

Nothing to Give but My Heart Chapter 1490 – 1499

Chapter 1490

The next step is to go through the process, the best man and bridesmaids leaned over, constantly enlivening the atmosphere.

And the quietness that belonged to Marry Jiang and Phillip also disappeared cleanly. When Phillip read the letter of guarantee, everyone next to him took out their phones and took videos to send to Moments.

Upon seeing this, Marry Jiang exhorted: “Don’t delete it after you post it. Send me a copy by the way. If he doesn’t follow the above, I will use this guarantee video to beat him every day face.”

These words made others laugh instantly.

After reading the letter of guarantee, Marry Jiang agreed to marry him in a roar of noise. Phillip put on her shoes. When he lowered his head, his expression was focused and his movements were gentle. The shoes with delicate little feet were put on Marry Jiang’s feet.

Before Marry Jiang could react, Phillip leaned over and kissed her, and put a kiss on her lips, and the people around suddenly laughed.

When Phillip retreated, Marry Jiang saw that his thin lips were stained with the color of her own lips, and then she was beaten up and hugged.

The first stage is the completion of receiving the bride.

The next step is to go to the place where the wedding is held. In fact, she also prepared a wedding dress later. Marry Jiang didn't like wedding dresses that much, but Liang Yahe meant to let her try and wear it at the wedding, so Marry Jiang I agreed.

On the way to the wedding scene, Marry Jiang wiped off the bright red on Phillip's lips, and then asked him in a low voice: "My lipstick has been stained so much by you, is it ruined?"

Hearing that Phillip looked down at her, his eyes were a bit sharp, and his voice was muted: "No, it's fine."

When speaking, his hand unconsciously squeezed her chin, and he couldn't help but leaned toward her.

Marry Jiang saw his thoughts at a glance, and immediately stretched out her hand to block Phillip's body, preventing him from moving forward.

"What are you doing? There will be a wedding later. You will lose my lip makeup like this."

Phillip blinked, as if asking, but also as if he was deciding something.

"Can't lipstick make up?"

Hearing, Marry Jiang was taken aback for a moment, and her eyelashes blinked gently: "It can be repaired, but..."

"Then it's okay."

Phillip kissed desperately, Marry Jiang only felt that her facial features in front of him were infinitely magnified, and immediately afterwards, the sealing of her lips happened again, which was different from the kiss in the room.

The one in the room was a kiss of proof. It was very light and left after touching it. But today's Marry Jianghua's lip makeup is very heavy and bright red, so Phillip was stained even if he touched it On it.

Not to mention that now, Phillip kissed very hard, she resisted at first, but then after the tooth was pried away, Marry Jiang couldn't say a word, and she nestled softly in Phillip's arms. He held her waist with one hand, and held her shoulder with the other, transferring power to her.

When the kiss was over, Phillip retreated, and Marry Jiang saw that her lips and teeth were stained with a lot of red, and her face turned red all of a sudden, and she was a bit disgusted.

"It's disgusting, it's all lipstick."

Phillip didn't think there was any problem, and he didn't dislike it. He just reached out and wiped the corners of Marry Jiang's lips, his voice was rustling, "Good-looking."

"Ok?"

At first Marry Jiang didn't hear what he meant by these two words suddenly, but after digesting it, she reacted, "You mean I wear lipstick to look good?"

Phillip hummed softly. He was still the same as before, with red ears.

So Marry Jiang couldn't help but want to tease him.

She stretched out her hand without pinching it, and scratched Phillip's ear so gently with her fingertips. Without stopping, she said softly, "If it looks good, I will show you every time before kissing. ?"

After she finished speaking, she felt Phillip's ears redden again. In fact, Marry Jiang herself was a little hot, because such words can't usually be said. Don't look at her blatant words. In fact, she is quite shy.

Phillip gave a light cough and touched her face with his hand, "No, didn't you just dislike it?"

"But don't you like it? What does it taste like?" Marry Jiang deliberately moved closer, rubbing his nose against him, "What's the smell?"

Phillip really thought about this question seriously, and then said, "Fruit smell."

Marry Jiang sighed, but she didn't expect that he would actually taste it.

Although Marry Jiang's lipstick is all off at this time, her lip color is still very bright, but this color is not the same as the color of lipstick. This looks too beautiful, and it makes people want to look at it...

Phillip took a deep breath, calmed the restlessness in his heart, and whispered: "When I get out of the car, I will find a makeup artist to come over to make up for you."

She couldn't meet people in this way. The men who came to the scene didn't know how many men came to the scene. Phillip gave birth to account/have a desire. He didn't want other men to see Marry Jiang's good-looking appearance.

Even, he wants to hide her, weddings and other things are for others to see.

His own woman is so beautifully dressed, why should he show it to those people?

So when he was about to get off the car, Marry Jiang wanted to call the makeup artist over to make up for her. Just as she opened the car door, her waist was tight, and Phillip was hugged all over, and then pulled back.

“What happened?”

Phillip gazed deeply at the color of her lips and the entire makeup look of today, “Where did you find a makeup artist?”

“Huh? Your mother found it. She said that this makeup artist has a good technique, and many people are looking for her.”

There was a flash of emotion in Phillip’s eyes that he didn’t know what it was, and Marry Jiang didn’t understand his reaction, “Why? Doesn’t it look good?”

“No.” Phillip shook his head, it was too good to look at, but Phillip didn’t say these words, but corrected her: “And after today, it’s not my mother, it’s our mother.”

Marry Jiang was stunned, then laughed a moment later, and leaned in to bump Phillip’s head lightly.

“Well, it’s our mother. It was me who made a mistake just now. I didn’t get used to it for a while.

She spit out her tongue at Phillip awkwardly.

Seeing this, Phillip’s eyes deepened, pulling her over and lowering her head.

A few minutes later, the car window was knocked.

“Well, we have to get out of the car. The wedding will begin soon.”

Marry Jiang pushed Phillip away, panting heavily, her white face flushed horribly, then she wiped her mouth, coughed lightly, and got out of the car pretending to be okay.

Of course, before getting out of the car, she gave Phillip a fierce look.

After getting off the car, the makeup artist stood not far away and saw Marry Jiang coming. She still had a smile on her face. After seeing Marry Jiang, she petrified.

After a while, she exclaimed: "Oh, why did your lip makeup look like this?"

Marry Jiang: "..."

Chapter 1491

When everyone looked over, Marry Jiang was so impatient that she wanted to dig a crack in the ground.

The makeup artist rushed over, "Come here, I'll make up for you."

"Well, I don't want to talk."

Later, after entering the backstage to prepare, Jessica brought Victor Han over to send her blessings, and Marry Jiang took her to chat for a while.

After they left, Xu Yifei leaned against Marry Jiang and said bitterly: "That man was so handsome just now, but unfortunately he is a married woman."

Hearing that, Marry Jiang was taken aback for a moment: "Are you talking about Jessica's husband?"

"Otherwise? Is it your husband?"

“Damn!” Marry Jiang was dissatisfied with this, and immediately spoke for Phillip, “Where is my husband worse than him? My husband is a hundred times handsomer than him! No! Ten thousand times.”

Xu Yifei laughed twice, “You can write manuscripts based on that man in the future, maybe you can sell it very hot.”

“Haha.” Marry Jiang also sneered twice: “Don’t think you are my editor, I won’t do anything to you. If you dislike my husband, I will write a bully next time.”

“Okay, okay, bully heroes are popular now, come one?”

Marry Jiang refused to talk to her!

The wedding went smoothly. By the time the wedding was over, Marry Jiang was so tired that she didn’t want to move, but today there is still one thing to be happy about, that is, Phillip blocked all the wine for her.

Because Phillip knew that Marry would go crazy when she drank, and today was such an important day, Phillip decided that Marry Jiang couldn’t make Marry Jiang go crazy, so he stopped drinking for Marry Jiang.

