

Chapter 1221: Green Fruit

The girl's small face was revealed. She was a petite beauty with willow-like eyebrows, a small nose that was as white as porcelain jade, and cherry lips that were as bright as an ink painting.

Gong Yi's eyes flashed. It was actually her.

The little girl in the room that night.

When Bai Beibei walked into the living room, Qian Lan and Bai Shida's expressions changed. Why was she back at this time?

Bai Shida coughed and said, "Beibei, is school over? Come over and greet our guests. Uncle Gong, Auntie Gong."

Bai Beibei straightened her slender back and greeted obediently, "Uncle Gong, Auntie Gong, Hello."

Bai Shida said again, "This is Young Master Gong."

Bai Beibei looked sideways at Gong Yi.

Gong Yi's narrow eyes met the girl's. That night, her face was covered in silk, he couldn't see her eyes. Now, he could see her them and they were extremely bright.

Her eyes were like a cat's, captivating people effortlessly with just one look.

She looked at him and said softly, "Young Master Gong, Hello."

Her voice was soft and soft, like an oriole. Gong Yi raised his eyebrows slightly. He remembered what she had said that night, which was to ask if he was alright.

Now that he thought about it, he still found it funny. She really just came out to sell without knowing anything.

He had thought that she was the child of a poor family. Now it seemed that the Bai family's background wasn't bad either.

How could she have fallen to the point of selling herself?

Gong Yi put down the teacup in his hand. This Bai family wasn't as virtuous and righteous as they portray themselves to be.

"Beibei, you're back?" Bai Qi held Bai Beibei's slender arm affectionately. "We have an important guest at home today. Let's have dinner together later?"

Qian Lan's expression had already turned ugly. She added in a strange tone, "Yeah, let's have dinner together later."

Bai Beibei looked at the hatred in Qian Lan's eyes. Her soft little hand grabbed onto the shoulder strap of her school bag. She lowered her beautiful eyes and shook her head. "I don't want to eat. I'm going back to my room to do my homework."

She turned around and went upstairs.

"Hey, Beibei!" Bai Qi called from behind.

"Haha, My little daughter still has manners to learn. Master Gong, don't mind her."

Master Gong was puzzled. "Do you have two daughters in your family? Why do I only know of one?"

"Oh, this little daughter is born to a servant. She grew up in the countryside. She turned 18 this year. I just brought her back into the main family not long ago. Nothing worthy to write home about." Bai Shida smiled awkwardly.

Master Gong understood that this was a private family matter. It was simply a case of infidelity. He nodded and did not say anything else.

Gong Yi took in the expressions of the whole family. He lifted his eyelids and his gaze followed the girl who was climbing the stairs. The girl had a small frame and a delicate body. She looked like a kite. Climbing the stairs seemed to be strenuous.

He knew her young body under the clothes the best. Nothing had grown.

He did not know if she had already turned 18. If she had not, then she was not an adult. Then he had taken advantage of one...

It was all the fault of his friends. He did not know what they were thinking, having gotten him an innocent green fruit like this. He had wanted to settle the score with them, but those bastards had taken the plane back to the United States earlier.

Gong Yi admitted it. He had a problem too. He knew that it was a green fruit, but he still ate it.

Thinking of the scene in the bathroom that night, Gong Yi's Adam's apple bobbed.

He felt his body heat up for some reason.

...

After dinner, under the farewell of the Bai family, the Gong family's luxury car drove out.

While in the car.

Gong Yi's father looked at his son. "Gong Yi, what do you think of Bai Qi?"

Gong Yi stretched out his broad back lazily as he leaned against the seat. He looked out the window at the night sky and replied, "Nothing much."

Gong Yi's father almost spat out a mouthful of blood. "I think that Bai Qi is very good. She's from a well-bred family and has a good upbringing. She graduated from Cambridge in England and is talented. Most importantly, she's a mental calculation genius. Her ranking as the number one in the world has never been broken."

“OH.” Gong Yi narrowed his eyes and looked at his father. “If you think she’s so good, why not you marry her instead?”

Gong Yi’s father...

He kicked Gong Yi with one foot.

“Enough, enough.” Gong Yi’s mother tried to stop the fight. “Can’t you two stop fighting? Gong Yi, I think that Miss Bai is pretty good. Tell me what’s wrong with her.” “It’s very simple. I slept with her sister,” Gong Yi said.

Master Gong, Madam Gong...

They looked at Gong Yi as if he was a monster.

Gong Yi continued, “I slept with the younger sister. If I marry the elder sister and become her brother-in-law, the relationship will be very messy. So, let’s forget about it.”

Master Gong,

he kicked Gong Yi again.

“Brat, how can you talk nonsense about such things? The younger sister is only 18 years old. Are you stupid enough to talk about her like that? I know that you are proud and arrogant. All the girls in the world are not worthy in your eyes. You only like Ye Xiaotao, but why are you running away from the marriage again? Are you torturing your father’s life? How did I give birth to an unfilial son like you? Is it wrong for me to want to hold a grandson? Is it that difficult? Aiyo, why is my life so miserable...” Master Gong beat his chest in exasperation.

“Master, master, don’t be angry...”

Gong Yi’s parents beside him clattered. Gong Yi shook his head helplessly. What he said was the truth, but if no one believed him. who was he to blame?

...

Gong Yi became smarter. He moved out of the Gong family’s apartment and lived in an apartment alone. Now, his ears were free from the nagging.

Gong corporation.

In the CEO’s office, Gong Yi was sitting on a black leather office chair. His two fair hands were typing rapidly on the keyboard. The screen was flashing with numbers. He was working on the database of the latest mobile game app.

“Knock, knock” from the door, Secretary A-jie walked in.

“CEO, the new data analyst has arrived,” A-jie said respectfully.

Gong Yi’s gaze did not leave the screen. “Let him in.”

“Understood.”

Light footsteps sounded. Bai Qi walked in.

Gong Yi looked sideways. "It's you?"

"Young Master Gong, it's me." Bai Qi smiled elegantly. "I came in after three rounds of strict interviews with the company. Please give me some guidance, CEO."

Gong Yi finished typing the last character and retracted his hand. "Okay, I've done half of this database, and I'll hand the other half to you. This is your first job as a new employee. I don't want to find any bugs in the system."

"Okay." Bai Qi nodded confidently. "But CEO, it's time to get off work. Let's go together."

"Go? Go where?"

"This morning, Uncle Gong called to say that you're coming to my house for dinner tonight, isn't that right?"

Gong Yi facepalmed..

He got up and took the coat behind him. "Yes! Let's go together."

...

In the Lamborghini.

Bai Qi, who was in the passenger seat, looked sideways at Gong Yi's profile. This man was really exquisite. Even his profile lines were so smooth and perfect.

Today, he was wearing a black V-neck sweater and black tailored pants. The pants were cropped, revealing his skinny ankles. He was extraordinarily handsome.

"Miss Bai, do I look good?"

After being caught peeking, Bai Qi blushed and admitted generously, "Yes, in my eyes, no one is more handsome than Young Master Gong."

Chapter 1222: High and Mighty

Gong Yi glanced sideways at Bai Qi. The woman's eyes were filled with admiration. If he gave her a piece of tissue, she would probably be able to wipe away her saliva.

He was not surprised.

Most women liked to look at him in this way. He was also well aware of his charm, money, power, and good skin. He was a 26-year-old young man with a strong physique that was full of hormones.

Of course, there were exceptions, people who were not attracted to him. Ye Xiaotao was one of them, and now there was another one, that... Bai Beibei.

Last time at the Bai family, Bai Beibei looked at him. Her eyes were very pure.

"Young Master Gong, turn there."

“Okay.” Gong Yi nodded.

The dazzling yellow Lamborghini took a turn. Soon, he saw XXX University. There was a group of young masters gathered at the university’s entrance, and within the group, there was a familiar figure inside.

Bai Beibei.

After school, Bai Beibei went out with a few books in her arms. At this time, a group of rich second-generation children followed behind her...

“Hey, Bai Beibei. I heard that your mother was a servant, and it was only after seducing your father that she had you. In a fit of anger, Madam Bai chased you and your mother to the countryside. After your mother gave birth to you, she went crazy and became a lunatic. She even scolded you and beat you. Later, she died, and you were raised by your grandmother.”

“Bai Beibei, looking at you, Madam Bai must have made things difficult for you. Did she give you any pocket money?”

“How about this, Bai Beibei. Tonight, you’ll accompany us to a bar and have a drink. We’ll give you pocket money for this month. One thousand, five thousand, ten thousand. Is that enough?”

Bai Beibei did not speak. She quickened her pace.

At this moment, a boy came forward and grabbed the book in her arms.

“Give it back to me!”

The boy raised his arm and said playfully, “Come and get it yourself.”

Bai Beibei stood on her tiptoes to grab it, but she couldn’t reach it. She frowned and said, “Hurry up and give it back to me!”

The girl’s small voice was delicate and soft. As she was driven into a corner, there was even a hint of coquettishness in her voice. When the boys heard this, they couldn’t bear it.

“I can give it back to you, but let me touch it.” As the boy spoke, he reached out and touched the girl’s face.

The girl’s skin was extremely delicate, like an egg white that had just been peeled. Due to her embarrassment, a cherry blossom-like pink spread on her face, causing people to drool over her.

At this moment, she was like a little rabbit that had fallen into a wolf’s den, being teased by others.

When the boy wanted to touch her, Bai Beibei quickly took a few steps, back on guard. Her large grape-like eyes helplessly darted around a few times, before she turned around and left.

She didn’t want the book anymore.

“Hey, Bai Beibei, why are you acting so noble? I have plenty of money. As long as you follow me, I’ll take care of you in the future!” The boy shouted.

Bai Beibei didn’t even turn her head.

The boy was furious. He threw the book into the trash can in front of him. “I gave you the book. Go and get it.”

Bai Beibei turned around. She really walked to the trash can to pick up the book.

Gong Yi looked at her through the car window. The girl’s small white hands didn’t fit in with the dirty trash can, but she didn’t mind it at all. Her long eyelashes that were like the wings of butterflies and cicadas quietly drooped down as she picked up her book.

She wore a bracelet on her slender wrist – a small golden peanut strung on a red cord. It was the one she had grasped tightly in her hand, that night in the bathroom.

Gong Yi indifferently withdrew his gaze, and the Lamborghini drove off into the distance.

“Young Master Gong, the one just now... seems to be my sister?” Bai Qi asked.

Gong Yi sneered in his heart. If he knew that it was her sister, how could she not know?

“Your sister is studying here?”

XXX University was the most trashy school in the capital. It was filled with incompetent, rich second-generation children, and served as a place for them to eat, drink, and have fun. Throwing such a small, timid little girl into it was truly a vicious move.

“That’s right. My younger sister grew up in the countryside and did not study much. Her grades were not good and my father felt sorry for her, so he gave her a lot of money to let her in.” Bai Qi revealed, her face covered in regret.

Gong Yi curled his lips, and his long and narrow peach blossom eyes swept over Bai Qi. “With you as the genius older sister around, how bad can the younger sister be?”

A trace of panic flashed through Bai Qi’s eyes, but it was fleeting. No one saw it and she smiled calmly. “In the future, I will teach my younger sister more.”

Gong Yi did not speak anymore.

..

Bai family.

Dinner was over. Mother Bai said with a fawning expression, “Young Master Gong, come, eat some fruit.”

Bai Qi held a fruit knife in her hand. The red and large apple spun beautifully in her hand, and the apple peel fell, appearing as a circle of flowers.

Gong Yi took a look and felt indifferent. This Bai family had really put in a lot of effort in order for Bai Qi to marry into a good family.

He looked at the door and saw that the little girl was still not back.

More than two hours had passed. Even if she had to walk, she should be back by now.

The Bai family did not send a driver for her, and he did not know whether she had any money on her. In fact, taking the bus would only require one or two coins, and it would only take two stops.

Gong Yi suddenly felt that he was really silly. What was he thinking about the little girl for?

She had nothing to do with him. At most, she had slept with him once.

At this moment, his phone rang. It was a call from him.

“Sorry, let me go out to take the call.” He walked out of the villa’s door.

The phone call was filled with work matters. He gave a few instructions and hung up the phone. Just as he was about to turn around and return to the villa, he heard two maids talking in the kitchen.

He looked through the window. There were seven or eight delicious dishes on the kitchen counter. One of the servants was holding a small bowl, which was only filled halfway with rice and topped with a few leaves of green vegetables.

“We can’t finish all these dishes. Tonight, let’s give the Second Miss a piece of meat.”

“What nonsense are you talking about? If you can’t finish it, feed it to the dog. If you give the Second Miss meat, be careful that the Madam will beat you up with a feather duster!”

“This... hah, actually, I’m just saying it. I don’t dare. But Second Miss is really pitiful. She’s not even as good as us.”

“Alright, don’t sympathize with her anymore. Let’s hurry up and get to work.”

Gong Yi listened to their conversation and raised his eyebrows. No wonder her body developed so slowly. It turned out she was eating so poorly.

That half a bowl of rice was not even enough for a child to eat.

He forced his long legs to move and entered the living room.

“Young Master Gong, the fruit is ready. Sit Down.” Bai Qi looked at him with bright eyes.

“No, I’ll go back first.” Gong Yi took his black windbreaker and left in large strides.

“Hey, Young Master Gong...” Bai Qi was disappointed.

..

The Lamborghini was driving on the road. It was already drizzling outside.

After passing a traffic light, Gong Yi saw the petite figure through the car window.

Bai Beibei stood on the street in the rain, waving her small fair hands. She was taking a taxi.

She must have been in the rain for a long time, for her hair and clothes were all wet. She looked very anxious and kept waving her hands to call for a taxi, but no car stopped.

Gong Yi frowned. She didn't know that taxis were not allowed to stop on this road. Even if she continued to flag for a taxi until the next morning, she wouldn't be able to get one.

Chapter 1223: Thank You, Brother-in-law

A sharp braking sound rang out.

Gong Yi looked up and watched as the girl steadied herself. She had rushed onto the road hastily and was almost hit by a car.

The driver rolled down the windows and stuck his head out, cursing, "Hey, are you blind? Are you trying to kill yourself?"

Bai Beibei immediately took a few steps back and apologized softly in a frightened voice, "I'm sorry, I'm so terribly sorry."

The driver in the car was a man in his forties. His eyes swept over Bai Beibei's delicate face and across her petite body, While the damp school uniform wasn't particularly flattering, he could see her young and soft body underneath it and this was enough to arouse dirty thoughts.

"What's wrong, little one? Are you going to take a cab? Come on, get into my car. I'll drive you there," he said.

His expression clouded over and he looked at Bai Beibei with a lecherous gaze. Seeing this, Bai Beibei stepped back onto the pavement cautiously and began to protest, "There's really no need to do that."

She immediately started walking hurriedly but the man in the car did not give up. He followed Bai Beibei in his car, "Little girl, come on. I won't hurt you. I'll take care of you and buy you food and jewelry."

Bai Beibei shook her head. All she wanted was to take a taxi as quickly as she could.

As she watched the endless stream of cars on the street, she felt her heart fill with despair. Who could possibly help her out of this situation?

Gong Yi, who had been watching this unfold before his very eyes, had wanted to leave without helping her. However, he knew deep down that if he left, the wretched car owner would drag Bai Beibei into the car and take advantage of her.

The events of the fateful night in the bathroom flashed in his mind once more. Her face had been strewn with tears and she looked as pitiful as a girl could be.

Gong Yi frowned, his brain wrapped in turmoil. Fine, since he'd slept with her once, he would do her a favour and help her out, he thought.

"Ding!" Gong Yi pressed on his horn.

“Who is it? How dare you interrupt me!” the man cursed as he turned his head to look at Gong Yi. Noticing the licence plate on Gong Yi’s Lamborghini, he fell silent and immediately raced out of the scene.

Gong Yi inched the car forward and rolled down the car window. He looked at Bai Beibei, “Get in the car.”

Noticing familiar tones in his voice, Bai Beibei turned and looked at him, “Brother-in-law?”

Brother-in-law?

Gong Yi didn’t feel too good about this title.

His narrow eyes scanned her from head to toe. She stood very straight, crossing her slender legs and pulling at the corner of her shirt helplessly. Her hair was wet and stuck to her cheek. The light drizzle was making it difficult for her to open her eyes. Her eyes blinked softly and the two rows of lush eyelashes that lined her brown eyes fluttered like the beautiful wings on a butterfly. He now understood why the man had suddenly decided to offer her a ride earlier.

“Get in the car, I’ll drive you,” Gong Yi said.

