

## Chapter 1521: It's Not Like I'm a Eunuch

Ou Xuyan dived down, but due to a moment of carelessness, she choked on the water.

While she was choking on the water, she slipped again and fell into the water once more. She was like a little bird drowning, her hands and feet flailing away.

Just then, two large palms grabbed her small waist and pulled her up.

The moment she came to the surface, Ou Xuyan greedily breathed in two mouthfuls of fresh air, but the inhales were too sharp, causing her to directly cough. "Cough cough..."

"Are you alright?" Lu Fan reached out his large palm and patted her back.

"Lu Fan, do you... really know how to... teach people? Your teaching just me almost... made me drown!" Ou Xuyan's eyes were red as she punched his shoulder. She should have known that this man could not be trusted.

"Ugly girl, it's because you're too stupid. How can you blame me?"

"You..." Ou Xuyan stuttered. "I'm not learning anymore!"

She turned around and wanted to leave.

However, just as she was doing so, Lu Fan grabbed her slender waist and directly picked her up, carrying her into the depths of the sea. This time, Ou Xuyan couldn't even touch the ground with her feet.

"Ah, Lu Fan, let me go. I'm scared, quickly let go!"

"Do you really want me to let go?" Lu Fan let go of his grip on her.

"Don't let go, don't let go, I'll drown!" Ou Xuyan quickly spread her two slender legs and tightly wrapped them around his strong waist. This was the safest position.

This time, the two of them were in a very ambiguous position. Ou Xuyan was like a beautiful begonia flower with crystal-like dew on it. Lu Fan shifted his gaze downwards, and through the lace on her chest, he could see her smooth undulations.

Her body was well-developed. She had everything a woman should have.

"Hey, where are you looking at? Don't look!" Ou Xuyan quickly reached out her small hands to block his eyes, not letting him look around.

Lu Fan did not move, but there was a big tent under his pants.

Ou Xuyan felt that she was being poked by something. After all this, she already knew what it was, though, in reality, she was still very much clueless about the matters between men and women. Her family did not give her this kind of education.

This was one of the flaws in the education of Chinese parents. Ou Xuyan was thinking then that if she had a daughter, she would definitely teach her daughter sex education early on in life so that she would not suffer in the future.

There were too many bad men nowadays. If a girl was as simple as a piece of blank paper, it wasn't a good thing.

"Hey, why are you doing this again? You're too dirty-minded!"

Lu Fan licked his dry thin lips. "Bullshit, my body is very healthy and full of vigor. How can I not have a reaction when a woman is dressed like this and is wrapping herself on my body?"

Why was he saying such vulgar words?

Ou Xuyan raised her eyebrows and said, "Oh, so your actions are totally reasonable?"

"Of course, it's not like I'm a eunuch!"

Ou Xuyan was speechless.

At this moment, a series of abnormal sounds rang in her ears. Behind a large rock, a man and woman were entangled. Their posture was similar to theirs, but the seawater around them was rippling.

The woman called out flirtatiously, "Oh, hubby, slow down. Someone will see through our actions."

"It's fine even if they do see through it. Who wouldn't do such a thing in a place like this?"

Ou Xuyan took some time to figure out what they were doing. She quickly grabbed the clothes on Lu Fan's shoulder and said, "Hey, hurry up and bring me to the shore. Someone is doing that here..."

Lu fan frowned and carried her to the shore. He didn't want to stay in the water anymore either.

She might not understand, but he did. Later, that man would cum into the water, and the water would be too dirty!

Where there was water, this kind of thing could not be avoided. After all, humans evolved from monkeys. Men liked to do these things in the wild.

### **Chapter 1522: Human Trafficker**

Ou Xuyan went ashore and quickly wrapped herself tightly in a towel. She looked around and saw that Yin Zhihan and Lu Ning had already reached a deep place in the sea.

They were playing in the sea. When Yin Zhihan caught Lu Ning in his arms, he wanted to kiss her moist little face, but Lu Ning giggled and avoided him.

Yin Zhihan chased after her, his eyes burning with the desire to eat her.

Ou Xuyan was dazed. She lamented that Lu Ning and Yin Zhihan were really close. She and big brother Ading had been childhood friends since they were young. Although she was big brother Ading's fiancée, there seemed to be something missing between them, and they seemed to be too courteous to each other.

The relationship between Yin Zhihan and Lu Ning was as hot as the March sun.

“Stop looking. Go back and take a shower, change your clothes,” Lu Fan said.

Ou Xuyan looked at herself and nodded. “Okay.”

She turned around and walked toward the holiday villa.

...

Ou Xuyan took a shower and changed her clothes. Then, she walked out of the holiday villa.

At this moment, she heard a scream and a child’s voice. “Let go of me! Help! Someone is trying to abduct me!”

Oh no!

Ou Xuyan quickly ran over and saw two burly men in black ahead of her. The two of them were holding a little boy and attempting to stuff him into a van.

“Hey, what are you doing?”

The little boy’s eyes lit up when he saw Ou Xuyan. “Big sister, save me. They are human traffickers. They want to kidnap me and sell me.”

The two men in black scanned Ou Xuyan from head to toe, and a wretched light flashed in their eyes. “Where did this little beauty come from? Why don’t we just kidnap her as well?”

The other man agreed very much. “Look at her beauty, she’s top class. She’s too beautiful. Let’s have fun with her first. When we’re done playing, let’s sell her to a brothel. We’ll definitely get a good price.”

Ou Xuyan snorted coldly. “Sure, come and catch me.”

The two men in black let go of the little boy and walked towards Ou Xuyan.

“Big sister, run quickly. They’ll catch you. You can’t beat them!” The little boy ran to the side and hid.

Ou Xuyan curled her lips. “You want to catch me? Let’s see what you can do!”

“Little beauty, you talk big.” The two men in black stretched out their hands towards Ou Xuyan.

Ou Xuyan dodged nimbly. She grabbed the wrist of one of the men in black and wanted to throw him over her shoulder, but the man didn’t budge.

Ou Xuyan’s eyes turned sharp. She had met her opponent today. These two people were definitely not ordinary human traffickers!

The two men in black also exchanged a look. They didn’t expect Ou Xuyan to know martial arts.

“Come on then, use your true abilities.” Ou Xuyan pulled out the soft leather whip at her waist.

The men in black attacked together.

Ou Xuyan fought with them. After a few dozen moves, Ou Xuyan’s whip landed on the face of one of the men. The man immediately covered his face and screamed in pain.

“Just you wait. We will go and call for help now!” The two men in black ran away dejectedly.

Seeing that the bad guys had been defeated, the little boy quickly ran over. “Big sister, thank you for saving me. Without you, I would have been abducted by them.”

Ou Xuyan squatted down and patted the little boy’s head. “What’s your name?”

“Jack.”

“Jack, hurry up and go home. Don’t run around alone and recklessly in the future.”

“Yes.” Jack nodded. “Big sister, you have to be careful too. Those human traffickers are not to be trifled with. There are already more than ten children missing in this area.”

### **Chapter 1523: Lu Fan Is Here**

“More than a dozen children have gone missing? Then didn’t the lot of you report the cases? If all of them were done by the same group of people, then they are too rampant!”

Jack lowered his head, “Miss, we are refugees from Africa who fled here. Although we have reported the cases, because of many reasons, we are unable to receive the protection of the local police station. Moreover, the police have come a few times to catch them, but the bad guys are all very skilled. The police are no match for them, so they are becoming increasingly rampant and even dare to come out and abduct people during the day!”

Ou Xuyan was very angry when she heard that. “Outrageous! What about those kidnapped children? What about your safety?”

Just then, the pitter-patter of footsteps approached from afar. “Boss, it’s this woman who was meddling in our business!”

Ou Xuyan stood up and saw the two men in black bringing a group of people towards them. There were about a dozen of them. The man who was called Boss was a man with a knife scar on his face.

Ou Xuyan protected Jack behind her and then looked at the man with the knife scar. “It’s alright. Yes, I meddled in your business, what are you going to do about it?”

The boss with the knife scar almost drooled when he saw Ou Xuyan. “Hahaha, this chick is really beautiful. Little beauty, how about this? As long as you follow me back and be my wife, everything that happened today will be written off.”

“Boss, we did want to bring this little beauty back for your entertainment just now, but boss, you have to be careful. This woman knows martial arts and her skills are very good.”

Boss Scarface gave the man in black a kick, “Useless thing, you can’t even beat a woman!”

The man in black showed an obsequious smile.

“You want to capture me to be your wife? Sure, as long as you have the ability!” Ou Xuyan wanted to pull out the leather whip on her waist.

“Little beauty, don’t move, look at what these are?”

Boss Scarface made a hand gesture, and the two men behind him took out a gun each, which they instantly aimed at her head and heart.

Ou Xuyan’s gaze turned cold, these people were too lawless.

