

Nothing to Give but My Heart Chapter 1290 – 1299

Chapter 1290

The words made Mrs. Jiang's heart more comfortable.

Of course she also knew that she could no longer favor Mei Jiang, she could only look down at her.

“Mei Jiang, as a girl, if you don't even know how to cherish your reputation, who will fight for you in the future? Don't make this mistake again in the future.”

Mei Jiang wanted to say something more, but under her mother's eyes, she nodded dully.

“I know Grandma, Meimei will definitely not talk nonsense again.”

“Hmm.”

Things seem to have the meaning of an end, but some people still don't want to leave it like this.

Mei Jiang's mother saw that her daughter had a terrible loss silently, and it was very uncomfortable, so she wanted to seek justice for her daughter.

So after she waited for Mei Jiang to admit her mistake, she stood up and said softly: “Mom, Mei Jiang was wrong, she admitted, but our initial problem was not Mei Jiang? It was Marry. I heard that Marry is not working now. , I stay at home all day, and even have to rely on his parents for food. Although Marry's ideas are the ideas of women in the new era, she can't sit and drink like this.

Mom is here today, so you have to talk about Marry. Don't make my third brother and third siblings work too hard."

Listen, what awe-inspiring and considerate words are said.

It's a pity that this is clearly meant to push her into the fire pit, but it would be difficult to see her making a fool of herself.

Marry Jiang hadn't spoken yet. This time Jiang Yanke stepped forward. He looks very gentle and rarely gets angry. When Mei Jiang slandered her daughter before, she wanted to come out and scold it, but it was his wife. Live her.

Let the juniors solve the problems of juniors.

If the small ones are solved and the old ones can't sit still, it won't be too late for them to make a move.

The second daughter-in-law couldn't sit still now, so Jiang Yanke stepped forward.

He frowned, looking a little unhappy.

"Second Sister-in-law, you have heard these things, so it is not convenient for you to tell me where did you hear this? Who said it?"

Mei Jiang's mother: "..."

Why doesn't this person play the cards according to reason? How did she hear about it? Naturally, he listened to others.

"The third brother, it's not that the second sister-in-law wants to target you, but there are so many gossips outside. Your second brother also knows about

this. We know that you and Xiaoyu are just such a daughter, so I spoil her very much. Brother, children can't be so spoiled."

However, no matter what Mei Jiang's mother said, Jiang Yanke insisted on asking: "Second sister-in-law, just tell me who you are listening to? I want to know the name of the broadcaster. I want to ask that person, what is my daughter? How did you offend him and arrange her like this?"

Looking at his serious and persistent father, Marry Jiang thought he was so cute!

Why didn't you find it before? Hehe.

Mei Jiang's mother is a little bit too much, Jiang Yanke is still asking: "Second sister-in-law, don't be afraid, you just need to tell me who said it. I will go to that person and won't remember the second sister-in-law's hatred. "

Mei Jiang couldn't help but jump out: "Uncle San, I heard that many people are talking about it, and it's not just one person."

"Ah, so?" Jiang Yanke nodded blankly, and then asked: "Then Mei Jiang, you tell San Shu all the names of these people, San Shu is going to find them for theory and theory, who on earth did you hear? "

Everyone: "..."

Why is this person so stubborn?

Du Xiaoyu couldn't stand it anymore and couldn't help but whispered to Marry Jiang: "I think if this continues, your second aunt will have to drive your father crazy."

Hearing, Marry Jiang couldn't help but lifted her lips and put the bracelet in front of him: "Isn't that good? Driven crazy, and I won't trouble our family

anymore. These years, their family is too Superior, it's time to let them know what it means to be self-inflicted."

Du Xiaoyu: "In other words, it is the face of our Jiang family. Although your father and I don't care about the face, the old lady cares. And your father is filial. Apart from the aspect of giving birth, your father is very Follow the old lady, so..."

Du Xiaoyu didn't say the following words directly, but Marry Jiang understood what she meant and nodded: "Don't worry, Mom, I definitely won't directly hit her in the face."

Mei Jiang's mother can't stand it anymore, this person is too inked, his focus is completely wrong, and she is biased.

So she simply said directly: "Third brother, you don't care who said it. There are so many rumors outside. It's very difficult for me to tell you who is in it. And I mentioned the original intention of this matter. It's good, I hope you can take it seriously."

Jiang Yanke looked inexplicable.

"Pay attention? Our family Marry is very good. Those are all fabricated. I know that the second wife's intention is good, but if this is a rumor, it will be bad for my Marry's reputation. Then I, the father, must be Pay attention."

"Uncle San, you said this is a rumor, is there any evidence? Marry hasn't had a serious job till now. Don't indulge her in Sanshu and Auntie too much."

Marry Jiang had thoughts of playing before, but suddenly seeing Mei Jiang's face was really upset.

She stood up directly and walked to Jiang Yanke's side.

“It was originally a rumor. Although I don’t have a serious job, I have been relying on my own efforts to support myself. You didn’t see it with your own eyes, and you didn’t confirm it, so at the grandma’s birthday banquet, I said that I don’t work, and I still eat the old. What is the reason for this?”

After speaking, Marry Jiang turned to Mrs. Jiang.

“Grandma, although I don’t make a lot of money, as long as I can support myself, and occasionally give my parents some pocket money, this can be considered as my child’s duty?”

“Yeah.” Old lady Jiang replied solemnly.

“Speaking of today, I also have a sentence to ask, who is it? Without clarifying things, just talk nonsense to destroy a girl’s reputation? It’s still spreading like this, my Jiang How much is Marry hated by this person?”

Everyone: “...”

“Second Aunt,”

Marry Jiang suddenly yelled the second daughter-in-law, who subconsciously responded when she shouted.

“Hey?”

“Second aunt, can you tell me who was the person who told you these things in the first place? This person can say such things, and his heart can be seen. Second aunt, for the reputation of the Jiang family, you will surely remember it? “

There was a faint smile on her face, but her eyes fell sharply on the face of the second daughter-in-law, giving her a threat of intimidation for no reason.

The second daughter-in-law didn't know what was going on. There was obviously a certain distance between the two, but the coldness and coercion on her body made her shudder for no reason.

Is this Marry Jiang evil? Why did she suddenly become so powerful? Did she always pretend to be a pig and eat a tiger before?

Chapter 1291

With this idea, the second daughter-in-law suddenly felt as if she had kicked the iron plate.

But soon, she reacted again, what can her mouth prove?

So Mei Jiang's mother reacted quickly and immediately said: "Marry, the people outside have no grudges against you, how could they harm you? Your victimized mentality is a bit too serious, I heard this writing Ah, after writing for a long time, your head and thoughts will enter the book. Didn't the second aunt say that you have a mental problem, the second aunt just wanted to ask, are you too tired? Or are you under too much pressure?"

Mei Jiang heard the words and hurriedly agreed: "Yes, Marry, do you have delusional paranoia? Others have no interest in you, so why do they harm you?"

"That's right." Marry Jiang's lips were faintly smiling, and her voice was light and fluttering: "I also want to know that there is clearly no interest in it, so why do you harm me?"

This sentence can be regarded as touching Mei Jiang and her mother.

And Mei Jiang's mother also reacted at this time.

Yes, these two girls have no conflict of interests. If it is just to get the favor of the old lady, or to make the old lady step on Marry Jiang's feet too much, then there is really no need to do so.

It's just that they were smashed by the psychological comfort before, or they were used to comparing with Marry Jiang and his family, so they couldn't help but stab them when they saw them.

Then she was so angry that she lost her mind for a while...

"Well, since my second aunt is unwilling to name this person, then I, Marry Jiang, can't let others frame me for nothing. Today I made it clear in front of my grandma and other uncles. Although I have been staying since Marry Jiang graduated At home, all I eat and use are all my own money. Actually, since I went to school, I have never used any money at home." At the end, Marry Jiang lifted his lips and looked at Mei Jiang, "Mei Jiang, our university has always been the same school, others don't know, but you should know it?"

