Zhou Peng, stretched out his hand, clasped his injured wrist, and with a strong snap, twisted Zhou Peng's arm on his back, then made a hundred and eighty degree turn, blocking Zhou Peng's body in front of his own, facing the group of policemen who were pointing their guns at them.

This move was partly to help stop Zhou Peng's bleeding, in case the goon lost too much blood and died, and partly to reduce unnecessary bloodshed by taking the lead in keeping Zhou Peng under control and using him as a hostage to blackmail those policemen with guns so that they would not make any rash moves.

"Fellow police officers, we were ordered by our superiors to come and intercept this shipment of arms and ammunition," Zhang Tianhu said in a loud and persuasive voice, "You are all being used by the Black Dragon Gang's people and your leaders, so let's all put down our guns and cooperate with us in the inspection of that shipment."

Yan Zhengkuan questioned loudly, "Who can prove that you are from the special forces?"

"This can prove it," Zhang Tianhu said as he fished out his ID from his pocket and flashed it in front of the crowd's eyes, "This is my ID, you can take it and look at it ....."

When the policemen saw the small red book with the seal of the national emblem, they looked at each other and began to whisper one by one.

"Deputy Chief Yan, you policemen seem to be a bit off, I'm afraid it will be out of control," while hesitating, Yang Hui came to Yan Zhengkuan's side, attached his ear and whispered a threat, "I think, for the sake of your career, and the safety of your whole family, it's your turn to come out now ....."

After Yang Hui said this, Yan Zhengkuan quickly made his choice and nodded, "Master Long, don't worry, I know what to do."

After saying that, he stood out from the crowd, pointed at Zhang Tianhu and the others, and said to the police officers.

"This man's documents are forged, don't believe his bullshit, they are a group of terrorists, for the safety of this shipment of important national materials, arrest them all, I'll be responsible if anything goes wrong!"

"Deputy Director Yan, I'm afraid you can't afford to take responsibility for this, can you?" Suddenly, a cold voice came from outside the crowd.

Yan Zhengkuan followed the voice and saw Tang Huimin, the former captain of the security team, who had just been promoted to deputy director of the security division, appearing in front of everyone, and was suddenly shocked, asking in a nagging voice.

"Tang Huimin, you ..... Why are you here?"

Qin Yao, who was standing beside Yan Zhengkuan, saw him displaying such a look and felt that the situation was not good, and opened her mouth to ask.

“Who are you?”

“I’m here to eradicate this group of scum from your Black Dragon Gang!” Qin Yao said in a cold voice.

“Arrogant!” As Qin Yao spoke, she swung her fist towards Tang Huimin and greeted her.

Tang Huimin did not dodge, did not evade, and raised her fist to meet him.

Clash!

The two show fists met in the air with a muffled sound.

Qin Yao felt her arm tingling and instinctively took a few steps back, while Tang Huimin stood still.

“How did you ..... you do that .....” Qin Yao looked at Tang Huimin with a pair of distrustful eyes and asked naively, she was confident in the force of her heavy punch, it was a bowl-sized tree would also be broken.

She didn’t expect that Tang Huimin would actually block this thousand pounds of her own gravity, and realized that she had underestimated where this woman’s power lay.

However, little did she know that half a year ago, after Tang Huimin had been brought to Freedom Island by the bald man and others, she had undergone devilish training and had accidentally developed a good martial art.

Even though Tang Huimin’s body had just healed, it was still more than enough to deal with goods like Qin Yao.

As a matter of urgency, Qin Yao wanted to get the goods away as soon as possible, there was no need to tangle with Tang Huimin, and she would fight her to the death later when she had the chance.

So, she gave Tang Huimin a fierce glare and retreated back into the group of Black Dragon Gang members.

At this time, Xiao Wenbin pulled open the door and stepped down from Tang Huimin’s Passat police car. The members of the criminal investigation team were talking as soon as they saw the chief himself.

“Old Xiao, why are you here?” Yan Zhengkuan first froze, then pointed at Zhang Tianhu and the others and said to Xiao Wenbin, “We were alerted that a group of terrorists were causing trouble here, so I led the CID team members to come here .....”

“You’re spouting blood,” Zhang Tianhu said with a burst of anger, “You clearly colluded with the Black Dragon Gang to smuggle a batch of arms supplies, and we intercepted it .....”

“What arms and ammunition? We are the people’s police, don’t frame us .....” Yan Zhengkuan said in a cold voice.

“Yan Zhengkuan, you don’t have to act here,” Xiao Wenbin glared fiercely at Yan Zhengkuan and said to the dozen police officers of the criminal investigation team, “Comrades, we have investigated clearly, what Yan Zhengkuan and Zhou Peng ordered you to escort is indeed a batch of arms supplies that the Black Dragon Gang is preparing to smuggle, if you continue to to help the tiger and cause huge losses to the country, you will be sanctioned by the law!”

After hearing Xiao Wenbin's words, the policemen realized that Yan Zhengkuan and Zhou Peng had sent them to escort this shipment, so they wanted to use them as cannon fodder, with the aim of working for the Black Dragon Gang, and they put away the pistols they had aimed at Zhang Tianhu and other members of the team.

Xiao Wenbin shouted an order to the policemen, "What are you still standing there for? Why don't you arrest these people from the Black Dragon Gang and make up for your mistakes?"

Only then did the dozen or so policemen wake up as if from a dream and once again pulled out their pistols, and together with the members of the special forces, surrounded the group of men in suits.

.....

While everyone was focusing their attention on Yan Zhengkuan and Zhou Peng, Yang Hui and Qin Yao realised that the situation was not good and secretly retreated into the group of Black Dragon Gang members they had brought with them and, under the cover of several men in suits, went to an Audi car and quietly got into it.

When he saw the police turning their guns around and joining the special forces led by Zhang Tianhu in surrounding their men, he felt the momentum was over and quickly told the driver to drive.

Whoosh!

An ear-piercing motor sounded and the Audi fled like mad towards the outside of the customs pier as if it had taken Viagra.

"No good, they're trying to escape!" Zhang Tianhu saw the police officers stop fighting them and said loudly to the two team members standing beside him, "You two come with me, together we'll catch those guys back!"

With that, he led the two members of his team to a military jeep, jumped in, quickly started the car and chased it in the direction the Audi had escaped.

The Black Dragon Gang members who had stayed behind saw that all the police had turned their guns towards them, and that Master Long and his secretary Qin Yao had already escaped, so they stopped resisting unnecessarily and put down the guns in their hands, raising their hands and crouching on the ground.