“Little beauty, obediently follow me back, or else, I will let them shoot you full of holes, although I am very reluctant, haha.” Boss Scarface laughed endlessly.

Ou Xuyan only felt disgusted. However, under the threat of the two guns, she did not dare to move recklessly. Moreover, there was still Jack behind her.

She was thinking of a way to escape.

Just then, a deep and magnetic voice sounded in her ear, “Ugly girl, what are you doing? You are taking so long.”

Lu Fan was here.

Seeing the man, Ou Xuyan’s heart instantly calmed down. Her eyes were bright as she looked at Lu Fan, “Hubby, these people want to capture your newlywed wife as theirs. Will you allow them to do so?”

This was the first time she called him hubby. Although it was to drag him into trouble and there were malicious intentions behind her words, Lu Fan’s eardrums still tingled with nerves.

He put his hands in his pockets as he stood beside Ou Xuyan. Then, he raised his eyebrows and looked at the two guns, then at boss Scarface, “You want to capture her and make her your wife? In your next life...”

“You!”

“Oh, I’m sorry, even in your next life, it will be impossible!” Lu Fan’s eyes were unruly as he mocked.

Boss Scarface’s expression turned cold and became ferocious, “Shoot, kill them all!”

“Yes!”

The two men wanted to shoot, but a stone hit their eyes. “Ah”, they quickly covered their eyes in pain. In that instant, a ghostly figure flashed in front of them, and the guns in their hands were immediately snatched away.

**Chapter 1524: Hey, I’m Your Wife!**

Lu Fan single-handedly faced the men. Five minutes later, accompanied by waves of moans, all of them were on the ground.

“Rascal, you have guts. You better not let me see you again next time!” With a classic sentence as the last words he left on the scene, Boss Scarface led his men and ran away dejectedly.

...

The bad guys have been defeated again. Jack immediately danced with joy and excitement, squealing, “Big brother is so awesome, big brother is the best, all the bad guys ran away!”

Ou Xuyan looked at Lu fan. His skills were indeed very good, and he had the Special Forces’ unique sharpness and strength. Perhaps he had learned from many martial arts sects since he was still a child, such as Shaolin that they had mentioned before. His reaction speed was especially quick and fierce, and even if she didn’t like him, she had to admit that he was quite handsome when he fought those human traffickers alone just now.

“Uhm, thank you,” Ou Xuyan said her thanks.

Lu Fan glanced at her. “Your skills are bad, so don’t attempt being all bravado in the future. These overseas local bullies are the most difficult to deal with.”

The moment those words fell into Ou Xuyan’s ears, she couldn’t take it anymore. “Hey, Lu Fan, what do you mean? Those human traffickers wanted to kidnap Jack, so I took action. Don’t tell me you wouldn’t take action if you saw this situation? You’re a soldier!”

It was a given he would take action, but she was too stupid. She didn’t consider her safety at all. What if he came a step too late and she was also captured?

“Big brother, please don’t scold big sister. Those people are all human traffickers specialized in selling children. In this area, there are already more than ten children missing.”

Lu fan frowned. He squatted down and held Jack’s small shoulders. “No one cares about the lot of you?”

“No, the police care about us, but we live in the slums...”

Lu Fan understood. This was the darkness of society.

“Do you know where those human traffickers are?”

“The police have attempted to capture them a few times, so they often change their location, but they should be on the other side of the mountain.” Little Jack pointed with his finger.

“Alright, Jack. Big brother is going to save those children now. Can you lead the way? Are you afraid?”

“No! I am very brave. As long as big brother can save them, I’m willing to do anything!” Jack said solemnly and expectantly.

“Okay, let’s go now!” Lu Fan carried Jack on one arm with ease.

Ou Xuyan, who had been left behind alone, quickly chased after him. “Hey, Lu Fan, why are you just going with Jack? What about me?”

Lu fan did not even turn to look at her. “Go back!”

“No, I want to go with you.”

“You’ll only cause trouble if you go. I won’t protect you then.”

“Who needs your protection? I can protect myself.”

Lu Fan looked at Ou Xuyan unhappily. Ou Xuyan followed closely behind him. Both of them refused to back down.

“Big brother, if big sister wants to go, just let her go. Isn’t big sister Your Wife? It’s only right and proper for a hubby to protect his wife!” Jack said.

Ou Xuyan quickly nodded. “That’s right.”

As she said that, she looked at Lu Fan with disdain. “Hey, Lu Fan, are you afraid that you can’t protect me? I’m your wife!”

Ou xuyan emphasized the last word “wife”.

Lu Fan’s tightly knitted brows gradually relaxed. Wife, fine, this word was indeed not bad.

He carried Jack and continued forward.

Did he change his mind?

Ou Xuyan quickly followed behind him. She found that his temper was quite volatile, and his moods changed as fast as flipping through a book. She wondered why he suddenly changed his mind.

### **Chapter 1525: You Can Find Such a Great Hubby**

The three of them arrived in a remote mountain forest. Jack said in a low voice, “Big brother, big sister, those human traffickers are usually around here, but I don’t know if they are still here.”

Lu Fan squatted down on one knee and looked at the footprints in the soil. “They are still here. Let’s go in that direction.”

Ou Xuyan followed behind him. “Hey, Lu Fan, how can you be sure that your judgment is correct?”

“A few days ago, it was raining here, so the soil is muddy. It would be inconvenient for them to leave with more than ten children, so they probably wouldn’t leave so quickly. Those footprints are new. They should belong to the people we defeated just now. They’re probably here to meet up. I’m guessing that they’re planning to leave,” Lu fan deduced.

Jack immediately looked at Lu Fan with admiration. “Wow, Big brother is so awesome.”

Lu Fan raised his straight eyebrows at Jack.

Ou Xuyan snorted. This man liked to show off.

At this moment, Jack held her hand and praised, "Big sister, you have good taste. You can find such a great hubby."

Ou Xuyan was at a loss for words.

"Shh." At this moment, Lu Fan made a hand gesture.

Ou Xuyan and Jack immediately hid behind Lu fan carefully, not daring to even breathe loudly.

The three of them craned their heads to look ahead. Some movements were going on in front. A few cars were parked, and there was a man in black saying, "Hey, you guys hurry up. We have to leave this place."

"Go feed those children a full meal. Once we leave this place, we'll sell them all."

"Big sister, we've found the right place," Jack said softly.

"Yes." Ou Xuyan nodded, but her expression was very grave. The security ahead was very tight. Each of them had guns in their hands, and they definitely had dangerous items like explosives.

There were too many children here. It would be very difficult to rescue them all with just the three of them.

"Lu Fan, what should we do?" Ou Xuyan asked Lu Fan in a low voice.

Lu Fan turned to look at her. "I need to blend in. That's the only way to know where the children are. You stay here for assistance."

"No, I want to go with you!"

"It's very dangerous inside..."

"Lu Fan, there are more than ten children there. You can defeat all the men in black, but you can't handle so many children. I'm a woman. I'll go with Jack. The children will believe us!" Ou Xuyan tried to convince him.

Lu Fan thought for a moment. What she said made sense. He nodded decisively. "Okay."

Ou Xuyan smiled.

"But," Lu Fan added, "When you're inside, listen to my instructions."

"Okay, it's a deal!"

...

The three of them sneaked into the human traffickers' headquarters. There was nothing much to say about Lu Fan and Ou Xuyan's skills, added with the clever and agile Jack, they had no problem in their infiltration.

After entering the headquarters, the three of them carefully groped around. At this time, a voice sounded. "Hey, have you finished prepping dinner? Make haste and send the food in for the children to eat."

"We are in the middle of prepping. It will be ready soon."

Someone came in. Lu Fan pulled Ou Xuyan and Little Jack and quickly hid behind the door. They looked outside through the crack in the door.

One of the men in black who had just been defeated by Lu Fan came in to patrol. The two men in charge of making dinner hurriedly divided the rice and covered it with a few vegetable leaves.

Ou Xuyan felt awkward all over because the space they were hiding in was too small. Lu Fan was tall and had long legs, so he took up a lot of space. Jack was hugging her thigh, while her body and the man's were stuck together.

#### **Chapter 1526: All Men Like to Kiss the Woman They Like**

Through the thin fabric, she could feel his strong muscles and healthy heartbeat. On top of that, the clean, pine-like scent he had on him had quickly invaded her senses. It did not smell bad. She even thought that it smelled good.

She felt uncomfortable, so she moved her body backward.

When she moved, Lu fan quickly stretched out his strong arm to grab her tiny waist, pressing her against himself. He looked at her unhappily, his gaze telling her not to move.

But, this was too close...

Ou Xuyan raised her eyes and looked at him.

Only then did Lu Fan realize that something was off. Her delicate little face was flushed red and extremely soft. She was looking at him as if she was both embarrassed and angry.

He could feel the softness of her body. The body of a 24-year-old girl was fully soft and supple, and the tactile sensation he felt made him unconsciously swallow.

