

Chapter 141

The Policewoman Chapter 141

When Tang Huimin walked into her son's bedroom, he was sleeping soundly, and the little boy was very quiet, with an even breathing sound from time to time.

Looking at this handsome little face, Tang Huimin's heart felt a strong sense of motherly love, and she said silently from her heart.

"Xiaobo, don't worry, from now on, I will love, adore and take care of you, and will definitely not let you be harmed by anyone, even if it means giving my own life"

Thinking of the shocking scene when her son was kidnapped to Wolong Mountain and she and Lin Kai went to rescue him, Tang Huimin was so sensitive that her heart was palpitating.

A line of hot tears flowed down from the corner of her eyes and dripped onto the white sheets on the bed. In order not to disturb her son and affect his rest, Tang Huimin tiptoed away and turned back to the master bedroom.

At that moment, a low voice came from Lin Kai in the master bedroom bathroom.

"Isn't Lin Kai taking a bath in there? How come there's no sound of running water, but this sound?" Sensing that something was fishy, Tang Huimin walked over and pushed open the door, suddenly finding Lin Kai with his back to the door, holding his red underwear over his body and a ragged gasp coming out of his mouth, he couldn't help but ask, "Xiao Kai, you what are you doing... .."

Lin Kai suddenly came to his senses and turned his head, seeing Tang Huimin looking at her with a shocked expression, he felt groundless, as if he had grabbed a hot potato, and threw the small underwear into the washing basin in one go.

"Little aunt, how did you you come in" Lin Kai asked in a cry.

"Little Kai, you're doing something bad with little aunt's underwear again?" Tang Huimin paused for a moment and asked, "Didn't little aunt already give it to you, why are you still like this"

Lin Kai turned red and said, "But, you said that it was our first and last time, I I had to do this"

"You hate it, I never thought that you would hold a grudge like that!" Tang Huimin said, like a butterfly fluttering into Lin Kai's arms.

Ice and snow skin, soft and smooth, the fragrance was tantalizing, and the long hair that was still sticky with water droplets was draped over her shoulders, as if covered with a natural black satin.

Lin Kai's palm gently stroked Tang Huimin's back. This morning, Tang Huimin's body and soul had all been extremely satisfied after Lin Kai's baptism –

All that suppression, all that anger, all that sorrow, all that fear and panic, all that past of coming back from the dead, and all that joy of being reborn, all came out of her heart in a steady stream at this moment.

She stretched out her two lotus root-like arms and wrapped her hands tightly around my neck, so that their mouths were once again kissed together.

.....

After the passion, Tang Hui Min hurriedly rinsed off, left the bathroom and went to her son's bedroom.

Suddenly, a broken cry came out of the little boy's mouth, "Mom, he they are bad people you leave me alone you go away"

"Little Bo, what's wrong with you?" Tang Huimin patted his body.

The little boy didn't answer, still closing his eyes and continuing to shout, "Mum, there are bad people you you go away you go away"

"Xiaobo, mommy is not leaving, mommy wants to stay with you!" Tang Huimin carried Yang Xiaobo into her arms, suddenly found that the little one was sweating all over and her head was smoking hot, hurriedly touched her forehead with her hand and shouted out of breath, "Oh, no, Xiaobo is running a high fever and talking nonsense, we must rush to the hospital!"

Tang Huimin rushed into the master bedroom, picked up her mobile phone which was on the bedside table and quickly dialed the 120 emergency number of the city people's hospital.

After hearing Tang Huimin's call, Lin Kai, who was taking a shower in the bathroom, hurriedly dried himself off, put on his clothes and ran out of the bathroom.

He rushed to the door of Yang Xiaobo's bedroom in one breath and asked, "Little aunt, what happened?"

"Xiao Kai is sick and has a high fever, " Tang Huimin said anxiously.

"Mum, there are bad eggs you you run away you run away... .." Yang Xiaobo's fever had not subsided and he continued to talk nonsense.

Tang Huimin looked a bit overwhelmed in front of Lin Kai.

Lin Kai ran to the bathroom and brought a basin of cool water, put a towel in the water and placed the wet towel on her forehead while Tang Huimin scrambled to help her son get dressed.

Duk Duk Duk!

Within a short while, there was a knock at the door from the living room.

Lin Kai ran over and opened the door to the room.

Several doctors and nurses in white coats entered and carried Yang Xiaobo downstairs on a stretcher and put him in a 120 ambulance parked downstairs.

Tang Huimin and Lin Kai got into the ambulance together.

A nurse gave Yang Xiaobo a shot of fever-reducing medicine before she got a little better and stopped talking nonsense.

The emergency lights flashed and the siren sounded long.

The ambulance sped through the streets.

The journey was unimpeded and we soon arrived at the emergency centre of the city's People's Hospital.

Yang Xiaobo was lifted off the stretcher by the medical staff and taken to the emergency room for treatment.

The doctor took Yang Xiaobo's temperature and said, "The boy's fever has reached 40 degrees, fortunately he was brought here in time, otherwise he would have become pneumonia and would need to be hospitalised.

Tang Huimin retrieved a bank card from her handbag and went to the payment office to pay a deposit of 10,000 yuan for the hospitalisation, then returned to the emergency room and asked the doctor to arrange a slightly better ward.

The doctor asked, "Is a high class ward okay?"

"OK." Tang Huimin nodded.

The nurse hooked up Yang Xiaobo's drip, put him on a trolley stretcher, and sent him to a high-class ward in the inpatient unit.

The conditions were good, with two rooms inside.

Outside was a lounge for visiting patients, with a set of benches and sofas, a large LCD TV and a coffee table, etc.; inside was a ward with a hospital bed and a nursing bed, as well as an LCD TV, etc.

Yang Xiaobo was lying on a hospital bed receiving an infusion.

Thanks to a sedative injection given to him, the little boy finally calmed down and stopped talking nonsense. Tang Huimin, who always held her son's other small hand without the injection, sat on the edge of the hospital bed.

"Bo, get well soon, if anything happens, I can't explain to your dead father." Tang Huimin said silently in her heart.

Lin Kai always stood to the side without squealing.

Tang Huimin looked at Lin Kai and said, "Xiao Kai, it's getting late, you should go home and rest, I'll just take care of Bo here alone."

"Alright then, I'll go home and help you with breakfast, what do you want to eat?"

"It doesn't matter to me, I guess Bo's fever has gone down and he can eat, so you just go back and make some porridge for him and bring it to the hospital tomorrow morning."

"That's fine, I'll go first." Lin Kai said.

Tang Huimin took out the keys to her house from her handbag and handed them to him, saying.

“Xiao Kai, that’s hard work for you!”

“It’s not hard work, it’s what I should do!” Lin Kai said meaningfully, and after a glance at Yang Xiaobo lying on the hospital bed, he got up and left.

Tang Huimin sat quietly on Yang Xiaobo’s hospital bed, looking at the drops of crystal liquid being fed into Yang Xiaobo’s body, she felt that she did not feel good at all.

The Policewoman Chapter 142

Wolong Mountain, Wolong Temple.

A huge explosion reduced the main hall of Wolong Temple to rubble, a blazing fire reduced everything to ashes and a heavy rain extinguished the blaze.

The thousands of years old temple was destroyed and set on fire, leaving the scene in shambles.

This major incident, which shocked both at home and abroad, aroused the great attention of the Yanjing Municipal Party Committee, the municipal government, as well as the State Administration of Cultural Heritage and other relevant departments.

Secretary Zhou of the municipal party committee personally led a team to deal with the scene.

Dozens of police cars hurriedly arrived from Yanjing City and parked at Wolong Mountain Resort. The area around Wolong Temple was filled with local people and public security personnel, firefighters and armed police soldiers who came to deal with the scene of the accident.

A dozen excavators, forklifts and loaders have also been transferred from the nearest construction units to search around the main hall to see if there are any people crushed in the rubble.

However, after a long search, no one was found, except for the bullet-riddled body of a clutching Mao, which had been blown up beyond recognition.

Instead, a number of dead people, all monks and staff of the temple, were found in a room in the backyard and, moreover, these people had already been killed when the main hall exploded.

“These murderers are too cruel,” Secretary Zhou then issued an order to Xiao Wenbin, the head of the city’s Public Security Bureau, who had followed them, saying, “All forces must be organised to get to the bottom of this incident!”

Chief Xiao assured him, “Please rest assured, Secretary Zhou, I will definitely order the police officers to do their utmost to catch this group of vicious criminals, as well as their handlers behind the scene!”

.....

Yanjing City, Jiang Family Compound.

After resuming normal business, business was booming as usual, with a high number of people and a lively atmosphere.

A few men arrived at the entrance of the hotel talking and laughing.

The welcoming lady hurriedly greeted them.

A tall, strong, dark-skinned young man in light grey casual clothes scanned the dining hall and said.

