

Chapter 1521 - Promotion to next round

The audience was exclaimed, and the overwhelming discussion sounded.

“Don’t Fenghua Xueyue take the initiative to be beaten? Why did he run to sneak attack first?”

“Yeah, the assassin of Shen En’s assassination attack behind the neck, with a high probability of triggering a 37-fold kill. It may kill Lu Yang once. This is not an initiative to be beaten. This is a secret calculation.

“Why did Lu Yang release his skills in advance, did they preview them?”

“It’s not like, it’s not like, just hit it normally, why bother hitting it like this, it’s too conscious, it doesn’t seem like a good discussion.”

“Did Fenghua Xueyue just want to kill Lu Yang?”

...

The players fry, and the comments in the live broadcast room also fry. Du Bin secretly applauded Ma Feng and asked: “I can’t think of Fenghua Xueyue’s use of arrogance, but Lu Yang was not fooled. It was an accident. How did you see Ma Feng? “

Ma Feng excitedly adjusted the perspective he saw, and fixed it on the picture in which Feng Huaxueyue lowered his head’s eyes and said harshly, “Look, how can anyone show this kind of look when they admit defeat? It is clear that there is a need to play tricks. “

The picture zoomed in, and Fenghua Xueyue's wicked expression was instantly seen by hundreds of millions of people at the same time.

"I can't believe how Lu Yang offended him, even showing such an expression." Hitomi said in amazement.

Dubin said: "Fortunately, Lu Yang was not fooled, but how he saw through it was too surprised. I have to ask the audience friends for the audience."

The light flashed, and Dubin appeared in the middle of the battlefield. He motioned for them to approach him.

Fenghua Xueyue was feeling depressed at this moment. He didn't know how Lu Yang saw him. He only told Alice about the incident, not even his closest vice chairman.

He stared at Luyang Yang and walked to Du Bin. Lu Yang's face was always smiling, and he could not see any problems.

Du Bin first looked at Fenghuaxueyue and asked excitedly: "Is it your strategy just now? Weak before the battle, and launch a sneak attack during the battle."

Fenghua Xueyue knew that this matter could no longer be concealed, and showed a humble smile, saying: "After all, it is a 200 million euro bonus. I am really a little emotional. Therefore, I used a little trick and could not be seen by President Lu Yang. , Just, I don't know how he did it. "

Du Bin looked at Lu Yang with excitement and said, "Chairman Lu Yang, this is also a question I want to ask all the viewers watching the live broadcast. How do you see it? This is weird and incredible.

Lu Yang smiled and said, "Eyes, Fenghuaxueyue's eyes told me."

Dubin was surprised and shook his head. "His eyes are very humble, and you never see a hint of hostility."

Lu Yang shook his head and said, "Share a practical secret with all players. Before each battle, I will tell myself that I can defeat him. He is just a weak poor worm in front of me. I can kill it at any time. He, this is what I have in mind, so my eyes will become fierce. On the battlefield, I will use this kind of eyes to oppress the opponent and make the other person fear. "

Dubin blinked and said, "But in the last two sessions, your eyes are very peaceful."

Lu Yang smiled and said, "That's because as I grow older and improve my strength, as well as my current cultivation, I can hide this look very well, but this does not mean that my inner thoughts are not in the same way, I will use this idea to look at the eyes of others. After fighting for four years, I have seen all kinds of eyes. Some people respect me, some people are afraid of me, some people are not humble, and some people hate me, I just need to look at him to know what he thinks of me. "

Dubin looked at Fenghua Xueyue and said, "I still don't quite understand. He can't see any hostility in his eyes."

Lu Yang smiled even more, and said, "What is this place? This is the place to decide who can take a step closer to 200 million Euros. Here, the look of my eyes is fierce, it must be to defeat me, and look My eyes are not humble, but I also want to defeat me. Fenghua Xueyue just looked at me with humility. In fact, it was equal to a humble attitude. I thought at a glance that he wanted to attack me, especially when he started to bow to me. How can I get there. "

This eye theory was not summarized by him, but was written in the autobiography of Mike Tyson, one of the greatest boxing champions of the last century. It is a summary of his boxing experience. Lu Yang was most impressed with these words. , Eyes, determine the other party's thoughts, you do not need to guess, just look at his eyes to know.

Dubin nodded clearly and said, "I can't think of your understanding of people's hearts so well, admire. Please prepare for the second game. I believe the second game will be more exciting."

Lu Yang looked at Fenghua Xueyue and said, "Of course I will make him die better."

The audience was exclaimed, and then cheered loudly. Just after Du Bin returned to the live broadcast room, Hitomi said excitedly: "Just now, hundreds of millions of people suddenly entered the live broadcast room."

Dubin exclaimed: "It turns out that Lu Yang has no weaknesses. No one can defeat him, no one can defeat him."

Neff and the eight siblings watched each other watching the live broadcast.

"Hehe, a guy who wakes up at 6 am in the morning to exercise for 4 hours, the ghost believes that he has a weakness." Karim muttered.

Neve admired, "He is the **** of this game, none of them."

If Nef had previously respected Lu Yang for his boss and his subordinates, now they are respecting and fearing Lu Yang from the bottom of his heart. Such a self-disciplined and self-tortured person is afraid and admired .

On the field.

Lu Yang stood at the prescribed point and looked at Fenghua Xueyue, who was also in the same position, and his expression was full of sneer.

Fenghua Xueyue swears that he has never experienced such coercion in his life. This kind of sneer is infinitely amplified in his heart, as if a devil he can't see and can't hit is sneering at him, giving his body a kind of Stiff feeling.

Dubin shook his head and said, "Fenghuaxueyue lost."

System prompt: match starts

On the court, Lu Yang suddenly turned into a white light and disappeared in situ. Fenghua Xueyue quickly searched in horror, but did not find the position of Lu Yang. When he was frightened, there was a harsh blasting sound in the sky. At the same time, , The audience exclaimed.

“Heaven ~!”

Fenghua Xueyue looked up sharply, but was seeing a dazzling red gold fire meteor descending from the sky, only 10 meters away from him.

“Meteorite Falls”

Lu Yang was hiding behind the meteorite. He calmly clasped his hands on his shoulders and stepped on the meteorite. He told the meteorite to fall down.

“boom”

Fenghua Xueyue was too late to escape and was hit by a fire meteor. Five million blood was thus destroyed and stunned for 2 seconds.

“badge”

Fenghua Xueyue dare to be controlled for 2 seconds. After unlocking the control, he quickly ran to the side and at the same time he wanted to activate the lifting control skills to prevent being stunned by Lu Yang.

In this game, he thought of Lu Yang’s attack on him, but he saw it all around but did not expect that Lu Yang was attacking from heaven. This mistake made him extremely passive.

“Don’t let me find a chance, I will certainly make Alice happy.” Feng Huaxueyue thought to herself.

“Flame Shock”

Fenghua Xueyue's badge just emerged from the light to release the control. Before he could start the defense and control skills, he was just stunned by Lu Yang's flame impact.

"Destroy Heavy Artillery"

Lu Yang pointed his right hand forward, and a light shot out. At the same time, Lu Yang threw out the escape dagger and appeared in front of Feng Huaxue Yue, with a heavy punch in his left hand on his belly.

"The Sun Fist"

Fenghua Xueyue fiercely flew out did not wait to land, destroying the cannon followed by hitting his body, Fenghua Xueyue fell to the ground and died!

System prompt: Lu Yang wins the game and successfully advances to the next round by 2-0!

Lu Yang looked at the disappearing Fenghua Xueyue, waved his hands at the players around, and returned to the private room, where Tu Feng and White Lion were watching the battle.

"Boss, do you want to clean up the Chang'an Gang and this snowy moon?" Bitter Ai asked angrily.

Lu Yang shook his head and said, "We are not stingy. Tu Feng sent a message. It is not a matter of competition. Iron Blood Brothers players must not be difficult to help Chang'an."

"Yes." Tu Feng immediately drafted the order.

"It's lucky to have a good luck," said the bitter love for a long time.

"How are you?" Lu Yang asked.

"My opponents are very strong this year, and I almost lost the last game."

The White Lion said, "So do we."

Lu Yang watched the expressions of his brothers a little bit lost, and said with a smile: "Normally, you are more in the management of players, and you can't compete with the full-time professional players. This game has more talents than you do Talents are more than you work hard, don't care about achievement, it's not easy for a person to win first place in a lifetime. "

The White Lion and others nodded.

Chapter 1522 - Crack the plot

Tu Feng bowed down and said, "Boss, Alice's people are getting more and more active."

Lu Yang nodded and said: "Don't worry, Alice will definitely order Fenghua Xueyue to apologize to me desperately. You tell him that this has never happened before, and she has publicized it like this."

He believes that Fenghua Xueyue and Alice had figured out the next solution before doing this. After all, it was just a personal battle. It was still a 200 million Euro game. It was greedy and some tricks were normal.

Now Lu Yang is worried that Alice may use this incident to order the gangster-level players in the rebellion to take revenge with his hand and make the gangster brothers and his reputation intolerable. Don't underestimate. With four words, it can cause a great deal of damage to one of the strongest guilds, and also allow other affiliated guilds to consider the pros and cons of continuing to follow the Iron Brotherhood, and their position on the battlefield in the future.

He stepped aside and called Tian Feng: "Pay close attention to the movement of the traitor. Any player above the regiment level dare to threaten or take revenge, tell me immediately."

“Yes,” Tian Feng said.

Lu Yang hung up the phone and returned to his seat to watch the game as if nothing had happened.

On the other hand, in the special space of Alice, as Lu Yang had guessed, Alice and Fenghua Xueyue did discuss a set of methods. On the one hand, Fenghua Xueyue sincerely apologized to Lu Yang and the Iron Blood Brothers Alliance. On the other hand, Alice ordered to be He rebelled against the regiment-level players and led people to declare war on the Chang’an Gang.

Alice said proudly holding her wine glass: “At that time, Lu Yang and the Brotherhood of Iron and Blood were notorious. When fighting, the affiliated guilds would not be so vigorous.”

Fenghua Xueyue nodded and said, “I’ll do it now, but unfortunately, no sneak attack was successful.”

Alice smiled indifferently and said, “Everyone has different strengths. Don’t care so much. Go for it.”

Fenghua Xueyue nodded, and the light disappeared. The white devil showed up, sitting beside Alice, holding her waist, and said, “It’s hard to face these people every day.”

Alice proudly said, “They are just stupid people. I poke my fingers and lay down under my skirt, which is pitiful.”

...

On the forum, Fenghua Xueyue quickly made an apology, but what he didn’t expect was that as soon as his apology came out, Tu Feng’s letter of forgiveness was announced on the forum, and all iron brother brother players were informed. To avenge anyone who dares to find trouble, deduct points, and expel the guild.

One of the group players who was defeated by Alice was responsible for participating in the incident. It happened that Tian Feng was in the possession of that group player. That night, at night, when Lu Yang and most of the Iron Brothers players were asleep, This player has acted.

In a small village next to the Chiyang Fortress.

Hundreds of players under the hatred opponent of Snow Dance Kuangsha said: "Fenghua Xueyue is too jerk, even dare to attack the president like that in the arena, we must take revenge."

The deputy head immediately reported to the devil organization. The members immediately reported to Tian Feng, and Tian Feng slept in the game. He immediately woke up and called the vice chairman Bai Hu, who was on duty at night.

"I'll be here." Bai Hu took hundreds of people to the small village, just right, and met the snow dancing mad sand ready to go out.

"Vice-President, how are you here?" Xuewu Kuangsha asked with a flustered expression on his face.

Bai Hu sneered and asked, "Where are you going?"

"I, me." Xuewu Kuangsha didn't know what to say.

Bai Hu grunted, and said angrily, "Talk."

Snow Dance Kuangsha knew that his intentions were betrayed by his subordinates, but for hundreds of people, he didn't know who it was. Now what he needs to think about is how to get out of this predicament, and quickly argued: "I want to avenge my boss and find Chang'an Help trouble. "

Bai Hu stared at Xuewu Kuangsha for more than ten seconds until he looked at the other party and said, "From now on, your leader will be dismissed, and the deputy leader will take over as the leader. You choose whether to leave the guild or I fire you out of the guild. "

"Why, what?" Xuewu Kuangsha looked at Bai Hu with disbelief and said, "How can you do this? I was appointed by President Xia Yuwei, not yours, I disagree."

Bai Hu sneered and said, "I have the right to dismiss the commander of the army, not to mention that you, the commander, immediately disappeared from my eyes. The deputy commander immediately became the commander, obtained a formal contract, and dismissed everyone. Now. "

The deputy head nodded, and immediately ordered the dissolution. The hundreds of people who were organized immediately ran away, for fear of staying here and being followed by White Tiger. Soon, only Snow Dance Kuangsha remained alone, leaving him in embarrassment. Watching Bai Hu and the hundreds of players around him.

"President Bai Hu, I'm kind, you can't do this to me." Xuewu Kuangsha was dumbfounded, the Iron Brotherhood now fired him, and he won't be reused when he returns to Alice, he It's a waste.

Bai Hu said, "If you are not convinced, you will find Xia Yuwei tomorrow, and everyone will return."

Hundreds of people took out the scrolls to go back to the city. As Bai Hu left, only Snow Dance Kuangsha was in a daze. After waiting for a while, he reacted, and quickly went to a place where no one was, and panicked the phone. He called Alice and said, "Alice, I failed. Someone under my betrayal betrayed me. Bai Hu stopped me before I went out. I am now dismissed. What should I do?"

Alice was waiting for the news of Snow Dance Kuangsha. Originally, she wanted to hear that the Iron Brotherhood players were too angry to engage in conspiracy The news of attacking Chang'an to help the night, but did not expect to hear It's news that Xuewu Kuangsha failed.

"Who sold you, how could this be?" Alice was furious.

Snow Dance Kuangsha, who knows who betrayed it, guessed: "It may be the vice president, I care about it, forget that he has no contract, I have a contract."

"Waste, hide yourself, don't expose it again. When the battle is over, I will make you the commander of the army and command 10,000." Alice scolded.

"Thank you Alice, thank you, thank you very much." Snow Dance said hurriedly.

With a slap, Xuewusha heard that the phone was hung up, he sighed, put away the phone and used the scroll to fly away, but what he didn't know was that after he left, a thief appeared behind him, Turning off the video function and leaving with a sneer on his face.

Early the next morning.

After entering the game after training, Lu Yang received Tian Feng's report and video. He nodded with satisfaction and said, "Good job."

Tian Feng said slightly, "I will continue to spread my monitoring network and recruit more students."

Lu Yang nodded with a smile. He is now more and more satisfied. With Tian Feng, most of the internal problems have been solved. Otherwise, the news he sees today is the malicious revenge of Chang'an by the Jagged Brothers Alliance. Then he was passive.

Chapter 1523 - Goddess Master-Wei An

Tian Feng said: "No accident, Alice would not dare to act lightly, otherwise he would be dismissed as the leader of your counter-insurgency, for fear that he would not be fired until the day of the war."

Lu Yang laughed, Tian Feng guessed right, Alice was scorned by people like Sanyou Weimen and Radviève for a while because of the wind and snow, and even Olma thought that Alice was impulsive. Now, this is the message that Xue Yiming sent to him.

For this reason, Xue Yiming had to accompany Alice all night, while listening to her complaining, while enjoying the physical pleasure. He was now tired of back pain, and he asked for a salary increase.

The White Lion called and said, "Boss, there is a special master in the arena. Would you like to come and see?"

Lu Yang asked: "What kind of master."

The white lion felt his nosebleed was a bit overwhelming, and said, "Excellent, you'll know when you come."

Lu Yang was curious and asked Tian Feng to do things. He teleported to the private room and just landed. He saw the three brothers of the Bai family, Tianyao and Liangyun gathering at the edge of the arena without his girlfriend. The scene of the game.

Not far behind them were unhappy expressions of girls such as Xia Yuwei and Qing Qian Zimeng, but they were also watching the game.

Seeing Lu Yang coming, the white wolf reluctantly turned his head, swallowed and said to Lu Yang, "Boss, come and look, I feel my heart is coming out."

Several other people ignored Lu Yang, and his eyes were all in the playing field. Lu Yang looked at the field with a smile, looking at it, and Lu Yang couldn't help laughing. He knew the reasons for the excitement of these boys, not to blame them. Changing into a boy who is about to grow into an adult can't stand such a woman.

In the arena.

A woman who does not lose Alice's appearance, wears a pale pink low-cut coat, revealing her perfect figure on the upper body, and a symmetrical heart-shaped opening on her chest, exposing a large area of snow-white.

The upper body alone is so stunning, and the lower body is even more tempting. His lower body is only wearing a hip skirt, which can only wrap her thigh roots and tightly show the figure below her.

What excites the audience the most is her snow-white long legs, slender and soft, as if toffee. Even her shoes are special. They are also pink, and the long rope replaces the heel. In her There were three laps around the calf.

This woman is standing on the field. To a man, it is like toffee to a child. No one can refuse, but such a woman who should be elegant and calm appears in the arena. The Thunder Master is even more crazy.

The main thing is that this woman is relaxed!

On the court.

The second battle is about to begin. The elegant woman is fighting a handsome man, who is looking at the woman in depression at this moment.

The woman looked at the handsome boy's face on the opposite European boy's face, **** deep in her right hand, a little on her delicate red lips, gave a kiss to the boy, and said in a sigh of breath: "Handsome guy, you need to check on others. "

The boy collapsed and didn't know how to answer the call. At this time, the system prompted that the battle had begun, but at this moment, the woman's eyes suddenly became sharp and turned into a thunder light before the boy.

The boy was startled and just swept up his long sword, but the girl showed a conspiracy smile. A thunderbolt in his right hand penetrated into the boy's body. Within 0.5 seconds of paralyzing him, her two long legs completed one. Fantastically flipped forward and back, jumping to the boy's head.

The flawless legs of a woman are just clamped around the boy's neck. She wears a tight-fitting hip skirt, and the boy can see the color inside as soon as he looks up.

The woman seemed to not care about it at all. She twisted and twisted the boy and fell to the ground. She played the officially determined classic combat style and twisted her body.

After the woman fell to the ground, she flipped forward and saw the scenery inside her skirt with sharp eyes. The exclamation of the audience was dazzling.

"Thunder Knife"

The woman continuously fired thunder knives against the boy who just got up. Each of the knives had a paralysis time of 0.5 seconds and a knockback effect. The boy was hit by eight thunder knives before

exiting the woman's attack range, but did not wait. He put his skills on, and the woman suddenly showed a thunder light in her right hand, and snorted at the boy.

"Rage Skills-Thunderfury Fist"

The woman hit with a punch and just hit the boy. The poor boy was beaten. This set of skills was hit, two-thirds of his blood was gone, and he was hit backwards and fell.

The boy thought he could have a chance to fight back. As long as he landed, he could attack, but before he landed, another snoring came.

"Ray Light Diamond"

The audience watched in stun as the woman jumped forward, spinning rapidly in the air, like an electric drill, thunder light appeared from the front of both feet, and shot towards the boy who was about to land.

At this time, no one cares about the boy. The focus of all men's attention is how the woman's legs can be so perfect, but the next moment, the audience's reaction was crazy, the audience cheered and screamed, because the woman actually squatted down Kick out.

Lu Yang believes that at this time, all men will adjust the camera to the position of the woman, so when a woman uses a round kick, the underside of such a woman wearing a tight-fitting hip skirt is completely exposed.

The woman didn't care, and then her legs were forward, supported by her right hand, her legs were pinched by the boy's head, and she twisted again to fall the boy to the ground.

Woman got up, eight consecutive Ray knife, followed by a mine anger boxing skills wroth, boy blood trough is empty, the end of the game, women win.

