

## Chapter 151

### The Policewoman Chapter 151

After Elder Song learned of Lin Kai's situation from his granddaughter's mouth, he immediately let his security guard Xiao Li, who was standing outside the door, into the room and told him to immediately get in touch with Deputy Commander Wang of the Yanjing Military Region.

Xiao Li pulled out a specially-made mobile phone and quickly dialed Vice Commander Wang's number.

"Hello, Chief, what are your orders?" On the mobile phone, immediately came the respectful voice of Deputy Commander Wang of the Yanjing Military Region.

"Did the people from your Military Region's Inspection Division arrest a post-graduate named Lin Kai at the Yanjing Military Region's sanatorium's celebration banquet?" Elder Song asked straightforwardly.

"There ..... is such a thing." Deputy Commander Wang knew in his heart that he had really kicked the iron this time and said in a nagging voice.

"How do you serve as a deputy commander? Why did you connive at your own men to arrest random people before things were clear?" Elder Song rebuked in a loud voice

The implication was that if he wasn't given an explanation on the matter of arresting Lin Kai and continued to take lives in such a haphazard manner, you wouldn't be able to be a deputy commander.

Upon hearing these words, Vice Commander Wang pinched a cold sweat for himself.

He knew that, as the former Minister of National Defence, all the people he had promoted were in key positions in the Ministry of National Defence and had the power to track down subordinates who had used their power for personal gain and favouritism.

If it was found that he had tampered with the issue of Dong Jun and the others framing Lin Kai, then the black hat on his head would be lost and his whole life's career would be ruined.

"Chief, you misunderstood, I didn't let the people from the inspector's office just arrest people," Deputy Commander Wang explained and said, "However, please rest assured that I will personally look into this matter and take care of it to give you an explanation... .."

"That would be best, I don't want Lin Kai to suffer an injustice and be aggrieved in any way." After Elder Song dropped these words, he then hung up the phone.

Deputy Commander Wang felt a little bolt in his heart, on one side was his old boss, Master Yan, and on the other was the former important leader of the country, Master Song.

Master Song had once had the highest status in the military, and even in the country of China, and his thunderous style had emboldened many people.

The point is that although he had retired to the second line, the national leaders still had to seek him out for joint consultation on important military affairs and major decisions of the Chinese state.

Since Elder Song had personally asked about Lin Kai, it proved that he thought highly of him as a person who belonged to the state's key protection and cultivation target.

Out of expediency, he still decided to go against Master Yan's wishes and do what Master Song wanted, because a retired deputy commander was not as useful as a highly respected person in power.

To save his own life, he had no choice but to release Lin Kai, so he pulled out Director Ma's phone number from his mobile phone phonebook and dialed it.

.....

The blood was spilled on the face of the strong man, who reflexively wiped it with his hand, and at this instant, Lin Kai's face showed a fierce look as he kicked out a yin-raising kick.

As fast as lightning, as fast as thunder!

Bang!

This kick landed solidly on the crotch of the strong man.

"He fell to the ground with his hands covering his crotch, and his body twitched a few times before his neck tilted.

A stream of urine mixed with blood soaked out of the strong man's crotch and flowed on the ground.

Lin Kai's fierce action stunned Dong Jun and the three men who had lunged at him, thinking, "Is this still a human being? It was like a beast!

Zhang Tianhu had often warned him that to be merciful to the enemy was to be cruel to oneself.

At this moment of life and death, Lin Kai could not be merciful. Since Dong Jun and the others wanted to kill him, he had to fight for his life, and only by defeating these people could he escape his fate.

Lin Kai quickly turned around and stood in front of the three men who were ready to attack him, with a mighty presence that seemed to have the momentum of a million men.

With blood still dripping from the corners of his mouth and the burning pain in his back causing him some discomfort, Lin Kai swept his cold gaze over the faces of the three men one by one.

Lin Kai's murderous spirit suddenly appeared, like a ferocious cheetah!

He slowly bent down, picked up the iron bar that the strong man had left on the ground, stood up, smiled coldly at the three men in front of him and said in a stern voice.

"None of you are going anywhere!"

In a flash of lightning, he was already in front of the three men, and without waiting for them to react, he swung his rod and struck out.

Clang! Clang!

Clang! Clang!

After a sound of metal clanging and bone cracking, all five men, including the bearded man, fell to the ground, letting out a harsh scream.

The sounds rose and fell!

Dong Jun stood by with a stunned expression, this terrifying tactic and skill of Lin Kai had completely stunned him.

At this moment, Dong Jun was already stunned, he didn't expect Lin Kai to be this powerful, five specially trained soldiers had been taken out by him so easily.

Dong Jun felt his legs go a little weak, his body began to tremble, his teeth clenched as he saw Lin Kai walking towards him step by step, his mental defences completely collapsed.

A boundless fear rose up from the depths of his mind, Dong Jun suddenly felt his body heat up and a hot stream of urine flowed down his trouser legs to the ground.

"What ..... are you doing?" Seeing the murderous aura covering Lin Kai's face, Dong Jun was scared out of his wits and stammered, "I ..... am the grandson of Yan Vice Commander of the Yanjing Military Region, you can't move ..... move me... .."

"I know that you are the grandson of that old retired man, and I also know that you are the cousin of that little punk named Yan Dabao," Lin Kai's murderous aura on his face gradually faded away, replaced by a spring-like smile, and said, "I'm not going to hit you, why are you nervous? "

"Why ..... why?" Dong Jun couldn't believe his ears and looked at Lin Kai incredulously, thinking, "It's obvious that I wanted to tell the people from the inspector's office to fix him up, he hit these people so hard, but he let me off, could it be that he was deterred by the prestige of my family's old man?"

"No reason, I just want to see what will happen to anyone who goes against me and is prepared to find me in trouble," the smile on Lin Kai's face disappeared again, a murderous look suddenly flashed in his eyes, and he said coldly, "Remember, you were the one who seriously injured those people on the ground, not me! It was me!"

After saying that, Lin Kai staggered over to the pile of handcuffs and shackles he had removed and put them back on himself, not seeing any difference at all.

It turned out that Zhao Peng was afraid that something would happen to Lin Kai on his turf, so when he asked the men to put the handcuffs and shackles on him, he deliberately asked them not to put them on him, so that Lin Kai could easily escape this scourge.

After handcuffing himself, Lin Kai leaned back against the wall and closed his eyes weakly, not wanting to open his eyes to see Dong Jun's ugly face anymore.

Because he knew that even rabbits bite when they are anxious, who knew if this guy was carrying a gun in his pocket, what if a shot would blow him away?

He still has to wait, for a miracle to happen, because he knows that someone will definitely come to get him out, and there is an even more hilarious good show coming up .....

## **The Policewoman Chapter 152**

At this moment, Director Ma was sitting in the office of Zhao Peng, the director of the detention center, waiting for news from Dong Jun's side.

Before coming to the detention centre, he had explained to Dong Jun that he should interrogate Lin Kai personally, as long as he didn't do away with him and let him die in the detention centre of the Inspector's Office, no matter what method was used and what kind of criminal law was used.

The aim was to get Lin Kai to talk and confess to his crimes. What he wanted was to bend Lin Kai into confessing, and as soon as he had a confession, he would send Lin Kai to a military court.

At this time, Deputy Commander Wang's phone call came through.

Commissioner Ma picked up the phone and asked, "Chief, what are your instructions?"

Deputy Commander Wang asked out loud, "Where is the man named Lin Kai whom you took from the dining hall of the military sanatorium during the celebration feast?"

"He was taken by us to the Grade 3 prison, and our men are interrogating him in a secret room." Commissioner Ma said smugly.

"Who's interrogating?" Vice-Commander Wang asked eagerly.

"Dong Jun." Commissioner Ma answered truthfully.

"Huh? How did you hand Lin Kai over to him?" Vice Commander Wang shouted in rebuke, "You clearly know that Dong Jun and Lin Kai have a problem, how can you let him go to interrogation? What if someone gets killed? If anything goes wrong with him in there, I'll be the first to test you!"

"What does the chief mean?" Commissioner Ma felt that Vice Commander Wang's attitude and tone of voice were not right, and felt a little bad, asking eagerly.

"Don't you understand what I mean?" Deputy Commander Wang said in a deep voice: "You know best how he was taken in by you, now I order you to release him quickly and never let any harm come to him!"

Earlier, Vice Commander Wang ordered Commissioner Ma to make sure Lin Kai was sent to a military court, no matter what means were used, but to his surprise, his attitude had changed 180 degrees so quickly, causing Commissioner Ma to be somewhat perplexed.

"Why?" Commissioner Ma asked in disbelief.

"Just now, Elder Song called to personally overlook Lin Kai's matter, do you think this person is someone we can mess with?" Vice-Commander Wang said lightly.

"Huh?" Commissioner Ma was shocked.