“Call your boss’s wife and arrange the most luxurious elegant room for us.”

“Yes,” said the welcoming lady, after offering a professional smile to the man, extending her hand in an inviting gesture, “Sir, please follow me!”

Then, with a light stride, she walked ahead and led the way.

Several men followed Miss Welcome through the dining hall to a luxurious elegant room.

This private room was large enough and luxurious enough, and the luxurious facilities inside the room were even more breathtaking: the

Bright floor-to-ceiling glass windows, thick red carpets, antique round pearwood dining tables and stools, elegant yellow leather sofas and crystal glass coffee tables.

One look at these furnishings tells you that they are worth a lot of money.

The impression of the entire private room is one of atmosphere without losing elegance, and coupled with the soothing and relaxing music, it gives people a sense of tranquility and clarity.

This private room is a place used by the Jiang family compound to receive top VIPs, and non-special people are not qualified to enter this room.

The welcoming lady knew the young man in the lead.

He was Dong Jun, the former Yanjing Military Region Police Company Commander, who often brought people here to dine with his cousin Yan Dabao, and, every time, asked to use this room.

The owner, Jiang Mei, knew that these guys were masters who could not afford to be offended, so she met their requests every time, and even went to the private room to accompany the drinks herself.

Last time, after Lin Kai had injured Yan Dabao because of Song Lina, Yan Dabao had never come back, and Dong Jun’s appearance still came as a bit of a surprise to the welcoming lady.

After arranging for the three to be seated, the waiter handed over the drinks list.

After Dong Jun ordered a dozen high-class dishes in one breath and two more bottles of Guizhou Maotai, he saw that the welcome lady was still standing in the booth, so he said to her.

“Beauty, go and get your boss’s wife.”

Knowing Jiang Mei’s drinking capacity, Dong Jun wanted the welcome lady to go and call her over to cheer her up.

“Okay, I’ll go and call her over now.” The welcome lady was not in a position to ask more questions, so she answered and left the private room.

When Jiang Mei heard that Yan Dabao’s cousin had come to the restaurant, she mistook him for her cousin’s beating and came to ask her for help.

However, in line with the principle of “customer is God”, she went to the door of the VIP room, knocked gently on the door, pushed the door in and saw Dong Jun and two strange men sitting inside, so she walked over to them with a smile.

“So it’s a distinguished guest, sorry to have missed you!” Jiang Mei came to Dong Jun and, with a professional smile, asked, “Mr. Dong, you’re looking for me?”

“Yes,” Dong Jun pointed to the two middle-aged men sitting to his left and right respectively and introduced them, “This is Director Li, and this is Director Ma

“Good day Director Li, good day Director Ma, welcome to Jiang’s compound, if there is anything you are not satisfied with, please enlighten me!” Jiang Mei said as she bowed to the two.

Even though she didn’t know what exactly these two bird Chiefs did, but a character who could sit with Dong Jun must be of some importance, and she didn’t dare to be negligent at all.

At this time, a group of waiters pushed in the door and, after greeting Jiang Mei, the boss’s wife, set the dishes Dong Jun had ordered, as well as two bottles of Maotai wine, on the table.

Pointing to the table full of food, Dong Jun said to Jiang Mei, “Just now, I asked the welcome lady to call you here, mainly because I want to invite her to come and drink with these two leaders of mine, so you have to drink a few more glasses with them?”

“Respectfully,” Jiang Mei said with a smile, knowing that she could not shirk, “However, my alcohol consumption is limited, so I hope the leaders will bear with me.”

Director Ma, who was sitting on Dong Jun’s right, said with a smile, “It is said that women come with three points of wine, I see that you speak so boldly and are so pretty, you must drink a lot

This person was around forty years old, of medium build, with a sturdy body, currently the Director of the Yanjing Military Region’s Inspection Division, this morning, on the order of Yanjing Military Region’s Vice Commander Wang, went to investigate Lin Kai, before being dragged here with Director Li of the Military Intelligence Division by Dong Jun to discuss countermeasures.

“Director Ma, I’m afraid I’ll disappoint you,” Jiang Mei said in a delicate voice, “but it’s an honour for me to drink with you heavyweights, I’ll go out of my way to have a few more drinks with you at noon today, when the time comes, you’ll have to be considerate and bring someone to look after my little sister’s business, yo?”

“Of course,” Director Ma smiled brightly, pointed to an empty seat beside him and said, “What a sharp-tongued hotel owner’s wife, I like your kind of character, please sit down!”

“Okay.” Jiang Mei took the wine bottle from a waiter standing by the table and personally filled the three cups in front of the three men, then poured one for herself, lifted her glass and said, “Come, I’ll drink to everyone first!”

After saying this, he drank all the wine in his glass in one gulp.

The three men were all from military backgrounds, so naturally they were not willing to lag behind, and they drank it all in one go and toasted to Jiang Mei.

After a few glasses of wine, Jiang Mei's face was already full of red haze.

"No, I can't, I can't drink any more!" Jiang Mei made a very uncomfortable look, stood up and said, "Several leaders, you guys take your time and drink, my head is a bit dizzy, excuse me first, have to go to the bathroom"

Jiang Mei knew that these guys did not simply come here to drink, there must be something to discuss, so she excused herself to go to the bathroom.

"Everyone don't drink so much, it's important to talk about business!" Jiang Mei had just walked out of the room and closed the door for them when she heard the voice of Commissioner Li speaking.

This guy acted very cautiously, rarely speaking during the process of clinking glasses and drinking with Jiang Mei, afraid of revealing his identity.

The Policewoman Chapter 143

Jiang Mei knew that these guys must have nothing good to do, so after sending away the waiter standing at the entrance of the room, she stood alone at the entrance of the room and eavesdropped.

"Yes, it's important to talk about business," Dong Jun's voice came from the room, "Director Li, last time, that kid Lin Kai injured me and my cousin Yan Dabao with a gun at the military sanatorium, and used special forces to lay siege to us; that night, when he led a team to intercept that shipment of arms from the Black Dragon Gang, he killed several unarmed Black Dragon Gang members in A small courtyard, he strangled several unarmed Black Dragon Gang members to death on the spot; last night, he pretended to help himself by leading his team to go to Wolong Mountain to rescue people, causing the thousand-year-old Wolong Temple to be blown up, destroying national cultural relics, simply too lawless!"

"Lin Kai? Are they trying to make a move on Lin Kai?" Jiang Mei, who was standing at the entrance of the room and eavesdropping, her heart tightened as soon as she heard the name.

Thinking of the day when Lin Kai had fought to save her at an abandoned auto repair shop in the suburbs, she was a little worried about Lin Kai and continued to eavesdrop against the door of the room.

"Do you have any evidence of this?" Commissioner Li inquired.

"Of course I do," Dong Jun replied, "but there's still some evidence we're gathering."

"Lin Kai was introduced to the Special Forces by Elder Song, and it is said that he may also become the Elder's granddaughter-in-law, without conclusive evidence, I think it is better not to move him easily." Director Li reminded, "To be honest, if it wasn't for Deputy Commander Wang's order for me to assist you in thoroughly investigating Lin Kai's matter, I really wouldn't want to offend Elder Song because of him, you all know Elder Song's position in the military, this person is not to be messed with"

"Director Li, you can rest assured, in the future, with our family's old man backing you up, there is no need for you to bother with that old man," Dong Jun said cheerfully, "As far as I know, Lin Kai is not a soldier at all, why did Master Song send him to be a special soldier and become the leader of the first squad of the special forces? This time, Lin Kai has stirred up so much trouble again, Master Song can't be

blamed for it, I suspect that everything Lin Kai did was directed by Master Song behind his back, besides, Master Song has already retired to the second line, what's the point of being afraid of him?"

"That's right," Director Ma said briskly, "I don't care what kind of big shot he is, Master Song, whether Lin Kai is a hero or a dog, as long as he falls into the hands of our inspector's office, we will turn him into a sick cat all the same, Brother Dong Jun, since Deputy Commander Wang has given the word, you should boldly go and collect evidence of that brat Lin Kai's crimes. Don't have any worries, as long as the evidence is conclusive, I will immediately lead a team to arrest him and send him to a military court!"

"Thank you for your help, I will definitely thank you both heavily after the matter is completed," Dong Jun said gratefully, "Everything is in words, come, let's continue drinking, cheers!"

.....

Hearing this, Jiang Mei's heart was greatly alarmed, and fearing that she would continue to stand at the door and be discovered by Dong Jun and the others, she quickly left and went into the bathroom.

I planned to call Lin Kai immediately, but I was afraid that I wouldn't be able to say it clearly over the phone, and even if I did, Lin Kai wouldn't necessarily believe it, so I had to wait until things were done over here and then call and ask Lin Kai to come out for a face-to-face meeting.

