

Nothing to Give but My Heart Chapter 1320 – 1329

Chapter 1320

“You have all been together for so long, don’t you have this confidence yet?”

“It’s not that I don’t have self-confidence. I just don’t want to be too selfish in everything like before. If this is the case, I will be easily disappointed in the future. I am planning for the worst in everything now. I will be very surprised if I do this.”

Stella was a little silent after hearing this, but she didn’t expect Jessica’s temperament to be polished like this. She fixedly looked at Jessica in front of her for a long time, and suddenly stretched out her hands to embrace her shoulders.

“Silly girl, you can love someone very much, but you can’t lose yourself to love him. Even if Victor Han is my brother, I have to tell you these words. You can’t be so humble in your relationship, you are together. , You are equal, you like him, and he likes you. But if he doesn’t like you as much as you like him, then you don’t like him too much.”

Otherwise, the person who paid a lot in the end will always be bruised.

Stella had a deep understanding of this matter.

These words entered Jessica’s heart word by word, she patted Stella’s shoulder, pretending to be relaxed.

“Don’t worry, I will not lose myself. I just adjusted my lifestyle and mentality to make my future full of infinite surprises. Think about it, I think it’s impossible,

but it becomes possible in the end. Was it a pleasant surprise? But if I think it's possible, and I'm disillusioned in the end, I'll be sad and can't accept this result. But now I won't, because I have already planned the worst in the beginning. So even if that day does come, I won't...be that difficult to accept."

These remarks are from her psychology. I have to say, Stella actually thinks what she said makes sense?

Although this is a bit pitiful, there are many surprises.

Perhaps everyone has their own lifestyle and choices, and she shouldn't interfere too much.

Thinking of this, Stella said in a casual way: "Well then, you can do it yourself, then I will accompany you in to check."

"Yeah!" Jessica nodded.

When the examination results came out, it was confirmed that Jessica was indeed pregnant.

Holding the report, Jessica almost cried, and finally she hugged Stella and buried it on her shoulder.

"Congratulations, Jessica, we are going to be a mother."

Jessica thought to herself, Victor Han would be a father too.

However, she still does not want to tell Victor Han the news.

"Don't tell your brother about this matter for now, can someone else do it?" Jessica pulled away and began to discuss with Stella.

“Huh? You didn’t want to say because you were not sure before, but now you are sure, what is or you don’t want to say?”

Jessica’s expression was a little shy, and she whispered: “I want to prepare again, and then tell him.”

When Jessica said this, Stella probably understood what she wanted to do, “Well, then I don’t know anything about this matter for the time being. What you said is right. After all, it’s between you. Things, I shouldn’t interfere too much.”

“Hmm.”

After leaving the hospital, Jessica went back by herself. After Stella got in the car, Walter’s expression was cold: “Resolved?”

Stella replied and leaned in to say hello to Little Bean Sprout, “Little Bean Sprout, Mommy is back.”

“What is she looking for you for?”

Walter still had a sorrow for Jessica. He didn’t forget what Stella, his best friend, did before. This time he called Stella out and occupied their time!

“I didn’t do anything. She was not feeling well, so let me come with her to check it.” Stella continued to tease Xiao Bean Sprout, the expression on her face kept changing.

Seeing the vivid Stella making a face like this under her nose, Walter’s anger and impatience that he had waited for a long time earlier gradually dissipated.

“Can’t you come to the hospital by yourself if you feel sick? It’s not that children want someone to accompany you. Now you have a husband and children and you are very busy.

Stella's movements finally stopped, and then raised her head to look at Walter inexplicably.

"I find that you are becoming weird now."

Her eyes were clear, as if he could reach her heart through his eyes, Walter's thin lips were pursed, and then he said: "Really? Why is it strange?"

"You used to... don't seem to be so sticky to me, but now you always stick to me, as if you are afraid that I will disappear. What's wrong?"

Walter was speechless by this question.

But he just didn't think about how to answer her. Indeed, although the two were together before, he didn't stick to her like he does now.

"I found that it seems that you have been stuck to me since you recovered your memory. When I have finished giving birth, this situation will get more serious. Has anything happened? Why do you follow me like this?"

Stella had never asked him so seriously before, and now she took this opportunity to ask simply.

Walter pursed his thin lips and began to think deeply.

In fact, this question should start at the time when he recovered his memory.

No one has experienced what he has experienced. When the plane crashed and he fell into the sea, what kind of despair he experienced.

He should be the groom that day, and his beloved woman is still waiting for him to marry her at the wedding.

But he couldn't go there that day, Walter could almost imagine how desperate Stella could not see herself under the witness of relatives and friends, and surrounded by reporters.

He was also afraid that something would happen to him, and then he would never see her again.

So when the memory recovered, these memories and rolling emotions were like falling into the ocean helplessly, struggling to resist, but being photographed by a wave almost unconsciously.

People are really small in front of nature.

These memories are like the waves at the beginning, one by one coming more menacingly, allowing him to deal with the exhaustion from the beginning to the end, and then... be swallowed by the waves.

In addition, when Stella gave birth to small bean sprouts, Walter followed into the delivery room and witnessed her having a baby, almost exhausted.

At that time, Walter held her hand tightly, looked at her bloodless cheeks, and thought of how he was being beaten out by waves one after another on the ocean, and finally exhausted.

Thinking of this, Walter's consciousness slowly returned, and then he saw Stella looking at him worriedly, "What's wrong with you?"

After speaking, he stretched out his hand and shook in front of him: "Is it okay? Looking at your expression, you don't think of bad memories, right?"

"No." Walter didn't want her to worry, so he immediately denied it, but Stella didn't believe it, because his expression just now seemed to have fallen into the memory, how could it not be?

Stella probably knew about his memory, so she made Walter show such an expression, she thought she could probably guess what it was.

Chapter 1321

Suddenly, Stella stretched out her hand to hug Walter's shoulder, and then gently leaned her head on his shoulder.

“Don't panic, don't be afraid. Memory is memory. It has no power except to disturb your mind. The previous things are over. Now I am by your side. We have millet beans and bean sprouts, your grandfather. I will stay with you by your side.”

Stella's soft words gently brushed Walter's heart for the night, her fingertips moved, she hugged the small bean sprouts in her arms tightly, and her lips slowly evoked a smile.

Yes, his Stella was right.

Although he has gone through wind and rain, the important people are now by his side, and although he is facing death, didn't he die in the end?

However, Walter raised his eyebrows, “You said these things, hoping that I would never follow you again?”

Stella coughed lightly, with an embarrassed expression: “I didn't say that about ducks, I just saw you look sad just now, so I will comfort you, lest you think too much by yourself someday. .”

Walter glanced at her, stretched out his hand to pinch her nose, and said in a deep voice, “Pi.”

The two seemed to be a boyfriend and girlfriend who had just been together.*

Since Lin Xuzheng met Xu Yanwan in the Han Group that day, there has always been an uneasy feeling in his heart.

So he asked people to check Xu Yanwan's previous experience, because she suddenly said that she was bankrupt, and there must be a reason for this.

So after Lin Xuzheng's investigation, he knew how the Xu Group went from being a well-known overseas group to the demise and finally disappeared.

After reading the information, Lin Xuzheng only sighed, because he never thought that the Xu family, who was so powerful back then, would have disappeared like this.

Suddenly, Xu Yanwan was the only one left in the Xu family.

Human hearts grow in flesh, even a stranger, after knowing that Xu Yanwan has such an experience, will give birth to sympathy.

Not to mention that the three of them were childhood sweethearts who grew up and played together.

To be honest, Lin Xuzheng also treated Xu Yanwan as a younger sister.

