

“What would you like to do about them?” asked Reilo reverently as he paid obeisance to Ye Fan.

Lu Yan-Xi and Lv Hua lay prone on the ground by their feet and looked pathetic.

Lv Hua was clutching his crotch while he gasped in pain.

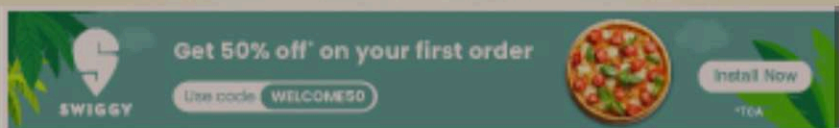

Lu Yan-Xi was filled with fear as she trembled hard without daring to look up at Ye Fan even.

In reality, neither Lv Hua nor Lu Yan-Xi had managed to wrap their minds about the events that had just transpired.

Lv Hua recalled teaching these Indian martial artists a lesson in the restaurant. But why didn't they fear him? Instead, they were afraid of Ye Fan.

Lv Hua and the others found it unfathomable. He was the real Lv Hua. But why did Reilo and the others call Ye Fan by his name?

What on earth was going on?

Chapter 1268 | Am Lv Hua

Lv Hua could only howl and wail in his heart.

He felt that he had been way too unlucky of late.

An unexpected disaster almost killed him a few days ago.

Today, he had to suffer such humiliation.

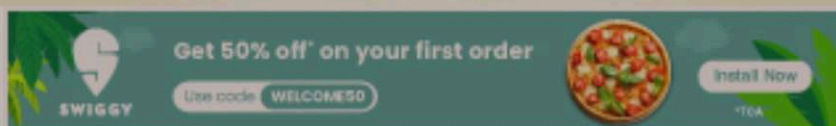

He was a charming and talented young master from an elite martial arts family. But he was now getting thrown around like a dog.

Even his life was in the hands of a lowly country bumpkin.

This was undoubtedly an immense insult for Lv Hua.

“Mr Reilo, are you mistaken? His surname isn’t Lv. Did you remember wrongly?” Kong Ming finally broke his silence and stepped forward.

Now that things had escalated, if Kong Ming continued to stay quiet, Lv Hua and Lu Yan-Xi would probably end up slaughtered.

“Hmm? Weren’t you that old man I met the other day?” Reilo clearly vaguely recalled Kong Ming.

After all, Reilo and Kong Ming had exchanged a blow at the restaurant.

This old man’s skills could rival his.

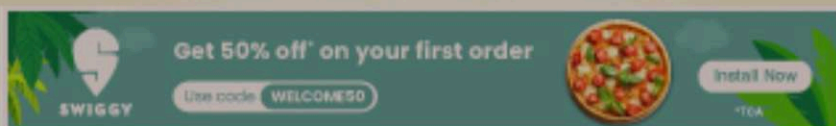

“Yes, we did cross paths at the restaurant previously. Mr Reilo, why don’t you take a closer look and see if you have the wrong man? He’s just a nobody from China called Ye Fan and isn’t Mr Lv. I think you probably made a mistake here.”

Kong Ming knew very well that he couldn’t defeat so many of these Indians on his own.

Hence, he had no choice but to remain polite in the hope that Reilo would let them off.

“Mistaken?” Reilo was stunned. He glanced at Ye Fan before he looked at Angie and shook his head instantly.

“I didn’t make a mistake. He was the man with whom I exchanged blows the other day. I lost to Mr Lv in a single blow. It was so impressive that it’s impossible for me to be

mistaken,” said Reilo firmly.

Lv Hua instantly said sadly, “Mr Reilo, you really made a mistake. I am Lv Hua.”

PAK!

Reilo slapped him and said angrily, “Shut your gap! How dare you impersonate him?”

“But I’m really the real Lv Hua!” Lv Hua was on the brink of tears.

PAK!

Another slap came.

“No, you aren’t Mr Lv!” replied Reilo firmly once more.

“B-but I am. If you don’t believe me, ask him yourself. Ask him if he is really Lv Hua,” roared Lv Hua angrily.

Reilo slapped him again. “You really aren’t Mr Lv. If you dare impersonate him again, I will slap you to death.”

“I...I...”

Chapter 1268 | Am Lv Hua

In an instant, Lv Hua almost wanted to kill himself.

Lv Hua finally gave up arguing.

He gave up arguing since Reilo wouldn't believe him regardless of what he said.

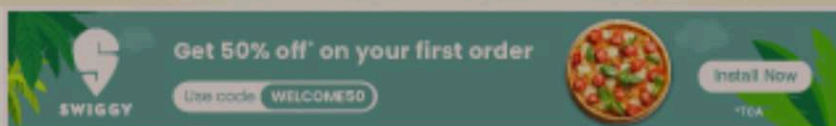

Kong Ming was at a loss as well.

He looked at Ye Fan and said sternly, "Ye Fan, why are you standing around looking? Hurry up and tell them they are mistaken and admit you aren't Lv Hua. Say it! Are you dumb?" Kong Ming couldn't help rushing Ye Fan.