But the result of blocking the wine for Marry Jiang was that there were more people toasting, probably because they wanted to make Phillip deliberately, and Phillip’s steps at the end of the drink were all vain.

But as long as the wedding is not over, he has to continue drinking with everyone.

Two bridesmaids accompany Marry Jiang.

“Seriously, your husband has drunk like that. Can he still do in this bridal chamber tonight?”

This filthy remark comes from her editor Xu Yifei.

Sugar cubes smiled cunningly beside,

“If you can’t, let Marry do it by himself.”

Hearing, Marry Jiang couldn’t help but give them a blank look. “Don’t talk nonsense to me, you should go back first. I am also very tired and want to take a break.”

She woke up very early in the morning, and she was really tired now.

Seeing the deep exhaustion on her face, the two friends stopped teasing her, but left first. After Marry Jiang waited for them to leave, regardless of the customs, they fell directly on the bed to sleep.

Later, she changed her wedding dress, so now she is wearing a wedding dress.

When sleeping, it is extremely inconvenient.

But Marry Jiang was very tired, so she fell asleep as soon as she closed her eyes.

She doesn’t know how long she slept, she seemed to hear someone open the door, and then the sound of footsteps came towards her bed.

After that, the place next to him sank, and the strong smell of alcohol came over her face, the taste was too heavy to be ignored, Marry Jiang opened her eyes and saw Phillip lying beside him.

She closed her eyes, her face and ears were red, and her expression seemed a bit painful.

Marry Jiang woke up all at once.

She turned over and sat up and checked, and found that Phillip had been closing her eyes, looking very painful.

Did you drink too much alcohol?

Marry Jiang stretched out her hand and patted his face, "Wake up."

After taking a few shots, Phillip finally opened his eyes, but as soon as he opened his eyes, Marry Jiang was shocked, because his eyes were full of red blood.

"How could this be?"

Seeing her look worried, Phillip reluctantly pulled the corners of his lips, "It's okay, just drink a little bit and rest for a while."

Marry Jiang was still very sleepy. Seeing him like this, she could not sleep, so she got up and boiled him sober soup, and then took a towel to wipe his forehead, mouth and nose.

Phillip was really uncomfortable at this moment. Being drunk and drinking too much felt completely different. Apart from a headache, his body was so heavy that he didn't want to move.

Once moved, all kinds of stomach will be turned upside down.

After Marry Jiang wiped it off for him, she whispered softly: "I'll go see if the hangover soup is ready, wait a minute."

Phillip raised his eyes and looked at the petite figure wearing a wedding dress. The clothes hadn't been changed yet, so it was inconvenient to run. He could only hold the hem of the wedding dress with both hands.

After a while, the sound of footsteps sounded again, and Phillip opened his eyes again, and saw that she was walking towards him awkwardly with a bowl in one hand and a skirt in the other.

This girl.

"Come on, I'll make a hangover soup for you, and drink a bowl of warm stomach."

Phillip sat up and finished drinking the sober soup. His stomach was still a little uncomfortable, but it was a little better than before. When Marry Jiang wanted to leave, Phillip clasped her wrist and didn't let her leave.

"Don't go, just lie down with me here."

"Oh." Marry Jiang lay down on his side and looked at him with blinking eyes: "How much did you drink?"

Hearing, Phillip could only smile in his heart. Those individuals were really not drinking. One person and two cups seemed to be not much, but once the number of people increased, he really couldn't stand it.

"I knew I wouldn't let you hold off alcohol for me."

"What silly thing to say? I don't stop the wine for you, do you watch you go crazy at the wedding?"

Marry Jiang stretched out her hand and squeezed him, and said dissatisfiedly: "It's good to be crazy. If I'm crazy, those people won't dare to toast. It's not uncomfortable for me to be crazy, but you are so uncomfortable now."

Phillip stretched out his hand and took her into his arms with a hoarse voice: “Fortunately, it’s not too uncomfortable.”

Although he said it was not uncomfortable, he has been lying there since just now and now when he comes back, there is no other action at all, except to take her over.

For Phillip like this, Marry Jiang was a little depressed, and felt that the wedding night in the bridal chamber was probably gone tonight.

She smashed her mouth depressedly. Although she was not too looking forward to the wedding night in the bridal chamber tonight, she hadn’t thought about it, so Marry Jiang was still a little disappointed.

But disappointment turned disappointment, Phillip felt so miserable that she didn’t have any opinions.

The two lie quietly like this. Compared with the hustle and bustle of the day, this wedding night is really quiet, especially when lying next to Phillip, Marry Jiang can hear his heartbeat very clearly. .

There was a big happy sign posted in the new house, and the light was dim.

Lie down, Marry Jiang’s drowsiness came up again, and when she quickly fell asleep, Phillip’s hand suddenly became unbalanced.

Marry Jiang’s sleepiness was suddenly driven away, and she raised her eyes to look at him, “What are you doing?”

Phillip’s eyes were dark and heavy, obviously different from before. Although his voice was hoarse, it became clear: “Tonight, it’s the wedding night in the bridal chamber. Don’t let my wife down.”

Chapter 1492

Those five words came out of Phillip's mouth, and in this quiet room, people blushed and heartbeat.

Marry Jiang's face suddenly turned red and pushed him.

"I know, but aren't you uncomfortable?"

"Didn't you feed me a hangover soup?"

"Yes, but didn't it take long?"

"I'm done."

"How can it be a lie?" Marry Jiang interrupted him angrily, speaking earnestly, with an old mother's tone: "Although the day tonight is special, after all, the situation is special. Don't be aggressive."

After speaking, Marry Jiang got up and covered Phillip with a quilt, patted him on the cheek, "Sleep well."

"What!"

As soon as the voice fell, the figure in front of him suddenly turned over and sat up, and then hugged her up. Marry Jiang was unexpectedly scared and conditioned her arms around Phillip's neck.

She was hung in the air, held by Phillip and walked towards the bathroom.

"Then let you take a good look, if I am doing my best."

...

Well, Marry Jiang never thought that Phillip, who was still like a dead fish just a second ago, suddenly became alive and well. It might be because her hangover soup is too effective, or the words she said sting here comes the pride of a man.

In short, the price Marry Jiang paid was quite high.

Phillip let her go until the latter half of the night. She fell asleep when she was so tired that she didn't care about anything.

Only in her sleep, she vaguely felt that someone was wiping her body with a hot towel, the movements were extremely gentle, and the temperature of the towel was just right.

So Marry Jiang slept deeper.

By the time she woke up, it was already the next afternoon.

She was so tired that she didn't even want to move her fingers. The terrible thing was that her belly was still hungry. When she was lying in bed, her belly always made gurgling noises from time to time, which made her feel dizzy with hunger.

But besides being hungry, she is also very tired, so Marry Jiang has been lying there, half-squinting.

Until Phillip pushed open the door and came in, and heard the cry of her stomach.

“Wake up? Are you hungry?”

Seeing Phillip, Marry Jiang's gaze immediately changed a bit, staring at him like an enemy.

Blame this bastard, if it weren't for him, he wouldn't have been dead.

Thinking of this, Marry Jiang didn't plan to look at him, closed her eyes and ignored him.

"I made the porridge. Have a drink?"

Hearing that, Marry Jiang opened her eyes again and snorted, "You feed me and I drink!"

So Phillip turned around and went out again. Taking advantage of his time when he went out, Marry Jiang closed her eyes again and calmed down until she smelled the fragrance of the food.

She opened her eyes and watched Phillip eagerly approaching herself.

After that, Phillip helped her up and started to feed her porridge. Marry Jiang only regained some vitality after eating a small bowl, and talked more.

"Am I getting up too late, will my parents blame me?"