He knew what kind of person Elder Song was, just one stomp of his foot would cause an earthquake in the official circles of the major military regions, and going against him would mean that he would be removed from his post.

"Oh no," remembering the scene where Lin Kai was taken into the secret room by the bearded man and Dong Jun and the others, Director Ma said in a sharp voice, "I'm afraid that Lin Kai ....."

"Afraid of what?" Vice-Commander Wang asked eagerly.

"I'm afraid ..... I'm afraid Lin Kai has already been heavily tortured ..... by them," Chief Ma said nervously.

"You're such a pig, why don't you hurry up and check it out?" Deputy Commander Wang scolded out loud.

.....

After hanging up Deputy Commander Wang's call, Elder Song then called Zhang Tianhu's number.

"Chief, why are you calling?" Normally, Elder Song rarely called him, and when he suddenly received a call from him, Zhang Tianhu still felt a little surprised.

"How did you become this instructor?" Elder Song asked in a choppy manner.

Realising that something was going on, Zhang Tianhu asked in disbelief, "Chief, what's wrong?"

"I'm asking you, why was Lin Kai taken away by the inspector's office?" The old man questioned.

"He was wrongly accused." Only then did Zhang Tianhu understand the purpose of the old master's call, and with a mixture of shock and joy in his heart, he hurriedly explained.

"Since you knew he was wrongly accused, why did you easily let someone take him away?" Elder Song continued to ask.

Zhang Tianhu prevaricated, "When the people from the Inspection Division were preparing to take Lin Kai away in the military sanatorium's canteen, Vice Commander Wang gave the word, and I had no way to stop ....."

"So, you're just going to stand by and watch your men suffer an injustice?" Elder Song reprimanded loudly, "If you are so weak and incompetent, how can you lead soldiers in the future? How did I teach you before?"

"Chief, the criticism is right, what should I do now?" Zhang Tianhu handed the difficult question to Elder Song.

"You quickly take someone to the inspector's office to get Lin Kai back for me, don't let anyone hurt a hair on his head, I'll cover for you if anything happens." Elder Song said in a commanding tone.

"Okay, I'll bring someone there now!" What Zhang Tianhu wanted was these words, with the highly respected Elder Song backing him up, what else did he have to fear?

He knew in his heart that it was Song Linna who had passed the news of Lin Kai's arrest to her grandfather's ears, and he also knew that as Lin Kai was Elder Song's prospective grandson-in-law, the Elder could not just ignore Lin Kai's affairs and sit idly by.

After receiving instructions from Elder Song, Zhang Tianhu quickly gathered the members of the special forces and drove a few military jeeps in the direction of the Inspector's detention center.

.....

Clatter!

A door slammed and the two electronic doors in the secret room parted left and right.

There was a burst of footsteps from outside, a flash of figures at the door, and a group of men with loaded guns and wearing camouflage uniforms rushed in first with a monstrous murderous aura.

After a dozen members of the special forces came in, they immediately stood in two rows, making a passage in the middle.

After entering, Zhang Tianhu's eyes roamed around the room and could not help but frown when he saw several strong men in uniform fall to the ground and wail, and when he saw Lin Kai shackled and handcuffed, covered in blood, crouching by the corner.

Zhang Tianhu walked up to Dong Jun, who was standing in the middle of the chamber in a daze, and asked in a stern voice.

"What the hell is going on here?"

Dong Jun felt a little confused as soon as he saw Zhang Tianhu and the group of special forces he brought with him, but only slowed down when he saw Director Ma of the Inspection Department, Chief Zhao of the detention center and several guards following behind Zhang Tianhu.

"It was ..... him who injured these guards at the guardhouse ....., " said Dong Jun, pointing to Lin Kai who was crouching in the corner.

Lin Kai suddenly opened his eyes and glared at Dong Jun with a pair of knife-like gaze, saying angrily.

"I was handcuffed and shackled by you, do I have this ability to injure them? It's clear that you injured them but framed me for it ....."

Lin Kai knew that in this secret room where torture devices could be used on prisoners, there would be no camera equipment installed to leave any evidence, and as he was handcuffed and shackled and had injuries on his body, he could completely use a victim's stance to bite back at a villain like Dong Jun.

Seeing that Lin Kai looked like he was on his deathbed, several members of the Special Force hurriedly surged up to help him up from the ground and then unlocked his handcuffs and shackles.

Zhang Tianhu and Lin Kai exchanged a glance and instantly understood each other and ordered loudly.

"Nobody move, come back with me!"

The team members obediently returned to their original positions.

Zhang Tianhu gave Dong Jun a fierce glare, turned his head and said coldly to Commissioner Ma: "Do you think Lin Kai is capable of injuring your prison guards here while handcuffed and shackled?"

"This ..... this ....." said Commissioner Ma, who was now riding a tiger, naggingly.

"Is it capable or not?" Zhang Tianhu asked in a stern voice.

"No!"

Commissioner Ma was shocked by Zhang Tianhu's military authority and said loudly.

### **The Policewoman Chapter 153**

“And who do you think these people would have been injured by?” Zhang Tianhu continued to ask.

“It’s ..... him .....” said Commissioner Ma as he shifted his gaze to Dong Jun, “Dong Jun is the only one in this room who wasn’t injured, he must have done it .....”

“Director Ma, you .....” Dong Jun was a bit stunned, and seeing that Director Ma had backtracked at a critical time, he was upset, so he pointed his finger at him and said loudly, “Have you made a mistake, it was clear that we had discussed this beforehand and you let me How could I have injured them? Besides, they are all highly skilled in martial arts, how could I have injured them?”

“What a load of nonsense, how are you, a small police company commander, qualified to interrogate the people that our inspector’s office has brought in?” Commissioner Ma said in a cold voice.

The men lying on the ground had wanted to struggle up and prepare to excuse Dong Jun, but seeing that their superior had already turned the tables on Dong Jun, they continued to lie on the ground and play dead.

“Gao Yunxiang!” Zhang Tianhu shouted.

“Present!”

Gao Yunxiang quickly stood out from the formation and gave a military salute to Zhang Tianhu.

Zhang Tianhu pointed at Dong Jun and said, “Arrest this man with me!”

“Yes.” Gao Yunxiang answered, then waved his hand to the men around him, and immediately two members of the team rushed towards Dong Jun, twisting his hands backwards on his back left and right.

Click!

With a crunching sound, a pair of shiny handcuffs were immediately placed on Dong Jun’s wrists.

Zhang Tianhu said loudly to Zhao Peng, who was standing at the side, “Chief Zhao, this man violated military discipline, left his post without permission, took illegal means to frame a meritorious servant of the country, falsely accused the leader of the First Squad of our Special Forces, and injured the prison guard of the detention center, immediately put him in custody for me!”

“Yes!”

Zhao Peng stood as if he was a benchmark and gave a military salute to Zhang Tianhu, then waved his hand to the two guards he had brought with him.

The two guards walked over and picked up Dong Jun from the special forces team member, as if they were grabbing a chicken, and prepared to lift him out of the secret room.

Seeing that Commissioner Ma had flipped out on him, Dong Jun cursed loudly as he passed by him, “Surnamed Ma, you ungrateful villain, you wallflower, I will definitely denounce you in front of Deputy Commander Wang.”

Commissioner Ma sneered, "I am here by order of Vice Commander Wang to deal with you by military law, if you can walk out of here, just go to Vice Commander Wang and denounce me."

"I pooh!" Dong Jun spat at Commissioner Ma.

"How dare you!" Commissioner Ma bellowed angrily and ordered the two guards, "Why don't you drag this man out and keep him under strict guard?"

Upon receiving the order, the two guards dragged Dong Jun out of the secret room as if he was a dead dog.

"Commissioner Ma, you see Dong Jun's true face now, don't you?" Although Zhang Tianhu was uncomfortable with the guy in front of him who saw the wind and bit around like a hobgoblin, he had to hold him steady for the time being in order to make use of him.

Instructor Zhang had always held a grudge against Commissioner Ma for arresting Lin Kai, and he was secretly determined to find a way to remove this scum of Commissioner Ma from the Inspector's Office no matter what.

"Instructor Zhang is right, I was also hoodwinked by this guy before I sent someone over to arrest Captain Lin, here I apologize to Captain Lin for my fault ....."

Unless the last resort, Commissioner Ma would not involve Vice Commander Wang in this, because, Vice Commander Wang was his backer, if the backer was gone, he would also be finished.

Saying that, Commissioner Ma walked up to Lin Kai, bowed to him and said, "Captain Lin, I'm sorry for making you suffer."

Seeing that Lin Kai was still handcuffed and shackled, he immediately said to the few guards next to him, "What are you standing around for, why don't you uncuff Captain Lin?"

One of the guards quickly pulled out a key, walked over to Lin Kai and unlocked his handcuffs and shackles, while the two guards helped him up from the ground.

The two members of the Special Force hurried forward, took him from the guards and helped him to Instructor Zhang's side.