And most importantly, Lin Xu has always known her thoughts about Victor Han.

It's just that Lin Xuzheng always thought that Victor Han was going to be an orphan, so Xu Yanwan's true feelings would be put to nothing.

It's just that afterwards, even Lin Xuzheng didn't even think about it, a little face would appear in the middle, and then Victor Han would be taken.

Then he never thought that Xu Yanwan's family would go bankrupt and she would be the only one left, and finally came to the Han Group.

Thinking about it, it feels a bit disturbing.

But soon, Lin Xuzheng's lips showed another meaningful smile.

His friend Victor Han has always been calm and self-sufficient. If he meets two women who are jealous for him, one is his childhood playmate and the other is his beloved woman, how will he react?

It is true that Lin Xuzheng wanted to see how Victor Han would react, but... the cost of doing so is estimated to be too great.

So Lin Xuzheng planned to ask Xu Yanwan to come out for a chat.

When Xu Yanwan received the call from Lin Xuzheng, she was not surprised at all. Since meeting at the company that day, Xu Yanwan had guessed that he would come to her.

"I didn't expect your speed to be so fast. It seems that although you haven't managed the company much in these years, Lin's position in Beich has not diminished at all."

Hearing, Lin Xuzheng smiled slightly and said softly: "It seems that you have guessed that I will find you?"

"Yeah." Xu Yanwan nodded and said lightly: "It's just that I didn't expect your speed to be so fast."

Lin Xuzheng didn't talk nonsense with her anymore, and directly asked her out to meet.

The two met in a cafe

Lin Xu was sitting inside and waiting. Because he was on the second floor, he had a wide field of vision. From a distance, he saw Xu Yanwan walking towards this side through the glass window.

In the past, Xu Yanwan was picked up and picked up by a special car, and they were all famous brands.

But now, the outfit on her is no different from the one seen at the company that day.

It should have come out of the professional suit she was wearing, and the high heels on her feet, which obviously didn't fit her feet.

The former eldest lady is now down and down like this.

Lin Xuzheng picked up her cup and took a sip of coffee, not knowing what it was like.

The relationship between the previous three was really good. After all, at that time, everyone was simple and didn't have so many ideas. But after Lin Xu got a girlfriend, he slowly left the team.

After that, Xu Yanwan immigrated with her parents.

Just now...

Xu Yanwan had already walked into the coffee shop, and after saying her name to the waiter, the waiter led her upstairs.

"Here." Gentleman Lin Xuzheng stood up and pulled a chair for Xu Yanwan.

Xu Yanwan watched this scene, but didn't move. It took a long time before she said: "I am not the eldest lady of the Xu family for a long time. You don't need to do this in the future."

Hearing, Lin Xuzheng raised his eyebrows: "Xu Yanwan, do you think I will do this based on your identity?"

Xu Yanwan pursed her lips, but did not answer.

"This is based on the love of the past, the love of growing up together, don't you understand?"

While talking, Lin Xuzheng bent his fingers and flicked Xu Yanwan's forehead: "If the family is bankrupt, won't you even deny your elder brother?"

Brother?

A surprised expression appeared on Xu Yanwan's face and she looked at Lin Xuzheng.

"We grew up together since we were young. When I was sensible, you were so tall." Lin Xuzheng also gestured, "You were madly pursued by the boys in school when you were in school, and you were followed after you refused. , Didn't I help you settle the matter?"

Before mentioning it, Xu Yanwan gradually fell into memory.

Yes, when the three of them grew up together, she was the only girl among the three, so she always received special care.

But the most of these special care comes from Lin Xuzheng, and Victor Han...very rarely.

Unless she asks, or is met by him in person, then he will not die.

“Don’t you just break your child? You are already a big girl. This bit of suffering can always be overcome. There is nothing to look away.”

Hearing, Xu Yanwan lowered her eyes and laughed faintly.

“Yeah, don’t you just go broke...”

Don’t you just go broke...

What’s the big deal?

It’s really no big deal, but Xu Yanwan always wants to cry a little, after all, for her, she really has nothing now.

But Victor Han is so good, but she has nothing...

Thinking of this, Xu Yanwan’s eyes became wet.

“I have no other intentions. I call you out today to renew the past.”

Finally, Lin Xuzheng called her to sit down. After Xu Yanwan sat down, she adjusted her mood and raised her head again.

Chapter 1322

“Come, see if there is anything you want to eat.” Lin Xuzheng handed her the menu, while saying: “I remember you used to like desserts the most, let me have one?”

“No need.” Xu Yanwan shook her head, “I don’t eat sweets anymore.”

Sweets may indeed make people feel better.

But sweets also have a lot of disadvantages. They are easy to gain weight and diabetes, and they are not good for blood sugar.

Lin Xuzheng didn't care before, because every time she ate too much, her parents always told her, but now? She had nothing, no longer cared about her, and no one cared about whether she was asleep in the dead of night.

She can only learn to take care of herself, and try not to do what she can't do.

Finally, Xu Yanwan only had a cup of black coffee.

Lin Xuzheng, who was sitting opposite, saw that she asked for a cup of black coffee, and suddenly didn't know what to say.

She won't touch the ones she likes again, but...

Seeing Xu Yanwan like this, Lin Xuzheng felt a very strong sympathy. He lost his wife at the time and experienced a period of despair like Xu Yanwan.

Not to mention that paragraph, even now, he dare not say that he has come out.

After the coffee came, Xu Yanwan took a few sips. The bitterness filled the tip of her tongue and mouth, gradually spreading, and finally drawn to the bottom of her heart.

She herself didn't know whether the bitterness was coffee or her own mood.

After Xu Yanwan drank a small cup, she raised her head to look at Lin Xuzheng.

“Let’s talk about Brother Lin, who suddenly called me out. Is there anything you want to tell me?”

Lin Xuzheng: “...”

Cough, this girl is really smart and clever, she just called her out for a trip, did she actually guess it?

“What? I asked the little girl out, can’t just chat? I have to have something to say to you?”

Xu Yanwan smiled faintly.

“I don’t think it’s that simple. That day when you were at the company, you seemed to be hesitant to talk. It’s just that you should have other things, so you didn’t catch up with me and ask me. Now how long has passed, Brother Lin came to look again. Me, the chances of okay are very small.”

“Well, you are still as smart as before.”

“Go ahead, what does Brother Lin want to tell me?”

“It’s not a big deal. We used to be the three of us together when we were young. You didn’t have a chance abroad before. Now you are back. So I want to take this opportunity to call out Victor Han. The three of us still sit and talk together. Have a chat.”

Hearing, Xu Yanwan frowned and called out Victor Han?

“Yan Wan, if you agree, I can call Victor Han now, and the time will be...”

“No!” Just as Lin Xuzheng was about to say the next thing, Xu Yanwan interrupted him quickly, and then rejected his proposal.

“I look like this, I am not the same Xu Yanwan I was when I was a child. I was a child when I was a child, and now it is now. There is no need to look back.”

After speaking, Xu Yan stood up quickly and walked out the door quickly.

Lin Xuzheng’s eyes narrowed, and quickly got up to stop her.

“Lin Xuzheng?”

Xu Yanwan looked up at him, probably not expecting that he would suddenly stop her “What on earth do you want to do? You want me to meet Victor Han and let him know about my work in his company. This is your true purpose, right? “

She has to say that Xu Yanwan was indeed right.

Lin Xuzheng really wanted to let Victor Han know about this.

Xu Yanwan’s smile became sad, and her eyes were disappointed, “I didn’t expect that the person who claimed to be my eldest brother wanted to calculate me like this.”

“Yan Wan, how can this be called a calculation? Why do you have to be aggressive in your current situation?”

