

Chapter 1341: You're Not Much Better

Before Yuan Sichun returned to the company, her secretary gave her a call and said that most of the artistes in the company had arrived at Stars International.

Infuriated, Yuan Sichun smashed her phone and drove to Stars International!

All the humiliation in her life was given to her by Shen Fanxing.

Everyone was looking forward to seeing her make a fool of herself. She had endured the humiliation for a long time. She was waiting for her father to finish his work and teach this b*tch a lesson!

Unexpectedly, Lehua Entertainment was about to be emptied by Shen Fanxing.

If Lehua Entertainment was really taken away from her, how would she face the ridicule of the outside world?

She was the future head of the Yuan family. She had just taken over a company and it had been destroyed by her. How was she going to establish her authority in the family in the future? How was she going to take over the Yuan family?

That damned bitch!

He wanted to ruin her life!

How could he tolerate this?!

With a squeak, the car suddenly stopped at the entrance of Stars International. The next second, the car was forcefully opened and closed.

The series of voices were obviously filled with anger. The few of them looked in the direction of the voice and saw Yuan Sichun striding over with a straight face.

The reporters didn't surround her, but their eyes lit up.

She whispered excitedly,

"Oh my god, this situation... a good show is coming!"

"A direct confrontation?"

"She even went straight to Stars International. I think she must have been forced into a corner. Even a desperate dog will jump over the wall!"

"More or less. The company is about to be destroyed!"

...

Shen Fanxing watched from afar as Yuan Sichun walked towards her. The smile on her face remained unchanged.

However, before Yuan Sichun could approach, she was stopped by a group of bodyguards in black.

"Get out of the way!" Yuan Sichun shouted angrily, clearly enraged.

The bodyguards ignored her and stood straight and cold.

The reporters took a few photos of Yuan Sichun before Shen Fanxing said slowly, "Let her come up."

She didn't think she would be bullied by Yuan Sichun.

Hearing this, the bodyguards retreated and stood beside Shen Fanxing. Their gazes were fixed on Yuan Sichun, ready to control her.

Yuan Sichun stepped onto the stairs and glared at Shen Fanxing. After a long while, she shifted her gaze to Chen Na.

"What do you mean? What are you doing here?"

"To discuss a collaboration with CEO Shen."

Yuan Sichun's face turned pale and angry. "You want to negotiate a contract with her?"

She retorted coldly and her voice turned sharp. "Your contract and their contract are in my hands. How dare you talk about the contract with others?! Chen Na, are you tired of living?!"

Almost all the big-name celebrities in the company were promoted by this manager called Chen Na!

Now, she was the one who led the rebellion. How could Yuan Sichun not be angry?

"And you!" After shouting at Chen Na, she suddenly turned her head and looked at Shen Fanxing.

"Aren't you tired of using the same trick again? You only know how to poach artistes from others? Lan Yun Entertainment isn't enough and you want to use the same trick on me?"

Shen Fanxing couldn't react in time after being shouted at by Yuan Sichun.

After a few seconds, she snapped back to reality and burst out laughing.

Shen Fanxing looked at the furious Yuan Sichun and smiled.

"So what if I use the same trick again? It's fine as long as it works. It doesn't matter how I mess with you. It's enough as long as I can kill you."

Everyone gasped in unison.

How could she say such things openly? Did she think that reporters were dead?

Alright, they had to thank CEO Shen for creating news for them!

Moreover, President Shen's words made sense!

When Yuan Sichun heard that, her eyes widened. She didn't expect Shen Fanxing to be so arrogant!

"Shen Fanxing, do you know that people who are too arrogant usually die ugly deaths?"

Shen Fanxing replied nonchalantly, "Really? Then I'm in danger..."

With that, she turned to the reporters at the foot of the stairs and said calmly,

“It just so happens that everyone present can bear witness. If anything happens to me in the future or I disappear, I think it can only be Miss Yuan’s doing.”

“You...”

Yuan Sichun was so angry that she wanted to beat this b*tch to death!

In front of so many reporters, she actually...

If necessary, she might really find someone to kill this b*tch secretly!

But because of what she said today, she had no way out.

Shen Fanxing had no intention of fighting Yuan Sichun.

Now that she was pregnant, she couldn’t allow any hidden accidents to happen.

Hence, she chose to emphasize her conflict with Yuan Sichun in front of the reporters.

However, when she saw Yuan Sichun’s furious expression, the smile on her face faded and was replaced by coldness.

It seemed that she really had plans to do something in secret.

“Kill me? Heh, Shen Fanxing, who gave you the confidence? Just because Chenna brought people to negotiate a contract with you? Think with your toes, can the two of you even negotiate? So what if you find Li Tingshen to support you? I can crush them one by one with a contract!”

“Speaking of the contract, CEO Yuan, I have to tell you...”

Chen Na’s voice suddenly sounded from the side. She walked towards Yuan Sichun and said expressionlessly,

“It’s because the company can’t guarantee the resources of the artistes. In addition, there are various details of the breach of contract... Now that the artistes have officially submitted the indictment to the court, as a former collaborator, I have to remind CEO Yuan to be prepared for a lawsuit! After all... it’s not just a lawsuit...”

Chen Na’s words completely infuriated Yuan Sichun. “You instigated them to sue me?!”

“It’s too much to say that she instigated him. Boss Yuan, celebrities have their own brains...”

“B*tch!”

With a loud slap, Chen Na’s words were interrupted by Yuan Sichun.

The reporters who had been watching the show suddenly exploded!

“Oh my god, Miss Yuan flew into a rage out of humiliation and hit someone! Hurry up and take a photo!”

“Ha, as expected of Miss Yuan. You’re born into a wealthy family and yet you’re so willful!”

“The Yuan family is really magnanimous to hit someone in public because of the defendant!”

Chen Na's head turned to the side. A few seconds later, she slowly turned to look at Yuan Sichun.

"Has Miss Yuan vented her anger?"

"B*tch, what's the use of suing me? Do you think the Yuan family's legal team is dead?"

Chen Na laughed and said, "We all know that you're the eldest daughter of the Yuan family, but isn't it too lowly to rely on the Yuan family to bully others in the entertainment industry? What's more ridiculous is that you're not doing much better with the Yuan family backing you up!"

Chapter 1342: Blocking All Roads

Chen Na laughed and said, "We all know that you're the eldest daughter of the Yuan family, but isn't it too lowly to rely on the Yuan family to bully others in the entertainment industry? What's more ridiculous is that you're not doing much better with the Yuan family backing you up!"

Yuan Sichun's expression was indescribable. "Even if you want to file a lawsuit, you have to settle your contracts one by one after the lawsuit is over. You're in a hurry to sign with someone else. Dream on!"

Chen Na reached out to rub her swollen face and chuckled softly. "What about this?"

Yuan Sichun looked at the phone in her hand and frowned.

Chen Na slowly walked down the steps and approached the reporter before tapping on her phone.

The content of the conversation was from yesterday in Yuan Sichun's office.

"So what if you reach Stars International... Do you think the Yuan Corporation will let you off easily?"

"Didn't they say that Shen Fanxing is very smart? Do you think that she won't be suppressed by the Yuan Corporation even if you're in her hands? He's just using you to take revenge on me. He trusts her so much before we even interact. Why don't you terminate the contract and see if she can protect you?"

The voice was undoubtedly Yuan Sichun's.