Bai Beibei’s eyes lit up, “Really? Thank you so much, brother-in-law.”

She slid into the backseat.

“So, where are we headed?” Gong Yi asked.

“To XX Hospital, please. Is it possible to drive faster?” Bai Beibei asked.

Gong Yi nodded and stepped on the accelerator.

Bai Beibei’s settled into her seat and felt herself calm down. She felt a chill on her body and immediately sneezed.

Gong Yi pursed his lips and turned on the heater in the car. As he shifted back into his seat, he looked at the rearview mirror and he froze at the sight he saw.

His eyes focused on her chest. He knew Bai Beibei was wearing a vest, but a girl her age should have been wearing a bra. Gong Yi looked away and slid his large palm across the steering wheel. The buttery feel of the steering wheel reminded him of the sensation he’d felt in the bathroom that night. His fingers pulsed as if the feeling of what he’d touched still lingered on his hand. He felt his body heat up.

“Here, put it on,” Gong Yi handed Bai Beibei the windbreaker that had been on the passenger seat beside him.

“Thank you, but I’m alright. My body is wet and I’ll just end up getting your clothes wet,” Bai Beibei shook her head in protest.

“Are you sure you don’t want to put it on?”

“Hm?” Bai Beibei looked back at him in confusion.

“Chest.”

Bai Beibei looked down at her chest.

“Ah!” she let out a soft cry and immediately covered her chest with her small hands.

She looked at Gong Yi warily. His eyes were focused on the road and he did not look at her. She blushed and put the windbreaker on quickly.

“Thank you,” she said softly as she lowered her head.

Silence ensued for a long while before Gong Yi broke the tension, “Why didn’t you take the bus?”

Bai Beibei bit her wet lower lip with her teeth, “I’ve taken the bus before but somehow I lost my way.”

She didn’t know her way around. She had grown up in the countryside and had never travelled this far into the city. She had just arrived a month ago and the city must have appeared really big to her.

The Bai family had enrolled her into a university and on the first day of school, she had taken the wrong bus. The bus driver had demanded that she get off at the last stop and when she did, she found that she was lost.

Bai Beibei sat on the bench on the street for three days, with no food, no water and no one to talk to her. It was only after this ordeal that Bai Shida picked her up and drove her home.

When she got home, Qian Lan had scolded her, hurling hurtful phrases like ‘little vixen’ at her. She had assumed that Bai Beibei had been fooling around with men in the city. Before she could explain, Qian Lan slapped her across her face. After that incident, Bai Beibei no longer dared to take the bus. She lived her life carefully and tried not to make any mistakes.

She lowered her small head. Gong Yi could not see the expression on her face and her small body seemed to be overwhelmed by his windbreaker. She was only eighteen – she was still a really young girl.

“Let me give you a tip then. Before you take the bus, take a look at the bus stop signs. They’ll clearly show the route of the buses and it’s more than likely that there will be buses that will take you to your desired destination,” Gong Yi said.

Bus stop signs?

Bai Beibei’s eyes flashed with gratitude, “Thank you brother-in-law, I’ll be sure to remember that.”

Gong Yi pursed his lips and remained silent.

After Gong Yi pulled the Lamborghini up at the entrance of XX Hospital, Bai Beibei opened the door.

“Wait a moment, brother-in-law,” Bai Beibei said.

Gong Yi looked back and saw Bai Beibei using her small hands to wipe the water stains off the leather seat she’d sat on.

“I’m so sorry, brother-in-law. The seat is wet because of me. I’ll try to dry it now,” Bai Beibei smiled shyly at him.

When she smiled, two small dimples appeared at the sides of her face. They were faintly discernible and very sweet looking. Gong Yi peaked at the car mirrors. Bai Beibei was leaning into the car and the short

skirt on her waist was hiked up, revealing her milky white thighs. His gaze stopped short. This position she was in now reminded him of what had happened that night in the bathroom. She had been bent over, with him standing behind her and her small body rocking with his thrusts.

What the hell? Why was he thinking about that all the time?

Gong Yi grew irritated and he said angrily, "Don't bother wiping it down. I'll get someone to change the seat tomorrow."

Chapter 1224: He Paid for Her Medical Expenses

The sudden change in Gong Yi's tone made Bai Beibei stiffen and stand up straight.

She was a delicate girl and as she stood by the car door, her two small hands folded back into her sleeves and she looked at him timidly.

"I'm sorry," she said as she closed the car door and proceeded to leave.

Gong Yi stared at her back. She had seemed like a little kitten that had been kicked to the curb by its owner and her retreating figure made him feel really hurt. He cursed and grew increasingly frustrated.

Why did he constantly feel like he was the one bullying her?

Gong Yi pondered over this for a moment. He opened the car door swiftly and walked into the hospital lobby. Upon getting the information he needed at the nurses' desk, he headed straight for the third floor. He spotted a petite figure in the corridor and it belonged to a girl who was talking to a doctor.

"Doctor, how's my grandmother doing?" she asked.

"Unfortunately, the situation is not ideal. While the heart surgery she had a month ago was successful, she has demonstrated signs of extreme organ rejection after the surgery," the doctor replied.

"What? Wouldn't that mean that my grandmother..." she trailed off.

"Well, the only thing we can do right now is to try to extend the time that you have with your mother-in-law. That being said, you must be mentally prepared that she may pass on at any moment," the doctor warned.

Bai Beibei closed her eyes momentarily. The tip of her nose turned red and big fat tears rolled down her face.

A weak and frail voice came from the ward, "Beibei, is that you?"

Bai Beibei wiped her tears hurriedly with her small hands, "Thank you so much, Doctor."

She turned around and entered the ward, "Yes, Grandma, it's me."

The doctor turned and walked away with the nurse. The nurse, said sympathetically, “Beibei is really pitiful. Beibei and her grandmother only have each other to rely on. Her grandmother’s collapse last month due to a heart attack was so unexpected.”

“The most pitiful thing is that they don’t have any money to pay for any further treatment,” the doctor said as he let out an audible sigh, “The patient is really old and heart surgery itself requires a large sum of money. She may still suffer from organ rejection again even if the surgery succeeds. I’ll let Beibei weigh the pros and cons of the surgery – she might just appear tomorrow with a large sum of money, ready to pay for the surgery.”

“The daily medical fees are so expensive now. Beibei has not paid for half a month.”

Gong Yi listened to the conversation between the doctor and the nurse. He walked slowly to the door of the ward in large strides. Bai Beibei’s grandmother laid on the hospital bed in the ward. Her face was pale and she did not seem to be in good spirits. However, she held Bai Beibei’s hand tenderly with a loving and peaceful expression on her face.

It was at this moment that Gong Yi realized she did not have the ability to see anymore.

“Beibei, I’m feeling much better. In fact, I don’t have any major pains. It’s so boring to stay in the hospital everyday. Let’s leave the hospital tomorrow,” she said.

Bai Beibei sat by the bed and held her grandmother’s hand tightly. Her hand was very rough and there was a layer of calluses running across that scraped her skin. These were a direct testament to how hard her grandmother had worked to raise her. Her grandmother was her only real family member in the world now. She could not let her leave.

“Grandma, we’ll stay for a few more days. We’ll listen to the doctor and only leave when he says it’s fine to do so.”

She hadn’t told her grandmother about the truth behind her illness nor the heart operation she had undergone.

“But, we’ll end up spending a lot of money just staying in the hospital,” her grandmother protested.

“Grandma, my father promised that he would give us the money.”

She nodded her head in relief, “Is your father treating you well then? Does your stepmother bully you? Have you gotten used to living with the Bai family?”

“Yes, they treat me really well. No one bullies me and I can wear beautiful dresses, eat delicious food and on top of that, I don’t have to work. There are so many servants at home,” Bai Beibei closed her eyes as she felt tears roll down her cheeks.

“That’s good to hear. Did your father let you attend university? Your results have always been the best in the province. The village chief even said that you would be guaranteed admission to a first-class university.”

Bai Beibei’s pink lips trembled. She tried to hold back her tears and clenched her fist. Biting lightly on it to prevent her tears from flowing out, she said, “I went to a top university and the students in my class were really nice to me. Grandma, don’t worry about me.”

Her grandmother let out a sigh of relief and caressed Bai Beibei's hair lovingly, "My poor child! It's only natural that Grandma worries about you. It's so great that you're being taken care of. If I leave, at least there will still be someone caring for you."

"Grandma," Bai Beibei reached out her small hands and hugged her mother-in-law's waist. She buried her small face into the warm embrace.

"I don't want anyone else to take care of me except you, Grandma. You will live till you're a hundred."

She stroked Bai Beibei's soft hair lovingly. She knew her own body very well. She did not have much time left. However, she felt heartened that Bai Beibei was being cared for by others and knew she could leave in peace.

Gong Yi watched the scene between Bai Beibei and her grandmother in the ward. They were really pitiful.

He thought back to the night Bai Beibei had sold her body. It must have been for her grandmother's sake since they didn't have the money to pay for her surgery. His gaze focused on Bai Beibei's delicate body. After watching for a little while, he turned around and left.

Bai Beibei let go of her grandmother, "Grandma, you should rest. I won't be leaving your side at all tonight. I'll stay here to accompany you."

"Alright," her grandma nodded. She felt a sharp pain in her heart but she chose not to say anything. She lay down and closed her cloudy eyes.

Bai Beibei tucked her mother-in-law in and left for the nurses' station.

"Miss, has my grandmother's bills been paid yet? How much is it?"

"Beibei, the bill has been paid. It worked out to 76,000 for half a month."

76,000? Beibei was shocked. It was a large sum.

"Miss, I don't have that much money on me. Can you give me two more days? I'll think of something."

"Beibei, don't worry. Someone has already settled the bill for you."

Bai Beibei was stunned. She had never thought that someone would pay for her medical bills.

She had never experienced such kindness in her life. She had felt the coldness and warmth that relationships had to offer but other than her grandmother, there had been no one who had been genuinely kind to her. It seemed now that there was, in fact, such a person.

"Miss, who paid for my medical bills?"

"Mr Gong."

Mr Gong? Her brother-in-law?

Bai Beibei recalled his impatient tone when she'd wiped the chair. He probably hated her, just like the Bai family.

“That’s right, Beibei. It was Mr Gong who helped you pay your bills. Oh my god, how do you know him? This is the first time I’ve had the chance to meet him. He is really handsome. His voice is so nice, I feel like I could get pregnant just from listening to him.”

The nurse started to swoon.

“Miss, just give me the bill.”

While she didn’t know exactly why he’d paid for her medical bills, she knew she couldn’t take his money for free. She would return it to him.

The next day, Bai Beibei arrived at the entrance of the Gong family house. She stood by the flower bed, wearing a white dress, white round-headed leather shoes and socks that reached her knees. Her silky hair fell down her back and she carried a school bag on her shoulders. She was dressed as a student.

Chapter 1225: His First Woman

It was finally time to get off work. The male employees working at the Gong Group building exited the building one after another. Upon seeing Bai Beibei, their eyes filled with astonishment. One male employee even gave a friendly whistle, smiled and said, “Young lady, are you here to look for someone from the Gong Group? Who are you looking for? I can help you find him.”

Bai Beibei tugged uneasily on the strap of her backpack. She felt her face turn red the more the men looked at her. She lowered her small head and stared at her toes.

“Mr Gong!”

Gong Yi walked out of the building, car keys in hand.

The male employees respectfully parted and stood on both sides.

“Mr Gong.”

Gong Yi noticed Bai Beibei the moment he stepped out of the elevator. She was always the most eye-catching one in the crowd and this attracted the attention of many men. His employees looked at her and teased her playfully. She was so flustered by this that her small face turned red.

Gong Yi was even more reluctant to leave her in this state. While he wasn’t sure why anger began to brew within him, Gong Yi glanced sharply around and snapped at his employees, “Are you trying to get paid for working overtime by simply hanging around outside the office?”

“Yes, Mr Gong!” his employees scurried away quickly.

After they left, Gong Yi stood on the steps and looked down at the young lady by the flowerbeds.

Bai Beibei looked up. Gong Yi was wearing a white shirt and black trousers. She scanned his face and noticed how exquisite his facial features were. His silhouette was extremely handsome – she had never seen such a good-looking man till now.

With one hand in his trouser pocket and another holding his car keys, Gong Yi looked at her coldly.

Bai Beibei felt her heart sink. It seemed like he really hated her.

Gong Yi's expression turned even more gloomy at Bai Beibei's silence. He walked to his Lamborghini quickly.

"Brother-in-law!" Bai Beibei chased after him quickly.

Gong Yi glanced down at the shadow following his on the ground. His steps were wide and hers were small. She had to run to catch up with him.

He raised his sharp eyebrows and could not deny that he was a little delighted by this turn of events.

He stopped sharply and turned around. Bai Beibei crashed into his arms. Their difference in height had never been more apparent – she was 1.6 meters and he was 1.86 meters. Her forehead hit the silver button on his white shirt.

"Ah!" Bai Beibei let out a soft cry in pain.

A soft fragrance tickled the tip of Gong Yi's nose. The scent was natural, free of artificial aromas and could only belong to a young lady. He liked this smell very much. He dug his large hands in his trouser pockets and felt his body go numb. He started to lose control over his bodily senses.

Bai Beibei stepped back quickly like a frightened rabbit, "Brother-in-law, I'm so sorry. I didn't mean to do it."

Gong Yi pursed his thin lips, "You were looking for me?"

"Yes," Bai Beibei nodded, "Brother-in-law, did you pay the medical fees for me? Thank you."

He had indeed paid for the medical bills. He didn't know what had gotten over him last night exactly but for some strange reason, he had walked right up and settled the bills for her. He might have felt some sort of pity for her.

"Are you here to thank me?"

"Yes. There's also another thing that I'd like to talk to you about," Bai Beibei took a piece of paper out from her school bag and handed it to him, "Brother-in-law, this is for you."

Gong Yi held the note in his hand and looked at it. It was a debit note.

The somewhat cheery feeling he had felt earlier instantly vanished. He glanced at her, "What's the meaning of this?"

Bai Beibei stood up straight. Her skin was milky white and a few strands of her hair fluttered in the wind, caressing her cheeks. The image was so soft and heart warming that one would have faced great difficulty taking his eyes off it.

“Brother-in-law, I can’t simply take your money for free. You lent me 75,690 yuan. I don’t have enough to pay you back now but I will work hard and slowly return the full sum to you in the future.”

The ball anger that had just subsided within him flared up suddenly once more. He didn’t care about this small sum of money. The fact that she had given him the note so seriously, which showed how much she had thought through the division of money between them, was what irked him.

She was going to earn money?

How was she going to earn it?

Gong Yi thought back to the male classmates who had flirted with her, the wretched middle-aged driver, and his employees who had teased her earlier. He had to admit that she had the ability to earn money just by selling her body.

Hadn’t she sold it to him once?

If she ever found herself in such a desperate situation again, maybe she would sell her body once more.

Gong Yi felt himself grow uncomfortable at the thought of her bending down to please another man just as she had done to him.

“You want to return me the money?” Gong Yi stepped towards her, “If you really wish to pay me back, you have to know that there are some rules. When are you going to pay me back? How long will you take? Will there be extra interest payable? If you want to pay me back with interest, I’d be more than happy to increase the amount of money I can lend you. How does six figures sound?”

Bai Beibei was taken aback. She stepped back instinctively as he approached her and treaded backwards until she bumped into a tree trunk.

Gong Yi rushed over to her side. His right hand, which had been holding his car keys, now held the side of her head. He held her firmly in his arms, making it impossible for her to leave.

An unfamiliar and strong masculine scent swept over, instantly drowning her senses. This was not a masculine scent that she could possibly withstand. Her face turned red immediately. She stared up at him with her big eyes, both confused and flustered at the same time.

Gong Yi had been so angry earlier. He felt that she had taken steps to divide their relationship so clearly and maybe he should have done the same. However, right in this moment as the two of them stood close to each other, he breathed in the soft fragrance lingering on her body and looked into her timid eyes. This sent his brain into overdrive and all his blood rushed down his body. He felt a stiffening in his pants.

Shit!

Gong Yi cursed softly at himself. What kind of spell was he under? The first time they’d met, his body heated up at the sight of her. He refused to lie to himself any longer.

Whoever said that a woman would remember her first sexual experience with a man clearly didn’t think about whether a man would remember his first experience with a woman in the same way.

Gong Yi's expression darkened, "Go home and use the computer to calculate how much money you owe me. If you really can't pay, don't you still have something else in your repertoire?"