Ou Xuyan could feel that his gaze had become hotter, which even made the narrow space a few degrees hotter. Feeling embarrassed and awkward, she attempted to push his arm away.

However, Little Jack suddenly pushed her from behind. Caught off guard, she tripped forward, and her red lips covered Lu Fan's lips.

Little Jack quickly covered his face. Big brother and big sister were kissing!

Ou Xuyan was so shocked that her eyes were wide open. This was her first kiss. She and big brother Ading treated each other courteously, as such, they had only held hands. No man had ever kissed her lips. Now, Lu Fan was the first.

She quickly pushed Lu Fan away and then lowered her eyes to glare at Little Jack.

Little Jack mischievously stuck out his little tongue.

At this time, the people outside had all left, and three walked out from their hiding place.

“Jack, you’re really a little rascal!” Ou Xuyan quickly grabbed Jack’s ear.

“Big sister, it hurts!” Jack pitifully cried out in pain, “I didn’t do anything wrong!”

“You still won’t admit that you did something wrong?”

“Big sister, then what is it that you’re saying I did wrong?”

“You!” Ou Xuyan’s ears were red. She let go of Little Jack’s ears, then turned around and glared at Lu Fan, before turning around and leaving.

Lu Fan looked at her charming figure and then smiled gently.

“Big brother, are you going to thank me?” Little Jack came to ask for credit proudly.

Lu Fan reached out and patted Little Jack’s head. “You’re still so little, and what’s all these ideas in your head?”

“I know big brother likes big sister. Don’t all men want to kiss the woman they like? For example, I like Xiao Hua who lives next door. I’ve secretly kissed her, her lips are so soft.”

So soft...

Lu Fan raised his eyebrows. This was a good adjective. Her lips were really soft, like jelly, and they smelled so good.

He tried to recollect the pleasure carefully, unfortunately, the kiss just now was too short as she had pushed him away in an instant.

At this time, Little Jack sighed, “It’s a pity that Xiao Hua was also abducted by these human traffickers. I must save Xiao Hua!”

Lu Fan smiled. He was genuinely amused by this little boy.

..

The three of them quickly found the place where all the children were. There were two of the men in black inside who were there to deliver the food, and Lu Fan knocked them unconscious.

“Children, don’t be afraid. We are here to save you. Now, you have to leave with us. Remember to be quiet and be brave. If I tell you to run, you must run forward without looking back. As long as you run out, you will see your parents,” Ou Xuyan encouraged them.

The children were wearing tattered clothes. At first, they were afraid, but when they heard the mention of their parents, their eyes lit up.

### **Chapter 1527: Lu Fan, I'm Here**

"Xiao Hua, I've finally found you. I'm here to save you. Are you okay?" At this moment, Little Jack rushed forward and hugged a little girl with twin tails.

"Big brother Jack, thank God. I knew you would come to save me. You're my big hero!" Xiao Hua was so happy that she cried.

"Xiao Hua, you should laugh, not cry. Let's go. Follow me. We will escape together."

"Okay."

Ou Xuyan opened the door. Little Jack led the children out quietly.

The human traffickers outside were busy moving the luggage. Ou Xuyan led all the children to a pickup truck and loaded them in the back. Then, she opened the door of the driver's seat.

"Lu Fan, come up quickly!" Ou Xuyan called out in a low voice.

Lu Fan spread his long legs and came over.

Just then, one of the men in black suddenly noticed them. He immediately shouted, "Hey, stop, what are you doing? Everybody come quick, someone is robbing our goods!"

Oh no, they were discovered!

"Lu Fan, come on quickly!" Ou Xuyan urged.

"It's too late. You take these children and leave first. I'll cover the rear!" Lu Fan said decisively.

"But..."

"But what? Leave quickly!"

At this moment, there was a bang. The man in black fired a shot at the pickup truck. The children behind cried out in fear.

"Children, crouch down. Don't be afraid. I'll bring you out now!" Ou Xuyan stepped on the accelerator. The pickup truck broke through the fence and sped away.

"Big sister, big brother is still there. Will he be in danger?" Jack asked worriedly.

Ou Xuyan looked in the rearview mirror. Lu Fan had already been surrounded by the human traffickers.

...

The human traffickers surrounded Lu Fan, and the Boss cursed, "Why is it you again? You brat, I let you off, but you actually came looking for us again! Even the police don't dare to do anything to us, who gave you the guts to meddle in our business? Now that you're in our territory, do you think there's a way out for you?"

Lu Fan sneered, "With just you guys, what do you have to defeat me?"

"What big words. Brothers, let's attack together. I want to capture him alive today!"

The Boss gave the order and everyone rushed forward.

Everyone had weapons in their hands. Some had wooden sticks with thorns, while some had sharp knives. Lu Fan fought with them with ease.

The Boss held a gun in his hand and stood at the side. His eyes revealed a ferocious malice. When Lu Fan's stamina was exhausted, he would shoot him again. There was no need to worry that he wouldn't be able to catch him.

Lu Fan had actually dared to ruin his plans. He had saved those children and cut off his source of income. He would definitely let him taste regret.

Lu Fan knew the Boss's sinister intentions. While he was dealing with the human traffickers, he was also thinking of ways to escape.

At this moment, a pleasant voice sounded, "Lu Fan, I'm here!"

A pickup truck rushed over.

"Ah!" A few of the human traffickers were immediately sent flying. Ou Xuyan jumped out of the driver's seat and landed beside Lu Fan.

Lu Fan's handsome face darkened and he immediately reprimanded, "Ugly girl, why are you back? It's very dangerous here!"

Ou Xuyan flashed a smile at Lu Fan, "It's precisely because it's dangerous that I have to come back. I've already sent those children out. I can't leave you here alone. Today, whether we live or die, we have to be together!"

Lu Fan's eyes were filled with warmth, but he still reprimanded, "You're being reckless!"

"Get out of the way!" Just then, the Boss pushed the crowd of men aside and walked over. He looked at Ou Xuyan and rubbed his fists.

### **Chapter 1528: Wish You Have Children Early**

"Little beauty, we meet again. You ran away last time, but my heart is still tempted by you! How about it? The conditions remain unchanged. You stay and be my wife, and I'll let this man go!"

"Humph," Ou Xuyan snorted coldly, then raised her eyebrows and looked at Lu Fan. "Hubby, this disgusting man is hitting on your wife. What do you think we should do?"

Lu Fan smirked. "Beat him up!"

With that, he dashed through the crowd with lightning and arrived in front of the Boss in an instant. He reached out to grab the gun in the Boss's hand and gave him a shot.

"Ah!" The Boss screamed and fell to the ground.

"Boss!" When the human traffickers saw that their Boss had fallen, all of them raised their guns.

At this moment, a sharp alarm sounded. Then, more than ten police cars arrived on the scene. The uniformed police quickly surrounded the place. "Don't move, raise your hands!"

The expressions of the human traffickers changed drastically. They knew that they were finished!

.....

The human traffickers were all handcuffed and brought to the police cars. The highest-ranking officer present saluted Lu Fan. "Senior Officer Lu, I've heard a lot about you."

Lu Fan stood at attention and saluted. "Hello, I'm the Senior Officer of the Special Forces in Area A of China, Lu Fan. Nice to meet you."

"Nice to meet you."

The two of them shook hands.

"Senior Officer Lu, we've been trying to capture these human traffickers for a long time, but their whereabouts were always a mystery, so we haven't been able to succeed. This time, it's all thanks to Senior Officer Lu's help. If you hadn't informed us beforehand, we wouldn't have rushed here."

Ou Xuyan was slightly surprised when she heard this. She whispered to Lu Fan, "Hey, you talked to them in advance?"

Lu fan gave her a sideways glance. "What else do you think I did? Not everything can be solved by force alone, you have to use your brain. We're on foreign territory, you have to be good at using external forces."

He was acting like he was reprimanding a student, and Ou Xuyan gave him a glare.

"Senior Officer Lu, this is?"

"I'm Ou..." Ou Xuyan wanted to introduce herself.

"She's my wife." Lu Fan beat her to it.

"Oh, so it's the Senior Officer's wife. Hello." The officer saluted Ou Xuyan.

Ou Xuyan immediately blushed. Why did he say that?

Although she had called him hubby a few times, it was all for show. In a serious situation, she would not say that.

Now that he had introduced her as his wife, she felt uncomfortable all over.

“Senior Officer Lu, I’ll be leaving first. I still have to go back to the station to deal with these human traffickers. Anyway, thank you for your help this time.”

“Okay.”

The police cars drove away.

“Big brother, big sister, thank you for all you’ve done this time!” The group of children ran over and surrounded the two of them.

Ou Xuyan patted Little Jack’s head. “Don’t run around recklessly in the future. Stay at home obediently and stay by your parents’ side. We will send you home later.”

