

# Nothing to Give but My Heart Chapter 1470 – 1479

## Chapter 1470

Hearing, the fortune teller took a look at Liang Yahe and handed over the two horoscopes.

“The two ladies will confirm again if this hour is right.”

Liang Yahe and Du Xiaoyu took the horoscope of time, and each confirmed the time of their children. After confirming that they were correct, they stopped talking.

“Master, this is indeed the horoscope of our child’s birthday, but I think the two children are in a very good relationship, why are they... life and death?”

Liang Yahe is really dissatisfied with this result. She loves Marry very much. She especially wants Marry to be her daughter-in-law. If she had no daughter-in-law because of this calculation, she would not come if she knew it. Forget it.

The fortune-teller’s eyes were muddy but heavy. He glanced at the two of them and then sighed softly: “If the time is correct, it is the result of my calculation, no need to ask.”

The assistant began to collect the money, but the two of them could only give the money, and then left with the time character.

When she came out, Du Xiaoyu finally knew why she had an unknown premonition before, but she didn’t expect her sixth sense to be so accurate.

The two walked quietly in the deep alley, Liang Yahe suddenly turned his head and said to Du Xiaoyu with a serious face.

“Mother-in-law, the old man must have been inaccurate just now, let’s not believe him!”

It is said that although Du Xiaoyu is in a heavy heart, she can only comfort herself with her, “Yes, I don’t think it is true. In fact, we shouldn’t be so superstitious. We are still in this age.”

“Yes, yes, I also think we are too superstitious. My relatives don’t read the horoscope when they get married. They don’t know how good they are now.”

Du Xiaoyu also echoed: “Yes, the most important thing is that children like it.”

The two of them kept saying comforting each other and comforting themselves. On the surface, they seemed to be nothing, but the fortune-teller’s phrase “either life or death” was always pressed in their hearts like a boulder and could not be removed.

The two walked out of the deep alley and returned to the bustling street.

The two sides walked forward in unison, then suddenly stopped together and looked at each other again.

Liang Yahe was a little guilty, and asked in a low voice, “Or, let’s do the calculation in another place?”

Du Xiaoyu sighed. She didn’t expect that she would go with herself, so she nodded in agreement: “Okay, I also think we can change the calculation again. The master just estimated that the calculation is not accurate.”

“Well, it must be that he is not good at learning, let’s change it to another one.”

So the two of them looked for a new place to calculate, and the result of the calculation was still not good. Liang Yahe saw this bad result for the second time, and his expressions were so ugly that he wanted to hit someone.

The two returned to the bustling street again, it was almost noon.

“It’s too early, let’s go have something to eat?”

“Okay.”

So the two went to a nearby restaurant and were about to sit down and eat something. Who knew that when the waiter came up and asked them what they wanted to eat, neither of them could tell, and in the end they just said, “Order whatever you want.”

So the waiter served them the signature dishes in the store.

But when the food came up, the two picked up the chopsticks and ate absently, neither of them had any appetites, so they barely ate a bit to fill their stomachs.

Du Xiaoyu took a tissue and wiped the corners of her mouth, then looked up at Liang Yahe, “Should we go back today?”

Because of the fortune-telling matter just now, both sides were embarrassed at this moment, Liang Yahe really didn’t know what to say, so she nodded.

“Okay, go back first.”

“Well, don’t talk to the two kids about today’s matter.”

Liang Yahe nodded in agreement: “I also don’t think I can tell them for the time being that these two children have a very good relationship. In fact, I can’t

believe this at this time. They are all young people in the new era. If we know that we will count this for them. How can we be counted on the birth date?”

“Yes, yeah, let’s go back first.”

After the two reached a consensus, they went home.

However, Marry Jiang and Phillip didn’t know that their mother had confessed to themselves, and the result of the combination was still not good.

On the other hand, Xu Yanwan wanted to return the company to Victor Han. After all, she now feels that she has no face to accept Victor Han’s funding to revive Xu’s family.

But afterwards, Lin Xuzheng came to her and told her not to make any comments.

After all, the relationship between the Xu family and the Han family has always been good. This time Victor Han did this only because of the Xu family’s face, and Xu Yanwan was the only daughter of the Xu family, so she naturally wanted her to execute it. .

Xu Yanwan was still a little confused at first, Lin Xuzheng simply said directly.

“Is there anything you can’t think of? Do you really want the Xu family to fall? Or want to disappear from everyone’s sight like the Heshi Group? Is the result of arrogance really what you want?”

Then, Xu Yanwan was persuaded by Lin Xuzheng.

“The things He Lianjing does, although it seems to be related to you on the surface, are done for you. But if it were not for his own vicious and cruel character, he would not do such terrible things. Jealous, angry, mortal There are people’s emotions. No one can escape. It’s just that the things we envy

and admire are different, and what we have to do is to restrain ourselves even if we really have these emotions, and not to do things that are harmful to others and ourselves. Behavior, this is our duty.”

Lin Xu talked to Xu Yanwan earnestly just like the same brother. Xu Yanwan looked at Lin Xuzheng like this and thought about the scene where he was alone now, and suddenly said, “Big Brother Lin.”

Her tone was a little different, which caused Lin Xuzheng to stop speaking and then look at her.

“What happened?”

“Thank you.”

Xu Yanwan thanked him earnestly. She didn’t expect that someone would be willing to tell her this at this time. She felt like a boulder was crushed by the sun, and she couldn’t relieve herself. Now after Lin Xuzheng’s words, she feels that she can finally Take a breath.

Lin Xuzheng gave her a serious look.

“Thank me for what I did? You should thank yourself for not doing things that you regret. But you are the one I grew up watching, and you don’t look like that kind of person. After Jessica was discharged from the hospital, you Have you seen it?”

Hearing, Xu Yanwan was taken aback for a moment, then shook her head: “No.”

“If you have a chance to check it out, the eldest lady of the Xu family should be able to take it down. You and Jessica should also become good friends, not like now.”

Good friend?

Xu Yanwan hesitated, can she and Jessica really become good friends?

Suddenly, Xu Yanwan thought of the conversation between the two in the coffee before, when Jessica's attitude towards her was kind.

"If you really want to apologize, you should show your sincerity."

## **Chapter 1471**

When Xu Yanwan went to see Jessica, she directly took the address Lin Xuzheng had given her.

When Victor Han found out that it was her, he directly rejected her, "Yan Yan wants to have a baby, Miss Xu should go back."

Hearing this title, Xu Yanwan was taken aback, and she understood that Victor Han had no lingering affection for her. This affection did not refer to the relationship between men and women, but the relationship that the Xu Han family left behind has completely disappeared. Up.

Thinking of this, Xu Yanwan felt uncomfortable.

If she didn't do anything at the beginning, or she didn't come back, then she wouldn't be as unbearable in Victor Han's heart as she is now, right?

It's a pity that it's too late to say anything, time can't go back, just like she lost her parents, they won't come back again.

Seeing Victor Han was about to leave, Xu Yanwan remembered what Lin Xuzheng had said to her before, and reached out to block the door.

“Wait.”

Victor Han stopped and looked at her coldly, “Is there anything else?”

“I...” Xu Yanwan’s throat choked, almost speechless, and it took a long time to find her own voice: “I came to Jessica to apologize. I know you don’t want to see me now, but I came here sincerely. If you are looking for her, will you give me a chance to redeem it?”

At the end, Xu Yanwan’s tone was begging, and her eyes looked at Victor Han with expectation.

But Victor Han’s tenderness was given to Jessica, and he couldn’t tell anyone anymore, so he quickly rejected Xu Yanwan’s proposal.