Gong Yi glanced at her delicate figure. He let go of her and turned to get into the car.

Bai Beibei knew instantly what he had referred to. The terrifying memories of that night rushed over her. The blood in her body turned cold and her hands and feet started trembling.

She hadn't wanted to do so, but she had no choice. She only had her body. To save her mother-in-law, she had been willing to do anything.

However, things were not as simple as she had thought. The events that took place in the bathroom that night was almost like a nightmare. She had no idea that a man and a woman commit an act so shameful together.

She did not have the courage to relive her experiences. She had buried the events of that night deep in her heart. It made her feel dark and filthy.

Gong Yi opened the car door and was about to enter when a soft voice came from behind him, "I'll calculate it according to the bank's six points. I will pay you three thousand per month, for six years and 21 days. I would have successfully cleared my debt by then."

Gong Yi turned around and looked at the girl in surprise, "What are you talking about?"

Bai Beibei clenched her little fists and glared at him. Her voice was soft despite her anger, as if she'd never raised her voice before.

"Go back and get the computer to calculate for yourself!"

She turned around abruptly and left.

Chapter 1226: Be sold

Gong Yi's gaze trailed after the girl's receding figure. He was speechless.

Was she angry at him?

If she was, she would have been the only other person in all his life, aside from Ye Xiaotao, who had even dared to be angry at him!

She was such a timid girl and yet, she had a temper.

He thought back to her beautiful, slightly puffed pink cheeks and felt his lips curl. He opened the car door and slid into the driver's seat. He suddenly recalled that if he were to calculate how long she would take to repay him according to the six points stipulated by the bank and her own prescription of three thousand a month, she would need six years and twenty-one days exactly.

She had been able to calculate this value so quickly and accurately despite not having a calculator. This was almost as impressive as Bai Qi, who was widely known to be a genius in mental calculation. He hadn't expected such a timid and small girl to possess such a hidden skill.

Could it be that the two sisters of the Bai family were both experts in mental arithmetic?

The balance of fate seemed to be tilted far too much on Bai Qi's side. No one was able to break her record. Unfortunately, she was thrown into a low rate university where no one paid any attention to her.

Gong Yi's long, narrow and dark pupils were illuminated with a ray of light. This was getting interesting.

Bai Beibei walked to the bus stop. She stood on her tiptoes to look at the bus stop sign. The instructions on the bus stop sign were very clear. As Gong Yi had mentioned, she could, in fact, go anywhere.

XXX was so big that it took only three stops to reach the hospital. It was very fast.

Bai Beibei's small face broke out into a smile. This is great! From now on, she could go to the hospital to visit her mother-in-law anytime and from any place.

Just as the thought entered her head, a car horn broke the silence and stopped beside her. The driver rolled down the car windows and out came Bai Shida's face.

"Beibei, get in the car," he said.

She turned her head and her smile instantly disappeared. She whispered softly, "Sir."

Bai Shida eyed Bai Beibei as if he was looking at an object.

"I said get in the car. Hurry up!" he snorted impatiently.

"Okay," Bai Beibei pulled the door to the backseat open.

When they reached the hotel, Bai Beibei followed behind Bai Shida closely. She had no clue where they were or why he had brought her here. The city was still very unfamiliar and she did not feel safe. Fear began to rise as she thought of how she disliked the place and the people in the hotel.

Bai Shida pushed open the door to a private room.

"Mr Sun, I'm sorry to have kept you waiting."

Bai Beibei was dragged forward.

"I've brought Beibei here to see you," Bai Shida's voice rang out from above her head, full of flattery and affection.

There was someone else in the private room with them. Bai Beibei looked up. The rich boy who had snatched her books at the school gate and threw them into the trash can was sitting right there!

Mr Sun was sitting on the sofa with his legs crossed, smoking a cigarette. Upon seeing Bai Beibei, his eyes lit up.

"Come, come and sit."

“Okay,” Bai Shida nodded repeatedly.

Bai Beibei felt uneasy. She wanted to leave, “Sir, I’ll go back first. I still have homework to do.”

“What homework? Come, have dinner with Mr Sun,” Bai Shida pushed her forward and sat her down into the seat beside Mr Sun.

When Bai Beibei sat down, a sweet scent attacked his senses. He felt his blood boil. He couldn’t wait to reach out, touch her shoulders and pull her into his arms.

“Let go of me! Don’t touch me!” Bai Beibei struggled vigorously. She wanted to escape his embrace but she was too weak. Regardless of how hard she tried, she simply couldn’t push him away. She raised her head to look at Bai Shida and begged in a soft voice, “Sir, why did you bring me here? I want to go back. I don’t want to eat, I’m not hungry! Please don’t leave me here. I’m begging you, I’ll be very obedient from now on!”

“Beibei, it’s an honour for you to accompany Mr Sun to have dinner,” he said as he looked at Mr Sun obsequiously, “Mr Sun, have fun. I’ll leave first.”

“Alright, Mr Bai. I’ll sign the documents for the land that you want over to you.”

“Thank you, Mr Sun. Thank you,” Bai Shida turned around and left.

Bai Beibei finally understood now. Her biological father had sold her to this rich man, who belonged to the wealthy second generation, in exchange for a piece of land. He was even giving him the green light to do whatever he wanted to her.

Was she worth anything at this point?

“Father!” she shrieked as she watched his retreating figure.

Bai Shida’s footsteps paused for a moment. However, two seconds later, he opened the door of the private room and left.

This daughter of his had been born with a low social status. He hadn’t expected her to cause such a headache. Moreover, since his wife belonged to a prestigious family, he relied solely on her for any financial matters.

He only recognised Bai Qi as his daughter. Bai Qi was so outstanding. He had no expectations for Bai Beibei nor did he think she could climb up the social ladder to reach that of the Gong family. She was, however, very beautiful and that meant he could use her to trade for a piece of land.

Bai Shida left quickly.

As she watched the door of the private room shut in front of her, Bai Beibei’s heart sank. She felt her eyes well up with tears but she refused to let them fall because she knew deep down ever since she was a child that she didn’t have a father.

Mr Sun hugged Bai Beibei with one hand and picked up a red wine glass with the other.

“Beibei, come. This red wine is good. Drink with me.”

"I don't want to drink. Let go of me!" Bai Beibei pushed him away forcefully, stood up, and ran.

After two steps, Mr Sun hugged her from behind and poured red wine into her mouth, "Haha, Beibei, don't run anymore. You won't be able to escape tonight. Your father sold you to me just now. Now, be good, come and drink."

Bai Beibei coughed as the wine was poured down her throat. She wiped her mouth with her small hands.

The fresh wine dripped from her cherry lips, across her pink neck and finally disappeared into her small chest. Mr Sun almost drooled while watching this.

"Beibei, you're too beautiful! Come, let me kiss you!" Mr Sun kissed her face anxiously.

Bai Beibei dodged this and bit his neck.

"Damn it, you bitch. How dare you bite me!" Mr Sun shouted as he felt the pain radiating from his neck.

He pushed Bai Beibei away and slapped her.

Bai Beibei's forehead hit the wall and she fell to the ground.

Young Master Sun squatted down and grabbed her long hair. With a sinister smile on his face, he said, "Little bitch, you don't seem to know what's good for you. You had better let me have my way with you tonight, or you shall suffer!"

"What's the point in pretending to be aloof? You still fell into my arms. Just you wait, I'll peel off your clothes and have you beg for mercy. You shall come whenever I call you from now on!" he said.

Following this, Mr Sun proceeded to pull on Bai Beibei's collar.

Bai Beibei refused to budge and used her two small hands to grab hold of her collar tightly.

"Little bitch, I shall deal with you as I see fit!"

Mr Sun slapped Bai Beibei across her face again and lifted up her skirt.

It was at this moment that the huge disparity between the physical strength of men and women became clear. Bai Beibei felt a chill at her feet and before she knew it, Mr Sun ripped the white panties off her.

'Ah!' she yelled.

Mr Sun looked at her milky white slender legs and his eyes grew hot. He parted her legs and unzipped his pants. With an evil laugh, he said, "What a beauty. Just looking at makes it so hard to resist."

Chapter 1227: Save Me

Mr Sun had already taken his pants off. Realising then that he was about to take advantage of her, Bai Beibei kicked him directly on his crotch. She didn't know where she got this sudden strength from but it was clearly enough to disarm him as he hissed and let out a pained groan.

Bai Beibei quickly got up, flung open the room door and bounded out into the corridor.

"Little slut, don't run! Stop right there!" Mr Sun chased after her.

Bai Beibei quickened her steps but alas, things didn't go according to plan. She tripped over the handmade wool carpet and fell face first on the ground.

"Little slut, where do you think you're running off too? I'll kill you later!" Mr Sun stepped forward and pulled her hair.

Bai Beibei felt as if she was in an abyss, trapped and in despair.

She had nowhere to escape to anymore. Who was going to save her?

It was at this moment that a pair of shiny black leather shoes appeared before her. She looked up slowly, tracing past the smooth and slim black pants. Her eyes lit up and she reached up the fabric, begging, "Save me please, I beg you."

Noticing that there was another person present, Mr Sun raised his head quickly and warned, "You had better not meddle in the affairs of others. I'm Sun..."

His voice trailed off as he realised the man standing in front of him was none other than Gong Yi.

This hotel was owned by the Gong family. Gong Yi was here for a business meeting and he was followed by his secretary, Ajie. The Gong family wielded significant power in the capital and he knew this was someone he could not afford to offend. He quickly wiped the vicious expression off his face and switched it for a pleasant one. He nodded and bowed, "Hello, Gong Yi."

Gong Yi glanced at Mr Sun blankly. He got down on one knee and used two slender fingers to lift Bai Beibei's delicate chin. Her face was in a very sorry state. Her forehead was bruised and blood was flowing from it. Two palm prints were imprinted on her fair and tender cheeks. She looked so pitiful.

He was shocked. The young lady who had been so angry with him earlier in the afternoon was now this bruised lady in just a matter of hours.

"Does it hurt?" Gong Yi asked.

Bai Beibei shook her head vigorously, "No, it doesn't hurt at all!"

Her big eyes sparkled. Her soft little hands curled up and held his big hands tightly.

"Brother-in-law, will you save me?" she asked cautiously.

Gong Yi raised his eyebrows. Judging from the uncertainty in her voice, she wasn't sure whether he would save her. She called him 'Brother-in-law', which probably meant that she belonged to the Bai side of the family.

"Mr Gong, this is my girlfriend. We simply had a little conflict earlier. You shouldn't worry too much about it," Mr Sun said.

Gong Yi ignored him and looked at Bai Beibei, "Is he your boyfriend?"

“No, I don’t have a boyfriend. I’ve never had a boyfriend before,” Bai Beibei said clearly.

Gong Yi’s handsome facial features softened. He was very satisfied with her answer. Most men were like him and wanted their women to be pure and clean as they came. In fact, he knew that her first time had been with him. He remembered how there had been a pool of blood that night in the bathroom that had been washed away by the liquid of his member.

“Brother-in-law,” Bai Beibei looked at him expectantly.

He was her only hope now.

The next thing she knew, she was being carried horizontally with her body in the air. She hugged his neck in surprise. Her face felt itchy as she had rubbed face against the fabric of his shirt collar on her way up.

Bai Beibei looked up at him timidly. He was wearing a white shirt and a formal tie. He had styled his hair in fashionable middle part which revealed his forehead and showed his wisdom. He carried her as they walked ahead and the champagne colored crystal lights in the corridor bounced off his handsome side profile. It was a sight to behold.

He had saved her!

Bai Beibei did not know why he had helped her so many times. including this. Whenever she needed help, he would appear.

She felt her body warm up and she buried her small face into him. He smelled like a man. She dared not to smell it and she blushed at that thought.

When they reached the presidential suite, Gong Yi placed Bai Beibei on the soft bed gently. He took out a small first aid kit and sat down by the bed. He dipped a cotton swab into the antiseptic bottle and cleaned the wound on her forehead.

“Let me know if this hurts,” he said.

“Okay,” Bai Beibei sat down obediently.

To his surprise, she didn’t cry out in pain. He had expected a young lady of her age to be most afraid of such pain but when the antiseptic touched her wound, she didn’t so much as frown. When they had been in the corridor earlier, he noticed she had no tears running down her face.

“Doesn’t it hurt?” he asked.

Bai Beibei’s long eyelashes fluttered like a butterfly’s wings, “It doesn’t hurt. I’m already used to it.”
Used to it?

Gong Yi picked up a band-aid and stuck it on her forehead. “Do you get beaten by people often?”

Bai Beibei looked up at him and shook her head in protest, “No, I was just making conversation.”

Gong Yi stopped and smiled. His smile was filled with love that he did not recognise.

“A child who lies is not a good one,” he said

His smile was beautiful. Bai Beibei bit her pink lower lip with her white teeth. She did not know what to say.

Suddenly, there was a knock on the door. Ajie walked in, "Mr Gong, here's the ice you asked for."

"Okay," Gong Yi went to the bathroom and brought a damp towel. He wrapped the ice in the towel and handed it to her, "Apply it on your face. It will reduce the swelling quickly."

"Thank you." Bai Beibei reached out to take the towel.

"There's no need to thank me. I need to run off for a meeting now but Ajie will stay behind with you. If you require anything else, just let him know. He'll also send you home later. I'll leave first," Gong Yi glanced at the watch around his wrist and knew it was time to leave.

He felt a hand grab his shirt suddenly.

He looked back and saw that the girl's face was red. She looked at Ajie and then at him, as if she wanted to say something but decided at the last moment not to.

"What's wrong?" he asked

Bai Beibei was very embarrassed and was a little frightened to speak. She waved her hand and motioned Gong Yi to come closer to listen to her.

Gong Yi turned around and came to her side.

The girl's small hand tugged at the corner of his shirt again. She looked at him with her watery eyes and asked him to lower himself down.

No girl had ever gestured to him so gently. He felt like it was almost flirtatious. Gong Yi felt his heart soften. He raised his eyebrows and lowered himself down to her level.

As their faces came close together, their breaths mixed. Bai Beibei whispered in his ear, "Can I have a pair of pants?"

The last two words were so soft they were almost inaudible. Gong Yi, however, heard them clearly. Men were naturally sensitive to such words.

His eyebrows moved, and he looked at her white dress with calm expression on his face.

She sat very straight and her legs clasped tightly together. He could tell she was very afraid that they would see how she did not have panties on.

Her panties had been ripped off by Mr Sun in the private room.

Gong Yi's felt a wave of emotion rise in his throat. He clearly remembered what she'd looked like the night they had been together. She had worn a white dress which he had proceeded to take off. He had lifted the dress first and when he had smelled the scent coming from her heat, he had removed her dress completely and touched her.

Chapter 1228: My Mother Is Not a Vixen

The heat came again. Gong Yi quickly stood up. D*mn it, he was full of fire again.

She didn't do anything.

He looked at Ajie. "Go out. Get me a female secretary."

"Yes." Ajie nodded and walked out.

There were only two people left in the room. Gong Yi stood by the bed. He looked at the girl, and the girl looked back at him. Their eyes met, and the girl looked away quickly.

She looked shy as she tried to avoid him.

Gong Yi knew that she had no intention of seducing him, but his breathing became faster. She was innocent, but he was a mature man, and the atmosphere was very ambiguous.

Men liked to play ambiguous moments.

At this time, there was a knock on the door. The female manager of the hotel walked in. "President, what are your orders?"

Gong Yi was unwilling to speak. He said to the girl, "If you want to buy anything, just look for her... Oh right, there's no need to pay. What you owe me will be added to the account."

He added.

"Okay." Bai Beibei nodded. The corners of her lips curled up. The dimples on both sides of her lips were faintly discernible. "Brother-in-law, thank you."

Gong Yi walked out.

.....

The redness on his face had disappeared, but there were still two palm prints left. The female manager bought new panties. Bai Beibei put them on and Ajie sent her home.

At the Bai residence.

The maid opened the door and Bai Beibei walked into the living room.

Bai Shida and Qian Lan sat on two sofas. Bai Shida was reading a newspaper. Qian Lan saw her enter and immediately reprimanded her, "Kneel!"

Bai Beibei knew that these two people were waiting for her. When she went home, there would be a reprimand.

Her two small hands tugged at the hem of her skirt. She did not kneel. "What did I do wrong?"

Qian Lan suddenly stood up. She walked forward, pointed at Bai Beibei, and cursed, "You are not ashamed to ask? Just now, Young Master Sun called and said that you ran away and the land we wanted

has gone. Now that you're eating food from our family if you can't even handle a small matter, what use do you have?"