“Alright. Big brother, big sister. If it weren’t for the two of you this time, we would probably have been sold. I believe good people will be rewarded for their good deeds. I wish big brother and big sister all the best in the future. Wait, no, I wish big brother and big sister will be able to grow old together and have children early!” Jack corrected himself.

Have children early...

What?

Ou Xuyan was speechless. Who would want to have children with this man? !

...

In the holiday villa.

Yin Zhihan handed a document to Lu Fan, “I have already contacted the relevant local authorities. The children from the slums will be sent to school. Their safety will also be very well protected.”

### **Chapter 1529: Big Sister, Please Come and Save Me**

Lu Fan looked at the documents and was very satisfied. He looked at Yin Zhihan and smiled, “As expected, the words of the rich are more effective.”

Yin Zhihan smiled.

“Second brother,” Lu Ning frowned, “When we came back, we didn’t see you and Xuyan. We thought that you two had gone on a date. We didn’t expect that you would go into the lion’s den alone to save those children. We indeed have to save them, but you were too reckless. What if something happens? Next time, you must not do such a dangerous thing. At the very least, you have to inform us first, okay?”

“Ah Ning, we’re fine,” Ou Xuyan comforted Lu Ning.

Lu Ning was still a little unhappy. “You guys are hungry, right? I’ll go make dinner.”

“I’ll go with you.”

At this moment, someone's phone rang. Lu Fan had a call.

He picked up the phone and said a few concise "Yes" before hanging up. He said to Yin Zhihan and Lu Ning, "I have to go back."

"What's wrong?"

"My vacation ended early. I have a new mission." Lu Fan looked at Ou Xuyan. "What about you? How about you stay here and have fun for a few days?"

Ou Xuyan was not keen on traveling. She thought for a moment and then shook her head. "No, I'll go back with you."

...

The two of them returned home overnight. Lu Fan returned to the army, and Ou Xuyan... also went to the army.

She didn't want to go to the army, but it was awkward because regardless of whether she went back to the Lu family or her own home, the parents of both parties basically said that since they had just gotten married, she should accompany Lu Fan in the army. In the end, she had no place to go, and she could only follow Lu Fan back to the army.

However that night, Ou Xuyan received a call from her sister, Ou Shiman.

"Hello, Shiman?"

"Hello, big sister, come quickly, I've been bullied!" Ou Shiman's sobbing voice came over the phone.

Ou Xuyan's heart tightened, and she immediately asked nervously, "Shiman, what's wrong? Where are you? There's no rush, you can tell me slowly."

"Sister, I'm in XXX alley just outside the school, a group of hooligans is bullying me, please come quickly and protect me." After saying that, Ou Shiman hung up the phone.

"Hello, Shiman, hello...?" Only the busy tone could be heard.

Ou Xuyan was speechless.

Although she was speechless, Ou Xuyan still left with haste. This was her biological sister. If she didn't protect her, who would?

Half an hour later, Ou Xuyan paid the taxi fare and rushed into the alley.

There was a group of people fighting in the alley. Ou Xuyan took a look. Seven or eight hooligan-like people were surrounding a boy and they were fighting. Ou Shiman was standing at the side and was crying. While crying, she shouted, "Stop fighting, stop fighting!"

The boy was very tall and handsome. He looked like a scholar, but when he was surrounded and beaten by those hooligans, he was also very ruthless, as if his life was not worth a penny.

“Shiman, what happened?” Ou Xuyan ran to Ou Shiman’s side.

Ou Shiman seemed to have seen her savior. “Sister, you’re here. That’s great. Quickly go and help Xu Yunkai. He’s my classmate!”

Ou Xuyan did not move. “Shiman, calm down. That male classmate of yours named Xu Yunkai doesn’t need my help.”

Her help was indeed not needed because Xu Yunkai won soon after she arrived. Although he did not know martial arts, he was able to defeat the seven or eight hooligans with his fierce strength. Of course, he was also injured and was in a sorry state.

“Xu Yunkai, are you okay?” Ou Shiman abandoned her sister and quickly ran to the boy’s side and asked with concern.

### **Chapter 1530: I Am the Senior Officer’s Sister-in-law**

Xu Yunkai wiped the blood from the corner of his mouth. The bangs on his forehead covered his clear and beautiful eyes. He did not look at Ou Shiman and said indifferently, “I’m fine.”

“You’re still saying you’re fine? You’re bleeding!” Ou Shiman reached out her small hand, wanting to help him wipe the blood away.

However, Xu Yunkai quickly took a step back and avoided her.

His action hurt Ou Shiman very much. She froze on the spot and stomped her foot on the ground while pouting and looking at Xu Yunkai with a bitter expression.

Xu Yunkai’s expression was very indifferent.

Ou Xuyan finally understood the situation. Her sister was... in love. Her sister had fallen in love with this boy called... Xu Yunkai.

At this time, all the hooligans got up from the ground. “Xu Yunkai, you’re ruthless. You can beat us once, but can you beat us a second time? Today, we won’t let you go!”

“Hey, who exactly are you people? What did Xu Yunkai do to offend you? Why are you beating him?” Ou Shiman asked with her hands on her hips.

“Ha, Ou Shiman, you are the school belle of XX University. Many rich young masters like you, but you took a fancy to this poor boy. Now, someone doesn’t like him and asked us to teach him a lesson!” The hooligans said.

Ou Shiman was shocked and surprised. So she was the one who brought this upon Xu Yunkai?

“Okay, then tell me who that person is. I’ll go and settle him!”

“I’m sorry, second miss Ou. We can’t tell.”

“You...”

“Enough!” At this time, Ou Xuyan walked forward and looked at the hooligans coldly. “I don’t care what disputes you have, but don’t find trouble with Xu Yunkai in the future. Otherwise, I’ll make you suffer!”

“This...” The hooligans were a little afraid.

Just then, a series of ear-piercing sirens rang out. Two police cars drove over.

“Not good, the police are here!” The hooligans ran in an instant.

The police car door opened with speed, and many police officers rushed out. “Hey, stop!”

The hooligans were soon caught by the police. None of them could escape. They were all sent into the police cars.

“Hurray! Those aren’t good people. Good riddance!” Ou Shiman clapped happily.

Ou Xuyan looked at Ou Shiman with a reproachful look. “Shiman, have you had enough? Go back to school now!”

“Alright.” Ou Shiman looked at Ou Xuyan with a martyred expression which meant “sorry sister, don’t be angry”. Then, Ou Shiman turned her head to look at the boy beside her, “Xu Yunkai, I’m sorry. This time, it’s all because of me...”

“Hey, what are you still standing here for? You have to go with us, we need to question you properly in the police station!” At this moment, a fierce policeman walked over.

The police station?

Ou Xuyan and Ou Shiman’s eyes widened. “Uncle, are you kidding me? You want us to go with you to the police station? Do you know who we are?”

The police walked over and grabbed Ou Shiman. “Who are you?”

Ou Shiman looked at Ou Xuyan. “That’s my sister. My brother-in-law is the Senior Officer of the military and my sister is his wife, while I am the Senior Officer’s sister-in-law. If you dare to touch me, I’m telling you, you’re dead meat!”

“Heh,” the police sneered. “Every time we arrest someone, we will catch a few people like you who are delirious who claim that they have some higher-up behind them. You’re even more delirious than the others, claiming to know the Senior Officer, saying your sister is the Senior Officer’s wife and yourself the Senior Officer’s sister-in-law?”

As he spoke, the policeman sized up Ou Shiman and Ou Xuyan. The meaning of his mockery was too obvious.

At this moment, another policeman walked over. “Little girl, why don’t you just say that your brother-in-law is a special forces soldier? He will seem to be even more handsome this way.”

## Chapter 1531: Pig's Brain

"Yes, yes, yes," Ou Shiman was reminded of her brother-in-law's identity and nodded like a bobblehead. "My brother-in-law is indeed a special forces soldier, and my brother-in-law is even..."

"Is even the King of Special Forces, Major General Lu? Major General Lu is the idol of the entire police station!" A policeman said in admiration.

Oh my God, Ou Shiman almost jumped out of joy. She opened her big, watery, and cute eyes wide. "How do you know that my brother-in-law is Lu Fan? Yes, Lu fan is my brother-in-law!"

"Haha." The police officers looked at each other and pushed Ou Xuyan, Ou Shiman, and Xu Yunkai into the car. "Let's go. I give you a ladder, and you're really climbing up, huh? If your brother-in-law is Lu Fan, I'll write my name in reverse."

It was the first time in Ou Shiman's life that she was in a police car. She completely understood what it was like for a scholar to encounter an uncultured soldier, being unable to make the other party understand her explanation. "Uncle, you said you would write your name in reverse, then you should at least tell me what your name is, right?"

"Dai Laozhu," said the policeman.

Pfft...

Ou Shiman smiled unkindly. The name reversed would be Zhu Laodai, which meant a pig's brain!

At this moment, Ou Xuyan kicked Ou Shiman. "Shiman, be quiet. Today's matter is all your fault."