“You don’t need to apologize, as long as you look at your own company carefully in the future, and you don’t have trouble with us, you will be grateful.”

Upon hearing this, Xu Yanwan looked a little bit stunned.

It seems that Victor Han really won’t let her see Jessica.

Just when Xu Yanwan lowered her eyelashes and wanted to leave sadly, there was a soft voice behind Victor Han.

“Victor Han, let her in.”

Hearing, Xu Yan raised her head swiftly, crossing Victor Han’s side, and saw Jessica standing not far behind her.

Recently, she has almost grown up, her face is no longer as pale as before, her cheeks have regained a little vitality, she is wearing a thick shawl and warm shoes on her feet, as if she was well taken care of.

When Victor Han saw her, his eyes were dim, and he softened again, and walked towards her quickly.

“Why go downstairs? Didn’t you let you stay upstairs?”

Jessica was a little helpless when she was supported by Victor Han. In recent days, Victor Han can say that she has taken care of her every step of the way. In addition to daily food and clothing, she also has restrictions on her travel. She went out, and if she had to go out, he would follow.

In short, after the incident at the wedding banquet, Victor Han is now in a shadow, for fear that she will have an accident if he leaves her for a half step.

Every time Jessica saw him sticking to herself, she thought of the previous period when he still didn’t love her. At that time, Victor Han was really cold and didn’t want to say a few more words to her.

But now?

Sure enough, feng shui turns, who has the sky spared?

“I’m okay, I’m going to get sick when I stay upstairs every day. When I hear a sound downstairs, I will come down and have a look.

Victor Han remembered what she had just said, lowered his face and said, “I will send you upstairs.”

Jessica held her hand and shook her head.

“I don’t want to go up.”

Hearing, Victor Han pursed his thin lips, and said unhappily, “I don’t want you to see her.”

Although he knew that Xu Yanwan did not participate in the matter, Victor Han is not sure now that Xu Yanwan is really not wicked towards Jessica, if she wants to do something to Jessica, he will go crazy by then.

“I just saw it, it’s okay.” Jessica bit her lower lip and whispered to Victor Han’s ear: “She saved me before, she is not a bad person, she won’t do anything to me..”

Victor Han didn’t take it seriously, “People can change. You and she are not friends.”

“I know, but after all, she is the daughter taught by the Xu family. I can see that if she wanted to harm me, she would not save me last time.”

This is also the reason why Jessica didn’t tell Victor Han about this at the time.

She almost suffered a cold back at the time, but Xu Yanwan was the one who rescued her. Although Jessica didn’t know that He Lianjing did this, she felt that Xu Yanwan was willing to let her out at a critical moment. It shows that her mind is not bad.

In this matter, it’s actually easier to be a good person, but even more difficult to be a bad person.

The essence is good. Suddenly let you do something that hurts the nature and the truth. How much psychological disability do you have to bear, and the spirit?

So Jessica believes in her own vision.

“She’s here, I’m begging you, just let her in.”

Victor Han fixedly looked at Jessica, as if he was confirming something. Jessica saw that she was not at ease, and said, "I will definitely protect myself and nothing will happen."

"Do you have to see?" Victor Han asked.

Jessica nodded.

In the end, Victor Han still obeyed her.

Xu Yanwan was finally invited into the house. The two of them sat on the sofa. Originally, Victor Han was going to sit and listen, but was called away by Jessica, and then asked two servants to stare at the side. If there is an accident, he must Protect Jessica first.

After Victor Han left, Xu Yanwan smiled bitterly: "He really protects you very well."

Hearing that, Jessica was slightly stunned, and then said: "It wasn't like this before. He cares about me so much now, I should thank your friend."

Her friend?

Xu Yanwan opened her lips slightly, "You mean He Lianjing?"

"Yeah." Jessica nodded, and then said: "I stayed at home recently and read a lot of online news. Of course, I also know who the murderer is. Then I found out after inquiring about that he had pursued you."

Xu Yanwan said nothing.

"Last time in the coffee shop, he used his hands, right?"

Xu Yanwan lowered her eyes, her eyelashes trembled, “Yes, he did it at the time. After you went to the bathroom, he told me to do it to you. I was shocked, so...”

“So you came to save me without hesitation.”

“Ok.”

“Thank you.”

Suddenly hearing a thank you, Xu Yanwan looked up at her in astonishment.

“Thank you for stopping him. If it weren’t for you, I wouldn’t know what to do that day.”

Faced with her sincere eyes, Xu Yanwan suddenly felt that her nose was sore, and it took a long time to find her voice.

“You, don’t you blame me?”

“What do I blame you for?”

“In the big fire, he did the things that set the hotel on fire. Haven’t you ever thought that I actually asked him to do this, and then I waited for him to go in, and then I left it alone?”

“You are not this kind of person, although I have known you not long ago, I can see that you like Victor Han very much, but you were still forbearing at the time. To be honest, if I were you, I would not do better than you. . Of course you do have things I don’t like, but this is also because we are on opposite sides.”

## **Chapter 1472**

“Anyway, if you can want to open it now, it’s really good.”

Jessica was afraid that she couldn’t think about it, and then she really did something bad, which would not only harm others but also herself.

“Are you really not blaming me? Before, because I didn’t think clearly for a while, I told you those provocative things that caused you to leave and almost separated from Victor Han, and I deliberately sat on the co-pilot behind. Your position.”

“You said this?” Jessica smiled indifferently: “Actually, I don’t think I should blame you. I was sure to be angry at the time, and I was sure if you didn’t want to be with you, but think about it afterwards. If it weren’t for you, I wouldn’t know that Victor Han would always follow me after I left. I knew my importance to him through this incident. At least it proves that I am not working alone in this relationship. He is also approaching me. As for the co-pilot, didn’t I beat you back then?”

In fact, when Xu Yanwan came today, she was ready to apologize, and she was also ready to blame herself on Jessica. But she didn’t expect that she didn’t even say a heavy word, which made her feel guiltier. She bit her lower lip and lowered her head, with tears in her eyes.

“I know that people I like don’t like how uncomfortable I am, but if you come to me to apologize, I don’t think it is necessary. You didn’t do it, then you don’t need to apologize to me. I will see you. I just want to make it clear to you, the days to come will be long, so live your life.”

She is a daughter of the Xu family, but she can’t be ruined by a scum because of one thing.

Xu Yanwan raised her head suddenly, looking at her with red eyes.

“Why don’t you blame me? Why don’t you scold me? Why do you say these things to me? Do you know how uncomfortable my heart is? Obviously I am the daughter of the Xu family, but I am in front of you. So there is no self-confidence, can’t you be more angry?”

Jessica’s eyebrows jumped and she didn’t say a word. At this time, Xu Yanwan was already crying in front of her.

“I’m sorry, I’m really sorry, I shouldn’t go back to China, I shouldn’t have delusions, let alone provoke a man like He Lianjing. Fortunately, you are fine. If something happens to you this time, then I will be in eighteen hells. I can’t make up for my fault, the Xu family’s face was lost by me, sorry.”

She kept saying sorry, crying out of breath, looking really miserable.

Jessica didn’t expect that she would cry when she suddenly said, so she didn’t know what to do for a while, so she could only look at her quietly.

The two servants nearby were also a little nervous watching this scene, because Xu Yanwan’s remarks were suddenly excited, and they were really worried that Xu Yanwan would pounce on their wives, so they had already prepared desperately.

But she didn’t expect Xu Yanwan to just cry, apologize, and then nothing else.