"You, you talk nonsense, I am not in the same bedroom as you, how would I know?"

"Oh, you didn't know? Okay." Marry Jiang shrugged her shoulders again, as if it didn't matter. "Anyway, I have explained it clearly now. If I hear someone rumors about me in the future, , Then I will directly take her to court for defamation. Don't worry, Marry Jiang, I don't have much, just a lot of time and money. For the sake of my reputation, I will defend to the end."

Defend to the end!

In the end, these four people almost made a sound.

Old lady Jiang looked at the girl in disbelief.

She wore a slim dress skirt. Although the style of the skirt is not obvious, it sets off her slender figure to be extraordinarily tall and moving.

When did it start? That little girl who doesn't even bother to raise her eyes, actually became so dazzling one day?

However, no one noticed that at the entrance of the birthday banquet, a long figure leaned against the wall.

Phillip stared at the girl who was shining in the crowd.

She stood there, the light above her head shining on her fair and delicate face, when she said the words to defend to the end, it seemed that all the light around her was quickly converging towards her, and then spinning around the girl. Let her become bright, moving, dazzling, and can no longer be ignored.

He stood quietly and did not enter.

Originally, after hearing the conversation between the two girls, he wanted to come over and see if Marry Jiang's girl would be calculated.

As he expected, someone really wanted to push Marry Jiang to start, but she fought back.

Phillip also realized at this time, where is Marry Jiang's temperament to be rubbed and pinched? If you want to pluck her hair, the person who wants to pluck her hair will probably make a commotion first.

The current situation has confirmed that Marry Jiang doesn't need him to stand for her.

He doesn't know why. Phillip was actually quite relieved to see Marry Jiang who was so confident and suppressed the audience?

This girl really impressed him.

Thinking about it, a friend's inquiry came from behind.

“Assistant Xiao, what are you doing?”

The one who asked him was Mr. Zhao from the Zhao Group. Mr. Zhao followed Phillip's gaze. After seeing the girl on the stage, he smiled and asked meaningfully: “Assistant Xiao knows that girl? “

Phillip pursed his thin lips and did not answer.

Mr. Zhao squinted his eyes and studied Phillip's eyes carefully. He immediately felt the various meanings in his heart, and then said: “This girl is very beautiful. Before coming today, I heard that the old lady of the Jiang family held a birthday banquet here. You're probably the granddaughter of Mrs. Jiang.”

“Yeah.” Phillip seldom agreed.

Mr. Zhao also said: “We Zhao and Jiang's family have a cooperation. If Assistant Xiao is interested in that girl, why don't I help you? Get to know?”

Although the Zhao Group is quite strong, it is not comparable to the Ye Group.

Although he was the boss of a group, he clearly knew Phillip's status and weight in the Ye Family Group. When he came out to discuss cooperation with him, it was also Mr. Zhao holding Phillip.

Although Phillip himself didn't have that kind of thought, he was just doing business, but Mr. Zhao was afraid of offending him, and finally he was smashed.

So Mr. Zhao's attitude towards Phillip was a good one.

Now, no one in the circle knows that Mr. Walter has become a dad, and he surrounds his wife and children all day long. In addition, the previous events have caused a sensation, so everyone knows that Mr. Walter is a spoiled wife. Now that the family is happy, the energy on the company in the future must be very little.

Phillip has been with Mr. Walter for so many years, even born and died together.

The relationship between the two of them is subordinate to the outside world, but if a smart person thinks carefully about the twists and turns, it can be quite clear.

What kind of trust is this when we were born and died together and handed over all the company's projects to Phillip so easily?

There is no such thing among brothers.

For example, Ye Linghan.

"If you can't afford to sit in the position of a company boss, who is not a treacherous and deceitful old fox in a shopping mall, if you don't even think about the doorway, you can really find a piece of tofu and kill him."

So everyone talked to Phillip about cooperating, and didn't neglect him because he was an assistant. What kind of treatment Walter had before, and what kind of treatment Phillip enjoyed.

So now that Mr. Zhao sees Phillip looking at the girl, he eagerly wants to push the boat along the water and sell his affection.

Is it more cost-effective to make the person in charge of the Ye Group owe others' favor?

Phillip frowned faintly. He and Marry Jiang already knew each other, so why did he need to connect? It seems that Zhao always wants to sell his favor.

It's a pity that his mind is in the wrong place.

As they were thinking, a surprised voice sounded behind them.

"Mr. Zhao?"

Chapter 1292

The boss of the Jiang family is here.

Although today was the birthday banquet of the old lady, the eldest of the Jiang family had a very important meeting in the morning, so he rushed over after handling it.

When everyone knew what he did, they still said that the boss of the Jiang family was really filial, and he didn't forget to prepare a birthday banquet for his mother during his busy schedule, and then rushed over.

This is how people are. Once a person has achieved something, it will be especially praised for him to do something more, but he has forgotten that this is originally the filial duty and duty that a son should perform.

What's so valuable?

When Mr. Zhao heard the voice, he turned his head and saw that it was Jiang Yanming, the eldest of the Jiang family, and he immediately smiled: "Mr. Jiang!"

Jiang Yanming was so embarrassed that Mr. Zhao called out Mr. Jiang. Although his company is a bit successful, it is not worth seeing compared to the Zhao Group. And he has always wanted to cooperate with Zhao, but Zhao's has always been cold and indifferent, and didn't like to talk to him.

Just like this time, Jiang Yanming hosted a birthday banquet for his mother. He didn't expect Mr. Zhao to come to join him. He was flattered for a while, and he was so happy that he didn't know what to say.

"Is President Jiang hosting a birthday banquet for the old lady?"

President Jiang touched his nose awkwardly, "Yes, Mr. Zhao, why are you free today?"

"That's it. I happened to be talking about the project nearby. I heard that it was quite lively here, so I stopped by and took a look."

"If that's the case, then go in for a drink in the bar?" Jiang Yanming cautiously extended an invitation to Mr. Zhao.

There was a smile on Zhao's face, but when he heard that he did not quickly agree, but looked towards Phillip's direction.

The meaning of the inquiry is very clear, Jiang Yanming can see it at a glance, and Mr. Zhao is asking for his approval.

Jiang Yanming followed Mr. Zhao's line of sight and saw that the other party was a young man, but he could make Mr. Zhao of the Zhao group pay such attention, which shows that the background is not small.

He is a businessman, and he immediately sent out an invitation to Phillip:

"This gentleman is a partner with Mr. Zhao? Today the old lady has a birthday party, why don't you go in for a drink?"

Phillip actually had to go back to the company to deal with the work after talking about this project. After all, there was still a backlog of things in the company that had not yet been processed.

But he don't know why, what he originally refused in his heart, but said, "Yes."

He actually agreed?

Phillip was astonished in his heart, and at the same time he narrowed his eyes. Why did he agree?

Subconsciously, Phillip glanced at Marry Jiang again.

Jiang Yanming was very happy. He thought that the young man in front of him looked unsmiling, and he thought he would be rejected, but he agreed.

It seems that his cooperation with Zhao should be promising this time.

"Please come in."

After Jiang Yanming walked in, the people at the scene found him coming, and everyone rushed over. After Jiang Yanming exchanged a few words with everyone, he first went forward to pray for a birthday to Mrs. Jiang.

He was dressed formally and talked freely, and the little dissatisfaction that old lady Jiang had caused by Marry and Mei Jiang before had disappeared cleanly.

Looking at his excellent eldest son, his heart is full of smiles and relief.

After Jiang Yanming congratulated the old lady on her birthday, he introduced Mr. Zhao to everyone. When he said that this was Mr. Zhao of the Zhao Group, the people at the scene were very upset.

