

Nothing to Give but My Heart Chapter 1300 – 1309

Chapter 1300

President Han's girlfriend?

Xu Yanwan was stunned for a moment, and quickly reacted. Before she could answer, Jiang Wenwen immediately said: "His girlfriend, I come to Mr. Victor every day, either with this or that. A woman lives without any self. , You let her come to work in the Han family, I guess she has nothing."

Jiang Wenwen shook his head as he spoke, his expression very disgusting.

"Han... the general girlfriend? Does she come often?" Xu Yanwan asked casually, with a pain in her eyes. Although she had guessed that he already has a girlfriend, it is now in the ears of others. Xu Yanwan felt a little uncomfortable when she heard the news about his girlfriend.

"I come here often, almost every day. Mr. Victor has not had a girlfriend for so many years. I guess this little girl wants to show off."

"Show off?" Xu Yanwan didn't know why: "Why?"

Jiang Wenwen glanced at her, stood up and patted her shoulder: "Look at you, little girl, why are you so innocent? What identity is our Han always? How many people in the company want to be President Han's girlfriend, can why don't you show off if you win President Han?"

"Is that so?" Xu Yanwan thought about it for a while, and she felt that there was nothing to show off. She even said to herself, "Isn't it because two people are together because they like each other?"

“Oh my goodness, your idea is so simple, where is there any clean feelings in this world? On the surface, it seems that the two are happy, but in reality? If we, Mr. Victor, have nothing, no Today’s status is just an ordinary man, do you think there will be so many girls who like him?”

After speaking, Jiang Wenwen continued: “Which girls are looking for someone who doesn’t look at money? Who wants to marry a useless man and endure hardship? Love is not the supreme thing. After marriage, money is.”

Xu Yanwan: “...”

“That girl, if it weren’t for Han always has this status, how could he be with him? So, don’t think of people too sacred. You, I have to work hard, I still have things to deal with. You go out first.”

“Okay Sister Wenwen, then I’ll go out first.”

After leaving the office, Xu Yanwan stood against the wall, her whole body fell silent, and the words Jiang Wenwen said to her kept reverberating in her mind.

In her eyes, she has always felt that love is sacred and inviolable.

As long as two people like each other, they can surpass all the impossible, and then together, hold each other’s hands tightly.

But now she heard rumors that the girl liked Victor Han’s status.

Is this true?

Is it possible?

Xu Yanwan raised her head, her eyes a little suspicious.

Is it possible for Victor Han to be like this?

Jessica didn't know how bad she was being pointed behind by others. She took the elevator upstairs, and then walked towards the office in a familiar way.

She ran into Su Jiu on the road.

When Su Jiuyi saw her, he winked at her.

"Come to see Mr. Victor again?"

At first when Su Jiu made fun of herself, Jessica always blushed and shy, but after more times like this, Jessica's face gradually thickened.

Just like now, Su Jiu teased her, Xiao raised her eyebrows, raised her lips and asked, "Yes, I'm harassing him again. Will there be a meeting today?"

"There is no meeting, but he will go to negotiate a contract in fifteen minutes, so...you know."

"Fifteen minutes?"

"Yes, fifteen minutes should be enough for the soup."

Su Jiu pointed to the thermos she was carrying, and Jessica pursed her lips in embarrassment, "Then I will go there first."

"Go ahead."

Jessica went to the office with a thermos.

Although the two were already familiar with each other, Jessica still followed the rules of knocking on the door, and waited until he said to enter before going in.

After entering, Jessica quietly carried the thermos barrel and placed it on his work desk. Victor Han raised his head, and after seeing her, he said: "If you come in the future, you don't need to knock on the door, you can come in directly."

There is nothing to hide her from his work.

Jessica said in a cramped manner: "It's okay. I'm just used to it. I will knock on the door wherever I go."

After speaking, she opened the lid of the thermos barrel and said: "I heard Secretary Su say, will you go out in the future?"

"Ok."

"I have stewed chicken soup for you. You can drink a bowl first. You should be tired recently."

When Jessica wanted to fall, she realized that she had forgotten to bring the bowl. She raised her head and said a little apologetically: "I forgot to bring the bowl. I'm sorry... I originally wanted to bring it when I went out, but..."

Because she forgot to bring a bowl, Jessica's face was full of remorse and guilt. She obviously cooked the chicken soup to bring him to drink. Now he is in a hurry, but he can't even find a bowl.

"Or, I'll go to the cafeteria downstairs and ask if there is any."

After speaking, Jessica turned around and walked away, her wrist was tight, and Victor Han dragged her whole body back into his arms without warning.

Before she could react, her chin was pinched by a pair of big hands, her eyes were black, and Victor Han's thin lips were pressed on.

"Hmm." Jessica's eyes widened, slightly surprised, her eyes flickering.

Because she didn't expect Victor Han to pull her over and kiss her suddenly, and it was still when she wanted to get the bowl. What happened?

Victor Han's kiss was very gentle. At first it fell on her lips like the wind, gently pecking at her lips, but as time went on, his thin lips turned from thin to fierce, and his breath was unstable. The earth spit on her face, and the big hand was directly on the back of her head, prying her teeth away.

Jessica's feeling gradually became intoxicated from surprise, closing her eyes, her eyelashes trembling lightly.

In fact, after the two of them were together, they kissed quite frequently. Jessica had never been in a relationship before, so she didn't know if other men would be like Victor Han.

Enthusiastic, direct and unabashed.

So every time you kiss, Victor Han feels different to Jessica.

Sometimes, he is pitiful, but sometimes he is gentle, and sometimes he is fierce with strong emotions and needs.

She doesn't know how long it has passed, Jessica felt that her breathing was a little unsmooth, so she stretched out her hand and pushed Victor Han's shoulder.

Victor Han was unmoved at first, Jessica pushed again, and then he stopped helplessly, then bit Jessica's lower lip and sighed slightly.

“It’s been so many times, why can’t I change my breath?”

When he said this, Jessica’s expression was a bit awkward, but because the two were still leaning, she didn’t dare to speak, so she could only reach out and push him slightly.

Only then did Victor Han step back and touch her with his forehead.

“What happened?”

His voice is extremely hoarse, and his eyes are extremely deep.

Chapter 1301

Victor Han was born handsome, and his face is a knife-like deserted and calm face. When he is not smiling, he is serious and does not make people feel unreliable when he laughs. He looks at a face that is very abstinent, but at this time it shows such a look seemed to bring her whole person into the eyes.

Looking at Victor Han like this, Jessica swallowed subconsciously.

Too...too attractive!

Unfortunately, she knew very well that Victor Han was going out soon, so she couldn’t delay her time anymore.

“Chicken, chicken soup... haven’t drunk it yet.”

When Jessica spoke, her voice was still a little hoarse.

Victor Han lightly bumped her forehead: “When is it all, still thinking of chicken soup?”

“When, of course, I made it especially for you, but... I forgot to bring the bowl. Will you wait for me here?”

“No.” Victor Han shook his head: “What do you do with the bowl? You can drink directly from the thermos.”

Hearing, Jessica couldn't help her eyes widening, and suddenly imagined Victor Han drinking soup in a thermos. In her eyes, Victor Han has always been elegant, gentle, and calm.

If she let him drink directly from the thermos, how bold is the action?

Just thinking about it, Jessica felt that she couldn't accept it, not because she couldn't accept it, but because she couldn't accept the treatment Victor Han suffered.

So Jessica immediately shook her head vigorously: “No, you can't drink in a thermos!”

“What? Can't accept the way I drink soup in a thermos?”

Jessica nodded solemnly with a serious face: “Yes, you are perfect, absolutely not...”

However, before she could finish her words, Victor Han picked up the thermos and started drinking soup in front of her.

“...” Jessica.

She couldn't stop her at all, Victor Han had already done so, and Jessica widened her eyes in disbelief and looked at Victor Han in front of her.

Although it looks very rough, it is still so beautiful and heart-chord from Victor Han's body.

Woo...

Sure enough, a good-looking person looks good at everything.

Victor Han drank a little, then put down the thermos.

"Don't think of me too perfect, in front of you, I am the most real, eh?"

Jessica blushed and nodded: "Okay...you will go out soon, right?"

"Well, I will be a little busy today, you go home first."