The reporters heard everything clearly and their expressions turned strange.

Yuan Sichun was also completely stunned on the spot. Until now, she still couldn't react to why Chen Na had put these things.

Shen Fanxing chuckled softly at the side.

This was what it meant to reap what they sowed.

She was quite convinced that she had courted death.

Chen Na put away her phone and turned to look at the reporter who was holding the magazine's logo. She scanned the QR code printed on the microphone and entered the magazine's public account. After a while, she put away her phone.

"I've already uploaded the recording to your website. As for how to report it, that's your business!"

Doubtfully, he opened his public account and saw a submission.

His eyes lit up immediately and he was extremely excited.

Although the Yuan Corporation's news was risky, the matter had already blown up to this extent. Miss Yuan was now causing trouble in front of Stars International, and the recording had been exposed in front of so many reporters. If he didn't do it, there would definitely be other magazines reporting on this matter. Perhaps someone had already broadcasted what had happened.

If he had to do it in the end, why didn't he?

Chen Na walked to Shen Fanxing and faced Yuan Sichun.

"CEO Yuan, let me give you a piece of advice. Don't underestimate anyone. No matter how bad I, Chen Na, am, I've brought a lot of celebrities to fame. I might know more about the rules and legal issues in the industry than you. The contract company violated it first. Even if the celebrities sue you, no matter how powerful your Yuan family's lawyer is or how powerful your Yuan family is, with so many people paying attention to this matter, I don't believe that the court's decision can be unfair."

Also, I only wanted to make it easier for the artistes to leave the company smoothly. I didn't expect CEO Shen to reassure us first. I originally didn't intend to announce it on account of my long cooperation with the company, but that slap just now completely destroyed my patience with you!

Since you said that I instigated the company's artistes to jump ship, I might as well sue you for 'bullying, threatening, and threatening'! Anyway, you have so many lawsuits on you. I'm not the only one."

After her reminder, Yuan Sichun suddenly realized the effect of this recording.

Bullying, threatening, threatening...

Yuan Sichun seemed to have thought of something. Her face turned pale and she staggered.

Shen Fanxing stood at the side and sneered at Yuan Sichun's flustered expression before turning to leave.

Seeing this, Chen Na and the rest followed behind Shen Fanxing.

"CEO Shen, can we continue with the contract?"

Shen Fanxing took out her phone from her pocket and said, "No need. When your contract with Lehua Entertainment is terminated, just let me know."

The group stopped in front of the elevator. Chen Na had no intention of following them in.

It was obvious that the truth was out.

The elevator door opened and Shen Fanxing walked in. At the same time, the phone in her hand rang.

"Hey, there might be a wave of public opinion later. It might be helpful to you. Seize the opportunity."

Ji Fengmian was on his way to the orphanage when he received Shen Fanxing's call. He raised an eyebrow and asked, "What public opinion?"

"It's all because of Miss Yuan."

Ji Fengmian paused and smiled. "Got it. Do you want to control the public opinion?"

Shen Fanxing chuckled and said, "There's no need. She has no means to salvage the situation."

"Are you sure?"

"Yes, very sure."

Ji Fengmian nodded. "Alright, I'll arrange for someone to meet the Yuan Corporation's partner now."

"Okay."

Putting away her phone, the smile on Shen Fanxing's face vanished.

—

In less than 20 minutes, what happened at the entrance of Stars International quickly occupied the headlines.

"F*ck! Is Yuan Sichun crazy?! She actually slapped Chen Na in public?!"

"She's spouting nonsense at the entrance of someone else's company. She's really brainless. She can't win against others and now, she even wants to use the entire Yuan Corporation as her backer. She really f*cking thinks she's impressive with a backer!"

"I was wondering why we didn't get the results after waiting for an entire day yesterday. In the end, this b*tch used the Yuan Corporation to suppress the artistes under the company!"

"Good job. With that recording, we can sue her for bullying, threatening, and threatening! Let's see how Lehua Entertainment can make a comeback this time!"

"I've seen a good company being ruined by her. My life is really exciting..."

"Most importantly, not only did she die, but she also implicated the Yuan family! Now that everyone knows the truth, what will the impressive Yuan family do?"

"If there's really an accident with the court's verdict, it means that the Yuan family is really impressive!"

In fact, at this point, even if the Yuan family had the guts to use their connections, the court would probably block the back door!

The Yuan family's eldest daughter's actions at the entrance of Stars International had resulted in two contracts with her artists. As long as one looked at the contract, it was obvious who had violated the contract first.

Moreover, the recording was indeed effective. Yuan Sichun had used the Yuan family's name to bully, threaten, and threaten others.

Moreover, everyone was well aware of this fact. If the court's final result was shocking, then the good days of all the civil servants would be over.

Even if she didn't commit any crimes in the end, she had already lost all her face when she was sued.

In short, Shen Fanxing had blocked all of Yuan Sichun's escape routes.

The Yuan family couldn't help her. She had to lose the lawsuit, cripple the company, and embarrass herself.

After hanging up, Ji Fengmian called Uncle Chu.

"How's the progress on those businesses in Country M?"

Chapter 1343: Lunatic

"How's the progress on those businesses in Country M?"

Uncle Chu paused and said in an unpleasant tone, "From the looks of it, the Yuan Corporation is the one they like the most. Other than the Yuan Corporation's influence in the country, there's also their relationship with Ava. These are all reasons why they're willing to cooperate with the Yuan Corporation. Moreover, Ava has specially arranged for the people around her to support Yuan Zhengchong. It seems like she's determined to win..."

Uncle Chu paused again. "...Miss, our business has always been in Asia. The Yuan Corporation has been developing in Country M for decades... If we compete with the Yuan family there, the company might not be able to hold on..."

Ji Fengmian gripped his phone tightly, his calm eyes filled with malice.

After a long silence, Ji Fengmian said,

"Make another five percent concession. Now, arrange for someone to negotiate."

Hearing Ji Fengmian's cold tone, Uncle Chu stopped talking.

It was not wrong for Ye Jingyun to be adopted by the queen back then. However, even though she knew that the real princess was still alive, she chose not to say anything. Many years later, she consolidated her status in the royal family and even had the intention to silence the real princess.

After stealing the identity that belonged to someone else and occupying the life and love that belonged to someone else for so many years, she even wanted to silence him.

It was fine if they didn't know each other, but she was the only friend who went to the orphanage to play with Missy every day.

If not for the fact that her only mother was seriously ill and the hospital had stopped her from taking medicine, her life would have been hanging by a thread.

If she hadn't cried pitifully in front of Missy, Missy wouldn't have given her the pair of gold jade bracelets that she had been wearing since she was born.

Then all these coincidences would not have happened.

Missy had no intention of competing with Ye Jingyun, but she refused to let her off.

And now, she was threatening her daughter.

New and old grudges gathered together. No matter how good-tempered a person was, it was impossible for them to remain indifferent.

Missy was really angry.

Although there was a huge risk in snatching business from the Yuan Corporation without considering the consequences, once the business was settled, 12% of the Yuan Corporation's funds would evaporate.

It was evaporation, not loss.

Because the loss was due to the investment and not the return.

Vanishing meant that the entire Yuan Corporation, including all of his assets, would be reduced by 12%.

If they couldn't settle the Yuan Consortium in one go, this attack would definitely severely injure them.