Instructor Zhang swept a glance towards Lin Kai, then dropped his gaze to Commissioner Ma's face and said.

"You see Captain Lin is seriously injured and needs to be taken back to the military sanatorium for further observation and treatment, the situation here is clear, you know what to do for the rest, right?"

Commissioner Ma said curtly, "Please don't worry Instructor Zhang, I will definitely take care of this side of things and give Instructor Zhang and Captain Lin a satisfactory explanation ....."

"Alright!" Zhang Tianhu nodded and said, "I hope that Commissioner Ma will be impartial and never omit any details."

"I will." Commissioner Ma nodded seriously.

“Close the team!” Zhang Tianhu waved his hand widely and issued an order to the dozen or so members of the special forces he had brought with him.

The team members immediately lined up in a neat line.

Under the leadership of Zhao Peng of the custodian’s office, two members of the team helped Lin Kai to leave the chamber, with Zhang Tianhu leading the members of the special forces to follow closely behind.

Looking at their departing figures, Director Ma took a long breath, then realised that he had cold sweat on his forehead. He hurriedly fished a piece of paper out of his pocket and wiped the sweat on his face, and seeing that several prison guards, led by the bearded man, were still lying on the ground, he said to the few guards standing by.

“Why are you still standing here? Why don’t you take these few men to be bandaged and treated?”

Although he said so, in his heart he thought, “Fortunately, the one lying here is not Lin Kai, otherwise, there is really a chance that this black hat on my head will not be preserved.”

Suddenly remembering that Dong Jun was the grandson of Elder Yan, the former deputy commander of the military region, and was also a master not to be messed with, he hurriedly walked out of the secret room, took out his mobile phone and dialed Deputy Commander Wang’s number.

“What’s the situation over there?” Without waiting for Director Ma to speak, Deputy Commander Wang’s voice already came over the phone.

Director Ma hurriedly replied, “Report Chief, things have been taken care of over here, but .....”

“But what?” Vice Commander Wang asked eagerly.

“When I was about to go to release the people, Zhang Tianhu suddenly barged into the detention center with a dozen members of the special forces and had Dong Jun arrested, I don’t know how to handle it, so I am asking the chief for advice.” Commissioner Ma asked anxiously.

“Was Lin Kai injured?” Vice Commander Wang asked in a deep voice.

Vice Commander Wang knew that anyone who was locked up in a Level 3 prison would be handcuffed and shackled, and anyone who walked out of there would be seriously injured, so he was particularly concerned about this matter.

“Injured, it doesn’t seem to be anything serious,” despite the fact that Lin Kai was mostly faking it, he was still seen by Commissioner Ma to see some cracks and answered truthfully, “However, the prison guards I sent to interrogate Lin Kai were seriously injured.”

“Who injured them?” Vice-Commander Wang said in disbelief.

“I guess it was Lin Kai, but he said it was Dong Jun who did it.” Commissioner Ma replied.

“Was Dong Jun injured?” Vice Commander Wang asked.

“No, he didn’t have any injuries at all.” Commissioner Ma shook his head and said.

Vice Commander Wang said without hesitation, "In that case, let that boy Dong Jun stay inside, when the time comes, Master Song will trace it down so that we can have an explanation ....."

"What if the old head, Master Yan, asks about it?" Commissioner Ma said worriedly.

"He framed Lin Kai and injured one of your inspector's office, it's only right that he receive a small punishment." Vice-Commander Wang said meaningfully.

"Okay, I understand!"

Commissioner Ma was relieved and a small smile of relief appeared on his face.

### **The Policewoman Chapter 154**

Zhao Peng led Zhang Tianhu, Lin Kai and a dozen members of the special forces out of the secret room and took a special lift out of the basement before dropping them off in a car park parked in front of the guardhouse building.

After the team members had each got into the military jeep they had driven over, Lin Kai got into Zhang Tianhu's Hummer.

Zhao Peng shook Lin Kai's hand and apologised, "Captain Lin, I'm sorry for putting you through this!"

"Don't be polite, if it wasn't for your secret help, I'm afraid I would have been tortured to death by Dong Jun and the others in the secret room of the Grade 3 prison, to say thank you, it should be me." Lin Kai knew in his heart that he had escaped because Zhao Peng had asked the guards to leave his handcuffs and shackles unlocked on purpose when they put them on him.

Zhao smiled modestly and said, "It's nothing to worry about, I hope Captain Lin will get well as soon as he returns and serve his country."

Lin Kai had long been a legend in the military for leading the Special Forces to recover the laser tablets from Liberty Island, destroying the Black Dragon Gang's nest in one fell swoop, killing the gang's leader, Master Long, and intercepting the stolen arms supplies.

He had never imagined that he would be framed and imprisoned in the detention centre run by Zhao Peng, and he had never expected to meet him here.

He was entrusted by Instructor Zhang Tianhu to give him a little help, which he deserved, as long as he did not let those people under Commissioner Ma hurt him.

What surprised Zhao Peng was that he was so skilled that he alone actually took out five people led by the bearded man, who were special soldiers with special training and skills.

Although Lin Kai suffered some injuries during the fight with them, but in the end, he was out of danger and his body was not seriously hurt .....

"Lin Kai, is your boy okay?" Seeing that the two were talking without end, Zhang Tianhu patted Lin Kai's back with his hand.

This was exactly where a prison guard had hit with an iron bar, causing Lin Kai to spurt a mouthful of blood.

“Ouch,” a wave of pain hit him and Lin Kai couldn’t help but scream out, “Instructor Zhang, be gentle!”

“What’s wrong?” Instructor Zhang asked in surprise.

“I was struck on my back and it still hurts, after you slapped me like this, it hurts even more.” Lin Kai made a painful face.

“Oh, so that’s it,” Zhang Tianhu said heartily, “In a moment, go to the sanatorium and have the military doctor examine you to see if it’s serious?”

“Thanks to Chief Zhao’s men for not locking my handcuffs and shackles, otherwise, I wouldn’t be able to help those powerful guys.” Lin Kai said resentfully.

Thinking about the scene of the fight with the bearded man and the others in the secret room, Lin Kai was still a bit scared inside.

“Chief Zhao is one of our own, so don’t be polite with him,” Zhang Tianhu glanced at Zhao Peng and said to Lin Kai, “Today, fortunately you are fine in the secret room, if anything goes wrong, I will test him .....

“Instructor Zhang, you must not blame Chief Zhao, he is also unable to help himself,” Lin Kai said in defense of Zhao Peng: “It is all because of that annoying Director Ma, this guy seems to be a dog, biting people everywhere, I do not understand, his attitude has changed so quickly, as if he has changed into a different person. ”

“You don’t know about that, do you?” Zhang Tianhu said, “It’s because you have met a noble person, who has come to the aid of Vice Commander Wang and exerted pressure on him, and only out of helplessness did Commissioner Ma sacrifice his car to protect the marshal and fall to our side.”

“A nobleman? Who is the nobleman?” Lin Kai asked, puzzled.

Zhang Tianhu smiled and said, “He is your girlfriend Song Linna’s grandfather, Master Song, when the time comes, you kid will have to thank him properly in the future.”

“So, it was Song Linna who revealed the news to Elder Song when I was taken away by the people from the Inspection Department?” Lin Kai made a dazed look of realization.

“Who else is there if not her?” Zhang Tianhu smiled slyly and said, “After you were taken away by the inspector’s office, Miss Song was so anxious that she called around for help, I’ve never seen her so attached to any man, you kid don’t let her down in the future, yo?”

“Oh, I see, where is she now?” Lin Kai asked gratefully.

“Get in, she’s probably waiting for you at the military sanatorium.” Instructor Zhang replied.

As soon as the words left his mouth, an Audi police car sped up.

Crunch!

With a crunching sound, the Audi police car pulled up in front of Zhang Tianhu, Lin Kai and Zhao Peng and the others.

The car door opened and Tang Huimin was the first to jump down from the driver's side, followed by Song Lina and Jiang Mei who got out from the back seat of the car.

"Lin Kai, are you alright?" Tang Huimin and Song Lina asked in unison.

At the same time, the two big beauties pounced towards Lin Kai, left and right.

"No ..... it's fine .....", Lin Kai said through clenched teeth as he wrapped his arms around their slender waists left and right despite some pain in his body.

"It's good that it's okay, you had us worried to death after you were taken by the inspector's office." Song Lina, who was in her left arms, said in a delicate voice like a pissed off little daughter-in-law.

"Yes, as soon as we heard Sister Tang Huimin say that you had been taken away, we sisters were in a hurry," Tang Huimin in her right embrace stared at Lin Kai with a pair of flashing eyes and pouted, "Brat, you mustn't be alright, there are still many things that are waiting for you to do. "

Jiang Mei stood in front of the three, looking at him with a look of concern.

"And how did these three women come together?" Lin Kai felt bewildered and cried out in his heart.