The group had never seen the true face of Dragon Master Ye Yunlong, and mistakenly thought that Yang Hui was the Dragon Master of the Black Dragon Gang, and were prepared to pledge their loyalty to the Dragon Master.

At the critical moment, the "Dragon Master" did not come forward, but abandoned them, which really chilled their hearts, so there was no need to work for them and shed blood for nothing.

The police and members of the special forces swarmed over them and handcuffed them. The man responsible for the delivery, Feng Jiangang, tried to escape but was kicked to the ground by Tang Huimin.

Tang Huimin stepped on his head and Feng Jiangang's mouth spilled blood and he twitched on the ground for a few seconds before he died.

It turned out that he, like Wang Xiaoming of the Discipline Inspection Commission office, was a member of Dragon Master Ye Yunlong's inner circle, and once in danger, he would bite the poison and kill himself.

Tang Huimin wanted to keep him alive and ask more from him, but he was so stubborn that he opened his mouth and took the poison, ending his life prematurely.

Then, Zhang Tianhu led the team to quickly open the container and found that it was filled with guns and ammunition, confirming that it was a batch of arms supplies.

The police officers of the Criminal Investigation Team of the Municipal Public Security Bureau were all in a cold sweat, each of them fearing that they would be disciplined and even Xiao Wenbin would be expelled from the police station.

### **The Policewoman Chapter 124**

The outskirts.

A small, isolated courtyard deep in the woods.

In the silence of the night, the courtyard is lit up with incandescent lamps, like eyes that watch over the darkness, the distant mountains, the nearby trees, the cicadas and the frogs, forming a beautiful music of nature.

.....

Three dark shadows groped their way under the fence of the small courtyard.

Whoosh! Whoosh! Whoosh!

The three men leapt up high and flew over the fence one after another.

They were Lin Kai, Gao Yunxiang and Zhang Shuo of the First Squad of a special force.

Lin Kai had learned from the members of the squad he had sent out that this was a stronghold of the Black Dragon Gang and that they had hostages in their hands, so he discussed with his instructor Zhang Tianhu and took separate actions.

Lin Kai and Zhang Shuo were as light as swallows and landed on the ground like feathers without making a sound.

After observing the movement in the courtyard, the two men quickly flashed to the side.

Poof!

As Gao Yunxiang was tall and sturdy, he seemed slightly bulky and made a soft sound as he landed on the ground and rolled on the spot, into the bushes.

Two men in black stood left and right at the entrance to the small first floor, responsible for standing guard and keeping watch.

The man in black on the left pointed his finger at the blackened fence and asked the other man in black, "Listen, what is that sound?"

The man in black on the right also heard a loud noise, shone his torch in the direction he pointed, and, not even seeing a ghostly figure, replied.

“The male and female rats are fighting, what else do you think it is?”

“The boss explained that we should be alert outside and make sure to keep an eye on the man inside, don’t let anyone break in and save him.” The man in black on the left warned.

“Shit, this shitty place, who else could find it?” The man in black on the right said disdainfully, “You kid just don’t create tense air and scare yourself, huh?”

“I’m just saying, you think I’d be too fed up to look for trouble?” The man in black on the left said.

“I think you love .....” The man in black on the right had not finished his sentence when he saw a black shadow pass by like lightning.

Before he could see the face of the person coming, he was slashed on the back of the head by this person, so he let out a stifled grunt and fell to the ground.

Zhang Shuo struck quickly, cleanly and without delay.

“Someone .....” The man in black on the left felt bad and just as he made a sound and tried to inform his companions in the small first floor, he was stuck in Lin Kai’s throat with his right hand.

Click!

With a crunching sound, the man in black’s neck was snapped and his whole body went limp as his huge body fell to the ground with a crash.

Lin Kai and his sister-in-law Tang Huimin had been persecuted by the Black Dragon Gang and hated these scum to the core.

Gao Yunxiang was responsible for breaking up the rear, and only after seeing Zhang Shuo and Lin Kai easily take care of the two men in black at the entrance to the small first floor did they get up from the bushes.

After looking around and realising that there were no more accomplices in the courtyard, they swaggered to the door of the room and kicked at it.

Clang!

There was a loud pop and the large sturdy iron door fell to the ground with a crash.

The dozen or so members of the Black Dragon Gang in the room were startled and turned their attention to the doorway of the room. They saw a tall, graceful and elegant man leading a brawny and a white-faced scholar-like man to step through the iron door, and they were all startled, each like a great enemy.

The bald man was no stranger to Lin Kai, it was by kidnapping himself as bait that he once captured and raped Tang Huimin in an attempt to put them to death, never expecting to run into each other again here tonight.

As enemies meet, Lin Kai made up his mind that this time he would take this guy out.

The bald man had already experienced Lin Kai's terrifying skills in the small courtyard at the back of the Wolong Mountain, and his blind eye was given by the flying knife in Lin Kai's hand.

So, naggingly, he asked, "How ..... did you guys find this place?"

"Oh, it was your men who brought us here," said Lin Kai, who was walking at the front, with a smile on his face, "What? Aren't you welcome?"

As Black Dragon was wanted by the police, Ye Yunlong did not ask him to go forward to the customs dock to transport the shipment of arms supplies, but instead asked him to keep an eye on Han Shouyi, the head of the customs office, before the goods were shipped.

"What the hell is going on here?" The bald man shifted his gaze to the two men in black who stood beside him and were responsible for going forward to bring Han Shouyi here.

"I ..... don't know, we didn't notice anyone following us when we came," one of the men in black shook his head in panic and pointed at Lin Kai, "Boss, don't listen to him, he's talking nonsense!"

"Shit, what did you say?" Gao Yunxiang took a step forward and blocked Lin Kai like a pagoda, his eyes were as wide as bronze hammers as he glared angrily at the black-clothed man and roared, "You've fucking eaten the guts of a leopard, how dare you talk about our captain like that?"

The man in black was overwhelmed by the aura of the tough man in front of him and instinctively took a step back. A dozen brothers of the Black Dragon Gang mistakenly thought that Gao Yunxiang was about to make a move, and each of them looked at him intently.

Fearing that Gao Yunxiang would suffer, Lin Kai took a step forward and said in a cold voice, "You are already surrounded, don't make unnecessary resistance, surrender your weapons now!"