Hearing, Phillip pursed his lips and said with red ears: "It shouldn't, after all, the situation is special."

Marry Jiang couldn't help but stretched out her hand to pinch Phillip's arm, "It's all to blame, it's not your first time to eat meat, why behave like you haven't eaten meat in a year?"

"Cough..." Phillip stretched out his hand to cover his lips and coughed slightly, not because he saw her wearing a wedding gown, Phillip couldn't hold it back at the time, and he endured it hard.

"Eat more."

“Ok.”

Marry Jiang finished a bowl of porridge, but still felt hungry, so before Phillip went to Sheng again, he bitterly pulled his hand over and put it on his lips.

She deliberately used her strength to fight back against the bullying she had suffered last night.

Who knows that in the next second, Phillip put the bowl on the chair next to him and threw her onto the bed.

“Ah, what are you doing, why are you crazy?”

Phillip stared at her seriously, “You are seduce/lead me.”

Marry Jiang: “Where am I?”

She swears that she really wanted to retaliate against Phillip. She bit him, but she was afraid that he would be injured, so she only bit him in pain and didn't bite his hand to bleed. Is this also a seduction?

“Yes.” Phillip stared into her eyes earnestly, “That counts, so you'd better not provoke me. After all, we are now a husband and wife, it's legal.”

Marry Jiang said angrily, “I'm too tired, so you can just exhaust me!”

He said that, but seeing her so tired that she didn't want to move anymore, Phillip still felt a little pain, so instead of continuing, he pulled her up and sat down again, and whispered softly, “It scared you. Have another bowl?”

“Ok!”

Marry Jiang drank three bowls of porridge that day, and then wanted to eat it. Phillip disagreed, worrying that she would eat too much at one time and it would break her stomach, so she disagreed in any way.

So Marry Jiang was so angry that she didn't want to bother him.

What's more annoying was that Phillip didn't let her continue to drink porridge, and even thought she was eating too much, and asked her to get up and walk.

Ha ha ha, Marry Jiang really wanted to ha ha his face, what kind of tossing him into what he did not count? Let her go for a walk now? Does that make her legs obedient?

"I'm not going." Marry Jiang looked away, "I'm not full, and I have no strength."

Phillip frowned: "Marry, don't be fooling around, you ate too much today."

"Where can I eat more? I'm hungry. Besides, there are only three bowls of porridge. I will digest it quickly."

After that, Marry Jiang raised her eyebrows, as if thinking of something, and stretched out her hand towards Phillip, "It's okay to ask me to go out. My legs can't go anymore. Are you carrying me?"

"Back?"

"Yeah." Marry Jiang nodded and chuckled, "Didn't you tell me to go and eat? But I can't go, so you go with me behind your back. Isn't that the same?"

Phillip: "Am I carrying you to digest?"

It was the first time Phillip heard such ridiculous remarks. He was carrying Marry on his back. The person using his strength was himself, and Marry

Jiang moved from a place where she would not move to a person who could walk.

To put it bluntly, just change to another place and continue to lie down.

Phillip knew that this girl was angry with him last night, so she wanted to sing against him and torture him.

“Do you disagree? Yesterday’s letter of guarantee? I just made a small request. You want to think about it for so long?” Marry Jiang raised his eyebrows and took out his momentum.

Phillip resigned and turned around, leaving her back.

“Come on, I’ll take you downstairs for a walk.”

Seeing his generous back, Marry Jiang raised her eyebrows and quickly climbed up. However, after climbing up, Marry Jiang realized something very embarrassing, that is, she was still wearing Phillip’s shirt!

So Marry Jiang immediately retreated back.

“Not going.”

Thinking of going downstairs and having to change clothes for a walk, Marry Jiang began to give up again.

“What happened?”

“Where can I go if I dress like this? If I don’t go, I want to sleep.”

After speaking, Marry Jiang lay down on the bed and then covered the quilt.

Deep helplessness appeared in Phillip's eyes.

Chapter 1493

In the evening, Phillip's parents Liang Yahe and Xiao Mingzhi came to eat together. Liang Yahe came near the evening, and then took the initiative to take the position of chef and bought a lot of ingredients.

When the elders are away, Marry Jiang can act with Phillip.

After all, when the young couple had no outsiders, it doesn't matter how they want to behave, but when the elders are there, you still have to pay attention to proportion.

Before Liang Yahe came, Marry Jiang still couldn't get up on the bed. Hearing Phillip said that they were coming, she couldn't care about anything. She immediately opened the quilt and walked to the bathroom with bare feet. After washing, she changed quickly. The clothes, with a light makeup, were too decent.

While she was putting on makeup, Phillip was staring beside her.

"See your parents, do you have to put on makeup?"

Marry Jiang looked into the mirror and carefully sketched her eyeliner, and then she glanced at Phillip: "Of course, I am a new wife who just came in. There are some things that need to be done well. You are a stupid man, you don't understand. of."

It wasn't to please them. Pure Marry Jiang wanted to do this. After all, Phillip's parents were really good to her, so it was nothing to see them thinking about it.

After putting on makeup, Marry Jiang began to choose clothes again, and finally chose a dress that Liang Yahe bought for her.

Then Marry Jiang ran to the kitchen to help.

“Mom.”

Liang Yahe saw Marry Jiang coming, especially when she heard that mother, her heart was full of joy, and her eyes narrowed into a straight line of laughter.

“Marry? I heard Phillip say that you are still asleep, why did you wake up so soon? If you are tired, you should go to bed again. You can wake up and eat after Mom finishes the meal.”

Hearing, Marry Jiang’s lips couldn’t help but twitched. This rubbish Phillip actually said that she was still asleep, and the things about men and women were almost obsessive and clear.

But speaking out, it always makes people feel extremely embarrassed.

For example, now, Marry Jiang can only pick the topic over.

“Mom, what are you going to do tonight? Let me help you.”

After speaking, Marry Jiang put up the sleeves. Who knew Liang Yahe directly stopped her, “No need, the kitchen is my special session today, you go to the rest meeting again, Mom will make the meal, let Xiao Go and call you.”

“Mom, how can this be done? I am a daughter-in-law, not the ancestor Phillip married back. I have to share the housework together.”

“Who said no?” Liang Yahe listened to the words, and immediately raised her face, “Did that kid force you to help? Isn’t it? Mom will definitely educate him,

this stinky kid wants to rebel What does he want to do if his wife marries home and does not hurt?

At first Marry Jiang thought that Liang Yahe was joking, but when Liang Yahe rolled up her sleeves and left the kitchen angrily, preparing to look for her son to fight, Marry Jiang knew that she was not making trouble. For play.

“Mom, mom!” Marry Jiang could only hurriedly stretched out her hand to stop him, “this matter has nothing to do with Phillip. I want to help myself, not he called me to come.”

Hearing, Liang Yahe narrowed her eyes and stared at her: “Really?”

“Really mother, I just think you are an elder, my junior should help, it has nothing to do with Phillip.”

“It’s okay!” Liang Yahe waved her hand generously: “Although you are my daughter-in-law now, you must not be under pressure. I am different from those mother-in-laws outside. I treat you as the little white that my daughter dotes on, so you Do whatever you want.”

“I want to cook with my mom now. If we are together, we can do it faster.”

After finishing speaking, Marry Jiang also held Liang Yahe’s arm affectionately, with an attitude of having something to discuss, Liang Yahe finally followed her, and the two entered the kitchen as close as a mother and daughter.

After dinner was finished, the whole family sat together to eat together.

Liang Yahe gave Marry Jiang a lot of gifts that night, and also wrapped a big red envelope. The gift money received on the wedding day was enough. Marry Jiang really did not expect Liang Yahe to be so kind to her. As soon as

she was moved, she hugged Liang Yahe and said, "Thank you Mom, you are really kind to me."