"Perfect ah."

“White.”

“Pretty ah, so that Shaa.”

...

Lu Yang knocked on the window sill between packages, said: “all wake up, do not look at this woman, and she was careful to eat you.”

White Lion, who recovered, have to look at Lu Yang.

“Boss, this woman so what’s the problem?” White Wolf asked.

Lu Yang smiled and said: “She’s all the information I have, the game’s name is Wei, in reality, also known as the name of Wei, Italy and Japan mixed race girl, originally a professional model, age, 28 years old, Italy have had some names, like to play games. “

“Boss, you should also like this, I’ll tell blue feathers.” Xia Yuwei anxious.

Lu Yang laugh and said: “Hear me out.”

“You say Xiayu Wei said, not willing.

Lu Yang said with a smile: “This is not simple ah Wei, she single-handedly created the organization name is Wei grass, but also to inquire about the intelligence-based, though she did not have a boyfriend, but people treat things in that regard and Alice par, you do not mess with her ah, do not touch her, you not afford. “

White Lion, Tian Yao, and others looked sorry.

“It makes people feel itchy.” Bai Lang said reluctantly.

Lu Yang went on to say: "Have you noticed that this woman is a master, even if I face her, I might lose a little carelessly."

"Can't do it." Tian Yao didn't believe it.

Lu Yang said: "Recall the way she attacked just now. Do you think I would have a chance to fight back if I was hit by his spin and cross?"

White Lion and others thought for a while, and then they were surprised to find that the woman's attack had no loophole at all, and the reaction speed was so fast.

"It's really a master." Tian Yao said.

Lu Yang said: "This woman also came for the championship, and I suspect she is a master launched by some or some forces. First of all, her dress is a big problem. Looking at the dress suit, but actually He can kill his opponent with two sets of moves. This man is equipped with at least two legendary attack weapons and equipment of level 170. I do n't have any. Where did she come from? "

Chapter 1524 - One hundred and sixty gold equipment

The 170-level legendary weapon needs to kill the 170-level superior lord, and the 170-level superior lord is in a blank area in the copy. There is no way for Lu Yang to use infinitely large strokes to kill.

Wei An was able to get two 170-level legendary weapons, which must have been helped by her or a studio that worked closely with her.

If Lu Yang didn't guess wrong, Wei An's attack method was gloves, and the appearance did not show up because of her fashion coat.

People like White Lion and Zhuojiu immediately understood the reasons for this, and felt that they were incredible, and they also reflected that they had underestimated the contestants.

"Should we temporarily suspend the work in hand and fight the legendary weapons?" Bai Lang asked.

Lu Yang shook his head and said, "For the time being, the 170-level superior lord needs a great deal of cooperation to kill the past. You do n't have that energy. Besides, even for the superior lord, the explosion rate is only 0.2%. Weapons, with almost 20 days left, are hard to hit. "

Everyone's expressions were dark. Recently they have been too busy. Not only must they quickly upgrade their ranks, but also bring them to play equipment. Here, they also have to compete in competitions. Everyone gets burned. The key is that they are worried. Zhou Tianming's question.

"Well, my battle is over, I'll go back and lead the team." The White Lion went.

Zhuo Jiu nodded and left Lu Yang. The remaining few people were still interested. They heard each other and left.

After a while, only Lu Yang was left in the private room. He shook his head with a smile and saw that these people had deliberately brought him over and wanted to distract him. Obviously, Zhou Tianming's affairs were getting worse. The bigger it was, there were already obvious fluctuations in the interior. The turbid wine and the white lion worked very hard, but they didn't tell him.

Lu Yang has been waiting. He is waiting for the opportunity to fight back, but this opportunity cannot be done with his existing money. Once he uses the existing money to do things, it is easy to be led by Sanyouweimen and Radvedev The president of the nine strongest guilds knew, or the spies who knew Alice had planted beside him did not know where.

A glimmer of light flashed in the private room, Tu Feng appeared beside Lu Yang, bowed and said, "The news of the official revision confirms that starting tomorrow, the blood transfer mode will change, and

every three-turn blood line will correspond to the second-turn certificate. The price of a rare second-round voucher has soared 10 times. Should we take a shot? “

Lu Yang smiled and said, “In two more days, I will raise the price of the rare second-transfer voucher to 30 times.”

The speculation for the second transfer of speculation was an opportunity set by Lu Yang two months ago. He knew that the government would change the current state of blood transfer.

The current transfer of blood is too casual. No matter what the second transfer certificate is, you can use the third transfer blood at will. It seems that the second transfer certificate is useless. It also seems that its own attribute points have little to do with blood.

This official change will officially confirm the transfer rules for each type of blood, not only making the three-turn blood line more valuable, but also the second-turn voucher.

Taking the Blood Remains of Warrior as an example, you must first possess the second-turn voucher of the Divine Warrior, and you must have 1000 strength points to transfer.

Self power attribute points are not counted as equipment additional attributes, and a level 100 player has only 600 points for his own attributes. It is easy to achieve the skill of additional attributes, but it is difficult to transfer the voucher.

Lu Yang ordered Tu Feng to buy all the rare second-round vouchers of the full server two months ago. In the 100-level era, a rare second-round voucher was up to 3 gold coins. Tu Feng only bought 5 silver coins when he bought two months ago. .

The official news of the official launch of the modification started today and has been spreading among the players. The official lùntán is all people who discuss this matter, almost no one knows, but many new players' second turn vouchers are arbitrary, this time suddenly The change made them panic in search of a rare second-turn bloodline.

Usually, this rare second-turn bloodline can be bought at any auction house, and they usually don't pay attention to it, but today, they found that they couldn't find it at all, and players had to buy it at high prices.

10 silver coins

20 silver coins

...

Even before 50 silver coins were sold, it was already 150 credit points. Tu Feng took the opportunity to raise the price and speculate. One gold coin was sold and a two-transfer certificate was sold to 300 credit points.

This is why I asked Lu Yang whether to sell it, but I did not expect that Lu Yang's ambitions were even greater. He would only sell 3 gold coins before accepting. This is 900 credit points.

However, Tu Feng believes that the price is as easy to sell as 900 yuan. He bowed and said, "I'll go to auction houses in Europe and the United States."

Lu Yang said, "Don't hurry, sell things this time, I don't want money, you use them to buy things."

"What to buy?" Tu Feng was a little surprised. Now the guild is in a desperate situation and is short of money. If the wages are cut off at the critical moment of the war, it will be difficult to have such a big war like last time. Countless players have contributed for free.

Lu Yang smiled coldly and said: "Unlimited purchase of Thunder Silver Bars, Demon Sea Core, Devil's Forest Killer Vine, Storm Scales, Imbued Runecloth, Shadow Essence, Skyline, Endorai Magic Cloth, Blood Ghost Eyes, Fel Hell Sulfur, Foxtail Flowers, and Essence of Terror. "

Tu Feng frowned, saying, "Some of these things are very common, and some I haven't heard of, I'm afraid the price is not cheap."

Lu Yang smiled and said, "This secret is only you and I know. I have n't told the third person, including Lan Yu, I do n't know. The things I want are the necessary materials for making 160-level gold equipment. With these, , I will be able to make 100-level gold-level equipment 100%. "

"Gold-level equipment at level 160." Tu Feng frowned, "What to do with this?"

Lu Yang smiled proudly and said, "Now the world's largest and strongest guilds are secretly using my method to improve their ranks, right?"

"Yes," Tu Feng said.

Lu Yang ordered Zhou Tianming to tell Sanyouweimen and Radvijeff and others how to improve his rank on the battlefield. Now major guilds are rapidly upgrading their ranks.

Lu Yang said: "It 's possible to upgrade the level, how can the equipment be played? The 160-level dark gold copy is not so easy to play, let alone them. I ca n't even equip most people with the 160 level. Now we have only about 2 million sets of dark gold equipment, and 8 million players, including India, South Korea and Spain and the Nine Star Alliance area, and nearly 10 million people have no level 160 dark gold equipment. "

Tu Feng nodded clearly and said, "Okay, I know how to do it."

Lu Yang watched Tu Feng leave and shook his head with a smile. In fact, Tu Feng still didn't understand because he didn't know that Zhou Tianming's rebellion was fake. In fact, with the help of Zhou Tianming this time, Lu Yang was able to cope with the three friends. Men and others attacked him, but his purpose this time was not only to repel the enemy, but also to force the G8 to appear in an area, forcing Galga to go to Steig.

Steiger alone cannot defeat Liu Jie. Only with the G8 of Gelga and the two of them merged together can Liu Jie's offensive be contained. This is the real purpose of Lu Yang.

He doesn't want Liu Jie to develop fast while here, and it will be more difficult for him to kill Liu Jie in the future. 20

Chapter 1525 - Blessed Island

As for where to find the 160-level gold drawings, he knew the place. After completing three games, he used the teleporting scroll to fly to the blessed fortress in India. He put on a flying carpet and went straight to the east of the blessed land. Fly out.

The Blessed Fortress is one of the four fortresses on the northeast corner of the New World. From here, eight hours further east, it is the sea.

However, the sea here is frozen, not seawater, but also land. If you walk along the ice surface for about two hours, you will encounter snowstorms, unless you have a compass on your body. The rest will be lost in the storm and will be attacked by monsters. Therefore, even if many Indian players reach level 170, there are almost no people here. This is the cleanest place.

Lu Yang flew over the ice. He also encountered a storm in the sky. The icy wind was mixed with countless ice particles to blur the original white world.

“Woo ~!”

A gust of wind engulfed Lu Yang with snow and wind. At this time, the visibility in front of Lu Yang was less than 2 meters, and all around were ice particles and strong wind.

Lu Yang took out the compass he had bought from his backpack and looked at the direction. He flew towards the east side. At the end of the ice mist, this was where he was going.

This ice mist has a very wide range. Lu Yang flew for two hours before flying out. As an ordinary person, he has doubted that his direction is correct, but Lu Yang clenched his teeth because he felt the surrounding temperature. In the change, not only ice particles, but also rain and lightning.

This is the evidence that we are about to step out of the ice fog range!

“Click ~!”

A thunderbolt struck his body in the sky, causing 20% health damage. A faint smile appeared on his face, and he took the potion from his backpack and quickly recovered.

The thunder and lightning in the sky can kill people, and finally broke out of the blizzard area. If he was stabbed to death by the thunder, he would be embarrassed.

Lu Yang watched the changes of the surrounding sky carefully. This is an area that cannot be avoided. Even in the sea, he will be attacked by lightning and there are monsters attacking from the water. He is already lucky. It is in the sky. There is only lightning. .

As for how to avoid lightning, it takes eyesight and luck. The surrounding lightning is emitted from the clouds. Only when you see the blue light flashing in that cloud, you will attack his location in the next second, so, His escape time was only 1 second.

It can also be regarded as a good place for exercise techniques, and it can let the eight fierce men practice them, Lu Yang thought to himself.

“Click”

A flash of lightning shot out from the dark clouds, but Lu Yang moved a half meter to the side first, and the lightning struck out.

Lu Yang continued to move forward, the further forward, the fewer ice particles, the more rain, and the more lightning. When he continued to fly forward for an hour, all the ice particles disappeared, and only the last piece in front of him required him to forcibly Breaking through the area is the thunderstorm.

At the center of this thundercloud storm is the island he was looking for, but anyone who wants to enter the center area must cross the ice storm in front of him and the thundercloud storm in front of him.

Lu Yang remembered that the range of this storm was a half-hour distance. He only had to break in, and the compass would fail after entering. At this time, he needed to lower the flight and determine the position by some protruding reefs on the water. This increased his problem of attacking by enemies in the sea.

He knows whether he can win this battle with his brothers and win the stability of the recent one or two years, depending on whether he can get in this time. Zhou Tianming is willing to go to Mexico for his life in this game city. Whatever it takes to enter this area.

Lu Yang gritted his teeth, quickly lowered his flying height, and reached a position 5 meters above the sea surface. In thundercloud storm, this was the maximum visibility. Here he could see the reefs exposed on the sea surface.

The compass in his hand was not good enough. Fortunately, when he flew over, it was fairly standard. He flew in a straight line, not too crooked, and soon he found the reef area in his memory.

In this complex reef area on the sea, there are more than a dozen extremely smooth stones. If you don't pay attention, they are not much different from other stones, but if you look closely, you will see that there is no moss on their surface.

Lu Yang flew forward along the dozen or so stones. Before he flew in for more than ten meters, a dark shadow suddenly appeared below the sea surface.

"Hello ~!"

With a loud roar, under the flying carpet of Lu Yang, a 5 meter long shark-like demon suddenly burst out of the sea and bit him towards him.

In time for Lu Yang's discovery, he quickly adjusted the position of the flying carpet and flew to the side, passing the devil shark's mouth full of teeth. Unfortunately, he did not escape the devil shark's tail-flicking attack and was killed by 800,000 health. .

"Click"

A flash of lightning hit Lu Yang in the sky, killing him nearly 2 million health. Fortunately, before Lu Yang filled up his blood, he could not afford to add blood, and quickly glanced around, avoiding four lightning and three consecutive. Only a demon shark had a chance to take medicine, and then he flew in quickly.

If it is an ordinary player, in the face of such a situation, it has collapsed and will not fly into it at all. It is so dangerous outside. Isn't it harder inside.

This is indeed the case. The more you fly in, the harder it is to enter this area, because the reward in the center of this area is too generous, so the official set up such a strong obstacle outside.

As a top-level master like Lu Yang, even if the conscious response is the first in the world, the top three masters in the world have no way to guarantee that they can break through, let alone others.

If there is an official video record at this time, players will definitely see a crazy scene. Among the dark clouds and strong winds, there is a player sitting on a flying carpet and avoiding various lightning attacks in the sky with an incredible reaction speed. , And the attack of creatures under the sea.

Some attacks he can hide, some can't hide, when it is safest, in a dense thunderbolt, he is like a small sparrow, how can he not get electricity, and the monsters under the sea can't hit him, but the most dangerous. At that time, numerous lightning strikes hit his body one by one, and monsters under the sea hit him again and again.

Lu Yang is like a flat boat in the sea. In the face of rough waves, the waves can be shot into the sea at any time and cannot float.

But Lu Yang was so hard-hearted. He held the potion in his left hand, controlled the flying carpet with his right hand, and looked at it in all directions. No matter how he was attacked, he could survive the crisis by taking medicine, and he was lucky to be in the thunderbolt. Take medicine and blood.

For a full half an hour, with a snoring sound, Lu Yang seemed to smash into the cotton. Suddenly, all the thunder and lightning in front of him disappeared, and there were no monsters under the sea, as if the heavens and the earth became extremely quiet. general.

A round of bright sunshine in the sky poured 10,000 points of golden light on his body. In front of him, it was a mirror-like sea surface. There were no waves, and countless islands were connected. Among these islands, one The biggest island is the destination of Luyang's trip.

System prompt: You have found the island of blessings!

Lu Yang quickly flew to the beach of the island. He felt a moment of coercion, and the flying carpet involuntarily retracted. He fell on the beach, which surprised him. He didn't expect to stop flying here.

There are many no-fly zones in the game, but most of them are in the 190- and 200-level areas. No-fly is here, but it was the first time.

He looked around, and after confirming that there were no monsters, he took the road and entered the island. Soon, behind a mountain, he found a village.

The system prompts: You found Shenyue Village!

Shenyue Village, in official history, this is a village formed by the remnants of alien planet gods left on this road.

In the strongest battle of the year, most of the alien planet gods were repelled, but when the alien planet gods were the strongest, there were forces in various parts of the new continent, on the one hand for the rule, and on the other hand for the back road , Shenyue Village is one of the roads left by them to prepare for returning to the planet in the future.

The village is small, and the entrance is a stone gate and a fence. This is a village built in a mountain stream. Therefore, a fence and a gate in front protect the village.

At the gate of the village were two guards wearing red and gold silk threads. They were about two meters tall and had two very exaggerated corners on their heads, just like male deer, but as thick as buffalo horns and bent forward.

The overall appearance and shape of the guards are very similar to humans, but their skin is blue, with thick mane, palms are claws, holding two crescent-shaped tips, and a long-handled weapon at the back, Covered with a robe underneath, only the footsteps of a cow's hoof were exposed.

Guard of the Divine Moon (Elite)

Level: 170

Qi and blood: 100000000/100000000

"Stranger, what are you going to do?" The guard on the left watched Lu Yang walk to the door and stepped forward to point the tip of the crescent-shaped weapon at him, his face full of vigilance.

Lu Yang quickly raised his hands. Now the guards have no hatred or friendliness to him. Whether he can enter the village depends on his language. A little carelessness will offend these guards and may be attacked Then he came in vain.

"Sorry, I'm an explorer and came here by accident." Lu Yang said with a smile.

"Explorer?" The guard on the left frowned at Landing Yang and asked, "You came in through the storm and ice fog outside? How is this possible?"

Lu Yang said, "That's how I came in. I was almost chopped to death by lightning. Fortunately, I have good luck. May I go inside and take a break? I want to buy some supplies."

The guard frowned and said, "Sorry, we also lack supplies here and cannot give you extra."

Lu Yang shrugged his shoulders and asked, "Do you have a recipe for cooking the beasts here? I'll do it myself, but without the recipe, I'm afraid of poisoning."

The guard on the left thought it out and said, "If you can help us hunt back ten demon ants, I will give you a recipe."

“Uh, okay.” Lu Yang was a bit sick. People here eat ants, but he remembers that this is the island. Because the island has limited resources, they have to eat not only the demonized big ants, but also the demonized. Each of the rats and the demonized cockroaches is very disgusting, but the formula is very powerful, especially the demonized ants, which can greatly increase the power, and the demonized cockroaches can greatly increase the magic resistance.

Lu Yang waited for a while, but didn't see a task reminder, indicating that he wanted to enter the entrance of the village, fearing that it would take some effort, he turned and walked into the dense forest, looking for ants.

Chapter 1526 - Steiger's temptation

The range of this island is very large, and the ants are not difficult to find. Lu Yang walked 5 minutes away from the village and saw a large red-brown ant, which was two meters high and extremely large.

Enchanted Ant (Elite)

Level: 170

Qi and blood: 30000000/30000000

The demonized ant seemed to be hunting for prey. When he searched for the left and right, he didn't find it. He came over to the landing sun. After entering the attack distance, the ants' eyes lightened, and the two pairs of mouthpieces swung to the landing sun.

“Nausea.” Lu Yang was chilling for a while, and a spell was in his mouth.

“Summon the Wild Ancients”

A flash of light flashed, and the 5 meter-high Xuangu Xeno appeared in front of Lu Yang, and the ant rushed to the front. The Xuangu Xuan raised two sickle arms and hacked, and the ant died instantly!

Lu Yang bypassed the wild ancient aliens and came to the ants. He chose to pick them up. The ants entered the space bag of Lu Yang. The ants are used to make ants, and they can be fried in oil. Well, of course, the taste is benevolent. The wise see wisdom.

He looked around and continued looking for ants. It didn't take long. Ten ants were killed by Lu Yang, but he didn't stop. He continued to kill more than two hundred ants. The soldiers at the door were very annoying. He did it more than once. In order for players to find ants, they need to find more than two hundred ants in order to open their reputation and enter the village.

Lu Yang returned to the entrance of the village, saw the guard, handed over 10 ants, and said, “Can these be all right?”

“Oh my God, you got 10 ants so easily.” The guard on the left took the ant's body excitedly, and then he said to Lu Yang: “Can you please do one thing? Help me find 50 more ants. “

“Okay.” Lu Yang took out 50 ant corpses from his backpack and said, “I just hit them. Can I go in?”

The guard on the left took the ant, and his face was greedy. He slyly looked at Lu Yang and said, “No, you need to help me reach 50 more ants.”