"What are you afraid of, sis? Come on, call brother-in-law and ask him to save us!"

Ou Xuyan rolled her eyes at her. She didn't want to make the phone call. Firstly, she wasn't familiar with Lu Fan, truly and really. Secondly, when she left, Lu Fan was still training in the field. She had heard that he would be busy until midnight, and she was too embarrassed to make the phone call.

Ou Xuyan turned her head to look at Xu Yunkai. Xu Yunkai was sitting quietly in the corner. He was wearing a white t-shirt and a pair of jeans that had faded due to repeated washing. It seemed that his family wasn't well off.

Ou Shiman went to a famous school, and the students were mostly children of rich families. Every year, there would be a few top-notch students that came from not-so-well-off families who would fight for the limited quota to enter the school. However, it was very rare for anyone to succeed, unless it was someone with exceptional results. It seemed that this Xu Yunkai was one of them.

He looked handsome and refined. He did not talk much and was very quiet. However, Ou Xuyan saw that his back was straight as he sat. He seemed to be a boy with a strong sense of self-esteem.

Ou Xuyan secretly sized him up. Her sister liked him, but he did not seem to care about her.

...

At the police station.

The police interrogated the hooligans. In addition to Ou Shiman's strong accusation, the hooligans were all locked up and were going to undergo lessons to remould their wrong ideologies.

Next, the police interrogated the three of them.

Ou Shiman shouted of her innocence, "Mr. police, we really did not do anything wrong. It was those hooligans who wanted to beat us up. Please let us go, okay?"

"How about this, Uncle pig brain, oh no, Uncle Dai, let's make a deal. You let us go and I'll get an autograph from my brother-in-law for you later, okay? I promise it's a limited edition." Ou Shiman blinked her cute big eyes.

"You better behave yourself!" Dai Laozhu shouted fiercely.

Ou Shiman was frightened and she shut her mouth.

"Mr. police," At this time, Xu Yunkai started speaking, "When can we leave? My mother is alone at home. She's blind. If I don't go back at night, she will definitely wait for me outside the door. I'm worried that she might encounter some danger."

Dai Laozhu glanced at Xu Yunkai and said earnestly, "You seem like a filial child. Since you know that your mother will care about you, you shouldn't have fought with others."

"They hit me first, then only I fought back. I was defending myself."

### **Chapter 1532: I'll Give You Lu Fan's Autograph**

"Even so, we can't release you immediately. We need to go through the procedures tomorrow," said Dai Laozhu.

Xu Yunkai lowered his eyelid and his long eyelashes cast a shadow on his face, making him seem desolate.

Ou Shiman felt very sorry. It was all her fault for implicating him. "Sister, just call brother-in-law. I beg you, okay?"

Seeing Xu Yunkai like this, Ou Xuyan was also wavering. She thought for a moment, then said, "Mr. police, can you return my phone to me? I want to make a call."

"Who are you going to call?"

"My... Hubby."

"Oh?" Dai Laozhu smiled. "You're calling Major General Lu? Very well, I'll give you a chance. I'll be waiting to meet Major General Lu."

The few police officers laughed loudly.

Ou Xuyan didn't say anything.

Taking the phone in her hand, Ou Xuyan found Lu Fan's number with reluctance. She really did not want to trouble him, but Xu Yunkai was also innocent, plus he had a blind mother at home...

He was the Senior Officer of the Military District. As long as he spoke to these police officers on the phone, they would let them go.

Ou Xuyan dialed the number.

The phone was picked up in two seconds. Lu Fan's impatient and displeased low voice was heard, "Ugly girl, where did you go? I didn't see you when I came back at night. I'm very busy now, don't cause me any trouble!"

Ou Xuyan was at a loss for words.

He had already said something like this, what else could she say?

"Are you mute? Say something!" Lu Fan was roaring in anger from the other side.

"Haha, how is it? Major General Lu won't come to pick the lot of you up, right? Little girl, your lies are about to blow up." At this moment, Dai Laozhu mocked them mercilessly.

His voice was heard by Lu Fan on the other end of the phone. His voice tightened, "Ou Xuyan, who's talking? Which man are you with in the middle of the night?"

"I..."

"Oh my God, brother-in-law," Ou Shiman quickly snatched the phone away. "Brother-in-law, come quickly. Sister and I have been locked up in the police station. They won't let us go."

The busy tone sounded, the other party had hung up.

Hearing the busy tone, Ou Shiman was speechless

"Sister, brother-in-law hung up on me. He won't leave us be, right?" Ou Shiman looked at Ou Xuyan.

Ou Xuyan shrugged. It was probably very likely to be the case.

"What? Major General Lu isn't coming? That's too bad. Tonight, the three of you can only spend the night here. Xiao Cheng, go and arrange a cell for the three of them. Lock them up."

"Yes." Xiao Cheng got up and left.

Dai Laozhu packed the documents and was about to leave when Ou Xuyan said, "Mr. police, please wait a moment!"

"What's the matter?"

Ou Xuyan nodded. "Yes, I have a request. Could you send someone to Xu Yunkai's home to inform his mother not to wait up? Just tell her that he has a lot of homework and will be staying at school tonight."

"This..." Dai Laozhu thought about it.

"Mr. police, it's your responsibility to serve the people. Besides, you know very well whether we have done anything wrong or not, right? How about this, if you agree to this request, I'll... I'll really give you Lu Fan's autograph."

It shouldn't be too difficult to get his autograph. When the time came, she could tell a lie and get his autograph to give it to Dai Laozhu. Ou Xuyan planned in her heart.

Dai Laozhu thought about it for a moment. He would not lose out on this deal. Although he did not believe that this lady was Major General Lu's wife and that the other girl was Major General Lu's sister-in-law or anything like that, Xu Yunkai indeed did need the help.

### **Chapter 1533: They Have Surrounded Us with Guns**

Xu Yunkai nodded and looked at Ou Shiman.

Ou Shiman quickly revealed a sweet smile, but Xu Yunkai did not give a reaction at all, he simply looked away with an indifferent expression.

Ou Shiman was speechless.

...

Half an hour later, Xiao Cheng returned to where they currently were. "The cells have been arranged. The three of you, follow me."

Ou Xuyan, Ou Shiman, and Xu Yunkai stood up.

At this moment, someone rushed in. "Not good, something big has happened!"

"What's wrong? Calm down! It can't be that there are people who would dare to cause trouble in the police station, right? Tell me slowly!" Dai Laozhu was old and experienced, thus he was very calm in the face of the sudden event.

"Boss, there are two military jeeps outside. A group of Special Forces soldiers came out of the jeeps and surrounded our place with guns in their hands!"

"What?"

At this moment, with a bang, the door to the hall was kicked open. Then, a tall and straight figure appeared. It was Lu Fan.

He was wearing a military uniform with a belt around his waist and military boots on his feet. Although his appearance was very rough, he was full of righteousness and awe-inspiring, seemingly like the King of Hell, and could not be ignored.

Ou Xuyan was shocked. Why... was he here?

“Brother-in-law? It’s really you, this is great! Brother-in-law, you’re finally here. If you didn’t come, sister and I would have had to spend the night here!”

Lu Fan frowned as he looked at Ou Xuyan and Ou Shiman. He then turned his gaze towards Dai Laozhu, his gaze as sharp as an eagle’s. “Were you the one who brought them here?”

Dai Laozhu and the police officers were stunned. There was a poster of Lu Fan on their wall. Now that the real person was standing in front of them as if he had fallen from the sky, it was like a dream.

Lu fan moved his thin lips and looked at Ou Xuyan. “Did you not tell them your identity?”

“She did!” Ou Shiman quickly interrupted. She told a white lie while feigning innocence, “Sister did say that she is the wife of the Senior Officer and I am the Senior Officer’s sister-in-law, but these people didn’t believe us. That’s why my sister called you, brother-in-law!”

Ou Xuyan kept quiet.

Lu Fan’s expression had obviously eased up a lot. “What are you still standing there for? Go back home!”

“Oh, okay. Sister, Xu Yunkai, let’s go.”

Ou Xuyan followed behind Lu fan. She secretly lifted her eyes to look at his back. He was really tall, and he had an unruly aura that was telling of his status as the king of the Special Forces. Now, the entire police hall was quiet, eerily so. The police officers were in a daze as they stared at him.

Lu Fan should be the pride of the military now. Ou Xuyan still remembered his terrible doings when he burned her hair when they were young. She didn’t expect him to have changed so much.

“Wait a minute.” Ou Xuyan suddenly remembered something.

Lu Fan stopped and turned to look at her. “What’s wrong now?”

Speaking of this, Ou Xuyan was a little embarrassed. She whispered, “Can you give me an autograph?”

Lu Fan immediately frowned.

This was a deal between her and Dai Laozhu. She was an honest person who kept her promises, so it was a given she would not forget this matter. However, the expression of the man beside her was already dark.