When she hugged up like this, Liang Ya and her nose became sore, and her eyes were red, and she patted Marry's shoulder: "We will be a family in the future, but don't be so polite. For such a son, in the future, if you have any requirements, please tell your parents that they will try their best to satisfy you. And Phillip, you have to treat Marry well in the future. If I find that you are not good to her, I Neither your father nor your father can spare you."

Compared with Liang Yahe's thoughts, Xiao Mingzhi seemed much calmer. He looked at Marry Jiang's eyes very kindly and kindly, "Child, just tell Dad if you have anything to do, you are welcome."

"Thank you parents."

"That's right." Liang Yahe said as if thinking of something important: "You are all married, so you have to start preparing for pregnancy. When does Marry plan to have children?"

Hearing, Marry Jiang was stunned, and then smiled helplessly in her heart. Sure enough, getting married cannot escape the problem that must be faced, that is, having a baby.

She smiled awkwardly, and explained generously: "Mom, Phillip and I just got married, and we are still young, so this matter is not too anxious."

"Young?" Liang Yahe glanced at Phillip, curled her lips and said, "I'm about to become an old man, where is young? But also, Marry is still young, so don't worry, Marry, mom asks you if this is not this. I mean to urge you."

"I know Mom, don't worry, we will let the flow go."

Liang Yahe said that she would not urge her. In fact, she still hugged her grandson in her heart. She just wanted to return, but she only mentioned one sentence and never said anything more.

“Come, eat, eat more.”

The three bowls of porridge she drank at noon had already been digested. Marry Jiang had planned to eat more for dinner. Who knew Liang Ya and various feeds would feed her, and Marry Jiang was almost ready to eat until the end of the feed.

But Liang Yahe was afraid that she would not have enough to eat, and put all kinds of things in her bowl, so Marry Jiang could only look at Phillip for help.

“Mom.” After receiving her cry for help, Phillip stretched out his hand to bring the bowl in front of her to him, and said by the way: “Marry has eaten too much, and her stomach can’t stand it later.”

Hearing, Liang Yahe realized something and smiled awkwardly at Marry Jiang: “Marry, this is too much to eat? Why don’t you tell mom directly?”

“mom...”

“Okay, what’s so embarrassing about you kid? You are alien to me? Mom said, just treat me as your mother. Just say anything. Mom is used to you!”

“Well, I remembered, I will speak directly next time.”

A family of four finished the dinner in a happily manner.

Chapter 1494

Three days later, Phillip took Marry Jiang back to her family. After staying for a day, Phillip took Marry Jiang to fly abroad for her honeymoon.

They did not apply for the group during their honeymoon, but went on their own initiative. After all, considering Marry Jiang's temperament is more casual, so after careful consideration, Phillip only booked a ticket, and then did not even buy a return ticket. , he plan to play with her until she is satisfied.

Although he was going to spend his honeymoon, Marry Jiang took her tablet and notebook with her diligently. When they were all packed, Phillip watched her take all these things with him, and asked: "Bring these doing what?"

Marry Jiang snorted and explained, "These are my lifeblood, and I must take it with me."

"Take it, do you have time to use it?"

After speaking, seeing that she was still bending over and busy working there, Phillip could only stretch her hand to hold someone's collar, and then carried her to his side.

"Don't be busy, we just got here, let's get acquainted with the surrounding environment first, besides, you haven't eaten anything on the plane. Are you hungry now?"

Originally, Marry Jiang was still anxious to pack her luggage, but now that she said that, she realized that she was really hungry.

"it is good."

So Marry Jiang put the things away temporarily.

After that, Marry Jiang went to her suitcase to dig out a vest skirt and put it on directly.

Because the country is a bit cold and Marry Jiang also likes places where the weather is warm, the last two of them booked a ticket to Thailand and planned to go there for a tour.

Phillip was relieved to see that she finally stopped working on her computer, but when he saw her coming out in a vest and skirt, his face quickly became dark again.

He directly blocked her way.

“You plan to dress like this and go out?”

Marry Jiang nodded, “Is there something wrong?”

What’s wrong?

Phillip couldn’t help but frowned when he heard this. When she went to the bar earlier, she obviously wore a big T-shirt and big pants. She didn’t look like a girl at all, so why is she now wearing a skirt.

And it came so fiercely, the vest and suspender skirt, revealing a large piece of white skin on the outside, and the length of the skirt is less than the knee.

For Phillip, he couldn’t accept this at all.

“No, you can’t go out in this way.”

“Why?” Marry Jiang widened her eyes in disbelief. “You don’t think I’m too revealing in this way, so you disagree?”

She said it all at once. Phillip reddened his ears and didn’t want to admit it. He could only say: “It’s not like this. The sun here is very fierce. If you dress like this, go out and get sunburned?”

“Oh.” Marry Jiang took out her sunscreen with an indifferent expression, squeezed it and smeared it on her body, and said while applying: “Don’t worry, I have this. It has 100% sun protection and won’t get sunburned. .”

Phillip was speechless in an instant. He thought Marry Jiang would take care of it, and then change to one with at least a longer sleeve. Who knew she would have taken out sunscreen.

Seeing that his face was not so good, Marry Jiang took the sunscreen and shook in front of him: “You real man, don’t you know what this is?”

Phillip reached out and took the things in her hand, took a look, put it into his pocket, and said, “I know, although you bring sunscreen, the sun here is different from that in China. You still wear sunscreen. Clothes.”

After finishing speaking, regardless of whether Marry Jiang agreed with him, he took a sun protection suit and prepared to put it on Marry Jiang’s body.

“To be honest, are you afraid that if I dress like this and go out to others to see me, then you will be jealous?”

Hearing, Phillip’s ears were reddish, “No.”

“Don’t you admit it?” Marry Jiang sneered twice: “Well, if you don’t admit it, then I won’t wear it!”

Marry Jiang turned around and walked outside, Phillip’s expression was frustrated, and when she was about to leave, he buckled her thin wrist and pulled her back.

“Well, stop making trouble, you are right, I just don’t want others to see you dressed like this.”

“What’s the age now? Most girls wear this way, and I just think the weather here is too hot, what if I wear too much in case of heatstroke? I didn’t mean to dress like this to show people outside. , And I didn’t show it anywhere. Everything that should be covered was covered.”

He said so, but when Phillip’s gaze fell on Marry, there was a large white skin on the outside, and her skin was white, and she was even brighter in the skin of Thailand. If she walked out like this I don’t know how much attention it will attract.

Or maybe it was his own imagination, but he just didn’t like it.

“Even so, it still won’t work.” Phillip pursed his thin lips and looked at her with deep eyes. “When we first met, your style of clothes was not the same as it is now. Why did you change so much?”

“What style of dressing?” Marry Jiang couldn’t help but give him a white look: “Where do I have any dressing style? I just wear whatever clothes are comfortable to wear, oh, but I will pay attention to important occasions. .”

“Let’s go~” Marry Jiang took his arm and wanted to pull him out, but Phillip suddenly stood up, his expression stern: “Don’t go.”

“Ok?”

Before Marry Jiang had time to ask him what was wrong, she was picked up by her waist, and then thrown onto the soft big bed, followed by Phillip’s body and pressed down.

“Since you are dressed like this, don’t go anywhere, just stay here and play something else.”

After he said this, he didn’t give Marry Jiang a chance to react at all, and the action quickly sealed her lips.

It was too late for Marry Jiang to protest. Her eyes opened like copper bells. Just as she wanted to say something, the hem of her skirt was lifted.

“Ah! Phillip, please stop me! I’m going out, can’t I change my clothes? I don’t wear this skirt anymore, just hold me!”

The two were originally dry wood and raging fire. They were fine before, but once they got to the lips, how could Phillip let her run away?

