

Chapter 1291: Golden Toad

However, they didn't have the time to think much about it.

After engulfing the sword, Wen Tao glanced at Luo Cuishan and Ning Guodong, "Do it quickly if you two want to have a chat with Premier Ning. I'll be eating him once I'm done with these two."

Having said so, Wen Tao transformed into the antimatter energy and flew towards Ning Xin and Ning De in the form of silver threads!

Ning Xin and Ning De tried to dodge but the silver threads had occupied the space above them!

They didn't think their bodies would be tougher than the sword.

Thus, their only option was to summon their True Yuan to form a barricade in hope of blocking the antimatter energy!

However, the antimatter energy was capable of engulfing the True Yuan!

Wen Tao obtained a large amount of information from the biochip and most importantly, the method to improve the antimatter energy.

The current antimatter energy was completely different from before.

During the battle between Yan Buwen and Yang Chen, the antimatter energy could be called a missile but now it was basically a railgun; the perfect blend between technology and violence.

Wen Tao didn't need to store the God's Stone in his body like Yan Buwen. The antimatter energy within the God's Stone had fused with his body!

He was the antimatter energy!

Back in the room, Luo Cuishan didn't want to waste any more time since the use of True Yuan would attract cultivators, including Yang Chen who was still in Beijing.

'Eating' Ning Guangyao would have lost its purpose if Yang Chen were to witness their act.

"Dear Guangyao, I'm really sorry but I'll have to return the pain you've caused me..."

A wicked grin appeared on her lips as she charged towards Ning Guangyao with her modified body!

Suddenly, a loud crashing sound was heard!

Luo Cuishan's claws were blocked by a pale golden light pillar!

The light pillar covered Ning Guangyao as if Buddha was protecting him!

"This is..."

This was beyond their expectations. Even Wen Tao was taken aback by this!

Ning Guangyao breathed out in relief and he gleamed, "How is this? You didn't think of this, right? You think, I, the patriarch of the Ning clan, the representative of the Ning clan in the mundane world would

be killed so easily? Back when Yang Chen showed enmity to me, my clan sent this protective amulet to me. It will react when I'm in danger. Who knew that it would be used against you guys first!"

While saying so, Ning Guangyao pulled out a glowing toad jade pendant from his shirt!

"Damn it, he has this..." Ning Guodong cursed. During his days in the Ning clan, he never imagined the jade pendant to be an artefact!

Ning Guangyao cackled, "This isn't just a protective amulet, it's also an alarm to my clan. They will send someone over immediately once they learn that I'm in danger. Do you guys still want to stay here?"

Ning Xin and Ning De were delighted to hear this.

"Is it the Golden Toad Amulet?! Haha, good job, Guangyao! This artefact may be of low rank but it can be used for 30 minutes every three months. Its defence is strong as a god-like artefact! Our elites will arrive in less than 15 minutes. Leave now if you don't want to be killed by them!" Ning Xin taunted them.

Luo Cuishan gritted her teeth out of anger but no matter how hard Ning Guodong tried to attack Ning Guangyao, no marks were left on the light pillar!

Wen Tao was furious. He didn't expect Ning Guangyao to be this sly, hiding an artefact like this so well!

But they had to do it now!

It was too late to give up!

Their plan of replacing Yang Chen and subduing the Yang clan failed. If they fail to get the Ning clan too, the only ones left would be the Li clan and the Tang clan. One was in charge of the Public Security Bureau whereas the other one was in the corporate world. None of them attracted him!

He had been working hard for this moment, how could his plan be destroyed by some artefact?!

"I'll eat you two first then break the artefact!!!"

Wen Tao growled and the antimatter energy glowed in white. Ning Xin and Ning De could feel their True Yuan barricade thinning, eventually cracking under pressure!

The silver energy wrapped itself around them and their presence could no longer be felt...

Back in the Yang mansion, Yang Chen who was preparing to sleep with his wife and kid jolted up!

Lin Ruoxi was surprised by him and she asked with a dazed expression, "What's wrong? Is it too early for you to sleep?"

"True Yuan is spreading across the city. I think a fight has broken out between cultivators." Yang Chen said with furrowed brows.

Lin Ruoxi was startled, "Then...is it near us?"

"No, it's kind of far." Yang Chen thought about it, "I'll go and have a look. It should be from someone in the Soul Forming stage. I'll be fine."

Lin Ruoxi knew she couldn't stop him so she just nodded and reminded him not to act recklessly.

Yang Chen got dressed and left the room with bare feet. With a flash, he already appeared in the sky above the outskirts south of Beijing.

Upon his arrival, he noticed a familiar-looking silver ball of energy was engulfing a pale golden light pillar!

The two buildings had collapsed from the dissipating energy and the only thing left standing was the light pillar.

Standing within the light pillar was Ning Guangyao who looked ghastly pale!

The antimatter energy?! Why was it here?!

Yang Chen finally understood the situation when he noticed Ning Guodong and Luo Cuishan at the side.

Even though he wasn't fond of Ning Guangyao, he couldn't watch him die since he was still Lin Ruoxi's biological father.

He summoned a ball of platinum coloured Samadhi True Fire and tossed it towards the silver ball. The moment the Samadhi True Fire left his hand, it transformed into a fire pillar!

With a deafening crashing sound, the fire pillar missed the antimatter energy and collided with the light pillar instead!

Did he predict his movement and dodged it?!

The antimatter energy rose in the air and materialised into Yang Lie who sneered at Yang Chen.

Ning Guangyao was relieved. He was fortunate to have such a protective artefact and although the light pillar became dimmer, it was still standing tall around him!

He was delighted to see Yang Chen, knowing that he would be able to survive!

"I knew it was you. You're not Yang Lie. Even though I don't know how you concealed your abilities or how you have gotten the antimatter energy, I know Yang Lie wasn't smart enough to plan all this."

"Haha, my plan failed. I've underestimated this sly fox," Wen Tao sighed loudly, "Never mind, you saw me so I'll have to drop the act."

"You should've seen this coming," Yang Chen said with an expressionless face, "The Yang and Ning clans would have been eradicated ages ago if your tactics truly work."

"Is that so?" Wen Tao chuckled, "I can only blame my luck for having such an unstable element like you in China. I would've subdued the two major clans easily if the people here are the same as Yang Lie and Ning Guodong."

"Can I take it as a compliment?"

"No, I'm just saying that you're lucky." Wen Tao waved his hands.

"Then are you planning to tell your true identity to this lucky guy?" Yang Chen squinted his eyes.

Wen Tao smirked, "My identity? Haha, you saw me, I'm Yang Lie..."

"No!! He's not Yang Lie!! Yang Chen, listen to me!! He's that cripple, Wen Tao!! Only he can be with Luo Cuishan, only he can come up with these dirty tricks!! I remember the way he talks, it's him!!"

Ning Guangyao spat out as he stood inside the light pillar. Being at the brink of death infuriated the Premier!

Chapter 1292

Platinum Sword Energy

Yang Chen was dazed for a moment until he remembered who this lame man was.

"It's you...Didn't expect you to be alive until now," Yang Chen sighed.

Wen Tao sneered, "Why? Do you think that a lame man like me should be trampled to death? When you sent that bitch to me, you definitely did not expect that one day, the sluggish and lame man from under the bridge would be standing up in the sky just like you huh? You're just like them, using a judgmental attitude to look at groups of humble beings. But what I am telling you is, in fact, you guys are no different from us. A group of ugly animals calling themselves humans just because they are dressed more decently."

"I initially thought you hated me, that's why you came up with all these boring plans, but I suppose you hate all of us here to the fullest?" Yang Chen questioned.

"Hate you? You all don't deserve my hate! I am only seeing you as my prey and I shall do whatever I want."

Yang Chen chuckled, "You seem confident. I can sense that you are using the antimatter energy, I suppose you achieved all because of Yan Buwen huh? I am curious about how you got to where you are now, but you are indeed different."

"Look, you are still talking to me in such a contemptuous manner... This is what I hate about you people, besides, what makes you think that you can interfere? Did you really think that you could win me?"

Wen Tao sneered, "Your so-called four major families, the rich of Beijing and the legendary families of China, are just scums of fame! In this country, you who call yourselves nobles, the scums that see themselves standing at the peak of the society deserve to be crushed to death! In fact, it is for you guys an honour to be eaten by me!"

Just as Yang Chen was about to say something, he sensed an unfamiliar pressure coming from the west.

In a blink of an eye, a long haired man in a white robe appeared above the pear garden.

The white-robed man looked prestigious, with some frivolous disdain between his brows, he squinted at Ning Guangyao in the beam of light and then glanced at Yang Chen and Wen Tao thoughtfully.

"Fourth Master!? You are here?" Ning Guangyao recognized this man, he was the fourth son of the Ning family who brought Ning Xin and Ning De over.

Yang Chen could roughly guess the origins of this person as he heard about him from Xiao Zhiqing. The generation in power currently consisted of four siblings and the fourth was Ning Zhengchun.

In terms of cultivation, Yang Chen could identify he was at the mid stage of the Three Yang Fire. Although he seemed to be another level higher than Ning Xin and Ning De, he was still not a match to Yang Chen.

“Useless idiot, you actually fell to the point that you had to use the Golden Toad Amulet,” Ning Zhengchun took a glance at Luo Cuishan and Ning Guodong with ruthless eyes and sneered, “They are also a disadvantage for you?”

Ning Guangyao immediately said, “Yes! Fourth Master, please settle them once and for all!”

Ning Zhengchun took a glance at Yang Chen and grinned, “I know you, the kid from the Yang family. You are considered quite famous in our illusion, and I can’t seem to assess your cultivation level, you do seem well-deserved for the fame. I am here today to protect my Ning family members, since he’s fine right now, I shall not make a move. Why don’t you kill these three here for me?”

“Where did such trash come from? Who do you think you are to judge!?”

Without waiting for Yang Chen to say anything, Wen Tao swung his arm and a stout antimatter energy body shot straight to Ning Zhengchun!

