

Chapter 131

The Policewoman Chapter 131

As soon as he heard Song Linna's reproachful voice on the phone, Lin Kai's head dribbled and his mind was immediately struck with an idea, so he asked.

"How did you know that your cousin had been arrested?"

"Never you mind, just tell me, is there such a thing?" Song Lina asked impatiently.

"Of course there is," Lin Kai asked rhetorically, "but why don't you ask me what was the matter for which your cousin was arrested by us in the guardhouse?"

"What was it?" Song Lina inquired.

"This matter is not something that can be explained in a sentence or two, it needs to be explained to you face to face, where are you now?" Lin Kai asked deliberately.

"I'm at home." Song Linna replied.

"Then you wait for me at home, I'll come over to you right away."

"Fine, when the time comes, if you don't give me a reasonable explanation, I won't be done with you." Song Lina said in a deep voice.

"No problem." After hanging up Song Lina's phone, Lin Kai said to Tang Huimin, "Young aunt, you go to the bureau first to see if there are any clues about those gangsters of thugs, and I'll go help you figure out how to raise enough money for that one million yuan"

"Where are you going to raise that much money?" Tang Hui Min willow eyebrows up.

"You don't have to worry about this, I have my own way, just do this when you go to interrogate Yan Zhengkuan and Zhou Peng in the detention center"

After this, Lin Kai explained to Tang Huimin, he said goodbye to Tang Huimin's parents and left the house, went down the stairs of the flat, jumped into the Mercedes he drove over and drove away.

On the main street, there were many pedestrians and vehicles and it seemed congested.

It took a long time before Lin Kai drove the car to the Fragrant Hill villa where Song Linna's family was located.

After knocking on the door and entering the house, Song Lina asked coldly, "There is no one else in our house, can you tell me now why you want to arrest my cousin?"

Lin Kai asked rhetorically, "Your cousin Zhou Peng led the police officers of the city's Public Security Bureau to help the Black Dragon Gang's men with an armed escort of a batch of smuggled arms supplies, which was seized by us at the customs terminal, the circumstances were quite serious, do you think he should be arrested?"

"What do you mean? My cousin was smuggling arms with people from the Black Dragon Gang?" Song Lina looked at him with an astonished expression.

“Yes,” Lin Kai said with a nod, “I don’t believe this is true either, but it is, if you don’t believe me, you can ask your grandfather to investigate

“I also heard from my grandfather that my cousin was arrested, I didn’t expect things to be so serious,” Song Lina asked suspiciously, “Why would my cousin do that?”

“I’m not sure about this matter,” Lin Kai shook his head and said, “Actually, I wasn’t present when the special forces people arrested your cousin and Deputy Director Yan at the customs dock, I guess there was another reason, it’s possible that he was used by that old guy Yan Zhengkuan and rushed to be someone else’s cannon fodder.”

Song Lina agreed, “That’s definitely the case, Yan Zhengkuan and his son Yan Dabao are not good people in the first place, my cousin has been screwed over by that old guy Yan Zhengkuan this time.”

“If that’s true, then your cousin will be saved.” Lin Kai said with a smile.

“Why?” Song Lina asked in confusion.

“Because, he was ordered by Yan Zhengkuan to lead a team to escort that shipment of arms supplies, when the time comes, you tell your grandfather what I think, so that he can find a way to help your cousin out, and it will probably be fine.” Lin Kai instructed.

“Okay, I’ll tell my grandfather your idea now, so he can help my cousin clarify it.”

“Don’t be hasty yet, it depends on how your cousin gave his account at the trial, if our ideas don’t match your cousin’s account material, your grandfather will be very passive if he ventures to step in.”

“Then what do you think should be done?” Only then did Song Lina let Lin Kai sit down on the bench sofa in the living room, while she herself sat down next to him on her butt.

“Don’t worry, I’ve already explained it to my sister-in-law, your cousin shouldn’t have much of a problem if he cooperates.” Lin Kai recounted his thoughts to Song Linna.

“Then thank you so much.” Song Lina returned a grateful smile to Lin Kai.

“We’re friends, there’s no need to be so polite... Besides, during the time my young aunt was missing after being kidnapped, my cousin had been under the care of your cousin Zhou Peng... It’s only right that we help her a little when he’s in trouble... It’s just a pity that last night, my cousin was kidnapped by the Black Dragon Gang... ..”

“Huh? Your cousin was kidnapped by people from the Black Dragon Gang?” Song Lina had been kidnapped by Bald Guy and the others before, and knew that those guys were ruthless and ruthless, so she asked eagerly, “This time, was it Bald Guy who did it?”

“Last night, Bald Guy was strangled to death by me in a small courtyard on the outskirts of town, he doesn’t have that kind of chance to kidnap my cousin now, so I guess it was done by the remaining members of the Black Dragon Gang.”

“The bald man is dead?” Song Linna felt excited when she heard that Lin Kai had avenged her death, “This beast deserves to die. By the way, did the gang that kidnapped your cousin make any conditions to you?”

Lin Kai said quietly, "They told my sister-in-law to prepare one million dollars in cash or they would tear up the ticket, we are feeling anxious about this matter."

"Money is not a problem, as long as we can save your cousin," said Song Linna, taking out a bank card from her handbag and handing it to Lin Kai, "This card contains two million yuan, which my father asked me to pass on to you after you saved me last time in the back of Wolong. , now, it just comes in handy"

"I should have saved you, how can I ask for your father's money?" Lin Kai hesitated for a moment, but still cupped the bank card in his hand.

"There's nothing to be ashamed of," Song Lina said with a smile, "If you feel embarrassed, just love me well in the future."

With that, she laid her full body on Lin Kai's shoulder.

Lin Kai felt the softness, elasticity and fullness of Song Linna's body and felt his mouth go dry, as if a fire was burning in his chest.

Fearing that she might fall to the floor, Song Linna instinctively stretched out her arms and wrapped them around Lin Kai's neck.

Lin Kai put his mouth over Song Linna's cherry mouth.

Song Linna's heart was stirring, and she felt as if Lin Kai was trying to drain the heat from her body, and felt her whole body go limp, nestled in his arms, unable to move at all.

So, she opened her mouth and kissed Lin Kai passionately.

Caw!

Suddenly, there was a sound of a key being inserted into the lock hole to open the door at the entrance of the room.

As a special forces warrior, Lin Kai was quite alert to his surroundings and quickly put Song Linna down, but he was still half a beat too slow, but when he saw Nanny Xiaoqin standing at the door of the room with a shocked look on her face, his heart panicked and his hand let go, Song Linna's body fell to the living room floor.

"Ah!"

Song Lina and the nanny let out a shriek at the same time.

The Policewoman Chapter 132

After being bandaged and treated for the hand that was shot at the customs dock, Zhou Peng was sent to a large holding cell in Yanjing City Detention Centre No. 1.

There were a dozen prisoners living inside.

One of them, a big fat man at the head of the group, said loudly to the others, "The usual rules, first strip this kid of his clothes, then receive him and hold an ascension ceremony"

The so-called receiving and washing ceremony is to strip the new prisoner of his clothes and then make him kneel on the ground with both knees and drench him with a basin of ice water from the head to wash away the bad luck from his body.

The so-called ascending ceremony is when the same prisoner is made to kneel on the ground and is interrogated like a magistrate interrogating a prisoner in ancient times, to see what case he has come in for.

Zhou Peng knew some of the rules of the guardhouse, but he did not know why the guards in the guardhouse had sent him to this large guardhouse to be held with a group of strange felons.

However, before he was brought in, he was a policeman and, moreover, the head of the criminal investigation team, and he used to be the one who arrested the criminals, interrogated them and paged them around, so where could he stand all this aggravation.

So he roared at the fat man in a stern voice, "I am a policeman, see which of you dares to touch me?"

The crowd was so shocked that none dared to make a move.

"Haha," said the big fat man, laughing loudly, "Just this wimpy look of yours? If you were a policeman, I'd be the policeman's father!"

"If you don't believe me, just try it!" Zhou Peng did not show any weakness and tried to overwhelm him from his aura.

"It's the police that I beat up!" The fat man was furious and said to the two strong men beside him, "What are you still doing there? Fight with me!"

Seeing that the boss had spoken, the two strong men rushed forward and pinned Zhou Peng to the ground, kneeling in front of the fat man.

"After you fucking enter here, in this mu of land of Laozi, you are the king of the heavens, but you have to listen to the master, what's more, you are still a mere little policeman?" Saying that, the fatty raised his hand and gave Zhou Peng a slap in the face in a smooth manner.

Pop!

There was a crisp sound.

Five fingerprints appeared on Zhou Peng's face, and he felt a blur before his eyes, then he felt a hot pain on his face, covered his face, and said.

"You dare you hit me?"

