

# Nothing to Give but My Heart Chapter 1340 – 1349

## Chapter 1340

“Yes, why didn’t Sister Wenwen come out to speak in these two days? Sister Wenwen, are you there?”

A group of people began to call Jiang Wenwen, Jiang Wenwen now has the heart to get the front desk, it is obvious that she has caused the incident in the group, how to push the incident to her head now.

Because someone hit her, Jiang Wenwen could no longer pretend to be dead, and went out to respond after a few minutes.

“Sorry, things at work are a bit busy. I haven’t paid much attention to what you said recently.”

“Sister Wenwen, we are on the same boat, why don’t you pay attention to it? Isn’t she doing things under your hands? You will know by calling and asking.”

Jiang Wenwen felt more uncomfortable when he saw this.

What did she know when she called?

Even if she really wants to call, she won’t be able to ask her to do it!

Jiang Wenwen was dissatisfied with the tone of being ordered and instructed, so she said something in the group.

“If you want to know, fight by yourself, don’t just trouble others.”

After saying this, the group became a little quiet for a while.

She probably didn't expect Jiang Wenwen to say this suddenly. After all, when everyone was chatting together, she was really gossiping before, but she suddenly refused.

Seeing this sentence at the front desk, her heart was uncomfortable. She just wanted to say something to frustrate Jiang Wenwen, but a familiar figure walked in front of him.

She looked up and found that the protagonist who was just discussed in the group was right in front of her, so what was she still asking in the group? Just go up and ask the deity?

Thinking of this, the front desk quickly put down the phone and walked towards Xu Yanwan.

When Xu Yanwan saw the person blocking her way, her eyes became colder, and then she stopped and looked at the front desk.

“Something?”

The front desk was surprised by the look in her eyes, because when she was looking for her before, Xu Yanwan hadn't looked like that. Now she gave people a particularly indifferent and inaccessible feeling.

So she froze for a while, and then reacted for a long time, and said, “It's okay. It's just that I saw you fainted before and haven't come to the company for several days. Everyone is in the same company, so I am a little worried about you. Look at your current situation, your body is not in any serious trouble, right?”

Xu Yanwan wanted to laugh after hearing this.

She obviously cared about her relationship with Victor Han, and whether her fiancée's identity was true, but she said so many hypocritical words in a roundabout way.

She didn't say broken, Xu Yanwan also planned to pretend to be stupid, looking at her with a faint smile.

"Thank you for your concern. My body is recovering very well, there are no major problems, and I can work hard."

After speaking, Xu Yanwan turned around and wanted to leave. The front desk was a little anxious, and hurriedly stepped forward to stop her.

"Anything else?" Xu Yanwan looked at her, her eyes seemed to be able to see through her thoughts, the front desk couldn't speak without knowing why, she could only stare at her blankly.

After a long time, she said: "The other day...I saw Mr. Victor leaving the company holding you, and then his girlfriend was with him."

Xu Yanwan blinked and finally couldn't help but say it?

"So?"

"Uh..." The front desk was overwhelmed by her question, she actually asked herself why?

So? What would she say?

"It seems that you haven't figured out what to say, I have to go to work, so I won't chat with you, and I will leave."

Seeing that she was leaving again at the front desk, knowing that she didn't ask clearly this time, maybe she would really ignore herself, so the front desk quickly stepped forward and grabbed her hand.

“Well, I actually want to ask you, is your fiancée true? If it's a real fiancée, what do you think of the girlfriend next to Mr. Victor? She robbed your fiancée, don't you feel angry? Shouldn't it be taken back?”

Take it back?

Xu Yanwan thought of these three words in her heart, and her expression gradually became more thoughtful.

From the beginning of the matter to the present, she never thought of grabbing these three words.

“You are a fiancée. That President Han's girlfriend came later, so she is a third party, you can reprimand her.”

Xu Yanwan looked at the front desk and suddenly looked at her curiously.

“So, why are you telling me this?”

The front desk was stunned by her question, and she didn't know how to answer. Xu Yanwan asked again: “Even if everything I said is true, what does these things have to do with you? You are just a front desk of a company. Right? When did the front desk work include caring about other people's personal feelings?”

“I...”

The front desk didn't expect Xu Yanwan to show her face so much, she actually directly attacked her face to face.

She had never thought that there would be such a scene, so it was difficult to parry and could not answer her questions.

“Before, you have been asking me about this matter. I don’t say it, because I think you have no right to interfere, and I hope you can understand that this matter is not something you can participate in if you want to participate. But it seems that you don’t understand. What I’ve conveyed to you, I’m still asking this question. As a front desk worker, there is really no problem with stretching his hands so long?”

In the last sentence, Xu Yanwan’s tone suddenly became sharp, as if she was a high-ranking man, shocked the front desk, and did not respond for a long time.

For a long time, her momentum was completely weakened, and she stammered: “I, I have nothing else to say, you are not angry, and I don’t want to stretch my hand on purpose, I just... just heard you say it’s Mr. Victor Fiancée, that’s why...”

For some reason, Xu Yanwan’s breath became gentle again at this time, and she asked the other party softly: “Are you getting along because of the uneven road?”

Hearing, the front desk quickly nodded: “Yes, yes, that’s it.”

“Oh, that would be a shame.” Xu Yanwan took a step forward and approached the front desk: “I still remember the day when I came to Victor Han. You stopped me at the door and asked if it was Mr. Victor. My fiancée laughed at me endlessly.”

The front desk turned pale, and she didn’t expect Xu Yanwan to mention this suddenly.

She hurriedly argued for herself.

“Xu, Miss Xu... I apologized to you for this matter. I didn’t mean it, and you told me that you didn’t mind that day.”

Xu Yanwan was still smiling.

“That’s right, I really don’t mind. But my memory is very good, I haven’t forgotten this matter for the time being. I don’t have the option to delete the memory, what do you think?”

The front desk looked at Xu Yanwan in front of her, feeling that her back was chilling. She was smiling in front of her, but she felt endless coldness through this smile.

“Well, I’ll go to work first, and you will work hard.”

Xu Yanwan patted her on the shoulder and took a step away.

This time, the front desk did not catch up.

She stood still, thinking of what Xu Yanwan said to her just now, the more she thought about it, and the more she was afraid.

## **Chapter 1341**

She had never seen such a look.

There was a smile on his face, but there was no warmth in his eyes, only endless ice and cold.

No, she can’t describe it like that.

It should be lifeless.

Yes, there is no vitality, just the kind of look in the eyes of dead people.

Thinking of this, the front desk felt that her legs and feet were beginning to weaken, and finally she didn't know how she returned to her job.

When the phone rang, the front desk was shocked, and there was no response after standing there for a long time.

She didn't react until someone nearby called her.

After answering the phone, she asked three questions, and was confused. After hanging up the phone, the front desk realized that there was a layer of cold sweat on his back.

“What's the matter with you? You don't know anything when you answer the phone, and why is your face so ugly? Are you feeling sick?”

The front desk didn't speak, just shook his head.

After Xu Yanwan came back to work, Jiang Wenwen greeted her enthusiastically when she saw her, and then asked Xu Yanwan to return to her post without mentioning anything about Victor Han.

Xu Yanwan curled her lips, this person is quite clever.

Know what to ask and what not to ask.

Although Jiang Wenwen didn't ask Xu Yanwan what happened, he calculated it in his heart.

In the afternoon, Jiang Wenwen received news about Xu Yanwan's transfer.

Xu Yanwan was directly and openly transferred to the high-level department. Jiang Wenwen was Xu Yanwan's immediate supervisor, so after knowing the news, I felt very uncomfortable instantly.