Not knowing how long it took, a few tissues were handed to Xu Yanwan.

With tears in her eyes, Xu Yanwan saw Jessica handing her a tissue.

“Do not Cry.”

Xu Yanwan did not pick up her tissue, tears falling down like broken beads, “Will you forgive me?”

What? Jessica thought she had heard her wrong, and looked at her with a bit of astonishment.

“I’m here today to apologize and beg you for forgiveness.”

Hearing this, Jessica was relieved, “So that’s it, wipe your tears first.”

In the end, Xu Yanwan took the tissue, turned her back to wipe the tears off her face, and turned around after finishing the treatment.

“Sorry, I was so gagged just now.”

Xu Yanwan had adjusted her emotions and recovered.

“It’s ok.”

“Are you willing to forgive me? I really did something wrong in the past, and I won’t do this again in the future.”

“To forgive or not to forgive or anything, I actually forgot when I was frustrated at the time. It’s not to blame you? So it has nothing to do with forgiving.”

After hearing this, Xu Yanwan probably understood what she meant. In fact, Jessica meant that she had never blamed her, so she didn’t have to worry about whether she would forgive herself.

Thinking of this, Xu Yanwan looked a little more moved when she saw her.

“No wonder he likes you.”

Hearing, Jessica paused, and then lowered her eyelashes and said softly: “Actually, I worked hard for a long time at the beginning, and I thought about giving up countless times.

“No matter what, bless you.”

“But your wedding is gone, I am also responsible, do you plan to make up the wedding?”

Jessica shook her head: “I don’t plan to make it up. The wedding is just a form. It is not a special need for me. The important thing is to be with him.”

Although Xu Yanwan had decided to let it go, she was still very sad when she heard this. She quickly suppressed her emotions and showed a smile.

“What you said is wrong. The important thing is that you are together. Form or something is really not that important.”

Xu Yanwan left soon after she apologized. After she left, Jessica realized that the things she had brought had not been returned to her, so she asked the servants to catch them and catch up.

Who knew that the servant came back after going out for a while, and then told Jessica.

“Madam, Miss Xu is gone, how to deal with this thing?”

Did you go so fast? Jessica had no choice but to say: “Then let it go first, and then return it to her when there is a chance.”

The servant had to put things aside, and when she put it down, a bank card suddenly fell out of it. She was taken aback and quickly said, “Madam, there is a bank card in it?”

Bank card?

Hearing this, Jessica felt very strange. If Xu Yanwan came to apologize today, it is understandable that she bought a gift to make amends, but what does a bank card mean?

“Do I need to bring a bank card to apologize?”

So Jessica walked over and opened the gift.

“Madam, there is a little note here.”

{This card is 90% of the company’s profit. I will remit it to this card number regularly every month. I’m sorry, I owe you too much, so I can only try to repay it in this way. }

Seeing this, Jessica was stunned for a long time, until the sound of steady footsteps came from behind, and Victor Han appeared behind her.

“What happened?”

Jessica turned around and handed him the note and bank card. Victor Han took it and took a look, his eyes cooled down, and then put the things back into the bag.

“Ninety percent of the profit must be remitted to this card, then how will she operate the company in the future? Should we return it to her?”

Victor Han’s voice softened suddenly, “Do you want to pay it back?”

Jessica nodded: “I know you care about the friendship between the Han and Xu family. Besides, she didn’t participate in hurting me. She is actually innocent.”

Innocent?

## Chapter 1473

Victor Han didn't feel how innocent Xu Yanwan was.

But Jessica didn't want to care, so she just followed her.

"Then find someone to return the things to her tomorrow, and we don't lack the money."

Hearing, Jessica blushed, and quickly explained: "I didn't say you returned it to her because you had money, but I think this matter may really have nothing to do with her. Besides, if you make a profit I've given it all to you, isn't she the equivalent of working for you for a lifetime? If this is the case, you will feel sorry for the second elder of the Xu family. I am totally thinking of you."

Victor Han's thin lips hooked slightly, and he reached out and rubbed Jessica's head, "Well, anyway, mine is yours. You can handle it whatever you want. I'll listen to you."

Jessica blinked her eyes and didn't expect Victor Han to change her appearance after marriage. It may also be due to the rest of her life. Victor Han now spends a lot of time with her every day, and even buys a lot of what she should pay attention to during childcare and pregnant women. After learning to watch books like this, Jessica was clearly about to give birth just a few months after she was pregnant.

Now she finally understood why Ye Moshen had to follow Stella closely before, and at the same time, she was thinking, is it true that all men in the world are like this? Once married, the wife changed her appearance as soon as she became pregnant?

In short, for Jessica, she no longer felt like she had been chasing Victor Han and wanted to follow in his footsteps, but Victor Han pampered her tightly.

The feeling of being cared about and being held in the palm of the hand really made Jessica a little airy.

Then she instructed Victor Han to become more and more comfortable.

For example, she never dared to tell him what to do before, but now every day before going to bed, she sometimes lays tired on the sofa and didn't want to go, so she would act like a baby with Victor Han and ask him to carry herself back to the room.

Then Victor Han really came over and took her back to the room.

For another example, Jessica was sleepy recently and didn't want to get up every day. Every time, Victor Han squeezed her toothpaste and prepared water for her face, and then took her to the bathroom.

Such incidents grew from small to large, and then Jessica became more and more comfortable with it.

In the beginning, she was actually worried about whether she would be unaccustomed to life here after she became a wealthy wife.

But the fact is not what she thinks. There are no elders in the Han family, only she and Victor Han, and a cat in the family, everything is so clean.

But at the same time, there is also a little more loneliness. If possible, Jessica really hopes that Victor Han's elders are still there, and the children of her future will also have grandpa and grandma.

Unfortunately, many things are a foregone conclusion.

During the period, Stella came several times, and every time she held the bean sprouts to visit Jessica, Jessica hugged the bean sprouts several times, and found that the longer the child, the more beautiful her eyes were beautiful,

her skin was white, and her lips Red completely inherited all the advantages of Ye Moshen and Stella.

Except, it's a bit silly and fufu when laughing.

However, the more Xiaodou Sprout is like this, the more Jessica likes to make her laugh, and when she sees her laughing stupidly, he takes a picture of her with her phone and uploads it to her circle of friends.

Stella: "I'm going to report you. Little bean sprouts look better when they're not smiling. You actually photographed her like a little fool."

"How good a little fool is, children should be like this, why should they be so shrewd? Besides, Levi is good enough, and he will take good care of his sister in the future."

Stella said worriedly: "I'm really scared. She looks pretty, but then she has a low IQ. But after thinking about it, even if her IQ is not as good as her father's, the worst is mine, so just I think it's okay. If the genes are really bad then, I can only be blamed."

"No, don't think too much." Jessica held her hand and said with some envy: "I also want to have a cute little daughter like Xiaodou Sprout."

She just doesn't know if she is pregnant with a daughter or a son. Although she likes both men and women, if possible, she hopes that her first child will be a daughter. As for the second child, it will be good fate.

"It will happen, you and my brother work harder."

The topic seemed to be a little bit awkward, Jessica felt a little hot on her face and could only remain silent.

"By the way, have you called Phillip a greeting?"

Hearing, Jessica was taken aback: “Phillip?”

“Haven’t played?”

Jessica shook her head and said in a puzzled way: “Why call him?”

Looking at her expression, it is estimated that she didn’t know anything. Stella didn’t expect that she didn’t know about it. She thought her brother would tell Jessica, but she didn’t expect her brother to say it.

“Last time I rushed to the fire to rescue you, Phillip actually went in later.”