The Yuan Corporation had been established for a hundred years, and 12% of its capital had evaporated. With a huge base amount, multiplied by 12%, the entire Yuan family would probably be able to squander money for the rest of their lives.

This blow would probably be recorded in history in the entire business circle.

...

Yuan Sichun drove back to the company numbly. Just as she reached the office on the top floor, she saw the HR manager standing at the door. When he saw her, he immediately greeted her.

"Chairman Yuan!"

Yuan Sichun's expression turned ugly. She glanced at him indifferently and continued walking. "I'm very annoyed now. Stay away from me."

The HR manager blocked Yuan Sichun's path and handed her two folders.

"It's like this, CEO Yuan. These are the list of employees who have submitted their resignation letters. Because there are too many resignation letters, I've calculated them. Please take a look."

Yuan Sichun's eyebrows twitched as she stared at the two folders in front of her. Her terrifying face suddenly sneered.

She looked up slowly and stared coldly at the HR manager. "Are you trying to create trouble for me?"

The HR manager pursed his lips and said, "I'm not too sure about that. It's a trend..."

The trend?

Yuan Sichun blinked and slowly took the two folders. She flipped them open and said, "The trend?"

"Haha..." The HR manager laughed dryly.

However, in the next second, Yuan Sichun smashed the two hard plastic folders on his head.

An angry roar sounded, "What do you mean by the trend? So what? It's just an entertainment company. How dare you offend me like this? Do you think the Yuan family is just a decoration?!"

The HR manager felt a little dizzy from the impact. His body swayed and he reached out to cover his head. However, he realized that his palm was already sticky with blood.

Furious, he glared at Yuan Sichun. Coupled with the blood flowing from his head, he looked terrifying.

“Boss Yuan! Since you’re a woman, I won’t hold it against you. But let me give you a piece of advice. With your temper, even if the Yuan Corporation is in your hands, you’re still doomed! You’re on your own!”

As he spoke, he took out an envelope from his pocket and threw it at Yuan Sichun. “I’m quitting! This time, you’ll be the only commander!”

Yuan Sichun was slapped in the face by the resignation letter. Her eyes flashed as she slowly came back to her senses. The blows she had suffered today came one after another. Everything had allowed Shen Fanxing to succeed. Her company had been emptied, and she still had to fight with so many artistes. She had also been sued. Now, she had been taught a lesson by a mere department manager. All of these combined made her furious and indignant.

He turned around and grabbed the back of the manager’s collar, pulling him to the ground forcefully. The back of the man’s head hit the ground and he felt dizzy!

Before he could react, his body suddenly sank. In his daze, he saw Yuan Sichun sitting on him. She grabbed his hair and knocked him against the ground.

“Do you think I’m easy to bully? Are you?!”

“What do you mean by the trend? Lehua Entertainment doesn’t have any artistes and I can still recruit new people. Who said I’ll lose? Do you think I’ll lose? Am I right?!”

“Lunatic! You’re simply a lunatic!!”

The HR manager immediately felt dizzy and disgusted. In a panic, he grabbed her shoulder and pushed her aside!

Covering her head, she struggled to get up and staggered to the hall.

As she pressed the elevator button, she cursed and took out her phone to make a call!

“Hello! Is this the magazine agency at the beginning of the month? I’m the HR manager of Lehua Entertainment. I want to expose that I’ve just been beaten up by the eldest daughter of the Yuan family. I can provide all the dirt I know about Lehua Entertainment for free... I’m going to the hospital to check my injuries now. Alright! See you at the hospital!”

After hanging up, the HR manager turned around with a bloody face and glared fiercely at Yuan Sichun!

“You want to make a comeback? Dream on! I’ll kill you! Idiot!”

Chapter 1344: Exposed!

“You want to make a comeback? Dream on, I’ll kill you! Idiot!”

Yuan Sichun was pushed to a cabinet at the side. When she vaguely heard these words, she suddenly realized something. She wanted to get up and chase after her, but there was no one in the hall.

—

Shen Fanxing held a meeting at the last minute to make arrangements for this incident. There were issues with the distribution of artistes, resources, and other details.

Regarding Li Tingshen, Shen Fanxing was kind enough to send a few artistes with good reputations to him.

The meeting lasted for nearly an hour. Just as she reached the office, a few secretaries greeted her with smiles.

“CEO Shen, that Miss Yuan from Lehua Entertainment... Pfft, she beat up her HR manager. That HR manager went to the hospital to check her injuries. She has a moderate concussion and the wounds on her body are clearly written on the medical report. He hired a lawyer to sue Miss Yuan!”

“Huh?” Shen Fanxing raised an eyebrow and smiled at the two secretaries. “Let me see.”

The two secretaries were stunned for a moment before a faint fragrance wafted into their noses. Then, Shen Fanxing leaned over.

There was a medical report on the webpage. There were indeed medical results written on it. There were also a few posts that were from the surveillance cameras on the top floor of Lehua Entertainment. Sensing Shen Fanxing’s gaze, the secretary opened the video.

The video was an eye-opener.

The elegant and noble eldest daughter of the Yuan family sat on the man’s body. She grabbed his hair and slammed it against the ground. She was treating him like a human.

Not long after, red blood could be seen on the floor. In the end, it was the man who pushed her away that saved her life...

“I can’t even complain about this Miss Yuan. Not only is she stupid, but she’s also so cruel.”

“Indeed, one can’t judge a book by its cover. She must have been tortured by CEO Shen!”

“Hehe, if the Yuan Corporation is really handed to her in the end, she’ll be doomed!”

“President Shen, please take over the Yuan Corporation and marry the CEO this morning!”

“I think it’s a matter of time! I’m looking forward to the HR manager’s press conference.”

At this point, Shen Fanxing asked in confusion, “A press conference?”

“At 10:30 pm, this HR manager will hold a press conference at the entrance of the hospital. He said that there’s dirt on Lehua Entertainment! Now... it’s about to start.”

One of the secretaries glanced at the time and reminded her softly.

Shen Fanxing nodded and looked at the time. There were still two minutes left.

Following that, the secretaries took another look at the trending topics online. Almost the entire website was filled with ridicule and abuse towards Yuan Sichun. Although there were many people who criticized her, she habitually ignored such comments.

How real were these comments online?

The haters, trolls, trolls, keyboard warriors, marketing, and fake reviewers were only causing trouble for themselves.

But this development...

“Show me the social networking sites overseas?”

The secretary quickly opened the link to a foreign website. There was already news about the entertainment industry.

Especially after the video of Yuan Sichun hitting someone was exposed, there were even more crazy comments.

“What? She hit the manager of the HR department? She must be crazy!”

“She’s rushing to fight with others. If she can’t win, she can go back and vent her anger on her employees. This woman has refreshed my bottom line time and time again.”

“Yes! Because I’ve been paying attention to Star, I’ve been paying attention to this Miss Yuan and Star. She’s simply a b*tch!”

“How can there be such a trashy woman?”

“Gosh, I’ve seen this woman before. At the socialite event, she was actually... so rude?”

“Huh? A socialite? Her?”

“It’s her! Because she was one of the few Asian women back then. She left a deep impression on me! Miss Yuan!”

“Hahaha, even such a person can attend the socialite event. Looks like the socialite circle is nothing much!”

“She lied to us! Damn it, I want to tell the president to blacklist her forever!”