After all, the transfer of talents like Xu Yanwan to other departments is a loss for her department, and she also appreciates Xu Yanwan's abilities and feels that this is a good helper for her future work.

But after thinking about her identity, and thinking about this time, Jiang Wenwen felt that even if it was not a taste, she was really not qualified to say anything.

She had to go find Xu Yanwan personally and tell her about it.

After Xu Yanwan heard this, she was a little surprised, "Transfer? Other departments?"

Jiang Wenwen sighed and said, "On the surface it is a transfer, but it is actually a promotion for you. That department is very relaxed. With your physical condition, staying there in the past will be more comfortable."

The answer to her was silence.

"Yan Wan, go and clean up. You can report to this department in the afternoon."

Xu Yanwan stood up without saying a word, and walked outside with her pink lips. Jiang Wenwen stopped her: "What are you doing?"

"Sister Wen, I have something to do. I'll be back soon after I go out."

Although she didn't say what it meant, Jiang Wenwen felt that she had guessed it.

Xu Yanwan took the elevator and went directly to Victor Han.

When she went upstairs, Xu Yanwan looked at the number rising in the elevator, her heart gradually became unstable and her heartbeat accelerated a lot.

In the past few days in the hospital, he visited her once.

Now that she was discharged from the hospital, he re-arranged her position.

If it were before, Xu Yanwan probably wouldn't go to him directly, but now she has to go to him and ask him clearly.

Xu Yanwan ran into Su Jiu just a few steps after getting out of the elevator.

Su Jiu was also a little surprised when he saw her, but soon he nodded and smiled at her.

"Miss Xu, I just wanted to go down to find you."

Xu Yanwan pursed her lips and stood still and looked behind her.

"You already know about the job transfer? Have you packed everything up?"

"This is what Victor Han meant?" Xu Yanwan asked.

Su Jiu raised her eyebrows, "Naturally."

Under normal circumstances, who would dare to transfer casually? Victor Han has this greatest power.

"Then trouble Secretary Su to go back and tell Victor Han that I don't accept such a transfer."

“But the transfer has gone on, and various departments will make adjustments because of this. I’m afraid it can’t be changed.”

Can’t change it?

How is this possible?

Xu Yanwan didn’t believe it: “Then I want to see him, I will tell him personally.”

Su Jiu knew that he could not stop Xu Yanwan, so he said: “Mr. Victor is in the office now.”

“Thank you.”

Xu Yanwan walked by her, Su Jiu also turned to look at her back, looking at her inquisitively.

Not even willing to transfer, could it be said that she really has a good control over her?

Office

Xu Yanwan knocked on the door and heard a male voice inside.

“In.”

She opened the door and walked in, and she saw Victor Han sitting at the desk at a glance.

Victor Han raised his eyes and saw that she was not surprised.

Xu Yanwan walked in and stood directly in front of him.

“I don’t need to be transferred.”

She went straight to the point and made her intentions clear.

“No need?” Victor Han’s thin lips pressed tightly, and his eyes fell on Xu Yanwan’s face with a little discomfort, “Do you think that with your current mental state, how long can you hold on without transferring you?”

Hearing, Xu Yanwan’s face turned pale, and she bit her lower lip and said, “I know my own body. The department where I am staying is very good. I...”

“Clear to enter the hospital? Or, you don’t care what your own body is like?”

She cares, how could she not care?

There is no one in Xu’s family now, and she is the only one left. All the relatives are unwilling to lend a helping hand when their home is in trouble, and no one comes to visit even when their parents are sick in the hospital.

In addition to sadness, Xu Yanwan’s heart also has hatred.

Of course she has to revitalize the Xu family and let those people know that even without their help, she can stand up again on her own.

“How could I not care?”

“If you care, you won’t take yourself to the hospital, and you won’t refuse to transfer.”

“These are two different things!” Xu Yanwan said anxiously: “I told you before that I want to rely on myself, so I hope you can withdraw this transfer!”

Victor Han stood up, looking at her coldly.

“Do you think that Uncle Xu will agree to this transfer after knowing your current situation? If he is still alive, he will allow his daughter to behave like this?”

Xu Yanwan: “...”

“Now the Xu family has become like this. I didn’t know that I didn’t lend a helping hand in time, and I also have a certain responsibility. You said that I wanted to rely on myself and I didn’t object because you thought you could do it. Now... let me take care of Uncle Xu. You some.”

Hearing this, Xu Yanwan’s face paled a little, and her body shook. She looked at Victor Han, who was expressionless in front of her, and asked her inner thoughts.

“If the Xu family and the Han family had never been dating, if it weren’t for my father’s death, this time, would you not help me again?”

Victor Han didn’t think much about this question, hum, and then explained:

“Han and Xu’s family has always been good, if I knew it at the beginning, I would help, but unfortunately it was too late. Now you are left in the Xu family. I have a reason to take care of you more on behalf of Aunt Xu.”

## **Chapter 1342**

Do you take care of her more instead of Uncle Xu?

Is it just because of this that she was transferred?

After hearing these words, Xu Yanwan felt bitter in her heart, especially uncomfortable, she raised her eyes to look at Victor Han.

“Are there any other reasons?”

She heard her asking Victor Han in a very soft voice.

The voice was too thin and too small, Xu Yanwan could hardly hear her, let alone Victor Han.

Although the distance between the two of them is not far, they are not too close, so this time Victor Han did not hear what she said, but he didn't care what she said.

Because Victor Han knew that she came here to find herself, and all she wanted to say was about refusing to transfer.

"Yan Wan." Victor Han sighed and called her name: "I know you want to be strong, but... now this situation is not when you should be strong. There are many things, not just one choice."

Xu Yanwan looked at the handsome and clear eyebrows. No matter how many years passed, Victor Han's eyes still looked exactly the same as before. There was only a faint emotion in her deep black eyes, nothing else.

Unlike in the hospital that day, when he saw Jessica, his eyes were full of tenderness, strong possession and desire.

Why is this happening?

Xu Yanwan closed her eyes, and then said: "I know, if that's the case, then I will replace my father and mother. Thank you Mr. Victor for your kindness."

After speaking, Xu Yanwan smiled at Victor Han, then turned and left the office.

Victor Han didn't know what Xu Yanwan was thinking. Maybe she was arrogant. After all, she used to be the eldest of the Xu family, but now she came to work in his company in despair.

If she is willing to accept, Victor Han can help her a little bit more, but with her temperament, it is estimated that she can really only help here.

After Xu Yanwan left the office, she returned to her department calmly, and then began to pack her things without saying a word.

Jiang Wenwen saw that she was quiet when she came back, so he went forward curiously.

“How? Yan Wan, have you decided to accept the transfer?”

Hearing that, Xu Yanwan was stunned for a moment, then looked at Jiang Wenwen and smiled: “Yes, why don’t you accept the arrangement of fate?”

Does she have the right not to accept it now?

Just like when something happened to the Xu family, not everything was arranged clearly. What right does she have to say no, and what right does she have to turn the tide?

She herself is too weak.

Jiang Wenwen heard some other meanings from her words, and asked cautiously: “Are you not willing?”

“In fact, Sister Wen thinks that you are very capable of working. It is really good to stay here to help Sister Wen. If you really don’t want to, Sister Wen will fight for you again?”

A joke, President Han personally gave orders, she couldn’t win back no matter what.

Only Jiang Wenwen knew that by saying these words at this time, Xu Yanwan's favor could be gained.

Xu Yanwan probably didn't expect Jiang Wenwen to say something to help herself, so she smiled at her and whispered: "Sister Wen, thank you, but no need. I think what you said before is quite right. My current physical condition does require it's much better to change to a relaxed place. By the way, Sister Wen, thank you for your care during this time."