"Okay." Jessica nodded obediently, and Su Jiu came to urge Victor Han. After Victor Han left, Jessica glanced at the thermos and found that the chicken soup in it had all been drunk, and her lips curled up unconsciously. With a smile, she feels very happy holding the thermos.

After sitting in the office for a while, Jessica took the things and left.

When Jessica left, she still took Victor Han's exclusive elevator. In fact, she didn't think about using this elevator to get up. It's just that there were too many people in the other elevator. Every time she saw her, she would behave to her. Attention ceremony.

She was thin-skinned and felt very embarrassed when she was seen too much, so she took only this elevator later.

When Jessica came out, she didn't notice that anyone was looking at her.

Xu Yanwan stood behind the wall, watching Jessica leaving, and then she also saw the thermos barrel she was carrying.

This is the first time Xu Yanwan saw Victor Han's girlfriend.

There is only one side face, and one back. She looks very petite and lovely, and the clothes she wears are also very energetic and every day, she looks like a simple little girl.

Would such a simple girl be with Victor Han because of her status?

Xu Yanwan didn't know, but she clearly understood that the words Jiang Wenwen said to her had indeed entered her heart.

If, if... this girl is really with Victor Han for her status, then... what will she do?

"What are you looking at?"

There was a voice behind her, which shocked Xu Yanwan. After she recovered, she suddenly turned her head and met a pair of curious eyes.

The front desk was pouring water in the past. When she was about to come back, she saw a figure standing by the wall and didn't know what he was looking at. Afterwards, the front desk followed the people's line of sight and found that it was Jessica.

Then, she couldn't help but ask.

Unexpectedly, after turning their heads, the two eyes met, and the front desk froze in place.

"You, you weren't the one the other day..." The front desk looked at her in surprise: "Why are you here?"

Because she had seen herself and heard the ridiculous things she said, Xu Yanwan probably could guess her thoughts now. She calmed down quickly and smiled at her slightly.

“Hello, I am now a regular employee here, and I will be a colleague from now on.”

After speaking, Xu Yanwan stretched out her white and tender hands.

The front desk stared at the white hands blankly, and then looked at her appearance in the workplace outfit, where there is still the embarrassment of the previous meeting, she looks like a temperament woman, and her aura is not weak.

When she reacted, her hand had already stretched out to meet Xu Yanwan.

After touching it, Xu Yanwan put her hand back.

But the front desk did not give up and asked her.

“Did you pretend to be in the Han family? What is your purpose?”

Xu Yanwan paused, probably because she had expected her to ask these questions a long time ago, she said indifferently: “You think too much, not pretending to be before, but during that time I was down. I came here just to meet an old friend. As for my purpose, I don’t have any purpose. I just passed the interview with this company when I cast a net to submit my resume.”

She spoke lightly, but the front desk didn’t believe it. How could there be such a coincidence? Just passed the family when you cast the net for your resume? It’s okay to deceive a child with this, it’s impossible to deceive her.

However, she was able to enter the company so quickly, and it seemed that she was not an ordinary person. The front desk asked: “Just as if you bumped

in by mistake, what were you looking at? If I didn't guess wrong, you are you looking at our President Han's girlfriend? What do you want to do?"

This tone sounded a bit questioning, as if Xu Yanwan had impure goals. Xu Yanwan had always been arrogant. Although she was now down, she was also the eldest of the Xu family. She had never been questioned like this before.

And the meaning of the front desk was obviously questioning whether she wanted to do something immoral. Her face changed slightly, and she quickly reacted, "I didn't want to do anything. Is it illegal to stand here and look at people?" Also, you said she is the girlfriend of President Han? We always have a girlfriend?"

The front desk widened his eyes: "You don't know, what you are doing with her?"

"I think she looks pretty girly, so I took a few more glances. Is there a problem?"

After that, Xu Yanwan turned around and walked. She didn't want to go on any longer with someone like the front desk.

The front desk looked at her back, thoughtfully.

Chapter 1302

After a long while, she curled her lips, always feeling weird in her heart, and she still spit on Xu Yanwan.

Pretending to be like something, saying don't know, don't you know staring at others for so long?

Thinking of something, the front desk hurriedly returned to his position, took out his mobile phone and started gossiping in the group again.

“Big news, big news!”

“Are you annoying at the front desk? The evening paper is not annoying, what do you want to say this time?”

“Quickly shut up, will the host come out and mute her at the front desk? I don’t want to eat dog food anymore.”

“No, no!” The front desk anxiously typed: “This is really big news. Am I telling you that there is a woman who said it is Mr. Victor’s fiancée? I saw her in the company again today. , And then she became a career in our company. When I came back just now, I saw her standing there and looking at our girlfriend Han!”

“...”

“!!!”

“???”

“Fuck! This melon is explosive, you mean Mr. Victor’s fiancée is in our company? This fiancée is playing against his girlfriend? Who is the real one?”

“Does this still need to be said? If it is a fiancée, it must be a marriage contract made with the consent of the two parents. The real fiancé must be the fiancée.”

“So, is the current girlfriend a mistress?”

“Don’t talk nonsense.” The front desk quickly explained: “Who knows if that fiancée is real or fake? She said she is the fiancée but it is not necessarily true.”

“I think it’s true. Think about why our President Han has never been in a relationship before. We have always been alone. I think it might be because we have a fiancée, so we clean ourselves up. I didn’t expect to kill a woman halfway through Victor Han. It was taken, now the fiancée knows and is not reconciled, so she came back to crusade.”

Seeing this speech, the front desk couldn’t help but sigh.

What a powerful brain.

“Hahaha, how do I think this is really possible? If the identity of this fiancée is true, wouldn’t Mr. Victor’s current girlfriend become a third party?”

The crowd boiled, and everyone talked about their opinions.

Time always flies very quickly. After a heavy rain in North City, the weather was much cooler, and the air was a little cold, and the wind blew up and people couldn’t help but get goose bumps.

Levi had been robbing Stella with Walter when he was at home, so he was thrown into the school by his father.

Levi’s IQ can actually go directly to elementary school, but because of the age limit, restrictions, and his daddy only wants to distract him, he directly throws him into an aristocratic school and spends his wallet in school. Three meals a day, he want Levi to stay in school from dawn to dark.

Even later he wanted him to live in school!

Levi rose up to protest!

“Mommy, I don’t want to live in a school, and the teaching content of that school is so boring. I have learned it. I don’t want to learn it again. Mommy, I don’t need to go to school.”

Walter on the side laughed twice in his heart, and before he could speak, the voice of the old man Yuchi on the side spoke in a deep voice.

“That’s not okay. You always have to experience group life. Children should have children’s lives. You should live with children of your age. What is it like to live with everyone?”

After hearing these words, Walter, who had no feelings for Old Man Yuchi, couldn’t help but glance at him more.

Suddenly, he felt that his grandpa looked particularly pleasing to the eye.

When Levi heard it, his eyes widened and he began to coquettish: “Grandpa Zeng, those content will be good for Levi. Levi doesn’t want to go to school. Levi wants to stay at home and spend time with Mommy. He also has time to spend more time with Zeng. Grandpa.”

He started his own tactics. When Yu Chijin heard the little guy say that he wanted to accompany him more, he was immediately moved.

Of course, the previous sentence that he wanted to stay at home with Mommy was automatically ignored by him.

“In this case...”

“No.” Walter interrupted his grandfather, “But group life, you want to be a lone ranger when you grow up? Although you really want to stay at home with your grandpa, it doesn’t mean you can stay at home forever.”

“Grandpa Zeng...” Levi glared at his bastard daddy, and ran into Yu Chijin’s arms to act like a baby.

Yuchijin was so impenetrable that he was so coquettish. He looked at Walter and discussed with him, “Or, just go to class two days a week?”

This time, without waiting for Walter to speak, Stella on the side couldn’t listen anymore, and took the initiative to speak.

“Since you are going to school, follow the school rules.”

She looked at Levi with a serious expression: “Levi, Mommy knows that you are smart and have your own ideas. If you say that you know all the questions in school, then you can learn it again and consolidate it and you won’t need it. , You can’t be proud because you’re smart. What you have to learn in school is more than just knowledge.”

There are also things, artificially, Levi has been by her side since he was a child, and not many people have been in contact with them, and even children of the same age have not been in contact.

This is not the life a child should have.