The comments online were similar to what Shen Fanxing had expected. Judging from the popularity, it should last for a while.

Shen Fanxing’s eyebrows twitched and her lips curled into a smile.

“The live broadcast of the press conference has begun!”

The secretary reminded her. Shen Fanxing looked at the screen and saw the man whose head was wrapped in a veil. The two secretaries couldn’t help but laugh.

She was like a mummy.

“Everyone, I’m the HR manager of Lehua Entertainment, Zhou Yunpeng. This is my injury report. I’m sure everyone knows the details. Let me tell you what happened. All the artists of Lehua Entertainment left. The employees of the company chose to resign and submitted their resignation letters to me! Those resignation letters have already filled my office. I specially sorted out a list and sent it to Yuan Sichun. In

the end, Yuan Sichun flew into a rage out of humiliation. She attacked me from behind and pulled me to the ground when I was completely unprepared. Then, she grabbed my head and slammed me to the ground! My survival instinct made me push her away at the critical moment! If I hadn't pushed her away, believe me, everyone, what you're seeing now is just my corpse!"

"I really can't take this lying down! What did I do wrong? Just because I said something about the trend? No matter what, Lehua Entertainment has a place in the entertainment industry. Ever since she took over, everyone has seen how it has developed! The employees need to live. The company can't give them any protection. They're all young people. Who doesn't have any ambitions? Who is willing to follow such a self-destructive woman on an empty stomach? What's wrong with choosing to leave the company? In the end, this woman..."

Before he could finish speaking, the man paused, his face solemn.

"I didn't want to be so ruthless. I only wanted to find a job to support my family. But after thinking about what happened today, I decided to expose all the dirt I know about Lehua Entertainment!"

There was a commotion in the group chat and Shen Fanxing narrowed her eyes.

'Dirt?'

After waiting for two minutes, the HR manager said slowly,

"Actually, before Yuan Sichun took over, there were all kinds of sex deals in Lehua Entertainment. Perhaps everyone isn't surprised to hear this news, but have you heard of new female artistes being discovered or newly signed by Lehua Entertainment? Once the resources invested in them aren't popular, they will be reduced to tools to fight for resources for other artistes!"

The moment he said that, the entire venue exploded!

Chapter 1345: Gentle

"Actually, before Yuan Sichun took over, there were all kinds of sex deals in Lehua Entertainment. Perhaps everyone isn't surprised to hear this news, but have you heard of new female artistes being discovered or newly signed by Lehua Entertainment? Once the resources invested in them aren't popular, they will be reduced to tools to fight for resources for other artistes!"

The moment he said that, the entire venue exploded!

"F*ck!!!"

"Be reduced to a tool?! What's going on?!"

"Competing for resources for celebrities from the same company?! How are we going to compete?!"

At this moment, the comments on the live broadcast were so crazy that no one could see anything.

"Oh my god..."

"How did this happen?!"

The two secretaries couldn't help but be surprised. They covered their mouths in disbelief and exclaimed.

Even Shen Fanxing couldn't help but be surprised. Not long after, her face turned cold.

How could a newbie artiste fight for resources for a woman from the same company?

A sex trade.

Needless to say, the company must have dug a hole for those newbies in the contract!

Anger rose in Shen Fanxing's heart. How was tampering with the contract any different from fraud?

"There are many such artists in the company. They are all young and beautiful girls who have beautiful dreams in the beginning. In the end, they ended up in such a state. Not to mention forcing Selling Y to fight for resources for themselves, the key is that they were forced to do it for someone else. However, this kind of dirty behavior is very effective. One, two, three... In order to be convenient and hidden, Lehua Entertainment even specially bought an office building next door to do this..."

"Perhaps some people will ask why they didn't resist? How did they resist? The contracts between them are all beneficial to the company. Once they breach the contract, there will be an astronomical penalty for them and their reputation. Perhaps they won't rule out the possibility of using the Yuan family to threaten the victims like Yuan Sichun... Although these weren't established by the eldest daughter of the Yuan family, how could she not know that there was such a deal in the company when she took over Lehua Entertainment?! This is the Yuan family! No one dares to provoke power, influence, and wealth!"

"I admit that I was also afraid of the Yuan family previously, so even if I knew, I chose not to say it! This time, if Miss Yuan hadn't gone overboard and if Stars International hadn't crushed Lehua Entertainment to such an extent, I might not have had the chance to say it!

Therefore, those ladies who saw the light from the darkness, don't thank me. I'm a weak and selfish person. If you want to thank someone, thank CEO Shen from Stars International!

Before I left the company, I sensed that Miss Yuan had the intention to start all over again and continue to sign contracts with newbies. She would continue to promise those so-called "resources". Then, there would definitely be some newbies like their seniors who would be forced to sell their bodies and fight for resources for others!

I know that there are definitely many people with dreams of entering the entertainment industry. They hope that I can reveal this matter today or that it will help everyone's choice. If someone still chooses Lehua Entertainment, I have nothing to say!

Thank you for coming to the press conference today and paying attention to it. I sincerely hope that everyone will consider carefully before making a choice. When signing a contract with the company, you must pay attention to the hidden traps. I hope that my revelations today will be of help to everyone.

I'm not in good health now. That's all for today. Thank you again, everyone! At the same time, I'm sorry for saying this so late!"

Then, he took two steps back and bowed.

Seeing this, the reporters swarmed forward.

“Mr Zhou, do you know who the female artistes are?”

“May I ask what resources were obtained through such a deal?”

“How do you know about this? How many people in the company know?”

“Mr Zhou...”

The reporters had too many questions to ask, but Zhou Yunpeng only pursed his lips and entered the hospital.

“F*ck you! Get out of the entertainment industry!”

“You’re worse than a beast! Go to hell, Madam Yuan!”

“Such a malignant tumor has actually survived until now. What a joke!”

...

The two secretaries had yet to regain their senses. Zhou Yunpeng had already left for the press conference, but the live broadcast had yet to end. The comments were still in a frenzy, blocking the entire screen. The comments were all scolding.

Shen Fanxing stood at the side, watching the comments coldly. She exuded a cold aura.

She knew that the entertainment industry was not clean. She could guess or know about all the dirty things, but this was the first time she had heard of such dirty things.

He had deceived a new artiste and signed a trap contract. He was already crazy enough to force her into prostitution, and it was for the benefit of the company!

Her dream was destroyed by filth!

Life was even more difficult!

How terrifying was the human heart to be able to do this?

Shen Fanxing’s chest was filled with anger.

She felt ashamed and angry for the actions of Lehua Entertainment and for the ignorant newcomers whose dreams and lives had been destroyed.

What did they take him for?

The consequence of this press conference was that all major websites began to be paralyzed!

It spread to foreign websites almost as quickly as possible.

Yuan Sichun’s topic continued. The video of the press conference instantly stirred up an incomparable frenzy overseas.

“Oh my god, I’ve always thought that Country Z is a country of etiquette, conservative, beautiful, hardworking and sincere. I didn’t expect it to be like this?!”

“Lehua Entertainment again! This Yuan Bichi is a b*tch!”

“Yuan? It’s actually so dark?!”

...

This was something Shen Fanxing had not expected!

She could make countless guesses, but she couldn’t imagine such a possibility.

The speed and popularity of the news on foreign websites were beyond her expectations.

However, it had to be said that the HR manager of Lehua Entertainment had helped a lot!