Lu Yang then took out 50 ant corpses from his backpack and asked, “Can I go in this time?”

The guard on the left took the ant for the third time, and his face was more greedy. He smiled and said to Lu Yang: “Not enough. Help me get 100 more ants.”

For ordinary people, it was too greedy to kill this guard early, but Lu Yang knew that the goods were like this, and then took out 100 ants from his backpack and said, “Can you go in now?”

The guard on the left took the ant, swung to the left, and made a respectful gesture, saying, "Welcome to Shenyue Village."

The system prompts: You open the reputation of Shenyue Village, now your reputation is friendly!

Lu Yang smiled and nodded to the left-hand guard, and walked into the village. Lu Yang had never been here before, but this time he found that it was so simple. There were only fifty or so houses in the village. Made of bluestone, the appearance is untidy, and there are few people in the village. There is an entrance on the mountain directly opposite the village. Many people in the village are walking inside, carrying many things in their hands.

He walked to the entrance of the mountain and looked inside. The mountain was in a hollow state, about 100 meters high. At the position about 200 meters into the mountain, there was a huge stone altar. In the middle of the altar, there was a height. 10 meters, a creature similar to the guard of Shenyue Village is sitting there, his body is flowing black blood out of the park, blood flowing into the altar but disappears quickly, and the creature sitting in the altar has been eating, as if If you don't eat for a moment, you will die.

Godmoon Leader-Bonn (Lord Level)

Level: 170

"Young man, I learned your deeds at the guard, thank you for your dedication to the village and me, and welcome you to our village." Bonn said to Lu Yang with an old voice.

Lu Yang approached Bonn, bowed and saluted, and said, "It is my glory to do my part for the village. Please allow me to take the liberty of asking you what happened to your body and what I can do. Is it? "

A black blood burst out from Bonn's body. He smiled painfully and said, "Of course, our village needs the support of new forces. Young man, I'm in trouble. Can you help me kill the demon ant spider? , I need to refine his toxins to treat my injury. "

Quest hint: Kill the demonized ant spider king and his people, get 500 copies of the demonized ant spider eyes and the corpse of the demon ant spider.

Lu Yang chose to accept the task and said, "Leave it to me."

Of all the current tasks, Lu Yang is the last thing he wants to do. He really hates creatures like ant spiders.

Demonized ant spider, looks like an ant, the first half is brown, the second half is black, the body is not large, only about one meter, but it looks more disgusting and disgusting.

Lu Yang had only killed once before, but was killed with the help of defense. If he came by himself, he would never kill this kind of thing, because the ant spider would jump and it was easy to jump. In front of you, stare at you with his disgusting mouthpiece and six eyes, and the person with poor psychological endurance will probably be ejected from the game at that instant, and the connection with the helmet will be interrupted.

This time, Lu Yang dared to come by himself, but also because of the ancient and alien species, he came to the area of demonized ant spiders. This is a special forest. Each tree is 50 to 60 meters high, the highest even reaching 100. The trunk is extremely thick, and in every two trees, there is an extremely huge spider web.

Demonized ant spiders are swarms of creatures. There are fifty or sixty ant spiders on a spider web, and one is attacked. It is likely to attract all the other ant spiders on the web, which is not a normal response.

Enchanted Ant Spider (Elite)

Level: 170

Qi and blood: 15000000/15000000

The demonized ant spider's blood is not high, but their attack power, defense power and magic resistance are very high. The distance they can jump is 50 meters. If they do n't pay attention, they may jump in front of them and be attacked by them. The mouthpiece bite.

Lu Yang hid in a safe place 80 meters away. He issued an order to the Xuangu Xenos, who were not afraid to demonize the ant spider. He jumped in front of the spider web, and two huge sickle arms waved up and down.

Demonized ant spiders are very fierce. Their attacks hit the ancients of Xuangu with high damage, and they also come with poisonous attacks.

Ten minutes later, the Xuangu xenotypes killed the 56 demonized ant spiders, and the amount of blood left by the Xuangu xenotypes was only 10%.

Lu Yang came to Xuangu Xuan, put on a healing ring to add blood to Xuangu Xuan, and picked up the eyes of the demonized ant spider on the ground. When the recovery was completed, he ordered Xuangu Xenos to attack the next ant spider web not far away.

It took him a little more than half a day to collect enough demonized ant spiders, and the forest was also on the spider web of the demonized ant spider king, which is an extremely huge spider web, and it can even be said that half of the forest was covered up.

Lu Yang needs to step on the spider web, first kill the demonized ant spider from the outside, and then go to the deepest place to find the ant spider king. This is a spider web similar to the copy, but more annoying than the copy. If only the ant spider king is killed, he will shake the spider web and summon all the ant spiders on the entire spider web. Therefore, Lu Yang now needs to kill the ant spiders around him.

When he was killing monsters here, on the other side, Steiger called and he frowned and asked Lu Yang: "How did your secrets leak out?"

Lu Yang frowned. He felt that something was wrong. Steiger shouldn't tell him this thing, and he could reveal the secret, for fear it was only Zhou Tianming. Steiger's remark clearly led him to talk about Zhou Tianming.

"What secret?" Lu Yang asked, pretending not to know.

“Don’t pretend to be with me.” Steige said sarcastically: “You told me the quick upgrade method, not only is used by your subordinates, but the other strongest guilds are using it, and now this secret is not considered It’s a secret. “

Lu Yang pretended to be surprised, and said, “How can this secret be leaked? I have been fine for months. Is it your leak?”

Steiger froze, he didn’t really think of it, but remembered seeing Zhou Tianming with Alice and others at the hotel, he shook his head and tentatively asked: “I suspect it is yours.”

If Lu Yang has a little hesitation or cover up, Steiger can immediately conclude that Zhou Tianming’s betrayal is false. If it is determined to be false, he will definitely slap Lu Yang fiercely and pay him a great price.

Lu Yang guessed Steiger’s thoughts in the first reaction, and he said immediately: “This is impossible. All my Assassins in the game city are closed in the game city. No cell phone can be carried on them, and they cannot be leaked. “

Steiger smiled smugly and asked, “If it’s not ordinary elite, but your senior?”

Lu Yang laughed and said, “Don’t tease me, what is my senior salary, how can they betray us for such a small profit, not to mention, it ’s okay for me to keep this secret for many months. Why? I told you that something went wrong later, I’m afraid it’s your problem. You should look carefully at the people around you, and don’t get a few people like Tolomi, then you can’t do Liu Jie. “

Steger snorted and said, “I do n’t need to teach me, I know how to check spies, but I tell you, your vice chairman Zhou Tianming has become a traitor. This is the secret that I tell you for free. You are kind. “

Lu Yang pretended to be surprised said: “What kind of human is you? It’s human, how can Zhou Tianming betray, what are you talking about?”

Steger snorted again, telling him and Sanyou Weimen and others that they were talking to Alice and Zhou Tianming at the hotel, and he proudly said, “Now believe it.”

Lu Yang was thinking about how to answer when Steiger said about this. If he made a mistake, Zhou Tianming must not go to Mexico. He now hates Steiger a bit. This **** is preparing to eat on both sides. Not only to extort himself, but also to take the opportunity to sell him to Alice, Sanyoumen and others. In this way, he will not only get two copies of the money, the key is that Lu Yang and Alice and others will fight for both losses.

Lu Yang could bear these results, but Steiger forgot one thing. If he did damage, and told Alice them when Zhou Tianming went to Mexico, Zhou Tianming would not be able to return.

“Oh, I do n’t believe what you said, I will check this. If you are true, not only do you give me a favor, I also owe you a favor, but if you lie to me, Staith Ge, I would rather join Liu Jie and destroy you. “Lu Yang’s words popped out of his teeth.

Steiger suddenly widened his eyes, and the cold sweat flowed down. He found that he did something wrong, but he insisted: “I hope you can do it. I am a German player. You want to destroy us. Without that strength, besides, don’t you know if you are investigating yourself? “

Lu Yang hung up the phone directly.

Chapter 1527 - Big Liar Bagley

Lu Yang was worried that he would continue to talk and there would be more flaws. He took a breath and for a long time, he did not encounter such a danger. Sure enough, fighting with people was the most troublesome thing. This matter He needed to think about it carefully. Now that Stege had tempted, so Alice’s temptation was near.

Lu Yang felt that he should thank Steige. If it wasn’t for him to test 20 days in advance, Lu Yang could not remember the matter. Alice would have to test it. If they waited until the last few days, or Zhou Tianming arrived in Mexico Try again, if one fails to cope, Zhou Tianming will certainly die.

He needs to think about what should be done now, while playing the monster, he thought, thinking about it all night, he took out the phone and called Zhou Tianming, saying, “I want to cut down your people.”

“What’s wrong?” Zhou Tianming was on duty tonight.

Lu Yang said something about Steige ’s tentative test and said, “I now need to gradually cut down your staff. From the outside, it doesn’t have anything to do with you, but actually the reduction is all your subtlety, or Transfer them to other vice presidents, or ask them to bring in new players. Just keep them from following you. You need to be mentally prepared. “

Zhou Tianming frowned and thought for a while, and said, “This method works, my subordinates are loyal to me, and they will come back with others. It can temporarily delay this problem. Strangely, Steiger doesn’t want to participate in this. How can you come here and stir up the water? “

Lu Yang sneered and said, “These **** want to stir the water of the new continent as much as possible. Look at it. There will be new troubles one after another. The last time we attacked us, the eight strongest guilds were temporary. The surrounding guilds did not participate. This time, I am afraid that several other forces will also participate, but we have not found it yet. I need to look it up and see if we can find anything. “

Zhou Tianming said, “Boss, don’t worry, I’m going to be mentally prepared this time, and I can accept any result.”

Lu Yang said, “While going, life-saving is the first. Black and White and Han Zhong have jointly sent someone to Mexico. I also need to do something. If you are busy, you still show dissatisfaction. Well, as for them with Alice, you said you didn’t know what was going on, and suddenly you cut your strength. “

Lu Yang could only suffer from dumb loss. Steiger would never admit that he told Lu Yang about it, which led Lu Yang to suspect Zhou Tianming. Lu Yang and Zhou Tianming could not tell Alice that they were. Steige can only mobilize personnel first. As for the consequences, the inside of the guild is already very troublesome. Outside the guild, it is even more troublesome. No one knows what kind of article Alice will make, or Zhou Tianming has any new ideas.

Lu Yang hung up the phone and saw that the ant spider king was in front of him. After restoring the blood of the arrogant alien, he ordered him to attack the ant spider king and then think about things.

The advantage of having the ancient ancient aliens is here. It is not necessary for him to kill the lord monster. As long as the lord is not 180 or higher, the ancient ancient aliens can be singled out.

During the fight here, a man appeared in Lu Yang's head. He felt that if this person joined, perhaps, this action by Zhou Tianming would ensure foolproofness. As for who this person is, he is A famous liar.

Bagley, one of the greatest scammers in the world, he was a rich man before, but unfortunately, this man went bankrupt during the economic crisis and suddenly changed from a celebrity to a beggar. He couldn't stand this Life, so he started cheating.

Because he had been a rich man before, he knew how to deal with people in high society. He also knew how to use their psychology to deceive people. After deceiving dozens of times in a row, he actually deceived tens of millions of dollars. Unfortunately, he later He was caught by the whistleblower and is now being held in an American prison.

Lu Yang remembered that in the last life, the scammer was released. Someone spent a lot of money to bail him out. Then he entered another bigger scam. After successfully deceiving people, he was killed. That The scam is worth hundreds of millions of dollars, and no one knows who is behind the scenes.

Lu Yang couldn't do anything about killing casually, but as long as Bagley was willing to help, he believed that this matter would be very easy to solve, and he wanted to try to convince the liar.

System prompt: You killed Ant Spider King!

Lu Yang looked up and saw that the ant spider king was dead. He went over and picked up a weapon to make a map.

Blacksmithing: Dark Devil Serrated Knife (Gold)

Level: 160

Description: This is a short knife used by thieves, a very good weapon!

Lu Yang gathered up the forged drawings and returned to Shenyue Village with the ant spider king's body. He gave the ant spider's eyeballs and the ant spider king's body to Bonn, saying, "My mission is complete."

Bonn saw the Ant King's corpse, he couldn't help talking to Lu Yang, swallowed it, and then put his eyeballs in his mouth.

Ten seconds later, the blood flowing out of Bonn's body was no longer black, but red. The painful expression on his face was much lessened, and he looked at Lu Yang and said, "Thank you adventurer, you saved my life."

A flash of light flashed, and Lu Yang's reputation in Shenyue Village became respect. At the same time, a 170-level dark gold ring was added to Lu Yang's backpack.

"This is what I should do," Lu Yang said.

Bonn said: "Can you help me kill the damned demonized rat king near the village, and if there is his body, my body will heal automatically."

Lu Yang said, "Of course."

He took the task, but did not do it. Instead, he built a sentry tower in place and flew back to Tianyu Shencheng to rest.

Lu Yang quit the game. It was already more than three in the morning. After sleeping, the next morning, he flew to Detroit, the United States, in black and white, found the prison, and saw Bagra in the prison.

This is a very handsome and handsome middle-aged man. He looks like a successful man. His face has a melancholic look and his hair is a little gray. See very noble.

"Why are you looking for me?" Bagley asked, staring at Lu Yang.

Lu Yang said: "I know your deeds, and I need you to do me a favor. If you want, I will pay you to leave here and let you regain tens of millions of assets."

Bagley showed a playful expression, looked at Lu Yang, and asked, "Why do I believe what you say? I'm afraid I will die?"

Lu Yang sneered and said, "I don't have the habit of killing people. I like to do win-win business with others, but I need the other party's absolute loyalty."

"Like the one around you," Bagley said defiantly, looking at black and white.

Black and white sneered, saying, "You are right, I am absolutely loyal to Mr. Lu Yang, because he gave me everything I wanted."

Bagley was a little surprised, and he was able to let his followers speak like this, proving that the person in front of him had some credibility. He asked suspiciously, "What do you want me to do for you?"

Lu Yang said: "I want you to help me protect a person, you have to mix into their group, become their guests, and then, when that friend of mine needs help, you save him."

Bagley scratched his head and said, "There is too little information, I don't know the specific content."

Lu Yang said: "You can choose, I'm willing to spend 10 million US dollars to bail you out, and then I will give you another 10 million US dollars to make you rich, but at the corresponding price, you should know that you have to pay a lot. I won't say it again, you choose, I will give you half an hour. "

He put on his helmet and returned to the game. The first game he played on an airplane. This is the second game. He devoted himself to the game. The enemy of the game is not difficult, allowing him to win easily. Already.

When he quit the game without waiting for him to speak, Bagley said, "I agree with your request. I am willing to serve you, but I have a request."

Lu Yang asked: "What is required?"

Bagley said with a smile: "I know who you are, you are the president of the Jagged Brotherhood and the most famous person in this era. I have only one request. After I have completed the mission you gave me, I want You keep me safe, let me enter your war studio to save your life, and you promise in front of your brother. "

He can see that Lu Yang respects black and white, not a simple command.

Lu Yang laughed and said: "Yes, this guarantee I can give you, I am not a killer, you can rest assured that this matter has come to a successful conclusion. If you are willing to retire, I will give you 10 million US dollars. I've been very comfortable. I don't want to walk in my life. "

Bagley smiled slyly and reached out his hand and said, "The deal, I like to do business with people like you, is always so happy."

Lu Yang shook hands with him and said: "You go back first, I'll go to bail, and you will soon leave here."

"Okay." Bagley stood up and left.

Black and White came out with Luyang and asked, puzzled: "Is this man really OK? I doubt his ability."

Lu Yang said with a smile: "This man is indeed dishonest. We need to do something to determine his loyalty. You do it. As for his ability, he is super-class in the liar."

Black and white shrugged his shoulders and said, "Okay, let me figure it out."

Lu Yang nodded, and he called out to Qi Yun and asked him to send him down to rescue the person. Soon, it took only three days and all the procedures were completed. Bagley came out of the prison.

Lu Yang picked him up and got into the car. While on the road, Bagley sighed and looked at the scenery outside and asked, "Say, my boss, what do I need to do?"

Lu Yang handed Bagley a top-of-the-line suit and expensive jewellery, saying, "In this business, go to Mexico, and my person will arrange you to enter Mexico's upper society. Your identity is an investment company. Boss, you have to approach Galga and ask him to trust you. Soon, Zhou Tianming will pretend to be a mutiny and enter Galga's surveillance area. You must protect him until he leaves. "

Bagley smiled said: "It's simple to lie, it's easy, money can be solved."

Lu Yang handed Bagley a glass of wine and said, "I wish us success."

Bagley drank and fainted. When he woke up, he was already a private hospital in the United States. He frowned and asked Lu Yang: "What does this mean?"

Lu Yang said: "A bit of security measures, I believe you can understand."

Bagley asked with an eyebrow: "What if I don't do what you say?"

Black and white said: "You will choke and become a pile of meat."

Bagley looked at the operation on the heart and nodded. "Well, I'll keep the **** safe, but when will this be removed?"

Lu Yang said, "You brought Zhou Tianming back."

"Okay, okay," Bagley said unpleasantly, "another boring task."

Chapter 1528 - Clever deception

Lu Yang didn't speak. The simple task, who would give him a ten million dollar bail and add a ten million dollar remuneration? The task is not too difficult.

Qi Yun appeared next to Lu Yang. He took out a stack of documents and handed it to Bagley, saying, "Sign it up. This is a billion-dollar investment company called Bao Wo. Of course, this is a shell company. Looking at billions of dollars, there is actually no penny in it, but you will have 10 million dollars in your personal bank account. "

Lu Yang went on to say: "This is the event fund for you, don't hesitate. Since it is a person with money, Romani Conti can drink it casually, and buy jewelry as long as you can complete my task."

"Wow." Bagley was a little surprised, and asked, "It's not my reward."

Lu Yang laughed and said, "Of course it doesn't count, it's just your activity funds, and the other 10 million US dollars remuneration is here. I believe my reputation is worth more than this 10 million US dollars, right?"

"Of course." Bagley didn't worry that Lu Yang would lie to him. How could one of the most famous people in the world harm him for 10 million dollars.

"Is there a quickest way to get in touch with Gerga?" Bagley asked.

Qi Yun said, "Gerga will attend a dinner hosted by a celebrity in two days. I will arrange you to go, and then I will rely on you."

"I try." Bagley raised an eyebrow.

Lu Yang said, "I wish you success."

That night, Lu Yang sent Bagley to the plane to Mexico. He himself returned to Donghai City by plane. When the next day, when Lu Yang arrived in Huaxia, it was still evening with a 13-hour time difference.

On the other side, Bagley traveled to the capital of Mexico and changed into a blue and black suit tailored by a tailor from Savile Street, London, England. The hair was designed in the most expensive barber shop in Mexico, and he immediately hired this The hair stylist became his personal designer.

Then Bagley found another luxurious five-star hotel, renting a presidential suite for \$ 8,000 a night. The room was a villa with three servants and a housekeeper.

Bagley ordered the housekeeper to rent a Rolls-Royce Phantom, and when all this was arranged, he stood in front of the glass and looked at his looks, blond hair, elegant face, confident and deep eyes, charming Smile.

“Ve

ygood! “Bagley took two tap dances in place, clapping his hands, and said,” My dear housekeeper, are you ready for the trip? ” “

“Of course, the driver is downstairs, please come with me.” The steward was busy with everything for Bagley, because Bagley gave him \$ 10,000 of consumption, so he was still a rich man, See you for the first time.

“Okay.” Bagley raised his head gracefully, guided by the steward standing beside him, and as he came downstairs, he sat in the rented Rolls-Royce Phantom.