Levi’s world should be childlike, no matter what, he is just a child after all, and he should also be allowed to go to school to get along with those who have no scheming, the world is not black and white.

Levi pursed his lips: “Mummy...”

“Don’t act like a baby, don’t make jokes when you are serious.” Stella still had a serious face, looking very nasty.

Seeing her like this, Levi didn’t dare to speak any more, he could only sit there with his mouth flat.

Stella was actually a bit unbearable. After all, it was a piece of meat that fell from her body, but after another thought, all children have to walk this way. Everyone is the same. She used to be the same when she was a child. ?

“Well then, mommy... can I not live in school?”

“Yeah.” Stella nodded: “Go to school first and get along with the children. You don’t need to live at school. Then let the driver at home pick you up and go, but you are not allowed to be naughty at school, and you are not allowed to take classes seriously. , Can I learn to get along with other people?”

“Hmm, don’t worry Mommy, I will get along well with the kids.”

Walter finally got his wish, his thin lips curled up slightly.

He finally got rid of this little guy. Levi was very clever in front of Stella. After Stella turned her head, she gave Walter angrily.

Walter returned his look.

Levi thought for a while and felt that it was not too late for a gentleman to avenge him for ten years, so he endured it.

Chapter 1303

Soon, Walter asked the person to complete the enrollment procedures for Levi. As soon as the procedures were completed, he directly asked the person to stuff Levi into the school.

On the first day, Stella took Levi to go in person, and then contacted the teachers.

Because of the appearance of Levi, it is especially popular with people in aristocratic schools.

In fact, Levi did not go to school before, but now this school is different from the previous one, and it has been changed.

The teachers are also new.

So everyone needs to get to know each other.

Soon after everyone got acquainted, Levi was left at school. Before leaving, the teacher arranged Levi in a seat next to a cute little girl in the school.

The little girl wears two cute pigtails, sits upright, her skin is white and tender, and her eyes are very watery, like clear stream water.

She wore a small floral skirt and stepped on a pair of small pink single shoes, pink and white, very cute.

After Levi sat with her, the teacher couldn't help but sigh.

"These two children are too good-looking, sitting together can be pleasing to the eye."

The teacher next to him nodded in agreement: "Yes, you two will sit together in the future, kid Justin, your tablemate is Qiao Luo, and we all call her Xiao Luoluo, and you should get along well in the future. "

Levi glanced at his deskmate. The little girl's expression was timid. After listening to the teacher's words, she didn't talk to Levi. She just glanced at Levi secretly and noticed that when Levi was looking at her, she He quickly took his gaze back and paid it back, as if nothing happened just now.

“Well, then you will be at the same table from now on.”

After the teacher left, the class began and finished a class.

Levi found that his deskmate, Qiao Luo, was a very quiet little girl. When the teacher was in class, she was very serious. She had been sitting upright with her small body and her eyes never left the teacher from beginning to end.

When the class was over, Levi was so exhausted that he stretched his waist and was about to lie down on the table to refresh himself. Several children rushed over here.

“Look at what Qiao Luo brought to school today.”

“Qiao Luo, did you bring me food today?”

Before Qiao Luo could answer, a few children rushed up and pushed her away to carry her schoolbag. Then when she rummaged through her backpack, she dropped her hairpin and notebook on the ground.

“Ah, this is pretty...give it to me? Can it?”

“I want this!”

Xiao Qiaoluo didn't dare to refuse, her eyes were always timid, and when everyone asked her, there was a gentle smile on her lips, “Okay, okay.”

Several people grabbed the contents of Xiao Qiao Luo's schoolbag and turned and left excitedly. Xiao Qiao looked at the hands held by the children together, his pink lips moved, as if to say something. But in the end, he didn't dare, so he lowered his eyes silently, bowed his head to clean up what he had been knocked on the ground.

Levi was lying on the table like this, tilting his head, watching Xiao Qiao Luo pick up the schoolbag, his white hands gently patted the stains on the schoolbag, and then put the small schoolbag back under his desk cabinet.

Probably noticing the look in Levi's eyes, Xiao Qiao Luo looked at Levi, and after receiving his eyes, she turned her head in fright.

Levi did not speak, but kept looking at her curiously.

This girl is so weird. Someone has robbed her of her things, and she still looks okay.

Xiao Qiaoluo noticed that the new deskmate was still looking at her. She was afraid to look at him at first, but after waiting for a long time, her new deskmate seemed to have no response, so her head slowly began to turn to him.

"You... do you want to play with me?"

Levi was stunned, "Huh?"

Xiao Qiao thought she was unwilling, and her face blushed immediately, and said in a panic, "It's okay, I'll just ask."

After speaking, she hurriedly got up and ran away. Levi was totally inexplicable and didn't know what was going on.

The new tablemate looks so strange, the people here are so boring, and they grab other people's things. To be precise, it didn't seem to be robbing, at least they had asked his tablemates' opinions, and he took things away after nodding at the table.

She doesn't know when she can go home after class. Levi wants to go back to Mommy now.

--

In the past two days, Jessica was sitting on pins and needles, restless every day, and had no intention of opening a shop. She made mistakes several times while working in the kitchen, and was finally picked up by Janis.

“What’s the matter with you these few days? Why do you keep making mistakes?”

Jessica was scolded by Janis for making a mistake, and she was immediately ashamed. She lowered her head and said, “Mom, it’s okay, I’m just a little distracted.”

“It’s okay? Where did you make this kind of mistake before? Now there are several of them. You tell me it’s okay? Guess I believe it?”

Hearing, Jessica bit her lower lip with a tangled expression: “But I’m really okay, I’m really just distracted.”

“Honestly, is there a problem between you and Victor Han?”

Jessica was shocked: “Mom! Don’t curse us, okay? I’ll be fine with him!”

“Well, what kind of god do you walk in broad daylight?”

Jessica didn’t want to talk about this. She was actually nearing her menstrual period recently, but the aunt had never come, so Jessica’s heart was both nervous and excited.

Her menstrual period is not accurate, sometimes it will be delayed, sometimes it will be advanced, so now it is delayed for a day or two, Jessica does not dare to doubt anything.

But because of that incident, Jessica is very nervous now, worried that she will really become pregnant.

So she has been thinking about this for the past two days, and naturally she was absent-minded when doing things.

“I’m just a little uncomfortable, I, I want to go back to rest mom.”

Janis looked at her as if she had lost her soul. After thinking about it, she stepped forward and touched her head: “Are you sick? Where is it uncomfortable? Would you like Mom to take you to the hospital?”

“No, no, no!” Jessica repeatedly refused: “I just go and see it myself, mom!”

After speaking, Jessica took off her apron, took her mobile phone and left.

“This kid... just leave. It’s okay to go to the hospital alone?”

After Jessica left the ramen restaurant, she walked aimlessly on the street. She didn’t know how long she had been walking, when she suddenly saw a pharmacy.

Then Jessica walked in in a ghostly manner.

There are not many people in the pharmacy, and it is normal for her to come to buy things, but today’s Jessica is like a guilty conscience, sneaky and cautious when shopping, for fear of being discovered.

Chapter 1304

She bought several pregnancy test sticks and wanted to put them in her pocket. When she was halfway through the action, she felt that this was not enough, and she would be regarded as a thief.

So Jessica could only hold it in the palm of her hand, and then tiptoed towards the counter to check out.

Along the way, she looked left and right, so when she approached the cashier, she didn't see anyone walking next to her, so she slammed into it.

Wow...

The pile of things Jessica was holding also fell to the ground.

She was shocked, because she was too nervous, so she let go of her hand when she hit her, and then things fell.

But the force of the collision between the two sides was not strong, so she was fine.

She saw what fell on the ground, and immediately squatted down to pick it up, but a familiar voice came from above her head.

"Are you OK?"

This voice...

Jessica stopped her hand just as she tried to pack things.

Because this voice seems to be... someone she knows.

Jessica slowly raised her head and saw Lin Xuzheng as expected, but she was looking down and picking up something for her, so he didn't meet her.

Pick something...

Looking at the things he picked up again, Jessica's entire face faded clean. Before she could react, she had dropped the things in her hands, got up and ran away.

Lin Xu came to buy health care products. He didn't expect a daredevil girl to bump into her, and then things crashed all over the floor. First of all, the sound of things falling on the ground attracted his attention.