However, as the owner of Jiang's compound, she had a lot of things to deal with during lunchtime, so I was afraid that she would not be able to leave for a while, but was afraid that Dong Jun and the others would suspect that she would tip off Lin Kai for him.

So, she stabilised herself in the bathroom before turning back to the VIP room.

At this time, the three men were drinking happily, and when they saw Jiang Mei enter the room, they put their cups up together and demanded that Jiang Mei be punished for her wine, and Jiang Mei had to punish herself with three cups for fear that they would see something flawed.

After three glasses of wine, Jiang Mei's face was red and her eyes were lost, but the redness added a touch of femininity to her.

When the three men saw her look like a drunken princess, they had a good time and again raised their glasses to drink.

In a short while, the two bottles of Maotai wine were drained.

Dong Jun suggested another bottle.

Director Li said that he had to go back to deal with things in the afternoon, and Director Ma also said that he had business to attend to and could not accompany him, so we began to eat.

After finishing the meal, Dong Jun settled the bill and we all walked out of the VIP room together.

In the restaurant door of the two greeting ladies in the sound of goodbye, Dong Jun and other people immediately left the dining hall, Jiang Mei has been sent to the three outside the restaurant.

.....

Lin Kai had just gone to Yang Xiaobo's ward in the inpatient department of the city's People's Hospital to deliver lunch to the mother and son duo of Tang Huimin, and was about to drive back to the base when the mobile phone in his pocket rang.

Taking it out, he saw that it was Jiang Mei, the owner's wife of the Jiang Family Compound, calling, and immediately pressed the answer button.

"Brother Lin, it's me, it's Jiang Mei, where are you now?" Jiang Mei's soft, sweet voice came from the phone.

"Sister Jiang Mei, what do you want?" I felt embarrassed when I thought of the last time I had some wine at Jiang Mei's house, and when I uncontrollably hugged and kissed her under the stimulation of alcohol.

"I want to tell you something,," replied Jiang Mei.

"What is it?" Lin Kai asked eagerly.

"It's a very important matter, it's not clear over the phone, can we talk about it in person?" Jiang Mei enquired.

"Okay, where are you going to meet me?" Lin Kai asked.

"I'll wait for you in our restaurant, what do you think?" Jiang Mei suggested.

"Okay, I'll be right over!" Lin Kai said cheerfully.

.....

After hanging up Jiang Mei's phone, Lin Kai quickly drove to the entrance of the Jiang family compound, where a welcoming lady led Lin Kai to the door of an office on the first floor and pushed the door of the room open.

"Brother Lin, you're here, please come in!" Jiang Mei smiled as she welcomed Lin Kai into the elegant room.

The welcoming lady left knowingly.

Jiang Mei stuck her head out of the room and saw that the restaurant was already closed and most of the staff had gone back to their dormitories to rest, so she closed the door and apologised to Lin Kai, saying.

"I'm sorry I didn't come downstairs to greet you personally, and I beg your forgiveness!"

"It's okay," Lin Kai shook his head and said half-jokingly, "You're the owner's wife, how can I bother you to greet me personally?"

"Don't misunderstand, there's a reason why I'm not going to pick you up." Jiang Mei explained.

"What reason?" Lin Kai asked, puzzled.

Jiang Mei pointed her finger at a bench sofa against the wall in her office and said, "Brother Lin, sit down first and I will slowly tell you,,"

Lin Kai didn't know what medicine she was selling in her gourd, so he walked to the sofa and sat down with his buttocks.

Jiang Mei walked over to the water dispenser, poured Lin Kai a glass of water in a disposable cup, brought it over and handed it to the coffee table in front of him, then sat down on the sofa opposite him.

Lin Kai looked directly into Jiang Mei's eyes and asked, "You just called me and said you had something important to tell me, tell me, what is it?"

"It's like this," Jiang Mei said after a pause, "Today at noon, Dong Jun brought two people to dine in the VIP room in our restaurant and asked me to go over and drink with them, I overheard their conversation at the entrance of the room when I excused myself to go to the bathroom... .."

She told Lin Kai exactly what she had overheard of Dong Jun and the others' conversation.

The Policewoman Chapter 144

After hearing Jiang Mei's account, Lin Kai was greatly shocked.

Seeing that Lin Kai had fallen into deep thought, Jiang Mei continued, "The reason I didn't go downstairs to greet you was because I was afraid that there would be too many people, and if someone found out that we were together, they would say that I had tipped you off and told Dong Jun about the incident, which would then be detrimental to both you and I. You wouldn't blame me for being ungrateful and posing in front of you, would you?"

"Of course not," Lin Kai shook his head and asked eagerly, "Do you know who those two people were who ate the noon meal with Dong Jun?"

Jiang Mei answered truthfully, "Dong Jun introduced to me that one was Director Li and the other was Director Ma"

"What does Director Li look like?" Lin Kai didn't know what kind of bird Commissioner Ma was, but he was interested in the guy named Li.

"Commissioner Li is a middle-aged man in his forties"

When Jiang Mei depicted Director Li's looks, Lin Kai was even more astonished and said silently in his mind.

"It can't be Director Li from the Military Intelligence Office, can it? Why is he with Dong Jun? If Director Li and Dong Jun are working together and stabbing each other in the back, I really can't do anything about them"

Thinking of this, Lin Kai stood up and said, "Sister Jiang Mei, thank you, the information you gave me is very important, I can't sit around and wait for death, I have to go back and prepare."

"That is fine," Jiang Mei followed and stood up, her face showing concern as she said, "Brother Lin, you must be careful, don't let them catch you, huh?"

“You don’t worry, I’ll be fine.” Lin Kai said with relief, “One is not afraid of the shadow, they won’t dare to do anything to me

As he spoke, Lin Kai looked a little short of breath and quickly turned around, heading for the door of the room.

Jiang Mei was a little upset and rushed up to hug him from behind, pressing her full body against his back.

In an instant, Lin Kai felt an electrifying sensation.

At that moment, a tantalising scent emanated from Jiang Mei’s body, strongly stimulating his sensory nerves and prompting a certain part of him to become active and tense, and an evil thought arose in his heart.

Jiang Mei stretched out her arms, wrapped them around his neck, shuffled up on her toes and kissed him passionately.

.....

“How I want to hold you and cry, hold you tightly, as long as you can be happy, I’m willing to give it all” As Lin Kai was picking her up and preparing to lay her down on the sofa, a pleasant mobile phone ring rang in his pocket.

“Sister Jiang Mei, I’ll take a call!” Lin Kai suddenly snapped out of it.

After he put Jiang Mei down, he took out his phone from his pocket, only to find Song Lina’s name and mobile number displayed on the screen.

“What’s Song Lina doing calling?” Lin Kai’s heart was flabbergasted as he remembered that he had made out with Song Lina at her house yesterday, only to be bumped into by the nanny who had come home from grocery shopping.

Hesitating for half a second, he picked up the phone.

“Lin Kai, what are you doing, why did you only answer the phone?” Song Linna’s reproachful voice came from the phone.

Lin Kai stammered, “I was busy with something, I didn’t hear your call”

“Busy with what?” Song Lina questioned.

“No not busy with anything” Lin Kai replied in a panic.

“Since you’re not busy with anything, then drive to the school gate and pick me up, I have something for you!” Song Linna said in a non-negotiable tone.

Without allowing Lin Kai to answer, she had already hung up the phone, and a blind tone came from the phone.

When Jiang Mei saw that Lin Kai was acting like he was scared when he was on the phone with Song Linna, she had a sour feeling and asked with a sarcastic smile.

"Is it your girlfriend calling?"

"Sort of!" Lin Kai said noncommittally.

"Who is it?" Jiang Mei asked curiously.

"You know her," Lin Kai explained, "the girl who came with me to your place for dinner last time and was pestered by Yan Dabao"

"Oh, so it's her," Jiang Mei said thoughtfully, "in that case, you should drive to pick her up quickly, if anything happens to her, I can't afford it."

"I'm sorry, " Lin Kai said.

Jiang Mei gave him an understanding smile and said, "Brother Lin, don't explain to me, I understand what you mean, Sister doesn't blame you, go ahead, I'll see you off!"

"No need," said Lin Kai, shaking his head, "It's better for me to go downstairs by myself, lest Dong Jun and other people's eyes find out we're together and do you a disservice."

"Then okay!" Jiang Mei fondly sent Lin Kai out of the office.

After walking out of the Jiang family compound, Lin Kai drove to Yanjing University.

It didn't take long for him to drive the Mercedes to the entrance of Yanjing University, and for fear of being recognized by the students and teachers, he pulled over at a hidden place not far away.

Song Lina walked out of the campus.

She wore a tight-fitting, buttoned short-sleeved shirt on top, her smooth, rounded arms were very attractive, and her plump, rounded peaks almost topped off the buttons of her dress.

