

# Nothing to Give but My Heart Chapter 1410 – 1419

## Chapter 1410

How ridiculous.

Xu Yan smiled self-deprecatingly with her lips, put the small mirror away and prepared to leave the hospital.

A familiar figure hurried past.

Xu Yanwan took a look, and then stopped.

Because it was not someone else who passed in front of her, but a nightmare, Jessica wanted to come to the hospital for a check.

Seeing Jessica here and her expression still in such hurry, Xu Yanwan felt a sense of confusion. What is she doing in the hospital at this time? And still alone.

Probably because she was her rival in love, Xu Yanwan paid special attention to Jessica, and she quietly followed with her bag.

Then, when Xu Yanwan saw Jessica go to the obstetrics and gynecology department, her doubts became even greater.

She is obviously not married yet, what will she do in obstetrics and gynecology at this time? And she walked in such a hurry, could it be...

A thought flashed through her mind, and Xu Yanwan was horrified in an instant, her eyes widened, and her whole body stood in place like an ice cave.

She hasn't got married yet. At this time, she came to the obstetrics and gynecology department, she is afraid there is only one reason, that is, she may be pregnant.

The blood on Xu Yanwan's face was lost, her scalp numbly staring at Jessica's back, the jealousy, unwillingness, anger, and resentment that were buried deep in her heart grew wildly and spread at this moment, like a blazing fire. Almost all her emotions and all her sanity were burned out in an instant.

How could this be, how could this be! ! ?

Why is the world so unfair to her! why?

Xu Yanwan was standing there, but she was screaming in her heart frantically. If there was a mirror at this time, she could see how hideous her quiet facial features had become at this moment!

She was the first person to appear next to Victor Han, but why did she only leave for a few years? Everything has changed!

She has no family, no father and mother, and now she can't keep even the man she loves most. What kind of face does she have to live in this world?

Why?

Xu Yanwan felt that her body and mind were not under her control, her body was shaking, but she walked towards Jessica step by step.

She is pregnant, and the wedding is ready. She is afraid that she will never have another chance in her life. why? She obviously likes Victor Han so much, for Victor Han she desperately to become better, and rejected many crazy suitors.

She obviously had so many suitors before, but they were all overshadowed by Victor Han's contrast, so Xu Yanwan absolutely rejected them, and firmly believed that as long as she persisted, Victor Han would see her perseverance one day.

Unexpectedly, all this has changed.

He is not cold-hearted; he just doesn't want to love her.

Jessica checked, and waited for the doctor to tell her that the fetus was stable. She was relieved, but she was a little worried, and asked again: "But I almost fell yesterday and had a nightmare at night. My stomach hurts a bit. What's the matter? Do you need to get a baby?"

The doctor stretched out his hand and raised his glasses, and said with a stern tone: "Ms. Zhou, everything is normal for your baby. At present, there is nothing else. What you said should be caused by your tension. It is best to relax and watch more. Parenting magazine, listen to soothing music, don't think too much."

Jessica nodded: "Thank you."

In short, everything was normal, Jessica took the report and went home.

After she left, Xu Yanwan walked out of the corner, and then looked at the direction Jessica was leaving, her whole body as melancholy as if she was trapped in black mist.

Sure enough, she was pregnant, ah, she didn't expect that she was so fateful.

No comparison, a comparison is completely tragic.

Because Xu Yanwan discovered that Jessica is inferior to her in all her family background and resume. She can play the piano, speak four or five

languages, dance, and manage business. How many skills does she have, but why can't she compare to one? A woman who knows nothing?

She really doesn't know why is she not up to Jessica?

The more I thought about it, the jealousy in Xu Yanwan's heart spread. She didn't know how she left the hospital, only that the sky outside had turned dark when she came out, and there was still a vague tendency to rain.

Xu Yanwan took out her mobile phone and wanted to make a cry.

But in the business card holder, there was no one who could call and cry.

The parents who used to love her and spoil her are gone. As for Victor Han, he would not care about her at all.

Xu Yanwan, you really failed. You thought you lived a very delicate life, a princess, but what did you get in the end?

"You don't have anything. You don't even have money now. Even if you want to rejuvenate the Xu family, others are helping you. She has to rely on poverty alleviation. What qualifications does she have to steal men from others?"

Rumbling...

It rained suddenly in the sky, and the walkers all rushed to the eaves to take shelter from the rain. Some with umbrellas opened the umbrellas. Soon Xu Yanwan was left standing alone on the lively sidewalk. Drops of rain fell on her head and face.

The thunder was very loud, the rain was getting heavier, and the crowds were everywhere. She was almost unable to open her eyes by the rain, and her eyes were blurred. Where... is her home?

She couldn't tell whether it was rain or tears on her face. Xu Yanwan dragged her steps forward with difficulty. She didn't know how long it took when she suddenly had an umbrella covering her head.

Xu Yanwan was stunned, and she was completely stunned.

At this time, is there anyone to keep her out of the rain?

Xu Yanwan raised her head blankly, and then crashed into a pair of worried eyes.

"Don't go any further, the rain is too heavy, I will send you back."

Only then did Xu Yanwan recognize that the man in front of her was a man who had chased her for many years, but wasn't he abroad? Why did he come from China, and how did he know he would be here?

Thinking of this, Xu Yanwan widened her eyes: "Are you following me?"

After finishing talking, she pushed him aside forcefully and knocked off the umbrella in her hand, "Go away, you stalker!"

After being pushed aside, the man quickly stepped forward and took the umbrella and raised it on top of her hand, grabbing her hand: "Stop messing around, you are not in good health, you will get sick if you go down!"

"It's none of your business!" Xu Yanwan yelled at him: "You don't need to take care of my business. Don't think that you are good to me at this time, and I will like you. He Lianjing, how affectionate you are in front of me, Personality? Do you think I don't know how many women you've talked to? You guys who don't respect girls at all and who change girlfriends are like changing clothes. Even if I'm down, I won't look down on you!"

Hearing these words, He Lianjing smiled helplessly, grabbed Xu Yanwan's hand, and raised her eyebrows: "So, you fell in love with the man who never looked at you more?"

Xu Yanwan bit her lower lip and looked at him with a pale face, "Shut up."

## Chapter 1411

"Why, am I wrong? After the Xu family was gone, you were unwilling to accept my help and ran over to find him. What did you get in the end? Xu Yanwan, I am a man, so I know exactly what men are thinking. He didn't like you before, and he won't like you even more. What's more, he already has a girlfriend by his side, and he will get married soon."

"Shut up, you shut up."

In the torrential rain, the man said everything Xu Yanwan didn't like to listen to, sentence by sentence like a needle piercing her heart.

"Shut up and do what? Are these incidents not enough to make you sober? I, He Lianjing, had many women before, but why don't you see that since I met you, there has been no mess around me again? A woman, what have I done for you, can't you think about it? Have to smash that man who doesn't want to look at you more?"

Hearing, Xu Yanwan just sneered.

"Don't take what you said so tall, even if there is no messy woman next to you? Your relationship life was so chaotic before, so absurd that everyone knows you are a playboy. If you say you get better, I will Do I have to believe you? Let me go and stop showing up in front of me."

He Lianjing was filled with blood from what she said, and did not listen to her words to let her go, but directly threw the umbrella to embrace her.

“You want to get in the rain, right? Okay, then I’ll accompany you.”

“Let go, let go!” Xu Yanwan pushed him, but He Lianjing’s strength was very strong. Every time Xu Yanwan smashed it, it didn’t help. It’s best for He Lianjing to suddenly pinch her shoulders, and his eyes tightened her like wild animals. .

“I saw you follow that woman in the hospital today. How about? Is it heartache to know that she became pregnant? Would you like to do something? I can help you.”