Then he saw the daredevil girl squat down to pick up things, as if the things were important to her, but now she knocked the things off, so Lin Xuzheng had to squat down to help her pick them up, and greeted her by the way.

After he picked up the things on the ground, he could see clearly what was written on it, the expression on Lin Xuzheng's face paused, and then became a little stiff.

No wonder this girl is so reckless, what turned out to be...

However, before he could react, the reckless girl suddenly dropped what was in her hand and hurriedly walked out.

"Hey..." Lin Xuzheng wanted to stop her, but found that she was running fast, with a rocket on her legs, and she ran without a trace.

As for? Is he so scary? Lin Xuzheng frowned slightly, bending over to pick up all the things again. He suddenly thought of something and squinted at the place where the daredevil girl had left.

"How do you feel... That figure just now seemed a bit familiar? Where do you seem to have seen it?"

Looking at the pregnancy test in her hand again, Lenovo suddenly raised her thin lips when she ran away recklessly.

For yourself, what secret seems to have discovered?

“Sir, these things...” the cashier asked in embarrassment, because it was very close to the cashier, so she saw everything that happened just now, and watched a girl scared away by this tall and handsome man, and then The man is holding the pile of pregnancy test sticks and standing there laughing again, it feels weird no matter how you look, right?

Lin Xuzheng heard the sound and came back to his senses. He placed the pile of pregnancy test sticks in his hand on the cashier counter. The cashier thought he wanted to return it to himself, so he just reached out to put things away, but heard Lin Xu Zheng said suddenly.

“Get more and wrap it up for me.”

Cashier: “???”

Did she get it wrong? Why does the man in front of me say to wrap everything up? Nani?

“Well, my ears don’t seem to be very bright, this gentleman what you just said...”

Lin Xuzheng once again emphasized: “Wrap it all up.”

“But these things...”

“That lady is my friend, I bought it for her.”

It turned out that the cashier breathed a sigh of relief, and then wrapped everything up for Lin Xuzheng.

A few minutes later, Lin Xuzheng walked out of the pharmacy carrying the bag and car keys, and got into the car slowly and calmly. He drove the car and glanced at the nearby buildings.

Isn't this street the same street as the ramen restaurant?

It seems that he can go to the ramen restaurant.

After Jessica ran away, she hurried back to the ramen restaurant without stopping. When she went back, Janis happened to walk out of it with her things. She was a little surprised when she saw Jessica.

"Yan Yan? Why did you come back? Didn't you say you went to the hospital for an examination? How come so soon..."

"Mom, I'll go upstairs!" Jessica dropped a word and ran upstairs, the speed was so fast that Janis couldn't respond, "This girl is really..."

However, looking at her full of anger, running so fast, there should be nothing to do, so Janis didn't ask anything else.

After Jessica ran upstairs, she locked herself in the room and was finally able to sit down and catch her breath. Her heart was beating so badly that she didn't expect that she would just go to the drugstore to buy something, and she would actually meet Lin Xuzheng.

If it's someone else, that's fine, but it's Lin Xuzheng!

Lin Xu is Victor Han's friend, and the relationship between the two is pretty good!

She doesn't know if he recognizes her, will she go to Victor Han and talk nonsense? Jessica is going crazy!

She was too reckless, the more nervous she was, the more wrong she was.

“Jessica wailed, and then lay down on the table and looked ahead with an impenetrable expression. What should she do? Did he recognize her? But why is it so coincidental? She went to the drugstore, Lin Xuzheng also went to the drugstore, and then the two ran into each other.”

Moreover, the things she wanted to buy were not brought out in the end, really...

And downstairs, Lin Xuzheng had already arrived. He stopped the car and walked into the store with his things. Janis was very excited when he saw him coming.

“Boss Lin? Why are you free today?”

Boss Lin called Lin Xuzheng very embarrassed, touched his nose awkwardly, and said: “Auntie, just call me Xiao Xu.”

Lin Xuzheng and Victor Han are good brothers, and the relationship between the two is very iron, and if Victor Han and Jessica are able to achieve good results by then, his generation will be about the same as Jessica.

Although he is many years older than Jessica.

“Xiao Xu?” Janis rolled her eyes, “How can this be? You are...”

“Auntie just call me Xiao Xu, you are an elder, if you call me Boss Lin, I can’t bear it.”

“Well, that’s okay. Are you here to eat noodles today? That girl Jessica rushed upstairs just now, I’ll get her down for you.”

After speaking, Janis opened her voice and shouted upstairs.

“Jessica, hurry up and get down to work, boss Lin is here!”

Jessica, who was lying on the table and pretending to be dead, heard this and immediately straightened up and sat up, which can be said to be agitated.

Lin Xuzheng is here??? ?

Why is he here? Did you recognize yourself and came here on purpose??? ?

Jessica panicked, she stood up and didn't know what to do, but she quickly realized that when she fled, Lin Xuzheng didn't see her face at all, how could she recognize who she was?

Chapter 1304

She bought several pregnancy test sticks and wanted to put them in her pocket. When she was halfway through the action, she felt that this was not enough, and she would be regarded as a thief.

So Jessica could only hold it in the palm of her hand, and then tiptoed towards the counter to check out.

Along the way, she looked left and right, so when she approached the cashier, she didn't see anyone walking next to her, so she slammed into it.

Wow...

The pile of things Jessica was holding also fell to the ground.

She was shocked, because she was too nervous, so she let go of her hand when she hit her, and then things fell.

But the force of the collision between the two sides was not strong, so she was fine.

She saw what fell on the ground, and immediately squatted down to pick it up, but a familiar voice came from above her head.

“Are you OK?”

This voice...

Jessica stopped her hand just as she tried to pack things.

Because this voice seems to be... someone she knows.

Jessica slowly raised her head and saw Lin Xuzheng as expected, but she was looking down and picking up something for her, so he didn't meet her.

Pick something...

Looking at the things he picked up again, Jessica's entire face faded clean. Before she could react, she had dropped the things in her hands, got up and ran away.

Lin Xu came to buy health care products. He didn't expect a daredevil girl to bump into her, and then things crashed all over the floor. First of all, the sound of things falling on the ground attracted his attention.

Then he saw the daredevil girl squat down to pick up things, as if the things were important to her, but now she knocked the things off, so Lin Xuzheng had to squat down to help her pick them up, and greeted her by the way.

After he picked up the things on the ground, he could see clearly what was written on it, the expression on Lin Xuzheng's face paused, and then became a little stiff.

No wonder this girl is so reckless, what turned out to be...

However, before he could react, the reckless girl suddenly dropped what was in her hand and hurriedly walked out.

"Hey..." Lin Xuzheng wanted to stop her, but found that she was running fast, with a rocket on her legs, and she ran without a trace.

As for? Is he so scary? Lin Xuzheng frowned slightly, bending over to pick up all the things again. He suddenly thought of something and squinted at the place where the daredevil girl had left.

"How do you feel... That figure just now seemed a bit familiar? Where do you seem to have seen it?"

Looking at the pregnancy test in her hand again, Lenovo suddenly raised her thin lips when she ran away recklessly.

For yourself, what secret seems to have discovered?

"Sir, these things..." the cashier asked in embarrassment, because it was very close to the cashier, so she saw everything that happened just now, and watched a girl scared away by this tall and handsome man, and then The man is holding the pile of pregnancy test sticks and standing there laughing again, it feels weird no matter how you look, right?

Lin Xuzheng heard the sound and came back to his senses. He placed the pile of pregnancy test sticks in his hand on the cashier counter. The cashier thought he wanted to return it to himself, so he just reached out to put things away, but heard Lin Xu Zheng said suddenly.

“Get more and wrap it up for me.”

Cashier: “???”

Did she get it wrong? Why does the man in front of me say to wrap everything up? Nani?

“Well, my ears don’t seem to be very bright, this gentleman what you just said...”

Lin Xuzheng once again emphasized: “Wrap it all up.”

“But these things...”

“That lady is my friend, I bought it for her.”

It turned out that the cashier breathed a sigh of relief, and then wrapped everything up for Lin Xuzheng.

A few minutes later, Lin Xuzheng walked out of the pharmacy carrying the bag and car keys, and got into the car slowly and calmly. He drove the car and glanced at the nearby buildings.

Isn’t this street the same street as the ramen restaurant?

It seems that he can go to the ramen restaurant.