These three beautiful women were competing for the favour of each other, much to the delight of the Special Forces members sitting in the jeep ready to leave, and even more to the surprise of Zhang Tianhu and Zhao Peng.

When Lin Kai saw that all eyes were focused on the four of them, he realised that the scene was a bit strange and hurriedly untied Tang Huimin and Song Lina, saying.

"Look guys, am I not fine? Hurry up and go, don't stay here ....."

"Okay, let's go," Tang Huimin also felt that she had lost her temper and immediately returned to her normal self, saying to Lin Kai in a non-negotiable tone, "Xiao Kai, you take my car, we still have things to ask you!"

Lin Kai looked at Zhang Tianhu with an enquiring gaze, and seeing that he did not object, he nodded his head in agreement.

However, just as he took a step to get into Tang Huimin's Audi police car, he felt a wave of dizziness, a blur in front of his eyes, his body went limp, and his whole body fell straight down to the ground.

"Oh, what happened to you?" Tang Huimin exclaimed in shock, taking the lead in reaching out to hug Lin Kai into her arms, which prevented him from falling to the ground.

Song Lina and Jiang Mei both stepped forward at the same time and held Lin Kai in place, afraid that he would fall out of Tang Huimin's arms. Although their actions were a bit redundant, their concern and worry for him were self-evident.

Zhang Tianhu stepped forward quickly and said loudly to Tang Huimin, "Director Tang, Lin Kai has suffered internal injuries, hurry up and send him to the sanatorium for examination and treatment."

"Ah? How could this happen?" Tang Huimin shrieked again and picked Lin Kai up by the waist, only to find that Lin Kai was as heavy as a dead pig.

Song Lina and Jiang Mei went forward to help.

The three beauties scrambled to lift Lin Kai into the back of the Audi police car and lay him down.

Tang Huimin sat in the driver's seat, Jiang Mei sat in the passenger seat and Song Lina sat in the back of the car, resting Lin Kai's head on her lap.

Tic-tac-toe!

The car's motor sounded, and the Audi instantly picked up speed, quickly driving away from the Military District Inspector's Office Detention Centre and winding up in the direction of the Military District Sanatorium.

### **The Policewoman Chapter 155**

It never occurred to anyone that Lin Kai had deliberately fainted in the custody of the inspector's office in order to test whether the big beauties, Tang Huimin, Song Lina and Jiang Mei, really cared about him.

When they saw me faint, they were all terrified, and when Lin Kai was carried to the car by the three beauties, he was so moved that he almost shed tears.

In order to keep the drama going and make it more realistic, Lin Kai kept his eyes closed and lay in the car seat on Song Linna's lap like a veritable seriously injured man, comfortable and cozy at the same time.

It was only when no one was looking at me that Lin Kai opened his eyes into slits and looked at Jiang Mei, who was sitting in the passenger seat, and Tang Huimin, who was driving.

Seeing the two of them with somewhat grim and anxious expressions, his heart burst with joy, like eating a popsicle on a hot day, his mood was incomparably soothing.

Lin Kai thought to himself, "I am now a seriously injured patient, and if I am a patient, someone has to serve me."

In order to enjoy lying on the hospital bed with a few thousand beautiful women surrounding him in a hurry, Lin Kai had to continue to pretend.

In order not to let everyone see that he was up to no good, he had to continue to close his eyes and pretend to look delirious and dazed.

Tang Huimin, fearing that Lin Kai might make a mistake on the road, pulled the siren of the Audi police car she was driving, turned on the police lights and drove as fast as she could.

When the cars on the road saw the police car, they thought it was a police officer going to do a case or something and gave way.

After overtaking an unlimited number of cars on the street and running several red lights, Tang Huimin finally drove the Audi police car to the Yanjing Military Sanatorium and sent Lin Kai to the sanatorium.

Before reaching the sanatorium, the military doctors in the sanatorium received a call from Zhang Tianhu, telling them to prepare in advance to carry out resuscitation on Lin Kai.

Therefore, as soon as Lin Kai was delivered to the sanatorium, a large group of military doctors and nurses ran in and carried out a series of examinations and treatments on him, which made Lin Kai, who was pretending to be sick, suffer.

They were sticking needles in Lin Kai's body, testing his blood, and giving him fluids, which made Lin Kai feel quite uncomfortable.

"Shit, isn't this living suffering?" Lin Kai secretly cried out in his heart.

However, in order to act in front of the three beautiful women, in order to make them stay at his bedside day and night, he still had to endure, still had to clench his teeth and continue to pretend.

This is called pain and pleasure, bitterness and joy coexist, now and now under the eyes, Lin Kai wants this kind of realm, enjoy this kind of pleasure.

.....

After a series of examinations and diagnoses, the military doctors and nurses let Lin Kai lie down on the hospital bed.

At this moment, the door of the room outside that meeting room was opened.

Zhang Tianhu brought a dozen members of the special forces with him and walked into Lin Kai's convalescent room in unison, stuffing the entire room to the brim.

He stared straight at Lin Kai and said loudly, "Are you faking it, kid, or are you really injured?"

Lin Kai felt his old face redden as Zhang Tianhu revealed it in one word, and defended himself, "Instructor Zhang, you saw what happened then, I was handcuffed and shackled, could I fake it?"

"Hmph, you think I don't know who injured those prison guards? What happened at that time, only you know in your own heart," Zhang Tianhu gave Lin Kai a white look and said, "I don't care if you kid is really injured or not, you have to get better with me as soon as possible."

"Why?" Lin Kai asked in confusion.

"Because I have a new task to give you to do." Zhang Tianhu said with a mysterious smile.

"Huh?" Lin Kai had wanted to take this opportunity to stay in the sanatorium and enjoy a few days of peace and quiet, but to his surprise, Instructor Zhang wanted to give him another task, so his head got a little big and he hurriedly said, "Instructor Zhang, you'd better let me take a break."

"What? A little aggravation and you're backing off?" A black line creased Zhang Tianhu's forehead.

"A little aggravation is nothing," Lin Kai shook his head, "I was thinking, not being in my position, I never want to be a squad leader of some special force again ....."

Zhang Tianhu arbitrarily interrupted Lin Kai's words and said, "This matter is up to me, if I tell you to do it, you do it, don't nag in front of me, not to mention don't make conditions to me!"

"Then ....." Lin Kai's head spun for a moment and said, "Then let's wait until I've recovered from my injuries!"

After saying that, I put on a rather tired and very weak look, and even closed my eyes for a bit every now and then, as if I was forcing myself to talk to Instructor Zhang.

Lin Kai was trained by Zhang Tianhu, so naturally he could see the little thing in his heart, but with so many people present, he was too embarrassed to poke me in the face, so he said to him.

“Then take care of your injuries, I’ll come back to see you tomorrow.”

“Thanks ..... thanks!” Lin Kai deliberately pretended to be breathless.

“No need,” Zhang Tianhu waved his hand and said to the team members who followed him in, “Your captain is fine, everyone go back to rest!”

The team members said their goodbyes to Lin Kai and headed for the door of the room.

Zhang Tianhu walked at the end of the group and had just reached the door of the room when he turned his head again and said to Song Linna, “Missy, are you coming with me to let me take you home, or are you staying to look after Lin Kai?”

“I .....” Song Lina looked at Jiang Mei who was standing beside her and Tang Huimin who was across the bed from her, then at Zhang Tianhu who was wearing a smiling face, and said with a red face, “I... ..I’d better stay and take care of him with everyone else.”

At this crucial moment, Song Lina could not beat a retreat, otherwise, she would be made fun of by everyone.

Because, this was an opportunity to perform in front of Lin Kai, and she couldn’t give it up to these two ultra-competitive women in front of her, could she?

“Fine, you should also take care of your rest, don’t wear yourself out.” Zhang Tianhu said in a double entendre.

“Mm, got it!” Song Lina nodded her head.

Zhang Tianhu smiled and turned his head to leave the convalescent room with his team members.

Inside that convalescent room, only Lina, Tang Huimin, Song Lina and Jiang Mei were left, and it was a bit uncomfortable to have one man and three women in the same room.

Everyone couldn’t find a suitable topic of conversation for a while, and the air in the room seemed a bit depressing.

“Lin Kai, can you tell us a bit about the situation when you were taken into custody by the men from the Military District’s Inspector’s Office?” Song Lina was the first to speak up.

“Yes,” Tang Huimin echoed, “Brat, didn’t you just say that you were handcuffed and shackled? Instructor Zhang said that those guards were injured by someone, they can’t have their own people beating up their own people, can they? What the hell is going on here?”

“Lin Kai, tell me honestly, did you do something to them? Are you really injured, or are you faking it?” Jiang Mei knew to follow Song Lina and Tang Huimin in their uproar.

.....

“Hehehe!”

No matter how much they interrogated, Lin Kai just kept giggling.

### **The Policewoman Chapter 156**

Master Song called Song Linna and asked her about Lin Kai.

