

Chapter 126

She stood up, a pair of sharp eyes staring at Jenny, her voice cold and stern, "I've been thinking that you died at a young age, so I couldn't bear to be harsh on you, but I never expected to spoil you into such a malicious and stubborn mind!

The young master of the Mu family and your sister are in love, you are jealous of your sister is just fine, but you want to interfere in the middle, not only that, but also bully your sister several times, reversing the black and white that she stole you!

Jenny, let me ask you. Do you have a conscience? Your sister has always been good to you, and she's tolerated a lot of humiliation at home, but what about you?

Unruly and domineering, not to mention outrageous, and now he's just beaten someone into the hospital! What do you want?"

Outside the office door, a group of employees who had crowded in to listen to the gossip were surprised at the news, and then they showed a scowl.

I didn't expect that Mr. Jing, who looks so gentle and reasonable on weekdays, would have such a face in private.

Backed by a golden master, hanging on to young talent, and trying to steal his sister's posh boyfriend.

Not only that, her family introduced her to blind dates for the sake of her reputation, and she beat them up and put them in the hospital.

Oh, my God! How could she be such a person? It's outrageous, outrageous, outrageous!

The secrets of luxury have always been the subject of much discussion.

The employees in the company are no exception.

With so many people hearing these words today, I'm sure it won't be long before the whole of Visterdem knows about it.

Just at this moment, a stern shout suddenly came from behind him.

“Office hours! Don’t you guys ever do anything? Is it that all of them don’t want to work?”

Everyone was shocked and turned back, only to find it was He.

Xiao He had a cold face, his gaze sharp as ice as he swept over everyone.

“Go back to your positions and do your work!”

The crowd was just leaving in a hurry.

The Office.

Jenny Jing looked at a smug-looking person across the room and winced and winced.

She had naturally heard the angry shouts outside just now.

I’m sure that Kelly Wang said those words on purpose precisely because she knew that the outside was filled with curious employees.

Not only to embarrass her, but also to create the impression in front of everyone that what she said was true, Jenny was the unforgivable sin.

And the Jing family was forced to endure beyond endurance to come to the company and bring things to such an ugly state!

And those people out there, hearing these words, whether the thing is true or not, will soon be spreading like snowflakes.

So sometimes it doesn’t matter what the truth is.

The important thing is that the speaker just has that acting ability, and because of her elderly status, people already believe her first score without having to think about it.

Jenny Jing snickered silently.

She'd seen this trick five years ago.

Using the power of public opinion to suppress her own granddaughter, she was forced to drop out of school and leave the country, burying herself in the crowd from then on and never daring to come out at will again.

How naive she was then, thinking that if she explained herself, someone would believe her and she would be cleared.

So she tried to beg those people, to beg them to believe in her, to beg them to give her a chance to prove her innocence.

But heh...there are some people and things in this world that you don't know until you've seen them with your own eyes and experienced them firsthand...they're just that bad.

They don't care about justice, they don't care about the truth, and they can turn black and white upside down to achieve their own goals and interests without questioning right and wrong.

Dipping buns in human blood and eating them, even if the persecuted are on their knees before them, begging and pleading, will not in any way

Moved, not looking back.

Jenny took a deep breath.

Kelly Wang is still the same Kelly Wang from five years ago.

Selfish and ruthless.

Unfortunately, she is no longer the same, fragile and pure, slaughtered Jenny of five years ago.

"Kelly, you will regret every word you uttered today, I promise."

She spat out the words word by word, cold as ice, her cold, clear eyes flickering with a harsh cold light.

Somehow, Kelly Wang was actually surprised by her appearance.

For a moment there was almost a feeling of fear born in my heart.

How is that possible?

No, not likely.

She was the head of the Jing family, and everyone in the Jing family had to listen to her, including this girl in front of her!

Even her mother, such a powerful figure, hadn't she died at her hands just because she didn't listen to her?

What kind of waves can a little girl like you make?

Thinking of this, Kelly Wang set her mind, which is why she said in a cold voice, "What? Do you still want to threaten me?"

She paused, losing her breath in the end under Jenny's cold gaze, and said in a deep voice, "I didn't want you to do anything else, but I just wanted you to come with me to the hospital to apologize to someone, no matter what, you're the one who beat him up, so an apology is always the right thing to do, right?"

Jenny Jing coldly hooked his lips.

"Fine, an apology? I'll go with you."

Kelly Wang was startled again.

She looked at Jenny's cold and sneering face, unable to tell if her words were true or not.

"You, you really want to go?"

"Sure. What?I've agreed to this, but you don't dare?"

"What do I dare not!"

Kelly Wang frowned darkly.

Damn it!What's going on today?