"Don't move," the bald man, not knowing what was going on outside, took Lin Kai's words at face value, so he put his gun to Han Shouyi's head and said, "Lin, let your men leave, or I'll kill him!"

"Who is this man? I don't know him at all, and his death or death has nothing to do with me?" Lin Kai said with a sneer on his face, "I advise you to put your guns down and let your men surrender!"

"To tell you the truth, he is Han Shouyi, the head of the customs department you are looking for," the bald man said as he put his finger on the trigger of his pistol, "I will now count to three, if your men have not left by the end of the three count, I will shoot, 3... ..2 ....."

Han Shouyi never thought that he had fallen into the trap of the Black Dragon Gang and issued the exemption product shipment for the people of the Black Dragon Gang, but he was taken hostage by them, his heart was a pang of chagrin.

"No ..... don't ....." When the bald man was about to count to "1", Han Shouyi turned to Lin Kai and hysterically I beg you ....."

"What the hell are you?" Lin Kai glared fiercely at Han Shouyi and asked with a sneer on his face, "Why should I save you? Do we know each other well?"

Lin Kai was not someone who would not save his life on sight, he mainly wanted to use this statement to distract the bald man's attention and prepare to attack him when the bald man was relaxed.

In fact, the bald man did not really want to blow up Han Shouyi's head, he knew in his heart that if Han Shouyi was killed, he would not be able to go back and explain to Master Long.

In order to get himself and his companions out of the way as soon as possible, the bald man could only use Han Shouyi's life as blackmail to see what kind of attitude the other side would take, so that if they showed any weaknesses, they would be taken down in one fell swoop.

So, he quickly took the gun off Han Shouyi's head and decisively pulled the trigger at Lin Kai .....

### **The Policewoman Chapter 125**

PING!

There was a crunching sound as the bullet grazed Lin Kai's body.

Lin Kai's body passed through a phantom shadow in front of the bald man's eyes and came close to him like lightning. As the bald man raised his gun to shoot at him again, a cold light then appeared in front of him.

Swish!

A sharp dagger came at the bald man with the sound of wind.

Lin Kai's speed was so fast that the bald man was unable to dodge, and the arm holding the gun fell to the ground in tandem with the pistol in his hand.

In an instant, blood gushed from the broken arm, the broken one kept twitching, and those five fingers on the arm still held the pistol tightly .....

"Ouch!"

The bald man let out a miserable cry and used his other hand to cover his blood-spurting wound.

Lin Kai showed no mercy and, not to mention giving the guy a chance to catch his breath, raised his foot and kicked him in the crotch.

"Ah!"

The bald man's lifeblood was kicked out and he let out an even harsher scream as he fell to the ground and rolled around.

.....

At the same time, Zhang Shuo and Gao Yunxiang's bodies moved.

Bang ..... poof!

Bang ..... poof!

.....

After a few gunshots and the sound of several bullets hitting the wall and the ground, fist shadows exchanged and bone cracking sounds continued, a dozen or so Black Dragon Gang disciples all came into close contact with the ground, some missing arms and legs and some having their heads blown off.

Zhang Shuo and Gao Yunxiang, on the other hand, looked like they had killed each other, punching, kicking and trampling on those who had fallen to the ground, screaming and crying.

After a few minutes, a dozen men in black were knocked to the ground by them, screaming and wailing, filling the room with an aura of misery and bloodshed.

Seeing the bald man howling and rolling on the ground, Lin Kai snagged him by the neck and lifted his huge body high into the air, asking loudly.

“Tell me quickly, who ordered you to take hostages and who is the leader of your Black Dragon Gang?”

“Oooh .....” The bald man’s face turned red and a slurred sound came out of his mouth.

Lin Kai knew that he couldn’t ask any names from this guy’s mouth, and remembering the humiliation the bald man had experienced when they had kidnapped himself and Tang Huimin, he was enraged and his wrist was forced.

“You scum, go to hell!” When Lin Kai saw the bald man rolling his eyes, he simply did not give up and snapped his neck with a snap, then threw him to the ground like a chicken.

The bald man flopped on the ground a few times and then stopped moving.

Lin Kai poked his hand into the bald man’s nostrils and found that he had already lost his breath, and said silently in his heart, “Auntie, I have finally avenged us!”

I was planning to do away with all the other dozen men in black lying on the ground, but I was afraid that if I acted too bloody, I would cause more trouble.

While Lin Kai was hesitating, one by one, the Black Dragon Gang members toppled the poisoned teeth in their mouths and all died from taking the poison, blood spilling from the corners of their mouths, leaving no one alive.

At this sight, Lin Kai breathed a sigh of relief.

However, little did he know that a camera in a large tree not far away had recorded the bloody scene in its entirety.

At the moment, Han Shouyi, who had been captured here by the Black Dragon Gang, was stunned by the scene before him.

Although he had seen several fights and brawls at the Customs Dock, where people from the triads fought over territory and both sides fought in fire, he had still never seen such a bloody scene.

Seeing his look of horror, Lin Kai said coldly, “Tonight, what happened here, you’d better not have seen anything, otherwise, you’ll end up like them.”

Han Shouyi panicked and said, “I understand, thank you for saving my life!”

“Cut the crap, I don’t have the time to talk to you about this,” Lin Kai immediately interrupted him and said, “We have other things to do, you can go now!”

“Go ..... to where?” Han Shouyi asked resentfully.

“That’s your own business, it’s none of my business!” Lin Kai snorted coldly and said to Zhang Shuo and Gao Yunxiang, “Go, let’s go to the customs dock instantly!”

Soon after Lin Kai and the others drove away, Han Shouyi ran out of the small courtyard in panic.

Suddenly, a merciless bullet was fired at his head from a shadowy place in the courtyard, and Han Shouyi’s brain burst out and he fell into a pool of blood.

.....

Whoosh! Whoosh! Whoosh!

An Audi car fled like mad, with a military jeep in hot pursuit.

The customs dock was like a big racing arena at night, and the two cars swept up the dust, paper and debris on the ground.

Zhang Tianhu, who was sitting in the jeep, raised his gun and fired.

Ping!

A bullet was fired.

Bang!

With a popping sound, one of the rear wheels of the Audi instantly exploded and the whole body lost its balance and flew towards a big truck parked at the roadside.

At the moment the two cars collided, the doors opened and Yang Hui, who was sitting in the driver’s seat, and Qin Yao, who was in the passenger seat, jumped down from the Audi and rolled on the ground respectively.