“Hilton Hotel, don’t go faster than 50, be elegant,” Bagley said.

“Observe, sir.” The driver geared up and moved forward.

The housekeeper watched the car go away, nodded with emotion, and said, “Nobleman, at first glance, it is a big aristocracy, even I can not lead the way in the front, specially taught me to walk with the owner’s side, it must be a big nobleman.”

If Bagley heard the words of the housekeeper, he would have a smirk smile. These noble interests were learned from his wife when he was rich. At that time, he was so proud of it that he made a lot of money and married a French Following her, Bagley learned the complete etiquette of nobles. After ten years of immersion, he completely faded out the appearance of a civilian upstart, which is a nobleman.

If it wasn't for the financial crisis, maybe he could continue the life of the aristocracy. Unfortunately, when the financial crisis came, he was bankrupt, his wife was also making trouble to leave, and several girlfriends also mocked him as poor.

In order to keep his wife and several girlfriends, he deceived and cheated him into spending money for his wife and girlfriends, but in the end, he was arrested by the police.

After thinking about it for so long in the prison, he decided to change his life. Perhaps, it is a good choice to follow Luyangyang. Let's start with this scam.

"Sir, we're here," the driver said back.

Bagley turned his head elegantly, the main entrance of the Hilton Hotel had arrived, and the red carpet at the door reached his door. He said, "Open the door for me."

"Good sir." The driver got out of the car, took the confident step to the rear door, opened it, and said, "You please."

Bagley always held his head up, got out of the car elegantly, and someone with a manager-like appearance immediately came up and said excitedly, "You are Mr. Bagley. I'm so lucky to welcome you to join us this time Dinner, please come in. "

"You?" Bagley turned and looked at the manager with a scornful look.

"I am the deputy general manager of this hotel. My name is Wallace." The deputy general manager said with a smile.

Bagley nodded with satisfaction, this status is okay as a welcome, he said: "Let people lead the way."

"Okay." Wallace looked back at a waitress beside him. "Bring the count to the upper floor, you must take good care of it and you can't go wrong."

“Yes.” The waitress stared at Bagley with a bright stare, and approached with a charming smile. “Mr. Count, I’ll show you the way.”

Bagley also showed a charming smile and bowed slightly: “It’s my pleasure to have such a beautiful lady lead the way for me.”

The deputy general manager and the waitress were excited. Such a fluent North London aristocratic accent could not be spoken for more than five years, and many people had never heard of such elegant and noble words.

The waitress quickly and carefully led Bagley into the hotel. She knew that a real nobleman had arrived today.

Bagley enjoyed the hospitality of the beautiful waitress. Along the way, he pretended to inquire about the banquet. Although Qi Yun had given him the information last night, it was not as good as a waitress. That’s useful.

The hotel is on the 28th floor. When we reached the top of the building, Bagley knew everything he wanted to know. The waitress was Luna. He was a mixed-race Mexican and American student. He was a college student and had not graduated yet. You can also see the world with a high salary, and that’s why I came here.

There were more than 60 guests in the hotel. Among them, the most dazzling was the female star Julie. Gherga and others were turning around her.

Bagley was thinking of how to get close to Gerga, and opened the door to see Julie being sought after by everyone. He went in with a smile.

In this world, everyone has a talent, or to do more than one thing repeatedly, then he is an expert.

Some people have become experts in archeology, some have become experts in architecture, but some people have been experts for a long time.

Gelgar did not let Julie give them any more attention, but the appearance of Bagley took the initiative to attract Julie's attention and made Julie take the initiative to find Bagley for a chat. .

"Mr. Elegant, what's your name?" Julie asked with a smile.

Bage looked at Julie with deep and charming eyes and said with a smile: "Beautiful lady, you are a bit flattered by me."

...

Soon, Julie laughed in Bagley's chat, and Galga, who was standing in the distance, and others saw this scene, grinning their teeth.

"Damn, who the **** is, I'm going to kill him," Galga cursed.

Vice Chairman Anthony whispered in distress: "He is one of the investors we are looking for this time. It is very difficult to invite him. His net worth is one billion US dollars."

"No sooner said." Gelgar changed his face immediately, walked quickly to Bagley, said with a smile: "Hello, hello, I am the chairman of the G8 Guild, I'm very glad to meet you To you. "

Bagley glanced at Galga with a contemptuous glance, and said, "Good to see you, Galga."

Julie saw that Bagley had work to do, and immediately turned into a well-behaved woman, and said gently in Bagley's ear, "Don't forget the things you promised me tonight."

Bagley said gracefully, "It's my pleasure to invite you, and we'll see you later."

Julie took the initiative to give Bagley a kiss, and happily sat down next to Bagley, waiting quietly for him.

Gelgar stared at Bagley in a stunned voice and asked, "How did you do that?"

Bagley looked back at Julie's back, looked at Galga, and asked with a smile: "Want to know?"

Gelgar and Anthony nodded quickly, which made them feel incredible. A popular star who was not short of money took the initiative to offer a kiss to a 40-year-old middle-aged person, and they were dating at night. crazy.

"This is my secret." Bagley said with a smile. "I only teach people who have a relationship with me."

Gelgar and Anthony were speechless. Fortunately, both of them had met the world, and they quickly changed the topic and talked about business with Bagley.

Who is Bagley? The famous big liar quickly talked with Gale Heat, and even agreed to talk to Bagley's temporary hotel at night.

This level of reception is only used to communicate feelings between businessmen and can be used to recognize people. Bagley came to this reception as an investor and naturally is sought after by people around him. If he can get hundreds of millions from him Investments in dollars, even tens of millions of dollars, are enough to excite them for a long time.

At the end of the banquet that night, Bagley took Julie back to the hotel, and Galga and Anthony also came with it This surprised Julie. She knew Galga and Anthony. Both are the chairman and deputy chairman of the strongest guild in the hottest game at the moment. They are very expensive. I do n't know how they followed Bagley in this way.

This is how people's fame accumulates. Bagley is so skilled at playing this method. Julie is willing to come because Bagley promises to open a bottle of Romani Conti for her, and a bottle of 100,000 Euros. Julie cannot bear to It costs so much.

The four talked for a long time, but Julie surrendered directly under Bagley's love words offensive, entered the hotel room, and even saw Galga and Anthony feeling crazy, they sent Bagley as an adult. The mentor offered it.

“Brother, you are my brother, please teach me, I’m going crazy.” Galga was so excited that he couldn’t help swearing.

Bagley posed an elegant gesture, saying, “I will stay here for a while, and I welcome the two to come often. You see, I have something more important to do now.”

“噫”

Gherga and Anthony watched the door closed and they were speechless. The two decided to bring things to visit Bagley tomorrow. This skill must be learned.

Chapter 1529 - Barely maintained balance

Bagarian was here, and on the other side, Lu Yang found Zhou Tianming and asked him to go to Alice and talk about it.

“If you don’t talk, Steiger must know that you are a false betrayal, you can’t easily come back, we will also be knocked a lot of money by him, and we are not sure that he will not disclose the news.” Lu Yang said.

The sequelae of Steiger’s high density are showing up. Lu Yang speculates that Steiger is watching him do it now. If he does nothing, Steiger will come to blackmail him.

Zhou Tianming thought for a long time, and also agreed with Lu Yang’s words. The two discussed for a long time. Zhou Tianming took out the phone and called Alice, and said angrily, “You betray me?”

Alice is discussing with Sanyou Weimen and others for more than a dozen days of war. They now need to dispatch players to prepare for the war, but Lu Yang cannot be detected. It is very troublesome.

Suddenly I received a call from Zhou Tianming. She thought Zhou Tianming was looking for her to chat, and she was very happy, but when she heard the content, she couldn't help frowning.

"What betrayal, why don't I understand what you mean?" Alice motioned for Mitomonemon and Radvidev to stop their work.

Zhou Tianming said angrily: "Just now Lu Yang came to talk to me and said that someone told him that when I was on vacation and rest, I saw you abroad and saw them from Sanyouweimen?"

Alice looked at Sanyou Weimen and others in surprise, and said, "Impossible, how can we do this kind of thing."

Mitomon looked at Alice's expression incorrectly and asked, "What happened?"

Alice motioned for Zhou Tianming to wait, and quickly told Zhou Tianming what Sanyou Weimen and others said, "Did any of you tell anyone?"

"No." Radvedev and Olma shook their heads.

"How can we say such an important thing, are you crazy?" Tom exasperated.

Sanyouweimen looked around. The only person who talked about fighting last time was missing Steige. He suddenly came to his senses and said, "No, Steige sold us."

Tom called immediately to ask, and they thought Steig would admit it, but did not expect Steig did not admit it at all.

"Damn, this bastard, we pitted us all." Stephen held his head in both hands.

Alice was also angry and embarrassed. After discussing the plan for two months, Steiger's betrayal might be over. She asked depressively, "What will you do to Lu Yang?"

Zhou Tianming said with a frown, "I'm going to talk to you. I hope that this meeting will be able to participate in the war. Don't make me mess."

Alice's eyes brightened and she asked, "You still have a solution?"

"Meet me." Zhou Tianming entered the game and opened a special space.

The light flashed, and Alice flew in with Nine Friends and nine other people. Seeing Zhou Tianming, they couldn't help but surround them.

"What did Lu Yang do with you?" Sanyouweimen asked excitedly.

Zhou Tianming smiled and said, "I didn't admit to meeting you, and Lu Yang could not take me, but just said that I would temporarily transfer my elites to other people's hands, about 600,000 people."

"This, this," Olma said dumbly, "Well, aren't you nobody?"

Zhou Tianming snorted coldly and said, "I have spent all my money on my brother for the past four years, not to mention that my vice chairman did not withdraw, even if it was withdrawn, fired me, I shouted, my 600,000 Elite brothers still follow me. Is there any problem? "

He was telling the truth, but he did not say that not only he can do it, but also the other vice presidents. This is the result of the deliberate devolution of power by Lu Yang, not their own ability, if not Lu Yang allowed, who dare to do so.

However, they thought it was Zhou Tianming's own abilities, and they let out a sigh of relief. Alice stroked her chest and said, "Frighten me, but fortunately you have a way, otherwise we will be finished."

Zhou Tianming said dissatisfied, "But who the **** are you, and what do you want to do? Do you pit me if you use me? What do you do?"

Sanyou Weimen scolded angrily and said, "I bet it was Steger's secret. This **** must have sold us to Lu Yang as a gift. Fortunately, he left no evidence."

Zhou Tianming pondered for a while and said, "If it was Steiger, Lu Yang would not believe it. You must keep it secret. If it is leaked by some of you, we really have no chance, not only me. It is because you will all face Lu Yang's attack in the future. "

Alice said worriedly, "You can rest assured that we will take care of ourselves and will never give you out, but what do you do?"

Zhou Tianming said: "The week before the war was the fiercest competition in the world, Lu Yang would not have time to take care of me. I would leave the Jagged Brothers Alliance under the pretext of my parents' illness and fly directly to Mexico. I'm looking for a safe place. After this battle is over, I will immediately fly to the studio I set up. You cannot restrict my personal freedom, Gerga. "

Gelgar quickly assured: "The contract is clearly written. I will never deal with you. Besides, we can still cooperate in the future."

Zhou Tianming nodded and said, "I will be dormant in the near future, and you are also hiding, I will go first."

The light flashed, Zhou Tianming exited the space, but Alice and Sanyouweimen became frowning. For the first time, they felt that it was a wrong decision to find Steige together.

"We want revenge on Steiger," Tom cursed.

"He must be held accountable for his actions," Stephen said. "We haven't leaked the story. Only Steiger must give him the punishment he deserves."

"What to do?" Olma asked.

Tom said, "Since Steiger has leaked our secrets to Lu Yang, then we tell Liu Jie about his affairs. We know his secret stronghold, let Liu Jie go to his trouble first, and save him trouble for us. "

“Yes.” Sanyouweimen thought for a while and said, “Steger’s **** won’t be able to lose for a while. We clean up Lu Yang and then clean up him and Liu Jie.”

Zhou Tianming obtained Steiger’s secret upgrade method for Luyang, quickly took his men to upgrade, and prepared to fight back against Liu Jie. They told Alice all about them, and Sanyouweimen had been secretly funding Steiger, knowing that he was in the mountainous area of north-central There are several secret strongholds in which a lot of supplies are hidden.

Several people immediately contacted Liu Jie and told them about it. Liu Jie was worried about Steige. He had already discovered that Steige wanted to counterattack him, but he did not expect Steige to develop so violently, and panic. Below, hastily sent such as Yue Taishan and dead dead grass to gather the African Legion and rushed into the mountains in the north and north.

Steiger also had a fortune-telling. His spy became a high-level officer under Liu Jie. Then he knew that Liu Jie was going to attack him and quickly transfer his property.

He really thought that Lu Yang and Zhou Tianming were acting, but he did not expect that Lu Yang would talk to Zhou Tianming to expose the incident, let alone that the subsequent series of problems were so serious that Alice and Sanyou Weimen turned out to be Tell his secret to Liu Jie.

Blessed Island.

Lu Yang stood and watched that the ancient and alien species killed the demonized rat emperor, and the new world was in a mess, far more chaotic than he expected.

Now no one can predict what will happen in the future, even a little wind and grass may cause great changes.

He guessed that Alice, Sanyouweimen, and others wanted stability, and strived to have no problems before the final. Lu Yang also had the idea. The parties must be stable and must not make any mistakes. As for Zhou Tianming’s elite men, it was up to him No one dared to make a fool.

With regard to Zhou Tianming's accommodation, Lu Yang's order to Bagley was to let him stay in his hotel when Zhou Tianming arrived in Mexico, and someone would arrange a secret passage in advance for them to escape.

Bagley is naturally no problem. For the next few days, Galga and Anthony visited Bagley again and again, and became good friends with him. Bagley even became a spiritual mentor for both of them.

As for why Bagley stayed here, he said that he had found a few beautiful women outside of Julie. He has achieved financial freedom and he wants to enjoy life.

Gelgar and Anthony were very envious of Bagley's life. They also secretly investigated him for a long time, but found no problems, so the relationship between the two sides became closer and closer.

Lu Yang was relieved to learn that Bagley had already trusted Gailgar. Han Zhong personally took people to Mexico. The most elaborate black sword and dozens of mercenaries followed, along with a military helicopter.

When everything was ready for Zhou Tianming, the global competition also entered the stage of 10,000 people.

Anyone who can enter the 10,000 people list is regarded as the top master in this game. Among the more than 3 billion players, 10,000 heads-up masters have been selected, each of which is the top. From this time, every battle it is almost always a decisive battle.

Lu Yang saw that all the problems were solved, and he was relieved. At least, there would be no problems in the next two weeks.

In the first week of the Ten Thousand People's League, 16 offline players were selected, and 16 players were also selected for the duo, trio and five. In the second week, the offline tournament was held.

This year's offline tournament is not abroad, but in Huaxia, which is held in Luyang's home and Donghai City, because the War Studios and Game City are well-known abroad. In order to let more players and companies around the world see how to build on a large scale In Game City, the official chose Lu Yang's war studio as the venue of the game.

For this purpose, Lu Yang specially rented a large venue to prepare for the game. The official also approved this venue. It is estimated that in a few days, millions of people from around the world will come to visit Donghai City, which can bring economic income. The entire East China Sea was flattered. I greeted Lu Yang in advance This year he won many official awards.

Lu Yang didn't care about these awards. Even if he could safely let him through this period, he stood next to the altar of Shenyue Village. The reputation that the village needed was respected, and eventually the rewards could be redeemed.

He opened the quartermaster exchange box, and the 160-level dark gold two-handed sword, wand, bow and arrow, dagger, full cloth armor and full heavy armor were all he needed most.

Lu Yang called Tu Feng and asked, "How is the second transfer voucher sold?"

Tu Feng knew that Lu Yang was busy recently and didn't come to bother him. He said, "It's sold out, and it has earned nearly 600 million credit points, but you said it was replaced with materials. I didn't stay at all. I changed everything. There are 500,000 sets. I bought all the materials for the server. Now the price of these materials has increased by 50%."

Lu Yang smiled, turned on the team mode, and said, "Fine, take the person you trust most to the coordinates I gave you, and I'm waiting for you here."

Tu Feng joined the team, and at the same time he grouped more than twenty boys into the team, using the teleportation scepter to fly them to Lu Yang's side.

The light flashed.

Tu Feng and someone appeared beside Lu Yang. He didn't know where it was. It wasn't shown on the map. It must be a sea area or some secret place. He glanced at the cave and stopped by Lu Yang. "Need what have I done?"

Lu Yang handed Tu Feng a storage bag and said: "The 160-level dark gold drawings are all in it, and they are quickly handed over to Mu Yi, and I have full power to produce these things."

Tu Feng opened the storage bag and looked at it with a long sigh of relief. His face was full of excitement and said, "Boss, you are scared to death. Why did you take this thing out? With this thing, We are completely at ease in this decisive battle. "

The matter of Zhou Tianming has become extremely unstable within the Jagged Brotherhood. Now it can be suppressed. It is the full force of all the vice presidents, including Zhou Tianming, but everyone knows that something will happen.

Without these drawings, Zhou Tianming's 600,000 elites and nearly 2 million men would follow him to leave, which would cause an extremely hard blow for the Brotherhood of Iron, but with these drawings, Mu Yi opened up horsepower. In three days, it will be possible to build 160-level gold equipment that can be worn by 300,000 people.

If Alice fights the Brotherhood of Iron Blood two weeks later, then the Brotherhood of Iron Blood not only has about 2 million 160-level dark gold players, but also millions of 160-level gold equipment players.

Gold equipment is 30% worse than dark gold, but it is much stronger than 150 dark gold. At least 160 gold and 160 dark gold can deal high damage, especially on the defensive side.

Lu Yang patted his shoulder with a smile, and said, "What we are playing is a heartbeat, go to Mu Yi with the drawings and tell him that one million sets of equipment can be made in two weeks. I count him and His logistics corps is at the top. "

“Yes.” Tu Feng took the drawings out of the storage bag, distributed them to his subordinates, and flew back to Tianyu Shencheng with them.

Mu Yi received the drawing and immediately started working with his men. He sent a message to Lu Yang and said, “Brother, don’t worry, your brother will not let you down.”

Lu Yang smiled and nodded while watching the news. He was very satisfied with his brothers and sisters. Not only did he worry about him, but he could also help him a lot.

He has three skill books in his hand. These are the rewards Bonn gave him during the missions: Flame Crossblade, Lightning Shock, and Blast of Light. These three skills can be combined into a mixed spell. Ghost Sword.

Ghost knife, throws a cross knife that compresses fire and wind to the extreme, with a shock wave of thunder, hits the target with a paralysis effect, knocks the target back for 30 meters continuously for 5 seconds, every 0.5 seconds Takes one damage from ontology spell damage.

Lu Yang’s favorite in his life is this ghost knife. If he hits the target and throws the ghost knife, the opponent is almost fatal. This attack saves time and effort, but he has a problem and the attack method is too troublesome.

First of all, Lu Yang needs to control the body to compress the flame, and then control the wind to compress the wind energy. When the two avatars merge the flame crossblade and blast light explosion, they also need to add a lightning spell, even if he, It takes 2 seconds to prepare a skill, and the initial speed of this skill attack is not fast. Any player who reacts in about 0.3 seconds can flash off this skill in the initial period.

However, fighting, many opportunities are created, and once he is given a chance, this move is two thirds of his health.

The system prompts: The competition is about to start, whether to enter the arena!

Lu Yang chose to agree, and the light flashed. He appeared in the arena. It happened that he also wanted to try his skills.

He didn't know who the player was today. The official did not officially announce it. This time, the winner group selected 5,000 and the loser group selected 5,000 to participate together. His opponent must be the winner. When I met the loser group, he was curious when he was about 1,000, and he was able to reach the winner group and who was playing against him.

