

Chapter 135

Biden Lu looked at her with a faint glance.

"Oh?What did she say?"

"She said..." hesitated Guan Xuefei, "that Auntie Lu was worse than a kindergartener, with eyes and fingers that grew for fun, and that she was arrogant and domineering....."

Lucian cooperated with the aggrieved cry.

"Biden, you see, is this something a junior should say to an elder?Even if she doesn't look out for the Lu family's face, be polite to me for the sake of the love I've suffered to raise you, but look at how she treats me?"

The more she talked, the more frustrated she became, and her tears were like open floodgates that couldn't be stopped.

Guan Xue Fei even took a tissue to wipe her tears, while comforting her, "Aunt Lu, don't be sad, if you are so sad Brother Biden should be heartbroken."

Lucian took the tissue and wiped it off, saying, "He'll feel sorry for me?A heart has long been enchanted by a fox, where is there room for anyone else in the eye?"

Biden Lu paused and pinched his eyebrows with his fingers.

"Aunt, tell me, what did you say to Jenny?"

"I..."

Lucian was speechless and fidgeted for a while before he said stiffly, "What can I say?You've been hiding someone and refusing to bring her home, but I'm just curious to take a look at her on the doorstep, and I can't eat her?"

Biden Lu laughed lightly and mockingly, "Oh?Just a door-to-door look?"

"Dang, sure!"

Lu Lanzhi's guilty conscience was plainly written on his face, and Biden Lu only felt funny.

"Okay, Auntie you know very well what you've done yourself, Jenny has said she's coming back, so I won't bother anymore, nothing else I have to work, so help yourselves!"

When he was done, he sat back down in his seat when he really was and ignored her.

Lu Lanzhi was so angry that she wanted to say more, but Guan Xuefei gently tugged on the corner of her coat to stop her.

Guan Xue Fei smiled at her and shook her head, only then did Lu Lanzhi reluctantly swallow back the anger in her heart and leave in exasperation.

Although Lu Lanzhi had left, Guan Xuefei was in no hurry to leave.

There she stood, dressed in a light khaki cashmere dress and black sheepskin boots, all looking light and fashionable.

She looked at the handsome, cold-faced man sitting behind her desk, and felt her heart beating fast and furious like a dense drumbeat, with no idea what to do.

Seemingly sensing the burning sight coming from above, Biden Lu finally raised his head impatiently.

A pair of dark, cold eyes stared at her and asked, "Anything else?"

Guan Xuefei stalled for a moment.

Her skin was extremely pale, the kind of pale with a hint of an unusual sickly colour, and she barely smiled at his cold gaze.

"Nothing, just haven't seen you for a long time, I didn't expect Brother Biden to have married a wife, are you... close?"

Biden Lu's fingers holding the pen slightly paused, staring at her with a deep gaze.

Instead, there was no rejection of the question, only a very shallow light mockery of the arc.

"Miss Kwan looks like we're in a bad relationship right now?"

Guan Xuefei: "..."

There was an invisible embarrassment that faded through the air.

She tugged stiffly at the corners of her lips, "It's quite good, but I see that Miss Jing has a strong personality, and Ann is still so young, I'm afraid that they won't get along, and then..."

"This isn't about you."

The man's voice was ruthlessly cold, and Guan Xue Fei shook hard, gazing at him in shock.

Nothing to do with you.

What a simple four words to cut off all of her previous relationship with him?

Her eyes reddened, and only after half a sound did she struggle to speak, "Brother Biden, if your current attitude is complaining that I shouldn't have left you five years ago, then I apologize to you, but An An is still a child, she is innocent, and what happened between us adults shouldn't be borne by a child..."

"What are you talking about?"

Biden Lu frowned unhappily, looking at her with an even more extremely obvious impatience.

"I mean, even if we're separated, Ann is still the one I grew up watching, and if she's ever unhappy..."

"Miss Kwan, I can't believe I never knew that you were so deeply misunderstood about our relationship!"

Biden Lu did not hesitate to interrupt her, as if he didn't want to hear her continue to move herself there.

"We've never been together, so why talk about being apart? Also, Ann is my daughter, she's fortunate or not, she doesn't need an outsider to judge!"

Guan Xuefei: "..."

She stayed there completely, the man's cold face and ruthless words plunging into her heart like a knife.

She didn't expect that she had given so many years of affection and now all she got in return was an outsider?

She shook her head, tears rolling down her face, and opened her mouth to say something more, but the man had interrupted her impatiently.

"Okay, it's okay you can get out now!"

.....