Jiang Wenwen knew that she had decided upon hearing this, so he stepped forward and patted her on the shoulder.

"There is nothing to take care of or not. Everyone is from the same company. If you can take care of it, you can take care of it without care."

Xu Yanwan smiled and did not answer any more.

Jiang Wenwen said, "By the way, if you feel uncomfortable in the past, remember to come back and tell Sister Wen that you went out from my department. If someone dares to bully you, then you will have trouble with Jiang Wenwen. You are in the middle."

"Okay, thank Sister Wen."

After Xu Yanwan gathered her things and left, the news soon spread to the group.

So the group began to lively again.

"Wow, the identity of the fiancée didn't run away, right? President Han transferred her personally, so the question is? What about the third party? What will President Han choose in the end?"

“According to the law, the original partner must not be able to do the mistress. The benefits that the original partner receives now are all the guilt that the man feels towards the original partner after finding the mistress. This is probably some compensation.”

“Why do I think this fiancée is not easy, she came to the company without saying a word, and then I also inquired about an exclusive anecdote, that is, the place where the fiancée fainted a few days ago was not somewhere else, but Mr. Victor’s. In front of the current girlfriend. You said, it’s not good for her to faint, she has to faint in front of the incumbent? It feels like a deliberate design.”

“Intentionally designed? This is a bit of a conspiracy theory, right? If it is intentional, why not just faint in front of President Han? You have to faint in front of the incumbent. If the incumbent is a little tougher, then what is the use of her fainting?”

“That’s why I said she is not easy, dare to faint in front of the incumbent, and I expected that the incumbent will not be ignored by her.”

“You’re so scary, but I don’t think it’s possible. How can you even calculate the other person’s ideas?”

“If I didn’t calculate it well, it would be a gambling. Anyway, I bet a hundred yuan, this fiancée must not be easy!”

Everyone was chattering in the group.

Some even came out to excuse their fiancées.

And Jiang Wenwen looked at these remarks with a slightly mocking smile on his lips.

Many in the group are little girls, so little girls are little girls.

There are so many coincidences in this world.

Most coincidences are basically man-made.

It's a TV series that happens to be a lot of coincidences. Alas, a group of TV series are watched too much. It is indeed prone to conspiracy theories, sometimes too naive.\*

Victor Han's birthday is getting closer.

Jessica has been thinking recently about what kind of gift to prepare for him will look special.

In fact, she has already decided to celebrate Victor Han's birthday on his birthday, and then tell him the good news of her pregnancy.

Let him have an unforgettable birthday.

It's just that Jessica is worrying about how to give it to him.

She had never had birthday experience to anyone before, nor had she bought a gift for a man, so she had a headache, and she didn't know what gift to give a boy the other party liked.

So she searched the Internet and found out what gift to give her boyfriend for her birthday.

In the end, all the answers were belts, wallets, lighters and the like, which are very common gifts. But Jessica felt that it was given by everyone, and it looked boring.

And Victor Han doesn't lack anything, she definitely can't take it away for delivery.

So Jessica quietly sent a message to Lin Xuzheng, asking Victor Han what he liked.

When Lin Xuzheng received the little girl's news, he couldn't help but squinted for a moment, and then said something shameless.

## Chapter 1343

Want to give a gift? I think it would be nice to give him yourself. “

“!!!”

When Jessica saw this news, her whole body was bad in an instant.

Oh my God, who will tell her why Lin Xuzheng would say such things? Is it shameful to listen?

So Jessica didn't want to talk to him anymore, and didn't even reply to the news.

But Lin Xuzheng took the initiative to send her a message again.

“Sister Jessica, how come you suddenly thought of giving Victor Han a gift?”

Jessica didn't want to bother him when he saw this news, but after thinking about it, he replied.

“No, I just think I've been with him for a long time, and the two didn't have any memorabilia, so I...want to give him something.”

A memorial?

Seeing these three words, Lin Xuzheng felt that his heart was finally relieved.

When he saw the gift just now, he thought about it carefully and found that it was his friend's birthday soon. At first, he was worried that Jessica wanted to celebrate him.

But when he asked now, he realized that it was not, and Lin Xuzheng was naturally relieved.

Jessica's answer was very good, not leaking. So Lin Xuzheng didn't doubt it. After all, she was a little girl. When she was dating her boyfriend, she wanted to give a gift as a souvenir. There was nothing wrong with it.

But Lin Xuzheng felt that he still needed to mention Jessica.

"Sister Jessica, don't you want to give Victor Han a gift on some holiday?"

He didn't directly order birthdays, only the holidays. If Jessica had this idea, she should be able to associate it, Lin Xuzheng thought.

But people's thoughts are different, how could Jessica know what Lin Xuzheng was thinking?

So after he asked questions, Jessica thought, how can there be any festivals these days?

After all the calculations, Jessica shook her head and said, "There are no special holidays these days."

Hearing this, Lin Xuzheng finally relieved.

It seems that he just want to give me some souvenirs.

After that, Lin Xuzheng seriously discussed with Jessica.

“I have known Victor Han for such a long time and have never seen him passionate about anything, so I suggest that you don’t consider finding him something you like, just look for something you think has collection value or commemorative value. There are two representatives. Sexual things are fine.”

“Huh?” Jessica was very surprised at this suggestion, “Big Brother Lin, how can you know so much? You are so amazing.”

As soon as the message was sent, Jessica realized what she had said wrong.

Lin Xuzheng was so affectionate for his wife. After her death, he was depressed and never married another woman or allowed other women to approach her.

It can be seen that he is attentive to his wife, so... he may have done these things before.

Although he knew that he had said the wrong thing, it was too late to withdraw at this time, and if he withdrew, it would seem even worse.

Maybe Lin Xuzheng didn’t even think about that, but seeing her withdraw would bring up Lin Xuzheng’s sadness instead.

So Jessica could only pretend that nothing happened, and continued to ask: “Then brother, do you have any good suggestions?”

For a moment, Lin Xu correctly thought of his dead wife.

When the two were together before, it was indeed Lin Xuzheng who had been thinking about these things, but his little wife, like Jessica, would buy some souvenir collections, saying that they would cherish them as memories of the two.

Memories are always sweet and bitter.

But it is also happy.

Lin Xuzheng felt like he was back when the two were just together.

He started typing, and his fingertips jumped on the screen, telling Jessica one by one what his wife had done at the time.

“This is not specific. It can be a place where you two walked, a small commemorative item, or a precious memory that you two have kept before. In short, there are many similar things, as for what I can give you. Superfluous suggestions, after all, you are together, what you have experienced, you know better than me.”

Jessica stared at these words for a long time, yes, she knew best what she had experienced.

“I see, thank you Brother Lin for answering me.”

Putting away the phone, Jessica began to think about what the two had experienced during this period.

They didn't seem to go to many places together, and the only time they went on a trip alone was when Stella arranged them for them.

But... when she was on the island, she didn't even think about buying any souvenirs.

At that time, there were all kinds of things on the island, but she didn't expect anything.

It's only now that I think about it, it feels like nothing is going to do!

Alas, Jessica held her head, feeling a headache.

Two days later, the travel company called her and told her that the photo albums and records of the trip were ready, and asked her to find time to pass.

Jessica happened to be fine after answering the phone, so in the afternoon she went to fetch the record album.

The moment Jessica got the record album, Jessica was inspired.

Although she and Victor Han didn't have much experience, there were still a small part. She could completely make these into a book and record it, which is equivalent to a memorial for the two.

I'm very happy thinking about it.