"Laozi is hitting you!" The fat man waved his hand at the crowd and ordered loudly, "This kid doesn't know the rules, follow me and beat him to death!"

A group of thugs rushed up and punched and kicked at Zhou Peng.

"Stop!"

Suddenly, a woman's shout came from the door of the guard room.

The inmates who were beating Zhou Peng saw two guards standing outside with an imposing female police officer in a police uniform, and were startled, returning to their positions and crouching with their heads in their hands.

One of the guards walked into the guardhouse with a baton and pointed at Zhou Peng, who was lying on the ground, bruised and bleeding from the corners of his mouth, and shouted.

“You get up and come with me!”

Zhou Peng got up from the ground with difficulty, wiped the blood from the corner of his mouth with his hand, walked out of the guard room with the guards, saw Tang Huimin standing in front of him, and asked in a cold voice.

“Deputy Commissioner Tang, what are you doing here? Are you here to see me laugh?”

“Cut the crap, I have a few questions I want to ask you, follow me!” Not wanting to reveal her mind in front of the guards, Tang Huimin turned around and, with an elegant stride, walked along the corridor of the guard room, towards the outside.

Those suspects inside were all feeling unusually excited at the sight of this gallant female officer, and were lying on their backs on the iron bolt to watch.

Everyone thought that if they were in the hands of such a beautiful policewoman, they would be willing to die, some yelled loudly and some actually whistled.

After handcuffing Zhou Peng, the two guards escorted him with Tang Huimin to an interrogation room where he was handcuffed to a special interrogation chair.

Tang Huimin said to the guards, “You guys go out first, I want to talk to Zhou Peng alone!”

After the two guards left, Tang Huimin gave Zhou Peng a fierce glare and asked in a cold voice, “Why did you mix with the Black Dragon Gang and act as their accomplice?”

“It’s not because of you?” Zhou Peng said sulkily.

“Because of me? Why?” Tang Huimin asked in disbelief.

“You know, I always liked you and you were with your nephew, and when I bumped into you together, my heart broke,” Zhou Peng confessed to Tang Huimin.

Tang Huimin remembered that day in the military sanatorium ward and Lin Kai when making out, by Zhou Peng bumped into the scene, face a red, heart some nervous, na na asked.

“What does this have to do with you getting mixed up with the Black Dragon Gang?”

“I was furious, so I ran to the Red Capital City nightclub to drink, after later, I fell for their beauty trick and was pulled down by them... ..” Zhou Peng explained.

Tang Huimin hurriedly interrupted him and said, “You explain less to me about this, I don’t want to hear this, you tell me, things have come to this point, what should I do?”

“I I don’t know” stammered Zhou Peng.

“For the sake of your infatuation with me and your careful care of my son, I do have an idea,” Tang Hui Min said as she attached her ear, “things have come to this, you can only do this

“I understand,” Zhou Peng replied after listening to Tang Huimin’s account, “I’m willing to do whatever you want me to do as long as you can help me clear my name

Tang Huimin said, “I didn’t give you anything to say, nor did I help you with anything, you only led the team to escort that important batch of supplies because you received an order from Yan Zhengkuan, but to my surprise, it was a batch of arms.”

.....

When Lin Kai and Song Linna were making out in her living room, he felt embarrassed when his nanny Xiaoqin bumped into him, so he left Song Linna’s house and took the bank card that Song Linna had given him with two million dollars in it to the bank to withdraw one million dollars and packed it in a suitcase.

He had just come out of the bank when his mobile phone rang in his pocket. He took it out and saw that it was a call from his team member Zhang Shuo, and immediately pressed the answer button.

“Captain, I just checked, this morning, with your aunt and uncle on the phone that mobile phone card is a provincial identity card registered to buy, because they talk on the phone for a relatively short period of time, according to the mobile phone number you provided to call out, the other party has turned off the phone, I can not detect the exact location of the other party” Zhang Shuo replied.

Zhang Shuo was worthy of being a master hacker, and it didn’t take long for him to figure out the identity information of the cardholder after Lin Kai had just called.

Lin Kai instructed him, “At five o’clock in the afternoon, the kidnapers will have to call over to contact my sister-in-law, by then, you will then closely monitor the number that is talking to my sister-in-law on the phone

“Okay, I understand,” Zhang Shuo replied, “Once I get that kidnapper’s location down, I’ll give you a call first!”

The Policewoman Chapter 133

At the back of Wolong Mountain, in the small courtyard where Yang Xiaobo is being held.

Scarface was practising his kung fu in the courtyard dam, and a clutch of hairs was standing at the door of the room where Yang Xiaobo was being held, feeling a bit bored and ready to turn on his mobile phone to play a game.

However, just as he turned on his mobile phone, a strange phone call came in.

After reflexively pressing the connect button, he suddenly realised that something was wrong and hurriedly hung up the phone and switched it off, but it was this wrong move that had revealed their whereabouts.

The surveillance equipment on the other end of the phone had shown that his mobile phone signal was coming from the direction of Wolong Mountain, and had grasped the approximate location of their location.

Knock, knock, knock!

Suddenly, the large wooden door at the entrance of the compound was knocked on a few times.

Scarface rushed over in a single bound, pressed his body against the fence and asked

“Who is it?”

“It’s me!” The low voice of Slim Monkey, Zhao Wenlong’s bodyguard, came from outside the door of the room, “I’ve brought a little food over for you.”

After Scarface heard Skinny Monkey’s voice, he then pulled the latch of the wooden door open and saw Skinny Monkey standing at the door of the room carrying a plastic bag with rice.

“So it’s you guys, come on in!” Scarface introduced Slim Monkey into the compound, past the dam, into the hall, and sat down on a wooden bench by the dining table respectively.

“How’s it going? Still getting used to living here, are you?” Skinny Monkey asked as he placed the plastic bag on the dining table.

“I’m not very particular, I can live anywhere I want,” Scarface said, looking a little impatient, “I’ve already asked One Clutching Hair to call Tang Huimin according to what you said, when do we start moving?”

“As far as I know, Tang Huimin is a very cautious and difficult woman to deal with, if we ask her to exchange hostages in broad daylight, it won’t be easy to win. time, it will already be night, and on the other hand, we chose this place for the transaction so that we can get a handle on whether she has brought any helpers with her.” Slim Monkey replied.

Scarface asked, “Do we choose to make the deal here?”

“No,” Skinny Monkey shook his head, “This place is not safe, I have arranged another place, after we have chosen the location and finished setting up, then I will have my little brother come and inform you, in the meantime, you just have to keep an eye on Yang Xiaobo!”

“What place?” Scarface asked.

“I can’t tell you yet, but don’t worry, the place isn’t far from here, and when the time comes, I’ll have my little brother show you the way.”

“You’d better hold on tight.” Scarface, as an international assassin, was by nature a lonely and arrogant man, and was not used to seeing a man as abrasive as Skinny Monkey, and his tone of voice was not very friendly.

“Don’t worry, we will make sure that this is done properly and arranged in a foolproof manner.” The skinny monkey finished speaking and walked out of the hall and left the compound.

When Scarface saw Skinny Monkey displaying such an attitude towards himself, he held his fire and would have fought with him if the two sides had not cooperated.

“Arrogant!”

Looking at the thin monkey’s departing back, Scarface cursed in his heart.

.....

Lin Kai took the bank card that Song Lina had handed him, and after going forward to the bank to withdraw one million yuan in cash, he immediately called to get in touch with Tang Huimin.

For fear of revealing her whereabouts, Tang Hui Min did not want Lin Kai to go to her house, but asked him to go to the Yanjing International Hotel and get a room, then send her the room number and they would meet in the hotel room.

After talking to Tang Huimin on the phone, Lin Kai quickly drove to the Yanjing International Hotel, parked his car in the car park on the negative ground floor, went to the service desk on the ground floor, and after registering a standard room with the receptionist, immediately sent a WeChat to Tang Huimin and told her the room number.

Lin Kai took the lift upstairs with the suitcase containing one million dollars in cash and used his room card to open the door to room 1808.

Not long after entering the room, a doorbell rang in the room.

“Who is it?” Lin Kai asked as he pressed himself against the door of the room.

“It’s me!” The voice of his sister-in-law came from outside.

Lin Kai then opened the door to the room.

Tang Huimin appeared at the door, wearing a dark casual outfit and a pair of light-coloured flat-heeled shoes, her figure was shapely and extremely hot, and with her mature face, she was even more charming and sexy.

When Lin Kai welcomed Tang Huimin into the house and opened the suitcase to reveal stacks of brand new banknotes, Tang Huimin was stunned and asked in amazement.

“Xiao Kai, so much money, where did you get it?”

“Little aunt, don’t worry, the money is clean” Lin Kai was afraid that he wouldn’t be able to explain clearly, so he didn’t want to tell Tang Huimin about the fact that Song Linna had given him a bank card with two million dollars in cash.