Before Ye Fan said a word, Reilo looked over frostily.

"Old man, I'm warning you, you had better watch your attitude. If you dare to be impolite to Mr Lv, don't blame me for being rude. I know you are powerful. But are you capable of fighting us all?" Reilo's chilly voice sounded particularly threatening.

"You..." Kong Ming's face looked angry. However, he ended up sneering without pressurizing Ye Fan again.

Chapter 1268 | Am Lv Hua

After all, Kong Ming knew his abilities well.

It was true that he couldn't single-handedly fight all these opponents.

"Mr Lv, how would you like us to deal with them?"

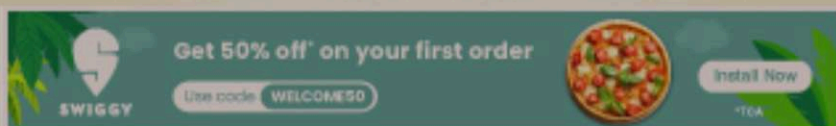

Reilo and the others asked Ye Fan after Kong Ming stepped back.

"Humph. These two bullied my Fan so much, so I think we should kill them and toss them into the river as fish feed," said Angie angrily as she brandished her fists.

Lu Yan-Xi was so terrified that her face turned ghastly pale as she shivered.

Kong Ming was shocked. "Ye Fan, don't you dare! If you do that, you are killing your own kind! The Chinese martial arts circles won't let you off for such actions. You had better think twice."

Kong Ming was genuinely worried Ye Fan might take the opportunity to finish off Lu Yan-Xi and Lv Hua, so he instantly warned him against it.

Chapter 1268 | Am Lv Hua

However, Ye Fan ignored Kong Ming's threats.

He didn't even look at the old man in the eye.

Kong Ming was outraged by Ye Fan.

It was blatant disregard towards Kong Ming!

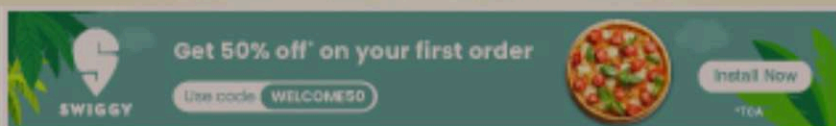

Ye Fan ignored Kong Ming's fury. Instead, he lowered his head and looked down at Lu Yan-Xi at his feet and smiled. "Miss Lu, I already warned you to stay away from him, but you refused to take my advice. See what happened in the end?"

Lu Yan-Xi lowered her head in fear quietly as Ye Fan's words echoed through the air.

But of course, she was terrified of Reilo and the others, not Ye Fan.

Ye Fan instantly shook his head and smiled when he spotted Lu Yan-Xi shivering.

"In theory, I would have killed you for the humiliation you gave me. Count yourself lucky that Lu Tian-He is your father. Since we are old friends and I owe him, I will spare you all. Leave now."

Chapter 1268 | Am Lv Hua

Ye Fan waved his hand and didn't want to see these annoying folks.

"What are you two waiting for? Mr Lv has already told you to leave. What are you hanging around for?" shouted Reilo sternly before he kicked them one after another and sent them flying.

Lv Hua and Lu Yan-Xi yelled in agony as they were kicked dozens of meters away.

"Mr Lv, you can finally have some peace." Reilo chuckled as he bowed.

Despite how renowned Reilo was in India, he seemed very humble in front of Ye Fan.

"Enough. Stop acting. Tell me what you want from me," asked Ye Fan after he glanced at them.

Since Ye Fan wasn't an idiot, the Indian martial artists' sudden change in attitude didn't go unnoticed. They must be treating him with respect because they wanted something from him.

“You certainly are perceptive. To be honest, we have something to ask of you. All the martial artists have gathered here, so the spirit energy fruit tree is bound to surface soon. When the time comes, everyone will fight for it. You are powerful, so in terms of solo fights, no one is your match. However, you will have to face multitudes of enemies during skirmishes. Also, since you have made a name for yourself, you are now an open target. Everyone will focus on taking you out, and you will become outnumbered in no time. Despite your powers, you probably can’t single-handedly go against so many martial artists, right?” Reilo chuckled out loud as he explained the situation courteously to Ye Fan.

“Your point is?” asked Ye Fan unhurriedly.

Reilo paused before he continued, “If you are open to it, I think we can have an alliance. When the time comes, I will do my best to help you get spirit energy fruits. We just need half of the total harvest when the battle comes to an end. You might run solo, but there are plenty of Indian martial artists, so I don't think it's unreasonable to ask for half the fruit,” said Reilo as he smiled at Ye Fan.

Chapter 1269 An Alliance?

Ye Fan nodded. "Sure. I don't mind doing this."

"Mr Lv, does that mean we are a team?"

Reilo was instantly surprised.

Initially, he thought it would be hard to convince Ye Fan.

However, Reilo didn't expect Ye Fan to decide so swiftly.