She wore a super short skirt, her high hips and curved waist and ample breasts forming a graceful curve, and she wore no stockings, exposing a white, smooth and slender thigh

She didn't seem to notice the Mercedes she had given to Lin Kai, standing in front of the school and looking around

"Beauty, I'm here, come here!" Lin Kai was a bit misty-eyed, so he opened the driver's side window, stuck his head out from inside and honked the horn.

After discovering Lin Kai, Song Linna came to the car like a runner, pulled open the door and got in, sitting on her butt in the car's passenger seat.

Lin Kai looked at her sideways and said, "Didn't you say you wanted to see me for something? What is it?"

"I miss you and want to see you, can't I?" Song Linna puffed up her cheeks and complained, "A whole day has passed, and you didn't give me a call, making me worry to death."

"Don't you see that I'm fine? What's there to worry about?" Lin Kai said unconcerned.

He didn't want Song Linna to know about the thrilling, life-threatening scene he had when he went to rescue Yang Xiaobo from Wolong Mountain last night.

"Good for you!" Song Linna was caught unawares as she tied herself into his arms, pressing the two most sensitive parts of her chest against him.

Before Lin Kai could react, Song Linna had already wrapped her arms around his neck and her fiery red lips kissed up, blocking his mouth.

The pungent aroma, the voluptuous body, the soft touch, Lin Kai's mind went blank and he instinctively wrapped his hands around her slender waist.

"Stop it," suddenly, Lin Kai remembered that this was at the entrance of the school and there were many university students coming and going, so he pushed Song Linna away with force and said, "Aren't you afraid that the students will find out and film us making out and upload it to the internet?"

Song Lina felt a sudden blush, but, although she realised that she had lost her temper a little, she felt a little resentful, so she pouted and said.

"I don't care, if you don't want me to reprimand you, drive the car a little further away from the school and park it somewhere more secluded and out of sight"

The Policewoman Chapter 145

Lin Kai was speechless, and then started the car to leave Yanjing University and drove the Mercedes to the entrance of Donghu Mountain Park, located at the foot of Dongshan Mountain in the outskirts of the city.

As soon as the car stopped, Song Linna opened the door and got out, followed closely by Lin Kai.

As she wore a short-sleeved shirt with buttons on the top that was particularly flattering, the fullness of her breasts came out, and her skirt was short, revealing much of her evenly slender and thin white thighs, which made her heart flutter when she looked at them.

Donghu Mountain Park is like a clean slate in the middle of the city.

There is no noise, no clamor, dense banyan and yellow jue trees, tangled branches, like an umbrella, the walkway covered a tight, patches of grass, green grass, turquoise and fresh, the air is warm, you seem to be able to smell a smell of leaves

As they walked into the park, they took a quiet stroll.

Almost every passer-by who came across her looked at Song Linna a few times, women's eyes focused on her lovely and pretty face, while men would quickly look at Song Linna's whole body, looking at her face to see her figure, and some of them simply fixed their lustful eyes on Song Linna's towering peaks, as if they were ready to drool.

Song Linna was so absorbed in the romantic silence that she didn't care about these details.

Lin Kai didn't blame them, for if it were him, he would have taken more than a few glances at the beautiful woman's peaks holding up her tight blouse and the small cleavage of her round neckline, as well as the long, slender legs displayed under the hem of her skirt.

Looking at the men with a dumb look on their faces, Lin Kai felt even more proud

The two of them walked up the hill along the path, and when they were almost at the top, they came to a bench where Song Lina said she was tired and pulled Lin Kai down to rest.

Being alone with Lin Kai again, she couldn't help but remember the images of when they were passionate together.

"I'm tired and I want to lean on you," said Song Linna, who couldn't sit still a bit at the thought, pushing Lin Kai to one end of the bench and insisting on lying on his lap.

Of course Lin Kai liked the idea of a woman like Song Linna lying on top of him and pampering herself, allowing her to pillow on his thighs and play with the buttons of his shirt.

Lin Kai gently stroked Song Linna's hair and cheeks, the soft sunlight shining on her body was particularly comfortable, and as sleep came over her, Song Linna's eyelids began to fight.

Within a few minutes, Song Linna had closed her beautiful eyes and was breathing softly and evenly as she fell asleep on Lin Kai's lap.

Lin Kai did not want to disturb Song Linna, but looked down at her beautiful face and felt a burst of love in his heart.

After sleeping for an unknown period of time, Song Linna suddenly got up, twisted her head and lay down on the other side of the bench, then kicked off the sandals on her feet and put her feet together on Lin Kai's lap, saying vaguely.

"My feet are sore, rub them for me!"

During the whole process, Song Linna never opened her eyes, so Lin Kai knew in his heart that the little girl was pampering him.

An old couple passing by witnessed this and smiled kindly at Lin Kai, probably thinking that they were a cute little couple.

Song Linna placed those delicate and beautiful little feet on Lin Kai's lap, waiting for his affection.

Lin Kai understood that the reason why Song Linna was doing this was both a request for tenderness and a special reward for Lin Kai, so naturally he was obliged to gently knead those silky soft, boneless feet.

Song Lina was enjoying herself, her lovely toes ticking, a very low murmur coming from her mouth, she was lying on her back, her waist very thin and her plump peaks particularly firm.

From Lin Kai's point of view, the flat belly and tummy further up was bulging with a pair of rounded peaks.

The short-sleeved shirt was particularly slim, and the pair of breasts rose and fell slightly with Song Linna's breathing, as if they were about to burst out of the shirt for air.

Underneath her slender waist were two long, white, jade-like legs, with all of her long, slender calves and half of her rounded thighs showing through the hem of her skirt.

If there was no one here, Lin Kai would have been unable to resist reaching out to touch it. Song Lina's shallow sleep was sweet, her lotus root arms and fragrant shoulders were exposed, and her beautiful collarbones were even more sexy.

Besides Lin Kai, the beautiful woman's sleeping form also attracted the attention of many passers-by, and this tempting beauty tugged at Lin Kai's heartstrings, exposing Song Linna's evil intentions.

After a brief observation, the men passing by all started with Song Linna's beautiful feet and quickly scanned her long, slender legs, focusing on the high peaks.

Some of the bolder and more lustful ones also took a look at Song Linna's pretty face in passing. Their lustful eyes brushed over Song Linna's delicate skin and proud peaks, and when they saw Song Linna's lovely face, they were all amazed, and at this point, even the most hidden and unintentional eyes would be revealed.

Lin Kai pretended not to see any of this, but secretly kept an eye on the passers-by.

Soon, two jogging men in tank tops and shorts, who looked to be in their forties, approached them, talking in hushed tones as they ran.

When Lin Kai saw that Song Linna was breathing evenly and was in a state of seeming sleep, he quickly lifted a small white fleshy foot in his hand and brought it to his nose to sniff it, giving it a gentle bite on the fragrant tender flesh.

"Yah!"

Song Linna let out a soft cry and hurriedly withdrew her leg to retrieve her jade foot.

In between the lift and retraction, Song Linna's jade legs needed to be bent and lifted, and the silky short skirt slid down Song Linna's even silkier and more delicate skin, the hem of the skirt shrinking down to the root of her thighs.

Not only did Lin Kai see this scene, but the two men who were running past them could also see it clearly.

Song Linna's two jade legs were completely exposed, from the tips of her feet to the roots of her thighs, her white skin glowing rosy in the sunlight, the perfect shape of her legs on full display, the soft yellow underwear under the hem of her skirt showing a hint of edge, and the moment she lifted her legs she could even see a bit of her full, tender buttocks

The two men simultaneously stared at Song Linna's beautiful legs, scanning them desperately in the shortest possible time, eager to imprint this beautiful scene into their minds forever.

Song Lina went naked beside Lin Kai, which was caused by Lin Kai, who felt a little excited and also a little impulsive, with that thing in the key part unconsciously rising up.

Song Linna seemed to be really sleepy, did not even open her eyes, just slightly pouted and murmured.

“Nasty, you are not allowed to be bad outside”

Song Lina hadn't realized she was naked, but Lin Kai was worried that if he played big, Song Lina would get angry and waited for the two men to run past and hurriedly straighten out Song Lina's skirt.

Suddenly, a grasshopper also jumped onto the bench.

When Lin Kai saw the little one coming to join in the fun, he had an evil thought and clutched the grasshopper in his hand and put it into Song Linna's skirt. The little grasshopper lived up to his promise and quickly crawled towards Song Linna, soon reaching Song Linna's thighs.

“Ah!”

Song Lina felt something crawling up her leg and cried out in fright, hurriedly jumping off the chair and diving headfirst into Lin Kai's arms.

The grasshopper fell to the floor in one smooth motion.

“Wow, what's wrong?” Lin Kai smelled her fragrance, felt her elasticity and fullness, and the thing unconsciously pressed against Song Linna's body.

“Look, what is this thing?” Songlina, alarmed and momentarily unaware of Lin Kai's physical changes, pointed to the grasshopper on the ground.