Hearing, Jessica was taken aback, her expression horrified.

“What are you talking about? Phillip... also rushed into the fire?”

“Hmm.” Stella nodded, “I thought you knew.”

“No one told me, nor did your brother.”

“Don’t blame my brother. After all, you have always had mental problems some time ago. He was worried about you, so he didn’t tell you. If I were him, I wouldn’t say.”

“Don’t worry, I know, I definitely don’t blame your brother. I just didn’t know that he also went in and rescued me, but I didn’t know anything. I didn’t even say thank you.”

The fire was so fierce at the time that Jessica could only hide in the bathroom, and Victor was burned when he entered, not to mention Phillip who went in behind.

And she actually didn’t know anything.

Thinking of this, Jessica felt uncomfortable. She knew that Phillip liked herself, but she didn't expect him to be this way.

Stella seemed to see her entanglement.

"Don't you know how to tell him?"

Jessica nodded.

"Phillip has a girlfriend now, do you know?"

Hearing, Jessica was stunned for a moment, then reacted and nodded.

"I see. I met one person the last time I sent an invitation. They looked very beautiful."

"Yeah." Stella nodded, recalling Marry Jiang who he saw in the hospital that day, "It is indeed very beautiful. I saw it when I was in the hospital that day. She went to find Phillip."

"So you mean, she knows that Phillip rushed into the fire to save me?" At this point, Jessica became a little flustered, "Oops, will she misunderstand Phillip? Will they both? Quarrel?"

"This is not so clear." Stella shook her head, thinking, "But I think she should not be such a stingy person. At that time, Phillip was seriously injured. I went to talk in the corner. When I finally came back, only Phillip was alone. To be honest, even if she is really angry, it is human nature. If Victor Han goes to save other women regardless of safety, would you agree?"

## **Chapter 1474**

Will not.

Of course not!

Jessica is certain of this. She was so worried when Victor Han came to save her.

How could she allow Victor Han to rescue other women? It was still the kind of disregard of life, so Jessica felt even more guilty now. She didn't expect so many things happened after she was in a coma.

The girl she saw at Phillip's house last time looked very smart, beautiful and exquisite, and she really matched Phillip when she stood together. If the two quarreled because of their own affairs, or something accident happened.

What should she do?

"Don't think too much."

While she was thinking about it, Stella held her hand and said earnestly and earnestly: "In fact, everything has a cause and effect. Phillip liked you before. We can all see this. Because of using you Love is deep, so the first reaction after knowing that you are caught in a fire is to save you. This is because. But it is true that he talked about his girlfriend without handling his feelings, so what did he do in this situation the thing made my girlfriend angry. Let's guess the worst result is that the two broke up. This is also the fruit that Phillip planted himself and has nothing to do with you."

After all, Jessica was the one who was liked. How innocent she was when she was in the fire. She didn't expect Phillip to rescue her desperately.

Although Stella's words had a comforting effect, Jessica still felt uncomfortable. She lowered her eyes and smiled bitterly: "I finally understand why Xu Yanwan sent the bank card here."

Even if what He Lianjing did has nothing to do with her, she was not instructed by her, she is innocent, but as long as the names of the two people are related, but where He Lianjing is for her, as long as her name is involved, there are inexhaustible the causal cycle.

So even if Xu Yanwan did not become the stabbing person, she also became the indirect knife-handling person, although she did not volunteer.

So she was guilty, upset, and ashamed.

Just like Jessica this time.

Things in the world are never black and white.

There are also many struggling in the middle, such as Xu Yanwan, such a small face.

“Okay, don’t think too much about it. In short, you can do what you should do. As for the rest, leave it to the parties to solve them. I think they are all adults and they know exactly what they want. You No need to persuade, it’s useless.”

“I know.”

After Stella left, Jessica stayed alone in the room for a long time, and finally picked up the phone and made a call.

Apartment building

When Phillip’s phone rang, Marry Jiang was lying on the sofa holding her notebook and typing, and when she heard the bell ringing, she yelled.

“Your phone rang.”

In the end, no response was received. Marry Jiang turned around and found that she was the only figure in the living room, and Phillip did not know when to go to the bathroom.

She had no choice but to get the phone from the inspector.

After seeing the name of the caller on the screen, Marry Jiang paused, and then fell silent.

Jessica, isn't this the person Phillip put on the cusp of his heart?

"You actually called Phillip him? If you let him see, he must be very happy, right?"

Marry Jiang felt bored, and when he was hesitating to answer the call, his hand had already spontaneously pressed to answer."

"Hey?"

"Hello."

"Hello there."

Hearing a female voice on the other side, Jessica was not surprised at all, and even heaved a sigh of relief, "Hello, are you Phillip's girlfriend? I'm Jessica, when I sent the invitation last time, We have seen."

Marry Jiang hummed: "I know, please post the name of the bride and groom."

"Sorry, I'm calling here at this time, I actually want to come and apologize to you."

Is it for Phillip to save her?

Marry Jiang's eyes rolled around, but did not answer her words.

"I originally planned to invite you to the wedding, but I didn't expect an accident at the wedding, which made you come here in vain."

In fact, when Marry Jiang saw this call, she knew that Jessica was calling today. She glanced at the direction of the bathroom.

Phillip didn't know how long he had been inside, nor when he would come out.

After all, he called him, should she knock on the door and let him listen?

Marry Jiang was thinking about it. Jessica over there seemed to know what she was thinking, and suddenly spoke.

"Sorry."

Marry Jiang was stunned, and then asked her: "Are you apologizing to me?"

"Ok."

"Why do you apologize to me? If it is because Phillip went to save you, then I don't think you need to say anything, because I don't blame him for saving you at all."

Marry Jiang really didn't blame him for this.

After all, when she and Phillip were together, she knew that his feelings had not been dealt with, but it was an accident between the two of them that they came together, so she did not ask Phillip to forget the person she liked before.

If it's as simple as forgetting a person, then you might not like him.

So Phillip went to save Jessica recklessly. Marry Jiang was not angry at him at all. She was angry that he did save and was injured, but he was lying down and ran to someone for first aid. Fight with the husband in front of the room.

He completely ignored his own injuries, and didn't consider whether she would be worried.

This was what Marry Jiang was angry at.

"I can probably guess your mentality. You should be guilty. Then I will tell you directly. You don't need to think too much. My relationship with him is developing well. I know you since I was with him. The presence."

what? Hearing this, Jessica was a little surprised, "You, you know?"

"Well, I know he liked you before."

And it was known from a very early time that Marry Jiang and Phillip were trading at the beginning, and each took what they needed. Who knew how they were today, so she couldn't punish herself with previous mistakes.

Suddenly Jessica didn't know what to say, and the other party actually knew that when she sent the invitation last time, she should have known that it was herself, but she still treated herself generously.

"You said that, it really came out of my expectation."

"Like is not under my control, so I won't be angry with her, do you want to thank him? I suggest you, or stop looking for him for the time being, when I will drive you out of his mind, When he has only me in his heart, it is not too late for you to thank him again."

Marry Jiang said very generously. Jessica's original embarrassment and guilt disappeared all at once. The two girls were not far apart in age. After this chat,

they found that they were in good harmony, so they added WeChat to each other. .

Marry Jiang was also selfish, and she planned to delete the record after hanging up.

In the end, however, she still did nothing.

## **Chapter 1475**

When Phillip came out of the bathroom, Marry Jiang found that he had finished the bath, his hair was wet, and water was still dripping down.

She couldn't help but spit on him: "Don't you know how to wipe your hair with a dry towel after washing your hair? You won't be cold with dripping water like this in winter?"