The company has already guessed that the money was borrowed by Lin Kai from Song Linna, but she was eager to save her son and did not want to pursue the money.

So, looking at Lin Kai with a look of gratitude, she said.

“Xiao Kai, thank you so much.”

Lin Kai gazed at her fondly and said, "Little Aunt, please don't be so formal, you should understand my heart, let me tell you, for your sake, I am willing to do anything."

Tang Huimin was so moved that she didn't know what to say for a moment.

Lin Kai went up and hugged her. Tang Huimin was frightened by this sudden move and struggled desperately to escape, however, Lin Kai hugged her tighter.

Tang Huimin could barely breathe as he hugged her, so she begged under her breath, "I am your sister-in-law, please let go of me, just stop... . do this stupid stupid thing again."

Lin Kai whispered in her ear, "I love you, just fulfill my infatuation for you!"

"I'm afraid, this will be dangerous!" Tang Hui Min's face flushed red and her pink lips opened slightly, revealing two rows of snow-white and neat teeth, "Don't don't do this I I" she began to become incoherent, her voice diminishing as she spoke and her struggles gradually weakening.

"Huimin, don't be afraid, I will love you and love you well in the future" Lin Kai reassured her as he pinned her down on the bed.

Tang Huimin was emitting an ethereal, ethereal fragrance that made Lin Kai dizzy, quietly swallowing a hint of saliva and making a strange cooing sound in the knot of his throat.

Tang Huimin's eyes were transfixed, waiting for the storm to come, her skin as smooth as water, warm and supple.

Before Lin Kai's eyes was astonishment, and his heart heated up as a great warmth spread throughout his body, fiercely lowering his head and kissing her on the lips.

A shudder ran through Tang Huimin's body and she moaned away slightly, naturally spreading her legs apart and allowing Lin Kai to walk easily into her world.

A long-lost, familiar and warm feeling greeted her.

Like a kite with a broken string, Tang Huimin drifted in and out of Lin Kai's passion, and her response became more and more passionate as Lin Kai went deeper and deeper.

Tang Huimin murmured, wrapping Lin Kai tightly around her like a vine around a tree.

Lin Kai had the illusion of near suffocation and couldn't help but speed up his rhythm as Tang Huimin gasped and her murmurs changed from a faint moan to a hollow cry.

Like a wild horse off the leash, Lin Kai ran wildly and passionately through Tang Huimin's empty wilderness, and like a brilliant sailor, he swung freely through the crests and valleys of the waves she stirred up

The Policewoman Chapter 134

Finally, in a wave of shock, in a whirlwind of passion, Lin Kai reached his peak and then collapsed with a crash.

Everything came to a standstill.

Lin Kai felt an unprecedented sense of exhaustion and peace, while Tang Huimin closed her eyes and lay back on the bed, no longer moving, relishing the afterglow of her orgasm.

.....

Today, Lin Kai finally broke through the forbidden red line and got the woman he had longed for as he wished.

What a beautiful thing it is!

It is a beauty that combines a dignified and noble temperament with a gentle and submissive character, a beauty that is transcendent, unparalleled and breaks the world.

After a while, Lin Kai slowed down and said to Tang Huimin, who was lying beside him.

“Little aunt, you’re hungry, aren’t you?”

Tang Huimin came back to her senses and suddenly realised that she had done something very absurd. She hurriedly dressed and got out of bed, sat down on the edge of the bed with her head down and said sorrowfully.

“Little Kai, Little Auntie begs you to promise me one thing.”

“What is it?” Lin Kai’s heart thudded when he saw Tang Huimin’s very ugly expression.

Tang Huimin said with a serious look on her face, “This is our first and last time, from now on, I will always be your little aunt, Song Linna is a good girl, I can see that she likes you very much, I hope you won’t let her down for her infatuation with you, okay?”

Lin Kai hurriedly sat up from the bed and said earnestly, “But it’s you I like?”

“You must know that reality is cruel, people’s words can be feared, a few spittle can drown a person, I don’t want what happened between us to affect each other’s future, do you understand?” Tang Hui Min said with a straight face.

“But” Lin Kai pleaded.

“Don’t but, what just happened, let’s pretend that nothing happened, I’m so focused on saving my son now that I don’t think about anything,” Tang Huimin looked at the time display on her phone and said, “It’s getting late, I’ll go to the bathroom and wash up first, you should get dressed and get up too”

With that, Tang Huimin turned around and walked into the bathroom.

Looking at her figure disappearing at the bathroom door, remembering the passionate moment they had just had in bed, Lin Kai’s heart was infinitely swirling and his heart was once again boiling with blood.

After taking a shower, Tang Huimin dressed and came out of the bathroom.

At this moment, her body was still hot, her beautiful face was a little red, her dark and shiny hair was not completely dried, and a large part of it was still wet.

Lin Kai looked dumbfounded and went forward to hold her in his arms.

“Little Kai, stop it,” Tang Huimin pushed him away and pouted, “I’ve already told you that I’ll always be your little aunt, and that we should pretend that nothing has happened between us, why don’t you listen?”

“I don’t care, I want you!” Lin Kai held her in his arms once again.

Once again, Tang Huimin pushed him away and said, “You’re filthy, go wash up!”

“As you wish!”

Lin Kai then let her go and made a standard salute gesture.

He then hurriedly rushed into the bathroom, turned on the shower, hastily drenched himself and dried himself off, and returned to the bedroom impatiently.

Tang Huimin closed all the curtains tightly, turned on the bedside lamp and lay flat on her back.

In the faint light, her milk-white, crystalline, delicate, jade-smooth snowy skin was slightly flushed with a hazy blush, and her sharply undulating peaks trembled wonderfully.

Lin Kai’s eyes were dazzled and he dove into the bed, pouncing on top of her.

Tang Huimin catered passionately, at this point, she was like a lioness, a lioness on the hunt, trying to swallow the man in front of her in one gulp.

.....

RING RING RING!

Suddenly, an urgent mobile phone ringing sounded.

Tang Huimin winced and immediately pushed Lin Kai away before sitting up from the bed and picking up the mobile phone she had placed on the bedside table, realising that the call was from the kidnapper.

So, trying to steady herself, she picked up the key and deliberately asked

“Hello, who is this?”

“Officer Tang, have you forgotten our agreement so soon?” A clutch of hair’s cold voice was delivered from the phone.

“No, I’ve got the one million in cash ready,” Tang Hui Min inquired, “Where are you now? Where are we exchanging my son?”

“We’re at Wolong Mountain, we’ll contact you after you drive to Wolong Mountain Resort.” A clutch of hair barked over the phone, “Remember, you can only bring the money alone, if you are found with other helpers, we will tear the ticket, understand?”

“Of course I understand!” Tang Huimin replied, “I’m leaving now, I estimate I’ll arrive at Wolong Mountain in two hours, when that time comes, you can just choose the exchange location.”

“No problem,” a clutch of hair said in a cold voice, “Officer Tang, you must not play tricks with us, we’ll meet you at Wolong Mountain in two hours’ time!”

“OK, after two hours, I”

Tang Huimin had wanted to say some more words to stall for time so that Zhang Shuo could find their exact location, but a clutch of hair had already hung up the phone.

When Tang Huimin called back again according to this number, the other party had already turned off the phone, and had just put it down when Lin Kai’s phone rang.

“Captain, when the kidnappers were on the phone with your sister-in-law just now, we’ve found out their exact location.” Zhang Shuo reported to Lin Kai over the phone.

“What place?” Lin Kai asked eagerly.

“Wolong Back Mountain!” Zhang Shuo answered truthfully.

Before that, Zhang Shuo had already obtained their approximate location in Wolong Mountain through the surveillance equipment after dialing that phone number of a clutch of hair.

In order not to alert the snake, Lin Kai ordered him to lead the other members of the first squad to change into casual clothes, disguise themselves as tourists and arrive at Wolong Mountain in a white Gold Cup van in advance.

After listening to Zhang Shuo’s report, Lin Kai then ordered, “You guys quickly find out what’s going on in the back of Wolong Mountain and where they’re hiding, and don’t make any rash moves to alert the snake until we arrive!”

After Lin Kai put down Zhang Shuo’s phone call and discussed countermeasures with Tang Huimin, Tang Huimin carried the suitcase containing one million cash downstairs and drove her Passat police car away from the Yanjing International Hotel.

.....

Swish!

A black Passat police car was passing through the Yanjing toll station and speeding along the highway from Yanjing City to Wolong Mountain.

Swish!

Another black Audi car followed close behind.

After Tang Huimin noticed a vehicle following behind her, she increased her speed to the limit position and soon left the Audi behind without a trace.

At this point, the mobile phone of the skinny monkey waiting in the Wolong Mountain Resort rang.