In the end, Michelle Kwan was the one who ran out in tears.

Vicky came in with the file and just passed her by, looking at her face as she covered her face and left, palpitating her heart and touching her chest before she walked into the office.

"The president, the aunt and Miss Kwan, are just leaving?"

Biden Lu raised his eyebrows and looked askance at him.

"How are things at home?"

Vicky was stunned, then reacted, and even replied, "Quite well, just now I called back to ask Aunt Liu, and Aunt Liu said that Mrs. Liu ate well and slept well, and had three bowls of rice for lunch."

Biden Lu frowned.

Just when Vicky thought he was going to say something very serious, he suddenly said, "What's the point of eating so much when you're sick? You can't overeat when you're sick don't you know?"

Vicky: "..."

President, is there something wrong with the focus of your attention?

In the evening, Biden Lu returned to the land garden.

Jenny spent half a day in bed again in the afternoon, the cold had gotten much better after taking the medicine, and he was so bored in the evening that he even cooked two dishes himself.

When Biden Lu returned home, this was what he saw.

The kitchen was cleared of all hands, and a small woman in a housecoat was standing with an apron and a spoon stirring the soup in the pot.

She scooped a little out and stretched her neck as if to taste it, the warm yellow light revealing half a snowy white neck, a few strands of black hair sliding down playfully, swaying gently with the movement.

Biden Lu was a little tickled and waved his hand to let Aunt Liu out before walking away without moving.

Jenny cooked borscht today, and she felt that, no matter what happened, it should not interfere with the mood of the meal.

So just as I was about to taste it, I suddenly felt someone approaching behind me.

She thought it was the kitchen maid, so she didn't look back and said casually, "What time is it? If it's about time, bring the food up, the soup is still lacking in flavor, it'll take a while to cook..."

Chapter 136

Before the words were finished, there was a sudden warmth behind him and his entire waist was held.

Jenny was shocked and turned around with a shriek, bumping into the man's handsome face with a smile on it.

"Biden Lu?" Biden was relieved and cryptic, "Why didn't you squeak when you came back? Scared the hell out of me!"

She said as she patted herself on the chest.

The housecoat she's wearing today is v-necked and loose fitting, and when she lowers her head you can see her delicate collarbone.

Biden Lu's eyes were deep, and without speaking, he lowered his head and *kssed her first on the lips, then went to kss her eyebrows and eyes.*

Jenny was somewhat confused by his sudden enthusiasm, she was so slender, locked in his arms between the glazed platform and his body, there was no room for evasion, she was forced to tilt her head and let him take what he wanted.

Lu Jing k*ssed her deeply for a while before releasing, his forehead against hers, and smiled lowly.

Jenny took a few quick breaths and was a bit confused when he slowed down.

"What's wrong? What's going on?"

In Jenny's opinion, there was something abnormal about today's Biden Lu.

Usually he was very enthusiastic about himself though, but at least he was more aware of the occasion and wouldn't make a mess in a place like the kitchen.

What's going on today?

Biden Lu smiled, reached out to gather the broken hair by her ears for her and whispered, "Have you seen your aunt?"

Jenny was stunned.

Ugly eyes stared straight at him, "How do you know?"

"She came to the office to see me."

"To confess to you?"

Biden Lu was frank and didn't hide it, nodding his head.

Jenny felt a little amused, she backed up slightly, leaning back against the glazed platform, sparing her entire body, still within the control of the man's arm, holding her arm as if smiling at him.

"I've offended my own aunt who raised you as a child, so how does Lu plan to punish me now?"

Biden Lu raised his eyebrows.

"Well, it is to be punished."

He suddenly lowered his head, his face getting closer and closer to hers.

Seeing that their lips were about to meet, Jenny even stepped back a bit.

After a guilty glance at the kitchen door to make sure no one was peeking, I was slightly annoyed and said, "What are you doing? Give it back!"

Biden Lu laughed out softly.

He was tall and leggy, with his hands on her sides, and the shadows that fell almost enveloped her whole, even as the air seemed to be filled with a pleasant sweetness.

Jenny's inexplicable cheeks were a little hot, she didn't know what this man wanted, and when she saw that he hadn't moved, she could only reach out and push his chest.

"It's okay you can just go out, I still have to check the soup."

Biden Lu held her hand.

"Auntie has a bad temper and still likes to listen to people's instigation, but she's not bad at heart, so today's incident has been wronged, and it won't happen again."

Jenny was slightly startled.

She looked up at the man in front of her, the soft light spilling down from overhead and casting a hazy glow over his cold, steely face.