Phillip's physique is not bad, the proportion of body fat is sufficient, and just after taking a hot bath, his body is breathing hot, not cold at all.

However, after listening to Marry's complaints, he still took a dry towel and sat down beside Marry while wiping his hair.

Marry Jiang squinted at him and asked tentatively: "Well, someone called you just now, but you were not there, so I picked it up for you."

"Yeah." Phillip didn't respond, still rubbing his hair, and after a while he asked, "Who called?"

"You guess?"

Hearing, Phillip turned his head to look at her, his eyes deep and secluded.

With his eyes facing each other, Marry Jiang's lips suddenly curled up, "Your sweetheart is calling."

After speaking, she felt Phillip's eyes jump, and then there was no sound, and the movement of her hands stopped. There seemed to be ants crawling in Marry Jiang's heart, she rubbed up and took the initiative to sit on Phillip's lap.

"Why? Do you regret letting me answer your call? I told you Phillip, if you regret it, it is too late to call back now."

However, Phillip didn't say a word, just put his hand on Marry Jiang's back to prevent her from falling.

Marry Jiang took the initiative to move forward and stared at her carefully: "Why don't you speak?"

Phillip pursed his thin lips, and said softly: "You are my girlfriend, I will not have a secret with you, you can answer any call, and I don't regret it."

He knows that he is now Marry Jiang's boyfriend, and he has to learn to restrain himself in many things and do the responsibilities of a boyfriend.

After listening to his words, Marry Jiang lost the heart to care about him.

She thought for a while, reached out and took Phillip's towel, and took the initiative to wipe his hair.

"Let me help you."

Phillip did not refuse either, letting her wipe his hair for himself, her eyelashes hanging down not knowing what she was thinking.

The two stayed quietly for about a minute. Phillip's hair was already short, so Marry Jiang quickly dried it for him. After wiping, she pushed him: "It's almost done, use a hair dryer. Just blow it."

Phillip said, "It's cold, go take a shower."

Marry Jiang thought for a while, suddenly stretched out her hand to hook Phillip's neck, and curled her lips: "Okay, but I don't want to go anymore. You can hold me over. Also, help me get my clothes."

In the past, Phillip didn't know that girls used to be so coquettish, but after spending time with Marry Jiang, Marry Jiang always refreshed her understanding and knowledge of girls.

So he didn't hesitate, put his hand through Marry Jiang's waist, picked her up, and walked together in the direction of the bathroom.

After carrying her to the bathroom, Phillip even asked, "Should I fill in the water for you?"

Marry Jiang just sat lazily on the sink, looking at him with a sweet smile: "Okay."

Then Phillip went to fill the water for her. Marry Jiang looked at his back, and the corners of her lips curled up slowly. After he filled the water, Marry Jiang had already taken off her shoes and socks. The snow-white feet touched Phillip's back.

"Clothes, you haven't got them for me yet."

Phillip turned his head, and when he saw her snow-white feet, he paused, and then solemnly said, "I'll get them now."

When Phillip went to get the clothes, Marry Jiang soaked in the water, but when Phillip came over with the clothes, instead of coming in directly, he knocked on the door.

“Marry, got the clothes.”

“You come in.” Marry Jiang didn’t care and said while pouring hot water on her body: “I’ve already eaten and wiped me out, what are you still holding back?”

Standing at the door of the bathroom, Phillip paused, and finally opened the door and walked in. Then, without looking at Marry Jiang, he put his clothes on the shelf and went out.

A look of seeing no evil.

Seeing him like this, Marry Jiang was extremely speechless, why is this man still so innocent now? Obviously that time was so strong and so proactive, who is innocent to show now?

So Marry Jiang couldn’t help but asked him meanly.

“Do you want to wash it together?”

As Phillip walked outside, he staggered and almost fell.

In the end, he didn’t say anything or looked back, but just helped Marry Jiang close the door.

Cut, dog man, pretend!

Marry Jiang didn’t bother to take care of him again, soaking intently.

The next day, Marry Jiang received a call from her mother.

Before answering the phone, Marry Jiang was still a little bit sad, for fear that her mother would be forced to marry, so she asked directly: "Mom, you don't want to ask about eight characters again, do you? I told you, we young people are not happy now. This, I don't fit the eight characters."

"No, it's not."

Du Xiaoyu's tone sounded a little weak today, "Mom didn't call you today to ask about your eight characters."

"It's not about the eight characters? What did you ask?" Marry Jiang got out of bed and walked to the balcony. He leaned against the railing and looked downstairs lazily.

The sun is really good today. Let's go shopping later, Marry Jiang thought.

"Mom wanted to ask you, do you plan to marry Phillip?"

Hearing, Marry Jiang was stunned, and did not answer Du Xiaoyu's question for a long time.

"Don't be nervous, Marry, Mom just asks casually. After all, yesterday Mom suddenly thought that you and him are a real act, would you two have no feelings at all? If you don't have feelings, you can't get married. Otherwise, you won't be happy in the future. Or you should break up with him quickly and come back. Mom can introduce you to other people, or you don't want to go on a blind date for the time being. Mom won't force you."

Marry Jiang felt very strange upon hearing this.

Du Xiaoyu, who used to be so talkative as now, can't wait to marry her every day, for fear that she will not get married.

Suddenly, Marry Jiang became suspicious.

“Mom, why did you say this suddenly? What happened?”

“No, no! Nothing happened. Mom was just worried about you. What do you think of as a child?”

Du Xiaoyu hit haha, trying to fool it.

But as her daughter, Marry Jiang knew her too well, something must have happened in this. Marry Jiang thought about it carefully when she called herself the last time, she asked herself for eight characters, Marry Jiang was reluctant to give it, and then Du Xiaoyu said to go to Phillip’s mother.

Thinking of this, Marry Jiang’s inspiration flashed.

Is it possible that Du Xiaoyu is about to reach Phillip’s Bazi? Then the result is not good?

After much deliberation, there is only this reason.

“Mom, are you secretly carrying me and Phillip to match our horoscopes?”

Hearing that, Du Xiaoyu was taken aback. How could this child be so clever? He guessed it all at once.

## **Chapter 1476**

But how can she admit it?

Didn’t these words make Marry sad?

So Du Xiaoyu immediately denied it.

“No, you don’t agree. How could I go to the horoscope without you? Didn’t Mom explain to you just now? I think I really pressed you too hard in the past. You don’t want to fall in love, but I keep pressing I want you to go on a blind date. In the end, you actually found a fake boyfriend to fool around. I just got together after fooling around. So I thought about it carefully and thought you couldn’t go on like this.”

In fact, these words, Du Xiaoyu also thought about it all night.

Only in this way will the persuasiveness be stronger.

But there is no way, her daughter is too smart, and she guessed the reason behind it all at once. Du Xiaoyu felt that the words of the fortune teller were too scary.

She and Liang Yahe had planned not to think about it.

But that night, Du Xiaoyu had a nightmare when she came back, about her daughter’s marriage.

People are like this. Those who don’t know are not afraid, but once they know it and want to do it again, they will always feel nervous.

Marry Jiang felt that there were loopholes in Du Xiaoyu’s words.

“Impossible, weren’t you happy to see it happen before? Why did you change after a day?”

At this point, Marry Jiang’s expression became serious, “Mom, tell me honestly, did you go and give me and Phillip the eight characters behind your back? The result of the combination is not good, so you don’t want to let me and Phillip be together?”