He was well prepared and immediately summoned a long white jade sword!

Although this jade sword was not made out of metal, it was filled with sharp metal aura!

A sharp golden sword aura vacated from the sword and formed a fierce wave, colliding into the antimatter energy!

“Boom boom boom!! ...”

The waves were being resisted one by one and after a few consecutive tremors, the antimatter energy was finally crushed by the sword energy, but Ning Zhengchun was also shaken to the ground!

Moving a few steps back staggering, Ning Zhengchun was shocked. He didn’t expect this stranger to have such an ability!

“Hah! That’s all you’ve got and you’re thinking of saving Ning Guangyao!? You might as well die together!!”

Wen Tao’s confidence immediately increased and two successive antimatter beams continued blasting toward Ning Zhengchun on the ground!

Yang Chen had the chance to stop it, but Ning Zhengchun was not exactly related to him and he wanted to see what Wen Tao could do, so he stepped aside.

Ning Zhengchun was tired dealing with this and couldn’t help regretting his carelessness. He should’ve brought more helpers, or ask some masters of the clan to come over!

When he fled, he had no time to look at Ning Guangyao behind him and a beam of light hit the golden shield!

After a loud bang, the golden shield which was almost losing its protection duration, shattered into pieces!

Ning Guangyao lost his protective shield and was horrified!

At the same time, Luo Cuishan and Ning Guodong who were helpless previously showed ecstasy!

“My father, you gave up on me and chose that wild breed first, don’t blame me for turning the tables then!”

Ning Guodong’s resentment and anger over the past few days finally broke out at that point, his body turned into a shadow and went straight up to Ning Guangyao!

“Be careful!!”

Luo Cuishan let out a stern yell, and her figure appeared in front of Ning Guodong!

Ning Guodong paused his steps!

“Poof!”

After a sharp sound, a white and delicate beam, shot through Luo Cuishan’s chest like a laser!

In the distance, Ning Zhengchun, who had moved back a long distance, was raising two fingers that issued the golden sword energy that saved Ning Guangyao!

Ning Guodong was completely stunned at that point, seeing the woman in front of him pierced with a bloody hole in her chest, his eyes widened, without any reaction...

Time seemed to be frozen and going backwards at the same time...

Wen Tao in the sky didn’t feel anything after seeing the scene. Luo Cuishan and her son Ning Guodong had lost their value after the plan failed, so he wouldn’t bother to care.

Ning Guangyao let out a sigh of relief, luckily Ning Zhengchun didn’t forget to take care of his safety, that was really close. He then smiled eerily at the woman on the ground.

Yang Chen didn’t expect such a dramatic scene to happen in this short period of time. He didn’t expect Luo Cuishan who was not her original self to sacrifice and save Ning Guodong who was also not his original self anymore.

Although his transformed body possessed a strong self-healing ability, this kind of sword energy filled with platinum True Yuan was simply not something their body could immediately repair.

The remaining sword energy on Luo Cuishan’s chest caused her wound to continuously expand, she was losing a massive amount of blood and it was unstoppable!

Even if it was a normal mid stage of the Three Yang tribulation passing stage, it was still over the Soul Forming Stage, definitely not something they could imagine at their level.

Ning Guodong subconsciously rushed up and carried Luo Cuishan with red eyes and yelled, “What are you doing!? Why did you save me!? Have you lost your mind!?”

Luo Cuishan tried to touch Ning Guodong's cheek but the pain in her chest was unbearable as the sword energy was consuming her.

"Silly child... I am your mother...." Luo Cuishan said weakly.

His tears couldn't stop, falling on her chest, but they passed directly through her body and fell to the ground.

"I... I know... You are disgusted by me... You think that I am filthy...and you...don't regard me as...your mother anymore..." Luo Cuishan smiled bitterly, "But I... I'll forever... treat you as my..."

When she blurted out the last two words, she had lost too much blood and couldn't sustain anymore. Her head dropped a little and she was gone.

"No!!!"

Ning Guodong screamed, and his canthus were about to split. A mixed emotion of despair, remorse and pain was driving him crazy!

But no one would be bothered about his broken heart at that moment.

Luo Cuishan's death was just an unintentional consequence.

Wen Tao's continuous beams of light were unable to suppress Ning Zhengchun and the antimatter energy on his body rolled up madly as countless silver-gray silk threads surrounded Ning Zhengchun from all directions like inexhaustible waves!

At the same time, a greater amount of antimatter energy went over to surround Yang Chen, as if it was preparing to swallow him!

Chapter 1293

Going Against The Heaven

Yang Chen casually gathered a layer of azure Kui Water around his body. Clinging up the antimatter energy, the cold Heaven and Earth Energy slowed it down.

He didn't expect it to drain off the antimatter energy, as all he wanted was just a moment of opportunity.

Breaking open a ball of blue and silver interlaced light, as if a long and narrow slit was being torn, he rushed towards Wen Tao's body and slammed his head with his fist!

"Boom!"

His head was smashed into shattering pieces, his blood and flesh scattered and even his eyeballs could be seen exploding into a slurry.

But at that moment, Wen Tao's body turned into countless silver-gray energy particles, like a trickle, once again converging from the far side of the sky, recovering into shape!

Between his complacent laughter, his body turned into an arrow tower with countless sharp arrows, shooting frantically at Yang Chen!

Although the series of arrows seem to be dense and small, each one of them contained traces of antimatter energy.

This antimatter energy could not be completely assimilated even with the Heaven and Earth energy, and Yang Chen knew that if he got directly hit, even he would not be able come out unscathed!

Wen Tao also knew about this and was not afraid about Yang Chen's devastating blows which led him to keep attacking him frantically!

For a while, Yang Chen didn't have any good solutions, so he could only use Nanming Li Fire, Samadhi True Fire and even Ming Water and Ye Fire to bombard in turn. However, it was still impossible to stop Wen Tao's attack!

In the crisscross of platinum, crimson red and night blue energy, Wen Tao's body continuously got decomposed and blasted away, but it did not affect his reassembling at all!

What made Yang Chen feel even more flabbergasted was that Wen Tao did not have any intentions of leaving Yang Lie's body.

This meant that he was not just occupying Yang Lie's body, instead he fused Yang Lie into his body!

Meanwhile below, Ning Zhengchun faced a small part of Wen Tao's antimatter energy and was constantly evading. He looked quite exhausted while using the wave-shaped metal sword energy to fight against it.

Ning Guodong who was holding Luo Cuishan's body crying bitterly, saw this scene and his eyes were flushed immediately. He gave a death stare at Ning Guangyao who was currently unprotected!

The Golden Toad Amulet lost its effectiveness and Ning Guangyao was now just a piece of meat on the chopping board!

"It's all because of you... You killed my mother... I'll kill you!! I'll tear you apart!!!"

Ning Guodong tried to jump on him frantically, but Ning Zhengchun constantly kept an eye on his side, despite being cornered, he still desperately swung a wave over to Ning Guodong!

His purpose here was to protect the secular spokesperson and power controller of the Ning family, how could he fail?

"Phew!!!"

The golden swords slash flashed over Ning Guodong's side and half of his arm got cut off by the extremely sharp sword!

"ARGHH!!!"

Ning Guodong cried, but his body immediately grew new limbs for him after his transformation!

Ning Guangyao had retreated to the corner and his heart was beating vigorously. Seeing that Ning Guodong was so desperate to come and kill him, he yelled with a horrible face, "Guodong!! Have you lost your mind!? She is not your mother anymore! She is dead!! This bitch got together with that ugly

lame man, she abandoned me and you!! She deserved it!! She was shameless enough to abandon the dignity of the Ning family! She is not worthy of being your mother! But I am your biological father!!”

Ning Guodong grinned with a twisted face, “Shameless? Dignity? Do you think she is willing to abandon her pride!? If it weren’t for you who went to entangle with another woman and bore a child, would she have done all these and cause so much chaos!? Do you really think that this is what she wants? Turning from a noble woman into a bitch that gets kicked here and there, anybody could get on her, did she ask for it?! It’s all because of you!! It’s you, because of a man who is inferior to a beast, you killed my mother! How dare you call yourself a father? Pfft! Bullshit!! I’ll kill you!!!”

Ning Guodong rushed toward the middle-aged man like a mad wolf and the latter was like a helpless sheep which had no idea what to do!

In the distance, Ning Zhengchun was being restrained to the max level, although he really wanted to help.

Out of a sudden, Ning Guangyao thought about something and shouted, “Yang Chen!! I am your father-in-law!! You can’t let me die!!!”

Although Yang Chen constantly kept an eye on the ground while battling vigorously in the sky, if it weren’t for the shout, he would’ve wished Ning Guangyao to die by ‘accident’!

But... He is still Lin Ruoxi’s biological father.

Yang Chen didn’t dare to imagine what Lin Ruoxi would think of him if she knew that he let Ning Guangyao die.

And even if Lin Ruoxi didn’t know, he would not be able to face the woman properly.

If he really wanted to kill him, he would’ve just done it.

Even though he felt reluctant, he still separated out a Li Fire, before Ning Guodong managed to get to Ning Guangyao, like a stream of light, and ignited Ning Guodong’s body!

“Arghhhhhh!”

Ning Guodong cried and fell to the ground, trying to annihilate the flames that continued to erode his body, but even if his body was able to recover rapidly, it didn’t help much!

Ning Guangyao was drenched in cold sweat, but after seeing this scene, he laughed ruthlessly!

“Bastard, you deserve to be burned to death!! How dare you betray your own father! Go to hell together with that bitch mother of yours!!”

Ning Guangyao, who was quite shocked, suddenly ran to Luo Cuishan’s body and kicked her hard dead body a few times. As if he had to use vulgar words and violent actions to distinguish his anger.

Ning Guodong tried to crawl toward him, but the Nanming Li Fire was a type of heaven fire that not even all Soul Forming Stage cultivators could handle, how could he stop it?

