

Chapter 1511: It Will Be Lively

Mr. Lu was right. Their family was wealthy. He did not need his son to join the army to earn a bright future. It was only because Lu Xingzhi was determined to do so that he could not persuade him.

However, as parents, they would worry every day when they did not see their son.

Mr. Lu felt that Jiang Yao's injuries made him even more afraid of losing his loved ones.

The Lu family had always been cold and quiet. If anything happened to anyone in the family, it would be a massive blow to the family.

Mr. Lu did not say much, but Lu Xingzhi understood him.

He could not understand how it felt to be a parent worrying about their child because he had yet to become a father.

However, he understood how it felt to be worried about someone. Whenever Jiang Yao was not with him, he could not sleep at night. That kind of worry was bone-deep and torturous.

The father and son rarely sat together to talk about each other's work and plans, but they did so in the study. Meanwhile, Mrs. Lu and Jiang Yao chatted happily about family matters in the living room.

"Oh, right! You still don't know that Xiaoxiao has already gone to Jindo City, right? When she arrived in Jindo City, your second brother picked her up. He recently moved his business to Jindo City, so he's staying there. We've asked him to take care of Xiaoxiao. Her father even asked your second brother to let Xiaoxiao live next door to him so that he could keep an eye on her."

Perhaps Mrs. Lu thought of something funny—she covered her mouth and laughed. When she had enough, she continued to say, "Those two are like enemies. When Xiaoxiao arrived in Jindo City two days ago, she called her father several times a day to complain. She insisted on not living next door to your second brother. She is still like a child. Now that I think about it, your suggestion of letting Xiaoxiao go to Jindo City is not bad. She has to leave her father's side and learn to grow up."

"My second brother probably made her suffer a lot."

Jiang Yao smiled. "I guess I won't be able to reach her this time. Otherwise, my second brother would break my phone."

Jiang Lei always had a sense of responsibility, so he agreed to take care of Xiaoxiao in Jindo City. Therefore, not only did he go to Jindo City to pick her up, but he also shifted the focus of his business to Jindo City. He rented a house for Lu Xiaoxiao to keep an eye on her.

However, apart from his sense of responsibility, Jiang Lei was also quite childish. When he was with his younger sister, Jiang Yao, he could argue with her daily. He would not even compromise with his sister, let alone a girl he had always had a grudge against in his heart?

"Your second brother and Xiaoxiao are in Jindo City. From now on, their days will be lively." Mrs. Lu gently moved the sleeping girl on her lap to the sofa. She raised her head to look at the time and shook

her head helplessly. "I was so focused on talking to you that I forgot to cook. You must be starving, right? I'm going to cook now. Oh, right, don't forget to give your parents a call to let them know you're home."

After thinking for a moment, Mrs. Lu said, "Did you hear what your second aunt and Li Qing said just now? The old woman from the Lin family went to Nanjiang City to look for you. When she came back, she talked about you to everyone. It was just like what you heard just now. She was angry that you were hiding from her. The words she said were very unpleasant. Your parents must have been worried sick recently."

Jiang Yao nodded. After Mrs. Lu went into the kitchen, she used the phone in the living room to call her family. After the call was connected, she asked the people in the snack bar to get her parents. After waiting for a few minutes, Mr... Jiang finally came to the phone.

Chapter 1512: Satisfying

"Yaoyao, you're back in town? Is this the Lu family's number?" Mr. Jiang asked as soon as he saw the phone number.

"Yes, Dad. Xingzhi and I just got home not long ago. We just explained to dad and mom where we were, and now we're calling you. Have you and Mom been worried these past few days? It's my fault for making you guys worry again. I'm sorry."

Jiang Yao's apology sounded a little choked up. If Mr. and Mrs. Lu were so worried, then Mr. and Mrs. Jiang would suffer even more.

Mr. and Mrs. Lu were open-minded and always busy with work. The townspeople might have talked about her, but they would not go up to Mr. and Mrs. Lu and tell them those rumors because they were afraid of the Lu family.

However, the Jiang family was different. The Jiang family was in the village, so the villagers were not afraid of them. Naturally, they would dare to say anything.

Some even made sarcastic remarks behind their backs. They might have forced themselves in the Jiang family's home to mock her parents.