"By the way, Mrs. Han, this is a small local representative gift. Our company prepared for you and Mr. Victor."

There was actually a small local representative gift. Jessica was so surprised that she was happy after receiving the things: "Your Company is really thoughtful, thank you! I like it very much."

The staff smiled like Ma Daha, "Ms. Han likes it, so if Mrs. Han and Mr. Victor want to participate in this kind of trip again next time, remember to come to our company again, or if you have a separated friend, you can also introduce it."

"No problem." Jessica responded generously, and then the staff asked Jessica to use the app to give their company a good review. Jessica did not refuse, and gave a large text evaluation very generously, giving their company and work the work performance of the personnel was all exaggerated.

In the end, the staff was as happy as floating in the clouds, and left dizzy with satisfaction.

After he was gone, Jessica returned home with the bag.

Because of the inspiration, Jessica started to write a plan with a notebook.

In the end, Jessica found that the time was not enough, because there was only one week left before Victor Han's birthday, so Jessica could only stay up late to catch up on work.

Because Victor Han didn't lack anything, the gifts Jessica gave him simply didn't consider the cost-effectiveness and practicality. Anyway, they did it in a commemorative sense.

So she has to fold nine thousand nine hundred and ninety-nine paper cranes.

It's just that the degree of difficulty is so high that it feels terrible to think about it within a week, but Jessica won't give up what she wants to do, so she began to fold thousands of paper cranes day and night as a memorial.

Because of this, she stayed up all night and her eyes are dark. ,

## **Chapter 1344**

So when she went to see Victor Han, during the meeting with Victor Han, she waited until she fell asleep on the sofa.

When Victor Han came in, Jessica didn't even notice.

She slept very hard.

Victor Han did not disturb her, went into the lounge and took a blanket to cover her to prevent her from catching cold, and then went on to work.

Victor Han thought Jessica would wake up by herself in the middle.

But when she got off work, she was still sleeping.

So Victor Han finally realized that something was wrong, and walked up to Jessica with some worry, only to find that her breathing was steady and her face turned red when she slept.

However, the gray and blue dark circles on the white cheeks are particularly noticeable.

So is this the reason why she slept so long today?

What is his little girl doing recently?

Thinking of this, Victor Han squatted down in front of the sofa, slowly sticking out his hands.

The gentle fingertips fell on Jessica's eye area, and the movements were very light and light, like a dragonfly.

The office door was not closed properly, so when Xu Yanwan, who was about to come to Victor Han, raised her hand to knock on the door, she happened to see this scene.

She was stunned for a while.

Victor Han, who has always been cold and self-sufficient, would actually show such a gentle look, squatting in front of a little girl, gently touching her eyelids with her fingers.

In addition to petting and drowning in his eyes, he also has deep attachment and distress.

Xu Yanwan felt her heart feel as uncomfortable as a needle.

Why, let her see this scene?

Xu Yanwan knew that she could no longer watch anymore, but she just couldn't move her steps. She stood there blankly, looking at the man she likes, and staring at the woman who was not her.

My heart felt like swallowing a needle.

Just when Xu Yanwan was controlling her footsteps and preparing to leave, Victor Han looked towards her as if aware of it.

It happened to meet his eyes.

Xu Yanwan was stunned for a moment, and looked away in astonishment, like a cat who was caught stealing a star, stepped back and stood outside the door without making a sound or moving.

Victor Han pursed his thin lips, covered Jessica's quilt, and then stepped out.

After going out, he closed the door naturally with his hand, trying to isolate the outside sound, so as not to disturb Jessica who was sleeping inside.

"What's up?"

Hearing that, Xu Yanwan looked up at him.

Compared with just now, Victor Han no longer has any spoiling color in his eyes. When he looks at her, her eyes are normal, just like other people.

He didn't expect that she had known him for so many years, and didn't even have a special look in his eyes.

It seems that he poured all his special cases on that woman.

Xu Yanwan smiled bitterly in her heart but didn't show up at all on her face, she whispered softly: "I just want to come to thank you, nothing else. Since you are busy, then I will leave."

Unexpectedly, Victor Han stopped Xu Yanwan, with no emotion in his voice, "If there is a chance, ask Lin Xuzheng to come out, everyone get together."

Xu Yanwan was a little bit overwhelmed when she heard that he wanted three people to get together.

There seemed to be the scene and appearance of the three people together. When they were young, the three people often gathered together. Xu Yanwan was the youngest and the only girl among the three, so she received the most care.

He originally thought that this kind of care could last a long, long time, but he didn't expect it to be like this now.

Xu Yanwan smiled faintly on her lips, her tone also lacking emotion.

"I don't think it is necessary. After all, you and Brother Lin should be very busy, and I have to work. Although you have given me a relaxed position, I still can't neglect my duty. After all, I am no longer the Xu family. Miss, many things cannot be as free as before."

Victor Han stared at her, "You should know that if you want, you can..."

Before he could finish his words, Xu Yanwan took a big step back, seeming to be very alert, and stared at Victor Han closely, "No, you can help me transfer my job. I am already very happy. Besides, Xu Jiahe The Han family just has a good relationship, and there is no special connection or relationship, so if you help too much, the more you will be. You are now someone who has a girlfriend, and I, as a single woman, still don't accept your wife. Help, or else..."

Speaking of this, Xu Yanwan glanced at the office door behind Victor Han with a small smile, "I can't afford to let your girlfriend misunderstand then."

Victor Han frowned, and subconsciously answered, "Yan Yan will not misunderstand me."

Xu Yanwan was taken aback, "You won't get me wrong? Are you so sure? He just believes in you?"

Of course, in Victor Han's heart, he said he was extremely dependent and trusted.

Although Victor Han didn't answer Xu Yanwan's question clearly, his expression already explained everything. Xu Yanwan felt that she didn't need to ask any more, asking more just to make her heart feel more uncomfortable.

"Well, just treat it as it won't misunderstand. She is a very good person. Before she was hospitalized, she can go to deliver food to me. Then you can treat it as she is afraid of others' misunderstanding. She will leave first."

After Xu Yanwan left, Victor Han stood there looking at her back, with thoughtful eyes, and the sound of the door opening behind him, Victor Han turned his head and saw Jessica standing there, rubbing his eyes, "You have finished the meeting. How? How does it feel as if I slept for a long time, did you just come back?"

Hearing these words, Victor Han could be sure that the girl didn't hear. The conversation they just had was about waking up instead of being awakened, so he reached out and rubbed Jessica's head, "Well, just finished the meeting and fell asleep. Is it alright?"

Jessica was a little embarrassed when she was asked, because she felt that she had slept for a long time. Looking at Victor Han in front of her, Jessica

thought for a while, walked forward, rubbed it in his arms in a daze, and then hugged her. Hold his waist, “Have I slept for too long? What time is it now?”

It’s really been a long time, Victor Han thought, can I sleep until I get off work soon? But Victor Han felt that he should not tell her anymore, and he reached out and rubbed the back of her head, “Are you hungry? Take you to dinner, do you want to?”

Eat?

Jessica is a little bit confused. She is not a pig, where is the reason to eat when she wakes up?

But when asked by Victor Han, the glutton in Jessica’s belly seemed to be hooked up, and she really felt hungry.

She blinked and looked at Victor Han.

“It seems to be a little hungry, I don’t know what time it is. Let me see...”

The look in her eyes just after she woke up was still a little confused, and now she rubbed Victor Han’s chest so dependently, Victor Han had no emotions at first, but she was a little confused by her appearance.

So when Jessica said she was going to check the time, Victor Han’s fingers gently pinched her soft chin, leaned over and kissed her lips.