He took out the phone and saw that it was a call from one of his juniors who had arranged to keep an eye on Tang Huimin at the Yanjing toll station, and hurriedly picked up the phone and asked.

“What’s the situation on your side?”

“Boss, Tang Huimin is driving her Passat police car through the toll station towards Wolong Mountain.” The little brother reported to him.

“How many people are in the car?” Slim Monkey enquired.

“It seems that only Tang Huimin is alone.” The other party answered truthfully.

“Did you follow that car?” Skinny Monkey asked eagerly.

“No, the woman was driving too fast for us to catch up.” The little brother answered truthfully.

“Did you guys spot any other vehicles following?” Skinny Monkey asked firmly.

“No,” the little brother reported to Skinny Monkey, “Behind us, we didn’t find any suspicious vehicles, so we can be sure that he came to Wolong Mountain alone.”

“Very well, it seems that tonight, Wolong Mountain is the place where Tang Huimin will be buried, after we get rid of this stinking woman, then we will find a way to get rid of that kid Lin Kai!” The skinny monkey gloated, “You guys continue to monitor along the way, and report to me if you find any suspicious vehicles!”

“The target has already appeared, you should hurry to the back of the hill” After putting down the phone, Skinny Monkey whispered to a junior standing beside him.

The little brother nodded heavily and then excused himself and left.

The Policewoman Chapter 135

The small courtyard at the back of the Crouching Dragon.

Scarface was working feverishly to set up various traps in the courtyard.

This time, he had to kidnap Tang Huimin’s son to get rid of the “traitor” who had conspired to kill the Lord of Liberty Island and seize the laser tablets to escape from the island.

At that moment, one of the young brothers sent by Slim Monkey knocked on the door of the small courtyard furtively, Scarface went forward to open the door and the young brother dodged into the courtyard.

“What’s the situation outside?” Scarface asked eagerly.

“Not good, we’re surrounded here.” The little brother said in a panic.

“Huh? That stinking woman is actually not keeping her word?” Scarface’s heart shook and he became furious, immediately moving to storm out of here.

The man in black persuaded, “Sir, take it easy for now, the boss asked me to inform you for the purpose of getting you to take Yang Xiaobo and leave through the secret passage!”

“Secret passage? What secret passage?” Scarface asked in confusion.

“There is a secret passage in this small courtyard that leads straight to the Wolong Temple halfway up Wolong Mountain.” The man in black said mysteriously, “As long as we take Yang Xiaobo and leave from here without showing our faces, we can get rid of those people outside and get rid of Tang Huimin in the Wolong Temple on the pretext of exchanging hostages”

“OK, you’ll lead the way with us now.” Scarface asked eagerly.

The man in black reminded, “In order to keep people outside from noticing, we must make the little boy we kidnapped unconscious and carry him away.”

“Don’t worry about that!” Scarface gave a wink to Ichabod, who was standing behind him.

He nodded knowingly, walked out of the hall, opened the door to the room where Yang Xiaobo was being held, and said to Yang Xiaobo, who was tied to a stool with tape over his mouth.

“Little brat, your mother is here to pick you up, come with us!”

As Yang Xiaobo’s limbs were tied and his mouth was taped, he could neither move nor speak, and could only stare at Yichun Mao with both eyes and make “uh-uh-uh” sounds.

As the situation was urgent, Ichimao didn’t have the time to nag the little guy, so he took a packet of white powder out of his pocket and sprinkled it on his body.

Yang Xiaobo felt a blackness in front of his eyes, his body went limp and he lost consciousness.

A clutch of hairs then untied the rope binding Yang Xiaobo, carried him on his body and went to the hall.

The little brother pressed a button next to a cupboard in the hall, which then parted to reveal the entrance to the secret passage, and several people then followed him into the secret passage, then reset the cupboard and left along the secret passage.

At this moment, Zhang Shuo and seven or eight other members of the special squad who were ambushed outside the compound had no idea that these guys would escape through the secret passage.

They were still waiting outside, waiting for Lin Kai to issue orders.

.....

It was gradually getting dark as Tang Huimin drove to the entrance of Wolong Mountain Resort.

Ring, ring, ring!

Tang Huimin had just parked the Passat police car when the mobile phone in her pocket rang.

Mistaking it for a call from the kidnappers, she hastily took out her phone, only to find Lin Kai’s name displayed on the screen, and immediately pressed the answer button.

“Xiao Kai, where are you now?” Tang Huimin asked eagerly.

“I’ve arrived at Wolong Mountain, not far behind you,” Lin Kai described over the phone, “The people I sent there have located the exact location of the guy you were talking to on the phone through radio technology and had them surround the place... ..”

“What place are they at?” Tang Huimin asked, interrupting Lin Kai.

“The back mountain of Wolong, the same small compound where they kidnapped Song Lina last time.” Lin Kai answered truthfully.

“Then shall I go there now?” Tang Huimin was so eager to save her son that she instantly soaked up the kidnapper’s conversation with herself on the phone.

“Don’t rush for now, wait until they call you.” Lin Kai instructed.

“Okay.” Tang Huimin then hung up the phone.

A man in black arrived in front of the police car and asked, “Are you Officer Tang?”

“Yes, who are you?” Tang Huimin asked, pretending to be surprised.

“There’s someone who wants to see you.”

“Who is it?”

“Don’t ask so many questions yet, you’ll know when you see them,” the man in black said impatiently, “If you want to see your son, bring what we need and come up the mountain with me.”

“Up the mountain?” Tang Huimin frowned for a moment, “Didn’t Lin Kai say that the kidnappers were in the back of Wolong? How come this guy is telling me to go up to Wolong Mountain? Did they make a mistake, or are these guys being deceitful and using a diversionary tactic?”

The man in black seemed to have read Tang Huimin’s mind and said, “Officer Tang, do you not believe what I’m saying?”

“Yes,” Tang Huimin asked with a raised eyebrow, “Why should I believe you?”

“Believe it or not,” the man in black said coldly, “If you believe me, come up the mountain with me, if you don’t, stay here, but I can’t guarantee your son’s safety!”

“Going up the mountain with you is fine, but I have to make a phone call first!” Tang Hui Min said.

“Are you trying to tip off your accomplice?” The man in black warned, “To tell you the truth, our boss already knows that you have sent people to Wolong Mountain beforehand and, moreover, have surrounded that small courtyard at the back of our mountain, if you call to inform them, we will tear the ticket, you’d better come up the mountain with me alone, otherwise, you will be responsible for the consequences!”

“Huh? The people Lin Kai sent there have been exposed? They’ve moved my son somewhere else?” Tang Huimin’s heart tightened, “Even if I call and inform Lin Kai now, it’s already too late for Lin Kai to tell them to pull back, so I can only go up the mountain with this guy and see what happens!”

Seeing the arrogant expression of the man in black in front of her, Tang Hui Min hated to beat him into a panda face, before making him find his teeth all over the ground, but for the sake of her son’s safety, she couldn’t do that, in order to successfully save her son, she could only bear the anger and listen to his arrangement, even if it was a dragon’s den, she still had to go through it.

So she opened the trunk and took the suitcase containing a million dollars in cash up the mountain with the man in black.

.....

The Wolong Temple is a holy place of religion and tourism, with beautiful mountains and scenery, a summer resort in summer and a unique snow scene in winter.

In the main hall of Wolong Temple, there are sculptures of Sakyamuni, Maitreya and Amitabha Buddhas, and next to them are Guanyin, Puxian Bodhisattva, and the bodhisattvas who serve and support them.

Guanyin and Pu Xian are mounted on lion elephants, drawn by a barbarian slave and a whisker respectively, with a child at their side.

The three main figures all have full cheeks, curved eyebrows, and straight mouths and noses, in the distinctive Tang style, with Maitreya and Sakyamuni having spiral hair and Amitabha having straight hair.

The draping on the front of the pedestals of Sakya and Amitabha, and the knotted bands of clothing on the chest and abdomen of Maitreya and Amitabha, are all common Tang dynasty forms.

.....

It did not take long for the man in black to bring Tang Huimin inside the temple grounds of Wolong Temple, pointing to the main hall and saying.

“Officer Tang, your son is inside, go in!”

As soon as the words left his mouth, the man in black flashed and disappeared.

This guy’s skill was good, which made Tang Huimin feel bad and watch around vigilantly.

Creak!

The two doors inside the main hall opened with a sound.

Scarface stepped out from inside and stood at the entrance of the Great Hall, clapping his hands at Tang Huimin and saying.

“Ms Tang, my good student, we meet again, you didn’t expect that I would be the one to invite you here through your precious son, did you?”

The Policewoman Chapter 136

“Yo, who did I think it was, so it’s Instructor Scarface?” Tang Huimin asked in a cold voice, “As a titled instructor, how did you resort to such a despicable tactic as kidnapping my son to trick me into such a place? Aren’t you afraid that people will laugh at you if word gets out?”