"Xingzhi came back with you? Have you been with Xingzhi all this time?" Mr. Jiang was relieved when he heard that Jiang Yao was with Lu Xingzhi.

Jiang Yao said, "Yes, I've been with him all this time. I can't tell you the details over the phone. We will tell you when we get home tonight. I'm good with Xingzhi. Tell Mom too. Don't listen to other people's nonsense. I am your daughter. Would I do such an immoral thing? Besides, would I love anyone else other than my husband? My husband is so good. Why would I look at another man? You and Mom picked him for me, and he is the best husband in the world. Would I abandon him?"

Jiang Yao dared to speak so bluntly. On the one hand, she wanted to appease her father's emotions. On the other hand, she knew that there was no one in the living room, so she was brave.

However, she did not know that Lu Xingzhi and Mr. Lu happened to come out of the study. The two of them stood by the stairwell on the second floor, listening to every word Jiang Yao said.

Mr. Lu was surprised. He turned to look at Lu Xingzhi and saw that his son had a smile on his face. His hands were in his pockets as he stood there comfortably, not preparing to go downstairs. It seemed like he was ready to continue listening to how Jiang Yao would praise him.

“It’s very satisfying, isn’t it?”

Mr. Lu made a joke.

He raised his hand and patted Lu Xingzhi’s shoulder. “Look at your wife praising you to the heavens. Your mother hasn’t praised me like that since she married me for so long.”

“Well, the apprentice has surpassed the master.”

Lu Xingzhi leaned against the railing and did not plan to go downstairs for the moment. It was rare to hear Jiang Yao praise him like that. If he did not listen for a while longer, it would not be a good thing, right?

Mr. Lu scoffed and returned to the study. Only Lu Xingzhi wanted to listen to his wife praise him more.

Meanwhile, Jiang Yao did not notice the pair of eyes staring at her from the second floor. She was still comforting her father, who had been worried for a long time. “So, Dad, don’t worry. Xingzhi and I are fine. His mom and dad are fine too. Tell Mom, Eldest Brother, and Sister-in-law not to worry. Xingzhi and I will go back to see you guys tonight.”

Lu Xingzhi decided to make his presence known. He quickly walked to Jiang Yao’s side and took the phone. “Dad, I’m going to pick you guys up now so we can have dinner here.”

Chapter 1513: The Parents’ Love

Lu Xingzhi patted Jiang Yao’s head before returning the phone to her. He said, “Your mom and dad are worried. You’ve been working hard, so it’s not suitable for you to run around. I’m going to bring them here.”

Lu Xingzhi called out to Mrs. Lu in the kitchen, telling her to cook a few more dishes in the evening. Then, he went out.

Jiang Yao stood there pouting. Then, she said a few words to Mr. Jiang on the phone before hanging up.

Since there was nothing to do in the living room, she went to the kitchen to see if she could do anything to help. After all, if her parents, brother, and sister-in-law were to come to dinner, they would need more dishes. She was afraid that Mrs. Lu would not be able to handle it by herself.

However, when she entered the kitchen, Mrs. Lu pushed her out without saying anything.

“Just wait in the living room, or go upstairs and rest for a while. Your dad can help me.” Jiang Yao did not know how to cook. Mrs. Lu had never asked Jiang Yao to help even when Jiang Yao was not injured. Since she was injured, it was even more impossible for Mrs. Lu to ask her to help with the housework.

After leading Jiang Yao to the sofa and forcing her to sit down, Mrs. Lu picked up a washed apple from the table and stuffed it into Jiang Yao's palm. "The meal won't be ready in a while. If you're hungry, eat an apple first."

Then, Mrs. Lu called out to Mr. Lu. She told him to come downstairs and to the kitchen.

Lu Xingzhi drove his car to pick her family up. The vehicle was from Second Uncle Lu's garage. It would not take long since he took the car. Lu Xingzhi brought the four Jiang family members home in about half an hour.

When the elderly greeted each other, Jiang Jie walked directly toward Jiang Yao. He observed Jiang Yao for some time. After a while, he said, "You did not lose weight last time, but you've lost so much since then."

Wang Xian stood at the side and nodded. "You seem to have lost a lot of weight. It's like the flesh on your face is gone again."