Xu Yanwan was still struggling to push him away. When she heard his last words, all her movements suddenly stopped, seeming to be a little unbelievable, she stared at He Lianjing with wide eyes, her lips trembled.

“You like him for so many years, but he didn’t even look at you. He made you so painful. Now he is about to enter the palace of marriage. If you don’t do anything at this time, he will be happy in the future. , Are you willing?”

Willing?

Xu Yanwan bit her lower lip firmly and kept shouting in her heart. She was naturally unwilling, but what could she do? Her forehead hurt like this, and he didn’t want to stay with her for a while. When he went to see her, he brought his girlfriend.

Of course she is not reconciled!

But do you want her to die?

Thinking of this, Xu Yanwan stunned and said: “Is it because I am dead that he will look at me?”

Hearing, He Lianjing took a deep breath, "What are you thinking about? Why do you hurt yourself? If you are hurt to death, they will not be sad, but they will live happier. If you want them to suffer as much as you, then you can only start from them."

Start with them?

Xu Yanwan looked at He Lianjing in front of her. When he said this, his expression revealed a hint of cruelty, which she had never seen before on his face. She had heard that He Lianjing was cruel, not only against business partners, but also against women.

Those women who had been with him would not show mercy if they dared to stalk him after being abandoned, and they would be so cruel that they would not dare to look for him after being dumped. The trouble, she dare not pester him.

When Xu Yanwan knew that she was being targeted by him, she secretly said something unlucky in her heart, and then never ignored him, but she did not expect that this absurd young master He Lianjing would wash his hands with a golden basin after getting to know Xu Yanwan, and never since. He didn't mess with the woman, but followed Xu Yanwan's heart.

It's a pity that Xu Yanwan doesn't like him. In order to please people, the young master He learned to manage various companies from a frivolous dude to become more serious. He Lianjing is also fierce when chasing women, blocking get off work, giving flowers, and smashing gifts. All kinds of jewellery bags, luxury villa cars, but the Xu family was big at the beginning, and Xu Yanwan received a higher education, so how could he be regarded as such a frivolous boy?

Xu Yanwan didn't react at all to He Lianjing's indiscriminate bombardment, but He Lianjing continued to pursue frantically without fail. At that time, he was envious of Xu Yanwan's performance.

After all, who doesn't want someone to like him so much?

After an accident in the Xu family, many girls waited to see the jokes, and even guessed that Xu Yanwan would definitely accept He Lianjing's help and pursuit, but she still did not have it. Although she lost everything, her back was still straight and He Lianjing was still followed her and ran after her.

Everyone has no other choice but to get angry. Who will let He Lianjing be violent?

Now, He Lianjing has chased her back to the country and told her to let her confront Victor Han.

After Xu Yanwan reacted, she pushed him away forcefully in an instant, "You think that I won't hurt Victor Han. I like him. Although he doesn't like me, I will not do anything to harm him because of this."

Hearingly heard, He Lianjing gave a very hostile smile, "Who told you to hurt him? Isn't there a woman next to him?"

Xu Yanwan was stunned, looking at He Lianjing in front of her, thinking of the woman he had cleaned up before, her lips opened and she couldn't say a word.

"If you hurt him, he will only suffer some pain at best, but if you let his woman do something, then he will suffer from heart-wrenching pain."

Having said that, He Lianjing took two steps forward, holding Xu Yanwan's cheeks, and gently rubbing his fingertips on her red lips, with a low voice, "I help you, I help you, they make you so painful, I How about making him feel unhappy?"

Xu Yanwan didn't know if she was frightened or something. She stood there stupidly, the rain was getting heavier and harder to open her eyes, and He Lianjing took her into her arms, her chest shaking.

"Xu Yanwan, I will give you what you want. What you want to do but dare not do, I will do it for you, and let me take care of you."

At this moment, Marry Jiang looked at the heavy rain outside, reluctantly closed the window, and then sighed.

"Why suddenly it rained so heavily? The sugar cube girl would go to the bar to cheer for her male god at night."

And the most important thing is that Phillip worked overtime tonight, and he is still in the company now. Will he get caught in the rain when he comes back? Should she prepare a bowl of ginger soup for him in advance?

But after thinking about it, Marry Jiang felt that she was passionate again. After all, Phillip came back by car, and he would definitely bring an umbrella. She shouldn't get caught in the rain. She was really worried.

So at the end, Marry Jiang simply did nothing and went to sleep.

## **Chapter 1412**

Sure enough, as Marry Jiang expected, the corners of Phillip's clothes were not wet after returning home from get off work.

The headlights in the room have been turned off, leaving a dim yellow light in the corner to illuminate the room full of items. In the past, when she went home after working overtime, the room was completely dark, but since Marry Jiang moved in, no matter what how late she works overtime, it won't be dark when he opens the door.

Although this light was dimly yellow, it became a street light to guide Phillip home in the middle of the night.

Phillip unbuttoned, took off his suit jacket and put it on the sofa next to him.

Click...

The door to the room suddenly opened. Marry Jiang rubbed her eyes and walked out in a daze, "Are you back from overtime? What time is this?"

"It's twelve o'clock, why did you get up?"

Phillip frowned when he saw what she was wearing. Marry Jiang probably crawled out of the bed suddenly, so she wore a set of pajamas. There was a problem with her when she slept, but she didn't like to wear too heavy. So even in winter, she still wears a thin spring and autumn style.

"My feet were still bare when I came out, and I didn't wear socks at all."

"Go back to sleep, don't catch a cold."

In fact, Marry Jiang got up to go to the bathroom halfway through her sleep, just when she heard a sound outside, she was ready to come out to see and say hello before going back to sleep. Now that Phillip said so, she was still strangely moved.

After all, he worked overtime until late at night, and he would care about her when he came back, which shows that this dog man still cares about her.

Marry Jiang was moved for a while in her heart, and then said: "Are you hungry? May I order you noodles?"

Hearing, Phillip's eyebrows tightened tighter: "Dress like this and go to the bottom?"

"Are you stupid? I just add a coat."

After Marry Jiang really turned around to go back to the house to put on a coat, Phillip walked over and held her shoulders: "What are you tossing about? Didn't I tell you to go back to sleep? It's so late, I can do it myself. "

When he leaned over, Marry Jiang clearly felt the moisture and coolness of the heavy rain outside on him. She didn't know what she thought, so she subconsciously followed his hand and touched it.

Then it touched Phillip's cold palm.

Marry Jiang just came out of the bed, and she shivered from the cold when she touched it so suddenly, Phillip immediately felt it, and quickly pulled his hand back, pursing his lips and said, "Go in and sleep."

"Why are your hands so cold? Is it so cold outside?"

"It's raining and it's a bit cold, but it's okay."

"You go take a bath now." Marry Jiang suddenly ordered.

Phillip raised his eyebrows: "Huh?"

"Go take a hot bath to warm up, is it embarrassing that your big man's hands are frozen like this? My hands are warmer than you!"

The sudden disgust made Phillip feel inexplicable, and a question mark appeared on his head.

He worked overtime until the middle of the night. When he came out, it was raining outside and the cold was so cold. That's why her hands were so cold, but she herself got out of the warm bed and touched his hand. She hated him?

However, before Phillip could react, Marry Jiang had already pushed him into the bathroom, closing the door for him with a snap, "Don't come out if it's not hot!"

Phillip stood there and touched his nose inexplicably. He wanted to say, don't you need to take clothes in the bath?

After such a tossing, Marry Jiang's sleepworm had completely run away. She went back to the room and took a coat for herself to put on, and then went into the kitchen.

While opening the fire, Marry Jiang opened the cabinet next to him, and served him a bowl of clear noodle soup to warm him at night. After all, the weather is so cold, eating something hot can warm your hands and feet.