After introducing Mr. Zhao, he wanted to introduce Phillip again, so he could only ask him with his eyes: "This gentleman, what is the name?"

Mr. Zhao's god Cai Yiyi just wanted to say Phillip's identity, but Phillip said indifferently: "Phillip."

He only said his name, but didn't say where he came from, so Mr. Zhao fell silent and didn't say any more.

Jiang Yanming was also a little embarrassed. He didn't expect that the other party didn't report his family, only one name.

However, he reacted quickly and explained: "This is Mr. Zhao's friend and partner, Mr. Xiao."

The people at the scene could not help but glance at the young man more.

His body is long and stern, his face is cold, the scar on his face makes him look a little bit colder, a look that is not easy to approach, but the demeanor on his body still makes people want to look at him more.

Everyone is a human being. Zhao is always someone who can talk about projects with Mr. Zhao, and he is so calm, his status will only be high but not low.

But at this time Marry Jiang's lips couldn't help but twitched.

Who will tell her? How could this Phillip suddenly appear here? Isn't he going to talk about cooperation? Why did he suddenly come to her grandma's birthday banquet?

Now the question is, should she pretend not to know him, or what?

Just when Marry Jiang was tangled, Du Xiaoyu squinted to her side and asked in a low voice, “What’s the matter? Isn’t this Phillip? How could he show up with your uncle?”

Hearing, Marry Jiang coughed slightly, “How do I know this?”

“Didn’t you say that he is your boyfriend, don’t you know who knows? 9c06d4bd or he doesn’t tell you?”

Marry Jiang: “...”

For fear of his mother’s suspicion, Marry Jiang quickly explained: “Oh, when I called him to come, he was very busy at work, so I thoughtfully told him not to come. I only knew he wanted to work, but I didn’t know what he was talking about. What kind of work? I came here with my uncle Zhao and others. I guess they came here to talk about work? Didn’t you hear my uncle asking who he is? It must be about cooperation with Mr. Zhao and then came over together.”

Her mind turned quickly, and she immediately made things round.

Du Xiaoyu suddenly said: “Then you go up and say hello to him, it’s your boyfriend anyway.”

Marry Jiang’s mouth twitched: “Mom, isn’t this okay? He is now the uncle’s guest. I went up to say hello, what would everyone think of me?”

Snapped...

Du Xiaoyu slapped Marry Jiang on the back of her head, “Smelly girl, he is your boyfriend first, and then your uncle’s guest. Why did you go up and talk to your boyfriend? Could it be that you girl lied to me???”

“Mom, how could I lie to you? He is really my boyfriend, but it’s too high-profile to go out now, can we find him later? Don’t worry, he will definitely not run if I say he is my boyfriend, what?”

However, Du Xiaoyu was not deceived by Marry Jiang for any reason, with her arms around her, her expression serious: “Okay, then don’t look for her, I want to see how your boyfriend is and see if he stays. Take the initiative to come and find you?”

Marry Jiang: “...”

Her mother really wanted to come up with each other, she didn’t know what to say.

“Whatever.”

She could only say something helplessly.

Because Jiang Yanming came, the birthday banquet officially began, everyone began to sit down, and the hotel began to serve food.

When choosing a seat, President Zhao was invited to the main table by Jiang Yanming, and Phillip was naturally invited over with him.

During this period, Du Xiaoyu kept staring at Phillip, “You boyfriend, he doesn’t seem to have seen you at all, Marry, please make it clear, did he ask you to pretend to deceive me?”

Chapter 1293

Marry Jiang looked at the food on the table and started to swallow.

You know that she was pulled out just after she woke up today, and she hasn't eaten a bite yet, she really starved to death.

So she took Du Xiaoyu's hand directly, "Mom, the food is ready, let's go eat, the food is currently, nothing else matters."

Du Xiaoyu took a look and found that there were only two or three dishes on the table, and she couldn't help but glared at her.

"This dish hasn't been ready yet. You are like this. Are you a pig? Give me some expressions. Don't eat too much during dinner."

Marry Jiang looked sad: "Isn't eating the only important thing today?"

"...Marry, your boyfriend is here."

Oh, it's a fake boyfriend.

Marry Jiang added in her heart that when she sat down, she took the chopsticks first, because everyone wanted to sit closer to the main table, so there were so few people at their table. When Marry Jiang and Du Xiaoyu sat down, there are only two of them at the whole table.

She did not hesitate to pick up the chopsticks to eat first.

Du Xiaoyu's eyes changed, and after she ate a piece of meat, she pressed her hand tightly: "Don't eat anymore, people haven't come together yet."

"Mom, don't stop me, people are going over there, they won't come to our table, this table is too far away, so we can eat safely next."

Du Xiaoyu looked at her daughter, always feeling like iron can't make steel.

She wants her to find someone quickly, but she doesn't care at all. This Phillip is also true. Didn't he see his girlfriend here?

Or did you see it but did not respond?

No, Du Xiaoyu kept thinking about it, but couldn't swallow this breath.

If this is her own, she can bear it, but this is Marry, her daughter, how can she let her daughter suffer such wrongs?

So Du Xiaoyu got up, but Marry Jiang held her.

"Where are you going? There really won't be anyone here, so just sit here and eat with peace of mind. Besides, what if someone comes here? If someone comes in half an hour later, why don't we just stop eating? Wait for them for half an hour?"

Du Xiaoyu: "You eat first."

"Then why are you going?"

"Mom, go to the bathroom."

Marry Jiang didn't doubt the others, so she nodded and said: "Well, then you come back quickly. If you come back late, I don't guarantee that the things on this table have not been eaten by me."

Du Xiaoyu: "..."

She stared at her daughter silently.

Obviously her boyfriend was on the other side, she didn't go looking for him, he didn't come looking for her, but she still wanted to eat carelessly here.

Pitiful.

But Marry Jiang didn't know these thoughts in her mother's brain. If she knew, she would definitely shout: Mom, I don't! I really don't!

Du Xiaoyu pretended to go around the bathroom, and then quickly changed direction in the middle, and walked towards the main table.

Because Jiang Yanke was there, when Du Xiaoyu passed by, he immediately stood up when he saw his wife.

"My wife, I'm still going to talk to my mother, and then I will go to find you, Marry?"

Du Xiaoyu smiled slightly, and only after greeted everyone a few times, did he answer Jiang Yanke's words.

"Marry is eating over there, do you have your cell phone with you? I forgot to bring your cell phone. I borrow your cell phone to make a call."

When saying this, everyone at the table basically focused their attention on Du Xiaoyu. Du Xiaoyu deliberately met Phillip. She didn't believe that he could not recognize herself at this time.

The honest Jiang Yanke is what his wife says. After he took out the phone and handed it to Du Xiaoyu, he whispered: "You, why are you throwing things away? I forgot to bring my phone."

Du Xiaoyu smiled softly, then turned on the phone and pretended to make a call. She turned around and went out to make a call. After a few words, she returned and returned the phone to Jiang Yanke.

But at this moment, her eyes moved slightly, and she happened to run into Phillip who was sitting next to Mr. Zhao.

Phillip is looking at her.

Du Xiaoyu didn't move, looking back at him steadily.

One second, two seconds, Phillip nodded at her, "Auntie."

Because he suddenly made a sound, the others looked at Phillip, and Mr. Zhao, who was sitting next to him, said, "Do you know?"

Du Xiaoyu was angry in her heart, and she just came to call her now, she didn't want to admit it.

Phillip actually didn't think about how to explain it.

Because he didn't know the situation of Marry Jiang very well, and the two were originally pretended boyfriends. She was to fool her mother and prevent her mother from forcing her to go on a blind date.

"But now all the relatives are here, if you say it is her boyfriend, will it cause her trouble in the future?"

After thinking about it, Phillip decided to give a more neutral answer.

He looked at Du Xiaoyu and said, "Well, I and Aunt Jiang's daughter are friends."