“So Brother Lin is pitying me?” Xu Yanwan approached the person in front of her step by step, pressing her hand on her heart, “I feel that my current job position is too low, that I have a miserable life, or that my parents died very poorly, so I want to help me? Treat me as a beggar?”

The latter words were over-exaggerated. What Lin Xuzheng wanted to persuade her at this moment completely disappeared, leaving only anger, “Xu Yanwan!”

Xu Yanwan stood still.

“If you still remember the friendship with Brother Lin when you were young, you should know that we are friends and we have the friendship of growing up together. It is normal for friends to help each other, but what about you? What do you think about being so resistant to us?”

It is normal for friends to help each other.

Yes, Xu Yanwan thought so before, but why can't she accept it now?

Seeing her not speaking, Lin Xuzheng said again: “No, maybe I should correct it, you are not resisting us.”

Xu Yanwan's heart trembled and she seemed to feel what he was going to say next.

She consciously wanted to interrupt him, but it was too late.

“Maybe the person you really resisted is Victor Han!”

Xu Yan widened her eyes suddenly, staring at Lin Xuzheng.

After a long while, she burst into laughter.

“Why do you say that?”

“Did I make a mistake?” Lin Xuzheng pursed her lips, walked sideways to the chair next to him and sat down, tapping her index finger on the table: “You are willing to come and see me, sit here and talk to me, but when it comes to Victor Han, you are like a rabbit with only one tail trampled on. Isn't this what the resistance is? So now, let me guess the reason for your resistance to Victor Han?”

“Don’t say it!” Xu Yanwan interrupted him again.

“Do you not want to listen, or are you afraid to listen?”

“Lin Xuzheng!”

“Actually, you liked him when you were young. Brother Lin has always known about this.”

Lin Xuzheng finally spoke out what was in her heart. Xu Yanwan was stunned and looked at her blankly. He didn’t expect that she would still say it.

Her inner thoughts were cut out so clearly, Xu Yanwan didn’t know whether she should cry or laugh.

“So? What did Brother Lin say about these things?”

Lin Xuzheng did not speak.

But Xu Yanwan approached him step by step: “You don’t want to say, or I’ll say it for you? You think I like Victor Han, so I deliberately lurk in his company, right?”

These words made Lin Xuzheng frown.

“I just didn’t expect that now I don’t even have the right to choose a company to stay? Lin Xuzheng, why do you want to take care of my affairs? When I submitted my resume, I joined the Han Group by the way. I am a member of the Han Group. I recruited me. I don’t know what’s wrong with my stay in the Han Group? I don’t know my existence without Victor Han. I just want to work there. Isn’t that okay?”

In front of her 'brother' who grew up with her and even cared about her, Xu Yanwan, who had always been calm and gentle, lost control.

Lin Xuzheng walked up to her and looked down at her deeply.

"Work hard? But, are you sure you think so in your heart?"

Chapter 1323

She grew up with Xu Yanwan.

"I really understand Xu Yanwan's thoughts. If in the world except her parents, he should be the person who knows her best."

Because Lin Xuzheng is good at observing human nature.

Xu Yanwan is indeed the kind of person who can hide her emotions. If hadn't grown up together, maybe Lin Xuzheng couldn't guess her thoughts.

"What do you mean by this?" Xu Yanwan looked at him incredulously, her lips gradually waking up with a bleak smile.

Lin Xuzheng finally put on a serious expression on her face, and solemnly said: "You didn't just join the Han Group, you have been in the group for a while, presumably you already know that Victor Han already has a girlfriend."

"So what?" Xu Yanwan asked back.

Hearing, Lin Xuzheng frowned, so what?

"Don't you like him?"

“Yeah, I won’t pretend to be in front of you. I like him, but I like him. Does it matter to him having a girlfriend?”

Lin Xuzheng: “...”

“Just because he has a girlfriend, I can’t even... secretly like him?” Xu Yanwan clutched her heart and emphasized word by word: “I grew up with Victor Han. I know I have loved him for so many years. Even if I go abroad, my affection for him has never stopped. Now, just because he has a girlfriend by his side, I have to get rid of this love. Clean, can’t even stay in the same company with him, can you?”

Lin Xuzheng was unable to speak after a questioning, but he soon found a way to deal with it. He took a few steps forward, placed his big hand on Xu Yanwan’s shoulder, and whispered, “He already has someone he likes. Now, why are you doing this?”

“I like it myself.” Xu Yanwan avoided his touch, took a step back, and looked at Lin Xuzheng coldly: “I like him as my own business, and it has nothing to do with anyone, even when we were young. Growing up together, you are not qualified to interfere with what I am doing.”

Lin Xuzheng: “Even if he can never respond to you, is it okay for you?”

“Yes!”

Lin Xuzheng’s thin lips moved, as if he wanted to say something. Xu Yanwan interrupted him when she saw this. “Brother Lin, don’t tell me anymore. Feelings are something outsiders can’t interfere. I believe. You know better than me. If someone told you to stop missing your dead wife and ask you to marry another, would you agree?”

This sentence really touched his heart.

Because Lin Xuzheng's deceased wife is his lifeblood and an existence that cannot be blasphemed by others, if someone tells him to marry another, he will turn his face straight away.

So in the beginning, someone tried to persuade him, but then no one to persuade him.

"Is there nothing to say? That's it. You don't come to me to talk about this in the future. Don't worry, I won't do anything."

When she said the last sentence, Xu Yanwan still wore a mocking smile on her lips, then turned and left.

Lin Xuzheng stood alone in a daze for a long time. It took a while before he recovered, and then he sat down and squeezed his eyebrows helplessly.

It's really a headache, Xu Yanwan is more stubborn than he thought.

Unexpectedly, after so many years, many things have changed in her, but the only constant is stubbornness.

What can't you do?

"I also hope that she really can't do anything."

Otherwise... he doesn't want to see the final result is that Victor Han and Xu Yanwan are dead forever, and then the old relationship, but nothing will exist.

Originally, Lin Xu was planning to take Xu Yanwan to his company today. Whatever happened, his elder brother took good care of her. After all, seeing her suffering now, he felt uncomfortable in his heart.

It's a pity, it's too hard.

After Xu Yanwan left the coffee shop, she walked to a corner and stopped, stretched out a strand of blue silk behind her ears, then gently wiped away the tears from her eyes with her fingertips, and stood still.

From the incident to today, Xu Yanwan has never felt that fate is unfair. After all, his Xu family will be destroyed by her father on this day, and she is too careless in the past and did not stop her father in time.

But now?

What did she do wrong? She obviously only worked in the company, she did nothing.

But Lin Xuzheng shouted out.

Obviously he was a playmate who grew up together, but between his words, there was no possibility of thinking about himself at all.

Did not even ask, how are you doing now?

In fact, Xu Yanwan didn't intend to get attention from Lin Xuzheng, but she didn't want him to interfere with her affairs.

Today's matter, he has done too badly.

Xu Yanwan closed her eyes, calmed down her emotions, and left soon.

Soon Xu Yanwan returned to the company.

Just now she came out after taking a long time off, but when she went back, the supervisor was still a little surprised, "Yanwan? Didn't you take a long time off? Why did you come back?"

Xu Yanwan smiled slightly and said softly: "Sister Wen, the matter is over, so I will come back early."

"That's it." Jiang Wenwen glanced at her appreciatively: "Yes, I put my mind on work, it's good. But how do you look a little red in your eyes? Didn't you cry?"

After speaking, Jiang Wenwen approached Xu Yanwan and looked at her seriously.