Song Linna handed the phone to Lin Kai, who truthfully recounted to the old man what had happened when he was taken to the custody of the Inspector’s Department by the Inspector’s Department’s Director Ma and others.

After hearing this, Master Song was furious and told Lin Kai to take care of his injuries and when he recovered, he would definitely get justice for him.

When Lin Kai put the phone back into Song Linna’s hand, the old man asked her to come to the house for dinner. Song Linna wanted to refuse, but her grandfather had just fished her boyfriend Lin Kai out of the inspector’s office for her and was a bit reluctant to do so.

After putting down her grandfather’s phone call and seeing that it was almost time, she said goodbye to Lin Kai.

Jiang Mei also excused herself and left on the pretext that she had to go to the hotel to take care of business.

Only Lin Kai and Tang Huimin were left in the ward.

Remembering that Yang Xiaobo had a high fever, Lin Kai asked, “Little aunt, is Xiaobo well?”

Tang Huimin nodded and said, “He has long since recovered, but as I have to go to work at the bureau, I still send him to my parents’ place.”

“What if those guys go and kidnap Bo again?” Lin Kai asked with concern.

“A clutch of hair was killed by a gun in the main hall of the Wolong Temple, Scarface was blown up, who else is going to kidnap our Xiaobo?” Tang Huimin explained.

“You have a point,” Lin Kai said eagerly, “how did you know that I was taken by the inspector’s office?”

Tang Huimin said gently, “It was Jiang Mei who came to the police station to give me the news, I called to contact Song Linna and we went together to the Inspector’s Office custody .....”

“By the way, has Song Linna’s cousin Yang Peng been released?” Lin Kai asked.

“Yes,” Tang Huimin said with a nod, “I was in charge of that case again, and he followed the method I gave him and bit the bullet, saying that Yan Zhengkuan had instructed him to do it, so I had the bail released.”

“What about Yan Zhengkuan, has he been released too?”

“No!” Tang Huimin gritted her teeth and said, “That beast, he has lost his conscience and done all kinds of bad things, to be released, no way!”

“Oh, so that’s it,” Lin Kai said thoughtfully, “You’ve had a hard time lately, you should go home early and rest!”

“Brat, are you trying to drive me away?” Tang Huimin pouted.

“No, I’m mainly afraid that you’ll tire yourself out .....,” Lin Kai explained.

“Tired,” Tang Huimin said playfully, “Little aunt misses you and wants to spend more time with you, can’t she?” Both of them had gone through life and death trials, and Tang Huimin was particularly attached to Lin Kai.

“Where did you miss me?” Lin Kai was somewhat moved, his two eyes staring straight into her beautiful, pretty face, those deep eyes.

“Nasty,” Tang Huimin pouted when she saw Lin Kai looking at her wistfully, “It’s not like you don’t know me, why are you looking at me like that?”

“Little aunt, I miss you too!” Seeing Tang Huimin’s shy and timid look, Lin Kai couldn’t help but open his arms and swept her into his arms.

“Little Kai, what’s this for? Your body is injured .....,” Tang Huimin pouted and began to struggle in Lin Kai’s arms.

“Little aunt, it’s not a problem,” Lin Kai said as he stopped her and picked her up, “I miss you too, I want to .....,”

“Thinking of you, you greedy cat,” Tang Huimin felt an irresistible force emanating from Lin Kai’s body, causing her whole body to go soft, and she couldn’t help but open her arms and tightly wrap them around Lin Kai’s neck, gasping, “Stinky... . brat, sister ....., sister-in-law really can’t do anything about you .....,!”

Lin Kai uncontrollably jumped down from the hospital bed, hugged her, pinned her down on the bed and kissed Tang Huimin to his heart’s content.

Tang Huimin’s consciousness gradually became dazed as happy murmurs escaped her lips.

Once again, he felt her body fragrance, a smell absolutely unlike any other, pure beauty, and Lin Kai wrapped his arms around her, feeling the fire that filled her body through her clothes.

She blushed and Lin Kai felt the sound of her violent heartbeat as his mind wandered back to the last time when Tang Hui Min had finished her bath and asked him to bring her a towel and saw her white body.

This image was still so clear in Lin Kai’s mind.

Now that Tang Huimin had become his woman, he would never let her leave him again; he would love her, caress her, protect her, and not let her suffer any harm.

And so, like a wild horse off the leash, he carried her on a tireless gallop across the open wilderness, through the mountains and across the jungle.

Forward, and forward again!

Deeper, deeper!

Speed up, speed up again!

Lin Kai's ears were filled with Tang Huimin's euphemistic moans and panting.

Passion surged and his heart boiled.

Finally, they came to a halt in a peaceful harbour.

"Little aunt, you're exhausted, aren't you?" Lin Kai asked with concern.

"No ..... no ah," Tang Huimin asked with a ragged breath as her face was covered in red, "Little Kai, how come your stamina is so good? So great?"

"I ..... I don't know .....,," Lin Kai said in a perfunctory manner, hurriedly.

"It doesn't matter if you don't know, little aunt likes it," Tang Huimin said, "You make little aunt too soulful, little aunt is afraid she can't leave you for the rest of her life, will you annoy me in the future?"

"How can I be annoyed with you? I will love you and love you for the rest of my life!" Lin Kai said curtly.

"You mustn't say that, when you get a wife and have a daughter-in-law in the future, you won't love me anymore." With a sour nose, Tang Huimin threw herself into Lin Kai's arms and began to sob.

Lin Kai stroked Tang Huimin's hair with his hand and said with relief, "Little aunt, don't worry, no matter what happens in the future, I will always keep you by my side and love you well .....,,"

"Really?" Tang Huimin looked up at him like a naive little girl.

Lin Kai looked at her pearly face and said seriously, "Really, no matter what happens in the future, we will never be apart."

"Little Kai, you're too good to me!" Tang Huimin broke into tears, took the initiative to give him a kiss on the cheek and said, "Little Aunt believes you, I'm sweating, I want to go to the bathroom to take a shower."

"Alright, I'll take you there." Lin Kai rolled out of bed and carried her step by step into the bathroom, then, turning on the shower's spray for her, adjusted the water temperature and placed her in the column of water emanating hot air.

Her delicate skin looked crystal clear as the water washed over her.

Her well-proportioned, slim figure, her angel-like face of beauty and innocence, her big soul-stealing hazel eyes, her fine white smooth skin, her tall figure, her dark glossy waist-length hair, her plump firm breasts, her slim waist, her round smooth fat buttocks, her straight slender thighs and her beautiful well-behaved face looked so perfect and so so tempting.

She wet her body and stood outside the column of water applying the body wash to herself.

After applying it, she pushed up her belly slightly and rinsed her body, covered in the liquid, into the water slowly, as if she was caring for a fragile object that she was afraid of breaking, with great care.

Lin Kai stood in the doorway of the bathroom and admired her, feeling his blood surge as he watched Tang Hui Min in this provocative position.

He knew that happy times were about to come again, and so, against all odds, he rushed into the spray of hot water and held her tightly in his arms.

.....

After the storm, they stood cuddled under the spray of the shower, letting the hot emanating water jet wash away the sweat stains and body fluids from their bodies.

Finally, they calmed down from the whirlwind of passion.

Lin Kai turned off the tap, used a towel to dry the beads of water from Tang Huimin and himself respectively, carried her out of the bathroom and gently placed her on the nursing bed in the ward like a fragile collector's item.

### **The Policewoman Chapter 157**

When Scarface was cleaning up the Black Dragon Gang's compound in the eastern suburbs, Big Head had finished his mission and was coming back to rest, when he saw Scarface murdering his fellow gang members one by one, he felt a stabbing pain in his heart.

He wanted to fight Scarface, but knew that he was not as good as the others, so he hastily hid in a bush outside the compound, not even daring to breathe.

Only after Scarface finished his work and left with his sleeves, did Big Head jump out of the bushes and rush into the courtyard, seeing the corpses of his brothers everywhere, he was simply devastated.

When he came to his room on the third floor, he found Slim Monkey lying on the floor of his bedroom, his eyes wide open and his mouth gaping open, he reached out and probed at his nose and found that he had already lost his breath.

Big Head and Skinny Monkey had worked together at Zhao Wenlong's side, serving Master Long for many years, and they were like brothers in arms.

Now that the monkey had been killed by Scarface, he was overcome with grief and anger. After silently closing the monkey's eyes with his hands, Big Head took out his mobile phone and called Zhao Wenlong's number.

The call came through.

Big Head reported to Zhao Wenlong, "Master Long, it's not good, Slim Monkey and a group of brothers were killed in a small compound in the eastern suburbs."

Zhao Wenlong was silent on the phone for a while and asked, "Who did it?"

“Scarface!” Big Head replied.

Zhao Wenlong asked in confusion, “Didn’t Slim Monkey say that Scarface was blown up in the Tianlong Temple?”