After the water boiled, Marry Jiang threw the noodles in, swept in the direction of the bathroom, and mumbled softly, "I really owe you."

Obviously she had decided to go to bed, just came out to take a look, why did she make him a supper with love? Pooh!

When Phillip finished the bath, Marry Jiang's noodles had already been cooked.

She was sitting on the sofa with a large bowl of noodles in front of her. The chopsticks and spoons were all ready. She saw Phillip coming out, beckoning to feed the pigs and yelling at him: "Hurry up and eat. I'll go to bed after eating. "

Phillip wiped her hair clean and walked up to her and sat down.

“Go to bed.” Phillip suggested that she looked tired.

Who knows that Marry Jiang raised her eyebrows uncomfortably when she heard it: “Why, I don’t think you can eat a bite?”

Okay, just look, what’s up with such a temper?

Of course, Phillip only dared to say these words in his heart, not at all apparent on the surface. He pulled a chair very obediently and sat down and started eating noodles. Marry Jiang sat opposite and stared at him.

Although Phillip is a man, he feels embarrassed to be stared at by his girlfriend like this, but Marry Jiang will definitely want to fuck him again, so he can only bear it.

“Why are you just eating noodles? Have some soup?”

Phillip took a spoon and drank several mouthfuls of the soup. He was scalded because he didn’t test the temperature. Marry Jiang couldn’t help but bury him: “Are you stupid? You can’t test the temperature before drinking the soup? It’s hot. Right? Shabi?”

“ ... ”

Suddenly Phillip didn’t know what to say.

But Marry Jiang didn’t intend to let him go. She raised her hand and poured a glass of water to him: “Take a sip, don’t burn it.”

Facing her request, Phillip found that he was unable to refute, so he could only take a sip from the water glass, but the temperature of the water was surprisingly cold, and he couldn't help but choke.

The result of this is naturally that Marry Jiang's eyes look at him even more disgusting.

"Why are you such a dish? You can choke after eating something and drinking drool."

Phillip raised his eyes and glanced at Marry Jiang. She opened her mouth without knowing anything. Phillip stared for a while and his eyes darkened. He put down the cup and suddenly got up and walked around the table to Marry. Bai, in front of him, leaned over and put his hands behind her seat to circle her.

"I'm talking about you..." Marry Jiang's words stopped abruptly at the sudden approach, staring wide-eyed at the handsome face in front, and his voice became nervous unconsciously, "You, what are you doing?"

"Go on, why don't you say it?" Phillip leaned forward a few inches, the breath of the two almost lingering together, Marry Jiang was quite able to say just now, and he was directly dumb right now.

"Huh?" Seeing that she stopped speaking, Phillip raised his eyebrows instead, "Isn't it enough to say just now? Now, continue."

Marry Jiang understood that he was deliberately provoking her!

Oh, dog man, do you want to fight me? Think that you can occupy sovereignty? Want to be beautiful! If I, Marry Jiang, can turn you over, then I will have your last name!

As soon as his thoughts fell, Marry Jiang smirked, and suddenly stretched out her hand to hug Phillip's neck, and said with a smile: "You are so close, what else I can say?"

## Chapter 1413

Phillip originally wanted to scare her, and he did shock her. It was really funny to see her nervous and gaffe, but he didn't expect that she would react so quickly, and actually put her hand around to the back of his neck.

The distance between the two of them, this action, no matter from which angle they look very close, there is a tendency to kiss.

Phillip felt his breathing heavier.

"Do you want to kiss me?"

At this moment, Marry Jiang was still blinking, and asked him gently.

When she laughed, her eyes were full of sly, a bit like a fox, Phillip felt as if she had been taken into a pit, and her thin lips were pursed.

"Speak." Marry Jiang moved her fingers and squeezed the back of his neck. Phillip's breathing became heavy, and the color of his eyes was changing rapidly.

Marry Jiang saw this situation in his eyes, and was also very satisfied with the changes he had made under her pick. She increased her strength and deliberately moved forward, her red lips deliberately rubbed his cheeks and landed on his ear: "Why don't you dare to speak? You weren't quite able just now. I took the initiative to lean in, the color heart is not bold!"

Seeing that he was unmoved, Marry Jiang seemed to be sure of what he didn't dare to do, and continued to arouse him, "Just say you are a coward, even if your girlfriend is so close to you, you dare not kiss."

As soon as she finished speaking, Phillip suddenly raised his hand to hold Marry Jiang's arm, and narrowed his eyes, "You are so sure, am I afraid to do anything to you?"

When he asked this question, he held her arm and pulled her a little bit apart. Her lips were no longer close to his ears, but face to face with him, leaving only a little distance.

With breath touching, Marry Jiang could almost see her own appearance in the pupil of the conversation.

Although she is courageous, she is a girl after all. Once Phillip becomes strong, she instantly becomes a little weak, but when she thinks about her getting along with Phillip, she always suppressed him, so she had to force herself to fight. Spirit, deliberately suppressed him.

"Then do you dare?"

Phillip sat still, but looked at her with heavy eyes.

Marry Jiang smiled instantly, "I said you dare not, you...well."

It was dark in front of her eyes, Marry Jiang's lips were kissed, her eyes widened in disbelief, looking at the people close at hand. Phillip's kiss was not urgent, but the attack was true as soon as he came. The breath that belonged to him poured into Marry Jiang's mouth. When Marry Jiang was still in a daze, the shell teeth had been pried away.

When she reacted, the enemy had already invaded the city, and she had no ability to resist, and she was forced to accept the kiss with her head up.

Both of them's breathing was messed up.

As time passed a little bit, the kiss seemed to have changed. At first, Phillip really wanted to prove himself, but as he progressed, he gradually improved. The sweetness of a girl attracted him deeply.

Just like that night, he couldn't resist Marry Jiang's temptation at all.

Today, he didn't drink alcohol, his mind was sober, but he still didn't control himself. Phillip closed his eyes, pressed the back of Marry Jiang's head with his big hand, thinking about nothing.

The two moved from the dining table to the sofa in the living room. Marry Jiang was half-prone and half-slumped in Phillip's arms, her coat had fallen to the ground, her collar was crooked, and her hair was messed up.

Comparing Phillip again, he was not much better.

Marry Jiang gradually felt something wrong with Phillip's body. She pushed him away forcefully, blinked at him, and said innocently, "My relatives are here."

Hearing, Phillip paused for a while.

Marry Jiang raised a smile, smiling like a successful little fox.

The dog man in front of him seemed to have been fascinated by her, hum.

"So, solve it yourself!"

After speaking, Marry Jiang pulled his tie, then got up and prepared to leave. He didn't want to just turn around. A brute force came from her waist and pulled her back. Marry Jiang fell into it uncontrollably. Phillip's arms.

She silently looked at the man who tightened her waist, and struggled: “What are you doing?”

Phillip pursed his thin lips, the expression on his face looked normal, but his ears were already completely red, “Will I know if your relatives are here?”

She has lived here for so long, how could he know nothing about her menstrual period?

Marry Jiang was dumbfounded at first, but after reacting, she gritted her teeth and stared at him: “What do you mean? Are you still paying attention to this when you step on a horse?”

Phillip is a little awkward, it's not what he wants to pay attention to, but how can a girl who lives with you every day not know these things? He is neither stupid nor stupid.

“You're going to die, you!!” Marry Jiang directly pinched his ears and shouted: “Phillip, you bastard, you explain to me clearly, did you start coveting me before?”

Phillip pursed his thin lips and said nothing. He felt that the problem became more and more chaotic.

He pulled down Marry Jiang's hand, deceived her and leaned forward, and pressed the tip of her nose against the tip of her nose, “This is not the point now. When does Marry Jiang like to deceive people and become deserters?”