Without long, Ning Guodong’s body vanished into thin air!

Yang Chen who saw whatever happened was tempted to burn Ning Guangyao together as well!

But he could only imagine such things. After all Luo Cuishan and Ning Guodong weren't kind people, he might as well not save Ning Guangyao rather than killing him for them.

However, thinking that Ning Guangyao would still get close to Lin Ruoxi, Yang Chen felt disgusted.

"Hmmp, so you still have the time to be nosy?"

Wen Tao ceased his arrow rain knowing that they weren't really effective, but he was dissatisfied about Yang Chen being distracted. As if being underestimated again, his rage grew!

"At least your methods aren't that difficult to handle for me," Yang Chen said cautiously.

Wen Tao smiled eerily out of a sudden, "I shall give you a chance, let's work together?"

"What kind of cooperation are you looking at?"

"Follow me and turn this corrupted world around!!" Wen Tao shouted madly.

Yang Chen was stunned and pointed at himself, "You want me? To turn the world around?"

"Correct, aren't you the Majesty Pluto, one of the gods? Regardless of you being an actual 'god', aren't gods supposed to change the world?" Wen Tao said roughly.

"You are indeed different with Yan Buwen," Yang Chen sighed, "At least he's just a little crazy, but you are a complete lunatic."

"You are an idiot in my eyes! You don't deserve to be the Majesty Pluto! And you are not worthy of your capabilities and status!"

Wen Tao swung his fist and shouted angrily, "What kind of god are you?! You should benefit the world as a god! But you gods will only hide your heads and show your tails, ignoring world affairs while putting on a hypocritical posture of an extraordinary being! Just like this so-called country that's full of ancient civilizations, countless heritages and cultivators, all these big clans, nobles, important officials, they are all a stumbling block to this world! They are the condensed product of ugliness! I was just a child of an ordinary poor family and I only wanted to enter university so that my parents could have lived better after being poor for almost their entire life! But because of those dog officials, they stripped away my one and only chance of changing my family's life despite being filthy rich! And that nonsense Premier Ning down there, what is he even, pampering himself while fooling the people! He can even kill and humiliate his own wife and son! How disgusting!? Is this what a human would do?! The Tang family is loyal and dedicated to the mysterious Hongmeng, but the old man's son got crazy and died because of Hongmeng for god knows what reason! How fair do you think Hongmeng is?! Luo Cuishan, she only wanted a husband who loves and cares about her, how hard is it to care a little more? Even if he dislikes the fact that she got touched by others, why can't he just arrange a place for her to live in seclusion? Is it necessary to kill her? Just because she was once a medal of some ugly man!? Such an amazing group of gods cultivators! Are you a human who fought all the way to survive, willing to go with this corrupted flow!? Why don't you join me, sweep off the corrupted and depraved world and spread true freedom and power into the hands of the ordinary people!? I believe that one day, all ordinary human beings will find their own power and possess the capability to fight against these monsters!! They shall never be

oppressed, exploited and slaughtered by any forces or anyone again! If the gods and Hongmeng really represented fairness and justice, why is this world so unfair!? The despicable people can do whatever they want and cause the pure and kind ones to receive insults and pain making them end up in endless desperate situations! If all living beings can only be the tools for these filthy monsters for their entire life, what's the point of the existence of gods? What's the point of having Hongmeng!? If even the most simple and mundane wish can't be granted..... So Yang Chen, change all of these with me and go against the heavens!!!”

Chapter 1294 Not Qualified

Wen Tao's hoarse cry was deafening as if he wanted to shake the entire world!

The surging sense of breath in his chest that had been roaring for tens of thousands of years was like an aggressive backlog!

The night breeze in the sky was sluggish, the stars were long, and under the vast sky, the figures of the two men stood dimly.

At this moment, the inexplicable tranquility made people tremble.

After a long silence, Yang Chen, who had been expressionless, took a long breath, lowered his head and chuckled, then shook his head.

“Perhaps it is inappropriate for me to say that you are a madman. You are not only a madman, but also a coward...”

It was just when his arrogance reached the peak, Wen Tao heard such a response, and was tempted to tear Yang Chen apart!

“Did you just call me a coward!? Haha! Are you starting to daydream since it's getting late?” Wen Tao sneered.

Yang Chen didn't explain, the crimson red Ye Fire was ignited again in his hand, “Let's finish this, I gave you a chance to live, karma strikes back and everything that has happened today should be settled by me.”

“Do you think that your ice and fire can hurt me?” Wen Tao said with disdain.

“You won't know without fighting.”

Yang Chen didn't say more, urging the mighty power of Heaven and Earth Energy and swept towards Wen Tao!

One hand igniting the bloody Ye Fire, and the other hand bringing up a vast night blue Ming Water, rushing to Wen Tao fiercely!

Several long Ye Fire dragons roared, winding around Yang Chen, and whistling towards Wen Tao, at the same time, the Ming Water turned into a large number of sea dragons, breaking through the air to encircle him!

The crazy attacks of ice and fire had dyed half the scenery into a magnificent landscape of red and blue!

The huge waves of spiritual aura, formed dazzling colorful clouds, the muffled sounds were like countless nuclear warheads continuously exploding in a ball!

Space was torn apart in every inch of the area, as if it could form a blackhole at any moment and swallow everything up!

The magnificent beauty however was a deadly air prison!

The coercion of the early stage of the Nine Heavenly Lightning Tribulation made Ning Zhengchun who was watching the battle from afar widened his eyes in shock!

He didn't even dare to imagine how he would die if the dozens of red and blue dragons touched his body!

This young man's cultivation level far exceeded his expectations. Thinking of the tone he had previously spoken to him, he was horrified!

Even if the top masters in the family came, they might not be able to withstand it! What kind of perverted technique did he cultivate? How could he have achieved this level of power at such a young age! ?

But! Yang Chen didn't think his fierce offensive had any effect!

After seeing the countless Tianhuo and Xuanshui dismembering Wen Tao's body, they still couldn't stop his countless fine antimatter energy from dispersing into the air!

These antimatter energies cannot be destroyed at all, they can't be swallowed, infinitely, condensed and continuously spreading!

Yang Chen knows that his cultivation level was not what it used to be. If he encounters the original Yan Buwen now, he was determined to use this Tianhuo and Xuanshui to destroy him and kill him in seconds!

But Wen Tao in front of him was not afraid of even the strongest power in this world!

Probably because he was not a cultivator, Ye Fire, the Tianhuo that was extremely destructive to the soul, had no effect on Wen Tao! ?

The flames dissipated, Wen Tao's body condensed again, and Yang Lie's body once again emerged!

"Hehe, insisting on the hard way huh, since you are so obsessed with it, I'll consider you a stepping stone to sweeping the world! I'd feel uneasy if you weren't dead!! Seeing that you used up your methods, I shall now show you my true strength!!"

Immediately after, his entire body turned into antimatter energy. After a burst of violent expansion, it condensed again, twisted and rotated, and then gradually opened and extended...

In a blink of an eye, before Yang Chen responded, a whirlpool cavity was formed in the air!

Yang Chen tried to mobilize Heaven and Earth Energy, but realized that it was in vain!

As if the entire world was in a vacuum at this moment, all the spiritual auras did not exist, except for the Endless Resolve Restoration Scripture in the body, which was still rotating, he was unable to use the endless Heaven and Earth Energy to defend against the antimatter energy!

What made Yang Chen even more shocked was that his body was not in his control, as he began to get sucked into the whirlpool!

No matter how many times Yang Chen urged the Heaven and Earth Energy in his body, he couldn't get rid of the shackles. This kind of suction was so powerful just like a black hole! !

"It's useless! Yang Chen! My antimatter energy has evolved to a level you can't understand, through the transformation of the device! You thought that with Yan Buwen's strength at that time, I would've risked coming here!? Would I have come here to dig my own grave!? Now I am way more stronger than Yan Buwen! This antimatter energy vortex will use the gap between different and parallel spaces to completely shatter your soul! Even if you have your divinity, you can reincarnate, with your soul being controlled by me. You can only wait and die! Since I can't eat you or use you, at least I'll destroy you!!"

In the silver gray whirlpool, Yang Chen's face began to twist, pull, as he tried hard to stabilize his figure, but the vortex of antimatter energy was still eating away his Heaven and Earth Energy at the speed invisible to the naked eye!

Yang Chen could even imagine being unable to communicate with his Heaven and Earth and constantly being swallowed up like this, it would not take long for his body to be completely decomposed into the form of energy!

A state of no sense of parry made Yang Chen angry, but at the same time he felt quite astonished!

He underestimated him after all, he thought that as long as he didn't face the top masters in the illusion realm, he had absolute strength. But he didn't expect that Wen Tao, who was in a head-on confrontation for the first time, would already be so strong!

If he could be reborn in such a way, he was afraid that it would be even more difficult to face the master in the illusion realm!

Seeing that he was about to be finished, Yang Chen struggled in his heart, should he once again summon the chaotic cauldron!?

If the monster lost control and controlled himself, even if it was just a moment, god knows what it would do...

When Yang Chen's heart was glued, Wen Tao, who turned into an energy body, laughed wildly!

The man who felt that he was holding the winning ticket contemptuously said, "Yang Chen, you have won so many people, so what... you still ended up in my hands? Do you know why you lost to me? Before you die, let me tell you as a gift, you have too many concerns that make you weak... The world is like a forest, the strong will always eat the weak. The real strong beings will only use the instincts of an animal to live better. Sacrificing any of your own interests to let others live better is an extremely stupid idea! Fear, timidity, pity, weakness... All of those things will be your cause of dying in my hands! I thought that you would be different, but now it seems that you, as a strong player, are far from qualified, not to mention in being my opponent!!"

Wen Tao speeded up again amidst wild laughter with the flow of antimatter energy, the vortex seemed to have become a huge high-altitude tornado, which could cover the entire radius of tens of kilometers!

Ning Zhengchun on the ground noticed the change in things and couldn't care too much. He turned into a beam of white light and left the scene with Ning Guangyao.