“It's a grasshopper,” Lin Kai grinned mischievously, “What's wrong? Did it bully you?”

Only then did Song Lina feel the firmness of Lin Kai's body and hurriedly broke free from his arms, looked around and saw people looking their way and blushed scarlet with shame.

The Policewoman Chapter 146

“Insensitive thing, how dare you bully my girlfriend, see how I will clean you up!” Once the playful words were out of his mouth, Lin Kai stomped his foot towards the grasshopper, saying silently in his heart, “Little brother, sorry for you, you'll have to sacrifice for the sake of my happiness”

This innocent life died under Lin Kai's trampling.

Looking at the grasshopper, which had been crushed into mush by Lin Kai, Song Linna remembered how she had once been kidnapped and left to be slaughtered, and from her grief, with tears in her eyes, she said.

“Let's just go back!”

“Where to?” Lin Kai was a little surprised to see her with tears in her eyes.

“To the car.” After saying that, Song Lina turned around and walked towards the bottom of the hill.

“Hey, this is really a sentimental little woman!” Looking at her beautiful back, Lin Kai sighed and felt infinite emotions in his heart.

Running down the hill in one breath and arriving in front of the Mercedes-Benz that Lin Kai had driven over, Song Lina was in a slightly calmer mood.

She opened the door and got in, sitting on her butt in the back of the car, remembering what she had just seen in the park, her face slightly flushed, her fragrant sweat gradually coming out and her body temperature rising.

She unconsciously unbuttoned her two collar buttons.

At that moment, her cleavage was half exposed and her peaks were trembling slightly, making her look more and more sexy and charming, and the eyes of Lin Kai, who was sitting in the driver's seat, were straightened and his crotch was aroused again.

Lin Kai swallowed a mouthful of saliva, tried to control his emotions and said, "Song Lina, it looks like you're tired, I'd better take you home!"

"I don't!" Songlina shook her head.

"Where do you want to go?" Lin Kai asked curiously.

"You you drive the car to a place where no one is around," Song Lina said with a red face.

"Okay!"

Lin Kai understood her mind and drove the car straight to a secluded area in the shade of a forest at the back of East Lake Mountain.

Seeing that no one was around, he removed his seatbelt and got out of the car, sitting side by side with Song Linna in the back seat, and picked her up and put her on his lap.

Song Lina was exceptionally excited and clasped her hands around his neck, kissing him passionately, gripping his shoulders and back and making vague murmuring noises from her mouth.

As Songlina was wearing a sexy ultra-short skirt, Lin Kai's hands easily touched her delicate thighs and felt her entire thigh roots as well as her inner thighs were wet and slippery.

Song Lina closed her eyes, and as Lin Kai stroked her, her body grew softer and softer, her breathing became more and more rapid, and her moans became louder and louder

Suddenly, Lin Kai's mind flashed back to his passionate moments with his sister-in-law Tang Huimin and her sultry gaze, and his heart shook violently as he hurriedly pushed Song Linna's body away from him.

"Lin Kai, what's wrong with you?" Even though Song Lina hadn't had her fun yet, she was still subdued by this perverse demeanor of Lin Kai's and slowly woke up from her passion.

"Yes sorry, we can't do this,," Lin Kai lowered his head like a child who had made a mistake.

"Why?" Song Lina leaned back in the car seat, both eyes looking straight ahead, seemingly a little puzzled.

"Because you're still a big girl and I can't bear to hurt you." Lin Kai prevaricated.

"I don't care about that, I just want to be with you!" Sungina said as she confessed to her.

"But" Lin Kai hesitated a little.

“Don’t but, let’s continue” Song Linna said, flinging herself into his arms again and closing those clear eyes again.

Lin Kai’s enthusiasm was rekindled and he surveyed the lovely girl in his arms with great abandon, feeling a dizzying sensation of his body’s desire and seductive body scent through the thin dress.

They kiss gently and then leave.

A moment later, the kiss resumed violently again, and Songina let out a delicate moan, whereupon his kisses fell even more intensely on her sensitive areas like rain.

Within a few moments she was already panting.

Lin Kai placed her on the back seat, and because of the small space in the car, she could only spread her legs and gently wriggle her body, her eyes still blinking in a teasing manner.

Her bare thighs were almost completely exposed in front of Lin Kai’s eyes, as well as the incomparably plump pink buttocks, unusually full of wildness under the pink lingerie

Lin Kai was so stunned and anxious that his mouth watered, and he couldn’t get his trousers off completely before he pounced on her with impatience.

.....

“How I want to hold you and cry, hold you tight, I’d give it all if only you could be happy” Just as Lin Kai was raising his sword immediately, ready to gallop into battle, the mobile phone in his pocket started singing.

Lin Kai got off Song Linna with a jolt, sat down on the car seat, quickly took out his mobile phone, saw that it was the instructor Zhang Tianhu calling, tried to stabilize his mind and pressed the answer button.

“Lin Kai, where are you?” Zhang Tianhu’s biting voice came from the phone.

“I am out on an errand,” Lin Kai prevaricated.

Zhang Tianhu said in a commanding tone, “I just received notice that tonight, the head of the military district will personally come to the military sanatorium to hold a celebration banquet for us, we have to prepare, you should rush back to the base immediately”

Without waiting for Lin Kai to speak, Zhang Tianhu had already hung up the phone.

Lin Kai immediately brought his trousers up and put them on, and straightened the body shirt he was wearing that was already soaked with sweat and wrinkled.

Song Lina had been lying on her back in the car seat with her eyes closed and was suddenly a little disappointed to find that Lin Kai had stopped attacking her after he had put down the phone.

She hurriedly sat up from the car seat and after straightening her dress and loose hair, she gave Lin Kai a sultry look and puffed up her cheeks as she asked.

“Lin Kai, what’s wrong with you again?”

"I'm sorry," Lin Kai said apologetically, "Instructor Zhang called and said that tonight, the head of the military district is coming to the base to hold a celebration banquet for us, so I should return to the team immediately!"

"Then I'll go with you!" Song Lina said sulkily.

"I'm going back to the army for the celebration banquet, what are you doing going with me?" Lin Kai inquired.

Song Linna smiled charmingly, "Last time, you led your team to Freedom Island, risked your life to recover the laser piece, and intercepted the arms at the customs dock, you simply deserve a lot of credit, this time, the celebration banquet must be specially prepared for you by the head of the military district, I am your girlfriend, of course I have to go to share your glory and witness the process of awarding you the medal."

"I'm afraid it's not as simple as you think, right?" Lin Kai was a little nervous when he remembered that Jiang Mei, the owner of Jiang's compound, had overheard at the door of the elegant room that Dong Jun had colluded with Director Li of the Military Intelligence Department and Director Ma of the Inspection Department to place trumped-up charges on himself and prepare to have him punished by law for this incident.

"I don't care," said Song Linna stubbornly, "I'm determined to follow you today, wherever you go, I'll follow you!"

"Alas," Lin Kai felt himself being stuck to Song Linna and gulped helplessly, "I can take you there, but you have to be honest and don't cause me any trouble!"

"Don't worry, I won't!"

Song Linna turned sad to happy and then gave Lin Kai a fragrant kiss, Lin Kai shook his head helplessly, pulled open the car door and got out, sitting in the driver's seat.

He then started the car and quickly drove off in the direction of the military sanatorium.

The Policewoman Chapter 147

To congratulate the members of the Special Forces led by Zhang Tianhu and Lin Kai for successfully retrieving the laser piece from Liberty Island and intercepting that batch of arms supplies, the head of the military district deliberately held a celebration banquet for them in the Yanjing Military District Sanatorium restaurant.

Those who came to the celebration banquet included Deputy Commander Wang of the Yanjing Military Region, company, battalion and regiment levels of the Yanjing Military Region, as well as some cadres above the regiment level, and a dozen members of the Special Forces.

In order to expand the influence and enliven the banquet atmosphere, reporters from the military district, female soldiers from the Cultural and Industrial Troupe and others were also invited to attend.

The dining hall was brilliantly lit.

Nearly a hundred or so people filled the entire dining hall, making it look very grand and presenting a lively and extraordinary scene. A long purple satin table decorated with flowers was decorated with various delicacies.

The food was served to the guests who came to the banquet, and the ladies dressed in form-fitting cheongsams carried trays of drinks from one to the other.

They stood in groups and received glasses of wine from the trays, drinking and chatting at the same time.

A special forces instructor, Zhang Tianhu, the leader of the first squad, Lin Kai, and members of the special forces were surrounded by a group of military reporters in the centre, receiving their interviews.

A female reporter looked at Lin Kai with an adoring gaze and asked.