The sudden approach made Xu Yanwan stunned, and then she recovered quickly, shook her head and chuckled, "No, just when a car passed by and raised the sand when walking on the road just now, it happened to get into my eyes, and then I was a while. I can't hold back, my eyes are just like that. Isn't it ugly, Sister Wen, I'll go to the bathroom and wash before coming out."

"it's okay, it's not ugly! You look so good-looking, with red eyes, and you look pitiful, how could it be ugly?" Jiang Wenwen patted her shoulder gently, "You girl, you have a good working ability. Yes, that's the temper...it's quite stubborn, there's something sad to tell, Sister Wen is so old, and Sister Wen has experienced things that you haven't experienced before, so she can answer your questions for you. Undoubtedly."

"Thank you Sister Wen for your concern, Sister Wen is so kind."

"Little girl, let's go to the bathroom to wash." Jiang Wenwen pushed her shoulder, and Xu Yanwan left.

As soon as she left, Jiang Wenwen saw a person hiding in the door sneakily. Seeing her looking over, he hid behind the door again.

Jiang Wenwen narrowed his eyes, and then walked out.

"Reception?"

The front desk caught: "..."

"You are not guarding at the front desk, why are you running to my department?" Jiang Wenwen was speechless for a while.

The front desk took a look at the place where Xu Yanwan had gone just now, and then asked: "Sister Wen, does Xu Yanwan work under your hands?"

"Yes, this girl is diligent and very smart. I plan to hone her a bit more, and she will be a good helper for my work in the future."

Chapter 1324

"Is she very smart?" The front desk held his chin with one hand and looked confused: "Is she very capable of working?"

"Of course, it's much better than usual." After speaking, Jiang Wenwen glanced at her suspiciously: "Why are you asking about this? Is it just to come to me to gossip?"

"No, no, I just come to make sure if she is with you."

The more Jiang Wenwen heard it, the stranger it became. The front desk was very gossip. The gossip messages in the group were usually from her. Now she came to her to discuss Xu Yanwan with her.

Is there any special gossip about Xu Yanwan?

While thinking about it, the front desk spoke up, which directly broke her doubts.

"Sister Wen, you really have the foresight. If you have served her well, you may be able to get another promotion in your position."

Jiang Wenwen: “?”

Jiang Wenwen did not understand this sentence.

Seeing Jiang Wenwen’s dumbfounded look, the front desk asked in surprise: “Sister Wenwen, don’t you still know who she is?”

Jiang Wenwen: “Who are you talking about? Are we talking about the same person?”

“Sister Wen, you are too slow! The fiancée of President Han that we have been talking about before in the group is her!”

Jiang Wenwen: “???”

“What are you talking about? Xu Yanwan is President Han’s fiancée?”

The front desk found that Jiang Wenwen’s expression was as horrified as he had seen a ghost, and was a little bit speechless: “Sister Wen, you are absolutely amazing. This person is under your nose. You still don’t know.”

How could Jiang Wenwen know that Mr. Victor’s fiancée would actually go to work under her hands? And still obey her?

“I rub?”

“Then what should I do now? She is Mr. Victor’s fiancée, then does Mr. Victor know that she is here? If Mr. Victor knows that I keep her working, will he...”

“Sister Wen, what are you thinking about? Although she is his fiancée, don’t forget, he always have a girlfriend? Can this fiancée successfully kill that girlfriend and become Mrs. Han? Not allowed. But... you say she is very smart, then she should have a way to kill that junior.”

Jiang Wenwen: “Is that really the case? I think she is very quiet and devoted herself to work. It is estimated that she really came to work.”

“Sister Wen, how is this possible? If she just came to work, where would she go to work badly, why choose Han? I guess she just lurks here, waiting for the opportunity!”

After listening to such remarks at the front desk, Jiang Wenwen actually felt damn reasonable, yes, if she just wanted to work, why did she come to the Han Group?

It’s totally possible to change the place, since it’s here, isn’t it...

The two looked at each other and hid their merit and fame.

“Is it time to fawn on her now?”

“Let’s think about this. If she can really kill Mr. Victor in the future and the current girlfriend becomes a genuine one, then there is nothing we can do to support her. But if not? Now that woman was selected by Mr. Victor after all People, I will successfully upgrade Mrs. Han in the future, if we know that we have done these things before, will it...”

“Sister Wen, you think so much, what about your girlfriend, isn’t she just a mistress? Mistress is damn it!”

“But since ancient times, hasn’t the main room been inferior to the juniors?”

“ ... ”

It seemed to make sense to say that, so the front desk and Jiang Wenwen were deeply entangled.

“Don’t look at the situation again.”

“You go back first.”

After Jiang Wenwen called the front desk away, he returned to his post and sat down, and then looked at Xu Yanwan’s job status, his eyes were a bit deep.

Before that, he didn’t know that Xu Yanwan had another identity. He only regarded her as a smart new employee, so she was fortunate that she felt that she could be trained and tempered, and she would be a good helper in her work in the future.

But who knows... She is actually Mr. Victor’s fiancée.

Although this identity has not been confirmed, she did not take this identity out to swagger through the market, and it is said that she finally left with Mr. Victor’s sister that day, and now has entered the Han group again.

Jiang Wenwen opened the group chat and began to discuss with everyone in it.

“Has the identity of the fiancée of President Han you mentioned has been confirmed? Has it been investigated and verified?”

Everyone was talking about other things. After Jiang Wenwen said this sentence, everyone in the group became quiet for a moment, and after a while they began to talk about it.

“Although I haven’t confirmed it, I don’t think she has any reason to lie. After all, Mr. Victor’s fiancée can’t be faked by anyone who wants to fake it. Who is Mr. Victor? The person who came to the Han group for so many years to find him there are many, but no one has ever dared to pretend to be a title like someone from President Han.”

“Yes, yes, she shouldn’t be so stupid, saying that it is President Han’s fiancée who will work in the Han Group in the future.”

“Sister Wenwen, why are you suddenly suspicious? Do you suspect that she is not Mr. Victor’s fiancée?”

When Jiang Wenwen saw this sentence, he immediately replied: “Doesn’t this matter need to be confirmed? If she confirms with a few words, then the risk is too great.”

“Then how to confirm this matter?”

“Very simple.”

Jiang Wenwen began to tell everyone what he said in his mind.

Xu Yanwan went to the bathroom, washed her face and returned to the office. Jiang Wenwen saw her back, so he hurried forward and kindly pulled Xu Yanwan’s hand.

“Yan Wanna, I just thought about it carefully, and I think you still have to tell the story, Sister Wenwen will help you out.”

Hearing, Xu Yanwan was a little surprised, how did she feel that Jiang Wenwen suddenly changed?

“Sister Wen, has something happened?”

Jiang Wenwen was a little frightened. He didn’t expect this girl to have such a keen sense of smell. After she said that, she began to wonder if something happened just now.

Thinking of this, Jiang Wenwen’s aunt smiled on his face.

“How can something happen? What are you thinking about, this girl? I think you took a leave in the morning, but you came back after a while. When you came back, your eyes were red, and my sister felt distressed. Although you said Needless to say, but Sister thinks that you still have to express the uncomfortable feelings in your heart, and it is good for you. What if you feel uncomfortable and lose concentration when you go to work?”

After hearing the last sentence, Xu Yanwan finally put down her guard.

It turned out to be for work, no wonder she suddenly changed her words, Xu Yanwan thought something had happened.

But think about it, she just goes to the restroom, what can happen? She must have been confused by those colleagues recently.

“Don’t worry, Sister Wen, I won’t let personal affairs affect my work.”

Chapter 1325

Seeing that she didn’t say anything, Sister Wen felt that she probably couldn’t ask anything, but she was unwilling to give up like this, so she could only attack from the side.