The topic was suddenly turned back by him, Marry Jiang's cheeks were a little red, “Who is a deserter? You speak hard!”

“That...” Although Phillip didn't say clearly in the following words, but at the moment Marry Jiang was sitting in his arms, how could she not feel what he meant by this sentence, she twisted Phillip bitterly: “You don't think about it!”

After that, she turned her head away angrily, “Don’t forget that we are trying to date each other now. You dare to touch me without my consent?”

Phillip was silent, probably because he realized the seriousness of the problem, he hugged her and took a deep breath, then let go of her, got up and got up in the bathroom.

Marry Jiang: “???”

“I rub, this dog man! She said she didn’t want you, so you won’t ask again? Is the skin so thin?”

Listening to the sound of water coming from the bathroom, Marry Jiang was speechless, let out a suffocating breath, then picked up her coat and put it on again.

The smelly man who is incomprehensible, let him take a shower by himself.

Marry Jiang didn’t bother to pay him any more, went straight back to the room, and directly locked the door of the room.

With such a thin skin, go to sleep on the sofa at night.

Marry Jiang didn’t know how long she lay in the bed, and finally heard a sound from the door, but the door was locked by her, so Phillip couldn’t get in at all.

Sure enough, the movement only rang for a while and then disappeared.

But before long, Marry Jiang heard the sound of the key opening the door. She pulled the quilt above her head and was angrily. Although he knew that he had the key to open the door, he would definitely feel depressed when he discovered that the door was locked.

Marry Jiang felt cool to add a blockage to him.

There was a rustling sound from behind, and after a while Phillip also got into the quilt.

“Why lock the door again?”

## **Chapter 1414**

Why did you lock the door again?

Shit, he is embarrassed to ask? Marry Jiang rolled her eyes with her back to him, and did not answer his question.

Then Marry Jiang felt Phillip’s breath closer, her voice softly as if dandelion was scratching her heart, “Still angry with me?”

Cut, who is angry with him?

Marry Jiang still didn’t speak, and Phillip leaned closer: “I know you haven’t slept. It wasn’t intentional just now. I promise you won’t do this again next time.”

Hearing, Marry Jiang’s eyes widened, dare to love him because he thought he was giving birth to him?

Ah, this dog man, a dog man who is incomprehensible!

She really agreed to be with him only when her brain was kicked by a donkey!

Marry Jiang continued to roll her eyes. This time she really didn't bother to pay attention to him anymore. She had better sleep and listen to him. She was afraid that she would have a myocardial infarction sooner or later.

After Phillip said a few words, he found that Marry Jiang was still reluctant to pay attention to him. Thinking of what he did just now, it was indeed a bit too much. He wanted to apologize but didn't know what to say. Finally he thought about it and asked. One sentence.

"Today's goodnight kiss, do you want more?"

Marry Jiang: "?"

After a period of silence in the room, Marry Jiang finally turned over to face Phillip. The light was not bright, but it was enough for the other party to see it clearly.

"Are you a pig?" Marry Jiang asked him angrily.

Phillip thought she was angry again, so he had to withdraw his gaze, "Then go to sleep."

Marry Jiang: "???"

Ha ha ha, she declares her dead, dog man!

Marry Jiang sneered twice and sneered at him directly: "What good night kiss do you want? You'd better not kiss me again in your life."

She doesn't know if it is Phillip's own illusion. Why does it always feel like Marry's words are arrogant? He never felt that he didn't understand women before. In front of straight men like Ye Moshen, he felt that he knew women well, but now facing Marry Jiang, who is cunning like a fox, Phillip is confused.

What is she thinking?

“Do you want a good night kiss?”

After asking, Phillip felt that Marry Jiang’s eyes became sharper, as if she wanted to kill him, and did nothing, Phillip didn’t bother to talk nonsense with her anymore, and directly pressed her forward and fell on her forehead. A kiss, and then he pressed her into his arms, “sleep.”

Marry Jiang was not given a chance to react at all.

Marry Jiang, who was pressed into Phillip’s chest, looked dazed. Did she just say something?

Why did this straight rubbish man suddenly get rid of it? What she said was to tell him not to touch her again, so why did he lean over and ask for a kiss.

However, Marry Jiang’s mood was better. After all, Phillip was not an elm-headed man, he was still saved.

After the heart calmed down, Marry Jiang soon closed her eyes and fell asleep.

Phillip heard the breathing of the person in his arms gradually become steady, and he lowered his head and kissed the top of her hair lightly. Tonight he did pass a little bit, so let’s control himself well in the future.

Since knowing that Phillip put an innocent girl to sleep, Liang Yahe saw Marry Jiang again. She was very caring for her. She was so cold and hungry for fear that she would be cold and hungry. A white dress, a bracelet tomorrow, and a silk scarf the day after tomorrow. The gifts are endless. At the beginning, Marry Jiang only accepted them because she liked herself. To this day, Marry Jiang was simply stunned.

Moreover, Liang Yahe was very generous in her shots. Guerlain's skin care products were so expensive that Marry Jiang couldn't bear to buy them. Liang Yahe bought a set and gave it to her.

She thought that she and Phillip were just trying to date each other, and they might not really be together in the future. She felt that this gift really made her uneasy, so she didn't want to accept it anymore, and even wanted to give the gift before. Take it back.

When Liang Yahe heard this, she turned her face immediately.

"How can there be any reason to take back the things sent out? Marry, do you think the things your aunt gave you are not good? If you think it's not good, then you throw it away."

Marry Jiang: "?"

Is she willing to throw such expensive things?

Marry Jiang could only helplessly explain: "Auntie, it's not that things are bad, but they are too expensive. I really can't bear it."

"How can I not be able to bear it? We Marry are such a good girl. Auntie said that if you can bear it, you can bear it. Don't have a psychological burden. If you break up with Phillip in the future, Auntie won't I will get these things back."

Uh, Marry Jiang was a little stunned, how did Liang Yahe get to this?

"Don't worry, auntie is just like you. They are all women. Which woman doesn't want her boyfriend and future in-laws to love her? If you and Phillip are really together in the future, auntie will give you more in the future."

In fact, Liang Yahe had a very happy life. Her husband was kind to her, and her son was filial. Most of the money earned went to her. Liang Yahe didn't think that she would spend it all, but saved it all, waiting for her son to get married. Then buy him a house, but it hasn't settled at the moment. With a good wife like Marry Jiang in front of her, of course she must keep it before we can talk about marriage.

Liang Yahe didn't feel distressed at all when she used her money to buy things for Marry Jiang.

“Auntie, I really...”

“Marry, don't refuse, if you continue, Auntie will turn her face.”

Marry Jiang had no choice but to give up, but she could not take so many things for nothing, so she found time to go to the mall and bought Liang Yahe a very expensive silk scarf.

Liang Yahe was very happy after getting it, and when everyone put it on, she said that this is a silk scarf that her future daughter-in-law will buy for her, which is of great value.

In fact, Marry Jiang bought the silk scarf for the first time, and it took her a lot of savings. If it were normal, she would have to cry out of distress.

After all, she doesn't usually buy such luxury goods, but because Liang Yahe really bought too many things for her, Marry Jiang didn't feel so distressed when she bought it.

However, meat pain is certain. After all, if there is a choice, she would rather save the money. What urgent things will be used in the future, where will she continue to buy and buy like she is now?

Oh, forget it, how can she be her boyfriend's mother. People are so caring about themselves, so she shouldn't let them down.

Xu Yanwan's company's preparations are gradually on the right track. After the plan is finalized, no one quarrels anymore, and they are all doing their work with peace of mind.

The day of Victor Han and Jessica's wedding is getting closer.