It is surprising how many times she has been suppressed by this little girl, who has eaten more salt than she has rice, how could she be afraid of her after so many years of not seeing any storms?

She bit her teeth at the thought.

"Okay, so we're going over there now."

After saying that, she walked out first.

Kevin Jing and the others naturally hurried to follow.

Clara fell at the end of the line, and as she passed by Jenny Jing's side, that soft and gentle face suddenly flashed with pride and mockery.

"Sister, I didn't think you were really capable of flexing your muscles?! I used to think you had some integrity, but you're not so good today!Xu Tianhong did that kind of thing to you, and you're actually willing to apologize....

Tsk, does Lu really like new things and dumped you?That's why you're so eager not to distinguish between the good and the bad, and you can't even wait for a product like Xu Tianhong to hold onto it firmly."

Jenny Jing gave her a faint glance.

She didn't say anything, but it was a distinct look like she was looking at a retard.

Normal people don't bother to talk to retards, after all... not with idiots!

When had Clara ever been stared at with such a look? A moment of exasperation.

She gritted her teeth, half-heartedly, took a deep breath to suppress her anger, and smirked.

"Sister, I was only kind enough to warn you, be careful! I've heard that Lu's wife is one of the most famous women in Kyoto, and she's not the kind of person you or I can afford. It should be okay to keep my sister clothed and fed for the rest of her life."

Chapter 127

This time, Jenny smiled.

The first thing that I want to do is to get rid of the problem that I'm not going to be able to get rid of it. After all, you've been a mistress for so many years, you should have some experience and knowledge, shouldn't you?"

Clara stalled.

A face went blue and white for a moment.

Jenny Jing laughed again, "But you know you're not good enough for Lu Shao, so you've completely cut off that idea, but I do! Just don't worry about it, having that energy to worry about me is better than worrying about yourself, after all, you don't have a child now, even your only bargaining chip to marry into the Mu family is gone, I don't know where you should go if Rovell goes back on his word!"

As soon as this was said, Clara completely changed her face.

"Jenny!" She gritted her teeth, "The reason Brother Asawa hasn't married me yet is because I'm not ready, not because he doesn't want to!"

Jenny shrugged his shoulders without any stomach, "Whatever you say!"

Pregnancy before marriage is a fact.

It's also true that the baby is gone.

Clara was furious.

Jenny Jing, however, was no longer going to pay attention to her and took her handbag and walked outside.

Kelly Wang and the others had gone down first, and in the office, everyone watched her and Clara come out one after the other, and they couldn't help but quietly cast gossipy glances at each other.

Jenny Jing ignored it and looked directly at Xiao He who came over and ordered, "Xiao He, I'm going out, if there's anyone in the company who chews, you'll take down the name."

Everyone turned pale at once.

Xiao He held back a smile and replied respectfully, "Yes."

Jenny Jing also turned to look at the office of a group of employees, said in a loud voice: "I am a person, always walk upright and sit upright, but unfortunately there are some people like to catch up and throw dirty water on me, I can't help it.

We like to talk about gossip I understand, but unconfirmed things, I hope that some people still do not spread the good, or face when the sound is too loud, I am afraid of affecting the colleague relationship. That's it! I'll leave you all to weigh in on your own."

After saying that, Jenny turned around and strode out.

The people in the office looked at each other, all in a bit of a panic.

Having just learned of this shocking explosion, several people who had opinions about Jenny herself had been eager to spread the news via WeChat.

She doesn't sound like she's really going to get even with them!

A few people were a little uncertain in their minds.

At that moment, He coughed and came forward.

"What Mr. Jing just said, we all heard it, just go to work, don't gossip about something that's not there, understand?"

"Clearly, understood."

The crowd complied, and only then did Xiao He leave.

On the other hand, Jenny Jing followed Kelly Wang and arrived at the hospital.

Xu Tianhong was mauled by Jenny last night and woke up to find his hands and feet tied and his mouth stuffed with a stinky rag that he didn't know if it was for wiping the toilet or where.

In order not to hinder him from doing his business, Kelly Wang drove away the entire first floor's servants, so even if he banged on the door and called for help, no one would hear him.

It was several hours later, or An Yun estimated that it was about time, and was ordered by the old lady to go in and check on the situation.

When Xu Tianhong was rescued, there was nothing physically wrong with him, but he was angry.

Shouting for certain, meanwhile, along with the King family would not be spared.

Kelly Wang was furious on the spot, angry at Jenny's disobedience on the one hand, but also fearful of Xu Tianhong's anger on the other.

After all, Xu Tianhong is not the same as the Jing family Mu family, both innocent merchant family, but he has a black to background behind him, I heard that he did not miss some shameful things in the past.