“I saw him leave from the small courtyard after killing someone with my own eyes,” Big Head said with certainty, “I can confirm that the man who left from the small courtyard was indeed Scarface .....

“Since Scarface has escaped, that means Lin Kai and Tang Huimin weren’t blown up either, and they will definitely come to seek revenge on us.” Zhao Wenlong analyzed.

“I suppose so,” Big Head asked worriedly, “Master Long, what should we do next?”

“After all the commotion, I guess the police will find the place.” Zhao Wenlong instructed over the phone, “Hurry up and ask someone to go over and dispose of the bodies of Slim Monkey and the brothers, make sure they are clean and don’t leave any traces .....

“I understand, I’ll call for someone to come over now.” Big Head said worriedly, “Master Long, you should step up your guard on your side, don’t let Scarface come over and hurt you .....

“Don’t worry, I will tighten the guard around our house.” Zhao Wenlong replied.

.....

The 28th floor of Yanjing International Hotel.

Four men in black were patrolling the corridor when suddenly, the lights in the corridor went black and two black shadows rushed out from the security channel and rushed to them with ghostly speed.

In the blink of an eye, the four black-clad men were knocked unconscious by the two men and then, dragged to an empty room, tied up and with a towel gagged in each man’s mouth, they were unable to make a sound.

Only after the successful sneak attack did a man with blonde hair and blue eyes and a man with a scar on his face emerge from the room and gently close the door.

Within moments, the lights in the corridor became bright again, making it impossible to see anything.

.....

In the living room of a luxurious suite on this floor, Zhao Wenlong, the chairman of the Dragon Python Group of companies, was making out with his new secretary Liu Yuting.

Liu Yuting flung herself on top of Zhao Wenlong, twisting her slim waist, her rounded buttocks jutting back one after another.

Her long burgundy hair flowed out as she twisted, her slender waist twisted like a snake, and her nose couldn’t stop moaning, her voice incomparably gentle and sweet.

It was a beautiful sight on earth to watch the swaying of an elfin woman’s beautiful body, especially the swaying of that sexy pair of peaks.

However, Zhao Wenlong was unwilling to let her take the initiative, or subconsciously, only in rape could he find a more intense pleasure than himself.

So Zhao Wenlong viciously lifted her onto the carpet and flipped her over with both hands. Liu Yuting understood Zhao Wenlong's meaning and cooperated by resting her head on her hands and bucking her round buttocks up.

She had a near-perfect ass, round and curvy, even sexier than her former secretary Qin Yao, firm in its softness, smooth and snowy and textured, full of elasticity.

Zhao Wenlong was almost going crazy over her in this position.

So, pushing tirelessly, his body lying on her soft, smooth back, his palms reaching forward, holding the full pair of her breasts, he attacked them in wave after wave.

The sound of their breathing rose and fell as she kept rocking her rounded hips and her delicate voice grew more and more urgent, as if in unbearable pain and as if happy to the core.

Zhao Wenlong's body almost spasmed, just holding her woodenly, his mind blank except for the waves of pleasure .....

Dingdong!

Just as Zhao Wenlong's passion was running wild, a shrill doorbell rang.

"Who ..... who is it?" Zhao Wenlong finally stopped and asked, panting impatiently at the room door, instinctively pushing Liu Yuting's body forward.

Liu Yuting stumbled and planted herself on the carpet, scrambling to get up from the floor and asking, "Chairman, could it be the police checking the room?"

"It won't be." Zhao Wenlong shook his head and said with relief, "We are a high-class hotel here, normally, the police would not come here to check the rooms, this is my special suite, even if they do, they can't check my place."

Despite what he said, Zhao Wenlong was still a bit vain.

He had just received a call from Big Head, saying that Scarface had bloodied the Black Dragon Gang's compound in the eastern suburbs and that his right-hand man, Slim Monkey, and several of his brothers had been killed.

If Scarface had touched down here, they were afraid they were in for a bad time.

"Then who could it be, so rude?" Liu Yuting showed a frightened look and said, "No, I have to go to the bedroom to get dressed and hide ....."

"You go ahead!" Zhao Wenlong nodded his head.

Liu Yuting hurriedly walked to that bedroom inside.

"Who the hell is it?" Zhao Wenlong was a bit puzzled in his heart.

There were several bodyguards with extraordinary skills standing guard for him on the 28th floor, and they would report to them in advance once there was any movement.

Unexpectedly, at the critical moment, these bodyguards were dumbed down en masse, and someone would actually come knocking on their room door.

Zhao Wenlong straightened his clothes, walked to the door of his room and reached out to knock the door to his room.

“Mr. Robert, you .....,” Zhao Wenlong had just finished his words when he noticed that Scarface, the bodyguard standing next to Robert, pulled out a Desert Eagle, with the black hole of the gun aimed at his head.

“Mr. Robert, what do you mean by that?” Zhao Wenlong asked in confusion when he saw that the situation was a bit off.

Scarface pushed Zhao Wenlong into the room and shouted, “You Chinese, you are too cunning and not enough, you choose to cooperate with us on the surface, but secretly make bad intentions and try to put me to death .....”

“You ....., What do you mean by that? Why can’t I understand it?” Zhao Wenlong deliberately pretended to be naive and asked naively, “Where are those bodyguards outside me? Where did they go?”

### **The Policewoman Chapter 158**

Liu Yuting was hiding in that bedroom inside, and when she heard the commotion outside, she didn’t even dare to leave the room. In her desperation, she hid in the closet of the room, took out her mobile phone and quickly sent a text message.

Big Head, the chairman of the board is under attack in the hotel suite, please come to support him!

.....

Zhao Wenlong felt a little annoyed to see that he was being held with a gun to his head in his own mu of land, not to mention that Scarface had been so disrespectful to him.

So, he asked in a cold voice, “What ....., do you want?”

The voice was so high that almost the whole floor could hear it.

After Robert walked into the room and closed the door smoothly, he said to Zhao Wenlong, “Mr. Zhao, don’t waste your time, all the bodyguards you arranged on the 28th floor have been taken out by us, and the surveillance equipment in the hotel has also been damaged by us, so you don’t expect anyone to come to your rescue!”

Zhao Wenlong was then forced by Robert and Scarface to the sofa in the living room.

Only then did he regret a little, secretly hating himself for not listening to Big Head just now and sending out a heavy guard, but leaving a bunch of losers outside to guard the place, to be surprised that these two guys had gotten him into such a mess in one pot.

There was no doubt that as a hefty Black Dragon Gang leader, he was definitely a first-class expert.

However, these two men had cleanly taken out so many bodyguards outside without any knowledge, they were definitely not vegetarians either.

If he fought with them, Zhao Wenlong was not completely sure that he would be able to take advantage of them.

Besides, Scarface was holding a Desert Eagle in his hand. Anyone who could use such a pistol was an expert with a gun and must have two brushes.

The bullets do not grow eyes, what if that Scarface fires and he does not dodge in time and is hit by a hole from the gun?

Zhao Wenlong was in charge of many brothers of the Black Dragon Gang, his life was much more valuable compared to this blond man and Scarface in front of him, there was no need to fight with them to the death and make a mess.

“What’s going on, only you know in your heart, why are you guys doing this?” Zhao Wenlong put on a very innocent look.

Scarface asked in a chilling voice, “Let me ask you, did you send Skinny Monkey to assist me in getting rid of Lin Kai and Tang Huimin?”

“Yes, what happened to him?” Zhao Wenlong continued to play the fool.

“He knew that I was tangling with them in Wolong Temple, why did he plant the bomb, did he want to blow me up along with those two?” Scarface questioned.

“I don’t know about this, the instructions I gave him were to cooperate with you to get rid of the two people, Lin Kai and Tang Huimin, and did not ask him to plant a bomb in the Wolong Temple .....,” Zhao Wenlong explained.

“Is that really the case?” Scarface asked in a cold voice.

“As the leader of the Black Dragon Gang, I have always been a man of my word, how could I lie to you about such things?” Zhao Wenlong gave Scarface a look and said, “Sir, there must be some kind of misunderstanding here .....,”

He then sat down on the sofa with his buttocks and said to Robert, “Mr. Robert, you know how I am, I would never do such a thing .....,”

“Yeah, I trust your character too much,” Robert snorted coldly, “If I didn’t trust you, the last time we bought that laser piece from you, would Lin Kai and Tang Huimin be able to collude inside and outside to kill Smith, the owner of Liberty Island, and take it back to the country of China? If we didn’t trust you, could that shipment of arms supplies, be intercepted at the customs dock? If I didn’t trust you, would my bodyguard, this time, have almost lost his life at Wolong Temple?”

“I wouldn’t want something like that to happen either,” Zhao Wenlong said, shaking his head, “Do you know how many of my brothers died for these two incidents? You should understand that this is the country of China, you have made so much noise here, the police will definitely want you, if you kill me, can those brothers under me spare you, can you safely escape from the country of China without my help?”