Boom!

There was a loud bang and the two cars collided violently, instantly sending flames and smoke into the sky.

Yang Hui and Qin Yao rolled on the ground in several circles before they stopped.

Seeing that the Audi was buried in flames and they were temporarily out of danger, the two quickly leapt up from the ground and drew their legs to run outside the pier.

“Stop, don’t run!” Zhang Tianhu shouted quickly, jumping out of the jeep and chasing after them, with the two team members following close behind him.

Suddenly, a Mercedes-Benz sped up from outside, and Lin Kai, who was driving, saw Zhang Tianhu with his men chasing Yang Hui and Qin Yao, who were attempting to escape, from behind, and stepped on the accelerator.

Crunch!

An ear-piercing braking sound sounded and the Audi immediately stopped.

Lin Kai turned on the headlights.

Two beams of intense light came straight at them, illuminating the panicked Yang Hui and Qin Yao so much that they couldn't open their eyes at all.

"What are you doing?" Lin Kai shouted, immediately jumping down from the Mercedes and blocking the path of Yang Hui and Qin Yao.

Zhang Shuo and Gao Yunxiang also followed Lin Kai out of the car, forming a closed circle around Yang Hui and Qin Yao with Zhang Tianhu and the two team members who had caught up with them.

"Instructor Zhang, what's with these two people?" Lin Kai, who did not know Yang Hui and Qin Yao, asked, pointing at them.

"It is said that this man is Master Long of the Black Dragon Gang and this woman is his secretary, they tried to escape and were chased here by us." Zhang Tianhu replied, not entirely sure of the identity of the man and woman, except that he had just heard Yan Zhengkuan and Zhou Peng call them that.

"Is that so? Then we've caught a big fish today," Lin Kai smiled and asked, "What's the situation with that shipment at the pier?"

"The situation here has been turned around and controlled by us." Zhang Tianhu replied.

"Very well," Lin Kai said as he dropped his gaze to the desperate Yang Hui, "So you're the famous Dragon Master of the Black Dragon Gang, huh? You are now surrounded by us, so I advise you to surrender and stop resisting unnecessarily!"

Yang Hui put on the demeanour of the Dragon Master of the Black Dragon Gang and asked in a calm manner.

"Who are you?"

"I am Lin Kai," Lin Kai said in a cold voice, "Didn't you send someone after me? I am standing in front of you now, do you want to duel with me, or do you want to come with us obediently?"

Just now, Lin Kai had taken out the bald man and his gang of thugs in that small courtyard on the outskirts, and now he had bumped into the Black Dragon Gang's Master Long here, so to him, it was undoubtedly a good opportunity to take revenge for himself and his sister-in-law Tang Huimin.

### **The Policewoman Chapter 126**

"Xiao Kai, leave this one to me!"

Suddenly, a sturdy figure rushed over from outside the crowd, and with a delicate shout, Tang Huimin had appeared heroically in front of Lin Kai.

Lin Kai stopped in his tracks and exclaimed in a startled voice, "Little aunt, what brings you here?"

"This place is so lively, how can I not come?" Tang Huimin gave Lin Kai a playful smile.

When she thought of being caught by the bald man of the Black Dragon Gang and the others and being abused by those gangsters, and remembered the humiliation she had endured when they sent her to Liberty Island, Tang Huimin's heart was like a knife and her anger was burning.

So, she clenched her fist and smashed it towards Yang Hui.

Yang Hui's body bounced backwards like a grasshopper, and after avoiding Tang Huimin's harsh attack, he saw that she was a female and felt that he had his chance.

"Shit, there's really no way out of heaven, is there?" Yang Hui was secretly happy, "As long as I subdue this woman and make her a hostage, it will be easy to get away!"

Thinking of this, Yang Hui exerted all his strength and kicked towards Tang Huimin's abdomen .....

### **The Policewoman Chapter 127**

Yang Hui originally thought that this powerful kick could completely subdue Tang Huimin and achieve his goal of holding her hostage and getting out safely.

However, he never expected that after being kidnapped by the bald man and the others to Liberty Island, Tang Huimin had undergone some devilish training and had developed a skill that was not on the same level as his trivial kung fu.

Tang Huimin's body bounced up to the ground, her head facing upwards, her feet landing on the ground, and then using her hands as support, her feet kicked Yang Hui under the chin in a stomp.

Yang Hui was too late to dodge and was sent flying by her kick.

Poof!

With a muffled sound, Yang Hui's short, fat body landed with a bang, and Tang Hui Min didn't give him a chance to catch his breath.

Yang Hui rolled on the ground, but was still half a beat too slow, and Tang Huimin's foot landed heavily on his shoulder blade.

A crunch!

With a crunching sound, Yang Hui's shoulder cracked, causing him to grimace in pain.

Seeing that this was all that the Black Dragon Gang's Dragon Master had turned out to be, this kind of goods, Tang Hui Min lifted her foot and kicked at him continuously.

"Ah, ouch ....." Yang Hui was rolling around in pain, wailing.

"Little aunt, let me do it!" Lin Kai remembered the scene when Yang Hui had kidnapped Song Lina to the back mountain of Wolong together with the bald man Black Dragon, he was furious and hurriedly walked up and gave Yang Hui a fierce kick.

In a flash, Yang Hui was kicked and bruised, and his face was covered in blood.

Zhang Shuo was afraid of causing casualties, so he hurriedly went up and held him by the waist, saying, "Captain, this guy is dying, I think it's better to take him back before we talk!"

“Yes,” Gao Yunxiang also ran over to console him, “Captain, this guy is the Dragon Master of the Black Dragon Gang, he’s still useful to us, don’t hurt his life!”

“These two suspects are guilty as charged, take them back to the base for interrogation,” Zhang Tianhu said in a non-negotiable tone, “I have other things to do, you guys stay and handle things here!”

After that, he jumped into the military jeep that had come to chase Yang Hui and Qin Yao and drove away.

Lin Kai found that he was tired of fighting and his anger was almost out, so he said to Gao Yunxiang, “Go over and check to see if this guy has any poisonous teeth in his mouth?”

Gao Yunxiang cupped his hand around Yang Hui’s jawbone and stuck his fingers into his mouth for a while, but found no fangs, and said to Lin Kai.

“Report, no poisonous teeth were found!”

“It seems that Master Long’s life is still very valuable!” Lin Kai sneered and said to Gao Yunxiang and Zhang Shuo, “You guys go and help these two up first, I have something to ask them!”