She never thought that he would say such things to her.

It wasn't really grievous, some discomfort in her heart was true, but in her opinion, she and Biden Lu were one thing, and Lu Lanzhi was another.

So even if he didn't explain anything to himself, she was fine with it.

But this man....

There's a warmth running through my heart. Warmth.

It warmed her whole heart.

Jenny Jing curled her lips and shook her head, "I didn't take it to heart, and I also said some things I shouldn't have said today, she is your aunt after all, and has raised you, I hope that what I said didn't hurt your feelings."

Biden Lu laughed.

Reaching out and touching her head, the tone was all over the place.

"Idiot!"

.....

They were at least bored enough in the kitchen to come out.

In the evening, K calls Jenny and tells her that the investigation has made new progress.

Five years ago, Yu Xiu Lian had transferred a large sum of money in an account, that person he had checked, called Lin Long, was an auto mechanic.

The auto repair shop where Lin Long was five years ago used to be a place that Mo Caiwei frequented, and whenever there was a problem with her car, she would usually send it to that place for repair.

K had wanted to bring the man back so she could interrogate him herself, but something went wrong halfway through and the man got away.

When Jenny heard the news, he only felt as if his heart was being gripped by a giant hand.

She took a few hard, deep breaths before she pushed down her anger and said quietly, "I know."

K reassured her over the phone, "Although we didn't catch anyone, we have the evidence now at least, your mother's accident and that woman are definitely not off the hook, so it's up to you to decide what you want to do next."

"It's right and proper to kill people for their lives!"

"But you don't have enough evidence on hand to charge them with murder."

"Heh!Is it?Then, one step at a time, all the things they once took from my mother, and all the things they once put on me, I will make them return, bit by bit!"

.....

The next day.

A miserable scream suddenly came from the King villa!

The bathroom door was knocked open with a bang, and Clara ran out with a pale face.

"What's wrong?What's going on?"

Yu Xiulian, who heard the voice, rushed over with her maids, followed by Kevin Jing, who had just entered the house.

Clara was holding onto the wall, a small, innocent face was frighteningly white, and her fingers trembled as she pointed in the direction of the bathroom.

"Blood, lots of blood..."

"What?"

The crowd looked up towards the bathroom in surprise, but saw red blood spreading all over the white floor.

The fetid red blood oozing out of the corner was like a blossom from hell, hitting one's eyeballs hard.

Everyone's face changed, Yu Xiu Lian's face was a bit ugly, and Kevin Jing roared, "What's going on?Who cleaned the bathrooms today?"

A maid came cowering out from behind, "Sir, I cleaned it."

King pointed at the blood on the floor, "What's this?Is that how you do things now?"

That servant was busy shaking his head, also looking shocked plus panicked.

"Sir, it's none of my business, I'm obviously cleaning up, and I don't know where all this blood is coming from!"

"You don't know who else would know?You're in charge here!Is there anyone else in the house besides you?"

"But I really didn't do anything, sir, I'm working well here, why would I do something like this? It's really not me."

That maid was so anxious that she was on the verge of tears, and Clara tensed for a moment and said in a quiet voice, "Dad, it shouldn't be any of her business."

Of course King knew it in his heart, but he was just panicked and couldn't find anyone to blame, so he grabbed it at random as a punching bag.

Chapter 137

He looked to Clara nervously at the news, "Clara, what's going on here? How did this happen in a nice house? That's too unlucky."

Clara took a deep breath.

"I don't know exactly what's going on, but since we showed up at the house, we'll find out if we just get everyone together and investigate."

Only then did King nod.

"You've got a point, just do what you say."

Just at this moment, Kelly Wang's old voice came from outside.

"What happened? Why is everyone stuck here?"

When Jing Tsung Tak saw her, it was like a drowning man seeing the only straw that saved his life and immediately ran over.

"Mom, you're finally here, and look what's going on."

He said, leading Kelly Wang to the bathroom door.

When she saw the bright red blood all over the ground, Kelly Wang's face immediately changed.

A heavy lean on his crutches, "Bastard!Who made this?"

Yu explained, "I don't know yet, Maya was going to use the bathroom this morning to discover it."

"No guests have been in the house for the past two days, and the bathrooms are cleaned daily, so left and right but in this house, check me!Whoever it is, make sure you find out who this person is!"

The villa was in a moment of military chaos.

Soon, someone will find out.

The bathroom floor is pig's blood and a man who delivered a couple of deliveries at 7:30 this morning borrowed the bathroom halfway through the day.