“What do you say, your child?” Du Xiaoyu was very guilty. Because of her guilty conscience, she had no confidence to speak: “I have said no, haven’t I asked you before? If you say that you disagree, I will not go together what.”

“You are not such a person.” Marry Jiang didn’t believe her: “Mom, I know you too well. Others can’t persuade you for what you want to do. You are the way I have seen you since I was a child, don’t say anything. Me, even if it’s your father, you don’t want to listen. So, you can’t not go to the horoscope, and Phillip’s mother is eager for me to get married quickly, as long as you make a condition with her, she will definitely agree to you immediately. “

Not a single detail is wrong.

Du Xiaoyu was speechless, and really didn’t know what to say to explain.

She really didn’t want to admit it. After all, Marry would really be sad to say such a thing?

She also knows that her daughter, if it weren’t for that man, would never be able to be with him. After all, her daughter always likes freedom and feels that men are a drag.

Now that she is willing to be together and getting along well with other people’s elders, it shows that she really intends to marry Phillip.

It is precisely because of this that Du Xiaoyu wanted to use other reasons to explain clearly to Marry Jiang.

It’s a pity that her daughter is not confused, and she picks everything so clearly.

Thinking of this, Du Xiaoyu sighed, “Well, since you have guessed it, it’s useless for Mom to say anything.”

Although Marry Jiang knew that her speculation was probably true, he still felt a little bit in his heart when he heard Du Xiaoyu's admission.

She bit her lower lip, seemingly annoyed.

"Didn't I say that I don't fit the horoscope, why don't you listen to me?"

"Isn't this for your sake? Could mom still harm you?"

"But I don't need it!" Marry Jiang sighed, blowing all the bangs on her forehead: "I said that I don't like this now, you still go to it, now it's okay, the result of the combination is No, you start to feel frightened again, and even want to persuade me to break up with him."

"If you believe this kind of thing, there will be nothing. If you don't believe it, there will be nothing. Yesterday, I went with his mother and asked several fortune tellers. They all said it was not good. If you said that if there was only one thing, then mom would not believe it, but I asked a few and said the same, can I not worry?"

"That's all because you don't listen to me. If you are willing to listen to me, this kind of thing won't happen!"

"But it's out now, it's all like this already."

"So why don't you listen to me?"

Marry Jiang was really a little angry. She had a good relationship and was mixed up like this.

"I didn't want to talk before, you forced me to talk, forcing me to dare not go home, and rent a house by myself all day. Now that I'm talking, you are forcing me to separate from him again, mother, you really do it for me Okay? Why

must my life be ruled according to what you think? I am not a child, I am an adult, and can't I arrange it myself?"

For the first time, this was the first time Marry Jiang said such things in front of Du Xiaoyu.

Du Xiaoyu also didn't expect that Marry Jiang, who had always been well-behaved in front of him, would suddenly say so much, and he couldn't react for a while.

"Marry, mom just..."

"Okay, don't say it." Marry Jiang interrupted her, because she was emotional just now, so she hasn't calmed down at the moment, she took a deep breath and said: "I was wrong just now. I was speaking a little loudly. But those are my true mothers. I don't want to live these days planned by you. I have to live my life by myself. I can be responsible for any consequences. As for me and Phillip if they don't get married, then I have the final say. If I don't want to be tied with him, it's no use for you to force me. If I want to be tied with him, then the fortune teller can't shake me anymore. That's it."

After speaking, Marry Jiang hung up the phone directly.

"Hey, Marry, listen to mom..."

Du Xiaoyu wanted to say something more, there was a busy tone on the phone, and she began to panic when she heard the busy tone.

How did this child suddenly become like this?

Du Xiaoyu continued to call Marry Jiang, and Marry Jiang turned off the phone in advance as if she knew what she wanted to do.

So Du Xiaoyu can't find Marry Jiang at all at this moment.

After turning off the phone, Marry Jiang threw the phone back to the bed at will, and then continued lying on the balcony. Seeing the sun so good before, she still felt in a bad mood and wanted to go shopping with sugar cubes.

But now there is no interest at all.

It's really annoying to her, and they all say not to combine the eight characters, how can they still go together!

The result of the key combination was not good. Marry Jiang was too annoyed now. After staying on the balcony for a while, she went back to the house.

Phillip has gone to work now, and she doesn't know if he knows this matter will think like her mother in the future.

He didn't like her so much.

Thinking of this, Marry Jiang had a sudden meal. Her mother went with Phillip's mother. Now her mother doesn't want her to be with Phillip anymore. Would Phillip's mother Liang Yahe think so too???

After all, most of the elders are superstitious, and they all hope that their children will live well in the future.

So, has Liang Yahe already called Phillip to talk about this situation?

Thinking of this, Marry Jiang was cold.

## **Chapter 1477**

If Liang Yahe really called Phillip to talk about the result, what would Phillip think?

Will he be the same as his elders think, after all, to him, he may not be important, if he changes to Jessica?

Marry Jiang was in a bad mood just now, and now she is even more annoying.

She directly called Fangtangtang and told her to come out for a drink.

When Fangtangtang received her call, she was still asleep, and she was awakened by her phone, and her voice was vague when she spoke.

“Who? It’s annoying dream early in the morning.”

“Tang Tang, come out for a drink.”

Sugar cube thought for a while, remembering that it was the voice of her good sister Marry, and turned her face and said speechlessly: “Now? You are afraid that your brain is not caught by the door, during the day, and it is still early in the morning, you Say you are going out for a drink, may I ask which bar will open the door for you?”

Hearing this, Marry Jiang was silent for a moment, and then said: “Then don’t go to the bar, go to the small shop, there must be drinks too.”

The sugar cube turned over and sat up, a little angry.

“Which way are you crazy?”

The other side did not speak.

Fang Tangtang continued: “Fighting with your family again?”

“No.”

“What wine did you drink without you? Even if you ran to drink early in the morning, can you not be so self-willed? Adults be rational, last time I took you to drink, hey, it’s not like this every time you feel bad what?”

Marry Jiang closed her eyes, “Then what should I do?”

Her voice sounded tired and helpless, Fang Tangtang realized that something might have really happened, although she was still sleepy like a dog, but now she had to say: “Forget it, forget it, I really owed you my last life. Yes, where are you now? I’ll go to the supermarket to buy some food and drink, and then I will find you, okay?”

So Marry Jiang told her the address.

Half an hour later, the sugar cubes carrying large and small bags, finally found Marry Jiang’s house, to be exact, Phillip’s house.

When Marry Jiang opened the door for her and came in, she saw her carrying a lot of things, and planned to help her carry it.

Who knows the sugar cubes directly said: “Okay, I can take it myself. Look at your frustrated look, go and sit on the sofa.”

Marry Jiang pursed her red lips, and really went to sit on the sofa.

The sugar cubes were too angry: “You really sat there, you’re really welcome! It hurts your friends!”

But in the end, she just said something, and put all the things down, and then set them up. While placing them, she looked at the furnishings in the house, “These things are the things in your previous house? Has the previous home been vacated?”

“Almost.” Marry Jiang replied weakly.

Tangtang didn't answer her words, and sat next to her a few minutes later and handed her a glass of milk and sandwiches.

Upon seeing this, Marry Jiang frowned and said, "I don't want to eat these."

"You have to eat these in the morning. Who drinks early in the morning? You slept all night but didn't eat anything. If you drink on an empty stomach, you're not dead? You don't want to kill me. If you drink anything, At that time, the bill will be settled on me."

"Take it! Give it to me!" Marry Jiang's handful of sugar cubes were aggressive.

Marry Jiang was so depressed. She was obviously upset and called her over. She thought she would bring herself wine. Who knew that she would bring breakfast and even murder her.