“Okay!” Both of them nodded at the same time.

Only after Lin Kai finished giving his orders did he walk up to Tang Huimin and asked with a concerned look on his face, “Young aunt, aren’t you recuperating from your injuries in the military sanatorium? Why are you here? Just now, that guy didn’t hurt you, right?”

“It’s fine, just this kind of goods can’t hurt me,” Tang Huimin glanced at Yang Hui, who was helped up from the ground by Gao Yunxiang, and explained, “I was discharged from the hospital this afternoon to report to the bureau, and came to cooperate with your work according to Director Xiao’s instructions!”

During the conversation, two dark shadows groped their way to a place about a hundred metres or so away and concealed themselves, two sniper rifles aiming this way at the same time.

When the sights locked on the target, the two men pulled the trigger at the same time.

PING! Bang!

The two gunshots pierced the vast space.

“No good, there’s danger!” Lin Kai shrieked in alarm and headbutted Tang Huimin to the ground.

Whoosh! Whoosh!

Two bullets whistled past their heads.

Ping! Peng!

Two more shots rang out, and the heads of Yang Hui and Qin Yao, who had just been helped up from the ground by Gao Yunxiang and Zhang Shuo, cracked open at the same time, their brains bursting and blood splattering.

“Who’s shooting?”

Zhang Shuo and Gao Yunxiang shouted out in alarm at the same time and turned around to see two black shadows jumping out from a shady place a hundred metres away, running wildly towards the outside of the pier, and judging from their figures and running speed, they were definitely first-class masters.

The two of them are nowhere to be found even if they go after each other, and they are afraid of being ambushed.

.....

After Lin Kai pounced on Tang Huimin, his entire body pressed against her delicate body, one hand inadvertently grasping her soft peak, feeling unmistakably clear.

Tang Huimin exhaled like an orchid, and an intoxicating aroma emanated from her body, rushing straight to Lin Kai's nostrils. Lin Kai instantly reacted, and the humiliating thing between his crotch violated her forbidden place with impunity.

Tang Huimin remembered the last time she was injured when she deflected a bullet for Lin Kai at Liberty Island, her heart was warm and frightened, fearing that Lin Kai would be as injured as she was.

She planned to immediately push Lin Kai's body away and get up from the ground to explore what was going on, but instead she found one of Lin Kai's salty hands on her own peak and kneading it, and the thing was still becoming erect, and instantly understood that this guy was not injured, but was mischievously playing tricks on her.

A strong stimulation was instantly inevitable, forcing her heart to beat faster, her face flushed, her body softened, shy and timid, wanting to welcome but afraid .....

After a long time, Tang Huimin said, "Xiao Kai, you're hurting me ....."

Lin Kai suddenly found that Zhang Shuo and Gao Yunxiang were looking at them with astonishment and felt embarrassed, he hurriedly got off of Tang Huimin, ran to them and asked resentfully.

"Fat ..... what happened?"

"Just now, there were two snipers shooting at our side!" Zhang Shuo replied.

"Where are they?" Lin Kai asked eagerly.

Gao Yunxiang answered for Zhang Shuo, "They have run away, and since the situation is unknown, we dare not venture after them!"

Lin Kai walked over to Yang Hui and Qin Yao, who had been wounded and then shot, and seeing that their brains were bursting and blood was pouring out in an unbearable manner, he said to the group.

"These two are already dead, it's better to leave them to the local police to deal with, come on, let's go to the dock shipping side."

At that moment, a few policemen arrived just in time.

Tang Huimin gave them a few instructions and then drove with Lin Kai and the others to the shipping dock.

.....

After Zhao Wenlong's two bodyguards, Big Head and Skinny Monkey, had missed assassinating Lin Kai and Tang Huimin, killing Yang Hui and Qin Yao and achieving the goal of killing them, they ran a long distance in fear of being caught, and only stopped when they found that no one came after them.

The skinny monkey took out his mobile phone and dialed Zhao Wenlong's number.

"Master Long, it's not good, the shipment we were transporting to the pier has been intercepted by a group of soldiers wearing camouflage uniforms." The skinny monkey said slyly.

This matter was expected by Zhao Wenlong, the matter had come to this, apart from returning Robert's deposit and compensating for certain losses, there was nothing to complain about, if you want to blame your own men, you should blame them for not doing their job properly.

Zhao Wenlong paused for a moment and asked in a deep voice, "Where are Yang Hui and Qin Yao?"

"As you instructed, we have shot these two down." The skinny monkey replied.

"Where are you guys now? Is there any danger?" Zhao Wenlong asked warily.

"No," said the skinny monkey as he looked around, "After we shot the two men down, we quickly evacuated the scene and did not find anyone chasing or following us."

"Very well, you guys hurry back," Zhao Wenlong admonished, "Remember, don't leave any traces, understand?"

"Please don't worry, Master Long, we did a very clean job, we are not going to leave any traces." The skinny monkey looked around again and said with extreme certainty.

### **The Policewoman Chapter 128**

In a luxurious room at the Yanjing International Hotel.

"What's wrong with you guys?" A blond man was sitting on the sofa in the living room and questioned the tall, thin, middle-aged man sitting opposite him, "Mr. Zhao, we have waited here for so long and you tell me that your shipment was intercepted, how do you want me to explain to my customers now?"

Trying to control his emotions, Zhao Yunlong replied, "Mr. Robert, this is indeed an accident, and for that, I apologise."

"Do you think this matter is as simple as a word of apology?" Robert said unrelentingly.

Zhao Yunlong had already been angry when he lost his troops and his secret stronghold on the outskirts of the countryside in order to ship that shipment.

"What else do you want besides an apology?" Zhao Wenlong said angrily, "Do you think I want this? I lost two dozen of my men for this shipment,"

"That is your business," Robert, being a businessman and definitely not one to make a loss-making deal, reminded Zhao Yunlong, "Don't you forget that we paid you a deposit, and you know what it would mean for one party to break the contract according to international practice?"

“This deal between us was originally an illegal one, and by definition we should share the risk, and in order to deliver this cargo you need, I have already suffered huge losses, while you are unscathed,” Zhao Yunlong said uncompromisingly, “In order to work with you in the long term, I have considered it, and apart from returning the deposit in full, I have no way to compensate you in accordance with international practice .....

“Do you think I will agree to your terms?” Robert asked in a cold voice.

