

# Chapter 123

"Grandpa, there's a ball later. Aren't you going to see it? I heard that you used to be a good dancer."

Hugh smiled. That was many years ago. Now, these young people were different from those of his generation.

If he stayed here, not only did these young people not enjoy themselves, he was also embarrassed. He might as well go home and have a sleep early.

After hearing his grandpa's words, Kole sent him back.

The next day.

The photo of Ella, the daughter of Lloyd Group, celebrating her birthday was on the cover of major websites and magazines.

It had been several days since Alyssa learned of the news. However, she knew the effect had been achieved.

A few more days passed.

Once again, Mathieson Group lost the business battle with Lloyd Group.

Lloyd Group acquired Mathieson Group's project in a very short period.

Since then, Mathieson Group no longer dared to be arrogant in front of Lloyd Group.

Finally school time.

"Tomorrow is my first day of school. I'll drive you to work first then. I have more time." Alyssa thought she had enough time to take Leon to work first like she did last semester.

Leon sat on the bed and hugged Alyssa. He liked the way she behaved.

"What are you looking at me for?"

"Nothing. I just wanted to see you. I'd better take you to school."

Leon still wanted to take Alyssa to school first.

Last semester, she had been the one who drove him to and from work every day. He wanted to love Alyssa more this semester and not let Alyssa suffer anything.

Alyssa smiled as she held her head up, "It's a little far from my school. And, you're not on the way. Never mind!"

Alyssa thought it would be better to go to Hunter Group first and then to A University.

She came up to Leon and looked up at him, "I'll give you a ride. You have a driver anyway, so it's easy for you to go out. It's also convenient for me to bring you food when I see something good to eat while driving. Besides, I'll probably be busy next semester. I won't have many classes next semester. I'll probably go out for a walk or something occasionally."

People who didn't know Alyssa might think that Alyssa was fun-loving. But hearing Alyssa's words now, Leon thought she had her plans.

"Do you have any plans again?"

"Not really. I just thought it would be nice to get out sometimes."

Alyssa might be busy and unoccupied this semester.

When she was busy, she would focus on her work.

When she was free, she would go for a walk.

"You're not planning to escape, are you?"

"No matter where I escape, you'll be the first to find me!"

Alyssa wasn't angry at all and smiled at Leon. Seeing him looking at her, she moved over and kissed him on the cheek. He didn't hide. Alyssa looked up at Leon nervously.

When she found that Leon remained silent, she panicked even more, "Are you angry? I just wanted to go out more. I really didn't want to leave you."

"You wanted to find her?"

Leon turned around and handed Alyssa the file on his desk.

Alyssa glanced at the file and saw Audrey unexpectedly.

Alyssa glanced at Audrey's downcast picture, then at Leon, and couldn't help but smile.

"So you're investigating her too."

"I found out that you had been investigating her before. Is there something you want to see her about or are you trying to do something to her?"

"I'm just worried that she's going to do something."

Alyssa had kept an eye on Audrey for a long time. She'd been out there for a while.

She didn't look for George, and she didn't look for Emily.

That was unusual. She wanted to find out what Audrey was up to.

Alyssa looked at Leon and blinked, "Leon, how did you know that I was investigating her? Do you know something?"

"I accidentally found that you were investigating her the other day, so I wanted to check it out too. I thought your idea was quite interesting."

"What? Shouldn't I investigate her? I always feel that she has ill will towards you. She probably wants George to replace you. Actually, your last names are both Hunter, so you could have a fair fight. I don't like her pettiness. And I don't know George. What if he's just like his mother and will do anything to get what he wants?"

"You're worried about me, huh?" Leon smiled happily.

Alyssa nodded, "You're my husband! Of course, I care about you!"

"In that case, I can't let you worry about me. I'll get someone to keep an eye on her. You did give me a heads up. I will take care of this matter. Don't worry."

"You investigate her?" Alyssa felt uncomfortable, "Leave it to me! I feel like there are many people watching you. If you're found out about investigating her, you might be misunderstood. We're both women anyway. It's okay for me to check this out."

Alyssa had already thought about it before. If she did get caught on investigating Audrey, she would say that she was concerned about Audrey.

After all, she gave a child to the Hunters.

"You're so busy, so don't put your mind on that woman," Leon said as he gave Alyssa a key. Alyssa took the key and looked at Leon, "What's this?"

"The car you drove before is too old. It's just as well that you're about to start school, so I'll reward you. This car is for you."

"No, I haven't earned any money yet! It's not appropriate to change my car frequently."

"It's okay. You don't have to care what others think."

Leon really didn't care about the gossip. He looked at Alyssa and said, "Take it."

Alyssa nodded and took the key.

It was a gift from Leon. Of course, she had to take it!

Besides, she had no reason to refuse.

It was given to her by her husband. He was expressing his liking and love for her.

"Honey, tomorrow I'll drive you to work in my new car."

"Okay."

Leon looked at Alyssa and crooked his finger at her.

Alyssa moved over, "What's up?"

"Something serious."

Alyssa really thought Leon had something to do and came over to him.

Leon stared slyly at Alyssa and pulled her right up to him.

At this point, Alyssa understood, but she couldn't run. She was held in Leon's arms. Soon, he had her lying on the bed with her whole body in his arms.

"Bunny."

"What?"

Alyssa didn't catch Leon's words. She looked at Leon and froze.

Leon came up to her ear.

Alyssa froze and quickly hugged Leon. She looked into Leon's eyes and said, "Is it true? Where is it? Why didn't I see it?"

To be continued