Hearing this, Mr. Zhao was dumb, recalling the appearance of Phillip standing at the entrance of the banquet today, and then looking at the third lady of the Jiang family in front of him, he felt that he suddenly understood something.

"It turns out that the girl you were looking at actually knew you?"

No wonder he stared at others for so long, his eyes and lips still smiled unconsciously. And he himself stupidly asked people, do you want to introduce him?

Suddenly, Mr. Zhao felt that he was too stupid.

But he was also a little lucky, he pulled him in for a drink.

“Friend?” Mr. Zhao smiled meaningfully: “Is it really just a friend?”

The other people at the table were also somewhat overwhelmed, because Phillip was pulled to the main table, showing his identity and status, but now he didn't expect him to know Marry.

Jiang You's eyes rolled, and then smiled: “I said, Marry, why doesn't this girl look for a boyfriend? It turns out...”

“Ayou!” The boss of the Jiang family called to stop him, “Didn't you hear that Mr. Xiao said he was a friend? Don't talk nonsense to save others embarrassment.”

“Friend? Jiang You didn't want to say at all, did he pause when he didn't see people talking about friends? These two must be tricky.”

But after Du Xiaoyu heard Phillip's answer, she was very unhappy. In front of the Jiang family, she did not dare to admit that he was Marry's boyfriend. What did he mean?

Do he dislike her Marry?

Thinking of this, Du Xiaoyu sneered and sarcastically said: “Farewell, our little Bai Fubo, how can we be so lucky to be friends with Mr. Xiao Da.”

After speaking, regardless of the reaction of the people present, he turned around and left.

The others were left looking at each other, completely unaware of what happened.

Jiang Yanke didn't know this at all, so when everyone asked him, he also said with a dazed expression that he was not clear.

Marry Jiang held a chicken wing there, and saw her mother come back angrily.

Chapter 1294

Boom!

Du Xiaoyu pulled the chair beside her and sat down, looking so angry that Marry Jiang was surprised.

“What’s the matter?” Marry Jiang glanced behind her, took another bite of the chicken wings, and then asked, “Could it be possible that someone will rob you of the bathroom?”

Du Xiaoyu: “...”

“You girl is really, you let your mom say how good you are? If you ask you to find your boyfriend, you don't want to find you, and your boyfriend doesn't come to you. You are still sitting here comfortably nibbling chicken wings. Long snacks?”

After speaking, Du Xiaoyu poked Marry Jiang's forehead vigorously.

Marry Jiang: “Uh.”

“Why are you looking for him? I’m so hungry that my eyes are dizzy.”

Du Xiaoyu angrily said: “Then guess, where did I go?”

“Not the bathroom?”

“You’re so big in the bathroom, I went to the main table just now. Guess how Phillip reacted when he saw me? Do you know who he said he was yours?”

Ok? Marry Jiang blinked, “You actually went to look for him?”

Then she thought about Du Xiaoyu’s question just now, and asked lightly: “Who? Could it be that I am his friend?”

Can’t you say that she is his girlfriend?

Hearing her answer, Du Xiaoyu widened her eyes in surprise: “You actually know? How do you think the same as him? Are you not dating? He said it was your friend, so you don’t feel sad?”

Marry Jiang wanted to ask, what is she sad about.

But then she thought about it, yes, Phillip is now her boyfriend, if he doesn’t pretend to be a little sad, wouldn’t it be revealing.

Thinking of this, Marry Jiang’s expression changed and she became a little sad.

“I just guessed it, really right? He really said... he’s just my friend?”

Marry Jiang’s acting skills are exquisite, her eyes are red immediately, and the tears are just like this, and she is about to cry.

Du Xiaoyu had never seen her daughter look like this, and was shocked by her, looking at her daughter in a hurry.

“Don’t, don’t cry, Marry, Mom just talks casually, maybe there are too many people, he is embarrassed to say?”

Marry Jiang shed tears sadly, “Mom, how can he say that? Are we boyfriend and girlfriend? He said that, doesn’t he dislike me?”

“No, not necessarily. If he doesn’t like you, why would he come to this birthday banquet? There must be a misunderstanding in this, or you can wait to see if he comes to see you?”

“Okay, I’ll wait a minute, but I’m so hungry...Can I eat more?”

“Eat, eat, poor Marry, stop crying.”

“Ok.”

Marry Jiang sniffed, “I’ll eat something first, and he will come to me later, so I will have the strength to tell him.”

After that, Marry Jiang took a sigh of relief and continued to lower her head to eat. Seeing that she immediately returned to her normal appearance, she became suspicious.

“What happened? You were so sad just now? Why does it look like there is nothing wrong now? Could it be that she felt wrong?”

Halfway through the birthday banquet, Marry Jiang was still eating and drinking a drink after eating, and Du Xiaoyu suddenly said mysteriously, “Marry, Mei Jiang’s dead girl actually went to talk to Phillip!”

Ok? Mei Jiang talked to Phillip, what did she want to do?

Is it possible that from who heard that he and Phillip met, and started to think about it when he was in school again?

Thinking of this, Marry Jiang couldn't help but raised her eyebrows and laughed.

Unexpectedly, this Mei Jiang was still thirsty and wanted to snatch someone from her. The senior chased her back then, but was later led away by Mei Jiang.

People who like themselves can be easily taken away, so what about Phillip?

Is he and himself just a fake boyfriend? Will he be abducted?

No, why would she think so?

Phillip already had someone he liked in his heart. Wherever he could easily abduct him, he was very resistant when he persuaded him to pretend to be a boyfriend. Maybe Mei Jiang will run into a wall one after another here?

Thinking of this, Marry Jiang suddenly felt that she didn't need to worry.

She calmly held up a drink.

“Just talk, she's not a god, can she still hook all men away?”

“Aren't you worried? She liked to steal your limelight when she was in school. She would steal anything that was related to you. Now she must know that you and Phillip know each other, so she wants to do something first.”

“That also depends on whether she has this ability.”

The person who was hiding in Phillip's heart was certainly not so squeezed out. With her Jiangmei's green tea character, and looking at Phillip's cold-hearted appearance, it is estimated that she would really not be moved by it.

"Marry, why are you so relieved?"

"Because I know that he is not the kind of person who is easy to get rid of, okay mom, don't pay attention to them anymore, I eat well, I want to go out for a walk, can I?"

Before Du Xiaoyu could answer, Marry Jiang stood up, stretched her waist, and walked outside.

And the other side

Phillip was entangled by Mei Jiang.

Mei Jiang looked at Phillip shyly like a little girl, and talked to Phillip welcomingly when she wanted to refuse.

"Mr. Xiao, I heard that you and Marry are friends? I am her younger sister and my name is Mei Jiang."

Phillip: "..."

The girl in front of him has a gentle look, which is obviously completely different from the one who quarreled with Marry Jiang before, and even cursed her as a mean behind her.

Do girls actually have so many facets?

Out of politeness, Phillip responded indifferently, and then turned his attention away from Mei Jiang.

Mei Jiang had already applied makeup before coming to him, and then showed her best side to Phillip, but she didn't expect him to be so lukewarm, but she was really mad at her.

"Mr. Xiao, I heard that you came with Mr. Zhao, so what is your relationship with Mr. Zhao?"

Because there was really no topic, Mei Jiang could only forcefully chat with Phillip.

Phillip didn't know what he was thinking. He only gave Mei Jiang a side face. Suddenly, he turned left and saw Marry Jiang's figure.

"Sorry for being absent."

After speaking these two sentences, Phillip quickly got up and walked towards Marry Jiang.

When Mei Jiang saw the direction he was walking, she suddenly clenched her fists and bit her lower lip.

Marry Jiang ate and drank enough, and took a few breaths of fresh air outside, feeling beautiful. She stretched and yawned.

The moment her mouth opened wide, she turned her head casually, and then unconsciously met Phillip's indifferent gaze.