After Jessica ran away, she hurried back to the ramen restaurant without stopping. When she went back, Janis happened to walk out of it with her things. She was a little surprised when she saw Jessica.

“Yan Yan? Why did you come back? Didn’t you say you went to the hospital for an examination? How come so soon...”

“Mom, I’ll go upstairs!” Jessica dropped a word and ran upstairs, the speed was so fast that Janis couldn’t respond, “This girl is really...”

However, looking at her full of anger, running so fast, there should be nothing to do, so Janis didn’t ask anything else.

After Jessica ran upstairs, she locked herself in the room and was finally able to sit down and catch her breath. Her heart was beating so badly that she didn’t expect that she would just go to the drugstore to buy something, and she would actually meet Lin Xuzheng.

If it’s someone else, that’s fine, but it’s Lin Xuzheng!

Lin Xu is Victor Han’s friend, and the relationship between the two is pretty good!

She doesn’t know if he recognizes her, will she go to Victor Han and talk nonsense? Jessica is going crazy!

She was too reckless, the more nervous she was, the more wrong she was.

“Jessica wailed, and then lay down on the table and looked ahead with an impenetrable expression. What should she do? Did he recognize her? But why is it so coincidental? She went to the drugstore, Lin Xuzheng also went to the drugstore, and then the two ran into each other.”

Moreover, the things she wanted to buy were not brought out in the end, really...

And downstairs, Lin Xuzheng had already arrived. He stopped the car and walked into the store with his things. Janis was very excited when he saw him coming.

“Boss Lin? Why are you free today?”

Boss Lin called Lin Xuzheng very embarrassed, touched his nose awkwardly, and said: “Auntie, just call me Xiao Xu.”

Lin Xuzheng and Victor Han are good brothers, and the relationship between the two is very iron, and if Victor Han and Jessica are able to achieve good results by then, his generation will be about the same as Jessica.

Although he is many years older than Jessica.

“Xiao Xu?” Janis rolled her eyes, “How can this be? You are...”

“Auntie just call me Xiao Xu, you are an elder, if you call me Boss Lin, I can’t bear it.”

“Well, that’s okay. Are you here to eat noodles today? That girl Jessica rushed upstairs just now, I’ll get her down for you.”

After speaking, Janis opened her voice and shouted upstairs.

“Jessica, hurry up and get down to work, boss Lin is here!”

Jessica, who was lying on the table and pretending to be dead, heard this and immediately straightened up and sat up, which can be said to be agitated.

Lin Xuzheng is here??? ?

Why is he here? Did you recognize yourself and came here on purpose??? ?

Jessica panicked, she stood up and didn’t know what to do, but she quickly realized that when she fled, Lin Xuzheng didn’t see her face at all, how could she recognize who she was?

Chapter 1305

He will come here, probably because he wants to eat noodles.

She can't panic, she has to calm down before things are completely understood.

Jessica washed herself, brain, and then calmed down quickly, took a deep breath, and walked downstairs.

When she went downstairs, she tried to be as calm as possible. When facing Lin Xuzheng, she greeted him as usual, and then went into the kitchen.

After entering the kitchen, Jessica was cooking the noodles. Thinking back to the way Lin Xuzheng met just now, his eyes and expressions seemed to be the same. Maybe he didn't know that it was her?

Fortunately, if you let him know, maybe he would talk nonsense to Victor Han?

It is unknown whether she is pregnant or not, so she has to use the pregnancy test stick to test it. If this happens by then, it will be embarrassing.

Therefore, Jessica had already decided before it was confirmed. Only she would know about this, and she would not be as rash as she was today when she went to the drugstore in the future.

Lin Xuzheng stayed in the private room upstairs. He glanced at the bag placed next to him, with a smile on his face.

He knew that his friend was planted this time, but he didn't expect the two of them to develop so quickly, and he didn't know what his stable friend for many years was like when he couldn't control it?

Also, if he knew that he was going to be promoted to be a father, what would he look like?

If possible, Lin Xuzheng really wanted to take this bag of pregnancy test sticks to find Victor Han, and then tease him a few more words. Seeing his discoloration, just thinking about it makes him quite funny.

Unfortunately, these things were taken from Jessica. For a girl, let's keep a good secret for her first.

Jessica walked into the room with her face, concealed her guilty conscience with a light cough, and then put her face in front of Lin Xuzheng.

“Big Brother Lin.”

Lin Xuzheng glanced at her, the little girl's eyes were shining, and she obviously didn't dare to look at him.

Are you so scared? Obviously, she had already recognized herself as the eldest brother before, but now she still dare not look at him directly?

“Well, sit down.”

Jessica sat down in front of Lin Xuzheng, probably because of her guilty conscience, so she breathed very lightly, as if she wanted to reduce her sense of existence.

But Lin Xuzheng calmly picked up his chopsticks and ate slowly in front of Jessica's noodles. Jessica can still chat with him on weekdays, but today he has nothing to say.

“What's the matter?” Lin Xuzheng suddenly raised his head and glanced at her.

“Huh?” Jessica looked into his eyes like a frightened bow, “Big Brother Lin, what's wrong?”

“Isn’t this sentence that I should ask you?” Lin Xu was looking at her with a smile: “Today is so silent, so I have nothing to chat with me?”

“Ah no.” Jessica repeatedly waved her hands to deny: “I was just thinking about things, not that I didn’t talk to Brother Lin.”

“Oh?” Lin Xuzheng raised his eyebrows: “What do you want? Tell me about it?”

“Oh, eldest brother is eating now, I will disturb you.”

“Anyway, I’m boring now, so just talk about it.”

After that, Lin Xuzheng lowered his head and began to eat noodles, but Jessica was embarrassed, “No, I’m just thinking about whether to hire an extra person in the store.”

Hiring someone?

“Huh? Is there not enough manpower now? Are you ready to retreat?”

Is she paving the way for a future pregnancy?

Jessica heard him ask if she was going to retreat, her hair on her head suddenly stood up, and she became vigilant: “No, no, I just... think my parents are a bit busy, so I think about it. I want to hire one more person.”

“Well, my uncle and aunt are not young anymore, so I shouldn’t be so busy. It would be nice to hire a few more people. Can someone choose? Do you need your eldest brother to help you distinguish?”

“No, don’t worry about this, recruit slowly until you get the right people.”

“Also.”

After the two were silent for a while, Jessica felt that she couldn't stay here anymore, so she made an excuse to leave.

“Brother, the downstairs is a bit busy, I won't eat noodles with you today, okay?”

“Well, I saw it when I came in. The business is doing very well, so go ahead and get busy.”

“Sorry, big brother, I'll accompany you next time!” After saying that, Jessica quickly stood up, almost about to flee, but after she turned and walked two steps, Lin Xuzheng suddenly stopped her.

“Sister.”

“What?”

Jessica turned around and looked at Lin Xuzheng with a puzzled expression.

“Your stuff, I forgot to give it to you.”

Lin Xuzheng smiled and carried a bag next to it and placed it on the table. Jessica was a little confused at first, “My stuff?”

“Well, yours.”

Jessica walked over and picked up the bag with a bewildered expression. Because she didn't think about that way, she opened the bag directly in front of Lin Xuzheng.

As a result, the bag opened, and when she saw clearly what was inside, Jessica's color suddenly changed.

"This, this..."

How! !

Jessica's eyes widened in disbelief. The bag contained the pregnancy test stick she had just bought at the pharmacy, and at this time, it was all packed in the bag and delivered.

Why would Lin Xuzheng bring these things to her? Could it be...he recognized her when he was in the drugstore?

"What?" Lin Xuzheng looked at her shocked expression and found it very interesting: "Isn't this your thing?"

Jessica reacted, unconsciously let go of the bag, the corners of her lips twitched, and smiled awkwardly: "Brother Lin, what are you kidding? How can these... things belong to me?"

"Not yours? But when you were in the drugstore, you took these things."

Hearing this, the smile on Jessica's lips could no longer be maintained. She took a serious look at Lin Xuzheng. The corners of the other's eyes and lips were smiling, which was obviously just teasing her!

Thinking of this, Jessica asked a little angrily, "Big Brother Lin, you've already seen me!"

Lin Xuzheng smiled quietly.

Seeing what he looked like, Jessica felt that she had guessed correctly. He recognized herself, so she bought the things and came to her store to prepare to give them to her.