Wen Tao concentrated on dealing with Yang Chen and didn't pay attention to them. After all, it was much easier to chase down those two people than to kill Yang Chen!

The Heaven and Earth Energy supported by Yang Chen's body became thinner and thinner, and gradually collapsed.

Seeing that victory was right in front of him, Wen Tao was about to launch a wave of offense at the end, but he suddenly noticed something!

...

In a blink of an eye, a pair of huge scarlet eyes vaguely flashed from the center of the whirlpool!

Immediately afterwards, a dark gray muddy beast shadow spread out two pairs of meaty wings, making a deafening roar, and raged out from it!

"This...what is this!?"

Wen Tao was shocked, feeling that his antimatter energy vortex was unable to continue to swallow Yang Chen. Instead, he was attracted by a force of suction that was so strong that it could not be swallowed, and began to move towards the center.

It was as if he was chasing a beast. In a moment, the situation changed. Instead of chasing the beast, he was its prey!

Yang Chen's roar came out at this moment, followed by his reddish eyes, like a god of hell, with a stout arm, holding a huge chaotic cauldron like a hill, standing steady like a mountain in the middle of the whirlpool! !

"Who do you say... is not qualified?" Yang Chen asked in a rhetorical voice, utterly low and cold.

Chapter 1295 Who Are You To Fight

Wen Tao seemed to be able to see that there was a huge beast behind this man, staring at him hungrily with his ferocious eyes, as if it couldn't wait to devour him!

After the antimatter energy vortex was forcibly controlled, Wen Tao stabilized his figure, but the strong suction from the giant cauldron made him struggle in midair!

"Damn...what kind of monster is that..." Wen Tao trembled, feeling an uncontrollable panic!

He could clearly feel that if he was eaten by this beast, he would have no way to survive!

Yang Chen stepped forward and approached him inch by inch.

Every step seemed to be stepping on Wen Tao's heart, sounding heavier each step, agitating and causing fear in his heart!

“Perhaps you’re right. There are too many injustices in this world. You deserve sympathy, you deserve sadness, and you deserve mercy... But, in my opinion, you are even more hateful and ridiculous! You said it was a filthy official who ruined your life, then why did you try to become Ning Guangyao to change all of this; you said Luo Cuishan is a woman with a hard life, then why would you want to use her just to abandon her? If you really loved her, why didn’t you save her?! You said that Hongmeng and the gods regard all the people in the world as dogs. Then, in order to achieve your goals, you will slaughter and kill, and you will even have to use force and blood. How are you doing justice? You’re right, I, Yang Chen, am not as strong..... I have compassion, and cowardice, as well as worries....I have selfishness, I do not have grand ambitions, and not even the desire to change this world...

Saying that, Yang Chen was already less than three feet away from Wen Tao.

The chaotic beast shadow behind Yang Chen was like a huge tsunami, ready to swallow Wen Tao!

Yang Chen’s voice was like a huge wave, surging!

“But!! I never backed down, never denied, never tried to conceal my weakness! My hypocrisy!! My selfishness!!! I am me, the Yang Chen who stood in front of the lame Wen Tao since the beginning, and am the same Yang Chen standing in front of you, the coward Wen Tao!! What about you? You dare not use your true self to face this cruel world! You are just a clown who hides behind all kinds of people, through the faces of others. Using your humble and pitiful methods, trying to cover your twisted belief to comfort your own incompetence and vain! Such an inferiority complex, a guy full of bullshit who still hides in someone else’s body even now, a coward that dare not see the world, who do you think you are to fight me?!!”

Wen Tao’s face was pale and he kept shaking his head, “No... No... I’m not like that...you are talking nonsense!”

“It doesn’t matter, because I will kill you today.”

Yang Chen’s eyes flashed sharply. Although the chaotic cauldron’s ferocity was rampant, it’s still within his control range.

With a big wave of his hand, the chaotic cauldron opened its mouth wide and opened a crazy suction towards Wen Tao!

This chaotic beast eats everything, even if the antimatter energy was the energy that violated the heaven and earth, it couldn’t escape the power of the chaos, so naturally, there was no way to escape!

Wen Tao realized that the situation wasn’t good, and ignored the anxiety and unwillingness in his heart. He then tried his best to burst out huge antimatter energy, planning to escape to the southwest!

Obviously the chaotic cauldron was not easy to deal with, under the control of Yang Chen, he once again increased the intensity of devouring!

In the roar of the giant beast, Wen Tao’s struggling body began to weaken, and the stalemate gradually tilted towards Yang Chen...

But it was at that moment, Yang Chen felt his head tingle violently!

“Hmm! ...”

After he let out a muffled snort, Yang Chen felt a turbulent tyranny, trying to occupy his brain!

The chaos did not give up, just as soon as it released its powerful energy, it tried to take the opportunity to fight back!

Yang Chen hurriedly mobilized the “Endless Resolve Restoration Scripture” to suppress it, but it was this moment of negligence that gave Wen Tao a chance!

Although Wen Tao wondered how there was such a stall, he was already out of fighting intentions and wanted to run desperately. How could he look back and think more?

He then tried his best to imply his antimatter energy, and his strong desire to survive made him finally break free from the shackles of the chaotic cauldron!

But just as he ran away swiftly, Yang Chen stabilized the rampant fierce beast in his head, and once again urged the power of the chaos!

“Where do you think you are going!?”

Yang Chen roared, the vicissitude of the ancient and clumsy giant cauldron, like a sky-shaking hood, the bloody pattern on it flickered, crashing down to Wen Tao’s torn figure...

Suddenly!

A ray of silver-gray energy bursted out of Yang Lie’s body!

The dead Yang Lie’s body was decomposed and swallowed as soon as it was inhaled by the chaotic cauldron!

Wen Tao finally realized that there was only a chance to escape without carrying the body and remaining in his pure energy body form, so he gritted his teeth and gave up occupying the body!

Yang Chen didn’t react in time. After all, Yang Lie’s body was swallowed, and there were still some psychological changes, but after he recovered, he shouted deceived!

This guy even played an escaping trick, taking advantage of his short delay, and ran away without a trace!

But how could Yang Chen let this culprit go so easily, even if he escaped without a trace, his divine senses could still detect him.

The beam of antimatter energy, no matter how fast it was, was not so fast that Yang Chen could not catch up.

Without hesitation, Yang Chen kept the chaotic cauldron and turned into a streamer, chasing after him!

In the vast night sky, the icy wind breezed across the face.

Wen Tao realized that the situation was not good and his speed was not enough to escape. If he wanted to get rid of Yang Chen, he had to think of other ways.

The best way, naturally, was to use something to threaten Yang Chen to walk away obediently, but his run has greatly deviated from the Beijing area. Where could he find hostages to threaten him?

Suddenly! An evil light flashed in Wen Tao's mind, following the direction he was free to escape, thinking of a person far in the southwest of China, that's the one!

In fact, after swallowing Yang Lie and robbing a large amount of memory in his mind, Wen Tao immediately locked the target!

In just a few minutes, Wen Tao had already flown wildly over Sichuan Province!

In the distance, it was the beautiful Emei!

From a distance, the two peaks and ridges were ethereal and majestic, like thrushes.

The cliffs were steep and scary with rugged rocks, giving it a majestic momentum.

Although it was night, it was just when the clouds and mist were lingering as the rain drizzled. The clouds and mists channeled around the mountains, changing in a variety of ways, setting Emei Mountain like a graceful and wonderful person.

Seeing Wen Tao's figure heading down, Yang Chen got anxious!

This is Emei? Shushan?!

Almost without thinking, Yang Chen could also understand what this crazy cripple wanted to do!

He must have captured Yang Lie's memory and learned how to enter the Shushan faction station hidden in the back of Emei Mountain. Although it was hidden, it was not difficult for those who had the ability to fly into the sky and escape.

While there, Huilin was doing a clean-up with her juniors just because of her heartache!

Is he going to make a move on Huilin?!

Thinking of this, Yang Chen was even more angry, his eyes were flushed.

He had hurt the innocent and kind girl many times, and caused her to run back to Shushan alone to be with the blue lantern. This time, if she got injured once again because of him then he would really be a criminal!

Shushan was not only the main peak of Emei, but the name of the major mountain ranges in Sichuan Province.

According to Abbess Yun Miao, the ancestors of Shushan also had many amazing talents, who had been in existence for at least thousands of years. If the disciples of modern times hadn't fallen, they would have been hidden by the formation of the mountain guard.

But now, the Shushan Sect was only in a hidden back mountain, relying on their relationship with the government, blocking access to the secular people, and making it less known.

Under the night sky, the clouds dispersed.

Inside the quiet Shushan Sect, the quaint stone houses with black roofs, and green walls, and the pavilions with red pillars and green tiles were neatly arranged, faintly besieged in a Tai Chi Yin and Yang formation.

And in the center of the sect, a black-gray and sharp Bagua tower that seemed to have been baptized for thousands of years, stood prestigiously.

At this moment, in a large hall in the middle of the building in the back half of the mountain, four nuns in plain clothes and nun hats were chanting in silence.

This cold rain in the mountains seemed to fit the tranquil mood of the four nuns.

Then, a silver-gray streamer suddenly flashed in, rushing towards the female nun headed by the hall!!

Chapter 1296 Foolish Actions

The nun with a stunning and clean appearance, showed a moment of shock. As she was about to get up, her neck was firmly clamped by a cold hand!

“Ring!”

The silver gray antimatter energy formed several thin rings and chains, tying her limbs!

“Senior Huilin?!”

“Who are you?! Let go of my senior!”

Three of the female disciples quickly stood up in shock and shouted in shock and anger.

Ashamed and furious, Huilin eyed the malicious person behind her. She had never seen this hideous stranger before – where did he come from?!

The defensive instinct made her utilize her internal energy from Shushan to form a True Qi shield, trying to escape.