Marry Jiang's open mouth just got stuck, Phillip looked down, staring at her mouth, and commented blankly.

“Can you look like a girl?”

Marry Jiang closed her mouth, stretched out her hand and rubbed it. Although she was careless, it was still a bit embarrassing for people to see her yawning, but she still insisted on trying to save face and said: “How come I don’t look like a girl anymore. Isn’t it normal to yawn? Don’t other girls yawn?”

Chapter 1295

Phillip wanted to say that other girls yawned less boldly than her.

After thinking about it, he didn’t say anything to his lips.

Marry Jiang touched her nose, then looked behind him: “Why did you come out alone?”

Hearing, Phillip frowned: “Who else?”

Marry Jiang said amusedly: “Who else? When I came out, I obviously saw a girl talking to you.”

After that, Marry Jiang leaned closer to him, trying to put her hand on Phillip’s shoulder, but found that she was not high enough, so she could only pull Phillip’s sleeves and laughed at him with a smile: “Yan Fu is not shallow, join Every birthday banquet has girls looking for you to strike up a conversation with you. Is your heart happy?”

Phillip: “...”

He patted Marry Jiang and grabbed his hand, “Speak well.”

Marry Jiang's hand was slapped off, and she thought it was nothing, but when she suddenly saw the person appearing behind Phillip, she immediately quickly held Phillip's hand, and the whole body softly fell towards Phillip.

The girl's body fell into his arms without warning, and if the fragrance of Ruowu came over, Phillip's body froze, subconsciously trying to push her away.

Marry Jiang suddenly whispered: "Cooperate with me, someone is coming."

Phillip wanted to say something, but suddenly remembered that he is now a boyfriend who pretends to be her. Since she needs it, then...

After thinking about it, Marry's hand was already hung on his neck.

The girl's hands were soft and boneless, and her white and silky skin was like a freshly peeled egg, gently rubbing his neck and neck, Marry Jiang nestled his head in Phillip's arms.

"Asu, you are so, why didn't you tell me about my grandma's birthday party? Now I suddenly ran out, it really scared people so much."

Phillip: "..."

Marry Jiang's voice was thin and whispering, she pretended to be deliberately, and the tone of his speech made Phillip's eyes jump.

This girl is really...

How many faces does she have?

As soon as Mei Jiang approached, when he heard Marry Jiang's babble, he almost vomited on the spot, and then saw that she was hanging on Phillip's body, but Phillip did not push her away.

Mei Jiang's vitality surged, and after controlling her emotions, she stepped forward.

"Marry, Mr. Xiao is a special guest at today's birthday banquet. Although I can understand your desire to find a boyfriend, you openly hug Mr. Xiao like this. Isn't that good?"

The reason why she said these things with such confidence is because she just heard Phillip say in front of everyone that he and Marry Jiang are friends.

How can a man say that if he likes a woman? He must be anxious to let everyone know that he likes her, and he wants everyone to know that this woman is his own.

But Phillip didn't. He said that the two were friends, which meant that the two had no relationship at all.

Now Marry Jiang is holding someone's neck and talking so numbly, which is really shameless!

Marry Jiang looked at and Mei Jiang's frustrated look, not to mention how refreshed she was. She didn't move, she was still lying in Phillip's arms, not only that, but also held him tighter.

The girl's body was so tightly attached to Phillip's body, and the strings of Phillip's body were broken. Because of this degree of intimacy, he could even feel the texture of the girl's body.

"Why, Mei Jiang, I am holding my own boyfriend, why are you so frustrated?"

Mei Jiang widened her eyes and pointed at her: "What did you say?"

Marry Jiang smiled charmingly: "You didn't hear clearly? Then I'll tell you again. I said I was holding my boyfriend. This is also a problem? If you don't hear clearly this time, then your There may be a problem with the ear, so go to the hospital for an examination in time."

"Marry Jiang!" Mei Jiang was stabbed by her and exclaimed, "You said Mr. Xiao is your boyfriend, how is this possible?"

"Why is it impossible?" Marry Jiang is hyperactive. When she hung on Phillip, her hands were not idle at all. She scratched Phillip with her fingers for a while, then picked his nails by herself, in short, made a lot of small movements.

She herself felt nothing, but Phillip, who was hugged by her, felt uncomfortable.

A man who was nearly 187, just stood upright like a log, the strings all over his body crumbled tightly.

"Mr. Xiao clearly said in front of everyone that you are just friends. Now you say that you two are boy and girl friends. How can this be? Mr. Xiao, am I right? You just said in front of everyone, You and Marry are just friends."

"Oh?" Marry Jiang looked at Phillip when she heard the words, pulled one hand back, and gently scratched Phillip's chin: "You tell others that we are just friends?"

Phillip's forehead oozes thin sweat, and he looks at the little girl in his arms helplessly.

She is really more grind than the female young girl, she talks, but she has to move her hands and feet, and now she still picks his chin, is she really a wood without any physiological reactions?

Do you want to act?

Phillip's eyes were dark, and he suddenly grabbed Marry Jiang's slender white fingers. Marry Jiang was stunned, probably not expecting Phillip to suddenly reach out and grab her.

Moreover, after Marry Jiang's fingers were grabbed by him, he found that his fingers were actually very hot, not his usual body temperature, because his body temperature was much higher than his own.

Marry Jiang was a little surprised, and heard Phillip's hoarse voice.

"Well, isn't this afraid that you will blame me for confessing? So you leave the choice to you and you decide."

Marry Jiang: "..."

Huh?

When did this man become so...

Before she could react, Phillip said again: "You say that I am your boyfriend, then I am your boyfriend, but if you want to refuse and say no, then I won't force you. Anyway, everything, The choice is yours."

Mei Jiang was already stunned and looked at Phillip incredulously: "Xiao, Mr. Xiao, you just clearly..."

Before she finished speaking, Phillip's eyes looked at her coldly.

“Miss, this is the love, interest between me and my girlfriend, does it have anything to do with you?”

Mei Jiang: “...”

Not to mention that Mei Jiang didn't know how to react, even Marry Jiang was stunned, because she herself had never expected Phillip to suddenly become so talkative, and she was speaking hoarsely with her hand.

She don't know why, Marry Jiang actually felt that her heart was beating a lot faster.

Mei Jiang bit her lower lip and stared at Marry Jiang bitterly.

Marry Jiang raised her lips: “Why are you looking at me like this, Mei Jiang, haven't you talked about your boyfriend? Haven't you seen any fun with your boyfriend?”

After speaking, Marry Jiang deliberately hooked Phillip's neck in front of Mei Jiang's face, and tiptoed up and kissed Phillip's cheek.

Phillip's body, which had collapsed and tightened, became even tighter in an instant.

Chapter 1296

Seeing this scene, Mei Jiang surged in blood.

How did that happen? It is obvious that you are friends in front of everyone. Why do you say that you are a boyfriend and girlfriend when you are in front of you?

Did they deliberately act in front of themselves?

Thinking of this, Mei Jiang said: “Marry, don’t think I don’t know. You just pulled him to act with you on purpose. You two don’t look like boy and girl friends at all. Do you think I have never been in a relationship? When you hugged him, his body was stiff, and he didn’t take the initiative to hug you. When he held your fingers, you were also shocked. You two must be pretending!”

After listening to these remarks, Marry Jiang couldn’t help but raised his eyebrows in surprise, and looked at Mei Jiang’s eyes with some interest.

Didn’t expect that Mei Jiang’s eyesight is so good? Even this made her see that it seemed that the cooperation between herself and Phillip was not enough.

But she was not nervous. She was pretending to be anyway, but so what? She said that Phillip was her boyfriend. Even if they didn’t believe her, they couldn’t help her.

“Marry Jiang, do you dare to kiss him hard!”

Mei Jiang suddenly came out.

Marry Jiang’s eyelids twitched, “What?”