“How can you deal with a cunning woman like you without resorting to some unorthodox means?” Scarface sneered, “I’m not like Island Master Smith, who naively thought you were sincerely married to him, and held a lively wedding for you, only to be betrayed and tragically killed by you”

As soon as she heard about her sad past on Liberty Island and remembered the painful experience, Tang Hui Min felt uncomfortable and said in a stern voice.

“Cut the crap, where is my son?”

“Hold your horses, wait for me to finish my sentence!” Scarface said with a leathery smile.

"If you have something to say, say it, if you have a fart, let it go, I don't have time to bother talking to people like you." Tang Huimin gave Scarface a fierce glare.

Scarface said in a cold voice, "Let's put aside the past, let's take this matter today, you are too untrustworthy."

"What's wrong with me?"

"I'm asking you, why did you still send people to that courtyard at the back of Wolong Mountain to surround us beforehand?" Scarface questioned.

"You weren't in that courtyard at the back of Wolong, how do you know that I sent people to round you up?" Tang Hui Min asked deliberately.

"To tell you the truth, after being surrounded by your men in the courtyard, we came here through a secret passage, and that bunch of rice buckets you sent there are probably still there waiting for your orders to take action against us, right?" Scarface said smugly, "But you wouldn't have dreamed that I would show up here"

Tang Hui Min then realised she had been fooled and said loudly, "Scarface, don't you want me dead? If you're capable, just let your horse come, why bother with all the trouble?"

Seeing Scarface's confident and smug look, Tang Huimin stepped forward and threw the woven bag with one million dollars in cash in her hand in front of Scarface, then raised her hand and said.

"Scarface, you lured me here to exchange my son with me, why don't you have any sincerity at all?"

"How am I insincere?" Scarface asked rhetorically.

"What about my son," Tang Huimin questioned, "I brought everything you needed, where have you hidden my son?"

Scarface was not interested in the bag of banknotes that Tang Huimin had thrown on the floor, but stared straight at her, his eyes blazing with vengeance, and turned back to the hall and shouted.

"A clutch of hair, bring the little boy out quickly!"

Yang Xiaobo woke up after being moved by Scarface and the others through a secret passage from the back of Wolong Mountain to Wolong Temple, located halfway up Wolong Mountain.

Scarface and a clutch of hair held him hostage inside the main hall.

"Little brat, your mother has gone up the mountain and will come to rescue you soon, but you will have to be aggravated for a while." Scarface said to Yang Xiaobo with a leathery smile.

For fear of him escaping or making a sound, he still twisted his hands behind his back, tied them up with nylon rope and put a piece of tape over his mouth.

Yang Xiaobo could only open his eyes wide, shake his head desperately and make a whimpering sound from his mouth.

Only after hearing Scarface's shouts did a clutch of hairs push Yang Xiaobo out of the main hall and put a dagger around his neck.

Tang Huimin said in a cold voice, "Scarface, this is too unethical of you to do this, isn't it?"

"No matter what I do, it's better than a treacherous woman like you?" Scarface looked at Tang Huimin with cold eyes and made a wary look.

Although Tang Huimin's martial arts skills were trained by him on Liberty Island, he knew that this woman had a high level of comprehension and had diligently learned and trained a terrifying set of hands.

Last time, when he had assassinated her in the military sanatorium, he had not even let her die. This time, her wounds had healed, and if the two of them fought, he did not have the upper hand.

"Didn't you just hold my son hostage and want my life? Why did you even tie him up and gag him?" Tang Huimin questioned, "You guys are insincere like this, and as a senior assassin, aren't you afraid that people in the assassin community will laugh at you if this kind of thing gets out?"

Scarface blushed at Tang Huimin's comment and said to a clutch of hairs, "Untie the rope from this little brat's body and tear off the seal on his mouth!"

"Sir" a clutch of hair some hesitation.

"Hurry up, don't you want to listen to my words either?" Scarface urged.

A clutch of hair had no choice but to follow Scarface's wishes. Yang Xiaobo's hands were untied and he was breathing heavily after the tape on his mouth was torn off.

"Son, tell me quickly, what have they done to you?" Tang Huimin asked anxiously.

Yang Xiaobo shifted his gaze to his mother and said, "Mom, they want to use me to kill you, they are a bunch of despicable villains, rogues and animals, run away and leave me alone"

"Shut up!" Yang Xiaobo's words completely enraged Scarface and yelled at Yang Xiaobo in a stern voice.

"Scarface, don't get angry at a kid, what kind of skill is that, come at me if you have the guts!" Tang Huimin said coldly to Scarface.

With that, Tang Huimin leaped up with a dagger in her hand, landing in front of Yang Xiaobo and lifting her leg towards Yichun Mao.

A Clutching Hair quickly dodged backwards to avoid Tang Huimin's attack, and although Tang Huimin's kick fell short, she shielded her son behind herself and isolated him to a safe zone.

"Vile!"

Scarface shouted angrily and suddenly leapt up, a steel fork in his hand, his body darting quickly towards Tang Huimin, stabbing her straight in the heart.

Tang Hui Min knew that this time she had completely enraged Scarface, if she retreated or dodged, she would inevitably hurt her son and must not retreat.

With a flash of golden light, she thrust her dagger directly at the steel fork in Scarface's hand.

Clang!

Sparks flew as the sharp dagger clashed with the steel fork, emitting a dazzling light.

The blow missed and Scarface landed on the ground, tapping his toes on the ground before leaping up again and organising another attack.

The steel fork in Scarface's hand seemed to have eyes, stabbing straight at Tang Huimin's heart like a shadow, and Tang Huimin quickly resisted again and again with the dagger in her hand to protect her son.

"Mum, be careful!" Yang Xiaobo shouted in alarm.

Clang!

As soon as Tang Huimin was distracted, the steel fork in Scarface's hand once again collided with the dagger in Tang Huimin's hand, and he felt his arm go numb, his hand let go, and the dagger instantly fell to the ground.

"Stinking bitch, you go to hell!" Scarface roared and stabbed the steel fork in his hand directly at Tang Huimin's heart.

In her heart, Tang Hui Min knew that with her agile body, she would have no problem dodging the blow, but the key was that her son was right behind her, and if she dodged the fork in Scarface's hand, her son would become a live target and would be stabbed to death by Scarface.

In desperation, she could only take a move like a moth to a flame, fighting for her life, flying towards Scarface

The Policewoman Chapter 137

Brush!

In the nick of time, a black shadow flew in from outside the hall.

A golden light flashed, and a sharp short knife followed the shadow and covered Scarface's face. Scarface instinctively shrank back, and the steel fork in his hand was suddenly cut into two halves by the short knife.

One half was still cupped in his hand, but the other half had already plummeted towards the ground.

"Ah, how is it you?" Scarface's heart tightened when he saw that the person coming was Lin Kai, who had fought and been defeated by him when he assassinated Tang Huimin in the convalescent room of the military sanatorium.

Just as Scarface froze, Lin Kai raised his short knife and slashed at Scarface's arm.

"Sir, be careful." A clutch of hair warned loudly.

Scarface hastily retracted his arm back, and although he protected it, his right hand, which was used to hold the steel fork, was cut off with three fingers.

“Brother Xiao Kai, you’re here?” As soon as Yang Xiaobo saw Lin Kai, his heart was a burst of surprise, he stood next to Lin Kai and pointed at Scarface and a clutch of hair and said, “They’re bad guys, don’t let them get away

“Don’t worry, I won’t let them leave here,” Lin Kai nodded at Yang Xiaobo and said to Tang Huimin, “Little aunt, take Xiaobo and wait for me outside first, I’ll clean up this guy and then come out!”

“Can you do it alone?” Although Tang Huimin knew that Lin Kai was quite skilled and had defeated Scarface in the military sanatorium last time, she was still uneasy and looked at her with a puzzled expression.

“Little aunt, don’t worry, I can deal with these two guys.” Lin Kai said with confidence.

“However, you should still be careful, Scarface is an instructor from Liberty Island, although you cut off his finger m, he hasn’t lost his fighting ability yet, you mustn’t take it lightly.” Tang Hui Min reminded.

“Don’t worry, Little Aunt, I will!” Lin Kai nodded heavily and said, “What we need to do now is to protect Bo, who knows if those guys have planted others around to pick up the pieces, you should hurry and take Bo away.”

“Okay, you be careful!” Tang Huimin had managed to save her son with great difficulty, she couldn’t let anything happen to him again, so she took her son’s hand and left the main hall.

Lin Kai was afraid that Scarface would launch an attack on Tang Huimin’s mother and son, and looked at him warily.

On the severed finger of Scarface’s hand, blood spurted and flowed like a column, quickly staining the floor inside the Great Hall, yet his face did not look painful at all, he then fished out a bottle of white powder from his pocket and sprinkled some powder foam on the wound.