“It’s too late, no chance.”

“Phillip, you bastard!”

So the first day they arrived in Thailand, they spent it in the hotel.

At night, Marry Jiang didn’t want to go downstairs to eat at all. Although there was a buffet in the hotel, but people had to go to eat, Marry Jiang didn’t want to move, Phillip could only order suite service.

She slowly got up until the food was placed in front of Marry Jiang, but when she wanted to take the skirt back and put it on, she found that the suspender skirt had actually been torn.

Ha ha da.

Marry Jiang sneered a few times in her heart, then rubbed the broken cloth and smashed it on Phillip’s face.

“You do this deliberately!”

He must have broken the skirt on purpose so that she could never wear it again.

Chapter 1495

Naturally, Phillip would not admit to this. Even though he did damage the skirt with selfish intentions, in the face of Marry Jiang's accusation, he humbly admitted the mistake.

"Sorry, I was self-sufficient earlier, so I couldn't hold it back, but the skirt matter was not intentional."

"Do you think I will believe you?"

Marry Jiang sneered twice. Originally, she planned to dig out a loose T-shirt and skirt, but after thinking about it, she took out a black vest skirt.

When he saw her wearing a new vest skirt, Phillip's lips twitched unconsciously.

Marry Jiang walked up to him, raised her chin and smiled triumphantly: "I didn't expect it? I took into account the weather here before I came, so I prepared a few of them. If you tore them all, then I buy it while shopping, you tear one and I will buy one."

Phillip originally wanted to say something, but when he saw the marks on her body, he pursed his thin lips and asked, "Are you sure you really want to wear this way?"

"Of course." Marry Jiang's answer can be said to be loud and loud.

Then Phillip reminded her in a good voice: "Would you like to go to the bathroom to wash your face, or wash your hands?"

Although she doesn't know why Phillip said this, she felt that washing her hands before eating was indeed the right thing to do, and she had sweated out of exercise before, and her face was indeed sticky now.

So after Marry Jiang gave Phillip a fierce look, she turned and walked towards the bathroom.

With a faint smile on his lips, Phillip sat down slowly at the dining table, counting the time in his heart.

“Three, two, one.”

When the number one fell in his heart, Marry Jiang’s agitated roar came from the bathroom.

“Ah, Phillip, you bastard!”

Hearing her roar, Phillip was not only lifeless, but the smile on his lips became stronger.

After a few seconds, Marry Jiang dashed towards him wearing her shoes, approached him all of a sudden, and grabbed his collar: “You did it on purpose!”

“Ok?”

She said, how could this guy suddenly call her to the bathroom to wash her hands? She was still wondering why she suddenly reminded this sentence until she entered the bathroom Marry Jiang raised her head and saw herself in the mirror.

The original white and flawless skin is now full of purple-red marks, from the neck to the bones, back, and legs, so these marks can be clearly seen on the exposed skin.

No wonder she thought Phillip today was so weird, and she loved her petty bones and legs so much, because he had already calculated it.

She is not allowed to wear this vest.

It's all right now, even if he doesn't need to tear it, he can't wear it out.

But...

When Marry Jiang and Phillip were angry, their eyes suddenly changed, and Phillip saw a sly flash in her eyes, and an unknown premonition rose in his heart.

Sure enough, before his unknown premonition took shape, he saw Marry Jiang curl her lips and whispered, "You don't really think that I would not dare to go out like this? I tell you, you are walking with me. Together, I dress like this and go out, everyone will notice that you are not me, believe it or not?"

Phillip hugged her waist vacantly, "So you mean to wear it? Are you embarrassed not afraid of others seeing it?"

"I, Marry Jiang, have a thick face, do you think I'm afraid? It's you..." Marry Jiang reached out and touched his red ears, "I'm afraid you are more shy than me?"

This is indeed correct, but Phillip felt that he could not always let Marry Jiang be so mad to laugh at himself, so he insisted: "No, if it's okay for you, I don't mind letting others see. My masterpiece."

Marry Jiang was stunned. She probably didn't expect Phillip to speak like this, so she didn't react for a while.

But she was also that kind of savage. After going out with Phillip the next day, she really wore a suspender skirt with only sunscreen on, and nothing else.

The day before, Phillip wanted to fight her to the end.

When he saw his woman dangling those traces and walking out of the hotel door with her long snow-white legs, he was completely ill.

Before Marry Jiang could walk out completely, Phillip pulled her back.

“I gave up, let’s change my clothes.”

Marry Jiang stared at him, “What? Didn’t someone say that you didn’t mind yesterday? Why did you regret it so quickly?”

A man who can bend and stretch, and even in front of his wife, even if he is embarrassed at the moment, Phillip can’t take care of it. He can’t stand the thought of going out and receiving attention from others.

Thinking of this, he slammed the door shut.

“Yes, I regret it, and I will go out again after a good change.”

Marry Jiang snorted softly, shook her hand, walked directly to the sofa and sat down, “If you ask me to change, I will change? I won’t change, I can’t just listen to you.”

Phillip wanted to call her grandmother. From the beginning to now, how many times did she listen to her? Didn’t he listen to her?

He knew her temperament, whether to eat soft or hard, so Phillip did not scold her, but sat next to her, stretched out his hand to embrace her, and said in a low voice: “Then what do you want to change? “

Yo? This voice has changed. Marry Jiang didn’t expect it, so she looked at him and joked: “You are changing your face very quickly now. You suddenly become so gentle, I am not used to it.”

After finishing speaking, Marry Jiang stretched out her hand and took the initiative to take Phillip's shoulders, "You can change if you want me, you have to carry me all the way today."

Carry her all the way?

"No problem."

Phillip agreed quickly, and Marry Jiang was almost surprised. She had already thought about making things difficult for him. After all, the two of them were boring without doing anything else. It was also good to use this for fun.

But he agreed too quickly, and Marry Jiang didn't have to continue to mess up.

"Go, I'll change it for you."

In the end, Phillip hugged Marry, and then personally changed her a more conservative, but at the same time refreshing suit and skirt. This set was bought by Phillip's mother for Marry. The color was light pink. Point blue tones, very gentle and ladylike.

Marry Jiang became a little uncomfortable after putting it on. She stood in front of the mirror. Although she felt uncomfortable, she did look good.

She didn't pay much attention to dressing up before, but recently she didn't know if it was the reason for being with Phillip. Her temperament seemed to be less than that of a female man before, and she would wear more feminine clothes.

Just like this time, she packed the luggage herself. She could bring some casual and everyday clothes. But when she came, she considered that she wanted to invite a photographer to travel with Phillip, so she changed other thoughts at the time. I bought some clothes for little girls.

Marry Jiang also discovered this change before this trip, and the more she thought about it, the more she felt that she had indeed changed a lot.

She actually changed so much for him, Marry Jiang suddenly looked at Phillip and said: "If you dare to take on me in the future, I will never forgive you!"

Chapter 1496

This girl is really...

Phillip stepped forward and arranged the hair behind her, and said: "How could I bully you? We have been together since we were together until now, have you been bullying me?"

Hearing, Marry Jiang blinked, turned to stare at Phillip, and snorted softly.

"Just know, I can only bully you, you are not allowed to bully me. Also, you can't let others bully you, and I will only be allowed in the future."

"Okay, I promise you both." Phillip embraced her. The two were originally going to go out, but as a result, the air changed when they were talking in love.

Before Phillip could kiss her Marry Jiang took the initiative to tiptoe up and hooked his neck tightly.

After a while, the two kissed like a raging fire, and their clothes fell off.

Well, the second day I came to Thailand, I spent it in a hotel again.

At night, Marry Jiang was lying on the bed and playing with her mobile phone. He saw Fang Tangtang sent her a message asking her how her honeymoon was and did she take photos?