“It’s normal to fall in love and kiss, right? If you don’t even dare to kiss him, it means that you are not boyfriends and girlfriends at all. You are still kissing your cheeks when you are dating. Do you think you live in ancient times?”

She rub!

After listening to her, Marry Jiang almost cursed her mother in her heart, and then sneered.

“I said Mei Jiang, do you still have a hobby of watching people kissing? When did you have such a special hobby? You are a girl. As a sister, I advise you to quickly change this hobby? Or else, What does it look like?”

She didn't hesitate to go down to Shi Da Jiangmei.

Mei Jiang was so angry that she turned pale and wanted to turn her head and leave. But seeing Marry Jiang pushing away like this, she couldn't help but raised her lips proudly, “Don't you dare? I said that you are not boyfriends and girlfriends anymore. Right? Marry, why do you say you? Even if you don't have a good job, even if you don't get the love of your grandma, you don't have to find such a man to support you. How much did it cost? Mr. Xiao, Marry Jianghua How much money I have to hire you, I can pay twice, not only that, but I can also pay for other things.”

At the end, she blinked at Phillip suggestively, showing off her figure.

Marry Jiang: “...”

She really wants to vomit. What has this Mei Jiang experienced over the years? In order to fight with her, did she even have to contribute her body?

Marry Jiang was about to speak, but a light voice came from above her head.

“Sorry, I'm not interested in women who don't love themselves.”

The tone was cool, there was no temperature, and the words that came out were even icier, like a hard ice awl, directly inserted into Mei Jiang's heart.

When Marry Jiang heard these words, she almost laughed.

This sentence is really vicious, saying that Mei Jiang is a woman who doesn't love herself, but Marry Jiang thinks it is cool to scold her like this. Who makes her Mei Jiang want to hook up with others?

“You! You!” Mei Jiang was so angry that her eyes were red, and she couldn’t say a word.

“Good Jiangmei, don’t be unloved here. Go in and wash your face and put on makeup again. There are a lot of guests here today. There are many single men in it. Even if you are lonely, don’t stare at you. Other boyfriends.”

In the end Marry Jiang finally ran away Mei Jiang.

After Mei Jiang ran away, Marry Jiang breathed a sigh of relief, and his tone returned to his original state.

“But I finally got her off, thank you for cooperating with me.”

She raised her head to look at Phillip, who also happened to look down at her, eyes facing each other, the two people found that they were very close together, and they almost smelled each other.

Phillip pursed his thin lips, and said coldly, “I originally promised you, thank you.”

Marry Jiang blinked: “You really don’t know what is good or bad. I will say thank you to you. Are you still not happy?”

Phillip sullenly, “You took advantage of me again.”

“Cheap? It refers to the thing I kissed your face just now?” Marry Jiang stood on tiptoe and blew a breath towards Phillip’s face. Phillip frowned, but did not avoid it.

Marry Jiang’s lips pursed with a light smile, “How about taking advantage of you? If you feel that you are at a disadvantage, then you can take it back?”

The girl's proud face was close at hand, and those beautiful eyes were full of cunning and success, as if he had determined that he had nothing to do with her and he didn't dare to do anything. That's why he was so brazen and bold.

At this moment, Phillip looked at the girl's bright and beautiful face and the two moist lips, and he slowly lowered his head and leaned towards her in a ghostly manner.

Marry Jiang just knew that he was cold-hearted and would not do anything to her, no matter how she picked up the beans, he would not do anything excessive to her.

After all, he is a person who blushes when she touches his ears. How could he do other things?

But now, after watching him slowly approaching her, the smug smile on Marry Jiang's face gradually disappeared.

Because this was completely different from what she had imagined, Phillip should have red ears under her speculation, and then she pushed her away and said: You want to be beautiful.

Then Marry Jiang made a cut, disgusting him for this sentence, can you say something else.

But this kind of thing did not happen. She saw Phillip approaching her at a speed visible to the naked eye, and the two of them breathed closer and closer, and he would really kiss her sooner.

When Phillip quickly kissed her, Marry Jiang panicked for the first time and asked him: "What are you going to do?!"

Phillip stopped, his eyes darkened, "Didn't you let me take advantage of it?"

Marry Jiang's eyes widened, "If I let you take it, you can take it? When did you become so obedient?"

"Otherwise?" Even if he was so close, even if his eyes were pitch black, Phillip's face was still expressionless, like a robot without emotion.

"You can't always let you take advantage of me, but I can't get anything?"

With that said, he moved forward a few minutes, Marry Jiang screamed in fright and pushed him away forcefully.

However, she forgot that the two of them were very close together. They forgot to separate when they were talking, and she was still on tiptoes, so when she pushed him away, her body fell back uncontrollably. .

Phillip watched her fall to the ground, his heart tightened, and his big hand stretched out, quickly pulling her into his arms again.

Boom!

Marry Jiang's soft cheeks slammed into Phillip's chest, and the pain made her almost cry.

"Isn't my ankle sprained?" Phillip asked with a frown.

Marry Jiang gritted her teeth and pushed him away again to stand by himself: "It's none of your business!"

Chapter 1297

Marry Jiang blushed and ran away.

Phillip stood there and touched his cheek inexplicably.

Just now, she took it for granted when she took advantage of her, and even teased him to take it back. Why was she scared when he started to act?

It seems that he is also a colorless person who is still pretending to be so sophisticated in front of him.

Who knew that as long as he got closer, he would scare her away.

After Marry Jiang ran away, Phillip didn't even notice it, his lips kept wearing a faint smile.

And Mr. Zhao didn't know where he came out suddenly, walked behind Phillip, and spoke meaningfully; "It's good to be young, high-spirited, Assistant Xiao, with a good vision, that girl is so beautiful."

Zhao always praised Marry Jiang, with a smile on his face.

Phillip glanced at him, with a faint expression on his face, "Thank you."

Mr. Zhao raised his eyebrows: "Assistant Xiao, is this admitting? Is that girl really your girlfriend?"

"Yeah." Phillip nodded.

Although he knows that he is pretending to be, since Mr. Zhao is close to the Jiang family, his answer here is also very important, so as to save the old Zhao from going to the Jiang family to talk nonsense, then Marry Jiang will
The girl is looking for trouble again.

"It's not bad, congratulations. It seems that the two of you have a good relationship. Is something good coming soon?"

Phillip didn't laugh, and Mr. Zhao didn't ask any more.

After the birthday banquet was over, Mr. Zhao didn't know what he said to the boss of the Jiang family. After Zhao and Phillip left, the boss of the Jiang family directly called the old third of the Jiang family to him.

"The third brother, Marry has such a great boyfriend, why are you hiding it from us?"

Jiang Yanke looked inexplicable, "Brother, what are you talking about?"

"Third brother, don't pretend, do you really want to hide your merit and fame? Although Mr. Xiao who came today did not clearly state his identity, I know that Zhao's special intention is to cooperate with the Ye's Group. According to Mr. Zhao today judging from the appearance, he followed Mr. Xiao's words, which shows that Mr. Xiao's identity is not simple."

Jiang Yanke: "But, what does this have to do with Marry? Oh, you mean that Marry met him, right? Didn't that Mr. Xiao tell me, he and Marry are just friends?"

"Just say that, do you believe it too? Think about his expression before he said this. I saw him thinking about it and hesitated for a long time before saying it. And I just heard Mr. Zhao say that he likes Marry very much child."

"Huh?" Jiang Yanke was puzzled: "If that's the case, why is he..."

"It must be Marry who hasn't introduced him yet, so he dare not talk nonsense. This shows that Mr. Xiao is a person who cares about Marry's emotions."

Jiang Yanke was so confused by Jiang Yanming that he really didn't know what was going on.

Jiang Yanming patted him on the shoulder and said with a gratified expression: "It's really good, the third child, I have a good daughter. Go back

and help my eldest brother to find out if Mr. Xiao is free these days, our Jiang family. Give him a meal?”