But her internal energy hadn't even reached the Xiantian Stage, how could she even move Wen Tao, it was all being dissolved into thin air.

What made her even more terrified was that her limbs were being tied by some strange force, she seemed to have turned into a fish on the chopping board that's about to get slaughtered!

How did this fellow know the whereabouts of Shushan? What was his motive behind detaining her?!

To top these questions off, Yang Chen's appearance at the door of the grand hall simply floored Huilin.

“Big Brother Yang?!”

Although at that moment, the man looked fierce and bloody, she couldn't suppress her excitement, happiness and emotions and she started to tear up.

The three female disciples in the hall were all confused, none of them knew what was happening.

“Let go of her! Your actions will only bring you a more miserable death...”

When Yang Chen's gaze landed on the antimatter energy binding Huilin's limbs, he knew that he couldn't act rashly.

There was no denying that that lunatic made the right bet.

If he had captured anyone else – heck, even if he had slaughtered an entire city – Yang Chen wouldn't have surrendered to such coercion.

But it had to be Huilin out of all people. Although he had indeed turned her down on multiple occasions, he had to admit that he cared for her deep down.

Wen Tao noticed something and let out a grin as he clamped Huilin's delicate neck, "Do you really think that I care... Since I am going to die, might as well hold her captive for a chance to live. "The women you like?"

Before Yang Chen could respond, Huilin couldn't hold the humiliation in and yelled, "Nonsense! Who on earth are you?! I'm clearly not... the woman Big Brother Yang I-likes..."

"Haha! Miss Huilin, as far as I know, your fans from all over the world are anticipating your return to work from your 'rest' and to see you again. You're a celebrity – how could you belittle yourself? There must be countless youngsters who see you as the lover of their dreams... What's more, I only said 'like'. I've never mentioned the word love – why did you get so agitated? It could be adoration between siblings," Wen Tao mocked.

"You...!" Huilin's cheeks turned a ruby red from holding in the mortification. Her irises quivered and she dared not make eye contact with Yang Chen.

Although she knew it was a bad idea to be hesitant now, the lady took it seriously.

Yang Chen felt his heart ache and he took a deep breath to distract himself. His deep voice boomed, "Do you think this gives you a chance to survive? Do you really think that I am incapable of saving her?"

"Really? If you are able to, you can try. We shall see who's faster, you killing me, or me killing her... Tsk tsk, speaking from cultivation, she probably hasn't reached Soul Forming huh. You should know, it's only a matter of seconds for me to kill two mid stage Soul Forming cultivators of the Ning family..."

Hearing these words, Huilin quickly caught on. Although she still couldn't wrap her head around the person's identity, she was certain that he was someone that Yang Chen hated into his bones.

"Big Brother Yang, you... you don't have to bother about me! To have you pursue him like that, he must have done plenty of wicked things! You must kill him. I don't matter..."

Huilin endured the pain from the constriction around her neck and pushed herself to yell.

"What do you mean you don't matter?! I don't remember allowing you to speak, so shut up!" Yang Chen chastised furiously, his wide, fiery eyes glaring at Huilin.

She was taken by surprise and subconsciously held her breath. Tears close to escaping.

Yang Chen made his move and walked toward Wen Tao, the massive oppression of the Tribulation Passing Stage started to rush toward Wen Tao like a tsunami.

Feeling that Yang Chen was trying to defeat him psychologically, Wen Tao was fearless as he was clear that the slower he gets, the more important this hostage was!

Wen Tao sneered and used a strand of silver gray antimatter energy to stroke on the three nuns!

“Junior sister!!”

Huilin shrieked, and tears rolled down her cheeks.

Yang Chen’s footsteps halted. He could not risk another reckless move.

After all, the three Shushan female disciples who didn’t have much cultivation got decomposed completely without knowing what happened!

“Do you see this? My plan may have fallen short because I had underestimated your power, but this does not mean others stand a chance against my attacks... Though I am not you, the gap between our capabilities is not that wide. Before you take my life, you won’t be able to kill this gorgeous little nightingale,” sneered Wentao.

“You’re threatening me,” Yang Chen hissed through gritted teeth. However, out of fear of what the lunatic would do to Huilin, he could only retract his oppression.

Wen Tao got more excited, “So what if I am threatening you? Besides, you’ll definitely count everything on me based on whatever happened in the past, I am definitely going to die in your eyes, why bother to gain less dirt?”

“What is it that you want?” Yang Chen’s fists were balled so tightly his nails dug deep into the flesh of his palms. The gears in his brain spun tirelessly to piece together possible escape strategies.

Wen Tao pretended to be thinking, “Let’s do it this way, you’ll definitely not kill yourself right? My deal is simple, just leave obediently and I will put a trace of antimatter energy on you. Until I think you’ve reached a distance that assures my safety, I will naturally release Ms Huilin.”

“Have you mistaken me for a three-year-old toddler? If I do as you say, I’d bet you’d not only hold onto her, but you’d also hide away and trick me again. Who knows, one day you might even stab me in the back,” scoffed Yang Chen coldly.

“So what? The key point is that you don’t have a choice. Huilin is in my hands – unless you don’t care if she’s dead or alive!” With that, Wentao tightened his grip around Huilin’s neck.

More tears spilled from Huilin’s red eyes. The crystal clear drops rolled off her cheeks ceaselessly, for herself as well as her juniors.

She sobbed. All of a sudden, a dash of resolution flitted across her eyes. Her lips pulled into a faint, wry smile. “Big Brother Yang... I... can’t hold you back...”

Yang Chen was contemplating if he should risk it or not, after all if he released Wen Tao, Huilin as the hostage would have a better chance staying alive.

However, her words seemed to make him mind buzz, and he suddenly thought of something...

“Don’t be foolish!” Yang Chen roared.

However, as soon as his words were out, it was already too late.

“Pfft!”

A mouthful of fresh blood spurted from her lips, dyeing her pale face crimson. The blood streamed down her chin and dripped onto the bluestone tiles.

She looked like an immaculate water lily, dyed red and blooming tragically.

The scene Yang Chen had dreaded the most had occurred after all.

Huilin actually used her internal energy and broke her arteries to kill herself!?

Behind her, Wen Tao was taken by surprise. He hadn't expected such a delicate, frail lady to unhesitatingly take her life for a man's victory at this critical juncture!

It was during this momentary distraction that Yang Chen's body flushed away and reached the front of him!

Years of bloody battle baptism had given Yang Chen the instinct to not miss the gap even facing sudden, drastic changes on the battlefield!

"Bam!"

A loud bang came through, Yang Chen used his fist along with Heaven and Earth Energy and slammed straight on Wen Tao's head!

While Wentao zoned out, Yang Chen delivered another blow to his head!

Spotting the opening, Yang Chen seized the opportunity to swipe Huilin's blood-stained, limp body from Wen Tao. He vanished into thin air and reappeared in a clearing not too far away.

Without waiting for Wen Tao to transform into an energy body for escape, Yang Chen summoned the chaotic cauldron and held it high up in the sky!

This time, Yang Chen's anger overpowered his desire to restrain the usage of the chaotic cauldron. The chaotic beast was more crazy and huge than before and it could cover half of the Shushan Sect mountains!

Chapter 1297 Tower

"Roar"

Between the low roar, the chaos cauldron opened its huge bloody mouth, as if its countless sharp fangs were about to crush Wen Tao that had turned into an energy body!

Wen Tao had already used up all the antimatter energy, and his own abilities were ultimately limited as he isn't able to obtain energy supplies from the outside world.

The silver-gray figure gradually began to fall apart, fluttering like silver threads.

"No!! I can't die...I still have a lot to do...No!!!..."

Wen Tao yelled cowardly, but he couldn't resist the greed of the chaotic beast!

The chaos could clearly feel that if it consumed this "concentrated essence" of antimatter energy, its recovery would be catalysed!

But!

At that crucial moment, a sudden change came through!

Even Yang Chen didn't notice for instance that in the center of the Shushan Sect, the grand Six Bagua Black Tower was actually moving!

The black-gray tower seemed to have been summoned by something. After thousands of years of historical vicissitudes, the old but enduring tower body was moving majestically!

Countless golden rays of light scattered from the numerous gaps in the black tower, illuminating the top of the mountain and reflecting into the sky!

In the sky, the dark clouds somehow gathered from all directions, rolling and condensing into magnificent waves!

A beam of light bursted out from the spire of the tower, piercing through the sky!

Dark clouds swirled around the beam, as thunders with colours of purple and blue were tumbling in it, like a whirlpool that could destroy the heaven and earth!

The chaotic beast that was about to swallow Wen Tao, suddenly reduced its arrogance and retracted into the cauldron after sensing something!

Yang Chen was also taken aback, he turned around and looked, only to find himself confused about this strange situation!

There was a trace of panic coming from above the chaotic cauldron, a trace of anxiety!

The chaos beast is afraid!?

Yang Chen was in shock, because so far, he had never sensed fear in this chaotic beast!

Is it afraid of this sensational scene, or is it afraid of the constantly shaking black tower?

Wen Tao, who was not far away, was weak after using up a large amount of antimatter energy, but he was inexplicably alive, making him feel ecstatic!

As Yang Chen wasn't paying attention, Wen Tao turned into a form of a string and tried to escape from the Shushan area.

However, the situation was obviously not that simple!

"Bang!!"

The moment Wen Tao's body touched the edge of the mountain, he was forced back by an invisible force!

"Buzz!!"

The bluish-purple thunder surrounded the mountains with electric currents, and a wall had unknowingly covered Shushan!

"What the hell is happening..."

Yang Chen didn't care whether Wen Tao wanted to escape or what, he quickly picked up Hui Lin who was lying on the ground, for fear that the girl would be hurt.

After inspecting her pulse, it seems that although her artery was broken, fortunately, there was Shushan's internal energy body protector, preventing her from losing too much blood in a short time.

Yang Chen immediately injected some Heaven and Earth Energy into her body and used the powerful recovery technique of the "Endless Resolve Restoration Scripture" to assist in simple repairs of her damaged organs.