“Brother Lin, how can you do this? You!”

Looking at Jessica, he was about to lose his temper. Lin Xuzheng quickly remedied: “Alright, don’t blame Big Brother, Big Brother also came to buy things and suddenly bumped into you. He saw that you dropped the things, so he gave it to you. Come here, no other thoughts.”

“If you don’t have any other thoughts, why didn’t you just say it when you came, you must wait until now?”

Lin Xuzheng looked helpless: “Isn’t this trying to tease you? I didn’t expect you to be so casual. Okay, my sister, don’t be angry with the big brother. I sent you everything and paid you back. .”

It’s okay not to mention this, and it makes Jessica even more ashamed.

Chapter 1306

“Big Brother Xu, I beg you to stop talking, if you go on, I really have nowhere to put myself.”

Jessica really didn’t expect that she would meet Lin Xuzheng when she went to the pharmacy casually, nor did he expect that he would send the things she left to the store and tease her.

“You girl, what’s the matter with this kind of thing, isn’t it just a pregnancy test stick?”

Hearing those three words mentioned by him, Jessica’s whole body was not good, did he know he was a man? Why does he has to mention it frequently in

front of girls, so he won't feel embarrassed? Jessica felt that he was really going crazy, and she didn't know how to stop him. The most worried thing was not about this, but whether Lin Xuzheng would run to Victor Han and talk about it.

If Victor Han knew about this, he would definitely ask her.

Jessica felt that he had to clarify the words with Lin Xuzheng anyway. After thinking about it, Jessica walked to the front of Lin Xu and sat down: "Big brother, it's kind of you to help me bring these things over today, but, I don't really want the third person to know what happened today, do you understand what I mean?"

"What's wrong? Don't you want to tell him about such an important thing?"

"It's not that I don't want to tell him, but elder brother, you may not know that I did not buy these things for myself, but for my friends." Jessica started talking nonsense with her eyes open. In fact, she felt that she just wanted to fool herself. It was fine in the past, but Big Brother Xu obviously didn't believe her.

"Your friend? Can you tell me who your friend is?"

"Oh, Brother Lin, what are you asking for? I bought it for my friend. That means she doesn't want others to know. If she wants others to know, she won't let me buy it for her. Brother Lin, you said Is it true?"

Hearing, Lin Xuzheng raised his eyebrows: "You seem to be right, but why is there something wrong with me?"

"Nothing is wrong, there is nothing wrong, Brother Lin, don't ask anymore."

Well, Lin Xuzheng could see that she didn't want to mention this matter anymore, so she could only change her words: "Then do you know your friend, why don't you want others to know?"

Jessica breathed a sigh of relief, did Lin Xuzheng believe this? Otherwise, he wouldn't ask, but Jessica had no reason to refuse this way of questioning. She could only say, "Maybe it's because of uncertain factors, or there's something she doesn't want to sue, so I can understand her."

However, in the end, what Jessica cares most about is whether Lin Xuzheng will tell Victor Han about this matter. In case she can't control him, or doesn't listen to what he is saying, it will be over.

"I can understand him, so will you also understand Big Brother Xu?"

Lin Xuzheng smiled unpredictably, "Who knows, maybe so too."

This answer made Jessica a little anxious. If he would be yes, he would not be no. How could it be possible? How did Lin Xuzheng talk like this?

"Sister, it seems that this friend who cares about you very much, don't worry, it looks like you are anxious to get angry, I will definitely keep a secret for your friend."

"Really?"

Jessica breathed a sigh of relief, and finally got Lin Xuzheng done. she shouldn't talk nonsense anymore.

After talking to Lin Xuzheng, Jessica took the bag and went downstairs. When Janis came up, she had already stuffed things into her bag, and then went out and continued to work as if nothing had happened.

When Lin Xuzheng finished eating the noodles and was about to leave, Jessica still felt uneasy, and went to send him personally. After telling her, Lin Xuzheng couldn't help but reach out and touch her head, seeing her nervousness.

“Well, how can you break his promise when Big Brother Lin promised you? Don’t worry, let alone your friend, even if it is you, Big Brother will keep it secret for you.”

Jessica blushed and argued softly: “It’s not me.”

“Well, big brother knows it’s not you, don’t worry about going back.”

“That...”

“I can’t say it.”

With Lin Xuzheng’s repeated assurances, Jessica returned to the shop. Lin Xuzheng finally found a chance to leave. He didn’t hesitate to drive away from the ramen restaurant as soon as he got in the car, for fear that Jessica would be slower. Will chase it out.

This girl is really stubborn, stubborn, she is still so innocent, think she is fooling the past? In fact, everyone felt like Ming Jing, Jessica wanted to pretend to be stupid, and Lin Xuzheng didn’t bother to expose her again.

It’s just that Lin Xuzheng finds it particularly interesting when he thinks that someone will be unable to control himself.

So he drove the car directly to the Han Group.

Although Lin Xuzheng rarely came to the Han group, his handsome appearance and well-known reputation made everyone know him and his relationship with President Han. So when Lin Xuzheng went there, he hit the front desk. After a greeting, I went to take the elevator.

Instead of taking the exclusive elevator passage, he went to the elevator where employees usually take seats.

Because he was thinking about what had just happened, Lin Xuzheng had a faint smile on his lips. When the elevator opened, someone walked out of it.

Lin Xuzheng glanced inadvertently, then paused.

Xu Yanwan walked out holding the information, and then she also raised her head inadvertently, just to meet the people standing outside.

After staring at each other for about three seconds, Xu Yanwan's lips moved, seeming a little surprised: "Lin Xuzheng?"

This sound pulled Lin Xuzheng's mind back.

At first he thought he had admitted the wrong person, but when Xu Yanwan called out, Lin Xuzheng knew that he had not admitted the wrong person.

"Xu Yanwan? Is it really you?" Lin Xuzheng narrowed his eyes and looked at Xu Yanwan in front of him.

"I rarely see her dressed like this, formal, simple, and generous. When I saw her before, she always wore a dress, gentle and moving."

Xu Yanwan smiled at him. When he was about to walk out of the elevator, the elevator door was about to close. Lin Xuzheng stretched out his hand to block, and then went into the elevator.

"Why are you here? You don't come to Victor Han for dressing like this? Are you working here?" Lin Xuzheng pressed the floor where the president's office was while talking.

Seeing the number Lin Xu was pressing, Xu Yanwan didn't know what it was like in her heart.

She came here for work during this period, especially when she was taking the elevator, she wanted to go upstairs to see what he was doing, but... she didn't dare, unexpectedly today...

"Well, I work here."

"Oh?" Lin Xuzheng raised his eyebrows when he heard the words, "When did Miss Xu's family fall to the point where she is going to work in Han's enterprise? Xu Yanwan, are you here for Victor Han?"

Hearing, Xu Yanwan's expression changed slightly: "Of course not."

"Then why are you here?"

Chapter 1307

Why is it here?

The expression on Xu Yanwan's face was very calm, "Didn't I just say it? I'm working here. As for the question you asked, I can only tell you that Xu's family is bankrupt and my parents are dead. What am I doing now? It's gone, and it's not the eldest lady of the Xu family anymore."

The joking smile on Lin Xuzheng's lips gradually disappeared after hearing the next words. He looked at Xu Yanwan in front of him and felt that the news was really unacceptable, so he didn't return to God to speak for a long time.

"Without this expression, I am no longer sad, so you don't need to feel sorry for me, because Xu Yanwan doesn't need that kind of thing."

After saying this, Xu Yanwan straightened her back very high and looked indifferent.

The air was silent for a long time, and Lin Xuzheng sighed heavily.

“Sorry, I didn’t expect things to be like this. Those words just now were unintentional. I apologize to you.”

“You don’t have to apologize. You don’t know the past. This is your usual way of speaking, so I don’t blame you. If you continue to say this after you know it, I may be really angry.”

The two looked at each other for a while and laughed at each other.

“Why didn’t you tell us earlier when such a big thing happened?”

Yes, Xu Yanwan was not only childhood sweethearts with Victor Han, but also Lin Xuzheng who grew up with them. These three people have a pretty good relationship.

However, between the two families, the Han family and the Xu family were close, but the Lin family did not.

“I don’t like to say this much. Besides, when these things happened back then, it was very messy and busy, and there was no other time to do anything else.”