Jiang Yanke: “...”

Until the birthday banquet was over, when everyone went home, Jiang Yanke was still confused. Are his daughter and Phillip really boyfriend and girlfriend?

So when Jiang Yanke was about to go to his daughter to ask questions, the news was that Marry Jiang had already left.

Marry Jiang originally planned to take a taxi and run away by herself, because she knew that after the birthday banquet was over, many people would definitely want to ask her questions, so she had to leave quickly.

As a result, as soon as she walked to the road, a car stopped in front of her, and then the window was lowered and Phillip’s face appeared in front of her.

“Boarding.”

“Phillip?” Marry Jiang’s eyes widened: “Didn’t you already leave?”

Phillip pursed his thin lips and did not answer her question, but said coldly: “Get in the car, you can’t park here.”

“...”

Helpless, Marry Jiang took a look around, and had to hurriedly pull the door and got into the passenger seat. After that, she fastened her seat belt and asked: “Why are you here? As far as I know, haven’t you already followed that in advance? Did Mr. Zhao leave together?”

Phillip glanced at her faintly: “Chu is clear about my movements? Are you so concerned about me?”

Marry Jiang: “...”

She looked at Phillip speechlessly, probably without expecting that he would say such a thing. She was dumbfounded for a while before reacting, and slowly said: “Who called you a special guest today? Without everyone’s attention, even if I don’t want to pay attention, I have to be forced to pay attention.”

“Is it?”

Seeing that she had fastened her seat belt, Phillip didn’t say anything, looking straight ahead and drove the car seriously.

In fact, he did leave early, but after thinking about it, he still came back and took a look, because that Mei Jiang seemed to be looking for things, so he came back and saw Marry Jiang just in time.

Of course, these Phillip would definitely not tell Marry Jiang.

But obviously, Marry Jiang didn’t intend to let this question go. Seeing that he didn’t answer, he continued to ask: “You haven’t told me, why are you back again?”

“I left something, come back and fetch it.” Phillip said indifferently.

“What’s missing? What is it?”

Marry Jiang blinked, then looked at his appearance, suddenly squinted at him: “You didn’t come back to find me on purpose?”

Otherwise, how could it be so coincidental that his car stopped in front of her after she had just walked out?

Hearing, Phillip glanced at her, the expression in his eyes was almost impossible to express.

“Think beautiful.”

“It’s this sentence again. If you don’t want to admit it, just forget it. Anyway, I know it. You just drove back to find me specially.”

Phillip didn’t plan to argue either, because he really drove back to find her.

“Hey, I said Phillip, you don’t want to play with me really, do you?”

The car suddenly made a harsh noise, and Phillip stopped the car on the side of the road, “What did you just say?”

Marry Jiang was taken aback by the sharp braking sound, and when the car stopped, she was still a little surprised.

“What the hell are you doing? Even if you are excited, you don’t have to do this?”

Phillip frowned: “Don’t make such a joke in the future.”

Marry Jiang wrinkled her eyebrows at once, “Just kidding, are you so?”

Phillip did not speak.

Seeing his appearance, Marry Jiang somehow became a bit angry. She sneered twice, and then said: “Of course I know that I am in a fake

relationship with you, so I am just joking. I'm not right, then you just let me shut up. It's not necessary, right?"

"Don't say I, Marry Jiang, doesn't like you. Even if Marry Jiang likes you one day, as long as you don't have me in your heart, I am not the kind of stalker. I have a very clear distinction between life, drama and life, so Mr. Xiao doesn't have to worry about it!"

Chapter 1298

After speaking, Marry Jiang's anger was also on the line. Suddenly she didn't want to sit in Phillip's car. She stretched out her hand to unlock the seat belt and then opened the door.

"Where to go?"

Phillip stopped her.

Marry Jiang glanced back at him and sneered: "Mr. Paoxiao will drive me off, I can call a car myself."

Boom!

Marry Jiang slammed the car door vigorously, and then gnawed on high heels and walked to the side of the road. She is tall and has long legs, so she takes a long step.

Seeing this scene, Phillip suddenly felt a headache.

His reaction just now was a bit extreme, but Marry Jiang's reaction was exactly the same as him. He drove the car out and followed Marry Jiang's back.

“Get in the car, you can’t call a car here.”

Marry Jiang: “It’s not up to you to ask or not to get the car. I can handle it myself. Mr. Xiao Da don’t let me get in your car anymore. I don’t want to scare myself into trouble.”

“Sorry, I was overreacted just now, I apologize to you now, can I get in the car?”

Hearing, Marry Jiang stopped, the smile on her lips still didn’t feel warm.

“No need to apologize, Mr. Xiao, I think I may not be able to bear your apology.”

These words made Phillip really couldn’t help frowning, looking at Marry Jiang’s eyes full of questions: “Is it necessary to be so angry?”

This question stunned Marry Jiang.

Yeah, why is she so angry? Even if he is serious, she doesn’t need to be angry. Anyway, the two are pretending to be, right?

Marry Jiang also realized that she was overly emotional, but she couldn’t pull her face off, she just sneered and said, “You braked suddenly and made such a big movement. I was scared. Why can’t I be angry?”

She attributed all her anger to Phillip’s sudden braking. For this, Phillip could only apologize to her.

“Well, it was indeed my fault just now. I can’t get a taxi here. Come up.”

Marry Jiang stood still.

Phillip stared at her delicate white cheeks, and suddenly said, "Are you coming up by yourself, or am I going to hug you up?"

This breathy sentence passed into Marry Jiang's ears, causing her face to change slightly, and she looked at Phillip angrily, "You!"

"Huh?" Phillip pointed to the co-pilot with his chin, "Can't get up?"

"If I don't go, I don't believe it, you can really get out of the car and hug me."

Marry Jiang simply stood on the spot, with her hands in front, raised her chin and looked at him provocatively.

The two eyes faced each other, one second or two seconds.

Five seconds later, Phillip suddenly stopped the car, then unfastened the seat belt and got out of the car, almost in one go.

Marry Jiang was standing arrogantly, and was a little panicked when she saw Phillip getting off the car. When she walked in front of him, she couldn't maintain her original posture, watching Phillip vigilantly.

"What are you doing? You don't really want to hug me in the car, do you? I tell you Phillip, I don't want to get in your car, you...ah..."

Before she could finish her words, Phillip had already hugged her up.

Marry Jiang's eyes widened, trying to push him away, only to find that her strength was not comparable to Phillip's.

He held her easily, tucked her into the co-pilot, and even leaned in to fasten her seat belt. Marry Jiang still wanted to resist, but Phillip grabbed her wrist

and pressed her on the passenger seat with a gloomy expression, "Go down, believe it or not, I will just tie you up."

His appearance really scared Marry Jiang.

Marry Jiang stared at him blankly and didn't react, but Phillip saw that she was quiet, and then closed the car door.

While Marry Jiang was sitting in the co-pilot, with the temperature of Phillip's palm still remaining on his wrist, his heart was pounding, although he was used to being careless, and felt like a female man, even if the sky fell, she could carry it. live.

But at the moment when Phillip was picked up by Phillip, Marry Jiang suddenly felt that some things were completely out of her control.

He said to hug, and she was picked up.

Then she resisted but to no avail. She doesn't know why, Marry Jiang's mood became a bit subtle, and the cheeks and ears were hot.

Phillip had already sat back in the driver's seat and glanced at her.

The eyes of the two met, Marry Jiang immediately looked away, not looking at him.

"Go to your house or my house?"

Marry Jiang is already full, so going to Phillip's house is useless, but her equipment and computers are all in Phillip's house. She wanted to go to his house, but she said, "I'll go back to my own house."

Phillip didn't say much, and drove directly.

In the rest of the time, Marry Jiang has been very quiet. Not only did he stop making trouble with him, he didn't talk to him again, which made Phillip a little surprised, so he looked at her more.