Except...

The two secretaries could easily sense the coldness emanating from Shen Fanxing. They looked up at her and saw that her eyes were still fixed on the screen.

One of the secretaries called out to her cautiously, “CEO Shen?”

Shen Fanxing pursed her lips and stared at the computer screen for a long time before saying,

“Get a few female artistes out of that office building before the reporters.”

“Okay, I’ll arrange it immediately,” replied the secretary.

“Yeah.”

Shen Fanxing replied before entering the office.

Seeing her back, the two secretaries couldn’t help but look puzzled.

“Have you noticed that CEO Shen is different now? He seems to be gentler than before.”

Another secretary nodded. “That’s right. CEO Shen meant to protect those people, right? If it was before, CEO Shen probably wouldn’t have bothered...”

“Yes, she used to be cold and distant. I didn’t even dare to talk to her. It’s obvious that she’s much easier to get along with now!”

“Alright, stop chatting. Hurry up and arrange for someone to pick them up. It’s a blessing in disguise. If they meet CEO Shen, he will help them. Otherwise, once the reporters find out, their lives will be ruined!”

Chapter 1346: Beautiful and Smart Daughter?

In a conference room in San Francisco, Country M, Yuan Zhengchong led his team to chat happily with Country M’s partners.

There was a contract in front of both of them. After the conversation, both parties would sign it and everyone would be happy.

“If this project succeeds, your family will definitely rise to the next level. Of course, I will also take advantage of you,” the blond man said with a polite smile.

Yuan Zhengchong laughed confidently and heartily. "Of course. This is all thanks to Mr. Smith's trust and support. Without Mr. Smith, everything would be empty talk."

When Smith heard this, he smiled happily. "I heard that you have a beautiful and capable elder daughter? It's time to bring her out and let her meet someone. It's not a good thing to hide her."

Yuan Zhengchong smiled. "No, she has been in the country recently. The Yuan family needs her to take over in the future, so she has been learning how to manage the company recently."

"Really? I didn't expect the daughter of the Yuan family to be Hua Mulan. She's beautiful and capable. Yuan, you're really lucky!"

"Hahahaha..."

Yuan Zhengchong laughed heartily and pointed at the contract in Smith's hand.

Smith smiled and picked up the pen beside him. The secretary beside him helped to lift the contract. As the pen landed, a stroke of English appeared on the paper.

At that moment, the office door opened.

Smith turned to see a tall, handsome man pulling a teenage girl into the room.

Smith gave him a displeased look. "Will, Diana, do you have any manners?"

"Daddy!" The beautiful girl ignored her father's anger and pounced into his arms.

Smith was a man who doted on his daughter. When he saw his adorable daughter, he couldn't bear to reprimand her and could only vent his anger on his son!

"Wei'er, you're too reckless..."

"Sorry, Daddy, but I have something urgent to tell you."

"Can't you wait until I'm done?!"

Yuan Zhengchong chuckled. "So this is your son. His bearing is indeed extraordinary."

Smith was helpless. "I've been spoiled by his mother." After a pause, he stood up and walked to his son. He pushed his son to Yuan Zhengchong's side and said, "This is my son, Wei'er. Yuan, with our close working relationship, won't we have a chance to be more intimate? I wonder if you'll let him meet your outstanding eldest daughter?"

Yuan Zhengchong's face stiffened and he frowned slightly.

Si Chun had always liked the young master of the Bo family. He knew Bo Jinchuan well and he had the power and influence of the Bo family. If they were to compare, Smith couldn't compare to him.

It was such a waste for him to marry the pampered Si Chun.

With an awkward smile, Yuan Zhengchong said,

"We can meet, but..."

“Daddy, what do you mean? Do you want me to marry his daughter? No! I will never agree to marry such a disgusting woman! She’s vulgar, ruthless, and low-class! Even if I marry a beggar, I won’t marry her!”

Wei’er’s words made Yuan Zhengchong’s face turn cold instantly. Smith also felt embarrassed and kicked Wei’er. “Bastard, what nonsense are you spouting?!”

Weier was indifferent. Instead, he turned to Smith and said coldly,

“Daddy, I won’t marry his daughter! Besides, I refuse to work with you!”

Without waiting for Smith to react, Will picked up the signed contract in front of Yuan Zhengchong and tore it into pieces!

“You...” Seeing that the contract that he had been working on for months had been torn apart, Yuan Zhengchong stood up abruptly and glared at Weier. However, due to Smith’s presence, he suppressed his anger and said,

“Young man, don’t be too impulsive! I don’t know how my daughter offended you, but don’t get involved in a serious collaboration! Besides, even if you meet my daughter, she won’t really agree to marry you...”

“Hmph! Then who does she want to marry? Who dares to marry your vicious daughter?! Does she still treat your daughter as a princess? Why doesn’t she take a look at her morals?!”

Yuan Zhengchong’s lips trembled in anger at Wei’er’s words. He raised his hand and pointed at Wei’er. “You...” He couldn’t say a word for a long time.

“Wei’er! Are you crazy?! Why are you causing trouble here?!” Smith roared at his son.

“I’m not crazy, Daddy. Trust me, don’t work with him, or we’ll regret it!”

It was rare to see his son so angry and stubborn. Smith gradually calmed down. “What happened?!”

Weier took out his phone and operated it. The phone was connected to the projection screen of the conference room.

The video of Yuan Sichun hitting someone was being played silently. The unbearable sight of her straddling the man and grabbing his head with a ferocious expression as if she wanted to kill him made everyone in the conference room whisper.

Wei’er looked at Yuan Zhengchong, whose face had stiffened, and said sarcastically, “Can you recognize her? This is your beautiful and intelligent daughter!”

“What?”

“She’s actually his daughter?”

The other members of Country M’s partners were in disbelief.

Yuan Zhengchong’s team members also had ugly expressions!

She lowered her head, not daring to face the other party.

To think that they were feeling smug because of Smith's praise for that lady. They even praised her. Now, she felt utterly embarrassed!

"This..." Smith was also shocked and gave Yuan Zhengchong a questioning look.

However, Wei'er said, "Do you think that's all? No!"

As he spoke, he tapped on his phone. It was a video of Zhou Yunpeng holding a press conference.

After the video was processed and subtitled in English, Zhou Yunpeng's every word was translated.

Yuan Sichun's injury report and Lehua Entertainment's dirty deeds were displayed in front of everyone.

After that, Wei'er summarized Yuan Sichun's past actions on the social media.

Including the fact that she had taken the initiative to provoke Stars International and ended up being abused, as well as the comments about Yuan Sichun on various websites in the country and abroad, all of them were unbearable to look at.

"She deceived an innocent girl and forced a sexual transaction. Is this true?"

Yuan Zhengchong's expression was extremely ugly. Upon hearing Smith's question, he hurriedly explained, "There must be some misunderstanding. I'll settle this when I get back! But Mr Smith, this doesn't affect our cooperation..."

Chapter 1347: Untitled

"There must be some misunderstanding. I'll deal with it when I get back! But Mr Smith, this doesn't affect our cooperation..."

"NO!!"

Smith suddenly shouted angrily. He lowered his head and hugged his daughter tightly, glaring at Yuan Zhengchong angrily.