## **Chapter 1345**

“Well.”

Jessica only felt black before her eyes, and Victor Han kissed her lips.

She didn't know the direction in a daze. She just subconsciously grasped Victor Han's collar with her hands and stood leaning against him softly.

She doesn't know how long it took before Victor Han retreated.

In the process of kissing just now, his hands moved from her chin to the sides of her cheeks, and finally turned into a cautious kiss holding her face.

Then it deepened. After retreating for a while, Victor Han rubbed his thumb along the soft cheek to her mouth and rubbed it gently on her lips.

Well! Jessica's face went red, and the two kissed too much just now!

Her eyes were flying wildly, she didn't dare to look at Victor Han at all.

"Are you hungry now?"

Hearing, Jessica nodded casually: "Hungry!"

"Then I will take you to dinner?"

"No, no need..." Jessica shook her head, "I have to go back to the store, shall I eat it another day?"

In fact, she wanted to go back and continue to fold her paper cranes. The gift she prepared for Victor Han couldn't be delayed, and she wouldn't be able to finish it if she delayed it!

Victor Han didn't expect the little girl to reject him, and squeezed her nose helplessly: "Is there no time for a meal?"

Jessica was a little embarrassed. When she was thinking about how to answer this question, Victor Han sighed helplessly: “Then eat another day, I will send you back?”

“No, I can go back by myself, soon!”

After that, Jessica broke away from his embrace and waved to Victor Han after running for a long time: “You go back and work, I just go back by myself.”

The little girl stood in the distance and waved to him, her vigorous look made the corners of Victor Han’s lips rise slightly unconsciously.

Then he also raised his hand and waved to the little girl.

“Be careful.”

“Ok!”

After getting his affirmation, Jessica entered the elevator with confidence.

When she got downstairs, Jessica just got out of the elevator when she ran into Xu Yanwan who looked dazed.

She stood in front of the elevator, her eyes dizzy, as if she didn’t know where she was going, she didn’t even see Jessica when she came out.

But Jessica saw her, because of the friendship in the hospital, so she took the initiative to say hello.

Xu Yanwan came back to her senses when she heard the voice. Seeing Jessica Jessica’s flowery appearance, she was a little lost.

But the loss of consciousness was only a moment, and soon her pupils shrank suddenly, looking at Jessica in disbelief.

Because at this moment, Jessica's lips are red, her eyes are soft, her whole body is full of leaning beauty, just now she suddenly didn't know how many elevators she had taken, but they were upstairs...

There was a dull pain in the heart, like ten thousand arrows.

In almost one second, Xu Yanwan lost all the blood on her face, and even her steps were a little unstable, and she almost fell forward.

“Ok?”

When Jessica came out, she saw her look in a daze, and she didn't know what she was thinking. At this moment, her face turned pale, and she leaned forward. She subconsciously raised her hand to support her: “Are you okay? Your face is so ugly. , Is it uncomfortable again?”

Jessica helped Xu Yanwan to go to the chair next to her and sat down. Xu Yanwan took a long time before adjusting her adjustments. She squeezed a smile that was worse than crying at Jessica.

“Thank you, you helped me again.”

Hearing, Jessica was a little embarrassed, she didn't know what was going on, she would help her smoothly every time she met her.

“its okay, your health is too bad, would you like to take a vacation and rest for a few days?”

“I'm fine.” Xu Yanwan shook her head, her voice faint: “It's just a little bit anemic, it's not a big problem.”

Jessica looked at the time and found that she had actually slept for an afternoon, but she hadn't slept all of the afternoon. What she had to do now was to go back quickly.

But seeing Xu Yanwan like this, Jessica couldn't bear to leave her alone.

So she said: "It shouldn't be far from get off work now? Should I take you home?"

Xu Yanwan shook her head, but looked at her and said, "I think I was suddenly uncomfortable just now. I should be hungry. If you send me home, why not let me treat you to a meal."

"Huh?" Jessica tilted his head slightly.

So she can't hide from this meal today? There is Victor Han before, and Xu Yanwan behind.

"Before you have been coming to the hospital to deliver me food. I am very grateful to you. You saved me twice, so I asked you to have a meal. I don't know if you want to. By the way, I'm tight now, so I can only please eat ordinary Chinese food. I can't afford a big meal for the time being."

The other party had said so, Jessica felt embarrassed if she refused again, and she was really worried that Xu Yanwan was alone and could only agree.

"Okay, it's okay, I can eat anything, or should I ask you?"

"No, I know I swear to ask you, you have taken care of me so much."

Seeing the other party's determined eyes, Jessica felt that she should not be able to hold him back, so she could only nod her head, "Well then, I can just eat a little bit."

After learning about her life experience from Victor Han, Jessica felt that her current financial conditions should be quite difficult, but even so, she had to invite herself to dinner.

This self-esteem is also very strong, so Jessica wants to go to the roadside stalls to eat, so as to save her money, and hope that her life will be free of pressure.

So when Jessica mentioned that she was going to eat a roadside barbecue, Xu Yanwan was stunned, and then she looked sideways at the girl who was smiling happily in front of her.

“Are you saving money for me? Don’t worry, you still have money for a meal? Don’t save me.”

“But...”

“If you refuse even this, then I would be too insincere to ask for this meal.”

In the end, the two went to a restaurant. When Jessica was looking at the menu, Xu Yanwan reminded her softly: “Order whatever you want, don’t worry about me.”

Although the other party said so, Jessica finally ordered two dishes empathetic and handed them to Xu Yanwan.

“I’m ready, how about you?”

Xu Yanwan took a few glances and ordered two randomly, and then a few more. Jessica opened her mouth and wanted to say something, but finally swallowed it back.

Forget it, it’s people’s mind after all.

It is not good for her to always refuse.

After ordering the food, Xu Yanwan looked at her red lips, hiding the pain in her heart, “By the way, you seem to come to Victor Han every day?”

“Yeah.” Jessica nodded: “He is too busy at work, he doesn’t care about his body, so if I basically have time, I will give him soup.”

“So that’s it.” Xu Yan would nod her head intently: “He is really serious when he works. Once he goes to heart, he sometimes forgets to eat. He is really blessed to have a girlfriend like you.”

After the praise, Xu Yanwan stared at her again: “By the way, I found that your complexion doesn’t seem as good as when I saw you before, and the dark circles under my eyes are heavy. What’s wrong?”

## **Chapter 1346**

Heavy dark circles?

Jessica was also a little embarrassed by her question, and subconsciously reached out and touched her eyelids, “Is it that serious?”

Xu Yanwan looked closer, “It’s really serious, have you not slept lately? Or is there something important?”

In fact, Jessica didn’t want to tell anyone about this, but when she thought that Xu Yanwan was a girl like herself and had known Victor Han since childhood, she felt that there should be no problem telling her about this matter.

So Jessica told Xu Yanwan about her thoughts.

After hearing this, Xu Yanwan was stunned for a long time, and it took a while before she came to her senses, “You mean...you want to celebrate Victor Han’s birthday?”

“Yeah, yes.” Jessica nodded, “I originally wanted to give a gift, but when I think about it, he doesn’t seem to lack anything, so it’s better to make something meaningful by myself.”

“Then do you know...”

He never had his birthday.

This sentence almost blurted out, but when she reached her lips, Xu Yanwan paused again.

Because she thought of the scene she saw in the office just now.

The man he likes squatted in front of another woman, looking at another person with affection and tenderness. Xu Yanwan had never seen it before, and it had never happened to Victor Han when he saw him!

“What?” Jessica was very interested in the second half of her sentence, but Xu Yanwan didn’t say half of it, so she asked curiously.