Bai Beibei looked at Qian Lan, and her soft and small voice was full of sincerity. "Is what you want me to do a small matter? I'm a human, and I'm not even 18 years old yet. How can you do that?"

"Why can't we? Your mother is a vixen. She tried everything to climb into her master's bed. She gave birth to you, so you're a little vixen. Both you and your mother like to seduce men!"

Bai Beibei clenched her small fists. She looked at Bai Shida, who was pretending to read the newspaper. "My mother is not a vixen. She didn't climb into your bed. You raped her. It was you who drove her crazy..."

Before she could finish, Qian Lan slapped her.

Blood oozed out of her mouth. Bai Beibei fell to the ground, but she straightened her back and looked at Qian Lan bravely.

Qian Lan's face was twisted. Looking at this beautiful and delicate face, Qian Lan thought of her mother. Hatred flashed in her eyes.

"Someone, bring the feather duster over!"

"Yes, Madam." The maid handed the feather duster over with trembling hands.

Qian Lan picked up the feather duster and whipped it at Bai Beibei. She was unable to vent her hatred and even gritted her teeth as she scolded, "I'll make you stubborn, I'll make you stubborn!"

"Your mother deserved it. I was merciful enough to send her to the countryside instead of taking her life. She was the one who got pregnant out of wedlock and was disgraced by the people around her. Someone smashed her window, spat at her, and scolded her all night. That was karma! She couldn't take it anymore, so she went crazy and then died in the mental hospital. Who was she to blame? She should blame herself!"

"You Little B*stard, you little slut. You didn't even thank me when I took you from the countryside, instead, you dared to contradict me. Do you know your mistake? Do you admit your mistake?"

The feather duster landed on her body like a storm. Bai Beibei didn't say anything. She gritted her teeth and glared at Qian Lan.

She would rather have her mother killed than be tortured endlessly. She used the money to bribe all the neighbours to spit at her mother, scold her, and beat her. Her mother had become a street rat. Her grandmother cried and went blind during that time.

Her mother was just an ordinary woman. She was not wrong. Her only fault was that she was very beautiful. When she came to the Bai family as a servant, her father took a fancy to her, and then he raped her.

Grandma had her mother as her only daughter. When Grandma stood at the bridge hoping for her mother to come home, a truck came. Her mother was tied up, and there were a few words stuck on her chest — I am a slut.

From that day on, the nightmare in her family began.

The servants stood to the side, trembling in fear. They did not even dare to breathe loudly. The sound of the feather duster hitting someone's body was incessant, and it made their hair stand on end.

Some of the servants who pitied Bai Beibei could not bear to look away.

Qian Lan was beating so hard that she was out of breath. She wanted Bai Beibei to admit her mistake, but this girl refused to speak.

She was covered in a hot sweat. She was so tired that her hands were sore from the beating.

"Honey," at this moment, Bai Shida stepped forward and put his arm around Qian Lan's shoulder. "Forget it, don't beat her anymore. It's fine if she dies, but it won't be good if you break her hand."

Qian Lan turned around and glared at him. "Put away your tricks, or I'll make you lose everything!"

"Yes, yes!" Bai Shida was submissive.

Qian Lan threw down the feather duster and sat on the sofa. She instructed the maid, "Get this little B*tch out, and throw her broken things out as well!"

.....

Bai Beibei was pushed out by the maid, and her school bag was thrown out as well. The villa's door closed with a bang in front of her eyes.

Her whole body was burning with pain, and when the pain reached its maximum, it would become numb. It didn't hurt anymore. Bai Beibei bent down and held her school bag in her arms, then turned around and left.

She didn't like to stay in the Bai family from the beginning.

It was seven o'clock in the evening, and the sky was dark. She carried her school bag and walked alone on the street. Her hands and feet were numb, and her stomach was very hungry. She sat down on a bench.

The neon lights in the city were very beautiful, and the streets were very bustling. There was a little girl same with her age playing happily behind her parents, but none of this had anything to do with her.

She suddenly thought of her grandmother. She missed her grandmother now, but she was covered in injuries and did not dare to go back.

She was afraid that her injuries would be found out by her grandmother.

Bai Beibei placed her schoolbag by her side, then curled up her legs and buried her little face in it.

Her crystal-clear tears were like beads that had been broken. She twitched her weak shoulders and cried softly.

At this moment, she was sad.

She had no choice when she came to this world. If she had a choice, she did not want to come at all. This way, her grandmother and mother would not have to suffer so much.

Her birth was a disaster.

.....

The Lamborghini was galloping on the road. The meeting had just ended, and Gong Yi was driving back to his apartment.

At this moment, he glanced through the car window unintentionally and saw the girl who had shrunk herself into a small ball on the bench.

Chapter 1229: I'll Do It Myself

Why was she here?

Gong Yi slowly stepped on the brakes and stopped the car by the roadside.

He opened the car door, got out, and walked to the girl's side with his long legs.

Well, she looked like a stray kitten. He picked her up again.

"It's so late. Why are you here alone?" He asked.

The girl did not reply, nor did she move.

Gong Yi raised his straight eyebrows. "Bai Beibei."

This was the first time he had called her by her name.

The girl still did not respond.

Gong Yi looked at her curled up little body and then reached out to push her shoulder. "Hey..."

With a gentle push, her little body fell.

Gong Yi lowered his waist quickly and used his strong arm to catch her soft body that fell. He did not know whether to laugh or cry. The girl had her eyes closed and was asleep.

She was sleeping here, wasn't she afraid of being carried away by others?

The girl's exquisite little beauty had tears on her face. The tip of her nose and her eyes were red as if she had cried for a long time before falling asleep.

"Bai Beibei, wake up."

Gong Yi wanted to wake her up.

The girl moved but didn't wake up. She seemed to have found a warm harbour that she could rely on. She stuck her little face onto his handmade custom-made shirt and buried herself in his embrace.

Gong Yi felt that such a small one was both cute and lovable. Well, he picked her up horizontally.

He gently placed her on the passenger seat and helped her fasten her seatbelt. Then, his Lamborghini sped away.

.....

In the apartment.

Gong Yi pushed open the door of the room and placed Bai Beibei on the soft bed.

He wanted to leave, but the girl's two little hands were still hugging his neck. Her lips softened, and he was caught off guard and kissed her little face.

Her skin was fragrant and smooth, and it felt good to kiss it. Gong Yi froze for a moment.

With his two hands supporting her side, he stood up slightly and looked at her. Her small cherry lips were slightly open, and she was breathing out sweet air. She looked extremely alluring.

Gong Yi was about to stand up when he noticed a red mark on her pink neck. He reached out and gently pulled her collar. His pupils constricted, her smooth fair skin was covered with red marks from the beaten.

Who beaten her?

This person was going to beat her to death.

Bai Beibei let out a cry and opened her eyes.

Gong Yi quickly retracted his hand and looked at her. The girl's eyes were bleary. Her large black and white watery eyes glanced at the crystal chandelier above her head, and then looked at him in a daze.

"Brother-in-law?" She sat up from the bed.

"You're awake?"

"Yes, brother-in-law, where is this place? Why am I here?"

"I found you on a bench by the roadside. You were asleep, so I brought you back to my apartment."

His apartment.

Bai Beibei looked around the room in confusion.

"The injury on your body, who beat you?" Gong Yi pointed at the wound on her neck.

"No, no one." Bai Beibei reached out to cover her collar quickly. She lowered her small head, not daring to look into his bright eyes. "I fell on my own."

How could she fall like this?

Even if she didn't say anything, Gong Yi could roughly guess who else was there besides the Bai Family?

He didn't say anything and turned to leave.

.....

Seeing the door close, Bai Beibei let out a sigh of relief. Ever since she was young, she had always hidden her injuries from others.

However, her body hurt.

Bai Beibei reached out and unbuttoned the two buttons on her white dress, revealing her right shoulder. Mother Bai had hit her too hard, and some of the wounds had broken.

She blew lightly at the wound, trying to alleviate the pain.

At this moment, the door opened with a "Kacha" sound, a tall and handsome figure appeared by the door.

Their eyes met. "Ah!" Bai Beibei let out a soft cry and quickly pulled up the collar on her shoulder, she covered it tightly.

Her small face flushed red.

Gong Yi walked with his long legs and went in. "By blowing on the wound, it won't heal. You need to apply some ointment."

He passed the ointment to her.

Bai Beibei's ears turned red. Her grandmother had taught her since she was young that a girl's vest and pants should not be seen by a man. She had never shown it to anyone, except for the man from that night.

Thinking back to that night, the redness on Bai Beibei's face faded away. Her face turned pale. She reached out and took the ointment. "Thank you."

"Do you need my help to apply it?"

"HM?" Bai Beibei was shocked and immediately held her body tightly in a guarded manner.

"Would you be able to apply it on the back?" Gong Yi was calm.

She was covered in wounds, and even if he wanted to do something, it wouldn't be now.

She realized that he didn't mean anything else and that it was purely out of kindness and concern. Bai Beibei let go of her and raised her head to look at him. She smiled sweetly and obediently. "It's okay, I'll apply it myself."

"Are you afraid of me?"

"AH? No... Brother-in-law, you're a good person."

A good person?

This was the first time Gong Yi had heard such a comment. He wasn't a good person, and the only reason he saved her was that he had slept with her before.

He sat down by the bed and held her shoulders, asking her to turn around with her back facing him. "Do you want to take it off yourself, or do you want me to take it off?"

The girl dawdled for a while before she slowly unbuttoning her dress. As a result, the white dress fell to her waist, exposing a large part of her beautiful back.

Gong Yi applied the ointment to his hand, he held his breath while touching her skin.

Bai Beibei trembled, wanting to hide.

"What's wrong? My hands are cold?" His voice was low and hoarse.

Chapter 1230: He Gave Her a Small Steamed Bun

Gong Yi's eyes darkened. At this time, she was probably the only one who would feel itchy.

To prevent himself from burning up, Gong Yi changed the topic. "Your mother... hit you too?"

Bai Beibei was stunned for a moment, and sadness welled up in her eyes. "Yes, she did. But that was because my mother was sick. I know she loves me!"

She said with certainty.

Gong Yi felt his heart being pricked by a needle, and it hurt a little.

Did her mother love her?

He didn't know.

But what he knew was that this silly girl loved her mother deeply, even if her mother was a mental patient who had never given her a day of maternal love.

This topic was too painful, so the two of them didn't speak.

Bai Beibei hugged her knees and looked at the night sky outside the window. Then, she said timidly, "Brother-in-law, can I... stay at your place for one night?"

She was homeless.

Gong Yi's expression was calm. He snorted, "The Bai family chased you out?"

Bai Beibei's long eyelashes fluttered. "Yes. Brother-in-law, just for one night. I'll leave tomorrow morning. I'll go out and look for a house..."

Gong Yi interrupted her. "You can stay here from now on."

"What?" Bai Beibei looked back at him.

Their faces were almost touching. Gong Yi could smell the fragrance of her body. The young girl's fragrance was clean and pleasant, it was very nice on smell.

"Do you know how to do housework?"

"MHM, I do. I know how to wash clothes, cook, and clean the room."

"Alright, I need a nanny here. You can stay. I'll give you food and accommodation. I'll give you... 5,000 a month."

"Really? Can I?" Bai Beibei's eyes were as bright as the stars. She looked at Gong Yi with anticipation and gratitude.

Gong Yi nodded under her gaze.

"That's great, brother-in-law. Thank you. I'll work hard. I won't let you down." Bai Beibei smiled.

Her smile was really beautiful, like a cute little angel. The multicoloured light was breathtaking. Gong Yi rolled his Adam's apple, and the large palm that was resting on her skin slowly moved to her s-shaped waist. He grabbed it, stared at her, and said, "How are you going to thank me?"

How?

Bai Beibei thought for a moment. She had nothing, so she didn't have anything to give him. "Brother-in-law, how do you want me to thank you?"

Gong Yi frowned and retracted his hand. He despised himself. What was he doing?

She was an innocent little girl and did not understand what he meant. Could it be that he wanted her to kiss him or relive what happened that night in the bathroom?

She treated him as her benefactor and he was a bad guy!

Gong Yi got up and pretended to be serious. "I haven't thought about it yet. I'll tell you when I've thought about it. You have to work hard and don't slack off."

"Yes, yes, brother-in-law, don't worry!"

Gong Yi turned around and walked out.

.....

The next morning.

Gong Yi woke up late because he couldn't sleep last night, he was tossing and turning.

Whenever he thought of how he couldn't control himself when he was facing a green fruit, he would be annoyed. He thought of Ye Xiaotao again. He loved this girl whom he had loved deeply for more than twenty years. But he felt his body was towards another person while he was in love with someone else. He felt that he was an sc*mbag.

He opened the door and went down the stairs. At this moment, a petite figure ran out from the kitchen. "Brother-in-law, you're awake. Breakfast is ready. You can eat now."

Gong Yi looked at the dining table. There was a bowl of millet congee, two small steamed buns, and two freshly fried seasonal vegetables on the table. It was very simple, but it was very appetizing.

He suddenly remembered that he had asked her to be his housekeeper last night. He only wanted to take her in and didn't expect her to work, but it seemed that she had done quite well.

He sat on the dining chair. "Did you make this steamed bun?"

Bai Beibei had a bright smile on her face, "Yes, I saw that there was some flour in the fridge, so I took it out to make steamed buns. Because it's my first day here, I don't know what you like to eat, brother-in-law, and there aren't many dishes in the fridge, so I made it simpler. It'll get better and better in the future."

The children of the poor did their household early. She knew how to do everything. Her grandmother was best at making noodles, and she wasn't inferior either.

Her cooking skills were quite good.

Gong Yi nodded. He picked up his chopsticks and then paused. "Why is there only one bowl? Aren't you going to eat?"

"I'm not going to eat it." Bai Beibei quickly shook her head.

In the Bai family, she wasn't qualified to sit at the dining table. Now that she was a nanny, she wasn't qualified to sit with the master and eat together.

"Sit opposite and eat together."

"Brother-in-law, there's no need. I'll eat later."

"Then you can leave this place because I don't need a disobedient employee..."

Before she could finish, Bai Beibei had run into the kitchen. Soon, she took a small bowl and sat across from him.

Gong Yi smiled. This little girl was easy to scare with.

He reached out his chopsticks and placed a small bun in her small bowl.

Two buns, one for each.

Bai Beibei's long eyelashes trembled. Then, she raised her eyes secretly to look at the man across from her. Today, he was wearing a green V-neck thin sweater. His face was exquisite and handsome. Because he received a high-class education, therefore, when he ate, he exuded a sense of nobility and elegance. He was the number one Young Master from a prestigious family.

Bai Beibei's eyes were wet. She was touched because, in the past, she would sit opposite her grandmother like this, and her grandmother would serve her delicious food.

He was only her brother-in-law, but he had helped her so many times, and he was so nice to her.

"Didn't you change your clothes?" The man across from her asked.

Bai Beibei was stunned. Then, she looked down at the white dress she was wearing. The dress was wrinkled. Compared to him, she was like an ugly duckling.

Because of her embarrassment, Bai Beibei's little face turned red. "No... I didn't bring any clothes..."

When the Bai family chased her out, they only gave her a school bag.

"After breakfast, I'll take you to buy clothes," Gong Yi said.

Bai Beibei was stunned. Then, she quickly waved her hand and refused. "No need, I..."

Gong Yi lifted his eyelids and looked at her. "What are you thinking about? I'll deduct it from your salary."

Bai Beibei:"... Oh, thank you, brother-in-law."

.....

The Lamborghini stopped outside the shopping mall. Gong Yi brought Bai Beibei into a clothing store.

The salesperson greeted them warmly. "Sir, Miss, what kind of clothes do you want to buy?"

Gong Yi looked at the girl behind him. "Give her a few sets of new clothes."

"Okay." The salesperson looked at Bai Beibei kindly. "This miss has a petite figure and has an extraordinary temperament. She can hold herself in any style of dress. However, I suggest that this miss wear a red dress."

As she spoke, the salesperson took out a red lace dress.

Gong Yi looked at Bai Beibei. "Go try it on in the fitting room."

Bai Beibei didn't have the right to choose. She nodded obediently. "Alright."

Chapter 1231: Buying Clothes

Soon, Bai Beibei came out of the fitting room.

Gong Yi looked back at her, his eyes flashing with surprise. The red lace dress accentuated the girl's snow-white skin, her black hair, and her cherry-coloured mouth. Her small, sharp face lost its usual innocence, revealing a bit of coquettishness.