"Do you know what my daughter's dream is? She likes to perform. She wants to be a princess who is doted on by many people. She wants to enter the entertainment industry! But I can't imagine that when my daughter was full of joy and thought that she could fulfill her dream, she turned around and realized that it was a scam!! Forcing sex to trade... Oh my god! How many adorable and innocent daughters have you ruined?!"

Yuan Zhengchong's face was filled with indescribable anger, embarrassment, and even panic.

"Mr Smith, there must be some misunderstanding..."

"Then let's talk about cooperation when you resolve this misunderstanding!"

After saying that, Smith picked up the contract that he had just signed and tore it into pieces!

Yuan Zhengchong's stiff face turned ashen and he slumped into his seat!

When was the misunderstanding resolved?

Even if he could really resolve this matter, Smith had already signed a contract with someone else!

What was there to talk about?!

What had Yuan Sichun done?!

Before he could regain his senses, his team members answered the call.

“What? How can we terminate the contract? Mr. Diane?! Hello?!”

“No! Mr. Stan, there must be a misunderstanding...”

“Hey, hey...”

Hearing these calls, an ominous feeling rose in Yuan Zhengchong’s heart. Before he could ask anything, his phone rang.

He took out his phone and looked at the caller ID. He suddenly had the urge not to answer the call.

But how could he not answer the call from his partner?

After hesitating for a long time, he answered the call.

“Hello...”

“I’m sorry, Mr Yuan. Let’s forget about the contract we agreed on previously. As capitalists, I can understand why you would do something overboard for the sake of benefits, but the Yuan family’s actions are too much! You’ve really given birth to a good daughter!”

Her words were polite, but after she finished speaking, she hung up without giving Yuan Zhengchong a chance to say anything.

Yuan Zhengchong slowly put down his phone. His expression was indescribable.

He had really... given birth to a good daughter!

“CEO Yuan, the calls just now were all canceled...”

Yuan Zhengchong reached out to stop the man. Given the current situation, he knew what was going on even without saying anything!

The project that had been prepared for so long was about to be finalized, but something like this happened at the most critical moment.

Why did it have to happen now?!

The veins on Yuan Zhengchong’s forehead bulged, making him look terrifying.

His good daughter!

As expected of her good daughter!

What sin had he committed to give birth to such a jinx?!

Seeing him like this, Weir snorted coldly.

“Your beautiful and noble daughter is still throwing herself at someone despite knowing that she has a real fiancée. Don’t you feel embarrassed that this matter has blown up? You want me to marry such a bad woman? That’s simply wishful thinking! Marrying a beggar is better than marrying your daughter! If you have the time to discuss business, you might as well go back and teach your daughter a lesson!”

Yuan Zhengchong’s face stiffened as he endured Wei’er’s disdain for Yuan Sichun, but he couldn’t retort.

He ignored Weir and said to Smith, “Mr. Smith, I hope you can seriously consider this cooperation. In the end, we will definitely win...”

“No need, I don’t think there’s a need for us to continue working together!”

Wei’er immediately said,

“Daddy, when I just came in, I realized that people from Country Z are here to discuss business with you. Do you want to meet them now?”

Smith was in a fit of anger and seemed to want to embarrass Yuan Zhengchong and his team. He immediately agreed.

“Sure, let them in!”

Yuan Zhengchong raised his head abruptly and frowned at Smith. “Mr. Smith!”

“Our cooperation ends here. Mr Yuan, please bring your team out immediately!”

When the Chu Enterprise’s team, who had been waiting outside the conference room, heard the commotion, they couldn’t help but feel happy.

“President An, it seems like we didn’t come for nothing!”

“At the end of the day, Chairman Ji and Miss Shen are the best!”

“No, I think Miss Shen is the best. I didn’t expect the entertainment industry to have such a huge impact on us.”

“She has forced the eldest daughter of the Yuan family to such an extent step by step. The timing is just right. Miss Shen’s reputation in the industry is not unfounded!”

The leader was a middle-aged man. When he heard his subordinate’s words, he smiled.

The door to the conference room opened and Weir came to lead them in.

At that moment, Mr. An’s phone rang.

He stopped in front of the conference room and answered the call.

“Hello?”

“It’s me, Shen Fanxing.”

President An’s heart skipped a beat.

“Miss Shen?”

“Yes,” Shen Fanxing replied and went straight to the point. “When my mother assigned you a mission, did she mention anything about giving up a percentage point?”

CEO An wouldn't reveal such confidential information just because of a call from a woman who claimed to be Shen Fanxing.

“Miss Shen, what do you want to say?”

Shen Fanxing understood his concern and said, “Don't give in. Let's discuss the profits according to the original evaluation.”

President An frowned and said, “Miss Shen, according to my investigation, the data we have evaluated is 5% higher than the Yuan Corporation. I don't think the other party will agree.”

“Yes,” said Shen Fanxing confidently as she stared at the computer screen. It was filled with information regarding Smith.

He was a father who loved his daughter dearly. Moreover, when his daughter's dream was to become an actress, he should have felt something after knowing what the Yuan Corporation's Lehua Entertainment had done.

“Even if you don't participate in this business, they're destined not to continue the discussion. Your appearance at this time is only helping Smith vent his anger. Don't worry, he can't wait to teach Yuan Zhengchong a lesson. As long as it's not too much, he'll definitely agree!”

Chapter 1348: Monthly Pass

“Even if you don't participate in this business, they're destined not to continue the discussion. Your appearance at this time is only helping Smith vent his anger. Don't worry, he can't wait to teach Yuan Zhengchong a lesson. As long as it's not too much, he'll definitely agree!”

After hanging up, President An couldn't help but feel surprised.

That confident voice was still ringing in his ears.

Her words were reasonable, but to be honest, she hadn't completely convinced him!

He felt that it was risky to use a person's temper to decide the outcome.

How could such a big business be based on emotions?

However, he couldn't help but trust her.

Moreover, although she couldn't convince him 100%, he didn't deny that there was still a possibility.

He frowned and wondered if he should follow Shen Fanxing's suggestion. He felt that he couldn't take any risks at this critical moment. However, Shen Fanxing's confident voice made him want to risk everything.

Not only was the team behind him puzzled by his hesitation, even Weir was looking at him in confusion.

“President An?”

Wei'er called out to him. President An snapped back to reality and nodded at him with a smile. She put her phone back into her pocket and walked into the conference room.

In the conference room, Yuan Zhengchong insisted on not leaving. When he saw them walking in from the door, his gaze was attracted and his dark and angry gaze landed on President An!

When they signed a contract with other partners, they had heard that a team in the country was fighting with them for business.

However, the contract had already been signed, so he didn't pay much attention to it.

He didn't think that in the eyes of his business partners, they would rather work with an unknown small company than work with the Yuan Corporation.

But with the current situation, regardless of whether they could negotiate a deal, it would be embarrassing to let these unpresentable people see them as a joke.

"Have you been snatching business from me?"

Yuan Zhengchong said with contempt, "Which company are you from?"

President An glanced at him indifferently and extended his hand to Smith. "Hello, Mr. Smith."

Smith shook President An's hand politely, his expression obviously perfunctory.

President An was not angry. After all, compared to the Yuan Corporation, the Chu Corporation, which had always kept a low profile, was too easy to ignore.

After being ignored, Yuan Zhengchong felt even angrier.

However, seeing Smith's attitude, his lips twitched. "Smith, are you sure you want to work with such an unknown company for such a big project?"

Smith frowned.