The light flashed, a familiar face appeared, and the scene was instantly detonated.

“Smith ~!”

Dubin roared: “Finally we met, South Korean player Park Jae Sung, a puppet master. Since the game, whenever he meets Huaxia players, he must fight with each other with his feet to humiliate each other. So far no one is his opponent. He and Lu Yang faced each other, we will wait and see, in the end is whether the Korean puppet master is stronger, or the three-time individual champion is stronger. “

What Du Bin has said has done his utmost to be impartial. He also hates this Korean player and itches his teeth. For more than two weeks in a row, each time Park Jae Sung competes with a Chinese player, he is winning fast. When shamelessly controlled the puppet with his feet, people around the world could see his bare feet, which was extremely disgusting.

There is no way for you to take such a person. This is an arena. The skill is not as good as someone willing to lose. You scold him because you have no manners. You can only try to win him, but you can't win him. He's been humiliating you all the time. This anger lasted for more than two weeks. Dubin always wanted Landing Yang to meet him, and taught him once, and finally met him this time.

The Korean guest in the live broadcast showed a proud expression on his face, saying, “This time, our masters of the Republic of Korea must defeat Lu Yang. We are the most powerful.”

Doo Tong can't wait to give this Korean guest a dizzy eye. This person has been stinging the Republic of Korea, farting big place, and also the Republic of Korea since entering the live broadcast room. It's crazy.

Dubin's expression remained unchanged, and he asked, “How did you determine that Lu Yang would lose?”

The South Korean guest said proudly: "Lu Yang only has five bodies, but our Korean master has eight puppets. I told you in advance that his limit is not eight, but twelve puppets."

Hitomi was surprised, and asked, "Is the four controlled by feet?"

The Korean guest was more proud, saying: "Of course not, he only uses his feet as a personal hobby, and the other four are also controlled by fingers. His fingers are particularly flexible, and it is very easy to control four more."

Du Bin and Tong Tong looked at each other. They thought that the former Korean player Park Jae Sung used his feet to practice, which could also explain why this person used his feet to compete. At least he did not disrespect people, but he did it for practice. But now this South Korean guest has proved that he is deliberately insulting, which is boring.

On the court Lu Yang was a bit surprised to see this Korean player. He smiled and looked around. He saw the Flame Knife at the Iron Brother Brothers Player Watching Square, and he was found by him before. Defeated in a humiliating way, which made Lu Yang very upset.

He held up **** to the flame knife and said, "I'll defeat him cleanly and two-to-zero, and watch the boss avenge you."

Flame Knife was looking at Park Zaicheng with hate eyes, and suddenly saw Lu Yang's gesture. After four years of familiarity, he immediately understood and shouted, "Boss, come and kill him for me."

"Ha ha ha." Park Zaicheng saw Lu Yang's gesture, took the lead in standing at the match point, and said to Lu Yang with his arms, "You want to win me 2 to 0. It's too much for you. Be careful. I'll kill it two to zero. "

Lu Yang sneered and said, "You don't deserve it."

"I don't deserve it?" Park Zaicheng didn't expect that Lu Yang would humiliate him so much, angrily: "What do you mean?"

Lu Yang sneered and said, "You don't deserve to play this game, I will tell you how unworthy you are."

Chapter 1531 - Lu Yang's Revenge

For people like Park Zaicheng, they use "Second World" as a tool to play with others, but in Lu Yang's eyes, this game is all he has, the most sacred thing in his heart, and someone has stained his heart. Holy, he will teach by hand.

Park Zaicheng looked at Lu Yang with a little surprise, and then he suddenly laughed and even laughed, and leaned forward, showing a big white tooth and landing Yang said, "I was almost scared by you, you made yourself follow Like a saint. "

Pu Zaicheng pointed his left finger at the ground, and said with a mockery and ridicule in his voice: "This is a game. Only I play him, I am strong, I can play others, how can you treat me?"

Twelve rays of light flashed around Park Jae Sung, and there were twelve tartars, namely the miserable lady, the twin fan bride, the musketeer soldier, the pipa singer, the sickle dead, and so on.

"Twelve puppets." Park Zaicheng said arrogantly: "I'm not afraid to tell you, four physical attacks, four magic attacks, four defenses around me, Lu Yang, I will let you taste, how can I beat with my feet your."

Exclaimed players!

Originally they only saw Park Zaicheng fight with up to eight puppets. Now there are four more. At eight, the top masters can't beat it. Park Zaicheng killed at least twenty previous sessions. The masters on the 10,000-person competition, even the seventh-ranked master, now have four more, and players can't help worrying about Lu Yang.

Inside the live room.

The Korean guest said proudly: "So far, the only thing that can restrain the avatar player is the puppet master. The puppet is controlled by fingers, but the avatar is controlled by consciousness. A player's consciousness response is as fast as possible. A puppet of the same speed, Park Zaicheng won this game."
"

Since Lu Yang won the individual contest title of the contest with the blood of last year, a lot of top experts are studying how to target the blood of the blood. After testing this year, all parties have agreed that there are only two professions that can restrain the blood of the blood. One is the Doom Warlock, the other is the Puppet Manipulator. One of them can control a certain clone, make it lose its casting ability, and then kill it forcefully.

The other is the puppet blood, which is also the presence of multiple characters. The split blood is a conscious control of five bodies. The puppet is a conscious control of multiple puppets by hand. In terms of speed, the puppet finishes the split blood.

Dubin, Hitomi, and others are worried about Lu Yang. South Korea has always been a superpower in competitive games. In various competitive games, their masters are endless. In previous games, Korean players ranked in the top 100. The best in the world, this game is obviously for the championship.

On the court.

Lu Yang ignored the ridicule of Park Zaicheng, he walked to his spot with no expression, waiting for the battle to begin.

The competition field is a large 500-meter-diameter arena. There is no obstacle on the ground. It is a bluestone brick flat, and both sides are in an absolutely fair battle scene.

Lu Yang made a right-handed move, and the four avatars appeared behind him at the same time. Then he ordered the four avatars to quickly run around, and at both sides of his side and two points behind him, only Lu Yang's body remained in place.

Park Zaicheng frowned and looked at Lu Yang, and asked, "What is your style of play? Do you only want to fight with me with a single body? What's the use of calling your clone when you stand so far away?"

Lu Yang stared at Park Zaicheng's eyes with a smile, and said, "Do you guess?"

System prompt: battle countdown

5

4

3

2

1

Game start!

The enchantment on the field disappeared, and Lu Yang and Park Zaicheng resumed their attack at the same time. Park Zaicheng laughed sharply and rushed towards Lu Yang 50 meters away. At the same time, a puppet with a length of 30 meters beside him also followed. Rushed to Lu Yang.

Lu Yang's fire body is only 20 meters away from the nearest four physical attack puppets. The four legal puppets are flame, frost, shadow, and lightning. They also run forward with the physics department. The purpose is obvious. After tying up Lu Yang, he surrounded the Yang Yang and attacked.

Park Jae Sung is very clever. He knows that Lu Yang has two space teleport skills: flashing and escaping dagger. Therefore, his 4 defensive puppets are leaning around him to prevent the opponent's attack at any time.

Lu Yang researched Park Zaicheng before, knowing his eight attack puppets, but he has not seen the next four defensive puppets, but this is not important, because the research direction of players is not right at all, the puppet profession is right. The restraint of the clone blood is 0, and there is no restraint effect at all. Instead, the clone blood uses a cheating father to make the puppet profession sick.

He watched Park Zaicheng's puppet rush to the front, he was not in a hurry, but just read a spell in his mouth, the body turned into a light and disappeared in the spot instantly, appearing in the position of Master Lei at 9 o'clock in the arena, His consciousness entered Master Lei, and quickly ran towards the side. At the same time, the soil clone, the water clone, and the wind clone no longer stayed in place, but ran around in a circle around the arena.

Lu Yang's intention is obvious. He wants to occupy every corner of this arena, and then use the blood of the avatar to teleport to other avatars to make Park Zaicheng tired.

Park Zaicheng and all the previous masters studied how to defeat the blood of avatars. However, he never expected that Lu Yang was shameless to this extent, even running full of maps.

Park Zaicheng looked at the Lei avatar standing on the edge of the map 250 meters away and ran to the side. An angry look appeared on his face, and he scolded: "Lu Yang, don't you run, fight me directly."

Lu Yang looked at He Zaicheng with a mockery, and said, "No, no, I killed you so fast. How can I avenge my brother, the Flame Sword, and tell you, I will kill you in this game, let you know, How unworthy you are in this game. Come to my avatar if you have a seed, and you will stand there waiting for me to kill you. "

"Thunder Slash"

Master Lei spelled it out, a lightning bolt suddenly split from the sky, and the lightning spell could hardly be avoided. Park Zaicheng didn't know which puppet the lightning bolt hit. He controlled 12 at a time, only He watched his two-fan bride slashed by lightning, killing more than 300,000 blood.

Lu Yang's four avatar levels are still 169, did not rise to level 170. In the absence of a dark gold sleeve of level 170, the damage is very low, and the blood of the two-fan bride has more than 20 million. This damage It's nothing at all, but the problem is that the puppet can't add blood, this thing is dead, and it bleeds when there is blood, there is no way to do it.

Chapter 1532 - The first player to be retired from stun

Park Zai became a stunner. He looked at Lu Yang's Lei avatar and didn't know how to fight. The audience was stunned, but at the moment of stunning, several other bodies simultaneously released instantaneous skills.

"To stab"

"Destroy the Sky"

"Air blast"

"surge"

Four consecutive skills hit Park Zaicheng's twin fan brides at the same time, destroying the sky fire hit more than 2 million crit damage, and the remaining three skills hit more than 300,000 damage. At a time, the dual fan bride's health It was destroyed by more than 3 million, leaving only more than 16 million.

"You can still play like this."

"It's all long-range attack damage."

"What kind of play is this?"

...

The players are a little confused about Lu Yang's style of play, but in the live broadcast room, Du Bin, Tong Tong, and others all came to understand that Lu Yang is trying to live and die.

Dubin asked: "It's the first time I've seen this game. What do you think of Lu Yang's game?"

The South Korean guest did not speak solemnly, and another guest Ma Feng said with a smile: "It is difficult for South Korean players to play."

Du Bin asked knowingly: "Why do you say that?"

Ma Feng said with a smile: "Lu Yang's play is too restrained for puppet players. As we all know, puppets cannot move more than 50 meters from the body, and the puppets controlled by players do not have ultra-long-range attack distance. This venue has 500 meters. Lu Yang's Five bodies can jump on each other at will. If Lu Yang jumps diagonally every time, Park Jae Sung will never have a chance to meet Lu Yang. "

The audience suddenly realized.

On the court.

Park Jae Sung has become a bird of surprise. He has dared not let his puppets stand still, including him, and must move at all times. Once he stops, Lu Yang's five bodies will be used. Very long attack range.

The cooling time of this skill is 10 seconds, that is, every 10 seconds, a wave of attacks will appear in the sky and underground, and Park Zaicheng will be hit if he does not evade.

The official basis for judging the outcome is first who kills the other first, then the remaining amount of medicine in the backpacks of the two sides, and the damage done by the two sides. Lu Yang used this trick to make it clear that Park Zaicheng could not beat him. In the end, when the time is up, victory is judged based on the injury number.

Park Zaicheng stared at the main body of Luyang Yang, snarling, "Coward, have the courage to confront me head-on."

Master Lu Yang coughed at 3 o'clock in the direction of 400 meters from Park Zaicheng, and said, "Who is it, I'm here, and you turn to talk."

"I." Park Zai was so angry that he turned and stared at the wind and scolded, "Coward, there is courage to single out."

"Destroy the Sky"

Lu Yang's consciousness instantly entered the fire method onto the 7th o'clock direction, and then turned to the soil clone at 5 o'clock. He smiled and said, "You are too slow to respond. I'm here, look here. "

Park was anxious, and Lu Yang's avatar became a poker face. Obviously, his consciousness had changed. He listened and looked at the location of the avatar. Before he could talk, a mass of fire broke out in the sky. Drop him more than 1 million damage.

"Damn, you play me." Park Jae-sung is like a big rooster hurt, only knowing that there is no way to yell.

Lu Yang's consciousness went into Lei's avatar, and a lightning bolt was fired according to Park Zaicheng, saying, "It's you who play, what can you do with me?"

Park Zaicheng then turned to look at Lei's clone, but Lu Yang's consciousness entered the body of water, launched the surge skills, and defeated Park Zaicheng's 300,000 health.

"I killed you." Park Zai became furious and couldn't escape his skills. He could only run madly towards the main body of the fire in the landing sun.

Seeing the distance of 50 meters to the main body of the fire method, the main body of the fire method burst out a light and jumped to the water mage, Park Zaicheng took another emptiness, and then five bodies activated their skills.

The audience in the field saw it clearly.

“Park Zaicheng has nothing to do with Lu Yang.”

“Poor, he couldn’t avoid Lu Yang’s range of attacks, but was constantly attacked by Lu Yang. I am afraid there is no chance.”

...

How can Park Zaicheng tolerate such a play as Lu Yang can only keep chasing Lu Yang, but Lu Yang does not give anyone any chance. The five bodies occupy the surrounding area. As long as Park Zaicheng dares to chase One avatar, the other four bodies rotate with Park Zaicheng, keeping each body more than 200 meters away from Park Zaicheng.

The prescribed time for a battle is one hour, but at most it has not been played for 20 minutes. However, this battle has been played for half an hour in an instant. Instead, he was constantly attacked by Lu Yang’s skills.

The most hateful thing is that Lu Yang’s attack skills are random. Sometimes he hits Park’s ontology, sometimes he hits his 12 puppets. The puppets that should have been dominant now have become cumbersome and need to be used constantly. Finger control their dodge skills.

Especially Lu Yang’s fire method, knowing the comet impact type of ultra-long-range attack skills. When Park Zaicheng did not chase the fire body, Lu Yang ordered the fire body to continuously release the comet collision, forcing Park Zaicheng to increase the number of operations.

Don’t underestimate the amount of operation during this half an hour. In fact, this amount is very huge. Park Zaicheng fights with people at most once for half an hour, after which he enters the period of conscious fatigue.

After fighting with Lu Yang for half an hour this time, his head was flooded with anger, and he was completely unaware that his brain had become fatigued by continuous operation. He was thinking of winning him, only to catch Lu Yangbao. Take a break, and at the same time continue to dodge.

The team behind Park Jae Sung looked at the time with an anxious expression on his face, but they were not allowed to send messages or call the contestants at the competition site. They could not contact Park Jae Sung at all. After chasing, or withdrawing puppets to reduce the amount of operation, their voices in the audience cheered like waves in the sea, they could not be seen at all.

“Pak Zai Sung, you lose, and see how I play you.”

“I’ll make you die ugly, be careful, Skyfire is here again.”

“I’m here, stupid dog. I’m attacking you with Leifa, you see what the fire method is doing.”

“Waste, I’m in the mage’s clone. You are so stupid, stupid, hopeless.”

“Poor waste, I am in the water mage’s body. Come here, come here.”

...

Lu Yang’s consciousness kept circulating in the five avatars, forcing Park Zaicheng to continue to circle. He scolded Park Zai into a sentence without entering a avatar, and then continued to scold another avatar, and Park Zaicheng also talked to Lu Yang scolded, but Lu Yang changed his body after scolding, causing Park Zaicheng to scold poker every time, which made him even more angry, so he kept circling with Landing Yang.

40 minutes

50 minutes

...

Time passed by bit by bit, but the audience did not feel the game was boring. Instead, it was because Lu Yang scolded the skills of the audience. The audience was as if five people were scolding one person, and Park Zaicheng was scolded. Become a dog.

On the court.

Park Zaicheng didn't know that he had gone hundreds of laps, and the sweat was dripping from his forehead. Suddenly, he felt a vertigo, the next moment.

System prompt: The helmet detects that your consciousness is too tired, and it is recommended to take a rest offline.

Park Zaicheng was suddenly awakened. He saw that his connection was only 94%, and it would be forced to go offline when it was 4 percentage points lower. He looked at Lu Yang's water body in shock and said, "Your purpose Not just to humiliate me, but to keep me playing this game forever? "

If Lu Yang is at the scene of a global competition, Park 's consciousness breaks, and he automatically withdraws from the game. Park 's life will be nailed to the shame column of this game, because he is the first because his consciousness is not enough. Players defeated in global competitions will be loaded into the game's major historical events.

Lu Yang said to Park Zaicheng in the avatar: "Do you have a solution? I'm behind you, stupid."

"You are stupid, your whole family is stupid." Park Zaicheng could not help turning back and scolded.

However, Lu Yang's consciousness has already entered Lei's clone, and said mockingly, "I haven't scolded me yet, I'm here, stupid."

"I killed you." Park Zaicheng couldn't help but rushed towards Lei's clone.

"Transfer"

Lu Yang's avatar sprayed a dozen **** words in a row at Park Zaicheng, watching the opponent's puppet rushed to him in front of him for 10 meters, turned into a ray of light and jumped to the side of the mage, and the fire mage fired a comet continuously. Persecution Park Zaicheng kept dodging.

Then the five skills such as extinguishing the fire continued to fall, and Park Zai became panic. At this time, his consciousness was not enough, and the puppet was hit again and again.

System prompt: Your connection to the helmet is 93%! On the brink of minimum!

Park Zaicheng turned around, he didn't know which body to look at, he panicked!

Lu Yang saw Park Zaicheng's panic, a sneer appeared on the face of the fire body, and continued to release his skills to Park Zaicheng.

"I'm here." Lu Yang continued to taunt, cursing with a mage behind him.

Park Zaicheng turned his head again and suddenly felt a vertigo, and the system reminded that his connection was only 91%!

"Here." Lu Yang consciousness entered the ontology of fire law, cursing: "Do you know, stupid, my anger skills are full, if it is not I want to delay time, you have died a dozen times early, and you still do not admit defeat. "

"I don't know." Park Zaicheng turned his head to look at Lu Yang's body again, his brain was vertigo again. Once upon a time, his idea was to defeat all the enemies all the way, to meet Lu Yang in the final, and use the puppet to be clean. Defeated him in the first game. In the second game, he beat Lu Yang into residual blood, then operated the game with his feet, and severely abused Lu Yang, so that Huaxia players around the world could not afford to raise their heads, but now the As a result, he became the abused man, and he lost extremely ugly, even more pain than humiliation with his feet.

"I don't agree. This game is unfair and unfair." Park Zaicheng suddenly yelled at the stands around him, roaring wildly.

The next moment, one minute before the end of the game, Park Zaicheng suddenly fell to the ground.

System prompt: Lu Yang wins the game!

Exclaimed the audience.

In the live room.

Dubin looked at the field in surprise and said, "It's still dozens of seconds before the end of the game. What is Park Zai out of?"

Hitomi looked at the official data and said, "It's not that he quit the game, but that his consciousness connection is below 90% and he was forced to pop up the game."

Dubin stared at Tongtong with wide eyes and couldn't believe it, saying, "Do you mean that Park Zaicheng was forced to pop out of the game because of excessive manipulation and unbearable consciousness?"

Hitomi nodded and said, "Lu Yang is terrible."

There was another sentence that she didn't say. The person she wanted to talk to was actually dizzy.

Du Bin quickly picked up the phone and contacted Park Zaicheng's coach to ask Park Zaicheng's situation. On the other side, Park Zaicheng has fainted. Normally, the game connection below 94% is the limit, below 90%. If you do, your brain will suffer severe pain.

Facing Dubin's inquiry, Park Zaicheng's coach said with a sigh, "Park Zaicheng has fainted and he cannot continue to play."