“Captain Lin, it is said that you led the members of the Special Forces, together with the team, to recover the stolen laser tablets on Liberty Island, intercepted a batch of arms supplies at the customs dock, destroyed the Black Dragon Gang’s nest and killed the leader of the Black Dragon Gang, establishing a miraculous achievement, what kind of reward do you hope the head of the forces will give you?”

Lin Kai smiled and replied, “This is the result of the joint efforts of all the members of our special forces, this is the work of everyone, the honour should be for everyone, if the chief has any reward for me, it should be shared with everyone.”

The female reporter again locked her eyes on Zhang Tianhu who was standing aside and asked.

“Instructor Zhang, it is said that you were once the company commander of a reconnaissance company and now you are an instructor of a special force, Mr. Lin is a member of the team you brought up, can you tell us about his situation in the force?”

“Lin Kai is a very nice lad,” Zhang Tianhu said cheerfully, “one of the best team members I have ever met, he is a man of integrity, it is an honour for me to be his instructor

Song Linna sat quietly in a corner, her heart warming and nourishing as she heard everyone’s praise for Lin Kai, always looking with a pair of loving eyes at Lin Kai who was surrounded by everyone.

7pm.

Deputy Commander Wang of the Yanjing Military Region led a group of about ten people, in order of official rank, to stride into the restaurant, namely –

Vice-Commander Wang, Divisional Commander Zhao, Chief Liu, Chief Li, Battalion Commander Song, and so on.

The crowd gathered their eyes to the entrance of the dining hall and applauded in unison.

The whole dining hall then burst into a thunderous applause. Zhang Tianhu then gathered the members of the Special Force and stood in line in the middle of the dining hall to be reviewed by the chiefs.

The chiefs shook hands with the Special Force members one by one.

When Vice Commander Wang shook hands with Lin Kai, he looked at him with a questioning gaze and asked.

“You are Lin Kai?”

“Report chief, I am Lin Kai, the captain of the special forces.” Lin Kai pulled his hand out of Vice-Commander Wang’s and gave him a military salute.

A murderous aura flashed from Vice Commander Wang’s face, then he regained his composure and said with a smile, “Not bad, young man, do your best, your future will be unlimited!”

“Thank you, Chief, for your praise!” Lin Kai said gratefully.

“Lin Kai, we have not misjudged you, you are a good man, do well, your future is bright.” Director Li of the Military Affairs Office shook Lin Kai’s hand with a full face.

This kind of words and expression made Lin Kai feel a little puzzled, he even suspected that Jiang Mei had called him to go to Jiang’s compound and described to him that the person was not Director Li at all, Director Li could not have mixed with someone like Dong Jun, let alone put him to death.

When Lin Kai saw that Director Li was still looking at him with a smile on his face, he hurriedly said.

“Thank you, Commissioner Li, for your cultivation!”

“Don’t be polite, if you need anything in the future, please feel free to come to me!” Director Li let go of Lin Kai’s hand and patted him on the shoulder again, with an imperceptible wicked smile on his face, before shaking hands with the next person.

7.30 pm.

The celebration dinner officially began, and Deputy Commander Wang walked up to the improvised podium and began to speak.

Dear members of the Special Forces.

Hello there!

Today is destined to be an extraordinary day for all of you.

First of all, congratulations on your success in recapturing the stolen laser tablets from Liberty Island and intercepting the theft of that material at the customs terminal, which has saved us a great deal of damage.

For this, I have been ordered by my superiors to award you all the title of Second Class Merit.

I can appreciate your excitement and eagerness at this time, but I hope you can understand that what you are being awarded is not only a second-class merit, but also an honour and a responsibility.

In receiving this medal of honour that makes your blood boil, it means that you have fulfilled your vocation as soldiers, unconditionally and resolutely obeyed the orders of your superiors and unconditionally carried out the tasks given to you by your superiors.

.....

The celebration feast was going on in a warm atmosphere.

After Divisional Commander Zhao and Chief Liu took to the stage to speak, Director Li of the Military Intelligence stood on the podium and gave an impassioned speech to everyone –

All members of the Special Forces.

Greetings!

(The team applauds enthusiastically)

You've worked hard!

(Applause again, one after another)

This time, you have successfully completed the glorious task given to you by your superiors.

On behalf of all officers and men, I would like to extend my sincere greetings to you and thank you!

I declare that the medal ceremony will now begin!

Clap!

There was thunderous applause!

In an instant, the entire Yanjing Military Sanatorium dining hall turned into a sea of joy.

Immediately afterwards, Zhang Tianhu led a dozen members of the Special Forces onto the podium together and automatically lined up in a row.

The awarding ceremony began with the Yanjing Military District's Deputy Commander Wang and Director Li personally presenting the special forces team members with their awards and wearing them around their necks.

At this point, all the reporters present pointed their cameras at the members of the special forces on stage.

At one time, the shutter sound of "click-click-click" was incessant and the flash was flashing.

Just as Deputy Commander Wang of the Yanjing Military Region was taking a second-class silver medal from a tray held up by a lady of ceremony and was about to hang it around Lin Kai's neck, a shout suddenly came from the entrance of the restaurant.

"Commander Wang, please wait!"

The crowd turned their eyes to the Director of the Inspection Department, Ma, who had led a group of people in from the entrance of the restaurant and walked straight towards the rostrum.

It was as if the crowd attending the dinner had been split open with a large axe, automatically dividing into two rows to make way for a passage that led directly to the podium.

"What are these guys doing here, are they here to cause trouble?" Someone asked in a whisper.

“They seem to be here to arrest someone.” Someone who recognised the man leading the group as Director Ma of the Inspection Department whispered to the person next to him, “If someone is targeted by these guys from the Inspection Department, there will be no good consequences. It seems that which unlucky person will be taken away by them tonight.”

“Hey, what a bummer,” someone said indignantly, “these guys show up at this time of the day, aren’t they deliberately trying to ruin the show?”

Amidst the murmurs of the crowd, Commissioner Ma led the men to the podium.

The Policewoman Chapter 148

Vice Commander Wang looked at Director Ma angrily and scolded in a stern voice, “What are you doing?”

Commissioner Ma pointed his finger at Lin Kai and asked, “Commander Wang, you can’t give this man a medal of honour!”

“Why?” Vice Commander Wang asked in disbelief.

“This man is nothing more than an ungraduated university student, not a soldier, not qualified to be the leader of the first sub-unit of the special forces,” Chief Ma explained, “He has killed innocent people indiscriminately in the name of the special forces, has killed people, and is a scum who has mixed with our army... ..”

As soon as the words left his mouth, the crowd was in an uproar.

The crowd eagerly picked up the photo equipment in their hands and desperately took pictures of Lin Kai, Zhang Tianhu, Commissioner Ma and Vice Commander Wang, hoping to unearth more valuable news.

“Do you have any evidence of this?” Vice Commander Wang put on an air of defending Lin Kai and asked, “As an inspector division chief, you should know what kind of consequences it is to wrongly accuse a soldier for no reason?”

“Of course I know,” Director Ma said with a straight face, “Firstly, not long ago, Lin Kai was still studying at Yanjing University, and secondly, he used his position to kill innocent”

“Is that so? Is that really true?” Vice Commander Wang showed an astonished look.

“Yes, it’s a thousand times true!” Director Ma nodded and said, “His personal file can be checked from Director Li of the Military Affairs Office”

Vice Commander Wang turned his face sideways and dropped his gaze to the Director of the Military Aircraft Division and questioned.

“Commissioner Li, is that right?”

“Yes.” Director Li nodded and said.

“Director Li, how dare you, how can you allow a student to enter the Special Forces?” Vice Commander Wang asked in a deep voice.

“No not my intention” Director Li’s expression was a bit flustered as he looked at Zhang Tianhu and said, “It was Instructor Zhang who arranged to enter the special forces and appointed him as a squad leader and came to me for the record”

With a stern face, Vice Commander Wang asked Zhang Tianhu, “Instructor Zhang, is that right?”

“Yes!” Zhang Tianhu said without being condescending.

Lin Kai was, after all, the one whom Zhang Tianhu had been entrusted by Elder Song to place into the Special Forces, the one he had promoted and set up as a banner in the Special Forces.

If something went wrong with Lin Kai, it would directly affect his position as an instructor in the army.

“Instructor Zhang, why are you so confused, how can you let a student be the leader of a special forces squad?” Vice Commander Wang asked with a reproachful tone.

Zhang Tianhu defended himself, “I think that it’s better to use people without doubt, and to use people to the best of their ability, and to take what you need. Although Lin Kai is a student, he has quite strong leadership and combat ability, and it has been proven that the special forces team members he led completed their mission successfully, so we should give support and recognition, and should not make a fuss about whether he is a student or not. ”

“I don’t agree with you, our troops should have iron discipline, I think that a person who has no combat experience is not qualified to lead our team members to charge together, even if they achieve victory, that can only be said to be a fluke,” Deputy Commander Wang briefly stated his opinion before asking the Director of the Inspectorate Ma. “You said earlier that you had Lin Kelly using his position to kill innocent people indiscriminately, is that correct?”