Marry Jiang wanted to laugh when she saw the news, took pictures of Mao, and spent two days in the hotel. Later, he was so tired that he immediately rested, woke up and ate, and didn't even go shopping around. Over.

“No shot.”

So Marry Jiang directly replied with two words, simple and neat.

But Fangtangtang obviously didn't want to let her go like this, and continued to bombard her on WeChat.

“How could it not be taken? You have been in Thailand for two days. You must have taken some beautiful photos. Don't hide them. Hurry up and send them to us to see. You editors want to see them too.”

Hearing her editing, Marry Jiang immediately typed out: “Why did you get involved with her?”

“After we became your bridesmaids together, we added WeChat to each other. Now we are blowing water every day, and even guessing how many times you came to Thailand with your husband in the past two days and gambled money.”

Seeing this, Marry Jiang's mouth twitched instantly, not knowing what to say.

“So, I'm here to ask if the photos are just for testing the reality?”

“Don't say it like that, everyone is good sisters, and I really want to see your beautiful photos.”

Marry Jiang sneered twice.

“I believe you are evil, right? Then you two will bet, I won't say.”

“Marry Marry, don’t be like this. I bet a thousand yuan with your editor. I’ll bring you to the group later, so you can talk about it.”

“A thousand dollars? Our upstart Miss Fang will be short of this thousand dollars?”

She chased stars with tens of thousands and tens of thousands of landslides, and Marry Jiang was in pain, but also because she had such a nouveau riche father. Otherwise, what kind of family can withstand the toss of this girl.

Soon, the two dragged her into a small group and asked about the whispers between the sisters.

Marry Jiang saw that the two of them could talk vigorously, and hit them directly.

“Can you two be more pure? Neither of you married yet. Don’t be more filthy than a married man like me? Also, you care about my husband and wife life so much, why don’t you just buy a plane ticket and follow along.”

“We thought, are you willing?”

“Roll.”

In the end, Marry Jiang still didn’t tell them, after all, she wanted to keep her own knowledge of such private things, and she knew too much about those two people.

If she said too much, they would ridicule her in various ways in the future, if she said less, they would also ridicule, even saying that Phillip could not do anything.

So after thinking about it, Marry Jiang didn’t think it would work. She said that he was going to sleep, so he quit the group chat and let the two of them cheer.

After putting down the phone, Phillip happened to be washed out, his hair and body still had clear drops of water, Marry Jiang called him when he walked over.

“Shall we go downstairs for a while?”

Hearing, Phillip was taken aback for a moment, and then asked: “You can still stroll around?”

In fact, these words were just subconsciously answered casually, but Phillip only knew how ambiguous the words were after he asked them. Before he could explain, Marry Jiang’s pillow came over.

“You can go shopping, of course you can go shopping!”

After that, the two went downstairs to hang out nearby. The hotel they booked was facing the sea. There was a big road between the beach and the shop. It was late at night, but there were still many people on the beach. Marry Jiang went to a family’s flip-flop shop. I bought couple models for myself and Phillip directly.

There are quite a lot of snacks at night. Marry Jiang tried several kinds. If he couldn’t finish eating, he would give it to Phillip to solve it. After walking all the way, Marry Jiang’s stomach was five or six points full, but Phillip was about to break it. .

Seeing Marry wanted to buy food again, Phillip coughed lightly and held her back: “I can’t eat anymore.”

Marry Jiang hadn’t really thought about that much before. In fact, she didn’t even think about giving Phillip what she couldn’t finish. But she really wanted to try something, but she didn’t expect Phillip to eat her leftovers so well. I have eaten all the next.

“Anyway, there is still a lot of time later, how about going around slowly tomorrow?”

When he said this, Phillip spoke to Marry Jiang in a deliberate tone. Although he could not eat anymore, his tone was still gentle.

This made Marry Jiang very obviously feel the man’s pampering and tolerance for him, so she took the initiative to take his arm.

“Okay, then we will be here today, and we will continue tomorrow, you fool, you don’t have to eat it all if you can’t eat it, and I won’t be angry with you if you can’t eat it.”

Phillip was a little embarrassed when he heard that, wasn’t it just because he was afraid of her being angry, he stretched out his hand and pinched Marry Jiang’s nose, “Go back first.”

In the following days, Phillip has been playing around with Marry Jiang, and later invited a photographer who was following them. The two left a lot of photos, many scenic spots, duty-free shops, amusement parks, going to sea, etc. Marry Jiang participated in the activity.

Eight months later

Jessica’s child has been born, and Marry Jiang has a pot belly and is about to give birth.

Her actions are already very inconvenient. Pregnancy has caused her to suffer a lot of sins, her legs are extremely swollen, and she doesn’t sleep well every night, and she can’t act on her own when she goes out, and she gets tired after walking a few steps.

Speaking of this, Marry Jiang can be said to be crying without tears.

Her honeymoon trip was suddenly stopped because of pregnancy. She and Phillip had been playing for nearly half a month. When she was about to fly to the Maldives, Marry Jiang's mother suddenly called her and the mother and daughter chatted. Now it comes to the problem of the aunt.

Fortunately, after talking about Marry Jiang, she found out that her aunt hadn't visited for a long time, and she suddenly lost her mind.

It was Marry Jiang's mother who asked her to return to China immediately and stop playing crazy, so as not to hurt her children.

After Marry Jiang told Phillip of the result, he was silent for a while and booked a ticket to return to China, then put his arms around her and said calmly: "There are still many opportunities in the future. First listen to what Mom said, and go back to China to check."

Chapter 1497

In this inspection, a baby came out.

Then Marry Jiang was detained at home. At first, she was detained at home. Later, her mother didn't even let her touch the computer any more. Every day there was a rule for how much time she could touch the computer.

Marry Jiang was upset and excited at the same time.

What's upsetting is that she is not ready to be a mother, so she and Phillip have always taken good measures, but from the time point of view, it was the first time that she and Phillip were pregnant directly.

It's really worrying.

It was okay at the beginning, Marry Jiang had no morning sickness, and everything tasted good.

Later, her appetite grew more and more, and she didn't need her mother to say that she always slept in addition to eating. Not long after that, Marry Jiang grew fleshy, and her legs began to swell.

She even suspected that she was not pregnant with a child, but a foodie.

How else could she become so edible, and also become so fat.

Tangtang came to Marry Jiang many times, making fun of her every time she came.

"Hahaha, Marry, do you know what you look like now? It's just a ball, no one looks like anymore. To be honest, I see you like this. I have no idea of getting married. Well, even if I get married, I don't want it. pregnant."

After laughing at her was not enough, she was dragged into the group to laugh with Xu Yifei.

Marry Jiang sneered twice: "Sugar Candies, if your male god wants you to be pregnant, will you be pregnant?"

"Huh, it must be pregnant!"

"So, Feng Shui turns, you laugh at me like this today, and I will pay you back ten times in the future."

"Fuck it." Fang Tang said, "It seems that I have to black out you more. I will post the photo to Moments immediately. Anyway, I will talk about it first."

"Go chant, you go chant."

The two of them are used to jokes. Although the sugar candies are nasty, they still didn't really do that. They ended up laughing and joking together.

“Okay, gave me something secretly for you.”

Sugar cubes turned into a packet of snacks from his bag.

Marry Jiang only glanced, her eyes suddenly brightened.

“Spicy!”

“Correct!”

Sugar cubes handed her the spicy snacks in her hand: “I can only eat such a small packet.”

Since pregnancy, Marry Jiang has eaten a lot, but her mother did not allow her to eat a lot of junk food, and Phillip was also concerned about her body and children, and did not agree with Marry Jiang eating outside factories. Hygienic junk food.

That’s why Marry Jiang didn’t have to eat it even more, and the sugar cubes, as her best friend, were threatened by Marry Jiang every time. When she wanted to come, she had to bring some snacks to her, or she wouldn’t come.