Dubin is a global live broadcast. Coach Park Zaicheng said these words, it means that the audience worldwide have heard.

Du Bin did not say much, saying: "Park Zaicheng fainted because of excessive operation consciousness, let us congratulate Lu Yang for winning the game!"

The audience was stunned and no one was cheering. Dubin said it was simple, but it caused a great shock in the player's heart. This person was fainted by Lu Yang alive, it was too scary.

Lu Yang didn't care about the weirdness of the atmosphere at the scene. He waved his hand at the Flame Knife and said, "Brother, the boss has avenged you, and the kid was fainted by me."

Flame Knife laughed and shouted, "Boss, I knew you were the strongest, and I knew you would avenge my brother, hahahaha."

The moment's silence in the audience made the shouts of the two people very clear. The audience exploded, and the players were talking wildly.

"It's too scary. The blood of the clone can still fight like this."

"It's scary. If Lu Yang fights like this, no one can win him."

"Isn't that game boring?"

...

Countless people talked about it, but while they were discussing, Dubin in the live broadcast room got the data of Lu Yang, and he lamented: "Audience friends, do you know? Lu Yang's awareness connection is only so low? "Hitomi, Korean guests and Ma Feng cried out in surprise at the same time.

The global players under discussion are stunned.

Du Bin said with a smile: "Obviously, if Park Zaicheng can relax, don't be so nervous, even if Lu Yang uses this style of play, first of all, Lu Yang must be."

Ma Feng said suddenly: "Lu Yang is more tired. He has to control five bodies constantly. If Park Zaicheng keeps chasing a split shot of Luyang, Lu Yang's play will definitely last less than an hour. , But Park Zaicheng was cheated by Lu Yang. "

Du Bin said with a smile: "It's a dangerous move. I can't think of Lu Yang's revenge for his brothers. He even lost such a dangerous game."

Hitomi looked at the data and said: "Flame Knife is now the commander of the large army. Although he entered the war studio, he is not a high-ranking officer."

Ma Feng said enviously: "It's so happy to have a boss like Lu Yang. This revenge is addictive. I believe that the flame knife must be very happy now."

Chapter 1533 - Battle Night King

The Flame Knife was already crazy, and shouted excitedly to the people around him: "Seeing that, the boss avenged me, haha, the boy was fainted by the boss."

The players around are full of envy and jealousy. It is interesting to have such a boss that any ordinary player wants.

Players on this side are excited. On the other side, the Korean side has exploded, but the comments are a little different.

"It's deserved that he played with his heels. Now he's being revenge, but this method is too much."

"Damn Lu Yang, we must revenge, we must revenge."

...

South Korea's Kim Kwang-soo and more than thirty association presidents were immediately contacted, and they all thought that this was a good opportunity to prepare to gather more players to participate in this war.

"China's representative Lu Yang looks down on us Korean players."

"He actually insulted us and hurt our warrior Park Jae Sung who fainted in the game."

"Revenge must be revenge."

...

Li Wenxing, president of the Iron Brotherhood Alliance's affiliated guild in South Korea, looked at the chat head on the World Channel and sweated coldly. He took out the phone and called to Lu Yang, saying, "Boss, something serious happened. You killed Li Wenxing insultingly, South Korean players are angry."

Lu Yang has already retired from the game. He is also very tired in this battle. He is sitting on a chair and resting. Lan Yu is holding a hot towel next to his head. He covers his forehead and says to Li Wenxing: "I deliberately sent your spy, taking advantage of this opportunity to enter their organization, and still have more than 10 days to figure out their situation."

Li Wenxing suddenly realized, "Okay, I'll go."

Lu Yang hung up the phone and lay comfortably on the boss chair with his eyes closed. Tian Feng next to him asked curiously, "Did we already figure out what are the hostile guilds in Korea? Why did he send him?" ? "

Lu Yang opened his eyes and stared at Tian Feng, saying, "I suspect Li Wenxing did not contribute to South Korea."

He did not say later, if Li Wenxing really dare not help, then he would be so sorry for Lu Yang. For more than a year, he has invested more than one billion yuan, let alone such a large one. Right, in the game city of more than 30,000 people in South Korea, Li Wenxing alone has the final say. This trust is unprecedented.

Tian Feng understood what Lu Yang meant, and said, "I have inserted a few more spies here, all Koreans."

Lu Yang nodded and said, "Don't let new people go to Plum Blossom. Remember, Plum Blossom has no permission and must not be transferred."

"Yes." Tian Feng turned and walked to the office corridor, took out the phone and arranged to go.

Lu Yang closed his eyes and continued to rest. He felt that the Tian Feng he had recruited was indeed his proud work. This boy was very powerful and cooperated with Qing Qian Zi Meng. It took only two days to lock up one with the support of Jin Guangyu. The sincerity of the vice president of the Association.

The vice-chairman was very crowded at the moment. On the one hand, she was a girl. On the other hand, she hated the guild and the boss behind the scenes, because they had forced her. It was just that the girl was not sensible and did not know how to retaliate. Working with Tian Feng allowed her to find her way, and also found a breakthrough for Lu Yang in South Korea.

In the future, if the hostile forces in South Korea have any trouble, he will know it for the first time, and he will not be suspected by anyone. Thinking of this, Lu Yang feels a little bit more headache.

Lan Yu looked at Lu Yang distressed and said, "Have a good rest. There are games to play in the afternoon, don't think about other things."

Lu Yang made a noise, closed his eyes and stopped talking. It was not until 3 pm, before the second game started, Lu Yang returned to the game and reconnected his helmet. His conscious connection had just recovered to 97%, not 100. %.

In the game, the first battle is over, and 10,000 players have become 5,000 players. After playing this game again, it will become 2,500. By the end of this evening, the total number of players will be 1,250 people.

From this we can see the cruelty of the game. Among the games with more than 3 billion people in the world, among the strongest 10,000 people, only one day of combat wiped out ten out of ten.

Inside the live room.

Dubin got the connection data of Lu Yang for the first time and sighed: "Now the connection is 97%. Obviously, the fighting in the morning brought a huge burden to Lu Yang, and he did not recover after a five-hour break. . "

Hitomi asked anxiously: "There won't be any problems. His opponents are very strong. He is the night king under Olma, a strong shadow warrior."

On the surface, Dubin said nothing and worried about Lu Yang. He said, "Let's watch the game, it's about to start."

Inside the arena.

It's still the 500-meter-diameter arena. At this time, all players know that Park Zaicheng's defeat is completely frightened by Lu Yang. If he keeps chasing a certain clone of Lu Yang, Lu Yang can't hold on for an hour. Therefore, this 500-meter-diameter arena is also a fair playing field.

In the auditorium, watching the first row of the north stand of the game, Olmahaha laughed and shouted to the three friends of the three friends around him: "We have won this game, Lu Yang's reaction consciousness is not enough, as long as the Dark King If I can hold him back, I will win this game. "

Although Sanyouweimen and Radvijev feel that the chance of success is not great, this is currently their closest chance to success.

“Tell King of the Dark Night that he must delay time, and definitely not fight against Lu Yang. As long as he chased him for half an hour, Lu Yang lost.” Sanyou Weimen said.

Orma, with big white teeth, couldn't help but said with a smile: “I told him long ago, just like you think, this time I must make him ugly in front of the world.”

On the court.

Two lights flashed, and Lu Yang and the Dark King entered the playing field one after the other, and the two stood on light spots, 30 meters apart.

Dubin did not show up at the venue. He was worried that one minute of Lu Yang's consciousness would cause one minute of injury. Therefore, he clearly informed the two to quickly stand on the light spot and prepare for battle.

The night king looked at Lu Yang without any expression, slowly walked towards the light spot, and said with a sneer, “Why, the sequel in the morning now has sequelae.”

Lu Yang was already standing on the light spot, looking at the Dark King indifferently, with a right-handed move, the four avatars appeared behind him. As before, he quickly ran to the four corners of his side.

The night king frowned, glanced at the four avatars, and asked, “Dare you dare to play like this? Deceive tactics.”

Lu Yang didn't speak, just stood at the light spot and waited for him.

The King of the Night did not rush to the light spot, but dragged to the last second of the game countdown before he stepped on the light spot. He kept thinking about what Lu Yang did.

In the auditorium Alma shouted loudly while suddenly quiet: “Follow his soil clone, that clone has no escape skills.”

Because it was in the first row, the King of the Night heard it. He nodded to Olma, aiming at the soil clone at 12 o'clock.

Lu Yang still had no expression.

System Tip: Countdown to Individual Competition in Global Contest

5

4

3

2

1

Start

“Give me death.” The King of the Dark Night turned and rushed towards the soil clone of the Landing Sun. The distance between them was 250 meters. He did not immediately activate the acceleration ability, which ran for only 10 seconds.

Chapter 1534 - Blending Spells

As long as he is rushed to a distance of 50 meters, he can launch his jumping skills to run next to Lu Yang. He has studied how to deal with the blood of avatars in a conventional way. If the other party is together, he uses fast moves to force Lu Yang to fast. Change your body and strengthen your burden.

If Lu Yang can't keep up, he will draw a cold child and attack once. If Lu Yang can always keep up, he will constantly dodge and not give Lu Yang a chance to hit him.

Lu Yang guessed his thoughts when he saw the actions of the night king, and his consciousness entered the soil avatar, and launched a long-range attack skill at the night king.

“Ground rift”

There was a feeling of vibration at the foot of the night king running, and he suddenly jumped back 2 meters away, and a large hole appeared around his original one meter.

“How could an attack of this level be useful to me.” The Dark Lord sarcastically glanced at Lu Yang, bypassing the big hole and proceeding towards Landing Yang.

The distance between the two quickly narrowed. Just as the critical point was approaching 50 meters, Lu Yang controlled the soil avatar and turned back into his fire.

The King of the Night had just started to jump and saw the soil clone flying away. He didn't feel surprised, but just looked around and found that the soil clone came to Lu Yang's body, and a clear sneer appeared on his face.

“With guts, you continue to play cat and mouse games with me like this.” The night king rushed towards the side of the thunder clone.

Lei Fangsheng took advantage of the night king to chase the earth, and then went to the other side of the arena. It took at least 10 seconds for the night king to chase past.

Lu Yang saw here, his eyes lit up, and the spell was in his mouth.

“Great Ancestor of Fire ...”

Lu Yang actually read the meteor fall of the secondary banned curse, but when the secondary banned curse was read, the conspiracy smile appeared on the night king’s face.

“I knew you were going to put a forbidden spell and watch me kill you.” The king of the night laughed, turned around and launched his jumping skills, and threw out an engineering puppet in the air.

“charge”

Just after landing, he changed the attack mode to all attacks, rushed towards the puppet, and the distance between him and Lu Yang became 250 meters in just 2 seconds, and then a burst appeared at his feet. Black light.

“Blessing of God of War”

The night king’s movement speed increased by 300%, and he ran towards the landing sun at high speed, and ran for 150 meters in 3 seconds, and reached the position of 100 meters in Lu Yang, and Lu Yang’s spell was only half uttered at this time.

“Escape The Dagger”

The dark blue dagger in the night king’s hand slammed in the direction of Lu Yang. The next second, he suddenly appeared behind the mage of Lu Yang Tu Master.

“Wrath of God of War”

The night king’s body lights up and becomes immune to magical control. He raises his two-handed swords and slashes down at the avatar.

“Furious Slash”

5 consecutive swords, each of which causes 370% physical damage and weapon damage. If all of them are hit, Lu Yang's clone will definitely die.

“Polynuclear explosion”

Lu Yang's body lit up a light, he also turned on the whole attack mode, a red gold light crashed his soil avatar 30 meters away.

“Then you don't even want to run away.” The Dark King was surprised by Lu Yang's actions. He guessed that Lu Yang had silver spikes and other anti-spike items on his body, but he did not expect that Lu Yang would crash his avatar. Prove that there is no avatar, that he has.

However, Lu Yang's body did not escape immediately but stayed here. Although the night king did not know Lu Yang's thoughts, the escape dagger can only be used when the holder is not harmed. If attacked, the competition in the field, the escape dagger cannot be used, and it can only be used without being attacked within 7 seconds.

“Thunder Stomp”

The King of the Night slammed on the ground, and all targets within 10 meters of the surrounding area suffered 20% physical damage.

The three injury figures lighted up at the same time, and the king of the night frowned, and he suddenly saw that Lu Yang had two more avatars beside him, which made him wonder what was going on, he couldn't understand the situation in front of him, and knew him Now in a state of prevention and control, does he want to fight against himself?

Lu Yang looked at the night king's expression, and a ridiculous smile appeared on his face. From the beginning, he saw through the night king's plan. This man was unwilling to defeat himself by small means, and the night king considered himself very high and thought that he had Strength and heads-up.

Unfortunately, the King of the Dark does not know, not only him, but everyone in this game also does not know that the cloned mages have mixed spells, and everyone's thoughts remain on the output of the cloned mages depending on the number of people.

Master Lei's clone: "Lightning Shock"

Wind Mage clone: "Blast of Light"

Lu Yang's body of fire, his right hand staff pointed at the night king who raised his weapon: "Flame Cross."

"Hybrid Spell-Ghostblade, roll it for me!"

In Lu Yang's hand appeared a large cross-blade that was burning with flames. The flame suppressed by the thunderstorm turned into the shape of a knife and was in a state of frantically rotating. He pointed his wand forward.

The Flame Cross Sword hit the King of the Night instantly. The King of the Night only felt a violent impact. The next second, he found that he had been beaten to a distance of 20 meters, and his blood was nearly 20 million. Only one third of his blood is left.

"Meteorite Falls"

After launching the ghost knife skills, Lu Yang immediately released a meteorite impact. When a huge meteorite in the sky fell, no matter how the shouting of Orma and others sitting in the first row, the night king could not move.

He stood helplessly, just to fight that time, he used all his escape skills, such a meteor with an attack range of 30 meters, he did not escape at all.

"boom"

The meteorite fell with a loud noise and an official tone.

System prompt: Lu Yang wins the first battle!

The entire audience exploded, and countless people yelled, but more people were curious about what skills Lu Yang used. Can anyone tell me that I am going crazy and what skills are three Released individually, why don't I know that there are still such skills. "

"This must be Lu Yang's hidden trick. Oh my god, the three avatars put skills together, so powerful, 20 million health."

"No data, no data, **** it, what the **** is going on, and how strong the blood of avatars is."

...

The players are crazy. In the live broadcast room, the barrage screen has been swiped, all asking about this skill. They do n't know Dubin and Hitomi, and Ma Feng and other guests do n't know what skill it is.

"I have never seen such skills, it is amazing." Ma Feng said.

Dubin took the opportunity to connect with the official and asked about the reason. Soon, the official gave the answer. Dubin finally relieved when he saw the information. He said, "Dear friends, I have the official information. Now, please Let me introduce to you solemnly, Lu Yang is using the unique skills of avatar blood-mixed spells, the ghost knife he just used is one of them! "

Chapter 1535 - Mixed Spells-0 Snake Kill

"Mixed spells ?!" The audience was stunned, and countless barrage screens were skipped in front of the screen. Players in the field also asked each other, but no one knew what the mixed spells were.

As a senior player, Ma Feng couldn't wait to ask: "What does the mixed spell mean? Is this a bit unreasonable, the power is too great, is there any limit?"

Dubin nodded in agreement. He was very satisfied with Ma Feng's question. Each sentence could ask the player the most concerned topic. He said, "First answer the first question. Mixed spells are what everyone sees. Lu Yang can use his avatar to release his joint skills with him. "

"As for the power, there are no restrictions. The official explanation is that it is extremely difficult to release mixed skills. This requires strong coordination of consciousness. They also cannot understand how Lu Yang achieved such a quick release. Normal release , At least three to four seconds. "

Hitomi asked in surprise: "Is it a simplified spell again? But this is not like it!"

Dubin nodded and said, "This is not a simplified spell. The release time of each individual spell that composes a mixed spell is 1 second. The official explanation is that the release speed mainly depends on the understanding of the skill of the releaser, perhaps Lu Yang's understanding. It's too high. "

When Lu Yang was resting, he also heard Dubin's words. He smiled, and thought to himself: the official release method of mixed spells is as slow as a pig. There is no chance to release them in the arena, but he has a trick. Developed by countless top bloodline players in the last life, using the principle of the same frequency resonance, as long as the consciousness reaction is fast enough, this can be done.

It may be difficult for ordinary people, but for the top competitive masters, it is very simple, why the blood of the last life is called the first blood, as long as your consciousness is strong enough, you are the king of this arena. For other super skills that are cherished by bloodlines, the avatar bloodlines are freely released.

To defeat the cloned bloodline, either your consciousness responds faster than the cloned bloodline player, you can use the gap between the opponent's shots to find holes, or you are smart enough to let the cloned bloodline player be led by your nose, otherwise, there is no Any chance.

During the live broadcast, Ma Feng asked curiously, "How many avatar skills does Lu Yang now have?"

Dubin said: "The official didn't say, but if Lu Yang had everything in place, he should be able to release thirty or forty mixed spells."

Hitomi asked in amazement: "It's terrific, but it's so unfair. Can't you restrain it?"

Dubin looked at the information and said: "The official restraint method is to mix the spells in a wide range, only 9 times the damage result. If targeted fire jewels are used, Lu Yang's damage is not high, only three skills at a time. Four million damage, if it is a single attack skill, as long as the reaction speed is fast enough, it is not difficult to hide from it. As for the super powerful move, the mixed skills of the five avatars need to be delayed by 2 seconds, no matter what profession They all have the ability to interrupt spellcasting, or equipment such as the Purple Lotus Staff, which is easy to interrupt. "

Then everyone came to understand.

"It turned out to be the case, I thought this profession was invincible." A thief player said proudly.

A mage sneered next to him and asked, "Knowing is knowing, but can you hide on the field?"

"Fuck." The thief gave the Master a scornful look and said, "You treat me like these non-humans, of course, this night king is also unlucky. His equipment is definitely not fire resistance, but blood."

The players in the audience reacted and looked at the night king on the field with a smile. You know, the night king had previously shouted that he would win a personal championship for Olma, that is, he was going to defeat Lu Yang. Yes, but now it seems that he is tragedy.

On the court.

The King of the Dark Stare stared at the sun. During the intermission, he and Olma heard information about mixed spells from Dubin. They also knew that it was difficult to win in this game. The official Provisions are not allowed to change equipment on the way!

Lu Yang felt the eyes of the night king. He smiled and walked to the light spot, and said to the night king who was also near the light spot: "Surprising, there will be more surprises in a while."

“What do you mean?” The night king was reluctant to walk to the light spot. If he was unwilling to enter the light spot quickly in the first game, it was to delay time and make Lu Yang more uncomfortable. Now the night king is thinking about how to delay Time allowed him to find a way to defeat Lu Yang, but he hadn’t thought about it for so long just now, and now he was told by Lu Yang again, he had no idea.

Lu Yang saw the fear of the king of the night, and he grunted coldly, saying, “When you hit it, you will know.”

He summoned four avatars and ran towards the back corner at the same time.

The night king is very upset, but he can’t help it, the reminder time is getting less and less, he has to step on the light spot before the last second.

System prompt: second game countdown

1

Start

“I won’t admit defeat.” The dark king opened the game and decided to kill madly. He knew that Lu Yang must not be given any chance, so he had to make a desperate attempt.

“charge”

The night king rushed towards the landing sun with a phantom.

In such a response time of only 1 second, Lu Yang still had time to show a smiley face. When the smile appeared, the audience knew that the night king lost!

“flicker”

The moment Lu Yang hit him, his body turned into a white light and disappeared in place. The next second, he appeared 100 meters behind him. It was surprising that the night king threw an escape dagger at the same time. , Actually appeared accurately in front of Lu Yang, but Lu Yang did not have any movement.