Such a small figure was outlined by the slim dress. Her small waist was only the size of his palm, and her two jade-like legs were tightly closed, giving off the aura of a young girl.

The salesperson's eyes lit up as well, and she praised Gong Yi, "This young lady's style of dress is very simple and immortal, so I let her try out bright colours. As expected, she's very beautiful. This young lady is young. When she grows up, she'll definitely be charming and moving."

When she grew up...

She was only 18 years old.

Gong Yi could not imagine how she would look when she grew up.

Bai Beibei stood in front of the mirror. She did not like this dress because it was so bright. She was not used to it.

“Can I not have this dress?” Her large, pure and bright eyes looked at him timidly as she discussed with him.

Gong Yi shook his head. “No.”

“AH? Oh.”

Bai Beibei lowered her head. At this moment, she saw a tag beside the dress. There was a price tag on it. She picked up the tag and took a look. She gasped.

Two thousand?

“Wrap this dress up. Also, wrap five or six new dresses according to this size,” Gong Yi instructed the salesperson.

“Okay.” The salesperson went to do it enthusiastically.

“Brother-in-law...” Bai Beibei quickly walked over. She used her small hand to tug at his sleeve.

Gong Yi looked at her red face and wanted to say something, but he hesitated. He leaned his tall body over and brought his ear to her lips.

He hadn't spent much time with her, but she liked to whisper.

Gong Yi liked this kind of interaction. She was very young.

“What's wrong? Tell me.”

“This dress is so expensive. Two thousand. If you buy a few more sets, my half a year's salary gone. I don't want it anymore.”

Her voice was so soft. Gong Yi could see the layer of fluffy hair on her face from such a close distance. It was crystal-clear and soft. He wanted to tease her. “It's more than that. You need to buy shoes later. You won't have a year's salary.”

Bai Beibei panicked. Her small hand grabbed his sleeve and shook it twice. She was about to cry. “I really don't want it.”

“I'm sorry, I can't listen to you.” As he spoke, Gong Yi stood up straight. He looked at the salesperson.

“Pay by card.”

He took out a gold card.

“Brother-in-law, don't!” Bai Beibei quickly stood on tiptoe to snatch the gold card in his hand.

Gong Yi raised his arm, curled the corners of his lips, and retreated.

He seduced her to chase after him like he was teasing his beloved kitten.

Bai Beibei had fallen for his trick. She had never bought such expensive clothes, nor did she need them. Her slender legs ran away and chased after him. "Brother-in-law, give me the card!"

Gong Yi leaned his handsome back against the floor-to-ceiling window. He looked handsome and lazy. She kept tiptoeing closer to him, and their bodies were pressed together.

His sexy thin lips curved even higher, and his deep voice was tinged with a smile. "I'm just lying. I won't deduct your salary. I'll buy it for you."

Bai Beibei was even more shocked. "I don't want it. My money, your money, neither will work. Don't waste it!"

Gong Yi turned around elegantly, and both of them switched positions. She leaned against the floor-to-ceiling window, and he leaned over to look at her. "How can you say it's a waste? You look... very beautiful in it."

Bai Beibei's little almond face was so red that it was about to drip blood. She was extremely teased by him. She looked into his eyes. His eyes were really beautiful, like two small whirlpools that were about to suck her in.

She smelled the clear and clean scent of a man on his body again. It was very strong, so strong that her heartbeat was chaotic.

He said that she was very beautiful...

This was the first time a man had praised her.

"Brother-in-law, I don't want it."

Gong Yi looked at her evasive gaze and her steamed pink little face. Only then did he realize that he was flirting with a girl. If he wasn't a hooligan, then what was he?

That day in the car, Young Master Sun had flirted with her at the school gate similarly. So he liked it this way too.

He was really bad.

"Ahem." He was a little embarrassed. He pulled away from each other and said seriously, "I bought this dress for you. It's equivalent to... work uniform. Otherwise, people will say that I'm bullying the employees."

As he said that, Gong Yi turned to the cashier.

His manly breath left his body. Bai Beibei inhaled two mouthfuls of fresh air immediately. Her heart pounded wildly. She secretly raised her eyes to look at his back. He was handsome. His figure was even better than that of a fashion male model. She looked away in panic.

She didn't dare to look again.

Because if she continued to look, her heartbeat wouldn't be her own.

This feeling was very strange.

Two thousand dollars worth of work uniform. Wouldn't it be too blissful to be his employee?

.....

The two of them came out of the shop. Gong Yi was carrying a few bags in his hands, and Bai Beibei followed behind him awkwardly.

They spent a lot of money.

Her heart ached.

At this moment, the man in front of her suddenly stopped. With a bang, she directly bumped into him.

"Hiss." She groaned in pain immediately.

Her forehead had bumped into his shoulder. It was so painful that tears were pouring out of her eyes.

"Where did your eyes grow?" A wave of ridicule rang out from the top of her head, and a large palm gently rubbed her forehead.

Bai Beibei's eyes were filled with tears, and she pouted her small cherry-coloured mouth as she retorted, "I didn't. It was you who suddenly stopped, that's why I bumped into you."

"Fine, you know how to talk back?" The man raised his eyebrows.

Bai Beibei looked at him. His smile was warm and doting, without the slightest intention of rebuking her. For some reason, her heartbeat became chaotic again, and her small face turned red.

Gong Yi knew that she was shy and couldn't be teased. "Go in and buy it yourself."

"What?" Bai Beibei looked sideways at the shop next to her.

With this glance, her small face turned red.

It was... a lingerie shop.

There was a lot of lingerie inside. Red, black, tulle lace, and that bra where the thin shoulder straps covered both sides. It was... revealing. She had always worn a vest since she was young. She had never seen anything like this, so she was a little scared.

She looked up in a panic and looked at Gong Yi.

Gong Yi suspected that she did it on purpose. An 18-year-old girl was still wearing a white vest and swaggering around the city. When she saw the bra, she even used a pair of big, clear, and wet eyes to ask him for help. If that wasn't seduction, then what was it?

He stood up straight and handed her the golden card. "Go in by yourself. Buy whatever you like."

Bai Beibei took a small step back and shook her head like a rattle drum. "I don't want it... I don't like it..."

Her tongue was tied, and her small face was flushed.

She really didn't like those styles.

She hadn't worn them before.

"Alright then, I'll go in with you." Saying this, Gong Yi was about to go in.

"Hey, brother-in-law!" Bai Beibei rushed into the shop.

However, her small hand was held by a big palm.

She turned around and lowered her eyes. She saw her soft little hand in his palm. His hand was so big, twice her size. His hand was so beautiful, fair and slender, not stained by dust.

"Take it." Gong Yi handed the golden card to her. "The password is the last six digits of the card number."

Chapter 1232: Your Phone

Bai Beibei looked at the gold card in her hand. Her eyes were a little wet.

Ever since she was young, she experienced a hard time of having no money.

But now, he gave his gold card to her.

Before she was about to cry, Bai Beibei turned around and ran into the shop.

Gong Yi looked at her retreating figure and smiled slowly.

.....

Ten minutes later, Bai Beibei came out with a small paper bag.

She didn't dare to look at the man. Her earlobes and collarbones were all red.

Gong Yi looked at the small paper bag in her hand and his eyes darkened. "Have you bought it?"

"Yes." Bai Beibei passed the gold card in her hand to him.

Gong Yi didn't take it. "Take it."

"No..."

"The fridge at home is empty. If you have time, go to the supermarket and buy something. This is our food expenses, not for you to spend, so don't be nervous."

Bai Beibei retracted her frightened expression and nodded seriously. "Okay, I'll keep track of every expense. The clothes you bought today are on me. I'll return the money to you in the future."

Gong Yi knew that this little girl wasn't willing to take other people's things for free, so he said, "Alright, return them to me when you have the money."

"MMM."

"Let's go, I'll bring you to buy shoes."

"Ah, you still want to buy shoes?"

"Do you want to go barefoot?"

"No..."

"Then let's go." Gong Yi walked at the front with a strong posture.

Bai Beibei had no choice but to trot behind him.

.....

Both of them didn't know that this scene was witnessed by someone else.

Qian Lan was shopping with a wealthy lady today and happened to see them. After the wealthy lady exclaimed, she said in surprise, "Madam Bai, isn't that Young Master Gong and that little b*stard of yours? Why are they together?"

Qian Lan was very shocked. She had no idea how Bai Beibei got together with Gong Yi. In her heart, they were two people from opposite directions.

"Madam Bai, didn't you say that your Qiqi is dating Young Master Gong? Don't you know how envious we are of your Qiqi? If she became Young Master Gong's wife, we would have asked her to take care of us. But now, Young Master Gong is with that little b*stard. If I hadn't seen it with my own eyes, I wouldn't have believed it."

This rich lady's words were full of the intention of watching a good show. Qian Lan knew that they all wanted to marry their daughter into the Gong family, so they were all jealous of her precious daughter, Qiqi.

For these past few days, she had been able to hold her head high in front of these rich ladies. Everyone heard of her and fawned on her. She enjoyed this feeling.

How did Bai Beibei hook up with Young Master Gong?

This vixen was just like her mother. She dared to covet the high branch that her Qiqi had climbed up to.

No matter what, she would not let this happen.

Qian Lan stared viciously at Bai Beibei's disappearing figure, then laughed, "Aiyo, what are you saying? Will Young Master Gong take a fancy to that little b*stard? She's not even fit to polish Young Master Gong's shoes! Today, My Qiqi asked her to come over to young master Gong's place to get something. Don't think too much."

“Huh, is that so? But why do I feel that Young Master Gong and that Little b*stard are shopping? Madam Bai, we’re all looking forward to Qiqi marrying into the Gong family. Don’t let everyone laugh at you.” Madam Gui covered her mouth and laughed.

Qian Lan laughed dryly twice. She was so angry that she pinched her nails into her palms.

Madam Gui went in to try on clothes. Qian Lan took out her phone quickly and called Bai Qi.

Gong company.

Bai Qi was in her office when she picked up the call. “Hello, Mom.”

“Hello, Qiqi, I have something to ask you. How is your relationship with Young Master Gong?”

Bai Qi’s face turned red and she was a little depressed. “Mom, Young Master Gong doesn’t treat me special. I’ve been in Gong Company for so long, and I’ve only spoken to him a few times, and it’s all about business matters.”

“Qiqi, as the saying goes, the closer you get to the pavilion of the water, the easier for you to catch the moon. You have to work harder. My baby daughter is a mental arithmetic genius, and her looks are not inferior in terms of academic qualifications. You have to take the initiative to create an opportunity for Young Master Gong to like you as soon as possible.”

“Got it... Mom, What’s wrong with you today? Didn’t you ask about me and Young Master Gong this morning? Why are you calling now?”

“It’s nothing, mom is just a little impatient. Well, work hard and perform well in front of Young Master Gong.”

“Got it.”

Bai Qi hung up the phone.

She looked out of the office and saw Ajie walking over. He was holding the phone in his hand. “Hello, president, there’s an urgent letter in the company that needs your signature. Can you come over quickly?”

Bai Qi’s heart skipped a beat. Gong Yi was coming?

She quickly stood up and stood in front of the mirror to look at herself. Her makeup was exquisite, her face was beautiful, and a light purple dress accentuated her curvy figure. All men liked her, right.

Bai Qi’s confidence was boosted. She reached out and pulled down the V-neck of the dress, revealing her sexy curves...

.....

Gong Yi, who was in the car, answered Ajie’s call. He looked at the girl beside him and said, “I have something to do at the company. I need to go back. I’ll bring you to buy shoes tomorrow.”

Bai Beibei nodded obediently. “Okay, you go ahead. I’m not in a hurry.”

“Where are you going now? School? I’ll send you.”

"It's weekend. I'm not going to school. Let me get off. There's a bus stop ahead. I want to go to the hospital to see my grandmother."

Gong Yi looked at his watch. If he were to fetch her, it would be too late.

He stopped at the bus stop. "Where's your cell phone? Save my cell phone number. Call me if you need anything."

Cell Phone?

Bai Beibei shook her head. "I don't have a cell phone."

Gong Yi was stunned. Why did this little girl not even have a cell phone?

He looked at the bus stop through the window. "Take the No. 5 bus to the hospital. It's only four stops away. Remember, don't overtake it."

Bai Beibei nodded. "Got it. Thank you, brother-in-law."

She wanted to get off the car.

"Bai Beibei." At this moment, the man called out to her.

"HM?" She looked back in confusion.

Gong Yi looked at the small paper bag in her hand. "Don't tell me you want to take it to the hospital and put it on the bus?"

Bai Beibei blushed. She placed the small paper bag on the passenger seat and piled it with the large paper bags. She got off the car and waved her small hand. "Brother-in-law, goodbye."

Gong Yi nodded and stepped on the accelerator.

The girl's petite figure was getting further and further away in the rearview mirror. Gong Yi retracted his gaze and looked sideways at the small paper bag.

The small paper bag had an opening and one could vaguely see the white tank top and the white cartoon pants inside. They were worn by young girls.

She did not buy those lingerie styles.

How conservative was she?

Gong Yi curled his lips. He remembered that night in the bathroom, he had asked her to squat down. In the end, he had put it on her white tank top. At that time, he could not tell what he was thinking, he felt that the small space wrapped in the white tank top made his eyes red.

Gong Yi calmed down and drove to the company.

He did not realize that at this time, the luxury car that Qian Lan was in brushed past his Lamborghini. The car went straight to the hospital.

Chapter 1233: She Was Not Selling Herself, Right

The Gong company.

In the President's office, Gong Yi was sitting on a black leather office chair. He was dealing with an urgent matter in his hands.

Ajie handed over the notepad in his hand and said in a low voice, "CEO, Look here..."

The two of them were talking.

At this moment, there was a knock on the door.

"Come in," Gong Yi said.

Bai Qi pushed the door open and walked in. "President."

Gong Yi was talking to Ajie. His fair and slender fingers pressed on the keyboard of the notepad and made a few changes to the data. The dazzling sunlight reflected through the windows and enlighten his entire body, his exquisite and handsome face made people not dare to look at him directly.

Bai Qi's heart was disturbed. Who said that a talented man was the most handsome? This man who had his first online gaming app at the age of 18 and his first company listed in the United States at the age of 21 was full of brilliance and charm.

Gong Yi looked away from the notepad and wrote on the document with the pen in his right hand, "What's the matter?"

He asked Bai Qi.

"Oh, President, I have a document here for you to sign." Bai Qi placed the document in Gong Yi's hand.

Gong Yi glanced at it. There was no problem and he wanted to sign it.

At this moment, Bai Qi loosened her grip and the document fell onto the carpet. The A4 paper fluttered in the air.

"I'm sorry, President. I'll pick it up right away." Bai Qi squatted down to pick it up.

Gong Yi was expressionless. He looked down at Bai Qi, who was squatting beside him.

The woman's V-neck was very wide open. The two plump balls squeezed out a line. It was faintly tempting and very seductive.

Ajie, who was standing at the side, understood that this woman did it on purpose.

Bai Qi was picking up the A4 paper as she quietly looked up at the man. Gong Yi was looking at her groove.

Her plan had succeeded. Bai Qi revealed a winning and charming smile. "President..."

"I remember that the company has a uniform, right, Miss Bai? Where's your uniform?" Gong Yi suddenly asked.

Bai Qi froze. "What?"

Gong Yi raised his eyebrows and gave a faint smile. "There's only a type of person in our company who doesn't wear a uniform. That's Public Relations officers. Miss Bai, if you don't want to be a data analyst, just tell me. I'll fulfil your wish."

Bai Qi's face turned pale. She quickly stood up and said, "I'm sorry, President."

"Take your documents with you and go out. My company doesn't need a scheming woman who uses her breasts to seduce her boss. If such a problem occurs again, you can get lost!" Gong Yi's deep voice was sharp.

"Yes, President." Bai Qi fled in panic.

Ajie looked at the woman's back, he couldn't help but sigh. This woman's methods were clumsy. His president had been abroad for many years and was used to all kinds of beautiful women throwing themselves at him. Her tricks were not enough for the president to see.

Gong Yi handed the signed documents to Ajie. "You can leave now."

Ajie nodded respectfully. "Yes, President."

"Wait a moment."

"President, do you have any other instructions?"

"Help me to buy a phone. It's for girls."

Ajie's eyes flashed with surprise. which girl was the President going to buy a phone for?

All these years, the only person who could make the President fall in love with was Ye Xiaotao. Unfortunately, Ye Xiaotao went to Hong Kong. He heard that she and Leng Hao were going to get married next month.