Xu Yanwan came back to her senses, smiled at her, and pretended to ask without incident: “Ah, I mean, did you tell anyone this thing?”

“No...”

“That’s good.” Xu Yanwan smiled slightly, and then said: “After all, this is a surprise you gave him. I am thinking if you tell too many people, what if someone reveals it in advance?”

“No, I told you, oh yes I also asked Brother Lin! I heard that Brother Lin grew up with you, right?”

“Lin...Xu Zheng?” Xu Yanwan was a little unsure when she heard the name. She didn’t expect Jessica to tell him about it. After thinking about it, it was normal. After all, Lin Xuzheng and Victor Han’s friendship, how could it be possible? Have no contact with Jessica?

However, she told Lin Xuzheng about this, did Lin Xuzheng not respond?

Normally, Lin Xuzheng should also know that Victor Han never had his birthday?

“Well, it’s Lin Xuzheng.”

“Have you asked him?”

“Well, what’s the problem?”

“No.” Xu Yanwan came back to her senses and smiled, her eyes a little sad.

What was she thinking just now? She actually thought Jessica didn’t know about this, but she didn’t expect she knew it, but it was impossible for Lin Xuzheng to not know. Then he also agreed with Jessica’s birthday for Victor Han, maybe Victor Han’s birthday problem was cured by this girlfriend.

After all, she is such a nostalgic woman, that’s right...

What is she fantasizing about?

Xu Yanwan felt that she had changed and became terrible. She actually wanted to use Jessica’s ignorance to provoke Victor Han. Then, as long as the two of them broke down, they broke up naturally.

Then... she will...

Thinking of this, Xu Yanwan quickly stopped her thoughts.

“I understand that you want to celebrate Victor Han’s birthday, but you should also take good care of your body. Don’t fail your birthday, and burn your body first.” Xu Yanwan said that she poured a cup of tea for Jessica. Pushing it in front of her, her voice was soft: “You have heavy dark circles right now, and you don’t feel it light at first sight. Didn’t Victor Han ask you?”

“Well, it’s okay. I slept in his office for a long time this afternoon, and the sleep I missed recently has been made up. Are you having a good relationship with him? This matter is kept secret for me.”

Xu Yanwan nodded with a helpless expression in her eyes.

“Otherwise? Can I go and tell him it’s impossible?”

“Thank you!”

After the two girls got together for dinner, they said goodbye and left.

After Jessica got in the car, Xu Yanwan stood there, looking thoughtfully at the direction she was leaving.

If Victor Han is really willing to change her birthday problem, then...I am afraid I will never have another chance in this life.

Thinking of this, Xu Yanwan closed her eyes.

Give up, give up.

“If you and him were possible, you would have been together a long time ago, how could you wait until now? He didn’t like you before, and he can’t like you now.”

Xu Yanwan, what kind of dream are you still having? Sober up, get up!

Suddenly, Xu Yanwan opened her eyes again, still not clear.

Maybe she won’t be able to get out in this life.\*

Time flies, Jessica has folded nine thousand nine hundred and ninety-nine thousand paper cranes, and tomorrow is Victor Han’s birthday.

Recently, not only did she finish the commemorative things, she also took the time to go to the hospital to make a report of the check-up, and she planned to show it to Victor Han on her birthday tomorrow and give him a surprise.

Don’t know how he will react?

Jessica entered her dream with boundless expectations.

Then she dreamed that night.

She dreamed that Victor Han directly proposed to her after receiving the report. In the dream, Jessica shed tears of happiness and directly agreed to Victor Han’s proposal.

When she woke up, the corners of her eyes were wet.

Jessica suddenly felt very sad, not knowing why...

She sat up and wiped the tears from the corners of her eyes. It was clear that the dream last night was happy. Victor Han had proposed to her. How could she feel so sad?

Jessica didn't know what was wrong, she sat there to relax for a long time before adjusting her emotions.

After that, she slid out of bed to change her clothes, and only saw the gifts and reports on the table that she felt a touch of warmth.

Maybe she thought too much last night, that's why she suddenly felt so sad.

Jessica took a deep breath, freshened up and prepared to go out.

She ordered a restaurant today, and she also bought cakes and red wine, and everything by candlelight.

Although it seems that these things were done by boys in the past, Jessica doesn't care about them. The two are already together anyway, so it doesn't matter to her who is doing these things.

The important thing is who do it with and who you spend with.

Jessica ordered a small box. When she went in, the staff told her that it had been set up on the spot and told her.

"Ms. Zhou, your boyfriend is so happy. I have been working here for so long. This is the first time I met my girlfriend to prepare surprises for him."

Another staff member also said: "Yes, yes, it is really blessing that Miss Zhou's boyfriend can find a caring girlfriend like Miss Zhou!"

“But...” One of the staff members had just arrived, so he hesitated and said: “If Miss Zhou did this, would she be a little bit too low?”

## Chapter 1347

Lower yourself?

Faced with this problem, Jessica never thought about it.

She shook her head: “What’s the point of lowering yourself? There is no need to care about who pays more in a relationship.”

She thought so.

The other staff also nodded: “Yes, as long as two people have a good relationship and really like each other, who cares who pays more?”

“Yes, yeah, it’s good for Miss Zhou to have this thought.”

The staff member who asked the question just now disagrees a bit, but seeing Jessica’s happy face, I think I should not say more.

So everyone happily confided Jessica.

Seeing that everything was almost ready, Jessica planned to go to the company to find Victor Han.

In fact, her arrangement is like this. First, go to Victor Han as usual, pretend that nothing happened, then wait for him to come out with him when he is off work, and then propose that he is hungry, and then want to come to eat, take him there Here, surprise him again.

So Jessica went to the office as usual.

Jessica ran into Xu Yanwan when she was upstairs.

She was just about to go out to get information. When she met Jessica, she understood everything after thinking about today's day.

"Are you going to celebrate his birthday today? Are you ready?" Xu Yanwan asked casually.

Jessica nodded: "Well, it's all ready."

"That's good."

"Right, he has his birthday today, don't you want to celebrate with us at night?"

A piece of celebration?

Xu Yanwan was a little lost when she heard this word, and it was a celebration of the past when she said it nicely. In fact, she used to see the man she liked was with another woman in the past.

If she goes, isn't she torturing herself?

Thinking of this, Xu Yanwan shook her head: "No, I have something tonight."

It can be seen that she is not in high spirits, so Jessica did not invite her again, "And Then I will go up and wait for him."

"Wait." Xu Yanwan looked at her back and couldn't help but stop her.

"What happened?"

Jessica turned her head and glanced at her suspiciously.

Xu Yanwan looked at Jessica and stopped talking. In fact, she was much entangled in her heart. In fact, she really wanted to know if Victor Han had really broken the example of her birthday, and she was afraid that after asking, she would not get the answer she wanted. , By the time...

Thinking of this, Xu Yanwan took a deep breath and stepped forward to tidy up Jessica's hair.

"Your hairstyle is messed up."

In the end, she still didn't say anything.

"Ah~Thank you." Jessica didn't notice anything, and even thanked her.

"Go ahead and wish you success."

After Jessica left again, Xu Yanwan stood still looking at her back, her eyes gradually becoming cold.

She wanted to remind something, but after thinking about it, what does it matter to her? Even if she knew that Victor Han never had a birthday, what about it? As his girlfriend, if Jessica doesn't even realize this, then it doesn't matter to her.

Anyway, she didn't do anything from start to finish, even if something really happened to the two of them, there was nothing wrong with Xu Yanwan.

So, she is not mean, she just kept herself out of the matter.

Thinking of this, Xu Yanwan turned and left with satisfaction.