Xu Yanwan still couldn't help sending a WeChat message to Jessica.

Although Jessica threw away the phone card before, but after being brought back by Victor Han, she went to the business hall to make up the phone account again. After all, after so many years, she has been used to it.

So Jessica was surprised when she received Xu Yanwan's WeChat. Last time she sat in her co-pilot and was stunned by Jessica, Jessica thought she would not bother herself anymore, but she didn't expect to find her again on herself.

## **Chapter 1415**

Jessica is actually not annoying to Xu Yanwan.

But she is indeed a man who covets her. For this point alone, Jessica doesn't like her, and what she said to herself before is still meaningful. Although it is not particularly obvious, Jessica After knowing her identity, she will know what she means.

And she did believe it at the time.

However, Jessica is a person who loves and hates. Xu Yanwan did not cause any substantial harm to herself, and she hasn't been a demon quietly for a while, so she doesn't hate Xu Yanwan either.

Now that she saw her sending a message to her, Jessica thought about it and replied.

{Is there a problem?}

Xu Yanwan thought she wouldn't pay attention to herself, but when she saw her reply, her emotions were a bit complicated.

{I want to find a chance to meet with you, let's have a chat, can we?}

Meet?

When Jessica saw this message, she couldn't help squinting her eyes. So what did she ask herself for?

{What do you want?}

{You are all getting married, what do you say I can do? I just want to tell you what is on my mind, it depends on whether you want to listen. }

{Mind? If you want to talk about Victor Han-related things, then I don't think there is much interest.}

Jessica refused directly, and Xu Yanwan also expected that she would refuse her, so she could only reply with a wry smile.

{I know you will reject me, but I still want to chat with you, just let me give up, okay?}

Jessica went to work for a while, and when she came back to see Xu Yanwan's message, she could almost see through the screen of her mobile phone how painful Xu Yanwan's expression and heart were. She didn't know what was going on, probably because she didn't get a response when she

liked Victor Han before, so now seeing Xu Yanwan like this, she still feels a little empathetic.

After thinking about it, Jessica had to reply to her.

{Let's talk, where to meet?}

Finally, Xu Yanwan and Zhou Jessica made an appointment in a coffee shop.

Because Jessica was pregnant, she didn't touch the coffee for the time being, so she ordered a glass of juice. Xu Yanwan stared at the glass of juice for a long time, her eyes were self-deprecating.

She lowered her head and sighed: "I really envy you."

The movements of Jessica's hands paused, and after a moment, she put her hands flat on her lap, met the opponent's innocent eyes, and said, "What do you envy me? Envy me and Victor Han?"

Xu Yanwan didn't speak, just pursed her red lips, her eyes darkened.

"Actually, you don't have to envy you. I envy you on the other hand."

Hearing, Xu Yanwan raised her head in surprise and looked at Jessica, "What are you talking about? You, envy me?"

"Yeah." Jessica curled her lips and looked at Xu Yanwan's eyebrows with admiration. "When I first met you, I didn't know your feelings for Victor Han, but what you learned from others is Very good. You know everything. You have received a high level of education since you were a child. You can also manage the company. You have a good appearance. Isn't it normal for me to envy you?"

Xu Yanwan never thought that she would be envious of Jessica.

She thought that after Jessica and Victor Han were together, they should be proud and look down on everyone, but she didn't expect that she actually envied herself and praised herself.

Unpredictable, Xu Yanwan looked at Jessica sitting in front of her blankly, as if uncertain, "You, do you really envy me?"

"Is it weird? You are excellent, and it is normal for others to envy you."

Seeing the error on Xu Yanwan's face, Jessica suddenly felt that she was actually not bad. She liked Victor Han so much, but she never did any harm to herself. Those words that meant something were probably controlled by her. Didn't you just say it by yourself?

Thinking of this, Jessica sighed, "Those things you said to me before, I can understand that you are in love and can't think about it for a while to say that, but...we are getting married soon, and I hope you can read it later some."

After a long silence, Xu Yanwan suddenly smiled bitterly: "I didn't expect you to comfort me. I thought you should hate me very much."

"Nothing to dislike, liking someone is not something you can control. I can understand you very well, but I don't know how to persuade you. Let's stop here today. There is nothing to talk about between us. , But I heard that your company is doing well, congratulations."

Jessica is about to get married, so she doesn't want to care about too much with each other now, because she was a poor person who couldn't get it. After speaking, she was about to get up, but bumped into the waiter who came to deliver the coffee.

Coffee splashed her all over, and the waiter's face paled with fright: "I'm sorry, sorry, I didn't mean it, are you okay with this lady?"

Seeing her face pale, Jessica's eyes turned red all at once, and she couldn't get angry at her, she could only suppress her inner depression, "It's okay."

Xu Yanwan didn't expect such a change to happen. She subconsciously got up and took out the tissues in her bag to wipe Jessica, and said: "The clothes are now like this, or I will accompany you to the bathroom to tidy up. ?"

"Thank you, I will go by myself."

Jessica picked up the bag and walked towards the bathroom under the guidance of the waiter. Xu Yanwan sat down again and looked at her toes with her head down.

Before, she was jealous and hated towards Jessica, and her arrogance in her bones did not allow her to do too much, but after today's conversation, Xu Yanwan's heart is a little confused.

She didn't look down on herself, but envied herself, and thought she was excellent.

In fact, the affirmation of women to women is more important.

And this woman is not an ordinary woman, but a rival in love.

So Xu Yanwan's feeling in her heart is really subtle.

While thinking about it, when someone approached suddenly, Xu Yanwan raised her head in surprise: "Didn't you go to tidy it up? How come so soon..."

Halfway through the conversation, Xu Yanwan suddenly stopped because it was not Jessica who appeared in front of her, but He Lianjing who said that she would help her that night.

He changed into a flamboyant red suit today, sat down opposite her with brows and eyes, his lips curled up, and he looked in a good mood.

Xu Yanwan squinted her eyes in confusion: “Why are you here?”

Hearing, He Lianjing smiled bewildered, raised his eyebrows: “What do you mean?”

A vicious look flashed in his eyes, and after Xu Yanwan saw it clearly, a vague premonition flashed in his heart.

“What do you mean by that look?”

He Lianjing suddenly held her hand and said in a low voice: “Yan Wan, I said before, I will help you.”

The conjecture in her heart was finally confirmed, and Xu Yanwan widened her eyes inconclusively, “Did you arrange the waiter just now?”

“Well, the acting skills are good, you can give her more bonuses later.”

## **Chapter 1416**

Xu Yanwan sat there blankly, and the scene in which the waiter splashed coffee on Jessica and then took her away again appeared in her mind. Then her hands couldn't control her and started shaking.

After a while, Xu Yanwan rose up quickly, trying to walk in the direction of the bathroom.

When she passed by He Lianjing, she was blocked by his long arm.

“What do you want to do?”

Xu Yanwan didn't know what she wanted to do, only knew that her hands and feet didn't listen to her commands, she couldn't sit here.

“Think clearly, that's your rival in love. If they are happy, you will suffer. That man has made you unrequited love for so many years. Even if you get married, you are willing to fancy such a woman who is inferior to you?”

Xu Yanwan bit her lower lip and looked at him.

He Lianjing lifted his lips and smiled wantonly, “Xu Yanwan, this is an uneasy opportunity. If this fails, it will be difficult for you to ask her out next time. You have to think clearly.”

After that, He Lianjing told Xu Yanwan of all his arrangements, and even described the process. Hearing the bloody process, Xu Yanwan's head buzzed, and she couldn't care more about it, and she slammed He Lianjing away. Then her hand ran towards the bathroom.

She stumbled and hurried, but sincerely wanted to save people.