Ajie did not ask anything. As a secretary, all he had to do was to execute his orders.

"Okay."

.....

In the hospital.

In the ward, the nurse placed a cup of warm water on the bedside table. "Grandma, I've poured you a cup of warm water. If you're thirsty, drink it. If you feel unwell, ring the bell. We'll be here soon."

"Okay, thank you." Grandma thanked her.

"No need to thank me." The nurse walked out. She truly sympathized with this granny and that little girl, Beibei. If she could help, she would.

The Granny's eyes weren't focused, and she couldn't see anything. She slowly stretched out her aged right hand, and little by little, she began to search for the teacup.

At this moment, the sound of footsteps rang out in her ears. The granny's wrinkled face revealed a benevolent smile. "Beibei, you're here?"

The person didn't make a sound.

Her grandmother was startled. Her eyes, which had gone blind from crying, looked forward. "If you're not Beibei, then who are you? Why aren't you saying anything?"

No one answered her.

The grandmother thought of someone. "You're... Qian Lan?"

At that moment, she let out a cold laugh. "HMPH, Old woman, you've finally guessed who I am."

The grandmother was disgusted by this woman and the man of the Bai family to the extreme. They were the ones who had ruined her daughter, but the poor couldn't fight against the rich. She could only accept her fate.

Now that she was old and sick, she could die at any time. Beibei was still so young, and she needed the Bai family to take care of her, so there was nothing she could do. She still needed to be polite to the people she loathed.

The grandmother's face was pale, and she didn't speak.

Qian Lan stood arrogantly by the bed. She looked at her grandmother with resentment. "Do you want some water? I'll help you."

Qian Lan picked up the teapot by the bed and poured the boiling hot water on the grandmother's old and skinny right hand.

Grandma's right hand was burned red quickly, yet she did not say a word.

She could not turn against this woman. She was afraid that her granddaughter would suffer in the Bai family.

Qian Lan was relieved. She put down the teapot and glanced at the ordinary ward. "TSK TSK," she said, "Old woman, you've been living here for more than a month. Why are you still alive?"

The old woman's body stiffened and she didn't say a word.

"Old woman, you are blind. Are you even mute now? I'm curious about one thing. You said that you had a heart operation and are now recuperating in the hospital. Where did Bai Beibei get all this money?"

The old woman was shocked. Her old and dry lips trembled. "A heart operation?"

Beibei said that her blood sugar was high, so she didn't know that there was something wrong with her heart. Also, "Isn't the money was given by Bai Shida?"

"Bai Shida? Ha, Haha." Qian Lan laughed as if she had heard a joke. "Old woman, you think that my husband will give you money? Let me tell you, he doesn't have the guts!"

“This heart surgery and the rest expenses should have cost a million, right? We didn’t give her a single cent. The money was given by Bai Beibei. Old woman, how could a little girl like her have so much money? Could it be that... she sold herself?”

“This is nonsense!” The old woman was so angry that her entire body was trembling. “Don’t slander my Beibei. She’s a good child. She would never do such a thing!”

“Haha, Old woman, Are you afraid of shame? Are you afraid that I’ll tell others? Your daughter had done such a shameless thing, and I’m going to tell everyone in the world!”

As she spoke, Qian Lan opened the door of the ward and stood in the corridor, shouting, “Everyone, come and see! This old woman’s daughter climbed onto the bed of the master when she was working as a servant in a rich family. She even gave birth to a little b*stard, and now this little b*stard is selling herself out again!”

Chapter 1234: One Million Dollars Was Given to Her by Me

How could Grandmother tolerate Qian Lan slandering and insulting her granddaughter like that?

“Shut up! If you dare to talk about my Beibei again, I’ll fight you to the death with my old bones!” Grandmother got down from the hospital bed and staggered out to chase after her.

The corridor was full of people. A few nurses quickly helped grandmother up when Qian Lan shouted, “Grandmother, don’t be so agitated. What’s going on?”

Qian Lan had her hands on her hips and was dressed like a lady, but her behaviour was that of a shrew. “Listen up, everyone. This old woman has a granddaughter. She’s only 18 years old, and she’s already sold herself out!”

“Madam, please keep your mouth shut. If you continue behaving like this, we’ll have the security kick you out!” The doctors and nurses were all on the grandmother’s side.

Qian Lan was not afraid. “HMPH, what I said is the truth. Did this old woman spend a million dollars on the treatment? Were these million dollars given to her by her granddaughter?”

“This...”

The grandmother quickly held the nurse’s hand. “Is what she said true? Did I have a heart operation and spent so much money?”

“Grandmother now is not the time to talk about this.” The nurse looked at Qian Lan, “Madam, this one million dollars is life-saving money. It’s fine if you didn’t pay a single cent, but what right do you have to judge us here? Besides, you need to have evidence. You said that Little Beibei sold herself out, please bring out the evidence!”

“I don’t have evidence, but Bai Beibei seduced her brother-in-law. I saw it with my own eyes!” Qian Lan said.

“Brother-in-law? Who’s her brother-in-law?” The nurse asked.

“Young Master Gong.”

The nurses immediately gave each other a look. They had all seen Gong Yi come here before, and he even paid Bai Beibei’s medical bills.

“Young Master Gong? Who’s Young Master Gong? I don’t know this person, and neither does my Beibei.” The grandmother denied it emotionally.

“Grandmother.”

At this moment, a soft and sweet voice sounded.

Everyone looked back and saw Bai Beibei appear. She wore a simple white dress, black hair, a face carved out of jade, and big black grape-like eyes. She was so pure that everyone’s eyes to light up.

Bai Beibei ran towards Grandmother. “Grandma, What’s wrong with you?”

As she spoke, Bai Beibei looked at Qian Lan. “What are you doing here?”

“Beibei, you’re just in time.” Grandmother held her soft little hand tightly. “Quickly ask her to tell everyone that you don’t know any... Young Master Gong, both of you have nothing to do with each other.”

Young Master Gong...

Bai Beibei was stunned and didn’t say anything.

“Ha, Haha.” Qian Lan laughed out loud. “Bai Beibei, do you dare to say that you don’t know Young Master Gong? Do you dare to say that Young Master Gong didn’t accompany you shopping today and didn’t spend money on you? Young Master Gong is your brother-in-law!”

“Brother-in-law and I aren’t what you think!” Bai Beibei frowned and explained, “That day, you chased me out. It was brother-in-law who met me and brought me home. I...”

Qian Lan sucked in a breath of cold air. “What? You’re living in your brother-in-law’s house now? Both of you are living together?”

Bai Beibei was speechless. This woman was taking things out of context.

“Alright, everyone heard it with their ears. This girl is living in her brother-in-law’s house. This man and woman are alone. What will they do?”

The crowd turned their unfriendly gazes towards Bai Beibei. Everyone was discussing —

“Oh my god, such a pure and innocent little girl seduced her brother-in-law.”

“That’s right, you can’t judge a book by its cover. Who knows, maybe she did sell herself to get the one million dollars worth of medical fees.”

Bai Beibei was very anxious. She didn’t expect her words to make things worse. She wanted to explain.

At this moment, her grandmother shook her little hand away forcefully. "Beibei, let me ask you, did you stay at brother-in-law's house and go shopping with him?"

"I..."

"You only need to answer yes or no!"

The grandmother had never spoken to her in such a serious tone before. Bai Beibei was anxious, and her eyes turned red. She gritted her teeth and nodded. "Yes."

"How did you get that one million?"

One million...

Bai Beibei could not answer this question.

Her little hands by her side clenched into fists. Her heart felt like it was being cut by a knife. She did not regret it. In front of her grandmother's life, she did not regret selling herself out.

However, she was unwilling. Everything that happened in the bathroom was so humiliating that her entire body would tremble when she recalled it now. Who did not love cleanliness? She was a good girl who loved cleanliness.

Now that this matter had been brought up, everyone was pointing at her. Even her grandmother was so harsh. She felt the last dignity of her body had been stepped on by others.

"Grandmother..."

Her grandmother reached out and slapped her.

Bai Beibei felt as if her entire world had collapsed. She couldn't hear what others were saying. She only knew that her grandmother loved her the most. Her grandmother, who had been reluctant to scold her since she was young, had slapped her now.

She reached out and touched her face, tears welling up in her eyes. "Grandmother."

Grandma's hands were trembling and her entire body was trembling. Her wrinkled face was filled with tears. "Why don't you love yourself? I don't have a granddaughter like you!"

With that, her grandmother turned around and left. "I'm not staying in the hospital anymore. I'd rather die than spend such money. Just let me die!"

Grandmother thumped her chest and stomped her feet, crying out in pain.

"Grandmother, don't be so agitated. Everything could be discussed nicely." The nurses came forward one after another to advise her.

Bai Beibei stretched out her fair little hands and used all ten of her fingers to forcefully pull on the corner of her grandmother clothes. She cried so quietly, yet it was so despairing. "Grandmother, don't leave me behind. Please, SOB SOB..."

Looking at the pair of grandmother and granddaughter who were in so much pain, Qian Lan was filled with joy. She laughed out loud. "See, this is what happens when you seduce your brother-in-law..."

“Who is her brother-in-law?” A deep and sexy voice interrupted Qian Lan’s words.

Everyone turned around and saw Gong Yi standing at the end of the corridor, one hand in his trouser pocket and the other hand holding the car keys.

His deep and clear narrow eyes glanced at the crowd without changing his expression. The crowd lowered their heads in fear and he walked forward with his long legs. Every step was steady and sonorous, giving off a breathtaking aura.

Bai Beibei turned around and looked at him with tears in her eyes. She did not know why he came. She only knew that the man at this moment was like Prince Charming who had descended from the sky in her world. Her tension which was so tense that they were about to collapse, released at the moment she saw him, she felt at ease. She wanted to borrow his handsome shoulders to lean on.

She was too sad.

Gong Yi looked at the little girl. She was holding tightly onto her elderly grandmother, sobbing uncontrollably. She looked so pitiful.

He felt his heartache. He frowned and said, “Grandmother, that one million dollars were given to her by me.”

Chapter 1235: Don’t You Want to Go to School Anymore

Grandma looked in Gong Yi’s direction. “Who are you?”

Gong Yi reported his name. “Gong Yi.”

So he was that Young Master Gong...

Grandma smiled desolately. “Why did you give Beibei one million dollars?”

Why?

Because he had bought her for an entire night.

But he couldn’t give this answer.

“Because I’m Beibei’s boyfriend.”

As soon as he said these words, everyone sucked in a breath.

Bai Beibei’s face was covered with sparkling tears as she looked at him in shock.

Slowly, she understood. He was trying to help her out, but he knew that her one million dollars were dirty. He knew that she had... sold herself out.

Bai Beibei lowered her head as tears rolled down her face.

She didn't want him to know.

Qian Lan felt as if she had been struck by lightning. She didn't understand Gong Yi's words. She suspected that she got an auditory hallucination. What? Gong Yi said that he was Bai Beibei's boyfriend?

"Young master Gong," Qian Lan changed her fawning expression immediately. She smiled, "I know that you don't want to make Bai Beibei look bad on account of Qiqi, but..."

Gong Yi's sharp gaze landed on Qian Lan's face, and he interrupted her immediately. "Who married your daughter, Bai Qi, and who is Beibei's brother-in-law?"

The moment the question was asked, Qian Lan froze.

"Bai Qi and I are not in a relationship, and we are not engaged, so don't use your daughter on me in the future. Alsuseibei and I are living together, and we have done nothing. Put away your filthy thoughts. If Bai Shida hadn't sold Beibei to Young Master Sun to exchange for land, and you didn't use a feather duster to slap her and chased her out, I wouldn't have taken her in. I'm willing to spend money for her, and that's my business. If you dare to mistreat her in the future, it's none of your business. Don't blame me for being rude to you!"

Qian Lan's face turned pale, and she was so frightened that she took a few steps back.

Was Gong Yi speaking the truth?

Did he take a fancy to that little b*stard?

Why?

She wasn't willing to give up. Her daughter was so good, how could she be inferior to that little b*stard?

The grandma's hands and feet turned cold when she heard that. She groped for Bai Beibei's little hand and grabbed it. "Is he speaking the truth? Bai Shida sold you out, did this woman abuse you?"

Bai Beibei held her Grandma's hand. She was speechless and choked, not knowing how to reply.

"Beibei, you told me that they treated you very well. I thought that Bai Shida was determined to take you back because he discovered his conscience. Could it be that he took you back just to abuse you? This evil person will die a horrible death! " Beibei, let's go home. I don't want to see this place or these people ever again!"

Grandma dragged Bai Beibei away.

cherry-coloured

Bai Beibei followed behind Grandma. She looked back with tears in her eyes and looked at Gong Yi. She had many things she wanted to say to him, and the most important one of them was, "Thank you."

In this city, he was the only person who gave her help and warmth.

.....

On the bus.

Bai Beibei and Grandma sat by the window. Her Grandma caressed her little face. "Did Grandma hurt you just now?"

Bai Beibei pressed down on her old hand and rubbed it obediently. "No."

Her Grandma's empty eyes were filled with tears. "Beibei, don't blame your Grandma. Your Grandma is afraid. Your Grandma is afraid that you will walk the same path as your Mommy. This road is so suffering."

"Yes, I know." Bai Beibei buried her head in her Grandma's embrace. This road had ruined three generations of people's lives. It wasn't just a word of "suffering."

At this moment, Bai Beibei looked up. She looked out of the window. Gong Yi was driving the Lamborghini alongside the bus.

She was shocked and stood up to look immediately.

The driver's window rolled down. Gong Yi's handsome face was covered with large sunglasses. He was looking at her.

She could not see his expression under the sunglasses, but she could hear her own chaotic heartbeat. Why did he chase after her?

Bai Beibei's long eyelashes fluttered like a butterfly's wings. He knew about the one million dollars. What did he think of her now?

She was embarrassed to see him again.

Her two little hands were leaning against the window. She said four words to him silently — 'Just leave, Goodbye.'

Gong Yi understood what she said. She was saying goodbye to him.

She was probably going to leave this city with her Grandma forever.

Gong Yi felt his heart so pain. He had been looking at them along the journey. She was nestled in the arms of her elderly Grandma. Both of them needed to be protected and taken care of.

What kind of life did they have in the past? How did she grow up step by step?

He did not leave. Bai Beibei bit her cherry-coloured lower lip. She was anxious. What was he trying to do?

At this moment, the girls beside her started chattering.

"Look, there's a Lamborghini outside. Wow, this sports car must be worth at least a few million. He's rich!"

"Don't look at the car. Look at him. That man is so handsome. Young, handsome, and rich. Oh God, please give me such a boyfriend."

"Wake up, it's in the morning! By the way, what is this handsome man doing? Is he chasing after our bus?"

“Which girl is he chasing?”

Bai Beibei heard these conversations. She suddenly felt her heart beat faster, and her little heart almost jumped out of her throat. This feeling was very strange, she had never felt this way before.

“Beibei,” her Grandma said. “Who’s outside?”

“Ah, I don’t know...”

“Heh, Beibei, you can make the lie now?”

Bai Beibei avoided her gaze, feeling very shy. “Grandma, don’t ask.”

Her Grandma didn’t say anything else. She raised this granddaughter by herself, she knew what she was thinking as soon as she heard that, she knew that her granddaughter liked someone.

Was it the man who had been chasing her in a Lamborghini outside?

.....

They returned to their home in the countryside, Bai Beibei pushed open the door and brought her grandma in. “Grandma, you should rest for a while. I’ll go and cook.”

Her Grandma sat on the bed as she agreed.

Bai Beibei walked into the kitchen and stood by the sink to wash the vegetables. At this moment, a car light shot out from the window. She tiptoed and saw that the Lamborghini stopped in front of her house.

The driver’s door opened and a tall figure walked out.

Gong Yi took off the sunglasses on his face and sized up the three-room bungalow in front of him. After that, he stretched his long legs and walked to the window.

Bai Beibei looked at her Grandma in the house and reached out to open the window.

In their current positions, she was taller and he was lower. Gong Yi looked at her red eyes and said, “You...”

“Shh!” Bai Beibei quickly used her little fair hand to cover his thin lips. “My Grandma.”

Both of them froze.

Bai Beibei felt the softness between her fingers. She could clearly feel the sexy texture of his thin lips. Her fingertips felt as if they had been electrocuted. She immediately retrieved back her little fingers.

Her small face turned red.

The soft fingertips on his lips were pulled away. Gong Yi straightened his waist and put one hand in his trouser pocket. He said softly, “Are you planning to stay here? Don’t you want to go to school anymore?”