Speaking of the sad days at the beginning, Xu Yanwan’s emotions were still very negative and low, but she controlled her emotions freely and quickly controlled these emotions. Chao Lin Xuzheng smiled: “Anyway, now things are over, there is no need. Let me mention it again. It’s just that Miss Xu’s family disappeared in the future, and there was only one more Xu Yanwan. I’m working as a clerk here now, which is pretty good.”

“Victor Han doesn’t know, right?” Lin Xuzhengdao.

Xu Yanwan was taken aback for a moment and shook her head: "I didn't tell him."

"Right."

According to the relationship between the three people when they were young, if he knows that Xu Yanwan worked in the company, there is no reason to let her be just a small employee. There is a sense of affection in the middle, and Xu Yanwan's ability cannot be as simple as a small career.

She is capable and clever. After all, her family is an only daughter. At first, she followed Uncle Xu to run the company for a long time.

"Tell him, after all, you have to work hard."

"It's not necessary, the reason I don't want to tell any of you is that I want to use my own efforts instead of..."

Lin Xuzheng suddenly interrupted her: "If you want to prove yourself through your own efforts, then there is no need. You have proved yourself many years ago. The eldest lady of the Xu Group is not soft. Persimmon, those who have suffered under your hands because they underestimated you have already proved that you were back then, now..."

"It's different now." Xu Yanwan squeezed her hand on her shoulder into a fist, seeming to murmur: "It used to be before, now is now... I used to have Xu's support, how many people can help me under my hand? Now... I have only one person, what can I use to prove myself?"

Ding...

The elevator arrived and the door opened.

Lin Xuzheng did not go out, but looked at her. Xu Yanwan realized which floor this floor was. She was taken aback for a moment and then walked a few steps back and put her body on the wall, "You come to him Right? Go ahead."

"Aren't you going with me?"

"No." Xu Yanwan shook her head. Victor Han now has a girlfriend. How could she go to see him? After all, she likes him in her heart. If Victor Han doesn't have a girlfriend now, maybe she can still fight for it.

But her haughty temper did not allow her to do so.

She was also scared. If she saw him too many times, she might not be able to resist it, just like joining this company.

When she submitted her resume, she obviously thought about not joining the Han Group, but when she saw the Han Group, she couldn't help but drop in.

After voting, she began to regret it again. She felt that she was too impulsive and moved. She obviously had a good conversation with her sister, but she actually submitted a resume again.

After that, Xu Yanwan comforted herself that she was just going to work for the Han family, and she had no other thoughts. Even if she knew it, she couldn't say anything.

Now that she is here, she will focus on her work instead of seeing him.

"Really don't plan to meet? Although you are just a small employee now, you should also know that the relationship between the three of us is not like this..."

Lin Xuzheng wanted to continue, but Xu Yanwan interrupted her directly.

“I don’t want to have my own reasons, so don’t ask any more, don’t say anything, go out.”

In the end, Xu Yanwan even grabbed Lin Xuzheng’s sleeve and pulled him out.

Lin Xu was being pushed out of the elevator, and the elevator door just closed. He didn’t have a chance to speak anymore. He stood there and watched the elevator door quietly for a few seconds before turning around and leaving slowly.

Xu Yanwan watched the elevator floor drop, her heart sinking a little.

She suddenly felt a little sad. Lin Xuzheng’s appearance seemed to remind her that everyone has changed. It is no longer the time when the three people were together. They all have their own pursuits and happiness, and it is impossible to go back to the past. .

Why...

Why are there so many imperfections in the world?

Ding...

The elevator stopped on a certain floor, and Xu Yanwan went out to send the materials. After sending the materials, she really felt that she was not energetic, so she called her home and asked for a leave, saying that she was uncomfortable and wanted to go to the hospital.

Jiang Wenwen saw that her face was indeed pale, so he approved her for a long time, and Xu Yanwan took the elevator downstairs.

When she left the company, she had to pass the front desk, and when the front desk saw her, she ran over quickly.

“Hey, wait!”

“Seeing her, Xu Yanwan’s eyes flashed impatience. Why did this front desk keep pestering her? When I saw her before, I asked a bunch of inexplicable questions. What is she going to do now?”

Xu Yanwan frowned her eyebrows while speeding up, pretending that she did not hear the call from the front desk to her.

Seeing her walking fast at the front desk, she could only trot with her, stopping Xu Yanwan.

“What did you see me running? Am I a man-eating monster?”

Xu Yanwan slandered in her heart, although you are not a cannibal monster, you are even more annoying than a cannibal monster.

“What’s the matter? I’m still rushing home.”

“Oh, I just wanted to ask you. Last time you said that you and our President Han had booked a kiss when you were young. Is it true?”

Chapter 1308

Xu Yanwan: “...”

With such a straightforward question, she really doesn’t regard herself as an outsider.

She stared at the front desk with quiet eyes and did not speak. She just stared at it. The girl at the front desk felt her scalp numb. “You, what are you doing looking at me like this? Did I ask you wrong? I remember it was you before.

When I came to the Han Group, I said I wanted to find our President Han. I asked if you had booked a relationship with President Han. You said yes.”

Xu Yanwan looked at the front desk and guessed what her trend was in asking herself this question. According to her identity, unless she was also interested in Victor Han, otherwise she would not be so curious whether she had booked a relationship with Victor Han. Either she is very gossip, that’s why she asked.

But no matter which one it came from, Xu Yanwan didn’t really want to answer her question.

“You speak, are you our fiancée, President Han?”

Hearing that, Xu Yanwan curled her lips slowly and looked at her speechlessly: “So what is it, what if it is not? What do you want to ask this question?”

When the girl at the front desk heard it, her eyes lit up: “You admit it?”

“Did I admit it?” Xu Yanwan chuckled softly: “Did I just admit it?”

“Then you deny it?”

Xu Yanwan: “Who knows? Guess?”

Front desk girl: “...”

Is this woman so difficult to do, and neither admits nor denies, what does she mean?

“My time is precious. If you have nothing else, I’ll leave first.”

After that, Xu Yanwan left the company directly around the front desk girl.

After she left, the girl at the front desk stood there thinking for a long time, but still couldn't understand, so she quickly returned to her position and sent a message to the group.

"Sisters, I ran into President Han's fiancée just now!"

"?? Which one did you make? Every day's fiancée girlfriend, can you worry about our mood?"

"Really fiancée? Are you sure?"

The girl at the front desk: "Not sure, I just asked her, but she didn't deny or admit it, what does she mean? I don't quite understand."

"Don't admit it or deny it? Tsk, sister, the woman you said is a bit high? Listen to what I said, don't ask her anymore. You are insulting yourself."

The girl at the front desk: "...what insults yourself, I would advise you to speak up!"

"Isn't it? You're too stupid, just go up and ask this kind of question, and the other person's appearance is obviously a high rank, neither admit nor deny it, so it's hard for you to guess here, you say you are not It's humiliating itself."

"Upstairs +1 I also think the front desk is a bit silly, and the courage is still small, that's fine, but it's so gossip."

"The gossip fire shouldn't burn too much, but you said that this woman's rank is really quite high. First work in the company, and then be silent. What does she want to do?"

“What else can I do? There must be only one purpose. Does this need to be asked?”

“Yes, they are all President Han’s fiancée, so the target must be President Han...”

“So, that girlfriend of President Han?”

“If the fiancée’s status is true, then the third party of the girlfriend will have no argument.”

“Sit and wait for high-ranking big moves, should you take a gamble?”

“What to bet on?”

“Bet on when will this original match pull the third party down?”

“Fuck, this bet sounds really tough, but I like it. How do we bet?”

A bunch of people began to bet in the group. The girl at the front desk was dazzled, and after thinking about it, she honestly said, “I want to vote for the girlfriend of Han!”

Other people:“???”

“Sister at the front desk, are you right? At this time, instead of standing with Mr. Victor’s fiancée, you are standing with his girlfriend? Didn’t you tell us about this? Is it false?”

The girl at the front desk quickly clarified: “No, what I said is true, but I think this is the case. This fiancé suddenly appears at this time, she will definitely make trouble, right, but Mr. Victor’s girlfriend is definitely not something to provoke. What kind of stuff. If she is really so innocent and naive, how could

she win Mr. Victor? Besides, what kind of man we Han are always like? We haven't had a girlfriend before, so let's talk now. And we didn't see that his girlfriend came to the company every day to find him."