“By the way, what did you study before? Why did you come to our company suddenly?”

Before mentioning it, Xu Yanwan’s vigilance was erected again.

Perhaps it was because there were so many things that happened to her, which made her now always keep up the spirit of twelve points to guard against others.

Xu Yanwan felt that except for Victor Han, she should no longer believe her.

“Well, the family business failed and needed money, so I went out to work.”

In this way, it's not a deception, but she didn't tell her all about her. Xu Yanwan felt that this answer satisfied her. At the same time, she didn't plan to let the other party ask questions about herself anymore. After the answer, she spoke immediately. : “Sister Wen, I haven't sorted out the information you gave me this morning. I will deal with it first, and I will hand it over to you later.”

This is the meaning of not saying anything.

A gleam of light flashed in Jiang Wenwen's eyes, and he nodded without a trace.

“That's OK, you go ahead.”

After Xu Yanwan left, Jiang Wenwen said to her heart that this girl is really hard to deal with, and she doesn't show a trace of her words, it's impossible to talk in a way.

And she couldn't ask directly.

It's really a headache.*

Since Jessica discovered that she was pregnant, she has been very careful in doing all kinds of things. Instead of jumping and jumping like before, she no longer wears tight jeans. Instead, she changed herself into a loose little skirt and a long sweater dress. .

Janis laughed at her when she saw her dress like this.

“Are you changing sex or something?”

Jessica opened her eyes with a guilty conscience, “It’s nothing, I just want to walk around in a cute style recently and pretend to be tender.”

When Janis heard it, she couldn’t help rolling her eyes, “Come on, you still have to pretend to be tender at your age, and be careful to scare away others.”

Jessica stuck her tongue out, made a face and turned around and ran.

After a step, Jessica stopped immediately, and then subconsciously supported her stomach, scared her to death, and almost forgot about her pregnancy again.

From now on, she must always remember that she is now a pregnant woman. Although the baby is only more than a month old, Jessica now feels that the power is full of her body.

Super happy.

She wanted to share this joy with Victor Han very much, but she couldn’t say it now, she could only bear it.

Anyway, there is still a long time before Xianhuai, she is not in a hurry now, just wait quietly.

Although Jessica was pregnant and didn’t want to run too much, she still couldn’t sit still when dealing with Victor Han. When the time came, she packed her boiled soup in a thermos and went out.

When Father Zhou saw this scene, he was a little jealous and said to Janis.

“It is said that the daughter who got married is the water that was poured out. You see, this daughter has not been married yet, she has already turned to others!”

Hearing, Janis's gaze fell on Jessica's back, and she reluctantly shook her head: "Yes, we Jessica like Xiaoqing very much."

"I'm afraid she will suffer in the future."

"What are you talking about? Xiao Qing is also a person who knows his roots and knows the bottom line. He will not lose out if he treats Jessica well."

Father Zhou squeezed his fist: "Anyway, if he dares to make my daughter suffer, I will crippled him even if I fight my old life."

Janis: "..."

When Jessica arrived at the company, the front desk immediately saw her and greeted her actively.

Although they usually greet each other, they just nodded to each other, but today the front desk suddenly trot around the table and chased Jessica.

"Wait..."

Jessica: "?"

"That..." The front desk smiled and looked at the thermos in her hand, and said softly: "Are you here to give President Han chicken soup again?"

Hearing, Jessica nodded, and then asked, "What's the matter?"

"No, nothing!" The front desk waved his hand quickly, with a shy expression on his face, "I just have a question and I want to ask you for advice."

"Ok?"

“I went to your store to eat noodles before, it was delicious.”

When I heard the front desk praise the ramen in her store, Jessica’s impression of her improved a bit, and her eyes became brighter: “Is it delicious? If you like it, you can come more in the future.”

“Really?” The front desk widened his eyes in surprise: “I had trouble with you before, don’t you blame me?”

“Those things are over, what do I blame you for?”

If she blamed her, she wouldn’t keep nodding to her when she walked in.

“You are so nice.” The front desk exclaimed, “No wonder Mr. Victor likes you so much, and that you are Mr. Victor’s girlfriend.”

When I mentioned this, Jessica’s cheeks were a little red, and she coughed, not knowing how to answer the conversation.

The receptionist suddenly wrapped her arms around her enthusiastically. The intimate behavior made Jessica a little overwhelmed, and she was also a little resistant.

Because she rarely gets so close to others, and she is still a person who is not so familiar, but she is not as embarrassed to push directly away, for fear that her actions will hurt the other party, so she has been enduring it.

“You really don’t blame me? Then when I go to your restaurant to eat noodles, can you give me a discount if you give me your name? I’m afraid that it will be too delicious when I go every day and I will pay my salary. Light.”

Jessica couldn’t help but laugh: “I won’t eat it all. The ramen prices in our shop are very affordable, but you are an employee of the Han Group. If you come, I will give you a 20% discount.”

“Really? Thank you! You are so nice, can I talk to you for a while?”

Because she praised her ramen restaurant, Jessica was not alert at all, and she was dragged by her.

Later, when the front desk saw that she had no precautions, she slowly asked: “Yes, did you know that after you became President Han’s girlfriend, we all envied you, and thought you were so happy and amazing. It’s actually possible to make a person like President Han tempted. How did you do it?”

“Uh...” Jessica bit her lower lip, remembered for a moment, then tilted her head slightly and said, “Probably because I’m cheekier?”

“Cheeky?” The front desk was taken aback: “What do you mean by this?”

Jessica smiled shyly: “I chased him back then for a long time.”

She didn’t think so much, just as communication between girls.

Front desk: “Going backwards? Wow, you are the President Han who chased backwards, but there were many people in our company who wanted to chase Manager Han backwards, but they just couldn’t catch them. You must have some special methods, right? Otherwise, why would Han always have a soft spot for you?”

Special method? Jessica felt that she had no other special way accept cheeky and perseverance.

She thought for a while, then shook her head.

Chapter 1326

“There is no special way, I think as long as the relationship is true enough, the other party can feel it.”

“Is that so?” The front desk’s expression seemed a little confused, “But even if the other party can feel that your feelings are true, they must like you. Whose feelings are not true? But you are the only one who becomes President Han Your girlfriend, just tell me, what exactly you used to trick President Han into his hands.”

Foiled?

The word cheat made Jessica frowned subconsciously, and then corrected what the front desk said.

“It’s not a lie. How can you use the word lie in your relationship? It’s all very serious.”

“I saw her at the front desk talking for a long time, but she didn’t say a word to the point, and she was a little anxious, “Just tell me what way you used to make Mr. Victor like you? What are so many useless things? Serious and no Being serious is not important at all!”

Jessica: “...”

She thought she had heard it wrong, and looked at each other in amazement.

The front desk also realized what she had said just now after seeing her gaze and expression, so she had to explain and recover quickly.

“Um... I was a little anxious just now, so I was a bit too much. Don’t mind. I’m sorry... I’m really sorry.”

When the front desk explained, the expression and eyes were very sincere, but Jessica had a suspicious attitude towards her, and nodded perfunctorily.

“If you have no other questions, then... I’m leaving now? I’m also going to send soup to Victor Han.”

She pointed to the thermos in her hand.

Although she has a lot of time, the person in front of her is so boring, always asking questions, and she doesn’t know how to answer too much.

Seeing that he couldn’t ask anything at the front desk, he didn’t pester her anymore and let her leave.

Only when she left, the front desk looked at her back and laughed disdainfully.

“Sure enough, I chased him backwards. I have been reluctant to say how I chased President Han. I must have used the trick to say nothing.”