But in the end Marry Jiang took the sandwich and milk.

She lowered her head and took a light bite, dull.

"Come on, I listen to you, what happened?"

Marry Jiang didn't answer at first, just drank the milk quietly, as if treating it as wine, and then took a bite of the sandwich.

After a while, he told her about her depressed situation.

After hearing this, Fangtangtang stared, "No? What age are you now? Don't worry if your mother believes it, can you also believe it?"

"I do not believe."

"You don't believe it, then why are you unhappy?"

Marry Jiang did not speak, so she could only continue to lower her head and bite the sandwich.

Fang Tangtang tried her best to think about what she had just said and her expression, and suddenly asked: "You are unhappy, maybe it is because you are afraid that Phillip will be the same as the elders after knowing it?"

This sentence caught her mind, Marry Jiang had no choice but to refute it, and also put the milk and sandwiches on the table willfully.

"Full."

"Cut." Fangtangtang gave her a slobbery look: "Aren't you Marry Jiang? You are under your control when you write your manuscript. Now it's just a man. You are scared because of him. , Can't be happy. Marry, are you really in love with Phillip?"

Love?

Marry Jiang once thought that she might like Phillip, but she had never thought about the word love.

So she shook her head and said softly: "It's still in the inspection period, don't mention whether you love it or not, it doesn't matter whether you like it or not."

"Hard mouth." Fang Tangtang laughed at her, "Since you don't want to admit it, let's just say that. Since it is still under investigation, if he is the same as the elders think, then you just kick him, anyway. The inspection period has not passed, hasn't it?"

Marry Jiang twitched the corners of her mouth and couldn't help but look at Tangtang.

“What should I do if I want to hit her? Is it really wise for her to call Tangtang? When I came, I used various words to pierce her. As expected, people who were too familiar spoke directly, alas.”

“Is it wrong? You said that the inspection period has not passed. Then, during the inspection period, doesn’t it mean that you haven’t officially become your boyfriend? You don’t love him. If he can’t make it through this during the inspection period, kick him, what’s the problem?”

Marry Jiang turned over, turned her back to her, and didn’t want to care about her.

Tangtang came up and said, “You have been in love with him for a long time. In fact, you have passed the inspection period silently in your heart, and you even want to marry him, right?”

“Stop talking.” Marry Jiang interrupted him and said seriously: “I like him, otherwise I wouldn’t be with him, but if I say love, even I don’t feel convinced. Love is not as simple as you and I imagined. As for marriage, I had never thought about it before, otherwise I wouldn’t have this inspection period.”

After all, Phillip wanted to be responsible. If she wanted to get married, she could directly ask Phillip to be responsible from the beginning.

But for Marry Jiang, she cares more about how she feels and whether two people are suitable for living together. She is very clear and knows what she wants.

As for why she is afraid now and have such emotions.

Probably because she was out of control of her feelings, and she was moved to Phillip completely uncontrollably.

Otherwise, she wouldn't be so uncomfortable when she saw Phillip save his heart.

"Then what are you planning now? What if... I mean what if he really obeyed the elders?"

## Chapter 1478

In case she really obeyed the elders and felt that the two were not suitable for being together.

Marry Jiang's eyes flashed and she smiled leisurely.

"Then leave him alone."

If this is the case, she has nothing to miss.

Her Marry Jiang could afford it and let it go.

Fang Tangtang saw her smile, but was speechless.

What Marry Jiang was thinking at the moment was that if Phillip hesitated a little, or listened to it, she would really leave him without hesitation! Absolute!

However, Liang Yahe didn't tell her son the news, but her condition was really not so good. She didn't sleep all night when she went back, pulling her husband to keep asking about this.

"Old Xiao, what do you want to do with this? I didn't ask the two children and I just went to them. I thought I could count everyone's happiness. Who knows how to calculate a life and death, what can I do? Dare to tell the two children."

What she told Xiao Mingzhi all night was this, and Xiao Mingzhi comforted her at first.

“Now it’s New China, you are still superstitious about that. If you don’t count it, then it won’t be the case? The two children are getting along well, isn’t it a pleasure for the two to meet? Why do you think about the things you can’t see in the future? Thing?”

Liang Yahe felt that what he said was quite reasonable, “I also think ah, ah, so why do we have to do the calculation? And you say this is not an evil one? Let’s just say it like this. We asked a few and we all said that. Are you saying these things are true?”

“How could it be true?” Xiao Mingzhi said helplessly: “Who can tell the future? Many things are unpredictable. Besides, even if there is something that cannot be passed between the two of them, then It’s a test of feelings.”

“I still feel worried, what should I do about this? Do you want to tell Phillip?”

“Tell him why?” Xiao Mingzhi disapproved. “Have you seen him have a girlfriend before? Now he is willing to talk about girlfriends, which means that he likes this girl. Your son is also big and young. You finally like one, don’t It scares people away by superstitious methods.”

“It seems to make sense for you to say that, but am I not worried?”

Liang Yahe sighed and couldn’t lie down, so she simply sat up, “You know how much I like Marry, and even if I don’t say it, will Marry’s mother tell her? Then Marry What if you don’t want us Phillip?”

“So, you won’t have this kind of problem at the beginning. If you don’t do the calculations, it would be nice for the two families to only talk about marriage peacefully? I would say that you women are too idle every day. , I think about doing something to add to myself.”

“You can’t say that!” Liang Yahe patted her husband dissatisfiedly, disgustingly said: “You know when you go to work, when you went to work on your son’s marriage? It seems like my son is me alone. Yes, now that I have something to discuss with you, you are fine, and I’m all to blame. That’s fine, I don’t care, and you take care of yourself!”

After speaking, Liang Yahe turned her back and ignored Xiao Mingzhi.

Xiao Mingzhi was very sleepy at first, and it was time to rest at this time. He had to go to work tomorrow. As a result, Liang Yahe kept arguing not to let him sleep. He was very upset, but because she was his wife, he could only endure it.

Seeing her angry now, he didn’t dare to neglect anymore, so he could only sit up quickly.

“Well, well, I was wrong. This is not your problem. It’s all because I pay too much attention to work. I will definitely spend more time to discipline my son. Leave this matter alone. You go to bed earlier and let me to deal with it.”

Liang Yahe didn’t let him go because of this, but stared at him and asked: “Then what will you do? You won’t tell Phillip about this matter?”

“Of course not.” Xiao Mingzhi first denied the idea. “Our girl Phillip chose by himself, we must believe in him when we become parents.”

Phillip’s parents are not the same as Marry Jiang’s parents because they didn’t know that Phillip and Marry Jiang were male and female friends who were pretending to be together at the beginning. Later, they did a fake show. They thought this was Xiao. Sustain the girlfriend you find.

“Of course I believe him. I also like Marry very much. I don’t want any other daughter-in-laws except Marry.”

Marry is really beautiful and kind to people. The key point is that Liang Yahe has liked girls since childhood. Unfortunately, after giving birth to Phillip, her health was not very good, and she probably had no fate. She was pregnant with a second child, so she thought there is no chance for a daughter.

Finally, her son found a girlfriend. She is still a good-looking, beautiful and clever. Liang Ya and don't mention it.

"I know you like Marry, but are you sure that Marry's parents will not tell Marry? Look at the one who is terrified after you come back. The woman's side will marry her daughter. How worried are we?"

Hearing, Liang Yahe felt reasonable.

"Yes, Marry is an only child. She must be taught well by her parents at home, and she must be very worried. Alas, what should I do?"