Chapter 1236: Memories of Her Grandma

Bai Beibei shook her head lightly. She didn't want to go to school anymore.

Gong Yi frowned. "In the future, you'll have to go to work to earn money and even get married. Don't tell me you're going to stay by your grandma's side and not going out? Besides, your grandmother will leave you one day!"

Bai Beibei was shocked by his last sentence. She looked at him immediately. "You're talking nonsense!"
Grandma would never leave her!

Looking at the girl's wet eyes, Gong Yi couldn't bear to hurt her anymore.

"Beibei, who are you talking to?" Grandma asked from inside of the house.

"Grandma, you must have heard wrong. I'm not talking to anyone." Bai Beibei replied in a panic. Then she looked at Gong Yi. "You can go. I'll think of a way to pay you back the money I owe you. Brother-in-law, thank you."

After saying that, Bai Beibei closed the window.

Gong Yi looked at her busy little figure through the glass window. His frowned brows did not flatten for a long time.

.....

Dinner was ready soon. A plate of braised pork, stir-fried vegetables, and a bowl of tomato egg soup. Bai Beibei scooped two bowls of white rice and sat opposite her Grandman to eat.

She did not have much appetite. She lowered her head and ate some of the rice.

She was thinking about Gong Yi.

Gong Yi was still outside and didn't leave. Now that the sky was dark, was he hungry? Besides, if he did not leave, where would he sleep?

She was worried about him.

"Is Young Master Gong still outside?" Grandma suddenly asked.

The person she had been thinking about was been asked. Bai Beibei suddenly raised her head and waved her hand. "No... he's not here..."

"Oh, is that so? I was thinking that it was time for dinner. He should be hungry by now. Since he's a guest, we should treat him to a meal."

Bai Beibei was overjoyed. She put down her bowl and chopsticks, she quickly stood up. "Grandma, I'll let him in!"

Her granddaughter ran away like a gust of wind. Grandma smiled kindly.

Soon, Gong Yi entered.

“Grandma,” Gong Yi called out respectfully.

“Mm.” Her Grandma nodded. “Sit down. My house is simple and crude. Let’s eat together.”

Bai Beibei handed over a bowl of rice, and Gong Yi sat down.

The three of them didn’t say anything else. Bai Beibei secretly glanced at the man beside her from the corner of her eyes. He looked so elegant when he ate. He received a high-class education, and the simple wooden tables and chairs didn’t fit in with him. He was so handsome and noble.

Bai Beibei felt sweet in her heart. She picked up a piece of red braised meat with her chopsticks and placed it in his bowl.

Gong Yi looked at her from the side and their eyes met. The girl lowered her eyelashes like a little rabbit, and her face turned red.

Gong Yi curled his lips. He had never come into contact with a girl who was as shy and clean as her. He did not do anything, and she got blushed on her own.

She was silly and cute.

Gong Yi ate the braised pork.

.....

The dinner ended in a quiet and harmonious atmosphere. Bai Beibei went to the kitchen to wash the dishes.

Grandma got up and went back to her room. Gong Yi went forward and held her arm. “Grandma, let me help you.”

Granny didn’t refuse.

Both of them entered the room together. Grandma sat on the bed. “Young Master Gong, I won’t keep you. You should go back as soon as possible.”

Gong Yi came to a decision. “Grandma, do you really want to trap Beibei here? She’s only 18 years old, and her life has just begun. This place doesn’t belong to her.”

Grandma revealed a sorrowful smile, “Twenty years ago, I thought the same thing, so when a good family tried to marry Beibei’s mother, I rejected them. I sold my family’s tricycle for money and let Beibei’s mother go to the capital... But, what happened in the end?”

“The thing I regretted the most in my life is sending Beibei’s away. If only she hadn’t gone out, her mother would have married and had children like all the neighbour’s daughters. She would have lived a healthy and safe life.”

Gong Yi couldn’t agree with these words. Married and had children? What kind of person would Bai Beibei marry?

It was nothing more than a man with good quality in the village.

But how could they be worthy of her?

A clean girl like her deserved to be treated delicately.

But he could not refute her Grandma, she had the hearts of all parents in the world...

Her Grandma looked at the only window in the room, and all her memories returned to a long time ago. "Beibei, this child, she hasn't had a good day since she was born."

"Her mother went crazy on the day she gave birth to her. Her mother didn't have any milk to feed her, so I fed her with the soup from the white rice porridge. In the beginning, she would cry, wanting her mother to hug her. But later, when she cried over and over, she gave up. She lay on the bed alone, babbling quietly."

"Later, she could walk. When she was two or three years old, I went to harvest rice for others to earn money. She and her mother stayed at home alone for two years. One day, I forgot to bring my sickle. When I went home to get it, I saw her mother beating her with a small tree branch by the window. She didn't make a fuss or cry. She hid in a corner and shrunk herself into such a small ball. I opened the door and rushed in. I held her in my arms. I asked her why she didn't tell me. She helped me wipe away my tears and said that Beibei didn't hurt..."

"I never dare to leave her alone at home with her mother, so I took her to do farm work. There were many children in the fields, but they didn't want to play with Beibei because they said behind her back that Beibei was a child without a father, that she was a... little b*stard, so Beibei never had any friends since she was young."

"When Beibei was five years old, the villagers forced her mother to be sent to a mental hospital. I was so powerless to stop them, so when I went out to work, I didn't bring her along. Instead, I locked her up at home. She was so little, but she carried a small stool and stepped on it to start cooking and doing housework. When children of the same age played happily and pestered their parents for toys and coins, she spent her childhood in that way. She never asked me for anything."

"Days passed like this. On her 16th birthday, her mother died in a mental hospital. A year later, my body started to have some problems. That year, Bai Shida sent people to pick up Beibei. I didn't want to send Beibei to the Bai family. I was afraid that she would be bullied, but this child's results were very good. When she took the college entrance exam, she passed the capital's first-class university, the university was near Bai Shida. What could I do? I couldn't afford the tuition fees, and I didn't have the ability. I couldn't affect this child's future. Thus, under Bai Shida's repeated vows, I sent Beibei to the Bai family by myself."

"The first time I went to the Bai family, Beibei was right behind me, tugging on the corner of my shirt. As soon as I left the house, she started crying. She told me that she didn't like it here and wanted to go home. So the first time, I brought her back. The second time, I sent her back to the Bai family. When she wasn't paying attention, I sneaked back. Who knew that she would run home alone at night. She hugged me tightly and begged me not to leave her behind."

Chapter 1237: Chapter 1247

“The third time, the third time I sent her to the Bai family, I felt a pain in my heart and fainted. When I woke up, I was in the hospital. From then on, Beibei seemed to have changed into a completely different person. She stopped making trouble and followed Bai Shida to the Bai family. She kept telling me how wonderful it was to be in the Bai family so that I didn’t have to worry.

“If it wasn’t Qian Lan making the trouble today, I probably wouldn’t know what kind of life she was living in the Bai family. When she was two years old, this child was beaten by her mother yet she refused to speak. Now, she is being abused by others. How pitiful is this child...”

As Grandma spoke, tears flowed down her cheeks.

Gong Yi listened quietly. He couldn’t imagine that the little girl grew up in such a harsh environment. Her gentle and timid character was probably developed in this way.

She had no friends, no parents. Other than her Grandma, she had grown up quietly for the past eighteen years.

Gong Yi crouched down, gently holding the old woman’s hand. Beibei wasn’t having a good time, but how could she have a better day? This old woman had suffered from the harshness of the world.

“Grandma, everyone’s fate is different. You can’t stop all possibilities of Beibei’s future just because you’re afraid. Beibei isn’t her mother,” he said softly.

Grandma stopped crying. She looked towards Gong Yi. “Did you really give her that one million dollars?”

“Yes.”

“Are you Beibei’s boyfriend?”

“Yes.” Gong Yi nodded without hesitation.

Grandma was silent for a moment, then she said, “I need time to think about it.”

“Alright, Grandma. I’ll wait for you to think it over.”

.....

Gong Yi came out of the room, and Bai Beibei was waiting outside.

“Brother-in-law, what did my Grandma say to you?”

“Nothing much. We just chatted for a while.”

“Oh, brother-in-law, you can go back now. Now...”

“I won’t go back tonight.”

Bai Beibei was stunned.

"I've told your Grandma, you don't have to worry."

Bai Beibei looked down at her toes and said in an embarrassed voice, "But, there are only two rooms at home. Even if you stay, you won't have a place to sleep."

So this was what she was thinking about.

Gong Yi raised his eyebrows. "I'll sleep in your room."

"What?" Bai Beibei raised her head in fright.

"You sleep on the bed, I'll sleep on the floor," Gong Yi continued.

Bai Beibei blushed. She had misunderstood him. Her first reaction just now was that he wanted to... sleep on the same bed as her.

"Okay." She nodded. "Then let's take a bath first."

.....

Gong Yi looked at the small room in front of him. This was the bathroom. There were a few basins inside, and there was no shower.

"Do you always take your bath here?" He asked the little girl next to him.

"Yes, I get some hot water in the basin. Brother-in-law, you can stand and shower later." The girl's face was fair. She was holding a white nightgown in her arms, as elegant as a begonia.

Gong Yi didn't say anything.

"Brother-in-law, you go in and shower first."

Gong Yi looked around. "You go first. I'll wait for you outside."

"Okay." Bai Beibei walked in obediently.

Gong Yi stood outside and waited. He heard the sound of water coming from inside. It was very soft, and at this time, these sounds make people imagine things.

After all, she was bathing inside.

Gong Yi licked his dry lips and wanted to walk further away.

"Ah!" A scream came from inside.

He was stunned. He walked forward with his long legs and reached out to open the wooden door.

"What..."

Before he could finish his sentence, a soft little body rushed into his arms. The girl hugged his neck with her two small hands and climbed on top of him. She cried out in fear, "Brother-in-law, there's a rat! Ah, there's a rat!"

Gong Yi quickly reached out to catch her waist to prevent her from falling, but his hands were slippery.

She took off her coat, leaving only a white tank top and a pair of pants.

Gong Yi's body stiffened, and all the hot blood rushed to his brain. Both of them were in an intimate position. She was on top of him, her slender legs clamped on his muscular waist.

He was a normal man, so he thought of some seductive scenes.

"Where are the rats?" He asked in a hoarse voice.

"There, there, what a big one!" Bai Beibei was afraid of rats the most. She pointed frantically as she spoke.

Gong Yi carried her with one hand and walked forward. Bai Beibei was afraid, so her two slender legs kept twisting around Gong Yi's waist.

Gong Yi's desires rushed down, but he didn't look down at her. He couldn't bear it if he looked, and his body was right in front of hers.

"I didn't see the rat. It was probably scared by your voice and ran away."

Bai Beibei let out a breath. "It scared me. Just now, it ran past my feet, right there. Brother-in-law, look..."

She stretched out a finger to call out to him, but just as she turned her face around, her lips brushed against the man's handsome face.

Bai Beibei's eyes widened, and she froze.

Only then she realized that their faces were so close, and she was like an octopus hanging from his body. She had taken off her outer clothes and was wearing her underwear. Under the thin clothing, she could clearly feel that his body was sturdy and strong, it was so powerful.

Bai Beibei's brain exploded with a bang.

Other than that night, it was the first time she had been so close to a man.

Gong Yi looked at the little beauty's face that was so close to him. At that moment, her eyes were wide open, and they were watery and pure. Looking at it, he was a little tempted.

Her body was fragrant and soft, and he had an impulse to use more strength and rubbed her hard to see if any water would come out of her body.

His gaze sank as if his body had become hot.

For a moment, the two of them did not speak. After a long while, Bai Beibei's long eyelashes fluttered like a butterfly's wings as she stammered, "I... I'm sorry brother-in-law, I didn't... I didn't mean to kiss you..."

"I wasn't joking in the hospital. I'm not your brother-in-law."

Bai Beibei's brain could no think anymore. She looked into the man's eyes. His eyes were really beautiful. The corners of his eyes were long and narrow, and he was born with a pair of peach blossom eyes. He could seduce women and make them fall in love. She seemed to have fallen in love with him.

"But, they said that you are."

Gong Yi knew what she meant by “they” were referring to the Bai family without even thinking of it. He moved his thin lips and his low and hoarse voice was very sexy. “That’s their wishful thinking. I can’t wake up a group of people who are pretending to sleep.”

What he said was true. He was not in a relationship with his sister?

Bai Beibei did not understand.

Gong Yi used some strength to press down on her slender waist. He looked down at her beautiful cherry lips. “Don’t call me brother-in-law in the future.”

“OH.” Bai Beibei changed the way she addressed him. “Young Master Gong.”

Gong Yi’s brows twitched, wanting to speak.

At this moment, Bai Beibei felt a slight pain down there. It was as if something had pushed against her, making her feel very uncomfortable.

She furrowed her brows and twitched.

She was twisting her body, and Gong Yi took a deep breath before he quickly pressing her down. “Beibei, don’t move!”

Chapter 1238: You Sleep on the Bed, I Sleep on the Floor

If she continued to move, he could not guarantee what he would do.

A 26-year-old man who had just started having sex, and she was his first woman.

He suspected that she was testing him.

Bai Beibei’s body stiffened. In the midst of lightning and thunder, she suddenly realized what that wooden stick was. It was his...

She took a deep breath and looked at him in panic.

How could he be like the man in the bathroom that night?

She would never forget what this wooden stick could do.

Seeing her panic and even a hint of disbelief in her eyes, Gong Yi felt very guilty. She probably wouldn’t have thought that he would have such thoughts towards her.

She had always treated him as a good person.

“Sorry, don’t be nervous. This is... a normal reaction of men. When men and women are too close, the friction between their bodies will cause this to happen. Don’t be afraid, I won’t hurt You...”

Bai Beibei’s face was pale. She let go of his neck and quickly got off his body.

The atmosphere instantly became awkward. Gong Yi didn't dare to look her in the eye. She was such a pure and innocent person, he felt that his eyes were filled with evil.

"I sold myself for that one million dollars," the girl suddenly said.

Gong Yi was stunned.

"My grandmother was ill, and the doctor said that she needed a heart operation. I didn't have money, and no one gave me money. Later, when I was walking on the street, I passed by a bar. The owner of the bar stopped me and said that I could sell my body to make money. I said that I needed one million dollars, she said that it was no problem. So that night, I entered a room..."

Bai Beibei found it difficult to continue. She knew that Gong Yi understood.

Of course, Gong Yi understood, because that man was him.

"That man..."

He wanted to confess.

"I've forgotten. That night was a nightmare."

A nightmare?

Gong Yi's intention that wanted to confess was instantly extinguished. He couldn't forget that night. Every detail, every feeling, now that when he thought about it, it would make his entire body jolt with electricity. However, to this girl, there was no joy, only suffer.

What would happen if he confessed?

Perhaps, she would no longer pay attention to him in the future.

She would be afraid of him and stay away from him.

However, he did not want that.

"Then forget it. Don't think about it in the future. We have to move forward. You're doing this for Grandma's medical expenses, so no one can blame you."

"Mm." Bai Beibei nodded. This was the only way she could do it.

"You take a shower. I'll be outside."

Gong Yi walked out.

...

Bai Beibei finished the showering very quickly. She wore a white dress and came out. Gong Yi stood not far away. He lowered his eyes and was smoking a cigarette with two fingers on his right hand.

This was the first time she had seen him smoke.

"Young Master Gong," she called out.

Gong Yi looked up. He threw the half-smoked cigarette on the ground and stamped it out. Then, he stepped forward and walked to her side.

“Are you done bathing?”

“Yes, Young Master Gong, you can go in and wash. The hot water bottle is beside the basin. The towels are clean, but I don’t have any clothes for you to change into.”

“I have spare clothes in the car. You go to bed first. I’ll go over after I’m done.”

“Oh, call me if you need anything.”

Bai Beibei returned to her room. She took out a blanket from the cabinet and made a bed on the floor. Tonight, he would sleep on the bed and she would sleep on the floor.

When Gong Yi entered, he saw the girl sleeping on her side on the floor. Her black hair was dishevelled and half of her beautiful face could be seen in her black hair. She was very charming.

He squatted down and called her softly, “Beibei.”

Bai Beibei did not fall asleep. She opened her eyes.

The man had showered. His short hair was wet and he was lying on his forehead. He was wearing a white casual shirt. He was handsome and elegant.

“You sleep on the bed. I’ll sleep here.”

Bai Beibei shook her head. “You sleep on the bed. I’ll sleep here.”