She didn't notice. The front desk took everything into her eyes. The front desk was very panicked, because she knew that Xu Yanwan was not a simple

person. The look in her eyes that day scared her so much that she even had nightmares after returning.

After that, she did not dare to provoke Xu Yanwan.

Seeing that she and Jessica were so close today, they even tidied each other's hair, with a gentle smile on her face. Reminiscing about the way she looked at her that day, the girl at the front desk felt terrified.

Imagine what a magical sight the predecessor and the current one can be together.

The front desk girl even suspected that Jessica didn't know the relationship between Xu Yanwan and Victor Han. She was a little confused. Before, she wanted to stand with Xu Yanwan's original fiancée, but after she was scared that day, the front desk girl did not dare to provoke her. Up.

Suddenly seeing Jessica standing stupidly in front of Xu Yanwan talking and laughing to her, the girl at the front desk felt that Jessica was a bit pitiful.

In other words, the ramen in her family is also very delicious. If she is killed by the original match, will she be overwhelmed by the time, and even the ramen restaurant will not be opened?

After much deliberation, the front desk suddenly felt whether or not to tell Jessica about this matter.

But when the front desk wanted to find Jessica, she had already gone to the office and couldn't find her, so the front desk could only wait downstairs. She planned to tell her about Xu Yanwan's identity when Jessica went downstairs.

It's just that the front desk probably didn't expect that Jessica would go downstairs with Victor Han today, so she never had a chance to say anything to Jessica.

Jessica didn't notice it, and left with Victor Han.

The front desk felt that after waiting for a day, there was still no chance to remind.

However, the front desk did not wait for Jessica to come over for a long time in the future.

Of course, this is a story.

After Jessica and Victor Han left the company and sat in the car, she quietly glanced at Victor Han.

She doesn't know if it was her illusion. She always feel that Victor Han's air pressure today is very low and very low, and it seems that he is in a bad mood.

Jessica wasn't sure if she thought too much, so she asked him actively.

"Are you unhappy today?"

Victor Han, who was driving, suddenly heard the little girl ask him, and the little girl looked at him cautiously, for fear that he was angry, the low air pressure on Victor Han's body dissipated a lot, and she came over and rubbed her with one hand. Yan's head.

"What are you thinking about? I'm not unhappy, just thinking about things."

"Oh." Make sure that he is not unhappy, the little girl is relieved.

Today is Victor Han's birthday. If he is unhappy, then she must consider how to ask clearly, but seeing his eyes return to petting and gentleness, Jessica thinks she should think too much.

After all, she cried when she woke up in the morning, and the impact on that day was quite large, and she still managed it by herself.

“I asked you to eat or not, why did you suddenly want to eat today?” Victor Han asked casually.

Jessica said with a smile, “Isn’t it thought that I haven’t eaten with you for a long time recently? So I have to make time to accompany you.”

The little girl rubbed his hand and leaned over, half leaning against his shoulder. Victor Han found that Jessica’s dark circles were heavy recently, and her complexion seemed not as good as before.

“What are you doing recently?” He asked a question suddenly, shocking Jessica, thinking he knew what she was doing, so she quickly explained: “Nothing, it’s just going to bed late every day.”

“What did you do?”

## **Chapter 1348**

What did you do? Jessica blinked, she didn’t want to tell him!

Seeing her not answering, Victor Han peeked over and grabbed her wrist: “Huh?”

Jessica said mysteriously, “I won’t tell you now.”

“Anyway, you will know when the time comes!”

The little girl looked mysterious, and Victor Han naturally didn’t ask any more. In addition, his mood was really not good today, so the car soon became silent again.

As soon as he didn't speak, Jessica felt that the pressure on her body had dropped again. Jessica always felt something was wrong, and Victor Han seemed very unhappy today.

Because she wanted to prepare a surprise for him, she has never told him a happy birthday or gave him a gift.

So Jessica even began to guess whether he was angry because of this incident.

So she can only think in her heart, to bear with it, wait until the restaurant, after seeing the surprise she prepared for him, Victor Han will not be as low as now.

However, if Jessica knew what would happen later, she would not think about preparing a surprise for him today, nor would she want to celebrate his birthday.

In the restaurant

When the staff saw Jessica bringing Victor Han in, they couldn't help sighing, and then whispered to each other.

"My God, Miss Zhou's boyfriend is so handsome, no wonder she is willing to prepare surprises for her boyfriend. If I have such a good-looking boyfriend, let me prepare surprises for him every day, I am so willing!"

"+10086!"

"Her boyfriend is a male god, but Ms. Zhou seems to be quite ordinary. When these two people are together, Ms. Zhou is still preparing a surprise for his boyfriend. It always feels...emmmm"

Although the latter words were not said, everyone who heard them knew what she meant.

The leader interrupted them.

“Okay, don’t think differently. If you don’t think money is the customer, what do you do with so many people? What we have to do is to serve the customers well and not have other opinions, you know?”

“Got it.”

When Jessica came in, she said to Victor Han, “I booked a place. They have a good business here. If you don’t book in advance, you will be robbed.”

Victor Han didn’t know what he was thinking, and he said, his mind seemed to be drifting away.

Jessica walked upstairs together holding his hand.

There is a surprise she prepared in the box, as long as you open the door of the box, you can feel the difference inside.

When she opened the door and entered, the box was filled with the smell of a girl’s heart, and various peach-hearted decorations looked dreamlike.

Victor Han didn’t seem to notice it, maybe he saw it, but thought it was the decoration of the box, so he didn’t pay much attention.

Soon the staff brought up the dishes that were specially prepared today. They were all usually sold in the restaurant. It seemed that there was nothing ordinary, so Victor Han did not notice anything.

If he didn't run around in his mind today, he could have noticed these things, but Victor Han's mind drifted far.

So when the staff cooperated with Jessica to turn off the lights in the box, the room was dark, and Victor Han's brows and heartbeat, and finally realized that something was wrong.

In the dark, a petite hand reached over and covered the back of his hand, gently covering it, soft fingers tapping him gently. Victor Han thought it was because the light was off, and the little girl thought he was afraid, so she took the initiative to put her hand over and comfort him.

This silly girl.

Victor Han thought to himself that he was about to shook the little girl's hand and told her that she was not afraid, and that she didn't need to.

Snapped!

At this time, the lights in the box turned on again, but this time the lights were different from before.

This time it was a small lamp with faint light, and at some point there was a cake on the table, Jessica stood up with a lighter in her hand and lit the candle on the cake.

After the candles were lit, the little girl's delicate face became brighter under the jump of the fire, with a bright smile on her face, she began to sing birthday songs to Victor Han.

From the moment Victor Han saw the cake, something in his memory seemed to be hooked out, and it penetrated his mind clearly and terribly, destroying his reason.

When the flames started to jump, what appeared in front of Victor Han's eyes was not this scene, but another kind of skyrocketing flames, which almost burned the sparks across the horizon, burning his eyes.

And the birthday song that sounded in the ear turned into a shout.

The flames soaring into the sky were accompanied by helpless shouts, almost tearing the entire sky apart.

Cold sweat oozes from Victor Han's forehead, and his face is extremely poor, even his thin lips have turned into an earthy color. The little girl's face that jumped under the firelight was distorted several times, returning to normal, and then becoming distorted again.

Victor Han's blue veins appeared, and his breathing became difficult.

"Happy Birthday!"

The little girl finally finished singing the birthday song, and then said a loud wish to him, that is, this sentence finally broke the string that broke Victor Han's heart.

After Jessica finished speaking, she urged Victor Han to blow the candles, and said sincerely, "Make a wish before blowing the candle. What wish do you want to make?"