After all, it was nothing so serious that he couldn't resolve.

However, she had fainted because of her weakness, and could not perceive the earth-shaking changes happening.

The remaining disciples on Shushan, even though they were all awakened, none of them dared to come out. The scene over the sky made them frightened.

After Wen Tao attempted several times, he found that he still couldn't escape from the range of Shushan, and felt discouraged and uneasy.

At this moment, layers of black skin began to peel off from the outside of the black tower, revealing the awkward yet simple blue-gray tower inside!

Numerous complicated runes with wonderful lines were imprinted all over the tower.

These runes gleamed with golden red brilliance, shimmering, and some sanskrit sounds that seemed to come from ancient times could be faintly heard.

In the sky, there was a faint golden glow and made it seem like day when it was actually night!

Before Yang Chen could react, the golden light around the mysterious tower was condensed into several transparent chains as thick as a dragon!

These chains were as fast as lightning, and were mixed with powerful suction, winding toward the direction of Yang Chen and Wen Tao!

When Yang Chen saw that it was coming to bind him, he realized that he was still holding Hui Lin!

As he was just about to drop Hui Lin, he was already handcuffed by the chain!

No matter how he used Heaven and Earth Energy to attack the chain, the chain remained motionless, and tightened even more!

For fear of hurting Hui Lin, he had to give up.

In fact, he had no way to think rationally and to analyze the current situation!

The chaotic cauldron had long known that it couldn't escape, and obediently retracted into Yang Chen's core, then remained stationary.

In the distance, Wen Tao's struggles were completely useless. After being handcuffed by a chain, he got pulled towards the tower...

Gradually, Yang Chen saw that he was getting closer and closer to the huge tower until he was swallowed by a cloud of golden light. ...

This earth-shattering scene happened in the middle of the night, except for some disciples of the Shushan Sect, nothing seemed out of the ordinary..

Early in the morning the next day, the Shushan Sect disciples cautiously came out to watch, but they couldn't see any movement from the huge tower at all.

Everyone had to treat all what happened as a supernatural event.

The only thing that shocked the sect was that the senior sister Hui Lin had disappeared, along with the three other female disciples!

However, in all this, the young disciples in the sect had no choice but to inform Abbess Yun Miao who was far away in Beijing.

After experiencing the dreamlike scenes of the night, the disciples looked at the black-gray ancient tower that seemed to have never moved before, faintly producing a trace of indescribable fear...

...

North Pole, under the ice caps, in an underground space, a brand-new hidden area was operating.

A large number of weird advanced intelligent machines were systematically inspecting and controlling various data.

And in the middle of the huge experimental site was an ice round platform with an earthy yellow halo hovering in the air, gleaming softly.

In the air above the round table, there were several pinhole-like probes, constantly releasing antimatter energy, seeming to be performing a type of balancing process.

An iron-faced man in a black robe was lying on an ice bed, looking bored as he stared at an international satellite television in the distance.

He was not very interested in these products of human technology, but he had no choice. Aside from collecting information, he could only stay under the ice.

No matter how rebellious he was, he still dared not disobey Athena's order.

Suddenly, an elegant figure in a black gauze skirt appeared in the center of the laboratory.

The black robe hurriedly climbed down to the ground, and said respectfully, "You're here, everything is normal, Gaia's heart is gradually recovering..."

Athena's face that was hard to see, clearly contained no emotion at all. She said indifferently, "I know."

The black robe laughed stiffly, not knowing what to say, he quickly 'complimented', "You really deserve to be the goddess of wisdom. These devices here are way better than the ones from Yan Buwen and Wen Tao. If it weren't for your busy schedule, they wouldn't have been able to sustain for so long."

Athena stepped gently, walking in the laboratory, watching and said leisurely, "Letting them do it by themselves allows them to truly understand the principles, if I do it myself, they wouldn't be able to take it in any ways.."

"Yes...you are considerate," the black robe smiled and after hesitating for a moment, he asked, "Your Majesty, why didn't we also take the cloned equipment from the laboratory founded by Yanbuwen? Didn't they take a lot of thought to complete it? Are they useless?"

While controlling some equipment, Athena casually said, "I did think of saving some of the clones, so that Gaia's Heart can infuse the divinity found from all over the world into the clone during the recovery phase. This can help to resurrect a group of gods to assist in Gaia's heart recovery. But Yan Buwen, he is not an obedient guy. He has been wasting too many clones and divinity, and thinks it's unnecessary to proceed with my plans... but in fact, the plans were just the icing on a cake. As long as it absorbs enough blood from the Titan and has the power of the overgod, it will definitely be enough to revive Gaia's heart."

"I see..." Black robe came into realization but was still a little annoyed. If he knew that it was not necessary, why should he keep staring at that time, he almost exposed his inner thoughts.

"You don't seem to be satisfied with my approach?" Athena asked in a cold voice, turning her head.

Black robe shook his head hurriedly and said with a smile, "Why would I, Your Majesty, I'm just curious about everything."

"Hmph, I thought you were here guarding, so I shared some stuff with you, but you didn't need to know all this".

Black Robe cursed secretly in his heart, this woman's character was indeed hateful, if it weren't for her strength, he would have liked to tear her alive! But on the surface, he smiled and carefully said, "Your Majesty, I have been worried about one thing, please give me some advice."

"Speak."

"That Wen Tao knows your presence, and he can definitely guess that we have a secret base in the North Pole. He is now confronting Yang Chen head-on, if it is leaked to Yang Chen, will we be in trouble?" Black Robe was worried.

Athena chuckled lightly and said playfully, "You are wrong, he never knew that I existed."

"What...what does this mean?" Black Robe wondered, "Didn't he get the biochip from Yan Buwen?"

"That's right, but he is not the original Yan Buwen, so he can't perfectly implant the biochip designed for the clone into his own brain. The biochip from Yan Buwen has biological genetic codes. What Wen Tao can do is to use computers to extract theoretical information that can be digitised from the chip. Although this is enough to cope with his continuous development in Yan Buwen's scientific research and technology, it is unable to obtain the complicated memories and emotional information from Yan Buwen, because that information cannot be implanted with data."

Black Robe was taken aback for a moment, he was overthinking after all. This woman had already thought about it and he was worried that Yang Chen would suddenly appear and that he could not handle him.

Athena continued, "Compared with Yan Buwen's technique, Wen Tao uses the transformed antimatter energy to transform himself into an energy body, and then devours people to reach a higher level. When he devoured Yang Lie, he was able to obtain information about Yang Lie's memories and feelings. This is why he has improved more than just a bit in Yan Buwen's scientific research."

"Hey, that little cripple is pretty smart, but after the incident from Beijing was exposed, I'm afraid he will be eaten up by Yang Chen's chaotic cauldron," Black Robe smiled happily.

Athena turned around, looking at Gaia's heart that was becoming more and more energetic. Her black dress danced lightly, revealing a meaningful smile...

Although he couldn't see her face clearly, Black Robe was also affected by it. Attracted by the breathtaking scenery, he was dumbfounded...

Chapter 1298

Sacrifice

"No...No...Honey, you can't do this...no!!!"

In the dimness, Lin Ruoxi screamed and woke up from her sleep!

After sitting up on the bed, Lin Ruoxi subconsciously touched her delicate cheeks. There was cold sweat dripping down her face, and her body was soaked in sweat...

"It turned out to be a dream... Fortunately..."

Lin Ruoxi let out a sigh of relief and looked up. Looking at the wall clock in the bedroom, it was almost five in the morning.

Turning her head to look at both sides of the bed, Yang Chen still wasn't back and it was empty.

Lin Ruoxi frowned, with a somewhat ominous premonition. After all, Yang Chen only said that there were cultivators in Beijing, and even if there was a fight, it would not last so long.

However, after thinking for a while, she convinced herself that Yang Chen is strong and shouldn't be in any danger, to make her feel at ease.

As for the nightmare, people often said that dreams were reversed, and that her own man should be safe.

After taking a deep breath and relaxing, Lin Ruoxi reached out and touched Lanlan who was still sleeping on the other side.

The chubby little girl was not awakened by her mother's screams at all. She had an excellent sleeping experience, and she was sleeping soundly with her mouth open like a little pig.

What made Lin Ruoxi feel funny was that her daughter's saliva drenched the sheets, but she didn't notice it.

If it was someone else's saliva that wet her bed, she would have definitely felt disgusted, but she didn't bother about her own child's saliva, instead she thought that it was cute.

Although she had never given birth to a child, Lin Ruoxi realized more and more that she seemed to have made all the preparations of being a mother. She didn't have any learning stage, but was able to take care of the child with ease.

Since she didn't feel like sleeping anymore, Lin Ruoxi went to the bathroom, took off her wet pajamas, took a hot bath, and put on a clean and simple home dress.

In the past, she would have taken into consideration the weather before dressing up but after cultivating, her dress code became more and more casual.

As it was still early, and the rest of the Yang family hadn't gotten up yet, she went on her laptop and accessed Yulei International's management system. She used her highest authority to search through the operating data of the major branches around the world.

Although it was said that Xue Minghe was given the position of CEO, Lin Ruoxi had always been accustomed to not give in everything, and the Athena team she formed was still managed exclusively by her.

The function of this group now was more like that of the CIA, regularly gathering all the important and confidential information of the Yulei branches, which are not even fully accessible by Xue Minghe.

After all, it was the most precious legacy left by the old president. Lin Ruoxi didn't want Yu Lei to encounter any problems after she resigned.

However, Lin Ruoxi would not talk to Xue Minghe about any minor flaws, unless he was burdened. However, if it was a strategic issue that went in the wrong direction, she wouldn't keep quiet.

After reading most of the documents, the sky was already bright, and the people in the house started to get busy.

Lin Ruoxi saw that it was late, so after turning off the computer, she went to the bed and carried Lanlan up.

Lanlan subconsciously hugged her mother like a koala, still dozing in a daze.