His status was noble. How could she let him sleep on the floor?

Seeing that she was so insistent, Gong Yi curled his thin lips. “That’s fine. Let’s sleep on the floor together.”

As he spoke, Gong Yi lay down beside her.

The man’s scent immediately invaded her nose and lingered around her. Bai Beibei’s face turned red. She climbed up on all fours and quickly went to bed.

She turned her body sideways and slept with her back facing him.

“Heh.” The man behind her smiled warmly and dotingly.

This time, Bai Beibei’s little face turned hot.

So embarrassing.

...

The next morning.

Gong Yi opened his eyes and saw that the girl had woken up. She folded the red blanket into a small piece of tofu and placed it on the bed. He got up too.

He had a good sleep last night and had no dreams.

When he walked out of the room, he saw her Grandma. He greeted her, "Good morning, Grandma."

Her Grandma smiled. "Good morning, Young Master Gong."

Gong Yi looked around but did not see that petite figure, so he asked, "Grandma, where's Beibei?"

"Oh, she's washing clothes at the back."

At the back?

Gong Yi found the place. The girl was sitting on a small stool beside the pool. There were a few basins in front of her, and she was washing clothes with her head lowered.

Gong Yi glanced at the basin in her hand. The basin was full of clean water, and she was washing... his inner panties.

She was washing it very seriously. In the fragrant bubble, she lowered her head and washed.

Gong Yi's handsome face was a little red. Even though he was a favoured son of heaven and had developed a calm temperament, he felt very embarrassed to let a little girl who was not even 18 years old help him wash his inner-wear.

Without saying a word, he turned around and left.

After leaving the house, his Lamborghini stopped under a big tree. At this time, there was a group of villagers surrounding the car.

When he came back yesterday, it was night. No one saw it. Now that it was early in the morning, such a good car must have attracted a lot of people.

"Look at this license plate. So many 8's. How much does it cost?"

"Don't look at the license plate. Look at this car. It looks so strange. I've gone out many times and there are many cars on the streets. This is the first time I've seen a car like this. It's really beautiful."

"What do you know? This is called a sports car. Once, my son pointed it out to me and said that this car is very expensive. It can only be bought with eight or nine zeros."

"Eight or nine zeros? Oh My God, how much is that?"

"Why is such an expensive car parked in front of this poor old woman's door? Did some important guests come to her house?" "In the past, her daughter went out to hook up with a rich married man. Now that her granddaughter went out again, could it be that she has also hooked up with some married man? Haha..."

The group of villagers ridiculed wantonly.

At this moment, one of them saw Gong Yi standing by the door. Then, all the villagers saw him. The mockery on their faces instantly froze.

They had never seen such a good-looking man before. This man had one hand in his trouser pocket and the other hand had his white sleeves rolled up, revealing an expensive wristwatch and slender white fingers. He looked elegant.

At this moment, Gong Yi's gaze landed on their faces. It was neither light nor heavy, but it was deep and awe-inspiring.

Chapter 1239: I Am Bai Beibei's Boyfriend

The villagers all lowered their heads in fear. There was a kind of danger on this man that they could not afford to provoke.

This man was too handsome. He was like the Sun in the sky. They felt ashamed and did not dare to look at him.

Gong Yi spread his long legs and came to the side of the car.

He looked ahead. This village was famine. There was no factory, and all he could see was a wasteland.

The men here herd cows and sheep when they reached adulthood, or they went out to work. They were very poor.

Back then, Qian Lan probably spent a small amount of money to bribe these villagers, making them give her family all kinds of embarrassment and suffering.

"Where's your village chief?" He asked.

"The village chief is at home. I'll go get him." Someone ran away very actively.

Soon, the village chief, who was in his fifties, ran over while panting heavily. Someone told him that an important character had arrived in the village, so he ran over anxiously.

When the village chief saw Gong Yi, he was stunned for a moment. Then, he went forward in a servile manner. "Heh, heh heh, hello. May I ask, who are you?"

"I'm Bai Beibei's boyfriend."

As soon as he finished speaking, there was a series of gasps.

This man was young and handsome. His sports car was worth tens of millions. The assets in his hands were unimaginable. He was the boyfriend of that poor old woman's grandchildren.

The villagers could not believe it.

The village chief was stunned.

Gong Yi did not look at them. He extended his right hand and pointed forward. "Is that a wasteland?"

The village chief regained his senses. "Yes, yes."

“I’ll send people to inspect the terrain later and develop that wasteland. We’ll open up a three gorges hydroelectric power plant. Tell the men in the village not to go out and stay to work in the factory. Their basic salary will be three thousand,” Gong Yi said.

The villagers were stunned. They could not understand what he was saying.

At this moment, Bai Beibei appeared by the door. She called out, “Young Master Gong, it’s time to eat breakfast.”

Gong Yi turned around and walked towards the girl.

Bai Beibei looked at the stunned villagers. “Young Master Gong, what happened to them? Did you... say anything to them?”

Gong Yi shook his head. He stretched out his long arm and grabbed her shoulder before entering the house with her. “It’s nothing. I just said a few words.”

Bai Beibei’s attention immediately focused on his arm. He was hugging her...

This shouldn’t be, right? Only people in a relationship would be like this.

Bai Beibei quietly raised her eyes and glanced at Gong Yi.

“I’ll go get a bowl.”

Gong Yi calmly retracted his arm and walked into the kitchen.

Bai Beibei heaved a sigh of relief. He probably didn’t mean it.

.....

Three of them ate their breakfast quietly. Bai Beibei washed the dishes and came out of the kitchen. At this time, many villagers rushed in with big baskets and small bags in their hands —

“Grandma, these are sweet potatoes, vegetables, and pork that my family raised. It’s fat and delicious. I will give some to Grandma.”

“Grandma, I don’t think there’s even a place to bathe in your house. A while ago, my son installed a solar water heater in my house. It’s the one that can produce hot water as soon as the sun shines on it. It’s very magical. I’ve called my son to get another one. I’m a house builder, so I’m thinking of helping you build a new bathroom.”

“Grandma, it was all our fault in the past. We listened to slander, so we had some prejudice against your family. Now that we know our faults, we will correct them. I hope Grandma can forgive us.”

Bai Beibei looked at these people in a daze. What was wrong with them? Had they changed?

All these years, these people only knew how to bully her family. How did they become so attentive now?

“Thank you, everyone. You’ve all worked hard. Beibei, go get them a glass of water,” Grandma said.

“Oh, I’ll go now.”

“Aiya, Grandma, there’s no need to trouble Beibei. How could you ask Beibei to get us water? This is simply making our lives short. Beibei is the pride of this place. Not only she is beautiful, but she is also so smart...”

Grandma chuckled a few times, then looked in Gong Yi’s direction. “Did you make these?”

Gong Yi bent down and said in a low voice, “Grandma, you need a good living environment.”

Her Grandma sighed and didn’t say anything else.

In the afternoon, a few extended business cars stopped. A group of technical engineers brought Feng Shui Masters to survey the terrain and draw the blueprints. The villagers were all stunned as they had never seen such a scene before.

Secretary Ajie brought a Filipino maid over. “President, she’s here.”

The Filipino maid nodded respectfully. “Young Master Gong.”

“Mm, follow me.”

Young Master Gong brought the Filipino maid over to Grandma and instructed calmly, “From now on, you stay here and take care of Grandma. If there’s anything, call me directly.”

“Yes.”

At this moment, Gong Yi’s clothes were grabbed by a small white hand. He turned his head and saw the girl looking up at him with a hesitant expression. She looked a little anxious.

Gong Yi bent down and passed her an ear. “What’s wrong?”

The girl’s breath was sweet and soft. “What does this person do?”

“A Filipino maid. She’ll be taking care of Grandma in the future. Don’t worry. This Filipino maid is skilled in medicine, especially heart disease. It will be safer for Grandma to be with her around than in the hospital.”

“Ah?” This was the first time Bai Beibei had heard of a Filipino maid. She shook her head. “There’s no need of this. It’s a lot of money to hire her, right?”

“I lent it to you, you can return it to me in the future.”

“OH.” Bai Beibei nodded, “Alright, but, how much is her monthly salary?”

Gong Yi looked at her sparkling eyes, they were extremely beautiful. The corners of his lips curled up, and he raised his index finger, “10,000.”

Bai Beibei sucked in a breath of cold air, her entire body turning anxious, “What, 10,000, I...”

“I’m lying to you. 3,000.”

3,000? That was pretty much okay. She could slowly repay it.

Bai Beibei’s eyes curved into a smile. The dimples on both sides of her face were bright and charming under the brilliant sunlight. “Young Master Gong, thank you.”

“You’re welcome.” Gong Yi raised his eyebrows.

Secretary Ajie stood at the side and watched the interaction between his president and the little girl. The president’s eyes were filled with soft love. He was shocked. When did the president’s appetite become so heavy?

Was this girl over 18 years old?

This Filipino maid was carefully selected. Her monthly salary was 10,000, and it was in euros!

If he said it out loud, this little girl would probably be scared to death.

More importantly, did she know how much for the investment of the Three Gorges hydropower plant? The President had raised the entire village for her and her Grandma.

Secretary Ajie observed Bai Beibei from head to toe. She did not know that she met a super-rich person.

.....

Everything was proceeding in an orderly manner. The meal was prepared by the Filipino maid and it was a health-preserving recipe. This was the first time that Bai Beibei did not need to do anything but wait for the meal. She felt uncomfortable all over.

Gong Yi looked at her uneasy look and kept following the Filipino maid around. That look was cute and funny.

After dinner, her Grandma called Gong Yi to the side. She said, “This will cost a lot of money, right?”

Gong Yi curled his lips. “Grandma, my definition of money is different from yours. What you think of a lot of money is just a little bit of mine, so there’s no need to mention it.”

Chapter 1240: You Like Me

Grandma smiled. “Young Master Gong, you’re thoughtful. As the saying goes, if you take advantage of someone’s weakness, people are willing to do things you wanted them to do. You’re using money to bribe me.”

Gong Yi curled his lips. “Grandma, I don’t dare, but I’ll still say it. Beibei doesn’t belong here. She’ll have a bigger stage. Let me take her away.”

Take her away?

Grandma was worried.

But she saw Gong Yi’s intentions. She saw the love in her granddaughter’s eyes. That silly girl had fallen in love with this man.

She had once made a wrong decision. Would she be wrong this time?

Grandma held Gong Yi’s hand tightly. “The love feeling can not be controlled. I don’t have the right to ask for your promise. It doesn’t matter if you like her or not. Just don’t bully her and don’t make her sad, okay?”

Gong Yi nodded. "Okay."

That little girl looked so pitiful. Why would he bully her and make her sad?

He wouldn't.

The Grandma nodded, "Let her continue her studies. This child is smart. She can learn everything at once. I remember when she was in kindergarten, I locked her up at home. I was afraid that she would be bored. When I went to the county, I bought a digital map and a small calculator for her. She liked it very much and would play with it whenever she was free. Hence, when the other children started learning numbers in the first grade, my Beibei already knows how to add, subtract, multiply, and divide. She can calculate faster than anyone else in her heart."

Was that what had happened?

Gong Yi's eyes flashed with a sharp light, and he agreed. "Okay."

"Beibei, come here for a while," Granny called out to Bai Beibei.

"Grandma, I'm here."

Bai Beibei ran over from the kitchen. Gong Yi lowered his gaze and saw the white skirt fluttering about her fair calves. It was so delicate and pleasing to the eye.

"Beibei, you should go back to the capital with Young Master Gong and continue with your studies."

Bai Beibei was stunned. "Grandma, didn't you wish for me not to go back?"

"I was just saying that in a moment of anger. Grandma is old and can't help you anymore. The future depends on you. Girls should learn more and get the ability to find a good job in the future without being bullied. Beibei, you should go. When you have a holiday, remember to come back and visit Grandma. This is your home forever."

Bai Beibei's eyes immediately became moist. She was very reluctant to part. "Grandma..."

"Alright, let's go. Grandma has someone to take care of me. You take care of yourself too."

Gong Yi stepped forward. He extended his large palm and held the girl's soft and boneless little hand. In a gentle voice, he said, "Beibei, let's go. The capital isn't far from here. When you miss Grandma, I'll drive you back."

He suddenly grabbed her little hand. Bai Beibei froze for a moment. His palm was so big that it could wrap around her two little hands. He held her very tightly. His knuckles were strong and powerful, and his dry and warm body temperature continuously seeped into her skin.

Bai Beibei felt as if her little hand had been scalded. She quickly pulled her hand back.

“Grandma, I’ll be going then. I’ll come back to see you on Sunday.”

“Okay.”

Bai Beibei got into the passenger seat and said goodbye to her Grandma with teary eyes.

When the car had gone far away, her Grandma’s figure gradually disappeared. She still used her two little hands to lean against the car window, looking at it with reluctance.

At this moment, a gentle voice sounded beside her ear, “You can’t see her, stopped looking.”

Bai Beibei looked back. She twitched her red nose and said softly, “Young Master Gong, thank you.”

Gong Yi looked at her pink and white face. Her eyelashes were long and curly, and there were sparkling tears on them. They would not fall off, and it was very endearing.

He slowly reached out and used his finger to hook her tears.

Bai Beibei was stunned and looked at him.

One of his hands was on her face and the other was on the steering wheel. The bangs on his forehead were soft and he was dressed in white. He was as handsome as a male model on the Paris runway.

Bai Beibei’s little face immediately turned red.

What was he doing?

Gong Yi looked at her big watery eyes and opened his thin lips, “Are you blushing?”

His deep voice entered her eardrums and gave off an ambiguous magnetic field. Bai Beibei felt that her ears were about to get pregnant.

She looked at him in a daze.

She was about to be absorbed in by his peach blossom eyes.

“Why are you blushing? I heard that a girl blushing in front of a man is because that girl likes that man. Bai Beibei, do you like me?”

Bai Beibei’s eyelids twitched, and her heart began to race.

Bang, Bang, Bang. It was so intense that her heartbeat was about to go out of control.

“No.” She quickly waved her hand, firmly waved her hand and frantically explaining, “I don’t, I don’t like you...”

She knew her status. He was so high and mighty, she wasn’t worthy.

She was just... a nanny.

She didn’t dare covet him.

Gong Yi retracted his hand. “You don’t want to cry anymore, right?”

Bai Beibei, ...

“I’m just teasing you. Look at how nervous you are.”

He was teasing her?

Bai Beibei used her small hand to touch her frantic heartbeat. Then, she took a deep breath. She was frightened by him.

“Young Master Gong, don’t make jokes like this again.”

She could not afford to take the joke.

Gong Yi looked at her relieved expression. Initially, he just wanted to divert her attention so that she would not cry again. However, when she denied it so firmly and said that she did not like him, for some reason, he felt a little uncomfortable in his heart.

It was as if he was disappointed.

.....

It was night when they returned to the apartment. Bai Beibei ordered two bowls of noodles. After eating, both of them returned to their rooms.

When Bai Beibei woke up the next day, Gong Yi had gone out.

After she tidied up, she went to school too.

In the afternoon, when school was over, Bai Beibei walked on the cobblestones of the school.

At this moment, “Beibei”, a graceful figure walked over.

It was Bai Qi.

Bai Beibei stopped in her tracks and looked at Bai Qi. She called out obediently, “Bai Qi.”

Bai Qi was smiling as she grabbed Bai Beibei’s little hand, “Beibei, I’ve been busy at the company these past few days. I only found out yesterday that my parents kicked you out. I apologize on their behalf. Come, come home with me. I guarantee that my parents won’t make things difficult for you anymore.”

Her parents...

She knew in her heart that they were her parents, not hers.

Bai Beibei shook her head. “I’m not going back.”

“Beibei, if you’re not going back, then where are you going? You don’t have any money on you, and you don’t have any relatives here. Do you want to wander around the streets?”

Bai Beibei didn’t know if Bai Qi had asked this on purpose. Her mother had caused such a ruckus in the hospital, so how could she not know that she was staying at Gong Yi’s place?

She had probably come today to interrogate her.

“I’m staying at Young Master Gong’s place now.” Bai Beibei made it clear that she didn’t like to act with others.

In fact, Bai Qi had gotten to know the situation at Qian Lan's place. After returning from the hospital, Qian Lan had scolded Bai Beibei at home for an entire day. She had said all sorts of nasty things, and Bai Qi happened to hear it when she returned home.

She was shocked that Bai Beibei hooked up with Young Master Gong right in front of her.

This high and mighty man was indifferent to her, but Bai Beibei was living in his house.

This was simply a bolt from the blue for her.