Mrs. Lu did not ask Mrs. Jiang to help her cook. She knew that the Jiang family must be worried about Jiang Yao, so she told Mrs. Jiang to talk to Jiang Yao and Lu Xingzhi. Then, Mr. and Mrs. Lu went back to the kitchen to continue cooking.

As soon as she saw Jiang Yao, Mrs. Jiang immediately asked why she did not go to school. Even though the worry on her face had lessened after she saw Mr. Lu and Mrs. Lu's attitude, it was still there.

Jiang Yao told her parents, brother, and sister-in-law about her mission with Lu Xingzhi. Unsurprisingly, she was reprimanded by Mr. Jiang and Mrs. Jiang.

"Did Xingzhi tell you to follow him to mess around?" Mrs. Jiang looked at Lu Xingzhi. "Aren't you afraid that she will cause you trouble and drag you down with her? You can't spoil your wife like that. Don't do that again!"

"Mom, can you please stop scolding me? I have been scolded for quite a while now." Jiang Yao cupped her mother's hand and acted coquettishly. If she continued reprimanding her, she would really fall asleep.

"How long do you have to recuperate? Are you suspended from school? Where is the injury? Is it serious?" Jiang Jie only noticed that Jiang Yao did not look so good when he heard that she was injured.

"I took some time off school to recuperate. I'll go back and take the final exam as usual." Jiang Yao did not mention her injury. She only said that she needed to recuperate.

When she noticed that Wang Xian's hands were always on her lower abdomen, Jiang Yao's eyes lit up. She quickly sat down beside Wang Xian... "Sister-in-law, am I going to be an auntie?"

Chapter 1514: Wang Xian Is Pregnant

Actually, Jiang Yao had already confirmed that Wang Xian was pregnant. Wang Xian had also been pregnant around that time in her previous life.

Wang Xian did not expect Jiang Yao to be so sharp and instantly guessed it. She was stunned for a moment, then nodded shyly and acknowledged it.

“That’s great!” Jiang Yao turned to her parents and said, “Dad and Mom, congratulations on becoming a grandfather and grandmother! And to Eldest Brother, congratulations on becoming a father! This is great!”

Jiang Yao felt a little envious.

She could not have a child for the time being. She could only have a child after her body recovered. Therefore, she could only be a mother next year at the earliest.

After saying her congratulations, Jiang Yao gave some pointers to Wang Xian on how to deal with her pregnancy from a doctor’s point of view. Her knowledge stunned Wang Xian. Even Mr. and Mrs. Jiang were dumbfounded.

“In addition to what I’ve told you, you must go to the hospital regularly for a check-up during your pregnancy. Let Eldest Brother accompany you. You can’t stop going just because you think it’s troublesome. Even though it costs money, you have to spend it. It’s essential as this is when the child’s brain, bones, and internal organs develop. Even if you don’t have an appetite during this period, you will still need to eat to give nutrition to your child. You should eat apples, grapes, and seasonal fruits.”

“Medical students must know so much about this. Yaoyao looks so much like a doctor now.” Mrs. Jiang was happy. Her daughter was like one of those doctors in the gynecology and obstetrics department in the hospital.

Jiang Yao sighed in relief. Then, she handed the medal on the coffee table to her family. They were all very excited for her.

The first night back home, Jiang Yao was surrounded and cared for by her family. She was so busy that she did not even have time to look at Lu Xingzhi. After Lu Xingzhi sent her parents home, she reluctantly returned to her room to shower and rest.

When she came out of the shower, her phone was ringing. She picked it up and saw that it was Liang Yueze.

“Where is Lu Xingzhi?” Liang Yueze asked when he heard Jiang Yao’s voice.

“He’s sending my parents home. He might be on his way back now. Why don’t I ask him to call you when he’s back? He might have forgotten to bring his phone with him.”

Liang Yueze” said, “No need. I can tell you; it’s the same anyway. Ge Wenwen has been found and sent to a provincial resettlement point. Mrs. Ge is dead. She was beaten to death and has been dead for several days.”

“She’s dead?” Jiang Yao was shocked.

“Yes, I heard that Mrs. Ge bit two of the dwarf brothers when she went crazy. Then, she was severely beaten by those two brothers. She had severe injuries and died. It was already too late when the rescue team got to her.