“Of course not,” Zhao Yunlong shook his head and sneered, “However, if you don’t agree to this condition, I do have a solution to the problem.”

“What solution?” Robert shrugged his shoulders.

“That is to leave behind all the people you brought this time, and let’s have a fish death net, what do you think?” Zhao Yunlong said, glancing at the few men in black standing behind him.

The men in black pulled out their pistols one after another and pointed them at Robert’s head, the bodyguard standing behind Robert, Scarface and the others also quickly pulled out their pistols and pointed them at Zhao Yunlong’s head as the two sides confronted each other.

Robert knew that those who knew the time were the best, and seeing that he was on someone else’s turf, if he started a fight, he would not have any advantage at all, so he eased his tone down and said with a smile.

“Mr. Zhao, I know you have lost many brothers and are not feeling well, quickly ask your men to put away their guns, be careful of misfires, I will agree to your terms and conditions, we still have to cooperate in the long run, why hurt the peace?”

He said, taking the lead to let Scarface and the others put away their guns.

When Zhao Yunlong saw Robert’s attitude change, he waved his hand at the man in black standing behind him, who quickly put the pistol into his pocket.

After the atmosphere had eased, Robert asked, “Mr Zhao, can you tell me the reason why this shipment was intercepted during the course of the transport?”

“Yes,” Zhao Yunlong said helplessly, “The reason for this miss lies entirely with the two people who escaped from your Liberty Island, the woman named Tang Hui Min and his nephew Lin Kai .....

“What does that mean?” Robert said in amazement.

“Here’s what happened .....

” Zhao Yunlong recounted to Robert in one breath what happened from this cargo shipment to the time it was intercepted.

“Simply abominable,” Robert said through gritted teeth after listening to Zhao Wenlong’s account, “What do you plan to do with the two men?”

“There is no better way for the time being,” Zhao Wenlong said helplessly, “As you know, these two men are extremely strong, we can’t help them, and we still ask Mr. Robert to send someone to support .....

”

“How to support?” Robert asked in disbelief.

Zhao Wenlong dropped his gaze to Scarface and said, "In order to get rid of these two people, I do have an idea and would like to borrow the assistance of your men."

"How can I assist?" Robert asked eagerly.

After Zhao Wenlong told his idea in such and such a way, Robert nodded his head repeatedly.

Last time, Tang Hui Min and Lin Kai had conspired to kill Island Master Smith and retrieve the laser tablets on Liberty Island, and this time, the two of them had led a team to intercept this shipment of arms supplies, causing them to suffer huge losses.

As such, Robert hated them to the core and readily agreed to Zhao Wenlong's request, while giving orders to Scarface.

Scarface, who had served as an instructor on Liberty Island, hated Tang Huimin even more in the face of her betrayal. The last time he assassinated Tang Huimin at the military sanatorium, the operation had failed because of Lin Kai's intervention.

He secretly resolved that this time he would capture these two people, pick their skins, draw their tendons and dismantle them into seven big pieces.

.....

It was already two in the morning when Lin Kai and Tang Huimin finished handling the shipment of arms at the customs terminal and Lin Kai drove Tang Huimin home.

Before this mission, Tang Huimin was afraid that her son Yang Xiaobo would not be safe at home, so she asked her mother to take him directly to her parents' house.

After entering the house, Lin Kai saw that Tang Huimin was a bit tired and said, "Young aunt, you've just been discharged from the hospital, your body hasn't fully recovered, and you've been through a fight with the thugs, so I guess you're tired too, so go and rest!"

"Okay, you sit for a while!" Tang Huimin smiled sweetly.

She had been busy outside for most of the night and felt sweaty and sticky, so she went into the master bedroom, found a nightgown from the wardrobe and walked into the bathroom.

In the light of the bathroom, Tang Huimin took a few steps back and forth to the mirror, cocked her head a little, turned on the tap, applied the shower gel and carefully washed herself.

After showering, Tang Huimin came into the living room with the wind swinging her lotus leaves.

She had long hair like clouds, and the white nightgown she was wearing wrapped tightly around her curvaceous body, which was so convex and chic, ana. ....

Lin Kai suddenly felt a brightness before his eyes, remembering the scene when he had pinned her to the ground and pressed himself against her at the customs dock to avoid the bullets fired by the sniper, and suddenly felt an inexplicable urge to do so.

A strong reaction came over him like a tidal wave, and his head was dazed for a moment, and he felt a wave of dizziness, and could not help but swallow a silent gulp.

Grunt!

A strange cry escaped from the knot in his throat.

Lin Kai's pair of eyes were glowing, and he swept wildly towards Tang Huimin's body in an unfaithful manner.

"Brat, it's not like you haven't seen me before, what are you staring at me for? What's so pretty about me?" Tang Huimin asked in a delicate voice.

As she spoke, Tang Huimin was shy and timid with a blush on her face.

She sat on her butt next to Lin Kai, and a hot breath radiated from her fragrant and delicate body, causing Lin Kai's nose to shrug and feel a little dizzy.

"Xiao Kai, go wash up too!" Tang Huimin said into Lin Kai's ear.

A stream of hot air drilled into his ears one after another, where could Lin Kai withstand this kind of destruction, he felt dizzy and his heart was a panic.

"Okay ..... I ..... I'm going to wash ..... now," Lin Kai suddenly became incoherent, hurriedly stood up The first thing he did was to run into the bathroom.

### **The Policewoman Chapter 129**

A hot air emitting a woman's body fragrance filled the bathroom, and as usual, Tang Huimin casually threw her changed intimate clothes into a laundry tub.

Looking at the pink cloths in the basin, Lin Kai remembered the embarrassing scene when he had once stolen one of her underwear and she had found it, and his heart was tense.

However, he could not resist the temptation of the lingerie and still brought it to his nostrils and sniffed it, and felt his heart boil, so he placed it on that key part of his .....

After a burst of pleasurable sensation, Lin Kai then put the underwear back into the laundry tub, turned on the hot water tap, rinsed himself all over, and dried himself with a towel.

After putting on his clothes, Lin Kai was in a calmer mood and returned to the living room. When he saw Tang Huimin still sitting on the sofa in the living room, he asked.

"Little aunt, I'm done washing, why aren't you going to bed yet?"

"I'm waiting for you!" Tang Huimin joked.

"Waiting for me?" Lin Kai asked, pretending to be surprised, "What are you waiting for me for?"

"Hehehe, to keep you company," Tang Huimin smiled, half-jokingly, "I feel solid with you sleeping next to me ....."