"Little lazy pig, you have saliva all over yourself, how shameful, mommy will take you to shower," Lin Ruoxi said with a smile.

Lanlan pouted her lips, muttering sleepily, "Mommy, is it time for breakfast..."

"You only know how to eat huh, take a bath first, come, take off the pajamas," Lin Ruoxi went to the bathroom and put Lanlan in the bathtub then took off her pajamas.

After she was completely stripped, the little fat girl's body was exposed, her whole body was chubby, and her joints were covered with her tender flesh, almost like a baby.

It was hard to imagine that such a meaty little one could easily beat through the body of an adult.

Lin Ruoxi liked to bathe her daughter very much, one of the main reasons being that the child was really comfortable to touch, no wonder Yang Chen liked to pinch her cheeks that much.

After getting a shower, and putting on a clean white sweater and blue suspenders with a cartoon pattern she liked, Lanlan finally woke up and happily went out of the room with Lin Ruoxi then went straight to the dining room.

Although she was curious why daddy had disappeared again, she was used to it, so Lanlan didn't ask much.

Lin Ruoxi wondered how to explain to Yang Gongming and other elders that Yang Chen didn't come home the entire night.

However, as soon as she walked into the dining room, Lin Ruoxi realized that maybe she didn't need to explain...

The atmosphere in the dining hall was depressing and solemn.

In addition to Yang Gongming, Yang Pojun and Yang Jieyu, there was also a guest, Ning Guangyao!

No one had touched the hearty breakfast on the table. It was obvious that after Ning Guangyao came, no one had time to eat.

Seeing Lin Ruoxi leading Lanlan out, Yang Gongming showed a somber smile on his face, "Ruoxi, you're here, I was about to send the servants to find the both of you, is Yang Chen back?"

Lin Ruoxi felt that Ning Guangyao's eyes were full of kindness, but it always felt strange and weird.

"No, I didn't see him this morning, and he was gone after he went out last night. How did you know, grandfather?" Lin Ruoxi asked curiously.

"Premier Ning came and said that last night, near the Liyuan Tea House, there was a rebel that came from the Yan Buwen's side who wanted to kill him. Fortunately, the Ning family has expert protection, and Yang Chen was also there to block the traitor," Yang Jieyu said.

Lin Ruoxi suddenly realized that someone was fighting to kill Ning Guangyao. She couldn't help but look at Ning Guangyao worriedly. Except for his tired face, the middle-aged man didn't seem to be injured.

"Premier Ning said that Yang Chen had gone after the traitor, and I don't know how it was. I came here in the morning and asked about it. I didn't expect him to not have come back yet," Yang Jieyu sighed.

"Don't worry, Yang Chen's strength is superb. Since the opponent is chased and flees, he will definitely not be able to hurt him. Maybe it's a little trouble, or he's playing around outside," Yuan Hwei comforted.

Lin Ruoxi frowned, it seemed that the matter was more complicated, and hoped that it was just one of Yang Chen's surprises, but she couldn't calm her feelings of anxiety.

Ning Guangyao sighed at this time, "Actually, I am here today also for another news regarding Yang Lie..."

“Lie’er? What happened to him?” Yang Pojun asked.

Ning Guangyao hesitated and shook his head, “Sooner or later you will know, it was also what Yang Chen saw with his own eyes last night... Yang Lie... was used by a traitor and had no choice. Last night...he sacrificed...”

“Krang!”

A sharp crisp sound came from the door beside the dining hall.

At the moment of shock, everyone looked toward the direction...

Guo Xuehua, who had just come out with a plate of delicate pastries, was pale and stood there desperately, as if she was a statue...

“Xue... Xuehua...”

“Sister-in-law! You...”

After Yang Pojun realized that the situation was bad, he couldn’t bother asking why Yang Lie had sacrificed, and got up and ran to his wife.

Guo Xuehua was holding her chest with one hand, calling Yang Lie’s name in her mouth, as if it was difficult to breath. She then rolled her eyes and fainted!

The servants at the back hurriedly helped the woman, causing an uproar in the whole room!

Lin Ruoxi clenched Lanlan’s little hand tightly, without saying a word, looking at the disordered Yang family in front of her, she was stunned...

Lanlan had her eyes widened, looking left and right, as if she was hoping to see someone’s figure...

...

After some time, from the darkness, someone slowly opened the eyes.

In the gaps between the branches of the dense forest, the sky could be seen, a blue and pure sky with faint white clouds.

In my ears, there was a gentle breeze and I could smell the scent of grass and soil.

Hui Lin still felt a little pain in her chest, and her breathing was a little unstable, but the sight in front of her made her try to sit up in surprise.

“Are you awake? Does it still hurt?” A familiar voice sounded from the side.

Hui Lin’s delicate body trembled, she turned around and saw Yang Chen alone, leaning under a towering giant tree at least sixty to seventy meters high, looking at her with a smile.

“Brother... Brother Yang...” Hui Lin subconsciously stroked her heart, her artery should have been broken by herself, but now although the True Qi in her body was a little weak, she was healed.

Knowing that Yang Chen rescued herself, she was delighted and grateful. She looked at the dense ancient woods around her and asked curiously, “Big Brother Yang, where are we now?”

Chapter 1299

Ten Thousand Years

To Huilin's surprise, Yang Chen shook his head directly.

"I don't know, I only remember that the tower in the center of your Shushan Sect tied us up with a chain and sucked us in. The power is mysterious, so powerful that I can't resist it. And we somehow fell here in a blink of an eye. Because you are injured, I healed you a little and waited for you to wake up to discuss what to do."

"You mean... the Demon Lock Tower of our Shushan Sect?" Hui Lin blinked her eyes and asked.

Yang Chen's spirit immediately lifted and he said with joy, "Hui Lin, do you know the origin of the tower? Is it called the Demon Lock Tower? Then do you know what's going on?"

Hui Lin waved her hand immediately and said blankly, "No. I was only a child, and I heard from my grandmother that this tower has a long history, and there is no exact record in the ancient books of Shushan. It is rumored to be called the Demon Lock Tower, but few people in the sect have heard the name. We have always treated it as a relic of the patriarchs. As for why we were drawn here and how do we get out, I don't know anything..."

Yang Chen was depressed for a while, and smiled bitterly, "It seems like we are in trouble then, this place is surprisingly big, but it's full of weird stuff."

"What's wrong?" Hui Lin looked around, stood up and said, "I don't think there is anything special, except these trees that seem to be very old. The scenery here is so beautiful."

Yang Chen patted his forehead, the girl was really dull, "Silly girl, don't you think it is strange, if we really entered a tower, how can the space in the tower be so large? Why is there a sky? Where did the trees come from? It's more like a vast virgin forest..Let me tell you this, I checked it with my divine sense, and I couldn't detect the edge at all. The area here is estimated to be able to fit a hundred million of Shushan. How big is the tower to fit such a large place? More importantly, I can perceive that the thinness of the spiritual aura here is far below the normal level, there is hardly any! The Heaven and Earth Energy that can be used is almost all inherent in my core, and there is no way to mobilize the spiritual aura between heaven and earth for my use like when we were outside. Under such circumstances, even if I want to take you to fly as soon as possible, because of the depletion of the true essence in the body, I have to frequently stop to recover my internal energy, and I have to take lots of elixirs. Otherwise, it would take a long time for me to fully recover."

Hui Lin then understood it, but she didn't seem too nervous and worried, she smiled and said, "It's okay, we'll just go on foot, and we can always find some clues to go out."

"You are really optimistic, should I call you slow or happy go lucky?" Yang Chen sighed helplessly.

Hui Lin blinked, "Big Brother Yang, are you in a hurry?"

"Of course, if we are in here, god knows what's going on outside, your sister and the others will be worried," Yang Chen said worriedly.

The girl showed some shame, "Oh...it's my fault, I'm dragging you down, Brother Yang. Then, let's hurry up, if not sister and the others would be worried."

Yang Chen wondered, "Hui Lin, are you really not worried? If your grandma can't find you, she would definitely be anxious."

Hui Lin blushed and clenched her teeth, "I know it's wrong, but I saw Big Brother Yang and... I'm just so happy"

That being said, even she couldn't believe that she would say such a thing, and her chin was almost touching her chest.

A girl in a nun outfit with such a shy face looked really lovely.

Yang Chen looked at the girl somewhat complicatedly. How could he not feel the affection in the words, he couldn't help feeling pity, and sighed, "Look, why are you so foolish, even if you want to distract that lame man with bitterness, you shouldn't make a joke about your own heart. If it weren't for me to quickly treat your injuries, you would already be meeting the king of hell."

"Well...I will pay attention next time."

"Next time?" Yang Chen raised his voice.

Hui Lin shook her head vigorously and looked at Yang Chen firmly.

Yang Chen stepped forward and pointed a finger on Hui Lin's forehead, "You're really getting more foolish the more I look at you, no wonder you're not biologically related to your sister. Seeing that you look like a fool, I should have known that you weren't related!"

Hui Lin was not happy at that point as she felt underestimated by the person she liked, and said, "No, my grandma said that I have a good talent for cultivation and a good understanding."

"Alright alright, it's just words okay. Now that you have almost recovered, let's hurry. I will not take you to fly, so as not to consume too much cultivation base to prevent the lack of True Yuan in the body if we are in danger," Yang Chen said with a smile.

Hui Lin smiled giddily and nodded vigorously, "Yeah!"

Although such casual chatting made the atmosphere a lot easier, Yang Chen actually had no confidence.

It was frustrating as he didn't know where they were, and how to get out!

Hui Lin obviously didn't care much about the situation and followed him obediently, taking a sneak peek from time to time, as though as long as Yang Chen was by her side, nothing else mattered.

Before they knew it, three days had already gone by.

During this period of time, Yang Chen discovered that this place should be the earth. After all, there's the sun, moon and stars. However, when he wanted to fly to a high place, he found that there was a powerful barrier in the sky blocking it, which was basically a closed space.