So the front desk quickly took out the mobile phone and told the people in the group.

The people in the group immediately boiled upon hearing it!

“I just said she used a shameless trick! She is really a shameless woman. It is estimated that this woman will only seduce men in addition to selling ramen. Pooh! Really shameless!”

“Why is she so embarrassed to say? She has no face and skin when she speaks it out? After all, she still wants to be the president’s wife in the future!”

“I wiped it. I knew that President Han could use this method to catch up. Then I... I also...”

In a word, the voice of all the women in the group was said.

In fact, not every woman in the Han family is like this, but this group of gossips and vanity lovers, they all gather together.

At the beginning there were many people in this group. Later, after some gossips began, some people gradually withdrew from the group. When everyone started to curse, more people quit.

There are only a few good things left.

They don't usually interact with each other, just when they are discussing things, they are very active, in fact, and they have nothing to do with them.

Jessica didn't know what the chat with the front desk had revealed just now, but thought the front desk looked too strange, and asked herself so much, what did she want to inquire about?

In other words, she wanted to ask some ways and then go after Victor Han?

If this is not the case, then why did she ask so much, and even after she didn't say it, she still angered her angrily?

Probably because she was thinking too much about things, Jessica didn't realize that she was going in the wrong direction. She didn't realize it until she had walked for a long time before reaching the elevator.

She went wrong!

She thought about looking back, but found that the elevator was in front, but this elevator was not exclusive to Victor Han.

Regardless of her, she can reach Victor Han's floor anyway.

So Jessica quickly walked over, and then reached out to press the elevator.

When she reached out to press the keys, a pair of white hands also came over. The fingers of the two touched and retracted at the same time, and then both raised their heads to look at each other.

When Jessica saw that the person was a girl in a professional suit, she was thin, fair-skinned, delicate features, gentle eyes, and she looked gentle and demure, with a scent of books.

When Xu Yanwan saw Jessica, her heart swelled and her pupils shrank, but she soon adjusted her emotions.

It's just that she didn't expect to meet Jessica here.

Victor Han's... girlfriend.

The current girlfriend.

Xu Yanwan didn't expect the two to meet so soon, she looked at her with innocent eyes, and even smiled at her kindly.

"Are you going up too?"

Out of politeness, Jessica took the initiative to say hello to the other party.

The crisp voice pulled Xu Yanwan's mind back. Xu Yanwan looked at the person in front of him who had become Victor Han's girlfriend, and couldn't tell how she felt in her heart.

It's just that the tip of the tongue is bitter, and even the throat tastes bitter.

She moved her lips, made a noise from her throat with difficulty, then nodded:
"Hmm..."

Then she turned her head, her eyes didn't fall on Jessica again, and she raised her hand to press the elevator again.

Jessica felt that the other person looked a little strange. She looked at her in a daze just now, confirming something.

But she didn't say anything to her, but after seeing her, she looked away, and she didn't speak any more, so Jessica didn't care about it anymore.

When the elevator came, the two went straight into the elevator together.

Xu Yanwan walked in first. After entering, she stood with her back against the wall, and Jessica stupidly walked to the front and pressed the floor. Xu Yanwan clearly saw her pressing the first floor of the president's office.

The bitterness in her heart expanded again.

Then Jessica turned her head to look at her, smiling like a flower: "Which floor are you going to, let me press it for you."

Xu Yanwan came back to her senses and reported a number casually, very close to her.

Jessica didn't look back after pressing for her, Xu Yanwan kept staring at her back.

Today, she wore a soft green loose sweater dress with a pair of flat-bottomed comfortable shoes under her feet. The long hair that was slightly to the waist was tied directly into a ponytail behind her ears, simple but vigorous.

Look at her dress and face, go out and say that she is a high school student, she guess everyone will believe it.

But judging from her dress, she couldn't imagine that she would be Victor Han's girlfriend.

Victor Han's girlfriend...

What should it look like in her mind?

In fact, Xu Yanwan never thought about this problem, because in her mind and memory, she felt that she would definitely be with Victor Han in the future.

But then things got too fast, and when she looked back, she realized that it was too late.

Even so, Xu Yanwan felt that...for a deserted and outstanding person like Victor Han, his girlfriend should be noble, generous, or mature, or exuding fashion.

She thought of all kinds of things, but she didn't expect to be such a...little girl in front of her.

Chapter 1327

A girl dressed up, looks very small.

Think about it carefully, how can she get along with Victor Han? How did Victor Han like her again?

Xu Yanwan's hands dropped on her shoulders slowly tightened, loosened, tightened, loosened, and finally clenched her fist tightly without loosening it again.

After knowing that Victor Han had a girlfriend, she thought about giving up, but the feelings she had hidden in her heart for many years were awakened again after seeing Victor Han.

It completely overwhelmed that little heart of giving up, and it burned again.

In fact, the fire of love had never been extinguished, it was just hidden by her.

Isn't she struggling!

She is the eldest of the Xu family!

Even if the Xu family is bankrupt! Then she is also the eldest lady of the Xu family, the excellent, gentle, knowledgeable and courteous Xu Yanwan who has all three moral values!

How can she miss someone else's boyfriend?

But, but!

Obviously she liked him first. She and him first met. Obviously... She liked Victor Han since she was a child.

Obviously she had only been away for a while, and there were others beside him.

If she is sensible enough, the best thing she should do now is to stop worrying about it, and then seriously revitalize the Xu family.

But... she is not reconciled!

Obviously, the girl in front of her is ordinary, even if she is down, she is no worse than her. Why does Victor Han like such a girl.

He can like such a girl, why can't he?

Xu Yanwan's mind has been messed up, and the evil villain is constantly tearing her moral standards.

Ding...

A clear voice sounded.

Like a clear voice, knocking Xu Yanwan awake.

She suddenly recovered, and saw the girl in front of her turning around, reminding her kindly: "Your floor is here."

For some reason, Xu Yanwan only felt that her footsteps were vain, and the appearance of Jessica in front of her was vague, making it difficult to see clearly.

Is it good or evil?

How does she choose?

Xu Yanwan walked forward with ups and downs, and suddenly the sky turned around. She heard the girl's anxious cry: "Hey, are you all right? Hello?"

But Xu Yanwan's world was only dark.

When Xu Yanwan fell down, Jessica subconsciously wanted to reach out to help her, and Xu Yanwan fell softly towards her.

The two are about the same height, but even if all the strength is attached to Jessica's body like this, she is still a little overwhelmed, and she still carries a

thermos in her other hand, so it is very inconvenient, she can only put the thermos down quickly , And then held Xu Yanwan with both hands.

“Are you okay?” Jessica called her a few times without responding. Xu Yanwan hugged her in her arms with a pale face. Her consciousness floated up and down, and there was only a female voice calling her from far, far away. , But she can no longer respond.*

Hospital

When Xu Yanwan woke up, her breath was full of the smell of disinfectant. When she was shocked, her eyes opened.

She was so familiar with the smell. She was with her father in the hospital for a long time, so she was so familiar with the smell.

When she opened her eyes, what really caught her eyes was the snow-white color.

She was indeed in the hospital.

Just... what happened before?

“You’re awake!” A crisp and sweet voice rang beside the bed.

Xu Yanwan followed the voice and looked over and saw Jessica sitting by the bed.

This is... Victor Han’s girlfriend.

Why is she here?

“You scared me to death. Suddenly, my face became pale, and then I fell down. The doctor said that you were over fatigued and your body was malnourished, so you fainted.”

After speaking, Jessica showed a kind smile, and then stepped forward to tuck the quilt corner for her.

“Now you have a good rest.”

