

Catch Me If You Love Me Chapter 147

Hearing this, Zoey Gu's whole body was shocked suddenly, a heart sinking rapidly, her elbow touched the dishes on the table, and he fell to the ground with a "pop".

She looked at Alina Yin incredible, her eyes full of shock.

"How is this possible? How could your father suddenly go to the southern capital when he was obviously in Qingcheng?"

Alina Yin was ignorant, but she tried very hard to say everything she knew.

"My grandma sent someone to pick Alina Yin back. She told her father that Alina Yin was in the southern capital, and his father went to find Alina Yin, and then he was locked up by her grandma."

So, the old lady of the Lu family knew about her and Liam Lu's stay in Qingcheng, and used Alina Yin's relationship to force Liam Lu back to the southern capital?

Realizing the truth, Zoey Gu instantly changed her face and stood up abruptly.

At this moment, the nanny hurried over with the family doctor.

"Alina Yin, the doctor is here. Tell him, what's wrong with you?"

As soon as he looked up, the babysitter saw Alina Yin with a guilty conscience and Zoey Gu with a pale face, and she gave a "thump" in his heart and instantly reacted.

"Miss Gu, Alina Yin is only a child, and many things she said are not true."

Zoey Gu leaned on the table with one hand, fixedly looking at the babysitter, and asked every word.

"Tell me, what happened to Liam Lu?"

"Miss Gu, don't embarrass me..."

Before the nanny finished speaking, Zoey Gu suddenly raised the volume, "I ask you what happened to Liam Lu?!"

The babysitter pressed her lips tightly.

Knowing that there is no way to hide things, she was silent for a moment and replied softly.

"I don't know all about the specific things. I only know that after your husband returned to Nandu, he ordered me and Alina Yin to come back. Before leaving, he ordered that no

matter when you come back, Miss Gu, you will never reveal your whereabouts. I didn't expect it. I will meet you at the airport..."

The babysitter thought carefully.

"I only remember that after returning to Lu's house, I went downstairs one night and heard that your husband was arguing with the old lady, and it was your business."

Mrs. Lu asked Liam Lu.

"For a Zoey Gu who is notorious and has many taints. It is really worth it to turn his face with the Yun family and disobey me?"

Liam Lu's answer is yes.

"As long as it is her, everything is worth it."

In a word, like a heavy blow, a heavy blow to Zoey Gu's heart made her tremble all over.

She blushed suddenly, slowly raised her head to look at the babysitter, choked up and asked.

"He really... said that?"

Just as the babysitter wanted to talk, Alina Yin in her arms suddenly answered.

"In addition to liking Alina Yin, Dad likes Aunt Gu the most. He said, except for Aunt Gu, he would never let anyone else be Alina Yin's mother."

Zoey Gu's eyelashes flickered, and she opened his mouth to talk, but the sound of her mouth was suddenly muted.

.

At night, Zoey Gu personally bathed the little girl, hugging her to tell the story of Cinderella.

It wasn't until Alina Yin fell asleep that she pulled the quilt and got out of bed, and walked slowly to the suitcase she still placed in the corner of the room.

She found the delicate box lying quietly in the corner of the box, stared at the box in a daze for a while, then took out the phone and called Shiyue, who was far away in the southern capital.

"I am Zoey Gu."

"I'm going to Nandu to find Liam Lu."