“Yes,” said Commissioner Ma, taking out a USB stick from a dossier in his hand, “This is, the evidence of his indiscriminate killing of innocents and murder”

He then had a laptop computer brought in, turned on the power, plugged in the USB stick, and the screen then showed the image of when he strangled Black Dragon, an unarmed bald man, to death in that courtyard in the suburbs.

After watching it, Vice Commander Wang was furious and said in a stern voice, “It’s simply too unbelievable, isn’t this discrediting our soldiers?”

Saying that, he pointed at the computer screen and said, “Instructor Zhang, take a closer look, this is a good thing done by your so-called talents.”

After watching the video, Zhang Tianhu immediately realised that this was a complete trap that someone had designed in advance to frame Lin Kai, and stopped squealing.

Director Ma pointed at Lin Kai and shouted to the members of the Inspection Department, “What are you still doing standing there? Why don’t you quickly take this man away?”

“No!” Zhang Tianhu said loudly, “If you want to add to the crime, you can’t do anything about it, you want to arrest someone just based on a video, we absolutely won’t allow it!”

His voice was like a flood of bells, echoing throughout the restaurant, then shocking those members of the team who were ready to go up and arrest Lin Kai.

As soon as the words left his mouth, Zhang Tianhu led the members of the special forces to surround him, blocking Lin Kai behind him and making a gesture of defending their captain to the death.

Director Ma said in a cold voice, "Instructor Zhang, take it easy, we also have other evidence against Lin Kai."

"What evidence?" Zhang Tianhu asked in an angry voice.

Commissioner Ma said with a straight face, "Last night, Lin Kai was leading people to rescue people at Wolong Mountain, causing the thousand year old temple Wolong Temple to be blown up, we suspect that this was his doing, and he must be brought in for questioning!"

"Instructor Zhang, since Commissioner Ma is only taking Lin Kai to the inspector's office for questioning, you should let him go!" Vice-Commander Wang said to Zhang Tianhu.

Zhang Tianhu knew that the elbow could not twist the thigh, and since Vice Commander Wang had given the word, he would not say anything more.

He then told his team to disperse and said to Lin Kai, "You go ahead, one is not afraid of the shadow, they won't dare to do anything to you."

Commissioner Ma then waved his hand to his men, and two members of the team then went up and pinned Lin Kai, ready to take him away.

"Stop!" Song Linna suddenly stood out from the crowd, crossed her arms and shouted loudly and petulantly, "None of you can take him away!"

Deputy Commander Wang, who had watched Song Lina grow up in the military compound and naturally knew her, said.

"Lina, why are you here?"

"If I wasn't here, wouldn't my boyfriend have been taken away by you guys on some random trumped up charge?" Song Lina said in a cold voice.

"Lin Kai is your boyfriend?" Vice-Commander Wang frowned.

"Yes, does Uncle Wang have a problem with that?" Song Linina asked rhetorically.

"No opinion, freedom of love, " Vice Commander Wang said with a compensating smile.

Only now did he realize that Lin Kai was Elder Song's granddaughter-in-law, and if he angered the Elder, he would be in big trouble, however, the arrow was on the string and had to be fired.

"Lina, the comrades from the inspector's office only took Lin Kai to investigate, they didn't put any charges on him, can you not obstruct their official duties?" In order to put himself on a pedestal, after giving Song Lina a word of relief, Vice Commander Wang said to Commissioner Ma, "You can take Captain Lin away, if anything happens to him in your place, I'll test you!"

Commissioner Ma then changed his face and said flatteringly, "Don't worry, Commander Wang, we're just taking Lin Kai to investigate, we won't hurt him."

Song Linna still wanted to insist that they not take Lin Kai away, but seeing that Vice Commander Wang had given the word, she was too embarrassed to stop them, so she had to go back to her grandfather and ask him to take care of the matter.

Lin Kai saw that Song Linna was a bit hesitant and said, "Lina, don't worry, they wouldn't dare to do anything to me!"

"Alright then, be careful, I'll find a way to get you out on bail!" Song Lina admonished Lin Kai and watched as he was taken away by the inspector's office.

The Policewoman Chapter 149

After Lin Kai was taken away by the inspector's office, the whole restaurant was like a boiling pot, and everyone was talking about it, and they were all holding out for Lin Kai.

Seeing that the restaurant looked a bit chaotic, Director Li of the Military Intelligence Office hurriedly stepped forward and said to everyone, "Everyone, please be quiet, I would like to ask Deputy Commander Wang to continue to award the Medal of Honour to the members of the Special Forces!"

Team member Zhang Shuo was the first to stand out and said loudly, "If the matter of Captain Lin is not clearly investigated and until he is released, we will not want this medal of honour."

Team member Gao Yunxiang echoed, "That's right, Captain Lin was framed, he is innocent, if there is no Captain Lin, what's the point of getting this medal?"

Immediately afterwards, the team members took a stand.

It seemed that if Lin Kai was not released, they would not be able to accept the Medal of Honour anyway, and the celebration banquet and awarding ceremony could not go on.

"In that case, the merit celebration banquet will be held on another day," Vice Commander Wang said shyly to the crowd, "Please rest assured that the Inspection Department is the law enforcement agency of our army and will definitely deal with Lin Kai impartially, I believe that his matter will be investigated and an explanation will be given to everyone. "

.....

After Lin Kai was taken to the guard room of the Inspector's Office, not only was he not put into a dark room, but he was instead placed in a separate room for guests.

When Dong Jun came with Director Ma to the guard room of the Inspection Department and saw Lin Kai sitting inside the room with a steaming alabaster pot teacup in his hand, the two men's anger bubbled outwards.

"What's going on here? Who locked him in here? Who made the tea for him?" Commissioner Ma scolded loudly to the few guards standing by, "He's a prisoner, not a guest we invited, are you guys out of your minds? Is it necessary to serve him like this?"

A young man in uniform came in from outside and said, "Sorry, I arranged this room, and I had the tea brought here."

Commissioner Ma turned around and shouted at the young man, "Why did you do that?"

The young man replied, "Instructor Zhang had someone come to say hello, saying that this man was his subordinate and told us to treat him well, and that if anything went wrong, we would be held accountable."

The young man's name was Zhao Peng, he was the head of the detention center of the inspector's office, and he was also a talent sent over from the special force of instructor Zhang, and he had great respect for instructor Zhang.

Commissioner Ma questioned, "Who is your superior?"

"Of course it's you, Commissioner Ma." Zhao Peng replied.

"Then who should you listen to?" Commissioner Ma continued to ask.

"Naturally, I listen to you." Zhao Peng answered truthfully when he did.

"Zhao Peng!" Commissioner Ma shouted.

"Present!" Zhao Peng made a standard salute gesture.

Commissioner Ma ordered loudly, "Zhao Peng, I want you to immediately replace this person into the Level 3 cell and remove all the tea for me." Commissioner Ma ordered loudly.

"This this is not good, I'm afraid?" Zhao Peng stammered with a difficult look on his face, "If that happens, how am I going to explain to Instructor Zhang"

"What?" Director Ma asked in a cold voice, "Are you trying to disobey my orders?"

"This this" Zhao Peng was in some difficulty.

Commissioner Ma was the top leader of the Inspection Division and was Zhao Peng's direct superior, Commissioner Ma had direct leadership and command over him, if he didn't listen to Commissioner Ma, it would be disobeying military orders.

If your head was slapped with a hat for disobeying military orders, that would be enough to make you drink.

Lin Kai knew that these two people were coming specifically for him and would definitely make things difficult for him. Seeing that Commissioner Ma was angry with Zhao Peng, he did not want to make things difficult for him, let alone drag him into it, so he stood up with his cup of tea.

Lin Kai smiled and said to Commissioner Ma: "Where do you want to put me? Let's go!"

Dong Jun snatched the teacup out of Lin Kai's hand and poured the tea on the ground, saying in a cold voice, "I'm not going to give you a drink even if I pour it out!"

"Who are you?" Lin Kai frowned and said deliberately, "And where did you burrow out from? What kind of place is this? Is it your turn to speak?"

“Kid, you really have a good memory, don’t you even recognize Grandpa Dong?” Dong Jun sneered, “I didn’t expect that you would still have a day?”

“Grandpa Dong?” Lin Kai gave him a blank look, bristled and sneered, “Don’t you forget, last time in the military sanatorium restaurant, you were even worse than a grandson!”

“You surnamed Lin you” Dong Jun remembered that day at noon together with his cousin Yan Dabao, in the military district The humiliation he suffered in the sanatorium restaurant that day at noon with his cousin Yan Dabao, and then hearing Lin Kai mention this incident, he was so angry that he was frantic, and the man who could speak well and was so eloquent could not actually say anything at this moment.