“You’re threatening me?” Robert said in a cold voice.

“I don’t mean to threaten you at all, I’m telling the truth, the only way we can get rid of Lin Kai and Tang Huimin is to continue to work together, I don’t want to see everyone fighting in a nest and making outsiders look at us funny, please ask your bodyguards to put down their guns first, let’s sit down and talk slowly about what’s going on, don’t hurt everyone’s peace!”

Robert felt that Zhao Wenlong’s words made sense, so he waved his hand at Scarface, indicating him to put his pistol away and stand behind him, while he himself sat down opposite Zhao Wenlong.

.....

Suddenly. “Boom!” There was a loud bang and the door to the room came crashing down.

Big Head led a group of black-clad men to rush in through the door, blocking Robert and Scarface in the room.

In a flash, countless black guns were pointed at them.

It turned out that after disposing of the bodies of Slim Monkey and the others in that small courtyard in the eastern suburbs, Big Head, worried about Zhao Wenlong’s safety, had led a group of men to kill their way over to the Yanjing Hotel.

Just as he arrived near the hotel, he received a distress message from Liu Yuting. After learning that Master Long was in trouble, Big Head was particularly anxious and immediately rushed into the hotel with his brothers and took the lift upstairs.

“Don’t move!” Scarface was about to pull out his gun when Big Head had come at him lightning fast and aimed a p7 pistol at his head.

Big Head had seen with his own eyes that Scarface had bloodied the gang of brothers in their compound in the eastern suburbs, and as soon as he saw this executioner, his eyes spurted out fire, and as soon as Master Long gave the order, he would pull the trigger and just make this guy’s head explode.

At the same time, a junior leader put a gun to Robert’s head and said in a stern voice, “You’d better not move, or my gun will go off and blow your heads off!”

“Mr Zhao, are you sure you want to do this?” Robert did not seem to be afraid of death and looked at Zhao Wenlong with a questioning gaze.

Zhao Wenlong didn’t want to get into a feud with Robert at this time, so he said to Big Head and the others, “You all put your guns down, Mr. Robert is our guest!”

“Master Long, this is the man who killed Slim Monkey and those few brothers of our Black Dragon Gang, I want to take revenge for them now!” Big Head said loudly.

Zhao Wenlong said against his will, “It was Skinny Monkey who first broke faith with him at the Wolong Temple and tried to blow him up before he laid a vicious hand on Skinny Monkey and the others, I think they deserved to die!”

“Master Long, you can’t do this, if you do this, it will chill the hearts of us brothers .....” said Big Head stubbornly.

“What should I do, do I need you to teach me?” Zhao Wenlong yelled angrily, “Put the gun down now, do you hear me?”

When Big Head saw that Master Long was angry, he reluctantly put the gun away in his hand.

“Master Long, calm your anger, I think this is indeed a misunderstanding.” Robert hurriedly said in a roundabout way.

Zhao Wenlong glanced at Robert and asked with a reproachful tone, “Mr. Robert, where are those few bodyguards of mine outside? Where did you get them to?”

“Those few bodyguards of yours couldn’t make it, they were easily knocked out by us and we put them in a room after we knocked them out.” Robert spread his hands and said to Scarface, “You go and let them out.”

Scarface swept a glance towards the group in the room and asked, “What are you going to do when I’m gone?”

Robert shrugged and said with a smirk on his face, “Didn’t you just hear? We are Mr. Zhao’s guests, they are not going to hurt me.”

“Then ..... fine!” Scarface turned around and walked towards the entrance of the room.

Zhao Wenlong waved his hand at Big Head and the others and said, “Mr. Robert and I still have things to talk about, so you all go down and go with Scarface to see how those few losers are doing?”

Everyone dared not disobey Master Long’s order and obediently exited the room along with Scarface.

After all the people left the room and closed the door for them, Zhao Wenlong then asked seriously, “Mr. Robert, Lin Kai and Tang Huimin are our major problems, if we don’t get rid of these two people, we will never have peace, it seems that we have to renegotiate our countermeasures to get rid of them ..... ”

“Good, what do you think we should do next?” Robert asked cheerfully.

“I think, to get rid of them, we should do this ..... ” Zhao Wenlong said out his idea.

After hearing Zhao Wenlong’s ploy, Robert clapped his hands and nodded his head repeatedly.

### **The Policewoman Chapter 159**

For the sake of Song Linna’s safety, Song Mingyuan chose one of the best bodyguards from the Mingyuan Group of Companies to be responsible for taking Song Linna to school at Yanjing University.

Early this morning, Song Linna was escorted by this bodyguard to school in a bulletproof Mercedes Benz.

As the university has a rule that no outside vehicles are allowed to park inside the campus, the bodyguard dropped Song Linna off at the entrance of the university and parked the car in a car park outside the school gate.

As soon as the car was parked, there was a blond man with blue eyes and a strong man with a scar on his face. A man with a scar on his face got out of another Audi sedan and walked over to the Mercedes.

Slap, slap, slap!

The scarred man knocked on the car window with his hand.

The driver, who was somewhat unfamiliar with the two men and didn't know what they wanted, then opened the window and asked.

"What is your business?"

The blond man enquired, "Excuse me, is this Miss Sungina's car?"

"Yes," the driver became a little wary as soon as he heard this guy mention Song Linna's name and asked in a cold voice, "Do you have something for our Missy?"

"Of course, we've been ordered by Mr. Lin Kai to come and pick up Miss Song." The blond man said with a straight face.

The driver deliberately asked, "Lin Kai, who is Lin Kai?"

"Miss Song's fiancé, don't you know?" The blond man said, passing a glance at the Scarface next to him.

Scarface nodded knowingly and struck out with lightning, snagging the bodyguard's neck and twisting it with force.

A snap!

There was a crunching sound.

Before the bodyguard could react, his neck was already broken by Scarface.

.....

The campus of Yanjing University was lined with modern buildings such as staggered teaching buildings, libraries, stadiums and student flats.

The various landmark buildings are either majestic, handsome or mysterious; classical, modern or fashionable; flowers, fruit trees and bamboos dot the landscape, and rockery, green water and lotus ponds are embedded in them.

The campus is cool and quiet, a piece of pure land away from the pomp and bustle.

It is a place where the trees are shady, where there is unadulterated free and fresh breath, where the robins and yellow warblers chirp, and where the wild roses and moonflowers are fresh and enchanting.

It is a rare sanctuary and seclusion in the midst of the city, but the restless curiosity and romantic youthfulness of the university students is stronger than the fragrant scent of acacia flowers.

Groups of male and female students stroll hand in hand through the shade of the campus, or flock into the library, classrooms and dormitories with their books in hand.

.....

The door to Room 302 of the girls' dormitory in Building 2 was hidden, and when Song Linna pushed the door in, a book fell from the door frame and landed unevenly on her head.

"Oops," Song Linna instinctively screamed, "which one of you is so unethical?"

"Hee hee," her roommate Zhang Xinyu came out from behind the door, grabbed her in a hug and asked, in a tone bordering on interrogation, "Tell me honestly, where have you been these past few days since you didn't come to school?"

"Oh, so you're the one who's causing all the trouble?" Song Linna punched Zhang Xinyu's shoulder and said shamelessly, "To tell you the truth, I went out with my boyfriend ....."

"Ah? Your boyfriend?" Zhang Xinyu knew that Song Linna had always been very noble and had never heard of her having a boyfriend. Once she heard Song Linna say that she had gone out with her boyfriend, she felt a bit surprised and asked, "Who is your boyfriend? Can you introduce him to us?"

"Of course, when the time comes, I will naturally introduce you to him," said Song Linna, seeing that her roommate Liu Zixuan was nestled under the covers of a high and low bed, she went over to him, uncovered the covers and asked loudly, "Liu Zixuan, the sun is up in your butt, why are you still sleeping? "

"Aiya," Liu Zixuan only wore a set of close-fitting underwear, found herself exposed, then exclaimed, hurriedly sat up from the bed, pulled the quilt to cover her body, asked, "Song Lina, what are you doing?"

"I'm not a man, what are you afraid of?" Songlina teased.

"Song Lina, you should stop teasing Liu Zixuan, she is now worried to death." Zhang Xinyu hurriedly came over and pulled Song Lina and said.

"Why?" Song Lina asked in confusion.

"That kid named Wu Xudong from the Department of Economics and Management is pestering her, sticking to her like a dog's skin all day long, she can't even shake it off, giving her a headache." Zhang Xinyu explained for Liu Zixuan.

"Is that so?" Song Lina looked at the melancholy Liu Zixuan and asked curiously, "Liu Zixuan, how did you get to know that boy?"

Liu Zixuan's face was bitter as she explained, "I was on my way to Yanjing by train when that kid took the initiative to talk to me in the car , I didn't bother to pay attention to her, after I returned to school, he was cheeky and surrounded me all day like a fly, he couldn't even be driven away, he was simply a nymphomaniac ....."