In a moment’s time, the flow of blood stopped.

The muscles on Scarface’s hands were also squirming and contracting rapidly, and with an “ow.....” cry, he roared like a beast and lunged at Lin Kai.

Lin Kai didn’t dodge, his body fell straight to the ground, then he supported the short knife in his hand on the floor and kicked his feet back together towards Scarface’s crotch.

Bang!

With a muffled sound, Scarface’s entire body was sent flying by Lin Kai’s kick, hitting the knee of the statue of Sakyamuni Buddha in the centre of the main hall heavily before bouncing back.

A clutch of hairs hiding on the side saw the situation and secretly fished out a pistol from his pocket.

Scarface felt his internal organs churning like a river, and took several big steps backwards in succession before he could barely support himself, fishy-sweet liquid flowing from the corners of his mouth.

Scarface wiped the corner of his mouth with his hand and found that it was blood, so like a bloodthirsty beast, he used his tongue to lick the blood off his mouth and hands before bowing forward and charging towards Lin Kai again.

Bump!

Lin Kai's body leapt up again and kicked towards Scarface again, just as Scarface was about to stretch out his hands to snap Lin Kai's feet, Lin Kai made a jackknife drop, his body descended quickly, twisting Scarface's wrist with one hand, while holding a short knife in his other hand and thrusting it towards the back of Scarface's neck.

"Boss, be careful!" A clutch of hair shouted, decisively pulling the trigger.

Because if Scarface was taken out by Lin Kai, he himself would inevitably die, and only if he killed Lin Kai while he was unprepared would he have a chance of survival.

Bang!

A gunshot rang out and a bullet whistled towards Lin Kai.

Lin Kai leapt back and rolled on the ground to avoid the bullet, which hit the door pillar of the main hall and made a big hole.

As Lin Kai fell to the ground, the short knife in his hand flew out.

Swish!

The short knife flew towards Yichun Mao with a windy sound, and as if it had eyes, it plunged into the back of Yichun Mao's hand.

"Ah!"

Ichabod shouted.

The pistol in his hand "clang!" It landed on the ground, and a painful pain struck him, causing him to wobble a few times and almost fall to the ground.

Scarface hurriedly stepped forward to hold a clutch of hair in place.

However, while Lin Kai was fighting with Scarface and Ichimoku, the so-called marksman, Skinny Monkey, was ambushed on the roof of the temple opposite the main hall.

With a sniper rifle in his hand, the monkey took aim at Lin Kai again and again, but he was too fast to lock on to his vital parts as he fought with Scarface.

However, the infrared scope finally locked onto Lin Kai's temple as he fell to the ground and got up to confront Scarface and a clutch of hairs, his body at rest.

Without hesitation, the skinny monkey pulled the trigger.

Ping!

A sinister bullet whistled towards Lin Kai's head.

.....

After the little brother sent by Slim Monkey found out that Lin Kai had pre-built Special Force members in that courtyard at the back of Wolong Mountain and reported back to him, he then sent someone to

lead Scarface and a clutch of hair to lead Yang Xiaobo through the secret passage to the Wolong Temple halfway up Wolong Mountain.

This trick worked, as Zhang Shuo led a few members of the team to set up an ambush outside the courtyard, waiting for Lin Kai's order at any time.

However, after Lin Kai finished talking to Zhang Shuo on the phone, Slim Monkey then reported the news to Zhao Wenlong.

Zhao Wenlong then asked him to hire an expert who knew about radio technology to invisible screen Lin Kai's mobile phone, so that Lin Kai's mobile phone was always in a state of no signal.

As a result, Lin Kai could not make calls and when people outside called him, they could not get through.

Zhang Shuo and his men had been ambushing the small courtyard at the back of Wolong for a while, but when they didn't see Lin Kai calling, his mobile phone was unreachable, so they thought there was something strange about this, so they took it upon themselves to rush into the courtyard with their men.

I didn't expect that the place was empty, and I couldn't find Scarface, a clutch of hair and Yang Xiaobo's shadow anywhere.

"We clearly saw a man in black go in, how come there was no one left?" Zhang Shuo felt a bit puzzled and led the team to search around in vain, and came to the hall and found the standing cabinet that concealed the secret passage.

Zhang Shuo tinkered around with the cupboard a few times, and it suddenly moved away to reveal a dark cave, and only then did he realise that Scarface and the others had escaped from this cave.

"After them!"

Zhang Shuo shouted to his team, waved his hand to them, and took the lead to rush into the secret passage, followed by his team members, searching along the way.

The Policewoman Chapter 138

Swish!

The bullet from the sniper rifle flew towards Lin Kai's head.

Before he could react to what was happening, the bullet had already penetrated his chest.

The bullet penetrated his chest before he could react.

A Clutching Hair covered his injured chest and fell heavily to the ground.

"Shit, is this still a human being?" The skinny monkey hiding on the eaves of the room saw with his own eyes the scene when Lin Kai was dodging the bullet through his night vision goggles, and with a pang of fear inside, he thought to himself, "Bullets can't kill you, and bombs can't kill you?"

The skinny monkey let out a cold laugh, then fished out a remote control from his pocket and pressed the button on it.

“Not good, there’s danger,” Lin Kai suddenly smelt a pungent smell of gunpowder and felt an aura of extreme terror, however, it was too late.

With a flash of thought, the entire Wolong Temple Hall suddenly shook.

Boom!

The roof of the main hall suddenly soared high into the air, lifted in mid-air by a powerful air current, and then, one by one, the sculptures of Sakyamuni, Maitreya, Amitabha, Guanyin, Puxian Bodhisattva, and the warders and offering Bodhisattvas inside the hall were like inflated balloons.

Rumble!

A loud sound ruptured in all directions.

Mountains crumbled and falling rocks flew across the ground!

The sound of the statues collapsing and falling to the ground was incessant and did not stop for a long time, as the fire driven by the bomb explosion burned the wood and spices inside.

The whole hall was ablaze and the flames were so bright that they reflected the sky over Wolong Mountain.

The statues of the gods, which were worshipped and enshrined by the people, were still unable to protect themselves at the critical moment and were eventually blown apart and buried in the fire.

All evil was reduced to ashes!

.....

When Zhang Shuo and the others came out of the secret passage and arrived at Wolong Mountain, they suddenly heard a loud “boom” coming from Wolong Temple, which was located halfway up the mountain.

The sound of explosions immediately followed, and the Wolong Temple was in flames, feeling bad, quickly rushed to the Wolong Temple, at this time, the Wolong Temple hall has become a ruin.

“Captain very may be buried inside, save the people!” Zhang Shuo shouted, taking the lead and rushing forward to move the ruins piece by piece.

The fire was still blazing and the beeping and booping sounds were incessant.

Several members of the Special Forces, led by Zhang Shuo, realised that Lin Kai, Tang Huimin and Yang Xiaobo were buried in this hill and quickly rushed up towards the pile of rubble.

“Captain Lin, where are you? Captain” the team shouted as they put out the fire on the ruins.

Suddenly, they spotted Tang Huimin, who was buried in the rubble with her son tightly guarded, and worked together to get mother and son out of the rubble.

When Zhang Shuo saw that Tang Huimin was not seriously injured, he rushed up and asked.

“Officer Tang, where is our captain?”

“Ah, Xiao Kai!” Tang Huimin screamed, then recklessly rushed towards the ruins of the main hall.

She was carrying her son out of the Great Hall and preparing to meet Lin Kai outside when she was knocked down by a strong shockwave and buried into the rubble.

Therefore, the situation inside the Great Hall was not very clear.

“Xiao Kai, where are you, come out quickly, don’t scare your little aunt” cried Tang Huimin as she used her hands to move away the blasted stones and bricks.

However, that huge sculpture is not humanly possible to move?

She was unable to move the sculptures with all the effort she had put in, but despite this, Tang Huimin moved the broken pieces one by one.

Despite the fact that her hands were already worn and bleeding, she was totally unaware of it.

“Auntie, it’s dangerous, run!” Tang Huimin heard Lin Kai’s voice from the rubble and shouted to the team members standing in the rubble looking for Lin Kai, “Come over here, you guys, Lin Kai is buried here”

The team members heard the news and came to help.

When Lin Kai, who was covered in dirt, was dragged out of the rubble by everyone, everyone was stunned and all looked at him with incredulous eyes.

“Captain, is that you?” Zhang Shuo was the first to react, and then let out a cry of surprise.

It turned out that when Lin Kai realised the danger and that the hall was about to explode, he dodged directly next to a statue and was spared when the hall was blown up, crushing him right into the gap in the statue.

“Xiao Kai, are you alright, you scared me to death” Tang Huimin was so excited that she burst into tears and threw herself into Lin Kai’s arms.

