

# Catch Me If You Love Me Chapter 131

Hearing this, Liam Lu was taken aback, raised his head and looked at the middle-aged man opposite.

In the huge country H, anyone with some reputation probably knows the identity of Liam Lu, and it is not surprising that he knows him.

But Liam Lu knew that what the man said was not such an understanding.

Before asking, the man suddenly smelled something, his nose wrinkled suddenly, and he lowered his head following the source of the smell.

Seeing the sour noodles scattered all over the floor, the man's pupils suddenly shrank, staring at the ground, his eyes straightened!

Zoey Gu noticed that his emotions were not right, so she pursed her lips and said embarrassedly.

"Mr. Fu, I'm sorry, we have no intention of breaking into your private domain."

"It's really because my arm was seriously injured. Only you can help me in the entire Ruoda Qingcheng. That's why we..."

Before he finished speaking, the man called Mr. Fu suddenly squatted on the ground.

Before everyone could react, he reached out and grabbed the noodles scattered on the ground and stuffed it directly into his mouth.

"..."

A long gasp sounded all around, and everyone was stunned by this behavior.

"Sir!" the servant shouted in shock.

He didn't notice, he stuffed his mouth one by one, chewing slowly bit by bit, as if he was confirming something.

Zoey Gu couldn't stand it, and couldn't help but reminded in a low voice.

"Mr. Fu, I borrowed your kitchen, there is still a lot in the pot."

Mr. Fu suddenly raised his head, staring at Zoey Gu with staring eyes, and asked excitedly.

"You did this?"

Zoey Gu nodded and explained softly.

“When I was young, my mother liked to make noodles like this. After a long time, I will learn how to make noodles.”

When the words fell, Mr. Fu suddenly got up, came to Zoey Gu a few steps, and watched her carefully ask.

“Are you... from Berven City?”

“Yes.”

“what is it call?”

“Zoey Gu.”

Mr. Fu suddenly stopped asking, staring at Zoey Gu without blinking, as if to print the outline of her face inch by inch.

After a long while, as if calmed down, he raised his hand to lift Zoey Gu’s gauze arm, glanced carelessly, and sniffed again.

Finally got up, turned to look at Liam Lu next to her, and asked nonchalantly.

“Who are you from her?”

His tone is very similar to a formulaic account check, but it has a few separate and purposeful meanings.

Liam Lu glanced sideways at Zoey Gu, bending his lips slightly.

“I am her husband.”

Zoey Gu’s eyes widened suddenly, and she suddenly turned to look at him, subconsciously trying to refute.

“Liam Lu! I’m not your wife, don’t you...”

Their wedding was not held, and it was never notarized, let alone her denial, even the law would not recognize it.

Mr. Fu pulled his lips and sneered deeply. He looked back and forth on Zoey Gu and Liam Lu before suddenly speaking.

“It’s just a burn and poisoning, and you can’t die. But if you want me to do it, you have to make me happy!”