Since we know Ge Wenwen's identity, they contacted her grandmother. However, Ge Wenwen's grandmother said that Ge Wenwen's father had not had anything to do with her in a long time. So, she did not know Ge Wenwen well. When Sergeant Ge's wife found out about it, she said that she's willing to care for Ge Wenwen..."

Chapter 1515: Keep Dreaming

That was what Liang Yueze wanted to tell Lu Xingzhi, and it was not a secret. It was the same if he told Jiang Yao. After he was done, he hung up the phone and did not say anything else.

Ge Wenwen had finally been found. That was good news, but it was a pity that Ge Wenwen no longer had any family in the world.

Back then, Sergeant Ge doted on his daughter. Unfortunately, her mother led her astray. Since she had been kidnapped once, she should have learned her lesson by then, right?

Jiang Yao admired Sergeant Ge's second wife. She was in a difficult situation, yet she was still willing to care for Ge Wenwen. She must have loved Sergeant Ge very much.

Jiang Yao lay on the bed and sighed for a long time before Lu Xingzhi walked into the room. When he saw Jiang Yao sprawled on the bed, he made his way toward her. "Tired?"

Jiang Yao turned over and moved to the side of the bed, leaving the outer side for Lu Xingzhi. She shook her head and told Lu Xingzhi what Liang Yueze had told her.

His reaction was more indifferent than Jiang Yao had imagined. With a grunt, he went to the bathroom to take a shower.

Perhaps it was because of what Sergeant Ge had done that Lu Xingzhi could not forgive him. Therefore, Lu Xingzhi could not have any emotions toward Sergeant Ge's daughter.

Jiang Yao spent some time in a daze. Lu Xingzhi had already come out of the bathroom after taking a shower.

Before he lay down on the bed, Lu Xingzhi placed his hand on Jiang Yao's waist and looked at the person looking back at him. He smiled and asked, "There's no one better than me in this world, right? With such a good husband, who else can catch your eye? I'm the best husband in the world."

Jiang Yao's mind went blank; she was dumbfounded.

"You eavesdropped on my phone calls?" Jiang Yao's face felt warm. "I was trying to coax my parents."

"You must think so too," Lu Xingzhi said with certainty. He could not hide the joy in his eyes because he was not angry at Jiang Yao's words, even if she did not look at him the entire night.

Without giving Jiang Yao a chance to explain herself, Lu Xingzhi lowered his head and kissed her.

She had just showered, and the taste of mint toothpaste lingered on her lips and teeth. It was refreshing and cool, and it also carried its own sweetness.

His girlfriend thought he was so good that it made him feel ashamed.

He was the person who loved her the most, but he might not have been the most qualified and best husband.

The kiss was lingering and domineering. There was almost no time for her to catch her breath, and it made her dizzy.

They kissed until their emotions were a little out of control. Then, Lu Xingzhi stopped. He remembered that Jiang Yao's body was weak.

After such a long and sweet kiss, even Jiang Yao was slightly elated and looked forward to what would happen next. She saw Lu Xingzhi's expression, and she asked in a low voice, "Why don't we do it tonight? Be gentle, and it should be fine."

Lu Xingzhi looked at Jiang Yao meaningfully. When he saw that her cheeks were flushed and she seemed to be in love, he chuckled and said, "Keep dreaming."

Then, he turned around and got off the bed. He had just come out of the bathroom, but he quickly returned to it...

Chapter 1516: Don't Want To Go Out

Jiang Yao was dumbfounded for a long while before she hugged the blanket and rolled around. She mumbled, "Who wants to dream? If it weren't for you, I would not want to do it anyway!"

Lu Xingzhi was in the bathroom for a long time before he came out. By then, Jiang Yao had already fallen asleep.

She had been on the road for the entire day and had not rested even when she got home. Jiang Yao had been holding on until Lu Xingzhi came home. He would return to the army base the next day, and it would be half a year before they could meet again. Jiang Yao had wanted to chat with Lu Xingzhi throughout the night.

Unfortunately, her body was still weak. She only managed to hold on for a short while before falling asleep.