Listening to the other’s kind words, Xu Yanwan’s heart is very complicated. Why did she save her? Why did her girlfriend in Victor Han faint?

In this case, wouldn’t her heart struggle more?

Xu Yanwan moved her lips and wanted to say something, but her lips were very dry. Jessica turned around and poured her a glass of warm water to help her sit up and drink.

After a glass of water moisturized her throat, Xu Yanwan’s throat and lips were moisturized a lot. She looked at the face in front of her with complicated eyes, and it took a long time to find her voice.

“Thank you...”

Except for this sentence, she really didn’t know what to say at this moment.

Hearing, Jessica smiled sweetly: “You’re welcome.”

Jessica felt that the appearance of the girl in front of her looked really distressing, her face was too pale, and she was so thin, although she was very slender, the words the doctor said just now really scared her.

At this moment, the door of the ward was suddenly pushed open.

A long figure walked in.

At first, Xu Yanwan didn't care. After seeing the person who walked in, her pupils began to expand and shrink subconsciously.

How could it be Victor Han? Why is he here?

"Back?" Jessica heard the movement, but got up and walked towards Victor Han, "Are the procedures done? Miss Xu just woke up, and she looks okay."

Miss Xu?

Xu Yanwan's face turned paler when she heard this address. With that said, Victor Han's girlfriend probably knew who she was.

Moreover, she probably couldn't keep the secret of her work in the Han group.

"Yeah." Victor Han gave a light hum, then looked at Xu Yanwan behind Jessica, and then withdrew her gaze. When she looked at Jessica, her gaze became calmer and gentler, and she said something in a low voice. .

Xu Yanwan couldn't hear it, but only saw Victor Han's thin lips moving. The more I watched, the more saddened she became. Xu Yanwan had to look away and stop looking at him.

She doesn't know how long it took, Jessica nodded obediently, and then went out first.

There were only two people left in the ward, and Xu Yanwan's heartbeat suddenly accelerated.

Victor Han sent his girlfriend away, does she plan to stay with him?

A wing of hope rose in Xu Yanwan's heart.

Victor Han walked to the bed, pulled a chair and sat down.

The atmosphere seemed a bit stiff, and Xu Yanwan suddenly didn't know what to say to him, do you complain? But what qualifications and status does she have?

When Xu Yanwan was struggling, Victor Han was already frowning.

"Yan Wan."

Xu Yanwan's eyes turned red when she heard him calling her own name, but she forcibly held back the emotions behind her and slowly raised her head to look at him.

"The Xu family and the Han family were originally two families that were good friends with each other. Before you didn't want to accept help, it was based on your personal wishes, so I didn't intervene. But now you become like this, if you let Uncle Xu know him after returning to China, his daughter suffered so much grievance and suffering. Do you think he would be happy?"

Chapter 1328

Xu Yanwan felt bitter in her heart, and she felt even more uncomfortable after hearing these words. Because what Victor Han said over and over was all about the friendship between the two families, and there was no mention of private relations at all.

She even guessed that the reason he was sitting here was because of her surname Xu.

Thinking of this, Xu Yanwan had a bitter smile on her lips.

“If my surname is not Xu, if I am not from the Xu family, would you not even come to see me?”

Victor Han: “...”

“This is why I am unwilling to accept help. The Xu family belongs to the Xu family. Even if the Xu family has friendship with the Han family, it is the Xu family that my father struck down and has friendship with your Han family, and has nothing to do with me. If you do, would it make you feel better? Can you just ignore me?”

Victor Han looked helpless in her eyes, probably because he didn't expect that these words would come out of her Xu Yanwan's mouth.

Yes, after all, she is the eldest lady of the Xu family. She knows the book and gives gifts. She always speaks on the spot, not so indiscreetly, but today she puts the relationship between the two families apart in front of Victor Han. Clearly Chu.

After a long while, Victor Han spoke again: “If you have to say that, do you want to force me to remind you that we grew up together when we were young?”

Hearing, Xu Yanwan's eyes turned red again, and she replied in her heart: Do you still know that we grew up together?

“Han and Xu's family has always been good, you and I grew up together, you are younger than me, and the Xu family is gone now, then I will be your brother.”

Brother! !

This title made Xu Yanwan feel bitter in her heart! She has loved him for so many years, is it only her brother in return? Who wants to be his sister?

Xu Yanwan felt that he might as well say.

Thinking of this, Xu Yanwan closed her eyes: “Okay, don’t say any more. I don’t want to accept your help. Is it your girlfriend who sent me to the hospital today? Thank her for me, and count me owing her a favor. If I have a chance, I will return it.”

She didn’t want to owe favors to others, let alone this person was Victor Han’s girlfriend.

Speaking of Jessica, the expression on Victor Han’s face softened a bit, and he said softly: “You are not in a stable mood right now. Don’t go to the company for the time being. I will notify the department to give you paid leave.”

Xu Yan looked up quickly and refused him: “No, I don’t need these, I can work!”

Paid vacation? She doesn’t need it!

“Victor Han, I don’t need these pity, do you understand?”

“This is not mercy.”

Victor Han stood up, his tall body stood upright, and his voice did not fluctuate. “You are now an employee of the Han Group, and you have fainted due to fatigue at work. The company has the right to take care of everything for you. The Han Group, It is responsible.”

Xu Yanwan: “...”

Knocking——

Someone knocked on the door at exactly this time.

“Mr. Victor.”

It was Su Jiu, she rushed over after receiving Victor Han’s call.

“Secretary Su, your task these days is to stare at her, take care of her, and don’t let her run around.” Victor Han confessed coldly.

After receiving the task, Su Jiu raised her eyebrows and responded, “Okay, President Han, I must take a good look at this Miss Xu.”

After speaking, Su Jiu looked at Xu Yanwan and raised his lips slightly.

“Hello Miss Xu, I am President Han’s assistant secretary Su Jiu.”

Xu Yanwan: “...”

Is she sending someone to accompany him?

What about him?

After Victor Han gave the explanation, he left. Su Jiu closed the door and saw Xu Yanwan’s expression. He turned his eyes and said, “Ms. Xu, would you like a glass of water?”

“No.” Xu Yanwan rejected her, and then asked: “Where is Mr. Victor?”

Sure enough, Su Jiu thought, and then smiled and said, “Mr. Victor’s girlfriend is still waiting for him outside. He should be sending his girlfriend home.”

Sent your girlfriend home?

Xu Yanwan lowered her eyes in amazement.

It turned out that he didn't send his girlfriend away first, just let her go outside and wait for him. Now... he is going to take her home, and then sent his secretary to stare at him.

Between the two, there is an immediate opinion.

And she still has those unrealistic fantasies.

Xu Yanwan closed her eyes, feeling bitter.

You are stupid...Really stupid, people have girlfriends, and you are still thinking about those who don't.

The ward was quiet and no one spoke.

Jessica waited outside for a while before Victor Han came out.

Seeing his bad complexion, Jessica asked curiously: "How is your friend?"

When Victor Han saw that Jessica was wearing one, he unbuttoned his suit, and then took off his jacket and put it on Jessica.

"Just wear that? Isn't it cold?"

As soon as the jacket was up, the temperature covered Jessica's body, Jessica was stunned, and then said: "It's not cold, I have been running over, it's hot."

She actually didn't intend to show off her credit, but just wanted to show that she was not cold, so she said something anxiously. After she finished

speaking, Jessica thought of what she had said, and quickly explained: “I didn’t mean to show off. I just want to say...”

“Fool, no need to explain.” Victor Han nodded his nose, “For me, you can say anything you want.”