He Lianjing looked at her back for a long time, until her figure disappeared from sight, he took his gaze back, then walked around the table, sat in the position where Xu Yanwan had been sitting just now, picked up the coffee she had only drunk, and got together. After taking a few sips, the corners of the lips and the smiles in the eyes were deep.

In the bathroom

After Jessica finished finishing her clothes, she took off her coat and let the waitress air dry. Then she went to the bathroom and went to the toilet. After all, the door could not be opened.

Jessica thought the door was broken at first, so she tried several times, but the door still didn't respond, as if it had been locked from the outside.

As soon as this thought flashed through her mind, Jessica was stunned.

An unknown premonition rose in her heart.

Could someone want to harm her? But what do you want to do when you lock her in the bathroom?

Thinking of this, Jessica felt a little flustered. She hurriedly touched her mobile phone. To her unlucky discovery, she had put her bag on the sink when she came in to the bathroom. She thought she could go out at once, but she didn't expect this to happen. Kind of thing.

How to do? Jessica was anxious and could only try to call for help.

"Is there anyone out there? I need help here, help."

She yelled a few words, the bathroom was empty, and there was even a little echo. Other than that, she couldn't hear other voices. Jessica felt dazed and retreated to the corner to lean against.

Then she raised her head and looked around.

The above is empty, if she can't get out, she can consider going out from above.

However, the walls are all slippery, there is nothing to use, and even if it goes up, how can she go down? If it was before, if you fell, you would fall. The milder suffers from physical pain, and the severer suffers from fracture. It doesn't matter as long as you can get out.

But she is pregnant now, if she falls down, there will be two shortcomings?

No, Jessica didn't dare to try this method easily.

But other than that, she really seemed to have no other way, so Jessica could only try to call for help constantly.

After Xu Yanwan came to the bathroom, she happened to collide with the waiter who was holding Jessica's coat, and she stopped her aggressively, "Where is she?"

The waiter was frightened by her appearance, and did not recover for a long time. Xu Yanwan asked fiercely: "Where do I ask you?"

The waiter shrank his neck in fear, "Yes, in the bathroom."

"What did you do to her?" Xu Yanwan thought of the bloody and terrifying process He Lianjing had just told her. She felt nauseous now, and she really couldn't imagine it.

"Me..."

The waiter hesitated and could hardly speak, Xu Yanwan didn't bother to talk to her anymore and walked directly to the bathroom.

As soon as she approached, Xu Yanwan heard Jessica's voice.

"Is there anyone out there? My door seems to be locked. Help me."

Xu Yanwan paused, and she seemed to be fine when she heard the voice. What about the things He Lianjing said?

Before she could think about it, Xu Yanwan hurriedly stepped forward to open the door for her. Opening the door outside is actually very simple, but you can't touch it if you are inside. If there is no one outside to help, you can only be trapped inside.

Boom!

After the door opened, Jessica first met Xu Yanwan's worried face.

"Are you OK?"

Xu Yanwan's breathing was a little heavy, and after she asked, she kept looking at Jessica's body and face, as if she was afraid that something would happen to her.

"I'm fine." Jessica stood up again, looking at her with some doubts: "Why are you here?"

When asked by her, Xu Yanwan realized that she was a little anxious about coming here, as if she had exposed herself. She was stunned for a while and said with a smile: "I think you came to the bathroom and didn't go back for a long time, thinking you were angry and went straight away. , I just wanted to come and have a look. I didn't expect to hear you calling for help as soon as I came in, and then I found out that the door was locked."

Jessica didn't say anything about her explanation, but just walked outside, and then looked at the door: "It's good, how can it be locked?"

Xu Yanwan took a deep breath and reluctantly explained: "Maybe the waiter was not careful."

There was a long silence in the bathroom, Jessica picked up her bag and looked at Xu Yanwan.

“Thank you, if you didn’t worry about coming to see me, I don’t know how long I will be detained here.”

“It shouldn’t be possible. I ran into a waiter when I came. She was holding your coat in her hand. When she came back from air-drying, she would definitely help you if she found that you were locked.”

“Anyway, thank you. It’s late. I really have to go back. There are still many things to be busy in the store. When you have time, come over and have a meal. I invite you.”

Xu Yanwan hasn’t received such an invitation for a long time. She stared at Jessica in a daze for a long time before smiling again, “Okay, it’s a deal.”

“Ok.”

Jessica left the bathroom and did not ask for a coat from the waiter, but walked directly towards the door. She finally felt a hint of temperature when she was standing in the sun.

Her legs were shaking, Jessica took out her mobile phone to make a call, but her thumb could not be unlocked all the time, even her mobile phone could not be held securely.

Previously in the bathroom, she pretended to be calm and talked to Xu Yanwan, but in fact she had already thought things through.

How can the bathroom door be locked so easily? How could the waiter be so careless? The only possibility is that someone will harm her, and this one will harm her.

Jessica closed her eyes, not that she was going to wrong someone, but except for Xu Yanwan, she had temporarily missed no one else.

## Chapter 1417

When she returned home, Jessica's body was still shaking, even feeling very cold.

After turning on the heater, she got into the quilt.

Probably she was frightened, so even with the heater and the quilt, Jessica still felt insecure.

Should she tell Victor Han what happened today, but what if she is catching up on her own? By then, she would have become a woman who convicted others indiscriminately, and Xu Yanwan was panting when she ran from behind, and her eyes were extremely worried.

If, if she really wants to do something to herself, can she walk out of the cafe smoothly and get home smoothly and get into the quilt?

So should she tell Victor Han about this?

Jessica's mind is already messed up, and she can't stop her fear. What she guesses now is that Xu Yanwan may really want to do something to her, but at a critical moment, she stopped the car again. It may be conscience. Find out in time, or it may be afraid of not being able to bear the consequences.

But no matter which result it was, it showed that she had moved such thoughts.

If Xu Yanwan didn't think clearly about opening the door, what would be the one to greet her?

Jessica barely dared to think, closed her eyes and curled up tightly in the quilt.

After Xu Yanwan came out, she did not go to Jessica, but went directly to He Lianjing.

Seeing her going back and forth, He Lianjing sat there comfortably, with his long legs folded and a faint smile between his lips.

“What do you mean!?”

After Xu Yanwan walked over, she directly questioned him.

He Lianjing raised his eyebrows, “Didn’t I say that before? I want to help you, I’ll help you before and after the horse, what’s wrong?”

“Did you ask me when you started it today?” Xu Yanwan asked him angrily, “Also, I didn’t promise you that day. You were talking nonsense there!”

Hearing, He Lianjing stood up and approached Xu Yanwan, squinted her eyes and looked at her, “Why, are you shrinking or soft-hearted?”

Xu Yanwan didn’t speak, she stood there with her red lips pursed.

Before she could react, He Lianjing stepped forward and hugged her waist directly, leaning over to approach her.

“Miss Xu is afraid that others will look down on you after doing this kind of thing? Or do you think that Bingjie Yujie is so arrogant and disdain to do this kind of thing?”

Hearing that, Xu Yan raised her head quickly: “What do you mean by this?”

“Isn’t it?” He Lianjing’s lips smiled evilly, “You don’t want to shame the Xu family, so you disdain to use this method, but you forgot? I said that after I saddled for you, I will work hard for you. Exposure, I did it all, it has nothing to do with you, what are you afraid of?”

While talking, He Lianjing stretched out his hand to fix the hair on Xu Yanwan’s forehead. Xu Yanwan subconsciously avoided his touch, gritted her teeth and said, “Don’t touch me casually.”

After speaking, she took a big step back, keeping a distance from He Lianjing.

“It sounds good. I can’t run if you expose it. Do you think that if you take everything to your head, no one will doubt me? You are too naive. I know you. A discerning person can see. Knowing that you are doing this kind of thing for me, since the starting point is for me, what use is it for you to take it all on you?”