As a result, there was no response. Victor Han, who was sitting opposite, seemed to be too silent, and his expression... seemed very wrong.

"Victor Han?" Jessica called out his name tentatively.

Victor Han suddenly raised his head, staring straight at her, his eyes were a bit gloomy, and his back was chilly.

“Why, what’s the matter?” She asked in a trembling voice. She didn’t understand what was going on. Her lips squirmed as she wanted to say something, but Victor Han suddenly stood up, still staring at her silently.

Upon seeing this, Jessica also stood up.

“What happened?”

The images in Victor Han’s mind are only those horrible images, nothing else, so Jessica’s voice is almost inaudible at this moment. Jessica has known him for so long, and has never seen him like this, her eyes are dark and like a person without temperature.

For the first time, Jessica saw a frightening breath from Victor Han.

What exactly happened here?

It’s a pity that Victor Han didn’t give her an answer. He walked out almost staggered and left the box.

When the staff guarding outside saw him running out with a pale face, they didn’t understand what had happened, so they hurried in.

“Miss Zhou, what happened? Why did your boyfriend go out?”

The questioned Jessica stood in place. She was confused for a long time, wondering if she did something wrong, but she seemed to have done nothing just now, just wishing him a happy birthday.

Could it be...Is this also done wrong?

The more she thinks about it, the more chaotic.

Until the staff mentioned, “Your boyfriend’s complexion doesn’t seem very good. Did you quarrel? Or is there something wrong with our preparations?”

The staff member who had previously disapproved of Zhou Jessica’s behavior couldn’t help but said at this moment: “Maybe you don’t need you to celebrate his birthday.”

## **Chapter 1349**

“What nonsense!”

The staff member who was talking nonsense was reprimanded, and he stuck out his tongue unwillingly and made a face, “I’m not wrong again.”

“Miss Zhou?”

Jessica came back to her senses, looking at the carefully decorated room and the gifts she had prepared. After thinking about it, she would come forward and pick up the gifts she prepared, and then turn around.

“Thanks for your hard work today, but we shouldn’t be back. I will catch up and see what happened to him.”

“Okay, Miss Zhou, go quickly, if you have any misunderstandings, you have to make it clear.”

“Thank you.”

After Jessica left, the broken-mouthed staff member just couldn’t help saying again.

“I think she is too proactive, so she is rejected by her boyfriend. If a woman doesn’t, she will end up like this if she loves herself. In the future, you must not talk about boyfriends like her.”

An older one glanced at her, “Only those of you who are younger would think about finding a boyfriend who would hold you in your hand. What’s the matter, are you born an uncle or an ancestor? For a while, can you win your life?”

“Eldest sister, you can’t say that. If you don’t hold you when you are not married, then can’t it be worse after marriage?”

“Cut, the thing about feelings is reciprocity. You haven’t met the person you like yet, so speak so full. Wait until you meet the person you like.”

Jessica didn’t hear them talking about her, and didn’t even want to hear what they said.

After she left the restaurant, she began to search for Victor Han’s figure, but did not find him for a long time, so she went to the parking lot again, and as expected, Victor Han’s car had already left.

Jessica was so anxious that she called Victor Han directly, but unfortunately, her mobile phone ran out of power.

In preparation for Victor Han’s birthday, she was so busy that she forgot to charge her mobile phone.

She didn’t know what happened, so she didn’t know where Victor Han had gone at this time. Jessica thought about it and finally got a taxi from the roadside, or went to the company first.

After arriving at the company, Jessica got off the car and took the elevator directly upstairs. As a result, he did not find Victor Han, but ran into Su Jiu who was still working overtime.

Su Jiu saw her with a slightly surprised expression: “Jessica, didn’t you go out with President Han? Why are you back again?”

The matter has not been clarified yet, so Jessica did not intend to tell Su Jiu about the matter just now, but could only say: “My phone is dead, and I can’t find him. Didn’t he come back?”

Although Jessica’s words are evasive, but who is Su Jiu? From Jessica’s look and actions, he immediately guessed something, and shook his head: “He has not come back, what happened between you?”

Jessica didn’t expect that she would guess it so quickly, and sighed: “I don’t know too well, so now I have to find him first before I can ask.”

“Your cell phone is dead? Then I’ll call you and ask.”

“Oh yes, then Secretary Su is in trouble. You can call me and ask.”

So Su Jiu took out her cell phone and called Victor Han.

As a result, the other party’s call was always busy and couldn’t get through.

This was the case for several times in a row, Su Jiu took off the phone and looked at Jessica solemnly.

“What happened? How could this happen? Is he missing or something? Do you need to call the police?”

Call the police?

Feeling that there is no need to call the police, Jessica shook her head: “It should be my fault. There is no need to call the police. I guess he doesn’t want to see me for the time being.”

Hearing this, Su Jiu was even more confused: "What's the matter?"

"Nothing, since she is not here, then I will go find him elsewhere."

There are not many places where Victor Han will go. Jessica happens to know that she plans to go to Han's house first, and if she can't find it, she will go to his private villa.

She didn't want to say, Su Jiu couldn't keep chasing her and asking, but it hurts to see Jessica's back holding something.

It was not easy for this pair to be together, although it was sweet after being together, but now they don't know what happened.

But this wasn't something she should be dealing with too much, so Su Jiu went to work on her own affairs.

Jessica went downstairs with a worried look, her mind was messed up, and when she was about to leave, she ran into Xu Yanwan.

Because Han worked overtime today, after she came back, Xu Yanwan saw her expression a little surprised. She guessed in her heart that she knew she should not go forward at this time, but she still didn't hold back and went up to say hello to Jessica.

"Jessica, why are you still here?"

Seeing Xu Yanwan, Jessica felt a little moved, because she was a friend of Victor Han's childhood. Maybe she should know what she should know?

Thinking of this, Jessica hurried forward.

"Yan Wan, you and Victor Han grew up together, right?"

Hearing that, Xu Yanwan was taken aback. How could she suddenly ask this question? Did someone tell her something? But she quickly calmed down, smiling and nodding.

“Yes, the two have a good relationship, so they grew up together. What’s wrong?”

“I have a doubt, I don’t know what’s going on, thinking that you grew up with him, so... I just want to ask you.”

Looking at Jessica’s eyes and expressions, and thinking about today’s time, an answer was ready to come out, Xu Yanwan quietly waited for her to ask.

Sure enough, Jessica asked exactly the same questions she thought.

“I celebrated his birthday today, but... he seems to be unhappy, and then left just now, I can’t find him now.”

Although Xu Yanwan was mentally prepared, her heart throbbed with excitement when she heard Jessica say this. She thought that Jessica had helped Victor Han manage the problem of not being able to celebrate her birthday, but she did not expect...

Therefore, the relationship between the two is not as good as she imagined.

At least Jessica didn’t know anything about Victor Han’s past, and Victor Han was not ready to tell her, so this time it became like this.

Thinking of this, Xu Yanwan showed a shocked expression.

“Have you never given him a birthday before?”

“Huh?” Jessica looked puzzled, “Before? No...”

This is Victor Han's first birthday after the two are together. How dare Jessica give him a birthday before?

Xu Yanwan's expression suddenly became difficult to look, "How could this happen? That day, I was shocked when I heard you say that you are going to give a birthday. Because Victor Han never had a birthday, but I think you are taking it for granted. The problem was cured by you."

"What?" When Jessica heard this, she felt that her whole body was not good.

"But birthday? What is going on?"

Victor Han's birthday? Jessica never knew about this, he didn't say it himself, he didn't tell her by his side, and she didn't know about it.