President An said with a smile,

"Boss Yuan, that's too much. Who said that an unknown company can't take on big projects? Compared to the Yuan Corporation's current limelight, I think we're more reliable than the Yuan Corporation. Mr Smith, what do you think?"

Smith took his daughter's shoulder and sat down. He nodded and said calmly, "You're right."

President An smiled and looked around the office. Seeing that the people from the Yuan Corporation had no intention of leaving, she raised her eyebrows but didn't expose them.

Instead, she pulled out a chair beside Smith and sat down. "Show Mr. Smith the contract we prepared at the beginning."

The few people behind him were stunned. The contract that they had prepared...

Didn't CEO Ji say that she wanted to compromise? Why was it still the original contract?

However, his assistant still handed the contract to Smith.

Smith flipped it open and frowned. He looked up at President An.

“Are you serious about this contract?”

President An said, “How would I dare to joke with you for such an important collaboration?”

Smith glanced at Yuan Zhengchong and his frown deepened.

Seeing this, Yuan Zhengchong seemed to have understood something. He chuckled softly and said, “Mr. Smith, in terms of cooperation, I admit that no one can compare to the sincerity of my Yuan Corporation...”

“Sincerity depends on the individual. I think the sincerity of the cooperation is to ensure that the other party can obtain the greatest profits after confirming the cooperation! CEO Yuan might not know how much trouble your eldest daughter, the future head of the Yuan family, has caused in the country. Regardless of whether it’s true or not, I believe that CEO Yuan has to put in a lot of effort to settle this matter. During this process, the cooperation project will definitely be affected, right? Moreover, I don’t think that such a future head of the family will bring Mr. Smith long-term benefits...”

Yuan Zhengchong’s smiling face turned cold again.

Smith nodded. Thinking of the news about the Yuan family’s daughter and the scandal, he was instantly enraged. He immediately picked up his pen and was about to sign the contract.

Seeing this, Yuan Zhengchong immediately shouted, “Smith, don’t be rash!”

President An frowned before smiling. “Perhaps Mr. Smith doesn’t know much about our Chu Corporation. There must be a reason why I dared to mention long-term benefits to you.”

Smith was puzzled. “What reason?”

“Does Mr. Smith know about Stars International?”

Smith nodded, but Weir nodded and said,

“The one who was provoked by the stupid eldest daughter of the Yuan family?”

This made President An smile. Since Shen Fanxing was the one who suggested the method, he might as well bring her up. There might be unexpected results.

Yuan Zhengchong hated the mention of Shen Fanxing and Stars International!

As long as she was mentioned, his daughter’s existence would be a joke!

“What are you trying to say?”

CEO An smiled and took out his phone. He dialed Shen Fanxing’s number.

Shen Fanxing didn’t expect anyone to call her. Seeing the caller ID, she chose to answer the call.

President An had already gotten Wei’er to connect the phone to the projector. The moment the call went through, Shen Fanxing’s figure appeared on the screen.

In the exquisite office, Shen Fanxing sat on the office chair and stared at the screen calmly.

“What’s the matter?”

Seeing Shen Fanxing’s face, President An knew that he had won the bet.

It was indeed her.

The veins on Yuan Zhengchong’s forehead twitched. His intuition told him that nothing good would happen.

Diana, who was in Smith’s arms, screamed happily, “OMG, it’s Xing?! Daddy, I like her!”

Smith paused.

When Shen Fanxing saw the conference room in the video and Yuan Zhengchong, whom she wasn’t familiar with, she understood something.

“Hello, Mr. Smith, and... Miss Diana.”

Chapter 1349: Untitled

“Hello, Mr. Smith, and... Miss Diana.”

“Oh my god, Daddy, she’s calling my name!” Diana was extremely excited. CEO An was surprised.

She didn’t expect CEO Shen to have a fangirl overseas.

Smith couldn’t bear to see his daughter so happy and agitated. He stared at Shen Fanxing and asked, “Who are you?”

Shen Fanxing smiled and said, “I’m Star...”

The person at the side continued,

“She is the CEO of Miss Yuan who has always taken the initiative to target Earth Star International. She is the shareholder of 25% of our Chu Group’s shares. Her mother, Ji Fengmian, is the chairman of our Chu Group! I believe these two reasons are enough to prove our strength to Mr Smith!”

Shen Fanxing sat there awkwardly. Who would feel embarrassed to be praised like that?

When Yuan Zhengchong heard this, he stared at the screen in shock.

“The Chu clan? It’s yours?!”

Shen Fanxing glanced at him calmly and ignored him.

“Mr. Smith, it’s a pleasure to meet you. Regarding the contract, it’s the result of our professional team’s evaluation. I believe you have absolute judgment. If you only look at the surface of the contract, it’s difficult to see anything specific.

To be honest, the Chu Company was not big. It was already a stretch for them to invest in this business. Even though this was a profitable project, other than recovering profits, the company needed funds to expand.

Therefore, I thought that I wanted to borrow Mr. Smith’s influence. Thank you for taking care of me.”

Shen Fanxing's words stunned Smith. He didn't expect her to be so calm.

The small company needed to develop, so her share was slightly higher. It was purely because she had received his care and convenience.

She was so calm and yet she had such a high opinion of him. If he didn't agree, he would feel embarrassed.

"Of course. I believe that as long as the company can develop, we will have a better and more perfect collaboration. What do you think?"

There was no room for rejection.

She would guarantee long-term benefits and she would not rule out future cooperation. In that case, he had no reason to reject the return on investment.

This woman was really a smart woman.

If these words were said to others, he might not believe them. But for some reason, her confidence and calmness, as well as the aura she exuded, made people want to trust her!

"Is Daddy going to work with Star? Is that so? Is that so?! I hope so! Can I get her autograph? Can I be her actress in the future?"

Before Smith could even speak, Diana grabbed his arm excitedly, her blue eyes sparkling.

Resigned, Smith reached out to stroke his daughter's hair. "Stop it."

Diana's face fell. "Daddy, don't you want to work with Star? She's really good and smart. Diana wants to be her strong and smart woman in the future."

"Are you strong and smart? Don't you wish you were a princess?"

Smith was pleased. Being strong and smart sounded promising.

"Yes! She's smart and strong. She won't let herself be bullied and can protect the person I love! Isn't that good?"

Smith looked at his daughter in surprise. After a long while, he suddenly laughed loudly.

"Hahaha, good, good! That's great! As expected of my daughter!"

Diana's dark eyes lit up again.

"So Daddy means you agree?"

Smith kissed his precious daughter's forehead and looked up at Shen Fanxing on the screen.

"Although I don't know you well, I think you're a trustworthy person."

Shen Fanxing smiled and said, "Thank you for your trust! I won't disappoint you."

Smith nodded and raised his pen to sign the contract.

Shen Fanxing watched as he signed the papers and her lips curled into a smile.

Then, Smith said, "Although I don't know you very well, I'm very happy that my daughter has established the right goals and values in life because of you! I thank you too!"

Shen Fanxing's gaze lingered on Diana for a few seconds before her smile softened.

"I'm honored. I hope you live your dream."

Diana nodded vigorously, her eyes sparkling. "I want to be an actress in the future. Can you be my manager?"

Shen Fanxing chuckled and said, "I believe that even without me, you will become the best actress given your intelligence. However, I'm looking forward to being your manager."

"Thank you! Xing, I've strengthened my dream."