Lin Kai's heart burst with joy, but seeing Tang Huimin's small smug facial expression, he then thought she was making fun of him and teasing him.

"Don't tease, go to bed, you still have work tomorrow." Lin Kai said with a straight face.

“Che, how boring!” Tang Huimin complained, glanced at him, stood up, walked towards the master bedroom and closed the door.

Lin Kai walked up and pricked up his ears to eavesdrop, finding no more movement inside, before lying down on the sofa in the living room.

Whenever he spent the night at his sister-in-law’s house, he usually slept in his cousin Yang Xiaobo’s room.

This time, he was afraid that Tang Huimin would be retaliated against by people from the Black Dragon Gang and that someone would break in and kidnap or assassinate her like they did last time when she was recuperating in the military sanatorium, so he slept in the living room to protect Tang Huimin.

Lin Kai had been busy all day and felt very sleepy. Just as he lay down on the sofa, a strong feeling of drowsiness kept coming up, so he slowly closed his eyes.

In the haze, a dark shadow crept towards him.

Lin Kai’s heart was a jolt, but before he had time to think, a fragrant breeze hit his nose and a soft body snuggled into his arms with unmistakable accuracy.

He shrugged his nose, then opened his eyes and saw that it was Tang Huimin, his sleepiness was gone, he hurriedly pushed her body away and asked in a nagging voice.

“Little ..... aunt, you ..... why are you still awake .....”

“I ..... couldn’t sleep and wanted to come out to keep you company .....” Tang Huimin sat on the sofa with a shy and inviting look.

“Yes?” Lin Kai’s heart warmed as he deliberately teased her, “With me standing guard for you outside, how come you still can’t sleep?”

Tang Huimin explained, “I’ve been outside for such a long time, and I’ve just come home, so I’m still a bit uncomfortable, so I can’t sleep any more .....”

“No way? How come I fell asleep just as soon as I got next to the couch?” Lin Kai said deliberately.

“Hee hee,” Tang Huimin rubbed her face onto Lin Kai’s and said in a delicate voice, “You think I can’t tell that you have something on your mind and are pretending to be asleep .....”

“Then what do you say, what’s on my mind?” Lin Kai asked with a smile, he knew in his heart that his sister-in-law was very smart, and in all probability, he could see something.

“When you went to take a shower in the bathroom just now, did you make a move on the underwear I put in the laundry tub like you did last time?” Tang Hui Min asked playfully.

“No..... not really.....” Lin Kai said perfunctorily.

“Hee hee, don’t lie to me, I know that little thing in your heart!” Auntie is too smart to see this point, which made Lin Kai a million times more embarrassed.

“Stop guessing,” after the embarrassment, Lin Kai’s heart surged and he couldn’t help but give Tang Huimin a bite on her pink cheeks and said, “Go to bed now!”

Tang Huimin said stubbornly, “I don’t, I want you to stay with me!”

Her beautiful eyes were slightly closed, her pink face gently rubbing against Lin Kai’s cheek, her soft and delicate body snuggling into his arms, enjoying the warm and romantic feeling.

Lin Kai lowered his head and kissed her.

Tang Huimin’s heart rippled, her body visibly trembled, and a slight murmur escaped her nostrils.

Lin Kai wrapped her tightly into his arms.

Tang Huimin’s body trembled and her heart pounded like a deer, her cheeks burning and her whole body softening.

Lin Kai had one hand free to clumsily untie the white nightgown she was wearing.

At this point, he no longer thought of Tang Huimin as his sister-in-law, but as his lover, completely crossing that red line in his heart .....

Ring ring ring!

Suddenly, an urgent mobile phone ringing sounded.

The sound was coming from Tang Hui Min’s mobile phone.

Tang Huimin picked up the mobile phone placed on the coffee table and saw that it was the landline phone number inside her parents’ home. She hurriedly pushed Lin Kai’s body away and sat on the sofa to answer the phone.

Lin Kai had repeatedly made out with Tang Huimin and reached the most crucial moment when someone called to interrupt, which was a very regrettable thing, his heart was a little flustered, a little annoyed and even more helpless.

“Huimin, where are you?” The anxious voice of her mother came from the phone.

“I ..... I’m at home .....,” Tang Huimin asked in a panic, “Mom, do you have something to do with calling me so late? ”

“Little ..... Bo has been kidnapped.” Tang’s mother said with a sobbing voice.

“Ah? Little Bo has been kidnapped?” Tang Huimin was shocked and asked in a panic, “Who did it?”

“I don’t know,” Tang’s mother sobbed, “Just now, some men in black broke into our house and took our Xiaobo away after knocking your father and I unconscious, oooh .....,”

“Mom, take it easy for now, I’ll be right over!” Tang Huimin said with relief.

She knew in her heart that the kidnapping of her son must have been done by the remnants of the Black Dragon Gang, in order to use her son as bait to lure her out and capture her in one fell swoop.

Lin Kai listened to the conversation between Tang Huimin and her mother, and when he learnt that his cousin had been kidnapped, he was so anxious that he became sexually uninterested all of a sudden.

He knew that this was a retaliatory action taken by the Black Dragon Gang against them and did not expect it to come so quickly.

“Young aunt, what are you going to do?” Lin Kai asked anxiously.

“Little Bo is the only flesh and blood left behind by your brother-in-law, I’ll risk my life to protect him and save him.” Tang Huimin replied.

Lin Kai held her hand and said, “Good, I’ll go with you to save Xiaobo .....”

Tang Huimin gave him a grateful look and hurriedly pulled back from Lin Kai’s hand, then ran into her bedroom to change her clothes before following Lin Kai downstairs.

When Lin Kai drove the Mercedes, guided by Tang Huimin, into the neighborhood where Tang Huimin’s parents’ house was located, and arrived at her parents’ house, the room was already crowded with security guards and neighbours from the neighborhood.

As soon as Mrs. Tang saw her daughter, she hurriedly jumped up, grabbed her hand and said, “I’m sorry, it’s our incompetence, we didn’t take care of our little Bo .....”

“Mom, you can’t be blamed for this,” Tang Huimin said with relief, “Please don’t worry, I will definitely take our Xiaobo back from those thugs

### **The Policewoman Chapter 130**

As Tang Huimin’s parents live in an old residential area, there are no cameras installed inside except at the entrance of the district, and after two men in black broke into her parents’ house and knocked the old couple unconscious, they used a wet towel soaked with ecstasy to plug Yang Xiaobo’s mouth and then carried him directly over the fence to escape.