“Ah, Lu Yang made a mistake.” Du Bin exclaimed.

At this moment, the audience was cheering for the efforts of the night king. The night king raised his long sword and slashed his head. If he slashed, the escape dagger would be invalid, and Lu Yang would face the night king. The crazy attack mode of God of War’s Wrath mode.

But at this moment, Lu Yang’s body suddenly burst out a red golden light.

“Polynuclear explosion”

In the future, the violent flame power will be less than that of the night king, who is less than 1 inch away from Lu Yang’s head, and his sword will fly out, and then Lu Yang will point his staff with his right hand.

“Destruction Cannon”

An energy hit from the tip of the staff and hit the night demon while crashing him back another 20 meters.

“Transfer”

While the night demon was still flying in the air, Lu Yang’s four avatars jumped to the side of the fire method at the same time.

“Fire Snake Dance”

“Spirit Judgment”

“Hurricane Burst”

The water body, the wind clone, and the fire magic body glow at the same time, and three energies converge on the tip of the staff of the fire magic body, and the three bodies speak at the same time.

“Mixed Spells-Hundred Snakes Kill”

In just one moment, 100 fire snakes rushed out of the energy ball at the front of the staff. When the night demon landed, 100 fire snakes arrived. Even if the night devil tried his best to escape, more than 30 hit him.

Each Fire Snake has a damage result of 300%. The Night Stalker’s health is already low, and this one should not have a chance to hit his skills, and it was instantly killed.

Chapter 1536 - Rare Bloodline Appears

Lu Yang was prompted, he was promoted, flew back to the private room, he immediately quit the game and rested, he was indeed a bit tired.

Here Lu Yang rested, and on the other side, the players quarreled.

“Bug, it’s too buggy. The blood of the avatar must weaken. It’s too much.”

“People are quick to respond, why can’t they operate five to fight one, nothing wrong.”

“This kind of occupational injury is too high, too much.”

“Not too much.”

“No one can beat him.”

“It’s impossible, but you guys won’t play.”

...

The players are in a quarrel, and Dubin is also anxious. He suspects that if this continues, the blood of avatars will have a great impact on the game.

“Who’s the next game?” Dubin asked.

Hitomi sorted out the data and said, “The opponent in the next game is a bit special. This man is a shaman, but no one knows what skills he has, because he uses the most common attack method to kill.

“So strong?” Dubin was a little surprised.

Ma Feng said: "This is a master. It just happens that his opponent is also a master with a separate bloodline. There is something to watch."

Dubin's eyes lit up and he said, "Broadcast this."

The screen flashed.

The next game appeared in the live broadcast room, and Dubin shouted excitedly to all players: "It's another bloodline game. This game let us see what the bloodline master has achieved and played. law."

Players' interests are attracted one after another, and those who can break into the 10,000 people list. Without luck, they are really capable people. They want to know whether this master of the bloodline has mixed skills.

On the court.

Jim, a British avatar player who also has five bodies, felt the attention from the players for the first time, and he and the coaching team were very excited.

"We're famous." Jim exaggerated.

The coach frowned, "It's a shame you don't have a mix of spells, and if you do, your attention will increase dozens of times."

Jim said indifferently: "It doesn't matter, you can defeat your opponent. Now that we know the mixed spells, we can find it."

Even if there is no mixed spell, it is very difficult to lose five bloods and hit one, especially in the face of this melee profession.

Opposite Jim is a shaman holding two claw spurs. His outfit gives a very earthy feeling, but if Lu Yang is here, he will excitedly tell everyone that this very earthy equipment is only One special bloodline can do it, and that is the spirit of nature.

This is a very wicked profession. In the whole game, there will be no more than 1,000 people who can transfer to the spirit of nature. This is a special profession that is truly rare. No one knows how they successfully transferred, even themselves. They are not clear, but they are a little clearer. The spirit blood of nature restrains all bloods of the natural law system. It is just that the five spells of this avatar blood all belong to the nature system.

The name of the natural spirit shaman is Koster. He is a Danish player. He watched Jim enjoyed recruiting with players from all sides. He sneered in the heart. He could n't be sure that he knew the mixed spell, but since it was the blood of the clone Yes, he decided to pre-emptively use the skills that he has always hidden and not used to let the world know that there is a blood in the world called the Spirit of Nature, which is stronger than the blood of the avatar.

Coster actively stood on the spot and waited for the battle to start. On the other side, Jim saw Coster's move, haha came to the spot with a smile, and said to Coster, "Dude, do you want to admit defeat in advance? Tell You, I know how to mix spells. "

Coster was expressionless, but he was startled. He knew that he had to do his best. If he let the other party use mixed spells, he couldn't resist three attacks.

System prompt: match countdown

2

Start

As soon as the sound fell, Jim didn't wait to make any action, and Cost suddenly jumped back to the edge of the field. This jump was 150 meters away. He put away his two stabs and made strange gestures with both hands.

Jim was a little embarrassed. He didn't expect that he just scared Koster like this by knowing a mix of spells. He was a little curious about what he would use. For this reason, he deliberately learned Lu Yang to order the four avatars to run to the arena Around the corner of his half.

The audience watching it was also very curious, but did not let them wait for a few seconds, only three seconds, and the Coster skill was completed.

“Disorders of the Five Elements-Heaven and Earth Explosion!”

Taking the center point of the ring as a benchmark, a ball of energy **** that released the five rays of light suddenly burst out. Only a moment, the ring with a diameter of 500 meters was swept by the light.

The expression that Jim didn't care about suddenly became frightened. When he found that he had lost 5 million points of blood, all the avatars were banned from magic!

“badge”

Jim quickly released the magic control with the badge, but he was terrified to find that it was useless, and this skill could not be lifted.

“Don't struggle, you don't understand my skill. This is a magic-stopping skill that is continuously released in space. You lose.” Coster launched the natural displacement skill, which suddenly appeared in front of Jim's body, and two sharp claws appeared on him. In his hands, he madly attacked Jim.

Jim is stunned. In the state of forbidden magic, he can't even open the ice protection. He can only watch himself being beaten for three seconds and enter the protection state of silver clocks. Fortunately, his skill only lasts. Three seconds gave him the opportunity to release the frost shield.

“噤”

A piece of ice appeared on Jim's body, making him immune to all physical and magical attacks. At the same time, he ordered the remaining four avatars to attack Koster.

Koster glanced around, easily dodging the long range skills of the four avatars, watching Jim's body in the ice cube, he kept moving in his hand, and continued to attack the ice cube for 7 seconds.

Players are very curious about what Kost is doing. The Ice Guard cannot be attacked, but the players do not know that the Ice Guard cannot fight blood, but it does not mean that it cannot fight blue. Each attack of Cost is accompanied by With the blue effect, 10,000 mana is reduced in one attack. At his violent attack speed, Jim's blue was destroyed more than half of the moment when the ice protection was over.

“flicker”

Jim had been terrified of being beaten. He quickly launched his jumping skills and jumped 100 meters backwards, but just as he landed, Cost showed a sneer, and his right hand lit a light and pointed at Jim.

“Disorders of the Five Elements-Magic Explosion”

Jim's body glowed like a sun, and in the next second, the battle was over, and Koster, the spirit of nature, won the first battle.

The audience was blown up!

Chapter 1537 - Bloodline of Nature Elves

“What’s the matter, the player who broke up the blood was taken off?”

“How did the blood of the avatar enter the 10,000 people list, did you buy it?”

“Isn’t this the bloodline of avatars? Why have they been seconds?”

Players don’t understand, but more excited.

“What kind of blood is this Koster? It’s so strong. The audience can control the magic for 3 seconds and the badge can’t be unlocked.”

“It’s 200 meters away. This is a hair attack. Fight him and give him a chance to die.”

“If Lu Yang fights against him, he will be finished if he is charged. He feels that he cannot fight.”

...

Dubin breathed a sigh of relief as he watched the screen full of screens in the broadcast room, saying: “It seems that the players are astonished at Lu Yang’s bloodline, and now they are discussing the issue of the bloodline of nature.”

Hitomi asked: “This profession is so strong, I don’t think anyone has an advantage over him.”

Dubin has obtained the information and said, “Yes, this is one of the rarest bloodlines in the Second World. It is called the spirit of nature. At present, only 3 billion players in the game have become full-time spirits. 312 people. “

Players watching the broadcast all over the world have exploded.

“What blood can be so rare that there are only 312 people. Please find his contact information. I will accept him.”

“Such talent must enter our guild and recruit heavily.”

...

Ordinary players are lamenting, the presidents of the major guilds are anxious. Such a tyrannical profession, they must not let go. For a while, everyone was looking for Koster's information, but they found that Koster had not served in the past. Anyone with a guild, he is an authentic scatter.

Where do they know how natural the blood of nature's spirit is, it's unheard of. After the second transfer, if they want to transfer to the spirit of nature, choose to add points and fight monsters, they dismissed more than 99.99% of shaman players, only those Players who are lacking in mind or gimmicks will use that method.

If you want to transfer to the spirit of nature, you need to master every spell release method of the natural shaman, that is, a shaman who should have used the physical department, but must constantly use the natural system's extremely low-damage spells. Come to fight.

As we all know, the shaman's legal mode damage is very low. He does not have super high explosions like mages and warlocks. The legal shaman's damage is stable, and the penultimate damage is very stable. Therefore, he can insist on using natural spells. Daguai are all strange.

The specific number of natural spells used, or how many times each natural spell is used, the official did not say, but you can imagine that you can make two turns at level 60, but you have to use natural spells to level 170 to find natural blood. This perseverance is not something a normal person can do.

Of course, the person who can do it is officially given a great reward, that is, this natural bloodline. He can ban all people within 500 meters for 3 seconds and cause fixed 5 million five-line natural damage, which is equal to Fixed damage, ignoring magic immunity effect.

The damage is not the main thing, it is mainly the control. The non-stop non-stop magic free for 3 seconds, the badges are useless. The trick in the legal system is equivalent to a waste. This is an arena, all are masters, 3 seconds Can't defend or attack, let the opponent output at random for 3 seconds, just like admitting defeat.

Fortunately, if there is only such a skill, there is equipment such as silver clocks that can be immune to all damage for 2.5 seconds and also give the player a chance to respond, but he has skills such as playing blue and magic explosion. Magic explosion is the player's The magic cap is subtracted from the current magic value and multiplied by a factor of 1.5.

With the violent attack method that Koster just made, he hit 35 times in 7 seconds, each time 150,000 blues, which equals to destroy the opponent's more than 5 million mana, while Jim's total mana is only more than 10 million, which was damaged by magic explosion. , Instant death became inevitable.

Off the field.

Jim knew how he lost in the first game, but he was still in a state of awkwardness, and he couldn't solve it at all.

Jim's coach said: "The only way now is to fight with him and use his body to play against him, to prevent him from starting to release the heaven and earth killing skills."

Jim said silently: "It can only be this way."

A system prompt came, and Jim was forced to return to the court. This time when he looked at Cost, there was no longer contempt, but deep fear.

The audience also focused on Coster, and they wondered what special skills this profession would have.

Coster was still the expression that didn't care, and came to the light spot actively, waiting for the next battle to come.

Jim frowned and came to the light spot.

System prompt: match countdown

5

4

3

2

1

Start

The four avatars behind Jim did not appear immediately. He launched the flashing skill and jumped to Koster's body. It was almost an instant when the four avatars landed, causing 400% spell attacks after landing.

Coster seemed to have expected Jim's way of attack, and his body turned into a phantom and jumped 200 meters away, and he made a gesture.

Jim opened his eyes sharply. He didn't know the meaning of the gesture, but he didn't dare to give Koster a chance to release the spell.

"Escape The Dagger"

A blue light passed across the middle of the field, Jim jumped to 80 meters from Cortez, and a left-handed light pointed at Koster.

“Spell Countermeasure”

Koster was hit by a spell, and the green light on his hand was hit. This surprised Koster. He released a natural system control spell. The release time was only 1 second. He also deliberately ran 200 meters away to release it. Thinking of this can be hit by countermeasures.

“You are really a master,” Coster said.

Jim was depressed and anxious. He usually said these things to others, and then defeated the other person chicly, but he did not expect that someone else would say this to him today.

“Follow me arrogantly, I won this round.” Jim’s four avatars ran towards Coster at the same time, and five bodies successively launched spell attacks.

“Pyroblast”

“Thunder Light Whip”

“Air Knife”

“Ground Burst”

“Ice Storm”

...

Every spell is not instantaneous, but Jim has almost realized that every spell appears in an instantaneous form, showing how solid Jim ’s basic skills are.

In the arena, five series of natural spells fluttered in the sky for a while. As if Cost was attacked by five people at the same time, he had to dodge around in danger. As Jim 's five bodies got closer and closer to Cost, Cost became It's no longer that every skill can hide, it will also be hit by the skill.

Jim's face became much relieved. He knew that as long as each of his avatars had reached a distance of 30 meters from the other party, that would be the best distance for him to output, and the other party would not even have a chance to escape.

However, he knew that Jim did not use the escape dagger. The natural displacement skill just now must have a large time limit. Jumping 200 meters, the space mage could not do it. The cooling time must be too long. As long as he forced Cost to use the escape He won with a dagger.

Coster also knows this, but he thinks differently from Jim. He is looking for a chance to kill Jim with an escape dagger. Although he is constantly hit by Jim's skills, he has a choice, even if he cannot escape. He will take the initiative to hit Pyroblast or Earthburst. These two are not controllable. Lightning whip has paralysis effect, ice storm has deceleration effect, and wind knife also has deceleration effect.

He has observed that Jim 's five mages have no flaws when they attack. Therefore, if he wants to output, he can only jump behind a certain clone at a limit of 30 meters. Using his single spell explosion can become instantaneous. The advantage of the shot was a fatal blow to Jim.

70 meters

60 meters

50 meters

...

As he continued to march, the distance between him and Koster became shorter and shorter, but after such a long distance, his five bodies only hit Koster three times in total, so Jim speeded up and he did It may have been such a continuous output, at most he can persist for 5 minutes, but after that he will be forced to quit the game. Now 1 minute has passed. He must resolve the battle within the remaining 2 minutes, leaving the last two Minutes to the next game.

Coster stared at Jim's five avatars, and as the opponent's footsteps moved, he found out that Coster wanted a quick decisive battle, and he knew that his opportunity came.

"Escape The Dagger"

A blue light flew from Koster's hands, just after Jim entered the soil clone and released his skills, he immediately came behind the soil clone.

"Nature's Venerable Form"

Coster's body crystallized, his hands pointing at the soil clone.

"Ice Fury"

"Wind Fury"

"Thunder's Fury"

"Rage of the Earth"

"Furious Fury"

Five spells were shot in succession, only 1 second, Jim found that he had been attacked, and just reacted. Controlling the soil avatar flickered out of the attack range, but it was still slow, and was hit by three angry attacks.

Each Anger attack is 10 times the magic damage, and more than 27 million hits are lost, leaving only the last less than 3 million hits.

Jim does n't have a silver clock, he only equips his body and each clone with a bronze armor, only 1 second of protection time. Now his health is automatically triggered below 10%. Although he has managed to avoid it The rest of the attacks, however, also lost the protection of the bronze armor, leaving only an ice shield to save their lives.

“Thunderstorm”

Koster was so overwhelming that while Jim was panicking, his hands were pointing at the sky, and thousands of lightnings fell quickly, each of which had 150% of normal spell damage.

Jim was crazy, he could only take a bite of the potion and quickly opened the ice protector, frozen the earth mage in the ice cube, and the other four bodies rushed towards Koster.

Koster was not in a hurry at this time, and his body retreated sharply. He knew that Jim 's soil avatar would be dead, because the Thunder Storm lasted 30 seconds and the attack range was 500 meters in diameter. He did n't need to do anything. Come out of the block, even if he takes the potion, he will die five times after being attacked. There is no way to crack it, he only needs to avoid Jim's attack within these 7 seconds!

Jim also knows this He desperately, the four avatars launched a crazy attack on Koster, almost flickering in front of Koster to release the magic, and he was totally fighting for him, and Koster used it at this time With all the evasion skills, facing Jim 's crazy attack, he desperately dodged in the place, but in the end, after 7 seconds, Coster was half-blooded, and then 3 seconds later, Coster was bloody, and Jim 's soil was split by lightning dead.

System prompt: Coster wins the game!

Cheers!

Coster raised his fist in excitement and spent four years. He finally proved the strength of the natural element shaman. He left the arena with his head up.

The light flashed, and he appeared in the safe area of the Celestial City. Just after landing, his friend's application reminder sounded overwhelmingly. This included dozens of the world's strongest guilds such as the Group of Eight and Tangerus Guild. And the president of the top guild.

Koster grinned, blocked all, and closed the friend application, muttering to himself: "Now I want to recruit me, it's late! I have worked hard all these years alone, I don't need a guild at all, and I don't need any guild."

Chapter 1538 - Little Phoenix

People such as Zhuojiu and White Lion were also recruiting. Unfortunately, they were also rejected. For a while, several people looked at each other.

"Unfortunately, this man didn't even give us a chance to speak." Zhuoshu shook his head.

"Maybe he already has a guild." Tian Yao also sighed and said, "It's a pity that such a master is not with us."

...

The presidents and deputy presidents of the major guilds also felt the same way. Unfortunately, they did not know at all that Koster did not have a guild at all, and he was already broken by the guild.

The major guilds here regret the failure of one talent competition. On the other hand, the players are arguing in the live broadcast room and in the game.

"Unfair, this profession is too buggy."

“Yeah, how can you play other professions when you encounter such a profession?”

...

In the live room, Dubin looked at the barrage that was swiped on the screen and asked Ma Feng around him: “Do you think this profession is invincible?”

Ma Feng shook his head and said, “There are too many players who can restrain this bloodline. Far from saying, Naif, the eight fierce leader who was defeated by President Lu Yang before, his bloodline is a life-threatening soldier. This is a countermeasure. For all magical professions, if Koster dares to distract Neff from nature, as long as Neff counters it, it is Koster who is banned from magic. “

Dubin suddenly realized, “Yeah, isn’t Neff trying to restrain Coster?”

Ma Feng shook his head and said, “Let ’s watch the operation. In theory, Naif is completely restrained against any legal system, but he still lost to Lu Yang. This proves that this game is not played by blood, but requires extremely high-end operations. And smart minds. “

Dubin agreed and said, “That’s right, this game is mainly player-based, supplemented by blood.”

It proved that the natural bloodline is not invincible, and Dubin was relieved. He was really worried that the player would doubt the game because of the bloodline problem, which would cause a great problem. Now that it is opened, it will be solved.

Players agree with Ma Feng’s words. Obviously, there are restraints and strengths in blood, but after all, it depends on the people who use this blood to reach that height, everything will be fine. If you ca n’t, you need to work harder. As for ordinary people, it is enough to understand the difference between competitive masters and them.

In the evening.

Lu Yang woke up, his second battle was over, and there was a third game in the evening. After he logged in to the game, they learned about Koster from the muddy wine, which made Lu Yang interested.

He had the idea of recruiting Coster, looked at Tu Feng, and asked, "Is there a way to find Coster?"

Tu Feng said: "He is a Danish player, he doesn't know where to upgrade at present, but you don't have to meet him. According to the current game system, another round, that is, tomorrow morning, you will meet on the field. Here. "

Lu Yang nodded. He believed that Koster would have no problem upgrading and asked, "Who is my opponent in the next game."

Tu Feng said: "This is a female player, with an Estonian nationality, her real name is Corelly. She is a special fifth-level blood mage in the fire department. She is good at turning into a fire phoenix to attack her opponent. She is very strong. In the official ranking, she was predicted A master who can make it into the top 100 of the list. "

Lu Yang was a bit interested. He vaguely remembered that the girl, Kerui Li, was really powerful and powerful. He looked at the court and Kerui Li had already entered the field.