“Oh.” Jessica’s heart was as sweet as honey, she lightly leaned on Victor Han’s shoulder, then took his hand and walked forward with him.

“That girl... how did you meet her?” Jessica finally asked her own question.

Although she endured, she couldn’t help the curiosity in her heart. After all, the other party was also a woman, and Victor Han’s expression seemed anxious when she saw an accident.

This is the first time Jessica has seen Victor Han like this.

She always thought he was indifferent, but she didn’t expect that there would be such a scene. After that, Victor Han sent them to the hospital and then went through the procedures.

Jessica also knew her name was Xu Yanwan during this period.

But she didn’t know this person, and she didn’t know the relationship between her and Victor Han, but she had guessed that the relationship between the two parties should not be as simple as the relationship between the boss and the subordinate.

That’s why there is such a question now.

And Victor Han probably knew what she was thinking, and smiled softly, “Why, jealous?”

Hearing, Jessica's face blushed, "How can I be jealous, I just asked who she is..."

"Isn't it jealous?"

"Really do not have..."

"Xu Han was very close to each other in the past, but she had just returned to China some time ago, and then I learned one thing, the Xu family was in trouble, her parents have passed away, but she was unwilling to accept help."

Jessica was taken aback when she heard the death of his parents, "No, no..."

How could this be? The other party's life experience will be so tortuous.

Chapter 1329

A family that can make friends with the Han family...

Jessica sighed, no wonder when they met outside the elevator, Jessica felt that the other party looked very temperamental. It turned out to be Miss Jin Jin before.

"She didn't want to accept help, so she went to work in the Han Group? Don't you know about this?" Jessica asked.

"Yeah." Victor Han nodded, pursed his thin lips, and then looked at her: "If she hadn't fainted today, I don't know she is in the Han group."

After speaking, he did not mention this topic again, but took Jessica's shoulders, "Let's go, I will send you back first."

Jessica was held by him and walked out. She doesn't know why she thought about Xu Yanwan's appearance. A girl suddenly lost everything and still did not accept the help of her friends. She carried everything on her own, and she couldn't hold her back. , This is so hard.

However, she couldn't tell Victor Han to help each other. After all, this was a matter between them, and she always felt that she should not be nosy.

Xu Yanwan stayed in the hospital all afternoon and asked to be discharged.

Su Jiu stopped her, and then said: "Miss Xu, President Han has ordered me to take good care of you here. Besides, your body is still very weak. It is better to stay in the hospital to recuperate."

"No." Xu Yanwan shook her head and refused: "My own body, I know it in my heart. It is indeed a little uncomfortable in the morning, but I am fine now, Secretary Su, please help me with the discharge procedures."

Su Jiu firmly rejected her.

"The order I received is to take care of Miss Xu for a few days. It will be dark soon. What can Miss Xu want to eat, I will buy it for you?"

Xu Yanwan: "..."

She didn't expect the other party to admit death so much. Is it possible that she wouldn't be able to go to the hospital today?

Thinking of this, Xu Yanwan turned over and got out of bed, ready to leave by herself instead of trying to communicate with the other party.

But she didn't expect Xu Yanwan to move too violently. When she got out of bed, her eyes went dark and she almost fell forward. Thanks to Su Jiu's sharp eyes, she stepped forward and supported her.

“Is it all right?”

Xu Yanwan was relieved for a while before she gradually regained her clarity. Her blood pressure was so different that she always felt dizzy.

So Xu Yanwan was helped back to bed by Su Jiu.

“Ms. Xu, look at your current situation. Don’t leave the hospital lightly. Your body has reached its limit. The most important thing to do now is to take a good rest here.”

Xu Yanwan originally wanted to leave, but now it looks like this, she doesn’t know if she can insist on returning home after she goes out.

Even when she returned home, she fainted at home, and no one noticed or cared about her. Wouldn’t it be even worse?

She wants to rejuvenate the Xu family and can’t just die like this.

Thinking of this idea, Xu Yanwan became firm and did not say anything about leaving the hospital. She pulled the quilt on her body wearily, “I see, thank you for your concern, I will have a good rest.”

Obviously, she was still asking to be discharged from the hospital, but after realizing that his physical condition could not support it, he immediately changed his mind.

This person is quite decisive, Su Jiu thought.

“You can’t take a break without eating. I’m going out to buy dinner. Is there anything you don’t want to eat?”

What she doesn’t want to eat?

In the past, Xu Yanwan didn't like to eat a lot of things, and she could always pick out a trick. Either it was not good, it was unsavory, or she didn't like it.

Now what?

Where is she qualified to pick? Thinking of this, Xu Yanwan smiled dismal, "There is nothing not to eat, I can do it, please."

"In that case, you can eat whatever I eat."

Su Jiu was about to go out, but when she opened the door of the ward, she was surprised.

"Jessica?"

Su Jiu stepped away and let Jessica walk in: "Why are you here at this time?"

When Jessica walked in, she and Xu Yanwan met her eyes. Xu Yanwan was taken aback when she saw her. How could she come?

"Well, I thought you didn't have anything to eat in the hospital, so I cooked food for you and brought it over." Jessica raised the thermos in his hand and signaled, "It's time for dinner, you haven't Shall we eat? I hope I have time."

Su Jiu: "I'm going out to buy dinner, and then I'm still thinking about what I want to eat for dinner. If you come one step later, I might go out, but I won't be able to touch it."

"Really?" Jessica walked in with a grin, put the thermos barrel on the table, and opened it, and the aroma of the food came out.

“Ah, it smells so good! Jessica, you are really good, this smell makes me drool, it must be delicious, you are really...treasure girl, I probably don't have your married craftsmanship. it is good.”

Jessica took out the same food, Su Jiu turned around and greeted Xu Yanwan.

“Miss Xu, since Mr. Victor's girlfriend has brought food over, we don't have to go out. When you get up, be slower and come over to eat.”

Xu Yanwan sat motionless in the same place, watching the scene somewhat bewildered.

She never expected that Jessica would come to give food, and she also made so much to eat, looking enthusiastic.

She was still in a daze, Su Jiu had already eaten a piece of meat, and then praised: “It's so delicious, Jessica, when will you and Mr. Victor get married? If he could marry you such a good helper, he would be blessed. “

Jessica flushed with her amusement.

“Secretary Su!”

“Hee hee, you are really thin-skinned, here are the three of us. Mr. Victor is not there. Why are you shy? Come gossip with me, where are you and Mr. Victor? Ms. Xu and Mr. Victor know each other, presumably You should also want to know, right?”

After speaking, Su Jiu glanced in Xu Yanwan's direction.

Xu Yanwan still sat there in a daze, for a long time she suppressed the bitterness in her heart, then lifted the quilt and slowly got out of bed, and walked to the two of them like a robot without emotion.

“Well, I really want to know.” She smiled, picked up the bowl and chopsticks, and accompany them to eat.

Su Jiu couldn't help but glanced at her more, and seeing that there was nothing wrong with Xu Yanwan, there was still a bit of a murmur in her heart. Could it be that she guessed wrong? Are Xu Yanwan and President Han just ordinary friends? Is there nothing else?

“Look, she also wants to know, we all want to know, Jessica, just talk about it.”

Su Jiu felt that she wanted to try Xu Yanwan's reaction again, so he asked again: “Just tell me where you are, hold hands, kiss?”

Jessica: “...”

Her heartbeat was a little fast, and she looked at Su Jiu incredulously. She didn't expect Secretary Su to be so gossip and caring about her love life.

“Secretary Su, you...”

“Or, what have you already done?”

Jessica: “!!! Secretary Su!”

Su Jiu smiled and squeezed her face: “What are you shy, we are all women, Miss Xu, right?”