Ou Xuyan stretched out two slender fingers and pinched his sleeve. Then, she tugged at it. “Hey, just give me an autograph, pretty please? Sign your name here.”

Ou Xuyan pointed at the big poster on the wall. It was him on the poster.

Her voice was very soft at the moment. It was probably because she was begging for him to help, which explained why she was willing to lower her stance and speak to him softly. Lu Fan was a man who could be persuaded by reason but not cowed by force, on top of that, he was straight. He raised his eyebrows.

“Here’s a pen. Hurry up and sign one for me.” Ou Xuyan tugged at his sleeve and pulled him over.

#### **Chapter 1534: Brother-in-law, You’re too Cool**

Lu Fan took the pen and signed his name “LU FAN” in bold on the poster!

Ou Shiman was very happy. “Hey, pig brain, we gave you the autograph. Don’t say that we’re lying this time!”

After saying this, the group left.

When their figures could no longer be seen, Dai Laozhu and the police officers rushed up to the poster. They reached out and touched the signature on the poster. “Oh my God, this signature is real. We actually saw Major General Lu in person.”

“So those two are really the wife and the sister-in-law of the Major General. We are the ones who we were unable to recognize their splendor.”

“Master, I think you have to change your name... In the future, you will be called... Pig brain...”

“Haha, I will be called pig brain from now on. If word gets out, I can say this name was given to me by the Major General’s sister-in-law. Tomorrow, we will hang this poster in the middle of the hall and show it off to the police officers of the other districts. We have Major General Lu’s autograph, do they? Hahaha.”

...

In the military jeep, Lu Fan asked, “Where do you want to go?”

Ou Shiman looked at Xu Yunkai and quickly replied, “Brother-in-law, please send my classmate home first!”

“Alright, the address?”

Xu Yunkai told him his address.

Fifteen minutes later, the jeep stopped and Xu Yunkai got out.

“Xu Yunkai, wait for me!” Ou Shiman also wanted to get out of the car.

“Shiman, stop it!” Ou Xuyan quickly grabbed Ou Shiman.

Ou Shiman looked at Xu Yunkai. He did not wait for her at all. Instead, he quickly walked to a brick single-story house. At the door stood a middle-aged woman. Her eyes were empty as she turned her head around, and she looked very anxious.

“Mom.” Xu Yunkai quickly ran forward and held his mother’s arm.

Xu’s mother revealed a kind smile. “Yunkai, why did you come back so late? I’ve been waiting for you for a long time. I was worried that something had happened to you.”

“Mom, I’m fine. I was busy at school today, so I came back late. Next time if I’m late, don’t wait. It’s cold standing here, you’ll catch a cold.”

“Mom won’t catch a cold. Don’t worry, I’ll take care of myself.”

“Okay, Mom, let’s go inside.”

The mother and son entered the house.

Ou Shiman looked at their backs and felt an inexplicable sense of disappointment and sadness. She sat down and her head drooped.

“Shiman, let’s send you back to school.” At this moment, Ou Xuyan patted her head.

“Sis, it’s too late now. The school gate has long been closed. How about I follow you back to the army for a night?”

Ou Xuyan immediately looked at Lu Fan who was in the driver’s seat because the army was his territory.

“Brother-in-law, can I follow you guys back to the army? Don’t worry, I’m very aware of my identity as a third wheel, I won’t disturb you guys.”

Lu Fan nodded. “Okay.”

...

The jeeps stopped on the army grounds. When the Special Forces soldiers came down, Ou Shiman realized how many people Lu Fan had brought. She couldn’t help but sigh, “Wow, brother-in-law, you brought so many people. It was so cool of you to drive the jeep directly to the police station and get us out!”

“That’s right. Our boss was anxious that something would happen to his wife! Sister-in-law, if anyone dares to bully you again, we will defend you immediately with our guns!” Pu Tao said with a simple and honest smile.

Ou Xuyan blushed in the face of these simple and cute soldiers. She was very touched and there were ripples in her heart.

All girls liked soldiers. Especially since they were in such a sacred place like the army, it was easy to become passionate.

“Alright, all of you go back and rest well. Get up early tomorrow.”

“Yes, Boss!”

## Chapter 1535: Egg Fried Rice

Before he left, Pu Tao thought of something else. He returned to Ou Xuyan's side and smiled, "Sister-in-law, Boss has been busy until now. When he came back, he realized that you were gone and immediately went to save you. Boss hasn't eaten yet, so sister-in-law, please cook something as a reward to Boss."

Ou Xuyan looked at Lu Fan. He hasn't... eaten dinner yet?

"Alright, I got it." She nodded.

.....

The three of them entered the military quarters together. Ou Shiman looked around and gave a pertinent evaluation, "Hm, this place is very spacious, but it's also quite small. It seems to only have one room."

Lu Fan entered his room. He was covered in dust and wanted to take a shower. At this time, Ou Xuyan walked in. She asked with an awkward expression, "Hey, Lu Fan, I heard that you haven't eaten dinner yet. Are you... Hungry?"

Lu fan turned his head to look at her as if he was looking at an idiot. "Of course. If you didn't eat dinner, would you be hungry?"

All of Ou Xuyan's gratitude was blown away with the words that were like a strong gust of cold wind. She furrowed her brows and snorted. "Why didn't you eat at the base? Can the base starve you?"

"Well, why did you call me? I was going to eat dinner!"

Ou Xuyan was at a loss for words.

Lu Fan unbuttoned his shirt. Seeing that the woman was still there, he raised his eyebrows and asked, "Why? Do you want to take a bath together?"

Take a bath together?

Ou Xuyan almost choked on her saliva. She couldn't help but imagine the scene of her taking off her clothes and taking a bath together with him...

Oh good lord, what was she thinking?

Ou Xuyan quickly shook her head and shook off all those images.

"Go out! Make me dinner!"

"What?" Ou Xuyan's eyes widened in shock. "But, I don't know how to..."

"Didn't you say last time that you know how to cook egg-fried rice?"

He still heard the conversation between her and Lu Ning. Yes, she did know how to cook, but she didn't want to cook for him because his attitude was too bad!

"I don't want to..."

Before she could finish her words, Lu Fan didn't even care to listen and directly entered the bathroom.

Ou Xuyan was speechless.

...

Ou Xuyan left the room, and Ou Shiman immediately trotted forward. She flirtatiously pushed Ou Xuyan's slender arm. "Sister, did you do intimate things with brother-in-law just now? I'm very obedient, see? I didn't disturb the two of you at all!"

"Shiman, what is going on in that mind of yours? You're only still a student!"

"Sis, I'm 20 years old this year, okay?"

"In my eyes, you're still a child," Ou Xuyan said as she walked into the kitchen.

"Sis, what are you making for brother-in-law?"

"Egg fried rice."

"That's good, that's good. Sis, make me a bowl too. I'm hungry too. The egg-fried rice that sis makes is the best!" Ou Shiman said sweetly.

Ou Xuyan had no choice but to cook two portions of egg-fried rice obediently.

Just as Lu Fan came out of the shower, Ou Shiman came out of the kitchen. "Brother-in-law, you came at the right time. The egg-fried rice that sis prepared for you is done. Hehe, I also got a bowl, thanks to brother-in-law."

Lu Fan quite liked his sister-in-law. "Okay." He nodded. "Then let's eat together."

"Thank you, Chief Officer!"

Ou Xuyan brought two bowls of egg-fried rice to the dining table. Lu Fan's bowl was a little bigger and filled to the brim while Ou Shiman had a smaller bowl. There was also another bowl that was filled with seaweed soup. A few minutes later, the two of them finished the egg-fried rice and soup, and there was not a single grain of rice left.

Ou Shiman patted her round stomach. "Sister, your egg-fried rice is getting more and more delicious. Coupled with your love for brother-in-law, it's so fragrant. I want to eat it again in the future!"

### **Chapter 1536: You're too Young to Be in Love**

"You're so smooth-tongued." Ou Xuyan looked at Ou Shiman with a helpless yet doting look. Then, she took the bowls and walked into the kitchen.

After her sister left, Ou Shiman looked at her brother-in-law who was sitting opposite her. Then, she blinked her eyes cutely. "Brother-in-law, how are the three of us going to sleep tonight? I see that you only have one room here."

Lu Fan glanced at her and said calmly, "How do you want to sleep?"

Ou Shiman immediately raised her hands to show her loyalty and goodwill. "Brother-in-law, I'll sleep on the sofa alone. You sleep with my sister."

"What are you guys talking about?" Ou Xuyan finished washing the dishes and came out of the kitchen.

"Sister," Ou Shiman ran over and hugged Ou Xuyan's slender arm. "We're discussing the sleeping arrangements tonight."

Sleeping arrangements?

Ou Xuyan didn't even think about it. "I'll sleep with you, and your brother-in-law will sleep on the sofa."