The police had called Su Xiaoling, the captain of the security team, to come to the house after some investigation, but found that there was no clue, which made Tang Huimin anxious.

As the day dawned, it was soon time to go to work.

Lin Kai said, “Auntie, don’t worry, since the thugs are coming for you, they will definitely come to the phone, and until they get what they want, Bo is definitely safe.”

Tang Huimin felt that Lin Kai’s words made sense and was in a much better mood for the time being.

She was ready to go to the detention centre and see if she could get some clues from them by interrogating the members of the Black Dragon Gang that she had caught at the customs pier, last night.

As she was about to say goodbye and leave her parents’ house, the mobile phone in her pocket rang and she hastily pulled it out to see that it showed an unfamiliar phone number and immediately pressed the answer button.

“Hello, who is this?” Tang Hui Min asked eagerly.

“Officer Tang, you must be very anxious about your son’s disappearance right now?” A man’s gloomy voice came out of the phone.

As soon as Tang Huimin heard the other party mention Yang Xiaobo, she then winced and asked.

“Who are you? Are you from the Black Dragon Gang?”

“What Black Dragon Gang, White Dragon Gang, I don’t know what you’re talking about?” The man said in disbelief, “I only know that we have your son, are you eager to hear your son’s voice?”

“Yes, you let my son speak.” Tang Hui Min said eagerly.

“Mom, save me, save me quickly .....,” the words fell, and Yang Xiaobo’s hysterical shout came from the phone.

As soon as she heard her son’s cry for help, Tang Huimin felt very anxious and asked in a panic, “Xiaobo, where did they take you?”

“I don’t know, when I woke up, I was held by them in this dark room .....,” replied Yang Xiaobo truthfully.

Before Yang Xiaobo could finish his words, the man snatched the phone away from him and said, “What about it? I’ve already said that we won’t hurt your son, now it’s up to your sincerity.”

“What sincerity?” Tang Hui Min asked.

“On the premise that you promise not to let the police come and arrest us, prepare one million yuan for us so that we can guarantee Yang Xiaobo’s safety, otherwise, you can wait for the corpse to be collected!” The other party said smugly.

“As long as you can guarantee the personal safety of my son, I promise you.” The gang of kidnapers were too bold to kidnap a policeman’s son, causing Tang Huimin to be angry and anxious.

She knew that these guys were murderous devils, and with her son in their hands, she could not go against them, and could only adopt a delaying tactic by first agreeing to the conditions they proposed, and then acting on the opportunity after finding out where they had landed.

“Very well, it seems that Officer Tang is still very straightforward, haha!” The man said with a big smile.

“Cut the crap, where is the delivery and when will they be released?” Tang Hui Min asked eagerly.

“Officer Tang, don’t panic, we have plenty of time, you get that million in cash ready first, when the time comes, I’ll call you.” The man smiled grimly.

“Alright, I’ll wait for your call, but be quick, there is a limit to my patience, don’t let me change my mind by then and you won’t get anything.” Tang Hui Min warned.

“It’s okay, we don’t care, if you don’t have that patience, just wait and collect your son’s corpse.” The man said slowly and methodically.

“You bastard!” Tang Huimin cursed.

“Officer Tang, you’re a civilized person, you shouldn’t say such uncivilized words, yo,” the man paused for a moment and said, “How about this, at five o’clock in the afternoon, you wait for my call, then, I’ll tell you the time and place of delivery and replacement.”

After saying that, the other party immediately hung up the phone.

.....

In the back of Wolong, the small abandoned courtyard where Song Lina had been kidnapped.

Yang Xiaobo, Tang Huimin’s son, was tied up on a wooden stool in one of the rooms, his mouth sealed with a piece of duct tape.

This time, the kidnapping of Yang Xiaobo was a ploy jointly devised by Zhao Wenlong and Robert to use Yang Xiaobo as bait to get rid of Tang Huimin and Lin Kai in one fell swoop.

So, respectively, they sent a member of the Black Dragon Gang, One Clutching Hair, with a gang of thugs and Robert’s bodyguard, Scarface, to kidnap Yang Xiaobo to the back of Wolong Mountain.

As soon as he put down the phone, Scarface scolded angrily, “You’re too fucking greedy, aren’t you? When did I say that you should ask Tang Huimin for one million yuan in cash?” Scarface’s aim was to get rid of Lin Kai and Tang Huimin in spite of him and avenge the Liberty Islander, and didn’t think that much of it.

“Sir, if I don’t ask them for money, can they believe we are kidnapers?” One Clutching Hair explained, “Only then will we not reveal our identity as members of the Black Dragon Gang, and we can still lure them here .....

Scarface felt that One Clutching Hair’s words had merit, so he stopped scolding him and then used a piece of tape to gag Yang Xiaobo, who was tied to a stool and crying, with his mouth closed.

.....

The company’s main business is to provide a wide range of products and services to the public.

For a working class person, where could she find a million dollars in cash?

However, for the sake of her son’s safety, she could not lead her team to arrest the kidnapers for the time being, because last night, Yan Zhengkuan, the Deputy Director of the Municipal Public Security Bureau, and Zhou Peng, the Chief of Criminal Investigation, had used the police to escort the shipment of arms for the Black Dragon Gang, and it was clear that there might be someone inside the police who had access to the kidnapers.

So, she decided to follow the kidnapers’ request and went to rescue her son single-handedly.

“Auntie, what’s wrong with you?” Lin Kai, who was standing by, saw Tang Huimin’s anxious look and couldn’t help but ask, “Where did they kidnap Xiao Bo to?”

“I don’t know where they’ve kidnapped Bo. The guy just said on the phone that I should prepare one million dollars and speak to me again at five o’clock in the afternoon, and if I don’t do what they want,

they'll tear up the ticket," Tang Huimin said with a melancholy look on her face, "but where am I going to prepare one million dollars for them? "

Lin Kai saw right through Tang Huimin's mind and said, "Aunt, don't worry, you'll find a way, let's ....."

Before he could finish his words, a sharp ringing of a mobile phone came out of his pocket.

Taking the phone out of his pocket, he saw that it was Song Lina calling, picked up the phone and asked, "Song Lina, what do you want to see me about?"

"Lin Kai, what the hell do you mean? Why did you bring someone to arrest my cousin and send him to the guardhouse?" Song Lina questioned loudly.