The next morning, the sunlight shone through the curtains and onto the bed, waking Jiang Yao. When she opened her eyes, the first thing she did was to look for Lu Xingzhi. Her heart chilled. She thought that Lu Xingzhi had already left.

Just as she was fretting over how she slept the previous night, she heard a soft sound coming from the bathroom. She immediately ran to the bathroom and pushed the door open, shouting, "Xingzhi!"

The person inside was peeing. When he heard the sound of the door, he almost lost his hold on his penis.

"Get out!"

Lu Xingzhi's voice was as hurried as he pulled his pants up.

Jiang Yao realized what Lu Xingzhi was doing and quickly backed out. However, Lu Xingzhi's cold voice made her a little disappointed. She backed out of the bathroom and stood at the door, waiting. She was complaining in her heart. It was not like she had never seen him naked before. Why would she be afraid of seeing him in that state?

Besides, she did not even see anything!

Lu Xingzhi washed his hands and came out of the bathroom. He knocked on Jiang Yao's head. "When did you become so nosy?"

Jiang Yao pouted and followed Lu Xingzhi back to the bed like a stalker. Then, she said, "I couldn't find you when I woke up. I thought you had left!"

"My flight is in the afternoon."

Lu Xingzhi felt helpless and sad. She must have thought he had left, so when she heard the sound in the bathroom, she quickly went in there.

"It's still early. It's only five o'clock. Sleep for a while." Lu Xingzhi carried her back to the bed. "After breakfast, we'll go for a walk in town."

Jiang Yao shook her head and said, "No way. It's not easy to walk around town. If you have the time, just stay at home and accompany me. I don't want to go out."

"I'll take you to eat the vegan tofu that you like." Lu Xingzhi tried to entice her patiently.

"No, I don't want it." Jiang Yao curled her lips.

"We'll just look at it."

Lu Xingzhi sounded like he wanted to laugh. The next second, she kicked and glared at him.

Jiang Yao did not want to go out, but she knew that Lu Xingzhi would insist on bringing her out.

"I don't care what others think. This is our life. As long as we're happy, it doesn't matter what anyone says." Jiang Yao did not care about that at all.

She understood what Lu Xingzhi was trying to do. There were many nasty rumors about her in the town, so he wanted to show everyone that they still had a great relationship. He wanted everyone to see that Lu Xingzhi still cared so much about Jiang Yao so that everyone would know that the rumors were all false...

Chapter 1517: Protection

"Go to sleep. We'll talk when you wake up." Lu Xingzhi patted Jiang Yao's back gently as if he was comforting a child.

Jiang Yao hugged Lu Xingzhi like a koala. Her face was buried in his arms, but she did not feel sleepy at all.

How could she possibly fall asleep? When she thought about how he would return to Province A in the afternoon, and the two of them would not see each other for half a year, she did not feel sleepy at all.

Jiang Yao did not hear Lu Xingzhi's voice as she raised her head to look at him. "Are you sleepy?"

The sun had reached the window very early in the morning. Jiang Yao's gaze passed Lu Xingzhi's profile and landed on the chirping sparrows outside the window. She secretly envied the sparrows for being so lively in all four seasons.

Lu Xingzhi was not sleepy; he did not know how to comfort Jiang Yao.

She hugged him tightly like a koala, unwilling to let go. It was clear how reluctant she was to part with him.

Half a year was neither too long nor too short.

In their first year of marriage, Lu Xingzhi had gotten used to not seeing his wife for half a year. Jiang Yao even yearned for that. However, she had changed her mind. Half a year was suddenly too long.

The two hugged each other to sleep without saying a word. They lazed in bed until Mrs. Lu woke them up and invited them to have lunch.

"You'll fly back to Province A in the afternoon, right? After lunch, you two will accompany me to the market in town to buy some vegetables. After lunch, I'll cook some soup for Yaoyao and cook up some delicious dishes. She will need nourishment." As Mrs. Lu spoke, she handed a peeled egg to Jiang Yao. "I don't have any classes in the morning, so I don't need to go to school. Just treat it as a walk with me."

"Okay." Lu Xingzhi agreed on behalf of Jiang Yao. It seemed like his parents had the same idea as him.

It was good to go to the market. Even though it was noisy, there were many people. Furthermore, it was not far from home. Jiang Yao could use that time for her stomach to digest the food.

