

Chapter 1257

All, when he called Alyce's mother, he didn't stumble in the slightest.

Even more cordial than Suzi.

After breakfast, the family of three brought a trunk gift from the supermarket outside, and then drove to Alyce's place.

Located in a quiet place in the center of the city, a small courtyard was originally very old, but after it was repaired by Darius, it became more alive.

Angry and quaint.

Last week, Arron ordered 18 million pieces of furniture to be placed in this antique room with the Xuemei paintings left by Zhou Qin during his lifetime.

Suzi was taken aback.

"Mom! My grandma's paintings are so beautiful and artistic?"

Alyce smiled proudly: "Your grandma devoted all her life to painting plum blossoms, but no one admired her."

Suzi: "Mom... don't be sad. Grandma sees you sad in the Spirit of Heaven, she will cry."

Alyce nodded and smiled: "These are all delivered by Ah Zhen this week. Don't say, this plum blossom and this furniture really complement each other and complement each other. Put the two things in this room, immediately put this. The room has been upgraded a lot more elegantly.

Suzi also noticed it.

"Yes, mother. It's great."

Alyce added: "This week, obviously many parents came here to send their children to me to learn piano lessons. I choose three or four good seedlings and don't charge any money. The purpose is to make my mother's little yard happy. What do you say?"

"Of course it is the best, mother." Suzi supported her mother's plan very much.

In this way, mothers can enrich their lives.

My mother is only in her early 50s this year, and her life shouldn't be monotonous.

"Those kids are you like?" Suzi asked.

Mother nodded: "Of course, they are all good seedlings of piano."

"What you like is the most important thing."

My mother said: "One of the parents also introduced me to an elderly dance group and asked me if I would like to participate when I have time?"

Suzi immediately said in surprise: "Of course I participated! Mom, I support you!"

Mother laughed and said, "See you are excited! That dance group has just been established, and it will actually start dancing. It is estimated that it will be half a month later."

"It's never too late, Mom, you have such a good body, and you can play the piano and understand the rhythm. If you practice dancing, you will be great. Maybe..."

Suzi said half of his words, not to say it.

She wanted to ask her mother, is there an old man in the dance company?

However, Suzi was afraid of her mother's shyness, so she didn't ask.

However, when she saw her mother getting better, her complexion, her skin improved a lot, and her temperament was also very good, Suzi already had such a plan in her heart.

Although Suzi didn't tell his mother, but this afternoon, after eating from his mother and returning home, Suzi raised a mouth with her husband when he was resting in the evening.

"Arron, your company is just those educated executives or something, do you have... an old man in his fifties?" Suzi asked abruptly.

Arron: "There are so many old men like that, a lot of them, and they are all high-ranking. You...what are you asking about this?"

"Widowed, do you?"

Arron: "..."

He looked at Suzi with a very puzzled expression.

Suzi smiled, and then said unscrupulously: "I...I just want...I want to find a companion for my mother."

Arron: "What...what are you thinking in your mind!"

"What! My mother is only fifty years old this year. Is it possible that no one will love her for the rest of her life? Even if she is an elderly person, she has the right to fall in love, not to mention that I don't think my mother is old yet."

"Just say who, Moira, she is about the same age as my mother, she is still looking for a wild man outside with Jarod behind her back."

Arron: "..."

"Find one for my mother?"

Arron said coldly and grimly: "Then I have to finish my important task first!"

Seeing Arron's solemn expression, Suzi was startled: "You...what is your mission?"

Chapter 1258

The man's expression was cold, but the movement of his hands pressed the woman under him in a flash.

At the same time, the man's breath came to his face: "My grandma and your mother, give me orders at the same time!"

Suzi: "..."

Before she could react, she had been held down by the man.

"No, I have to go to work tomorrow..." Suzi was blocked by the man before he finished speaking.

What is the arrow on the string, is it still up to her?

Next day

The man woke up very early, but Suzi was miserable.

After being tossed by him for two consecutive nights, her body really seemed to fall apart.

"No, just ask for leave today!" the man said.

"No!" Suzi immediately retorted, "I have taken enough time off these days. People in the company think that I am my cousin's cousin, so they are very proud of it. I don't take time off!"

By then, Suzi knew the importance of work.

A woman can't live without her own job, she can't have her own focus.

Moreover, at work, one must be serious and not sloppy.

She got up forcibly, walking crookedly, and came out of the bedroom after washing, and the man had finished his breakfast.

"I can't go with you today to send the only one off. I'll drive to the company first. On Monday, the company has a morning meeting. You eat slowly, and you can't eat it late. You can't devour the secret recipe of grandma's porridge. Now, go to send the only one, and then go to work!" Before leaving the house, the man commanded Suzi like this in a tone of no-negotiation.

After speaking, he got up and went to the hallway, took the briefcase, changed his shoes and went downstairs.

Suzi: "..."

Shen Weiwei next to him: "Mom, are you tired?"

Suzi sighed, "I blame your dad!"

"Mom, don't blame Dad. I will help you hold your bag when you go to work." The kid and Dad are becoming more and more one-sided now.

It really deserves to be the species surnamed Fu.

Lilly got up earlier than her mother, and naturally ate faster than her mother. After eating, she obediently went to the hallway to help her mother arrange

the shoes. She also knew that her mother's bag was placed on the hallway seat.

Suzi, who was drinking the bird's nest, was stunned.

"Baby, come over and let mom kiss me." Suzi shouted.

Lilly obediently came to his mother and let her kiss her.

"Mom, I want to return a gift to Gu Xiangyi today, what gift will I give her?" Lilly asked.

Suzi: "..."

Speaking of Gu Xiangyi, Suzi thought of the two soft lollipops that Gu Xiangyi had given to Shen.

Grandpa Shu is happy.

There shouldn't be more than one Nancheng surnamed Shu, right?

It shouldn't be so coincidental, right?

Suzi had a question in her heart. She thought, and when she waited to go to work, she asked Darius, do they have any relatives in the Shu family?

"Mom? Mom?" Shen Only yelled again.

Suzi came back to his senses: "Baby?"

"Mom, what gift did I return to Gu Xiangyi?"

Suzi smiled and said, "Baby, I can give you any gift you want to give to a good friend."

"Mom, I want to ask you to give Gu Xiangyi a k!ss, the same k!ss you k!ssed me just now, okay?" Lilly asked.

Suzi was taken aback for a moment.