"Sis, I know you love me, but how can you let brother-in-law sleep on the sofa? I'll sleep on the sofa, and sis you should sleep in the room with brother-in-law. I'm already 20 years old, and I know whatever I need to now. If you guys stay make it quieter, I'll pretend that I can't hear anything outside. Hehe."

"Quiet?" Ou Xuyan raised her hand and patted Ou Shiman's head. "Shiman, what in the world are you thinking about all day?"

Ou Shiman rubbed her head. "Brother-in-law, save me. Sister is using violence against me!"

Ou Xuyan was speechless

"Sis, don't keep treating me like a child. You and brother-in-law just got married, your relationship should be filled with passion. How can I be your third wheel at a time like this, right, brother-in-law?" Ou Shiman looked at her brother-in-law in a flattering manner. She wasn't joking in her efforts to flatter her brother-in-law now. That was because she would need her brother-in-law to help her out in the future.

Lu Fan got up. He looked at the sisters and said, "You two sleep in the room, and I'll sleep on the sofa."

"Brother-in-law, that's not good, right?"

"Just sleep."

Lu fan carried a thin blanket out of the room and lay down on the sofa. Seeing Lu Fan's two legs overshooting the length of the sofa, Ou Shiman exclaimed, "Brother-in-law is so cool."

...

In the room, the two sisters took a shower and then went to bed.

“Shiman, what’s the relationship between Xu Yunkai and you? It was so late, why weren’t you sleeping in the school dormitory and was out and about instead? You’d better give me a reasonable explanation.”

“Sis, didn’t I tell you already? Xu Yunkai is my classmate. I like him and want to pursue him, so after school, I followed him. I didn’t expect a group of hooligans to suddenly run out! This can’t do, when I get back to school tomorrow, I must find out exactly which guy is plotting against Xu Yunkai. I will not forgive him.”

Many boys in school liked Ou Shiman, and most of them were rich or noble. However, Ou Shiman fell in love at first sight with Xu Yunkai, and this made many of her pursuers jealous, which was why they bribed the hooligans to cause trouble for Xu Yunkai. However, they did not expect Ou Shiman to follow Xu Yunkai.

“Shiman, you are still a student. How can you be in a relationship? I will definitely tell daddy and mommy when I go back.”

“Oh my God, sis, what era are we in? I’m 20 years old, how can being in a relationship at 20 still be considered too early and young? I can be considered to be a late-bloomer at this point, okay? Sure, go tell daddy and mommy, you’ve been together with big brother Ading since a young age too.”

“We’re different.”

“How is it different? Aren’t they all love?”

This question stumped Ou Xuyan. She thought for a moment and then answered, “The Ou family is inextricably linked to the green sect. Big brother ding and I were childhood sweethearts. We were very innocent when we are together, unlike you.”

### **Chapter 1537: Brother-in-law’s Stamina is Off the Charts, Right?**

Ou Shiman quickly laid on her stomach and looked at Ou Xuyan in a gossipy manner. “Sis, tell me what’s different. Didn’t you guys hug and kiss and then pounce on each other?”

Ou Xuyan’s little face instantly turned red. “Shiman, don’t talk nonsense. I’ve only... held hands with big brother Ading.”

“Oh my God,” Ou Shiman exclaimed. “I really can’t imagine that the two of you have never done anything within all these years that you were together with big brother Ading.”

Ou Xuyan rolled her eyes at her, “What can we do? The Green Sect has been under a lot of pressure these past few years, Big brother Ading has been under a lot of pressure. We were moving forward together and our goal was to get the Green Sect back on track. Apart from that, we would also spar with each other in martial arts. Big brother Ading treats me well, he even often cooks for me.”

Ou Shiman was speechless.

She was sure that the relationship between her sister and Ading was definitely not romantically based!

“Sis, big brother Ading is already history. How are things with brother-in-law now? I’ll tell you that I like him very much.”

Lu Fan?

Lu Fan's handsome and unruly face appeared in Ou Xuyan's mind. She subconsciously pouted her red lips and asked, "What do you like about him?"

"Wow sis, you're amazing because you've asked the most crucial point. Why do I like brother-in-law? Because my brother-in-law is handsome, cool, manly, and treats me well. In short, I'm afraid that I won't be able to finish talking about his merits in one night. His only shortcoming is that he doesn't have any flaws."

Ou Xuyan was speechless.

Ou Shiman was practically Lu Fan's number one hardcore fan, even though Ou Xuyan herself didn't know how this happened.

"Sister," Ou Shiman blinked ambiguously and then asked in a low voice, "What happens between you and brother-in-law at night? Is brother-in-law's stamina off the charts?"

"Shiman, why are you asking such... shameless questions?"

"Sis, what do you mean by shameless? Why are you so feudal and conservative? It's like there's a generation gap between us! People say that soldiers don't say much but they do a lot. Not only do they have a high sex drive, but they also have abnormal stamina. Sis, do your legs go weak when you get out of bed every morning?"

Ou Xuyan was at a loss for words.

She hugged the quilt and turned around, then closed her eyes to sleep.

"Sis why aren't you talking to me? Sis, your ears and neck are red. Don't pretend to be asleep. I know this question of mine has caused you to have butterflies in your stomach, right?"

Ou Xuyan felt like her whole body was on fire because the topic Shiman had started was too explicit.

She and Lu Fan did not have a sex life at all, and she would never have sex with him either!

It wasn't like she liked him!

Ou Xuyan suddenly remembered back then in the Maldives, when they were rescuing the children, her lips had accidentally brushed against his. At that time... she didn't seem to have any repulsive emotions. The fragrance on him was very nice, and he didn't smell of sweat. There was only a fresh smell like pine, and his lips... were cold and soft...

What was she thinking?

Ou Xuyan wished she could slap herself. Was she reminiscing about that kiss with Lu Fan?

That was her first kiss. When she was with big brother Ading, they had only ever held each other's hands before.

People said that women would remember all their firsts, so to a large extent, women could not forget their first love and first man. Lu Fan was her first kiss, was this why she could not forget?

Ou Xuyan decided to stop thinking about these unfruitful questions. She decided to sleep.

Ou Shiman was still nagging by her side. Seeing that her sister was really asleep, she felt bored, so she closed her eyes and went to sleep as well.

..

#### Chapter 1538: Mrs. Lu, Aren't You Going to Wash Your Clothes

The next morning, Ou Shiman walked out of the house and took a breath of fresh air. From afar, she could distinctly hear the loud and clear chants of the soldiers. One, two, three, four...

Ou Shiman walked further ahead and raised her eyes to look ahead. In the hazy fog, she could see a group of soldiers carrying bags on their backs as they ran their morning laps. At the side, there was a tall and straight figure supervising them.

"Sister, sister, come and take a look. It's brother-in-law."

Ou Xuyan heard her voice and walked out. "Shiman, why are you shouting so early in the morning?"

"Sister, it's brother-in-law. Brother-in-law is leading his troops out for exercise. He looks so cool."

Ou Xuyan followed her gaze and looked over. It was indeed Lu Fan. His strong body and physique were very eye-catching even among the entire army. He was leading his troops.

"Mrs. Lu, these are the recruits that just came in. Senior Officer Lu is their leader." At this moment, a lady walked out from the room next to them and explained with a smile.

Ou Xuyan turned her head. This lady was the wife of Company Commander Hai, her neighbor and a warm-hearted person.

"Mrs. Hai, thank you." Ou Xuyan thanked her.

Mrs. Hai was holding a basin in her hand. In the basin were the dirty clothes that she and her husband had changed out of yesterday. She stood by the sink and washed the clothes. As she washed, she smiled, "Mrs. Lu, there's no need to be so courteous. Senior Officer Lu is the idol of the entire military district. Everyone idolizes him, let alone the new recruits. Many people are here for Senior Office Lu. Even my hubby will not stop talking about him every night he comes back to the point I'm almost jealous of Senior Chief Lu when I heard his name. Also, it's not just the male soldiers who like Senior Officer Lu. The

female soldiers have their eyes on Senior Officer Lu as well. Before Senior Officer Lu got married, all the division commanders wanted to ask him to be their son-in-law. Mrs. Lu, don't think that Senior Officer Lu usually doesn't care about trifles, he has high standards. I've been here for so long, but I haven't seen him look at any of the female soldiers. It seems that he's not interested in women. But now Senior Officer Lu is married. The news has caused the entire military region to be in an uproar. Today, the moment I saw Mrs. Lu, I finally understood why Senior Officer Lu doesn't even look at those female soldiers. It would be great if those female soldiers could be even half as beautiful as Mrs. Lu," Mrs. Hai continued saying as if her mouth had been wiped with honey.

Ou Xuyan listened with doubt. He never looked at women in the army?

She really couldn't tell how high his standards were. She felt that his marriage was quite a joke. He said that he would marry her, so he did, and he even said that he would make her fall in love with him.