Jiang Yao could not say that she was too lazy to go out. Mrs. Lu had done that for her own good. It was the same with Lu Xingzhi.

After the meal, Mr. Lu went to work. Mrs. Lu carried a basket and went out with Jiang Yao and Lu Xingzhi. The small market was the most lively place in the town in the morning. It was bustling with people.

The Lu family was quite famous in town. Everyone knew Mr. and Mrs. Lu. Although some people might not have seen Lu Xingzhi and Jiang Yao, when they saw them with Mrs. Lu, they would get curious and ask about them.

Mrs. Lu told them that they were her son and daughter-in-law. They had just arrived home the previous night, and her daughter-in-law had been feeling a little weak recently. Therefore, she wanted to cook some dishes for her.

When Mrs. Lu spoke, she would pat the back of Jiang Yao's hand gently with a smile on her face. "My daughter-in-law studies hard. Well, she studied too hard, so she's not feeling very well. "

If anyone asked why Jiang Yao was not at school, Mrs. Lu would get angry and say, "I don't know why anyone would speak such nonsense about her. Yaoyao has been going to the countryside with her professor since the semester started. She lost so much weight because she couldn't eat and live well there... How could I not know about it? My son personally went to the countryside to bring her home from her teacher's place! If I hear any more of that nonsense, I'll rip your mouth off!"

Chapter 1518: What Happened After That?

Jiang Yao and Lu Xingzhi's mission was a secret. Lu Xingzhi had told his family that it was best to keep it secret and not tell anyone else about it. Even though Mrs. Lu felt that it was a pity that she could not flaunt it to the world, she knew its importance. However, she could not stop the other people from talking nonsense about it.

Mrs. Lu did not have to fake the love she had for Jiang Yao, and that managed to dispel some people's suspicion.

Who would still want that kind of daughter-in-law if the rumors were true?

Besides, everyone knew that the Lu family's son had a bad temper. If his wife did that kind of shameful thing, would he be with her while shopping with his mother?

The Lu family would never suffer their daughter-in-law's wrath. Therefore, it meant that someone else had purposely slandered her name.

"My daughter-in-law went to the countryside with my teacher, where the conditions were poor. She could not eat or live well there. She could not get used to the lifestyle when she was there, but she endured it. Her teacher finally told her to go home and rest. She's not home much, so I want to fatten her up so that she can be well again. Then, I'm hoping she'll give us a grandson soon!"

Mrs. Lu did not even need to give any excuse for Jiang Yao's recovery at home. They bought many things at the market. While they did that, Mrs. Lu answered all the questions that the people there had for her. When everyone in the market had finally heard of the story, she left the market with the two of them, utterly satisfied.

When they were alone, Mrs. Lu sneered. "Everyone knows each other's business here. Sometimes, it's quite annoying. Some of them don't have high moral standards either. They spread rumors without thinking of the consequences. Words can kill, and those people are no different than murderers. "

"Mom, don't be angry. It's good that you understand what kind of person I am. We don't live for others' words. They can say whatever they want. Anyway, I'm doing just fine," Jiang Yao said.

"You're so nice." Mrs. Lu sighed. She knew how those rumors started, which was why she felt angry. "That old woman from the Lin family is so evil-hearted. She threw you away when she was young and hoped that you would die. Now that you've grown up, you don't need them for anything. Why would she tarnish your reputation like that?"

Jiang Yao still did not know why that woman did that. She did not know the Lin family well and did not care about their blood ties.

Mrs. Lu was right—the Lin family didn't raise her. They only birthed her.

“By the way, what happened to the person who pretended to be my mother?” After the Cheng family intervened, Jiang Yao and Lu Xingzhi had rushed back to Shu City. They did not know what happened after that...

Chapter 1519: Looking For My Eldest Grandson

Mrs. Lu clapped her hands and said, “Oh, you haven't heard about that! Well, it is quite satisfying. Your parents said that the woman's attitude was so bad that they were furious with her. She repeatedly went to your home to make trouble, so I didn't expect that she was an imposter! She was also a murderer!”

Mrs. Lu was a little agitated when she said, “That woman is not your biological mother. She's your aunt. That year, she killed her ex-husband, but she let your biological mother go to prison in her place. She married someone else and had children with your birth mother's identity, who had gone to prison instead. I heard that she was sentenced to 25 years in prison.”