I'm not afraid that he'll come in the open, but I'm afraid that he'll play dirty with hatred in his heart.

By then, I'm afraid that the Jing family and the Mu family combined might not even be his match.

Kelly Wang was so angry that he was now properly pacified, saying that he would make sure that Jenny would make amends to his face, and after persuading him for a long time, Xu Tianhong was only temporarily calmed down.

At the same time, the heart hated Jenny even more.

Shit!Stinky pussy.

Even if you don't like him, the meat to the mouth even flew, to give him such a good play, let him lose such a big person.

If he doesn't get his revenge, his name won't be Xu Tianhong!

Therefore, when the ward door was pushed open, Xu Tianhong didn't have a good face once he saw the Jing family.

"Yo, who do I think this is?It's Mrs. King. What's up?Your granddaughter didn't beat me up enough yesterday, and you're here to see my jokes today?"

That crooked, hangdog look on the bed was a far cry from last night's gentlemanly and polite look at the dinner table.

"Oh... Mr. Xu, look at what you're saying.I'm not sorry enough to laugh at you. Why would I laugh at you?It's not like we Jenny knew she did something wrong last night and asked me to bring her over to apologize."

She said, and then turned to Jenny, who had been standing in the doorway, with a hint of warning in his eyes.

"Jenny, get in here!"

Only then did Xu Tianhong notice that Jenny had really come and was standing at the door.

She was wearing a simple black professional suit, her hair tied in a ponytail behind her head, obviously a very simple outfit, but standing there, she seemed to be a beautiful scenery with a cool and intellectual flavor, like a snowy mountain flower on the plateau that people admired.

Xu Tianhong was stunned.

He was surprised to find that he was clearly angry before she arrived.

But as soon as she appeared in the doorway, that plain but exquisite face that couldn't pick out a single fault, all the anger was suddenly gone.

Even as long as she was willing to bow down and admit her faults, to bow down to him, he was willing to have her regardless of the consequences.

Xu Tianhong's eyes burned.

"Yo, Miss King, you're really here, I'm sorry, I almost didn't see it. But isn't it too much to ask for an apology from someone of Miss Jing's esteemed status."

Xu Tianhong clearly had a look of having gotten the better of him, looking very much like he was owed a beating.

Jenny smiled slightly and walked over.

"You're right, apologizing to you is indeed too much of an aggravation."

Xu Tianhong lifted his eyelids, his gaze proudly surveying her.

"So Miss King is this apology today or not?"

Jenny tilted his head slightly, thinking.

"Well... I've always been a person who doesn't like to aggravate myself, so why don't we just tell the truth?"

She said, pulling up a chair and sitting down with a relaxed attitude.

Behind him, Kelly Wang shouted a warning, "Jenny!"

Jenny Jing's attitude was loose and faint, "Old Lady Jing, you're the one who called me here today, don't worry, I will tell Mr. Xu everything you told me to say on the way, and I will never miss half of it."

Chapter 128

Kelly Wang only slightly slowed down her face, "It's good that you understand, Mr. Xu is already generous enough to give you this chance to apologize, so don't be ungrateful."

Jenny laughed mockingly.

She looked at Xu Tianhong, who was lying on the hospital bed, with an easy and gentle smile on her face, but her eyes were cold, and there was no trace of a smile.

"Xu Tianhong, I don't know where you got such a big face to think that I, Jenny Jing, will definitely like you or even marry you, oh, it's probably Old Lady Jing who gave you the bottom line!

After all, just now in the car, she advised me bitterly that you were very useful to the Jing family, and that the power behind you would enable the Jing family to have smooth sailing in Visterdem in the future and never have to look at people's faces again.

If it weren't for that, she wouldn't bother with a vulgar, rude, uncaring bastard like you!

She also said that you lost your wife in your early years, lost your son in your middle years, and now you are alone, and it looks like you have a short life, and if I am willing to give birth to your son, the entire Xu family will be mine in the future.

Geez, to be honest, it's pretty mind-blowing just to hear part of it, but unfortunately I'm really not interested in you, so I can't agree with her.

And then about last night's incident, I have informed the lawyer, preserved the evidence, and soon you will be charged with attempted strong female s*x, I know that your Xu family is very powerful.

It's even an existence that many merchant families wouldn't dare to mess with, but sorry, even if it's a piece of iron, I'm going to kick it today, I don't believe we'll see!"

She said, and everyone in the room gradually turned pale.

Kelly Wang shouted angrily, "Jenny! What are you talking about? I, when did I say..."

"Old Lady Jing, if you dare to speak, you have to admit it, it's not good style to say one thing to your face and another behind your back."