Of course, the maids would not allow him to go to the bathroom that Clara used, but the courier's bathroom and that room were not far apart.

At that hour, the servants in the house were busy with their own work, so naturally no one would pay attention to this side.

Then the courier left on his own, and soon after, King got up to use the bathroom and found the blood.

Now that the matter had been found out, we were all relieved.

While the motives and intentions of the other party are still unclear, as long as you're sure it wasn't a family member who did it, you don't have to worry too much.

Just then, Clara's phone rang.

She pulled out her phone and looked, only to see that it was an incoming call from Rovell.

Rovell knew she had been resting lately and would rarely call this early in the morning so as not to disturb her sleep.

So it was quite a surprise to receive a call from him, Clara.

After the connection, but I heard Rovell's tone was very panicked, "Clara, did you go on today?"

Clara was stunned and a bit confused, "No, I just got up, what's wrong?"

"You'd better get on and see! It's all about you on there, read it and then contact me."

Afterwards, hang up the phone straight away.

Clara was a little confused and logged onto Weibo with her phone.

Then his face changed dramatically.

There were a lot of postings about her origins on the only thing I didn't know.

The mistress is on top, the illegitimate daughter, and some even say that mother and daughter killed each other's original spouses themselves in order to succeed in the rich family!

She read that the earliest posting was made early this morning, and after many of the big V marketing numbers, by this time, it was all fired up.

Several of them have even made it to the hot list.

What the hell is going on here?

When Yu Xiu Lian saw her face was not right, she also leaned in to take a look, and when she saw the few large characters of a murderer shining brightly on the phone screen, her entire body couldn't help but shake hard.

"This, this is utter nonsense! It's a lie! I'm going to sue them!"

Kevin Jing and Kelly Wang frowned as they didn't know what was happening, and when they also took out their phones and saw the message on it, they turned pale as well.

"Who the hell is behind all of this? First throwing pig's blood on the house, and now posting this kind of post on it, this is an obvious attempt to target Clara and our Jing family!"

Kelly Wang was furious, and Kevin Jing snorted coldly.

"Who else could it be? There won't be another person besides that damned girl who dares to send such news out there!"

"You mean Jenny?"

Yu Xiu Lian put on a surprised expression, "She... I don't think so, what good will it do her to bring down the Jing family?"

"Well, don't you see it now? As long as we're having a bad day, she's happy, the damn girl! If I'd known, I shouldn't have left her behind twenty years ago! Now that I've taken care of that woman so easily, she's come out to give me a hard time!"

Before Kevin Jing could finish his words, he was swept away by a stern look from Kelly Wang.

He trailed off and stopped immediately.

Kelly Wang said in a deep voice: "no matter who is doing this, will be the first to solve the current problem, Clara, you immediately call your agent, this side I will also try to find someone to you secluded rumor, the lawyer over there is also ready for it, it is impossible to send a lawyer letter, and the company over there, although now the company changed the surname Jing, but there are still a lot of old shareholders, are Mojia. Left behind, we can't move them yet, the news just won't be sealed, so we must stabilize them first, that's all, go do it!"

After everyone heard Kelly Wang's words, one by one, they didn't say anything else and went their separate ways.

Kelly Wang, on the other hand, returned to her room alone.

"Tsunade, you come with me."

"Yes."

Kevin Jing followed Kelly Wang into the room, and Kelly Wang sat down on the dark red rocking chair, rubbing his temples somewhat tiredly, and asked, "Have you seen that girl lately?"

No need to ask, King knew who she was talking about.

He replied evenly, "I've never seen it."

"Is that Maya messing with her again?"

"I don't think so, Maya's been preparing for her comeback and has been home every day reading scripts and hasn't been out much."

"So she's just still holding a grudge from last time? Because of what happened to Xu Tianhong?"

King smirked.

"It doesn't really matter if she holds a grudge or not, she's always been that way about the family anyway, never had the slightest bit of attachment to it, I just regret that I shouldn't have left her behind, and now I've left myself such a disaster."

Kelly Wang looked at him, her pale eyes full of shrewdness.

"It's just as well you say this to me in private, but not in front of Yu Xiu Lian and Clara."

Jing Tsunade stalled.

Then with some disdain, he left his mouth and muttered in a low voice, "It's all family, what's there to avoid."

Although he had lowered his voice, how could it escape Kelly Wang's ears?

She said in a deep voice: "That wife of yours, said that she is deeply attached to you, but in the end, the heart is separated from the belly, back then she didn't hesitate to run over Mo Caiwei without blinking an eye, it shows that she is also a cruel person...."