“What’s wrong with me?” Lin Kai swept a glance at Director Ma, who was standing beside Dong Jun, and said with a smile, “You think you can do anything to me by moving this person out as your backer?”

To be honest, where was Commissioner Ma’s backer? If Vice Commander Wang had not asked him to handle this matter, he would have run as far away as possible when he saw Lin Kai, the god of plague.

This remark obviously smacked of sarcasm, and Director Ma felt a sudden blush, but he was too embarrassed to take it out in front of so many people, so he made a face as if he wanted to say something but stopped.

“Lin Kai, I will make you die without a burial place.” After holding it in for half a day, Dong Jun finally let out a harsh sentence.

Seeing how arrogant Lin Kai was, Commissioner Ma ordered Zhao Peng, “Chief Zhao, take him to the Level 3 prison.”

“Yes.” Zhao Peng shouted in response.

At the same time, he beckoned to the few guards around him, who then helped Lin Kai put on his leg irons and handcuffs.

Lin Kai had every chance to resist or even escape, but running out of this heavily guarded place was indeed a very difficult thing to do. On the one hand, he was afraid that Zhao Peng would be implicated, and on the other hand, he wanted to see what the gang led by Director Ma wanted to do to him.

The Level 3 cell was in the basement of the detention centre, the cell with the worst conditions and the most complete torture equipment, and people who were sent here were usually tortured.

Zhao Peng gave Lin Kai a wink as he opened the cell door, signalling that he should be careful, and Lin Kai gave him a grateful smile to show that he accepted his kind offer.

With several guards escorting him, Lin Kai was pushed into a specially designed lift.

The lift descended for a few seconds and then stopped.

The lift doors opened to reveal an empty hall with intense light emanating from several large lamps, illuminating the hall as if it were daylight.

A group of men in custodial uniforms greeted them.

Commissioner Ma said loudly, "Escort him to an empty room."

"Yes, Commissioner!"

A bearded man swept an expressionless glance at Lin Kai and used his finger to enter a set of data on something that looked like a tablet computer.

A stone door in the wall automatically parted, and a dark passage appeared inside.

Director Ma said to Dong Jun who was following him, "I'm a bit unwell, so I'll leave this man to you, I hope you can ask what we want from him."

"Okay."

Dong Jun nodded heavily, a strong murderous aura showing on his face.

The Policewoman Chapter 150

After the bearded man and a few strong guards pushed Lin Kai through the stone door, Dong Jun followed, and Zhao Peng was the last one to go in after him.

"Chief Zhao, let's leave this case to Captain Dong Jun of the police department to conduct the trial, don't go in!" Commissioner Ma shouted out.

"Commissioner, this" Zhao Peng said with difficulty.

He knew that if Lin Kai was sent inside, there would be no good consequences, and if he was seriously injured or killed, there would be no way for him to explain to Instructor Zhang, but he was only a warden and had no right to participate in the trial of the prisoners.

"I told you not to go in, didn't you hear me?" Director Ma felt a little annoyed when he saw Zhao Peng repeatedly disobeying his orders.

"As ordered!"

Zhao Peng gave a military salute to Commissioner Ma once again before retreating back.

Clang!

A clanging sound came and the electronically controlled stone door closed tightly, becoming a seamless wall again.

Seeing Zhao Peng standing dumbfounded in place, Director Ma said, "Let's go!"

Only then did Zhao Peng slow down, nodded his head and took the few guards who had just escorted Lin Kai down with him, and rode upstairs in the lift with Director Ma.

The bearded man and the men in uniform just now were specifically responsible for interrogating the prisoners and were under the direct authority of Commissioner Ma, and had no friendship with Zhao Peng.

Therefore, he did not dare to hope that these people would be merciful to Lin Kai, and secretly pinched a cold sweat for him.

.....

Lin Kai knew he would suffer when he was brought into the secret room by Big Beard and the others, because, they used to do this when interrogating those captives captured by the rival forces.

“These people are treating me like a terrorist,” Lin Kai said with a bitter smile in his heart as he glanced back at Dong Jun who had a smug look on his face, “It seems that this guy wants to put me to death and take my life, huh?”

“If they treat me like this, Instructor Zhang will not let them go, Instructor Zhang will definitely not abandon me and not save me from death.” With this thought in his mind, Lin Kai was much relieved.

When Lin Kai had received special training from Zhang Tianhu and went out on special missions, he had suffered many hardships and encountered many trials and tribulations, and had survived nine deaths.

It was a test to test the hearts of Commissioner Ma, Dong Jun and the others to see how bad they really were, so that when Lin Kai had the chance, he could make them pay back twice as much for the pain he had suffered here, but only if he lived and walked out of here safely.

“Hey,” Dong Jun said with a wicked smile as he stared at Lin Kai after entering a spacious chamber, “Kid, I didn’t expect that, after only a few days, you’d fallen into my hands!”

“I thought of that,” Lin Kai sneered, “It’s just that, I didn’t expect your gang to be so despicable!”

“Oh, it doesn’t matter whether you thought of it or not, the point is that you’ve now fallen into my hands.” Dong Jun looked at Lin Kai smugly, as if he was looking at a lamb waiting to be slaughtered.

“Hmph, it’s not certain who falls into whose hands!” Lin Kai said unconcernedly.

“Execute!” Dong Jun said to the bearded man in a mighty manner.

The bearded man waved a large hand at the men around him.

Hulla, hulla!

Four strong men rushed up and lunged towards Lin Kai.

“Wait a minute!” Lin Kai flashed his body backwards and shot out a hand to stop them.

The few big men stopped at the sound of their voices.

Lin Kai dropped his gaze to Dong Jun and asked, “Do you really want to force me to death?”

“What’s wrong with me forcing you to death?” Dong Jun said playfully.

“Aren’t you afraid of death?” Lin Kai said in a deep voice.

“Kid, how dare you talk tough when you’re dying,” Dong Jun said angrily, “Even if I’m going to die, I’m going to kill you first!”

“No room for negotiation?” Lin Kai said.

“There is nothing to negotiate with a dying man,” Dong Jun shouted with a fierce look on his face, “Brothers, break this kid’s limbs for me first!”

The four strong men started up again like a gear that had been wound up, swarming towards Lin Kai.

This time, the bearded man himself took the field, and, rushing in front, he was seen wielding a large iron rod and smashing it towards Lin Kai.

Whoosh!

The iron rod was mixed with the sound of wind and aimed exactly at Lin Kai's head.

.....

Inside that heavily guarded compound in Yanjing City, a gleaming old man leaned his back on a soft sofa chair in his study, enjoying a beautiful girl giving him a shoulder and neck massage.

The girl's strokes were gentle and just the right amount of force, and the soothing sensation made the old man hum comfortably.

"Lina, are you still used to your study life at school these days?" Master Song was particularly fond of this granddaughter's clever mouth and deft hands, and her tone was very kind.

"Not too bad!" Song Linna replied.

"What about that boyfriend of yours named Lin Kai, how is he doing now?" Elder Song inquired.

"He was framed and taken away by the military inspector's office, " Song Lina said somberly.

"Ah, what's going on here?" Elder Song asked in surprise.

"What happened was like this" Song Linna recounted in detail to her grandfather how Lin Kai had been taken away by the men of Director Ma of the Inspector's Office at the celebration banquet.

"What is Zhang Tianhu doing? How can he lead soldiers when he can't even protect his own men?" After listening to his granddaughter's account, Elder Song burst out in anger and said, "Idiot, he can't even handle that little bastard surnamed Ma from the Inspector's Office, he's simply incompetent and stupid!"

.....

In the third level prison of the Inspector's Department, Lin Kai sneered as he looked at the five men rushing over, and two flames of anger began to rise in his eyes.

Roar!

At the very moment when the stick in the bearded man's hand was swung out, Lin Kai suddenly roared out.

This roar was like a thunderclap that reverberated through the spacious room, causing the ears of everyone present to perk up.

Then, the handcuffs and shackles that had been placed on Lin Kai's limbs strangely fell to the floor, and Lin Kai lifted his foot and kicked the bearded man in the wrist.

Click!

The bearded man's wrist broke in response to the sound, and the iron bar fell to the ground with a clanking sound.

One of the big men who came from behind was startled when he saw Lin Kai break free from the handcuffs and shackles he had put on himself.

These men were all selected from the special forces and were all battle-hardened. They were extremely resilient and the iron bar hit Lin Kai's back solidly.

Bang!

There was a muffled sound.

A powerful force came from his back and Lin Kai stiffened up, not allowing himself to lunge forward.

He quickly turned around because there were three men with iron bars in front of him, and if he lunged forward, he would become a target for their attack.

Poof!

There was another muffled sound.

A painful sensation hit him, a fishy sweet liquid rose up into his throat, followed by a large mouthful of blood spurting out from Lin Kai's mouth