“Oh?” He Lianjing raised his eyebrows, “Ms. Xu said these words, I can understand that you don’t want me to carry all the pots on my back? Are you feeling sorry for me?”

Love him?

Xu Yanwan sneered: “You think too much!”

How could she like this kind of playboy? Changing women is like changing clothes. There is no respect for women at all. Even if she is alone, she will not be with this kind of person.

“Then, our Miss Xu is kind-hearted, so she doesn’t want to hurt others?”

Xu Yanwan turned her head, “I am not a kind person, I have nothing now, you don’t need to wear a high hat. I don’t want to do these things, but because she

is pregnant, and she is pregnant with Victor Han's child, I I told you that I don't want to hurt Victor Han."

"So, as long as she is pregnant for one day, you will not attack her? If she is not pregnant, what do you mean by attacking her?"

Xu Yanwan said nothing.

He Lianjing drew closer, "Then why didn't you do it before?"

Hearing, Xu Yanwan suffocated her breath.

"There were so many good opportunities before. When she still trusted you, she didn't have any doubts about you. At that time, you should start doing things without knowing it. No one would doubt you at all."

When He Lianjing said these words, his lips were still smiling, as if he was saying a particularly simple thing, which was not harmful at all. Xu Yanwan was incredibly convinced. After taking a deep breath, she left a sentence: "Neuropathy." , I am too lazy to talk to you too much."

After speaking, she turned and left.

He Lianjing hurried to follow her, and her long legs approached her. "Their wedding date is very close. If you want to wait for her to give birth to a child, you can only wait for her to get married. Once they get married, when the time comes, do you think those things are meaningful?"

His words were inspiring, constantly destroying Xu Yanwan's willpower. She bit her lower lip tightly, as if she hadn't heard him talking, she walked fast under the wind.

At night when Victor Han came back, he found that the room was dark and there was no light.

He was a little strange, put the key on the counter next to him, and then pressed the switch on the wall.

Where did that girl go?

He hasn't sent her a message all day today, and now he goes home in the dark. Is it still in the store?

While thinking about it, Victor Han had already walked upstairs.

Because he guessed that Jessica might still be busy in the store, Victor Han simply took out his mobile phone to make a call.

After the phone was connected, Victor Han just opened the door, and then the phone rang on the quilt.

Immediately afterwards, a figure bounced up on the bed, as if shocked.

“What...”

Jessica kept shrinking in the quilt, and then fell asleep when she was sleepy, but in her dream she slept badly. She dreamed that she was locked in the bathroom and couldn't get out the door. She couldn't get out. She dreamed of Xu Yanwan for a while. Walking towards her with the knife, then the knife fell with blood splashing.

Then Xu Yanwan stood there, her eyes cold and icy.

“Tell you to grab a man from me, I will leave you dead.”

“Ah!”

Jessica was scared and screamed in her dream, but she had no ability to resist. In her dream, she was like a puppet controlled by others.

The picture behind was very bloody. After she woke up from the shock, she was gasping for breath, cold sweat penetrated her underwear, and even her forehead was not spared.

The scary thing is that at this time, the room was pitch black, but the door was suddenly opened, and the cell phone rang together.

Jessica had only one thought left at the moment, the scene in the dream seemed to happen!

## **Chapter 1418**

Immediately, she jumped in shock.

Bar...

Victor Han felt wrong, and quickly turned on the switch in the room.

The room quickly brightened, and the two of them met in the air. When they saw Victor Han, Jessica's heart was flustered for a while, and then gradually settled down.

Victor Han saw Jessica's wet hair and pale expression, and strode towards her.

“What happened?”

Victor Han sat down by the bed, and when his hand touched Jessica, she trembled in terror, and then subconsciously avoided his touch.

After that, Jessica realized that she seemed to be acting too obvious this way, and reluctantly pulled out a smile on Victor Han that was uglier than crying.

“Are you off work? I, I didn’t cook tonight, you, would you like to order some takeaway by yourself and eat whatever you want.”

“Don’t talk about it yet.” Victor Han held her hand, and found her clothes a little greasy after touching her. Victor Han checked her back and found that her clothes had been wet with sweat. He immediately frowned: “What’s the matter? Are you uncomfortable?”

“No, no.” Jessica’s breathing was still not so steady, shook her head, and replied: “I, I just had a nightmare, and then when I woke up, I was, a little scared, just because you opened the door and opened the door to come in. I was even more shocked.”

She explained it this way and it worked, but her horrified eyes told Victor Han that things might not be so simple.

But at the moment she was frightened, if she asked again, she might keep thinking about it and deepen her fear.

Victor Han made a decisive decision and did not continue to ask questions. Instead, he turned to open the closet and gave Jessica a set of clean clothes. “Don’t think too much, just dreaming. It’s cold now. Wearing wet clothes will catch a cold. Put your clothes on first. Let’s change it.”

“it is good.”

When Jessica went to pick up the clothes, her hands were still shaking, Victor Han pursed his thin lips, and said nothing.

When Jessica changed her clothes, Victor Han turned his back, picked up the remote control and raised the temperature a little bit, then stood for a while and heard the little girl behind him whisper, "It's changed."

Victor Han turned around.

With the time to change clothes, Jessica adjusted her mood better. When she looked at him, her eyes were not as scared as before. Victor Han walked over and hugged her into her arms.

"Hungry? What do you want to eat?"

Although he had just returned from the outside, the temperature on his body was very high, and the familiar breath made Jessica feel very safe. Leaning on him, she also subconsciously grasped Victor Han's hem, closed her eyes and took a deep breath.

"A little hungry, but I'm so tired."

"Just take responsibility for eating, I didn't let you do it."

"Hmm." Jessica closed her eyes and thought for a while, then shook her head: "I don't know what to eat, I'm so tired."

"Then sit for a while, I will order a meal, and someone will bring it to eat later."

"it is good."

Then she kept lying in Victor Han's arms and closed her eyes and rested. After Victor Han, those terrifying scenes were like paper being thrown into a shredder, all shattered clean.

She felt that she was relying more and more on Victor Han and pestering him more and more.

Thinking about it, Jessica reached out and hugged his lean waist tightly.

Victor Han looked down, but his face remained calm. He truly felt the little girl's anxiety and panic. But what was the specific reason, he couldn't ask now, so he could only put his big hand on her shoulder and give it a relief. Tap it once.

After ordering the meal, the little girl remained motionless on her stomach.

The two didn't know how long they kept in the same posture, only that when the phone rang later, Jessica clearly heard the other party saying that the meal was delivered.

"Well, fix it a bit."

After Victor Han hung up the phone, he looked down at the little girl in his arms and patted her on the back of the head lightly, "Get up?"

Jessica shook her head, "Don't go, I'm scared alone."

It may be what happened today, or it may be the nightmare, which makes her feel that she feels fear when she is alone.

"What are you afraid of? Is there any thieves coming in in your own home?"

"I just don't want to be alone." Jessica said that she would not let go of his waist. Although she knew that she was trying to make her like this, she was really scared today. God knows when she was in the bathroom. What kind of sensibility must be maintained to talk to Xu Yanwan?

The more she thought about it afterwards, the more she was afraid.

“Can you still eat?” Victor Han’s voice was soft, and he didn’t hear any dislike or impatientness.

Jessica immediately shook her head as she listened, “Anyway, I don’t want to be alone, and you are not allowed to go.”

The other party was quiet for a while, and found a helpless sigh in her chest, and put the hand on the back of her head down on her waist, “Then you hold it tighter.”

Jessica: “???”

Although she had doubts in her heart, she still hugged him tightly as she said. Now he is the only one who can give her a sense of security. Let her hug him tighter, she is naturally very obedient.