Jenny Jing stood up with a smile on his face and patted the non-existent dust on his skirt, before turning to her and looking at her condescendingly.

Laughing, "I've finished what Old Lady Jing has asked me to say, is there anything else I want to give?"

"You, you!"

Kelly Wang was so angry that her face was white and her fingertips were trembling as she pointed at her.

From behind came Xu Tianhong's gloomy voice.

"Jenny, are you sure you want to mess with me now?"

Jenny laughed.

Ignoring him, he instead said to Kelly Wang, "Since there's nothing else, I'll leave first."

She said, walking out with a graceful step.

Walking to the door, he suddenly stepped, looking back at Xu Tianhong, who looked angry on the hospital bed, and smiled enchantingly.

"Oh, I forgot to tell Mr. Hsu that I'm actually already married."

She frowned and made a troubled and helpless face, "I don't know why Old Lady Jing introduced me to you even though she knew I was married... probably... in her eyes, Mr. Xu is the wronged one. You can fool it with a few words, though that does seem to be the case."

Jenny even made a very sympathetic face at him after he finished speaking, before leaving.

The ward fell deathly silent.

Xu Tianhong slowly turned his eyes and looked at Kelly Wang, who was standing across the room, with a cold and cruel face.

Kelly Wang laughed awkwardly.

At this point, explanations are meaningless and only make you look more pale and ineffective.

But Kelly Wang still managed to smile, "Mr. Xu, don't listen to her nonsense, where did I say anything like that ah, that dead girl is clearly provoking, you must not be fooled by her."

Xu Tianhong sneered.

"Is it? What about about the fact that she's already married?"

The smile on Kelly Wang's face stiffened.

"This, this is absolutely impossible! She's lying to you, she's my granddaughter, would I not know if she's married or not?"

Xu Tianhong laughed sarcastically.

"I don't think Old Lady Jing knows this granddaughter of yours well enough either, and you may not know about it if she gets married behind your back."

Kelly Wang: "....."

"Alright, I'll look into this matter, and I'll make a note of what happened today, so behave yourself, Old Lady Jing."

After that, Xu Tianhong shouted, "Send the guests away!"

There were immediately four brawny bodyguards outside who came over and reached out to lead her to the door, glaring angrily at her, "Old Lady Jing, please."

Kelly Wang's face changed a few times.

She had never been treated like that in her life.

It's an embarrassment!

It's all because of that dead girl Jenny! Lying to her in the office about agreeing to come over and apologize, but saying this when she came here, caused her to not only fail to successfully get back together with Xu Tianhong, but also to offend the other party even more.

What a damn girl!

Kelly Wang's face was so gloomy that it could almost drip water, and only half a dozen times did she manage to suppress the anger in her heart.

"In that case, Mr. Xu should rest well, and I'll see you next time I'm free."

Kelly Wang was "invited" out by the bodyguard.

On the hospital bed, Xu Tianhong's eyes dimmed as he watched the direction she left.

King....ning....

Heh. Interesting!

In this acre of land in Visterdem, no one had ever dared to give him face like this, and she was the first.

He...remembered her!!!!

When Kelly Wang walked out of the hospital room, Clara and the others who had been waiting outside the room immediately surged forward.

"Grandma, how's it going?"

"Mom, are things settled?"

Kelly Wang glared at them furiously.

"Talk about what? We've been played by that dead girl!"

"What?"

Everyone's faces changed.

Clara's eyes flashed with a dark mane and worriedly stepped forward to help the old lady, "Grandmother, do you mean that sister deliberately played us and didn't apologize to big brother Xu?"

Kelly Wang said in an angry voice, "More than just not apologizing? And they say a lot of things that are not true, and they offend people even more."

At this point, she suddenly turned to look at Clara, "Before you told me that Biden Lu had another engagement in Kyoto, and that it was impossible for him and Jenny Jing to get married, are you sure this is true?"

Clara was stunned.

The rest of them were stunned and turned their attention to Clara.

Clara turned pale and secretly tightened her fingers.

"I suppose it's true! These things were all told to me by Guan Yue Wan, she's a cousin of the Guan family, so it shouldn't be wrong."

Hearing her words, Old Lady Jing was relieved.

"And yes, if that's the case, then we have nothing to fear."

"Well, and it's said that the one who has a marriage contract with Lu is the Guan family! There must be no mistake."

"So much for my relief! As long as she hasn't become the real Mrs. Lu, she's still a member of our Jing family. Even if Biden Lu wants to protect her, he'll always be too worried to make a big deal out of it, right! You know, the Guan family is not vegetarian, so that they will always have a see-saw relationship, then what am I afraid of? Hmph, Jenny, I really thought you were no more than that!"
