

# Catch Me If You Love Me Chapter 125

Realizing that his reaction was too obvious, Zoey Gu's face became stiff, and she twisted the beginning uncomfortably.

"It's ugly to burn like that. You don't need to dirty your eyes."

Liam Lu squinted his eyes and stared at her for a long while, then suddenly chuckled, "Where is it ugly?"

"Ugly, I am ugly everywhere..."

As soon as the voice fell, the man who was sitting next to the bed suddenly got up, avoided her wound, and instantly hugged her firmly.

He bowed his head and kissed her deeply.

"Well..."

Zoey Gu's eyes widened and his back straightened instantly.

Familiar with the clear masculine breath, and the burning chest close to her, she couldn't help but tremble, and her hand firmly grasped the sheet under her.

The man kissed her inch by inch, his arms tightened, and he hugged her as if he was treating his lost baby, pressing against her lips and gasping.

"Stupid, there is no more beautiful woman in this world than you."

Zoey Gu stared at the man with moist eyes, his heart trembled and his nose was slightly sour.

Such Liam Lu is as deep and gentle as years ago.

But now...

In the next second, Zoey Gu stiffened and pushed him away with enough strength.

"Liam Lu, we weren't five years ago, and I don't need your guilt and sympathy!"

In the early morning, Yun Zhihan was in a private villa on the outskirts, brightly lit.

Several doctors and nurses were gathered around Yun Zhihan and his subordinates, treating them with different degrees of burns on their faces and bodies.

Yes, it was a burn.

After Zoey Gu's accident, Liam Lu took her to the hospital for the first time.

Shiyue came out very late from the scene.

When leaving, Shiyue accidentally kicked over the stove.

He accidentally locked the door of Yun Zhihan's dark room, took away the mobile phones of Yun Zhihan and the others, punctured the tires of all the cars, and cut off the telephone lines in the villa.

When the doctors and nurses arrived, it was almost dawn.

In the huge living room, there was a scream of scalding.

On the TV wall not far away, the latest news of Qingcheng was playing.

"According to the latest report, the Yun Group's website was attacked by unknown hackers overnight, and the entire operating system was paralyzed. Yun's shares plummeted. Several properties under Yun Zhihan's name were burned and suffered heavy losses..."

Yun Zhihan's eyes were red, and he gritted his teeth and stared at the TV wall not far away. The pictures in it were just some of his villas that had been burnt to the horror.

"Liam Lu, you and I are at odds! Hiss—"

There was a sudden sharp pain on his burned face. He took a sharp breath and turned to look at the nurse beside him in horror, "How did you do it?"

The little nurse shivered with fright, and the thing in her hand dropped to the ground.

"Yun, I'm sorry, Mr. Yun..."

"Get out! Dare to leave a scar on my face, don't want to mess with any of you!"

A short distance away, there was a sudden violent noise outside the hall.

Following this, an extremely cold laughter came in slowly from outside.

"So angry, why don't I come to cool you down?"