Tangtang also considered Marry Jiang’s current physical condition, so he didn’t want to bring her often.

But sometimes came empty-handed, Marry Jiang always looked pitiful, and she couldn’t stand it anymore, so occasionally she would surprise Marry Jiang.

“Your husband is too cruel, you are so pitiful, doesn’t he give you some food occasionally?”

“Yes.” Marry Jiang nodded, and complained to Phillip while eating: “That bad guy is like my mother. I don’t allow me to eat anything outside, so you have to bring it to me often in the future.”

In fact, Marry Jiang would not tell sugar cubes. In fact, Phillip would occasionally take her out to eat hot pot and snacks to relieve her hunger, but she was not allowed to eat too much every time.

As for why she didn’t say it, it’s very simple. If she tells Tangtang that Phillip actually takes herself out every week, she will definitely feel that she eats too much, and then she won’t bring her .

Her source of happiness was about to disappear again, she refused!

“Ah, it’s so bad, I don’t know it hurts you at all.”

Someone is working in the company at this time and doesn’t know that he has been spoken ill.

On the other hand, Jessica’s child has been born, and now she has become a mom. She originally liked her daughter, but she hoped that an older brother could spoil her younger sister. After thinking about it, she made her head bald, so she didn’t want to.

Finally, to her surprise, she gave birth to twins.

But what makes people cry without tears is that the twins are boys.

Moreover, Jessica almost went half-life in order to give birth to these twins, because it was so hard to have two children.

After giving birth, the doctor held the two children in front of her.

“Congratulations, I gave birth to twins.”

Jessica asked, “Boy or girl?”

“It’s two lovely boys.”

Jessica was stunned when she heard that it was two boys. In fact, she hoped that she could get the right baby, but she did not expect to have two boys.

The boy doesn’t know if he will be special when the time comes. Can she care about them?

Looking back, Jessica felt a faint headache.

And during this time, when she took the two children, she could vaguely feel that although the two were twin brothers, their temperaments were completely different.

For example, the older one has a colder temper and doesn’t cry or make trouble when he is hungry. He just lay there and didn’t like to see people. In addition to sleeping with his eyes closed, he was in a daze with his eyes open.

The younger one has a more explosive temper, crying when he is hungry, laughing when he is happy, noisy when he is upset, and likes to look at people and have fun.

In general, it’s just static and moving.

Just thinking about it, the little one started to make noise again, Jessica got up to make milk powder for it, but was pressed back by the people around him.

“Lie down, I’ll go.”

That's right, since they gave birth to two children, there have been two cribs in the room of the couple. They originally wanted to ask a nanny to bring them, but Jessica didn't believe in nanny.

After that, Janis said to help her take it, but when the child was tumultuous, it was day and night, and Jessica's mother was getting older, so she couldn't bear to let her mother get involved.

So she brought it by herself, and Victor Han also supported her. The child she brought with her should be kissed by herself, so he advocated moving the crib to the room of the two and bringing it together.

Jessica was still worried at first. Victor Han had to go to work during the day and would make her sleepless at night, so she often asked Victor Han to go to sleep next door. Who knew Victor Han said it was okay and helped her take care of it.

But the end result was that every time the child cried and Jessica wanted to get up, Victor Han let her sleep well and he took care of it.

It was agreed that the two took care of him, but Victor Han took the responsibility on himself, and she didn't help much as a mother.

When Victor Han lay down again after feeding the baby milk powder, Jessica whispered to him.

"I will come at night from now on. You have to go to work during the day, which will delay your rest."

"The child also has my share. It is very hard for you to take care of it alone during the day. How can you still take care of it at night?"

It seems very reasonable, but...

“You have to go to work during the day, how can you compare with me? Even if I wake up at night to take care of the children, I can sleep during the day, and recently my mom will come to help me take it every day.”

Chapter 1498

Originally, Janis said that she wanted to help Jessica with the child, but Jessica felt sorry for her, so she didn't agree.

But it does not prevent her mother from having to feel sorry for her daughter, and she also wants to hug her grandson more, so Janis comes here almost every day. Because her mother is here, Father Zhou can only stay in the store.

Now that the time has passed, the staff in the store are already very skilled and can stand alone.

In addition, the business in the store was getting better and better, so Janis simply asked a few more people for help, and then she could concentrate on taking care of her daughter and her two young grandchildren.

“It's Mom's idea to help you take that. Your husband can't be lazy because of this.”

Although most men in the world are the same, when a father does not fulfill his responsibilities as a father, he takes the child very few times, looks down on the child, and sometimes even yells when he is awakened by the child at night. Own wife: Will you bring children on earth?

After roaring, he continued to fall asleep again, without worrying about how uncomfortable his wife would be.

This is why more and more pregnant women are prone to depression.

Before, Jessica saw this kind of posts on the Internet during her pregnancy. Many of them were complaints from women, saying that her husband was not doing anything, and she would yell at her if she didn't help with the baby because she could only stay at home when giving birth. Therefore, if there is no income, they are regarded as members without income.

He completely forgot how hard she had been every day, did not sleep well and did not eat well, she had to give the child shit and pee, and coax her to sleep well. Her condition was extremely tight, and at this time, if her husband still does not understand, then It really drives people crazy.

At that time, Jessica felt deeply that women still have to have their own careers and have a certain financial ability, otherwise it is hard to say what situation they encounter.

Fortunately, her Victor Han is very good, better than she thought.

Thinking of this, Jessica took the initiative to reach out and hug Victor Han's neck, and buried her head in his arms.

"Then you go to work and go home earlier and rest more."

She was afraid that Victor Han would not be able to bear it. He had dark circles under his eyes lately. He always looked like his sister when he was running back and forth abroad and at home, but he never yelled tired, even when he was uncomfortable, he wouldn't even frown.

This man is really cruel to himself.

"It's okay." Victor Han put his arms around his wife's little shoulders, her heart warmed because of her concern, and his lips smiled, "You can hold it, don't worry."

Jessica raised her head in confusion, “Why do you always do this? You were like this when you first met Stella before. You didn’t even shout tired until Stella returned to China. You are a human being and not a robot. , There is no need to swallow all the bitterness and pain by yourself. And...” Jessica said of a doubt that was pressing in her heart, “How is the...the age difference between you and Stella???”

Because she heard Victor Han tell her about his childhood experiences, Jessica felt very sorry for him when she first listened, so she didn’t think about so many details.

It wasn’t until one day later that she was chatting with Stella, and when it came to the issue of age, she suddenly thought that the age difference between Stella and his brother seemed a bit far away.

It’s not that it’s far away, it’s like it doesn’t match the date Victor Han said.

But at that time, there was no chance to ask Victor Han, and after she became pregnant, it took longer to fall asleep, so she didn’t ask this question again.

Suddenly thinking about it now, so Jessica thought about gossip.

“Finally realized?” Victor Han stretched out his hand and scraped her nose gently, smiling faintly: “I thought you never realized it.”

Hearing, Jessica’s eyes widened, “You and Stella won’t be...”

“Yeah.” Victor Han nodded in a deep voice: “She and I are actually half-brothers and sisters.”

Half-parents.

With this result, Jessica was still very surprised.

“She didn’t ask much later, and this matter was never mentioned again. Anyway, there are no relatives. She and I were each other’s only relatives in this world at the time. Even if we were half-parents, I cherished her very much. “

Jessica could tell that Victor Han cherished his only sister very much.

Thinking of this, Jessica solemnly said: “I will also keep a secret for you.”

“Fool, what’s the secret? Even if we are not the same father, she and I are brothers and sisters who are related by blood.”

At the time, Victor Han’s mother was in distress after losing her husband, and her son didn’t have the heart to take care of her. Finally, he was taken back to Han’s house by Mr. Victor.