“Little aunt, I’m fine,” Lin Kai whispered when he saw how emotional Tang Huimin was, “Let go, the team is watching us!”

Only then did Tang Huimin realise that she had lost her temper and then released Lin Kai.

.....

When the skinny monkey pressed the button on the remote control to blow up the main hall of the Wolong Temple, a powerful air current from the explosion lifted him right off the roof of the temple across the street.

Luckily, this guy was better at kung fu and landed firmly on the ground before he got himself injured and then hid in a shady corner to observe the temple after it was blown up.

Seeing that the whole hall had been blown into a small mountain, with a huge fire burning, and that Lin Kai, Tang Huimin and Yang Xiaobo were buried inside, mistakenly thinking that all of them had been killed by the explosion, they gloated.

“Master Long, Lin Kai and Tang Huimin have been blown up, what should we do next?” Slim Monkey took out his mobile phone and called Dragon Master Zhao Wenlong to report the situation here.

“Live to see, die to see,” Zhao Wenlong ordered, “You take your men and continue to stay there and observe, this time, make sure to keep these two on Wolong Mountain!”

The skinny monkey had no choice but to call the few men in black he had brought along to observe the movement around them.

“Master Long, it’s not good, their helpers are rushing in ……” When Skinny Monkey found out that the Special Force members were rushing towards the ruins, he once again went to call Zhao Wenlong.

Zhao Wenlong was afraid that the matter would be exposed, which made Slim Monkey withdraw with his men and sneak away while the Special Forces team members were rescuing people.

As a result, Skinny Monkey did not know what happened afterwards.

……

The management of Wolong Mountain Resort, as well as the local villagers, heard the sound of the explosion in Wolong Temple and the rolling smoke and blazing fire caused by the explosion, and flocked towards Wolong Temple from all directions.

Gradually, a steady stream of people rushed towards Wolong Mountain. Lin Kai was afraid that these villagers would cause unnecessary trouble when they arrived, so he ordered the team to retreat.

As the group walked out of Wolong Temple and prepared to descend the mountain, the sky was suddenly filled with dark clouds and a bolt of lightning pierced through the vast expanse of space.

Boom!

A loud sound and a muffled thunder exploded.

Immediately afterwards, the sky seemed to tear a large gash, and in a flash, heavy rain poured down, gradually drenching the fire on the ruins of the Wolong Temple hall that had formed a mound after the explosion.

All the villagers thought that this was a manifestation of the various gods and goddesses that had been blown up in the main hall of the Wolong Temple, and fled for fear that the spirits would take their anger and set fire to themselves.

Lin Kai was also afraid that the spirits would blame themselves and be struck by lightning, so he took his team and Tang Huimin’s mother and son down the mountain together in the pouring rain.

……

The group had just left the Wolong Temple when the mound shook a few times and a man rose from the ruins with difficulty.

His clothes had been scraped by the hard waste blocks and he was covered in blood and gore. The rain had drenched his whole body and the rain and blood were melting together.

Seeing no one around, the man left the Wolong Temple in a panic and headed towards the back of the Wolong, gritting his teeth as he struggled through the fierce storm due to the severity of his injuries.

Falling down, he got up again and kept walking!

At this point, a flame of revenge shot out of his eyes, his face hideous and terrifying.

Scarface's only thought was to get out of here as soon as possible, and the belief that sustained him was to keep this little life to find the one who had sent him forward to fight Lin Kai and Tang Huimin in a bloody battle, to act as cannon fodder, and to plant explosives in the great hall to kill him.

"I can't swallow this, I must take revenge!" The man murmured from his heart.

Ouch

Not far away, there were several howls of wolves.

The Policewoman Chapter 139

When the group arrived at the entrance of Wolong Mountain Resort, their clothes were already soaked through by the rain.

Tang Huimin took out her mobile phone and dialled the director of the city's Public Security Bureau, in which she gave a brief report of everything that had happened here to Director Xiao.

As soon as Chief Xiao heard that the main hall of the 1,000-year-old temple, Wolong Temple, had been destroyed, he sat up and immediately sent his men there.

Lin Kai gave a few words of explanation to Zhang Shuo and the others, and the team got into the Gold Cup van they had driven over, started the car and left Wolong Mountain, heading towards Yanjing City.

Yang Xiaobo had been cats in Tang Huimin's arms due to the shock, and his body was still trembling.

"Xiaobo, the bad guy who kidnapped you is dead, you are already safe, let's go home now!" Tang Huimin said to her son in relief.

"Mmm!" Yang Xiaobo replied, before he lifted his head up and looked at Lin Kai, who was standing at the side, with a distrustful gaze and asked, "Brother Xiaokai, how come you're so powerful now?"

"Am I good?" Lin Kai asked playfully.

"Of course, you're so good, you're like the Lone Ranger on TV." Yang Xiaobo praised.

"If you think I'm awesome, I'll teach you sometime later," Lin Kai said with a smile, "but you have to get out of the shadow of being kidnapped by those bad guys this time as soon as possible, listen to your mum at home and your auntie at kindergarten, and be a real man!"

"I will," Yang Xiaobo nodded and said, "When I grow up, I will be like you and be a great warrior with great martial arts skills"

"Hey," Lin Kai gave a naive smile and said, "It's getting late, let's go back!"

After saying that, he walked straight to the Passat police car that Tang Huimin had driven over, pulled open the door and let mother and son get in, then drove off in the direction of Yanjing City.

Two and a half hours later, Lin Kai drove the car into the public security compound and pulled up under the building where Tang Huimin lived.

At this time, Yang Xiaobo had fallen asleep in his mother's arms, presumably frightened and too tired to return to her embrace once again, sleeping peacefully.

"Xiao Kai, it's already so late, so don't go back to the base, stay at my house tonight." Tang Huimin said earnestly.

After their relationship, Tang Huimin had planned to keep a distance from Lin Kai and not to have that kind of affair again, but she just couldn't do it.

This time, thanks to Lin Kai's help, she would not have been able to save her son if he had not risked his life to fight Scarface to the death.

Her heart was broken when she and her son were rescued from the rubble pile by the Special Forces team after the hall was blown up and she found Lin Kai still buried in the pile of rubble.

She knew in her heart that she had fallen deeply in love with Lin Kai.

Lin Kai felt that he was covered in dirt and wanted to find a place to wash and find a clean set of clothes to change into, so, gladly, he agreed.

When they went upstairs to Tang Huimin's house, Tang Huimin carried Yang Xiaobo straight into the bedroom. After putting her son to bed and seeing him sleeping soundly, she left the room and gently closed the door, then went into her own room, the master bedroom.

As there was Yang Xiaobo at home, Lin Kai was not as casual as when he made out with her at Tang Huimin's house during the day, so he sat down on the living room sofa with his buttocks.

Coming to this familiar and cozy environment again, Lin Kai's mind flashed from time to time to the scene when he and Tang Huimin were entwined in this place.

"Lin Kai, come in for a moment!" Just as Lin Kai was imagining things, Tang Huimin's voice came from the master bedroom.

Lin Kai pushed open the bedroom door and entered.

Tang Huimin was standing in the room with her own change of clothes in her hand and asked Lin Kai, "After the clothes you're wearing got dirty and torn in the ruins of Wolong Temple and got wet from the rain, go in and take a shower!"

Lin Kai understood that Tang Huimin wanted him to go in and take a bath with herself and wanted to check if there were any places on his body where the skin was rubbed or give him a rubbing or whatever, but since Yang Xiaobo was at home, Lin Kai was a bit put out and looked a bit embarrassed.

So, he said to Tang Huimin, "You go wash first, I'll wash later!"

“That’s fine,” Tang Huimin nodded and said, “You sit down for a while, I’ll go in and wash up and come out.”

After Lin Kai saw Tang Huimin walk into the bathroom, he sat on her bed.

The bed was soft and wide.

Lin Kai gently lay down and listened to the sound of water coming from the bathroom, remembering the scene when they were entwined in this set of rooms, he couldn’t help but think about it and his mind wandered.

Feeling a little sleepy, Lin Kai lay down on the bed with his clothes on and closed his eyes.

Suddenly, a small hand patted him on the shoulder before he realised that he had fallen asleep, and rubbing his eyes, he saw Tang Huimin squinting at him.

“Tired, are you?” Seeing that Lin Kai was awake, Tang Huimin smiled sweetly.

Lin Kai knew she would ask this, and instead of answering, he stared directly at her, her complexion even whiter than first snow under a small rose-red camisole pajama top, the outline of her plump peaks vaguely visible.

Lin Kai was tempted to just put her down on the bed and make out with her, but on second thought, Tang Hui Min’s son was next door and he was afraid of waking him up and not being able to make out with her.

“Let me help you dry your hair first, it’s getting all wet on you like this.”