“Hold it, don’t fall.”

After finishing speaking, before Jessica could react, Victor Han changed his hands to support her hips, and stood up with force while Jessica hugged her waist and hung on his body.

Because Victor Han stood up, she also subconsciously wrapped her legs around his waist.

In an instant, the action seemed to become a little subtle.

Jessica originally just wanted to find a sense of security and didn’t want to be alone, but the actions now seem weird no matter how you look at it.

Her face was red, and Victor Han just wanted to say something, but Victor Han coughed slightly, "I'm going to get dinner, and hold some more, or I will fall down in a while, but it hurts."

Hearing, Jessica snorted in her heart, firmly hugged her thin waist, and deliberately strangled him like a choking, "I won't fall."

Victor Han looked down at her who was angry, smiled and kissed her on the top of her hair, then walked outside.

It was fine at first, but Jessica felt very embarrassed when she was holding and walking in this position, especially when she was going down the stairs, she felt even stranger.

However, looking at Victor Han's expressionless handsome face again, it seemed that she was the only one who felt strange and embarrassed, so she had to lower her head and pretend to be nothing.

Ding...

The delivery person seemed impatient to wait, and started to tentatively press the doorbell.

When Victor Han opened the door, the delivery person immediately smiled.

"Hello Mr. Victor, this is the dinner you ordered."

After speaking, the deliveryman's smile froze on his face, because he saw that there was another person in Victor Han's arms who opened the door, and his posture was a little weird.

It wasn't until Victor Han's sharp eyes fell on his face that he realized that his reaction was too big, and maintained a smile: "Do you need me to help Mr. Victor get in?"

“Ok.”

Victor Han nodded coldly, and the food delivery man carried the things in.

During this period, Jessica blushed, and quietly lay in Victor Han’s arms and said, “Or, should I come down?”

## Chapter 1419

Victor Han did not answer.

Jessica looked up at him, and noticed that his jaw was tight and he looked serious.

Is he angry? Does she still feel embarrassed by hanging on him? Jessica regrets a bit, maybe she shouldn’t be so headstrong, what’s the matter if she stays alone?

It really doesn’t work, she can walk down with him, why does she have to hang on to others?

He is a big man, he is so shameless to be seen by others?

Jessica was still thinking about it, the food delivery man had already delivered everything, and when he left, he said to Victor Han: “I wish you two have a good meal, I will go first.”

Boom!

After the door was closed, Jessica still kept her original posture and nestled in Victor Han’s arms. Victor Han also stood still. After a while, Jessica raised her head again and asked weakly, “No, won’t you eat???”

It's okay if she doesn't speak, Victor Han lowered his head when she spoke, looking at her with a faint expression.

Such eyes seemed to look at the prey, staring at her scalp numb.

She blinked, avoiding his gaze, "I, I'll just ask, don't eat it, um."

The voice just fell, the blazing breath went from far to near, Victor Han lowered his head and grabbed her lips severely, while Jessica's back hit the door heavily, but it didn't hurt, because Victor Han reached out in advance to replace her. She blocked it.

The other hand raised her chin, forcing her to bear the fiery and rich kiss completely, like rain and shower.

She was like a bud in the wind and was destroyed by the storm at a loss.

Jessica couldn't think of it. When she went down the stairs, his face was so calm that nothing happened. Later, when she talked to him, his face was tense, as if he was angry.

Who knows, he is actually holding back his big move.

During this period of time, the two of them were always busy because of the wedding. They rarely got close like this. She didn't expect it to be so fierce. Jessica was pressed on the door panel, almost unbearable.

But one good thing is that the fear caused by the daytime incidents all runs clean at this moment. He can always do this. She was so scared before, and in the end, he asked her to fascinate her directly with a kiss. Upside down and incomprehensible.

She doesn't know how long this kiss lasted. Victor Han finally let her go. Jessica's body was already soft, and she had to rely on Victor Han to hold it all. Once he let go, she would definitely fall from him.

Victor Han supported her, hugged her to the sofa, slowly tidying up her clothes and hair. It was obvious that his breathing was heavy before, but now he has recovered to be like a normal person.

Unlike Jessica, her face was still red, and her breathing became a bit short after Victor Han's sorting out. She was ashamed to look up at his eyes.

The two sat quietly for nearly five minutes.

"Eat?"

He tried to inquire.

Jessica nodded her head.

"Can I go by myself?"

After this sentence came out, Jessica immediately climbed down from Victor Han and said angrily, "Of course."

After speaking, she turned around and was about to walk towards the dining table. As a result, after just turning around and walking for two steps, her legs became soft, and a pair of big hands caught her in time and dragged her back into her arms.

"Hold you over." Although the tone sounded calm as usual, Jessica looked up when she saw a trace of teasing in his eyes. Her face blushed and she subconsciously explained to herself, "I, I may have been I didn't eat and I was a little hungry, so I couldn't stand still."

“Oh.” Facing her explanation, Victor Han only gave a faint oh, and with a light movement, he hugged her up and walked to the dining table.

Jessica didn't expect her explanation to exchange for the word oh, and her heart became more entangled, oh? What does oh mean?

“What I said is true. I have been sleeping since I went out at noon and I didn't eat anything, so I guess it was a little low blood sugar just now, so I can't stand steady, and there is no...”

She was still explaining, but Victor Han suddenly raised his eyes and fell on her face, “Drink a bowl of soup first?”

Jessica was stunned for a moment, and then saw Victor Han serving her a bowl of soup. What do you mean? She explained here, but he didn't take it seriously, how could it feel that she had no silver or three hundred taels here, and the more she described it, the darker she felt?

Thinking of this, Jessica was anxious, “I won't drink anymore, don't pour it to me.”

“Stop drinking?”

“Correct!”

He didn't listen to her explanation at all, and it was really annoying to let her describe more and more about it alone.

Victor Han pursed his thin lips and stared at her carefully, not knowing what he was thinking, just looking at him as if he was making some kind of decision.

After a while, he suddenly put down the bowl and began to unbutton his suit.

Jessica didn't take it seriously, thinking that he just wanted to take off his coat to eat, but who knew that after placing his coat on the chair next to him, he started to unbutton his shirt again.

At first, Jessica sat still, but when he unfastened the third button on the top and continued to pick up the fourth one, she realized something was wrong.

"What are you doing?"

"Don't you want to drink it?" Victor Han said indifferently after removing the fourth button, "Then let's continue with what we did just now."

His expression was dull, as if talking about a very ordinary thing.

Jessica got nervous because of what he said, so she has to continue without drinking soup? What is the reason? She immediately said: "No, I can't continue, I want to eat."

Then he opened the lid and put out all the food inside.

Hearing, Victor Han paused and stared at her with narrowed eyes.

"Hungry?"

"Yeah!" Jessica nodded. She was really hungry, and the most important reason was that she couldn't have sex with Victor Han now. She was pregnant and she was frightened in the past two days. If she had sex with him again, she was afraid that her fetus would be unstable.

She didn't actually worry about this problem before. After all, Victor Han seemed to be relatively indifferent, and was not keen on this aspect. Except for the overseas trip, she and him never had a relationship.

In fact, Jessica is not so keen on this aspect, she is just strange, because it is said that men will have deep hopes for the people they like, but Victor Han's performance is not like this, even on the night abroad, He can restrain himself very well when he is drugged.

Sometimes, Jessica didn't know if he had good self-control ability or didn't have much interest in her.

But she really didn't doubt his feelings for her. She could feel his liking for herself and his feelings for herself. After all, apart from those things, he was quite eager to herself in other aspects.

Perhaps, he has good self-control ability?

Or maybe he is older, so he is a little weak in that regard?