But during that time, Mrs. Han’s heart was always dead. Every day, she was awkward. Sleeping is not sleeping, and waking up is not waking up. Father Han didn’t see her like this, so he found her childhood sweetheart, because after Mrs. Han got married, this The childhood sweetheart, that is, Stella’s father, has never been married. Seeing her utterly muddled all the time, he accompanied her every day, talked to her, and enlightened her to persuade her.

At first, Madam Han was unwilling to accept it, but then she ran around by herself and was almost hit by a car. It was her childhood sweetheart who saved her life, and he also lost the light.

Madam Han felt that she was owed, and she woke up from a dream at that time, so she took the initiative to take care of Stella’s biological father, but at that time Stella’s father felt that he was useless and didn’t want to hurt her, so he let Madam Han leave.

Such a decision made Madam Han even more painful. Not only did she not leave him, but her childhood sweetheart wanted to force her to leave, so she said something serious.

It probably means that either you go or you marry me.

In fact, this sentence was not to force Madam Han to marry him, but to force her away, but Madam Han unexpectedly chose the choice of marriage.

The wedding of the two people was held in this way. Although Stella's biological father lost his eyes, he gained the opportunity to be by her side.

Later, Mrs. Han became pregnant and gave birth to Stella.

Stella's biological father was very indifferent to this daughter, of course he also loved Victor Han very much, and Victor Han was also very sensible, and did not reject him, and the family got along well.

It wasn't until Stella disappeared, and then Stella's biological father had an airplane accident.

By the time he died, in fact, Stella's biological father knew that Madam Han had never loved him. Marrying him was just to do her duty.

He didn't say, but Mrs. Han always knew it until he died.

"Actually..." At this point, Victor Han buried his face in Jessica's neck, and his voice sounded dull. "She told me before she died, saying sorry to my father. He is the sorriest person in this life. I heard it at the time, and it probably meant what it meant."

Because at the beginning, it was said that she would stay with her forever, but later, Madam Han did not control herself, and moved sincerely with Stella's biological father.

That's why she told Victor Han that she was sorry for his biological father.

Chapter 1499

But Victor Han did not feel that his mother was sorry for his father.

Instead, he blamed himself even more, because if it weren't for him, his father might not have died.

But things have happened, there is no if, and there is no turning back.

So he took on the responsibility of finding his sister. After he found it, he would naturally treat her well and do his responsibilities as an older brother. He would share his brother's love for his sister, his father's love for his sister, and his mother's love for his sister give her.

Hearing this, Jessica felt very sad besides shock. She didn't expect that there was such a tortuous story.

What made her even more sad was that feelings could not be controlled. Madam Han was moved by her childhood sweethearts, and then felt that she was sorry for the people who had passed away. And Stella's biological father didn't know that the people around him had moved sincerely with him after paying so much, so he died with regret.

Of course, the most distressed among them was Victor Han.

He lost three of his relatives one after another, the one that was the closest to him, it was a huge blow and pain for him.

Thinking about it, Jessica's eye sockets became moist, and she reached out and hugged Victor Han firmly.

“What?” Victor Han asked her amusedly.

“From now on, I will warm you, and my child and I will accompany you well, and I will be with you.”

Victor Han didn't expect that he would tell the past, and he would hear her such a sincere confession, and his heart was warm for a while.

In fact, Victor Han has become less cold since being with her.

In the past, except for being gentle in front of his sister, the rest of the time was actually not like a normal person.

Now I live like a person, with warmth.

“Then say it, you can't break your promise, otherwise...” Victor Han paused, and attached a very heavy voice to Jessica's ear: “I will not let you go after I chase the Yin Cao Netherworld.”

Because the two children are still young, Jessica is bored at home, so Stella will often bring small bean sprouts over. Eight months later, the small bean sprouts look more watery than before, and her eyes are very similar. Stella, and she would still call her aunt, but she was stumbling and slurring her words. This was the result of Jessica teaching her many times.

The little girl looked very clever, her eyes were clear, as if she could talk, just don't laugh, she would collapse when she smiled.

Because her smile is a bit silly, but she likes to laugh again.

When she saw Stella again, Jessica thought of what Stella had said to her, and thought that Stella and Victor Han were not siblings of the same father and mother.

Although she would think of it, she would not break her mouth.

“Auntie, Mommy and I, and Yaya come to accompany you.”

Compared with last year, Levi has grown a lot taller, almost becoming a little adult. The taller one has a small face and a thin face.

Jessica bent down and squeezed his cheek with her hand.

“Millet beans, how can you grow a net without meat?”

Hearing, Levi showed a sad expression and whispered: “It’s not Ayan’s aunt, I have no time to deal with Levi.”

In the past, Jessica really spoiled Levi, and Levi also liked eating her meals, but since she became pregnant, Levi has never eaten her meals.

“I thought I was an aunt, I could see it every day and eat her cooking every day, who knew it was different from what I thought.”

Mommy is also dominated by his bad daddy. When it is not occupied by daddy, it is the little bean sprouts, but Yaya is his sister. He should be spoiled by his brother, so he didn’t care about Yaya.

But! That bastard daddy is really bastard daddy! So now Mommy is completely alone.

Levi was extremely unconvinced with Walter Shen.

“Ouch.” Jessica couldn’t help but stretched out her hand and rubbed Levi’s head, messing up his hair: “The grievance is so big, will my aunt make you some food today?”

Millet snorted and turned away.

“Okay, don’t be angry. My aunt was pregnant and didn’t care about you, but I didn’t forget Levi. My aunt thinks about you every day. Now my aunt is free. If you want to come and find your aunt, just come over and move in. OK.”

“Alright.” Stella poked Levi in the back, “How old are you, still pestering your aunt like this? I don’t know how hard it is to get pregnant? When Mommy was pregnant with you, It also suffered a lot.”

Hearing, Levi immediately hugged Stella’s thigh and raised her face: “Mommy, you have worked hard. Levi is just joking with her aunt.”

On the same day, Jessica went to cook in person, and then called Victor Han and told him that Levi and Stella were both at home, and Victor Han said to be back at noon.

So Jessica gave up and planned to make rations for six people.

She, Stella, her mother, Victor Han, millet beans, and small bean sprouts.

Janis couldn’t help but ask when she watched her make rice, “How many people did you make?”

“Six.”

“Only six? No more?”

After Jessica nodded, Janis walked directly to her and sighed her: “You girl is a mother, why are you still so ignorant? We have six people, so we have to be at least seven people to prevent Some people have a big appetite and not enough to eat, or someone comes over halfway.”

After hearing her mother's remarks, Jessica also felt that what she said was reasonable, so she added rice.

"Also, why didn't Stella and her husband follow me today? If you don't want to put more rice, I think the child will come to them later."

"It's okay, Mom, Stella told me that her husband is going to have a meeting at noon today, and there is no time to come over."

Otherwise, she would have counted as a ration for seven people.

"It's something to say, but who knows if the meeting will be cancelled temporarily and this person will come over? Isn't it embarrassing to have no food to eat?"

"It seems so." Jessica stretched out her hand and scratched the back of her head, "Then I will cook more."

"You, these people are so sophisticated. You don't need to do this when you are the only one, but if you have guests, you should pay more attention to avoid embarrassment."

"Ok."

Janis saw that her daughter was like Yazi who was pecking rice and nodding her head. The old mother's heart was so vicissitudes that she reached out and flicked Jessica's forehead, "Learn to learn later."

Sure enough, before noon, Moshen's car stopped at the gate. After the door was opened, the long figure got out of the car.

Ye Moshen is still handsome, with wide shoulders and long legs, and the cold and harsh breath on his body, which is completely impossible to associate with that spoiled wife and crazy demon.