The girl is very beautiful and very popular, wearing a beautiful fiery red jumpsuit, is blowing kisses to players around, causing countless people to scream.

Lu Yang smiled and said, "I'll meet this girl."

The light flashed, Lu Yang entered the arena and appeared 30 meters opposite the girl.

Kerui Li saw Lu Yang enter the stadium, with an excited look in her eyes, rushed to Lu Yang and said, "Idol, you can sign my name."

Lu Yang said, "Little girl, this is not your trick."

"Of course not," Kerui Li said, holding her arms excitedly. "You are my idol, and I particularly adore you."

Lu Yang laughed and said, "Have talked again. On the battlefield, you are my enemy. I will not be disturbed by your words and expressions."

It was as if a sly little fox found that his conspiracy had failed, rubbing his hair depressedly and saying, "You can't be the last one. I can't beat you at all."

Lu Yang asked jokingly: "Why."

Kerui Li said with a depressed mouth: "Your intelligence organization must report all my news to you. I am a little Phoenix bloodline. This bloodline move is to turn into a Phoenix egg percentage and fight for 10 seconds. You can put People burned to death, but my big move was hit 20 times before hanging up. If it is against other bloodlines of the legal system, I can try to use it once, but you are a bloodline of two people, five people beat me a Phoenix egg, not 10 seconds After the clock is over, you can attack 20 times in 5 seconds. "

Lu Yang laughed and said, "Your little girl is very smart. Indeed, you have no chance. Give up on your own initiative."

"Not reconciled," said Corelli, pitifully, "200 million euros in bonuses."

Lu Yang said with a smile: "It's not yours either, let it go first, then add a friend, I have something to look for in you."

"Okay, I see." Kerui Li, with two big big eyes, unwillingly gave Lu Yang a glance. After the game started, she chose to give up the game and voluntarily gave in.

The host Du Bin was dumbfounded. This was the first time that he encountered a battle in the 10,000-man list, and he lost it without playing. This is already a 750-person battle in a 1250-man match, which is equivalent to a battle in the 1,000-man list. If you give up, give up.

Dubin, before teleporting to the field before the start of the second game, handed the microphone to Kerui Li and asked, "Why take the initiative to give up the first game?"

Keruili kicked the soil under his feet, looked at Dubin angrily and said, “Why are you so annoying that you can’t see that I can’t beat him, I’m so annoyed, I gave up in the second game, goodbye.”

Kerui Li directly retired and left the field.

Du Bin stared blankly at the empty ground, then turned to look at Lu Yang, and asked, “Well, what do you think?”

Lu Yang shrugged his shoulders and said, “I have nothing to say, I’ll quit first.”

The light flashed, and Lu Yang also left, leaving only spectators and the presidents of the major guilds.

Gelga told Vice President Anthony: “Phoenix blood is a rare blood. Corelly can break into the 10,000 people list with such a blood line that is not suitable for the arena. If it is not Lu Yang, he will enter the thousand or hundred list. It’s possible that she can’t play in the arena, but in a large-scale guild battle, Kerui Li’s Phoenix is a very tyrannical existence. We must fight for such talents. “

“I’ll contact him.” Anthony and Corelli are friends. Before Anthony, they paid attention to every player who entered the 10,000, even 50,000. They have a person responsible for recording data. Anyone who has the strength will enter their list. .

This is not only the case for Gelgar, but also for the other major guilds. All guilds will have different annual salaries at different prices according to the lists entered by these players.

“Ding Dong”

“Ding Dong”

...

Kerui Li listened happily to the friend's application voice from the system, but she didn't add one, but quietly waited in the private room. After a while, Lu Yang arrived, and the little girl ran to Lu Yang in excitement. Take out the photo and say, "Sign, you promise me."

Lu Yang looked at the photos in his game, signed his name in the lower right corner, and asked with a smile: "I know you don't have a guild, and are you interested in joining me?"

Kerui Li smiled slyly, like a little fox, and asked, "What's the salary and the treatment? I have a lot of demands?"

Lu Yang pointed at the little girl with a smile and said, "You, the treatment is 200,000 credits, and there will be bonus sharing. I will train you extra and give you a super helper, so you can easily release the big move. , No one can hit you yet. "

"Really?" Kerui Li asked in surprise. So far, Kerui Li's most anticipation, or the most anticipation, is that someone can protect her and release the big move. Obviously, such a powerful skill can only bear. 20 attacks and then hung up, but in the war, who can protect her to let him release the Phoenix Egg skill for 10 seconds freely.

Furthermore, the Phoenix Egg was released in the air, and ordinary players can't protect it if they want to protect it. As a result, there is no guild in Ko Ruili who is willing to help her accomplish this wish. She can only hone other skills. Achievements, but what she is most looking forward to is using Phoenix Eggs in the crowd, so that he can kill thousands or even tens of thousands at a time, that is what a player wants most.

Lu Yang pinpointed this feature of Kerui Li, and said, "Of course it is true. I am the chairman of the Jagged Brothers League, because this is a deception for you. I said that person can make you among 10,000 people. The big trick for safe release is to be able to do it. "

Kerui Li absolutely believed in Lu Yang. She was a loyal fan of Lu Yang and asked excitedly, "Who is that person?"

Lu Yang smiled and said, "He hasn't joined yet. I'll tell you when he joins tomorrow."

“Ah? You dare to say so before you join.” Kerui Li asked with a small face full of loss: “In case he doesn’t join.”

Lu Yang said: “I will recruit him tomorrow, and he will definitely join, and he will appear in front of you tomorrow morning.”

“Uh, you’re not talking about Coster.” Currie asked curiously, and she also followed the schedule.

Lu Yang said, “You’re right, it’s him.”

“Well, then I’ll sign a contract with you. I believe that only you can surrender that kind of monster.” Kerui Li said.

“Do you know him?” Lu Yang asked.

Kerui Li nodded and said, “We met in the arena. At the time, we both worked hard and added friends. We both thought that if there was another one who knew the scope of physical disarming, the three of us would You can form an invincible lineup. “

Lu Yang handed over the contract and said with a smile: “He can do it alone, of course, there are also people who have full range of magic and silent disarms. If Koster does not agree, I will change that person for you.”

“Wow, then I signed.” Kerui Li looked at the contract, signed the name, and asked, “When will I go to Huaxia, yes, I want a separate room to The one that’s beautiful. “

Lu Yang laughed and said, “Of course it is possible. Fly over tomorrow afternoon. It is best to take a flight with Koster.”

“Okay.” Kerui Li left the contract happily, turning off the friend application switch by the way, except for Lu Yang and existing friends, no one else could add him.

“Damn, I turned off the friend addition switch, and I really don’t understand what these masters think. I really suspect she has been recruited by others.” Galga and Olma yelled at the same time.

“Should not, just after the game, if you really sign a contract, how can you shop around? Ask each of us to choose a contract, and we haven’t asked a few of them to prove that these people have not joined the guild. Idea.” Stephen said.

Sanyouweimen sighed and said, “The former eight fiends are the same, so is Koster, and this little phoenix is the same. It is really strange that they will have to form their own guild.”

Everyone shook their heads. Unfortunately, they didn’t know yet that the real masters of this session were being hired by Lu Yang one by one. The eight fierce soldiers had arrived, and the little Phoenix had arrived. The next one was Koster.

Chapter 1539 - Bagley completes the mission

On this side, Lu Yang is busy recruiting masters. On the other hand, Bagley is stepping up penetration. Tonight’s battle is over. The fourth Global Competition has already divided the top 750 players.

Play three games tomorrow, divide the top 100 players, and play three games the day after tomorrow, you will be able to determine the final 24 players, the next day will play another game, the final top 12 will be decided, the contest will enter the finals Phased out.

Individual matches, 2V2, 3V3, and 5V5 battles will be played offline, that is, held in Donghai City. The battle will take three days, that is, three days later, on the day of the final, at least seven of the strongest of the games The guild must attack him at the same time and attack the tiger.

Zhou Tianming, as their deputy vice chairman, must go to Mexico on the first day of the offline match and complete this betrayal under the supervision of Galga and Anthony. During this period, Zhou Tianming must also complete the opponent player The mobilization is not a general trouble.

Inside the room.

Lu Yang and Zhou Tianming said, "How about the mobilization this time."

He refers to the subordinates who belong to Zhou Tianming and obey his orders to participate in the rebellion.

Zhou Tianming sighed and said: "I have found the 60 main army commanders one by one, and I advised them, and they also advised me, but in the end they were taken by my authority, and they obeyed my orders. After I left, they would gradually Took his family away. "

Lu Yang patted him on the shoulder, and said, "I will bring them all back after the battle. They are successful this time."

Zhou Tianming nodded and said, "However, there are still some legionnaires who have commented on our guild and took the initiative to find my rebellion. I cannot determine the truth."

Lu Yang asked: "Who is there?"

Zhou Tianming said: "Everyone has them. Most of them are the commanders of ordinary regiments. I suspect it was Yu Wei and Zhuojiu who sent me to test me, and other guilds sent me to test me."

Lu Yang smiled and said, "Don't bother with them. After you formally rebel, it will be clear who the traitor is."

Zhou Tianming looked at Lu Yang and said, "Boss, the day after tomorrow I will leave. In case the brothers don't come back, my brother and my brothers will rely on you."

Lu Yang's eyes were wet, and he almost couldn't hold back. He patted his shoulder hard, and said, "Don't say that, I can make you come back safely."

Zhou Tianming didn't say much. He knew that Lu Yang would do his best, but when he arrived in Mexico, no one knew what would happen. He explained the aftermath and could let go.

"I'm going back to pack my bags. Alice will call me later." Zhou Tianming said.

Lu Yang nodded and watched Zhou Tianming leave. He called out to Bagley and asked, "Which step has it taken? Zhou Tianming is about to go the day after tomorrow."

In the middle of the night at Huaxia, it was noon in Mexico, the sun was shining. Bagley was lying on a beach lounge by the sea, watching the distant actresses and rich men chasing in the distance. For two days, Zhou Tianming must have stayed in my hotel. "

The method he planned was, in his capacity as a rich man, he kept looking for young and beautiful women.

ty, and then invited local wealthy merchants and various male stars in need to make him more and more famous.

Although he had not been to Mexico for less than two weeks, a large part of the upper class in Mexico knew that he had a high-end bureau here, but Bagley gradually took control. Many people were not eligible even if they had money. The bureau is more high-end.

Gelgar, Anthony and others are loyal supporters of the party. They found that they could meet someone stronger than them, which made them very excited.

Bagley believes that when Zhou Tianming is here, Gelgar will definitely refer Zhou Tianming to himself. The only problem is that he cannot be too proactive and easy to show flaws, it is best that they raise it actively.

Just as he was thinking about it, in the distance, Galga and Anthony walked over in joy.

“Bagley.” Gelgar, wearing casual shirts and sunglasses, walked to Bagley and gave him a big hug, saying, “My brother, you’re living more and more envious of me.”

Bagley kissed Galga and kissed Anthony, and laughed and said, “This is what life is all about. If you are rich, do n’t look for beautiful women, do n’t eat the most delicious food in the world, do n’t take the best Airplanes and luxury cars, what’s the point of being alive. “

“Yes, that’s right,” Gelgar agreed, asking Bagley’s shoulder, “brother, I want to ask you something.”

“What’s the matter?” Bagley asked.

Gelgar said a little distressedly: “I have a distinguished guest to receive in two days, but I don’t know where it is more suitable for him to live. I find it around. I think you are the best here. Can you let him live next to you? I opened a room on the other side to watch him, but I couldn’t let him know that I was watching. “

Bagley was ecstatic, and guessed that it was Zhou Tianming, but his face frowned and asked: “It won’t be illegal, brother, I’m here to play, but don’t want to worry about it.”

Gelgar shook his head and said, “Where, how can I do illegal things? This person is special. I also want to cooperate with him for a long time, so I hope to leave a good impression on him. you.”

Zhou Tianming can bring 2 million players from the Jagged Brothers League, of which 600,000 are elite. This is a force that no one can underestimate. In Galga’s heart, if they beat Lu Yang this time, then the three friends Guardians, Radvidev, and others will become enemies in the future and must plan ahead.

However, he was worried that Zhou Tianming surrendered. In order to prevent any accidents, if Zhou Tianming had any actions against them, Gelgar would immediately imprison Zhou Tianming and even kill him!

Bagley knew that he couldn’t refuse anymore, and said, “It’s okay, but you have to tell me who the person is first. Don’t be hostile to me, I really can’t receive it.”

Anthony said with a smile: "It's impossible You will know by then, you two have never seen each other."

Gerga nodded.

When Bagley saw this, he shrugged his shoulders indifferently and said, "Well, then I promise you, you can find a room."

"Thank you," Gerga found the room long ago, and said, "It's on your side, nobody's living. I've rented it."

Bagley nodded, just then, a group of girls rushed over with a smile, holding water guns in their hands, spraying water on Bagley and Galga, Anthony, and ran away with a smile.

"It's all about business," Bagley asked, raising an eyebrow.

"It's over." Galga raised an eyebrow.

Bagley pulled a huge water gun from his lower back and said with a smile: "Look how I can pack them."

Gelgar and Anthony watched Bagley run away, both of them showed envy, and found that there were still two water guns on the table. He smiled at each other and joined the battle.

Chapter 1540 - Zhou Tianming travels to Mexico

It was late in the night in Mexico, and Galga and Anthony were enjoying themselves. They walked out of the hotel with their arms around.

Bagley sent him personally and watched the two cars go far away, so he had the opportunity to call Lu Yang to report and said, "Gelga is sure to let Zhou Tianming live in the villa next to me."

On Huaxia's side, Lu Yang was preparing to play the first game. He heard Bagley's words and smiled, saying, "Good job."

Originally, what he was most worried about was that Zhou Tianming was found by Galga and others in a place that no one knew, and he could not put a tracker on Zhou Tianming's body. Even if the tracker was put on, once the other party had a shielded signal, etc. Things are also useless.

Now that the problem is solved, the hotel where Zhou Tianming stayed was determined, and the specific address was determined. The rest is to dig the secret road. At that time, he sent a black knife to rescue them at a critical moment. He can be completely sure that Zhou Tianming's life was saved. Now, Lu Yang can finally let go.

Tu Feng appeared beside Lu Yang, saying: "The news has been found out, the eight strongest guild presidents including Sanyouweimen have secretly issued mobilization orders, and all the legionnaires are mobilizing their players. Gathering copies is actually preparing for war against us. "

Lu Yang looked at Tu Feng with a smile, and said, "The news was sent at the right time, and all the main vice-chairmen and special legions were summoned to eliminate Zhou Tianming."

"Yes," Tu Feng said.

Lu Yang opened a special space, and people such as Zhuojiu quickly entered after receiving orders. At about the same time, except Zhou Tianming, they included Zhuojiu, Xia Yuwei, White Lion, Tianyao, Liangyun, Qingfeng, Jiangze, and bitter. All the main vice-chairmen including Aibansheng and the special corps leaders such as the lovely queen and Liu Yunpeng are here.

Recent developments of various parties, even if they are not responsible for gathering intelligence, they feel that the situation is getting more and more serious, and they have waited for this order of Lu Yang for a long time.

“Boss, are you going to fight?” Asked Zhuzhuo.

Lu Yang nodded and said: “Sanyouweimen and Olma and others gathered 8 strongest guilds and were ready to attack us again. The time is expected to be the day when I reach the final.”

Jiang Ze frowned and said, “I have secretly convened the commander of the army before, and my 600,000 people have been mobilized. I can go to war at any time during the day and at night.”

Lu Yang smiled and said, “Good job.”

Jiang Ze said: “The problem is that most of my players have reached level 160, but they are still wearing dark gold sets of 150. Most of the 150 dark gold sets have not been fully played, and the combat effectiveness has been greatly reduced. what.”

Xia Yuwei said: “I also moved here in advance, the problem is the same as Jiang Ze.”

Including Zhuojiu and others, all the vice-chairmen and special army commanders did not disappoint Lu Yang. With their keen sense of smell, they discovered problems in advance and mobilized players.

Lu Yang said, “You just have to be prepared. You don’t need to think about the equipment, as long as we defend the tiger fortress, everyone is ready to go.”

To be on the safe side, he did not tell anyone here that Mu Yi’s loyal smithy was working on making 160-level gold gear.

Zhuojiu thought about it and asked, “One more question, Zhou Tianming’s men, what shall we do?”

Lu Yang said, “The people entrusted to you will be managed by you, or they will be included in your battle queue as before. Go for it.”

People like Xia Yuwei and White Lion looked at each other and wanted to say something, but in the end they didn't say anything, they each withdrew from the special space, but their eyes were very complicated.

The party just arrived at the door, just happened to meet Zhou Tianming with luggage ready to leave, his eyes widened bitterly, including the owner of the turbid wine, if lightning strikes, the war is imminent, Zhou Tianming is leaving, has not been Lu Yang entered the battle queue, apparently, Zhou Tianming's betrayal almost became settled. .

"Zhou Tianming, you are crazy." The bitter love rushed to Zhou Tianming in madness for half of his life, grabbing his collar and asking angrily, "Just because I became the temporary commander, you just have to sever this from us. Brotherhood? "

Zhou Tianming looked coldly at half-heartedly and said, "Nonsense, I'm just on a business trip. I have something to do when I need to go out."

"You?" Tears were shed for half a lifetime, and he held back and said, "Brother four years, don't tell me why, I only ask you, brother four years, four years, how can you just Let's go like this. "

Zhou Tianming smiled bitterly in his heart. Why didn't he know and love the half-life four-year-old brother's feelings? This kind of sentiment was not experienced by them in his life. It was a kind of feeling that he could truly give his back to the other side. .

He didn't dare to face each other with bitter love for half his life, but when he looked away, he saw Xia Yuwei with tears in his eyes and the white lion with his teeth gritted. Zhou Tianming suddenly awakened. He suddenly pushed hard and half bitter love. Pushing away, he said, "No relationship, just work together for four years, don't worry."

"You say it again." Zhou Tianming, who hasn't had a wire draft for half a lifetime, would say so, and punched Zhou Tianming's face like crazy, scolding: "Do you treat me as a colleague? Do you treat me as a colleague?"

Zhou Tianming turned back with a punch and knocked bitter love for half his life on the ground, his eyes said coldly, "We are just colleagues."

After speaking, he got in the car and left, leaving only half-hearted love and Xia Yuwei and others.

Lu Yang stood on the top of the building and looked downstairs. His grandfather sighed, shook his head helplessly, and said to the black and white around him: "This bitter love will be depressed for half a lifetime."

The black and white face said blankly: "No way, otherwise, Zhou Tianming would have a hard time leaving Mexico Lu Yang smiled and nodded, and said," I can only wait for Zhou Tianming to come back and give my bitter love I apologized for half my life. How is your arrangement? "

Black and white said: "Gelga's men are installing surveillance equipment such as cameras in Zhou Tianming's hotel, and everything is under control."

From Bagley's entry into the hotel, the Black Knife and others pretended to be Chinese to enter the hotel as a waiter. Now they have determined where Zhou Tianming will stay, and the Black Knife have already acted.

Lu Yang relaxed lying on the chair, looked at his watch, and said, "I can relax for the time being, I'm in a game."

Black and White nodded with a smile and said, "I continue to arrange."

Lu Yang motioned for him to get busy, put on a game helmet, just entered the game, an aperture appeared in front of him.

System prompt: Arena battle is about to start, please enter!

Lu Yang smiled, clicked on the aperture with his right hand, and a light flashed. He was teleported into a 500-meter-diameter circular arena.
