

# Catch Me If You Love Me Chapter 151

He was wearing light gray home clothes with sunken eye sockets, his complexion was green, and his eyes were full of scarlet blood.

Wei turned her head, the side face full of veins slammed into her eyes!

It seems that I haven't rested for a long time, plus the pain that is difficult to control when the disease occurs. At this time, Liam Lu was full of hostility, and his eyes were full of bloodthirsty and fatal chill.

Hearing the horrified low sobs from Xiaolan squatting on the ground, he turned around abruptly.

At the same time, the iron chain tied to his ankle suddenly made a loud noise.

Wow!

The sound was like a curse, and Zoey Gu was shocked instantly, and was stunned in place!

Not only was he locked up, he was also locked up by heavy fetters!

Zoey Gu suddenly raised his hand to cover his mouth, tears streaming down instantly.

Liam Lu, the proud son of heaven, has always regarded pride as life, how can he withstand such humiliation...

what is this? !

Hearing the movement, Liam Lu suddenly raised his scarlet eyes, looked out the door fiercely, and asked coldly.

"Who is there!"

Zoey Gu stiffened suddenly, and the blood all over his body instantly flowed backwards, rushing straight to the top of his head.

She bit her lip and held her breath, her back pressed against the wall tightly, not daring to move.

She hadn't walked up to him to figure out the ins and outs of the matter. If he was discovered at this time, Shiyue would definitely be sent away as soon as possible.

No!

Seeing him attack, Xiao Lan, who was squatting on the ground, trembled suddenly, stood up abruptly, avoided Liam Lu's terrifying face, and trembled and explained.

"Sorry, the second young master, it's a new servant at home, I will take her away immediately..."

After finishing speaking, Xiao Lan got up in a panic, grabbed the door, and pulled Zoey Gu with one hand, rushing downstairs like a gust of wind.

Zoey Gu's face was pale, and his mind was full of scenes of Liam Lu being fettered by his ankles. With waves of pain in his heart, he was dragged away by Xiaolan in despair.

After finally getting to the kitchen, Xiao Lan dumped the food residue and broken porcelain pieces in the tray into the trash can, and she collapsed on the ground as if she had died once.

"God! You didn't see his face, it's terrible."

After she finished speaking, she looked up at Zoey Gu with red eyes, and asked clearly.

"Are you also frightened?"

Zoey Gu frowned tightly, forced back the tears in his eyes, and asked in a dumb voice.

"Why is he doing this?"

Xiao Lan took a breath, calmed down, and couldn't help rolling her eyes.

"Why? Of course it's for a woman!"

Zoey Gu's heart hurts, and the pain in his heart is suppressed to the extreme, but he still pretends to be ignorant and asks puzzledly.

"What woman?"

This time, Xiao Lan didn't speak, and the chef on the side spoke first.

"The Second Young Master not only hurt the relationship with Miss Yun for a woman, but also disobeyed the old lady. This time, the old lady punished him."

"The second young master has a blood disease. In the past, he was ill once a month. This time the old lady deliberately aggravated his condition in order to punish him, saying yes, he wanted him to suffer for a month!"

"The old lady also said..."