"You have some truth in saying that, but... I still want to vote for my fiancée. After all, I am a person who hates third parties."

"Then I will vote for my fiancée too. I don't like the third party either."

"The term third party is a bit heavy. Before things become clear, who knows if it's a third party, and who knows if his girlfriend has been caught by a mistress."

Everyone was discussing in the group, but Jessica closed the door and hid in the bathroom, sneaking out a box of pregnancy test sticks, and then reading the instructions there.

Well, she didn't understand it the first time she used it, so she read the manual for a long time, and then when she was about to try, there was a knock on the door.

"Knock-knock-"

Jessica was so frightened that she let go, and the pregnancy test stick fell to the ground.

"Who!"

"It's me Jessica sister!"

Jessica recognized it. It was the clerk's voice, but why did he knock on his door?

“What are you doing?”

“Sister Jessica, you’ve been in there for a long time, when will it be okay? My stomach hurts suddenly!”

Jessica: “...”

The people outside even slapped the door frantically and wailed in order to show the extent of their stomachaches.

Jessica was speechless by her actions, and at the same time she let go of his guard, and could only bend to pick up the pregnancy test stick that had fallen on the ground.

It’s really a twists and turns, let’s wait for the test after going home. In this shop, if someone knocks on the door of her bathroom in a while, then she will be frightened to heart shock.

Thinking of this, Jessica stuffed things into the empty space in her bag, and the people outside began to howl again.

“Sister Jessica, are you getting better? I really can’t help it... can I hurry up?”

Jessica’s forehead numb was urged by him, and said: “It’s alright, I’ll be out soon, you can bear it again.”

She packed her things quickly, then opened the door and went out.

The people in front rushed her into the bathroom, then slammed the door.

If Jessica walked a bit slower, she would be hit by the door panel. She was a bit speechless, but she still wiped a sweat, and then left with her bag.

When she came out, Janis stared at her suspiciously.

“Didn’t you just say you want to go to the hospital? Why are you back so soon, and what are you doing in the bathroom?”

Jessica’s eyebrows jumped, and she explained: “I have a diarrhea, so I stayed in the bathroom. As for why I didn’t go to the hospital, it was because I suddenly didn’t feel sick anymore. Mom, what are you doing?”

Chapter 1309

“You damn girl, mom asks you so much that you still care about you? What do you say?”

Jessica spit out her tongue, took a look at today’s passenger flow, and suggested: “Today’s business seems to be pretty normal, or should I go back first?”

“Well, go back.”

After getting Janis’s consent, Jessica quickly packed up and went home.

At this moment, in the office of the president of the Han Group, Lin Xuzheng was sitting on the sofa and was talking to Victor Han without a word.

But after all, there are not a few serious words. Victor Han has to deal with the work, but Lin Xuzheng has been talking there, interrupting his thoughts from time to time.

Two times later, Victor Han raised his head and looked at him with bad eyes.

Lin Xuzheng smiled immediately: “You don’t care about me, you continue, I say mine, you are busy with you.”

Victor Han: "..."

He is talking here, disturbing his thoughts, how does he work?

Lin Xuzheng rarely ran to him unless he wanted to tell him something serious. Thinking about this, Victor Han put down the pen in his hand, leaned back on the seat, and stared at Lin Xuzheng indifferently.

"Suddenly came to the company to look for me, something?"

He tapped the table top with his fingertips, looking very casual.

But Lin Xuzheng raised his eyebrows when he saw this: "Why, our brothers have been for many years, I can't come to the company to find you? I can only allow your little girl to come to you?"

Victor Han: "..."

He stretched out his hand and twisted his eyebrows, a little impatient: "What the hell do you have? Just say, I'll still go to work after the chat."

"Hey, you guy... When you didn't have a girlfriend, you only knew about work. Why is it that you are still a workaholic when you talk about a girlfriend, so you can't care about your girlfriend?"

If he cared a little more, he wouldn't be able to spot any clues, and Jessica didn't need to sneak to the drugstore to buy a pregnancy test stick by herself.

He happened to recognize that girl, and then his sister asked him who was the eldest brother, and couldn't tell the matter.

Lin Xuzheng could promise to keep it secret for her, because this is the itchy mouth.

She always feel that he knows something terrible. If he doesn't say it, it's really a disadvantage. So Lin Xuzheng feels that he has to say something, but he promised to keep the secret, so he can't say it directly, so he can only Click on him.

After all, this matter belongs to both parties. If the little girl has not dared to say it, and Victor Han has never known it, wouldn't it mean that the little girl should be wronged?

Besides... it would be easy if things were just that simple, the key point is that he still saw Xu Yanwan in the company today.

Xu Yanwan...

That's Victor Han's childhood sweetheart. Needless to say, it's okay if she doesn't do anything, if...

in case...

Lin Xuzheng didn't dare to imagine the next thing, and he didn't want to think of his old friend as that kind of despicable person.

"There are many things in the company, and I didn't care about her, but you... why did you manage this suddenly?"

Victor Han looked at him with a little question in his eyes.

Lin Xuzheng smiled: "Today I had nothing to do, so I went to the ramen shop and the business was very hot. Your little girl is busy running up and down. I think she will be exhausted if she runs like this. Right? And you look at your boyfriend, don't know, and come to help. I said Victor Han, if it's not for the little girl who likes you, if you are a boyfriend like this, you will really be kicked."

After hearing Lin Xuzheng's words, Victor Han paused, and imagined the little girl running up and down the store. Not only that, she often went to the company to give him soup and food, and he because he was too busy at work, he didn't realize this.

Now that Lin Xuzheng is doing this, Victor Han also feels that his boyfriend doesn't seem to be doing well.

Although he has tried his best to do some things that boyfriends should do, he has never been in a relationship before, and often he really doesn't know what to do.

"Why? I got it right? I don't know what to say?"

Victor Han came back to his senses, pursed his thin lips, and then said: "I haven't done this before, I'm not sure."

After speaking, he thought for a while, then raised his hand to close the notebook.

Lin Xuzheng watched his movement and raised his eyebrows: "What's the matter?"

Victor Han had already got up, picked up the jacket and put it on, and took the car key by the way, "What do you think?"

"Don't you want to find her right now?" Lin Xuzheng asked in surprise. He didn't expect to say something casually. Victor Han actually took it seriously, but he felt that he had recognized it. When Jessica is a girl, she really has to say something for her.

Victor Han did not care enough about Jessica sister in love.

If he cared enough, with his ingenuity, he would definitely be able to find Jessica's strangeness at the moment.

However, he didn't expect that he only said one thing, Victor Han was going to look for her at this time, and he left with his front foot, and Victor Han went to find Jessica with his back foot.

He doesn't know if Jessica will jump up in panic? Then don't confess?

If this is the case, then it is interesting...

"All right, you can go find her. Anyway, you are her boyfriend. It is your freedom to find her whenever you want."

Victor Han didn't tell him much, and soon went out. Before he left, Lin Xuzheng watched his back and hesitated, thinking about whether to tell him about Xu Yanwan's work in the company. Victor Han's figure was gone.

So when it came to the lips, she just took it back.

Forget it, since Xu Yanwan doesn't want Victor Han to know, why should he go for it? Besides, for the current Victor Han, it might be a better thing to not let him know?

As soon as Jessica arrived home, she sneaked into the toilet when she tried to take out the pregnancy test stick, she received a call from Janis.

"Yan Yan, are you home?"

"...Yes, mom, what's the matter?"

What day is today? Is fleeing unfavorable? She just wanted to test it, why would someone interrupt her every time?

“Your boyfriend came to the store to look for you.”

Jessica: “...what?”

Jessica thought she had heard it wrong, otherwise, why would Victor Han suddenly rush to her store? What is he going to do in his store?

“I said your boyfriend came to you, can’t you hear me clearly? You girl, why are you so utterly uncomfortable today? Is it really uncomfortable? How about I let your boyfriend go home to find you, Take you to the hospital for an examination.”

Hearing that he was going to the hospital for examination, Jessica seemed to be trampled on the tail, and immediately refused: “Of course not, you, you let him wait in the store, let me go!”

After speaking, Jessica hung up the phone, stuffed the things back into her bag, and hurriedly went out.