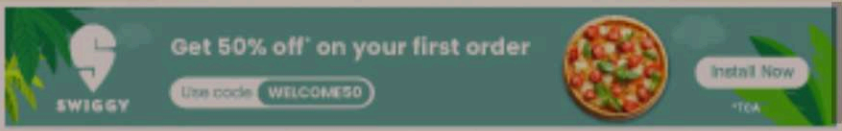

Things were now progressing beyond his expectation.

"Do you want me to say no?" asked Ye Fan rhetorically.

"No, no, of course not! I was just impressed by how decisive you were. In that case, I won't disturb you any further while we split up and locate the spirit energy fruit tree. Just act as we planned later."

Reilo and his men left after that discussion and continued searching for the spirit energy fruit tree.

"Well done, Bro. I didn't think he would be

that easy to fool. I can't believe you settled it so quickly. This idiot is all brawn and has no brain. I wonder how he managed to live for so long." After going some distance, the Indian martial artists started discussing this matter among themselves happily.

Reilo shook his head instead. "He wasn't dumb. He was simply overconfident. Overconfidence tends to make people overlook risks. He probably thinks that after he taught us a lesson, we wouldn't dare to offend him anymore, so he was open to our suggestion for an alliance."

"Uh huh. You are absolutely right." His teammate nodded before he continued, "It seems this time, we can teach that Chinese kid a painful lesson."

Reilo didn't genuinely want an alliance with Ye Fan. Instead, he had other plans.

In their opinion, regardless of how powerful Ye Fan was, even if Ye Fan could defeat everyone in one fell swoop and obtain the spirit energy fruit, he would end up completely spent when the battle was over.

Reilo and his men could then make use of

Ye Fan's trust and sneak up on him.

They could kill Ye Fan swiftly and steal the spirit energy fruit from him.

In that case, the biggest winners in this battle would be the Indians.

Ye Fan and Angie started looking for the spirit energy fruit tree while the Indians schemed.

Kong Ming suddenly walked over. He glanced at Ye Fan from a distance and hesitated before he said coldly, "Ye Fan, although I have a bad impression of you, you are still a descendant of the Chinese martial arts circle, so I have a piece of advice for you. Indian martial artists are devious and untrustworthy. 30 years ago, we fell for their ploy and suffered an immense loss. I suggest you use your brain and not end up getting used by them! No one treats you kindly for no reason. Reilo and the others are only helping you because they want something from you. That's all I have for you. You are on your own now!" Kong Ming spoke deeply before he turned to leave without lingering.

Chapter 1269 An Alliance?

Ye Fan said nothing. He merely looked at the old man before he shook his head and smiled.

“Fan, are they for real? Did they really lie to us? Should we still work with them?” Ye Fan didn't care, but it bothered Angie.

Even though this young lady was not worldly-wise, she was intelligent.

After she heard what Kong Ming said, she couldn't help feeling worried.

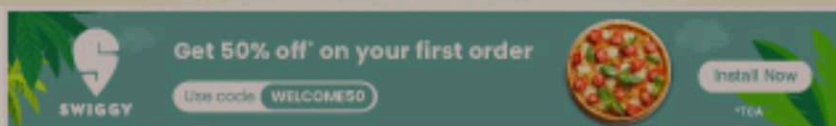

Ye Fan asked rhetorically, “Alliance? Why should we have an alliance with them?”

“Didn't you just agree to an alliance?” Angie was at a loss.

Ye Fan shook his head and smiled cunningly. “The one who agreed to it was Mr Lv. I'm not Lv Hua.”

Angie suddenly smiled deviously. “Fan, you are awful!”

The two of them continued searching for spirit energy fruit tree nearby.

Chapter 1269 An Alliance?

“Elder Kong, why help him? We should leave him to fend for himself,” said Lv Hua angrily as he looked at Ye Fan from behind in the distance.

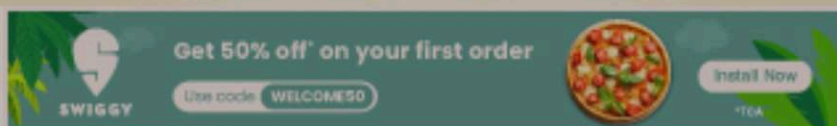

Ye Fan had utterly embarrassed Lv Hua and made a fool of him today, so he hated Ye Fan to the core.

Kong Ming sighed and said, “He is our countryman after all. Although I don’t like Ye Fan, I should give him some advice, but it’s up to him whether he wants to accept it. That way, if War God Castle ever investigates the matter after he dies here, we can answer to them.”

“It’s so gracious of you, Elder Kong,” flattered Lv Hua. “But I don’t understand why the Indians mistook Ye Fan for me! I am Lv Hua, but no one believes me. Are they idiots or something?”

Lv Hua felt even angrier just thinking about it.

Ye Fan gave him a hard time and stole the limelight from him.

Chapter 1269 An Alliance?

Lv Hua was furious and found things inexplicable.