This giant tree towering virgin forest seemed to be so big and borderless, and it was deserted.

Fortunately, there were many wild beasts and birds here. Although most of the species had strange appearances, unlike the species seen in the wild outside, but they could still be food for Hui Lin.

Although Yang Chen did not go to school, he had read a lot of books with his strong memory. He had quite a lot of understanding of natural biological history. From Yang Chen's perspective, the animals in this place had a certain connection with many ancient creatures and retained a large number of paleontological characteristics, but it was not the ancient creatures that human civilization had come into contact with.

In other words, the appearance of these creatures were likely to be earlier than the biological timeline that humans had explored.

Even the plants in this place were extraordinarily huge, and there weren't many plants that he could identify.

When Yang Chen saw a large "iron tree" with columnar branches, large feathery leaves, and a lot of spores exposed, he was surprised and had his mouth open.

Hui Lin watched Yang Chen stop and stared at the tree in a daze, couldn't help but curiously asked, "Big Brother Yang, what's wrong with this tree?"

"I think we might have entered an isolated place," Yang Chen smiled bitterly.

Hui Lin was puzzled. She only felt that the plants and animals here were so strange. Yang Chen said that it might be an ancient creature, and that was it, she didn't feel that it was anything special.

Yang Chen knew she didn't have the background, so he had to explain, "I can be sure that the tree in front of me is a plant of the Cycadaceae family that has been proven to be extinct on earth. Scientists believe that this kind of plant subject was considered extinct during the end of the Cretaceous period which was 60 million years ago. Although I don't think that the plants in this place were in the Cretaceous period. In fact, many plants here are like species that have appeared in the past tens of thousands of years. I'm afraid it's far beyond our imagination."

Hui Lin was stunned, her little head couldn't imagine such a time period, let alone 60 million years...

At that moment, a hint of surprise flashed in Yang Chen's ears and eyes, he then grabbed Hui Lin's slender waist.

"Come with me, there seems to be a situation ahead!"

Chapter 1300 Purple

Before Huilin could react, Yang Chen had already taken her for a short distance flight and landed on the high-rise branches of a hidden tree.

In an empty woodland a few hundred meters away, there was actually a fight!

Three strong and sturdy men wearing rough leather sweaters, muscular knots, and ugly faces were besieging a pale-faced young man in colorful robes!

What surprised Yang Chen was that this teenager's hair was actually a weird purple, even his pupils were purple!

He saw that the three big men were swift and abnormal, as if relying on their innate fighting instincts, using various spells, repeatedly summoned soil spears and gravel, and attacked with hard fists from time to time.

The handsome young man wrestled with the three with a fan in his hand with fancy skills, occasionally vacating purple flames, but because of the long fighting time, he appeared struggling.

What made Yang Chen feel was that he could not clearly detect the cultivation base of these four people, but it can be judged from the battle situation that their combined strengths were not as good as his own. Although they were already in the tribulation period, they were still average. It was even worse than Yan Feiyu and the others in the early days of Sanyang, who had been defeated by himself.

"Brother Yang, who are they? Why do they seem to be wearing ancient Chinese clothes? That purple-haired guy is weird," Hui Lin wondered.

"How am I supposed to know?" Yang Chen smiled bitterly, "They are all people with cultivation skills, but their auras seem to be very special. What seems to be comforting to me is that there are at least living people here."

Hui Lin asked nervously, "Then do you want to show up? What if they attack us?"

"Of course I'll show up, we have to find a way to ask for information about this strange place, but we also have to choose the right side to stand. The three big men look reckless, but their attack methods are well coordinated and there is no gap for escape. Although their strength is inferior, they will surely kill the purple-haired guy if it goes on like this," Yang Chen squinted.

Hui Lin blinked her eyes, "Who do we help then?"

"Silly, if we want to help, of course we should help the purple-haired guy, offer help when help is needed"

"Oh..." Hui Lin realized that she was asking silly questions again and got disappointed that her IQ plummeted whenever she was at Yang Chen's side.

Yang Chen smiled evilly, grabbed Hui Lin and quickly went to the side of the fight scene.

Realizing that someone had appeared suddenly, all four of them were taken aback, and when they saw the appearance of a man and a woman, all of them were surprised.

Obviously, the clothes of Yang Chen and Hui Lin looked very different from them, let alone his short hairstyle.

However, the three big men still did not relax, surrounding the purple-haired young man.

"Who are you?"

One of the men asked.

Yang Chen let out a sigh of relief, fortunately they could understand the language, although the accent was weird, it was enough to communicate.

“Don’t be nervous, you guys, we just accidentally ended up here, so we wanted to come over to ask, where is this place, and of course we don’t mean to interrupt your fight,” Yang Chen said kindly.

The four of them were stunned, and they looked at Yang Chen weirdly.

“Hmph, so you are new here,” a big guy grinned, “You want to know where this is? When we kill this little purple-haired kid, I’ll tell you, stand and wait obediently!”

That being said, the three of them planned to continue besieging the man with purple hair.

Yang Chen didn’t intend to watch, but sprinted quickly, a fist blasted on the back of the nearest big man like thunder!

“Puff!!”

With a heavy punch, Yang Chen thought he would be able to penetrate this guy, but he didn’t expect that he only managed to make him fly off!

The big man slammed into a giant tree and sank a big hole, but there was no wound created.

“Damn, hey new guy here! You dare to touch us!?”

The two other big guys immediately looked over, while the purple-haired young man looked at Yang Chen strangely.

Yang Chen looked at his hand in wonder as his bones felt a little bit painful. In order to save the limited True Yuan, although he did not use Heaven and Earth Energy, his physique should be strong enough but somehow the punch didn’t injure the big guy? What kind of physique did this guy have!?

“Looking to die?!?”

The big guy who was attacked got up at that moment, his hands were shining with a yellow halo, and he hit the ground with his fists!

“Boom!”

The ground under Yang Chen’s feet suddenly bulged out with a few sharp soil thorns, and it cracked every inch!

Yang Chen soared into the sky, and a Nanming Li Fire whip was lit in his hand. The scarlet fire light reflected the forest red, and he waved it down hard!

“Problem!”

The three big men watched the heaven fire whipping like a dragon wagging their tails, they dodge decisively, rolling in embarrassment.

“Nanming Li Fire!? What the hell are you!?”

“This new guy is evil, retreat!”

Yang Chen didn't say much, and a long whip of Li Fire was ignited in his left hand, and the fire dragon quickly surrounded the forest, chasing the three big guys that were jumping up and down while escaping!

Seeing that the three of them were about to be caught by the fire, the three of them had a flash of yellow light all over, and they got into the ground!

Yang Chen was taken aback for a moment, and he clearly noticed that the three of them had escaped from the underground, and that the speed was so fast that it was staggering!

But Yang Chen didn't have the idea of chasing them, it would consume a lot of cultivation energy, and they might not be easy to kill. After keeping back the Li Fire, he looked at the purple-haired young man with a smile.

"Why are you helping me?" The man with purple hair asked suspiciously.

Yang Chen shrugged, "It's very simple, because you are on the weaker end. By saving you, you'll have to thank me. If I were to ask you something, you'd naturally be more willing to tell me, to be frank."

"How do you know that I am not a villain," the corner of the purple haired man's mouth curled up.

Yang Chen scratched his head, and smiled, "Look at you, with such a delicate skin and tender flesh, you look very gentle, unlike a wicked person."

The purple-haired young man stared at Yang Chen in a daze, seemingly a little surprised, and followed closely. He then laughed and looked at Yang Chen thoughtfully, and glanced at Hui Lin again.

"You are very funny, but unfortunately you misunderstood me. I won't be grateful because you've helped me, because I didn't tell you to", the man with purple hair said proudly.

Hui Lin on the side couldn't stand listening and said frowning, "Why are you so unreasonable? If it weren't for my brother Yang to save you, you would have been besieged to death by them now!"

The purple-haired man disdainfully said, "How sure are you that I would have lost, I haven't even summoned my inner demon. The three brothers in the mountains are only fifth grade and I am not that weak."

Yang Chen was full of doubts, what kind of inner demon, fifth grade... this dude is really troublesome to talk to, not to mention him blabbing about things he didn't understand.

"I have to hurry now, settle yourselves," the purple-haired man sneered, and was about to leave.

Seeing that the dude was about to leave, Yang Chen shook his head helplessly, "He really has some attitude huh, then I guess I have no choice."

That being said, Yang Chen's figure suddenly flashed forward, blocking the way of the man with purple hair.

"Why, do you want to fight me?" The man with purple hair smiled slyly, "Hey new guy, I should warn you, you just hit those three idiots, and you have already provoked the owner of this area. If you dare to

provoke me again it will irritate another person which you can't afford to have. I advise you to find a place to hide quickly, otherwise you will die miserably as you would have no one to rely on..."

Yang Chen sighed, "I thought you could kill me, turns out you are just faking it."

Then, before the purple-haired man could react, Yang Chen stretched his hand towards the man!

"Hmmp!"

The folding fan on the man's hand was lifted, and a purple flame ignited, burning toward Yang Chen's palm!

But when it touched Yang Chen, there was just a loud bang, without any resistance!

In astonishment, the man was already choked by Yang Chen's steel-like hand!

Yang Chen's complexion finally darkened at this moment, and he said coldly: "I hate it when someone threatens me. Although I don't know where I am now, I am not afraid of anyone. You'd better tell me obediently, what is this place, who are you? Tell me how much you know, otherwise, I will kill you, and continue to ask others..."

The purple-haired man's pupils seemed to be burning with purple flames, "You dare to threaten me... the newcomer... I shall show you how powerful my inner demon is!"

A stream of black True Yuan rose up like smoke, emanating from the purple-haired man's whole body, just like solid substances

This gloomy and dark atmosphere made Yang Chen's heart feel agitated, as if countless negative emotions were about to be ignited at this moment!

Gradually, a figure that looked like a demon formed behind the man, with scarlet eyes, staring at Yang Chen sternly!