Jiang Yao pursed her lips and pondered. '25 years? Xie Qiuxiang is already in her 40s. She might die in prison.'

That woman had stolen her sister's life for 20 years, and she only had to go to jail for 25 years for that. She had profited.

Jiang Yao thought, 'What will happen to Sun Xiaoshan's sickly body after she finds out about that? And what will happen to Sun Xiaoshan's father?'

That had nothing to do with her.

Lu Xingzhi was not a talkative person, so Mrs. Lu kept talking to Jiang Yao. The two of them had so much to talk about. After they finished talking about the Lin family and the Sun family, they started talking about other families in town. They chatted all the way back home.

Once they arrived at the door, they saw the other Lu family standing at the door—it was Lu Weihua and his parents.

When Mrs. Lu saw the three of them, her expression immediately turned stiff. “It seems that we need to get dogs in the future. Otherwise, everyone will come to our door.”

After she finished mocking them, Mrs. Lu looked at the unwanted guests and asked, “What's the matter?”

“We want our eldest grandson back,” Mrs. Lu said.

“Why are you looking for him here? Is he hiding in my house? Well, that's not right. I heard that your new daughter-in-law had birthed you a cute granddaughter. You must love her very much, and you must love your new daughter-in-law too, right?”

Mrs. Lu did not need to inquire about the Lu family at all. Everyone knew what had happened with that family.

After all, there was no other family like them in the county. Some time ago, Lu Weihua's new wife gave birth to a plump baby daughter. That caused the mother a lot of trouble during the delivery and hurt her body. The doctor said she might not get pregnant again.

Many people in the county cursed the Lu family behind their backs. Those people did not want their grandson. They chased their grandson and the grandson's mother out of the house to make way for a new daughter-in-law. However, the new wife had given birth to a daughter, and she might not even be able to get pregnant again.

"Don't criticize us. Your daughter-in-law is not a good person either." Mrs. Lu retorted.

"My daughter-in-law is a person and not an object. She is a good person, and I love her very much." It was as expected of a teacher. She spoke more accurately than the average person. Mrs. Lu did not have any intention of getting angry.

"I'm too lazy to waste my breath on you. Return our eldest grandson to us." Mrs. Lu knew that she could not win against the other Mrs. Lu in an argument, so she did not waste her breath...

Chapter 1520: Bully

Jiang Yao thought that the Lu family was ridiculous. Did they want to find their grandson at her home?

"You came to us looking for the child? Didn't you leave your grandson at the police station in Jin City? Didn't the police station in Jin City call you many times to take the child home? Didn't you tell the police that you didn't want the child anymore? Didn't you say that the child belongs to his mother? The child's mother told the police that she didn't want the child anymore and would rather go to jail. The child's father didn't love or care for his mother, nor did his grandparents. Naturally, he belongs to the police station in Jin City. Did you think he had walked to our house?"

The child had been adopted by Gu Haoyu's friends overseas. He had a new family—he had adoptive parents who treated him as their precious child. It was better than staying in a terrible home like the Lu family's.

Mrs. Lu pounded her chest in heartache. "We called the police station in Jin City. They said that they had sent the child to an orphanage. We went to the orphanage in Jin City to look for him, but the orphanage said that the child had been adopted by someone overseas. My eldest grandson is missing. Of course, I had to look for you! That woman had left the child with you!"

"You must have done something terrible that they took the child away from you so quickly. Otherwise, why would someone adopt my child so quickly? And by a foreign couple too!" Lu Weihua hated the Lu family. His job was gone, and everything he did in those few months did not go well.

He was waiting for his wife to give birth to a healthy son so that he could still be proud in the future. However, he had a worthless daughter instead. Everyone mocked him about that.

Jiang Yao thought that Lu Weihua was quite clever. He had managed to figure out that Lu Xingzhi and her had found the adoptive parents for his child.

However, the Lu family could not provide evidence for that, so she would never admit it. Furthermore, she had not broken any law. What she had done was worthy of her conscience.

“The child’s adoption means that the child is blessed. Someone else now loves him,” Jiang Yao said indifferently.