“Sure!”

Tang Hui Min took out a small pink hair dryer and gave it to Lin Kai, sitting obediently at the dressing table while Lin Kai stood behind her, plugging it in first and then pressing the hair dryer button.

The warm breeze blew gently into her hair, the strands slipped through Lin Kai’s fingers, her hair was soft and smooth, Lin Kai stroked it lovingly and she closed her eyes enthralled.

When her hair was 80% dry, Lin Kai turned off the hairdryer and used a comb to brush her fringes and put on a very good face before leaning down and murmuring in her ear.

“How’s that?”

“Not bad, I just love this haircut!” Tang Hui Min opened her eyes and nodded her head in satisfaction, perhaps this hairstyle reminded her of her teenage years.

Tang Huimin looked appreciatively at herself in the mirror as Lin Kai admired her blushing from self-indulgence, and at that moment, just wanted to stop time so that he could keep that delicate redness.

Lin Kai gently wrapped his arms around her waist and she fell into his arms and closed her eyes again.

In this way, Lin Kai could survey the lovely girl in his arms with great abandon, feeling the longing of his body and the seductive scent of his body through the thin nightgown, making Lin Kai dizzy for a moment.

They kissed gently for a moment, then left, and a moment later, renewed the kiss violently again, for about 2 minutes of wild kissing before they had to part.

Tang Huimin got up from the stool fondly and said to Lin Kai

“Xiao Kai, go and take a shower first, then wait for me in my room for a while, I’ll go next door to see if Bo is awake, then come over to keep you company!”

“You go ahead, it’s important to get down to business!” Lin Kai nodded.

“Mmm!” Tang Huimin answered and said to Lin Kai, “I’ve prepared your change of clothes for you and put them in the bathroom, I went to the street to buy them for you after you left our house today, try them on later and see if they fit.”

“It’s still Little Auntie’s thoughtfulness!” Lin Kai said gratefully, “Thank you!”

“I didn’t even thank you when you saved Bo’s life at the Cloud Mist Temple tonight, so what’s there to thank for buying you a dress?” Tang Huimin smiled.

Then she made a “wait” gesture to Lin Kai and left the bedroom room, closing the door behind her and walking into the bedroom next door.

The Policewoman Chapter 140

It was only after Tang Hui Min left the master bedroom that Lin Kai reacted.

He then walked into the bathroom and found a straight suit hanging on one of the hangers inside, so he took it off and compared it to himself, feeling that it fit him well.

“Young aunt is just meticulous, if you marry her into your family and make her your wife, she’ll be a good hand inside and out, making it especially worry-free.” Lin Kai thought to himself.

Suddenly, he saw the red lace underwear that his sister-in-law had taken off, still sitting in the laundry tub, and his heart was a swell.

.....

It’s raining, the moon is dark and the wind is high!

An Audi and a van with their headlights on came from a distance and drew up steadily at the door of a small courtyard on the eastern outskirts of Yanjing City.

The two men in black who were responsible for standing guard at the gate saw that it was one of their own cars and hurriedly opened the large iron gate.

The two cars drove in smoothly and drew up in the small courtyard.

With a crash!

The door of the van was pulled open and several men in black stepped out of the car.

A man in black stepped forward and pulled the door of the Audi open.

The skinny monkey got out of the car and said to the few men in black waiting at the side, "Brothers, we have all worked hard tonight, go back to your rooms and rest!"

The men in black then dispersed, and Slim Monkey walked into the small building and headed for the third floor.

A little brother waiting at the stairway quickly opened the door to the room.

The thin monkey walked in, followed by the little brother.

Skinny Monkey looked around the room and asked the little brother, "Where's Big Head?"

"Master Long called to tell him to go on a mission." The little brother replied hastily.

"Oh, I see, you go down!" Slim Monkey waved his hand at the little brother, who knowingly exited the room.

Sitting down on the sofa in the living room, leaning his body against the backrest of the sofa, Slim Monkey took out his mobile phone and gave a detailed report to Zhao Wenlong on what had happened at Wolong Mountain.

After talking to Zhao Wenlong on the phone, Slim Monkey felt a little tired, so he went into the bathroom and comfortably took a hot shower.

Then, he went back to the bedroom, fell into bed and soon fell asleep.

.....

A black shadow groped outside the compound like a ghost and soon faded into the darkness, the 5-metre high fence was a piece of cake for him.

Whoosh!

There was a soft sound.

The dark figure was already crouching on the wall, his body already merging with the darkness

Although the place was heavily guarded, to him, scaling the wall was like a game. Soon, as light as a swallow, he had landed inside the green belt inside the compound.

In the small building inside, there were two men in black standing guard on each floor, so under the cover of the night, the black shadow burst out of the green belt and dashed like lightning to the ground floor.

As if hearing some movement behind him, one of the men in black turned around.

The dark figure suddenly exploded, and while his whole body was half up in the air, he lunged at the man in black, hooped him around the throat with a loop inside his elbow and struck him with a punch to the temple.

At the same time, the man was already standing fully inside the hallway, moving gently without making a sound, one hand holding the fainted man in black against the railing of the building.

Immediately afterwards, the dark figure quickly felt behind the assailant who had not yet turned around, keeping his body in line with his, at the same pace, in a close choke.

The man in black didn't even have a chance to squeak, his body went limp at once. The dark figure quickly leaned on his back, not letting him fall, reached out and dragged him into the hallway.

As it was!

In one breath, The Dark Shadow took care of all the men in black standing guard on the second and third floors, retrieved a key from a man in black on the third floor and inserted it into the lock hole.

Squeak!

A door slammed and the door to the room opened.

The dark figure gently pushed the door into the room, turned and closed it behind him, and then, as if he had arrived at his own home, breezed past the hall to the door of the bedroom where the skinny monkey lived and reached out to twist open the door.

Hullo!

The monkey was asleep in his bed, snoring loudly.

The dark figure closed the window in the room, closed the curtains and turned on the wall sconce. When he saw that the monkey was still sleeping like a dead pig, he went to the bed, patted his shoulder with his hand, lowered his head and whispered into his ear.

"There's a flood in your house, wake up!"

"Who are you? Stop it, let me sleep a little longer!" The thin monkey rubbed his eyes with his hands and suddenly felt that this person's voice sounded familiar, immediately opening his eyes and seeing Scarface standing in front of his bed, he suddenly lost all his sleepiness and sat up from the bed at once, exclaiming: "How is it you? You are not dead? You are you a human or a ghost"

"Hey, of course I'm human," Scarface said with a sneer, "In the words of your Chinese country, that is, thanks to your blessing, I was lucky enough to go to the hell of hell, but the king of hell refused to accept me no matter what, so I came back... .."

"What are you up to?" Skinny Monkey asked as he jumped off the bed.

Scarface was covered in wounds, and the grey light in the room shone on his twisted and distorted face, making it look unusually horrible and ghastly.

"Of course I came back to give you a ride," Scarface said with a smile on his face, "His old man, the King of Hell, said that your time limit has come and told me to come and inform you!"

"You you" The thin monkey knew he was no match for Scarface and retreated to the wall, shouting, "Someone, someone! "

"That bunch of stupid pigs outside you have been taken out by me, you don't scream, it's futile to scream anymore," Scarface asked with a murderous look on his face, "Why are you still planting bombs inside, do you want to blow us all up?"

"I didn't, it wasn't me who did it, " the skinny monkey hurriedly defended himself.

"Tell me," Scarface asked in a stern voice as he stepped closer to the monkey, "Tell me what this is about, and if you tell me, I won't allow me to save your body, or I'll chop you into a wall of meat and feed you to the fish in the moat."

"I fuck you!" The skinny monkey knew that he was afraid that he would not be able to escape tonight, and finally roared, making a trapped animal move, swinging his fist like a tiger out of a cage and lunging at Scarface.

"You're really a thing that doesn't know what's good for you!" Scarface sneered and stood proudly in place, letting the skinny monkey's fist come at him.

Just as the thin monkey's fist swung in mid-air, Scarface struck out lightning fast and snapped the wrist of the one he was throwing his fist at.

The monkey froze and tried to struggle, but he could not get rid of it. Moreover, his whole body felt tingly and numb, as if he could not lift his strength.

His left hand managed to clench his fist, but it was limp and slow, and before it could hit Scarface, it was held up by Scarface's other hand.

Click!

There was a crunching sound.

The skinny monkey's arm was broken and he fell limp like a dead dog.

Scarface stepped forward and stepped on his neck, and with one force, the thin monkey's neck was then broken, spitting out a few mouthfuls of blood from his mouth, and with his head tilted, he flew off to the Underworld to report to the King of Hell.

Afterwards, Scarface, seemingly red-eyed with murder, finished off the men in black in the courtyard one by one, then waved his sleeves and disappeared into the darkness of the night.