Wu Xudong in order to obtain Liu Zixuan's heart, no matter whether it is sunny or rainy, all the time when the students go to the canteen to get dinner and return to the dormitory to eat, holding a bunch of roses in his hand and standing under the girls' dormitory, shouting Liu Zixuan's name.

This self-serving demeanour of his formed a beautiful sight on the university campus and became the focus of discussion among the female university students entering and leaving from Building 2.

However, the more he did this, the more disgusted Liu Zixuan became towards him.

“Ah? How could such a thing happen?” Song Lina asked curiously, “What’s that kid’s origin, does his family have any background?”

It was already enough of a headache for Song Lina to be pestered by Yan Dabao, but to her surprise, her own roommate was also being pursued by a boy and felt deep sympathy for Liu Zixuan.

“He bragged on the train that his brother-in-law was the boss of a construction group company in Yanjing City, who knows if that’s true?” Liu Zixuan said with a pout.

“Oh, that’s a bit interesting,” Song Lina said with a smile, “I’d like to meet this guy who doesn’t know the sky is high and invites deception for a while!”

At that moment, Wu Xudong’s shout came from downstairs, “Liu Zixuan, I love you, just accept my love, I will love you for the rest of my life!”

Zhang Xinyu and Song Lina hurriedly leaned on the window and looked downstairs, only to see a slim, no less handsome boy holding a bouquet of roses in his hand, standing under the girls’ dormitory in Building 2, looking up at the window of Room 203 and shouting.

“Liu Zixuan, I love you .....

” Zhang Xinyu turned back to Liu Zixuan and said, “That nymphomaniac is standing downstairs calling your name again, I don’t think this is a solution, you should give him a clear message and tell him to stop pestering you!”

“I’ve already told him, but he just won’t listen,” Liu Zixuan shrugged and said indifferently, “If he wants to call, let him do it!”

“How bad is this influence?” Zhang Xinyu reminded.

“What can be done about it?” Liu Zixuan shook her head helplessly and said, “I’m being driven crazy by him!”

Wu Xudong shouted non-stop downstairs, which then drew quite a number of onlooking students.

“This is simply unbelievable,” Song Lina looked on with fire and said to Liu Zixuan, “Zixuan, get dressed and get up, I’ll accompany you downstairs to teach this nymphomaniac a lesson .....

### **The Policewoman Chapter 160**

Liu Zixuan got dressed and got down from the top bunk of the high and low bed, and after the three beauties discussed the matter, they simply cleaned up and went downstairs hand in hand and walked out of Building 2.

“Liu Zixuan, you’re finally willing to come down to see me?” Wu Xudong hurriedly greeted him and fell on his knees in front of Liu Zixuan, raised the roses above his head and said earnestly, “This bouquet of roses is a symbol of our love, please accept it .....

” Liu Zixuan coldly said, “Wu Xudong, I have already given you many times, I simply do not like men like you, much less with you, you go away, please do not harass me!”

"I love you for that, give me a chance!" Wu Xudong pleaded.

"Stop making a fool of yourself, I'm telling you for the last time, if you come to harass me again, I'll call the police!" Liu Zixuan said coldly.

"Handsome, since Liu Zixuan is not willing to be with you, just let go, there are plenty of good girls, why do you need to hang yourself on a tree?" Zhang Xin Yu said kindly.

"I just like Liu Zixuan, I'm not interested in any woman other than her." Wu Xudong said stubbornly.

"Hey, do you still want to be shameless? People Liu Zixuan has already said that she doesn't like you at all and told you to get lost, so why are you still stalking her like that?" When Song Linna saw this guy's insistence, she became furious and pointed her finger at his nose and said angrily, "If you don't leave here quickly and continue to pester Liu Zixuan, I will call someone to break your legs, do you believe me?"

This statement completely shocked Wu Xudong, dumbfounded stood in place, while Wu Xudong dazed kung fu, three big beauties hand in hand, jogging like towards the school entrance direction.

.....

When the group was almost out of the school gate, Song Lina looked back and said to Liu Zixuan.

"Zixuan, that kid didn't catch up, it looks like he is too embarrassed to come and pester you again, I still have something to do, so I won't accompany you, you can let Xinyu accompany you!"

"Where are you going?" Liu Zixuan asked, puzzled.

Song Lina said with a smile, "I'm going to keep my boyfriend company."

"Is that so?" Liu Zixuan asked curiously, "Who's your boyfriend?"

"Yeah, who's your boyfriend anyway?" Zhang Xinyu chimed in.

"Actually, all of you know ....., " Song Lina said in a mockery.

"Lin Kai?" Both of them asked in unison.

"Yeah," Song Lina winks, "who else do you guys think I could be in love with besides Lin Kai?"

"Hasn't Lin Kai been missing for so long? What the hell is going on here? How did you find him?" Liu Zixuan asked in disbelief.

"Confidential!"

Song Lina was reluctant to tell the story of how Lin Kai had once been kidnapped, brutally beaten, thrown onto the bypass highway, rescued by herself, sent to the special forces through her grandfather, and became an excellent special forces soldier.

"So, you guy is really deep in hiding, huh?" Zhang Xinyu was clearly dissatisfied with Song Lina's answer.

Song Lina smiled without answering and walked straight towards the school entrance.

“What a big fan of sex and friends!” Looking at Song Lina’s departing back, Zhang Xinyu said without emotion.

“Yeah,” Liu Zixuan said without envy, “In our school, apart from Lin Kai, no boy has been able to move her heart.”

.....

After leaving the gates of Yanjing University, Song Lina saw the black Mercedes Benz sedan that her father had sent to pick her up parked not far away, and walked towards it.

Since the windows were closed and she couldn’t see inside the car at all, Song Linna didn’t even think that much about it, so she pulled open the door and got into the back seat of the car.

The driver quickly started the car, and the Mercedes instantly picked up speed, driving away from Yanjing University like an arrow.

Suddenly, Song Lina found herself sitting next to a blonde foreigner, the same Robert she had just spoken to on the phone, and the driver who was driving was not the bodyguard her father had sent to protect her, but a man with a long scar on his face.

“Hello, Miss Songlina!” Robert greeted Songlina with a smile on his face.

“Who are you ..... guys?” Songlina asked in surprise.

“We are friends of Mr. Lin Kai and have come to pick you up to meet him .....” Robert replied.

Song Lina had never heard Lin Kai say that he had any foreign friends, her heart was in a frenzy and she asked eagerly.

“Why are you taking my car and where is my driver?”

“We thought the guy was unpleasant and in the way in the car, so we sent him to God!” Robert said unconcernedly.

“Huh? What do you want?” Sungina asked in surprise.

Robert replied, “Of course we want to use you to catch Lin Kai, the man who is always against us?”

Only then did Song Linna realise that she had been kidnapped again.

She knew in her heart that if she wanted to escape from these two guys, it would be impossible and asked in a panic.

“What are you ..... guys up to?”

“Inviting you to our Japanese country as a guest, of course,” Robert said with a sneer on his face, “If your boyfriend Lin Kai knows that we have you, he will definitely come over to look for you, and then I will reunite you in a foreign country... ..”

“Don’t you think it’s despicable to use such tactics?” Sungina asked in a cold voice.

Robert shrugged his shoulders and said, “Compared to Lin Kai, we are civilized enough.”

After saying that, he fished a wet wipe out of his pocket and gagged Song Linna.

Song Lina felt her head go dizzy, her eyes went black and she immediately lost consciousness.

.....

Today, Tang Huimin left Lin Kai's convalescent room at the military convalescent hospital early in the morning and went forward to work at the city public security bureau.

"We haven't contacted Song Lina since she left last night, what's she doing now?" When Lin Kai thought of this, he picked up the mobile phone that was sitting on the bedside table and called her.

"Sorry, the user you have called is temporarily unavailable, please dial again later!" A pleasant operator tone came from the phone.

"Why is Song Linna's mobile phone unreachable?" Lin Kai felt a little puzzled and then pulled out Song Mingyuan's mobile phone number and dialed it out.

At this time, Song Mingyuan was holding a board meeting at the Mingyuan Group Company meeting.

As soon as he saw the call from Lin Kai, he walked out of the conference room, stood in the corridor and picked up the phone and asked, "Mr. Lin, what do you want to see me about?"

"Song Dong, where are you?" Lin Kai asked eagerly.

"I'm in a meeting, what's wrong?"

"I can't get in touch with Song Linna, do you know where she is now?"

Song Mingyuan answered truthfully, "I had my driver drive her to school this morning."

"Oh," Lin Kai responded and said eagerly, "Can you contact the driver and ask him if Song Linna has gone to school or not?"

"Okay, I'll call the driver now."

Song Mingyuan thought to himself that his driver-cum-bodyguard was exceptionally skilled and didn't think of it in any other way, he then took out his mobile phone and dialed out the driver's mobile number.