"It's useless for you to worry like this now. It's better to go to bed at night. I said this and let me handle it. Staying up late is not good for your health."

"When you go to bed, you know that you are going to sleep. Your son and wife are going to run away. You still have the mind to sleep!" Liang Yahe threw the pillow on Xiao Mingzhi's face with anger, lifted the quilt and ran out.

Xiao Mingzhi was thrown a face by the pillow, helpless, but followed Liang Yahe to the living room, and finally he handed her the phone.

"If you really don't know what to do, then you should call Phillip now and tell him what happened today."

Hearing, Liang Yahe raised her head in shock to meet her eyes, and exclaimed in disbelief: "Are you crazy?"

“Then you don’t know how to deal with it? Just tell him this matter, his own daughter-in-law, and let him have a headache.”

Liang Ya and the heart, fucking, really want to hit someone.

She refused to talk to Xiao Mingzhi.

Later, Xiao Mingzhi tried to persuade him for a long time. Liang Yahe still didn’t listen to him, and he couldn’t sleep anymore. So the two couples sat in the living room until dawn.

Liang Yahe finally got through till dawn, and immediately took the cell phone to call the future in-laws.

She was still thinking, is it too early to fight at this time, will Du Xiaoyu still not get up? Will she bother each other.

But as soon as the phone rang, it was immediately connected.

“Hey?”

“Hey, mother-in-law!” Liang Yahe shouted politely, because she hadn’t slept all night, her voice was a little hoarse at this time.

“It’s you.” In the same way, Du Xiaoyu’s voice was exactly the same as hers, with a deep sense of fatigue and powerlessness.

## **Chapter 1479**

Liang Yahe heard it right away, and asked embarrassingly: “In-law, what’s the matter with your voice?”

Her own voice came out, and she didn't sleep all night. Isn't your mother in-law the same as her?

Du Xiaoyu over there sighed heavily, and didn't mind telling the truth straight to her.

"I didn't sleep well last night, so my throat has changed a bit. You didn't sleep, right?"

The other party became frank, and Liang Yahe sighed.

"Yeah, I was so worried that I didn't sleep all night. After I came back yesterday, I thought about it. I was really worried. I feel it. I'd better call my mother-in-law and talk about it. Tell the two children, after all, they are in a good relationship. If our elders say this suddenly, they will definitely be upset."

When Liang Yahe said these words, she was not very confident, so she said more and more quietly, "Mother-in-law, please forgive me for being a bit selfish, but I think Phillip and Marry are both adults now. We all have our own ideas. When we are the elders, we should discuss with them at most, and can't influence their ideas. If they really want to be together, and if we parents become a stumbling block for them to be together, to our children It is very sad."

Du Xiaoyu didn't speak for a long time, only breathing slowly. Liang Yahe was a little anxious, "Did I say the wrong thing?"

"No." Du Xiaoyu shook her head. She stayed up all night and called Marry in the morning, but now she was in a different mood.

Marry's words kept echoing in her ears.

"That's all because you don't listen to me. If you are willing to listen to me, this kind of thing won't happen!"

“I didn’t want to talk before. You forced me to talk, so I didn’t dare to go home, so I could only rent a house outside. Now that I talked, you are forcing me to separate from him. Mom, you are really good for me why? Why must my life follow the rules you think? I’m not a child, I’m an adult, and can’t I arrange it myself?”

“Those are my sincere words. I don’t want to live these days when you are ruled by you. I live my life by myself, and I can be responsible for any consequences.”

Her daughter has always been well-behaved. Because she is the only child, she has nothing to do with what she wants. Du Xiaoyu never treats this daughter half-point, but she also cultivated while petting her, wanting to make her the look she wants, thinking Let her live according to her own mind.

If it weren’t for Marry Jiang’s resistance this time, Du Xiaoyu really hadn’t thought that the things she had done in the past had actually had such a big impact on her.

Yes, her daughter has grown up and is no longer a child.

It’s not a puppet, how can it be at the mercy of others?

Alas, she knew it too late.

If she had reacted earlier, maybe she wouldn’t have told her about this. Now Marry knows, and Liang Yahe obviously respects the child more than she, and respects her. He endured all night and only now called Discuss this with her.

Thinking of this, Du Xiaoyu felt very guilty.

“Sorry Yahe, I told my daughter in the morning.”

“What?” Liang Yahe was a little surprised: “I have already said it? When did you say it?”

“Just before you called.”

Liang Yahe suddenly lost her voice, not knowing what to say.

“But I may have done something wrong, sorry.”

It took a long time for Liang Ya to react, and smiled: “It’s okay. It’s a parent after all. This kind of thing is understandable. Then, I won’t tell Phillip here. Marry will know everything. It depends on what Marry means. If Marry is unwilling, then our Xiao family will not be overwhelmed.”

Hearing, Du Xiaoyu was a little surprised, “Don’t you think this is unfair to Phillip?”

“My son finally talked about a girlfriend. I believe in his vision and ability to deal with things, and many things are on my own. How could it be possible that God only has the final say? You are not doing anything, don’t you really don’t work hard? My son is not the kind of person who admits his fate, he will definitely not mind this.”

After hanging up the phone, Du Xiaoyu’s heart could not be calm for a long time.

The sincerity of the other party was fully displayed, and then I just looked at what Marry thought.

When he got off work at night, Phillip came back and opened the door, feeling that the atmosphere at home seemed to be something wrong.

The light was not turned on in the living room, and it was dark everywhere. He was stunned for a moment and then turned on the light. Then he found a lot of

snacks on the table, and Marry Jiang wore pajamas and fell asleep on the sofa.

Seeing this scene, Phillip couldn't help but frowned, and walked over after changing his shoes.

This girl, why don't you go to the room to sleep, just lie down on the sofa, although there is heating in the house, it is winter after all, so lying down like this is still easy to catch cold.

Soon, Phillip walked over and hugged Marry Jiang sideways, preparing to take her to the bedroom.

Who knew that Marry Jiang woke up just as soon as he picked her up, she rubbed her eyes, her eyes a little sleepy.

"Hmm, are you back?"

Phillip moved his nose, and asked her with his thin lips, "Did you drink?"

"No, just drank a little bit."

As she said, Marry Jiang patted his hand, "Put me down."

Phillip was worried that Marry Jiang was drunk, but looking at her eyes and the tone of her speech, it seemed that she was still awake, but he still did not put her down, but said: "Aren't you sleepy? Don't sleep here. , I will take you to the bedroom."

"No, no," Marry Jiang refused him, "I'm not sleepy, I just fell asleep by accident, you put me down, I will be here."

Phillip put her down, Marry Jiang softened as soon as she touched the sofa, holding the pillow and pointing to the position beside him.

“Come, sit here.”

Phillip obviously felt that something was wrong with her, so he sat down silently.

After sitting down, she waited for her to speak, but after waiting for a long time, she didn't speak. Phillip raised her eyes and turned to her: “What's wrong? Okay, why did you drink suddenly?”

“Drink if you want. You have to take care of a drink? Phillip, you don't think you can take care of my affairs if you become my boyfriend?”

Phillip pursed his thin lips, and asked, “Can't it?”

“No!”

“That won't work.” Phillip grabbed her thin white wrist and wrapped it in his warm palm, “I have to deal with some things, such as the matter of falling asleep on the sofa casually. If I don't care, you will be frozen. What should I do? And you are drinking indiscriminately. I am not at home. What if something happens to you?”

Originally, Marry Jiang was in a good mood, when she suddenly heard Phillip say this, deep sorrow and sorrow appeared in her heart.