"That's for sure. Although my brother-in-law looks wild, he's very infatuated with my sister. My brother-in-law has liked my sister for many years, and it wasn't easy for him to win her over." Ou Shiman proudly straightened her back, the morning sun bathed her small face. "Now that my sister is here, let's see which female soldier dares to look at my brother-in-law again. My brother-in-law belongs to my sister alone!"

Ou Xuyan was speechless

Mrs. Hai was laughing so hard that she couldn't close her mouth. "Mrs. Lu, your sister is really too cute. How old is she? Does she have a boyfriend? There are a lot of good men in the army..."

With these words, Ou Shiman knew that Mrs. Hai was attempting to be a matchmaker. She said immediately, "I have a boyfriend."

"That's too bad." Mrs. Hai shook her head. At this moment, she suddenly looked at Ou Xuyan. "By the way, Mrs. Lu, why are you just standing there? Don't you need to wash the clothes?"

Wash the clothes?

These three words shocked Ou Xuyan.

"Yeah, wash the clothes.. Mrs. Lu, don't you need to wash the clothes that Senior Officer Lu and you changed out of last night?"

Chapter 1539: Bleeding

Ou Xuyan was at a loss for words.

She stood where she was and was in a pinch. She didn't want to wash Lu Fan's clothes, but it didn't seem nice if she didn't.

"Of course she will wash her husband's clothes. Sis, come on, go and get brother-in-law's dirty clothes from his room," As she spoke, Ou Shiman looked at Mrs. Hai. "My sister is a very good wife, she even made egg-fried rice for my brother-in-law last night for dinner!"

“Yes, yes. Senior Officer Lu has high standards, his wife must be very virtuous.”

...

Ou Xuyan stood by the sink. She turned on the tap and fill the washing basin with water. Next to her were the dirty clothes of the three of them.

It went without saying that she would wash her clothes Shiman’s, but Lu Fan’s...

Ou Xuyan stole a glance at Lu Fan’s military uniform and... His underpants.

Ou Xuyan then glanced at Mrs. Hai and found that Mrs. Hai was also looking at her, her gaze read “what are you waiting for, hurry up and wash it”.

...

Ou Xuyan’s long eyelashes fluttered as she blinked. Under the watchful eye of Mrs. Hai, she took a deep breath and prepared herself. With this, she picked up Lu Fan’s underpants and threw them into the basin.

She would wash his underpants first, there was nothing wrong with that.

Ou Xuyan used some laundry detergent to scrub his underpants. It was her first time coming into contact with a man’s underpants, and she didn’t need to ask to know what the huge empty department in the front of men’s underpants was for. After all, men had... had... A different bodily structure as women.

After scrubbing the underpants clean, Ou Xuyan threw his military shirt and pants into the basin and washed them up as well. Then, she changed the water in the basin into clean water, wanting to rinse the detergent off.

“Sis, let me wash the detergent off while you scrub the other clothes. It will be faster if we work together.” Ou Shiman walked over and wanted to take Lu Fan’s clothes.

“Hey, Shiman,” Ou Xuyan quickly stopped her. Before Ou Shiman could take Lu Fan’s clothes, she threw his clothes into the basin and started rinsing them. “I’ll do it myself.”

After saying this, Ou Xuyan’s delicate little face flushed red, as if she had applied rouge.

“Sis, why are you blushing? You’re a little suspicious.” Ou Shiman asked in confusion.

“Haha, Shiman.” Mrs. Hai smiled as she said, “You’re not married yet, so it’s not appropriate for you to wash men’s clothes. Besides, those are your brother-in-law’s clothes. You should avoid getting too close.”

“What? Sis, is that what you think?”

“1..”

“Senior Officer Lu, you’re back.” Mrs. Hai’s voice sounded again.

Ou Xuyan and Ou Shiman looked up and saw that Lu Fan had indeed returned. He looked tall and handsome in his military camouflage uniform. He had left early in the morning, and there seemed to be a trace of dew and frost on his shoulders, which made him even more charming.

He nodded to Mrs. Hai as a greeting and then looked at Ou Xuyan. “What are you doing?”

“Reporting to brother-in-law, sis is washing your clothes!” Ou Shiman answered before Ou Xuyan could say anything. “I wanted to help sister just now, but sis won’t let me touch brother-in-law’s clothes. Brother-in-law, don’t you think my sister is very stingy?”

Hearing this, Lu Fan looked at the basin in Ou Xuyan’s hands. The clothes in the were indeed his.

She was helping him wash his clothes?

Lu Fan’s handsome and strong features suddenly became gentle. He raised his eyebrows and looked at Ou Xuyan.

Ou Xuyan wished she could find a hole to hide in. It was said that three women were enough to make a show, and she felt that she was the very reluctant main character of the show today.

It was so embarrassing. It was her first time washing clothes for a man, and the person she was washing the clothes for even caught her in the act.

Out of embarrassment, Ou Xuyan turned around to pick up the basin, wanting to leave.

However, the basin was made of iron, and it was relatively old. When her delicate fingers touched the edges of the basin, her fingertips were immediately pricked by the old metal basin.

“Hiss.” Ou Xuyan frowned.. She looked down and saw that she was bleeding.

Chapter 1540: Brother-in-law, You Must Win My Sister’s Heart

“Sis, what’s wrong?”

“1...”

Just then, the pine-like fresh scent of the man came close in an instant, and before she realized it, her hand was already in the man’s hand. He reprimanded her, “Why are you so careless?”

The next second, he put her finger into his mouth.

“Ah,” Ou Shiman called out excitedly, “Brother-in-law, you’re showing too much affection!”

Ou Xuyan was speechless towards her sister.

At this moment, her fingers were in his mouth. He even sucked on them twice, which made the tingling feeling on her fingertips instantly spread throughout her entire body, making her legs go weak.

“Stop...” she tried to pull her fingers back.

However, Lu Fan did not let go. He furrowed his brows, “What do you mean stop? This basin is rusty, we have to get the blood out! Later, I’ll get someone to throw away all the old things in the house and buy new ones.”

Ou Xuyan stole a glance at Lu Fan. The two of them were standing very close to each other. The male hormones he was emitting were so strong that it almost made her dizzy. For some reason, she felt her heart beat faster.

“Senior Officer Lu, do you have to be so protective of your wife? Why are you angry with a basin of water?” Mrs. Hai laughed as she said.

Ou Xuyan wished she could be an ostrich at this moment.

...

After the clothes were cleaned, Ou Shiman had to go back to school.

“Sis, you don’t have to send me. I’ll call a taxi once I get off military grounds and I’ll be at school in no time.”

“No, I want to see you back in school with my own eyes.”

“Sis, look at my eyes. I’m about to cry. You’re so good to me.”

“I’m afraid you’ll skip class, that’s why I’m keeping an eye on you.”

Ou Shiman was speechless.

Listening to the sisters bickering, Lu Fan walked forward with his long legs. He waved the car keys in his hand and said, “Let’s go. I’ll send you to school.”

“Brother-in-law, I’ve confirmed one thing. You’re really my dearest brother-in-law, definitely the dearest.”

Ou Xuyan pulled on Ou Shiman’s arm, then looked at Lu Fan. “Aren’t you very busy? It’s alright for me to send Shiman back to school alone.”

“It’s okay, I’m not busy. Let’s go.”

“Sis, let’s go!” Ou Shiman dragged Ou Xuyan and followed behind the man.

....

The green jeep stopped outside the school gate. Ou Xuyan and Ou Shiman got out of the jeep, and Ou Shiman said, “Sis, I want some cotton candy. Please get one for me?”

“You should eat less sugar...”

“I know, sis. Go, go, go.” Ou Shiman pushed Ou Xuyan away.

Ou Xuyan had no choice but to go buy cotton candy.

Lu Fan sat in the driver’s seat with one hand on the steering wheel. He watched Ou Xuyan cross the road safely, then turned his gaze to Ou Shiman. “Shiman, do you have something to say to me?”

“Yes, brother-in-law is so smart.” Ou Shiman pressed her body against the car window and looked at her brother-in-law with admiration. “Brother-in-law, you have to work harder to get my sister as soon as possible.”

Lu Fan raised his eyebrows but did not say anything.

“Brother-in-law, you must know that my sister and Ading have been childhood sweethearts for many years, and they were already at the stage where they were talking about marriage and the sort...”

Upon hearing the name Ading, Lu fan pursed his thin lips.

“Brother-in-law, my sister is a very traditional person. She and Ading were together for so many years, and it was also about time for them to get married, so as of now, she probably won’t be able to release herself from those kinds of thoughts for a while. But brother-in-law, my sister and Ading were very innocent during their time together. They only ever held hands and did nothing else.”

They only held hands?

Lu Fan had never thought about how far Ou Xuyan and Ading had progressed in their relationship. When he went looking for her with a longing heart after many hardships, she was already in the Green Sect, staying together with Ading.. They were probably not sleeping in the same room, but everyone in the Green Sect knew that she was the soon-to-be young madam of the Sect.