Marry Jiang was watched by him several times, and he met his eyes anger.

“What are you looking at?”

Phillip: “...”

The grumpy girl doesn't bother to care about her.

He didn't open his face, but Marry Jiang was enthusiastic, “Why, did you not get used to it when I was quiet? I tell you, we are just pretending to be a relationship between boy and girl friends, and you are not allowed to hug me like this in the future. “

Anyway, when he mentioned it before, he kept reminding himself that the two were pretending to be boyfriends, so Marry Jiang wanted to say it now, and she even felt quite refreshed to see Phillip frowning in the future.

“If it weren't for you to stay away from the car, I wouldn't...”

“Nothing? You have to pick me up if I don't get in the car? What is the logic?”

Phillip: “...”

“Is there nothing to say?”

Phillip tilted his head to look at her, and said in a faint tone: “You have finished speaking, what else I should say?”

“Come on, do I have to say something? What you said seems like my strong words, who has been reminding me on my headset before that we are just pretending boyfriends and girlfriends, it’s you? So I remind now Just one sentence, do you have any comments?”

“No comments, you continue.”

Marry Jiang: “...”

Suddenly, Phillip glanced at her and said lightly: “Since you just said that I will not be allowed to hug you casually in the future, then you must abide by this rule in the future, and you are not allowed to hug me suddenly.”

Marry Jiang’s eyes widened, “Who suddenly hugged you? You promised me. In the presence of outsiders, I need to act. You have to cooperate with me, but when you hugged me, there was no Is any outsider present? How can this be compared?”

Phillip was speechless when she said it. Seeing her fierce and righteous words, she decided not to continue discussing this topic with her.

“Why don’t you speak anymore? Did you acquiesce?”

“Marry Jiang.”

“What are you doing?”

“Don’t get cheap and sell well.”

I rub!

Marry Jiang gritted her teeth and just wanted to say something, but the car stopped.

“Here, get off.”

Chapter 1299

Arrived so soon? Marry Jiang turned away in amazement and found that he had indeed reached the bottom of her house.

Damn, she wanted to talk to him for a while, but she didn't expect it to be here so soon, and he left a sentence ruthlessly and let her get out of the car.

Wouldn't it be ugly if she was in the car now?

But Marry Jiang was awkward, sitting there still, thinking about it for a while, then suddenly raised his lips and said, “Suddenly, I don't want to get out of the car. I want to go to your house.”

Phillip: “?”

“It suddenly occurred to me that my laptop and everything are in your house, and I have nothing to do when I go home, so I have to trouble you to send me to your house to get things.”

For some reason, Phillip always felt that she was deliberately retaliating against herself, but she couldn't find anything wrong with her words, so she pursed her lips and asked, “Are you sure?”

“That's right.” Marry Jiang nodded, blinked, and asked innocently: “Can't it work?”

“Why didn't you say it in advance?”

“I didn't think of it until I got here. How do you tell this in advance? If you forget, would you tell it in advance?”

Phillip decided to remain silent, turned the car around and drove silently.

Seeing him slumped, Marry Jiang felt refreshed, leaning on the back seat and curling his lips in a secretly happy mood.

Therefore, Phillip is still quite bullying.

--

Jessica has been in desperation recently, hot.

Because she is always concerned about her belly, and it will be her aunt's time in a while, she doesn't know if she will be pregnant, a little worried, a little expecting, and a little excited.

Then Jessica started to wonder, if she is really pregnant, will she have a daughter or a son?

The son's words seem to be too naughty and difficult to take.

Let's give birth to a daughter. It's easier to bring a daughter, and don't you always say that your daughter is a mother's little padded jacket?

But then she thinks about it, if her son is as cute as Levi, then it would be nice to have a son.

But she wanted a daughter again.

Oh... what is she thinking about?

Jessica lay on the bed, stretched out her hand to cover her cheek, and rolled shyly, halfway through the roll, she stopped quickly and covered her abdomen.

Don't just roll around casually. What if she does have a baby in her belly?
Hehehe, Jessica snickered.

Halfway through her laughter, she felt that she was so nervous. She got up and sat at the front desk of the dressing room, looking at herself in the mirror.

She is so happy and fulfilled now.

Jessica suddenly missed Victor Han, so she decided to find him at the company.

In fact, under normal circumstances, Jessica would not go to Victor Han during working hours because he would be disturbed in the past. But when Jessica passed by, if Victor Han was working, she would wait in the office obediently and would never disturb Victor Han.

When he is finished, she will talk to him for a while or bring him something.

Like today, when Jessica went out, she put the chicken soup she had prepared in a thermos, and when everything was done, she went out and set off for the Han Group.

Everyone in the Han Group knew Jessica, so when Jessica came, he said hello to the front desk and went straight to the exclusive passage of the president.

Seeing her walking past, the front desk couldn't help sending messages in the group.

"I really envy Mr. Victor's girlfriend. I can see Mr. Victor up close every day, and I can also give Mr. Victor the food I cooked by myself. I feel so envious, how could I be so lucky? The girl of ah?"

“You have enough at the front desk. I’m determined to forget President Han. Can you stop mentioning him?”

“That’s right, you were the one who caused us to make things happen before, but when you went to someone’s store, you ran away unscrupulously. Now you are talking about these things. What is your intention?”

“Even though Mr. Victor already has a girlfriend, what should I do if I still don’t give up? Why do you suddenly have a girlfriend for such a cold male god? I don’t want to believe it until now. Can I ask to break up?”

“...My God, you are so terrible, you actually curse people to break up and add me!!”

“Okay, if you let others see these news, you can sell the screenshots to us, then it will be over.”

So everyone desperately withdrew the news.

“Hahaha, it seems that work is more important than men.”

“That’s not right. If the male god is gone, I can change it again. If such a good job is gone, where can I make money to buy it in the future?”

A group of people talked about it.

“No, I didn’t listen to the front desk. Some time ago, a pretty woman came to the door of our Ji Group and said that it was Mr. Victor. Then, didn’t you make fun of her at the front desk? Then the woman said to us President Han had booked a kiss when he was young.”

“Don’t mention it. There are so many shameless women. I was ashamed to tell me that she had booked a relationship with President Han, or when she was a child. I tell you, if she did book a relationship with President Han, then I

still married when I was a child. Han is always a childhood sweetheart, hahahaha.”

“Reception, you are really... I heard that when she came the other day, she was dressed very badly? I think what she said might be true.”

The front desk stared at the news, no matter how unreliable.

“You guess, if she just wants to hook up with President Han, then she should be dressed beautifully, how could she be dressed so badly?”

“Maybe she just wanted to make a difference? To show her difference?”

“Different is not played like this, I think what she said may be true.”

“Upstairs +1, I also think the possible authenticity is very high.”

When they suddenly said this, the front desk felt a little moved, holding their chins and thinking deeply, could it be true? But why should she dress so tattered? The front desk did not understand.

At this moment, in a certain department, Jiang Wenwen, one of the girls who chatted with everyone in the group, after smiling at everyone’s chat, she heard a knock on the door.

“Come in.”

The door was pushed open, and Xu Yanwan dressed in a professional suit walked in.

“Sister Wenwen, this is the information you want, I have sorted it all out.”

Hearing that, Jiang Wenwen raised his head in surprise: "I need a lot of information. You sorted it out so quickly? I thought you would not give it to me until tomorrow."

Xu Yanwan quietly stepped forward and placed the information on the desktop, smiled slightly, and did not reply.

Jiang Wenwen picked up the data and flipped through it at random, and found that the layout of the data was very neat and nodded in satisfaction.

"You did a good job, you just came in, do it hard, and strive for the upper reaches."

Xu Yanwan smiled and nodded gently.

Jiang Wenwen was more satisfied with her look, and then couldn't help but said: "Girls, you still have to rely on yourself, do you know our girlfriend Han?"