Shen Fanxing looked at her with a faint smile.

"I hope you can protect yourself too."

Smith's smiling face immediately darkened.

He looked at Yuan Zhengchong, who was still sitting at the side. "Mr Yuan! Why are you still here? It's impossible for me to work with you anymore. You've seen it for yourself. I've already chosen to work with Star! I hope you can take care of yourself! Even if you're a capitalist, you have to treat yourself well! Don't tell me that you don't know what Lehua Entertainment is doing! I despise them for you!"

The veins on Yuan Zhengchong's forehead bulged ferociously. He stood up abruptly and left the meeting room angrily.

The team members behind him tidied up their belongings and left hurriedly without even daring to look up.

"CEO Yuan, what should we do?! We've been preparing for so long... If we don't succeed, the company's losses will be unimaginable!"

Yuan Zhengchong was furious. Hearing the question from the person behind him, he pinched the space between his eyebrows and said calmly,

"Go and negotiate with those partners again and see if we can salvage the situation."

The few of them looked at each other. They had already been scolded badly when they answered the call just now. If they were to continue the conversation now, they would probably be chased out before they could even meet...

Her original plan was to return home after today, but it seemed like she would have to stay here for a few more days.

...

In the huge 24-story building of Lehua Entertainment, Yuan Sichun was the only one left.

The only bustling place was the building downstairs, which was filled with reporters.

Celebrities and fans gathered one after another, surrounding the entrance of Lehua Entertainment.

All the fans were feeling uneasy, afraid that their idol would be implicated in this incident.

She had forced a woman to become a prostitute by threatening an unknown female artiste to sell her body. If this matter was dug out by the reporters, who would profit from it? When the time came, they would definitely be implicated.

However, as fans, representing their idol to cut ties with such a company was the only thing their fans could do.

When Ye Zhiqing saw the news, she rushed to the office. When she saw Yuan Sichun sitting on the chair, the entire office had been smashed beyond recognition.

Chapter 1350: Untitled

It was smashed beyond recognition.

Even Ye Zhiqing didn't know how to comfort her.

How could he comfort her?

After such a huge incident, even she didn't know how to resolve it.

The huge company was gone and all the artistes and employees had fled.

Not only was she involved in a lawsuit, but she also didn't even have the chance to redo the company's scandals. She would probably have to face checks from various departments.

She didn't know how to explain this to Yuan Zhengchong.

And he even ruined a good company!

Even if she wanted to hide such a huge matter, she didn't know how to.

Yuan Sichun's mind went blank as she stared at the computer screen with a ferocious expression.

The comments were filled with sarcasm and abuse. She didn't expect Yuan Sichun to be so smelly one day.

She looked even worse than Shen Qianrou.

She thought that by sending Bei Xi off today, the reporters would report on her close relationship with the royal family of Country Y.

As long as it was reported, the pressure on those celebrities would not only come from the Yuan family, but also from Country Y's royal family.

They definitely wouldn't dare to act rashly.

At the same time, she could use this relationship to show Shen Fanxing who was boss!

In the end, Shen Fanxing had publicly announced her collaboration with Li Tingshen. She had used Li Tingshen's status in the Asian entertainment industry to lure those artistes to her company!

She was only one step away. Even if she reported to the royal family a minute in advance, the outcome would not be like this!

She only had one thought now, which was to kill Shen Fanxing.

Her appearance had messed up her life!

If it wasn't her, if it wasn't her!!

Everything belonged to her!

Brother Bo was the young mistress of the Bo family and everyone doted on him. She would be envied by everyone in the Yuan family and she would be the happiest woman in the world.

In the end, Brother Bo wasn't hers, and the love of everyone in the Bo family wasn't hers either. The Yuan family had been ruined by her, and she was still a joke in everyone's eyes!

"Mom, I can't take it anymore! I want to kill Shen Fanxing! If I don't kill her, I won't be able to vent the hatred in my heart!"

Yuan Sichun looked at the dense stream of curses and ridicule on the Internet and swept the last intact computer on her desk to the ground.

The sound made Ye Zhiqing's scalp tingle and her heart skipped a beat.

However, after calming down, Ye Zhiqing was furious.

"All you know is to throw a tantrum here! Have you thought about what to do next?! What's the use of throwing these things?!"

"Look at you! What capabilities does Shen Fanxing have? Her family background can't compare to yours and she only has Stars International. How can she force you into such a state?"

"Then what do you think I should do now?!"

Yuan Sichun roared at Ye Zhiqing. To her, she had reached a dead end.

She wanted to make a comeback, but that HR manager suddenly exposed such a scandal!

Now that there was a lawsuit, everyone knew the truth. The court had nothing to do with it.

What they faced next was an investigation by the relevant departments. It was a breach of contract and compensation.

Even if the company was gone, they would still have to face huge compensation!

What else could she do?!

Ye Zhiqing choked. How would she know what to do?

She had spent her entire life thinking about how to become a rich man's wife. How would she know about the business world?

Sitting on the sofa, she pinched the space between her eyebrows. After a long silence, she said,

“... Give up. At this point, there’s no way to salvage the company. Calm down and be the eldest daughter of the Yuan family. Go and accompany Old Master for the next few days!”

Your father is doing business in Country M and will be back in a few days! When the time comes, Old Master will exert some pressure on Jinchuan. There might still be a chance. Also, isn’t it Country Y’s state banquet soon... You’ll be busy enough then!”

“Don’t put your focus on work in the future. Your main task now is to be the eldest daughter of the Yuan family! The eldest daughter of the Yuan family is the most noble and socialite that no one can match up to! Don’t lower yourself to fight with some lackeys! It’s a waste of time!”

At the mention of her father’s business and Country Y’s wedding banquet, Yuan Sichun gradually calmed down.

Perhaps her mother was right. She shouldn’t focus on Shen Fanxing now.

—

In contrast to Yuan Sichun’s current state, Shen Fanxing went to the orphanage easily.

Yuan Sichun was not in the mood to find trouble with her now. She would be very relaxed for a long time.

After a busy morning at the company, when she reached the orphanage, Ye Qingqiu was waiting at the entrance.

Frowning, she opened the car door and walked to her.

“Why didn’t you go in?”

Ye Qingqiu looked up at her with a lollipop in her mouth, but there was no expression on her face.

Shen Fanxing was shocked. “What’s wrong? Did something happen...”

However, Ye Qingqiu suddenly grabbed her arm. “Why are you only here now?”

“The meeting is a little late. Why don’t you go in?”

Pain radiated from her arm. Ye Qingqiu lowered her head and rested her forehead on Shen Fanxing’s shoulder.

“He followed me... He asked someone to follow me...”

Li Tingshen was still sending people to follow Ye Qingqiu?

What was he thinking?

Shen Fanxing frowned and she could hear the fatigue and anger in Ye Qingqiu’s voice.

It had been so long. Perhaps she had not been here since the last time she had brought her here.

She had only seen her son once since he was born.

Now, as long as she walked through the door, she would be able to see him again. However, she had no choice but to stop here.

She could feel Ye Qingqiu's helplessness and sadness. It was so intense that it made one feel bitter.

Shen Fanxing sighed softly and turned to look at the bodyguards behind her. She pulled Ye Qingqiu's hand and said, "Let's go."

Ye Qingqiu stood rooted to the ground and shook her head. "I'm not going in."
